

# HALL OF REMARKS

BY HERRREL HALLMARK

THIS EDITION of The Cisco Press has a number of "letters to the editor" being published, most of which concern the upcoming bond election for water and sewer improvements in our town.

We will welcome all letters on this subject, or any other subject, as long as the person who writes the letter signs his or her name and the letter does not slander anyone.

The pending election is a possibly controversial matter and we want to allow everyone to express their view points on the matter.

IF YOU ARE not sure how you stand on the bond election, and have some questions which have not been answered, make plans now to attend the town hall meeting scheduled for Monday at 7 p.m. at the Cisco High School auditorium.

If you have questions concerning the improvements and do not attend this meeting, then you have no one to blame except yourself for not knowing the truth.

I RECEIVED a talking to this week due to a recent column concerning my wishes that someone would come up with an idea or place for local kids to have something to do.

The lady who talked to me said that everyone in town, including myself, is someone and nothing will be done until "someone" gets "the ball rolling" by themselves.

That makes sense, but I still wish someone who has the financial capability to get some sort of program started would offer their help.

This same lady also said kid-oriented businesses in Cisco cannot financially sustain themselves without the support of parents. She said (from personal experience) that most parents just view such places as "glorified baby-sitters" where they can get rid of their kids for a few hours and they never step foot in the place.

She went on to say a lot of people condemn such places without knowing anything about them. She suggested people spend some time in such places before stating their opinions.

ALSO, I neglected to mention the Family Recreation

## Work Starts On Paving Project

The Lipham Construction Company began work last Tuesday to pave West 13th Street from Avenue D to Avenue M. City Manager Mike Moore reported Friday. The Lipham company's contract also calls for paving some five blocks from the end of the pavement on south Avenue N to IH-20 access road.

Thirteenth Street, which had been paved a dozen or more years ago, was plowed up and the debris was being hauled to the new city landfill site on the Lake Road. City equipment was using it for roads inside the fenced landfill area and planned to improve the approach roads before finishing.

The Lipham company, contractors for the new Cisco Municipal Airport runway that was recently completed, will receive some \$42,466 for the paving program.

## Paving Of

## Avenues Paid For By Individuals

The paving of Avenue L and M and 14th Street is being paid for by individual property owners, it was reported.

Center here in the column which I referred to previously. I apologize for that oversight. I know the man who runs the Center does not put up with any troublemakers in his establishment and asks all kids to behave properly.

Most kids who patronize the Center know the rules and what they are allowed to do there.

IN MY LAST column I reported about a parakeet which had laid two eggs while in a cage. Well, on Wednesday of this week it laid another egg making a total of three. Could this be some kind of record?

## 33 Suits Filed To Collect City Taxes

Thirty-three suits have been filed by attorneys for the City of Cisco in a program to collect delinquent taxes, City Manager Mike Moore reported Friday.

The law firm of Perdue, Branden, Blair and Fielder of Arlington filed 25 suits in 91st District Court and eight suits in local Justice of the Peace Court last Thursday. Other suits will be filed this month, followed by still others each month until all delinquent tax cases are covered, the city manager said.

The suits cover both per-

sonal and real property. Most of the delinquent taxpayers are living out-of-town, Mr. Moore said. Plans call for filing suits involving the most money first.

After the suits are filed, the settlement will include the taxes due plus penalty and interest, attorney's fees of 15 per cent and court cost. Mr. Moore said District Court costs are \$54 in each suit while the cost in JP court amounts to \$15.

Since the first suits were filed, six delinquent taxpayers have been to city hall to pay their taxes, the city manager said.

## Steffen Mural To Be Moved To New Bank

By David Ingram  
Cisco's beautiful and famous western mural will be moved to the new bank. Dick Woolley, president of the First National of Cisco, stated that the late Randy Steffen's Mural would be moved to the bank's new location.

The Mural which traces the history of Cisco, was placed in the present bank in 1952, and has served as a point of interest to

citizens and visitors since that time. Architects Boone, Pope, Wheeler, Pullin and Associates of Abilene will be responsible for the safe transport and placement of the Mural.

Unlike the original placement concept, the Mural will be mounted under glass, recessed in the wall behind the teller windows, and illuminated by floodlights.

## District One Act Play Contest Set For March 27

The District One Act Play Contest will be held on Saturday, March 27, at the Cisco Junior College Fine Arts Building. The first session of the contest begins at 2:00 p.m. and continues in the following order for the first four plays: first, DeLeon; second, Cisco; third, San Saba; and fourth, Early.

The price of admission will be \$2.00 for adults and \$1.00

for students for each session (afternoon and night).

The second session will begin at 6:30 according to the following schedule: fifth, Eastland; sixth, Dublin; and seventh, Ranger.

Mr. Marion Castleberry, from McMurry, will be the critic judge.

The public is invited to attend both sessions.

## CJC Offers Petroleum Land Course In Abilene

"Petroleum Land I" will be offered in Abilene on March 23, 25 and 30 and April 1 from 6:30 to 9:30 p.m. in the Abilene Civic Center. "Petroleum Land I" is a basic course in petroleum land leasing. Instructor for the course will be Jim Moore.

Moore is a 1979 graduate of Baylor Law School. He is the In-House Counsel for Texas Canadian Energy Corporation and is actively involved in their leasing program. Fee for the 12 hour course is \$60.

This is an adult education course and all attending will

## Firemen Put Out Two Auto Blazes

Cisco firemen answered alarms Tuesday and Wednesday to extinguish burning automobiles. They went to the Robo Car Wash last Tuesday after a car owned by Archie Charnness, local contractor, caught fire as it was being driven away. The motor was damaged extensively by the blaze.

Last Wednesday, firemen went to the Dobbins home on West 3rd Street after a leaking can of gasoline in the bed of a pickup truck caught fire. Although damage was extensive, the truck was still in operating condition, firemen said.

Texas Office of Traffic Safety

## Oil Workers Injured In Recent Accidents

Daniel Black, 26-year old oil field worker, suffered critical injuries when he fell some 50 feet from the top of a drilling derrick to the ground while working on location some three miles north of Cisco at 7 a.m. last Sunday.

A Pafford Ambulance took the injured man to the Eastland Hospital and then to Hendrick Hospital in Abilene. Monday, an Air-Vac Helicopter flew the young man to El Paso where his parents live.

Authorities said the young man sustained a head injury, broken bones in his back, pelvic fractures and has a collapsed lung.

Employed by Otis Drilling Co., the young man was wearing a safety harness but it did not hold him when he slipped and fell.

The young man and his wife were living in a mobile home in Sunshine Trailer Park east of Cisco.

A Pafford Ambulance picked up Richard Smith, a young oil worker, after a pole fell and hit him while working as a member of the crew of a service rig south of Cisco at noon last Wednesday. He was taken to Eastland Hospital and his condition was not regarded as serious.

Mitchell Roehr, 22, suffered air burns in an accident last Tuesday while working for Pengo Completions, Inc., on a lease in the Admiral Community. He

receive a certificate of completion with continuing education units. To register or for information call Mrs. Watts at 817-442-2567, extension 113.

# Public Meeting Slated Monday To Study Bond Issue Program

Complete information concerning the water and sewer bond issue on which Ciscoans will vote Saturday, April 3, will be presented and discussed at a town hall meeting at 7 p.m. Monday at the high school auditorium.

City officials, including Mayor Eris Ritchie and all

members of the City Council, along with Engineers Bill Jacob and Ken Martin of the firm Decker, Jacob and Martin of Abilene; John Wolfe, area director of the Farm Home Administration, and Stanley Thompson, area director of the State Health Department, will be present to answer questions and pro-

vide information.

Citizens of Cisco will ballot on three propositions to finance the water and sewer improvement program. One proposition would provide for a new water filtration plant at Lake Cisco, another would provide funds for a new sewage treatment plant, and the other would finance new sewage main lines to relieve congestion in the west areas of town.

Mayor Ritchie has appeared before many of the community's civic groups to outline the program and the need for it. Most of them have endorsed the bond issue.

Anticipating that the bond issue will carry, city officials have made application for part of the needed money as a 5.6 per cent loan from a state agency that has money to help Texas cities with financing needed projects. Application has also been made for matching federal

grant funds to help finance part of the over-all cost.

The city hopes to obtain a loan from the FHA for the balance of money not available in the grant and state funds at interest rates of about 11 per cent. This would require substantial increases in water and sewage rates to pay off the revenue bond issue.

The State Health Department has urged improvements, noting that Cisco's is the only untreated surface water supply system in the state.

"We hope that there will be a large turnout of interested citizens at the Monday night meeting," Mayor Ritchie said. "The City Council is unanimous in supporting this bond issue, but we want the people to have a voice and to vote in the election."

Absentee voting is underway at City Hall in the bond election.

## CofC Hears About Bond Issue Plans

Plans for improvements to the Cisco water and sewer disposal systems were outlined in a talk by Mayor Eris Ritchie at the quarterly breakfast meeting of Chamber of Commerce members last Wednesday morning at the Colony Restaurant.

Cisco voters will ballot on a bond issue to finance the improvement program on Saturday, April 3, at the Laguna Corral Room.

Mr. Ritchie noted that all members of the City Council were in favor of issuing some \$1,925,000 in bonds to finance a new water filtration plant and a new sewage disposal system along with additional sewer out-fall lines.

The mayor noted that a number of Cisco civic and service clubs and groups have voted endorsement of

the bond issue and improvement program.

"We of the Council are convinced that Cisco desperately needs to make these improvements," Mr. Ritchie said. "This proposition, which is certainly important to Cisco's present well-being and future growth, must be decided by our citizens."

The program, he said would of necessity require raising rates charged to water and sewer customers. Sewage rates would go up about 30 per cent and water charges would increase from 75 to 90 per cent over present rates, Mr. Ritchie said.

The mayor invited everyone to attend a Town Hall meeting at 7 p.m. Monday at the High School Auditorium to hear a discussion of the bond issue by councilmen, city officials, financial experts, engineers and others.

Mr. Ritchie was introduced by Gene Gwinn, program chairman. CofC President Elaine Dixon presided. When Member Dick Woolley wasn't present to accept a \$50 door prize, the name of Roy Dennis was drawn and he was awarded a \$25 prize. Christy Cozart, little daughter of Mr. and Mrs. Steve Cozart, drew the names. The door prize was provided by Gerald Winnett and Smith, Verett and Parker, local CPA firm.

Some 40 persons attended the breakfast.

EMPLOYEE OF THE MONTH at Burgess Industries for February is John Torres. Mr. Torres has been employed with Burgess since July 6, 1959. He is classified as a welder A. He is operator of the sub-merged arc welder.

The employee of the month is picked by nominations of the leadmen and judged on the grounds which consists of absenteeism record, tardiness, attitude, effort, performance, quality and safety. "We are proud to state that John rated very high on all counts," stated a company spokesman. "We are very proud of John Torres, as well as our whole organization here in Cisco. Congratulations, John."

Mr. Torres received a \$50 gift certificate at Sears, Roebuck & Co. (Staff Photo)

DEPARTMENT OF THE MONTH at Burgess Industries for February is the Vane Department. The Vane Department is headed by Narong Sattarphai. His crew includes Jerry White, Jackie Merrill, Edward Chriesman, Kirk Hollister, Mike Byrd, Steve Ritchie, Lynn Ritchie, Lori

Smith, Ricky Fleming, Steve Sutton, Ed Pence and Allen Farland. The department of the month is nominated by a management committee of five people. The department is judged on cooperation as a whole on safety, attitude, quality, performance and housekeeping. (Staff Photo)

## Bass Club Report

Terry L. Wilson

The fever is back. Fishing fever that is. This was evident in our excellent turnout for our March tourney which was held on Lake Brownwood Sunday the 14th. Gene Hughes was our first place finisher with 3 fish weighing 3 lbs. 9 oz. Terry Wilson was second with 1 fishing weighing 2 lbs. 12 oz. Terry also won the big bass of the day. Ted Kerr was

third with 1 lbs. 6 oz. Gene and Terry also place in Brownwoods annual Invitational Tourney.

We would like to invite those of you who couldn't make it this month to make our next tourney on April the 10th.

Our next meeting will be on Thursday the 1st day of April. Good luck and good fishing; see you all April 1st.

## Homemaking Hints

By Janet Thomas

Accessories are helping put the "fun" back into fashion. Most of these fun accessories are economically priced.

Fashion jewelry, belts, bags and shoes will offer you a way to vary looks and appropriateness of dress easily and inexpensively in spite of the trend toward buying fewer, better quality clothes.

Consumers are "taking accessories up" on the offer, too, as accessory sales are on the upswing.

Current jewelry trends are bolder—including bangle bracelets, beaded necklaces and large earrings in hammered metals, natural stones or seashells, fans or nautical motifs. Headbands and combs remain popular, also.

Belts continue to feature large, bold buckles, knotted ropes and sashes.

