

Drive Begins To Raise Chest Fund

Nine service clubs and organizations had workers on the job this week as Cisconians undertook the project of raising \$13,350 as the budget for the Cisco Community Chest. The week of Oct. 25-31 was being observed as Community Chest Week by proclamation of Mayor Eris Ritchie.

Chairman Ivan Webb reported that workers hoped to make calls throughout the business district and residential areas during the week. In addition, others were busy conducting a telephone campaign to urge participation.

The \$13,350 budget represents the financial requirements of some 15 agencies that contribute to the general welfare of the community during the year.

At least six of the agencies deal with the educational or recreational needs and welfare of young people. These include the Girl Scouts, the Boy Scouts, the ABC Club (teenage boys baseball), Little League, Child Care Center, and Girls Softball.

Other agencies whose operating budgets are included in the budget include the Red Cross, Salvation Army, USO, Mental Health, United Fund, Cisco Public Library, Cisco Welfare Association and Senior Citizens.

The Cisco Lions Club with Mr. Webb as their leader is spearheading the drive. Cooperating are the Rotary

Country Kids

Hold 4-H Meet

The Country Kids had a 4-H meeting on October 13 at the home of Ralph Berry at 7:30 p.m.

The members at the meeting were John Bailey, Missy Bailey, Kathy Choate, Cindy Choate, Donny Choate, Shannon Anderson, Amy Anderson, Amanda McGinness, Katie Lynn Baird, Kelli Whitley, Leo Boyd, Shannon Berry and Jana Yowell.

The leaders attending the meeting were Jim and Jerry Choate, Yolanda Anderson, Sherry and Ricky Whitley, Scott and Mary Bailey, Jimmy Yowell, L.D. and Katie Baird, Joyce and Ralph Berry, Wanda and Gaston Boyd and Allen and Betty McGinness.

The Assistant County Agent, John Blair, talked to us about buying sheep. He told us how to check and see if it was a good sheep or not. He also told us how to hold a sheep when we show them. He told us about the most important parts of the sheep. After that Ralph Berry said he had some sheep in a pen that Mr. Blair could use to show how to judge the sheep.

The next meeting will be held on November 20. The Foods and Nutrition group will host the meeting. The place or time has not been decided yet.

Katie Lynn Baird, Reporter

Club, Kiwanis Club, Civic League, Service Club, 20th Century Club, First Industrial Arts Club, Writer's Guild, and the Lake Cisco Home Demonstration Club.

Anyone interested may leave a check with Treasurer Ron Patton at the First National Bank or at the Chamber of Commerce.

"The Community Chest is an organization of vital importance to all of us," Mr. Webb said. "It is very definitely in the public interest that a 100% budget be raised. Let's all do our part."

TEXAS NURSES' WEEK—Mayor Eris Ritchie (right) has declared October 25-31, 1981, Nurses' Weeks in conjunction with the state proclamation. Kay Mosley, Director of Nurses at E.L. Graham Memorial Hospital, is shown with Mr. Ritchie. He takes this means of acknowledging the vital role nurses play in caring for the sick and injured in the health care institutions throughout Texas. Nurses' Weeks provides the public with a special opportunity to express appreciation to the nurses in the community. (Staff Photo)

October 25-31 Proclaimed Texas Nurses Week Here

The week of October 25-31, 1981, has been proclaimed Texas Nurses Week. The Texas Hospital Association (THA) and its member institutions applaud the vital role nurses play in caring for the sick and injured in communities throughout Texas. Nurses are an integral part of the health care team and contribute significantly to the maintenance of health, prevention of disease and preservation of lives.

The current critical shortage of nurses has served to highlight their importance to the health care delivery system.

"Hospitals recognize that part of the long-term solution to the nursing shortage rests with the youth of our nation," stated O. Ray Hurst, CAE, THA president. "As more qualified and dedicated people choose nursing as a profession, the crisis proportions of our shortage will be alleviated."

Hurst continued by saying that Texas Nurses Week gives Texans an opportunity to honor the nursing profes-

sion and stress its importance.

Nurses deserve the sincere gratitude of all Texans and Texas hospitals not only during the Texas Nurses Week

but throughout the year.

THA is the Austin-based trade association for hospitals in Texas with over 750 institutional and 4,300 personal members.

CJC Students and Cisco Citizens Respond To Drive

Cisco Junior College students and Cisco citizens very generously responded to the October 21st Blood Drive sponsored by the Cisco Civic League held at the CJC SUB with a total of 41 donors. This response was most gratifying, and Cisco Junior College is to be commended for helping us make this drive such a success. The following is a list of donors: Lisa Acuff, Lois Adling, Jeff Allen, Drew Banks, Richard Barron, John Bruton, Renee Cornelius, John Cox, Deanna Dewore, John Didion, Tim Echols, Tami Eudy, Janice Ferguson, Melody Fine,

Fiane Fox, Karen Frazier, Randy Fry, Van Grinnon, Ruth Heidenheimer, Derek Hill, Ben Hubert, Jamie Hunley, Joe Jarvis, Allen Johnson, Robert Johnson, Tim Jones, Brad Kimbrough, Candy Lewallen, David Lorange, Jeff Osborn, Wheeler who so generously placed the notice on the Chamber marquee, all the many businesses who displayed our posters and notices, to the E.L. Graham Hospital Auxiliary for serving the refreshments, to the donors, and last but not least we extend a very special "thank you" to the Sonic Drive-In, Quickway, and Carole's for furnishing food to the CJC students who were donors.

We most sincerely appreciate your interest and help.

Ruth Heidenheimer, Chairperson

Lobos Defeat DeLeon 27-14; To Host Bangs Dragons Friday

The Lobos of Cisco High School gave one of their best performances of the year in DeLeon last Friday as they defeated the Bearcats 27-14, tying four teams for the District 10-AA crown.

DeLeon, now 5-2 for the year and 3-1 in district play, is the only team to defeat the No. 2 state-ranked Eastland Mavericks so far this year. DeLeon won their game with Eastland 32-7.

Cisco's defeat of DeLeon tied Cisco, DeLeon, Eastland and San Saba for the district lead, with three games yet to be played.

The Lobos, now 3-3-1 for the year and 3-1 in district play, will host the Bangs Dragons in Cisco Friday night. The kick-off will be at 7:30 p.m.

Bangs is 3-4 for the season and lost to Eastland last Friday by the score of 34-15.

In Cisco's game last Friday night, the Lobo offense and defense played exceptionally well in the first half. They scored on every possession of the ball except their

first, making 16 first downs, while holding DeLeon behind the Bearcats 45-yard line and allowing them no first downs.

Cisco also scored three touchdowns in the first half making the score 21-0 at half time.

Cisco received the opening kick off but after three plays they were in a fourth down situation, needing eleven yards for a first down from their own 23-yard line.

Cisco's Randall Rattan punted the ball to DeLeon who was also forced to punt after three plays, making only four yards against the Cisco defense.

The Lobos started their second possession of the ball from their own 21-yard line and looked like a different team on the field.

With Randall Rattan at quarterback and Gary Speegle, Brian Fleming and Jason Potter digging out yardage, the Lobos moved the ball to DeLeon's 32-yard line in twelve plays.

The Lobos needed five

yards for a first down to keep the drive going when QB Rattan took the snap from center. He handed off to Potter who then connected with a pass to Larry Adams for a first down seven yards from the goal line.

A handoff to Speegle got four yards while another run by Speegle got two more. A third handoff to Speegle got the touchdown with 2:01 left in the first quarter. The extra point kick by Kenneth Preston was good making the score 7 to 0.

The Bearcats received the kick from Cisco but were forced to punt four plays later after gaining only one yard against the Lobo defense.

Cisco started their second scoring drive from their own 25-yard line. Again Speegle, Fleming and Potter dug out more yardage, moving the ball to DeLeon's four-yard line in 15 plays.

The Lobos were faced with three fourth-down plays during the drive but were able to make all of the conversions. Speegle made both of the first conversions into first

downs, while Rattan scored on a fourth and goal situation from the three.

The extra point kick by Preston was good making the half-time score 21-0 with 36 seconds left in the first half.

