Hall Of Remarks by Harold Holmark

WE ARE IN a bind at The Cisco Press as far as taking photographs for the newspaper's publication, since I have been using my personal camera for the past several years and on last Friday, July 4th, it decided to go on the blink. While taking pictures at the Cisco City Park, it stopped advancing the film and the number of pictures being taken had to be cut short.

Well, on Thursday morning of this week I needed to take a picture of a ribbon cutting at the Songs and Psalms Bible Book Store grand opening. Remember, my camera is on the blink but we had three Polaroids at our disposal. We bought film for those cameras and loaded one but all the pictures just came out black. We tried the second one but the shutter would not close. So we loaded the third one with film and, being sure that it would work, headed for the grand opening about 10 minutes late. When I got there the ribbon had already (understandably) been cut. Well, a little tape put the ribbon back together for a publicity photo but, lo and behold, that picture came out black also. So apparently we got ahead of some bad film since the photos from two different cameras came out black. Luckily, there was another man there taking photos for the Rev. John Clintons, so I borrowed one of his shots for publication in our paper.

Hopefully we will soon have another camera available which we can rely on for taking photos, but until that time I hope we can find some good film, or generous photographer who will lend us photos for publication.

PERSONS ATTENDING the charter banquet of the local Kiwanis Club Tuesday night enjoyed a delicious meal at the White Elephant Banquet Hall. Those persons in the serving line were Ruth Lindsey, manager of the restaurant, and Patty Robbins, formerly of the catering business in Cisco. Mrs. Robbins informed me that she has moved back to Cisco and will be working with Mrs. Lindsey at the White Elephant, so you will probably want to go out and sample some of their foods in the near future.

IN THE JUNE 1980 issue of The Electric Times, a publication of West Texas Utilities, there is an article on John McDaniel, former manager of the local WTU office. The article is as follows:

"A new quarter of a Century Clubber is John McDaniel, assistant district manager in Abilene. He completes 25 years of service this month.

"McDaniel came to work for the company as a serviceman in Robert Lee, then was transferred to Junction in 1959. He was named local manager for the Santa Anna office in 1963, then was transferred to Cisco in 1969 and to Abilene in 1977. He was promoted to his present position in 1978.

"He was born in Cedar Rapids, Iowa, in 1935. He completed high school at Robert Lee in 1955, and joined WTU immediately following graduation.

"He and his wife, Peggy Jan, an executive assistant at Hendrick Medical Center in Abilene, were married in 1955. They are the parents of four daughters: Elizabeth Ann (Betsy) Austin, Marcia, Dianah and Rebecca. Betsy is employed by WTU as a translator-operator in the Rate Administration and Regulatory Relations Dept. The McDaniels have one grandson, Zachary Steven.

"McDaniel is a Presbyterian and has held the offices of deacon, elder and session."

THE NEW telephone directories were received by most persons this week and the painting on the front cover is interesting. If you have not already done so, you might enjoy reading the explanation of the faces on the cover. The explanation may be found below the contents on the first page.

A QUARTERLY magazine from Allsup's Convenience Stores has a photograph of Randy Linn as a graduating manager from the manager class of February 18, 1980. Randy is manager of the local Allsup's store.

City Passes Weed Ordinance, Calls For Airport Work Bids

Water conservation ordinance was passed on final reading, and a call for bids on airport runway improvements was authorized as the City Council held its semi-monthly meeting Tuesday night at City Hall.

The water conservation action leaves compliance voluntary for the present and calls for yard watering on alternate days and during the morning hours. If residents do not cooperate, strict regulations will be passed, the Council decided. The weed control ordinance is designed to simplify penalty provisions for non-compliance, Mayor Roy Cartee said. It provides for property owners to be notified by the city legal department if grass, weeds and brush in excess of 12 inches is allowed to grow uncontrolled. On undeveloped tracts of land over five acres, uncultivated grass, weeds or brush over 12 inches tall will not be permitted within 100 feet on either side of the property. "In addition to court action, the City may enter upon property found in violation and mow or have said property mowed at 30-day intervals during the annual growing season in the event such owners fail to mow same," the ordinance said. Expenses incident to the action plus a penalty charge of \$10 shall be assessed against the owners, the ordinance said. The purpose of the ordinance was to prevent fire and health hazards and to eliminate "blind" street corners, it was pointed out. The ordinance was ordered published for the benefit of all property owners. Mayor Cartee asked Chairman Ronnie Ledbetter of the city airport committee to report on progress in improvements at the municipal airport. He said that the EnRe Corporation, volunteering to help with dirt work for

City Asks Citizens To Conserve Water

The citizens of Cisco have been requested by the City Council to cooperate in a water conservation program by limiting yard watering to the morning hours and on alternate days. This action was taken at the Council's semi-monthly meeting last Tuesday night.

Under the plan advanced by the Council, homes with even house numbers will water yards on even numbered days with odd numbered houses watering on odd numbered days. Watering will be done from 6 a.m. until noon.

This action was taken due to the heavy demand for water and to lighten the work load for City Water Department pumping equipment. Due to lack of rainfall, the Lake Cisco water level has gained little new water this year.

Auditor Joe Cooper, answering questions, told the Council that the present City Budget was rather complicated. Mayor Cartee had obtained a copy of Eastland's budget, which was on three typewritten pages as compared to 25 or more in the Cisco budget. The Council voted to ask Mr. Cooper to help simplify the Cisco budget in the interest of economy in preparation and auditing. Mr. Cartee advised the Council that Southwestern Bell Telephone Co. has requested a rate increase of some 11% and that this will be on the agenda for the July 24th meeting. Jim Puryear, chairman of a new committee of Cisco citizens interested in community progress, was invited to address the Council. He explained that some 75 citizens had met earlier in the day "because we are interested and want to help." He emphasized "we're not mad and have no comment on the past and don't plan to tell you how to run the city."

Mayor Cartee and several Council members expressed appreciation for the support of the new committee. Police Chief Kenneth Eaves gave a report on the work of the police department during June. The report is printed elsewhere. Mayor Cartee told the Council that he had prepared a questionnaire to determine each member's ideas as to the type of man needed for the city manager's office. "We will make up a composite from your answers and then know what we're looking for," he said.

