

HALL OF REMARKS

BY HERREL HALLMARK

WITH SUNDAY being Father's Day, I thought you might enjoy the following article by Steve Monk, editor of The Graham Leader. The article is being reprinted from the Thursday, June 17 edition of that newspaper. HAPPY FATHER'S DAY.

MY DAD'S voice was hard to hear on the static-filled telephone line.

"Read your column on Mother's Day," he said. "I'll bet you don't have anything nice to say about me like that."

He said it with a grin in his voice, but I knew him well enough to know he was really wondering what kind of thing I'd write about him or if I'd write anything at all on Father's Day.

Well, there are just a few things I'd like to say on the subject of fathers - not only on the one I had but some general observations based on my efforts at being a father - on this special day.

Father's Day not only falls after Mother's Day on the calendar, but was created at a later date. Something tells me that some politicians realized early on that to honor thy mother and forget thy father would be worse than ignoring both parents.

And that says something about fatherhood in general. Fathers traditionally have been the second most important parent a child could have. That sound like I'm trying to make a joke, but there's truth in it. If, again, you talk in terms of traditional roles, the mother is the closer of the two parents to the children - she brings them into the world, takes most of the responsibility for their early years and, mostly because someone in the family has to earn a living, spends more time with them than does the father.

But the contribution he makes goes far beyond financial support. I guess the best word for it would be strength. Not necessarily physical strength - "We'll wait to rearrange the furniture till Daddy gets home. We might hurt ourselves trying to lift the piano." - but, at least in my own case, moral strength: strength of will.

In my family, there was never any question who was in charge.

"Daddy," my mother said, looking at the street signs of the rather rundown section of the strange city, "I think we're lost."

"I know exactly where I am," he replied. We were lost, as I remember now, but my brother, my sister and myself never thought about it then. If Daddy said he knew where we were, we were not lost. And with that one statement and the finality with which it was issued, he took responsibility for getting us unstuck. And he eventually did it.

"Daddy," my mother said halfway through the California desert. "The car is making a funny noise."

"I don't hear it." My Dad always has a way of hearing what he wants to hear and ignoring the rest.

"Well," said Mother, not content with that. "I hear it."

It's going yeeeahyeeeah," she said trying to imitate the noise of a failing wheel bearing.

Eventually he could ignore the screaming bearing no longer and he stopped and, working with a small town mechanic, got it fixed. There was never any question in my mind he could. That was the way it was with Daddy, you never wondered. If something went haywire, he'd fix it. If something went wrong, he'd set it right. If someone was lost, either figuratively or literally, he'd find the way.

Strength. Strength of will, strength of purpose. The strength - and now I understand the strain of it - of being able to put things right.

Psychologists say that children, when they get to be parents, follow the role models of their parent in child rearing. If I pray for one thing as a father, I pray the psychologists know what they're talking about.

Morgan Family Will Gather For Family Reunion

Members of the Morgan family will gather in annual reunion at Scranton Community Center Sunday, June 27. The yearly gathering will be an all day affair.

All relatives, friends and neighbors of the family are invited and expected to attend the event.

Plans Complete For Lions Charter Fete

MERLE ANTHONY

The Cisco Evening Lions Club charter night banquet will be held in the banquet room of the Best Western White Elephant Inn on Friday night, June 25, at 7:30 o'clock, according to an announcement.

The program for the dinner will include presentation of the new club's charter, an address by Mrs. Merle Anthony of Wichita Falls, and installation of the club officers. Tickets are \$7.50 each and are being sold by members of the Cisco Lions Club, the sponsoring organization, and of the new Cisco Evening Lions Club.

Bill Longley of Stamford, a past district governor and extension chairman with 25 club organizations to his credit, will present the club charter to President Jerry Jeffcoat of the Cisco Evening Lions Club.

Other charter officers, who will be installed by Mr. Longley, are: Gene Gwinn, first vice president; Dick Wages, second vice president; Steve Cozart, third vice president; N.W. Richardson, secretary and treasurer; Buddy Sipe, tail twister; Raymond Blevins, assistant tail twister; Jackie

Judge Sets LeFlore Trial For July 19

Charles Allen LeFlore, 20-year old Ciscoan, will go to trial on Monday, July 19, on charges of murdering Debra Garcia, Cisco convenience store worker, last December, in 91st District Court at Eastland.

Judge Jim Wright announced the trial date Friday after prosecuting and defense attorneys had been notified. He held a pre-trial hearing several weeks ago and had been studying motions made at the time by Defense Attorney Don Wilson of Abilene.

Judge Wright also ruled on a number of pre-trial defense motions, including one to suppress what was described by Mr. Wilson and District Attorney Emory Walton as a written confession. The defense contended that LeFlore did not understand his rights.

At the pre-trial, Sheriff Johnny Morren testified that LeFlore was advised of his rights by Cisco JP Carlton Holder when he was first arrested Jan. 6 though he was not charged until Jan. 14. The sheriff also testified that he was present Jan. 16 when LeFlore dictated a confession to Ida Quinn, jail matron and the sheriff's secretary, and that his rights were read to him.

Judge Wright, who also

ruled that trial publicity would be restricted, said he would not comment on his ruling regarding the confession in view of the no-publicity edict.

The judge's order noted that no photographs of the defendant "may be taken on the third floor of the Eastland County courthouse and that no officer of the court shall comment upon any proceedings relating to the case." The judge denied a motion designed to prevent any photographs of the defendant or any witnesses at the trial.

Mrs. Garcia, 29, disappeared from her job Nov. 29, 1981, and she was found dead from gunshot wounds two days later in a roadside ditch on the old Abilene highway.

Combined Vacation Bible School Set For June 28

The combined Vacation Bible School, sponsored by the First Christian Church and First United Methodist Church, will begin Monday, June 28, and conclude Friday, July 2. The school will be held at the First United Methodist Church, 405 West 8th, from 9:30 a.m. till 12

Redeemer Lutheran Bible School Is June 21-25

Redeemer Lutheran Church Vacation Bible School will be June 21 through June 25. Sessions will be each morning from 9:00 to 11:30. The theme for this year is "The Lord Is My Shepherd." The lessons will stress that God is our creator and that He cares for us.

There will be classes for children from three years old to sixth grade. All children of the community are invited to come.

Lions Programs Are Announced

Two programs of interest for coming meetings were announced by Program Chairman J.M. Cook at the weekly luncheon of the Cisco Lions Club last Wednesday noon at the White Elephant Restaurant.

A motion picture, Cowboy Football of 1981, will be shown at the luncheon Wednesday, June 23, with Mr. Cook in charge. Charlie Jordan, former Abilene television weather man, will speak at the June 30 meeting with Bob Conner in charge.

Announcement was made that plans are complete for the charter banquet at the new Cisco Evening Lions Club on June 25th and that tickets are on sale. The dinner will be a ladies night affair. Details appear elsewhere in The Press.

Secretary Ken Parker reported that new Lions Club caps and vests had arrived for those ordering them.

FIREMEN CALLED

Cisco volunteer firemen went to Taylor Center last Wednesday after a gas dryer caught fire and an alarm was turned in. Mrs. Frances Rains, operator of the laundry there, put the blaze out by turning off the gas. Damage to the machine controls was extensive. Firemen put out a grass fire on the Lake Cisco south shore Thursday.

School Board Hires Teachers, Buys Carpeting For Band Hall

Five new faculty members were employed to fill vacancies, seven Maner Memorial Scholarships were awarded, and new carpeting for the band hall was purchased as the board of trustees of the Cisco Public Schools held their monthly business meeting Monday night.

Randy and Jan Angel, a man and wife team, was hired for the staff of Cisco High School, Supt. James Couch reported. Mr. Angel will be an assistant football coach and teach civics, and Mrs. Angel will be the high school homemaking teacher. Both are graduates of the University of Oklahoma and have been on the faculty of the public schools at Cop-

peras Cove for the past five years. Mr. Angel played football while attending Cisco Junior College before going to the UofO.

Judy Mashburn of Wylie, graduate of Howard Payne University, was hired to teach biology at high school. Frances Justice of Rising Star, also a Howard Payne graduate, will teach the 6th grade at Intermediate School. Mrs. Jim (Jerry) Choate of Cisco, graduate of Texas Women's University, was employed as a half-time instructor for physical education classes at Intermediate School.

Mr. Couch said that Lou Jane Qualls, member of Intermediate School faculty last year and an employee of the school system for several

years, will be the new high school librarian, succeeding Josephine Cleveland who has retired. Mrs. Qualls, graduate of Tarleton State University, is completing work at North Texas State University this summer for a librarian's certificate. Mr. Couch said.

The board approved Maner Scholarship awards for the 1982-83 school year at the University of Texas for Oscar Lopez, Andy Hawari and Kenneth Watson, 2nd year; Kenneth Hawari, 3rd year; and Steve Ward, Gerald Harris and Nicki Keating, first year. All live in Cisco except Watson who is a Cisco Junior College graduate from Eastland.

The Maner Scholarship program was made possible

by the late Leon Maner, long-time Cisco business and civic leader, whose will left a trust fund to the University of Texas Ex-Students Associations for scholarships to deserving graduates of Cisco High School and Cisco Junior College. The UofT association leaves management of the project to the board of trustees of the Cisco Public Schools.

Interiors Unlimited was the low bidder for a contract to install new carpeting at the high school band hall, Mr. Couch said. The new Cisco firm's bid was \$3,055 to take up old carpet, sand floors and install new carpet.

Other routine matters were considered and handled by the board. President Emmett Rich presided.

Mrs. Davene Jeffcoat is seen directing Kingdom Kids II for a special Father's Day program at Cisco Nursing Center. (Staff Photo)

Students of the Kingdom Kids II, sponsored by the First Evangelical Methodist Church, are pictured above as they perform portions of "It's Cool in the Furnace Man" for the residents of Cisco Nursing Center on Tuesday, June 15. (Staff Photo)

Lab were 4-H members - Leanne Brown, Jami Long, Truett Hart, Noble Laminack and Phil Osborne.

The theme of this year's Leadership Lab was "Reaching Your Potential Through 4-H." Participants had to be at least 14 years

old. The purpose of the lab was to train 4-Hers in leadership skills and to introduce new activities to them so they can return to their counties with new ideas as teen leaders.

There was plenty of time for fun and recreation. Such as, swimming, Jr. Olympics and a country and western dance. The workshops that

were available were record-books, self-defense, communications & self-improvement, outdoor living & cooking, canoeing & water safety, shooting sports & gun safety, archery & C.P.R.

The cost of the Lab was paid by the Eastland Co. 4-H Adult Leaders Assoc. The 4-Hers learned a lot and had a good time.

