

Senior Citizen's Nutrition Menu

At a meeting the other day, a speaker stated that older people were great optimists. These citizens have seen times from the very worst to the very best. Very few are skeptics as to the future. The speaker stated the real skeptic is the man who has so little faith in his own position that he is afraid to have it critically examined; who has so little confidence in truth that he fears to have it discovered; who is tormented by the thought that if he knew more he might believe less.

Members of the Senior Center rely upon one another to establish their fellowships. They discuss, as any member of an organization, all aspects of their lives. The Senior Center is an excellent place for older people, those over 60, to come for fellowship and the finest of food. Call for a reservation and share your experiences.

The members of the Senior Center were treated to one of the finest programs when Dr. and Mrs. M.A. Treadwell presented members of their family in a musical. Their daughter, Mrs. Martha Vermillion, and their two grandchildren were outstanding in the songs and music presented. The doctor again played his "musical saw" and as always the music was thoroughly enjoyed.

The Senior Center members were also pleased to hear the Brymer Band. Clyde Brymer played his new organ and others accompanied him.

Those who play the dinner music are so appreciated, and when Davene Jeffcoat and Ima Thompson played for the group it made the luncheon seem to satisfy.

The menus for the week are:

Monday--luncheon steak, scalloped potatoes, buttered spinach, sliced pears, bread, butter and drink.

Wednesday--baked ham, English peas and cheese salad, candied yams, fruited jello, bread, butter and drink.

Friday--tomato juice, oven fried fish with tartar sauce, frozen broccoli with cheese, new potatoes with parsley, yellow cake, bread, butter and drink.

Director

Draft Registration Is Slated In Coming Week

Young men 20 and 21 years of age are to register for the draft and possible military service at the Cisco Post Office and other post offices across the nation beginning Monday, July 21.

Acting Postmaster Jack Ledbetter reported that everything was in readiness to handle the registration here.

Young men born during the year 1960 are scheduled to register during the week of July 21st, with those born during the year 1961

Teen Dance To Be July 25

All Cisco teenagers are invited to attend an outside teen dance sponsored by the Cisco Civic League on Friday evening, July 25th, from 9 p.m. to 12 m.d.-night. The dance will be held on the tennis courts of First United Methodist Church on West 8th Street in Cisco. Greg Qualls will serve as DJ for the outdoor dance. There is no admission charge and refreshments will be served for all those teens attending.

registering during the week of July 28th. The 20 and 21 year olds may register at any post office -- not necessarily their home post office.

Mr. Ledbetter said the registration would be a simple matter. The young men will be given small cards at the post office window and they will fill in a few blanks to give their names, birth date, social security number, telephone number, and mailing address.

As they obtain the Cisco Chapter To Meet July 22

The Eastern Star, Cisco Chapter No. 461, will have their regular monthly meeting at 7:30 p.m. Tuesday, July 22, at the Masonic Hall. Hostesses for the evening will be Pearl Pence and Era Hamilton.

There will be an initiation of David and Dora Seward. There will also be a patriotic program with special music by Velma Williams.

All members are invited to attend.

Kiwanis Club Holds Luncheon

A program concerning work with young people was presented by the Clyde Kiwanis Club at the weekly luncheon of the Cisco Kiwanis Club last Monday noon at the White Elephant Restaurant. President Joe Wheatley presided. Marvin Sapagch of Clyde, district chair-

man for key clubs, was the speaker. The key clubs, he reported, are organizations sponsored by Kiwanis clubs for teenage boys and girls. Three members of the Clyde Key Club were guests.

The Clyde Club has 68 members with regular social gatherings and programs, the speaker said. The three visiting student key clubbers were Keith Penny, Becky Dickerson and Donna Mangum.

Other visitors included Riley Fuggit, Leon Williams and Lee Savell, Clyde Kiwanis members, and the Rev. Prince Altom of San Francisco.

Tax Cut Discussed At CISD Meet

The second tax reduction in three years is likely for the property owners of the Cisco Independent School District, for the 1980 tax year.

The proposed reduction was discussed by the members of the Cisco ISD Board of Trustees at their meeting Monday night. The reduction proposal resulted from the report to the Board

Agenda Calls For City Council To Study Strict Water Rules

The City Council will consider adopting an ordinance that will authorize emergency measures to curtail water usage at the regular semi-monthly meeting Tuesday night, Mayor Roy Cartee reported Friday.

City officials ordered the water topic placed on the agenda for the meeting after the amount of water being used daily began inching near the city's maximum pumping capacity. Mayor Cartee said the water pressure in town dropped to an alarming 54 pounds Thursday night. Eighty pounds minimum is needed for safe fire protection, the mayor said.

Figures supplied by the City Water Department showed that July water consumption has ranged from a low of 1,608,000 gallons on July 10th to a high of 1,968,000 on July 3rd. Ten of the first 16 days of July had water consumption figures exceeding 1,700,000 gallons.

Mr. Cartee said the Water Department advised him that in no circumstances could they handle more than 2,000,000 gallons in a day. "Our old water system would never be able to stand up under it," they said.

The city had only one by the school districts tax assessor that the district would increase its overall value for 1980. This increase in value would result in the district being able to cut the tax rate; yet, still produce the revenue needed to run the district for the coming school year.

If the proposed rate cut becomes reality, it will mean that Cisco ISD property owners will be receiving their second reduction in tax rate since 1978; representing a \$.13 per \$100 of valuation reduction. This figure would mean that the property owner would be paying about 9.2% less for his School taxes in 1980 than he did in 1977.

The Board of Trustees will hold a public meeting to discuss the proposed rate reduction at a date and place to be announced in the near future.

Football Players To Report To Community Gym

All football boys, seventh through twelfth grades of Cisco Junior-Senior High School, are reminded to get shoes and socks at the Com-

1,000,000 gallon day in May - May 31st. The average was around 750,000 gallons for that month. In June, there were only five days when consumption was less than a million gallons. The average was 1,220,840 gallons.