Handbags and shoes in braided and woven leathers, snakeskin, quilted looks, straw, and canvas are popular. New shoes are flatter with cone or scalloped heels, while the "new" in handbags mean "molded" and "structured" designs are returning.

Use accessories to complete a current look, such as sporty and nautical, a feeling of South Seas or South America, or the rustic and romantic looks.

Evaluate each accessory to determine if it highlights your best features and enhances other items you're wearing.

### RECIPE FOR THE WEEK

Fresh strawberries are now becoming available at our local grocery stores and fruit stands. This week, you might enjoy trying this recipe for Fresh Strawberry Mousse. For most of us, a mousse means a delicious, light and airy dessert. To make a mousse really pretty, plan to garnish it with fresh fruit, whipped cream, or chocolate curls.

### FRESH STRAWBERRY MOUSSE

1 pint strawberries  
1 (3 oz.) package strawberry flavored gelatin  
¼ cup sugar  
2 cups whipping cream  
Mash strawberries; drain, reserving juice. Set pulp aside. Add enough water to juice to make 1½ cups liquid. Bring juice mixture to boil. Add gelatin, stirring until dissolved; chill until consistency of unbeaten egg whites.

Combine strawberry pulp and sugar, stirring well; stir into gelatin mixture. Pour whipping cream into a chilled bowl, and beat until soft peaks form; fold in strawberry mixture. Spoon into a lightly oiled 7 cup mold. Chill until set. YIELD: 10-12 servings.

## First Baptist spring revival

March 21-28

An unusual innovation in church revival scheduling, which has proved so popular during the past year, will be held again this year — and the public is invited to participate.

Spring revival at First Baptist Church, Plummer St., Eastland, begins Sunday, March 21, through Sunday, March 28.

Dr. John B. Stepp, formerly associate pastor First Baptist Church, Dallas, will be evangelist, and Dr. Euell Porter of Baylor University, and considered "Mr. Church Choral Musician of Texas" will be in charge of music.

Services will be at 11 a.m. and 7:30 p.m. Sunday; 12 noon and 7:30 p.m. Monday through Friday; with 7:30 p.m. services only Saturday.

The weekday noon service has proved a city-wide popular event with "the whole town coming for a light lunch at the church" with a brief service following, ending before 1 p.m.

The Rev. Jim Hooten, pastor, extended an invitation to all to attend all of the services. "We are extremely fortunate to have these two men with us for these services," he said, "and hope that as many as possible will make a point to attend."

Dr. Stepp was keynote speaker at the recent Pastors and Laymen's Conference held at Hardin-Simmons University this week.

Noon-time serving will be at 11:45 a.m.

Christy Gentry

### 4-Her's Have Opportunity To See China

4-H youth will have the opportunity to travel to China this summer.

It's all part of the first 4-H international program with the People's Republic of China, points out Christy Gentry, county extension agent with the Agricultural Extension Service, Texas A&M University System.

The program includes two phases: Bicycling in South China, July 5-24, for young people 15 to 21 years of age, and Living in a Chinese Commune, July 18-Aug. 10, for persons 18 to 25 years.

The overland excursion by bicycle will begin with an orientation in Hong Kong and proceed through cities and towns in South China. It will take the travelers to a commune, a mountaintop Buddhist monastery, the folk-art center of Roshan and the famed hot spring spa of Conghua, points out Christy.

The commune experience will provide a rare privilege of living and working for 10 days with the Chinese people. Following orientation in

Hong Kong, the group will travel into mainland China to visit Peking, the Han and Tang dynasty sites, the Great Wall, Ming Tombs, the Forbidden City, Bulin and much more.

Fees for the two programs, including international travel from San Francisco, lodging, meals, medical insurance, bicycle rental, orientation and educational servicing costs plus an experienced group leader and translator are \$2,190 for the bicycling tour and \$2,590 for the commune living experience.

Details and applications may be obtained from Dan James, Extension 4-H and youth specialist, 17360 Coit Rd., Dallas, Tx. 75252 or from 4-H International, National 4-H Council, 7100 Connecticut Avenue, Chevy Chase, Md. 20815. Deadline for applications is May 1.

The programs in China are part of a broad range of international exchange and training programs arranged through the National 4-H Council in support of 4-H youth program, notes Ms. Gentry.

## RN's invited to 'updating' seminar at Tarleton

All registered nurses in this area are invited to attend a special "up-dating" training seminar at Tarleton State University at Stephenville, it has been announced here.

Mrs. Dorothy Chesley of the State Board of Nursing Education will be the speaker and her topic will be the new Nurse Protection Act. She will discuss ramifications of the act and

answer questions according to Mrs. Fay Stevenson, Director of Nursing Education at Tarleton.

The program will begin at 3:30 p.m., Tuesday, March 23 at the Student Center on the Tarleton Campus, Mrs. Stevenson said.

R.N.'s interested may secure more information by calling Mrs. Stevenson at 442-1921 or at Tarleton, 817 968-9136.

## PERSONALS

MRS. C.A. KILE

### Mrs. C.A. Kile Honored On Her 70th Birthday

Mrs. C.A. (Gennie) Kile was honored on her 70th birthday with a surprise party Sunday, March 14, in the Statesman Room of United Savings.

Refreshments of birthday cake, punch and coffee, were served from a lace covered table centered with a spring bouquet of silk flowers.

Presiding at the guest book were her grand-

children, Becky Elliott, Glenn Boles and Randy Boles. The 37 guests registered from Stamford, Tye, Eastland, Olden and Cisco.

Hosts for the occasion were Mrs. Kile's children and grandchildren, Mr. and Mrs. James Elliott and Becky, and Mr. and Mrs. Leon Boles, Glenn and Randy.

### Cisco Federation Of Women's Clubs Presents Fine Program

The Cisco Federation of Women's Clubs, which seeks to present very special programs at its semi-annual meetings honoring Texas Federation of Women and Texas Independence Day, presented one of its finest programs on March 2 with music by the Cisco Junior College Choir and book review by Bill Roberts, CJC faculty member.

About 40 club members and guests attended the meeting held in the Fellowship Hall of the First Christian Church.

Pledges to the U.S. and Texas flags, led by Mrs. J.H. Martin, were followed by the Doxology and "Texas, Our Texas" with Mrs. Ella White as song leader and Mrs. Lynn Williams, pianist.

Mrs. Marshall Allison, Federation president, opened the meeting with tributes to presidents and members of the six clubs of the City Federation, Federation officers and Cisco clubwomen, past and present, who have contributed to the cultural, educational, and overall growth of this community. In observance of Independence Day, Mrs. Allison recalled the courage of those Texans who declared their in-

dependence and then fought against many adversities to establish that independence, and begin that enviable record of courageous Texans who have served this Country in all its successive wars and contributed to the growth of this nation and this State.

Mrs. Truly Carter, president of the First Industrial Arts Club, introduced Mr. Roberts who opened his review of his book, "Where the Rails Crossed", with the reading of a theme written in 1924 by a high school student, Frank Jacobs, a person familiar to many of those in the audience. This interesting story of Cisco, plus other material, typified the research that went into Mr. Robert's book and brought about a history of Cisco that is different in its presentation, largely authenticated, and up-to-date.

With Steven Zell, CJC instructor of piano and organ, as accompanist, the College Choir was directed by Wyley M. Peebles. The voices of these young college students joined in beautiful renditions of: "Gonna Rise Up Singing," "Tiny Bouquet of Forget-me-nots," "Turn Around," "Down in the

Valley," "Barnacle Bill the Sailor," "Lord, for Thy Tender Mercies' Sake" and "The Patriots Dream."

These students participated in the concert: Sandy Black, Mark Briles, Betty Burton, Gordon Carlisle, Cedric Coleman, Bryan Covington, Randy Finch, Janice Frame, Tony Gilchrest, Sheri Hargrove, Ben Hubert, Stephen Jackson, Trey Kendall, Karla Kinard, Candy Lewallen, Mike McCormick, Cynthia Montgomery, Tina O'Neal, Mitchell Parr, Twyla Pearce, Calvin Phillips, Bruce Pfentl, Dickey Seider, Danny Yates and Sammy Ynostrosa.

Refreshments were served from a table with floral centerpiece by the Cisco Garden Club.

### WORD OF GOD

#### Old Testament

And say unto them, Thus saith the Lord God; Behold, I will take the children of Is'ra-el from among the heathen, whither they be gone, and will gather them on every side, and bring them into their own land:

Ezekiel 37:21

### Target Shoot March 28

The Eastland Rifle and Pistol Club will hold a 22 caliber target shoot for score on Sunday, March 28, starting at 1:00 p.m.

It will be held at the rifle and pistol range, about one mile north of the courthouse.

According to a spokesman for the club, the best shot in or around Eastland County will be determined. Trophies will be given for the top scorer in the matches, in the men's, women's and children's divisions.

Each person is to furnish their own rifle and 22 shells. No scopes or peep sights are allowed, strictly open sights. Also a shooter is required to shoot off their hand.

### ENGAGEMENT IS ANNOUNCED

#### --WEDDING DATE IS SET MAY 29

Mr. and Mrs. Rodney Hess of Eastland, Texas, announce the engagement of their daughter Sabra to Jim Owen, son of Mr. and Mrs.

Norman Owen of Eastland. A May 29 wedding is planned at United Methodist Church in Eastland.

Both the bride-elect and the prospective bridegroom are graduates of Eastland High School and are currently students at Texas A&M University.

### Bandito's Corral Too Opens In Eastland

When Bandito's Corral Too, 600 West Main St., opened in Eastland at 11:00 a.m. Friday there wasn't much to indicate that it is located in a renovated gas station. Mr. and Mrs. Steve Walker (Steve and Kelly), the owners, have adapted the little rock building very skillfully to a Drive-In specializing in Mexican food. There are touches of bright green and yellow with imaginative decor.

This is a similar establishment to the popular Bandito's Corral in Cisco, which the Walkers opened last January. It features the same menu, and will open from 11:00 to 8:00 p.m. Monday through Thursdays, and 11:00 to 10:00 p.m. on Friday and Saturday.

The Eastland Banditos will be managed by Steve Walker and his mother, Joyce Walker, while the Cisco Banditos will be staff by Kelly Walker and her

sister, Laurie Arnold.

The menu will include tacos, burritos, refried beans, nachos, chalupas, and other good things such as cherry and apple burritos (a type of fried pie). Orders can be called in, with a drive-thru window where they can be picked up. The prices are moderate, with the most expensive item being \$1.19. There is plenty of parking space on the premises, with benches and a table for those who wish to eat picnic style.

The rock building where Banditos Corral Too is located was constructed in the spring of 1938 by Jack Lee of Eastland, who operated and Independent Gas Business (wholesale and retail) from these premises until April 1978.

The innovative remodeling the Walkers have done on this building makes Banditos Corral Too an attractive place to stop and eat.

#### VOTER REGISTRATION INFORMATION

##### Qualifications for Voting:

1. You must be a citizen of the United States.
2. You must be at least 18 years of age on the day of the election.
3. You must be a resident of the county, or political subdivision conducting the election.
4. You must be registered to vote.

##### Persons Not Entitled to Vote:

1. Those convicted of a felony whose full rights of citizenship have not been restored.
2. Those persons found mentally incompetent by a court of law.

##### How to Register to Vote:

1. Complete a post card application for voter registration and mail it postage-free or present it in person to the county tax collector, first floor west, courthouse.
2. You may register to vote at any time, but your application must be received by your county Registrar by April 1, 1982 in order to vote in the May 1, 1982 primary election.
3. You may register to vote if you are at least 17 years and 10 months of age, but you may not vote until you are 18 years of age.

TO OBTAIN A VOTER REGISTRATION APPLICATION, CONTACT COUNTY TAX COLLECTOR NANCY TROUTS OFFICE, 629-2211 OR CALL THE SECRETARY OF STATE'S OFFICE TOLL-FREE AT 1-800-252-9602 AND ONE WILL BE MAILED TO YOU.

SPECIAL NOTICE: Many hundreds of voter registration cards mailed out earlier this year to Eastland Countians were returned to the County Tax Office because of incorrect mailing addresses, from the Sec. of State's Office.

VOTERS WHO HAVE NOT RECEIVED THEIR VOTER REGISTRATION CARDS SHOULD CHECK IMMEDIATELY WITH THE COUNTY TAX OFFICE BECAUSE YOUR CARD MAY BE THERE, AND IF IT IS NOT CLAIMED, THE NAME WILL BE STRUCK FROM THE COUNTY VOTER LIST.

POINT: IF YOU DON'T HAVE A CURRENT VOTING CARD AND WANT TO VOTE, YOU'D BETTER CHECK THE TAX OFFICE AS QUICKLY AS POSSIBLE.