The Dist. 8 4-H Leadership Lab was held June 14-16 at the Texas 4-H Center at Lake Brownwood. Attending the

4-H BREAD FAIR
10 A.M. - Noon
July 9, 1982
Stephens County Agriculture Center
* Participants will prepare bread dough in teams of two, each person will then take a

loaf of dough home to bake.
* Be sure to bring a 8 1/2 x 4 1/2 x 2 1/4 inch loaf pan.
* The bread fair is for boys and girls ages 9-19.
* There is no cost to attend the bread fair.
* The fair will be limited to the first 100 4-H members

and their guests, each 4-Hers admission "ticket" will be a non 4-H Guest.
* If you are not a 4-H member and between the ages of 9-19 call the Extension office at 629-2222 and we will find you a "ticket" in.
* Education programs con-

ducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion or national origin.
* Registration deadline will be Friday, July 2.

Pest Alert

Gordon Woolam

RED SPIDER MITES

A common problem which a home gardener can experience this time of year as the season gets hotter is spider mites. The red spider mites commonly attacks tomatoes during the dry season.

Spider mites are not insects, but are minute red mites related to ticks and chiggers. They suck juices from the underside of leaves, causing small discolored or bronzed, russeted areas. A heavy infestation can cause leaves and flower buds to shed and the fruit to become bronzed. Plants may have a smoked appearance. After 3 or 4 weeks of attack the main stalk of the plant cracks and the leaves turn brown. If no control measure are initiated, the entire plant turns brown and dies.
Adult mites are orange-

yellow to red-orange, wedged-shaped with a short piercing-sucking beak. The mites are not visible to the naked eye. Development from egg to adult occurs in 7 days. Reproduction is continuous when environmental conditions permit but slows down with cooler temperatures.

Spider mites will also attack beans, peas, squash, eggplant and watermelon. Chemical treatment should be applied when mites first appear on the foliage or when discoloration of leaves occurs. The chemicals recommended for spider

GORDON SPOT

by DeMarquis Gordon

Trees damaged by recent wind storms should be cared for as soon as possible. Injuries to trees that expose the wood or kill the bark allow insects or disease organisms to enter the trees. Proper treatment protect the tree and promotes faster healing.

First, remove damaged limbs and branches, making the cut flush with the trunk of limb. Small cuts usually heal over quickly, and normally no treatment is necessary. However, if the cut is more than one inch in diameter, a tree wound paint or dressing should be applied to prevent disease organisms or insects from entering.

To prevent bark breakage when removing a heavy limb, first cut the underside of the damaged limb about eight inches from the point at which it originates. Cut at least a third of the way through the branch until the saw binds. Then cut through the branch from above and several inches farther out. Make the final cut flush with a parallel to the branch from which it originates.

If the bark has been crushed or stripped from the trunk, remove the injured bark, shape the wound and apply a tree wound paint or dressing on the wood but not on the edge of the bark. Cut away all damaged bark and remove isolated scraps from

the wound area. For fastest healing, shape the edge of the wound as nearly as possible to an elongated ellipse.

Remove all splintered wood and smooth the surface of the exposed area with a chisel. After the surface of the wound dries, apply tree wound paint to reduce drying and cracking of the inner paint since the paint can crack or slough off, losing its effectiveness.

Broken trunks, split crotches or cracked limbs often are mended by restoring the damaged part to its original position and holding it there permanently. This can be done by the use of bolts, screws rods or cables in the trees where this work is necessary. In some cases, it might require a professional arborist to do this work.

The fruitless Mulberry is widely used as a shade tree in Eastland County. It is a rapid-growing tree and provides a dense shade; however, this year its beauty is marred by diseases which cause spots on the leaves. Eventually, some of the leaves will fall prematurely. Two diseases are associated with this leaf shedding: Cercospora Leaf Spot and

Bacterial Leaf Spot.

Cercospora Leaf Spot, the same fungus that causes leaf spot on peanuts, is characterized by somewhat circular leaf spots. The spots are from 1/8 to 1/4 inch in diameter and have a dark brown center which is surrounded by a yellow halo.

Bacterial Leaf Spot on Mulberry causes an angular spot which turns black and falls out, giving a ragged appearance to the leaf.

These diseases can best be controlled by foliar sprays with fungicides. Trees should be sprayed at two-week intervals as long as we have high humidity.

Bagworms seem to be a problem on many ornamentals. If you have problems with bagworms you should apply in insecticide before the end of June. Use insecticides containing either one of the following: Sevin, Dursban, Dylax, Diazinon, Orthene, or Malathion.

Homemaking Hints

By Janet Thomas

Wycre. Wykyr. Wykker. Wicker.

Its spelling has changed over time, but its meaning hasn't.

Wicker, one of today's "fashion furnishings," is something that's woven, mostly from rattan, which includes cane, pole, reed, and peel. It's also made with willow, straw, rush, raffia, palm, dried grasses, spun wood pulp (fiber) burl, or bamboo.

Wicker comes to consumer worldwide as headrests, floor mats, hats, shoes, tea strainers, spice containers, all styles of boxes and baskets.

But the way we know wicker best - what we think of when we "think wicker" - is furniture.

Wicker furniture has had its fashion ins and outs over the history of home furnishings, but it reached a

popularity pinnacle during Victorian times.

People were wild about wicker. They put it into every room in the house.

"They're doing it again today - probably for the same reasons: wicker is natural, handmade, comfortable.

Wicker is new and, at the same time, old. It's rustic, yet exotic. And although it may take the most simple or the most elaborate forms to reflect the taste of the times, it always maintains an integrity of its own.

Wicker is home - simply, practically, naturally, comfortably home and that appeals to almost everyone.

An important part of keeping that "forever-new" look in your wicker furniture is keeping it clean.

Go over it thoroughly with

a soft brush and warm soapy water. Use a toothbrush for hard-to-get-at places.

Wicker pieces made of reed and willow (both natural and painted) should be periodically wiped off with a soft damp cloth. Do not wet the surface of painted wicker furniture; too much water may cause the paint to peel or crack.

If this type of wicker becomes brittle, take it outside and hose it off. A fine spray of water on natural wicker will "feed" the reeds and ensure greater flexibility.

Wicker made of either fiber "twisted paper" or sea grass should never be hosed off because water will weaken the weave as well as the individual fibers. To clean this type of wicker furniture, use a damp cloth only.

Very diluted domestic bleach will whiten soiled reed and willow pieces that have been left in their

natural state, but this procedure should be used with great caution and only if scrubbing with warm soapy water does not do the job.

Wicker furnishings, kept clean and in good condition, will continue to give any decor the international flavor and feeling of comfort they have graced the world with for centuries.

The Texas Agricultural Extension Service has a new bulletin *Cleaning on a Shoestring* which is available free from the Eastland County Extension Service office. This publication not only discusses cleaning wicker furniture but other household furnishings and surfaces.

RECIPE FOR THE WEEK:

Zucchini - Pineapple goes around again! The recipe

has gone through considerable testing at Purdue University. Of concern was the acidic level of the recipe for safety. The following recipe is recommended. Those of you with gardens producing abundant supplies of fresh zucchini might like to try the following recipe.

FAKE PINEAPPLE

4 quarts grated or diced zucchini
1 1/2 cups "Real Lemon" juice
1 can (46 oz.) of unsweetened pineapple juice
3 cups sugar

Remove peeling and seeds from zucchini. Grate or dice, mix all ingredients thoroughly and simmer for 20 minutes. Stir frequently. Pour hot zucchini mixture into clean, hot jars, leaving 1/2 inch headspace. Process 30 minutes in boiling water bath.

OILFIELD DISPATCH

Sunday, June 20, 1982

Clerk's Report

Location has been staked by B&L Operating of Hamilton for eleven 1,500-ft. wildcat gas and oil probes in Eastland County, three miles south of Romney. The wells are designated as the No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 and No. 11 Midkiff. Drillsites will be in a 36-acre lease in the Antonio Miller Survey.

Keystone Oil Co., Inc. of Abilene has posted first production data for the No. 1

Moore, a new gas well located three miles southwest of Eastland. Drillsite was in a 140-acre lease in Eastland County's H&TC Survey.

With total depth of 3,675, the well entered the pay stratum at 3,540-ft. and will produce from an interval 3,544 to 3,556-ft. It showed potential for 581,000 CF gas per day on a .50-in. choke.

Absolute open flow was rated at 2,800,000 CFD.

Dallas-based Ridgeway Oil Expl. and Dev., Inc. has filed for permit to drill the No. 2 Durham, a wildcat well to be located nine miles southwest of Cisco. With projected total depth of 2,000-ft., the well is in a 98-acre lease in Eastland County's H&TC Survey.

A 4,000-ft. development well is planned by L.R. Pearson, Jr. Inc. of Abilene at a drillsite nine miles northeast of Cisco, Eastland County. The location is in a 310-acre lease in the H&TC RR Survey. Well's designation is the No. 3 Watson. It is in the Rebecca Field.

Flowing natural gas at the rate of 931,000 CF per day on a 5/8-in. choke, the No. 1 Wesley Smith is a successful new development well in Eastland County's Kleiner Field. Hanvey Prod. Co. of Dallas is the operator.

The well exhibited absolute open flow potential of 1,200,000 CF. Location is in an 87-acre lease in Eastland County's SPRY Co. Survey, about two miles north of Cisco.

After entering the pay zone at 3,564-feet, the well bottomed at 4,154-ft. and will

produce from a set of perforations ranging from 3,564 to 3,570-feet into the hole.

Buck Wheat Resources, Inc. of Eastland has filed for permit to drill the No. 1 Graham, a 1,200-ft. wildcat well, one mile north of Romney. The operation will be in an 80-acre lease in Eastland County's H&TC Survey.

Location has been staked by Buck Wheat Resources, Inc. for another 1,200-ft. wildcat probe in Eastland County's H&TC Survey. The No. 1 Nadine Steffin will also be one mile north of Romney in the same 80-acre lease.

Abilene-based Bush Oil Co. has filed for permit to drill the No. 1 Hardin, a wildcat well to be located eight miles south of Cisco. With projected total depth of 2,000-ft., the well is in a 40-acre lease in Eastland County's H&TC Survey.

A 2,000-ft. wildcat well is planned by Nimrod Operating Co. of Cisco at a drillsite two miles southwest of Romney, Eastland County. The location is in a 25-acre lease in the H&TC Survey. Well's designation is the No. 1 Kathryn Elliott. It is in the Madewell/Eastland Co. Reg. Field.

Nimrod Operating Co. has filed for permit to drill the No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 McCall, all 2,000-ft. wildcat wells, in a 30-acre lease 1.5 miles southwest of Romney. These wells will be located in Eastland County's East McCall Survey.

Location has been staked by Nimrod Operating Co. for another 2,000-ft. wildcat probe in Eastland County's H&TC Survey, 1.25 miles southwest of Romney. The well is designated as the No. 1 Maxwell and will be located in an 80-acre lease.

