

HALL OF REMARKS

BY HERREL HALLMARK

IT SURE has been nice lately with the warmer temperatures and sunny days. A person could get used to the type of weather we have been having this week.

I, for one, have been glad to see the nice spring-type days come along. It is nice to be able to go outside and enjoy the warm sunshine.

DRIVING ALONG south Avenue D Friday morning, I noticed bluebonnets coming out in force in several yards along the street. They are really pretty and seem to be forecasting spring.

Also forecasting spring, are the fruit trees around town which seem to be in full bloom. Let's hope we do not have another bad freeze which would kill all the blooms.

ANOTHER BAD freeze would also hurt a lot of gardens around town. It seems there are a number of people who have broken the ground for their gardens and already planted some things, especially onions.

Gardens can come in handy if you don't mind working in them. With the high prices of food it sure makes it nice to be able to go out in your garden and pull something, or pick something, which you don't have to pay for before you eat.

Of course, I know it costs money for the original plant or seed, and for the water when it doesn't rain enough to keep the plant alive; but, still it is usually cheaper in the long run.

Besides, just think of the satisfaction you get of having something edible on your table which you grew in your garden.

Gardens in my family are left up to my wife, since I hate working in them. I don't mind breaking up the ground or watering the plants, but as far as planting or gathering up the grown vegetables, I do not care for that job.

I GUESS you heard about the new private club which recently opened north of Eastland. You know, for a dry precinct it sure seems to be getting wet around here.

CISCO SEEMS to be on the grow again, as far as new businesses go, with the recent grand openings and open houses of several new businesses in the past few weeks.

One thing I wish someone would do, is open a place for young people to go and have fun. A movie right here in Cisco would sure be nice, not necessarily just for the younger people. Also, any other type of facility which would give pre-driver's licensed children somewhere to go on weekends.

LETTERS TO THE EDITOR

CAN'T AFFORD IT

There comes a time when that old "can't afford it" won't fit the bill. That's what has happened to good ole Cisco. We couldn't afford it for so long, that now we have to afford it. Seems our choice is fix it, or do without it. There isn't much way we can do without either of the three things we need—water, sewer treatment plant and sewer line. It is my understanding that Cisco is the only town in Texas where water supply isn't approved. That bothers me, but not as much as when I hear someone say "if it was good enough for my Pa it's good enough for me." To me one of the objectives of life is to leave the place a little bit better than we found it. 1982 can be the time we can all do just that, by voting for all three items on the city benefit. I'm going to.

Catherine Abbott
P.S. Gene said he had been here since 1912. I want you to know he married a child bride.

CISCO KID
CAR WASH
3rd St. and Ave. E
Where Most People Wash. Wash your venetian blinds, throw rugs, motor.

WE CERTAINLY want to express our appreciation to the Kiwanis Club of Cisco and the volunteers who are helping to restore the miniature golf course at Lake Cisco Park. I believe that will be a first step towards giving parents an answer for their children when they say, "There is nothing to do in this town."

WE ALSO THANK the local churches who try and provide out-of-town activities for children to attend with an adult-sponsored group. It just seems a shame that they have to go out-of-town to find anything which will interest younger people.

CHAMBER OF Commerce Board members attended the Open House Wednesday of the recently opened Cisco Loan Production Office and Teller 24, located at 202 West 8th, Cisco, to welcome the new business to the community. Those persons shown are (left to right) Robert Dudley, CofC board member; Rex Fields, CofC board member; Jodi Crudginton, Loan Production office manager; and Shirley Hargrave, CofC board member. (Staff Photo)

Teller 24 Names Winners

The new Teller 24 of Eastland and Cisco held their Open House March 10. They also held their drawings that afternoon.

The winners for the two \$50

Diamond Can Be Chipped

The diamond, the hardest substance known, can be chipped, Al Anderson, Cisco jeweler, told the Cisco Rotary Club in a 'classification' talk Thursday noon.

Otherwise, he said, it would not be made into the beautiful stones one buys in rings and other jewelry. The 'cutting' is done by taking skilled advantage of a natural graining which exists in all diamonds and by polishing it on wheels of diamond dust.

The diamond crystal, he explained, is cubic and generally eight-sided in shape and the grain runs parallel to the sides. The size and facets, or faces, of the finished stone are determined by the character and quality of the rough gem, and splitting, if necessary, is accomplishing by locating the trend of the grain, notching it with a diamond powdered saw, and then sharply striking the selected line of cleavage with special tools.

Faceting, to realize the greatest potential brilliance of the gem, is done with special grinders. It was once done by hand and not always very efficiently. Today's grinders accurately position a selected number of facets in each circle of the gem. A flat surface at the top admits light to be reflected through the encircling facets.

There are three principal cuts, said Anderson—the European, the British, which has a larger flat top, and the marquise, the latter an elliptical shape used where an occasional flaw in a large stone would prohibit a maximum cut in the other styles.

Diamonds are measured in carats of 100 points. The carat is the largest of popular sizes in which prices are stabilized and assured marketability is a consideration. Persons investing in stones of larger sizes would find their market limited and prices subject to negotiation. Diamond prices have not fluctuated, he said, but have risen steadily over the years.

Responding to a question as to where diamonds might be purchased unmounted for investment, Anderson said he didn't know where such stones could be bought in

savings account in Eastland were Sharon Ault of Eastland and Randall Rogers of Ranger. H. Sportman of Cisco won the coffee maker.

Country Club Sets Family Night

Family night will be held Thursday, March 18, at 7:00 p.m. at the Cisco Country Club. All Country Club members are urged to bring their family's covered dish and their favorite table game.

Guests are welcome to join the fun and fellowship.

Debbie Norman Attends Seminary

Debbie Wheat Norman of Abilene attended Management Training of Success Unlimited. The seminary extended over five full days in Dallas. She is now a bonded Master Jeweler with a Nationwide Wholesale Jewelry Company.

Mrs. Norman is the daughter of Mr. and Mrs. James Wheat of Cisco.

Classique Creations was founded in 1976 by Multimillionaire Jim Tolbert. Classique is a very exciting opportunity which is full of high fashion jewelry.

GOLF SCRAMBLE SET

There will be a scramble golf tournament Saturday afternoon at the Cisco Country Club, according to an announcement. Tee-off time will be 1:30 p.m. Area golfers were invited to participate.

AARP MEETS THURSDAY

AARP will meet Thursday at 6:00 p.m. for its regular covered dish supper and a program featuring St. Patrick's Day.

WORD OF GOD

For Those Who Feel Insignificant Before God:

GRASS FIRE HERE

Cisco firemen answered a grass fire alarm on the Missouri-Pacific Railway right-of-way east of town last Wednesday night. A freight car "hot box" was believed to have started the blaze as similar fires broke out earlier after the train passed through Olden and Eastland. No damage was reported.

The winners of the \$50 savings account were Bill Austin and Mrs. A.J. Woosley, both of Cisco. Debra James was the winner of the coffee maker.

Absentee Voting To Begin Monday

Absentee voting in the April 3rd City of Cisco council and bond elections, the public school trustee election, the junior college regent election, and the hospital board director election will begin Monday, according to announcements.

Voting in the city and

Street Widening Won't Be Costly

Widening Avenue D from 12th to 22nd Street will cost the City of Cisco about \$1,300,000, City Manager Mike Moore reported Friday. There had been rumors that the project would be costly to the city and this is not a fact, Mr. Moore said.

Representatives of the electric, gas and telephone companies met Thursday with the city manager. They have agreed to pay their own costs, Mr. Moore said. Costs to the city will be for moving water lines.

The state will pay for moving any private property that will have to be moved, the city manager added.

REST TAKE A AREA BREAK

THEY MEAN BUSINESS—This above sign was erected during the past week in the new Oaks Addition on West 14th Street, indicating that the developers are ready for business. Plans call for 14 homes to be built in the Oaks Addition, located between 14th and 15th Streets in the area of the old water standpipe. Plans call for construction work to start soon on two houses. (Staff Photo)

Local Lions were given stickers and literature for distribution to places where runaway teenagers might find the telephone numbers. Mrs. Truman Kirk and Robert (Bubba) Smith were guests.

City Manager Mike Moore said the contractor has agreed to do the work at a cost of from \$5 to \$7 per running foot. It will be the property owner's obligation as the city has no funds for curb and gutter, Mr. Moore said.

Runaway Hotline Project Outlined

The district Lions Club Runaway Hotline project was outlined in a talk by Cotton Starbuck of Bryson at the weekly luncheon of the Cisco club last Wednesday noon at White Elephant Restaurant.

Runaway Hotline is a project that provides runaway young people an opportunity to telephone their homes anywhere in Texas or the nation, Mr. Starbuck said. In Texas, calls may be made by dialing 1-800-392-3352 and nationwide by dialing 1-800-231-6946.

The project was started in Houston in 1973 and has grown each year, Mr. Starbuck said. Some 85 volunteers man the hotline telephones throughout the day and night, he added. The hotline has handled nearly 500,000 calls since its beginning. Sixty-five per cent of the calls were made by runaway girls, he said.

City Manager Mike Moore said the contractor has agreed to do the work at a cost of from \$5 to \$7 per running foot. It will be the property owner's obligation as the city has no funds for curb and gutter, Mr. Moore said.

At Lions Meeting

Mr. Haun noted that he has heard some opposition from property owners along the route. He added that it has been his experience that once widening work is finishing the property owners are pleased with it.

City Manager Moore informed the Council that some 56 suits were due to be filed before the week's end in a program to collect delinquent city taxes. Total amount of taxes involved in the 56 suits was \$23,206.

Mayor Ritchie and all members of the Council were present along with the city manager, City Secretary Ginger Johnson and City Attorney W.B. Wright, Jr.

Contract Is Approved By City Council For Paving 15 Blocks

Lipham Construction Company of Aspermont was the low bidder for a contract to pave some 15 blocks of Cisco streets as the City Council opened bids on the project at their semi-monthly meeting last Tuesday night at City Hall.

The Lipham bid was \$42,466--\$29,661 for 13th

Street from Avenue D to Avenue M and \$12,805 for Avenue N from the end of the pavement passed 14th Street to IH-20 access road. Other bidders were Brontke Bros. Construction Co. and Pioneer Construction Co., both of Abilene.

City Manager Mike Moore was to complete contracts for the project Wednesday,

and he planned to obtain information for property owners on the two street to obtain curb and gutter in front of their homes. The contract calls for pavement without curb and gutter.

