

## Family Film Series To Be Shown At High School

A new film series featuring family expert James C. Dobson, Ph.D., will be shown at the Cisco High School Auditorium on every Tuesday, September 15 through October 27 at 7:00 p.m. Entitled "Focus on the Family," the series presents seven of Dobson's most popular presentations, all of which were filmed at family life seminars. Titles of the films and dates to be shown are:

"The Strong-Willed Child"—September 15  
"Shaping the Will Without Breaking the

Spirit"—September 22  
"Christian Fathering"—September 29  
"Preparing for Adolescence"—Part I: The Origins of Self-Doubt—October 6; Part II: Peer Pressure and Sexuality—October 13.

"What Wives Wish Their Husbands Knew About Women"—Part I: The Lonely Housewife—October 20; Part II: Money, Sex and Children—October 27.

This program is free of charge and open to the public with free child care available.

## Loboes Drop Season Opener To Haskell Indians 19 to 6

The Cisco Loboes dropped their season opener to the Haskell Indians by the score of 19 to 6 here Friday night.

A field-soaking rain prior to Friday night's game seemed to make the football extra slippery and both teams fumbled numerous times. Each team lost five of nine fumbles.

Although neither team got any points on the scoreboard during the first half of the game, the Loboes made at least one actual threat while Haskell made two.

Haskell's first threat followed a 33-yard drive from Cisco's 41-yard line to the eight. On a fourth down and seven yards to go, Haskell's Joe Benavides tried an unsuccessful field goal.

Cisco's attempt at a score was sparked by Lobo Bubba Eaker recovering an Indian fumble at the Haskell 40-yard line. On the first play, Cisco quarterback Randall Rattan made six yards and seemed to hurt his hand. Back-up quarterback Doug Hendricks took over the Lobo helm and made four yards on the next play for a Cisco first down. A handoff from Hendricks to Gary Speegle netted two more yards placing the ball on Haskell's 28-yard line. On the next play, a second down with eight yards to go, QB Hendricks was hit hard before he could get rid of the ball and fumbled. Haskell's Lonnie Hise recovered the ball on the Indians' 32-yard line killing Cisco's threat.

Haskell's Lonnie Hise recovered another Cisco fumble late in the first half at Cisco's 41-yard line. Indian quarterback Albert Sherman connected with a pass to Joe Ortiz for the first down putting the ball on Cisco's 26-yard line. Indian Benavides picked up one yard on a handoff from Haskell QB Sherman. On the next play, Cisco's Rattan picked off a Haskell pass at the Loboes two yard line for the last play of the first half.

Haskell's Curtis Forehand received the second half kick-off at the Indians 20-yard line and ran it back to the 30 before being tackled. Three plays later Cisco recovered a Haskell fumble at the Indians 34-yard line.

Cisco drove to Haskell's nine-yard line in four plays with yardage made on passes from QB Rattan to Jason Potter and Larry Adams. Nine yards from the goal line, Cisco fumbled and Haskell recovered the ball.

The Indians fumbled the ball on their first play and Cisco recovered at the 15-yard line to set up the first scoring drive of the game.

A ten-yard run by Potter moved the ball to Haskell's five-yard line where a handoff to Speegle netted the touchdown. A Lobo try for two extra points resulted in an incomplete pass, making the score 6 to 0 with 9:16 left in the third quarter.

Early in the fourth quarter, Cisco recovered a fumble to stop a Haskell drive at Cisco's ten-yard line. Cisco then fumbled the ball on their first play and Haskell recovered at the 14.

Haskell QB Sherman kept the ball for two plays gaining six yards. A handoff to Benavides got the first down four yards from the goal line. On the next handoff, this time to Jonnie Hise, Haskell scored its first touchdown. The extra point kick by Benavides was blocked, tying the score 6 to 6 with 8:23

left in the fourth quarter.

The Loboes received the ball and started their drive on Cisco's 38-yard line. A handoff to Potter gained one yard and the next play, a pass, was intercepted by Haskell's James Davis at the Loboes 38-yard line.

Six plays later, Haskell's Benavides took the ball in from two yards out to widen the Indians lead. Jonnie Hise helped move the ball during the drive since he picked up 34 yards in four carries. The extra point kick by Haskell's Mark Bailey was good making the score 13 to 6 with 5:12 left in the game.

Cisco took the kick but was unable to gain a first down in four plays and was on Cisco's 37-yard line. Cisco's Rattan fumbled the ball on the punt play and Haskell recovered on Cisco's 25-yard line.

Handoffs to Haskell's Jonnie Hise and Benavides gained two first downs in seven plays and put the ball one yard from Cisco's goal line. Indian Benavides took the next handoff in for the touchdown. The extra point kick by Bailey was good making the final score 19 to 6 with 12 seconds left in the game.

Outstanding defensive players for the Cisco Loboes were Brian Fleming, Gary Speegle, Manuel Marquez, Shane Posey, Joey Worley, Tommy Thackerson, Blair Boyd, Danny Garcia, Jason Potter, Larry Adams, Bubba Eaker, Brad Hawari and Bud Wood.

Standouts on the Haskell Indians defense were Curtis Forehand, Joe Benavides, Joe Ortiz, Paul Barnett, Lonnie Hise, James Davis, Jonnie Hise, Jay Druesdow, Joseph Tolliver, Jim Roberts and David Wheatley.

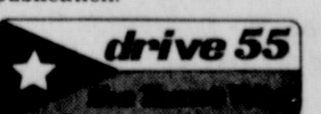

STATISTICS

### Michael Puryear Selected to 1981 Outstanding Men

Michael Pope Puryear, son of Mr. and Mrs. Jim Puryear, has been selected for inclusion in the 1981 edition of Outstanding Young Men of America. He was selected from nominations received from Senators, Congressmen, Governors, Mayors, State Legislators, University and College Presidents and Deans as well as various civic groups, including the United States Jaycees which also endorses the Outstanding Young Men of America program.

In every community there are young men working diligently to make their cities, as well as their country, better places in which to live. These men, having distinguished themselves in one or more fields of endeavor, are outstanding and deserve to be recognized for their achievements. The criteria for selection include a man's voluntary service to community, professional leadership, academic achievement, business advancement, cultural accomplishments and civic and political participation.

Puryear, along with fellow Outstanding Young Men throughout North America, will be featured in this prestigious annual awards publication.

## Jr. High And J.V. Teams To Play Here

Cisco Junior-Senior High School's seventh, eighth and Junior Varsity teams will be playing against Baird teams in Cisco Thursday.

Seventh grade teams will start playing at 5:00 p.m., the eighth at 6:00 p.m. and the Junior Varsity at 7:30 p.m.

## High School Loboes To Play Friday In Baird

The Loboes of Cisco High School will take to the road this week and play the Baird Bears on their home field. Kick-off will be at 8 p.m. in Baird.

The Loboes lost their season opener last Friday to Haskell at Chesley Field in Cisco. Their next home game will be October 9 when they face Early.

Baird's Bears are coming off a big win against Cross Plains last Friday. They won 34 to 6.

Cisco Coach Jim Puryear said Baird ran seven offensive plays against Cross Plains and scored three touchdowns, then they slowed up their offense. According to Coach Puryear, Cisco scouts report Baird is

quicker and tougher than Haskell, so a hard game is expected.

About last Friday's game against Haskell, Coach Puryear said, "We did not play well. We hope to correct some mistakes and play better against Baird."

He also said the Loboes are all well and Mark Humphries, who broke his ankle before school started, got the cast off his foot Saturday. Coach Puryear said it will be several weeks before he will play.

The lineup for this week's game will be about the same as last week's, with different combinations of players before District play begins October 2nd against Eastland.

This year's roster includes: Randall Rattan, offensive quarterback and defensive secondary; Danny Garcia, offensive wideout, defensive secondary; Doug Hendricks, offensive quarterback, defensive secondary; Mike Gallegos, offensive end, defensive lineman; Blair Boyd, offensive end, defensive linebacker; Jason Potter, offensive quail, defensive secondary; Shane Posey, offensive fullback, defensive secondary; Gary Speegle, offensive fullback, defensive linebacker; Larry Adams, offensive wideout, defensive secondary; Bud Wood, offensive center, defensive lineman; Brad Hawari, offensive lineman, defensive lineman; Mark Humphries, offensive lineman, defensive lineman; Mark Petree, offensive lineman, defensive linebacker; Kenneth Preston, offensive lineman, defensive lineman; Tommy Thackerson, offensive center, defensive secondary; Terry Owings, offensive lineman, defensive lineman; Sean Manire, offensive lineman, defensive lineman; Bubba Eaker, offensive lineman, defensive lineman; Manual Marquez, offensive lineman, defensive lineman and Joey Worley, offensive and defensive lineman.

Coaches are Jim Puryear, Clyde Evatt, Tom Slagle, Danny Kent and Ron Mouser.

Auto Damaged in Friday Accident

Charlie Lefores, 22, of Cisco, suffered cuts and bruises and his automobile was damaged extensively when it struck a large sign post at Allsup's convenience store on West 8th Street Monday. Lefores was treated at E.L. Graham Memorial Hospital and released.

Acting Police Chief Larry Jernigan said investigating officers reported that Lefores told them his brakes failed as he turned into the store parking lot and he was unable to avoid hitting the pole. Police said the pole would have to be replaced.

Appointed officers for the new year are Diane Carlile, ways and means committee; Carla Arnold, health committee; Katie Baird and Arlene Thompson, telephone committee; Cheryl Wilkerson, community service committee; and Judy Callarman, publicity.

As its first activity of the year, the P-TO held a coffee to show appreciation for all the Cisco teachers. The event took place in the high school cafeteria Monday, August 24.

Decorations of bright red apples carried out the "Back to School" theme. Philpott the Florist donated an arrangement of white daisies, which were given to Mrs. Martha Davis, school secretary, after the coffee.

P-TO officers served refreshments of homemade sweet rolls, melon balls, cantaloupe balls and coffee.