Mayor Cartee said the city contacted big users of water after the big pressure drop late Thursday and two four-inch lines were shut off. This, he add-

Miss Cisco Pageant To Be August 7; Entry Deadline July 28

The selection of a Miss Cisco for 1980-81 will be made August 7, 1980, at 7:30 p.m. in the Cisco Junior College Auditorium.

The Miss Cisco contest will be held in conjunction with the local merchants fall fashion style show. Miss Cisco contestants will be the models for the retail establishments. At this writing eight merchants will participate in the show. July 28th will be the deadline for entering the contest.

Entry form stating requirements will be found elsewhere in this issue of the Press.

ed, soon caused the pressure to return to safe levels.

A copy of Sweetwater's water rationing ordinance has been obtained, and the city is studying it, Mr. Cartee said. City Attorney Billy Wright was asked to prepare an ordinance for Cisco for the Council to consider Tuesday night.

"We are not planning to go as far as Sweetwater did," Mr.

Cartee said. "We want consumption to be within a safe level. Watering will have to be kept at a minimum. Hopefully, we will have rain before having to consider stricter measure."

The mayor said he considered calling an emergency meeting of the Council Thursday night, but it was decided that time to prepare legal papers was needed.

Miss Cisco will receive a scholarship to Cisco Junior College and a \$50 gift certificate, given by the Cisco Chamber of Commerce Retail Trade Committee, redeemable at any of the participating merchants. A \$25 gift certificate will be given to the first runnerup, who will serve as Miss Cisco in the event Miss Cisco for some reason cannot complete her full term.

Models for each store will be selected by the contestants; drawing the names out of a hat. All girls will

model the same number of times and at least twice for each of the merchants.

Out of town judges from at least three towns will select Miss Cisco.

A well known area disc jockey will M.C. the event.

For information call the Chamber of Commerce, 442-2537, or one of the two contest coordinators, Mrs. Dolores Hopkins and Barbara Pope.

THE EAGLES won first place this summer in the nine to 12 years old age group. They received trophies from the Softball Association. The Eagles were sponsored by The Spot Restaurant. The Eagles and their parents would like to express their appreciation to The Spot for sponsoring them. They would also like to thank the Softball Association for the trophies. The Eagles are (front row, left to right) Janice Woolley, Stacy Willingham and Stacy Cooper. Second row are Hazel Worley, Sherri Pevey, Teresa Petree, Billie Jo Srader and Tracie Edgar. Back row are Coach Joy Worley, Melissa Chapman, Bobbie Wilcoxen and Tanya Smith. Not pictured is Deborah James.

The Light Touch

By Clint Bray

THE LIGHT TOUCH
You can tell the credit crunch hurts. Some folks no longer have the means to live beyond their means.

Will power is the ability to close an almost empty can of paint and clean the brush instead of painting something else that doesn't really need it.

Some people get lost in thought because it's such unfamiliar territory to them.

Cheerful people are healthier than grouchy people. Apparently the surly bird gets the germ.

It's better to sleep on what you plan to do than to be kept awake by what you've done.

We'll help you rest easy at Bray's in Eastland, Texas. See us for a great selection in summer buys.

CITY OF CISCO
By Roy V. Cartee,
Mayor

TO OUR MAYOR:
Mayor Roy V. Cartee
We the residence people on the east side of Cisco would like to take this opportunity to say thank you Mayor Cartee for realizing that the east side is a portion of the city limits of Cisco, and for doing a fine job in seeing that is also needs some help from our city in making it attractive to the eyes of all.

We of the east side feel that if it had the help long ago that it would be as outstanding and attractive as any other portion of our city, but due to the neglect of others, and no tax money has been spent and very little to help keep our side clean and attractive, "that would fall under the department of our city government and management."

We the residence people of Cisco hereby do greatly appreciate our Mayor for a fine job is being done and we appreciate the fellow workers that are employed by our city, and for doing a good job. Keep it up!

I only suggest that the residence people on the east side will continue in support of our Mayor Cartee, and help to clean all grassy areas, and trash and rubbish from their areas, and surrounding areas. Lets show our townmanship we love it, by doing our part in making Cisco a beautiful place to live, and making others to enjoy coming to our town.

Signed,
Your Supporters,
Mrs. John W. Moss

News From The Center

By Mae Green

After five years working as nurse's aide, Mae Green is now Social Activity Director at Cisco Nursing Center.

During the past five years working as an aide I've learned to know and love all of our residents. I know their likes and dislikes. I learned to cheer them when they're sad and laugh with them when they are glad.

By knowing all residents personally I am better able to plan activities to benefit all residents even our bed-fast residents.

As Activity Director my goal is to make each resident feel that they are needed and are a part of whatever we do. Also, I plan to create the feeling of love for one another throughout the facility.

I appreciate the many volunteers that are rendering their talents and services whatever you do to offer services to our residents it is always welcome. If you want to add a new light in your life. Be a volunteer!

July 25-31 Proclaimed County Farm, Ranch Safety Week

Seated- County Judge, Scott Bailey, signing Safety Week Proclamation. Standing Left to Right: Eastland Co. Farm Bureau Sec.-Treas. Cecil Swift, Gorman President Ernest Reich of Cisco.

County Judge Scott Bailey has proclaimed July 25-31, 1980 as FARM AND RANCH SAFETY WEEK in Eastland County, at the request of Ernest Reich, Eastland County Farm Bureau president.

This marks the 37th annual National Farm Safety Week, Co-sponsored by the National Safety Council and the U.S. Department of Agriculture.

The theme for the week is "Personal Protective Equipment - Protects."