Abilene-based Schkade Bros. Operating Co. has filed for permit to drill the No. 3 Edward Miller, a development well to be located eight miles south of Cisco. With projected total depth of 1,600-ft., the well is in a 178-acre lease in Eastland County's H&TC Survey.

North Ridge Corp. of Grand Prairie has filed for permit to drill the No. 3 Hall Walker (Bearden), a 4,000-ft. developmental well in the Ranger Field, six miles west northwest of Ranger. The operation will be in a 330-acre lease in Eastland County's B.H. Epperson Survey.

Location has been staked by Wichita Industries, Inc. of Denver, Colorado for two 3,500-ft. developmental probes in Stephens County's Stephen Co. Reg. Field, 14 miles east southeast of Breckenridge. The wells are designated as the No. 54 and No. 55 Peter Swenson. Drillsites will be in a 1,095-acre lease in the Orphan Asylum Land Survey.

Breckenridge-based Ridge Oil Co. has filed for permit to drill the No. 1 Lauderdale, a wildcat gas well to be located 11.5 miles south southeast of Breckenridge. With projected total depth of 3,800-ft., the well is in a 140-acre lease in Stephens County's T&PRR Survey.

A 3,650-ft. developmental well is also planned by Ridge Oil Co. at a drillsite 15 miles southeast of Breckenridge, Stephens County. The location is in a 195-acre lease in the Salvador Flores Survey. Well's designation is the No. 2 Coffman. It is in the N.W. Ranger Field.

George S. Galbreath of Abilene has filed for permit to drill the No. 1 Joe Hanna, a 4,400-ft. wildcat well, seven miles southwest of Breckenridge. The operation will be in a 160-acre lease in Stephens County's BAL Survey.

Abilene-based Jerry E. Wylie Oil Drilling Co. has turned in first production figures for its three successful development wells in Stephens County's Tullos Field.

Flowing oil at the rate of 34 barrels per day plus 350,000 CFD casinghead gas, the No. 1 Echols was tested on an open choke.

Drillsite was in a 200-acre lease in the Duffer Survey, six miles north of Caddo. The well was taken to a total depth of 4,450-feet after entering the pay zone at 4,000. Production interval will be 4,010 to 4,060-feet into the wellbore.

The No. 2 Echols showed potential for 22 barrels of oil, along with 315,000 CF casinghead gas per day on an open choke.

Drillsite was in a 200-acre lease in the Duffer Survey, six miles north of Caddo. The well was drilled to 4,534-ft. bottom after entering the pay structure at 4,000-feet. It was perforated to produce from an interval 4,008 to 4,138-feet.

Designated as the No. 3 Echols, the well indicated capacity to produce 27 barrels of oil and 475,000 CF of casinghead gas per day on an open choke.

The location is six miles north of Caddo, in a 200-acre lease in the T&PRR Survey, Stephens County.

Bottomed at 4,500-ft., the well will produce from an interval of perforations 4,030 to 4,098 into the hole. The pay formation was first encountered at 4,000-feet.

A new oil producer in the SE Wayland Field has been finalized by LHG Resources, Inc. of Midland. Designated as the No. 1-B C. Brown, the

well indicated capacity to produce 6 barrels of oil and 85,000 CF of casinghead gas per day on an open choke.

The location is four miles west of Lacasa, in a 280-acre lease in the T&PRR Survey, Stephens County.

Bottomed at 4,100-feet, the well will produce from an interval of perforations 3,921 to 3,950 into the hole. The pay formation was first encountered at 3,900-feet.

Smile Energy, Inc. of Breckenridge has filed for permit to drill the No. 1 Maxine Boney "A", a 5,000-ft. developmental well in the NW Ranger Field, five miles northwest of Ranger. The operation will be in a 40-acre lease in Stephens County's T&NO RR Survey.

A 3,700-ft. developmental well is planned by Tri-Mor Prod. Co. of Graham at a drillsite 2.5 miles northwest of Ranger, Stephens County. The location is in a 40-acre lease in the F. Harms Survey. Well's designation is the No. 1 Haydon. It is in the NW Ranger Field.

Peerless Oil Co., Inc. of Weatherford has added a new natural gas producer in the H&R Field. It is the No. 1 McCarthy, located in a 307-acre lease in Parker County's T&PRR Survey, five miles northeast of Millsap.

The well flowed at the rate of 1,840,000 CF per day on a

1.5 in. choke. The absolute open flow came in a 3,200,000 CF.

Drilling went to 5,400-ft. bottom after the production zone was entered at 4,448. The production interval will be perforations 4,488 to 4,493-feet.

Flowing natural gas at the rate of 578,000 CF per day on a .75-in. choke, the No. 1 Chapman is a successful new wildcat well in Parker County. Lee Exploration Co. of Ft. Worth is the operator.

The well exhibited absolute open flow potential of 930,000 CF. Location is in a 65-acre lease in Parker County's J.N. Rash Survey, about two miles west of Azel.

After entering the pay zone at 2,771-feet, the well bottomed at 5,233-ft. and will produce from a set of perforations ranging from 2,771 to 2,780-feet into the hole.

A 4,999-ft. developmental well is planned by Norman Evans of Graham at a drillsite 3.5 miles north of Adell, Parker County. The location is in a 193-acre lease in the James Lanman Survey. Well's designation is the No. 1 Patricia Banks. It is in the S.W. Poolville Field.

Larry Gatlin Named 'Texan of the Year'

Grammy Award winning singer-songwriter Larry Gatlin has been named "Texan of the Year" by the Texas Press Association and will be present at the group's annual summer convention in San Antonio later this month to accept his award.

Gatlin is only the thirteenth Texas native to be given the award, a unique plaque designed and painted by noted Austin artist Randolph Moerke. The presentation will be made by TPA President O.G. (Speedy) Nieman of Hereford at a luncheon Saturday, June 26, at The Inn at Turtle Creek.

Born in 1948 in Seminole, Texas, Larry is the oldest of three Gatlin Brothers and the son of an oil driller. By the age of seven, he was already accompanying younger brothers, Steve and Rudy, in songs at family and church events. Larry even began writing his own religious lyrics to pop songs as a youngster.

The Gatlin Brothers continued to sing together throughout their school years, winning numerous talent contests and eventual-

ly performing on a weekly television show in Abilene for two years.

By going off to the University of Houston on a football scholarship, Larry was, for the first time, separated from his brothers. After graduating with a degree in English, Gatlin began studying toward a law degree until his love for music interceded.

He toured with a gospel group, the Imperials, who once worked for Elvis Presley. On the tour, Gatlin met singer Dottie West in Las Vegas; and upon his return to Houston, he sent her a tape of eight of his original songs.

Dottie recorded several of the tunes and sent plane fare for Larry to travel to Nashville and continue with his song-writing.

"If it weren't for Dottie West, I'd probably be a lawyer in Houston right now," he confesses.

Gatlin's original songs have, over the years since then, been recorded by such performers as Elvis Presley, Kris Kristofferson, Johnny Cash, Tom Jones, Tammy Wynette, Ray Price, Roy Orbison and the Oak Ridge Boys.

Having established himself as a songwriter, Larry helped pave the way for his brothers to join him. "The truth is, we never really got back together because we were never really gone," Larry explains. "They were still in college, and I was the oldest one. Somebody had to take the lead, so I did."

In recent years, the Gatlins have earned

numerous industry honors, including a Grammy for "Broken Lady" in 1976 and three Academy of Country Music awards in 1980.

Since the mid-seventies, the brothers have remained consistently at the top of the music charts with hits like: "Broken Lady," "I Just Wish You Were Someone I Love," "All The Gold In California," "We're Number One" and "Take Me To Your Lovin' Place."

The Gatlins' unique vocal talents and widespread popularity have led to numerous appearances on various network television programs, such as "The Tonight Show," "Merv Griffin," "Mike Douglas," "The Country Music Association Awards Show," "The Grammy Awards Show" and their own 1981 ABC-TV special.

The Gatlins have kept busy with charity work, as well as with their music. They hosted an MDA benefit golf tournament in Dallas last month and served as honorary hosts for Texas Nursing Home Week. The

brothers appeared on television spots promoting the special week and urged Texans to visit nursing home residents.

A family man, Larry and his wife Janis have two children, Josh and Kristen.

Previous TPA Honorees include Paul Richards, former baseball executive and field manager; Van Cliburn, noted pianist; Dan Blocker (deceased), co-star of the Bonanza TV series; C.B. (Tex) Thornton, Litton Corporation executive; Phyllis George Brown and Shirley Cochran, both former Miss Americas;

Also Dale Evans, singer and actress, Allen Ludden (deceased), former host of TV's Password; Raymond Berry, Baltimore Colts all-time great pass receiver; Alan Bean, first Texan to walk on the moon; Earl Campbell, Heisman Trophy winner from the University of Texas and now an all-pro running back with the Houston Oilers; and Roy Benavidez, Vietnam war hero and Medal of Honor recipient.

Lela Latch Lloyd Presents Scrapbook To Georgia Vann

Lela Latch Lloyd of Cisco will present a scrapbook of memorabilia about her book "If The Chief Vann House Could Speak" to the actual Georgia Vann house on Sunday, June 20th.

The scrapbook will be

placed on display at the building, which is a National Historic Site.

Accompanying Mrs. Lloyd will be Mrs. Jewel Cole and Mrs. Leah Brown of Cisco. At the Chief Vann house, which has been restored with

authentic furnishings, Leah Brown will play "Home Sweet Home" on a 150 yr. old Rosewood Baby Grand piano.

The song has special significance in this setting. Its composer - John Howard Payne - was once imprisoned here because of his attempt to help the Cherokee Indian Nation.

Mrs. Lloyd's book, which tells of important events in the Vann house - once the Cherokee headquarters - has been distributed nationally.

While at the Historic Site the Cisco ladies will be joined by a friend, Ermina Vann Campbell, a Vann descen-

dant from Green Valley, Arizona.

The Georgia trip will also include a Reunion of a class at Mrs. Lloyd's first school at Eton, Murray County. Mrs. Lloyd will be speaking and autographing books at this occasion.

After visiting other friends and relatives, Mrs. Lloyd, Cole, Brown and Campbell will travel to the National Reunion of the Vann family being held in Huntsville, Alabama. These descendants of the Cherokee Indian leaders rotate their annual Reunion sites to various places in the south and southeast.

Eastland County Fair

The County Fair Association will meet Tuesday, June 22 at 8:00 p.m. at the Eastland Co. Livestock Showgrounds.

The purpose of this meeting will be to tour the facilities and decide where the various Fair activities and divisions will be set up this year. This year the new show barn will be available and have many possibilities. If you have not seen the new barn, this will be a wonderful opportunity for you to tour it.

The Co. Fair is scheduled for September 30, October 1 and 2. Along with the regular Fair activities, the Eastland Chamber of Commerce will be sponsoring an oil show, carnival, and parade.

From the Fair plans being developed now, it looks like this year's Fair will be the biggest and best ever.