Acting City Manager Marilyn Smith, in an activities report, told the Council that two city firemen would go to the Texas A and M Firemen's School next month. The water department had four projects last month, including laying a two-inch water line in the College Hill area to serve five families. Mrs. Smith said that three new office workers were being employed to fill vacancies and that a city bookkeeper was being sought. She also reported on routine matters. City Utilities Supervisor Frank Young said the water department was forced to use both pumps at Lake Cisco to keep up with demand for water on July 3 and 4. He added that repairs were being made to the bulldozer used at the city dump ground. All members of the Council were in attendance, and some 50 citizens were in the audience.

I UNDERSTAND the Westbound Water Corporation is considering making water available to persons north of town and also possibly toward the Nimrod area south of town. I was told that August 31 is the last day for interested persons to sign up for the service. More information may be obtained by contacting Delores Sharp at 442-3538.

A ribbon cutting ceremony was held Thursday morning at the Songs and Psalms Bible Book Store, 116 West 8th. A grand opening special was held. Evelyn Clinton (left) and Ann Boland (right) are shown cutting the ribbon. Rev. John Clinton, Larry Smith and John Boland are the store owners. The store is open from 9 a.m. to 5 p.m. The store will have a stock of gospel record albums, Bibles, devotional material, sheet music, Christian reading material and greeting cards.

Mobley Hotel Project Plans Near Completion

Plans for the Mobley Hotel restoration by the Hilton Foundation are in the advanced stage and preparation of the actual construction documents will begin very soon, Architect Rinaldo Petrini reported in Cisco this week.

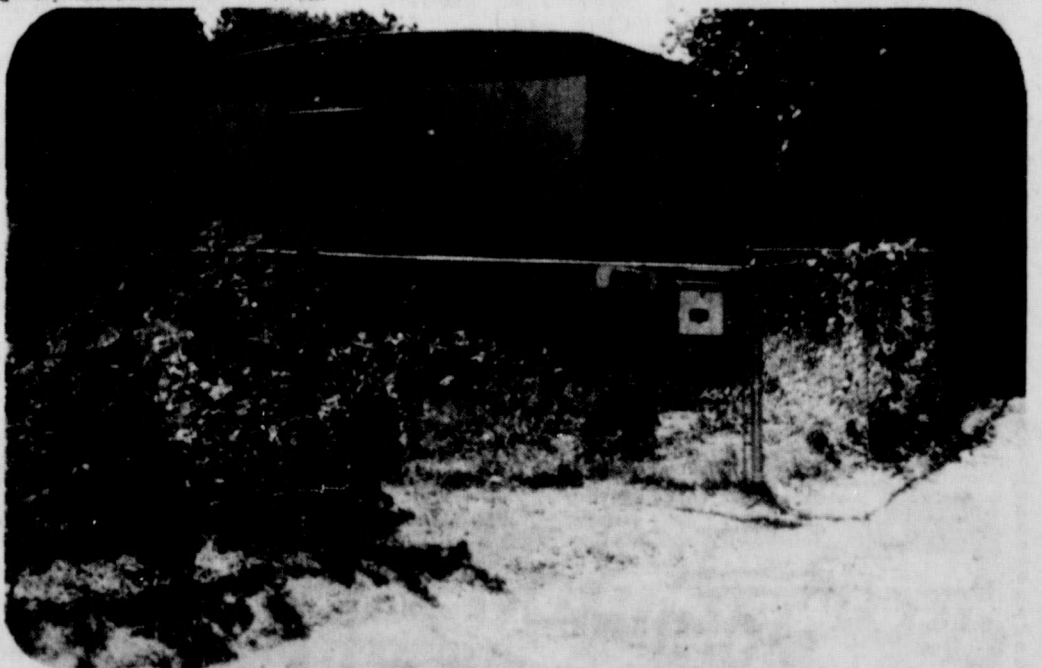

Dr. Petrini, head of the department of architecture at the University of Houston, was also here in connection with the unrelated Cisco Historical Foundation project. Budget funds for the Mobley Hilton project, which is expected to cost around \$750,000, are expected to be released September 1, with construction bids being called by October 1, Dr. Petrini said. He said actual work with signed contracts should be started no later than November 30. Most of the year 1981 will be needed to fully restore the Mobley and to build the adjoining hotel gardens. The official opening and dedication ceremonies are being planned for Christmas Day, 1981, Dr. Petrini said.

That was the statement of Dr. Glynn Hopkins, newly appointed chief administrative officer and dean of instruction, in a talk last Wednesday noon at the weekly luncheon of the Cisco Lions Club. He was presented by Lion Gene Abbott, program chairman.

Dr. Hopkins said the course of study that has been arranged by the new college will include new subjects such as -- obstetrics, gynecology and toxicology -- to the chiropractic field.

Eighty-five of Texas' 254 counties are without chiropractors, and this means that at least half a million people have no chiropractic care, Dr. Hopkins said. He added that the average age of Texas chiropractors is 57 years.

The state's only chiropractic college at Pasadena cannot supply the demand of metropolitan areas for graduates, Dr. Hopkins said.

Plans call for 30 students to comprise the initial class this September. Classes will meet in leased facilities at Cisco Junior College and at the Laguna Hotel where the school's executive offices are to be located. Plans are near completion for the school to start.

Hopkins estimated that in time the college would add up to 25% to the community's population, contributing considerably to the economy. He added that "our professors won't be lazy -- they'll be good, busy citizens."