The Lipham bid called for 45 working days to complete the pavement. Work will begin in the near future, a company representative told the Council.

In other action, the Council passed on final reading an ordinance vacating the alley

Cisco Softball Assoc. Meeting Set For Monday

The Cisco Softball Association will meet Monday, March 15, at 7:30 p.m. at the Chamber of Commerce office.

Curb and Gutter To Be Available To Home Owners

Residents of West 13th Street between Avenue D and Avenue M and of Avenue N south of West 14th Street will have an opportunity to obtain concrete curb and gutter as their streets are being paved in the near future, City Manager Mike Moore reported Friday.

Mr. Moore said the contractor has agreed to do the work at a cost of from \$5 to \$7 per running foot. It will be the property owner's obligation as the city has no funds for curb and gutter, Mr. Moore said.

All property owners along the streets to be paved will receive a letter regarding curb and gutter, Mr. Moore said. It was understood that all property owners must enter into an agreement if the curb and gutter is to be poured.

The city awarded Lipham Construction Co. of Aspermont a contract for the paving work last Tuesday night.

Runaway Hotline Project Outlined

The district Lions Club Runaway Hotline project was outlined in a talk by Cotton Starbuck of Bryson at the weekly luncheon of the Cisco club last Wednesday noon at White Elephant Restaurant.

Runaway Hotline is a project that provides runaway young people an opportunity to telephone their homes anywhere in Texas or the nation, Mr. Starbuck said. In Texas, calls may be made by dialing 1-800-392-3352 and nationwide by dialing 1-800-231-6946.

The project was started in Houston in 1973 and has grown each year, Mr. Starbuck said. Some 85 volunteers man the hotline telephones throughout the day and night, he added. The hotline has handled nearly 500,000 calls since its beginning. Sixty-five per cent of the calls were made by runaway girls, he said.

Mr. & Mrs. J.C. Poe to be honored for 50th Anniversary

Mr. and Mrs. J.C. Poe will be honored Sunday, March 14th, with a 50th wedding anniversary reception at the Womens Club House from 2:00 p.m. until 4:00 p.m. Hosting the reception will be their daughter and son-in-law Mr. and Mrs. Donald Lee of Midland. All their friends are invited to come and help them celebrate their Golden Wedding Anniversary.

No gifts please. Poe was born November 27, 1910 in the Long Branch Community, son of the late Silas and Una Reese Poe. Mrs. Poe was born June 11, 1913 in the Staff Community, daughter of the late Overton and Lela Bates Stone. Eastland County has been home to both of them all of their lives. They met while in High School at Carbon, Texas. After Graduation in 1930 they were married March 14th 1932 in Palo Pin-

to, Texas. In August of 1936 they moved to Eastland from Cisco, Poe worked as a butcher for Walters Grocery Store and she worked for Parker Floral. In 1946 the Poes opened their own shop, Poe Floral and operated it for 22 years. After selling their shop Mr. Poe ranched until 1981 and Mrs. Poe worked as sales lady for Brays Dept. Store. Both are now retired.

They are members of First Baptist Church in Eastland the Key City Kampers Travel Club of Abilene serving this club as officers the past four years. They are members of Lake Leon Boat Club. Mrs. Poe is a member of Civic League and Eastland Co. Art Ass'n.

They have two grandchildren Vicki J. Green a nurse from Memphis, Tenn. and Tim Green a Senior at Lee High School in Midland.

Three Eastland County students receive achievement honors

Three Eastland County students have received Achievement Scholarship honors at Hardin-Simmons University.

They are La Quita Lorraine, Jeffrey Johnson and Vance O'Brien. Miss Lorraine is the daughter of Mr. David Lorraine of Rt. 4 Cisco. She is an Elementary Education major at Hardin-Simmons.

Johnson is the son of Mrs. Doris Johnson of 507 East Sadosa, Eastland. He is a biology major at Hardin-Simmons.

O'Brien is the son of Mr. and Mrs. H.V. O'Brien of 1201 South Seaman, in

Eastland. He is a Chemistry pre-med major at HSU. Mr. O'Brien is a 1953 graduate of HSU and Mrs. O'Brien is a 1960 graduate.

The Achievement Scholarship is presented to those students who were high scorers in college entrance exams, National Merit finalists or semi-finalists, or had the highest average in their graduating class in high school.

Hardin-Simmons is a multi-purpose university affiliated with the Baptist General Convention of Texas. It recently celebrated its 90th birthday as the oldest liberal arts institution in Abilene.

GUEST SLOT

Latest press release indicates that the new National Retired Teachers Association-American Association of Retired People's Retired Persons Pharmacy of Texas, Inc. (non-profit) is now open in Fort Worth.

It's the tenth such facility in the nation. According to the press release, Cong. Jim Wright, House majority leader, will be the keynote speaker at the dedication and open house there on April 19th at 10 a.m.

The pharmacy will provide a complete line of prescription and over-the-counter drugs to members, 55 years and older. It will have the capacity of filling between 4,000 and 5,000 orders a day, providing both a mail order service and a walk-in pharmacy.

NRTA-AARP has over 12,000,000 members nationwide.

This announcement brings to mind an incident that involved Rep. Wright many years ago.

He was to be the speaker at the County Farm Bureau barbecue and arrangements had been made for locals to fly down, pick up the congressman for the speech and return him afterwards.

Flying over Lake Leon, the locals boasted to Rep. Wright, about what Eastland and Ranger folks had done with a bond issue to provide the lake and adequate water.

He suggested that the plane go around by Comanche and when it was over Lake Proctor, he said, "Look at that. The folks here got this Corps of Engineer project, and it didn't cost them a thing."

It made you wonder then, and it makes you wonder now.

COTTON FARMERS LIKELY TO REDUCE ACREAGE—Most Texas cotton farmers will likely participate in the 15 percent acreage reduction program recently announced by the Secretary of Agriculture, says an economist with the Texas Agricultural Extension Service, Texas A&M University System. While participation is voluntary, farmers must comply if they wish to be eligible for target price protection and Commodity Credit Corporation loans on their 1982 crop. And that's incentive enough since farmers are faced with a poor price outlook for this year's cotton crop due to surplus supplies.

Board of Directors named for John Clark fund

The board of directors of the John Clark Memorial Scholarship Fund has been expanded by two members it has been announced here as contributions continue to come in from all directions to the fund.

Wendy Porter of Eastland National Bank and Ed Sargeant are the two new appointees to the board, joining Jay Clark, I.W. Ussery and an Eastland attorney. The board will be in charge of arranging for the contributions to be used toward the education of the Clark children.

John Clark died as the result of injuries in a truck accident near here recently when he veered the truck he was driving in order to avoid hitting a stopped school bus, children boarding the bus and a vehicle stopped for the bus.

Contributions may be left at any of the banks or savings and loan associations in the county, left at the Justice of the Peace office in Eastland or at Eastland National Bank, or they may be

mailed to the John Clark Fund, Post Office Box 788, Eastland, 76448.

Weddings

MRS. MICHAEL BART DAVIDSON

Kathy Parrott and Michael Bart Davidson Wed Saturday At 4

Kathy Parrott became the bride of Michael Bart Davidson in a ceremony performed at 4:00 p.m. Saturday, March 13, at the Western Hills Church in Stephenville. Rev. Willard Moody of Oklahoma City read the wedding vows.

The bride is the daughter of Mr. and Mrs. Johnny Parrott, Route 3, Cisco. The bridegroom is the son of Terry Davidson of Stephenville and Mrs. Sandra Harmon of Oklahoma City. Kay Therwanger of Midland, friend, was the maid of honor. Scott Davidson of Oklahoma, brother of the bridegroom, was the best man.

Ushers were Jimmy Hibler and Dean Gunther, both of Stephenville.

The bride, given in marriage by her father, wore an ivory gown of bridal satin with an empire waist embroidered in ivory lace. Her veil was attached to a ring of roses. She carried a bridal bouquet of ivory, peach and yellow roses.

The maid of honor wore a pale yellow dress. She carried a silk fan with ivory, peach and yellow roses.

The reception was hosted by the brides parents at the Western Hills Church.

The bride is a graduate of Cisco High School. She is presently attending Tarleton State University in Stephenville as a senior.

The bridegroom is a graduate of Wayne High School in Wayne, Oklahoma. He is a carpenter.

The rehearsal dinner was hosted by Mr. and Mrs. Terry Davidson at the Ramada Inn in Stephenville. The couple will live in Stephenville following a wedding trip.

Announces Engagement

Mr. and Mrs. Thomas Edward Burleson, Jr., of Waxahachie have announced the engagement of their daughter, Lori Nanette Burleson, to Walter Lee Johnson, Jr., of Eastland.

Miss Burleson is the granddaughter of Dr. and Mrs. T.H. Epton of Enid, Oklahoma, and Mr. and Mrs. Thomas Edward Burleson of Waxahachie.

A graduate of Waxahachie High School, Lori is a senior dental Hygiene student at Baylor College of Dentistry in Dallas.

A graduate of Eastland High School, Lee is a student in Baylor University School of Law. He is the grandson of Mr. and Mrs. Walter T. Moore and Mr. and Mrs. Richard L. Johnson of Lampasas, Texas.

The couple will be married on June 19, 1982, at the First Baptist Church of Waxahachie, Texas.

CHS Graduate Receives Award

Three NT students received awards in the statewide commercial design competition sponsored by the Texas Institute of Building Design, in competition with junior and senior students from other Texas universities and technical schools.

Linda Warr, Carrollton senior, received the \$75 first place prize.

Brad Woolsey and Julie Zinck, both Denton seniors, tied for second place and received certificates. No third place was awarded because of the tie.

"All of the students deserved first place," said a judge of the competition. "The scores were very close."

The top three scorers entered designs they had created for Advanced Architectural Design, a class taught by Roy Trapp of the NT industrial arts faculty. Mr. Trapp is a graduate of the Cisco High School class of 1949.

The designs were for a two-story office building, taking students 90-100 hours to create. Their designs included site plans, floor plans, exterior elevations of the front, rear, left side and right side, structural details, foundation plans and lettering.

The plans had to have at least 2,000 square feet per floor. "I am very proud of the students," Trapp said. "We have entered before with entries I thought should win and didn't. So, the competition is tough."

The Texas Institute of Building Design is a state association of designers of homes, apartments and commercial and industrial buildings.