## CJC Wranglers Romp Past Abilene's McMurry J.V. 23-7

By Bill Roberts

The Cisco Junior College Wranglers prepared for Thursday's 7:30 p.m. meeting with the Southern Methodist University Mustang Varsity last Saturday with a 23-7 victory over the McMurry College JV.

Coach Bill Anderson and his assistants used balanced running and passing attacks to offset one long scoring bomb by the Indians to post the victory in the season opener for both teams.

Anderson and his staff will be hard pressed to come up with a knowledgeable game plan for the Mustangs, since they are a little known quantity. The SMU varsity posted a solid 48-0 victory over the University of Texas at Arlington Saturday, and it is well known that most junior varsities follow the same game plan of the varsity.

"They will probably run the slot-I like the varsity," says Anderson, but he hastens to add, "when you're playing them, or anybody else for that matter, you've got to be prepared for anything."

The Wrangler boss, beginning his fourth year at the helm, watched his squad from his usual perch in the top section of the press box at Chesley Field Saturday, and was pretty well satisfied with the effort—in most cases at least.

"I thought we'd catch the ball better than we did and our backs were not reacting like I wish they would. We were running a little tight. We did drop some passes and our passer wasn't as sharp as we'd like. We looked like you'd expect us to look the first game."

Efforts by tailbacks Billy Richardson and Keith Pantallion helped keep the offense rolling throughout the game, as did starting tailback Mark Neville, who left the game early with a bruised collar bone.

Richardson finished the game as the leading rusher, averaging 8.6 yards a carry with 69 yards on eight car-

ries. Pantallion, who scored two of the Wrangler's three touchdowns, finished the night with 37 yards on five carries for a 7.4 average.

CJC used three quarterbacks in the victory, with sophomore John Farris having the best night passing. The South Garland graduate completed 12 of 25 passes for 128 yards. Paul Williams, Richard Davis and Johnny Yglecias each completed one pass. Yglecias suffered the only interception of the evening.

Overall, the Wranglers rolled up 383 yards in total offense while holding the Indians to 108-38 yards on the ground and 70 yards in the air. The Wranglers, who finished as the No. 4 passing offense in the nation last year among junior colleges, had 180 yards passing and 203 on the ground.

Sophomore Matt Ligon finished the game as the leading receiver with three receptions for 32 yards. Richardson pulled down two for 25 yards and Barrette Douglas two for 24 yards.

McMurry got the ball first but was unable to gain more than four yards against the Wrangler defense. CJC took over at its own 38 and marched to paydirt in only eight plays. Five and 15-yard runs by Neville and a 24-yard scamper by Richardson set the Wranglers up at the Indians 13. Sidney Harper put CJC on the scoreboard with a three-yard run with 10 minutes left in the opening quarter.

That's the way the game remained until the third quarter, but the remainder of the first half was not without excitement. Trying to field an Indian punt late in the first quarter, a Wrangler receiver couldn't hang onto the ball and an alert Don Linberry fell on it for the Indians, setting McMurry up at the CJC 35. This drive stalled on a fourth and five try when Ron King was stopped after only a yard. Then, after the next Wrangler series, Wrangler Tony Brooks stepped under a Todd

Collins pass and picked it off to stop yet another Indian drive.

Later in the second quarter, with the Indians buried deep in their own territory, Jeff Osborne got a hand on a Collins punt and Wrangler Bryan Reese scooped it up and raced the 14 yards untouched into the end zone. However, an illegal motion penalty against the Wranglers erased that six-pointer.

On their second possession of the second half, the Wranglers finally got a drive going and marched 54 yards in nine plays with Pantallion going the final yard. The touchdown was set up by runs of 11 yards by Neville and nine yards by Farris and a 12-yard pass from Farris to Ligon. Kiomars "Fred" Rezaie booted his second extra point for a 14-0 Wrangler lead with 6:11 left in the third quarter.

A three-play, 35-yard drive at the beginning of the fourth quarter pushed the Wrangler lead to 21-0. Farris again hit Ligon for a 13-yard pass to move the ball to the Indian 22 and then executed a perfect roll-out option play to Pantallion, who took the ball and raced to the goalline with 13:59 showing on the clock.

Rezaie, a freshman from Sulphur Springs, had three perfect extra point kicks for the night—and one field goal try. Playing his first year of football, "Fred," as most of the CJC students and faculty call him, was a bit disappointed at a bobbed field goal try in the second quarter. It would have been a 34-yarder had he gotten it off, but the holder couldn't handle it. Observers say "Fred" has hit from 50 yards out in practice.

The Indians finally got on the scoreboard with 8:06 left in the game—and it took only one play. Following a 34-yard punt by Wrangler Lloyd Voight, the Indians set up at their own 38 and quarterback Todd Mund lofted one to wingback Mike Alexander, who gathered it in at the CJC 22, beating two

Wrangler defenders, and raced to the end zone. Chip Matthews then cut the lead to 21-7 with his PAT boot.

The scoring wasn't over, however. The Wranglers had backed the Indians up to their own four, and with fourth and seven, David Coffey waited for the snap just inside his own end line. The snap was bobbed, and seeing no chance at all for a kick, Coffey simply stood alone in the end zone and waited to be touched by a Wrangler. The safety provided the 23-7 winning margin for the Wranglers.

Anderson had praise for Voight, who handled the punting chores, but felt the specialty teams need work. "Our kick fielding was the most disappointing part of our game. We thought our coverage would be bad—and it was. We lost two fumbles on punts. I'd like to find somebody that could do it all the time (return punts)," he added.

Obviously, that will be one phase of the game which will command some attention as the Wranglers prepare for the Mustangs. Most coaches in small colleges feel that teams with a lot of scholarships to offer have a little more talent, and the Wranglers will have a tougher group of that type of team to play this year. Following the game with SMU, CJC will play the Texas Tech JV (Sept. 17), Ranger Junior College (Sept. 26), UT-Arlington (Oct. 1), West Texas State JV (Oct. 8), TCU JV (Oct. 16), Fort Hood (Oct. 22), New Mexico Military Institute (Oct. 31), and last year's No. 1 junior college team, Northeastern Oklahoma A&M (Nov. 7).

It was the NEO squad which handed the Wranglers their only loss in an 8-1 season in 1980.

## CofC Quarterly Breakfast Sept. 16

Chamber of Commerce Quarterly Membership Breakfast Set for Sept. 16

The regular Chamber of Commerce membership breakfast will be held September 16. Everyone is invited to attend these "get together" fellowship meetings. A \$75.00 member attendance prize will be awarded. Must be there to win. The breakfast is \$3.50 and reservations may be made by calling the Chamber office at 442-2537.

So plan to be at the Colony Restaurant at 7:00 a.m. September 16.

## Cisco P-TO To Hold Board Meeting Thursday

The Cisco P-TO will hold an executive board meeting Thursday morning, September 10, at 9:30 o'clock at the Chamber of Commerce office.

All officers and room mothers are urged to attend. Main topics of discussion for the meeting will be the September 21-25 membership drive and Halloween parties.

## Country And Western Musical Set In Cisco

The country and western musical will be in Cisco Saturday, September 12, at 7:00 p.m. in the Corral Room, Avenue D.

The public is extended an invitation to attend.

## P-TO Officers Installed At Close of Year

P-TO officers for the 1981-82 school year were elected and installed at the close of the last school year. The new officers are as follows: Betty McGinness, president; Joy Worley, first vice president; Paula Elliott, second vice president; Doris Lundstrom, secretary; Kay Roark, treasurer; Jerry Choate, parliamentarian.

As its first activity of the year, the P-TO held a coffee to show appreciation for all the Cisco teachers. The event took place in the high school cafeteria Monday, August 24.

Decorations of bright red apples carried out the "Back to School" theme. Philpott the Florist donated an arrangement of white daisies, which were given to Mrs. Martha Davis, school secretary, after the coffee.

P-TO officers served refreshments of homemade sweet rolls, melon balls, cantaloupe balls and coffee.

# OILFIELD DISPATCH

Thursday, September 10, 1981

## The United States Has Reserve Oil In Storage

In order not to get caught in another severe oil shortage similar to the once faced by the United States following the 1973-74 Arab oil embargo, the federal government established a Strategic Petroleum Reserve (SPR) in 1975.

Congress authorized a 500-million-barrels storage program using five underground salt domes located along the Texas-Louisiana Gulf Coast which is being filled at an average

rate of 325,000 barrels of crude daily, according to the American Petroleum Institute in Washington, D.C.

The program, which was increased from the original 400 million barrels to 1 billion barrels, call for half the total to be in storage by Dec. 22. As of Aug. 3, 173.1 million barrels had been stored in the five locations which includes: Bryan Mound, Texas - 63.1 million barrels; Bayou Choctaw, La. - 35.5 million barrels; W. Hackberry, La. - 41.7 million barrels; Sulphur Mines, La. - .6 million barrels; and Weeks Island, La. - 32.2 million barrels.

The cost of the original 500-barrels program was estimated at about \$8 billion and the final, 1-billion barrel program, \$20 billion. The price tag on developing the storage facilities was \$875.9 million and the purchase of the 173.1 million barrels stored to date, \$3.6 billion.

The biggest source of the oil stored now was the North Sea (England) with 53.7

million barrels followed by: Mexico, 34.6 million barrels; Libya, 23.5; Iran, 18.2; and Alaska, 16.4. Nigeria, Saudi Arabia, Ecuador, Algeria, Dubai, Egypt, Norway and Venezuela each shipped amounts less than 10 percent for the SPR.

From 1977 through early 1979 delays were encountered in the program because the storage sites were not completed. A second delay, which halted the delivery of oil to the sites until September 1980, was caused by: federal budget consideration; a "tight" crude oil market in 1979 brought about partially because of the halt in Iranian oil shipments; an agreement at the Tokyo Economic Summit, which included the United States, not to place undue pressure on world oil prices by purchasing oil for strategic stockpiles; and attitude among some of the oil-supplying nations.

## Eastland County Oil News Report

New Tests Eastland Taylor Operating Co., Bridgeport, filed applications to drill three wildcats in the Sipe Springs (Marble Falls) Field in Eastland County.