DeLeon received the second half kick and started their drive at their own 30-yard line. Nine plays later at Cisco's 36-yard line, Lobo Rattan picked off a pass by DeLeon's quarterback, Edwin Hale, at the 30 to kill the drive.

DeLeon's Roman Saldivar, Bubba VanZandt and Shane Bunting had picked up the yardage in the drive.

Four plays later, the Lobos punted the ball to DeLeon who started a drive from their own six.

After VanZandt and Bunting had picked up 14 yards in three plays, a pass by Hale was picked off by Cisco's Shane Posey who returned the interception about 25 yards for a Lobo

Plans Ready For Homecoming Program At College Saturday

All preparations were near completion today for the annual homecoming of the Cisco Junior College Ex-Students Association here

7th, 8th & JV To Play Bangs

The seventh, eighth and Junior Varsity football teams of Cisco Junior-Senior High School will travel to Bangs Thursday night, Oct. 29. The games will begin at 5:00 p.m.

Acknowledges Gifts

Dr. Norman Wallace, president of Cisco Junior College, acknowledges the contributions to the Cisco Junior College Memorial Endowment Fund in memory of Mrs. Rudene Sawyers by Billy and Sherry Wright, Mrs. Nell Riffe, Mr. and Mrs. George Owens, and in memory of O.O. Odom Jr. by Mr. and Mrs. George Owens, Mr. and Mrs. Bill Midkiff, Jerry and Joe Sifton, Mrs. Carolyn Page, Mr. and Mrs. John Muller and Eva Humphreys.

Saturday, according to college officials. A large crowd is expected to participate in the day's activities.

The program, which will begin with registration and open house at Maner Memorial Library at 10 a.m. Saturday, will be climaxed at Chesley Field at 2 p.m. when the CJC Wranglers meet New Mexico Military Institute in a football game.

Pre-game highlights at the football field will be the presentation of the Coming Home Queen. Nominees for this honor will be selected at a business meeting of the ex-students association at 1 p.m. at the Corral Room.

Nominees for football sweetheart are Marinette Hays of Post, Vicki

Mangham of San Antonio and Saretta Spratt of Brownwood. The homecoming queen nominees are Alicia Gordon of Cisco, Candy Lewallen of Wheeler and Peggy Taylor of Bastrop. The winners will be revealed at the half-time ceremony.

Both CJC and NMMI football teams are among the strongest of junior college grid elevens this year, and an outstanding game has been forecast.

Another feature of the Saturday program will be Parents Day. The parents of all students have been invited to be guests of the college for the noon luncheon and the football game. As of Tuesday noon, more than 500 reservations had been made

for the Saturday luncheon at the Corral Room.

Due to the large crowd, the luncheon will be a "come-and-go" affair. Oscar's Barbecue will cater the affair, serving barbecue with all the trimmings. Roy Dennis of Quickway will provide 750 Brownies that will be served as dessert.

The program for the luncheon will be informal with Dr. Norman Wallace, CJC president, in charge. The CJC choir, directed by Wyley Peebles, will sing during the luncheon.

Awards to be presented at the football game will include several trophies. Among them will be trophies for the parents driving the most miles to attend the homecoming, and the parents of the most students to have attended the college. The oldest CJC graduate will also be recognized and honored.

Homer Taylor of Sweetwater, president of the CJC Ex-Students Association, was in charge of the homecoming business activities. Dr. Wallace was coordinating preparations. Dr. Ken Simpson was in charge of Parents Day activities, and Diana Fraley, Gus Smothers and Emma Watts were helping with various details.

Cisco Service Club To Have Halloween Carnival

It's that time of year once again—when all the spooks and goblins will be on the move! The meeting place for all the little creatures will be the first annual Cisco Service Club Halloween Carnival. The carnival will be held on Saturday, October 31, from 6 to 9 p.m. at the Cisco Intermediate School Gymnasium.

Supper will be served from 6 to 8 p.m. at the Cisco Intermediate School Cafeteria. Supper tickets may presently be purchased for \$2.25 each through Cisco Service Club members or at the door. Supper will include chili pie or six inch pizza,

homemade pie and tea or coffee. Nachoes will also be available.

Local clubs and organizations will be participating in the festivities. The "Spook House" will have many surprises in store for members of the Cisco Lions Club; Cisco Civic League members will be on hand for "Face Painting and Bandaging"; other booths and their sponsors include a cake walk by the Lake Home Demonstration Club; cupcake spin by Cisco P-TO and a witches brew sponsored by the Cisco High School FHA. The Cisco Service Club will have several game booths, including a bean bag toss, football or basketball throw, duck grab and the all time favorite go fishing booth.

"There's something for everyone," according to Carnival Chairman Gina Winnett. So come-one-come-all-young and not so young! Let's all meet for some old time fun and games!

Cisco Service Club members are in hopes for a big response from Cisconians so that they can continue the Halloween Carnival annually! Any other organizations interested in participating in the carnival should contact Gina Winnett at 442-2655 after 5 p.m.

See you at the Carnival!
Pennie Fields
Publicity Chairman

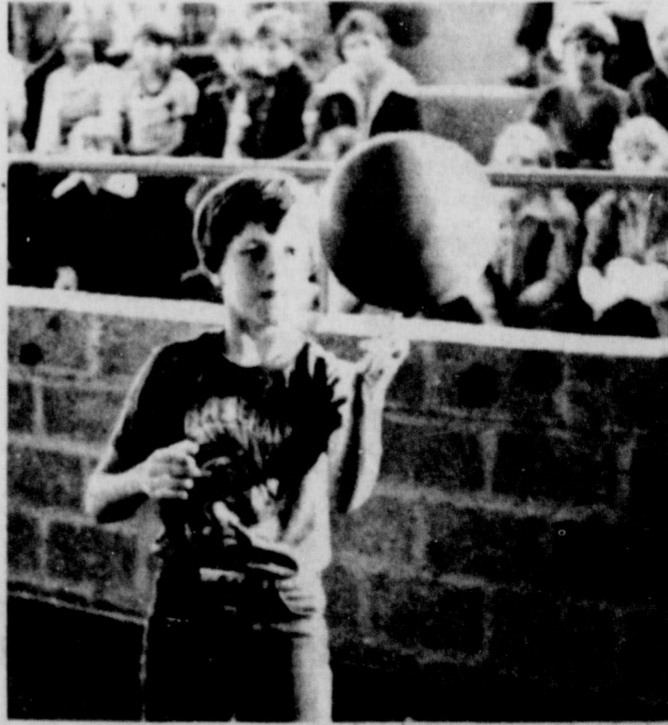

Halloween

Costume Contest

Set Saturday

A Halloween costume contest for children will be sponsored by the Cisco Lions Club at Cisco Intermediate School Gym on Saturday, Oct. 31. The Lions Club will have a spook house.

The Lions Club will sponsor prizes for the three best spooks in each age category, with a total of nine prizes. The categories and times will be: 6:30-6 months to 3 years; 7:00-4 years to 7 years; and 7:30-8 years to 13 years.

JASON PHILLIPS demonstrates his ball handling skill he learned at the CJC summer basketball camp. Jason will be one of many Cisco youngsters involved with the Little Wranglers Drill Team. All area boys and girls (grades 1-6) are invited to participate on the drill team which meets every Wednesday evening (6:30 to 8:00) and Saturday morning (8:00 to 9:30) in the CJC Gymnasium.

Firemen Called

To Truck Stop

The Cisco Volunteer Fire Department made two runs to the White Elephant Truck Stop last Sunday morning after a gasoline pump leak spilled gasoline to create a fire hazard.

The first call was at 3:30 a.m. soon after the pump hose break. The department made another trip at 5:30 a.m. to wash down the area again before repairs could be completed.

Country Club

Luncheon Set

November 4th

The Cisco Country Club luncheon will be held Wednesday, November 4. A Thanksgiving dinner will be served. Marsha Adams will entertain.

The price will be \$5.00 for members and \$5.50 for non-members. Non-members may make and paid for their reservations at the Eddie McMillan Insurance Agency. Reservations must be made by Monday, November 2, at 12 noon.

The Bible. It has a lot to offer.

The Laymen's National Bible Committee, Inc.