Cisco Library News

The Cisco Public Library is the honored recipient of "The American Red Cross - The First Century", a pictorial and narrative history of the Red Cross since 1881, written and edited by Patrick F. Gilbo to commemorate the 100th anniversary of this organization. The book was presented to the 20th Century Club at its February meeting by Roy Cartee, chairman of the Eastland County Chapter. More than 300 photographs, culled from some 35,000 photographs in the Red Cross Archives (some dating back to the Civil War) are contained in this magnificent publication that is almost as much a history of the United States as it is of the Red Cross. In pictures and prose and even a bit of poetry, is the story of Clara Barton, founder of the Red Cross, organization's involvement with the U.S. Government, and its services during disasters and wars throughout the world. The book defies description - Come and See. The Library and Club are most grateful to the Red Cross and to Mr. Cartee.

April will bring a new shipment of about 50 on-loan books from the Abilene Big Country Library System. Mrs. Mary Bob Leveridge, librarian, has also ordered a number of new books and one has already arrived: John Jakes, "North and South," a Civil War story with settings extending far beyond the battlefield areas.

The only good thing we know about the closing of the local business office of Southwestern Bell is that the Company donated to the Library all its directories of Texas cities, plus those for Shreveport, Oklahoma City, St. Louis and Tulsa. The bookstand was included - for all of which the Library is most appreciative and happy to make available this reference service.

The Library has a special shelf of books by Cisco authors, some of which are: Hiram McCannlies, "Passing Dreams"; Joseph D. Stamey, "With God in the Light"; Viola Payne, "Three Angels Over Rancho Grande" and "Phantom of the Caballo Mountains"; Bill Roberts, "Where the Rails Crossed"; Lela Lloyd, "If The Chief Vann House Could Speak" and "The Best Damn Teacher"; James C. Barnhill, "Tell Us, Daddy"; Pearl Ghormley, "Eastland County, A Historical and Biographical Survey," and 1972 publications about her son, James Grant Ghormley, Jr., now deceased, "Ghormley and

deducted to determine whether a continuation is justified." Colonel Adams said the DPS hopes to recruit 268 new troopers this year, including the 92 who presently are in training. Recruits live in the DPS law enforcement academy in Austin during the 18-week training course. The starting monthly salary for recruits \$1,223. Upon graduation, the officers are paid \$1,347 per month plus allowances for uniforms and equipment. These salaries will increase September 1, 1982. "The Department continues to emphasize the recruitment of minorities consistent with our philosophy that a law enforcement organization must be representative of the community it serves," Adams pointed out. Of the 92 recruits scheduled to graduate from the law enforcement academy on May 14, 1982, 35 are members of minority groups. There are six women in the class.

DPS Trooper Candidates May Substitute For Hours

Colonel Jim Adams, Department of Public Safety director, announced today that "effective with the June recruit class, DPS trooper candidates may substitute law enforcement-related experience for the current educational requirement of 60 college hours. Thus, applicants with two years of commissioned law enforcement experience or two years of honorable active military service would be eligible for a waiver of the two year college requirement. Likewise, one year of such qualifying experience could be substituted for one year college work."

"This temporary modification is intended to increase the reservoir of qualified applicants yet ensure a continuance of the high personal standards which have been the hallmark of the Department's success."

"An evaluation of the results of the temporary modification of educational requirements will be con-

Offset Printing Press" Mrs. George Langston's "History of Eastland County" published in 1904.

Argye M. Briggs, "The Harp in the Cave" and four other books (Ms. Briggs is daughter of Hiram McCannlies.)

This list is inconclusive; we will welcome comments and additions.

The Magazine Table still has many magazines of worth. Someone bought all the National Geographics (but we can get more) and the "Good Old Days."

Library Hours: Tuesday, Thursday and Saturday, 2:00 to 5:00.

AUGUST ALAN INGRAM

Joel and Nita Ingram announce the birth of their son, August Alan, born at 5:15 a.m. February 22. He weighed eight pounds and eight ounces, and was 21 inches long. He has three brothers, Joel, Terry and Henry. Maternal grandparents are Mr. and Mrs. Aubrey Easter of Cisco. Maternal grandfather is Walter Lenz of Cisco. Paternal grandparents are Mr. and Mrs. Calvin Ingram of Cross Plains.

JESSICA ANN IVIE

Jessica Ann Ivie was born February 16, 1982, in Grady Memorial Hospital in Chickasha, Okla. She weighed five pounds and 13 ounces. She was welcomed home by Jason, Allison and Jonathan. Her parents are Mr. and Mrs. Russell Ivie of Moore, Okla. Maternal grandmother is Mrs. Margaret Beck of Chickasha, Okla. Paternal grandparents are Mr. and Mrs. Woodie Ivie of Moore, Okla., formerly of Cisco. Owen Ivie of Cisco is the great uncle of Jessica.

Girl Scouts Make A Big Splash On 70 Birthday

On March 12 Girl Scouts nationwide celebrated the 70th birthday of their organization and sharing the spotlight with the United Nations International Water Decade as they help focus the nation's attention on an important global concern.

At the end of 1982, Girl Scouts of the U.S.A. will gather together the results of water projects carried out across the nation and present them to the country in a special Washington ceremony.

In the 19-county Heart of Texas Council girls concentrating their efforts on ten major areas: water

habitats, water safety, water conservation, clean water, water: the arts and our past, water and food, water emergencies, aquatics and boating, mainstreaming people with disabilities, and careers in the world of water.

Campers at Camp Wood Lake, the Girl Scout camp on Lake Brownwood, will be looking with renewed interest at the animal and plant habitats lying just off their shores, studying the life cycles, and discovering what they can do to improve the living area around the lake. Special studies get underway in April and continue throughout the summer.

Water safety has long been an integral part of Girl Scout programs at camp. Girls are excited about the addition this summer of two more "ships of the line" to the sailing fleet that began to grow just four years ago. An outgrowth of the canoeing and sailing program at Camp Wood Lake is an August trip to Mystic, Connecticut, where the girls will receive advanced sailing instructions.

Heart of Texas Council president Wilmer Crum of Mineral Wells pointed to the 70-year history of Girl Scouting as "a precious natural resource on which our communities and our nation have come to rely."

"It's a force of nearly 3 million girls and adults who make a collective impact on our lives in ways only Girl

Scouts can," Crum said. "Girl Scouts are contemporary, yet concerned about conservation of the best America has to offer. Always changing, yet constant as a positive influence on the lives of girls and young women, Girl Scouting imparts values and encouragement that last a lifetime," Crum said.

Read it for yourself.

Hero, 2½ yrs. old Rescues Brother

Rising Star can boast of a hero only 32 months old, Little Shaun Fox, whose efforts saved his baby brother from more serious burns than those he suffered in an accident here Sunday.

Shaun and Cheyne, the 20-months-old victim, are sons of Brady and Julie Fox of East Pioneer St., Rising Star.

Cheyne had pushed his little red wagon onto hot coals left from the tree and briars his father had burned earlier Sunday morning, apparently had lost his hold on the wagon and fell, receiving second degree burns on both hands and both feet. Shaun, clapping his hands around Cheyne's neck, pulled his brother from the danger zone.

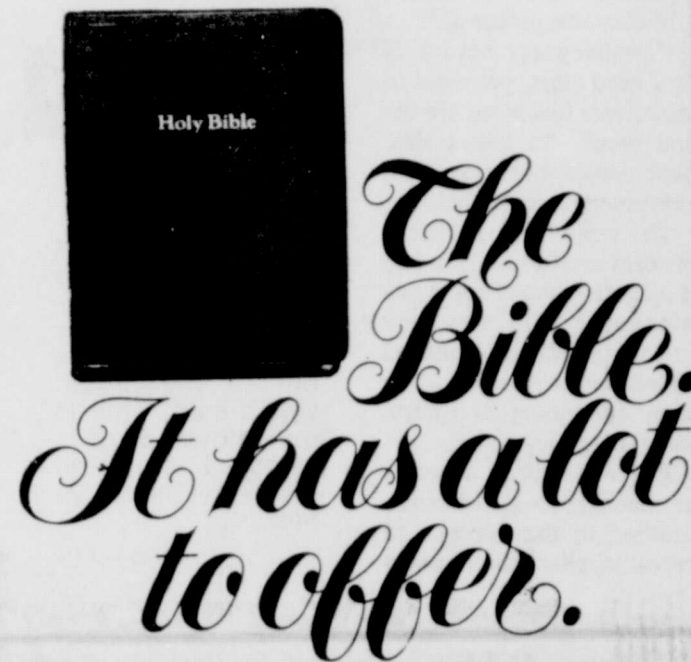

Older sister, Michelle, 8, had picked up Cheyne and was carrying toward their home when Brady, hearing the alarmed

cries of the children, rushed out of the house.

Later in the day, after Cheyne was treated for his burns, his parents began piecing the facts of the event together and learned from Shaun that he had rescued his brother from the area of hot wood coals. Brady and his father,

George Fox, then discovered the little wagon, still there, with its wheels melted and burned.

Julie Fox related that, although that Michelle was carrying out her efforts with sobs bordering on hysteria, little Shaun was matter-of-fact about the events and his own part in the drama.

ROSE CULTURE

With spring just around the corner and recent spring-like weather, interest in flower gardening and yard work is on the upswing. One enjoyable and rewarding form of flower gardening is rose gardening.

Successful rose gardening requires intensive management. However, with hard work and diligence the results can be rewarding. Beautiful roses are the result of proper cultural practices and preventative measures taken early in the growing season.

Rose culture begins with pruning in the early spring when new shoots are 1/4 inch long. Remove all dead wood and shorten the remaining branches by one third.

Roses are heavy users of nutrients and require regular applications of fertilizer for optimum growth. Begin fertilizer application with new growth in the spring.

Area soils tend to be alkaline, which tends to encourage iron chlorosis. This is a condition where leaves turn yellow and drop. It is due to an iron deficiency. Application of an iron chelate will cure this problem.

Now that your roses are off to a good start, you want to make sure that roses are the end result. To insure this, pest problems must be prevented or controlled.

The major pest problems of roses or diseases. The two major diseases of roses are blackspot and powdery mildew. These diseases should be prevented rather than attempting to control them after they occur.

Begin the spray schedule as soon as new growth commences in the spring and repeat applications at inter-

vals of 7 to 10 days throughout the growing season. The most recommended chemicals for prevention of both diseases are Benlate and Folpet.

