### Word H.D. Club To Hold Family Night Friday

The Word Home Extension Club will have family night Friday, September 5, at the home of Mrs. Lorena Smith, 810 West 8th, at 7:00 p.m. All members and their families are urged to attend and guests are welcome.

### First United Methodist Church To Begin Restoration

The First United Methodist Church will begin a total restoration program of the present building, which was built in 1921. Total cost of the program will be \$175,000, to be raised through a pledge campaign. The program includes both interior and exterior renovation of the present beautiful structure. Members of the church recently celebrated their 100th anniversary.

### Summer Band Beginner Program Success

Our first summer band beginner program was a tremendous success. Thirty-three sixth grade students, who had not played a band instrument before, started a new band era in Cisco. When this program reaches full growth, you will want to be part of it. You can. It is easier now than later. I will be more explicit later in this article.

The man who heads the Suzuki school of music and is also president of the Sony corporation in Japan, has written a very enlightening book entitled **Kindergarten Is Too Late**. He presents, with a great deal of validation, a theory of when music study should begin. He could be right. But given the proper guidance and support at home and school, we can all achieve an enormous amount of musical ability and appreciation.

Some advantages of our new summer beginner program are: --like instrument classes as opposed to all types of instruments in one class. (Who on earth would try to teach Texas, American, and world history in one class) --a clear and rested mind. The students are not trying to solve the problems of six or

## Two Ciscoans Jailed In Friday Drug Bust

Two search warrants issued by 91st District Judge Jim

Wright resulted in felony charges being filed against Bobby

Edward Maynard, 34, and Debbie Maynard, 21, both of 402 Avenue I, Cisco. They were being held Saturday night on \$50,000 bond each. They were arraigned at about noon Saturday in Wright's court. They were charged with theft by exercising control over stolen property and possession of an illegal firearm.

Bond was set at \$25,000 on each charge, or \$50,000 on each suspect. They were being held in lieu of bond in Eastland County Jail Saturday night. Kenneth Eaves, on his last day as Cisco Police Chief, his officers and officers from the Texas Department of Public Safety's Narcotics, Auto Theft, Texas Rangers and Highway Patrol divisions seized merchandise valued in excess of \$250,000 on Friday, August 29, including narcotics with a reported street value of \$36,000.

Other items catalogued were 82 guns of various kinds, including at least five pistols reportedly stolen in Taylor County, several vehicles including trailers and automobiles, one identified as stolen.

Officers are "still in the early stages of identifying," Frasier said. Officers said the merchandise was found at two locations, the Cisco residence and at an abandoned house about a mile east of the city in a heavily wooded area, said Frasier.

He said he was not sure how many stolen cars were at the rural location, but guessed four or five. One car stolen in Callahan County he identified, he said.

Eaves initiated the investigation about a year ago, said Frasier, and was primarily responsible for keeping it going. The Eastland County Sheriff's Department assisted in executing the search warrants. Frasier gave much credit to several departments including the DPS motor theft division, Callahan County Sheriff's Department, San Angelo Police Department, Texas Rangers, Eastland County DPS troopers and especially to Eaves and his departing police department (most of whom resigned when Eaves did).

Work has already begun on the project. The Building Committee has contracted with a civil engineer who will be responsible for the foundation work which is needed to correct some flaws. Other contracts have been signed for the exterior work, the stained glass windows and the roof. Soon there will be workers covering the building who will be cleaning, painting and restoring.

Overload pressure relief. When regular school begins about one half the sixth grade will have already covered about six weeks of material. So the other half will be able to have more teacher time. All students in the sixth grade should be in the band. Anyone who failed to come to the summer program should come to band class on the first day of school. Starting now is much better than trying to catch up later. Players who started this new Cisco Band Era in 1980 are: Shelly Smothers, Kathy Choate, Christie Poe, Renee Dillard and Bobbie Wilcoxon on flute. Tracy Edgar, Tanya Smith and April Swiney on clarinet. Farris Pittman, Shelby Nixon, John Brady, Jan Wooley and Kelly Cooper on sax. Wayne Davis, Trace Dunlap, Joe Paul Carter, Belinda Bradford, Melissa Bailey, James Johnson, Chris Cole, Steve Abbott and Robert Rains on trumpet.