All clubs and individuals working with this year's County Fair are invited and urged to attend the meeting on June 22.

Pioneer Woman Tells Of Her Early Life

(EDITOR'S NOTE: The following article was brought in by Mrs. Clara Hull of Cisco. It concerns a pioneer mother's life and experiences in the 1800's. The story was published in the Citizen Free Press in April 1935. The item was entitled "A Pioneer Mother Writes Our 'Mother's Day Story'")

The article is as follows:

(Editor's Note: No story, we think, could more befit the Mother's Day theme than the following sketch written of her life by an 81-year old pioneer of the Dan Horn community - Mrs. Samuel Hull, who lives on Route 4 out of Cisco. Because the lines seem literally to breathe the genius of those hardy settlers of yesteryear, we regard it one of the most remarkable local stories it was ever our privilege to publish. We have made no effort to retouch it, fearing that our clumsy, ignorant touch would have lost the spirit that this 81-year old woman has infused into the lines. Mrs. Hull has lived in this county for 42 years, coming here in May, 1893, the year of the tornado. She is a daughter of Edmund Smith, who came to Texas in an ox wagon in 1858.)

Mrs. Samuel Hull, Her Story

Supposing that the old mothers of Eastland county will be permitted to contribute to the "Old Timers" page in the Citizen-Free Press, desiring to relate some of their experiences in pioneer times, I am recording a few of the incidents that I can recall while we were making a home in this part of the world.

Women, all down through the ages, have always volunteered to play their part in enduring the hardships and privations incident to pioneering.

I consider that I am an old timer, having lived in Texas 76 years, and in Eastland county 42 years.

My father, Edmund Smith, moved with his family from Alabama to Texas in an ox wagon. We landed at Alto, Cherokee county, in 1858. I was then a small child, yet I remember the long journey, and how happy I was when we crossed Red river on a ferry boat, and climbed a high hill into Texas. Everything was so beautiful. We heard plenty talk of Indians but never saw any.

We lived at Alto one year and then moved into Angelina county, where we were in the community of good people, all living busy lives. They spun their thread from cotton made into "bats" by hand carding, wove cloth and made all their clothes. The click of the cards, the hum of the spinning wheel and the shuttles' dash of the loom was music one heard all day long in every home. Late in the afternoons we could hear the tinkling of cow bells in every direction as "old Brindy" came slowly tramping home from green pastures to be milked. The lowing of the cows, the bleating of sheep, the barking of dogs were pleasant sounds, and everybody was happy.

The Civil War Was Declared
However, this sense of security was interrupted by the declaration of the war between the states. Then there was troubled hearts everywhere.

I have lived through three wars and know the hardships and privations suffered by the people. I have lived through many depressions, but neither equalled the present national depression, and it is my belief that those who weather this present crisis will see better times.

I was united in marriage to Samuel Hull in 1874. He was a native of Wisconsin. His parents moved to Texas in 1848. After our marriage we lived in Denison several years. While living in Denison Mr. Hull came to Eastland county in 1887 and bought 160 acres of land seven miles west of Cisco—six years before we located on it. While on this trip he subscribed for the Cisco Round-Up, a lively weekly newspaper, published by Frank Vernon, who was a booster for Eastland county. This paper gave us a pretty good history of the county before we moved to it.

In 1893 we moved from Denison, and arrived in Cisco May 29 of that year, just after the memorable

cyclone, when Cisco was all a wreck from the effects of that atmospheric disturbance that left few houses undamaged, and many totally wrecked. The hotel consisted of tents. There were only three in our family, myself, husband and son. We spent the night at the Neel hotel and slept in a tent. Now the effects of that disaster is past and gone, and prosperity has blessed the good people there, who have built a city fit for a king in which to dwell.

My Early Experience Here
I will relate some of my early experiences in Eastland county. As stated above we spent the first night in Cisco, May 29. Next day we hired a delivery hack which brought us to our destination. The driver unloaded us and our trunks here in the wilderness of brush. There was only one little house, a log cabin, in sight. Only a few settlers were scattered around, but I felt so free and happy I compared myself to a bird just freed from a cage, flitting from limb to limb, so free and happy. The trees were in new leaf, the buds and wild flowers blooming, the mounds, rocks and everything were so beautiful.

Our first home was built partly of brush and some blankets we had in the trunks. On the second day of June there came a big hail, and we hardly had shelter sufficient to protect our heads from the hail stones. That soon passed over and the world was bright and beautiful again.

In a few days our household goods arrived, and that was better. Water was a problem at that time in this part of the country. We were told that there was only one well and one spring within a radius of several miles. We dug a well. I say "we" because I wanted to help in everything, and I did help. I packed water nearly a mile from the spring while husband and son did the digging. It required ten days to finish the hole, but we struck a vein of lasting water, which usually stands 12 feet in water.

By this time we became pretty well acquainted with what few neighbors that were living here. Some of them whispered around that "those folks will not stay here very long in this brush country, being just from a city." We told them we had come to stay and were going to stay, and I am here yet.

We cut posts and picketed in a garden in which we planted turnips. Then we built our first real home—a log cabin. Mr. Hull walked several miles and borrowed a froe from a pioneer neighbor, with which he rived boards from the tough oak trees to cover the house. I helped nail these on the roof. I can truly say that we spent some of our happiest days in that log cabin. We lived hard and we worked hard, yet we were happy.

I am sure some of the old grandmothers know what an ash-hopper is? Well, I made one from which I dripped lye to make soap, and used many other old-time contrivances for the present needs until we could do better. I have seen the time when we cooked the last morsel of food we had, yet the next meal was provided. My experience has been if we work with faith our wants will be supplied. Don't forget that while the women were using their energy that the men were not idle. They were working and striving to better their condition for the future.

Ploughed Yearling Steers
Mr. Hull made an ox yoke, and one of our good neighbors let him have two yearlings to work. He yoked

them up and broke them to plow, with which he broke up a lot of new ground, and planted his first crop.

There was no road through our community, only a narrow crooked cow trail, hardly wide enough for a wagon to pass along without stalling against trees, rocks and brush. When the time came for the settlers to fence their farms with barbed wire, roads became a necessity. But when the road proposition came up, like most all other public projects, there was some opposition, and it required a prayer meeting to get the road. I was an attendant at that meeting, which were also 10 or 12 determined men, some of whom were as good pioneers as ever carved a civilization out of the wilderness. There were two doctors and one preacher in the assembly, which gathered in the narrow crooked road in front of our home, where the corners of four sections abutted. These pioneers talked the road business, then they had a fervent prayer, at the conclusion of which they agreed to build the road, so we got a very good road through our community, not with steel swords and firearms, but by the sword of the spirit. It has long been settled in my mind that that special prayer enabled us to achieve our object. The prayer was led by Rev. Bob Yeager, a pioneer preacher from Alabama. Most of these who were in that prayer have passed on and are gone, though their works still live. I consider this road is an historical landmark in our community.

The First Wire Fences

When the road was blazed through and cleared out ready to be traveled, then the settlers fenced their land and grubbed out their farms. It required time and untold hard work to prepare the land for cultivation. There were several good crop years and the people were prosperous. With a good will and determination a community suited to live in followed. In the meantime more people moved in, bought land and settled among us—all good neighbors—when the community spirit was manifest, and all united and contributed their work and means and built a school house. A one teacher school was organized, with 40 or 50 pupils. We had preaching and Sunday school in the school house every Sunday, several preachers of different denominations came and preached for us and all

awaiting the summons that is sure to come sooner or later.

Mrs. Sam Hull,
Route 4,
Cisco, Texas

united in the good work. People came from far and near to attend our meetings and Sunday school. There was prayer meeting once a week, and once a year was held a big protracted meeting.

With the establishment of the post office, the community took the name of Hobart, and later a blacksmith shop and store was opened. As time passed on the postmaster decided to resign so that he might take a college course, and with the passing of time the postoffice was discontinued. As the population increased it became necessary to build a larger school house and employ more teachers. A modern school building was erected and the community of Hobart was given the name of Dan Horn, honoring two of the oldest pioneer settlers of this part of Eastland county, and the Hobart and Mitchell school was consolidated at Dan Horn, where a three-teacher school flourished. This school was considered one of the best rural schools in this county. We had our school exhibitions and community fair, and everybody was prosperous.

Oh, the good old times do linger in memory's casket. I do not care to turn back and live old-timey ways over again, but the memory of them is still good company to me.

I have been blessed with good health in Eastland county. I have only had a doctor's professional visit but one time in 42 years. Then he was called to treat me for the bite of a venomous bug, and it appeared I would die before the doctor could reach me, though he only had three miles to come. As soon as he arrived I cried to him to administer an antidote for the poison quickly, after which I immediately began to improve and felt much better.

I have always been satisfied in my little home—there is "no place like home, be it ever so humble." I have spent most of my happiest days in Eastland county, also some of the saddest of my life, especially when the time came that I had to give up my husband—thirteen years ago. Since I have lived a lonely life, yet I am satisfied to remain in the home where we dwelt so long in peace and love.

Mine has been a busy life, and as for my destiny I am happy to know that all is well with me. I am now 81 years old, and dwelling the sear and yellow leaf of life,

Latest Rains Seen As Good And Bad

"These latest rains have been both good and bad," states DeMarquis Gordon, County Extension Agent.

"Usually a rain around here helps more than it hurts. But for those who have just planted peanuts - or who have not been able to get into their fields to plant at all - the latest sieges have really caused a delay."

"And it seems that the heaviest rains have fallen in the south side of the county - in peanut country."

"I hear of some farmers who have been trying to plant for several weeks. It is really getting late for peanuts, although the Spanish variety can be put into the ground up to July 1st."

Gordon says the Tuesday night clouds brought .7 inches of rain to Eastland, and included quite a bit of hail. A brief but intense wind blew down some wood fences in Eastland, split off pecan limbs, and even tore off some big limbs from mesquites.

"These rains, however, are great on hay crops," Gordon adds. "Eastland County is going to have wonderful crops of this type. Pasture, too, are benefiting from the moisture. And cows are doing great."

The grasshopper damage is "spotted" around the County, Gordon reports. It is very heavy in places, particularly the rural areas. Grasshoppers are moving out of pastures and eating up gardens. Dusting and spraying seems to benefit for only a short while.

"There are some small grains being harvested in places," the Extension Agent says. "I have heard of no specific damage, but the winds and rain are bound to have delayed this operation. Outstanding yields on wheat and oats are being reported this year."

Pecans, however, are another story.

"The pecan crops seems to be light all over the county," Gordon notes. "There is already quite a bit of casebearer damage on unsprayed trees. There is even some on trees which have been sprayed two times."

"So even with all the rain - it appears that local pecan trees will not be producing much for 1982."

Strong winds, hail, lightning and short-lived but heavy rains typified the storm that passed through Eastland and surrounding counties last Tuesday.