Blackspot can be distinguished from other spots by the dark colored spot which is often surrounded by a yellow halo. Powdery mildew is characterized by foliage which appears to have been dusted with flour. Younger leaves also have a tendency to curl upward.

The major insect pests of roses are aphids, thrips and spider mites. Aphids and thrips are usually a problem in the early season. They may be controlled with Diazinon, Cygon, Defend or Meta-Systok-R. Spider mites tend to be more of a problem later in the season when the weather is hot and dry. The best chemical for control of spider mites is Kelthane. Insects should be treated on as needed basis.

Follow recommended cultural practices and apply preventive fungicides for beautiful and healthy roses. For more information contact your County Extension Office.

WORD of GOD

Fulfillment (New Testament)

While he yet spake, behold, a bright cloud overshadowed them: and behold a voice out of the cloud, which said, This is my beloved Son, in whom I am well pleased; hear ye him.

Matthew 17:5

News

SUMMER CAMPING AT THE 4-H CENTER

Summer is camping time and the Texas 4-H Center at Brownwood offers a camping experience that has no equal.

The program includes living and learning in an outdoor setting of 78 acres of wooded land on the shores of Lake Brownwood, says Christy Gentry, County 4-H program coordinator with the Texas Agricultural Extension Service, Texas A&M University System.

Campers participate in numerous educational activities and skills training, including canoeing, sailing, handicrafts, swimming and spots.

They also take part in songfests, talent shows, dances and a host of special programs.

Camping programs for this summer are set up for different age groups according to the following schedule: July 11-14, ages 12-14; July 14-17, ages 9-11; July 18-21, ages 9-11; July 25-28, ages 12-14; July 28-31, ages 9-11; Aug. 1-4, ages 15 & up; and Aug. 4-7, ages 12-14. The cost is \$49.00. This includes all meals, lodging, evening refreshments, and accident insurance.

Experienced resource teachers and qualified college-aged counselors will conduct classes, Christy Gentry notes, while adult leaders and county Extension agents will supervise campers.

Additionally, a full-time staff is on hand at the 4-H Center to look after the needs of campers, and lifeguards will be on duty during swimming activities. Application forms for the

4-H summer camping program may be picked up at the county Extension office, says Ms. Gentry. Reservations are made on a first-come first-served basis.

Leaders sponsor concession stand

The 4-H Adult Leaders Association will be sponsoring the concession stand during the County Livestock Show, March 18, 19 and 20th. The concession stand will serve a variety of good foods including: hamburgers, burritos, nachos, red beans ad cornbread, chili packs, french fries, corny dogs, and home baked brownies, cookies, pies & cakes.

This is the major money making project for the 4-H Adult Leaders Association. Proceeds will be used to sponsor upcoming 4-H activities, awards, trips, etc.

The work schedule for the concessions stand is as follows:

THURSDAY, MARCH 18th
9:00-12:30 - Eastland and Ranger

12:30-7:30 - Gorman
FRIDAY, MARCH 19th
8:00-11:30 - Nimrod & Carbon

11:30-3:00 - Rising Star & Cisco Country Kids
3:00-6:30 - Ranger & Cisco Good Times Gang

6:30-9:30 - Carbon & Eastland
SATURDAY, MARCH 20th
8:00-11:00 - Cisco Good Times Gang & Rising Star

11:00-2:00 - Cisco Country Kids & Nimrod
2:00-9:30 - Volunteer Workers Needed

4-H families are reminded to bring baked goods for the concession stand.

Homemaking Hints

By Janet Thomas

This year, many people will buy more ceiling fans for homes and businesses, and from all expectations, they'll make a big difference in energy savings for spring and summer.

Families will be setting thermostats from 76-80 and turning on the fan - to find they're still comfortable and have air-conditioning savings of from 18-25%. One of the best reasons for a fan is money!!!

One major electric utility company says that a one-ton air conditioner costs about 10 cents per hour to operate. A fan costs less than a penny per hour to operate.

You don't have to be a whiz in math to figure the difference - 10 hours of one or the other can add up to either a dollar or a dime.

Of course, fans don't actually lower room temperature, but the constant breeze makes you feel cooler.

The cost of having a ceiling fan installed can sometimes run as much as the actual cost of the fan, so be sure to consider this before buying.

Some fans have only a few instructions on installation, but others are complete with pictures, so it's possible to install the fan yourself.

Be sure to pick up the instructions when you buy the fans, and read them carefully.

Manufacturers will tell you if fans can be installed on ceilings as low as eight feet. They usually say mount the fan to a standard three or four-inch function box securely anchored to support 45 pounds.

A ceiling fixture already in place is the easier place to hang a ceiling fan. This gives you ready access to electricity and puts you near a ceiling joist, since the ceiling box (the metal box up in the ceiling that contains the electrical wiring) is attached to a joist.

Another way to hang the fan simply and easily involves placing a ceiling box to the underside of a joist and running power to it.

Another easy way to get power to the fan is to hang the fan as if it were a swag lamp, draping the power cord through a chain to the nearest wall, then down the wall to a plug. There are swag kits available for this purpose.

In deciding which way to go, remember that the first method mentioned really is the easiest way - using an existing ceiling fixture. With this method, the competent do-it-yourselfer can easily install a ceiling fan in an hour or two.

To stay cool this summer, do consider the advantages of ceiling fans in your home.

RECIPE FOR THE WEEK

If you love to eat desserts, but don't need the calories then let me share my recipe for Pineapple Orange Creme. It is very delicious and has only 100 calories per serving. I hope it is a "hit" with your family.

PINEAPPLE ORANGE CREME

1 cup graham cracker crumbs
1 T. soft butter
1/2 cup non-fat dry milk (undiluted)

NOONTAB 32: 30 MINUTES OF NEWS. ALL OF IT.

KTAB TV
YOUR NEWS STATION
We've Got You Covered

See M.H. Perry for EDUCATIONAL INSURANCE 629-1566 or 629-1095 104 N. Lamar-Eastland

NBC NEWS/MUSIC FM 97
RADIO ★ 24 HOURS

1/2 cup well chilled orange juice
1 egg white
1 T. lemon juice
1/4 cup sugar
1 (8 oz.) can unsweetened, crushed pineapple, drained

Mix graham cracker crumbs and butter. Reserve 1/2 cup crumb mixture; press remaining 1/2 of crumb mixture in ungreased baking

pan, 8x8x2". In mixing bowl, beat dry milk, orange juice, and egg whites on high speed for 3 minutes. Add lemon juice, beat another 3 minutes on high. Blend in sugar on low speed, about 1/2 minute. Fold in pineapple; pour into pan. Sprinkle top with reserved crumb mixture. Freeze at least 8 hours. Makes 9 servings.

HOMES

At Lake Leon, a large 2 bedroom, 1 bath mobil home on a deeded lot. Large patio, two storage building and other extras. This is located in a good water area. \$30,500.

A 2 bedroom, 1 bath within walking distance to post office, hospital and doctors' offices. Priced to sell at \$18,000.

If you are single or just a couple, this 1 bedroom, 1 bath home will be perfect. Just had a complete plumbing job too. Only \$15,500!

Under construction now! A 3 bedroom, 2 bath brick home. It will be carpeted, a fireplace in a 30 x 24 den and dining area, snack bar and many other extras. Pick your own colors for this one.

2200 square feet in this 4 bedroom, (could be 5), 1 1/2 bath brick home. Carpet, built-ins and a 400 sq. ft. master bedroom. Fenced back yard, large patio with Bar B-Q grill. All on a corner lot. \$82,000.

Ideal location! A 3 bedroom, 2 1/2 bath home on 2 1/2 lots. Approx. 2500 sq. ft., with builtins, central heat and air, sprinkler system, fireplace, ceiling fans and many other extras. \$76,000.

An older 3 bedroom frame home on corner lot. Needs some work done on it. Terms can be arranged. \$16,000.

Want a new home? We have large lots available in exclusive area. City water, sewer and paved streets. This area is restricted to brick homes, only. Reasonable priced from \$4500 to \$4800.

CISCO HOMES

Want a real nice large home? We have this 5 bedroom, 3 1/2 bath brick, with fireplace in living room, separate den, carpeted, built-ins, fenced back yard. 2900 sq. ft. in this one and priced at only \$85,000. Small assumption.

A nice 2 bedroom, 1 bath mobil home on 2 large corner lots. Central heat and air, large rooms, fenced back yard. You'll have country equipment, but still in city limits. Priced to sell at \$11,500.

A large 3 bedroom, 1 bath older home. All rooms are large, separate dining area, and the bath has been remodeled. Also, a separate garage and storage area. \$24,000.

Home plus rental! We have 3 mobil homes on 7 lots in Cisco. Hookups for two more. Priced to sell at \$23,000. \$375 monthly income now.

New vinyl siding on this 3 bedroom, 1 bath home. Large rooms, carpeted, storage building, combination garage and shop, and fenced back yard.

2 bedroom, 1 bath stone home on 2 1/2 lots. Lots of pecan, fruit and oak trees. Owner will consider terms. Reduced to \$15,000.

A large 2 story with 5 bedrooms, 2 baths, den, separate dining and breakfast rooms, located on corner lot. Has apartment attached. A very scenic yard with lots of trees.

A nice 3 bedroom, 1 1/2 bath home on corner lot. Central air and heat, new carpet, modern kitchen and built-in dishwasher. Also, a garage and storage area.

A large 3 bedroom, 1 1/2 bath, 2 story carpeted home. Large game room and, also, a study which could be a 4th bedroom. As a bonus, a rent house goes with property, which is fully furnished. 2 large corner lots with several fruit and other trees. Reduced to \$40,000.

SMALL ACREAGE WITH HOMES

Located in Carbon, a 3 bedroom, 1 bath home on 10 acres. Extra large den with wood burning stove, carpeted, central heat and air, outbuildings, several wells and city water. Only \$49,500.

A 3 bedroom, 1 bath home on 40 acres located near Gorman. Has a 24 x 24 building, plus a barn and other sheds. The land is all cleared and has been in cultivation. \$75,000 and owner will carry a note.

11.19 acres with a nice 2 or 3 bedroom home, 3 car garage, plus barn and other outbuildings. The house is carpeted, built-ins in kitchen and with a fireplace. Lots of fruit and pecan trees. A beautiful place. \$64,000.

We have other home, land, and commercial listings.

We appreciate your listings and business!