Country Club To Have Men's Night

The Lake Cisco Country Club is having a men's night Thursday, Sept. 4th. The affair will get underway at 6:30 p.m. There will be a meal with a meeting and games to follow. All the male country club members and their guests are invited, tickets will be \$5.00 at the door to cover the cost of the meal.

To Sponsor Sale

The United Methodist Women of the First United Methodist Church will sponsor a big rummage sale September 4 and 5 at the church, 405 West 8th Street. The time is 8 a.m. to 5 p.m.

## CHS Loboes To Open '80 Season In Haskell

The Loboes of Cisco High School will open their 1980 football season Friday night when they travel to Haskell to face the 7-AA Indians in a non-district game there.

### Band Boosters Hold Meeting August 26

Response was very good for the first Band Boosters meeting held on Monday, August 26, with thirty present at the high school band hall.

Vice president, Twila Lee, presided as she commended the group on its good attendance and support and proceeded with various items of business. It was pointed out that the Band Booster Association books had been audited complimentary by Ken Parker, member of Smith & Verett. A printed statement was given to members by treasurer, Melanie Kendall, showing the financial changes during the past year.

The group voted on several issues, among them were the following: (1) to sponsor our Lobo Band in the upcoming City Bicentennial Celebration in the spring; (2) to become a member of the TMEA (Texas Music Educator's Assoc.); (3) to purchase Lobo decals for the new hat boxes and to sell extra decals; (4) to purchase a new roaster to be used in the concession; (5) to purchase special Lobo Band printed tee shirts for the high school and junior high bands; (6) to appoint a committee for extra shirts to be ordered for resale; (7) to add hot dogs and chili dogs to our football concession.

Director Wayne White expressed extreme pleasure for the good "turn out" for the meeting. He voiced three reasons people usually come to meetings. They were (1) to voice a complaint; (2) to find out what's happening and (3) to pitch in and be involved. He expressed the hope that everyone's presence

Kick-off time will be at 8 p.m.

District 9-AA to District 10-AA. The Loboes were 4-6 for the year in 1979 and 3-3 in district play.

Friday night's game will be the first of a 10-game schedule which will pit the Loboes against different teams than those they played last year. The Loboes will play non-district games against Haskell, Baird and Goldthwaite, then they will have an open date before beginning district play against Eastland. Other district opponents this year include Early, Dublin, DeLeon, Bangs, Ranger and San Saba.

Head coach Rick Calhoun said the Loboes did not look too well in their first pre-season scrimmage August 22 against Jim Ned High School, but they were much im-

### Order Of The Eastern Star Holds Meeting

The Cisco Chapter No. 461, Order of the Eastern Star, held a meeting August 26, at the Masonic Hall on West 6th Street. There was a total of 27 present. Pro-tems for the evening included Roscoe Leard as the Associate Patron, Geneva Leard as Marshall and Ida Elliott as Ruth.

A Rob-Morris Program was presented following the business of the chapter, by John D. Isenhower, Worthy Patron, and Elizabeth Webb, Worthy Matron. Dr. Rob Morris was recognized as the master builder of the Order of the Eastern Star and one of his many beautiful poems entitled "The Eastern Star" concluded the program.

Hostesses for the evening were Loree Crowll and Mattie Damron. Refreshments following the meeting were enjoyed by all.

proved by their second scrimmage a week later against Wylie (Abilene). He went on to say they have shown considerable improvement in the past week.

Coach Calhoun stated he has seven returning starters on offense and defense this season, and six of those are seniors. There are 22 members on the Varsity squad and around 34 on Junior Varsity.