In his proclamation, Judge Bailey said "accidents involving Texas farm and ranch residents at work, in the home, at play, and on roads and highways accounted for over 300 fatalities, thousands of painful injuries, costing millions of dollars in 1979.

The 1979 Texas Farm Bureau Accidental Death Program records show that

322 death claims were paid in 141 different counties. Eastland County Recorded one death claim under the program. Traffic related incidents caused the most death claims, state-wide, with 189 - (Auto/truck...174; Motorcycle/minibikes...5; Bicycle...1; and Pedestrians...9). Other high-ranking causes for accidental deaths were drownings, firearms, falls, aircraft crashes, and tractors, all with 20 or less claims.

The latest National Safety Council Agricultural accident surveys indicate that nearly half of the reported injuries involved the head, eyes, hands or feet - part of the body for which a good measure of protection is available. Personal Protective Equipment (PPE) such as hard hats, safety eyewear, gloves and safety shoes could have prevented or reduced the severity of a

large percentage of these injuries. In addition, many work-related illnesses and chronic health problems could be mitigated by use of the appropriate respirators, impervious garments and hearing protectors when such protection is needed.

Concluding his proclamation, the Judge urged all farm and ranch families and those who serve agricultural producers to: ready safety articles, items in magazines and newspapers which feature safety; read and heed instruction manuals and product labels; be informed on what to do in case of emergencies such as severe weather, fire, poisoning, bleeding, drowning, etc.; Take the Defensive Driving Course; Hunter & Home Firearm Safety Courses; Take the Basic First Aid Course. He then emphasized the need for taking the CPR Course which is special instruction on external cardiac compressions administered manually, alternating with mouth-to-mouth resuscitation in order to stimulate the natural functions of the heart and lungs to save the life of a heart attack or accident victim.

The Accidental Death Program, underwritten by the Texas Farm Bureau Mutual Insurance Company, is an optional service offered to county Farm Bureaus and their members. Currently, 197 county Farm Bureaus are participating in this program. Less than a dozen counties have not had a claim.

Under this program, members may receive benefits to \$1,000 for each member and spouse, plus \$500 for each member's unmarried child under age 25 living in the insured's household, attending school, or in the armed forces.

There is no exclusion with this insurance, provided the accident occurs while membership is effect, and the death occurs within 90 days after the accident. Claims must be reported to the home office in Waco or to an authorized agent within 20 days after the accidental death of the person covered.

Since the Accidental Death Program began on November 1, 1971, thru October, 31, 1979, TFB has paid 1,801 claims totaling \$1,536,500.

According to the TFB Safety Department seven-year (1973-80) study of FB accidental deaths; the public streets and highways have been the "big grim reaper" - with auto-truck causing 834 deaths; motorcycle/minibikes - 45 deaths; bicycles - 6 deaths; and pedestrians - 33 deaths, for a total of 918 traffic related causes.

Other causes and numbers of deaths of FB members for the recent seven-year study are as follows: Firearms - 144; Drownings - 100; Falls - 99; Tractor - 87; Aircraft Crash - 61; Fires and Burns - 47; Electrocutions - 29; Machinery - 27; Explosions - 20; Poisonings - 18; Animal - 17; and choke/strangle - 7. Lesser causes of accidental death among FB members have been: lightning, snake bite, bee sting, spider, tick or other insect bites.

Newspapers Of Eastland County

By Vance & H.V. O'Brien
"...a walk where giants walked..."

Boyce House, Jerry Sitton, B.A. Butler, Col. Gene Baker, Walter Murray, Joe Dennis, O.H. Dick, Virgil Moore, Merritt Dunn, Wayne Sellers, Jack McCarty, Grover Lee, A.B. O'Flaherty, W.D. Breechen, H.D. Vermillion, Jim Ewell, Joe Cook, Dwain Dennis, Charles G. Norton, Joe Stephen, Lynn Crossley, Marvin Hutto, Carl Garner and Victor Cornelius - and a whole lot of others - are the giants who have been associated with newspapers in Eastland County at one time or another.

First mention of a newspaper in the county, organized in 1873, was a Commissioners Court legal bid notice to build the jail, ordered in February, 1879, for the EASTLAND REVIEW. In 1884 the court ordered a legal to appear in the EASTLAND ANCHOR.

Since then a lot of newspapers have come, merged, sold, gone and stayed. There are five in the county in 1980: THE GORMAN PROGRESS, published by Mr. and Mrs. Joe Bennett and son, Lonnie. They bought the PROGRESS in 1974 from Col. Gene Baker, who owned and operated it from 1944 when he bought it from Clara Cockrell.

The four others are published by Mr. and Mrs. H.V. O'Brien. They are the CISCO PRESS, edited by Herrell Hallmark; THE RISING STAR, edited by Evelyn Donham; THE RANGER TIMES, edited by Betty McGree; and THE EASTLAND TELEGRAM, edited by O'Brien. The newspapers and a commercial printing department operated by Hale Dunson are operated as Eastland County Newspapers.

The RISING STAR was purchased from B.A. Butler in 1972. He bought it from Doc Sellers and operated it for 18 years. Over the years, Butler had edited papers in Cisco and Eastland and other towns.

The PRESS, TELEGRAM and TIMES were purchased from J.W. Sitton in July, 1968. He had bought THE PRESS in 1948 from a local corporation headed by the late Charles Kleiner and published it alone until November, 1961, when he bought the TIMES and TELEGRAM from O.H. Dick and Joe Dennis. They had bought the two papers from Walter Murray in July, 1950.

A central offset plant was initiated in Eastland in 1971. THE CARBON MESSENGER, long owned and operated by Merritt Dunn in Carbon was consolidated into THE TELEGRAM in 1970. Mr. Dunn bought the MESSENGER from Mr. Davis in 1925 and operated it 45 years.