No. 1 Clark-Eek is located four miles northwest of Sipe Springs on a 320-acre lease.

Drillsite is 800 feet from the north and 2,600 feet from the west lines of T&NO Survey, A-951.

Permit depth applied for is 3,300 feet.

The other two tests are slated for 3,200 feet.

No. 1 Bessie McCoillum is located on a 160-acre lease five miles south and 700 feet from the east lines of Daniel H. McFammin Survey, A-370.

Location for No. 1

Stevens is three miles southeast of Rising Star on a 160-acre lease.

Drillsite is 500 feet from the north and 2,350 feet from the west lines of Section 30, BBB&C Survey.

Parker Operating Co. Inc., Fort Worth spotted two locations one-half mile south of Scranton in the Scranton Field.

## 1 Arrested In Untaxed Diesel Smuggling

AUSTIN—Efforts to halt the smuggling of untaxed diesel fuel along the Texas-Mexico border Friday resulted in the arrest of a 58-year-old Laredo man, according to State Comptroller Bob Bullock.

Bullock's investigation showed an estimated 100 million gallons of untaxed fuel was coming into Texas from Mexico each year.

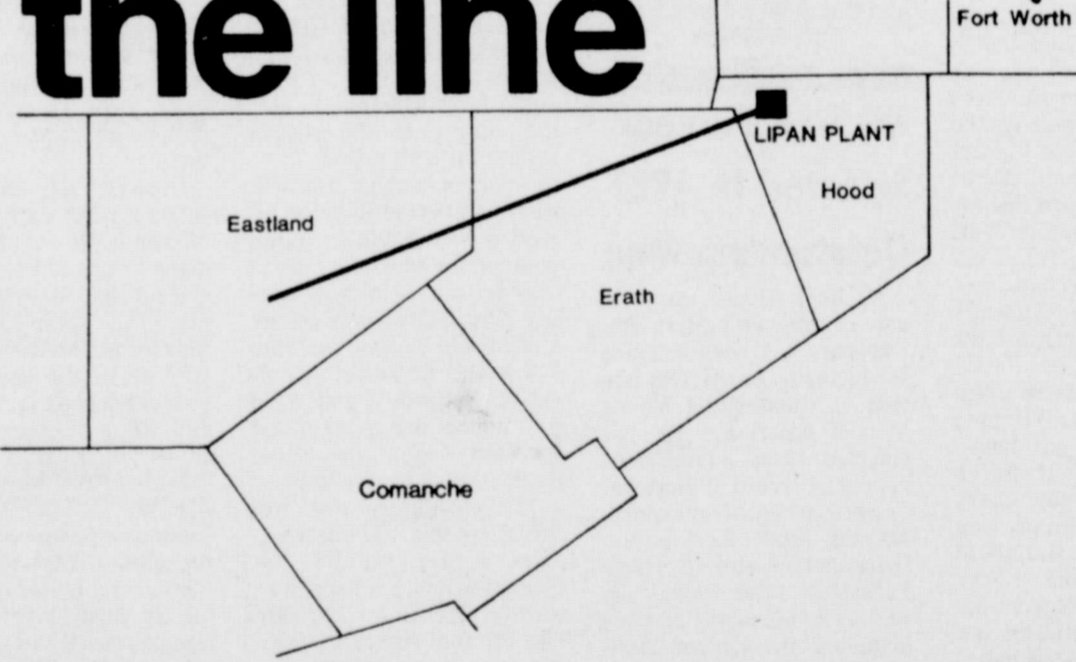

"I intend to put the contraband fuel business out-of-business because these smugglers are stealing from the taxpayers in this state," Bullock said.

Texas taxes diesel fuel at six and a half cents a gallon with the revenue going to highway and state education funds.

Inexpensive diesel fuel in Mexico sometimes as low as 17 cents a gallon helped create the black market for fuel in Texas.

Texas routinely collects taxes on more than a billion gallons of diesel fuel a year sold by legitimate dealers.

# If you've got the gas... We've got the line

Northern Gas Products Company is constructing a low pressure gathering system and 50-mile pipeline to transport gas from a large portion of north central Texas to its processing plant in Hood County. The new pipeline, which originates in southern Eastland County, will be in service by early fall.

Northern Gas Products Company also provides a full range of gas liquids services from transportation to marketing. We can handle all of your gas processing needs.

We're a part of InterNorth, Inc., a \$3 billion, energy-based company involved in natural gas, liquid fuels, petrochemicals, oil and gas exploration and coal. We've been in the gas processing business for over 20 years and we operate six gas processing plants in Texas alone.

Call us collect to find out more about what we can do for you. Our Regional Manager is John Hon and he can be reached at 713-940-5264. Or, call Larry Eledge, Director of Gas Liquids Acquisitions, at 713-940-5356.

## YOUR LOW-VOLUME GAS CAN MAKE YOU MONEY

A cost-efficient *Eliminator 1* gas compressor can make your low volume wells profitable by economically compressing your gas volumes from as low as 20 mcf up to 300 mcf.

And just as importantly, the electrically powered *Eliminator 1* lets you sell 100% of your valuable gas, and you have minimum downtime with the automatic on and off feature.

Let Greenbriar Energy show you how to make your low-volume gas operations more profitable.

# SIXTY THREE YEARS — THOUSANDS OF HAIRCUTS

By Viola M. Payne  
Even now a stray customer who hasn't learned of the retirement of Cisco barber T.E. (Red) Owens will come by the shop in Eight Street (just west of Ave. D) hoping for one of Owens good \$2.00 haircuts. The customer is disappointed and a bit shocked when he finds the shop closed. For, after a person has barbered in the same town for 63 years, his shop becomes a fixture of the place - something no one wants to give up.

"Yes, I began my barber work here in 1918, during World War I," Owens says, over at his home on the east side of Cisco. "I closed up my shop for the last time on July 28th. I wouldn't have stopped then, but my eyesight was beginning to fail. I couldn't be sure, on the close work, that I was doing the kind of job I wanted for my customers."

Other than this trouble with his vision, Owens - almost 83 yrs. old, feels great. He walked 36 blocks the other day, and has remarkable strength for his years. He would like to get on with his woodworking

Mr. Owens with a customer

hobby, for he builds fine gun racks, tables, and other things.

"But you need good eyesight to work at that too," he notes.

Just before Owens closed his Barber Shop, he also signed off on a remarkable interest he had followed

since Jan., 1946 - that of recording the details of Cisco weather morning and evening. These records, which were made with sophisticated equipment, are carefully tabulated on pages of lined paper stapled together in proper order. Data is readily available for any interested person. Apparently no other such local record exists.

"I really enjoyed working with this," Owens says in his clear voice. "I got to where, after studying the charts, I could pretty near forecast the weather."

His weather forecasting, like his barbering and some other things in his life, had to be mostly self-taught. He did, however, take some voice training at Randolph College. He also studied Voice Culture by correspondence from a music school in Chicago - and said it helped him do a better job of leading out with the singing at the Church of Christ. He doesn't sing so much in public anymore, he mentions.

"Too many young people coming on with good, trained voices."

Owens was a Deacon in the Church of Christ for more than 20 years. He also assisted in the Sunday School and with the work of Treasurer.

T.E. Owens was born to Zach and Florida Owens in Cherokee County, Georgia, on the 24th of Sept., 1898. He was the youngest of four children, and his father was a farmer. Both his Mother and Father were Irish.

Like many people of that time, the Owens family heard of Eastland County through relatives, and hoped to better themselves here. They arrived in Eastland by train right after Christmas in 1898, and went to the home of an Uncle Jake Rhyne near Carbon. Soon Zach Owens rented land near Sipes Springs and Okra, and then in a community near Flatwood.

Little red haired T.E. spent his early years on these farms, where cotton, maize, and corn were grown. Then, when he was only ten years old, his father died of pneumonia.

The oldest son tried to make a living for the family, but it was not easy. They lived on several places south of Cisco, and T.E. had no chance to attend High School. In 1913 the family moved into Cisco, and by then he had to get the best jobs he could find.

This included work for the City, at the Oil Mill, and for the T.P. Railroad. But Owens was interested in barbering, and found plenty of people to practice on. Soon he found that his cutting and styling was quite acceptable, although he had not attended any of the Barber Colleges of that day.

In 1918 a man named John Swindle asked T.E. to help him in a Barber Shop. Even with haircuts at .15 cents and shaves at 10 cents T.E. found that his skill paid more than other types of work he could do.

Soon afterward Swindle sold out and moved to California, but T.E. began working for other Barbers. And during this first year of barbering he married a local girl named Lena Hall.

The Santa Claus Bank Robbery, in Dec. 1927, was an unforgettable experience for T.E. Owens. For it just happened that he was walking near the front of the Cisco Bank when the shooting started! At first he thought the noise was only firecrackers, for there were no restrictions against fireworks in those days. But he soon learned differently, when he saw a wounded man fall and the get-away car speed off.

This violent episode was

not typical of Cisco in the 1920's - generally the town was a pleasant place to live. But then the first part of the Depression, in 1929, hit T.E. with a hard blow. For he had a home all paid for, out on 21st Street a - good place for his wife and children - when the City voted to put a sewer line behind his home. He didn't have the extra cash to pay for it, so he had to mortgage the home. When the crash came, he didn't have the money to meet his payments, and his house was foreclosed.

In 1935 his wife died, leaving him with four children - ages 10 to 3 - to care for. This was a very difficult time, for he needed to continue with his barber work in order to support the family. With the help of friends and relatives he managed to see that the children were cared for.

During the Depression the Barber Shops Owens was working for almost had to go

on a barter system, where haircuts were exchanged for food and other necessities.

In 1939 Owens married a widow whose maiden name had been Ruby Ezzell. This young woman had a daughter, Coleen, with almost the same name as one of T.E.'s daughters. Coleen is now Coleen Strawn of Cisco.

Three of T.E. Owens children are still living - Colleen Owens Green of Eastland, Tommie Owens of San Leandro, Calif., and Dorothy Owens Myers of Abilene. Robert Owens died about ten years ago. There are seven grandchildren in the family, and several great-grandchildren.