According to an earlier report by assistant coach Dave Henning, this year's starting lineup should average 200 pounds or better.

The Loboes, according to Coach Calhoun, will be using a slot-set formation this year, with a split-end being used some of the time.

The Haskell Indians beat Quanah last year on penetrations for the right to represent District 7-A. They lost in the second round to Seagraves, which lost in the semifinals.

The 1980 Indians are reported to not be as strong this year as the past two teams and they are reported to have good speed, but not much experienced depth.

The Loboes offensive starting lineup for Friday night's game, according to Coach Calhoun, will probably be as follows:

Quarterback Forrest Starr, running backs James Elrod and Gary Speegle, split end Gary Adams, slot back Blair Boyd, tight end Chuck Cannistraci, left tackle Mike Sherman, left guard Bubba Eaker, center Kory Wallace, right guard Leslie Agnew and right tackle Kenneth Preston.

The Junior Varsity will face Haskell's J.V. Thursday night, 7:30, at Chesley Field in Cisco.

**FOR NOV. ELECTION  
INFORMED VOTING**

**AMENDMENT NO. 5**

House Joint Resolution 86, proposing a constitutional amendment authorizing the legislature to grant budget execution powers to the governor, subject to approval by a budget execution committee.

The proposed amendment would empower the legislature to authorize or direct the governor to exercise fiscal control over the expenditure of appropriated state funds (excluding constitutionally dedicated funds). This power, commonly called "budget execution authority," would exist only to the extent granted by law and would be subject to procedures, conditions, and limitations provided by law. Further, any action of the governor would be subject to approval of a budget execution committee composed of the governor, the lieutenant governor, the speaker of the house, and the chairmen and vice-chairmen of the house appropriations committee and of the senate finance committee.

**BACKGROUND**

Under the constitution and the statutes of Texas, the governor presently has various powers and duties with respect to the preparation, enactment, and execution of the state budget. Article IV, Section 9, of the constitution requires him to account to the legislature for all public funds received and paid out by him, and requires him at the beginning of each regular session to present "estimates of the amount of money required to be raised by taxation for all purposes." Under Article IV, Section 24, all officers in the executive department are required to report semiannually to the governor with respect to all funds received and disbursed by them; the governor is empowered to require an accounting from them at any time; and the governor is authorized to inspect their books and accounts. Much more important, however, is the veto power (Article IV, Section 14). He can veto the entire appropriations bill or any one or more items of appropriation within it. However, he cannot reduce an appropriation for a particular purpose; nor, according to rulings of the courts and of the attorney general, may he veto provisions (riders) that place qualifications, limitations, or conditions on the expenditure of appropriated funds. It has also been ruled that the legislature may not grant the governor prior-approval power over particular ex-

penditures from appropriated funds.

By statute (Article 689a-1 et seq., Vernon's Texas Civil Statutes), the governor is "the chief budget officer of the State." He is responsible for compilation and submission of a proposed state budget to the legislature every two years. Customarily, however, the legislature works from a budget recommended by one of its own agencies, the Legislative Budget Board.

These powers under the current constitution and laws, while substantial, fall far short of the power of control over spending of appropriated state funds. This power, if granted, might include:

- Power to order that all or part of the funds appropriated to an agency for one purpose be spent for another authorized purpose;
- Power to order an agency to limit total expenditures to a specified amount or to limit expenditures for one or more specific programs;
- Power to order that all or part of the funds appropriated for a particular purpose be expended for that purpose; and
- Power to take funds appropriated to one agency and transfer them to another agency.

Under the proposed constitutional amendment, the legislature could grant some or all of the above powers to the governor. Any specific exercise of these powers would be subject to approval of the budget execution committee.

It is noted that budget execution authority was recommended by the Constitutional Revision Commission in 1973, by the legislature in its proposed constitutional revision in 1975, and by the Joint Advisory Committee on Government Operations (the Hobby Commission) in 1977.