Chances are that there are dusty, old documents in safes at every news office in

the state that tell a lot of history. Ours, coupled with several of Boyce House's books (principally "Oil Field Fury") make fascinating reading. House came to Eastland County in 1920 from Memphis, as a young editor to work for R.K. Phillips, who came from Weatherford, at THE OIL BELT NEWS. House wrote extensively of the then slowing oil boom, popularized and promoted a horned toad into Old Rip with a 31-year sleep and went on to become a Texas-wide chronicler of wide readership. With a vivid typewriter, he promised and delivered: "I give you Texas and the Great Southwest."

THE OIL BELT NEWS had a pressman who had been a business manager for O. Henry's magazine, "The Rolling Stone."

A postal report in April, 1924, shows B.A. Butler editor and W.D. Breechen, business manager of the OIL BELT NEWS.

In 1928 the EASTLAND ARGUS-TRIBUNE was sold by Edmund Walker to Walter Murray who owned papers in Ranger, Breckenridge and Mineral Wells. He got a second-class postal permit for THE RANGER TIMES, subscribed for AP wire service and bought out the RANGER RECORD in 1919.

Second class mail permit for THE EASTLAND TELEGRAM was issued April 5, 1925.

Frank Jones established the Eastland County CHRONICLE in 1931 and sold it to Murray (Times Publishing) in 1934.

In 1928 W. Charles Kellum bought the DESDEMONA GUSHER from Hall Walker (for \$500.) and moved it to Eastland as the Eastland County INDEX. (Records aren't clear on what happened to the INDEX.)

Dick and Dennis bought Murray's papers in 1950 and the EASTLAND COUNTY RECORD from H.D. Vermillion in 1951. In 1955, Dick sold his interest to Floyd Casebolt, but later bought back into the partnership with Dennis.

The newspaper business in Cisco dates back to 1892 when a man named Warner L. Wilson established the Cisco Apert.

Mrs. George Langston, who wrote a history of Eastland County in the year 1904, had this to say about The Apert: "In 1892, Mr. Warner L. Wilson established a new paper in the town of Cisco and gave it the unique name above. The Apert, which has always been Democratic, is the oldest printing establishment in the county under one management. Mr. Wilson is a native Texan and Houston is his birthplace. While he is a staunch Democrat, he entertains liberal views and is generous toward those who differ with him."

In the year 1895, the Cisco Roundup was established by Frank Verson. A community-

minded man, Mr. Verson organized the first public library in Cisco - the forerunner to the present Cisco Public Library, which operates under the ownership of the 20th Century Club.

The two early day weeklies were merged into the old Cisco Daily Press as the oil boom spread to Cisco in the years between 1915 and 1920. The News Publishing Co., owners of the city's first daily newspaper, was headed by the late B.S. Huey. It was printed in a building that later became the Judia Theater and the A-G Motor Co.

In 1924, a man named A.B. O'Flaherty, an ex-linotype operator out of New Orleans, La., who boasted a Kentucky ancestry, took over the Daily News and later acquired a majority of the stock in the company. O'Flaherty built the existing newspaper building in Cisco in 1927 and installed a modern Duplex flatbed printing press. In 1929, he sold the newspaper to the Marsh-Fentress chain of Waco and Austin.

In 1934, The Free Publishing Corporation was formed by the late Charles J. Kleiner and the late Harry Reynolds with B.A. Butler, as editor and publisher. The Free Press began as a semi-weekly with offices in the building now occupied by Graham Motor Company.

The Press was the outgrowth of a community battle between the late A.S. Hickok and Lone Star Gas Company, during which time the Hickok company built a gas distribution system in Cisco.

Finding advertising in a depression economy inadequate, The Press upped its publication pattern to daily. In 1937, The Press bought The Daily News from the Marsh-Fentress people who were withdrawing from the small daily field. Operations were transferred to the present Press building.

In 1941, Butler turned over his interests to O'Flaherty, who had established a newspaper in San Angelo and disposed of it. O'Flaherty operated the consolidated newspapers until 1948 when the Free Press Publishing Corporation was purchased from Kleiner, Reynolds, O'Flaherty and others by J.W. Sitton and the late Ted Read.

J. H. Kendrick, Religious Diorama Owner, Dies

J.H. "Pop" Kendrick, 72, of Cisco, owner of the Kendrick Religious Diorama between Eastland and Cisco, died at 7 a.m. Wednesday at Eastland Hospital after an apparent heart attack.

Private funeral services directed by Cisco Funeral Home were at 10 a.m. Saturday at the Kendrick Diorama, a museum which features numerous Biblical scenes.

Burial was in the Kendrick Mausoleum.

Born Jan. 10, 1908, in Grandfield, Okla., he married Phyllis LeFevre April 12, 1931, in Grandfield, Okla. They moved to Cisco in 1938.

Besides being owner of the Diorama on U.S. 80, Mr. Kendrick helped his wife produce the Kendrick Easter Pageant, which depicts the life of Christ. The first Easter Pageant was Easter Sunday, 1965.

Begun on a trial basis on the poultry farm owned by Mr. Kendrick and his sons, the first pageant was partly conducted on a stage erected over the Kendrick's swimming pool. The family planned a tree breakfast and was surprised by the standing-room crowd.

The family built an am-

phitheater for the 1966 presentation to accommodate the crowds. They eventually discontinued the poultry business to concentrate on the Easter Pageant and summer presentations.

Texas Monthly magazine recently cited the pageant as the state's best outdoor show. Christ's life is presented in 65 scenes. Props include a running River Jordan.

Religious work of one form or another was a way of life for Mr. Kendrick and his family. A member of the Baptist Church, he started a religious singing quartet in 1942 which featured himself, his wife and sons.

"Mom and Pop" Kendrick traveled with their sons to churches throughout the Southwest. They were heard on several Big Country radio stations during the '40s.

