

# HALL OF REMARKS

BY HERREL HALLMARK

TO THE person who slipped the letter to the Editor underneath our door at the Press office, we will be glad to print your letter if you will come by and sign the original copy for our files.

It is our policy to only accept signed letters and we prefer to receive them in person.

THIS IS to be a busy week for area residents.

Thursday night, the annual coronation of King and Queen Lobo will be held at Cisco Junior College at 7:30 p.m.

Thursday and Friday, Cisco Junior College will be hosting an annual High School Invitational Basketball Tournament. Cisco High School's boys and girls teams will be playing in the tourney.

Saturday morning, the annual Christmas parade will be held in downtown Cisco at 10:30. Santa Claus will be in the parade and also will be available afterwards for talking with local children.

Saturday night, a program is being presented in Eastland by the County War-On-Drugs Committee. It is scheduled to begin at 7 p.m. in Siebert Elementary School. The program will feature a 27-minute film entitled "Epidemic," a presentation by TANE (Texas Alcohol Narcotic Education), a presentation by M.A.D.D. (Mothers Against Drunk Drivers), and a presentation by County Sheriff John Morren and a County Jail inmate on the consequences of drug abuse.

So make your plans now to attend as many of these events as possible and prepare for busy weekend.

ALSO PLANNED for this weekend, is the moving of First National Bank from its present location to its beautiful, new building at 418 Conrad Hilton Avenue. The bank will be open for business in its new location on Monday, December 6.

THE LOCAL weather seemed much better this week with clear, blue skies and warmer temperatures. However, weather forecasts were calling for another cold front to move into the area about the middle of the week.

I ATTENDED a public meeting held Monday night at the Corral Room in Cisco which consisted of mostly parents, a few teachers, one school board member, and other individuals interested in the welfare of local school children. The group ended their meeting by forming a volunteer committee of citizens who will be willing to act as a sort of sounding board for legitimate complaints against the local school system.

(A list of those committee members and a story on the meeting may be found elsewhere in this edition of the Press.)

There were a lot of disgruntled parents, and others, attending the meeting who felt as though they, or their children, had been treated unfairly or unjustly, at one time or another, by the public school system. General plans of the group seemed to be to ban together and compile their complaints, which will be presented to the School Board in numbers to show their sincerity in wanting some changes made in the system and how it is run.

I believe such interest by those attending the meeting is great and long over due, if it is used in the right manner for the betterment of the local school system and the improvement of education for our children who attend the local schools.

However, I hope those in

charge are extra careful to not let their concerned group become a type of vengeance committee which sets out to destroy someone's life-long career, just because they, or their children, hold a grudge against that person.

If you have a legitimate complaint, stand up and voice your complaint to each and everyone of the School Board members. They were elected by you to serve in your best interests. Let them know how you feel.

CHRISTMAS STREET decorations were being put into place early Monday morning of this week in preparation for the local holiday season. Gene Gwinn of Otis Engineering was driving the forklift shown above and two members of the Cisco Junior College basketball team were hanging the lights and plugging them in when the photo was taken. Another forklift, from Cisco Lumber & Supply, was also being used to put the street lights in place. (Staff Photo)

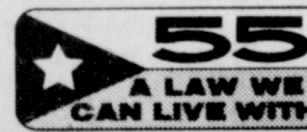

## Annual Chest Drive Is Set To Begin Dec. 1st

The annual Cisco Community Chest finance drive will begin Wednesday, Dec. 1, according to announcement this week by President Ivan Webb of the organization.

### Firemen Put Out Oil Tank Blaze

Cisco Volunteer Firemen took two trucks to En-Re Corporation's Mitcham lease five miles north of Cisco Monday afternoon after an oil storage tank exploded and overturned, spilling oil that caught fire, according to Fire Chief C.W. Guthrie.