After working for several Barbers over the years, including Roy Wilson for 19 years, T.E. bought his own shop in the late 1940's. He moved to the present location about 30 years ago, and kept very busy all that time.

He has, as he says "Cut people's hair from almost everywhere - thousands of them." And during his years of barbering he has watched styles rotate around, and often come back again. He started out using scissors and a comb, and leaving the hair bushy in the back. Then hand clippers came in, and finally electric clippers. There were the short pomps and long pomps, and finally the military-type cuts of the '40's and '50's. The Beetles, Owens says, brought in the long hair. Now the styles have settled into shaped cuts.

In the 1920's before Beauty Shops arrived, women came to Owens for their haircuts.

"I've seen the girls come in with long hair, and sit and cry when I cut it off," he chuckles. "There really isn't as much change in the cutting of women's hair as people think. I did razor cuts long ago, and Raggedy Anns.

(Layered cuts). Then there was the Sweetheart Bob - short, and pointed in the back. And I used to cut children's hair - we called it a Buster Brown style, with bangs."

On prices, Owens inched them up over the years, from the low of .15 cents, until he finally reached \$1.00. By the early 1970's he began to charge \$1.50 and finally went to \$2.00, reluctantly.

"I said right then that was as high as I was ever going!" he recalls. "I always tried to consider my customers."

And suddenly, as Owens speaks of his convictions, the home where he lives, and his street, takes on a different look. It may, on the surface, appear like a number of other Cisco streets - quiet, shady, still unpeaved. But there is something special about it - a man lives there who has no greed.

Olney Savings Introduces

## THE ALL-SAVERS C.D.

TAX FREE. BEGINS  
OCTOBER 1.  
SIGN UP NOW!

Beginning October 1, 1981, Olney Savings will offer a 1-year certificate which pays tax-free interest - up to \$2,000 for married couples filing jointly, \$1,000 for an individual. \$500 minimum required.

This tax-free feature is not the only attraction of the All-Savers C.D. It will also return a high yield. For many savers, the All-Savers C.D.'s tax free yield will be higher than the after-tax yield available in other types of accounts. And the Olney Savings All-Savers C.D. is insured by the F.S.L.I.C., up to \$100,000.

Come in and talk with us about the All-Savers C.D. We're prepared to answer any questions you have and we can begin now to set up your All-Savers C.D. We're ready to help.

Come see us soon. Or call and we'll come see you.

If your family income is:	Your Tax Bracket probably is:	Interest rate needed to net 12.61% after federal income tax is:
\$20,000 or less	25%	16.81%
\$25,000	30%	18.01%
\$35,000	40%	21.02%
\$50,000 or more	50%	25.25%

The above figures are approximate and are based on 1981 tax tables. The 12.61% interest rate is equal to 70% of average investment yield on one year U.S. Treasury Bills as of more recent auction date.

**Mangum Baptist To Celebrate Homecoming**

Mangum Baptist Church will be celebrating their 77th anniversary and homecoming this month, September 20th. You are invited to come share these special times with all the members. Services will begin at 11:00 a.m. as pastor Dwaine Clower will lead the singing. Bro. Lee Fields, a former pastor, will bring the morning message. Following the morning services, there will be an old fashioned "dinner-on-the grounds", with a time of singing and fellowship to begin at 1:30 p.m. Services will conclude about 3:00 p.m.

Mangum has undergone a facelift in the past year, and we are so proud of the way that God has blessed us. We invite you to come see our new kitchen facilities, newly carpeted Sunday School rooms, and happy atmosphere. Please do try and come join us in this special time at our church.

Hope to see you there!  
Mangum Baptist Church  
Dwaine Clower, Pastor  
Mattie Donelson, Clerk

## Buy A Used Home?

Once you have decided whether or not to buy a new or older house. Compared to a new house of the same size, condition, a previously owned home generally will cost less. It will be located in an established area where the character of the neighborhood is apparent, and it will have an established yard with trees and shrubs.

**Lone Star Title & Abstract Co.**  
 Joe B. Koonce, Mgr.  
 101 W. Main  
 Eastland, Texas 76448  
 (817) 629-2683

A preowned home may be lacking in certain critical items, however, and could require more maintenance than a new one. For example, adequate insulation is not found in many homes more than 10 years old. Some older homes do not have adequate electrical wiring to handle today's arsenal of household appliances.

Remember, as with any large investment, there are risks and rewards involved in buying a home—old or new.

### Oil Is Where You Find It...

.....so sayeth the oilmen. So is love, happiness, success and all of the other elements that make up our lives. Where do you go to find title information? Not on the street corner or the barber shop or any other place except in an abstract office. Yes, we have it, compiled, indexed and assembled daily, from the very beginning down to the present time, plus years of experience and training. Visit us soon and let us have an opportunity to serve you.

COME... LOOK US OVER!

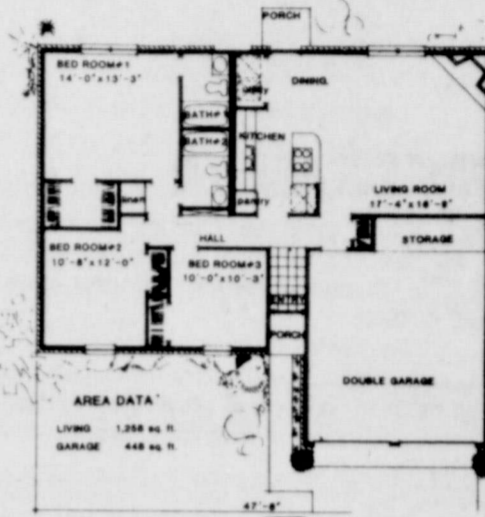

Colony Homes has already built three model homes to give you a general idea of how beautiful your new home could be.

We have thirty-eight different floor plans for you to choose from. There's one that's just right for you and your family. And we have plenty of financing available too!

Our homes range from 1,000 to 1800 square feet in size and our prices are not out of reach either. In fact they start from the middle 30's and up.

So come on out and have a look for yourself. We'd like the opportunity to show you around.

You'll Be Glad You Did!

## Interior Designs For The Handicapped

If you are planning a new house which will be used by a wheelchair resident, careful planning and a little extra expense can make life much easier for that person. Entry ways should be 36 inches wide with interior doors of the sliding of pocket type with 32-inch openings.

Sunday, September 6, 1981

Eliminate thresholds and increase hall widths to 3½ to four feet.

The bathroom should permit a five-foot turning radius with the fixtures arranged for easy transfer to the toilet. Grab bars and lifting aids are a must,

and make certain they are attached to a firm support.

Set the vanity high enough so the wheelchair can go underneath. Finally, install automatic garage door openers and covered entries.

All these items make the handicapped, but life at home easier for independent, person.

## Cash In On Solar Energy

Energy from the sun is free, so why not "cash in" on it when building a home?

Positioning your home in relation to the sun's movement throughout all seasons can save money on utility bills. A house should be oriented along an east-west axis, with the longest walls and largest roof plane facing south to

take advantage of winter sun and allow for easy shading in the summer.

Family rooms, living rooms and similar areas used frequently in daylight hours, plus walls that have the greatest number of windows, should be located on the south side. Shade these windows from the summer sun by suing overhangs, porches or

trellises.

These ideas will help keep out the heat in summer, but will allow winter sunshine to enter windows and lower the heating bill.

# Lions 4th Annual Benefit Bowl Set For Sept. 26 at 7:30 p.m.

Tickets for the Fourth Annual Lions Club Benefit Football Bowl went on sale today according to Tom Brashier of the Ranger Lions, chairman of this year's game. Lions from the local clubs will be selling the tickets for the big grudge match between Cisco Junior College and Ranger Junior College to be played Saturday, September 26th, at 7:30 p.m. at Buckaroo Stadium in Breckenridge.

The Benefit Bowl has grown into one of the biggest Charity fund raising projects among area Lions and this year promises to be even bigger with the participation of four more local communities. In addition to the Lions from Breckenridge, Carbon, Cisco and Ranger, the 1981 game welcomes the Lions from Albany, Baird, Clyde and Eastland.

During the last three years close to \$20,000 has been raised by the Benefit Bowl for Lions charities. This money has gone to the Texas Lions Camp for Crippled, Blind and Diabetic Children, The District 2E-1 Eye Bank, the Lions-CARE program, the Lions International Foundation and local Lions projects. The football game also has all of the makings of being the best ever. Ranger rolled

up big victories in 1978 and 1979 en route to their two best seasons in history, victories in the Beef Bowl and Rodeo Bowls, a national championship and a 21-game winning streak. That streak came to an end last year at the hands of Cisco in the Benefit Bowl. Cisco used that momentum to propel themselves to their finest season in recent memory, and a national ranking. Ranger slumped to a 9-2 season and began looking forward to a return match with Cisco.

To say there is bad blood between the two schools is an understatement. Although they used to play each other twice in a season, the games

got so hard on both coaches that Coach Bill Anderson of Cisco and Jerry Trice of Ranger reduced the rivalry to a once a year melee. Now the Benefit Bowl has truly become a special contest for the players of both teams, one that the squads view as a 'real' bowl game. At any rate it is no longer just another scrimmage for the Rangers, because with a victory this year Cisco could even the series.

Area Lions urge all football fans to get their tickets now for this great match-up and remind you that all proceeds go to charitable works. Ask a local Lion for tickets and he'll see that you get them. Tickets are \$2.50

for adults and \$1.50 for students in advance. All tickets will be \$3.00 at the gate so buy early and save.

## WORD OF GOD

**Psalm 4:1-5**  
Hear me when I call, O God of my righteousness: thou hast enlarged me when I was in distress; have mercy upon me, and hear my prayer.

O ye sons of men, how long will ye turn my glory into shame? How long will ye love vanity, and seek after leasing, Selah.

But know that the Lord hath set apart him that is godly for himself: the Lord will hear when I call unto him.

Stand in awe, and sin not: commune with your own heart upon your bed, and be still. Selah.