Survivors include his wife; three sons, Bill of Albuquerque, N.M.; Pierre and Phil, both of Cisco; two brothers, Raymond of Oklahoma City and Vernon of Albuquerque; two sisters, Opal Watson of Burleson and Mae Simon of Jacksboro; and three grandchildren and three great-grandchildren.

Lights From The Christian World

By Josephine Cleveland

In the city of Ephesus the devil used Demetrius and the craftsmen to start a riot in the city.

Demetrius was a silversmith who gained much wealth and prestige for the silver shrines for Diana, the goddess statue that the majority of the people of Ephesus worshipped.

Demetrius held a meeting and called together a group of like workers. He told them the Apostle Paul had persuaded not only in their city, Ephesus, but almost throughout all Asia, that "there were no gods, which are made with hands. So that our crafts is in danger to be set at nought-Acts 19:26-27."

The people were filled with wrath. They filled the city with confusion. The whole assembly was confused and the majority present knew not even why they had came together.

When Paul would have gone into the assembly his friends advised him not to enter the fray.

The town clerk finally appeased the people and was able to reason enough with the assembly. He said, "Ye men of Ephesus, what man is there that knoweth not how the city of the Ephesians is a worshipper of the great goddess Diana and the enrage which fell from (the planet) Jupiter? For ye have brought hither these men,

Homemaking Tips

By Janet Thomas

The most common topic of conversation these days is the weather. And, it has certainly been very hot this past month. There are some precautions people should take to avoid hot weather problems.

If you become overexposed to the sun or overexert during extreme heat and humidity this summer, you may get heat cramps, heat exhaustion, or possibly even the rare but serious heatstroke.

Avoiding these hot-weather complications is more than simply a matter of staying in cool or air-conditioned areas and walking on the shade side of the street - as important as those precautions are. You'll also need to pay attention to medically sound preventative steps.

1. Wear loose-fitting, light colored clothing that reflects the sun's rays and allows for better sweat evaporation, and wear a wide-brimmed hat for added protection.

2. Avoid sudden changes of temperature, such as dashing from an air conditioned building to a hot sidewalk or car. Before getting into a car that's been parked in the sun, open it up for a few minutes.

3. Stick to cool drinks and food, and salt your food liberally. Salt tablets are seldom necessary if you have a well-balanced diet. If you feel the need for salt tablets, check first with your doctor.

4. Don't overeat. Don't overindulge in alcoholic drinks. Your body system needs extra water in hot

weather, whether or not your thirst sensation increases. Drink water often, even when you don't feel the urge.

5. Acclimate yourself by limiting exposure to the sun or strenuous outdoor activities to just 15 minutes on the first hot day, adding 15-30 minutes each day over a week or ten days.

6. Avoid outdoor physical activity between 10 a.m. and 2 p.m. whenever possible.

7. When you exercise in the heat, take a 5-10 minute break every half-hour. Don't exercise just before or after meals.

8. Drink plenty of water or salted lemonade when you're exercising. You may have heard that drinking water when you're hot and active will bring on stomach cramps, but it is not true; you need to keep up your water intake to replace what you're losing in sweat - so drink when you're thirsty.

9. Also take extra precautions when-ever the humidity is high during a heat wave. When the relative gets above 60%, the air won't absorb as much sweat as your body needs to get rid of, and by 75% relative humidity, it won't absorb any. This, coupled with high temperatures, is particularly dangerous.

10. If the weather is hot and dry, you may not feel sweaty, but in high temperatures you indeed are sweating; the dry air is evaporating the sweat so effectively that you don't get damp skin or soaked clothes. Drink plenty of water; don't be lulled by the false idea that you're not losing any.

11. Take extra care when the official temperature is higher than 85 degree F. If the official temperature is, say, 95 degree F, it may be well over 105 degree F on a tennis court or in your backyard garden, even in the shade. Official readings are often taken from towers or high buildings.

12. If you are on a low-salt or salt-free diet, or if you have a chronic disease, heart disease, hypertension, diabetes, or lung disease, for example - high heat and humidity will put an especially heavy burden on you. Consult your doctor before engaging in any unusual activity or changing your salt intake.

13. If you do feel the effects of the heat and humidity - unexplained stomach or arm and leg cramps, extreme fatigue, nausea, headache, or dizziness - get medical attention as soon as possible.

Cisco Junior College will hold the annual Drive-In Camp for High School and Junior High Students, beginning on Monday, August 4, and ending Friday, August 8.

Tuition for the five-day camp is \$30 per student, which includes the noon meal each day and a picnic on Friday afternoon. Registration will take place in the Wrangler Band Hall at 8:45 a.m. on Monday, August 4. Classes will run from 9:00 a.m. until 4:00 p.m. each day.

Any questions concerning the camp should be directed to Mr. Jones at the Band Office at CJC at 817-442-2567.

There will be an important planning meeting for the Eastland County Fair on Monday, July 21st, at 7:30 p.m. in the Bank Community Room in Eastland.

and, this week I am including a recipe which is a delicious casserole using zucchini squash.

Continental Zucchini
1 pound zucchini (about 4 small)
1 can (12 ounces) whole kernel corn, drained
1 jar (2 ounces) chopped pimiento, drained
2 medium cloves garlic, crushed
2 tablespoons vegetable oil
1 teaspoon salt
1/2 teaspoon pepper
1/2 cup shredded mozzarella cheese

Mix cubed zucchini squash, corn, pimiento, garlic, oil, salt and pepper in skillet. Cover and cook over medium heat, stirring occasionally, until zucchini is crisp - tender, about 10 minutes. Stir in cheese; heat thoroughly. Makes 4-6 servings.

GORDON SPOT

By DeMarquis Gordon

Spider mites, or red spiders, are probably the most difficult pests to control in vegetable gardens. With hot dry weather gardeners should be on the lookout for this pest by checking the underside of plant leaves if your vegetables are still surviving the heat.