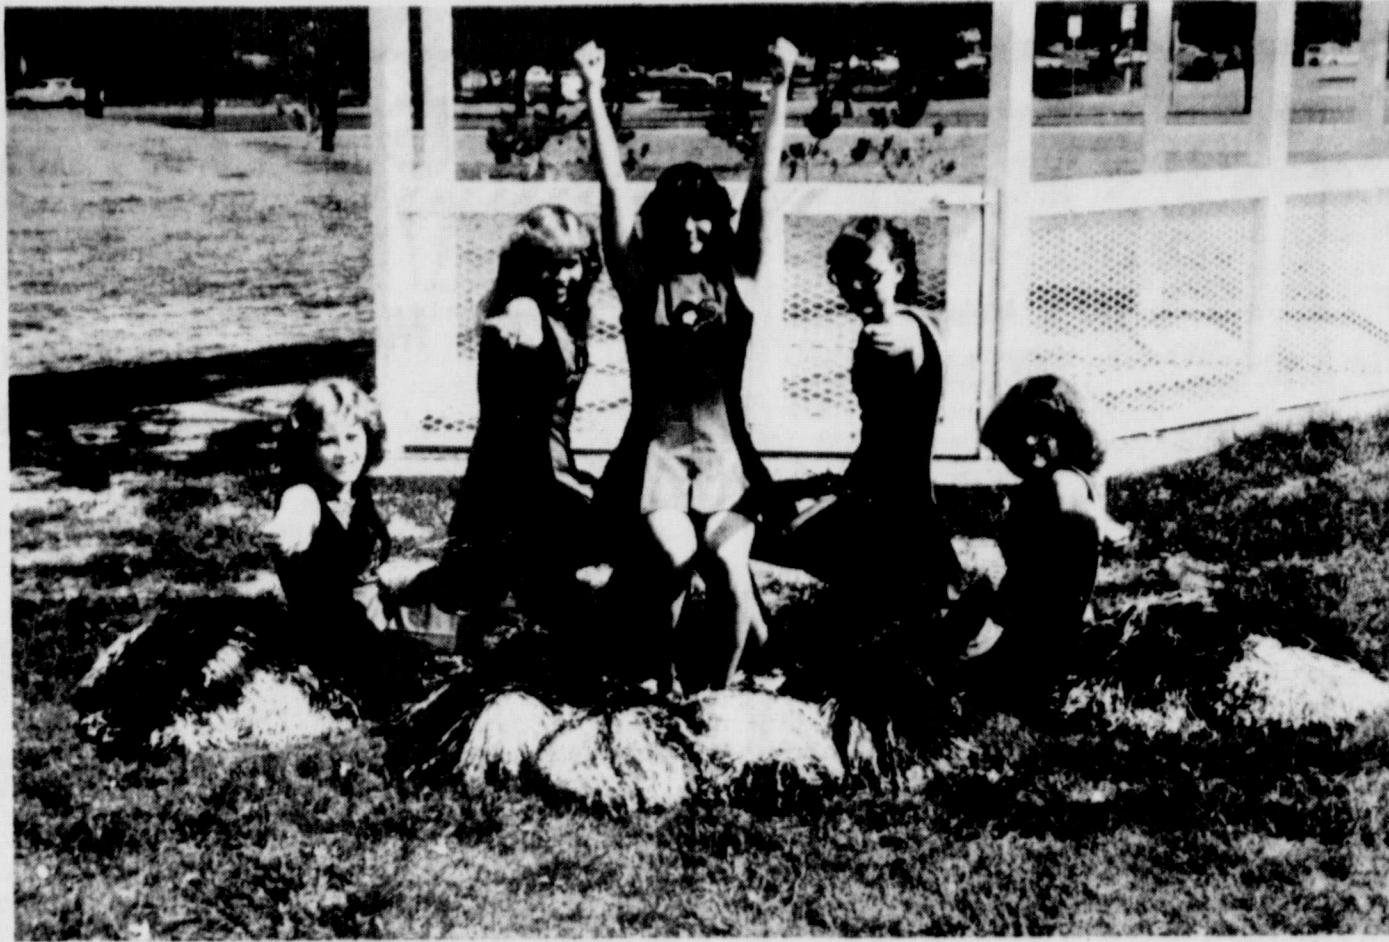

Dr. Hopkins, 42, has been in business and trade association work for several years. He is an ordained Baptist minister and a veteran in church and civic work. He said he and his wife and 16-year old son were looking forward to living in Cisco.

President Eddie McMillan noted that the Lions Club uses carnival profits to finance community projects. The club expressed special thanks to Roy Smith, owner of S and S Ice Company here, for donating considerable ice for use in carnival concessions.

CJC Roof Garden Theater To Present 'Chapter Two'

The Roof Garden Theater in Cisco has obtained the performing rights for Chapter Two, Neil Simon's latest comedy hit. The Roof Garden is the first theater of any kind in the area to receive a royalty agreement with the author's representative. The play has been acclaimed by critics as Simon's finest. It is still running on Broadway, and

more recently, it has become a major box office attraction at movie houses.

Chapter Two is the story of a writer whose life is shattered by his wife's untimely death. Simon applies his famous wit and comic art to the delicate issues of bereavement and remarriage as he relates the story. The play becomes a delicious comedy about two people trying to prove that they can still have a loving relationship, even though they rushed into their marriage. The story is particularly remarkable and moving because of its semiautobiographical nature.

The Roof Garden Theater production of Chapter Two opens Thursday, July 17, for five performances and continues July 24-28 for five more. Dinner is served at 7:00 p.m., and the price of the dinner and show ticket is \$12.50. Dessert is served at Sunday matinees, which begin at 2:30 p.m., and the price of the dessert show is \$7.50.

Cisco Junior College, which operates the Roof Garden Theater, is offering two special salad nights at 7:00 p.m. on Monday, July 21, and again on Thursday, July 24. The salad night ticket is also \$7.50. Reservations for all performances are required. Call (817) 442-2567 during regular business hours, 442-2589 after 5:00 and on weekends. Payment will be expected for reservations not cancelled by 4:00 the day of the evening performances.

Satterwhite Family Holds Annual Reunion

The extremely high temperatures of the past weekend did not deter the enthusiasm and excitement of the annual Satterwhite family reunion which convened at Inspirational Camp near Eastland.

About 32 relatives and friends gathered on Saturday afternoon and evening for swimming, visiting and supper. A special musical program was enjoyed by all present.

Another 28 loved ones came on Sunday for more visiting, a bountiful dinner, picture-taking and a business meeting. The new swimming pool was a very successful "drawing card" for the young people.