OILFIELD DISPATCH

County Oil Report Sunday, March 14, 1982

Cordova Resources Inc. of Dallas has revealed plans to drill five 2,600-ft. developmental wells in the Eastland County Regular Field. The operator has 1,35

acres leased, with drillsites in Eastland County's T. Benson A-21, C.L. Lewis A-1316 and H.B. Sparks A-690 Surveys and has designated the ventures as the Nos. 1404,

2004, 908, 1203, 1005 North Pioneer Unit. Drillsites are one mile north of Pioneer.

Phillip M. Pitzer of Breckenridge has filed for permits to drill No. A-1, A-2, A-3, A-4 Robert Allen "A", all developmental wells with proposed total depth of 1,950 feet, to be located within the Scranton Townsite. Location is in a 30-acre lease in Eastland County's H&TCRR Survey A-272. The Robert Allen Wells are in the Scranton Field.

A Fort Worth-based operator has staked location for the No. 1 Townsend, a wildcat to be located eight miles northwest of Rising Star. With projected total depth of 2,800 feet, the well is in a 58-acre lease in Eastland County's Green Show Field, Mary An Clark #29 A-51 Survey. The operator is Trinity Exploration Company.

A 1,900-ft. developmental well is planned by Nimrod Operating Company of Cisco at a drillsite within the Scranton Townsite, Eastland County. The location is in a 10-acre lease in the H&TCRR Survey. Well's designation is the No. 1 Morgan-Sawyer. It is in the Scranton Field.

Tex-Ace Operating Company of Houston has filed for permit to drill the No. 1 Cox, a 4,000-ft. wildcat ten miles south of Cisco. Location is in a 134-acre lease in Eastland County's H&TCRR A-1328 Survey.

A Dublin-based operator has staked location for the No. 1 Roy Harrell-John Ross, a developmental well to be located four miles north of Gorman. With projected total depth of 3,100 feet, the well is in an 80-acre lease in Eastland County's Desdemona Field, Theresa Tyler Survey #50 A-492. The operator is Joseph D. Kennedy.

Cochran & Harris of Hamilton has revealed plans to drill two 350-ft. wildcats. The operator has 110 acres leased, with drillsite in Eastland County's BBB&C Survey A-994 and has designated the ventures as the Nos. 10 and 11 Agnew. Drillsites are seven miles west of Cisco.

A 2,000-ft. wildcat is planned by Clymer-Schaaf Properties of Wichita Falls at a drillsite seven miles southwest of Cisco, Eastland County. The location is in a 40-acre lease in the H&TCRR A-186 Survey. Well's designation is the No. 1 Moore.

A Denton-based operator has staked location for the No. 4A V.L. Frazier, a developmental well to be located nine miles southwest of Cisco. With projected total depth of 2,000 feet, the well is

in a 107-acre lease in Eastland County's Madewell Field, H&TCRR A-183 Survey. The operator is Jako Oil of Texas Inc.

Guest Energy Corporation of Wichita Falls has filed for permit to drill the No. 1 Toland, a 1,800-ft. wildcat 3.5 miles west of Nimrod. Location is in a 110-acre lease in Eastland County's H&TCRR Survey.

A.C. Oil & Gas Ltd. of Cisco has revealed plans to drill two 1,750-ft. wildcats.

The No. 1 Reich to be located eight miles south of Cisco. Location is in a 160-acre lease in Eastland County's H&TCRR #81 Survey.

The No. 1 Dunning to be located eight miles south of Cisco. Location is in a 320-acre lease in Eastland County's H&TCRR #92 Survey.

At a location four miles northwest of Ranger, Show Petroleum Inc. of Breckenridge has finalized a new oil producer in Stephens County's Northwest Ranger Field.

The well is designated as the No. 3 Hames "B", pumping oil at the rate of 20 barrels per day. The well also showed potential for a small amount of casinghead gas.

Location is in a 40-acre lease in the Salvador Flores Survey A-61. Bottomed at 3,693 feet, the well will produce from perforations 3,544 to 3,566 feet into the hole.

February drilling report

AUSTIN, Tex., March 5--Railroad Commission Chairman Jim Nugent announced that Texas operators reported 107 gas and 44 oil discoveries in February 1982.

One year ago, 118 gas and 62 oil discoveries were filed with the state's energy regulatory agency.

Gas discoveries in the second month of the year included 35 in deep South Texas, 20 in Southeast Texas, 15 in West Central Texas, 12 in East Texas, 11 in the Refugio area, seven in the Midland area, three in the San Angelo area, and one each in East Central Texas, the Panhandle, North Texas, and the Refugio area.

Oil discoveries included 10 in the San Angelo area, eight in deep South Texas, six each in Southeast Texas, East Texas, and North Texas, three in East Central Texas, two each in the Panhandle and the San Antonio area, and one in the Lubbock area.

In February, operators reported 534 exploratory and field tests wound up as dry holes. New applications for permits to drill oil and gas tests totaled 2,279 in February amounted to 2,571 against 3,315 a year earlier.

Operators filed 770 amended applications to drill. A year earlier they submitted 670 amended requests.

Windfall tax exemptions not easy to implement

Some oil royalty owners have indicated that the Internal Revenue Service has not properly implemented their 2-bd exemptions from the windfall tax. Congress intended for the IRS to allow royalty owners from doing so.

Senator Bensten has objected strongly to this situation in a letter to Treasury Secretary Donald Regan. He gives the example of two neighbors in Texas who own royalty interests, one of 1.9 barrels per day, the other 2.1 barrels. The first can file the exemption certificate and no windfall taxes will be withheld. The other, according to IRS, must wait up to 16 months in order to receive a refund.

The IRS has been urged to payments by the value of the uncertified exemption.

At this time there is an attempt in Congress to develop a Windfall Profit Tax technical corrections bill which will amend some of these difficulties. Even with the 2-bd exemption on the

tax, it is estimated that roughly 30% of the revenue of oil-producing areas is going into this tax. Eastland County is one of these heavily taxed counties.

assist royalty owners who have properties which produce more than 2 b-d. One way would be to allow such royalty owners to offset quarterly income tax

Continued Texas House studies water pollution issues

An interim hearing on fresh water pollution issues was held by the House Natural Resources Committee in Odessa recently. Committee Vice Chairman Gerald Geistweidt chaired the hearing, which was attended by a number of witnesses representing the Texas Water Resources Board, the Texas Railroad Commission, and landowners in the West Texas area.

While the hearing was bill-

ed as a review of fresh water use for injection projects by the oil producing industry, most of the discussion related to casing leak and open pit problems. RRC Jerry Mullican, however, did make the point that less than ten percent of the water injected by oil producers throughout the state is classified as fresh water. Such usage is normally applied in polymer enhanced recovery projects - a "mud" treatment which is composed of a chemical called polymer. This chemical, with its low viscosity, is not inclined to build up weight in the production zone of a well.

Oil percentage depletion generally at 18% in '82

Percentage depletion of oil production in 1982, when available at all, will generally be only 18%. (20% for 1981). But in some cases the 22% rate still applies. Royalty owners and independent producers are allowed to use the 22% rate for production from secondary and tertiary processes which does not exceed the available daily barrel or cubic ft. allowance. (Generally 1000 b-d or 6000Mcf-d).

Secondary or tertiary production is defined in proposed regulations as the increased production at any time after the application of a secondary process. The

key word is "increased". A subjective estimate of "increased production" is necessary. The Internal Revenue Service audit manual calls this "a very technical engineering problem", and instructs agents to request assistance "if the amounts involved are material". The annual downward

phasing of the depletion allowance (an allowance which is used by both producers and royalty owners) is described by the industry as "unfair", and having a negative effect".

IPPA files motion asking judgement on windfall tax suit

On behalf of a number of oil and royalty owners associations who banded together to challenge the constitutionality of the Crude Oil Windfall Profit Tax, the Independent Petroleum Association of America (IPPA) filed a motion on Feb. 16th in the U.S. District Court in Cheyenne, Wyoming for summary judgement of the lawsuit.

The motion asks the Tax to be overturned on three constitutional grounds:

1. The U.S. Constitution requires that excise taxes be levied uniformly, but crude oil production from parts of Alaska is exempt.

2. The Constitution prohibits taking private property for public use without just compensation, but the tax constitutes a blatant confiscation of private property, and imposes an unprecedented burden on a small minority of the population.

3. Energy independence and the reduction of crude imports have repeatedly been cited as the fundamental purposes for adoption of the tax, but every major economic analysis of the tax shows it has had precisely the opposite effect. Since the tax defeats the purpose for which it was adopted, it fails to meet even the most minimal standard of due process as required by the fifth amendment of the Constitution.

The U.S. Government also filed motions which must be answered by April 16th. A formal court hearing on the arguments is expected to be held shortly after that date.

"News From the Republic"

INDIAN MASSACRE!

We are deeply pained to learn that a party of fourteen have been all massacred by the Indians, about thirty miles north of Austin city, between the waters of the San Gabriel and Brushy creek. We regret it the more sincerely, because some of the unfortunate victims of that tragic event, were among the most respectable and beloved of the citizens of Brazoria county.

A gentleman of this neighborhood, who has returned from Austin within a few days, relates the following particulars. On the 28th ult. Dr. Webster and family, (late of Mississippi) who desired to settle some where on Brushy Creek or the San Gabriel, left Austin in company with 13 young men, most of whom were land locators. The company had negotiated with some surveyors to meet them in about one week afterwards, by which time they could have their lands selected, and would proceed to locate immediately. Accordingly the surveyors proceeded to comply with their engagements, and when about 35 miles from Austin, they came upon the dead bodies of the whole company, except Mrs. Webster and two children, who are no doubt carried into savage captivity. The appearance of things around indicated that they did not surrender without a desperate struggle; all their guns were discharged, and most of them broken. Mr. Hicks' was broken at the

breach, a part of which he held in his hands as he lay on the field of slaughter. Some of the oxen and horses were killed, one wagon was broken, being completely riddled by the enemy's bullets, and the hind wheels of another carried off. The action was in an open prairie, and it is supposed the whites were entirely surrounded.

Two companies from Austin, under Col. Burleson and Col. Lynch, were in pursuit of the Indians when our informant left.