Although spider mites will attack almost any plant, among their preferred hosts are beans, tomatoes, peas, eggplants and corn.

Actually, spider mites are not insects but are eight-legged relatives of ticks and

tions will cause leaves to appear blotched or spotted, turn pale or yellowish in color, curl up, turn brown and eventually drop off. A thin webbing may cover leaves and stems.

Begin a control program as soon as spider mites are detected and before plant damage is obvious. A light infestation of spider mites can be reduced and kept at low levels by spraying plants with a strong stream of cool water every few days.

If chemicals must be used, select from such effective materials as Kelthane and diazinon. Two to four applications may be needed at five-day intervals. Always follow on the pesticide label.

May or June beetles are emerging from the soil and starting to swarm late in the evening. Females are laying eggs and white grub worms that hatch will soon be feeding on roots of bermuda grass and St. Augustine grass in home lawns. Once grubs begin feeding control measures should be taken.

Treatment time varies with the particular area of the state and ranges from early July in South Texas to mid-August in the Panhandle. Homeowners in Eastland County will need to treat between mid-July and early August. Timing of application is critical for adequate control.

White grubs in excessive numbers can heavily damage lawns. Check for white grubs by cutting a square foot section of sod with a shovel and examining the roots and soil to a depth of four inches. Examine at least one square foot of sod for 1,000 square feet of lawn. Chemical treatment is needed if there are more than four grubs per square foot of sod.

Diazinon provides adequate control and should be used at recommended rates given on the chemical container label. The granular form is easier

Robin White Leaves For Japan

After months of anxious anticipation Robin White, Eastland 4-Her, will travel to Japan on July 23. Robin is the daughter of Mr. and Mrs. Ronnie White of Eastland. This trip Robin is taking was made possible by the 4-H/LABO exchange program. 4-H is a youth organization in the United States and LABO is a language learning lab for Japanese children. In the

labs, Japanese young people learn the English language through songs and skits. Robin will have the opportunity to visit a LABO camp during the first three days in Japan. The Japanese children will be most anxious to see blond, blue-eyed Robin sing American songs!

Following Robin's stay at the LABO camp she will spend the remainder of her visit with her host family, the Uchida's. Tomako Uchida was an exchange student in the White's home last summer. The length of this exchange trip is approximately one month.

During this time, Robin will be keeping a diary of her daily adventures. She should have lots of good information to tell Eastland residents about the Japanese traditions, culture, and family life. 4-H clubs in the county are very proud to be represented by Robin in Japan.

Ronnie and Pam White will accompany Robin to the final orientation at D/FW Airport July 22. Robin will depart D/FW Airport on July 23. The initial orientation for the 4-Her was held at Texas A&M on June 3, 4, 5. Believe it or not, the time has finally come - Robin is on her way to Japan!

When Extension agent Donna White asked Robin how she felt about going to Japan, her response was: "I am very excited about the trip and would like to thank everyone who helped make this trip possible. I have heard about Japan from Tomoko and now I'm looking forward to seeing it and experiencing it for myself."

Celebrate 60th

Family and friends gathered Sunday to honor Mr. and Mrs. Karl Milam at a 60th Anniversary luncheon in Eastland.

The Milams were married in Walnut Ridge, Arkansas, on July 13, 1920. For more than 50 years, they lived in Santa Fe, New Mexico, before moving to Eastland in 1975.

Mr. and Mrs. Milam have six children, all of whom were in Eastland for the celebration. They have 18 grandchildren and 12 great-grandchildren.

Family members traveled from Tennessee, California, Arizona, Idaho, Arkansas, New Mexico and Washington, as well as from several central Texas Communities. Attending were the Milams' eldest son, Gordon and his wife, Patsy, of Nashville, Tennessee; daughter Martha and her husband, Cliff Bickley, of South San Gabriel, Calif.; son Griff and his wife, Bonnie, of Phoenix, Arizona; daughter Karla Williams of Abilene, Texas; son Stewart and his wife, Linda, of Idaho Falls, Idaho; and daughter Frankie and her husband, Ralph Lytle, of Russellville, Arkansas.

Grandchildren attending included Helen Bickley Ivy, her husband Stanley, and sons Michael and Paul, of Albany, Texas; Neva Bickley Tabor, her husband Barney, and daughters Kay and Gay, of Moran, Texas; Martha Bickley Youngblood and her daughters Julie and Jodie, of Benton, Washington; Sally Bickley Branch, of Long Beach, California; Beth Bickley, of South San Gabriel, California; Griff Milam, of Phoenix, Arizona; Phillip Williams and his wife Ellen, of Albuquerque, N.M.; Frank Williams, of Eastland; and, Kathy and Steve Milam of Idaho Falls, Idaho.

to apply and to wash into the soil than liquid or spray formulations. After using granules, drag the grass with a tow sack or water hose to knock them down to the soil. Then apply enough water to soak the granules into the soil.

Apply diazinon sprays at the rate of 25 gallons of water, including the insecticide, per 1,000 square feet to wash the insecticide into the soil. Wetting the lawn before spraying also helps. Always keep children and pets off the treated lawn until the grass is dry.

The key to white grub control in home lawns is proper timing of chemical applications and getting the insecticide through the grass to the root zone where grubs are feeding.

Further information is provided in the publication, "White Grubs in Texas Turfgrass," available at the county Extension office.