**ARGUMENTS**

**FOR:**  
1. With no central direction or control, the State of Texas spends over \$10 billion a year of the taxpayers' money. The time has come to put someone in charge, and this amendment provides a good way to do so.

2. The amendment would be a long-range solution to the spiraling cost of state government by enabling the governor to cut unnecessary spending and to bring increased efficiency and effectiveness to programs for which money is needed.

3. Although appropriation of funds is a legislative function, budget execution is properly an executive function that should be in the hands of the chief executive, who is elected by the people, rather than largely in the hands of numerous appointees who spend billions of dollars a year without having to answer to the people.

4. As chief executive, the governor has a unique vantage point from which to study and improve the cost-effectiveness of government operations. This perspective should be fully utilized to the advantage of the taxpayers of the state.

5. Without meaningful budget execution powers, the chief executive is deprived of one of the essential tools of executive leadership—control of state

**spending.**  
**AGAINST:**

1. Under our present system, which has been in effect for more than 100 years, state spending has been kept under reasonable control while our citizens' tax burden has continued to be among the lowest in the country. Additional controls on spending are much less needed in Texas than in most other states.

2. With the item veto, the governor already has an enormous amount of power over state spending. Under the proposed amendment, he and the budget execution committee would have a "continuing veto."

3. Both the legislature and the governor already have—and use—adequate means for checking on how state agencies spend their money and for calling to account those who are responsible for executing agency budgets.

4. Under the amendment, every attempt of the governor to exercise fiscal control will be subject to approval of a committee composed of the very legislative leadership that steered passage of the appropriations bill. This committee is likely to thwart any substantial tampering with its own work.

**ASCS NEWS**

**ABANDONED OR BAILED PEANUTS** One of the provisions of the current peanut program that has been discussed only to a limited extent is peanuts that are abandoned or baled. This matter seems to be becoming increasingly more important and has a direct bearing on the amount of quota pounds eligible to be carried forward or to transfer from a farm. Regulations provide that once peanuts are dug, they become quota peanuts and there must be an accounting of the production.

So, what does a peanut producer do if he decides to abandon or bale peanuts? First, he needs to visit the county office and file an application for disaster credit on Form ASCS 574. Second, if the peanuts are going to be baled, arrange for an appraisal of the potential production prior to the time the peanuts are baled. Failure to follow these procedures could cause a loss of the current year quota pounds that might be otherwise eligible to be transferred from the farm or carried forward.

**COMMODITY LOAN RATES** The 1980 county loan rates are: Wheat-\$3.05 per bushel, Oats-\$1.31 per bushel, Corn-\$2.41 per bushel, Rye-\$1.97 per bushel, Grain Sorghum-\$3.93 per CWT, Barley-\$1.85 per bushel, Cotton-48.4 cents per pound. Anyone interested in the loan, purchase or reserve program on these crops should contact the office. (Interest rate on commodity loan - 11.5%)

**RETIRED TEACHERS TO MEET**

**Art Display**

Wanda Pack of Stephenville will present a "One Man Show" at the conference room of the Eastland Chamber of Commerce during the month of September, 1980.

She grew up on her fathers farm Mr. L. D. Pittman in the Greens Creek Community, near Dublin where she attended and graduated from Dublin High School. While in school she served on the Annual Staff as art editor. Wanda is the wife of Carroll Pack, a dairyman and the mother to three sons, John, Stephen, and Scott. She also has two grand children that she is very proud of. Art has been Wanda's hobby since childhood. Although most of her paintings are done in oils she also enjoys watercolors. Her subjects range from old scenes, portraits, and wildlife. Her first teacher was Nona Wright, who inspired in her a love for fine art and stressed the fundamentals.