(Colorado Gazette and Advertiser, Austin, October 26, 1839)

The Texan Sch. of War, "Invincible", Capt. J. Brown, returned a few days ago, from a cruise along the coast of Mexico, in company with the "Terrible", Capt. Allen, without meeting with a single Mexican armed vessel. The "Invincible" sent a challenge to the Mexican Brig of War, El Vencedor del Alamo, and the other vessels lying at Vera Cruz, which was not accepted, on the pretext that the crews of the "gallant challenged" were not in a condition to fight for want of pay. The Invincible's crew landed at the river St. John and St. Paul, where they compelled the inhabitants to bring them wood and water. Subsequently, the Terrible has sent into Galveston a prize, the Mexican sloop Matilda, loaded with dry goods and provisions, and taken between Sisal and

Campechy. It appears that the powerful Navy of Mexico, as well as their Grande Armees, has caught the panic; and to get another fight they must be sought for on terra firma, in their own country. The Invincible fell in with a British, a French and Dutch vessel, all bound to Vera Cruz; the Frenchman was very much alarmed, for the stripes and single Star of our naval flag, were to him an inexplicable mystery and he supposed it to belong to pirates. When informed that it was the flag of Texas, he was still more amazed; he had never heard of such a country; knew not where it was, and the creation of a new Republic not known to him, not even mentioned in the books he had read, appeared to him like a fairy tale. Captain Brown treated him politely and he went on his way rejoicing.

(Columbia Telegraph and Texas Register,

A LITTLE REMEDY AGAINST INDIAN ARROWS... Take about 16 or 24 sheets of common blotting paper; lay them between some kind of thin layer of cotton or silk; make a kind of pancer or jacket of it to be put on in the moment of danger, and you will be invulnerable from the chin to the leg, from the most of Indian arrows and even bullets. It is no more cowardice than to stand behind a tree or to have a cuirassier; and in our big European wars the lives of many thousand brave soldiers were thus preserved, recommend it by experience.

H. Mollhausen, capt. artillery (Texas Sentinel)

Eagle Airlines Offers New Microplex Services

Carl Gibbs, general manager of Eagle Airlines of

Special Program

Set At Lone

Cedar March 18

There will be an enjoyable program at the Lone Cedar Country Club, by reservation only, beginning at 7:30 p.m. Thursday, March 18. A steak dinner will be served with all the trimmings. The cost will be \$8.00 each.

The 20 piece Cisco Junior College Stand Band, under the direction of Tim Jones, will be playing. The musical selections, which they will play, will be "Sugar Blues," "Star Dust," "I Left My Heart In San Francisco," "Blues in the Night," "All of Me," "Hello Dolly" and many others.

Pat Owens, director of the Cisco Junior College Wrangler Belles, will be the featured vocalist.

Some of the internationally known Cisco Junior College Wrangler Belles will perform several times during the program.

Make reservations by calling 647-3613 or 629-2123.

Brownwood, has announced that Eagle is continuing its \$39.00 price for tickets from Eastland's Airport to DFW.

Mr. Gibbs stated that Eagle was elated at the success they were already enjoying in new business - many business and family travelers, from Eastland and Stephens Counties, have found the new passenger and freight service a great convenience in transportation to the whole world via Eagle Airlines' service.

Because of rapidly growing business and freight travel, Eagle is increasing service to Eastland to two flights each day into DFW - one departing at 7:40 a.m. each day (except Saturday), with the new service starting soon with a 2 p.m. departure each day for DFW.

Mr. Gibbs said that more new additions and services, from Eagle, will be announced in the near future, and further adds that Eagle Airlines is growing because the area is using their services - and Eagle and its many employees want to express their thanks and appreciation to everyone for making this new service the great success it already is.

SPECIAL NOTICE

Notice has been given by the Parks and Wildlife Department that a public hearing will be held at 7 p.m. on Monday, March 15, at the County Courthouse at Eastland for the purpose of gathering information concerning proposed hunting, fishing and trapping regulations for Eastland County.

As the result of action by the Texas Legislature, the Texas Parks and Wildlife Commission is responsible for the setting of seasons, bag limits, and means and methods of taking the wildlife resources in Eastland County. All interested persons are urged to attend and comment upon the proposed regulations.

Lights from the Christian World

By: Josephine Cleveland

A mother and her daughter attended a meeting together. As they were being introduced to those in attendance they were told, "You resemble each other. Even your actions and voice are similar."

Peter, the Apostle, said "We could be partakers of the divine nature." Peter 1:4.

The mother and daughter had shared many experiences together. They had communicated often. Those who observed them saw in the daughter the likeness of her mother.

Friend, read His word; trust in His promises; communicate with Jesus and let Him speak to you; "Add to

your faith, virtue; to your virtue, knowledge; and to your knowledge, temperance; and to temperance, patience; and to patience, godliness. For if these things be in you, and abound, they make you that you shall neither be barren nor unfruitful in the knowledge of our Lord Jesus Christ." Peter 1:8.

What a privilege to grow in His likeness.

USDA peanut poundage quota regulations for the 1982 crop

Washington, March 5 - The U.S. Department of Agriculture has proposed regulations for reducing state and farm peanut poundage quotas - as required under the 1981 farm act - and has requested public comment on the proposals.

The deadline for receiving comments is March 23.

Under the proposals, each state would receive the same pro rata share of the 1.2 million-abort-ton 1982 national poundage quota it had of the 1981 quota, according to Everett Rank, administrator of USDA's Agricultural Stabilization and Conservation Service.

USDA would then establish a preliminary poundage quota for each farm that had an allotment in 1981, Rank said. Current law requires individual farm quotas be reduced based on the farm's production characteristics during the 1979-81 crop base period.

"We propose to divide peanut farms into three priority categories," Rank said. "After the division, USDA will reduce individual poundage quotas based on the priorities."

"Category 1 would include farms with inadequate tillable cropland to produce the poundage quotas; category 2, farms on which the quotas were not fully produced in at least 2 of the last 3 years; and category 3, would include quotas on all other farms."

Under law, any peanuts produced on a farm without a poundage quota or in excess of the farm poundage quota will be classified as additional peanuts and must be contracted for export or crushing by April 15, or placed in the price support loan pool for additional peanuts.

Rank said USDA will determine cumulative undermarketings for each farm, including undermarketings not used in 1980 and 1981. Under the proposal, these undermarketings could be carried over on a farm until used or until the 1981 farm act expires after the 1985 crop. Undermarketings would be subject to a national car-

royer limitation of 10 percent of the national poundage quota, Rank said.

Under the proposal, farmers would be permitted to transfer their quotas - by lease or sale - within their county, Rank said. In addition, farmers who had a quota in 1981 would be permitted to transfer their quotas to other farms they own or control, either within the county or to a farm in an adjoining county within the state.

Congressman Stenholm unveils marketing plan

WASHINGTON, D.C. - With farm prices falling to pre-Depression era levels, Congressman Charles W. Stenholm recently unveiled a voluntary orderly marketing plan - dubbed the 20-10-20 Plan - to deal with glutted markets and depressed commodity prices.

"When adjusted for inflation, today's agricultural income levels are far below even those of the Depression days," Stenholm said, "with net farm income estimated at only \$8.4 billion (in constant 1967 dollars) last year, compared to \$12 billion in 1929."

"The opening salvo of the plan that we are encouraging farmers to voluntarily adopt is quite simple," Stenholm told members of the Washington press March 4. "Stop selling any non-perishable crop below the cost of production."

Stenholm, along with 10 other farm state representatives who support the plan, outlined the four-point plan as follows:

1) Farmers immediately curtail all sales of non-perishable commodities at current prices.

Rank said farmers would be permitted to transfer their quotas to other farms they own or operate in nonadjoining counties in eight states: Arizona, Arkansas, California, Louisiana, Mississippi, Missouri, New Mexico and Tennessee.

All Transfers would be on a pound-for-pound basis with no productivity adjustments, Rank said.

Rules for identifying marketings, assessing marketing penalties and handling violations will be issued later, Rank said.

Written comments should be addressed to the director, tobacco and peanuts division, ASCS-USDA, P.O. Box 2415, Washington, D.C. 20013. Comments will be available for public inspection during regular business hours in room 5750 of USDA's South building.

2) Farmers agree to participate in an orderly marketing system (20-10-10) designed to encourage market adjustments. Basically, they would place 20 percent of existing supplies into a farmer-held reserve, with the remainder of the crops to be marketed at fixed increments during the year or when market prices permitted.

3) Farmers agree to participate in production control programs, including the Reduced Acreage Program (RAP) administered by the U.S. Department of Agriculture.

4) An expanded effort is made to use all available resources to increase foreign and domestic sales of farm commodities at profitable prices.

"A growing number of agricultural leaders from across the nation are supporting this marketing concept," Stenholm said, calling it "the only available means farmers have at the moment to stay out of the bankruptcy courts."

Local vets, families can get free independent claims help when DAV benefits expert visits

Local veterans and their families can take advantage of free veterans' benefits counseling and claim filing assistance when a field service unit of the nonprofit Disabled American Veterans (DAV) visits Stephenville on March 23 at the VFW Hall, Highway 281. The field service unit will also be at Brownwood on March 24 at the Community Center, Room B, on the corner of Adams and Carnegie.

The DAV's office-equipped van-manned by a highly trained veterans' benefits expert - will be located at Abilene at the DAV Home, 1030 E. 19th Street. These field service units are generally open from 10 a.m. to 6 p.m.

A third of a million veterans, their dependents and survivors have visited DAV vans during the past eight years, seeking advice and assistance concerning their benefit entitlements. As a result of these visits, DAV national service officers have filed 118,500 claims for Veterans Administration (VA) disability compensation and pension alone.

In just the past year, the 700,000-member DAV filed for reopened approximately 10,000 claims for service-connected disability compensation on behalf of claimants visiting the field

service units. More than 1,500 claims for nonservice-connected pension were also filed or reopened, and more than 3,500 veterans visiting the vans received DAV help in obtaining VA hospital care and other health services.

Also resulting from DAV field service unit visits last year were several thousand claims for VA educational programs, Social Security disability payments, VA loan guarantees and insurance programs, military benefits, employment services and other programs, covering the entire range of veterans' benefits and services.

Due to several changes in veterans' entitlements during the past year, DAV officials expect large turnouts of veterans and their families again this year as the organization's mobile service offices visit communities from coast to coast for the ninth straight year.

"People are going to have questions," explains DAV National Service Director Arthur H. Wilson. "The DAV wants to make sure veterans and their families get straight answers from experts who are on their side - who are independent of any government agency. This is particularly important at a time when the government is trying to cut back spending."

Veterans need not be members of the DAV to take advantage of this free service.