The storm built almost directly over Eastland moved east-southeast. Eastland received a brief but hard shower with moderate amount of marble-sized hail. However, the storm intensified as it moved east and one Carbon resident reported hail larger than eggs and about .3 inches of rain.

About 8:40 p.m. there was a tornado formation sighted between Carbon and Gorman by Fort Worth weather radar.

By 9:00, when the storm had passed over Eastland was headed into Erath and Comanche counties, there was an awesome display of electric energy as lightning from the storm was seen for distances of over thirty miles, according to one eye witness.

WORD OF GOD

Fulfillment (New Testament)

But he said unto them, Except I shall see in his hands the print of the nails, and put my finger into the print of the nails, and thrust my hand into his side, I will not believe.

And after eight days again his disciples were within, and Thomas with them: then came Jesus, the doors being shut, and stood in the midst, and said, Peace be unto you.

Then saith he to Thomas, Reach hither thy finger, and behold my hands; and reach hither thy hand, and thrust it into my side; and be not faithless, but believing.

John 20:25-27

When God Created Fathers

Erma Bombeck

When the good Lord was creating fathers He started with a tall frame.

And a female angel nearby said, "What kind of father is that? If you're going to make children so close to the ground, why have You put fathers up so high? He won't be able to shoot marbles without kneeling, tuck a child in bed without bending, or even kiss a child without a lot of stooping."

And God smiled and said, "Yes, but if I make him child-size, who would children have to look up to?"

And when God made a father's hands, they were large and sinewy.

And the angel shook her head sadly and said, "Do You know what You're doing? Large hands are clumsy. They can't manage diaper pins, small buttons, rubber bands on pony tails or even remove splinters caused by baseball bats."

And God smiled and said, "I know, but they're large enough to hold everything a small boy empties from his pockets at the end of a day...yet small enough to cup a child's face."

And then God molded long, slim legs and broad shoulders.

And the angel nearly had a heart attack. "Boy, this is the end of the week, all right," she clucked. "Do You realize You just made a father without a lap? How is he going to pull a child close to him without the kid falling between his legs?"

And God smiled and said, "A mother needs a lap. A father needs strong shoulders to pull a sled, balance a boy on a bicycle or hold a sleepy head on the way home from the circus."

God was in the middle of creating two of the largest feet anyone had ever seen when the angel could contain herself no longer. "That's not fair. Do You honestly think those large feet are going to dig out of bed early in the morning when the baby cries? Or walk through a small birthday party without crushing at least three of the guests?"

And God smiled and said, "They'll work. You'll see. They'll support a small child who wants to ride a horse to Banbury Shoes, or scare off mice at the summer cabin, or display shoes that will be a challenge to fill."

God worked throughout the night, giving the father few words, but a firm, authoritative voice, eyes that saw everything, but remained calm and tolerant.

Finally, almost as an afterthought, He added - tears. Then He turned to the angel and said, "Now, are you satisfied that he can love as much as a mother?"

The angel shutteth up.

PATRICIA MAY AND KORY WALLACE

Announces Engagement

Mr. and Mrs. D.L. May of Abilene, and Dr. and Mrs. Norman Wallace of Cisco, wish to invite their friends to the wedding of their children, Patricia and Kory,

Saturday, June 26, at 3:00 p.m. at the Southwest Park Baptist Church, 2901 S. 20th, Abilene. David Adkins, pastor of the First United Methodist Church, Cisco, will officiate.

Women's Softball Game Results

The Cisco Women's Softball game results for Monday, June 14 are Cozart 3 and Rising Star 15, and Jako 10 and Quickway 16. The Wednesday, June 16, results are Jako 20 and Cozart 4, and EnRe 9 and Rising Star 45. This week's schedule is as follows:

Monday, June 21-6:30 p.m. Jako and EnRe; 8:00 p.m. Quickway and Cozart. Wednesday, June 23-6:30 p.m. EnRe and Cozart; 6:30 p.m.-Quickway and Rising Star at Rising Star.

Man Arrested In Gasoline Theft

Two men were arrested and charged with theft of service after they filled their gas tank at the Texaco Service Station on IH-20 west and drove away without paying for it at 4 p.m. Thursday.

Police Chief Raymond Blevins broadcast an alarm and the two men were stopped by Callahan County officers. Cisco officers Hobbs and Knight took custody of them and placed them in the Eastland County jail. Charges were filed and bonds were set at \$500 for each man - one a 23-year old Killeen resident and the other a 36-year old Houston man.

The men owed the gasoline station \$17.50 when they fled, Chief Blevins said.

LaQuita Lorraine Is Named To H-SU Honor Roll

ABILENE--LaQuita Lorraine, a native of Cisco, has been named to the 1982 spring semester Honor Roll at Hardin-Simmons University.

Lorraine is the daughter of Mr. David Lorraine of Route 4. She is a freshman with a major in math.

The Honor Roll honors those students with a 3.60 G.P.A. for 12 or more hours of class work.

Hardin-Simmons is a private, multi-purpose, liberal arts university affiliated with the Baptist General Convention of Texas. Enrollment is approximately 2,000.

June Is Honeymoon Time

The Golden Wonder of Honey by Donald Culross Peattie, condensed from Nature Magazine was printed in the April 1949 Reader's Digest.

"Some 15,000 years ago an

Two County Hospitals Receive Checks From Suit

Checks totaling \$981 have been mailed to two hospitals in Eastland County following the settlement of an antitrust suit brought by Texas against Bristol-Myers company, Beecham Group Limited and Beecham, Inc.

Texas was one of five plaintiffs in the case which alleged that the defendants tried to decrease competition in the production and sales of ampicillin and other semi-synthetic penicillins.

According to a recently released statement from the Attorney General's office, the defendants "fraudulently procured and enforced the ampicillin patent; restrained and prevented the sale of semi-synthetic penicillins in bulk form; and restrained and prevented the sale of semi-synthetic penicillins under other than specified trade names."

The case was settled out of court two days after the trial began in May 1981. Texas received \$310,000 of the \$5.8 million awarded in the suit.

Only hospitals in existence from 1966 through 1972 that received money from state tax revenue or state-secured bonds are eligible to receive a share of the settlement. The report said the money will be distributed to 31 state institutions and 182 city and county hospitals, hospital districts and hospital authorities.

Each institution will receive an allocation based on its share of hospital beds compared with the total beds in all participating institutions. The following local hospitals received a share of the settlement: E.L. Graham Memorial Hospital, Cisco, Texas, (\$579.29) and Ranger General Hospital, Ranger, Texas (\$401.77).

artist drew on the walls of a cave in Spain a picture of his Stone Age neighbor robbing a bee's nest of its golden store. In the millennia that have since gone by, no one has discovered or invented a purer and sweeter food than honey. Honey is the purest of all foods."

"The purity and sweetness of honey have entered symbolically into wedding ceremonies from Egyptian times to the present. Drops of honey were placed upon the new-wed Roman couples threshold - that is why the bride was carried over it. From Hungary to Hindustan, honey-baked in cakes, drunk in wine, used in intimate rite or public act - is part of the marriage sacrament, and the first bliss is called the honeymoon in more tongues than ours."

"Each drop of nectar is an ocean for holding minerals, enzymes and foods. It contains traces of iron, copper, manganese, potassium, sodium, phosphorus, proteins and vitamins."

"Tobacco companies buy millions of pounds of low-grade honey a year for preserving, flavoring, moistening and mellowing tobacco. Such honeys also go into hand lotions, cough medicines and golf balls."

In our early lives beekeeping was a part of the diversified farming plan. After World War II beekeepers migrated south and slowly returned north to take advantage of all the honey crops. Now, new interest has been growing in having beekeeping as a hobby.

WHITE LEAGUE BASEBALL

In Tuesday's minor league, the Giants won over the Athletics 14-5. Leading the Giants were Brad Goosen, first base, with three hits, three runs and two RBI's; Robbie Speegle, left field, Bubba Markham, right field, Ken Roark, second base and Lloyd Moore, pitcher, with three hits and two runs. Danny Yoch, catcher, led the Athletics with three hits and two runs. The Giants' Matt Goosen, short stop, led the team defensively with seven assists and two fly outs, followed by Brad with one unassisted, two assists and two force outs. Kelton Hale, pitcher, for the Athletics led with five assists and two fly outs, and Kelly Cozart, second base, five assists and a spectacular double play unassisted for the final play of the game.

In the second game, the Cardinals won over the Braves with a score of 16-6. Chris Begley, first base, for the Cardinals led with two hits, two runs, one homerun and two RBI's, followed by Chuckie Cochran, short stop, with three hits, two runs, one homerun and one RBI. Tina Webb, pitcher, led the Braves with three hits, two runs, followed by John David Rios with two hits, one run and one RBI. Kyle Crockett, pitcher, for the Cardinals had four assists, one force out and Chuckie had two assists, two fly outs and one

unassisted to help hold the Braves. The Braves Brian Callarman, second base, led their team with three unassisted, two fly outs, followed by John David with one force out and one assist.

Team standings with two game to play are: Giants, 12 wins and 4 losses; Cardinals, 11 wins and 5 losses; Athletics, 9 wins and 7 losses; Braves, 0 wins and 16 losses.

Cisco Service Club Holds 1st Yearly Meeting

Members of the Cisco Service Club met for their first meeting of the new club year at the home of Mrs. Arlie (Deborah) Whitley. Other hostesses included Betty McGrew and Pennie Fields. The salad supper meeting welcomed visitors Nancy Hammes, Terri Mason, Kay Roark with Deborah Henke, welcomed as a new club member. Ms. Henke will be serving on the scholarship committee.

Excited about the new club year ahead, under the leadership of Sandra Woolley, club president, Service Club members are preparing for new club projects. Plans are in the making for a bigger and better Halloween Carnival for 1982. Jan Cooper, first vice president, will be the chairman for the carnival committee, assisted by Dianne Yowell, second vice president, and co-chairman of the project.

Various other committee reports were given at the meeting, including the downtown hanging basket project, club's participation in the Christmas in May project and a report on the Child Care Center. The Sue Witzsche Memorial Scholarship has not as yet been awarded for the new school year. Anyone interested in the scholarship should contact Sandra Woolley.

Other new club officers recognized at the meeting were Joy Worley, secretary, and Deborah Whitley, treasurer. Committee leaders will be Gina Winnett, ways and means chairman; Joyce Schaefer, community project chairman; Pennie Fields, reporter; Sherry Kimbrough, social and food chairman; and Carlene Conner and Jan Turner will be serving on the telephone committee.

Dee Whitehead Family Reunion Is Held In May

The annual reunion of the Dee Whitehead family was held at Lake Cisco on Memorial Day weekend May 1982.

All eight children of Nell and Dee Whitehead were present. They are M.C. Whitehead of Cisco, W.R. Whitehead of Grady, N.M., Tex Whitehead of Lawn, Mrs. Doris Stone of Breckenridge, Nick Whitehead of Odessa, Mrs. Hattie Weathers of Cisco, Mrs. Opal Smith of Brownwood and Buck Whitehead of Abilene.