The tank was near a steel stairway on which four welders were working. No

MAYOR ERIS Ritchie, seated above, was admiring the City of Cisco's first oil royalty check when the above picture was made Tuesday at his office in Cisco. City Manager Mike Moore is shown with the mayor. The check, in the amount of \$4,774.96, represents oil royalty from two landfill oil wells for the months of August, September and October. It was from the JM Petroleum Corp., purchasers of the oil from Hanvey Oil Co., owners of the wells. The city has another nearby well plus one recently completed at the municipal airport. There will also be royalty checks for gas taken from the wells in addition to the oil, the city manager said. The royalty money will go into a savings account that will finance permanent improvements, city officials have decided. (Staff Photo)

## Santa Parade Planned Saturday To Usher In Christmas Season

Old Santa Claus will appear in person in the annual parade that will open the 1982 Christmas season in Cisco at 10:30 a.m. Saturday. Plans for the event were nearing completion Tuesday, Chamber of Commerce officials announced.

The parade will also feature the bands of Cisco High School and Cisco Junior College and the CJC Wrangler Belles as well as

Christmas floats. This year's parade will have several divisions to include floats, bands, costumes, decorated vehicles, children's bicycles and vehicles, and pets.

A number of Cisco clubs and organizations, including Girl Scouts, Boy Scouts, the Civic League and others, are due to have parade entries. Those who plan to enter the parade were asked to be at Conrad Hilton Avenue and

Third Street at 9:30 a.m. — an hour before parade time. Santa Claus notified CoC officials that he will be available for conferences with area children following

the parade. He is scheduled to make return trips to Cisco on the nights of Dec. 9th and 16th. CoC officials expected to have all street decorations

and lights in place this weekend for the yuletide season. A good crowd is expected for the Saturday Christmas season opener.

## Graham Firm Is Low Bidder

The Zack Burkett Co. of Graham was the low bidder for a contract to pave the area in front of hangars at the Cisco Municipal Airport as the City Council opened bids at the semi-monthly meeting Tuesday night, Nov. 23.

The Burkett company's bid was \$19,886. City Manager Mike Moore said the Texas Aeronautics Commission, which will pay 80 per cent of the cost of the project, will review bids before a contract is award-

ed. This was regarded as a formality.

The city's share of the financing will be provided by funds left over from the airport improvement program plus money donated by the Chamber of Commerce airport committee.

There were no bids for three Lake Cisco lots that had been advertised. With a short agenda, the council held a brief meeting.

### \$250,000 Loan Is Approved For City

Cisco city manager Michael Moore announced Monday morning that a \$250,000 loan for water improvements has been approved.

He said the next step for the city will be for the City Council to review the plans and specifications submitted by the engineer from Abilene. He stated that review will probably take place at the first meeting in January.

Following the council's approval of the plans and specifications, the city will go out for bids. City manager Moore stated he hopes for a contract to be awarded within 60 days after the approval.

### Construction Worker Killed In Cave-In

A construction worker from out of town was killed in a ditch cave-in Tuesday afternoon in the 500 block of Front Street in Cisco. The man's name was being withheld pending notification of his relatives.

Details were sketchy at press time, but preliminary reports said he was one of two men in the ditch connecting the new sewer line, when one of the walls of the ditch caved in burying him underneath several feet of dirt. The other man was able to escape the falling dirt.

The cave-in occurred around 3 p.m. Tuesday afternoon and he was pronounced dead about an hour later.

Rescue efforts by Cisco's volunteer fire department, city crews and police officers were underway until about 6:45 p.m. when the body was removed.

### Births

LASHANNA JO WEEKS — Dee and Dale Weeks announce the birth of a daughter, Lashanna Jo Weeks, born November 13, 1982. She weighed six pounds and 11 ounces, and was 22 inches long. Maternal grandparents are Bill and Nancy Manire. Paternal grandparents are Mrs. Bertie Elich and R.D. Weeks.