A THOUGHT FOR THE WEEK

By Armo Chambers

Silence is a talent as greatly to be cherished as that other aspect, the gift of speech. Yet, it seems the modern world hates silence. We have grown so accustomed to the business of sight and sound that we often do not appreciate the meaning of silence. We seldom set aside time for quiet reflection. Isn't it true that most of us become restless if we have to spend any significant amount of time in enforced silence?
Granted, there is a place for noise in this world. It thrives in our hectic world of industry and commerce. Yet, isn't it true that peace and self-understanding is planted, watered, and cultivated in hours of silence?
General MacArthur once told a writer that he could not fight a battle without an hour of silence and meditation in the morning. It is silence which makes the soul free. One of the greatest experiences in life can be found in the awe and hush of solitude.
Your reaction and comment either in person, by phone or letter - is ALWAYS welcome, on this or any other thought you read here.

People Things

CISCO LIONS prepared and sent Mr. A.G. Sander, one of their long time members who has had a health problem for some time, a happy birthday card the other day. Glad to hear that Mr. AGS is doing nicely and enjoys swimming almost every day. Mrs. Leona Morton was on duty as cashier at the Colony Restaurant when we looked in out there the other day. Congratulations to the Dr. Ayres Cermans on their new clinic building into which they've just moved. Mrs. AC tells us that she well remembers that day in 1967 when he was awarded his MD degree of the UofT at Galveston. She and their four children cheered loudest, she said. Mrs. AC helped put bread on the family table during his medical school days by working as a registered nurse.

MR. ED FARLEY, the old timer, calls our attention to an item in the Abilene newspaper the other day. The item concerns the weather being, so dry that Baptists were sprinkling, Methodists were using a damp rag, and the Church of Christ was giving rain checks.

So there!
MR. AND MRS. Garner Altom of our town were real pleased when both of their sons, Prince and Doug, and families came to town last weekend for a visit. Maybe there would be a quite family dinner out to observe the 40th wedding anniversary of the GAs, they thought.

What the GAs didn't know was that Prince, who is a Baptist minister in San Francisco, and Doug, a CPA at Amarillo, had also thought about the 40th anniversary. They had quietly sent out RSVP invitations to 30 or 40 old friends that the GAs had made over the years of living in Cisco, Pampa, Abilene and Louisiana and maybe elsewhere. So...around 7 p.m. Saturday, they started out, agreeing that dinner at a nice restaurant was in order. They stopped, however, at the First National Bank, went into the community room, and the old friends were ready for an evening of fellowship and honoring the GAs on their anniversary. They enjoyed snacks from a refreshment table. Forty-five people were there, many of them former Ciscoans.

The GAs are back where it all started. He's a native of this area and he met his wife 41 years or so ago when she came to Cisco to visit her late brother, the Rev. Judson Prince, who was pastor of the First Baptist Church here at the time. They were married at Strawn. The GAs now live in the same house where she was visiting when he dated her for the first time.

Doug Altom and family returned home Sunday, and Prince and family stayed another couple of days. Mr. GA, you know, is administrator at the E.L. Graham Memorial Hospital here.

MR. WILLIS Parker, one of our largest peanut farmers, says he hasn't lived here long enough to know when it's going to rain, but he has been farming peanuts long enough to know that rain is badly needed. The peanuts aren't hurting yet but they're getting close, he said.

Area maize fields are suffering for moisture, Mr. WP reports. Gardens and watermelons without irrigations are virtually beyond hope.

MISS KAY Honea, who is completing a year as a member of the Cisco police force, tells that she has resigned as of July 25th and will go to work as a city policeman at Midland on August 1st. Miss Honea, daughter of Mr. and Mrs. Vernon Honea, added that she expects to enroll in the senior college at Midland to continue her education. She is a graduate of CJC.

Miss Honea has won "well done" from fellow police officers and from the community for a good job as a police officer.

ANOTHER LADY police officer is resigning. Mrs. Risa Livingston, office deputy at Sheriff Johnny Morren's courthouse headquarters, reports that she is leaving her post about August 1st.

She will join her husband who has accepted employment in Oklahoma. Cisco Police Chief Kenneth Eaves and family took the past week off for a bit of vacationing. The Winston Heidenheimers spent four days last weekend visiting friends in the Lake LBJ country. Mrs. WH then flew off to Florida for a week or so with her sister.

THE J.C. Fletchers, who got home last weekend after a five weeks vacation that included visiting their daughter and family, the Bob Lloyds, in California, almost made it home without incident. They covered 3,400 miles and were five miles west of Cisco on IH-20 when a driver fell asleep at the steering wheel of his car and hit the back of the Fletcher camper.

Both Mr. and Mrs. JCF were thrown back and then forward, Mrs. JCF falling into the floor. The pickup had damages amounting to \$1000 or more, and Mrs. JCF had painful bruises.

It was a nice, restful vacation, Mr. JCF reports. They stopped at Las Vegas, Nevada, for three days en route home and enjoyed seeing some outstanding shows. He's back on his part-time job at West Texas Produce.

LAKE CISCO yielded a bass that weighed just under five pounds the other day to Willard Johnson II, son of the Willard Johnsons and a member of the Eastland County Bass Club. His catch ranked No. 1 for the month as of Thursday. Bobby Fink is the chef at the new bakery at Quickway Grocery. They sent him to Minneapolis to attend a school that is operated by the equipment manufacturers. Quickway now stays open 24 hours a day to keep up with bakery demands. Acting Postmaster Jack Ledbetter reports no applications as of Thursday for the government's new pure gold half and full ounce medallions. They went on sale at post offices Tuesday. The price each day is determined by the market price of gold.

OUT ON COUNTRY Club Ridge, the George Owens are building a fence, and landscaping work is underway at their new home. Down the road, Contractor Wayne Webb is building a covered patio at the Dan Dixon home. It has a circular staircase to the second floor. The Dan Dixons and his daughter Terry and Mrs. Shirley Smothers and daughters Sheila and Shelley spent the past week on a vacation cruise aboard a ship in the Caribbean country.