## Shoplifting is a crime!

Shoplifting is **stealing!** If you're caught, it could go on your record for life, destroy your future plans and even result in a stiff fine and/or jail term! There's no easy way out! The next time you see something you want to lift, think twice. Is it worth it?

## YOUR LOCAL NEWSPAPER

Crime doesn't pay...you do!

**BIRTHDAYS**

We salute the following Ciscoans who have birthdays during the week:

March 22—Joe Bob Taylor, Charles Smith, Alvin Allen, Kathy Boyd, Betty Wallace and Martin Elizalde.

March 23—Randy Rust, Butch Sparks, Lyndal Webb, Gerald Johnson and Cindy Nelms.

March 24—Mrs. S.G. Clary, Sonny Thompson, Gary Don Harris, Merritt Speagle, Harold Hamilton, Cindy Lyons and Bert Thackeron.

March 25—Glenn Deitker, Mrs. C.A. Payne, Martha Callarman, Scotty Carson, Cynthia McDonald and Flora Snoddy.

March 26—Bobby Boyd, Jean Posey, Stanley Crutchfield and Deana Dean McGrew.

March 27—Mrs. Lee Lieske and Claude Tucker.

March 28—Mrs. Walter Lenz, Mrs. Gene Emsley, James Hammer and Dee Robbins.

Couples celebrating wedding anniversaries during the week include Mr. and Mrs. John McGuire, March 24; Mr. and Mrs. Roy Anderson, March 25; Mr. and Mrs. Jerry Sitton, March 26; Mr. and Mrs. Russell Lyons, March 27.

**Senior Citizens Nutrition Menu**

We have discussed the matter of staying healthy after 65 by eating properly. The matter of vitamins and minerals are of extreme importance in continued healthful living. A healthy body needs vitamins and minerals, dairy products and cereals. Many older persons do not get enough calcium, a mineral that is used by the body in many ways. Calcium is especially important for building and maintaining strong bones and teeth. Foods rich in calcium include not only milk and cheese but also dark leafy greens (kale, collard, turnip and mustard greens). Some seeds, legumes and nuts (sesame seeds, beans and almonds) also supply good amount of calcium.

If you are in doubt if you are getting sufficient vitamins and minerals contact your doctor and discuss the matter with him.

The programs for the past week included: Leah Brown who played many songs of old, the Priest Band with country and western music, and AARP conducting their monthly dinner meeting.

The menus for the week are:

Monday--baked ham, sweet potatoes, english peas, apple crisp, bread, butter and drink.

Wednesday--hamburger, pinto beans, apple/carrot/celery salad, banana pudding, bread, butter and drink.

Friday--pizza, lettuce salad with dressing, english peas, refrigerated dessert, bread, butter and drink.

**ROUND AND ROUND SHE GOES...**

The question is, where will it stop? Many people have no idea. Life can be lived in a flurry of activity -- lifting from person to thing to dream, and back again. Or it can just settle into a monotonous routine. Either way, meaninglessness has taken hold.

Lack of meaning in life has been called "furious activity around an empty center. That's what a whirlpool is. Activities, meetings, schedules, parties, appointments -- but no direction. The swirling pace can get to you -- especially if there's a holiness inside.

Jesus talked a lot about meaning in life. But he not only talked about it. He gives it! He came to take us out of the whirlpool and set us on course in the Life Stream.

## CHURCH SERVICES

Sunday, March 21, 1982

**FIRST CHRISTIAN CHURCH**  
Church School begins at 9:40 a.m. and morning worship at 10:50. The JYF will meet at 4:00 p.m.  
The afternoon group of CWF will meet at 3:00 p.m. Tuesday. The choir will meet at 7:00 p.m.  
The general council of CWF will meet at 7:30 p.m. Wednesday.

**REDEEMER LUTHERAN CHURCH**  
Sunday School and Bible classes begin at 9:30 a.m. The worship service begins at 10:30 a.m. Pastor Crockett's message is entitled "The Lord Of Our Lives!" based on Numbers 21:4-9. The Lutheran Hour will be aired over KERK at 12:30 p.m. Pastor Wallace Schulz reminds everyone that in Jesus Christ God always keeps His promises to us. Hear his message entitled "Unbreakable Promises!"  
The Church Council will meet in the Parish Hall on Tuesday at 7:30 p.m. to prepare the agenda for the quarterly Voters' Assembly on

**Extension Club Holds Meeting**  
On March 17, Mrs. Etta Judia, president, presided at the regular monthly meeting of the Lake Cisco Home Extension Club at the Federated Clubhouse. Following the opening exercises, brief business, Mrs. Edna Bint presented an interesting program on "Low Calorie Cooking," followed by Mrs. Sue Davis discussing the value of regular exercise for good health--"Shaping Up Sensibly." She then enlisted the entire assemblage in group exercise.

Mrs. Alberta Sims began playing on the piano "happy birthday." Everyone joined in happily singing to our very special friend and member, Mrs. Maude (M.D.) Bailey, whose upcoming 92nd birthday to be Sunday, March 21. The surprised honoree was then escorted to a birthday table covered with a beautiful crocheted table cloth over green. The table was centered with a large home baked white cake with green icing and topped with hand-made shamrock picks which also became party favors. Fruit punch and cake were served from crystal.

Mrs. Irene Wende provided the recreation. Nine club members and one visitor, Mrs. Bailey's daughter, Mrs. Elizabeth Edwards of San Antonio. Visitors and new members are always welcome to the club.

Ruth Brown, Reporter

**In Brief**

Judge Dou Vena Killion Knipe of Houston is visiting in the home of her parents - Judge and Mrs. O.T. Killion of Cisco - while recuperating from surgery in Hendricks Medical Center. Judge Knipe is recovering nicely, and has appreciated the good wishes of the community. She plans to return to Houston after April 2nd, where she will begin her campaign for reelection in Precinct 321. The Judge has served in this Precinct, unopposed, for 23 years.

# Letters to the Editor

Dear Editor:

We have an appropriation from the Texas Legislature for the improvement of Highway 183 within Cisco city limits. Highway 183 is Avenue D and the proposed improvement is an 8 foot widening of that Avenue on both sides from 12th through 22nd Streets.

I was never one for spending money to keep it from burning my pockets. I know this money must be spent while it is available or it will be used for some other project. It could be years before another allotment.

Now that we have the money, derived from the gasoline taxes we have paid, let's use it wisely. Since I live on Avenue D, I am keenly aware of the heavy traffic and the need for alleviating that problem. I am also aware that there are 19 business houses, two churches and some 40 homes in the designated area.

If they lose 8 feet of frontage, some of these businesses will have the curbing rubbing against their walls. Not only will they lose their front parking space but their business will be drastically reduced during the construction period. The Lutherans and the Calvary Baptists will lose valuable parking areas. Every home owner will suffer from proximity damage and a decrease in property valuation. The traffic noise, too much already, will be magnified.

As President Reagan has challenged in regard to his budget program, "Put up or shut up." We have a "Put Up."

Avenue E is unpaved. Why not pave that and make it one way south? Avenue D would be one way north to 8th Street traffic light. In this manner, Avenue E would be paved, not black topped, and it would be maintained by the highway department as Avenue D is now.

In so far as I am able to ascertain, there are only two churches and one business fronting Avenue E. It would be less expensive because there are fewer utility lines to be moved. It would cut the traffic on Avenue D in half and permanent pavement would take care of the mud and dust problem on Avenue E.

Therefore, let the nineteen businesses on Avenue D keep their activities uninterrupted. Leave the two church parking areas intact. Permit the Avenue D residents to their lawns and improvements uninterrupted.

Give the good folk on Avenue E the pavement they merit in front of their homes—pavement that would not cost them one cent.

Why burst up good pavement on Avenue D just to repave and widen it? "Come now, let us reason together," the Good Book says. Reasoning begets common sense. Common sense says not to spend money foolishly when it could be used wisely.

The residents and business people of Avenue D are speaking to you, Mr. Highway Engineer. Lend us your ear.

With deep concern,  
Lela Latch Lloyd

Dear Editor:

I take this means of public endorsing the three propositions which will appear on the April 3 ballot in regard to issuance of revenue bonds to improve the water and sewer systems of Cisco.

It is impossible to place a money value on pure drinking water and sanitary, safe disposal of sewage. Under the present set up we who live in Cisco have neither. Untreated water and new sewage seeping onto our streets, yards, and school playgrounds pose a constant and grave threat to your health and mine.

I am well aware that the passage of the propositions will raise utility bills, and I know, too, as a retiree, what it is to battle increased cost of living and inflation on a fixed income. But when one's health and the future of his home town are at stake, there is no choice but to pay the price.

If anyone has doubts as to the gravity of the water and sewer dilemma facing Cisco, I urge him to attend the town meeting Monday, March 22, at 7:00 p.m. at Cisco High School auditorium.

Engineers, financial advisers, and officials from the State Health Department and Farm Home Administration will be there to give us the facts on the problems we face and the proposed remedy. Issuance of revenue bonds is a last chance opportunity to get financing at reasonable interest rates to meet the crucial needs for pure water and proper sewage disposal.

Join me and other concerned citizens Monday evening!

And on April 3 let's all go to the polls and vote for all three propositions. It's your health and the future of Cisco that are at stake!

Sincerely,  
Evelyn Bailey

**LETTER TO THE EDITOR**  
I would like to commend J.W. Sittin (People & Things) for his comments about government officials chartering jets and staying in expensive hotels at the taxpayers expense. His comments should apply to all elected officials (local and otherwise). I have always been a firm believer that every elected official should serve the public and not expect all these benefits at the taxpayers expense.

Thank you,  
Charles Preston  
Rt. 3 Box 4K  
Cisco, Texas

**LETTER TO THE EDITOR**  
"Question Box"??

1. Why do we need new water filtration and sewer system?
2. Will ad valorem taxes be raised?
3. Will water/sewer bills be raised?
4. What is the difference between a tax bond and a revenue bond?
5. Can we get low interest money?
6. Will the State terminate our water and sewer systems if we fail to vote "yes"?

I am taking these and other questions to the Town Hall meeting Monday, March 22, 7:00 p.m. at the High School Auditorium. I expect to have them answered by expert and competent advisors.

Besides the City Commissioners and City Manager, there will be present City Engineers from Abilene; a representative from the State Health Department and a financial expert from a Municipal Bond firm. These people will give us the facts.

Let all of us bring our questions and have them answered honestly and forthright so we can base our vote on fact and not hearsay. Our attendance shows our interest and concern for our town.

Kitty McCracken

Dear Editor:  
It has been brought to our attention that a very important issue is to be brought before the voters of Cisco on April 3.

In the interest of promoting everyone's health and welfare, we want to urge ALL of you Cisco citizens to get out and vote FOR improving your water and sewer system.

Two of the very most important factors in a health community is pure water, and properly handled sewerage. The community of Cisco has averted disease through many years only by the grace of God, and you must not continue to court this impending disaster.

PLEASE, for the sake of ALL citizens, both young and old, vote FOR the water and sewer improvement revenue bonds.

In behalf of  
the County  
Medical Society,  
Luther Gohlke, M.D.  
E.E. Addy Jr., M.D.  
Alfonso E. Pino, M.D.  
Ayres R. Cermin, M.D.

**LETTER TO THE EDITOR**

The eligible voters of the City of Cisco have an opportunity to levy an indebtedness which only those under the age of 35 will see completed. Some will encounter my statement by saying "now or never" but you know this is not true!

I am aware of our water and sewer delinquencies, but firms who are in business for profit are unwilling to take advantage of the high interest rates—why should the citizens of Cisco be any different?

Former Mayor John Webb foresees difficult days ahead if the citizens personal budget is overextended. I subscribe to that line of thought, and encourage our citizens to deny this bond indebtedness and say to the elected officials "present an alternative."

No one denies our water system needs up-grading. However, if we build the finest filtration system money can buy we will still have trouble with the water lines.

It is difficult for citizens who live south of east 16th Street to approve a bond indebtedness when they do not have city sewerage facilities. You simply cannot justify entering into new areas of the city when at least 1/4 of the city is not connected to the city sewerage system.

We must come back to the City Council and say "present an alternative." We must not be overwhelmed with fear and consequences if we reject this enormous indebtedness. Give us alternatives that are "Cisco-Citizen Oriented" ...not dictates of those who do not have to pay the bill.

Let us, Citizens of Cisco, reject this proposal and insist on two things: (1) give us a reasonable proposition with alternatives, and (2) let us wait until mid-May, 1982, to determine how severe the property tax will be so we can look at our individual budgets and be sound in our financial decision-making.

Roy V. Cartee  
Former Mayor

It is my opinion that the bond issue is entirely too large for the tax payers of Cisco to burden themselves with for the next few decades. This filter plant can be built for about \$200,000 and the sewer plant for less than \$100,000.

The people pushing this election are: Inexperienced City Officials, Bankers, Insurance Men, Financial Wizards, Engineers, Government Lending Agencies, Department of Health, Farm and Home Administrators, and anyone that can use scare tactics on us, the vulnerable voters.