Friends and relatives came from Arlington, Austin, Breckenridge, Cisco, Corsicana, Cross Plains, Dallas, Garland, Houston, Longview, Mansfield and Ranger.

Thirty Children Attend Showing

There were 30 children who attended the film shown Tuesday, July 8, at the Cisco Public Library, it was announced by Mrs. J.J. Porter, librarian. Another film will be shown Tuesday, July 15, from 3:00 to 4:00 p.m. at the library and all children are invited to attend.

The films are based on the library books which children have probably already read. However, children will be interested in seeing the films too.

The residents of Cisco Nursing Center would again like to say thank you to everyone that contributed to the construction of the patio which is located on the front lawn of the center.

Larry Harris Receives Degree

Assault Trial Set July 21st. In 91st. Court

The 91st District Court of Eastland County will try Bill Swindle of Cisco on Monday, July 21, on charges of aggravated assault with a deadly weapon, District Attorney Emory Walton reported this week.

The indictment alleges that Swindle

threatened Cisco Police Chief Kenneth Eaves with a pistol when the latter went to the Swindle home to arrest him on April 28th.

Cisco police have not completed an investigation of the shooting of the late Bob Walton on the same date, the district attorney reported.

Charges Filed By Local Police

Charges of misdemeanor possession of marijuana were filed against Jimmy D. Bilbrey, 27, of Cisco in Justice of the Peace Carlton Holder's court here last Monday night. Bilbrey was free under \$1,000 bond set by Judge Holder.

City Policeman Jim Reynolds arrested Bilbrey following a pickup truck accident Monday night. The policeman said under four ounces of marijuana was found.

District Attorney Emory Walton was in Cisco Tuesday to investigate the case, which will be presented to the 91st District Court Grand Jury, he reported.

Stenholm Pushes Grain Trade With Canada

WASHINGTON, D.C.—Congressman Charles W. Stenholm will be among members of a delegation of Congressmen and Senators to travel to Canada later this month to meet with Canadian officials to work toward greater grain export cooperation between the two countries, it was announced

today. Stenholm, a member of the House Subcommittee on Livestock and Grains, said the group, headed by Congressman Glenn English (D, Okla.) chairman of the House delegation, and Arlan Strangeland (R, Minn.) ranking minority member, will travel to Canada for

meetings with their Canadian counterparts in Ottawa on July 25th.

"We hope that our discussions with our Canadian colleagues will help bring about greater cooperation and coordination between the grain export policies of our two nations," Stenholm said. "Recent development in the world market make it clear that this kind of cooperation is necessary—both to help protect North American grain producers and to help strengthen the economies of our two countries.

The lawmakers are expected to discuss differences and similarities between Canadian and American agricultural policies and to explore the possibility of increased cooperation in production control and supply management.

exchange student program.

The exchange service is currently in need of families all over America to provide a temporary home for students wanting to come of the United States on short cultural VISA's. Host families receive a high school exchange student for three to nine months starting in mid August. They are to be enrolled in local High Schools. Likes, dis-likes, hobbies, and personalities of the students will be fit as nearly as possible to the same qualities of the host families. The students bring their own spending money and are fully covered with medical insurance. "We do not want them to be guests in your home," the Jeffreys' said, "but want them to become a part of your family. We want them to learn about middle income American family life."

If you would consider becoming good-will ambassadors of the United States and missionaries of your faith, please call (915) 776-2159 for more details and benefits. These are students waiting for placement now and unless we have a home by mid July, they must be told they'll have to wait. For some of them, this will be their last opportunity to be an exchange student in the U.S.A.

4-H Recordbooks to be Judged

Wednesday, July 9, was the deadline for Eastland County 4-Her's to submit their recordbooks for judging at the County level. Recordbooks are not always easy for the 4-Her, but they are an excellent

way to show progress and growth", says Mrs. Donna White, County Extension Agent - 4-H and Youth. A complete 4-H Recordbook is an organized presentation of what has been learned and accomplished in 4-H. When accurately kept and carefully assembled, it is a useful tool for the 4-Her. The following Eastland County 4-Her's turned in a complete recordbook:

Eastland 4-H: Truet Hart, Beef; Leanne Brown, Clothing; Jill Lowrance, Clothing; John Glenn Kidd, Beef; and Shirley Kidd, Citizenship.

Cisco 4-H: Christy Purvis, Foods; Kathy Choate, Dairy; Julie Weathers, Clothing; and Kelley Cooper, Clothing.

Gorman 4-H: Shannon Caraway, Sheep; Sue Ann Osborne, Clothing; Noble Laminack, Swine; Rebecca Scitern, Sheep; Alan Scitern, Sheep; Johnny Osborne, Sheep; Phil Osborne, Sheep; and Kathi Osborne, Clothing.

GORDON SPOT
 By DeMarquis Gordon

Most crops in Eastland County have withstood the heat and dray weather pretty well, but they can not hold out much longer. Last week the peanuts were still looking good. In the absence of moisture we are not having any trouble with leaf spot diseases on peanuts. Of course, the irrigated peanuts are being treated for diseases since the irrigation water provides the moisture needed for disease development.

Pasture and rangeland grasses are getting very dry. If we don't have rain by the end of July livestock owners will have to begin feeding. In most areas of the county the water supply for livestock is still adequate.

Many home gardeners are giving up their spring gardens, but some are still watering to keep the vegetables producing. If you get in a bind for enough fresh water to irrigate your garden, you can use washwater or "greywater". But use it with care - and not for potted plants due to their restricted root zones.

Household washwater can contain food residues which may attract insects and rodents. It may also contain bacteria and viruses which can cause illness.

Soapy water from dishes or laundry may contain chemicals which might be harmful to plants. Bleaches used in washing laundry often contain chlorine which can damage plants, making new leaves appear "bleached". Also, boron in some laundry products can harm plants.

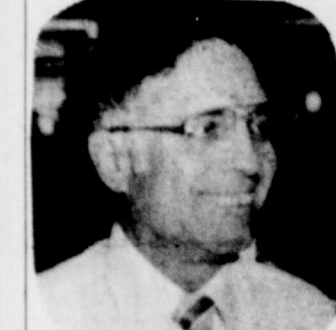

It would be safer not to use water with bleach for plants, but if that isn't practical let the water stand overnight.