MORE DELAYS at the new Eastland County jail were experienced this past week. Union painters walked off the job and were picketing the jail area, according to scout reports. Service Station Manager S. Lopez says he thinks some time and money are being wasted as the City of Cisco removes Conrad Hilton Avenue signs. Some weeks ago, the city approved an idea to change the name of Avenue D to Conrad Hilton Avenue with the signs to go up when the hotel restoration work is finished and the building dedicated. Somehow, the signs were put up early and it was decided to remove them until the agreed time.

MRS. KEVIN WINNETT
(Photo by Cotton's Studio)

Gina Davis - Kevin Winnett Married July 12 Ceremony

Gina Davis and Kevin Gerald Winnett were married in a double ring ceremony July 12, 1980, at 2 p.m. in the sanctuary of the First Baptist Church of Cisco. The ceremony was performed by the Rev. Buddy Sipe, pastor of the church.

The bride is the daughter of Mr. and Mrs. Manning Davis, 700 East 21st Street, and parents of the groom are Mr. and Mrs. Gerald Winnett, Old Abilene Highway. Grandparents of the bride are Mr. and Mrs. J.O. Ward, Kerens, Texas, and Mr. and Mrs. Loyce Davis, Valley Mills, Texas. The groom's grandparents are Mr. and Mrs. J.L. Atkins of Denton and Mr. and Mrs. G.J. Winnett of Cleburne.

Mrs. William E. Austin, organist, provided a prelude of beautiful religious selections. Mr. and Mrs. Bob Granger of Brady sang "Saviour Like A Shepherd Lead Us." Mrs. Granger sang "The Greatest of These Is Love" and "The Lord's Prayer." Mrs. Austin played the traditional Wedding March and Recessional.

Entering on the arm of her father, the bride wore a Michele Angelo gown and hat. The fitted bodice of chiffonette and re-embroidered lace and pearls accented the Queen Anne neckline and bishop sleeves which were bound with wide bands of lace and tiny covered buttons. The full skirt of chiffon over taffeta had a chapel length train. The hat of re-embroidered lace was designed with a large bow with panels of chiffon flowing to the skirt. The bride carried a bouquet of daisies and yellow rosebuds mounted on a Bible borrowed from her friend, Mrs. Steve Madison.

Candelights were Joel Edward Davis and Joshua Davis, cousins of the bride, from Georgetown.

The bride was attended by Mrs. Steve Madison of Stephenville. Bridesmaids were Leslie Winnett, sister of the groom, Becky Roberson of Waco and Gay Garlington of Houston, both cousins of the bride. The flower girl was Jayna Willingham of Cisco. The girls wore yellow coupe de ville floor length sundresses with brocaded organza capes. They carried white daisies. The flower girl carried a basket of daisies.

Kirk Evtatt served as best man. The groomsmen were Roger Davis, brother of the bride, Keith Winnett, brother of the groom, and Monte Tolar, friend of the groom. They are all residents of Cisco. They

wore bamboo beige tuxedos and pale yellow shirts and yellow boutonnières.

The groom wore a white tuxedo with a yellow rosebud boutonniere.

The bride's mother chose a floor-length blue knit dress with a chiffon capelet and accordinated pleated skirt. She wore a white orchid corsage. The groom's mother wore an apricot colored Qiana floor-length dress. Her corsage was a white orchid.

The sanctuary was decorated with candles and greenery. The ceremony was performed in front of a white archway covered with greenery. In the middle of the archway was a large white bow from which wedding bells were hanging. Candelabras with white tapers were on each side of the altar. Large ferns complimented the altar appointments. Family pews were marked with yellow ribbons.

Following the ceremony, a reception was held in the fellowship hall of the church. The receiving line was composed of Mr. and Mrs. Manning Davis, Mr. and Mrs. Gerald Winnett, and the bride and groom. The bride's table, covered with a white cloth, was centered with an arrangement of yellow daisies and greenery with a candle in the center. The tiered wedding cake was served by Mrs. Leisha Powelson. Assisting her was Mrs. Beth Myers. Fruit punch was served from a crystal bowl by Kim Starr.

The groom's table was covered by a pale yellow cloth. The groom's cake was chocolate and was served by Mrs. Connie Atkins, cousin of the groom. Coffee was poured from a brass service by Mrs. Terri Garlington, cousin of the bride. Assisting with the reception and also distributing rice bags were Stephanie Kimbrough, Stacey Willingham and Cindy Roberson. Mrs. Gene Zellman provided musical selections on the piano.

After the traditional throwing of the bride's bouquet and garter, Mr. and Mrs. Winnett left for a honeymoon in Corpus Christi. For traveling the bride wore a yellow linen dress. Her corsage was of white daisies.

Registering guests were Lou Pugliese and Mrs. D'Ann Eubanks of Robert

Bridgette Allen And Tommy Green To Wed August 23

Mr. and Mrs. Edwin Schaefer of Cisco are proud to announce the engagement of their daughter, Bridgette Marie Allen, to Tommy Glen Green, son of Mr. and Mrs. Robert Green of 1209 Bliss Street, Cisco.

The couple plans an afternoon wedding August 23, 1980, at 5:00 p.m. in the Bible Baptist Church of Cisco.

Bridgette has been attending Cross Plains High School.

Tommy is a 1980 graduate of Cisco High School and is now employed by Petco Corporation of Breckenridge.

All friends and relatives of the couple are invited to attend the wedding and reception following the ceremony.

Court Seeks Speed, Judge Reports

Judge Jim Wright of Eastland County's 91st District Court told Cisco Lions that he has been working to speed up the work of his court during the some seven months he has been on the bench in a talk at their weekly luncheon last Wednesday noon.

"We are trying to move faster but slow enough that justice will be done," Judge Wright said. He added that he believes the public is entitled to know what is going on in public offices.

In January 1980, Judge Wright said his court began all-out efforts to clear the dockets of a backlog of nearly 300 criminal and over 600 civil cases. Good progress

has been made, he said.