THE REST OF THE GOSPEL

If Jesus were to come down to the earth today, almost no one would believe it, anymore than the Pharisees of old did. If Jesus' church is to be restored, in these days, who would have the authority to restore His church except He, Himself? God is unchanging, therefore He will work thru His servants, the prophets. Thus, if the church is to be restored in these latter days, it will be done thru a chosen prophet, not by men. No matter what men claim, they alone, cannot do Jesus' work. If I told you that Jesus had come down to the earth to restore His church, and the authority for man to act in His name as the ancient Apostles did, you would not believe me, or Jesus. You would be wrong. The Rest of the Gospel, P.O. Box 763, Cisco, Texas 76437. p-87

CARD OF THANKS

The family of Rose Blackwell wishes to express their gratitude and heartfelt thanks to all the people that gave so freely of their time and love, during the long illness and loss of our loved one. To Dr. Vermillion and the nursing staff of Eastland Memorial Hospital for their loving care and patience. To the many people that helped us sit, prepared meals for us, prayed with us and helped in so many ways.

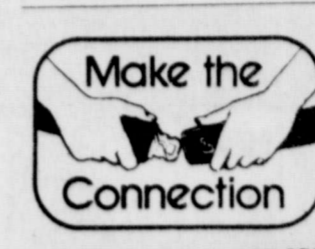

CARD OF THANKS
The Barnie Midkiff family wishes to express sincere appreciation for the prayers, phone calls, flowers, cards, and all words and deeds of kindness shown us at the passing of our father. Our heartfelt thanks are extended to those who brought food to our homes and served the meal at the church. Your donations to the West Texas Rehabilitation Center and all other memorial offerings in our father's memory are gratefully acknowledged.
Mrs. John H. (Linda) McCannies
Mrs. Sammy D. (Brenda) Simmons
Grace Jane Midkiff

CARD OF THANKS
I wish to thank my doctors, all my friends and loved ones for my beautiful flowers, phone calls, visits and all my beautiful cards. Most of all, for every prayer for me. May God richly bless each of you.

Hunting Prospects Bright This Year

Prospects are excellent across most of Texas for the upcoming hunting seasons, according to Texas Parks and Wildlife Department biologists.

Favorable weather conditions with plenty of rain during the first half of 1981 boosted populations of deer, turkey and quail. Biologists

said turkey and quail made the most immediate progress, with reproduction and survival rates good enough to prompt rosy predictions for the hunting seasons. Deer also are in excellent shape, but herds in some areas still are down somewhat in population after last year's severe drought, particularly in

western portions of South Texas. The deer and turkey season in most Texas counties opens Nov. 14.

Habitat conditions may, in fact, be too good in some areas from the hunter's viewpoint. Biologists said the abundance of vegetative cover and easy availability of acorns and other forage could cause deer to move

less, making hunting more difficult.

Throughout most of the traditional deer range, hunters may see slightly fewer bucks than in recent years, but there should be a higher percentage of trophy-quality racks than normal in the herds.

The following is a wrapup of hunting prospects for the major game species by region:

SOUTH TEXAS

The sprawling brush country of South Texas is a trophy deer hunting Mecca, and it should live up to its reputation this year.

Wild turkey also are having an excellent year, with populations up in most areas.

The quail hunting prospects, in Cooke's words, are "fantastic" in South Texas.

EDWARDS PLATEAU
"This ought to be the year," says biologist Max Traweck of Kerrville about this fall's deer hunting prospects in the Texas Hill Country. There are about the same number of deer as last year.

"Overall, I would say that this has been one of the best years I can remember in the Hill Country for weather conditions beginning last winter and continuing through the summer," Traweck concluded.

TRANS-PECOS

This will be a "recovery year" for the highly prized mule deer in the rugged Trans-Pecos.

PANHANDLE-SOUTH PLAINS

The headline news for Panhandle hunters this year is the pheasant crop.

PERMIAN BASIN-ROLLING PLAINS

In the region centered around Abilene, San Angelo and Big Spring, the deer counts are up this year.

"Turkey and quail hunters should do well, because we have seen signs of outstanding reproduction, especially with turkeys," Davis said.

NORTHEAST TEXAS

In the post oak region extending from the state's northeast corner down through the Freestone-Limestone County area to the southwest, game conditions are above average, according to biologist Walt Daniel of Fairfield.

EAST TEXAS PINEY WOODS

Deer populations have been on the upswing in East Texas for the past several years, and favorable weather has fattened them this fall. "Antler growth has been good this year in areas where the deer are not overpopulated," Spencer said. He said, however, that conditions for the hunter may be difficult, especially if rains come during the early part of the hunting seasons. "The deer won't be moving around too much to find food, and rainy weather could cause them to move even less when hunting season opens," Spencer said. East Texas is not blessed with much quail habitat, but Spencer said populations appear to be up this year in the few pockets of good habitat.

Lights from the Christian World

By Josephine Cleveland

Many years ago there was in Arabia a guide who never lost his way. He carried a homing pigeon on his camel, or, if on foot, under his flowing robe. Whenever he was in doubt as to the path he should take or the direction he should go, he would release the dove, which was attached to a cord several hundred feet long.

The dove would fly high enough to get his bearing and head in the direction of home. His master then knew his direction and the way to go.

Friend, so are they who are lead by the Spirit of God, the Heavenly Dove. Watch it diligently. It will guide and point you to the way that will take you safely to your destination.

PETROLEUM BUILDING
V.I.P. SERVICE MEMBERSHIPS AVAILABLE!

The following services, designed to meet the needs of the Petroleum Industry, and related service companies are now being offered through the Petroleum Building in Eastland. If your offices are out of town, you are a one-man show, you are here part-time, or now and then, let us be your staff. We offer fast, courteous service for an hour, a day, a week, a month, or a lifetime, custom designed to meet your particular needs.

Our staff and facilities offer:

Complete secretarial services. We will type one letter, or prepare a full package at your command. Book-keeping, by the job or the hour. Let our competent staff prepare your press releases, Railroad Commission Reports, file Permits, search and compile County records, collect data from Petroleum Information, (members of P.I. only), payroll, statements, Quarterly Tax reports, Oil and gas leases and filing, and map duplications. Additional services are available, such as, postage meter, photocopies, package wrapping and mailings, bank reconciliations, Notary Public, and obtaining price quotes on services or supplies. When you don't have the time or staff to hunt or prepare for your immediate needs, let us do the details. It will save you time and money. For those of you operating an office in Eastland, your membership will insure you temporary coverage during your staff's vacation or absence. Why get behind when you can get ahead by joining the Petroleum V.I.P. Services now?

Memberships will be limited. Your membership also offers full Board Room and Conference facility availability. The Board Room will be available by reservation. Seating capacity 50-60 with theatre seating, conference table seating up to 25. Furnished with podium, projector screen, slide carousel or 16 mm projectors, presentation easels, chalk board, note pads, pens, pencils, place cards, ashtrays, name tags, coffee or soft drinks. Private restrooms will be provided. If desired, a confidential secretary will be available for minutes or meeting records.

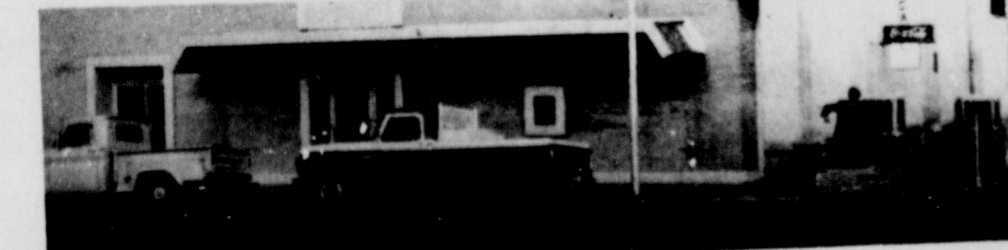

Your next conference should be in the board room of the Petroleum Building. Why pay for the extras, all the time on a square footage basis, when you can have the finest for less? The V.I.P. services will begin November 1, 1981. The membership fee will be \$150.00 per year for charter member (limited to fifty members) and after charter, memberships will be \$250.00 per year. Membership will be limited to insure the quality and availability of the facilities. The Petroleum Building will be open for your inspection the last week of October. Stop by and file your membership application now!

Church Leaders Address Child Abuse, Family Ministry

COLLEGE STATION-- "Churches in Texas need to get turned on to the problem of child abuse and neglect," a church official said here recently.