EMMA LEE Donovan, (left), president of the E.L. Graham Memorial Hospital Board, is pictured as she hands the keys of the ambulance being donated to the Cisco Volunteer Fire Department to Freddie Anderson, assistant fire chief. (Staff Photo)

## Lobo Coronation Is Set Thursday Night At 7:30

King and Queen Lobo LI and their court will be presented Thursday, December 2, at 7:30 p.m. in the Harrell Fine Arts Auditorium on the Cisco Junior College campus.

The nominees for the honor of King and Queen Lobo are chosen by the Senior class. The King and Queen are then elected by the student body of Cisco High School.

Nominees chosen for Queen Lobo are: Shawn Fisher, daughter of Mr. and Mrs. Clyde Fisher; Tracy Lane, daughter of Mr. and Mrs. Paul Lane; Tricia Zellman, daughter of Mr. and Mrs. Gene Zellman; Lezlea Hull, daughter of Mr. and Mrs. Fred Hull; and Kim Chambers, daughter of Mr. and Mrs. Van Chambers.

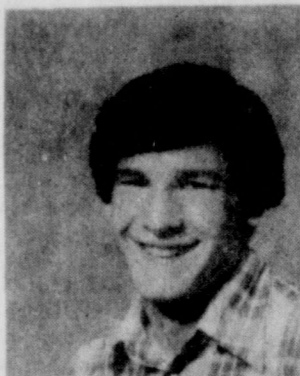

Nominees chosen for King Lobo are: Brian Fleming, son of Mr. and Mrs. Morgan Fleming; Mark Petree, son of Mr. and Mrs. Joe Petree; Jason Potter, nephew of Mr. and Mrs. Benny Gary; Randall Rattan, son of Mr. and Mrs. Cleatus Rattan; and Greg Sipe, son of Rev. and Mrs. Buddy Sipe.

The newly elected king will be crowned by Mr. Mike Turner, Cisco High School principal. The king will then crown the queen.

Other members of the court are representatives, who are chosen by their respective classes, from pre-kindergarten through Cisco Junior College.

The Junior Class will present a program for the entertainment of King and Queen Lobo. The program will be "Alice," a mini-musical adaptation of Alice in Wonderland. This musical is full of happy surprises and charming dialogue. Everyone's favorite characters are included in the stage action. The Cisco High Jazz Band will also be a part of the program.

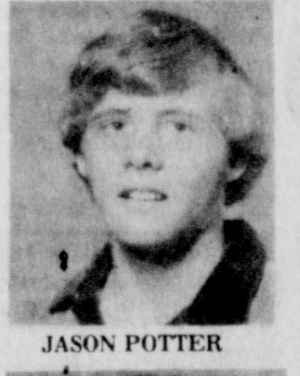

Tickets are two dollars (\$2.00) for adults and one dollar (\$1.00) for students. Tickets are available from members of the Junior Class and will also be available at the door that night.

MR. AND MRS. MICHAEL ALEXANDER

## Pamela Renee Agnew and Michael Alexander Are Married Nov. 20

Pamela Renee Agnew and Michael Curtis Alexander of Cisco were married Saturday, November 20, at the American Legion Hall with Mart Agnew, minister, officiating.

Presented in marriage by her father, the bride is the daughter of Mr. and Mrs. E.E. Agnew of Cisco.

The bridegroom is the son of Mr. and Mrs. Howard Alexander of Houston.

Maid of honor was Karen Alexander of Midland, sister of the bridegroom. Best man was Rick Bales of Cisco, friend of the couple. Ring bearer was Robbin Mayle of Cisco, niece of the bride.

The couple went on a two day trip to the Kiva Inn in Abilene. They will live in Cisco. Mr. Alexander is employed at Tex-Ace Operating Company.

People attending from Cisco were Mr. and Mrs.

### News From The Center

By Mae Green

The month of November was a busy one for us at the Center, and we enjoyed every minute.

On November 3rd at 7:00 p.m. Mr. Voy Wilks and Mrs. Viola Payne entertained the residents with music and singing.