The Dee Whiteheads have 28 grandchildren and 32 great-grandchildren.

A covered dish lunch was held Saturday. Games and swimming were enjoyed by all.

Those attending were Dub, Jessie and Kayla Whitehead of Grady, N.M., Bill, Kathy, Jason and Sean Constable of Grady, N.M., Ronnie, Katy, Kodi and Miles MacKechnie of Grady, N.M., Edna, Donna, Michell and Danny Crowley of Grady, N.M., Jess and Linda Whitehead of Pampa, Tex and Ruby Whitehead of Lawn, Sam, Linda, Shane, Andrea and Shelly Miller of Lawn, Steve, Carla, Daina and Chris Whitehead of Hawley, Larry, Ronny and Jane Whitehead of Abilene, Dee and Janice Whitehead of

Hawley, Dale, Doris, Mark, Gayla and Jason Stone of Breckenridge, Val, Dan, Chris and Tammy Miller of Clyde, Guy, Diana, Jenny, Jessica and Jill Stone of Tulsa, Okla., Fred, Opal and Crista Smith of Brownwood, Joanni, Mark and Brook Smith of Abilene, Mary Ann Smith of Anson, Fredda, Gary, Tim, Abisa, Holly and Beulah Baxley of Abilene, Jeanni and Tim Galley of Clifton, Nick and Faye Whitehead of Odessa, Juanita, Karl, Shawn and Anita Teal of Odessa, Benny, Terri and Josh Whitehead of Odessa, Buck and Donnie Whitehead of Abilene, Mark and Kerri Hewitt of Abilene, Ronnie and Jane Whitehead of Abilene, Vandell, Hattie and Julie Weathers of Cisco, Jerry Weathers of Denton, James and Barbara Weathers of Albany, Patti Jane, Jo Bob and Brent Moore of Cisco, M.C. Whitehead of Cisco, Wade, Judy, Jami, Clay and Andra Whitehead of Roswell, N.M.

Friends of the family attending were Mr. and Mrs. Andy Gasper of Denver, Colo., Debbie Jasper of Dallas, Randy Gasper of Denver, Colo., Allen Baxley of Fort Worth, Velda and LeRoy Witzsche of Cisco, Bath Hargis of Odessa, Carolyn, Scott and Clint Easley of Hawley, Monti, Pecos and Jake Pogue of Eastland, Ben Hubert of Cisco, Lee Ann Robinson of Morton Valley, Lori Ann Speegle of Cisco.

The annual reunion will be held again next year on Memorial Day weekend at the same place, Lake Cisco Pavilion.

Ghormley Family Holds Reunion

For the 26th year the descendants of James Edward and Tygelia Grace Lowe Ghormley gathered together for their annual reunion, this one being held at Lake Cisco June 11, 12 and 13. Mr. and Mrs. Ghormley were married at Pleasant Hill during the early 1900's and lived in the Long Branch community where they were blessed with five children, three of whom are still living and were in attendance. They are Mrs. Eddie Hastings, Virgil Ghormley and DeWitt Ghormley. A total of 73 people attended that spanned four generations.

At Saturday night's award night the Bessie Mitchell family won the Family Award Plaque for having the largest percentage of their family present with ten of their 13 members attending. The Ricky Mitchell family won the award for traveling the furthest with them coming from Oklawaha, Florida. Virgil Ghormley won the award for being the oldest and Joslyn Davis won for being the youngest. Winning prizes during Sunday's fun was the following: infant to two, Luke Robert; two to five, Sheila Mitchell; six to ten, Christy Brackett; 11 to 17 Melody Musick. Winning in the adult category were grand prize, Sandra L. Mitchell, second prize Jerry Hastings and third prize Eddie (Do Ra Me) Hastings.

Attending this year were Virgil and Carmen Ghormley of Tahoka, DeWitt and Laura Ghormley of Graham, Eddie and Almus Hastings, Duane, Nelda, Shana and Michael McDaniel of Carbon, Linda, Bennie and Luke Robert, Vickie and Chuck Smith of Waco, Cynthia, Randall and Joslyn Davis of Goldthwaite, Betty Lasley of Mullin, Ted Hasley of Graham, Brenda Hogan of Crowley, Gene, Enid, Micahel and Angela Hogan, Donna and Curtis Prince, Billy, Sharon and Sheila Mitchell of Fort Worth, Franklin and Retha Hines, Ray, Alton Ray and Casey Hines, Kathy and Seth Hollowell, Al, Juanita and Mary Riggs, Paula Ledbetter, John and Jayne Ghormley of Odessa, Christine Murphy of Altus, Ark., Billy, Marilyn, Christina and Christopher Brackett of Ozark, Ark., Ricky, Sandra, R.J. and Laura Mitchell of Oklawaha, Florida, Laylan, Genell, Laylan Jo, Melody and LaWanna Musick of Snyder, Bernice, Sandra and Kandi Mitchell of Mineral Wells, Jerry, Betty and Randy Hastings, Juanelle Black, and Chuck Durning of Cisco. Visitors were Allen Sargent of Millsap, Scott Collins of Deer Park, Royce, Tommie Robert and Deborah Harris, Buck Trice and Rusty Kea of Cisco.

WORD of GOD

Those Those Who Are Backsliders

Thine own wickedness shall correct thee, and thy backslidings shall reprove thee: know therefore and see that it is an evil thing and bitter, that thou hast forsaken the Lord thy God, and that my fear is not in thee, saith the Lord God of hosts.

Jeremiah 2:19

WORD of GOD

CONFESS THE LORD!

Whosoever therefore shall confess me before men, him will I confess also before my Father which is in heaven.

But whosoever shall deny me before men, him will I also deny before my Father which is in heaven.

Matthew 10:32-33

Summer's coming...
So's HOT weather!

Cool the energy crunch with THE GE SUMMER COMFORT MACHINE.

Now at J&J AIR CONDITIONING

The General Electric Executive central air conditioner costs less to use than older and less efficient air conditioners.

The secret's in the extra-large coil: it makes the high efficiency GE compressor even more efficient. And, let's face it, energy savings can mean big money savings these days. You can keep your cool and save on energy.

START YOUR ENERGY SAVINGS PROGRAM NOW.

The time to start is now, before summer's heat gets to you - and to your budget! Then you can enjoy energy-saving efficiency.

Stress Center To Have Open House June 21

A professional forum and public open house will mark the opening of Hendrick Medical Center's StressCenter, due to open June 21.

The StressCenter is a 20-bed unit providing short-term quality treatment and personalized care for troubled individuals suffering from acute emotional problems. The treatment is directed toward reducing symptoms, giving the patient a start toward good mental health and returning the patient to the community within a short period of time.

The forum, scheduled for Friday from 8:30-10:30 a.m. in the Tom Roberts Conference Center, is designed for ministers, community service personnel, law enforcement officials, physicians and other professionals who might refer patients to the StressCenter. The forum will explain the purpose, treatment modalities and policies of the StressCenter and will include a tour of the new facility, located on the seventh floor of the HMC's Anderson Hospital.

For the public, the StressCenter staff is sponsoring an Open House, Sunday, from 1-4 p.m. This is the public's opportunity to tour the StressCenter and ask questions of StressCenter staff about the purpose, operation and policies of the center.

StressCenter patients are those in situations making them unable to cope. Most patients are suffering from severe depressions, have

suicidal ideas or identity crises, phobias, nervous breakdowns or drug dependencies. They need short-term intensive psychiatric treatment in order to return to normal living. StressCenter patients care for themselves physically and are not considered a danger to other patients. The patients want help and are willing to participate in therapy groups and activities.

The treatment program offered at the StressCenter is an inpatient program, usually from 2-4 weeks, providing a safe and educational environment to enable patients to learn new ways of coping with life problems. After discharge, therapy continues on the outpatient Aftercare program.

Throughout the program, patients take control of their lives, working with members of the treatment team to plan their own recovery program and monitor their progress.

WORD of GOD

Return Unto The Lord!

And shalt return unto the Lord thy God, and shalt obey his voice according to all that I command thee this day, thou and thy children, with all thine heart, and with all thy soul;

"Father's — The Priceless Ingredient!"

What is the worth of a good father? What things do fathers teach their children?

The approach of Father's Day caused me to ponder these questions. I realized that my own father had imprinted my life with lessons time could not erase.

Did other people feel the same way? I called seven Eastland County people at random, and asked each one the question:

"WHAT WAS ONE OF THE MOST IMPORTANT THINGS YOUR FATHER TAUGHT YOU?"

I was not sure what sort of answers I would receive. But what I got was almost overwhelming. Each person answered with honesty and clarity, as if the question had touched a reality in his life.

I realized that a terrific lot of wisdom was passed down in families, making them units for survival. So I want to thank all the people who took time to reply to the question, for they have shared great ideas with us.

"The worth of a good father?" Echoed A.C. Lebrede of Ranger, one of those I asked. Lebrede, a retired businessman, is Director of the Ranger Boy's Club. The Club has 90 boys attending, and he has a fatherly feeling toward each of them.

"You cannot put a price on a father - he is priceless," Lebrede continued.

"I do not have to ask a boy whether he has a good father. It is written all over him.

"My own father, Peter Lebrede, was born and grew up in Spain. During his life he had several moves and many adjustments. When he was a young man he went to Cuba, where he married and where I was born.

"When I was a baby father carried us to Brazil, then he emigrated to Tampa, Fla. when I was very young.

"Two main things he taught his children:

"Try to understand your fellow man.

"The key to understanding is the key to your happiness.

"Understanding other people, he said, involved respecting your fellowman as a person of value. And to understand a person, father said, you will need to get close to him and see his side of things.

"If you understand your fellow man, you will love him and want to help him.

"This love is bound to reflect back into your own life, bringing true happiness with it.

"I have had many experiences in my life, and have dealt with many kinds of people. But I am thankful to my father every day for giving me correct ideas on how to live."

Michelle Lindsey, homemaker, mother, and Associate Editor of The Eastland Telegram, says her father also gave her a background for good relationships with other people.

"My father, Aubrey Holt, an oilfield worker in Lovington, New Mexico, taught me the real meaning of love, and inspired me to give and receive love from others.

"It was not altogether what he said," she adds.

"But by watching him as I grew up, noticing his unselfish attitude - how his whole life was spent for his family - I gained the ability to trust men. This has helped me greatly in my own marriage.

"My father was born in Oklahoma in 1912, and died in 1979. He was 36 yrs. old when he married - almost 40 when I was born.

"He demanded respect from his children, but we knew that he loved us, regardless of circumstances.

"We played on family baseball teams, went to parks, visited grandparents, did creative things that didn't cost much money.