In later years Wanda had the opportunity to study under several well known artist using different medias and styles. Among those are, Bobbett Florey, Carole Sudderth, George Kovach, Raymond Froman, Warren Cullar, and John Birdsong. Some of her projects have been unusual. She had the privilege to paint the baptistry scene for the Green Creek Baptist Church, where she and her family attend. Wanda researched and did sketches of the old church for the book, "History of Greens Creek Baptist Church." Her most unusual project has been a twelve foot painting done for the Cheese Festival, of a cow and barn, which was held in Stephenville.

Wanda has won numerous ribbons and awards, Best of Show, Second Best of Show and many other places on her works such as, "Church 1929," "Indian Girl," "White Hydrangea, Little Lamb, Brown Jug, and Greens Creek Baptist Church in the area art exhibits.

We extend a special invitation to her friends and to the public to come by and view this collections of Wanda's while on display.

# Cisco Hospital Sponsors Book Fair September 5th

Are you ready for that rainy day that's coming? (Soon, we hope.) Only re-runs on TV and nothing to do! Are you prepared for those cold dreary winter days that are just ahead? Come to the BOOK FAIR - buy a supply of books at greatly reduced rates - books to keep you occupied those rainy nights and dreary days.

The E.L. Graham Hospital Auxiliary is sponsoring this BOOK FAIR as their only fund raising project for the year. The proceeds from this project will

help the hospital extend the parking lot. Won't you help with this project by buying a book or donating a book for someone else to purchase?

Not only will books be on sale at the BOOK FAIR, but also arts and crafts made by members of the auxiliary will be on sale.

And there will also be baked goods to be bought by the piece or a whole cake if you find your favorite.

Mary Austin, the general chairman for the BOOK FAIR, would like to see many of you on September

5th from 9:00 a.m. to 5:00 p.m. in the lobby of the Laguna Hotel. Come by and support this worthwhile project sponsored by the Hospital Auxiliary.

A man had slipped. It was not a deliberate sin, but a slip as might come to a person on any icy road or a dangerous mountain path.

Some of his associates were discussing him. One urged swift punishment, not a prayer, or pardon, or a helping hand. "After all," he shouted, "God has given us eyes."

"Yes," admitted another kindly, "but He has also given us eyelids."

There is an element of hardness in many people. They are good, but not gentle; straight, but not sympathetic. You could not go to them and sob out your

confession of defeat and failure. They would be unsympathetic.

But when one does make a mistake and slips, it is our duty to get him on his feet again. And it would do well to remember, "There but for the grace of God go I."

We should be more concerned about a cure for that one, not chastisement. True love would accomplish more than a tongue lashing.

When someone does slip, let us lovingly and humbly help him up and back onto the right path, remembering the next time it might be one of us who is in the wrong.

## Lights From The Christian World

By Josephine Cleveland

The story is told of a grandfather who took his small granddaughter to the beach one bright, sunny day. The small girl said, "Let's make an ocean in the sand." The grandfather smiled at the idea but playfully nodded his head.

They began to dig a hole in the sand several feet wide and a foot deep.

It wasn't long before they noticed the ocean tide was coming in and the waves were flapping near them.

Soon a wave poured ocean water into their small hole.

"See, we have an ocean now, too," his granddaughter said delightedly.

Thoughtfully he nodded at his grandchild as he reflected, "Yes, this pond has the fullness of the ocean."

Beloved, how like Jesus' love for us. His love is as boundless as the ocean. The ocean water which poured into their small hole was only a part of the whole of the

## Putnam News

By Mrs. R.B. Taylor

We did have a shower at Putnam one night this past week. Much thunder and lightning. Only rained one tenth of an inch and the sun dried it all up in an hour or so, but it was so good to hear, and made us feel that it can rain in West Texas and just hope and pray that it won't be long until it will rain all night instead of just a few minutes.

This reporter attended the Callahan County Old Settlers Reunion at Cross Plains Park today. It was a delightful day. Saw lots of old friends and believe it or not it was very pleasant in the Park. The numerous oak trees made a dense shade. One hundred and seventy-five registered who had been in the County over 50 years. There were approximately 500 in attendance. We especially want to thank Jim