The project is an extension of the 62-year-old organization's National Service Program, which provides a variety of assistance at no cost to veterans and their families. Under this program, the association of wartime disabled veterans employs some 300 full-time national service officers - more than 90 percent of whom were disabled during the Vietnam War - at VA facilities across the country.

During the most recent year for which statistics are available, these veterans' benefits specialists successfully handled 189,788 individual cases, winning federal benefits totaling approximately \$858 million for veterans, their families and their survivors.

"But it's not the numbers that count," said the DAV's Wilson. "It's the people we've helped who make it all worthwhile. You'd be surprised at how many veterans and their dependents know very little about their benefit entitlements until they step into one of our mobile offices."

Veterans and their families in cities and towns across America are taking advantage of the free counseling and claims filing services provided by the Disabled American Veterans (DAV) Field Service Unit program.

"Sad to say, this is particularly true of Vietnam era veterans," added the service program manager, himself a veteran of that war. "So many of these men and women were really turned off when they left the Armed Forces, and they never took advantage of their benefits and services they earned."

"While the DAV concentrates its services and disabled veterans of all periods," he added, "it's especially rewarding to see how many of these younger

veterans have visited our field service units. Like veterans of previous service periods, they've learned to trust us because the DAV is not part of the government bureaucracy, and we've worked hard for their interests."

The DAV reminded any veteran or family member who visits the van to bring the veteran's VA claim number, if available, and Social Security number. These are needed for the purpose of filing claims.

Eastland County Livestock Show Set For Next Weekend

A brand new top class, livestock show and sale barn will be ready for the 1982 Eastland County Livestock Show. The show will be held the last part of this week, March 18, 19 & 20th. Approximately \$3,500. will be given as premiums to county youth. Forty attractive trophies will also be awarded to those who have done an exceptionally good job. This will be one of the largest stock shows held in the county. A total of 525 head of cattle, hogs, sheep,

and goats are entered plus 18 pens of broilers and about 20 rabbits. All animals except rabbits must be entered by 10:00 p.m. Thursday (March 18th). The rabbits must be entered by noon Friday, (March 19th). The show will end with the stock show sale Saturday night at the show barn. Merchants and individuals are encouraged to attend the sale, and purchase prize winning animals at premium prices Saturday night.

Businesses and individuals purchased advertisements in the show catalogue. This is a method used to provide prize money for the exhibitors. The 4-H Adult Leaders Association will sponsor the concession stands at the stock show. A small concession will also be located in the new show barn. The new all metal barn is 60 feet by 80 feet and will contain the show arena, bleachers for about 400 spectators, rest rooms, show offices and concession room. The schedule for the shows is as follows:

- 2:00 p.m. -- Judging market hogs
- 4:00 p.m. -- Broiler show
- 5:30 p.m. -- Judging angora goats
- 6:00 p.m. -- Judging breeding sheep
- 7:00 p.m. -- Judging rabbits
- 7:30 p.m. -- Judging market lambs
- 9:00 a.m. -- Judging market steers
- 10:00 a.m. -- Judging breeding beef cattle
- 12:00 noon -- Judging open breeding beef cattle
- 3:00 p.m. -- Removal of all non-sale animals
- 7:00 p.m. -- Auction & presentation of special awards

THURSDAY-March 18th
8:00-10:00 p.m. -- Weigh in steers
10:00 p.m. -- All livestock to be on show grounds and properly entered in their respective places. Hogs and lambs will be weighed upon arrival.
FRIDAY-March 19th
8:00 a.m. -- Classifying and sifting
11:00 a.m. -- Judging dairy animals
1:00 p.m. -- Judging breeding swine

R.J.C. Is Offering Defensive Driving

There will be a defensive driving course offered at Ranger Junior College starting Monday night March 15 in the Teaching Auditorium of the Library. Classes will meet Monday and Wednesday nights from 6:30 until 10:00 for the two nights. The class will be taught by Mr. Wendel Rehm from the Abilene office of the Department of Public Safety. The registration fee is \$10. The completion certificate en-

titles the student to a 10 percent discount on auto insurance and is valid for three years. For additional information call 647-3234 and talk to the registrar.

juice because housewives were tired of squeezing oranges, or because smart food developers and marketers teamed up to take a chance on another way to make money? "If we accept the last idea, do we hurt the pride of consumers--do we make them less important? The answer must be no, for in marketing consumers are all important. They guide the marketing process in many ways even though they do not generate new products and new marketing services," the agent says. Consumers remain powerful as judges of what is in the marketplace. They accept a few of the things marketers offer, and turn down many. By reacting in this way, to what is offered, consumers are also shaping, not only the food choices of the future, but also the system that creates and distributes them. It is most important that consumers have this right to react. They must have the ability to choose in order to get the most value for their money. Farmers have a stake in the choices of consumers and a big one.

GORDON SPOT

by DeMarquis Gordon

March 18 will be Texas Agriculture Day. Here in Eastland County we will be focusing attention on agriculture through the County Livestock Show which begins on that day. The theme for the day is "Agriculture: It's Your Heartbeat, Texas." Consumer as well as producers can appreciate the agricultural industry of this state. Consumer demand has different meanings. What is consumer demand? To the farmer, consumer demand is something far off that frequently changes, but a thing that cannot be ignored.

To the consumer, it is the power he or she exercises as a spender of money. Fore people between the farmer and consumer, it is what makes the whole business world go round. While these groups are looking at the same thing, each sees something different. Is consumer demand a cause or an effect? Do consumers demand new products and new marketing services. Is this why there are nearly 15,000 items in an average supermarket? Or, is consumer demand the acceptance or rejection of about 100 new items offered each week? Did we get frozen concentrated orange

TOUGH SHOES TO FILL.

EQUIPMENT OPERATORS

Being an Equipment Operator for The Western Company is a tough, dirty, demanding job. It means being on call 24 hours a day and working outside in all kinds of weather. Our Equipment Operators are people who have helped make us the "PACESETTERS" in oilfield services. That makes them really valuable to us. It takes endurance, strength and dependability, and not everybody can fill those shoes.

Are you still with us? Here's what it takes to qualify:

- *You must be at least 21 years old.
- *You must be able to pass our physical examination and relocate to Breckenridge, Texas.
- *You must have a good driving record.

Here's what The Western Company offers you:

- *A good job that guarantees \$15,700+ to start.
- *The opportunity to learn a useful skill.
- *The chance to progress as we grow.
- *A full line of company paid benefits, including dental and relocation assistance.

Sure—we expect a lot from our Equipment Operators, but that's because they're the kind of people who can stand up to a tough job.

Interested individuals are urged to attend our meeting at 7:00 p.m., Monday, March 15, at the Kiva Inn located at 5403 S. First St. in Abilene. Our representative Chris Davis will give full details of our work, and will schedule interviews for the day after the meeting. NO PHONE CALLS, PLEASE.

THE WESTERN COMPANY
OF NORTH AMERICA
When you're the best at what you do...
You're a Pacesetter.

We are an equal opportunity employer, m/f.

March 21—Mrs. J.B. Elder, John Adams, Ann Myers,

Charles Lipsey, Linda Witt, Kelly Evans, James Coy Hagan and Carolyn Tension.
Couples celebrating wedding anniversaries during the week include Mr. and Mrs. Carrel Smith, March 15; Mr. and Mrs. C.W. Latham, March 17; Mr. and Mrs. Ted Fields, March 21.

Senior Citizens Nutrition Menu

Diet is important to people of all ages, but health problems of the elderly are the result of poor nutrition. Most people gain weight more easily as they grow older, but they need about the same amount of nutrients as younger people. This means that the elderly, in particular, should eat nutritious food.

Exercise is also important in keeping extra pounds off. A person who is exercising can eat slightly more without gaining more weight than a person who sits most of the day.

Eating too little, however, can be harmful as well. People who do not eat enough may have less energy; they may become lonely and depressed. In addition, a diet containing too few calories is also likely to be lacking in necessary nutrients.

A "well-balanced" diet should include fresh vegetables, fresh fruits, dairy products, meat and whole grains. Eating these kinds of foods will help reduce the amount of fat and salt in the diet and help provide better health.

The Nutrition Program is committed to provide well balanced diets and to assure the nutrients are available through carefully selected menus. All those over 60 years of age should call

CHURCH SERVICES

Sunday, March 14, 1982

FIRST CHRISTIAN CHURCH
Church School begins at 9:40 a.m. and morning worship at 10:50. The official board will meet at 8:30 a.m. The JYF will meet at 4:00 p.m.

The 4-H Club will meet Thursday in the Fellowship Hall.

REDEEMER LUTHERAN CHURCH
Sunday School and Bible classes begin at 9:30 a.m. The worship service begins at 10:30 a.m. Pastor Crockett's message is entitled "The Lord Of Our Forgiveness!" based on Exodus 20:1-17. The Lutheran Hour will be aired over KERC at 12:30 p.m. Pastor Wallace Schulz reminds everyone in his sermon "Seek God and Oppose Ungodliness!" that the Savior does give everyone power to strive against all forms of evil in the world. Mr. and Mrs. Robert Stephan will celebrate their 40th wedding anniversary in the Parish Hall from 2:00 to 4:00 p.m. All friends and relatives are invited to celebrate with them.
Luke Bible study (chapter

442-1557 or 442-2263 and make reservations for a nutritious meal provided at the Senior Center.
Programs during the past week included: dinner music by Albert Sims, Rosie Marshall, Mildred Priest, Barbara Duggan and A.E. McNeely playing country and western music; a presentation concerning 1981 income taxes by Roy V. Cartee; and the Star-Brite Band from the Senior Center in Rising Star.

The menus for the week are:
Monday—luncheon steak-au just, scalloped potatoes, buttered spinach, sliced beans, bread, butter and drink.
Wednesday—barbecue on bun, pinto beans, cabbage/carrot/raisin salad, custard dessert, bread, butter and drink.
Friday—spaghetti/meat sauce, beef/orange sauce, tossed salad, peach cobbler, bread, butter and drink.

News From The Center

By Mae Green
On Sunday, February 28, at 3 p.m., Bro. John Clinton, pastor of the First Evangelical Methodist Church, conducted services for the residents.
On March 2 at 7 p.m. Roland Smith visited the Center playing and singing many country and western, and hymns of faith. He was accompanied by Cliff Andrews on the fiddle, and Paul Norris on bass.
Tuesday, March 2nd, being Roland's birthday, a birthday party was given in his honor, hosted by Mrs. Claudette Mellette, Sybil Threet and others. After we sang happy birthday to Roland, everyone was served cake, pie, punch and coffee. Roland was very appreciative.
On Thursday night, March 11, at 7 p.m. family night was held at the Center.
We do have some residents in the hospital. They are Mrs. Iva Coats, Daisy Steel and Mrs. Ethel Speed. Won't you join us in prayer for their recovery.