"I learned, from him, what it meant to be emotionally secure. That has been the mainstay of my life - and something I want for my own children."

Other closely related virtues are fondly recalled by Mrs. Bob (Velma) Hastings of Carbon, homemaker and Correspondent for the Eastland County newspapers.

"I was taught by my father to be an individual, and to be honest.

"My father, John E. Canaday, was a farmer, a Baptist Lay Worker, and later a Baptist preacher.

"He came to Eastland County about 1900, and was married in 1903 to Cornelia Hazlett. Our family lived near Carbon - in Long Branch and Oak Grove communities, where we raised cotton and peanuts.

"You can say I grew up in Church. Attendance at worship service was a regular part of our lives.

"My father enjoyed music, an did a lot of singing. He helped with rural Churches, and went out on revivals with pastor T.H.B. McAlister.

"Father was interested in many worthwhile things, and wanted us to have an education along with our spiritual training. Although he was never a rich man - in the goods of this world - I believe the things he gave me were of greater value than anything money can buy. I am thankful for them each day I live."

"My father, Charles Davidson Grissom, taught me to work," says Judge Clyde Grissom of Eastland. "He taught me to work hard with my hands, and to work hard at school. He insisted

on an education for his children.

"My father was born on a cotton and tobacco plantation in Mississippi, about 1855. He was 10 years old when the Civil War was over.

"During the War the family had to raise crops with a hoe - trying to grow a garden in order to eat.

"My grandfather was in the Mississippi Calvary. He was wounded during the war, but managed to get back to his family. Almost everything they had was gone - including their slaves.

"As a young person, my father knew it would take plenty of hard work to get out of that situation. He came to Wise County, Texas, when he was 19 yrs. old, then later went on to Haskell County.

"There he farmed and ranched, with the family staying in town a lot so the children could go to school. Father saw that we applied ourselves diligently.

"When I see what happens when people do not learn how to work, I realize what great value that principle has been to me."

"My father, Benjamin F. Speegle, taught me the value of an education," says Oren Speegle of Cisco.

"His main advice was: 'You must study and learn, not fight!'

"I didn't think he was an especially smart fellow, when I was a young man. But now, when I look back, I am amazed at some of the ideas he had. For he had few advantages of his own - he was poor, and he worked hard.

"He came to Eastland County from Alabama about 1885, and farmed in the Scranton Community. But there he applied himself, and learned a lot - including how to figure the acreage of land. He was also a considerate man, who let us take time off for play. This made our lives enjoyable.

"He sent me to Boarding School, at Scranton Academy, in 1915-1916. There I received a 'Second Grade' Teacher's Certificate, as it was called then.

"I had some fine teachers, including an English teacher who loved poetry. She started me to memorizing and reciting poetry, and I have been doing it ever since.

"After graduation I did not teach, but began my own farming and ranching. The education I got, however, enriched my life greatly.

"I'm glad my father lived long enough for me to realize what he had done for me - and for me to go back and tell him so!"

"My father, Tom G. Edwards, taught me the importance of honesty," says Jerry Edwards of Ranger, a Funeral Home Director.

"It was one of the foremost things he always encouraged, and the whole pattern of his life.

"He was a farmer and rancher in the Motley County area, around Matador. He raised wheat, corn, and cattle - working hard until his death. (In 1974). He happened to be leasing wheat land near Muleshoe when I was born.

"He dealt a lot with people, and didn't particularly believe in agreements on paper. He said a man's word should be his bond.

"If a person doesn't want to pay you," he said, "A piece of paper won't force him to do it."

"Even now, when I go back into the locality where he and others of my family lived, I find that people still recall him as a good farmer and an honest man.

"So I feel that I really have a lot to live up to."

Mrs. Ed (Irene) Wende of Cisco is a homemaker and mother with many talents.

Captain Gives Reminder of Barbeque

Clovis Hines, Captain of the Sheriff's Posse of Eastland County, wishes to remind all residents of the Barbeque being sponsored by the Posse to benefit the County Workshop for the MHMR Center. The Barbeque will be held at 6:00 p.m., Sat., June 26, at the Sheriff Posse barn.

The meal will be catered by Oscar's Bar-Be-Que of Cisco, and tickets are \$5.00. Tickets may be obtained at the barn, or in advance from Buddy Aaron Insurance - 108 S. Seaman, Eastland

Telegram Office or by calling Clovis Hines at 629-2485. Persons who want to go out

early can go to the Roping Arena and watch a Trail Ride begin at 1:30. This will be led by members of the Sheriff's Posse. The Roping Association will also sponsor roping during the afternoon in the arena, and the public is invited to participate.

"We surely want the community out to support MHMR Workshop," says Hines. "It does a fine work for the whole county - let's show how much we appreciate it!"

Lights from the Christian World

By: Josephine Cleveland

LEAVES OF JOY

"And I will give her her vineyards from thence, and the valley of Achor for a door of hope..."—Hosea 2:15.

She knelt to pray not really knowing what to think or ask. All seemed so hopeless; the solution seemed unsolvable. In her desperation the only glimmer of Hope was her sureness of His presence. He loved her—just as she was. The very act of kneeling before Him in her despair was faith at work. Faith that she could find a measure of solace and comfort in the nearness of His presence.

Did He not promise to supply all her needs? In her tiredness and weariness she leaned upon her bed, drawing near to Him, not fully conscious that in her drawing near to Him was the force that was drawing Him to her.

In exhaustion her striving ceased and then she envisioned fertile soil appearing before her. A tiny green shoot opening the soil found strength to push its way through the rich, dark soil.

She watched in amazement at the beautiful, vibrant, green shoot grew and grew while at the same time many

tiny lovely leaves came forth from its branches. She saw before her a beautiful, thick, foliated bush. "What can this mean?" she questioned.

"My Child," the Voice spoke, "the many green leaves you see are but the many joys that await you. Take heart! Arise and go forth. You have been grafted in the true and living Vine. From that Vine will come your strength to overcome. Amid your toil and weariness of your day you

may pluck a leaf—The joy from me is there to take. Come often to this true and living Vine and you will find strength for your daily needs. Remember, I have promised to supply all your needs according to my riches in glory."—Philippians 4:19. Trust and take.

Finally! A carpet made especially for active homes.

Anything Goes!

An Armstrong Tough-Duty™ Carpet

At first glance, it resembles any other well-made Saxony plush. What makes it different is what you can't see!

Traffic-Guard™
• Its unique construction has exceptionally high resistance to crushing, matting and unraveling.

Antron™ Plus Nylon
• The special soil- and stain-

resistant quality of Antron™ Plus nylon means that dirt and spills are easily removed.

Easy Care
• Given regular maintenance, Anything Goes will show far less changes in appearance than most other Saxony carpets. Even in heavy-traffic lanes!

Now Only \$19.95
Sq. yd.
Installed

<p>ALSO ON SALE</p> <p>HOLIDAY MAGIC Reg. 118" sq. yd. • dense saxony plush Now Only \$16.95 Antron III stain and static resistant nylon • 15 popular colors Installed</p>	<p>SIMPLY SUBTLE Reg. 118" sq. yd. • Rich sculptured saxony Now Only \$16.95 Antron III stain and static resistant nylon • 12 subtle multi-colorations Installed</p>

Boyd and Luke Swindle. Couples celebrating wedding anniversaries during the week include Mr. and Mrs. Jim Webb, June 22; Mr. and Mrs. C.L. Webb, June 24; Mr. and Mrs. Billy J. Reynolds, June 25.

CHURCH SERVICES

Sunday, June 20, 1982

FIRST CHRISTIAN CHURCH
Church School begins at 9:40 a.m. and morning worship at 10:50. The JYF will meet at 4 p.m.
The afternoon CWF will meet at 3:00 p.m. Tuesday. The choir will meet at 7:00 p.m.
The general council of CWF will meet at 7:30 p.m. Wednesday.

Parish Hall. Area vice president, A. Dean Kelm of Odessa, will be the speaker for the service. Pastor Dell J. Crockett will read the Rite of Installation.
Vacation Bible School begins on Monday at 9:00 a.m. continuing through Friday, June 25. For enrollment or for additional information, please contact Mrs. William F. Ziehr, Jr., at 442-1735.

The Board of Elders will meet in the Parish Hall on Tuesday at 7:30 p.m. to continue work on revising the Constitution and By-Laws of the congregation.
The Cisco Nursing Center worship service will be on Wednesday at 10:00 a.m.

REDEEMER LUTHERAN CHURCH
Sunday School and Bible classes begin at 9:30 a.m. The worship service begins at 10:30 a.m. Pastor Crockett's message is entitled "Who Are You When God Calls?" based on Genesis 3:9-15. The Lutheran Hour will be aired over KERC at 12:30 p.m. Dr. Oswald Hoffmann shares with fathers and mothers their important ministry to those younger than they in his message "A Bit of Fatherly Advice." Zion Lutheran Church of Abilene invites the members and guests of Redeemer Cisco to join them in the installation service for their new pastor, the Rev. J. Russell Kinser, at 4:30 p.m. A reception will follow in the

Senior Citizens Nutrition Menu

Aging is a process from the day we were born. During the teenage years and ages 20's and 30's we think very little about the future, then when we reach our late 40's and 50's we see dramatic changes in ourselves.

Ultimately we reach an age of retirement and if we have not made plans for it we find it difficult.

Adjustments must be made, that is financially, changes of our routine, often relocation, spiritually and most of all realizing our total life pattern is to be changed.

The period of retirement is more enjoyable if it can be used to help and assist others. We do not need to be specialists to help others. A telephone call, a card or a letter, a visit often is all that is needed. The matter of meeting people often solves problems, so why not call the Senior Center today and see how you can help. Call 442-1557 and make reservations for Monday, Wednesday and Friday for lunch. Let your retirement be one of serving others - that is what it is all about.

Programs for the past week included: Gospel singing by Leona Callaway and Ila Wilson with accompanist Anna Dytzel at the piano, country and western music by the Priest Band. Dinner music was provided by the choir with A.E. McNeely and his violin and Billie Wood playing the piano.

Menus for the week are as follows:

Monday--meatloaf, cheese stick, blackeyed peas, spinach, sliced peaches, bread, butter and drink.

Wednesday--vegetable beef soup, raw vegetable salad w/vinegar and oil, cream pudding, banana, vanilla cookie, cornbread, butter and drink.

Friday--braised beef tips w/brown gravy, rice, peas and carrots, orange whip, bread, butter and drink.

Ruth Cartee,
Director

People n Things

HOW'S THE Kiwanis Miniature Golf Course getting along?

Somebody asked us and we inquired. And we can tell you they're open nightly and weekends and going strong. The Kiwanis Club decided at their meeting Thursday morning to add a 12x40 building and put in video game machines as an extra attraction. This project, hopefully, will be completed and ready by July the 4th. Mr. Gary Rabel is chairman of the project.

Hats off to the Kiwanis Club! Let's all go out and play miniature golf.