Psalm 4:1-4

**THE REST OF THE GOSPEL**  
John 9:1-2 tells us that a man had been blind from birth. Then they ask who did sin that he was born blind, him or his parents? If he had sinned and this sin caused him to be born blind, then he would have had to existed somewhere else and have been able to sin before he was born into this world. John 3:13 tells us that no man has gone to heaven except that he came down from heaven first. We would have been in heaven before we came to earth. In Jeremiah 1:4-5 the Lord says He knew him before he was conceived in the womb. Jeremiah existed before he came to earth. What is this pre-existence; where was it and why don't we remember it? Write to The Rest of the Gospel, P.O. Box 763, Cisco, Texas 76437. p-78

Cisco Junior College Wrangler Cheerleaders

## Statistics Mean People

By Viola M. Payne

It was one of those times when it was hard to keep my mind on the Pastor's sermon. Here I sat in Church during the worship service, yet distracted by a question I had been asked earlier.

"Will you be Church Temperance Leader this year?"

Temperance Leader? What could a Temperance Leader really do? Just make little speeches to the Church members, and get them to subscribe to an anti-alcohol, anti-narcotic information magazine?

And, what good was the Pastor doing right now, preaching a sermon on how the human body was like a temple, and should not be destroyed by harmful things such as alcohol? Like how each bottle of beer or glass of wine a person consumed killed a certain quota of brain cells. We already knew all that. And we had all heard how over 50 per cent of all fatal accidents and 85 per cent of the crime is somehow involved with alcohol and drugs. And how no one profits from the use of alcohol except the manufacturers and distributors. The State taxes collected are small in comparison to the amount spent on law enforcement, hospitalization, imprisonment, welfare and child support due to the abuse of alcohol.

This was all so very true. But Pastor, I thought a bit smugly, I believe you are preaching to the wrong crowd. Which of our group is really tempted all that much to take a drink?

And the people who need to know what you are saying probably won't come to Church - and they wouldn't listen to you if you went where they are.

So we are always communicating with the wrong group - never able to reach out and help young people - never able to stop the type of people who will sell anything to make a dollar.

Memories flitted through my head, tangling with the present-day data in the sermon. I have known a lot of people who used alcohol - people I cared about. Maybe if I could get some of their stories down, someone would notice and decide not to take that first drink. Then they wouldn't be listed as DWI, or - worse still - DOA (Dead On Arrival). That's what almost happened to me, once upon a time, due to someone else's drink...

One beautiful June afternoon I was driving into Colorado City to see a Grandfather, who was in the

hospital. My two children, in the back of the car, were also enjoying the drive. Then we heard a roar and a clatter, and saw a car bearing from behind - on my side of the highway. Obviously the driver did not intend to miss me, so I managed to whip to the right and let him graze past. While I attempted to control my car I caught a glimpse of a man's leering face (yes, a leering face) framed by an unkempt mat of hair.

His car began to weave from one side of the road to the other. I managed to stop my car beside a deep ditch. "That man was crazy! No, he was drunk! Thank Heaven we got away from him!"

I finally pulled my car back onto the road. "I'm afraid he will hit someone over the hills there!"

The children began to play a game of watching for the "drunk man". Then, about twenty minutes later, as we pulled to the top of a hill, we saw a line of cars stopped in front of us. A D.P.S. officer waved me to place in the line.

"Sorry, there's been a head-on collision ahead. At least one fatality. Ambulances are arriving to load the victims."

I caught a glimpse of two cars rammed together, with parts of the vehicles flung outward. My eyes riveted to the east-bound vehicle - the same gray car which had almost run me down!

Fortunately a circle of people hovering around the victims blotted out gruesome details for us. Soon the ambulances screamed in. We followed them at a distance, and walked into the front of the hospital just after they had unloaded.

Root Memorial Hosp. was in the midst of a terrific stir. There were cries of pain, nurses scurrying around, and Doctors converging on the scene. Incredibly enough, a man was staggering around and yelling, even while the Sheriff walked in and handcuffed him.

"That's the man who is supposed to have been driving on the wrong side of the road," I heard someone say. "All that's wrong with him - he's drunk."

"What about the others?" "From the west-bound car? A woman is dead, children hurt - an injured man. And that little boy crying for his lost dog? He has more to cry about than the dog, I'm afraid. For the woman who died was his

Mother."

Later I found, in other parts of the southwest, that this type of highway experience was all too common. But it was no more tragic than other aspects of alcoholism. I remember an individual named Paul....

Paul was a man who had everything - or so people said. He had plenty of money, a lovely wife named Mary, two children, and the finest cotton farm anywhere around. He lived in a sprawling, tree-shaded home about ten miles out of the City, and there were plenty of servants to do the work on the farm and in the house.

Although Paul, in his expensive clothing, appeared aristocratic, he was actually a self-made man. He had come from a struggling family where his father and a brother had died of alcoholism. That was enough reason for him to stay away from the bars in the area, and he seldom touched alcohol. Some of his wealthy friends, however, habitually gathered in bars and clubs to socialize.

During this time a foreign government was trying to induce successful cotton farmers of the southwest to emigrate from the United States and set up model cotton farms for demonstration purposes. Paul and Mary made one trip to look the situation over, but finally decided against the plan.

One night afterward Paul needed to talk to a friend about a business matter, and finally found him in a Club. A small party was in progress, and drink was thrust upon Paul. He supposed it would be only social to taste the mixture of brandy and tequila in his hand.

Exactly how it happened he never knew, but he was soon drinking along with the group. By closing time neither he or the rest of the citizens were in any condition to drive home.

With regular bouts at drinking, naturally Paul slacked up on his brand of "windshield farming" - an arrangement where he drove along to see if his foreman was keeping the wetbacks on the job. Oddly enough, the workers seemed to slack off in proportion to the drinking bouts of the land owner.

These came more frequently, usually followed by Mary's accusations of how Paul was an alcoholic just like his father. Finally she decided to divorce him.

Paul described to a friend later - the whole ugly courtroom scene.

## Ol' Rip Lived 30 Years Sealed in Cornerstone - No Food, No Water, No Air!

Sealed inside a cornerstone for more than 30 years, an amazing toad not only survived without air, food or water, he became a nationwide celebrity - an astounding Rip Van Winkle of the animal world.

The critter was placed into the hollowed-out marble cornerstone of a new courthouse in 1897, just before the cornerstone was sealed.

Then in 1928, when the old courthouse in Eastland, Tex., was

being torn down, a local pastor was asked to reach in and remove the toad. Lo and behold, the toad had not croaked - it was still alive!

As word of the creature - nicknamed Old Rip - leapfrogged around the country in screaming banner headlines, little Eastland was flooded with tourists, and President Calvin Coolidge even had Old Rip brought to the White House for a personal audience.

It all started as a playful stunt some 30 years earlier when the toad - actually an unusual type of lizard - was entombed by a young local, Will Wood.

He apparently wanted to test the legend that horned

toads, which are hibernating creatures, had an ability to survive for 100 years without air, food or water.

"Everybody in those parts

knew Will Wood had put that toad in there, and everybody wanted to see if it was still alive," said Joe Gray, 67. He recalled that 2,000 people

crowded around the courthouse in February 1928 to watch the toad removal ceremony.

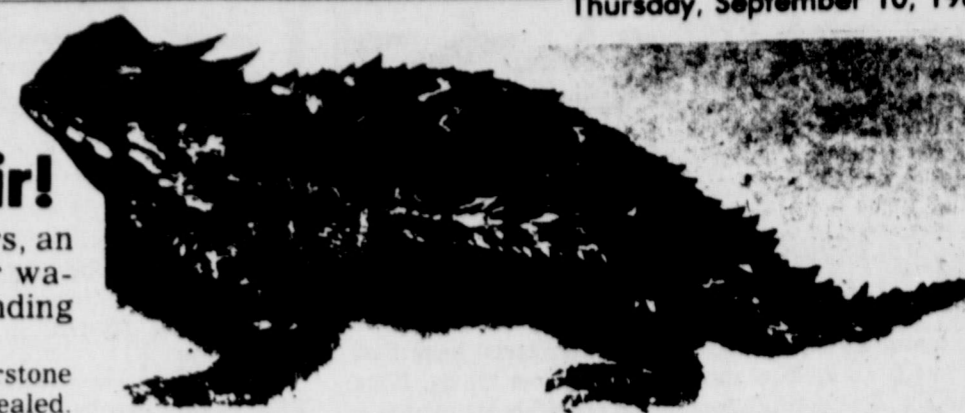

"Rev. Frank E. Singleton reached in and pulled out the toad by its leg, as black as coal dust.

"He held it up in the sunlight and you could have heard a pin drop.

"Everybody was just holding their breath," said Joe Gray.

Suddenly its leg twitched. Then the creature began to wiggle as it filled its lungs with huge gulps of air. A mighty roar rose from the crowd. "It's Old Rip!" yelled an onlooker, and the name stuck.

Both reporters and tourists flocked to Eastland. Will Wood took the famous critter on a nationwide public ap-

NOT PRETTY, but one horned toad was guest of a U.S. President.

OLD RIP RESTS IN PEACE inside a blue velvet case in the lobby of the courthouse in Eastland, Tex.

Page 12

NATIONAL ENQUIRER

"I went down there to stop this foolishness - for you know how I love Mary. I believe I could have stopped the divorce, even then, if I could have gotten Mary away from her lawyer. But there he was - throwing a bunch of legal stuff between us. So I gave up and walked out.

"You know - sometimes I wish we had gone overseas to live. Maybe things would have been better there."

Not long afterward, Paul took out his favorite gun and put a bullet through his brain.

Over in the same City, Barbara was the woman who had everything. Well not quite, for she had no husband or children. But with her charm and stunning blonde looks, people were certain she had many chances to marry. She wrote for large metropolitan newspapers, and was in demand for speaking engagements in the area.

Finally a fellow-writer was describing, in detail, a meeting I did not attend.

"There was a cocktail hour before the Workshop, and I was surprised at how long Barbara lingered there. She managed to down enough drinks to make her a little unsteady."