Twenty-five years ago the city was scared into promoting the Battle Creek Project. We have thirteen more years to pay on this \$400,000 escapade. We are now being led toward a project 5 times as large with a lot higher interest rate. The first year alone you water and sewer users will have to come forward with almost \$400,000.

For the past 7 years the city fathers have spent all the surplus money on the City Airport. It's yours. Do you use it? Last fall the present inexperienced city fathers and city manager raised your city taxes about 6%, promising to fix the water, sewer and streets. That was about a \$100,000 increase. What did we get? City bonuses for employees, a 10% raise in wages to a chosen few, and a hell of a lot of pot holes in the streets. Can we trust the City Manager, and 10 city employees (3 could handle the work) in city hall to handle our money?

The city employees could do most of the work on the sewer and water works if they had guidance and encouragement to get the job done. The workers now all have vehicles, and they drive 6 to 7 hours a day. They don't have time to accomplish very much work.

If this bond issue passes, I predict that Cisco will lose 500 citizens per year for several years. The balance who choose to stay here will have a tremendous water

and sewer bill to pay. Are you willing to pay from \$60 to \$125 per month per average family to satisfy these greedy promoters? Don't be caught short. Remember you were advised. The present city fathers are all good fellows; they have been sold a bill of goods that is not practical. These two utilities are large and expensive enough to serve a city the size of Abilene. If these bonds pass, the fathers work will just begin. Every illegal secret meeting they have (2 per month), the rates for water and sewer will be increased immensely. Don't be fooled that your water and sewer rates will only be doubled—consider doubling 5 times.

What is to be charged rural customers? Are we worthy of an answer? What is the charge for large users? Country Club? Golf course? School? College? Hospital? Car washes? And our citizens who are beyond reproach?

President Reagan has been trying to cut the economy expenses, so has the Governor. I don't think they will help us. We may have to help ourselves or ask the Lord to help.

John H. Webb

**LETTER TO THE EDITOR**

Elsewhere in this publication will appear a statement of opinion from my friend John Webb, a former mayor of our community, relative to the upcoming bond election. His statement is not only in this newspaper, but it has been circulating in town for the past few days in the form of a flyer. This letter is in response to his statement.

At the outset let me state that I appreciate Mr. Webb's forthrightness in making his views known, and also the straightforward manner that he is employing. He has done so without dealing in personalities and he has signed his name to the statement. This is the way controversial issues should be aired, and we have no quarrel with it.

Mr. Webb has served at least two terms as mayor of Cisco. He was mayor when I moved here in 1959, and I have enjoyed knowing him and his good family since that time. I have had considerable association with them in the school system and community. Mr. Webb has given freely of his time to the City of Cisco in past years—hours and days that would be impossible to calculate, and we should all be grateful for people like him who have been willing to serve and look out for the best interests of our community.

Our former mayor has every right to express his opinion, as indeed we want all opinions heard—whether pro or con—regarding the bond election. The city council certainly does not want Cisco to have something if the citizens do not want it. Just this week I had the opportunity of discussing matters relative to the bond election with Mr. Webb personally, and we had a very cordial exchange, in spite of the fact that we were not in basic agreement. I hope that this letter will be taken in the same spirit in which it is given, which is an honest attempt to express my views and those of the council on the matters in question.

And now to respond to his statement of opinion as best I can:

(1) I fully agree that the amount of money involved in this bond election is large. All of the councilmen are well aware of the economic impact this will have on our citizens. But from the very

best advice we've been able to obtain, we're being realistic about the costs. We have to be somewhat on the high side when projecting costs, in order to be sure that sufficient funds are approved to cover the bids that will be taken. And furthermore, we very much hope that these projects will not be as costly as projected. If they are not, the bonded indebtedness will not have to be so high. But we see no way whatsoever that an anywhere near adequate filtration plant, distribution improvements, and sewer system can be built to take care of the needs of Cisco for the figures he speaks of. If someone can come forward and show us how this can be done, we'll be most willing to listen. But from what we as a council have been able to determine, we're talking completely realistic figures in the amounts that will be before the voters on April 3.

(2) Really the only people "pushing" this election are citizens of Cisco who want a good water and sewer system. The council is very hopeful that a majority of our citizens want these issues approved. We have gone "hat-in-hand" to our bank, the Farm and Home Administration, and the Texas Water Quality Board seeking financing. And we've used an engineering firm that was engaged by a previous council...but one that we have complete confidence in after reviewing their credentials. We're using a financial consultant recommended by our engineers, a man who is respected throughout the state of Texas for dealing with matters just such as we are facing. As for the State Department of Health, we're just trying to take action on mandates they have directed towards us and previous councils over the past several years. We don't want to overly scare anyone...we just want you to know the facts as best we've been able to decipher them, and then the decision will be yours.

(3) We can't speak one way or the other regarding the Battle Creek Project. But yes, this will carry a much higher interest rate, although we're hopeful that we can get slightly more than a fourth of the project at 5.6%. But had this action been taken only a very few years ago, we could be looking at much, much more federal and state assistance than is now available, and also at a tremendously lower interest rate. In fact, I believe it would be safe to say that had action been taken just a very few years ago that we could now be enjoying the benefits of the needed improvements and they would have cost a mere fraction of what they will now. But for whatever the reasons—and we're pointing a finger at no one—these projects have not been undertaken and carried out to a satisfactory conclusion up to this point in time. So now we're offering the citizens the opportunity to tell us whether or not they want to make these things happen before any more time elapses. These projects are not likely to get any less expensive if we wait longer.

(4) Regarding the city airport...Very, very little city funds were spent on the airport improvements. And as best I can tell, there has been virtually no surplus money in the city coffers to spend anyhow. The airport improvements have been made possible by grants from the Texas Aeronautics Commission and private and corporate donations of money, labor, and use of equipment. Most of the quite small participation by the city was in the form of in-kind labor. And we now have a really fine airport facility, thanks to the efforts of a good many people and the TAC. It means a lot to Cisco, particularly in the way of serving the business, industrial, and petroleum-related community, and in making way for future economic growth.

(5) We did indeed raise taxes 67%, and this new revenue has gone for, among other things: getting badly needed new major items of equipment for the city; paying more of a living wage to our employees; replacing street paving program; a new animal control program; developing a new sanitary landfill to be opened soon; paying our share of the cost of the new county appraisal district, obtaining better police vehicles and equipment; and freeing up revenue sharing funds for such capital improvements as the new street signs you see around town. We have indeed approved bonuses for city employees—in the form of either \$40 or \$60 Christmas bonuses per employee, based on length of service. This has been done in numerous past administrations, including that of our former mayor, and the practice is not unusual at all. In fact, the morale of our city employees now seems to be quite good, and we're pleased because of it. And we're happy to report that the city is being run in a very businesslike manner, administered by a capable city manager, and on a sound fiscal basis as well.

(6) We do not have 10 employees at City Hall. In addition to the city manager, we have 5 full time and 2 part-time personnel, all of who stay quite busy. We have a city secretary, a utility billing clerk, a tax assessor-collector, an accountant, and a municipal court clerk. We have a CJC student as a part-time clerk, and we have a part-time municipal judge.

(7) We would certainly hope that we won't lose a single citizen due to the passage of the bond issue, should it pass, let alone 500 citizens per year. In fact, we would hope that a good water and sewer system would be a drawing card for new citizens, business, and industry.

(8) The very carefully calculated and projected increase in water and sewer bills indicate something like \$7 to \$8 increase in water bills and \$2 increase in sewer bills. Our engineers and financial consultant tells us that percentage-wise the increases will amount to approximately 90% in minimum bills and approximately 75% in the average bill. This is of course a significant amount, and we fully realize it.

(9) I'm afraid even my friend and former mayor would have to admit that the water and sewer systems we are planning could in no way serve a city the size of Abilene. The proposed systems are designed to serve a city of 6000 to 6500, which is the projected population of the city of Cisco in the year 2000.

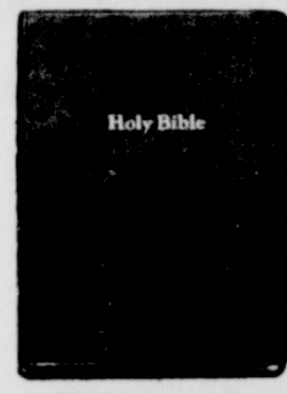

(10) Your present city council has held no secret meetings during the 10 months we have been in office, and we have no intention of ever holding one. All of our meetings have been published and announced in advance, and have been open to the public as required by law...even special called meetings or workshop sessions. We have on some few occasions—when in our judgement it was indicated—gone into executive session to discuss personnel matters, pending litigation, or real estate transactions. Executive sessions are entirely legal when held for those purposes, as stipulated by the state open meetings law. However, no resolutions were ever passed, no votes

were ever taken—indeed even no motions were ever made—during an executive session. We've endeavored to do everything in the open and above board as we're required to do by law, and as our citizens would expect from their elected officials. And we intend to continue this practice.

(11) Rural customers currently pay the same rates as regular city water users, plus a surcharge. The surcharge may well be increased, but of course the rural customers will still pay increased rates anyhow, like everyone else, should the water issue pass. Larger users will likewise pay prorated higher rates. I personally cannot identify our citizens who are beyond reproach, so I cannot respond to that particular question.

(12) Finally, let me say that we would like to cut expenses also...but we feel that we've cut them too long now, and are finally having to dig deeper to fulfill our city's needs for good quality water and environmentally safe wastewater treatment. I agree, we definitely can't expect much help from the federal or state governments, and yes, we surely must help ourselves. But we indeed must ask for the Lord's help and guidance. I personally pray daily that what we are doing is the right thing for our community, and that the right decision—whether year or nay—will be made on April 3.

Respectfully,  
Eris Ritchie, Mayor  
City of Cisco

# Weddings

MRS. SY TABOR

## Sue Hallmark Becomes The Bride Of Sy Tabor In March 6th Ceremony

Sue Hallmark became the bride of Sy Tabor in ceremonies performed at 4:00 p.m. Saturday, March 6, at the East Cisco Baptist Church in Cisco. Rev. Armo Bentley read the wedding vows.

The bride is the daughter of Mr. and Mrs. Bob Hallmark, Route 2, Cisco. The bridegroom is the son of the late Mrs. Bobbie Tabor and brother of Mr. and Mrs. Lonnie Payne of Midland.

The church altar was decorated with an archway covered in white flowers and greenery. Two candelabras flanked each side and an unity candle in the center.

Gary Fink, cousin of the bride, and Sherry Hill of Hedley, sang "Endless Love." Mr. Fink also sang "Flesh of My Flesh."

Barbara Jessup of Cisco was the matron of honor. Jeanne Agnew of Cisco was maid of honor. Bridesmaids were Pam Reid of Rhone and Delia Lopez of Cisco. Kelli Grieger of Irving, niece of the bride, was flower girl. Curt Posey of Cisco was best man. Groomsman were Ray Foote, of Hobbs, New Mexico, brother of the bridegroom, Wayne Jones and Walter Banks, both of Snyder.

Chad Rogers of Cisco, nephew of the bride, was the candlelighter. Ushers were Billy Knight, of Cisco, brother of the bride, and Dale Burns, of Snyder, brother-in-law of the bride.

The bride, given in marriage by her father, wore a white organza gown styled with a Princess neckline, traditional sleeves with a high collar, and a train which was trimmed with chintilly lace and pearl brilliants. She wore a derby style hat with a floor length veil. She carried a bouquet of silk flowers in burgandy and pink.

The bride's attendants wore rose colored dresses with pleated skirts and attached lace capelet. They carried bouquets of silk roses in bride's chosen colors of burgandy and pink with matching streamers.

A reception was held in the fellowship hall of the church, hosted by the bride's parents. Members of the houseparty were Mary Rogers of Cisco, Linda Burns of Snyder and Hazel Grieger, sisters of the bride. Lynda Knight, sister-in-law of the bride, served at the bridegroom's table. Nieces of the bride and bridegroom, Kanitha Rogers of Cisco, Hollie Burns of Snyder and Crystal Payne of Midland, handed out rice bags. Karen

Bostick was seated at the registry table.

The bride is a graduate of Cisco High School and is attending Cisco Junior College. She is employed by D.D. Williams, Attorney.

The bridegroom, who attended Snyder High School, graduated from Cisco High School. He is attending Cisco Junior College. He is employed by Ed Posey's Gulf.

Following a wedding trip to Fort Worth, the couple is living at 400 West 6th Street in Cisco.

SANDRA MAPLES (Staff Photo)

NEW OFFICE Secretary at the Chamber of Commerce is Sandra Maples, pictured above. She is the wife of Chuck Maples, native Ciscoan who is employed by EnRe Corporation. They live at 500 Franklin and have a year old daughter, Stefanie.