Roland Smith visited the Center on November 9th at 7:00 p.m. he was accompanied by Wanda Rainey on the piano. They sang the residents favorite country and western tunes and hymns of faith.

On November 16th the WMU Women of Calvary Baptist Church brought lap robes for several of the residents.

November 18th at 5:30 p.m. our annual Thanksgiving dinner was enjoyed by our residents and their families. We are so appreciative of the response given by the families. The entertainment was provided by Mr. Wyley Peebles, head of the musical department at CJC and the director of the Madrigal Singers.

Thanks goes to Mrs. C.P. Chick, for donating the beautiful chrysanthemum that were arranged into centerpieces that graced our tables.

Thanks goes to the Girl Scout Troop #54 for the gift they gave to the residents. Also the children G.A. from First Baptist Church who made party favors for all the residents.

On November 18th at 2:30 p.m. the monthly birthday party was hosted by the Pleasant Hill Homemakers Club. The residents were treated to an assortment of home baked cookies and punch. The birthday honorees for November were Agnes Miller, Ernest Damron, Henry Pence, Dr. D Ball, Willie Walker, Addie Akers and William Taylor.

Ministers that visited the Center for Sunday services were Rev. Armo Bentley, East Cisco Baptist Church, Rev. Joe Philpott, Mitchell Baptist Church and Rev. Buddy Sipe, First Baptist Church.

We thank all of you for coming by to share with us your love and kindness. May God bless.

## When Your Child Needs You...

### Make Sure You're Only A Call Away.

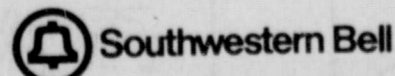

You never know when a youngster may need to call from a coin phone. So, it's a good idea to have your child keep a quarter handy to telephone.

Southwestern Bell has a card for that purpose. It's called a "Quarter Keeper."

In addition to a slot designed to hold a quarter, it includes names and numbers to contact during an emergency.

To order your "Quarter Keeper," just complete the coupon.

The card reminds your child you're only a phone call away.

... at your service for 100 years.

# Concerned Persons Discuss Problems Of School System

A group of approximately 80 concerned persons attended a public meeting Monday night at the Corral Room where they discussed their frustrations about the local public school system. They formed a committee of volunteers who will be available for the discussion of legitimate complaints against the system. The committee consists of the following persons: Dora Ramirez, Chris Mellette 442-4137, Patsy Chamber 442-3606, Joe Seabourn 442-1094, Jackie Simmons

442-1729, Kathy Dutch 442-3763, Luke Harrison 442-3241, Jackie Williams 442-2329 and Dottie Eudy 442-2527. The group seemed to feel their children, and others, are not being treated fairly and equally. They recounted several alleged incidences involving unjust punishment of certain students. The general consensus of the group was to unite together and show the School Board they seriously want some changes made in the school system and how it is

run. The statement was made, "If you want some changes made, you have to start at the top with the school board."

Concerned parents and citizens were urged to attend School Board meetings and voice their opinions. School Board meetings are scheduled for the second Monday of each month at 7:30 p.m. at the local tax office.

# Nursing Center Plans Annual Open House

On Sunday, December 5th, from 2:00 to 4:00 p.m., the Cisco Nursing Center will be celebrating their annual Open House. The public is cordially invited to share with them during their open house celebration. If anyone hasn't had the time to visit lately, would they please make a special effort to come by and visit old friends or to make new ones. Later in the afternoon at 3:00 p.m., Rev. Cliff Renuau and the Nazarene Church will be in charge of the church services.