However, don't worry about phosphates in ordinary laundry detergents. They will not hurt plants; in fact, phosphates are usually in a form that acts as a plant fertilizer.

Rinse water from the bath and laundry is generally good to use for irrigating garden plants.

Water from a home with a water softener will have more sodium than it would otherwise, but this water is still useable. However, if used over a long period of time, sodium may build up and

Speaking on the Subject of Quality

... it is always an appreciative compliment when so many of our customers tell us they like our abstracts. They must for many of them have been doing business with us for more than 30 years, and still are. There is no secret attached to this expression of confidence. A quality product produces confidence. And we are proud that we have both - the confidence of a host of customers and a quality product to sell them.

Eastland County in Top 10 in Peach Production

Eastland County is among top ten in 1979 Texas peach production. Agriculture Commissioner Reagan V. Brown reports Ranked seventh in the state, Eastland carried 3.4% of the state total with 25,400 bushels of peaches produced.

Texas ranked seventh in the U.S. in 1979 peach production with 750,000 bushels produced earning \$6,800,000. 1979 harvest of peaches was 10% below the 833,000 bushels produced in 1978.

Weather was a major factor in this crop. Late frost, freezing temperatures and high winds damaged many of the trees in North Texas and the High Plains areas. Even so, Texas had a good crop.

Homemaking Tips

By Janet Thomas

Don't label single-parent homes as "broken homes" — think of them as homes with special characteristics.

Recognizing such characteristics can help families avoid pitfalls and build strengths within the existing family unit.

A harmonious home is important. Quarreling and dissension are hard on everyone but especially on children.

Sometimes children are caught in the cross-fire of quarreling both and after a divorce, adding even more stress to what may be an already negative situation.

Be aware of the sensitivity of children and attuned to children's needs at this time.

Parents involved in divorce are usually in stressful situations. They must recognize signs of irritation and deal constructively with causation factors to reduce the kind and amount of influencing pressures.

When parents' pressures are reduced, the pressures on children are reduced as well.

One parent must avoid criticizing or "putting down" the absent parent in communications with or in front of children. Hostility for an ex-spouse can prove destructive for children and for the parent.

Remember, few persons are all good or all bad, and it's better to let the child judge the absent parent for himself.

Where possible, plans should permit the non-custodial parent to take an active interest in the children.

If parents live in the same area, perhaps having children for alternate weekends is a feasible solution. Such visits can facilitate the transition period.

Visits should take on an atmosphere of "belonging" not just of "invited guests". Routines and responsibilities help children feel they are a part of whatever new structure exists.

Consistency by parents with regard to rules and limitations leaves children less confused.

Avoid the game of being lenient in order to gain favors, and concentrate instead on defining what is reasonable, fair and in the best interests of the children.

Because there may be the need for mutual decision-making and consultation between the parents, relationships cannot always be completely severed.

It takes strong and mature adults to maintain a different kind of relationship for the benefit of children.

Parents need to take time to reassure children that they still love and care for them and their needs are important.

Answer questions about the changed relationship and its implications to help children understand what effect the divorce will have on them.

A divorce may not only bring removal of a parent but also a change in living arrangement, neighborhood and perhaps school.

What children need most in a single-parent family is a sense of "home" wherever it might be.

RECIPE FOR THE WEEK:
Tomatoes are plentiful in gardens at this time. If you have a surplus, you might like to make this recipe for Hot Relish.

Hot Relish
6 cups red or green tomatoes, ground in blender (with skin but drain off part of liquid)

2 cups onions, ground in blender
1 or 2 cups jalapeno pepper, ground in blender

Place ingredients into large pan. If juices more than cover vegetables, drain. Add about 2/3 or 3/4 quart white vinegar, 1/4 cup sugar and 2 tablespoons salt.

Bring mixture to a boil and simmer 10 to 20 minutes till translucent. Put in hot jars and waterbath 10 minutes. (If red tomatoes are real juicy, you may need to add more tomatoes...)

Four Co. 4-Her's to Participate in 4-H Congress

Four Eastland County 4-Her's will be participating in the 1980 Texas 4-H Congress in Lubbock July 15-17.

The 4-Hers are: Truet Hart of Eastland; Caye Little of Gorman; Phil Osborne of Gorman; and Amy Weekes of Ranger.

This year's theme of the Congress will be "4-H and Agriculture, the Growing Scene."

Four different tours will highlight this year's Congress, which will include beef, swine, cotton and grain.

The 4-H members will also explore various career options in agriculture, including production, marketing and related fields.

The Congress will officially get under way with an opening assembly at 7:30 p.m. the first day which will include feature talks by Texas Tech University Dean of Agriculture Sam Curl, and Grady Nutt of the television show "Hee Haw".

Other special features of the event will include a visit to Palo Duro Canyon where 4-Her's will see the musical drama "Texas", and a fashion show featuring teen fashion trends by the Robert Spence School for Modeling in Lubbock.

A banquet featuring a talk by Extension Director Dr. Daniel C. Pfannstiel and the installation of the 1980-81 Texas 4-H Council members will conclude the Congress.

Sponsors for the 4-H members from Eastland County to attend Congress are: Texas Electric Service Co.; Eastland National Bank; Birdsong Peanut Company; Eastland County Newspaper Company; Brown Feed Store at Gorman; Ranger Savings; The First National Bank of Gorman; and the Eastland County 4-H Adult Leaders Association.

Annual Curtis Reunion To Be July 19th & 20th

The second Annual Curtis reunion will be held at the Cisco Country Club, about four miles north of Cisco on Lake Cisco, the 19th and 20th of July. Each day we will start at 10 a.m. and stay as long as we like.

Saturday there will be a picnic at 12 noon and 5 p.m. Those attending are requested to bring covered dish with enough for two meals and desserts for the two meals.

On Sunday there will be a catered barbecue lunch at \$3.25 per person. All that is necessary to bring is yourselves and desserts.