Mrs. Maples is a native of San Jose, Calif. The young couple met while both were serving in the U.S. Navy in Japan. She was a yeoman second class and was secretary to the Navy commandant there, while Maples was an aircraft technician first class in a Navy Squadron. Mrs. Maples went to work at the CofC last Monday. She is a Notary Public.

MRS. CHARLES D. ROBINSON JR.

## Cheryl Diane Wheat and Charles David Robinson Jr. Are Married Saturday

Cheryl Diane Wheat and Charles David Robinson Jr. were married at 7:30 p.m. Saturday, March 20, at the Church of Christ in Cisco. Jim Reaves, minister, performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. B.B. Wheat of Cisco. Mr. and Mrs. Joe Daskevich of Midland are the parents of the bridegroom.

Debbie Zarate of Cisco, friend, was the maid of

honor. Jim George of Cisco, friend, was the best man.

The bride was given in marriage by her father.

A reception was held at the church following the ceremony.

The bride is a graduate of Cisco High School.

The bridegroom is a graduate of Midland High School. He is employed as a pumper for EnRe Corporation.

The couple will live at 2508 Avenue D in Cisco.

## Iran Believed Ready To Make Gov't. Changes

An opinion that the people of Iran may be near the point where they would welcome the return of the monarchy form of government was expressed by I.W. Ussery of Eastland in a talk at the Cisco Lions Club luncheon last Wednesday noon.

Mr. Ussery, who is justice of the peace of Precinct One, spent some ten years in Iran working with a U.S. engineering company and he knows that country's customs, traditions and people.

"Iran's economy is in shambles," Mr. Ussery said.

"The present regime has accomplished nothing but misery and unrest in murdering thousands of people since replacing the monarch, and I find it hard to believe that the people will condone this much longer."

Mr. Ussery said the first day of spring is the beginning of a new year in Iran, and this comes with a 9-day holiday in April. Everyone cleans house for the new year. He added that "theirs is not a bad idea for us to copy - let spring be a time for self appraisal and to set new goals for the future."

The speaker was presented by J.W. Cook, program chairman.

## Ciscoans Enjoy Visit To Mexico Resort

It was a carefree group of fourteen Ciscoans and one Houstonian who rose at dawn Wednesday, March 10, to fly to Ixtapa, that intriguing sounding brand new

Mexican resort between Acapulco and Matzatlán. Not even the dire predictions of the pseudo-scientists that the world would end March 10, on account of the nine

planets lined up on one side of the sun, could dampen our spirits, and we arrived at our destination without mishap.

Buses awaited us and transported us to our lovely hotel, the Castel Palmar (formerly Viva Holiday). We headquartered there, but took in all of the six major hotels along the strip of perfect, sandy beaches during our stay. The Krystal, next door, was the swankiest (in fact, the only 5-star hotel in that part of Mexico). We dined and danced there, but though the food was good, the service (as in all Mexican restaurants) was so "manana" that we nearly went to sleep.

The Holiday Inn had good food, too, and both had lovely pools and lush tropical gardens, as did our own hotel.

One of the fun things we

did was to go down to El Presidente to "parasail"; that is, we were strapped into a harness and pulled up into the sky by a boat that circled around and afforded us an exciting view of the whole resort. Everybody seemed to enjoy it - the only thing that worried a few was pulling the right strap to bring them down after the flight, but nobody failed to make it.

One of the highlights of the trip was an excursion to Isla Ixtapa by boat. We taxied to the port, wearing our swim suits, and waded ashore at the island. There was an isthmus with calm water on one side and rather rough (with rocks) on the other, so we had our choice. The calm side afforded the best swimming we had anywhere. We had a good dinner after our swim.

Another of the pleasures of the beach was looking over and buying a lot of the Mexican dresses, beach wraps, and all kinds of jewelry. The vendors abounded both on our beaches and on the island.

And, of course, we also went to the markets in Zihautenejo (where the airport is) for shopping, and to dine at the Captains Table (Mesa del capitano). Had the best broiled lobster there, as well as coffee Kahlua (with ice cream in it). The hosts were particularly genial and gracious, and spoke perfect English (because they were Americans). It was a relief, after trying to make ourselves understood by the waiters in other places.

Coming home on Sunday, our luck ran out for awhile. They had scheduled our flights too close together, and as the customs men in Houston said they had the biggest crowd they'd had for ages, by the time we went through and then took the tunnel train from Section A to Section C (a matter of miles), our flight had departed, and we were put on standby. However, we were fortunate enough to get everybody on the next flight, and our dear families who were meeting us at D/FW only had to wait two hours. We did feel sorry for those of our party who still had to drive the three hours to Cisco, but they seem to have survived, and to feel that the few inconveniences were more than outweighed by fun we had.

Enjoying the trip were the Gene Abbotts, the Willis Parkers, the Winston Heidenheimers, the Sterling Drumwrights, the Sutton Crofts, the Dan Dixons, Lucy Collier, Gus Smothers (all of Cisco) and Sally Sweeney of Houston.—Mary Crofts

## Final Results Of Cisco

### Livestock Show Announced

The Cisco Livestock Show was held March 12 and 13 at the County Precinct Barn in Cisco.

Results of the show are as follows:

**BREEDING SWINE**  
Hampshire-Poland China (black) prior to first litter: 1. Justin Kendall; 2. Shannon Kendall; 3. Glen Starr; 4. Bobby Ingram.

Yorkshire-4 months old but prior to first litter: 1. Robert McCulloch; 2. Darrell Stuart.

Grand Champion: Justin Kendall. Reserve Champion: Shannon Kendall.

**MARKET GILTS AND BARROWS**

Durco Jerseys: 1. Justin Kendall; 2. Robert Sherman; 3. Stanley Callahan; 4. Johnny Seabourn; 5. Darrell Stuart; 6. Shannon Kendall; 7. Curtis Ingram; 8. Danny Kearney; 9. Glen Starr.

Poland-China and Hampshires: 1. Brian Fleming; 2. David Seabourn; 3. Mike Smith; 4. Tommy Elrod; 5. Frankie Seabourn; 6. Scott Roberts; 7. Terry Davies.

All other breeds: 1. Kenny Cunningham; 2. Shannon Kendall; 3. Mike Smith; 4. Lynn Pittman; 5. Robert Sherman; 6. Weldon Taylor; 7. Shawn Manire; 8. Mikel Williams.

Grand champion-market animal: Brian Fleming. Reserve champion-market animal: Justin Kendall.

Bucks all ages: 1. Shelley Agnew; 2. Leo Boyd; 3. Angie Boyd.

Does all ages: 1. Leo Boyd; 2. Shelley Agnew; 3. Angie Boyd.

**BREEDING SHEEP**

All fine wool females: 1. Kelli Whatley; 2. James St. Clair; 3. James St. Clair; 4. James St. Clair; 5. Robert Gorr.

Mutton breeds other than South Down: 1. Tommy Claborn; 2. Tommy Claborn; 3. Randy Ingram.

South Down: 1. Kelli Whatley; 2. Randy Ingram; 3. Scott Anderson.

Mutton breeds other than South Down: 1. Scott Anderson; 2. Tommy Claborn; 3. Scott Anderson.

**MARKET LAMBS**

Fine wool lambs: 1. Teddy Hull; 2. David Kanady; 3. John Mulkey.

Fine wool Mutton Crosses other than South Down

crosses: 1. Kelli Whatley; 2. David Kanady; 3. Gary Echols; 4. Nancy Ziehr; 5. Karl Ziehr; 6. Travis Long.

Mutton lambs (other than South Down): 1. Tommy Claborn; 2. Kelli Whatley; 3. Robert Gorr; 4. Tommy Claborn; 5. Robert Medina; 6. Jana Yowell; 7. John Mulkey; 8. Gary Echols.

South Down and South Down crosses: 1. Robert Gorr; 2. Scott Anderson; 3. Scott Roberts.

**MARKET STEERS**

One class regardless of weight-1. Mike Woolley; 2. Craig Foster; 3. John Bailey.

**DAIRY CATTLE**

Heifers and cows (any breed): 1. Kathy Choate; 2. Donny Choate; 3. Cindy Choate; 4. Scott Anderson.

## Cisco Jr.-Sr. High School

### Releases A & B Honor Rolls

The Cisco Junior-Senior High School students on the honor roll for the past six weeks, fourth six weeks, are listed below.

**ALL A HONOR ROLL**  
Seniors-Becky Channess, Tammy Caraway, Cindy Foster, Cyd Fry, Tina Kea, John Maples, Shane Posey, Patty Sellers, Traci Trussell and Leslie Winnett.

Juniors-Kendall Anderson, Bryan Lorange and Vicki Wilcoxon.

Sophomores-Tracey Couch, Deanna McGrew, Glenn Starr and Margaret Yeager.

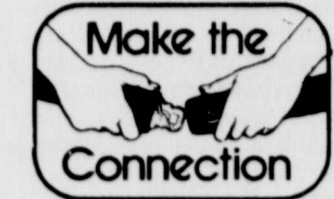

Freshman-John Bailey and Nancy Ziehr.

Eighth-Kyle Anderson, Frances Channess, Lisa Endebrock, Jeff Kinser, Robin Ritchie, Kirk Wallace and Hazel Worley.

Seventh-Melissa Bailey, Katie Baird, Stephanie Clinton, Kelly Cooper, April Cotton, Renee Dillard, David McDonald, Jason Rattan, Stacy Willingham, Janice Woolley and Rodney Williams.

A-B HONOR ROLL  
Seniors-Rhonda Boner, Greg Cerrin, Mary Ann Cox, Glenn Deitiker, Bubba Eaker, Carol Endebrock, Jacque Eudy, Gayla Gwinn, Carla Hitt, Mark Humphries, Zack Hunt, Delia Lopez, Velia Lopez, Tim McKinney, Greg Morgan, Sandra Nichols, Linda Reich, Leslie Roberson, Gary Speegle, Greg Swindle, Rex Taylor, Eloise Torres, Steve Wheeler, Gaye Willoughby, Joey Worley and Diane Zarate.

Juniors-Larry Adams,

**For All You Donut Lovers**

insecticides are Topsis M, Malathion, Sevin, & Zolone. The recommended fungicides include Captan, wettable sulfur and Benomyl. Following the directions on the amount of chemicals to add per gallon of water.

Repeat this spray 10 to 14 days after petal fall and again 10 to 14 days after the second spray. It may be necessary to apply as many as 5 applications at 10 to 14 day intervals except on early maturing varieties. Do not apply insecticides within three days of harvesting plums or within seven days of harvesting peaches. We have owners fruit and

nut spray schedules in the Extension office to give you more information on fruit tree spraying.

Don't fertilize your lawn grass too early. We once thought the lawn grasses needed fertilizer when the grasses begin to green up. New research finding indicate that there is a critical time lag in production of new roots by both bermudagrass and St. Augustine grass in the early spring.

Leaf growth of these grasses greatly exceeds root production in the first few weeks of "green-up". Heavy applications of nitrogen, the fertilizer element that encourages leaf production in

plants, can worsen the situation and cause new growth to starve.

In the past, we've tended to try to base fertilization decisions on the appearance of grass. But, of course we couldn't see what was happening in the equally critical root area below the ground.

In light of this, delaying nitrogen applications beyond this critical period may prove to be valuable for bermudagrass and St. Augustine grass. This means waiting until the grass has been green for two or three weeks before applying fertilizer.

**CISCO JUNIOR COLLEGE offers BASIC 35 mm PHOTOGRAPHY**

Basic Photography is a course on the use of the 35 mm single lens reflex camera. The course will include the following: Introduction, Knowing your Films, Daylight Techniques, Flash and Special Types of Photos.

**DATES:** March 30, April 6, 13, 20, 27, May 4 & 11, 1982

**TIME:** 7:00 - 9:00 p.m.

**PLACE:** Room 220 Fine Arts Building Cisco Junior College, Cisco, Texas

**Teacher: James Cotton**

Mr. Cotton has owned and operated Cotton's Studio in Cisco since 1959. Prior to this he was photographer for Roberts Studio in Abilene.

**COST:** \$40  
**CREDIT:** Certificate of Completion with Continuing Education Units

**REGISTRATION**

1. Send in registration form below with registration fee by March 29, 1982 so that handout material can be prepared.
2. Call Mrs. Watts at 817/442-2567, ext. 113 to register by telephone. Mail registration fee to the President's office.

# People n Things

IT'S BEGINNING to look like spring is here.

Mesquite trees are putting out leaves and everybody knows that the mesquite never puts out a leaf until the last threat of freezing weather passes. Jerry McBeth called our attention to the mesquite leaves.

Mr. Ray Battle of Scranton remembers one year a good while ago that the mesquite trees were fooled and had their tender leaves frozen. Mr. J.W. Cook notes that a mockingbird has taken over a tree in his backyard and sings a happy song of spring every day.