"Well maybe this is unusual for her," I offered. "I hear she has just accepted a position as head of a private school - that expensive one which puts such stress on culture and manners. She will have to be careful around there."

Apparently she was not careful enough, for she was soon involved in some strange incident in which she turned in a false fire alarm late at night. Even the newspapers carried a little item about that, and the rumors around town indicated Barbara was drunk at the time. Soon she was discreetly eased from her position.

What becomes of an alcoholic who tries to cling to an intellectual level? This brilliant person ran through at least one college professorship before she left the southwest. For alcohol is no respecter of intellect.

Perhaps Martin was not the most intellectual man around, but he was certainly well balanced and practical. He needed this practicability, for his ranch had its quota of deep, highly productive oil wells.

Not that the oil had made too much difference in Martin's life style. And he had raised his only child - a daughter named Betty - in the concerned fashion of a widower father who also attempted to take the place of a mother. Lovely Betty was his joy - his reason for living - no doubt about that.

While Betty was growing up she had seen her father take a drink of alcohol now and then. He had explained to her that it was alright to drink socially, but a person should never, never drink

too much. And only weak and stupid people ever became drunk.

Then there came a Saturday night Martin had to be away on business. He hated that, for Betty had a date for Saturday night, and he always liked to be in the house to see her off. But maybe he was too old-fashioned - Betty was a trustworthy girl.

It was around midnight that Saturday night when the Police finally reached Martin with the unbelievable news. Both Betty and her date for the evening had

been killed in a grinding, one-car crash. The only possible explanation was that the alcoholic content of the young couple's blood had been high.

For the next few days Martin struggled with the terrible details of the burial of his daughter. As he moved about in a daze, questions of why and how kept rushing through the fog. Betty and her date couldn't have been gone from the house long before the accident - not long enough to stop in a bar and drink that much.

At last Martin was alone in

his house, feeling the desolation seep through all his material things. He supposed there was only one way to dull his senses - go to the cabinet and get a shot of whiskey.

He opened the cabinet, then draw back. For instead of the bottle of whiskey in its usual place, there lay a note. "Dad," it said, "John forgot his bottle, so we are borrowing yours, Betty."

I jerked myself back to the present. I was missing most of the Pastor's sermon, while thinking of these sad stories. And the bad part was

that I knew many more stories to add to these.

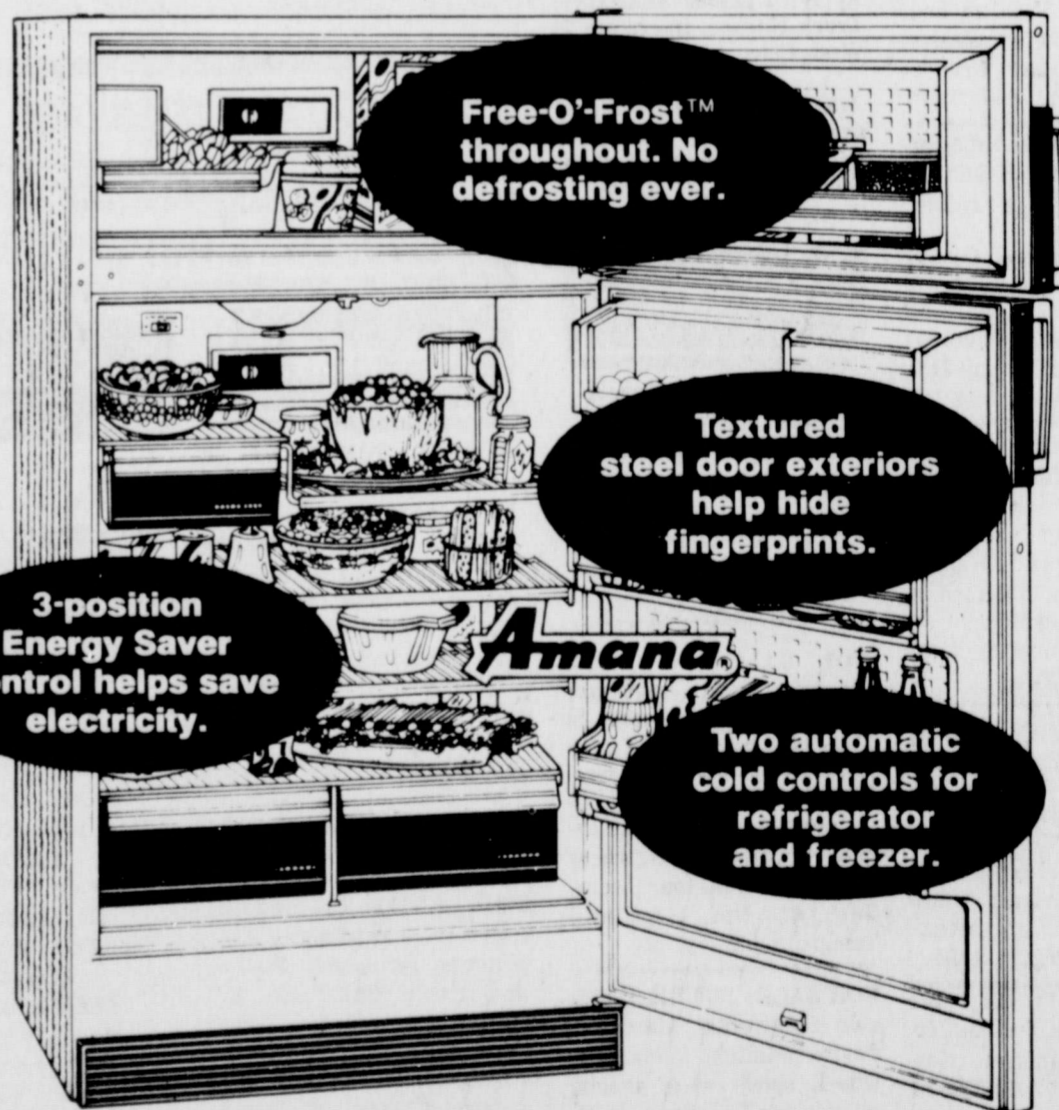

But the worship service was over. Time to file out to the world we live in - a world of problems and people. God was concerned about all these people. How much were we?

I shook the Pastor's hand. I couldn't say I had enjoyed his sermon! But I did say something else.

"Pastor, you know what you asked me - about being a Temperance Leader this year? I don't know what I can do, Pastor, but I'll try to do something."

"A wise man is strong; yea, a man of knowledge increase strength."—Proverbs 24:5  
An old blacksmith lived in the heart of a village. All day long he could hear the clanging of his hammer upon the anvil. They knew he was forging a chain. Now and then idlers dropped in to watch his work. They observed how faithful and patient he was and how he would never pass over a link until it was perfect.  
"Why are you spending so much time on the chain link?" his neighbors asked. "You would get more accomplished and make a better living for yourself if you spent less time on each link."  
The old blacksmith only shook his head and kept on doing his best. He made every link as strong as if the whole chain depended upon it.  
Eventually the old man died. The great chain found its way to a ship. An anchor was attached to it. Someone coiled up the chain and placed it in an out of the way place—forgotten.  
A raging storm arose while the ship was making an ocean voyage. The rain fell in torrents and waves lashed against the ship. It took several men at the helm to guide her. Someone noticed the old chain. They quickly lowered the anchor. As it sank into the ocean depth, the chain grew taut and stiff as a bar of iron. Would it hold?  
Beloved, the faithful old smith had done his work well. When the waves stilled and the sun appeared, the vessel with all its precious lives and cargo was safe.  
Friend, link by link, hour by hour, you are fashioning a chain. When temptations come, it will test your work. One weak spot and you can be wrecked by that one imperfect link.  
It need not be so. Be faithful! Keep your eyes on the One who provides you strength to withstand temptations. Your anchor will hold!  
Josephine Cleveland may be contacted by writing P.O. Box 591, Cisco, Texas 76437.

## Large Crowd Attends Angus Field Day

A large crowd attended the annual field day of the Leon Valley Angus Association which was held Saturday, August 29, at the Heysler Angus Ranch in Cisco. Guests registered from Lubbock, Fort Worth, Richland Springs, Abilene and many from the Stephenville-Brownwood area.

Everyone enjoyed coffee and donuts upon arrival. After registration a cattle judging contest was held. Winners in the contest were: Ladies Division—Patricia Hall of Fort Worth with Betty Kidd of Eastland as runner-up. Four-bull weight guessing contest winner was Jan Brokaw of Abilene. Men's division—Tol Thomas of Lubbock with Robert Gorr

of Cisco as runner-up. Four-bull weight guessing contest winner was Major Farnsworth of Cisco.

Dr. Leon Woods brought the invocation before a lunch of barbecue brisket and all the trimmings was served. After lunch Eastland County Ag Extension Agent De Marquis Gordon brought a most informative lecture on Brucellosis in cattle herds. The next meeting of the Association will be held the first Monday in December at the Colony Restaurant in Cisco.

## Cisco Club Hosts Golf Scramble

The Cisco Country Club will host a Scramble Match-Play Partnership golf tournament on September 12 and 13. Matches will be played on Saturday morning, Saturday afternoon, and Sunday afternoons by each team. The entry fee is \$35.00 per team and there will be cash prizes. Contact Bobby Smith at 442-1512, Cisco, or Cisco Country Club to enter. A qualifying round must be played prior to September 12.

## Pleasant Hill Homecoming Sept. 13th

The annual Pleasant Hill Homecoming will be Sunday, September 13, at the Pleasant Hill Baptist Church. Registration will be at 10.

Dr. Leon Woods, the pastor, will bring the message, and the special music will be by Jimmy Myers, the song director, and Don Nicholas. Mrs. Charlie Livingston is the pianist.

Everyone is invited to the Homecoming Service and the basket lunch at noon.

## Changes For Registration Of Livestock Brands

Attorney General Mark White has issued two Attorney General's opinions which affect and should interest everyone involved in the cattle, ranching, farming and dairy industries. Opinion MW-289 discusses certain changes in laws on the registration of livestock brands, and MW-358 further clarifies the statutes.