Speaking at the 36th annual Town and Country Church Conference, Jim Suggs, executive director of the Texas Conference of Churches, outlined the child

abuse problem in Texas and asked church leaders and ministers for their help.

"Last year some 137,000 children in Texas were served by the Texas Department of Human Resources," he pointed out. "These are verified cases of child abuse or neglect. However, there actually were about 300,000 instances of child abuse and neglect in the state the past year."

Suggs noted that about 8 percent of all the children in Texas will be abused or neglected this year and that about 100 will die because of that neglect or abuse.

"Child abuse and neglect is happening everywhere, including in our own communities," he said. "The problem is that it's been kept in the closet."

"Child abuse and neglect

is a problem of relationships in families. It abounds where love is absent," Suggs added.

Another speaker, Bill Blackburn, with the Baptist General Convention of Texas, called for greater emphasis on family ministry. He said the church must be a carer of families, it must be an advocate for families, it must challenge families and the various notions that exist, and it must continue to be the church-sensitive to the spiritual needs of people.

"We need to be aware of the dynamics of our own family origin and our present family," Blackburn told some 100 conference participants.

"We need to understand the family as a system, and we need to move from a 'crisis' to a

'preventive' orientation in dealing with family problems."

Blackburn advocated appointing a family life committee that represents the church. The role of this committee would be to survey the needs of the congregation and community and to plan programs and activities to meet the different interests and populations.

Blackburn also encouraged the ministers and layleaders to support family ministry from the pulpit, to be ready for resistance to certain programs and activities, and to expect new family problems to arise as a result of a concerted effort to deal with current problems.

Conference participants also were challenged to work hard to foster sound marriage relationships within their congregations and communities. Carlos McLoud, president of the Baptist General Convention of Texas, noted that at least

half the marriages that take place today will end in divorce.

"There is no such thing as a dream marriage," he emphasized. "There are difficulties in every marriage."

The big problem, according to McLoud, is that "because we always want more of the good things in life, we don't enjoy what we have. Americans today are characterized by hopelessness and emptiness. We continue to want more and more."

"If we have a healthy marriage, we have a lot better chance of having a healthy family," he said, focusing on the conference's theme of "Challenges Facing Texas Families."

The annual conference was sponsored by the Texas Agricultural Extension Service of the Texas A&M University System.

Texas Ghosts

By The Hundreds

How many Texans suspect that they have encountered ghosts? A Kerrville author places the number in the hundreds, perhaps even more.

For his "Ghost Stories of Texas," historian and novelist Ed Syers devoted two years to searching out those who suspected supernatural confrontation. From them he chose what he considers the state's fifty major stories. His is the first work to attempt a statewide compilation.

Syers admits a departure from such award-winning Texas works as "Off The Beaten Trail" and his historical novel, "The Devil Gun," but defends his exploration as an "intriguing experience."

"When I agreed to do the book, I was skeptical but open minded, I think. However, I doubted that there were more than a few ghost tales in our state. I was way off."

If people would admit their experiences, Syers believes the number would astonish most of us. Fear of ridicule or intrusion on privacy silences such admissions. For this book, he interviewed some two hundred Texans.

"As of right now," he says, "many responsible people are experiencing some brush with the supernatural. I could name a dozen, most of whom want to remain anonymous. I discarded a lot of accounts because we could find no coherent storyline."

"If we knew how to dig deeper, I suspect one book would become several volumes."

Does Syers believe in ghosts?

"I'm not sure I encountered any, head-on," he says. "But I've met a lot of solid people who are certain they have. Let's say I'm much less skeptical."

"Here we are, really unable to understand the common cold. Doesn't it seem foolish to insist that this or that or whatever cannot be?"

"You can believe or disbelieve," the author concludes. "I'm not selling superstition; I'm reporting what I think I found. And the hunt was intriguing."

Inspiration Church of God To Show Special Africa Film

The Rev. Larry Smith announces the showing of a special film report produced on location in Ethiopia, Somalia and Kenya on CRISIS IN THE HORN OF AFRICA to be shown at Inspiration Church of God Camp Inspiration Highway 80 West in Eastland on Nov. 1, at 6:00 p.m.

CRISIS IN THE HORN OF AFRICA, produced by World Vision, is a fast-moving documentary of unforgettable stories on how war and drought have disrupted the lives of more than six million people in East Africa.

An African proverb says: "When the elephants fight, the grass gets trampled." This is what's happening in the Horn of Africa today. Those who get trampled are the sick and the weak - those who cannot defend themselves against the cruel, cold implements of modern warfare.

On the Kenya-Uganda border, viewers will see what happens to local villages when the cattle rustlers use gun, and the locals have only bows and arrows. Dramatic documentary footage, shot only moments after a raid, puts an international conflict into human perspective.

Viewers will walk the barren sands of Las Dure camp in northern Somalia where 76,000 refugees must survive on an average of 400 calories per day. Here, where there is no sanitation at all, World Vision medical teams care for the sick and the dying - with special concern for trying to save the children.

CRISIS IN THE HORN OF AFRICA tells the moving stories of mothers and children. One mother didn't have enough food for both her twins, so she had to let one child die. And another mother couldn't muster the courage to tell her son that his father would never return from the desert war.

CRISIS IN THE HORN OF AFRICA was produced by World Vision, a non-profit

Thursday, Oct. 29, 1987

Christian humanitarian organization, committed to helping the world's needy people.

The film provides a sensitive, yet hard-hitting Christian perspective of nations - and individuals - at a crossroads of survival.

The public is invited to attend this showing and share in a special offering to help alleviate the hunger and suffering of East African refugees.

Senator Glasgow Asks For 22nd District To Be Declared Disaster Area

Senator Bob Glasgow has asked Governor Clements to declare the areas of the 22nd District that were flooded a State Disaster Area and has requested the Governor to ask the President to declare the flooded region of North Texas, a Presidential Disaster Area.

"Almost the entire area from Breckenridge to Gainesville was hit hard by the floods," stated the Senator. The Senator continued by stating that the estimates he has received showed that Stephens County had damages estimated in the neighborhood of \$15-20 million and Cooke County had damages estimated to be \$25 million. The counties in between had damages in the million of dollars each.

"Homes were destroyed or

damaged, roads and bridges were washed away, and water treatment facilities were damaged across the district" stated the Senator.

Senator Glasgow was optimistic about the prospects for a presidential declaration. He said that the comparison of loss figures for several of the flooded counties in the 22nd District were comparable with the figures for Lavaca County in South Texas which was recently granted disaster relief for its August 31, 1981, flooding.

Oneta Robinson Associate 629-1467

Court of Civil Appeals Made New Appointments

Two recent graduates of Baylor Law School and one from Texas Tech University School of Law have been appointed as briefing attorneys for the 11th Court of Appeals. John Hart, Will Dodson and

Carol Kirk will assist the Judges in research of legal authorities in civil and criminal cases pending.

Effective September 1, 1981, the 14 Courts of Civil Appeals in Texas became

Courts of Appeal with criminal as well as civil jurisdiction. The Court's jurisdiction extends to 23 counties, including Eastland County. Members and staff of the court are: Austin McCloud, Chief Justice, Raleigh Brown and Bob Dickenson, Associate Justices. Mrs.

Oleta Moseley, Clerk, Mrs. Sherry Williamson, Deputy Clerk, Mrs. Melissa Little, Legal Secretary and Johnny McCoy, Janitor.

John David Hart is the son of Bill B. Hart of Eastland and Beverly Smith Hart of Gainesville. His grand-

parents are Mrs. John S. Hart of Cisco and Mr. and Mrs. E.K. Smith of Gainesville. He was born in Midland and raised in Eastland, graduating from Eastland High School in 1975. After attending Austin College in Sherman and Baylor University for undergraduate study, he attended and graduated from Baylor Law School in May of this year. John's interest include running and snow skiing.

Will Dodson was born in Waco where his mother was a school teacher and his father attended Baylor Law School. He was raised in Lubbock and received his undergraduate degree from Texas Tech in 1978. He majored in History with a minor in Political Science at Tech. Will graduated from Baylor Law School in May of this year. His parents are Judge and Mrs. Carlton Dodson of Amarillo. Judge Dodson is on the Court of Appeals for

the 7th Supreme Judicial District of Texas. Will is single, enjoys most sports and likes to travel.