Have you seen a scissortail bird yet. And they're supposed to be the true harbingers of spring. You can almost see the grass getting greener every day. And Mr. I.W. Usery, Eastland JP, forecasts a freeze by Easter.

COMMITTEES ARE busy on the Christmas in May project of the Chamber of Commerce. Meanwhile, donations for it continue to come in. Mr. Wm. E. (Bill) Austin of the furniture store has donated labor and materials for a kitchen floor.

The Austin Furniture Co., by the way, is expanding to the south. Plans are in progress for the building just south of the main store to be taken into store. Mr. BA reports that they hope to have this project finished in a month or so.

YOU'LL WANT to keep quiet about Banker Dick Woolley missing the \$50 door prize because he didn't go to the CoFC breakfast the other morning. Wonder what Mrs. DW could have done with the \$50. Golfer Benjie Nichols has a new driver - one that he ordered six months or so ago. It was the Cisco High School Rodeo Club that sponsored the rodeo here on a recent weekend - not the CJC Club as we reported.

MR. WALLACE Johnson, retired president of Country Club Ridge and the unofficial mayor out there, and wife are just back from a trip of two weeks or so that took them to South and East Texas.

In his late 70s, Mr. WJ plays golf almost every day and does a good job of it. He told us that a couple or so years ago, he blacked out during the mid-day and the next thing he knew it was 10 p.m. and he was in the hospital. He didn't remember that he had gone to the golf course and played 18 holes. A couple of golfing friends decided that he might be having trouble and inquired and they took him home and the doctor took over. After a few days, everything was normal and has been ever since. He teaches a Bible Class at the First Baptist Church every Sunday and enjoys it, he reports.

WENT OVER TO Abilene the other night to see the movie ON GOLDEN POND that won a number of awards for the actors. It was a dandy story about a senior citizen bordering on the senile. His associations with a 13-year old boy did wonders for both of them.

The characters use quite a lot of profanity which didn't add anything to the story and which detracted from the over-all effectiveness, it seemed to us. The profanity got them a PG (parental guidance) rating and this must be considered a plus at the box office.

MR. LOUIS (Jake) Morgan of the feed store observed that Mrs. Freddie (Von-dalee) Anderson of the First National Bank staff was working at various desks over at the bank - filling in for secretaries, at office machines and the like.

Finally, Jake asked her: "Can't they find anything you can do?" Actually, Mrs. FA, who has been on the bank staff a good many years, is pretty versatile. She can do just about any job there and its nice to have a talent like that in a ny office.

OUT AT Kamon House where several companies dealing in different phases of the oil industry are located, they have a brand new printing press - a Davidson multi-color offset press. You can print on both sides of the paper at the same time. And

it will run at a rate of some 9,000 copies per hour if you're in a hurry.

The press, plus a lot of other equipment, is used by the Kamon companies in turning out printing used in their business. Frank Spangler is the young man who runs the printing department and he is real proud of the new Davidson.

MAYOR ERIS Ritchie received a telephone call from Architect Renaldo Petrini of the University of Houston the other day to report that the Hilton Foundation has told him to proceed with calling for bids for a contract to restore the old Mobley Hotel in Cisco.

Mr. Petrini added that he has accompanied two or three potential contractors to Cisco to inspect the property.

You'll be glad to hear that Holly Ritchie, little daughter of Mayor and Mrs. Ritchie, is now out of casts and wheel chairs and goes to her first grade class and everywhere on crutches. She suffered a broken leg, you know, in a fall a month or two ago from a tree house.

THE CISCO Rural Fire Department's two big trucks that were on loan from the Texas Forestry Service were picked up Thursday by the TFS and replaced with one smaller truck. The two big trucks were out of running order and couldn't be repaired locally.

Plans call for the smaller truck to be equipped with a water tank and other necessities for fire fighting.

Right now, the Cisco Rural department is without useable equipment and practically without money. Any contributions would be appreciated. Contact Fire Chief C.W. Guthrie or leave a donation at the fire department.

CITY SECRETARY Ginger Johnson reports that five absentee ballots have been cast in the April 3rd city election.

CHIEF IN HOSPITAL Acting Police Chief Raymond Blevins was expected to be released Friday afternoon after being treated for several days in Eastland Memorial Hospital. He hoped to be back in his office Monday.

## NOTICE OF MEETING OF THE GOVERNING BODY OF CITY OF CISCO

Notice is hereby given that a special called meeting of the governing body of the City of Cisco will be held on the 22nd day of March 1982, at 7:00 p.m. in the Cisco High School auditorium at which time the following subjects will be discussed, to wit:

Item I: Town Hall Meeting to discuss complete information concerning the Municipal Revenue Bond Election for Waterworks and Wastewater System Improvements.

I, the undersigned authority, do hereby certify that the above Notice of Meeting of the governing body of the City of Cisco is a true and correct copy of said Notice and that I posted said Notice on the bulletin board in the City Hall of Cisco, and said Notice was posted on March 18, 1982, at 10:00 a.m. o'clock and remained so posted continuously for at three days immediately preceding the date of said meeting.

Dated this, the 18th day of March, 1982.

## Couple Proud Of Their First Home

Mr. and Mrs. Richard Payne are happy to have purchased their first home located at 408 West 12th Street. Richard and Stacy are in the process of remodeling before settling down to live. The Garl D. Gorr Real Estate Brokerage managed the transaction.

## Lubbock Man In Jail At Eastland

A 22-year old Lubbock man was still in the Eastland County jail Friday awaiting the filing of charges for violating narcotic laws in allegedly offering to sell hashish to Raymond Blevins, acting Cisco Police

Chief, last week. Officers said a laboratory was analyzing the material involved in the sale before the filing of formal charges. The man was being held under \$5,000 bond set by City Judge O.T. Killion in Cisco.

## Cruse Family Gospel Concert Set For April 8

The Cruse Family gospel concert will be held Thursday, April 8, at 7:00 p.m. at the Taylor County Coliseum in Abilene. Tickets are \$7.00 for main floor and \$6.00 for balcony. There will be \$1.00 off on groups of 25 or more. Tickets may be purchased at Songs & Psalms Bible Bookstore, 116 West 8th, Cisco.

## OBITUARY

### Funeral Services For Loanna York Held Wednesday

Funeral services for Loanna York, 47, of Cisco, were at 3 p.m. Wednesday at Cisco Funeral Home Chapel. Burial was in Oakwood Cemetery.

Mrs. York died at 12:30 a.m. Tuesday at the home of her parents, Mr. and Mrs. Carlton Holder, in Cisco after a long illness.

She was born November 7, 1934, in Cisco. She married

Kenneth W. York on February 3, 1951, in Cisco. A former Clyde resident, she was a member of First Baptist Church in Clyde.

Survivors include her husband, Kenneth W. York of Abilene; two daughters, Mrs. Jo (Ann) Eckols of Abilene and Sue York of Cisco; three sons, Steve of Odessa, John and Ray, both of Abilene; her parents, Carlton and Lois Holder of Cisco; two sisters, Mrs. Charles (Carlene) Spicer of Abilene and Mrs. Victor (Janice) Latham of Odessa; and seven grandchildren.

Joe Douglas Hicks

### Funeral Services For Joe Hicks Held Monday In Alpine Church

Joe Douglas Hicks, 41, died at 3:45 a.m. Friday, March 12 in the Big Bend Memorial Hospital in Alpine after a sudden illness. Services were held at 11:00 a.m., Monday, March 15 at the First Baptist Church of Alpine. The Rev. Bruce Lampert officiated. Burial followed in the Elm Grove Cemetery in Alpine directed by the Geesline Funeral Home.

Hicks was born March 11, 1941 in Cisco, TX. He was married to Loretta J. Boulden on Aug. 20, 1976 in Alpine. Mr. Hicks was a Texas State Trooper II, serving in Alpine since 1970. Before that time, he served in Pecos and Abilene where he was also with the Police Department from 1964 to 1967. Hicks also served with the Military Police in the U.S. Army. He was a

member of the Big Bend Law Enforcement Organization and the Big Bend R & T Club. He attended school in Scranton, Tx. Hicks also attended Sul Ross University, studying Criminal Law, and had dedicated his life to good law enforcement. He was a member of the First Baptist Church.

Survivors include his wife, Loretta Hicks of Alpine; twin sons, Bradley Joe and Kyle Douglas of Alpine; his parents, Howard and Jo Hicks of Cross Plains; two sisters, Betty Lockyer of New Mexico, Sally Rody of Cross Plains; two brothers, Gene Hicks of Rising Star, and Al Hicks of Abilene.

Pallbearers were members of the Department of Public Safety with a full Honor Guard provided by the Department of Public Safety.

## Choice polled hereford sale slated for April 3

Brownwood, Texas has been selected as the site for the West Texas Choice "4th Edition" Polled Hereford Sale, which will be held on Saturday, April 3, 1982, 12:30 p.m. at the Delta S Ranch, located on Hwy 183 adjacent to the Municipal Airport. Fifty-nine lots have been

brought together for this excellent offering of top quality Polled Hereford cattle. Service age bulls, cow/calf pairs, and open and bred heifers make up the group of West Texas "Choice" cattle. Cattlemen will have the opportunity to select top

herd sire prospects from the nineteen bulls that have been included in this sale. Many of these bulls have just completed gain testing at the Texas Tech University bull testing station at Amarillo. Completing tests results will be available on the gain tested bulls on sale day.

The female offering has the promise of providing quality herd improvers to build a herd with or as replacements.

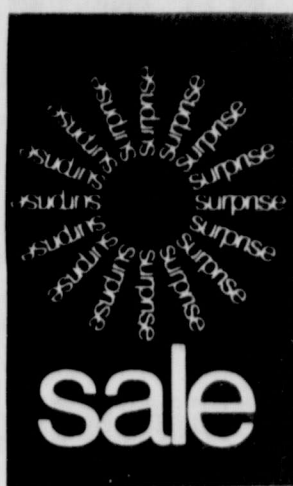

Many of these cattle are sired by some of the nation's most popular herd sires, i.e. "Banner," RWJ Vic Domino F18, T&S Victor T445, SSS Victor 212 1920, Enforcer 107H, JKB KNT Lamp E70 J44, "Jogger", BT L1 Advancer 12H, and Victorious K47 U81.

Many of Texas' most progressive breeders have consigned cattle for this event. They include: Joe Dan Weedon, Brownwood; Cowhouse Creek Ranch, Hamilton; Rowland's R&R Ranch, Morgan; W.H. Obenhaus, Chillicothe; Wayne Stewart, Cleburne; Jim & Fay Gill, Coleman; R.W. Murphrey, Abilene; Charlie Abbey, Coleman; Jimmy Farrington, Abilene; Ira Duck, Abilene; BOSS Polled Herefords, Christoval; John Trenfield, Follett; Wallace Fields, Shamrock; and Garland Abbey, Coleman.

For more information or sale catalog, contact: Texas Polled Hereford Association, P.O. Box 70, Rio Vista, Texas 76093 (817) 373-2524.

COMMERCIAL BUILDING WITH LOTS OF POTENTIAL: On 7.68 acres located on I-20 access in Ranger. 3 truck stalls, one office and parts storage area, approx. one year old. Built-in air compressor and overhead hoist. Now used as diesel mechanic shop. Excellent location for exposure to Interstate 20.  
COMMERCIAL BUILDING-Consisting of 4 offices, reception area, 2 baths, conference room, large storage bldg. in back, has 1,000 Gal. gasoline tank buried with electric pump. Owner financing with 29% down, 12% interest 10 years. 2 blocks from square.  
INVESTORS-New 4 Plex, each unit has 2 bedrooms, livingroom & kitchen. 2 units have 1 1/2 baths, the other 2 have 1 bath. These are extra nice. This has existing loan that is assumable.  
COMMERCIAL LAND FOR YOUR NEW BUSINESS IN EASTLAND-2.77 acres on I20 East on access road. Ideal location!  
ACREAGE  
62 ACRES SOUTH EAST OF RANGER located only 1 mile from I20. Fenced and cross fenced. One stock tank, some coastal, cultivation and woods. Excellent home site. Deer & turkey, 1/4 minerals. This is an exceptionally good place, with all the things you've been looking for in one package. 60 ACRES So. of Cisco, 1 mile off Hwy. 206. Approx. 30 acres coastal, 15 acres love grass, some timber. One good stock tank, shallow hand-dug well.  
3.965 ACRES in City Limits with mobile home hookup, city water. Cleared, fenced, some large pecan trees.  
LOOKING FOR A COUNTRY SITE FOR YOUR NEW HOME? 12 1/2 acres on blacktop near Lake Leon has staff water meter in, access to lake thru nearby permanent easement.  
BUILD your dream house on one of these 2 to 3 acre tracts. Located on Hwy. 6, 5 miles S. of Eastland. City water available.  
160 ACRES South of Ranger off FM 571 in Rustic area. Unimproved, 2 tanks. Excellent hunting area for deer, turkey and quail. Ideal for group investment.  
SMALL ACREAGE 2 small tracts of land, ranging from 4.33 to 4.23 acres. This has a city water meter installed. Nice quiet area, approximately 5 miles east of Eastland. No restrictions in this area.