These are the descendants of James Marion Curtis, Thomas Newton Curtis, William Naamon Nathan Curtis, Daniel Boon Curtis, Lorenzo Dow Curtis, Benjamin Franklin Curtis, Sarah Curtis, and Ann Curtis, whose parents were William and Martha Boon Curtis of Gordon Co., Ga.

Boon and Dow Curtis came to Eastland County in the 1870s. V.C. Curtis (son of Thomas Newton Curtis) arrived about the same time.

There are still descendants of Boon, John, Dow, and V.C. Curtis in Eastland Co. Namely, Jackson's Harbin's, Rich's, Simpson's, Brawley's, Curtis's and many others.

All friends, relatives and related families are invited to attend. Last year over 200 attended. This year let's make more.

Centennial Committee Invites All To 100th Anniversary Of Cisco

The Centennial Committee would like to invite you to join in a celebration for Cisco's 100th birthday.

Since we need help planning a celebration for over 5,000 people, we are asking all clubs and interested citizens to send ideas to us. We have several suggestions already, such as: Historical tour of homes, float in West Texas Parade, "Cisco Kid" movies, a story-swapping time from our senior citizens, all types of reunions, and a melodrama "Saga of Cisco." What is your idea? Please tell us so you can be included, contact Mrs. Bettye McGinness, Coordinator, c/o Chamber

The Word Extension Homemakers Club met at the White Elephant Restaurant in the private dining room on June 26 at 2:00 p.m. The room is very nice and our meeting went very well.

Our guest for the meeting was Ethel Speed. We were glad to have her! The meeting was called to order by the president, Mrs. Era Hamilton. H.D. creed and prayer was given by Ruby Dunlap with all present joining in unison.

The minutes of the previous meeting were approved as stated, presented by Myrtle Van Short. Roll call was answered by two choices, they were (1) something I waste time doing; (2) something I started, but never finished.

Mrs. H.H. Harrelson gave the devotional and was in charge of the program, the title was "In the First Place" was very good article. The council report was given by Ruby Dunlap.

August 21st will be the club's family night get together 7:30 p.m. at the home of Mrs. Lorena Smith. Our July meeting location is still pending, check the Cisco Press for exact meeting time next week, also members will be notified by phone too!

For the recreation part of our meeting Willie Word brought an article on the "History of the Bible, was quite interesting. Myrtle Van Short read it to the group.

Refreshments of cake, coffee and tea were served to the following persons: Donna Clark, Ruby Dunlap, Hattie Mae Graves, Mrs. H.H. Harrelson, Era Hamilton, Mrs. J.E. Stansell, Thelma Latson, Myrtle Van Short, Lorena Smith and Willie Word, and our guest, Ethel Speed.

Mrs. C.M. Cleveland And Daughter, Carolyn, To Join Sung Evangelistic Team

Mrs. C.M. Cleveland, Cisco Independent School librarian, and her daughter, Carolyn, will leave Sunday, July 13, for Los Angeles where they will join the evangelistic team of Nora Lam Sung. They will first fly to Seoul, Korea, and then travel to Taipei, Taiwan. From there the team flies to Kaoshiung, Taiwan and Pingtung, Taiwan, to hold afternoon children's crusades and night crusades in these cities.

Besides assisting in the crusades, members of the team will be assigned an interpreter to go to local churches to minister, meet government officials, hold press conferences, minister in orphanages, and attend Chinese ladies groups.

Nora Lam Sung was abandoned as an infant in Peking. She was adopted by one of China's wealthiest families and educated at Soochow University where she earned her law degree.

Her life was miraculously spared many times during the Japanese occupation of China and later during the communist revolution.

Nora Lam's ministry began in 1966 when she was sponsored to come to the United States. Her ministry has grown rapidly both throughout the United States and in the Chinese world.

Nora Lam broadcasts by radio in the Chinese language over 10 powerful transmitters in Taiwan. They also blanket the bamboo barrier reaching a potential listening audience of one billion people.

Her color telecast, "God's Power Today" reaches a potential viewing audience of 17 million people on a regular basis.

Each summer Mrs. Sung takes a group of American Christians to the orient to help minister in giant

crusades. Each time they share the thrill of seeing multiplied thousands come to Christ, and they become extensions of Jesus as they pray, testify and distribute Chinese Bibles.

Nora Lam's ministry is acknowledged and appreciated by the Chinese. She was recently decorated by the President of Taiwan, President Yen Chia Kan for her spiritual and cultural contribution to that nation.

Mrs. Cleveland and daughter, Carolyn, were members of the team last summer and again asked to become a part of this year's team of workers. Long interested and concerned for people behind the Iron and Bamboo Curtains, Mrs. Cleveland has traveled in Christian ministry for the last eleven years to East Berlin, Russia, the Orient and other parts of the world.

Mrs. Cleveland stated, "I firmly believe, preach the Gospel to every creature was the parting command of the Lord Jesus Christ. One of the signs of His second coming will be

that the Gospel will be preached throughout the whole world as a witness to all nations. This involves going, preaching and sending and giving. Considering that one-fourth of the earth's population is Chinese, our going, preaching, sending and giving have not been proportionate. Yet, the Chinese people represent one-fourth of the reason Christ died. And although we have sometimes forgotten them. He has not!"

Besides Mrs. Cleveland's work as librarian for the Cisco Independent Schools she devotes her time to speaking engagements, has authored several books and currently writes the column for area newspapers, "Lights from the Christian World." She is presently working on a new book, "The Sleeping Giant Awakes" the story of China.

The team will return to Korea, continue to Manila and Honolulu for crusades and meetings before returning to the States August 2.

Roby Pastor Authorized To Represent Area

Rev. and Mrs. Don Jeffreys, pastor and wife of First Baptist Church, Roby, have recently been authorized by the Youth Exchange Service (YES) Board of Directors to serve as representatives in this area to handle all related business of the YES organization, based on the incorporation records, bylaws, and philosophy of YES. This exchange service, with international headquarters in San Clemente, California, has been designated by the United States Government to increase international understanding through the exchange student program.