Carol Kirk, daughter of Mr. and Mrs. C.J. Kirk of Kermit, is a May graduate of Texas Tech University School of Law. Her undergraduate work in English and History was completed at the University of Texas at Austin. Her immediate family includes a son, Kirk Whitehead, 3 1/2 years of age, and her parents. Her father is retired from Texaco, Inc., and her mother teaches fourth grade at Kermit Intermediate School. Her brother, Dana Kirk, is an attorney in Houston.

Carol taught Latin and English in high schools in Midland and Pasadena and completed her teaching experience at St. John's School in Houston. Later, she worked in the advertising department of the Longview News

Thursday, Oct. 29, 1981

Journal and also did feature writing for the paper. She hopes to work in litigation with a firm in a medium-

sized town.

Her interests include needlepoint, music, aerobic exercise and jogging.

Growing Kalanchoes

By Ted Brice, Garden Editor

We are now finding more and more Kalanchoes plants available and especially during the upcoming holiday season. The Kalanchoe makes an ideal holiday gift.

The plants vary in type of growth and foliage, and they survive in many different conditions. They are short-day plants and will only bloom when the day length is less than twelve hours. If this short-day schedule is started in the month of October, flowering will usually commence in about sixty days and be ready for Christmas. Plants that are brought in bloom at Christmas will continue for a month or longer. The fleshy green leaves and clusters of small, showy red or orange blossoms are indeed a welcome sight in the winter months. Give the Kalanchoe bright light and let the soil

dry out well between waterings.

To avoid mildew, take care not to overwater nor to grow the Kalanchoe in a humid atmosphere. If the leaves develop a white coating, dust lightly with karanthane. If you find signs of aphids use malathion to control them. When fertilizing the Kalanchoes use a well balanced fertilizer such as 20/20/20 water soluble. Always use three to four inch pots and repot every two years. New plants can be obtained from sowing seed as well as separate potting of naturally formed plantlets.

The Kalanchoe blossfeldiana grows to twenty inches and sometimes blooms twice a year in the winter and again in the spring. The "Tom Thumb" is a dwarf hybrid that is often seen in the super markets, florist shops and nurseries at Christmas time. The Kalanchoe tomentosa is the "panda plant" grown for the foliage to about twenty inches, with brown spotted gray-green fuzzy leaves. The Kalanchoe uniflora grows to fourteen inches and is a charming species with pink-to-orange bell shape flowers that bloom late in the winter and sometimes in the spring.

Remember this holiday season the Kalanchoes make a good plant for gifts and is a different type of holiday plant, and can be grown the year round as a house plant.

SO LONG UNTIL NEXT WEEK AND GOOD GARDENING FROM YOUR GARDEN EDITOR, TED BRICE.

**Keeping Up...
With Our Young Folks Away**

A Series By Viola Payne

(Part 5 of a series)
Young people in College are generally busy people who enjoy what they are doing. Leanne Agnew of Cisco is one of those who has little "spare" time on her hands. Leanne, daughter of Mr. and Mrs. James R. Agnew, is working about 30 hrs. per week at Cisco City Drug in addition to carrying a full academic load at C.J.C. Besides this, she is very involved in activities at East Cisco Baptist Church.

Leanne attended Cisco High School, where she was a member of the National Honor Society. Her favorite subject was English, and she was active in F.H.A. and the High School Band. She graduated from Cisco High in 1980, and entered C.J.C. in the fall.

At Cisco Junior College Leanne has been taking basic courses leading to an Associate of Arts Degree. She is also a member of Phi Theta Kappa - a National Honor Society for Junior Colleges - and a member of the Blue Jackets service Club. Leanne has not decided upon her future profession. But after her graduation from C.J.C. in '82 she hopes to continue her education at a 4 yr. College.

Harry Dwan Novak of Eastland, son of Al and Jan Novak, has been interested in history and archeology as long as he can remember. Outdoor living at his Lake Leon home and travel in the southwest helped encourage this. Jeannie Griffin, High School History teacher at Eastland, also helped cultivate this interest. Harry enjoys all facets of the subject, whether it concerns ancient civilizations or that of the American past.

At Eastland High School Harry was also school photographer for the annual, and worked with the High School paper. He was active in the F.F.A., played the cornet in the High School Band, and participated in sports. He also enjoyed rodeos, hunting, and fishing.

Harry graduated from Eastland High School in

SEEDS FROM THE SOWER
By Michael A. Guido, Metter, Georgia

Early one morning a man of God was arrested by a ruthless mob and imprisoned. In his cell he wrote, "What can a Christian do?"

Just before he was executed, he added, "A Christian can pray, do right and wait for God's own time." Yes, he can pray. Our

hearts need the Lord. Our hunger can be satisfied by God. Our thirst can be quenched by water. Our weariness can be removed by rest. But nothing can cleanse our souls or calm our spirits. We need the Lord, and we come to Him by prayer.

And we should do right. It is never right to do wrong. One wrong word or deed can cause a lifelong regret. And it may make a

difference to all eternity whether we do right or wrong today. Let us make it our business to always do what is right, and the Lord will make it His business to see that we come out right.

Then we should wait for God's own time. Nations do not rise without His providence, and sparrows do not fall without His notice. In His time we will see that He will make all things work together for our good.

WORD OF GOD
For thus saith the Lord God; Behold, I, even I, will both search my sheep, and seek them out.
Ezekiel 34:11

If you're concerned about rising grocery costs, here's something you can do about it.

On November 3, you can make a positive step toward helping hold the line on rising grocery costs.

Proposition 5, one of seven proposed Constitutional Amendments which will be offered on the ballot, would include livestock and poultry with all other farm products as exempt from property (ad valorem) taxes. The effect of passage of this amendment will be to lower production costs for livestock and poultry. In the long run, this will be a positive step we can take to help hold the line on grocery price increases.

For you and for your family, both now and especially in the future, this may be one of the most important votes you'll ever cast.

VOTE FOR 5.

HELP HOLD THE LINE ON YOUR FOOD COSTS!

(Pol. ad., paid for by the Eastland County Farm Bureau)

GOVERNOR'S REPORT

by William F. Clements Jr.

Texans will vote on seven more proposed changes in their State Constitution November 3.

As Governor, I support them. Space does not permit detailed arguments here in favor of all seven, but at least three are of such commanding importance as to warrant elaboration.

Amendment 4 creates a State Water Trust Fund. Contrary to some deliberately misleading propaganda, this is not a proposal designed to benefit some part of the State over others. Neither is it hastily-planned or ill-conceived, as opponents have implied falsely.

Within less than two decades, nearly all parts of this great State must have additional sources of water to insure our continued growth and prosperity and expanded opportunities for future generations of Texans.

Amendment 4 will set aside half of surplus State revenues, which otherwise would be eaten up by current spending demands, to build the kind of water projects adequate to needs of a population exceeding 22 million people within just two decades. The amend-

Constitutional Amendment Number Six Explained

Constitutional Amendment Number Six would permit each local taxing unit, at its option, to grant tax relief to residential homesteads.

The governing body of a political subdivision could exempt up to 40% of the market value of all homesteads from taxation in 1982, 1983 and 1984. From 1985 through 1987, the maximum exemption would be 30 percent and in subsequent years in the maximum would be 20%.

Each homestead in a taxing unit that granted an exemption would have to receive an exemption of at least \$5,000, regardless of the value of the property.

The impetus behind the proposal has been the recent property tax amendment to the Constitution that all property was to be appraised at its fair market value and also prohibited the use of assessment ratios.

Taxing all property at fair market value will probably cause a shift in the tax burden from business realty to residential realty. This is caused primarily by two factors.

The first is a traditional under-evaluation of residential property as compared to business property. Normally, commercial property has always valued closer to fair

market value than residential.

The second is the tremendous increase in the value of homes. During the 1980's, the average value of a home more than doubled. Inflation, demand and ability to purchase a home pushed home prices up dramatically.

Proponents of the passage of the amendment make the following points:

(1) A dramatic shift in the local property tax burden from business property to residential property is likely to occur. The experience in the Dallas County reappraisal has shown this already.