## March city sales tax largest in a single month

State Comptroller Bob Bullock Monday sent checks totaling \$48.9 million to 962 cities as their share of the one-percent city sales tax for March.

The payment is the largest representing a single month's tax collections ever distributed—29 percent over the same period in 1981.

### Informal meeting for buyers & sellers Sat at 6

There will be an informal meeting for the buyers and sellers of animals at 6:00 p.m. on Saturday, March 20, 1982 at the new county show barn.

This meeting will be just prior to the sale of champions and we urge all interested parties to attend and get acquainted.

This record payment, reflecting taxable sales made by Texas businesses in January, is the second record payment in two months, but Bullock added a note of caution.

"Record sales can be one indicator of good time, but they are not an indicator of profit margins. These taxes are based on sales price or market value. True, Texans are spending more but these figures don't tell us what the merchants or suppliers or manufacturers are having to pay for the goods they buy."

Bullock explained that last month's record \$106.4 million payment to cities who levy the local sales tax represented collections from taxpayers who pay monthly as well as those who pay quarterly and yearly.

The city and MTA sales taxes are collected along with the state sales tax by merchants and businesses and rebated monthly to the

cities in which they are collected by the Comptroller.

The net payment this period for Cisco is \$14,537.56. The 1982 payments to date are \$56,044.23. The percent change to date is 20.28%.

For Eastland, the net payment this period is \$12,304.99. The 1982 payments to date is \$58,722.42. The percent change to date is 44.42%.

The net payment this period for Gorman is \$2,371.32. The 1982 payments to date is \$7,765.15. The percent change to date is -1.33%.

Ranger's net payment this period is \$15,446.23. The 1982 payments to date is \$38,922.66. The percent change to date is 31.38%.

For Rising Star, the net payment this period is \$2,925.57. The 1982 payments to date is \$6,440.00. The percent change to date is 41.37%.

The total for net payment this period is \$48,931,737.34. The 1982 payments to date total \$190,018,509.16. The percent change to date totals 16.93%.

## 180 attend Upper Leon Soil & Water District awards banquet

The Upper Leon Soil and Water District held their tenth Annual Awards Banquet last Wednesday night at PAR on Proctor Lake. There were about 180 people in attendance which is one of the largest crowds since the program began.

Jerry Vines, President of the Comanche National Bank, acted as Master of Ceremonies and kept the crowd entertained with jokes and stories.

Lee Fields of Carbon gave the invocation and Norman Moore, Chairman of the Upper Leon SWCD board of directors, welcomed the group and recognized the ten banks in the district. Guests were recognized and introduced by Edwin Jones, Vice-Chairman of the Upper Leon SWCD.

Truman Renshaw narrated a slide presentation which showed the work carried out by each of the winners.

The Conservation Farmer

Award for Zone 1 of the Upper Leon SWCD went to Wayne Keith. Wayne and his wife Pearl live on the farm about 10 miles northwest of Dublin in the Highland Community.

Harold Price was recognized as the Conservation Farmer in Zone 2. Harold and his wife Erma live on a livestock farm located about five miles northwest of Comanche. The Conservation Farmer Award for Zone 3 of the District went to J.B. Scott and his wife Fannie Mae, who live about two and one-half miles south of DeLeon.

Mr. and Mrs. Hulian Erwin who live north of Rising Star were presented the award as the Conservation Farmer from Zone 4.

The Conservation Farmer winner for Zone 5 went to Larry Morrow. He and his wife Paula, and their children, Lance, Layne, and Lenny live in the Kokomo Community in Eastland County.

Tom Alexander, whose place is located near Edna Hill in southwest Erath County, was selected to receive the Absentee Conservation Farmer Award. This award is presented to a person who lives outside the district and does a good job in carrying out conservation on their farm in the district.

Letters TO THE EDITOR

### Editor

The period February 1, 1982 through April 1, 1982 is the official period for a statewide "Voter Registration Drive."

Based on the fact that only two out of every three eligible voters in Texas are registered to vote, eligible voters not currently registered to vote must be encouraged to do so by April 1, 1982—the date by which Texans must be registered to vote in the State's May 1st primary election.

The Secretary of State's Office has initiated the most massive voter registration drive ever conducted in Texas. This effort has been endorsed by the Texas Chapters of the League of Women Voters, American G.I. Forum, the NAACP, IM-AGE, and LULAC.

Organizations across the State, such as Chambers of Commerce, grocery store chains, and labor organizations, are participating in this effort. In addition, an unprecedented effort has been made to contact eligible high school students to urge them to register to vote.

The final figures on the success of the various registration drives statewide cannot be ascertained until after April 1, 1982. With two weeks of the voter registration drive remaining, you can be of great assistance by encouraging your readers to register to vote. The attached information sheet sets forth the criteria to be met to register to vote in Texas.

Your full cooperation and assistance is greatly appreciated. I am sure you will agree that Texans not bothering to register to vote should not complain about the outcome of the election.

Sincerely,  
David A. Dean  
Secretary of State

Henry Turney was presented a special award for his contribution to the conservation effort in the district and also in Texas. Henry served as a director on the Upper Leon SWCD board for 10 years and as a member of the Texas State Soil Conservation Board for 15 years.

The district conducts a Conservation Poster Contest each year. The contest is open to students in the third and fourth grades. This year the award for the best poster went to Jakki Pickens who attends school at Carbon.

Tom Dunn (right) of the First State Bank, Ranger, presents the Outstanding Conservation Farmer-Rancher Award for zone 5 of the Upper Leon Soil and Water Conservation District to Larry Morrow and his wife Paula. Zone 5 covers the eastern half of Eastland County. Larry recently received the honor at the District's Annual Awards Banquet at Lake Proctor. The Awards Banquet is sponsored by the 10 banks within the Upper Leon District.

George Steel, District Director of the Upper Leon Soil and Water Conservation District, presents a plaque to Jakki Pickens of Carbon for winning the District's Conservation Poster contest this year. The District covers all of Eastland and Comanche Counties and the western third of Erath County. Jakki was honored at the Annual Awards Banquet at Lake Proctor sponsored by the 10 banks within the Upper Leon District. Jakki is the daughter of Mr. and Mrs. John Pickens of Carbon.

# BILFIELD DISPATCH

## County Oil Report Sunday, March 21, 1982

P&R Oil Inc. of Eastland has staked drillsite for a 3,700-ft. wildcat venture three miles southwest of Eastland. The well will be known as the No. 1 Morren,

with drillsite in an 87-acre lease in the H&TCRR Survey, A-262. Target is either oil or gas production.

Sun Exploration of Abilene

has filed for permit to drill a 3,600-ft. developmental well in the Eastland County Regular Field, 4.5 miles southwest of Ranger. The well will be designated as the No. 3-52 North Central Ranger Unit. It is in a 3,257-acre lease assembly in Eastland County's John York Survey, A-557.

The No. 4 David G. Watson is scheduled for spudding in the Eastland County Regular Field, 2.5 miles southwest of Nimrod. It is a developmental venture of Flageco Corp. of Snyder, with projected total depth of 1,500 feet. Location is in a 91-acre lease in Eastland County's H&TC Survey, A-1431.

MHM Oil Co. of Crowley has staked drillsite for an Eastland County wildcat 1.5 miles southeast of the Carbon townsite. The explorer well will be known as the No. 1 Hughes, with projected total depth of 1,150 feet. The well will be located in a

40-acre drilling unit in the H&TC Survey, A-281.

Pumping crude oil at the rate of 72 barrels per day, along with 160,000 CF casinghead gas, on open choke, the No. 1 Barney Carter has been finaled in the Ranger Northwest Field by Ridge Oil Co. of Breckenridge.

The well was drilled to 3,800-ft. bottomhole and will produce from a set of perforations in the Marbel Falls S Formation, 3,330 to 3,354 feet into the wellbore.

The operation is in a 40-acre drilling unit in Eastland County's Guadalupe College Survey, A-143, about two miles north of Eastland.

Flowing natural gas at the rate of 220,000 CF on absolute open flow, the No. 5 Hittson "C" is a new producer in Eastland County's Lee-Ray Field.

The gasser was brought in by Hodges and Rister of Abilene, showing potential for 203,000 CF on a 1-in. choke. Drillsite is in 117-acre lease in the SPRR Survey, five miles northwest of Cisco.

The operators took the well to 4,020-ft. bottom and perforated the Ranger production horizon from 3,733 to 3,742 feet into the hole.

Breckenridge-based Snow Oil has staked drillsite for a 4,000-ft. developmental oiler in Eastland County's Cisco Field, two miles east of the Cisco townsite. The well will be known as the No. 4 Alexander. It will be spudded in a 160-acre unit in the H&TCRR Survey.

Great West Energy Inc., operating out of Dallas, has filed first production figures for a new oiler in Eastland County's Shoaf-Mergner Field, two miles southeast of the Carbon community.

Designated as the No. 1 Gilbert "A," the well flowed 18 barrels of oil and 15,000 CF casinghead gas per day on open choke. It is located in a 150-acre lease in the

Erath County School Land Survey, A-577.

The Dallas firm took the well to 3,310-ft. total depth. Production will be from a perforated interval in the Mississippian Formation, 3,213 to 3,233 feet into the hole.

Shaw Petroleum of Breckenridge has staked location for a 5,000-ft. developmental try in the Eastland County Regular Field, seven miles west of Cisco. It will be known as the No. 1 Huestis "A." It will be located in an 80-acre drilling unit in the BBB&CRR Survey.

Pumping 37 barrels of oil per day, open choke, the No. 5 V.L. Brazier "A" has been finaled in Eastland County's Madewell oil field nine miles southwest of Cisco.

The well was drilled to total depth of 1,406 feet after entering a pay horizon in the Crosscut Formation at 1,362 feet. It was perforated to produce from an interval 1,362 to 1,363 feet into the wellbore.

The Frazier well was located in a 105-acre lease in Eastland County's H&TCRR Survey, A-183. Jako Oil of Texas Inc. of Denton was the operator.

Three locations for 3,600-ft. developmental wells in the Eastland County Regular Field have been staked by Sun Exploration and Producing Co. of Abilene.

The wells are designated as the Nos. 3-51, 3-56, and 3-57 North Central Ranger Unit.

All three are located in a 3,257-acre lease block in the John York Survey. All three drillsites are about 4.5 miles southwest of the Ranger townsite.

Producing 602,000 CF of gas per day, the No. 1 Vernon Burgess A was completed successfully in the Ben Burgess Field by Delta Oil & Gas Company of Breckenridge.

Drillsite is ten miles south of South Bend.

It was drilled to 4,630-ft. total depth and will produce from an interval 4,065 to 4,070 feet into the wellbore. Production tests showed absolute open flow estimated at 1,200,000 CFPD.

The location is in a 100-acre lease in Stephens County's TE&L Survey.

At a location three miles north of Breckenridge, Sun Exploration & Production Company of Abilene has finaled a new oil well in Stephens County's Stephen County Regular Field.

The well is designated as the No. 118 J.M. Ward "C", pumping oil at the rate of 188 barrels per day. The well also showed potential for 9,000 cubic feet of casinghead gas per day.

Location is in a 5,058-acre lease in the TE&L County Survey, A-666. Bottomed at 3,270 feet, the well will produce from perforations 3,090 to 3,126 feet into the hole.

A 3,500-ft. developmental well is planned by Lester Clark of Breckenridge at a drillsite 11 miles northeast of Breckenridge, Stephens County. The location is in a 202-acre lease in the TE&L County Survey, A-1145. Well's designation is the No. 5 Black "C". It is in the Stephens County Regular Field.

J.R. Petroleum of Austin has filed first production figures on a new oil well in the Stephens County Regular Field. The No. 1 Dickie Ranch showed potential to make 19 barrels of oil and 37,000 CF casinghead gas per day on a 12/64 choke. Tubing pressure came in at 65 PSI.

The operator has 170 acres leased, with drillsite in Stephens County's Sara Blythe Survey, A-16, six miles south of Woodson.

The well will produce from an interval 4,530 to 4,540 feet into the wellbore. Total drilling depth was 4,580 feet.

At a location three miles southwest of Maynard, W.C. Neill Drilling Company of Abilene has filed first production figures on a new oil well in the Fletcher Field.

The No. 1A Paul Wagley showed potential to make 9 barrels per day.

The operator has 80 acres leased, with drillsite in Stephens County's T&PRR Survey.

The well will produce from an interval 3,524 to 3,532 feet into the wellbore. Total drilling depth was 3,900 feet.