# CJC Christmas Concert Set For Tuesday At 7:30

The CJC Band, Belles, and choir will present their traditional Christmas concert, Tuesday, December 7, at 7:30 p.m. in Harrell Fine Arts Auditorium. The Wrangler Band will appear at the beginning of the program presenting a standard march, "Coat of Arms," to open the concert. This will be followed by Harold Walters' "Christmas Suite," which combines popular Christmas tunes. The Wrangler Belles will be featured as they give

their interpretation of "Winter Wonderland," which will be followed by John Cacavas' "Christmas Music for Winds," a unique combination of traditional Christmas carols. The recent TV special suggested the concluding number of the band, "The Blue and the Gray," by Clare Grundman. Then Steven Zell will play an improvisation on "God Rest Ye Merry Gentlemen" on the Rockwell Memorial Organ while the stage is readied for the CJC Singers.

The Singers' concert will consist of traditional choral music from the Renaissance to the present. The early music includes a Victoria "Kyrie," "The Heavens Are Telling," a chorus from Hydn's Creation, and an English anthem, "Hear the Voice and Prayer," by John Hopkins. The remainder of the choral concert will be all Christmas music with such numbers as "Mary Had a Baby," a spiritual type piece featuring Steve Jackson as soloist, a setting of the tradi-

tional "O My Dear Heart, Young Jesus Sweet," and two contemporary pieces. One of these is Jane Marshall's "Has Anybody Seen Christmas," and the other is "Angels Sing," a very warm number by Don Whitman. The CJC Singers will conclude the program with a stirring setting of an old Polish carol, "Gloria In Excelsis Deo," which will be accompanied by trumpet fanfares played by Mike Keating, Tracy Owens, and Dickey Seider. There is no charge for the program, and the public is urged to attend. At the conclusion of the program, which will be about an hour in length, the audience will be invited to attend the lighting of the campus Christmas tree.

# 30th Annual County Pecan Show Will Open Friday In Courthouse

The 30th Annual Eastland County Pecan Show opens in the courthouse lobby Friday, Dec. 3. Some of the finest pecans in the county will be on display.

The pecan show will include about 180 entries of high quality pecans representing over 40 different varieties. It will also include a bake show featuring delicious pecan pies, cakes, candy, nut bread, and cookies. There will also be a pecan centerpiece class.

The show is being sponsored by the Eastland County Pecan Growers Association and the Eastland Chamber of Commerce. James Wright, Chamber of Commerce manager, invites everyone to come and see the best quality pecans in Texas, as well as prize baked goods.

Plaques will be given for the three champion entries and rosettes to the reserve champion entries. Ribbons will be awarded to the first three place entries of each variety. In addition, ribbons will be given for the largest pecan and the smallest pecans.

Last year's show was one of the largest ever with 225 entries. Dan Childress, president of the pecan growers association, thinks there will be fewer entries this year because of the small pecan crop in 1982. However, the quality is expected to be very good.

The first place pecans in each class will go to the regional pecan show next week. All other pecans will be sold after the county show closes at noon Saturday. Shelled pecans kernels will also be sold at the close of the show.

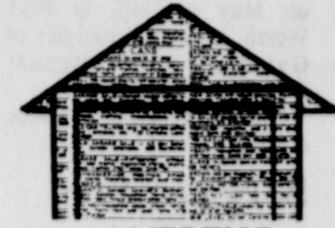

Anyone producing pecans may enter the Pecan Show. Each entry consists of 43 pecans. All entries must be entered at the Extension Service office by 4:00 p.m. Thursday.

On Friday morning, the pecans from each entry will be weighed, shelled and kernels weighed to determine the number of pecans

in one pound and the percent kernel.

The weight of the pecans and the percent kernels are two important factors in determining winners, along with appearance, color, uniformity, and texture. Judges will be Horticulturists and Extension Specialists from Texas A&M University.

# Latch Family Enjoys Reunion

The Thanksgiving Holidays were family reunion time for the descendants of the late Mr. and Mrs. W.Z. Latch of Cisco. Around 38 family members gathered on Friday, Nov. 26 and Saturday 27 at the home of Bobby and Mary Jane (Rendall) Little in Olden.

Five of the eight W.Z. Latch children are living, and three of those were present. They were Lela Latch Lloyd and Annie Rendall of Cisco, and Paul J. Latch of New Braunfels, Tex.