(2) High property taxes on residences along with the inflationary rise in the value of real estate make it increasingly difficult for individuals with low or fixed incomes to become and remain homeowners. Adoption of the proposed amendment would enhance the chances of buying and keeping a home.

Opponents of the measure make the following arguments:

(1) One class of property should not be found near another. The goal of our tax laws should be fairness - all should pay their fair share. By taxing all property - regardless of type - at fair market value, everyone would be paying taxes according to the property they own. The exemption merely shifts taxes from one class of taxpayer to another.

(2) A shift in the tax burden to residences is not likely to occur in political subdivisions that have in the past appraised property at the same percentage and as frequently as other property. Adoption of the proposed amendment may result in politically subdivisions extending unnecessary to owners of residences and shifting more of the tax burden to owners of businesses.

ment also allows use of the State's credit to guarantee local water project bonds, creates a state bond retirement program and increases interest rates to make authorized, but unissued, state bonds marketable.

This, in effect, is goal-oriented planning at its best and a positive form of tax relief. It assures excess public revenues are set aside and saved for a known, identifiable need instead of squandered in the usual spend-everything-now-cry-later budget cycle.

In an effort to curb residential tax increases and head off so-called homeowners' "tax revolts," Amendment 6 would authorize local jurisdictions to exempt a percentage of the market value of residence homesteads. The amendment would also allow the Legislature to change some current property tax administrative procedures, including the "truth in taxation" notice requirement. I believe the amendment would make it easier for those on low or fixed incomes to buy and keep a home.

It is worth mentioning that other amendments to be voted on November 3 would authorize an additional \$250 million in Veterans Land Bonds at marketable interest rates; authorize issuing patents for school lands held in good faith for a half century; make property tax relief available to encourage redevelopment or improvement of blighted areas; and include livestock and poultry with farm products exempt from taxation.

Among the most important of all, Amendment 3 provides significant budget execution authority subject to limitations imposed by law. I campaigned for a similar measure two years ago, but misunderstanding due in part to an ambiguous ballot listing led to its defeat. The finance management committee and procedures to be set up by Proposition 3 are now needed urgently.

The committee—to be composed of the Governor, Lieutenant Governor, House Speaker, two key Senators and two Representatives—will provide the vehicle for allocation of tremendous sums in federal block grants

Thursday, Oct. 29, 1981
anticipated to flow into the State, without the necessity of a special legislative session.

In the future, subject to legislative direction, the committee may become an effective mechanism for meeting other unexpected financial emergencies when the Legislature is not in session, may significantly improve budgeting of State funds and save millions in tax dollars.

Lobos In Four-Way Tie For The District 10—AA Title

(Continued From Page One) touchdown. With 6:02 left in the third quarter, Preston's extra point kick was blocked by DeLeon's Jeff Fields to make the score 27-0. The Bearcats received the following kick-off at their own 38-yard line. A handoff to VanZandt moved the ball

14 yards to Cisco's 48. A second handoff, this time to Saldivar, sent the halfback racing for the 48-yard touchdown. The try for two extra points by VanZandt was good making the score 27 to 8 with 5:33 left in the third quarter. In the fourth quarter, DeLeon received a fourth-

down punt from Cisco and started their final scoring drive from their own 11-yard line. Saldivar gained six yards on his first run while VanZandt and Bunting picked up three and one yards, respectively. Bunting's one-yard run also got the first down for DeLeon. On the fourth play of the drive, Saldivar took the pitchback from QB Hale and out ran the Lobos 75 yards for the touchdown. The try for two extra points was no good, when Cisco's Speegle broke up the pass play. With 5:52 left in the final quarter of the game, the score was 27 to 14. Late in the fourth quarter, DeLeon's hopes of another touchdown were dashed when Cisco's Danny Garcia intercepted a Hale pass with only 1:14 left in the game. The Lobos took possession of the ball at DeLeon's 48-yard line with 1:08 left to play. Since DeLeon had no time outs remaining, Cisco ran out the time on the clock leaving the final score 27-14. Outstanding defensive players for Cisco were as follows: Shane Posey, Gary Speegle, Blair Boyd, Joe Worley, Danny Garcia, Brian Fleming, Mark Humphries, Tommy Thackerson, Randall Rattan, Larry Adams, Bud Wood, Manuel Marquez, Doug Hendricks,

Brad Hawari, Kenneth Preston, Jason Potter and entire defensive line of the first half. Defensive standouts for DeLeon were Shane Stone, Bryan Andress, Gary Sult, Bubba VanZandt, Bobby Forrest, Mark Decker, Jeff Fields, Ricky Saldivar, John Dennington, Edwin Hale, Dale Collum, Brad Sanders, Tommy Sones and John Conklin.

Moran News

By Mrs. Luke Huskey
Mr. and Mrs. Steve McKewin and baby of DeSoto spent the weekend with her mother, Mrs. Frances Green and other relatives in Moran. Mr. and Mrs. L.C. Kays accompanied their son and wife, Mr. and Mrs. Marvin Kays of Las Cruces, N.M., to California where they visited with their grandson and son, John C. Kays in Ventura. They visited points of interest along the way. Mr. and Mrs. Roller Fuller attended the funeral for his brother, Rozell Fuller last week. Mr. and Mrs. Kenneth McKinney enjoyed a trip to Pangburn, Ark., last week. They visited with his mother, Mrs. Mary Myers, who returned home with them for a visit. J.W. Booth is receiving treatment in the Cisco hospital. E.J. Freeman Sr. is receiving treatment in Hendricks Hospital, Abilene. Mrs. Tommy Brooks had surgery in Hendricks Hospital last Friday.

RAIN
Moran and community received about 1 1/2 inches last Wednesday. However with the sun shining the country is about to get dried out from the recent flood.

Remember When...

... the Cisco Office moved into its first headquarters at Ave. D and West 5th St. in Cisco? The date was 1923. The large photo of the office was taken a few years later, about 1925. The office served as headquarters for WTU's District B, which grew out of a consolidation of the Albany-Moran "G" District and the

Baird-Clyde "F" District. The first manager of the then new district was Mr. P. W. Campbell. At that time K. K. Francis was local manager in Baird, and E. L. Jackson was serving in Albany and Moran. WTU began to spread through the area during the early twenties. P. W. Campbell was succeeded by P.

P. Shepard as district manager. Following Mr. Shepard's death, H. H. Monk (from Childress) became district manager. It was during Mr. Monk's days that the company moved into the leased ground floor of the 5-story Cisco Bank Building. From that location, the company renovated and moved to its present Local Office location in 1940. The inset picture was taken by Mr. Hallmark of the Cisco Press, and shows the original Cisco Office building being demolished to make room for a new facility for the First National Bank of Cisco.

Proposition 3 Has Special Importance To Hospitals

Proposition 3, one of seven amendments to the Constitution to be voted on November 3, has special importance to Texas hospitals. That proposition, recommended to the voters by the 67th Legislature, would allow a seven-member state committee to manage expenditures of certain appropriated funds. Of particular importance to hospitals is the Reagan Administration's change to block grants for financing federally funded health care programs such as Medicaid for indigents. A slow down in payment for hospitalization of such patients would dangerously impact cash flow and threaten even more gravely the current serious solvency problems of some hospitals with large

Medicaid patient loads. Proposition 3 calls for a committee composed of the Governor; the Lieutenant Governor; Speaker of the House; Chairman, Senate Finance Committee; Chairman, Senate State Affairs Committee; Chairman, House Appropriations Committee; and Chairman, House Ways and Means Committee, to direct the allocation of federal block grants made to Texas. Such authority should speed the process, the Texas Hospital Association points out in its endorsement of the Proposition. At present, Texas has no designated central authority for the management of state funds and has no effective way to meet unexpected financial contingencies or emergencies other than through special legislative sessions. This committee would have only the authority given to it by the Legislature and would not have

unlimited authority over appropriations. The committee's immediate authority, if the constitutional amendment is approved, will be to manage certain federal block grant funds and only the Legislature can broaden that authority. THA believes that the passage of Proposition 3 is especially timely as it is the only available means to forestall repeated and costly special sessions of the Legislature to allocate federal health grants. THA is the Austin-based statewide trade association for hospitals with over 750 institutional members and 4,200 personal members.