The exchange service is currently in need of families all over America to provide a temporary home for students wanting to come to the United States on short cultural VISA's. Host families receive a high

school exchange student for three to nine months starting in mid August. They are to be enrolled in local high schools. Likes, dislikes, hobbies, and personalities of the students will be fit as nearly as possible to the same qualities of the host families. The students bring their own spending money and are fully covered with medical insurance. "We do not want them to be guests in your home," the Jeffreys' said, "but want them to become a part of your family. We

want them to learn about middle income American family life." If someone would consider becoming good-will ambassadors of the United States and missionaries of faith, please call (915) 776-2159 for more details and benefits. There are students waiting for placement now and unless a home by mid July, they must be told they'll have to wait. For some of them, this will be their last opportunity to be an exchange student in the U.S.A.

A THOUGHT FOR THE WEEK

By Armo Chambers

Among the qualities of character, one to be highly prized is Dignity. Today we see many beleaguered and worried people. Yet we see these people face their problems and seek solutions with the energy and equanimity which lends the strength of dignity to all they do. They somehow manage to keep calm... exude confidence... keep cool in circumstances which would chip the veneer of lesser men. The other day a friend told us about a letter he had received. The letter was from a small public relations firm, really just two guys who had worked principally for one large account. The letter said: "Client X has decided that his needs can be better served by a larger and more diversified public relations counsel. So they are leaving our firm. We've had a warm and productive relationship with them and they carry with them our friendship and our thanks for the opportunity of having worked with them. Meanwhile, you probably won't be hearing from us quite so often. We wanted you to know why and we hope we'll be ringing your phone again soon." Dignity. No alibis. Not sour grapes. Nobility of style in a painful business situation.

People Things

WHEN'S IT going to rain? Constable S.E. Parkinson got the word the other day from a man who lives in Houston.

"We'll get rain when the first hurricane blows in," the man told him with authority. The hurricane season usually starts around the first of August, doesn't it?

HOW MUCH paint would you buy if Carl Kleiner of 402 West 5th Street made a deal with you to paint his house?

Carl recently decided to do the job himself and at last count he had bought 95 gallons of white paint plus the black trim. Carl has had a little help, including David Westfall of Stephenville who painted a few days. The job is about finished.

The Kleiner home is among the city's oldest. It was built in 1886 and went through the famous Cisco cyclone of 1893. It has been remodeled and enlarged several times and after all the years is in a good state of repair.

THE 'DISTRICT' championship Cisco High School football teams of 1958 and 1959 will have a reunion. That's the word from Registrar Olin Odom of CJC who was the team manager both years. He and Delbert Schaefer, who quarter-backed the teams, are working on plans for a reunion of team members in 1981.

You'll be hearing more about plans for the event. They'll show movies of the games as a highlight of the reunion.

NOT MANY folks celebrate their 66th wedding anniversary, but the Fred Brashers will on Saturday, July 12. They live at 1304 1/2 Royal Lane, having sold their home on the Lake Road some time ago. The Brashers were married at Turnersville, Coryell County, where they grew up and moved to Cisco in 1953 from Sundown.

Both Mr. and Mrs. Brasher enjoy good health for their age. He celebrated his 87th birthday on July 4th, and we won't tell you how old Mrs. FB is. They have one son, Nugent Brasher, who lives at Midland. The Brashers are members of the First Baptist Church.

Mr. Brasher plays golf several times a week at the Cisco Country Club, and Mrs. Brasher seldom misses a day to walk at least a half mile.

You'll want to join us in wishing them many happy returns.

YOU'D THINK the Ensearch (Lone Star Gas) folks would be filling up their underground gas storage in this area seeing as how it's summer and folks are keeping pretty warm without a fire. But they're taking gas from storage to meet the demands of industry, reports Jerry Jeffcoat, superintendent of the firm's Pueblo plant.

New members of the Cisco Country Club include Mike Thiberville, John Schaal, Frank Barrett, Rex Miller, Jim Hellums and Al Anderson. B.J. Perry is now the sole owner of the LaCantina Club at the CCC, having bought out partners recently. The Billy Reynolds are enjoying their brand new Chevy Citation.

HATS OFF to Jack Kennedy and Vandell Weathers of West Texas Utilities Co. They devoted a couple of hours of their free time recently to making needed repairs to the flag poles at the American Legion Hall and at Oakwood Cemetery. Their work enabled flags to fly there on July 4th. John and Mark Huffmyer, formerly of Cisco and now of Bayfield, Colo., were in town a couple of days this week to visit their uncle, Mr. Roy (Dago) Huffmyer. Mark, who graduated from ACU recently, is due to be married August 9 and will live in Albuquerque, our scouts report. Patti Robbins, who used to be in the restaurant business here and who has been a traveling saleslady for a wholesale food firm for a

couple of years, has joined the staff of White Elephant Restaurant. DR. GLYNN Hopkins, new administrative officer and dean at the Southwestern Chiropractic College here, has arrived in town and is house hunting. Dr. Chief Brown of Cisco, a SCC board member, has provided Dr. Hopkins with office space at Brown Sanitorium until the SCC offices are ready at the Laguna Hotel.

Dr. Hopkins has a doctor's degree in the science field and will teach at SCC in addition to his administrative duties. His wife was to receive a doctor's degree at Kansas University this week. They have a 16-year old son who enjoys athletics and will be out for football, basketball and track at CHS this fall. You'll want to meet Dr. Hopkins who is looking forward to being a part of the community.

LET'S ALL GET set to welcome the Raymond Hounshells who have purchased the Park Drive home owned by Marge Davis Brown. They'll be moving here from New Mexico around August 1st. The Hounshells own land in the Putnam area. The sale was handled by Fowler Realty, the Century 21 folks. Isn't it about time for the Gene Damrons and the Clifford Smiths to make their annual pilgrimage to Ruidoso?

THE FONTAINE'S (Alton and Darla) are quitting business but they're not going anywhere. That's what he told us. They'll continue to live in Cisco and look after their substantial rent property and will rent out the Fontaine Floor building, too. The Fontaines have a floor covering business in Breckenridge which will continue to operate. They've lived in Cisco three and a half years and like our town.