Present and enjoying the Olden gathering were: Mrs. Lenora Preston of Anchorage, Alaska, Mr. and Mrs. Gerald Ervin, Odessa, Mr. and Mrs. Dwight Maxwell and children Dee and Gayla of Odessa, Lela Lloyd and Annie Rendall of Cisco, Mr. and Mrs. Robert Rendall and their daughter Elizabeth of Midland, the host and hostess, Mr. and Mrs. Bobby Little of Olden and their daughter, Dawn, Mr. and Mrs. Randy (Judy) Hall and their three children of Cleburne, Mr. and Mrs. Paul Latch of New Braunfels, Mr. and Mrs. Fred Birchfield of Katy, Texas, Mr. and Mrs. Birchfield of Cleburne, Mr.

and Mrs. R.B. Williams of Brownfield, Raula Williams of Austin, Mrs. Donna Foster and son Bart of Brownfield, Susan Williams of Brownfield, Mrs. Frank Richardson and daughter and son Carol and Joe of Houston.

Several members of the family who had planned to be present were detained because of bad roads. Phone calls were received during the gathering from Lois Latch Hardin of Odessa, Charles Latch of Lafayette, La., Faye Latch Van Cleave of San Antonio, and Mary Latch Carey of Willow, Alaska.

Cooks for the five bountiful meals served at the Little home were three Rendall sisters - Mary Jane Little, Lenore Preston and Judy Hall. They were assisted by the two Paul Latch daughters.

The members who were present voted to make this Reunion an annual event, either on Labor Day or Thanksgiving. The 1983 Reunion will be held at Camp Tyler, Tyler, Texas.

**THE FOLKS OVER AT City Hall** were doing a lot of wondering when we looked in Monday. A telephone call came last Wednesday (the day before the long Thanksgiving weekend began for city employees) and somebody wanted to know where to send oil royalty checks.

City Manager Mike Moore was not in his office to take the call. The lady who answered the call told them just what they asked for—the city's mailing address and didn't ask questions.

Let's all hope that the royalty checks will be very substantial.

OUR COUNTRY side got a good wetting down and cooling off last week. Beginning Wednesday, as a northerly blow in with rain clouds moisture began falling. Part of the time it was snow and freezing rain. When it was all over, rain gauges measured around 2.5 inches for the area. Temperatures got down to around 28 degrees.

The freezing rain last Wednesday night iced up the IH-20 overpass at Putnam and there was a traffic pileup. Traffic was shut down to the east for an hour or so with a long line of autos and trucks waiting. Three people went to hospitals as a result of the pileup.

WE DROVE OUT to El Paso last Wednesday to spend Thanksgiving with three grandchildren and their parents. The northerly blow up after we passed Abilene and there was a bit of rain here and there and a bit of snow and sleet elsewhere. We arrived at El Paso in late afternoon in the rain that continued lightly for a day or two.

Went to Jaurez on Friday and found a huge crowd as vacationers seemed to be taking in the border town. The money exchange rate there is 70 pesos to the dollar. But if you stop at a downtown bank in El Paso before going across the border, you get 125 pesos for a dollar. Don't ask us why. But it's a fact and we took advantage of it.

Our son filled up the fuel tank of his diesel powered auto in Jaurez and by exchanging his money before going across the border the fuel cost him about 12 cents per gallon in US money. Gasoline was about 60 cents per gallon. There are good buys in sugar, cookies, and a good many items. A lot of things like jewelry and appliances are priced on the basis of the US dollar, so your savings will be little if anything.

Waiting in a big store while our lady folks looked for bargains, we were recruited by a woman to try on a man's top coat. "You look a lot like my husband," she said.

So we put on the coat, turned this way and that, walked up and down—following instructions. The coat didn't seem to be quite right. So she had us take it off and put on another. After the fourth coat we modeled, she settled on the first one.