5) will meet in the Parish Hall on Tuesday at 9:30 a.m. The Board of Elders will meet at 7:30 p.m.
The Cisco Nursing Center worship service will be on Wednesday at 10:00 a.m. Catechism class will meet at 3:45 p.m. The Lenten Service begins at 7:30 p.m. Pastor Crockett's message is entitled "The Hour of Darkness!" based on Luke 22:53.
Jesus' Friends will meet on Thursday in the Parish Hall at 9:30 a.m. for ages three through five. Adult Information Session will meet at 9:45 a.m. Jesus' Friends for kindergarten through grade five begins at 2:45 p.m.

A THOUGHT FOR THE WEEK

Heritage is an endowment given by previous generations. Sometimes it is cast aside, disregarded. When it is revered, untampered with an enlarged, progress and prosperity are usually assured. On the international scene, abused heritage has destroyed more nations from within than from without. Our country has been blessed with rich, religious and political heritage. Together, they have produced the highest standard of civilization, freedom, prosperity and peaceful inclination. That heritage was costly. The price to maintain and pass on a greater heritage will be even more costly. Sacrifice and discipline will be needed. A nation not viable or virile enough to do so will leave little worth preserving. When our heritage is likened to a sanctuary whose spiritual strength is seen in scriptures of the past, our children and children's children will have a good heritage. Should we not therefore dedicate ourselves to properly use and not abuse the heritage given to us?

Cisco Funeral Home

'ROUND AND 'ROUND SHE GOES...

The question is, where will it stop? Many people have no idea. Life can be lived in a flurry of activity — flitting from person, to thing, to dream, and back again. Or it can just settle into a monotonous routine. Either way, meaninglessness has taken hold.

Lack of meaning in life has been called furious activity around an empty center. That's what a whirlpool is. Activities, meetings, schedules, parties, appointments — but no direction. The swirling pace can get to you — especially if there's a hollowed inside.

Jesus talked a lot about meaning in life. But he not only talked about it. He gives it! He came to take us out of the whirlpool and set us on our course in the Life Stream.

People n Things

IF YOU WANT to be correct and proper, address Mrs. Chief (Marge) Brown as Dame Brown. She became a dame officially last weekend in ceremonies held at River Oaks Country Club in Houston. This title was conferred on Marge by the Religious Order of St. George Krinthia, of which Dr. Chief is a Knight.

In the same ceremonies, Governor and Mrs. Clements and other dignitaries were knighted and honored. The list included Dr. James Taylor of the University of Houston, who has visited here, and whose son is the character Peckler on TV's House Calls program.

Dr. and Mrs. Brown spent the weekend in Houston. He was knighted by the St. George Order last year. Pictures and an appropriate write-up will be forthcoming.

WE THOUGHT THAT we saw Mr. Ronnie Ledbetter, local insurance man, limping and we inquired. Sure enough, he was. And it's all the result of a snow skiing expedition that Mr. RL and others enjoyed up in New Mexico recently.

Mr. RL fell on his left knee. Although it hurt, he went on skiing. In an hour or so, the knee became so stiff he couldn't bend it. So he took it to a doctor and 30 minutes and \$268 later, he learned that it was a severe sprained ligament situation. After two or three weeks, Mr. RL now walks with a limp and he is still staking therapy treatments at \$25 per. The only good things about it are (1) it happened after hunting season ended; and, (2) he can now park in those reserved for handicapped spaces real close up to stores in the parking lots.

CENTRAL MUD Company of Cisco, of which Mr. Gary Maynard is president and chief operating officer, is expanding. They're opening a branch office and warehouse in Abilene. Cisco will remain the home office with Mrs. GM as office manager. Rhonda Kinser, who grew up out in the Scranton area, is new in the bookkeeping department at First National Bank. And Linda Foster now looks after the money business in the FNB's drive-in window.

OVER-HEARD Mrs. Doris Harrell, who lives down Rising Star way, say "you haven't seen anything" the other day when somebody observed that it was right windy out. She moved over here last year from Littlefield "where the wind and sand really gets up and blows," she said. Brenda Lee, Allen Master and Linda Walton of the First National Bank were in Big D last Tuesday attending a seminar for people who deal in money. Gene Snow, Fort Worth oil operator, has drilled in a dandy oil well on the old R.Q. Lee place southeast of town, our scouts report. This is his 3rd good well out that way lately.

MR. JACK CLACK of Russellville, Ark., son of the

Bud Clacks of Cisco, has opened a new branch of his business - Jack Clack and Associates - in Dallas. He has a PhD degree from Rice, having also attended CJC and Howard Payne. His firm is a business consulting company.

Dr. Clack's Dallas offices are located in the World Trade Center. He visits in Cisco with his parents from time to time.

THE REV. JOHN Clinton, pastor of Evangelical Methodist Church here, sort of put his foot in his mouth the other day. He was in line at the bank and in the course of talking to a friend who doesn't appear to be too busy, John observed "you have banker's hours."

And Mrs. Cecelia Boles, one of the bank tellers, heard it all and she didn't exactly agree with the "banker's hours" implication. Others of us in the line enjoyed a smile.

MR. CLINTON'S Abilene brother drove over to Big D on business during a recent cold spell. A Southwest Conference championship basketball game was being played there, so he decided to attend the night affair. Returning to his car after the game, John's brother couldn't find the car keys. Looking through the closed window, he saw them in the ignition switch in the locked car. And it was 20 degrees outside.

Police were called and they came. There's no way you can enter a Chevy Cavalier without breaking a window, they told him. And he watched as the third blow from a hammer shattered the glass.

SUPT. JAMES Couch of the Cisco Public Schools used part of the spring break to work in his garden. Brenda Willingham of Elite Beauty Shop completed a year as the boss lady there last Tuesday. Jim Graham, retired salesman who plays golf almost every day, has scored one hole-in-one and three eagles during his years on the links. Mr. Loyal Lundstrom, who is the bus agent for Cisco, tells us that the bus companies now have a two-for-one deal. Buy one ticket anywhere (as long as it cost \$38 or more) and get another one free.

MRS. LOIS Whitaker of Cisco and Mrs. Bruce Goleman of Ranger, both retired teachers, drove down to Waco last Tuesday and visited two Ciscoans who live at the Texas Teachers Association retirement home there - Miss Louise Snoddy and Mrs. Joe Clements. They're doing nicely. Mrs. Whitaker reports Gary Speagle, CJC athlete, started warming up for the track season the other day. He is a high jumper and was leaping over six feet the first day.

THE DAY THAT thieves took a valuable altar cross from the Episcopal Church in Eastland recently was the day thieves took a public address amplifier and tape

recorder from the sanctuary of the First United Methodist Church in Cisco. And it was a substantial loss.

There was evidence that an attempt was made to open the lock on the church's office door.

LET'S ALL HELP Mrs. B.H. (Joyce) Coleman of 710 East 23rd Street find her billfold. She lost it at Heidenheimer's when she paid for a purchase at about 1:30 p.m. Tuesday. She didn't immediately put the billfold back in her purse, she said, and probably dropped it as she left.

Mrs. Coleman returned at around 3:30 p.m. and folks conducted a search but didn't find the billfold. There wasn't much money in it but the cards and pictures are valuable to Mrs. Coleman. Call here at 442-3248 if you can help.

Lee Haney is Candidate For State House Rep.

Lee Haney of Brownwood, has announced that he is a candidate for the Democratic nomination for the Texas House of Representatives.

A native of Brownwood, Haney graduated from Brownwood High School, attended Texas Christian University and received a J.D. from Baylor University Law School. He served as Briefing Attorney to Chief Justice McCloud at the Court of Appeals in Eastland and has been engaged in the private practice of law with L.B. Slagle in Brownwood.

Haney, in addition to his private practice, teaches business law at Howard Payne University, is City Attorney for the City of Early, and is Referee of the Juvenile Court of Coleman County.

Haney is a member of the Democratic Party, Secretary-Treasurer of the Brownwood Downtown Lions Club, and a member of the Brownwood Jaycees, the Baylor Alumni Association and the Episcopal Church.

"I want to visit with each voter in the district to listen to what they have to say. I will represent every voter in the district, giving equal attention to the ideas, needs and problems of each person and group. I will devote my time efforts and energy to being your voice in State government and will make the legislative needs of this district my first priority. I welcome your advice and I ask for your support."

OBITUARY

Albert F. Wende Buried In Austin

Funeral services for Albert F. Wende, 69, a former resident of Cisco, were conducted in Austin last Monday with burial in the cemetery there. Mr. Wende died March 5th.

Born and raised in Cisco, Mr. Wende was an engineering graduate of the University of Texas and spent some 35 years as city engineer in Austin. He was the son of the late Mr. and Mrs. Gus Wende. He had lived in Austin for 40 years.

Survivors include two sons, A.F. Wende, Jr., and Terry Wende, both of Austin; and three sisters, Mrs. Hulda Reich of Brownwood, Mrs. Clara Weiser of Cisco and Mrs. Emma Lee Donovan of Cisco.

Attending the funeral from Cisco were Mr. and Mrs. Martin Weiser, Mrs. Donovan, Mr. and Mrs. Gerald Birt, and Mr. and Mrs. Edward Wende.

Funeral Services For Lesly Nix Held Saturday

Funeral services for Lesly Nix, 90, of Cisco, a retired Eastland County employee and lifelong Cisco resident, were at 2 p.m. Saturday at Cisco Funeral Home. Burial was in Mitchell Cemetery.

Mr. Nix died at 10:20 a.m. Thursday at E.L. Graham Memorial Hospital after a short illness.

He was born June 1, 1891, at Cisco. He married Sarah G. Bisbee on July 9, 1911, at Cisco. He had worked for Precinct 1 in Eastland County for a number of years. He was a Baptist.

Survivors include his wife; three sons, Homer and Holland, both of Cisco, and Woodrow of Ballinger; three daughters, Kera Williams of Breckenridge, Myrtle Alva and Myrle Anderson, both of Abilene; a sister, Frankie Maxwell of Fort Worth; 12 grandchildren; 24 great-grandchildren and five great-great-grandchildren.