Article 6899j, V.T.C.S. was passed by the Legislature and became effective on August 30, 1971. Under this law and under Article 6890, V.T.C.S., all marks and brands registered after August 30, 1971 and before August 30, 1981 must be re-registered within six months of the latter date. Marks and brands must then be re-registered at subsequent ten-year intervals by the owner. All marks and brands will then be recorded with the county clerk, regardless of when they originally were recorded, within six months of August 30, 1981, August 30, 1991, August 30, 2001, etc.

Attorney General Mark White is reminding every

citizen who has registered a brand prior to August 30, 1981 that citizens must register each brand with the county clerk within six months in order to protect their right to it. If everyone follows the registration schedule set out by the law, county clerks will have a correct, revised set of records every ten years, and there should be no dispute about the correct ownership of livestock.

To register or re-register marks and brands, the livestock owner may obtain forms either by mail or in person from his or her county clerk's office. There will be blank spaces on the form in which to describe the mark or brand and the location on the animal where the brand is recorded. The forms should be mailed or delivered in person to the county clerk, who will keep the forms in an indexed bond volume or microfilm for easy reference.

Opinion MW-358 answers questions concerning the recording of the marks and brand and publication re-

quirements to notify the public of changes in the law. Under Article 6899j, the county clerk is not required to notify individual owners of cattle brands of the ten-year expiration date of their registration. However, the county clerk must publish notice of the registration date in a newspaper of general circulation in the county for a period of thirty days, paying for such notice of the general county fund. Finally, when the clerk records the brands or marks, the date of record must be noted.

Attorney General Mark White and his office will be glad to answer any further questions on this matter. Interested persons should call 512/475-2501 for more information, or write to the Attorney General at P.O. Box 12548, Austin, Texas 78711.

### Square Dance

Sat. Sept. 12th

Cross Plains area square dancers will host a square dance Sat. 12 of Sept. 8:00 until 11:00 at the Cross Plains multi-purpose center.

Ralph McMullen of Baird will be calling. All area dancers are invited to join us.

## Beware of Pantry Insect Pests

Several kinds of insects can be expected in the homemaker's kitchen pantry at one time or another.

Insects can get into the cleanest of kitchens in any one of several ways. This group of insects includes

roaches, ants, saw-tooth grain beetles, Indian-meal and Mediterranean flour moths, confused flour, cigarette and drugstore beetles, and rice, bean, and cowpea weevils.

These insects may be in the larvae or adult stage and may all produce similar damage and require similar control measures.

Some pantry pests are general feeders and will consume nearly all types of vegetable and animal matter while others have definite food preferences and will confine themselves to those preferences. A few of the many food items that attract pantry pests are chocolate and nut meats, macaroni and spaghetti, breakfast cereals, certain drugs, spices and tobacco, cayenne pepper, powdered milk, and dried peas and beans.

Feeds should be purchased in quantities small enough to be used rapidly and if storage is necessary, they should be stored in glass, plastic or metal containers with tight fitting lids. Discarding small quantities of infested foods rather than attempting to salvage them with freezing and heating techniques.

## Organization For Fair

### Concession Stands Needed

The Eastland County Fair Association is seeking an organization within the county to sponsor the concession stands at the County Fair on October 1, 2, and 3. For the first time since the Fair's beginning, the concession stands profits will be divided between the Fair Association and the sponsoring organization. The sponsoring organization will receive 60% of the net profit while the Fair Association

receiving 40%. This would be an excellent money-raising activity for any club or group.

The major responsibilities of the sponsoring group would be purchasing all food and supplies needed to operate the concession stands for 3 days and also to provide workers to man the concession stands at all times.

Any organizations interested in operating the concession stands may contact the County Extension Office at 629-2222 or 629-1093. The deadline for bidding on the stands is Friday, September 11.

## Retired Teachers To Meet Sept. 14

Retired teachers of Gorman will host the first meeting of the new year for the Eastland County Retired Teachers Association on Monday, September 14, at the Senior Citizens' Center on Main Street in Gorman, at 2:30.

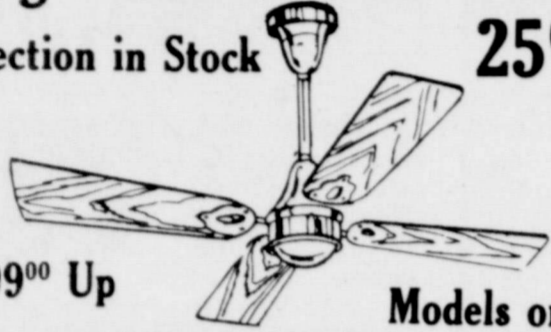

Interesting programs have been planned for the year, and it is hoped that every retired teacher of the county will join the ranks of many other retired teachers of Texas in becoming a member of the local and state organizations.

Come on, Retired Teachers of Eastland County, and be counted!

## PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

### CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION  
NOVEMBER 3, 1981

#### PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would allow the legislature to authorize cities, towns and other taxing units to grant exemptions from ad valorem taxes on unproductive, undeveloped or blighted area in order to encourage its development. The amendment would also allow the legislature to authorize a city or town to issue bonds or notes to finance this development and to pledge future increases in ad valorem tax revenues from the property in such areas to repay these bonds or notes.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize cities, towns, and other taxing units to encourage the improvement, development, or redevelopment of certain areas through property tax relief and the issuance of bonds and notes."

#### PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 117 proposes a constitutional amendment that would authorize a person to receive a patent to land from the Commissioner of the General Land Office under certain conditions. Application for the patent must be made within five years from approval of the amendment. The land must be surveyed, public free school land not previously patentable. The person must have a properly recorded deed to the land, which he acquired without knowledge of the patent defect and which title he and his predecessors in interest have held for at least 50 years. The person and his predecessors in interest must have continuously claimed the land and paid the taxes for at least 50 years.

This amendment does not apply to beach land, submerged land, or islands. An applicant may not use this provision to

resolve a boundary dispute. This amendment will not apply to land which has been determined to be state-owned by a court of competent jurisdiction or that has a productive state mineral lease on the effective date of the amendment.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years as of November 15, 1981."

#### PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 38 proposes a constitutional amendment that would enable the legislature to grant to a state finance management committee the authority to manage state funds. Funds constitutionally dedicated to specific purposes would not be subject to committee management. The committee would be composed of the Governor, Lieutenant Governor, Chairman of the Senate Finance Committee, Chairman of the House Appropriations Committee, Chairman of the State Affairs Committee, and the Chairman of the House of Representatives Ways and Means Committee.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow the legislature to grant to a state finance management committee the power to manage the expenditure of certain appropriated funds."

#### PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 6 proposes a constitutional amendment that would provide that one-half of the surplus tax revenues

A regular general cleanup of the storage area is recommended whether the food is kept or discarded. Cabinets should be washed and the shelves covered with foil or paper and the foods replaced.

There is no need to fumigate the entire house to control pantry pests. More information about all household insects may be found in the "Texas Guide for Controlling Household Insects" which is available at the County Extension Office.

above the spending limit provided by Article VIII, Section 22, of the Texas Constitution would be placed in a Water Assistance Fund to be used as provided by law, including projects for water development and conservation, water quality enhancement, and flood control purposes or any combination of these purposes.

The amendment also provides \$500,000,000 of the general credit of the state to guarantee bonds issued in commercial markets by local political subdivisions, including cities, counties, and special districts. The amendment allows amounts to be established to decrease or retire state debt, which is defined as that debt secured by the full faith and credit of the state. The amendment would raise the interest that could be paid on authorized, but unissued, bonds guaranteed by the full faith and credit of the state from 6% to 12%.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the use of a portion of the excess revenues of the state for water development, water conservation, water quality enhancement, and flood control purposes; authorizing the use of the state's credit, not to exceed five hundred million dollars, to guarantee the bonds of cities, counties, towns, and other units of local government in the financing of projects for such purposes; increasing the interest rate that may be paid on previously approved, but unissued, state bonds; and authorizing a program to retire state bonds."

#### PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 49 proposes a constitutional amendment that would exempt livestock and poultry from taxation. Currently, farm products in the hands of the producer and family supplies for home and farm use are exempt.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for the inclusion of livestock and poultry with farm products as exempt from taxation."

#### PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 81 authorizes the governing body of a county, city, school district or other political subdivisions to exempt from taxation a portion of the market value of a residence homestead. The portion exempted may be as much as 40% for 1982-1984; 30% for 1985-1987; and 20% for 1988 and after. The amount of an exemption may not be less than \$5,000 unless the legislature by general law prescribes other monetary restrictions on the amount of the exemption. An eligible adult is allowed to receive other applicable exemptions provided by law. An exemption is made where ad valorem tax has previously been pledged for the payment of debt.

The amendment further directs the legislature to require that notice be given to property owners of a reasonable estimate of tax on their property in certain situations.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing a political subdivision to provide property tax relief for owners of residence homesteads and changing certain property tax administrative procedures."

#### PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment that would authorize the Veterans' Land Board to issue and sell an additional \$250,000,000 in bonds increasing the Veterans' Land Fund's total bond issuance authorization from \$700,000,000 to \$950,000,000. The amendment would increase the maximum interest payable by the state on these bonds from 6% to 10%, and permit an even higher rate, if specified by the legislature.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of additional bonds to finance the veterans' land program and to increase the maximum interest rate allowable on veterans' land fund bonds."

Connie yo-yos

By Richard

The Dallas Cowboys beat their division rivals at Washington Redskins 26 to 10 in their seventeenth consecutive opening game win.

The Cowboy offense showed a good running game with improved backs Tony Dorsett and Ron Springs starting. The line blocked well with Kurt Petersen substituting for guard Tom Rafferty, who has a severely pulled calf muscle. Petersen is still learning but is expected to be an excellent guard in time.

Substitute fullback Tom Newsome is still injured with

cracked ribs, but could possibly play before long with a flak jacket.