FEELING ANY PRESSURE?
What is it for you? The job? The boss? Traffic? Bills? Pills? Family? Deadlines? Quotas? Getting on top? Or just staying afloat? Are there more conflicting demands in one day than you'd rather face in one week?
This pressurized pace of life can come from your own inner push for recognition and achievement. Or, it can be the result of those outer prodding demands.
You may not be able to alter your schedule or situation. But you can change the way you look at it, deal with it, live through it, and rise above it. Our people are realizing that an inner center of calm and serenity is available. What Jesus said about lasting peace that nothing can take away makes a lot of sense.
We all have pressure — but do you have peace?

TESCO Announces Nuclear Plant Completion Dates

Texas Electric announced today, as a result of an annual review of the company's construction program, that the estimated completion dates of the Comanche Peak nuclear plant near Glen Rose have been revised to 1984 for Unit 1 and 1985 for Unit 2. The estimated cost of the plant also has been changed to \$3.44 billion.

The new cost estimate is an increase from the \$2.235 billion estimate made in 1980, said TESCO President Bill Marquardt.

"Even though the cost

estimate has increased substantially since announced in the early 1970s, the electricity produced by this plant will continue to be substantially less than electricity produced by either oil or natural gas," Marquardt said.

"This is because oil and natural gas prices have increased at an even more rapid rate than has the cost of building the nuclear plant which will use a much lower cost fuel, a fuel that also is much more stable in prices."

"Building a nuclear power plant is an extremely complex job today because it

changes so much from start to finish. Even with a competent and committed project management and construction group - which we have - building a nuclear plant has many moving targets.

"The primary reasons for the revised cost of Comanche Peak are: continually changing interpretations of regulations; continuing design changes as a result thereof, and the extended time period to completion," Marquardt said.

He said the additional interest cost on borrowed construction money caused by the delay is a major contributing factor and also cautioned that both the timetable and cost estimates could change again in the future.

Comanche Peak is owned jointly by Texas Electric, Dallas Power & Light, Texas Power & Light, the Texas Municipal Power Agency, Brazos Electric Power Cooperative Inc. and Tex-La Electric Cooperative of Texas Inc.

Combined, the owners serve a population of more than 4.5 million people covering about one-third of the area and population of Texas.

One of the many outstanding exhibitors to be at the

Arts and Crafts Fair in Eastland on Nov. 13 and 14 will be Hugh Riker of San Angelo, who specializes in historical pen and ink drawings.

Acclaimed for his work internationally, Mr. Riker has worked in the collections of the John Kennedy family, Former President Gerald Ford family, the Henry Ford family, Mrs. Merriweather Post, Actor Gregory Peck and others.

Art and Crafts Fair Set For November 13 & 14

Hours for the Arts and Crafts Fair will be 9 a.m. to 9 p.m. Friday and Saturday, Nov. 13 and 14.

About 11 booths are still available, and many contributions are coming in for the auction.

Tri-City Air Conditioning is donating replacement filters to be auctioned.

Other donations are invited for the auction.

There will be an Arts and Crafts Fair held at the Camp Inspiration Building on November 13th and 14th. An auction will be held at 1:00 p.m. on November 14th by Jim Wright, Auc. The items will be donated by everyone who may be able to make some kind of craft (large or small) and from the people who have leased a booth.

The money made from the auction and from the booth leases will go directly to the welfare of our elderly persons who can no longer help themselves. Mr. Mike Perry, from the Eastland National Bank, has assured me the money will go for this cause.

Nolan and I will pay the \$125.00 lease for the building from the Camp Inspiration people. We also have a Ceramic booth and will donate a good supply of items to the auction. By our paying the building lease there will be no expense to be paid out of the auction and booth money.

We have several empty booths left to be leased. You might want to lease a booth to just display items for your place of business to let people know you have choice items for their Christmas buying and that they would not have to go out of town to make these purchases. The building will be locked and secured at night.

Also, we have a good variety of different booths which consist of artist, wooden toys, tole paintings, hand crafts of different types, jewelry and ceramics.

If you would like information regarding the booths contact Willies Ceramics, P.O. Box 332, Eastland, Texas phone 817 629-8605. If you desire a booth please make your check out to the Eastland United Fund. The booths are \$20.00 each. This is a deductible expense.

The building is an excellent place, with heat/air, and tables and chairs will be furnished for the booths. There will be a snack bar open and meals will be served by the Camp Inspiration ladies.

With your help we can make this a success. Your help is needed and will be greatly appreciated. Please help make it a success.

Sincerely,
Mrs. Nolan Butler

Mr. Riker authored "Colorado Sketchbook of Ghost Towns and Mining Camps" and is currently working on an edition of Old Texas Courthouses.

He has been published in Arizona Highways Magazine, for whom he has also done a special project of old Indian Ruins of the Southwest.

Exhibit space is still available and all types of craft auction items are being accepted to be sold in an auction to be held in conjunction.

All money made from the auction and from booth lease will go directly to the welfare of local elderly people, to be administered through the Eastland United Fund.

Community Singing

An area community singing service will be hosted by the Maranatha Baptist Church on Saturday, Oct. 31 at 7:30 p.m.

Maranatha is located two miles west of Eastland on U.S. 80.

This time of singing was enjoyed on the last 5th Saturday by several area towns. We are expecting some from Abilene to Ft. Worth and Anson and Coleman and Dublin. Come and Dine!

People in Things

IT'S COMMUNITY Chest Week in Cisco, and let's all get out our checkbooks and do our part to see that the some 15 agencies represented in the CCC budget can operate at 100% efficiency next year. The Community Chest is everybody's business.

Let's make it a point to make our contributions this week. If you are not contacted, you can drop off a check at the bank or the CoC.

CISCO WAS well represented by a committee of six at San Antonio last weekend at a seminar where doctors wanting places to practice met people from towns wanting doctors. The Gene Abbotts, the Bill McKinnons, Gus Smothers and Yvonne McMillan, representing Cisco, held open house during the seminar.

Some 40 young doctors who will be completing their work next June and be ready to hang up their shingles were on hand to meet folks from 40 or so communities. The Ciscoans were impressed with five of the young MDs and felt that they will visit and consider our town.

WELCOME HOME to Mrs. Forbes Wallace. She got in Saturday from Big D where she underwent surgery three weeks or so ago. It will be sometime yet before she'll return to work at Dr. E.E. Addy's clinic. The Dr. E.E. Addys got home Monday after a vacation and he was due to be in his offices Tuesday. Heather's Hallmark has the first Christmas window that we've noticed, and it's very attractive. Mrs. Ken Parker of the Hallmark store tells us that they're real well pleased with the reception of their new business.

OUR TOWN'S little ghosts and goblins are due to be out in full uniform Saturday night. And they'll headquarter at the big Halloween Carnival at the Intermediate School Gym. Cisco Lions will give prizes for the best costumes during a costume parade at the carnival.

The Cisco Service Club is sponsoring the Carnival, and you can eat supper out there from 6 to 8 p.m.

THE BLOOD DRIVE last week out at CJC was a big success, reports Chairman Ruth Heidenheimer of the Cisco Civic League, sponsors. Some 40 pints of blood were given and this included 30 CJC students. Food for the donors was donated by the Sonic Drive-In, Quickway Grocery and Carol's Cafe.

"We're very grateful to those who gave their blood," Mrs. Heidenheimer said, "and we appreciate very much the thoughtfulness of the three business firms in providing refreshments for the donors."

MR. LLOYD London, financial advisor for the oil companies out at Karon House, spent three days at Conifer, Colorado, last week to attend board meetings of the Mountain Valley National Bank of which he is a director and the former president.

Mr. LL was shocked to

OBITUARY

Funeral Services For C.A. Nosek Held Sunday

Funeral services for C.A. Nosek, 86, of Cisco, were at 3 p.m. Sunday at the Holy Rosary Catholic Church in Cisco, directed by Kimbrough Funeral Home. The Rev. Dennis Smith officiated. Burial was in Oakwood Cemetery.

Mr. Nosek died Friday evening at Ranger General Hospital.