 WASHINGTON, D.C. 20510

greater with complete decontrol than with the currently scheduled partial decontrol. Further, with gradual decontrol, consumers will not face the burden of supply shortages ending in an abrupt price increase. The President shares these views, but has concluded that this Congress is unlikely to act favorably on the issue. For that reason, he has decided not to press for action this year. I am extremely disappointed in this decision, though I understand the reasons for it. However, I will continue to urge the Administration to work to develop and prepare a feasible decontrol plan for submission to Congress as soon as is practical.

In 1978, when Congress last debated the subject of natural gas price decontrol, artificially low federally imposed prices on interstate gas had caused critical supply disruptions. Texans, whose gas came from the unregulated intrastate market, were paying several times more for their own supplies than out-of-state consumers.

The "compromise" solution adopted was the Natural Gas Policy Act, which provided for partial lifting of controls over a six-year period ending in 1985. Some of us warned then that this legislation contained serious defects, and could lead to further problems in future years. These prophesies have been fulfilled.

Let us for a moment look at some of the major problems we face, so that we can then see a logical solution to them.

The price levels set for the gradual decontrol of prices for some categories of gas were premised on the assumption that crude oil would cost approximately \$15 a barrel in 1984. Of course oil is now selling at more than \$30 a barrel. This means that when the controls expire in 1985, and the price rises to an actual but equivalent market price, we will see a drastic, traumatic rise in the cost of natural gas to business and individual consumers.

Secondly, we now are seeing distortions in supplies. The effect of partial deregulation already in place has been to give pipeline companies with large reserves of cheap, regulated gas an advantage in competing for expensive, uncontrolled "new" gas. They are able to bid at prices above the market value because they can average the cost of the new and old gas and sell at a competitive level. Companies without access to these artificially cheap supplies are not able to compete for these new reserves.

Since most intrastate pipelines do not control cheap, regulated gas, Texas and other producing states already are beginning to experience shortages. We cannot be expected to watch our resources being pumped to other states in vast quantities while we are unable to obtain sufficient amounts for our own needs.

Phased-in, complete decontrol of gas prices would solve these supply problems; allow the increased cost of gas to be absorbed by the economy and individual consumers gradually, and set us on a course of realistic, efficient use of our gas resources. Studies indicate that the longterm price to consumers will not be significantly

**REST OF THE GOSPEL**

An Easter Puzzle—Jesus in speaking to the Pharisees in Matthew 12:40 told them that the only sign they would receive was that He would be in the heart of the earth for three days and three nights. He spoke this referring to His death and resurrection. Jesus was crucified on a Friday, the day before the Jewish sabbath day of Saturday. Mark 15:42, Luke 23:54, John 19:31, 42. We know that Jesus arose before daybreak of the first day of Saturday. Mark 16:1, Luke 24:1, John 20:1. Jesus died Friday afternoon about 3:00 p.m., so Friday is the first day, Friday night the first night. Saturday is the second day; Saturday night the second night. Jesus being risen before Sunday began, then He only lay dead two days and two nights. Why didn't Jesus fulfill His own prophecy; or did He? The Rest of the Gospel, P.O. Box 763, Cisco, Texas 76437, p-25

## Benefits available to those over 65

Homeowners who are 65 years of age or older and failed to receive their School District Homestead Exemption in 1979 have until April 1, 1982 to still sign up. In this way, Over-65 homeowners will be able to take advantage of the tax freeze associated with the \$10,000 Homestead exemption given by the School Districts of the State.

According to House Bill 885 which was passed by the Special Session of the 67th Legislature, Over-65 homeowners who Qualified For the school homestead "Tax Freeze" in 1979, but did not apply for the limitation, may file an application with the Chief Appraiser of the County Appraisal District in which the home is located.

This application must be made with the Chief Appraiser of the Eastland County Appraisal District before April 1, 1982.

To qualify for the tax limitation, on January 1, 1979 a homeowner must have

satisfied these requirements:

- Be 65 years of age or older
- Own his or her home
- Use that home as his or her Principle Residence

The Chief Appraiser will consider all applications and notify each applicant before April 15, 1982. If the application is approved, the Chief Appraiser will make an entry on the appropriate school district's 1982 appraisal records.

This entry will indicate the amount of tax the Over-65 taxpayer should have paid in 1979, had he been granted the \$5,000 general homestead exemption and the \$10,000 for 1979, 1980, or 1981.

For 1982, the taxpayer's amount of homestead taxes paid may not exceed the amount of taxes the school district would have imposed on the homestead for 1979, had the taxpayer been granted his homestead exemptions. This frozen tax amount will remain in effect as long as the homestead remains the same.

## Lights from the Christian World

By: Josephine Cleveland  
NO CHARGE, CALL ME ANYTIME

I tossed my laundry bag aside and scurried to answer the telephone. The voice at the other end of the line did not take time to identify himself. It did not matter, for as he rapidly explained the bits and pieces of his dilemma I recognized his voice. A time of sharing followed. Knowing the One who created all things was not limited by time or space I suggested we pray. We took the case to the greatest At-

torney of the Universe, Jesus Christ. While we confided in Him, anxiety changed to peace, turmoil changed to serenity, and the soft Voice of Christ said, "In quietness and confidence shall be your peace," Isa. 30:15.

We thanked Him and then placed the receiver reverently back on its stand. I picked up my discarded laundry bag and walked quietly but joyfully to the utility room. I could visualize my friend relaxing in his spirit because we had taken his case to the Great Attorney and had left it in His hands. And—it was almost unbelievable but He had also said to me, "No charge for My services. You may contact me anytime."

For information and application forms, you may contact the Eastland County Appraisal District office located on the second floor of the Eastland County Courthouse. The mailing address is P.O. Box 914, Eastland, Texas 76448 and the telephone number to call is 629-8597.

## HOMES

At Lake Leon, a large 2 bedroom, 1 bath mobil home on a deeded lot. Large patio, two storage building and other extras. This is located in a good water area. \$30,500.

A 2 bedroom, 1 bath within walking distance to post office, hospital and doctors' offices. Priced to sell at \$18,000.

If you are single or just a couple, this 1 bedroom, 1 bath home will be perfect. Just had a complete plumbing job too. Only \$15,500!

Under construction now! A 3 bedroom, 2 bath brick home. It will be carpeted, a fireplace in a 30 x 24 den and dining area, snack bar and many other extras. Pick your own colors for this one.

2200 square feet in this 4 bedroom, (could be 5), 1 1/4 bath brick home. Carpet, built-ins and a 400 sq. ft. master bedroom. Fenced back yard, large patio with Bar B-Q grill. All on a corner lot. \$82,000.

Ideal location! A 3 bedroom, 2 1/2 bath home on 2 1/2 lots. Approx. 2500 sq. ft., with builtins, central heat and air, sprinkler system, fireplace, ceiling fans and many other extras. \$76,000.

An older 3 bedroom frame home on corner lot. Needs some work done on it. Terms can be arranged. \$16,000.

Want a new home? We have large lots available in exclusive area. City water, sewer and paved streets. This area is restricted to brick homes, only. Reasonable priced from \$4500 to \$4800.

## CISCO HOMES

Want a real nice large home? We have this 5 bedroom, 3 1/2 bath brick, with fireplace in living room, separate den, carpeted, built-ins, fenced back yard. 2900 sq. ft. in this one and priced at only \$85,000. Small assumption.

A nice 2 bedroom, 1 bath mobil home on 2 large corner lots. Central heat and air, large rooms, fenced back yard. You'll have country equipment, but still in city limits. Priced to sell at \$11,500.

A large 3 bedroom, 1 bath older home. All rooms are large, separate dining area, and the bath has been remodeled. Also, a separate garage and storage area. \$24,000.

Home plus rental! We have 3 mobil homes on 7 lots in Cisco. Hookups for two more. Priced to sell at \$23,000. \$375 monthly income now.

New vinyl siding on this 3 bedroom, 1 bath home. Large rooms, carpeted, storage building, combination garage and shop, and fenced back yard.

2 bedroom, 1 bath stone home on 2 1/2 lots. Lots of pecan, fruit and oak trees. Owner will consider terms. Reduced to \$15,000.

A large 2 story with 5 bedrooms, 2 baths, den, separate dining and breakfast rooms, located on corner lot. Has apartment attached. A very scenic yard with lots of trees.

A nice 3 bedroom, 1 3/4 bath home on corner lot. Central air and heat, new carpet, modern kitchen and built-in dishwasher. Also, a garage and storage area.

A large 3 bedroom, 1 3/4 bath, 2 story carpeted home. Large game room and, also, a study which could be a 4th bedroom. As a bonus, a rent house goes with property, which is fully furnished. 2 large corner lots with several fruit and other trees. Reduced to \$40,000.

## SMALL ACREAGE WITH HOMES

Located in Carbon, a 3 bedroom, 1 bath home on 10 acres. Extra large den with wood burning stove, carpeted, central heat and air, outbuildings, several wells and city water. Only \$49,500.

A 3 bedroom, 1 bath home on 40 acres located near Gorman. Has a 24 x 24 building, plus a barn and other sheds. The land is all cleared and has been in cultivation. \$75,000 and owner will carry a note.

11.19 acres with a nice 2 or 3 bedroom home, 3 car garage, plus barn and other outbuildings. The house is carpeted, built-ins in kitchen and with a fireplace. Lots of fruit and pecan trees. A beautiful place. \$64,000.

We have other home, land, and commercial listings.

We appreciate your listings and business!

by GORDON WOOLOM

## DISEASE CONTROL

To the beginning gardener, there may be no difference between insect control and disease control. As the gardener becomes more aware of what is happening in the garden, he realizes that to be effective he must take different steps in insect and disease control programs.

Insects are usually controlled as observed, while diseases should be prevented. Disease occurrence should be anticipated based on weather, host susceptibility, and past disease problems. The presence of insects is visible soon after they arrive, and once they are sprayed, they are hopefully killed and are no longer a problem.

Fungal diseases are somewhat different. If a gardener waits until a disease shows up and then begins to spray, he may or may not be effective. Often the homeowner can prevent serious crop loss with one or two applications of an effective fungicide when the disease first appears.

Most fungicides applied to foliage act as protectants rather than eradicants. When properly applied, fungicides retard growth and reproduction of disease-causing organisms and provide a barrier to new infections. Early fungicide application reduces the damage caused by early season infection and prevents rapid spread of disease.

Certain diseases are controlled more efficiently by a specific fungicide than by others. However, no single fungicide is effective in controlling all diseases.

All foliage must be covered if the chemical protectant is to be effective. Apply spray materials in sufficient volume to wet all leaf surfaces to the point of runoff. Chemical protectants are lost more readily from foliage during rainy weather. Under such conditions, repeat application to maintain the desired film of protectant on plant surfaces.

Some of the more common fungicides used to control foliage fungal diseases are Maneb, Captan, Folpet and Benomyl. This list is not meant to be a complete list of all compounds used on home gardens. Homeowners should refer to product labels for additional fungicides that can be used.

For more information contact your County Extension Office.

# Roof Garden Dinner Theater To Present A Comedy Farce

The award-winning Roof Garden Dinner Theater in Cisco will present "The Importance of Being Earnest," a famous comedy farce by Oscar Wilde, Thursday, Friday, and Saturday, March 25, 26, and 27, at 7 p.m.

Critics have rated this play "a masterpiece of brilliant comedy." The plot revolves around the most ingenious case of "manufactured" mistaken identity ever put into a play. The chief element is the invention of a mythical character made by a young man who wishes to put off on someone else his own shortcomings.

The principal characters are Algernon, played by Randy Finch of Abilene, and Jack, played by Michael Gudan, of Houston. Other CJC students in the cast or Tony Gilchrist of Abilene, Mary McGrew of Cisco, Kathy Powell of Sugarland, Rocky Harris of Eastland, and Guy Graham of Marble Falls.

While the cast consists primarily of Cisco Junior College students, Director Philip Craik has drawn some community talent into the troupe. Vivian Maxwell, known to Roof Garden audiences from her role as Laura in "The Glass Menagerie," has the part of the wealthy aunt. Miss Maxwell's voice is familiar to listeners of Eastland radio station KVMX-FM, where she is employed. Also, Cindy Dickson, Cisco housewife, appears in the cast.

The menu for this show features baked Cornish hen

## Pre-test for LVN program set at Cisco

Pre-testing for the Cisco Junior College August, 1982 Licensed Vocational Nursing program in Cisco will be held Tuesday, March 23 at 8:30 p.m. in the Testing Center of the college library.

Prospective students must be at least 17 years of age and must be in good physical and mental health. Students must be high school graduates or have successfully taken the GED examination establishing high school equivalency.

For full information, interested persons (male or female) may contact Vocational Dean, Gerald Bint or Program instructor, Ms. Wanda Avery in the Vocational-Technical Building on the campus or by telephoning 817-442-2567.