CITY AIRPORT folks are grateful to Bob Moore Transport for hauling water to the runway work site. Mrs. Bob (Judy Kay) Thornton and two children of Big D are spending the week with her mother, Mrs. R.L. Slaughter.

Other recent sales by the Century 21 folks include the Charles Hardin home at 1102 West 7th to Mr. and Mrs. Ron Mouser of Temple, a Lake Cisco south shore cabin to Mr. and Mrs. Bert Thackeron, and the Boyd Carson home at 712 East 23rd to Gordon Stoddard of Bagdad, Arizona. Real estate offices tell us that they're having more than usual inquiries from people planning to move here.

Historical Society To Meet Monday

There will be a meeting of the Historical Society at 7:30 p.m. Monday, July 14, in the Community Room of the First National Bank. The purpose of the meeting is to elect officers.

Anyone interested in the preservation of historical Cisco is invited to attend this meeting.

SPECIAL NOTICES

Dr. Norman Wallace, president of Cisco Junior College, acknowledges a contribution to the Cisco Junior College Memorial Endowment Fund by the officers, directors and employees of the First National Bank in Cisco in memory of Mr. and Mrs. H. N. Sherman.

Bill and Doris Lewis would like to take this opportunity to thank the people of Cisco and Eastland County for helping them make a success of the Janitorial Supply Business. Bill now operates the Exxon Service Station located on the corner of Hwy 183 and Interstate 20. Prompt and friendly service is what you will receive when you stop in to have your automobile serviced or have a flat fixed. Bill says no cars can leave his driveway without having the windshield cleaned and an overall visual inspection of the car being made. In other words, "friendly service you can depend on" will be Bill's aim.

Kiwanis Club Charged To Find Needs Of Community

Charter members of the Kiwanis Club of Cisco were charged to "find what the community needs and do it" by Texas-Oklahoma District Governor Edwin D. Gunter. He stated the success or failure of the new club will depend on the service and participation of its members. He urged all members to be active members, regular in attendance and contribute their ideas and talents.

Mr. Gunter was the speaker at the Tuesday night Presentation of Charter banquet at the White Elephant Banquet Hall. He informed local Kiwanis Club members their charter had not been completed in time for presentation due to an international Kiwanis Club convention in Anaheim, California. He stressed the charter, along with the local club's banner, would be forwarded to Cisco as soon as it is completed.

He stated there were 72 nations represented at the California meeting. He went on to say a resolution will probably be presented in the next three weeks in Oklahoma City to authorize an official ladies auxiliary of the Kiwanis Club.

Mr. Gunter gave a short history on the club, stating its first original charter was issued in January 1915 and its first international convention was in 1916. He went on to say that today there are over 7800 clubs and more than 310,000 members.

He charged members of Cisco's sponsoring clubs, Kiwanis Club of Abilene and Kiwanis Club of Greater Abilene, to help Cisco's members to achieve success. He also charged those clubs with the responsibility to help in any way they are able.

Joe Wheatley, president of the Cisco Kiwanis Club, expressed his appreciation to District Governor Gunter and to those attending the charter banquet. He said, "In accepting the charter, we accept a great many responsibilities which lies on each member of the Kiwanis Club." He also said a great many people go through life without realizing they have a special talent. He said the Kiwanis Club of Cisco wants

to express its talent and prove its worth in the near future.

Lieutenant Governor Joe Marshall called the meeting to order and also introduced the following guests from the community: Dr. Norman Wallace, president of the Cisco Rotary Club, and his wife, Helen; Eddie McMillan, president of the Cisco Lions Club; Gene Abbott, manager of the Cisco Chamber of Commerce, and his wife, Catherine; and Herrel Hallmark, editor of The Cisco Press, and his wife, Wanda.

Lieutenant Governor Marshall introduced the various Kiwanis Clubs being represented at the banquet. Those clubs were the Kiwanis Club of Abilene; Kiwanis Club of Greater Abilene; Kiwanis Club of Clyde; Kiwanis Club of the Key City; Sweetwater Day Break Kiwanis Club; South Abilene Kiwanis Club; and the Kiwanis Club of Cisco.

Ronnie Lorenz, president of the Kiwanis Club of Greater Abilene, presented the secretary's packet to the local club while Kenneth E. Biggs, president of the Kiwanis Club of Abilene, presented it with a gavel and gong. Tommy Pope, vice president of the

local club, accepted the gifts and stated the club hopes to "put them to good use and do the community and anyone else a good turn."

Lieutenant Governor Marshall presented the following persons with certificates for their help in the formation of the new Cisco club: Kenneth E. Biggs, Mel Colthorp, Bert Chapman, Ronnie Lorenzo and Jerry Neal.

The printed dinner programs had as a motto of the club, "We Build Objectives" and its also stated "Light Up A Life." Five objectives of the club were listed as (1) for deeper understanding of the Human and Spiritual Values; (2) for excellence of purpose and performance in community service; (3) for greater effectiveness in safeguarding life and property by working directly with youth; (4) for personal involvement with sponsored youth organizations; and (5) for sustained growth in numbers and in service and fellowship throughout the world.

Charter officers of the local club are Joe Wheatley, president; Tommy Pope, vice president; John Hood, secretary; and Randy B. Linn, treasurer. Directors are Harold Pippen, Stanley Pirtle and C.W. Henry for one year; Mark Chamness, Henry Schaefer and Carlton Holder for two years.

Charter members are Garner Altom, Billy Bacon, Bruce Barney, Lynn Bint, Leon Boles, Roy V. Cartee, Mark A. Chamness, Staden Chapman, Dan Dixon, Alton Frazier, Randy Gattis, Gary Don Harris, C.W. Henry, Carlton Holder, Louis Hollywood, John L. Hood, Bobby R. Ingram, C.H. Ingram, Kay G. Jackson,

Ronnie Ledbetter, Randy B. Linn, Dean Madison, Donald McClenny, Arnold J. Muller, William T. Palmer, Laddie R. Pierce, H.N. Pippen, Stanley Pirtle, Tommy Pope, Harold Reich, Henry Schaefer, Buddy Sipe, Dean Toler, Joe D. Wheatley and J.D. Yardley.