He was born November 10, 1895, in Chesapeake, Md. He moved to the Pioneer Community in Eastland County in 1923 and lived there until moving to Cisco, where he was active in the establishment of the Little League baseball park. He married Sue Killburn on September 13, 1926, in Cisco. She preceded him in death in 1971. He was a Catholic.

learn that the bank was held up and robbed of \$8,100 by a masked man recently. He came in waving a gun, slugged a vice president, and scared folks generally. He had not been apprehended.

The Londons were moving to the apartment over Kleiner Labs this week as the old Spear home up on 5th Street, where they've been living, has been sold. Mr. London will team up with Bob Grantham of Houston this weekend to play in a state bridge tournament at Abilene. Mr. Grantham drives to Cisco every other week to visit his mother, Mrs. R.E. Grantham. Mrs. Reggie McCrea of Cisco and Mrs. Veon Howard of Eastland were due to be partners in the same tournament. And other members of the Lone Cedar Country Club bridge group also were expected to play in the tourney.

ATHLETIC Director Ace Prescott reports that everything is all set for the annual homecoming out at CJC this weekend. The climax, of course, will be the CJC-NMMI football game at 2 p.m. Saturday at Chesley Field.

Mr. Prescott reports that the basketball season will begin for CJC next week. CJC girls will go to Snyder on Nov. 2 to play Western College, and CJC boys will play at Clarendon on Nov. 3. Both are expected to have good teams with their squads made up mostly of freshmen. Misses Kathy Phillips and Terri Dunahoe, both of Cisco, enjoyed a weekend away from their CJC basketball practice by visiting Miss Phillips' grandparents and other relatives in Irving. Both are members of the CJC girls team on scholarships.

MR. C.P. Mosley of Lake Buchanan, formerly a long-time Ciscoan, came up last weekend for a reunion of his children and to celebrate the 100th birthday of his mother, our scouts report. Greg Phippen is doing well on the football team out at Lubbock Christian College. He is a defensive backfield starter and kickoff runner-back with all-conference potential, we're told. His dad is Harold Phippen of the auto store here. They're building a new garage and storage place out at the Glen Lawless place on the Rising Star highway. A western artist, Mr. Lawless decided to take a few weeks off from his easel and oils to erect the building. Understand his paintings sell about as fast as he turns them out.

THE ITEM In The Press last Sunday told about a luncheon planned for Nov. 4th by ladies out at the Cisco Country Club. And the item concluded with the news that "Marsha Adams will entertain."

One of our scouts reports that the CCC ladies are going to be real pleased for Marsha, wife of Darryl Adams of Cisco, is a guitar player of considerable ability. She teaches the instrument to some 20 students here. Marsha has been playing the guitar for 13 years and has performed quite often for delighted groups.

A native of Lometa, Marsha was a Texas Junior Miss nominee a few years ago. She won the Miss Congeniality title and finished in the top ten. She played her guitar in the talent contest. She is a former Farm Bureau Queen in Lampasas County and was first runnerup in the district contest.

Marsha, an attractive young lady, is a CJC graduate and she met here husband there. She is the sister of Tom Slagle of the CHS coaching staff and Miss Judy Slagle, student at CJC. The two Slagles and Marsha frequently play together.

Marsha is the mother of a son, Jonathan, 3, and is a worker at the Church of Christ.

CYAA Football Recaps

The CYAA football recaps of Saturday, October 17, are as follows:

Oilers 14 and Cyclones 0—The Oilers began by getting a safety for two points, and on the next play, Flores caught a pass from Quarterback Weibe for another Oiler tally; the point after was spoiled by Cyclone David McBride, making the score at half-time Oilers 8 and Cyclones 0. Interestingly enough both teams had TD's called back for offsides, but in the last quarter Flores intercepted a Cyclone pass; Rattan took it down close to the goal line, and Flores took it on over for the TD. Cyclone Jason Phillips blocked the extra point attempt.

Outstanding offensive players for the Cyclones were Andy Woody, Jarrod Jeffcoat, and both Billy Grissom and Robert Mayberry intercepted passes. Outstanding defense for the Cyclones were Jason Phillips, Jarrod Jeffcoat, Robert Mayberry, Paul Reaves, David McBride, Mark McGinness and Brian Wagnon. Outstanding Oilers were Shane Weibe, Shannon Berry, Kevin Bentley, Joe Flores, Rayford Rattan and Robert Wages.

Steelers 7 and Cowboys 0—In a close game the Steelers defeated the Cowboys due to the efforts of Quarterback Jeff Roark, who passed to Hohertz, made a 20 yard run, then scored both the TD and the point after; and fine defense.

sive and offensive performances turned in by the entire Steeler team. The Cowboys played excellent defense and offense. The Cowboys and Steelers will have to forgive this reporter for not giving proper credit to all outstanding players. My Steeler/Cowboy roster went astray, but I'll make up for it next week. Bear with us, kids. We parents make wrong errors, too. One particular highlight of the game was when Dee Wages made a fantastic pass completion—the only problem was that she was an ineligible receiver. Doug Witt did a fine job of passing, too.

Cubs 20 and Indians 0—The Cubs began their quest for victory on a hand-off from Quarterback Kyle Crockett to Jimmy Parker, who ran 40 yards for the TD. Jason Streiff later added a safety to the Cubs credit. The third Cub touchdown came on a kick-off when Justin Heyser made a 40 yard run, and on the next play Jimmy Parker carried the ball in for the TD. Roy Worley made the extra point. Kyle Crockett scored the last Cub touchdown and the extra point attempt was no good. Brack Dempsey also turned in a super performance for the Cubs.

Outstanding Indian players were Kelly Cozart, Charles Hamilton, Brad Goosen and Kevin Hale.

By Lynn Wages

NOTICE

A BIG THANKS TO EASTLAND COUNTY CITIZENS

The clients and patrons of the Eastland County MHR work center extend a heartfelt thanks to the citizens of Eastland County.

The response to the September garage sale and appeal for contributions to the memorial fund was outstanding. The garage sale, due to the generous support of the community raised approximately \$850. Cash donations and sale of aluminum has raised the total receipts to \$1230. To insure that the work center remains open throughout the year the work center needs \$8900. Therefore your continued support is needed.

On Saturday, 31 October 1981 the work center, located at 306 W. Plummer, Eastland, Texas will hold a one day garage and bake sale. A large amount of merchandise will be available to select from in addition to delicious home made pastry and bake goods. Additionally there will be gift items from which you can start your holiday gift shopping. We need your help so please come out and support your MHR work center.

We can always use additional merchandise and for the Bake Sale your donation of pastries or bake goods will be appreciated. If you have merchandise you wish to donate please bring it to 306 W. Plummer anytime between 9 a.m. and 3 p.m. daily. We would like to have your pastries and bake goods Saturday morning between 8 and 9 a.m. For any questions concerning this sale please contact Idella Taylor at 629-2341 or 629-8293.

News From The Center

By Mae Green

The residents were treated to apples and oranges recently. The fruit was given to the residents by the Cisco Lions Club members. The fruit was appreciated very much.

The residents were also treated to a delicious carrot cake brought by Mr. Roy Taylor. Thank all of you for being so thoughtful.

Due to the rainy weather on Tuesday, the 13th, the ladies at the Center, who go to the CJC Cosmetology Class to have their hair done, were unable to go. Mrs. Eva Humphreys cared enough to come to the home and do the ladies hair. Thank you, Eva. We really appreciate the concern our volunteers have for our residents.

We are happy to have Mrs. Ethel Crow back home from the hospital.

Our newest addition to our family are Herschel Bassett and Juanita Neely. We are happy to have them with us. We'll do our best to make them feel a part of our family.

You are always welcome to come by whenever possible.

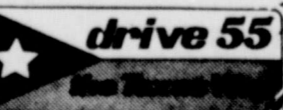

Thank you for taking time to care.

BIRTHS

ERIKA RAE HOHMANN Donovan and Clydeann Hohmann are the proud parents of a baby girl, Erika Rae Hohmann, born October 17, 1981, at Seton Memorial Hospital in Austin. She weighed seven pounds and nine and one-half ounces and was 21 inches long. She is welcomed by one brother, Heath, who is three years old. Grandparents are Mr. and Mrs. Kelly Coats and Ms. Winona Hohmann of Llano. Great-grandparents are Mr. and Mrs. Reuben Coats of Cisco and Ms. M.J. Agnew of Fort Worth.