IF YOU THINK interest rates are high in the USofA, you had oughta look in on the situation in Mexico. That's the word from Mr. Joe Wheatley of Cisco Lumber & Supply. He and wife Virginia got home Wednesday night after a vacation of a couple of weeks at Puerto Villarta, Mexico.

A friend of Joe's operates a hotel there and he wanted to make some improvements. Checking around, the friend learned that if you could find a bank with money to loan, your interest rate would be 40%.

The Wheatleys enjoyed their Mexico stay - resting, recreating, eating good Mexican food, speaking a bit of Spanish, and so forth. And they're glad to be home.

AN ABILENE television station reviewer gave Cisco Junior College's Summer Theater opener "I Ought to Be in Pictures" a good report. . . . And the Abilene Reporter-News always is helpful in publicizing the dinner theater.

Last Monday's (June 14) issue of the Reporter-News that was delivered at our house carried a June 7th dateline of every page. Bet this error caused a bit of uneasiness in the R-N production department. Keeping errors out of newspapers is an impossible task. We always hope they'll be harmless and not too embarrassing.

IN CASE YOU weren't looking, local gasoline prices went up four cents per gallon last Tuesday. They're up about 10 cents per gallon in the past month or so. . . . Yes, Jake Morgan's ox is back in the home pasture and doing nicely, thank you. . . . Gerald Bint, head of the technical-vocational school out at CJC, has given up peanut farming. He's allergic to tractors, our scouts report.

A HALF INCH or more of rain fell in our area during a thunderstorm Tuesday

night. Hear that Eastland had some damaging winds and hail. . . . Many area peanut farmers have planted their 1982 crops. Planting was held up several weeks due to wet fields. . . . Some Abilene folks won the Hawaii trip that United Savings gave away in a contest recently. . . . Olin Odom, registrar out at CJC, tells us that things are shaping up nicely for the July 3rd reunion of the CHS Class of 1962. He figures 75 people or so of class members and families will be here.

ONE OF THESE days we're going to see Mary Ellen Woods' garage at 404 West 11th Street. One of our scouts report that she has done a mural on the garage wall - mostly with spray paint. And it's real good, the scout says.

There was a place on the Woods garage roof that didn't look too good, so she used her paints to give it a rainbow hue. And it looks nice.

ONE OF JACK Farleigh's friends told him how to save money and cure his hearing problem without surgery or a hearing aid. Get a string with a button on each end. Put one button in your ear and the other in your pocket. Jack was told.

"Then, people will think you're hard of hearing and speak up," Jack's friend concluded. Jack is winding up a year as president of the Lions Club.

SPEAKING OF the Lions Club, Mr. Bob Conner of E.L. Graham Memorial Hospital staff tells us that he is chairman of the club's program for the June 30th luncheon. And he has invited Mr. Charlie Jordan of Abilene to talk. As you know, Mr. Jordan is a former television weather man who had a good following before he resigned to go into the oil business.

Anyone wanting to attend may do so by contacting a Lion and paying for the lunch at the White Elephant Restaurant meeting. Mr. J. W. Cook, the new city judge, will be chairman of the Lions program for the June 23rd (next Wednesday noon) meeting. And he has arranged for the showing of the Dallas Cowboys Highlights of 1981 movie. If you're interested in attending, see the paragraph above.

IT WAS A happy Happy Birthday Party for Mrs. Wallace (Margie) McCarver of 1005 Pershing when a group of friends gathered at their home last Tuesday

night. It was her 76th birthday and home-made ice cream complimented the birthday cake.

Dropping in for the occasion were Mr. and Mrs. Jim Puryear, Mr. and Mrs. Major Farnsworth, Mr. and Mrs. Bob Conner, Mr. and Mrs. Manning Davis and Ruth Pugliese and Tom Hart. Most of the ladies were in Mrs. McC's Sunday School Class (She was the teacher.) when they all moved to Cisco some 21 years ago.

The McCarvers have been married more than 50 years and enjoy good health. You'll want to join us in wishing for her many more happy birthdays.

JOURNALISM Prof Bill Roberts of Cisco Junior College is spending the summer completing work for a master's degree at ACU. He is writing a thesis on the influence of early day editors on Cisco's growth, progress, prosperity and well being.

Bill needs to see copies of early day newspapers, particularly the old Cisco Roundup. If you know of any, give him a ring. We hope to read his thesis after he hands it in and, hopefully, passes the course. He has a pretty difficult sounding assignment, huh?

A GROUP OF First Baptist Church folks will depart Saturday for Ruidoso Downs, New Mexico, to hold a Bible Study Mission program during the coming week. Mr. and Mrs. Gene Zellman are leaders for the group making its third annual trip. . . . A Vacation Bible School will be held at the Olden Baptist Church during the coming week with the Rev. Buddy Sipe and Music and Education Leader Ben Streiff in charge. The Cisco First Baptist Church volunteered to provide leadership for the Olden VBS when it appeared that the program there might have to

be cancelled. . . . Aren't the Sutton Crofts of our town planning a vacation trip to Alaska this summer? . . . Cisco Golfer Bennie Nichols is playing in the West Texas golf tourney at Fairway Oaks Country Club in Abilene this weekend.

Texas Department of Public Safety

GOLF CHAMPS-Lucy Collier, left, and Pat Owens are shown in the above picture holding trophies they won in the annual Cisco Country Club woman's city golf championship tournament last Tuesday. Mrs. Owens won the city championship with a low gross score of 84 for 18 holes. Mrs. Collier's handicap score gave her the low net score. Tied for runnerup for the city crown were Letha Schaal, Dorothy Farnsworth and Mrs. Collier, all with 86s. Flo Robinson and Catherine Abbott were runnerups for low net (handicap) scores with 67s. Mrs. Schaal was the defending champion. (Staff Photo)

Dated this, the 17th day of June 1982.

City of Cisco
By Ginger Johnson,
City Secretary

NEW BANK FROM the back side-The above picture, made from the rear of the new First National Bank building, shows that steel for roof and frame work was in place and that the brick work was well underway. The building, about a month behind schedule due to bad weather, is due to be completed about Nov. 1. The picture was made Tuesday. (Staff Photo)

PAFFORD AND PATTERSON AMBULANCE SERVICE INC.
P. O. BOX 912 EASTLAND, TEXAS 76448

Highway accidents are one of the leading causes of injury and death. Home is not a haven for immunity. The rate of domestic accidents is high, not to mention the frequency of strokes and heart attacks. To meet these emergencies, Pafford and Patterson Amb. Serv. Inc. deploys and Emergency Medical Care Technician on every emergency call, and vehicles are equipped with life-supportive systems and radio communications.

Pafford and Patterson Amb. Serv. Inc. has been endorsed by the City of Eastland and the Eastland Memorial Hospital, also the City of Cisco and the E L Graham Hospital.

Pafford and Patterson Amb. Serv. Inc. has a goal of 850 members for Eastland and 850 members for Cisco. If this goal is not reached, Pafford and Patterson Amb. Serv. Inc. has the option to refund your membership money and cease ambulance service. If the goal is met, operations will continue.

AMBULANCE SERVICE FACT SHEET

- 1.0. What is the cost of membership per year?
A. \$36 per year, per membership.
- 2.0. What will one ambulance call cost a non-member?
A. All non-member calls will be \$70 plus \$1.50 per mile, \$10 minimum for oxygen, and \$15 for emergencies.
- 3.0. What constitutes a membership?
A. Husband/Wife, plus any children under 19 living at home, or an individual living alone, or in a nursing home.
- 4.0. What area is covered?
A. All hospitals within 60 mile radius of Eastland/Cisco are covered. This includes Abilene. (Service beyond this boundary will be rendered at additional charge of \$1 per mile, one-way.)
- 5.0. What is the cost for service to hospitals other than those in members area?
A. Members: \$2 per loaded mile beyond 60 mile limit. Non-members: the same as explained in question #2.
- 6.0. How long will the initial campaign run?
A. From June 10, 1982 through July 31, 1982.
- 7.0. If a family or individual does not enroll during the initial drive, when will be the next opportunity?
A. June 10, 1983, except for new residents in the area who may enroll upon arrival.
- 8.0. When will a membership purchased in 1982 expire?
A. July 31, 1983.
- 9.0. Does membership cover the doctors office and/or clinic calls?
A. No. An ambulance will be available for \$20 for members plus \$20 per hour waiting fee. Non-members charge will be the same as in question #2. Out of town doctors office and/or clinic calls to members will be the same as above plus mileage charge. Non-members remains the same as any other call.

EMERGENCY AMBULANCE NUMBER ONLY
619-1726

Sincerely,
James Pafford and Tom Patterson
owners

OBITUARY

Services For Belle Freeland Are Thursday

Funeral services for Mrs. B.H. (Belle) Freeland, 84, of Baird, were at 4:30 p.m. Thursday at First Baptist Church, directed by Parker Funeral Home. The Rev. Knox Waggoner of Cottonwood officiated. Burial was in Ross Annex Cemetery.

Mrs. Freeland died about 3:30 p.m. Monday at Hendrick Medical Center in Abilene.

She was born September 4, 1897, in Tennessee. She married Judge Betah H. Freeland on November 22, 1922, in Baird. He died in December 1970. She had lived in Baird since 1941, where she taught music and was a member of the Garden Club. She was a member of the World War I Veterans Auxiliary in Abilene, the First Baptist Church and the Order of the Eastern Star.

A son, Frank, preceded her in death in 1980.

Survivors include two sons, Blanton of Abilene and Jack of Conroe; a daughter, Estelle Freeland of Abidjan, Ivory Coast; three brothers, E.K. Coppinger of Cross Plains, R.G. and Parker Coppinger, both of Abilene; two sisters, Florence Sparks of Moran and Inez Moreland of Graham; eight grandchildren; five great-grandchildren and a number of nieces and nephews.

Services For Margaret Baker Are Thursday

Graveside services for Margaret M. Baker, 58, of Putnam, were at 2 p.m. Thursday at Belle Plain Cemetery, directed by Bailey Funeral Home of Clyde. The Rev. Henry Ryan of Putnam officiated.

Mrs. Baker died at 7:55 p.m. Sunday at her home after a sudden illness.

She was born June 10, 1924, in Arizona, where she married James Baker on May 2, 1944. She came to Texas in 1979 from Coolidge, Ariz., to live with her son, Carl Baker, in Clyde. She moved to Putnam after he was killed in an automobile accident in 1981. She was a member of First Baptist Church at Putnam.

Survivors include a daughter, Frances Floyd of Cisco; a son, Carl of Mesquite, Okla.; a stepdaughter, Jean Sonar of Ohio; a stepson, Kenneth Baker of Oregon; a sister, Ramona Lancaster of Tucson, Ariz.; a brother, Ernest Vega of Tucson, Ariz.; 11 grandchildren; and several nieces and nephews.