The line is the strength of the defense which held Washington to ten points with the aid of four interceptions by the secondary. Both free agent rookie backs, starting, safety Mike Downs and cornerback Everson Walls, who doesn't have great speed but makes the right moves, made interception along with Benny Barnes and Ennis Thurman, who ran his back 96 yards. Thurman seems to often play beyond his ability.

Downs was injured on his interception return with a pulled hamstring spasm but is listed as probable for Sunday's game at Texas Stadium against the St. Louis Cardinals.

Also injured in the game, starting strongside linebacker Mike Hegman, who has been playing well, has a fractured right forearm. Hegman will have surgery with a rod being placed in the arm and will be out from four to six weeks. There will probably be an announcement that he has been placed on injured reserve and has been replaced on the team by another linebacker this week. Since the last two rookie linebackers cut by the Cowboys were Scott Pelleur and Angelo King and Pelleur was picked up by the Saints, King may be recalled by the Cowboys.

Hegman's injury has given Guy Brown, his replacement as a starter, an opportunity to prove himself. He will pro-

**4-H Adult Leaders Meet**

Cisco "Good Times Gang", Gorman and Rising

baby either become a very good starter or be replaced next year.

Coach Tom Landry, who says that his offense was stopped mostly only by its own mistakes, says that they will concentrate on eliminating mistakes such as having twelve men on the field.

The Cardinals will be using their rookie quarterback, as starter Jim Hart is injured.

The game will be on TV in Dallas, but C.B.S. is not giving local stations the choice of carrying it.

Star 4-H Clubs were represented at the bi-monthly meeting of the 4-H Adults Leaders Association. Rex Long, newly elected chairman, presided over the meeting. Each club responded to the roll call by telling of its summer 4-H activities.

Two representatives of the association will represent our county at the District Leaders Extravaganza in October. The leaders decide to make a scrapbook exhibit promoting the Eastland County Wildlife Field Day for the Extravaganza.

It was also decided that the Adult Leaders Association would sponsor up to a \$25 prize for the annual 4-H Spirit Contest the month of

October.

Gorman 4-H leaders reported on the program of the County Awards Banquet to be held in their community on October 10. Adult leaders were assigned various parts on the banquet script.

Members attending the Association meeting were Don Laminack, Phil and Sandra Osborne, Rex and Trudy Long, Barbara Long, Kathy Hall, Jane Ray and Extension Agent Donna White.

Cisco, Texas

# People n Things

**THIS HAS BEEN** a good summer in Cisco, observed Mr. Ed Bradshaw when we ran into him Monday. There have been very few 100-degree days as compared to 50 or so last summer. And temperatures have been in the upper 80s and lower 90s quite a lot.

As a general rule, if rainfall is fairly normal the fall season begins to be noticeable after Sept. 1st.

The Chester Norvelles of Cisco enjoyed a cool summer in the Grand Junction, Colorado country. They drove up there last June in their motorhome and returned home recently. Chester enjoyed trout fishing. Daughter Sondra and family drove out for a vacation with the Norvelles.

Chester says they started home two or three times and turned around and went back to Grand Junction after encountering weather they considered too hot.

**WE DROVE IN** from El Paso with our travel trailer rig Sunday—500 miles in one day. This was something of a record for us as we usually drive no more than about 300 miles in a day.

We left with our car air conditioner out and got home with it out. The problem is the evaporator, a radiator-like thing under the glove compartment area of the front seat. Before leaving town, we went to a local garage and the trouble was determined. But they couldn't find a replacement evaporator, so we decided to go ahead as planned and to look for one along the way.

We found an evaporator at an auto wrecking yard and watched the man take it off a car that was the same size and model as ours, so we felt lucky and began looking for somebody to change it. We soon discovered that automotive shops were reluctant to work under the glove compartment.

We made a date with a firm in Albuquerque and when we took the car there next morning, the man began making excuses. He smoked cigarettes and his fingers were yellow with nicotine. His wife was looking after the office and the telephone, and he talked to her in a very disrespectful voice to her. And after a brief visit with him, we elected to look elsewhere for help.

At El Paso, we telephoned and made an appointment for 8 a.m. the next morning. When we drove 20 miles to the garage, the man took one look and announced "I wouldn't work under the dash of anybody's car."

At another garage, the man said they'd change out the evaporator and he and a Spanish talking man got on the job. An hour or two later, they called to say the evaporator we'd bought and had been carrying around was the wrong size. The car dealer there didn't have a new one. We went to a big wrecking yard and the only two cars like ours they had were inspected. One had been in a fire and the evaporator was ruined, and the evaporator had been removed from the other.

So, it being Saturday and Monday being a holiday, there wasn't anything to do except wait. We decided to drive back home while we were waiting.

It wasn't really too bad except in the afternoons. Driving at night or during the mornings was pretty comfortable. It is the consensus of our family, however, that auto air conditioning is here to stay.

**OUR SCOUTS** report that the new dove hunting season is off to a good start with birds reasonably plentiful. The Bill Huffmans were up from Houston for a visit with his mother and for his annual hunting trip, which was successful. Rainfall has been sufficient to provide plenty of food for birds.

The quail crop, which won't be hunted until Dec. 1, promises to be super, we're told. Game wardens are pretty rough on folks who shoot quails out of season. There are many tiny quails following the adults right now and to shoot the adults would result in loss of the covey.

**THE LIONS BOWL** football game, which is slated Sept. 26th at Breckenridge between Cisco and Ranger colleges, is becoming quite an event. And you'll want to check with a local Lion to

MR. AND MRS. HERSHEL TOMLINSON

## Mr. and Mrs. Tomlinson To Be Honored On 50th Wedding Anniversary Sat.

Mr. and Mrs. Hershel Tomlinson will be honored on their 50th wedding anniversary with a reception

from 3 to 5 p.m. Saturday, September 12, at the Cisco Country Club.

The reception will be hosted by their children.

### R.L. Wyatts

#### Move To Cisco

R.L. Wyatt and his wife, Ruby, have moved to Cisco from Spearman. He was the shop foreman for Excel Chevrolet Company for over 15 years. He bought his mother's home, 1001 West 7th Street. He is the brother of Lou Dial and Frances Frailey.

Mr. Wyatt will be shop foreman at Baird for Hanner Chevrolet Co. They are Southern Baptist.

Thursday, September 10, 1981

### WORD OF GOD

**For Those Who Mourn:** Let not your heart be troubled; ye believe in God, believe also in me.

In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you.

And if I go and prepare a place for you I will come again, and receive you unto myself; that where I am, there ye may be also.

And whither I go ye know, and the way ye know.

John 14:1-4

**HOME FROM** A travel trailer vacation trip to Utah, Wyoming and Colorado are the Willis Parkers. They report a delightful trip. A guest in the home of Mr. and Mrs. Sutton Crofts is her sister, Mrs. Dorothy Crofts, of Tucson, Arizona. Labor Day weekend visitors in the Crofts home were their daughters, Carolyn Webster of Fort Worth and Dot Mittel and family of Arlington.

## Eastland Church To Show Film

Out of the incredible horror of Idi Amin's Uganda comes "Some Through the Fire", a classic film to be shown free to the public at 7:30 p.m. Sunday, Sept. 13, at First Baptist Church, Eastland.

The public is cordially invited, said Pastor Rev. Jim Hooten, who with his wife Peggy, were missionaries in Uganda for some 18 years, and know from first hand some of the horror of Amin's dictatorship.

The Christians of Uganda went through eight years of incredible horror.

Amazingly, they also experienced eight years made beautiful by the manifestation of God's grace in their lives.

One out of every twenty four Ugandans perished. Many died following indescribable torture.

Yet the church remained victorious, growing in spite of flagrant censure and sadistic persecution. Consequently, the motion picture, **SOME THROUGH THE FIRE**, not only documents what happened in Uganda but sounds a clear message for Christians everywhere to take the measure of their own commitment, their own readiness for testing.

"What Ugandans learned yesterday," the film's narrator says, "you may need to know tomorrow."

The producers exercise care, however, to avoid mere sensationalism. The film concludes with a

visit to one of the revival fellowship groups, remnant of the great East Africa Revival, and very possibly a

format for what is yet to come in the hearts and lives of our African brothers and sisters.

## OBITUARY

### Funeral Services

#### For Mark Riggs

#### Held Tuesday

Funeral services for Stephen Mark Riggs, 19, of Cisco, were at 2:30 p.m. Tuesday at Kimbrough Funeral Home Chapel. The Rev. Buddy Sipe of First Baptist Church officiated, assisted by the Rev. Joe Philpott of Mitchell Baptist Church. Burial was in Oakwood Cemetery.

Mr. Riggs died early Sunday in a drilling rig accident south of Cisco.

He was born February 27, 1962, in Gorman. He had lived in Cisco for 16 years and was employed by Eastland Drilling Company.

Survivors include his parents, Mr. and Mrs. R.N. Riggs Sr. of Cisco; two brothers, Ronald of Olden and Richard of Cisco; three sisters, Sandra Crutchfield and Ruth Riggs, both of Cisco, and Susan Allgood of Dallas; and his grandmother, Mrs. Mary Belle Pack of Stephenville.

Pallbearers were Kenny Miller, Johnny Moon, Jerry Taylor, Ken Sharp, Kevin Strickland and Fernie Jaramillo.

### Graveside Services

#### For Henry Bell

#### Held Tuesday

Graveside services for Henry Bell, 38, of May, were at 2 p.m. Tuesday in May Cemetery, directed by Higginbotham Funeral Home of Rising Star. The Rev. Bill Campbell of First Baptist Church of May officiated.

Mr. Bell died Sunday morning in the Veterans Administration Hospital in Temple after a long illness.

He was born March 16, 1943, in the Holder Community. He married Cam Thomas on January 15, 1971, in Lampasas.

Survivors include his wife; two sons, Michael and Edward, both of the home; a daughter, Jo Beth of the home; a brother, Lonnie of May; two sisters, Marie Shaffer of Cisco and Ramona Brown of Woodville, Miss.; and his parents Raymond and Pauline Bell of May.