"Thank you," the lady said. "Glad to oblige," we answered.

The drive home Sunday was in perfect weather. Had a tail wind and the route was slightly down hill as El Paso is about 5,000 feet. Our Ford Escort got a little better than 35 miles per gallon coming the 500 miles home.

ONE OF OUR scouts must have made an error. Mrs. Helen Alford of Olney Savings informed us Monday that she enjoyed eating part

of a turkey that Rick Whitley shot when he went hunting a few days ago. And we had heard that his game bag was empty. The Clifford Smiths enjoyed a Thanksgiving Day dinner table that featured wild turkey and deer from Mr. CS's gun. The Smith hunting party has had pretty good luck this year but their daughter, Brenda Willingham, who shot the biggest buck last year, hadn't scored when last we heard. We were a bit surprised that they let her go hunting this year after the way she showed up the men folks last year. Harold D. Hendricks of the grocery store has a buck and a turkey to show for his hunting this month.

MELVIN WENDE and Rodney Sharpe of the Cisco Post Office have been hunting on weekends this season down near Brady. Melvin shot a seven point buck the first weekend but hasn't seen one since. Rodney got a nice buck last weekend. Donald Wende of our town, who manages the Fina Service Station over near Ranger, shot a fine 10-pointer south of Cisco a few days ago. And Mike Pittman of the Post Office staff got a 10-point buck on a hunt down in Hamilton County.

OUR SCOUTS report that Mrs. Dick (Dorothy) Spencer of our town went on a 150-mile horseback trail ride in Arizona recently. Her husband is a prof out at CJC.

See by the papers that the IRS is looking for some 2,600 Texans to refund income tax money for 1981. And the list includes the names of Jerry G. and Margaretta L. Anderson, Gayle D. and Julie B. Chaney and William T. and Loyce A. Jones. Mark A. Hansen of Eastland also is named on the list. Also see by the papers that John McCannies of Permian High School, Odessa, made all-district as his school's football center. Don't you guess that his dad grew up in Cisco?

COME DEC. 9-10-11, Roy G. Hathaway of Cisco will become King Herold in the annual Nativity program at Albany. He first played that role at Albany in 1948 and has been going back each year to help out. Mrs. Wilma Waters enjoyed Thanksgiving with her children in a reunion at Tulsa. She went over to Fort Worth and accompanied son Buddy and wife to Oklahoma. Dr. David Waters is a practicing chiropractor there, and Diana Waters Fraley is a teacher in the public schools at Broken Bow, near Tulsa.

Aren't the Christmas lights at the Joe Wheatley home nice?

THE J.C. Fletchers of our town became great-grandparents Monday. Matthew Robert Dutri, weighing seven pounds and two ounces, arrived at the home of Mr. and Mrs. Mark Dutri in Hanford, Calif. Mrs. Dutri is the daughter of Mrs. Bob Lloyd who is the daughter of the Fletchers.

The Dutris were recent visitors in Cisco and rode home to California with the Fletchers who spent a month or so out there.

A War-On-Drugs Rally will be held Saturday, Dec. 4, beginning at 7 p.m. at the Siebert Elementary School in Eastland and all county residents are urged to attend this important, free meeting.

Featured will be a film "Epidemic", a TANE (Texas Alcohol Narcotics Education) speaker, a MADD (Mothers Against Dangerous Drugs) presentation and Sheriff John Morren and Inmate and other special presentations.

TANE speakers are also going to be in a number of churches the following Sunday morning worship services.

## Volunteers For Court-Watching Being Sought

Court-Watching Volunteers are being sought! People Against Dangerous Drugs (P.A.D.D.), an organization whose goal is to create a drug-free environment for the healthy growth of young people, has a number of working committees, one of which is the Court-Watchers Committee.

The purpose of this committee will be to have members sit in on drug-related trials to find out the results of each prosecution.

At least 21 people are needed to commit one day a month for one year as a Court-Watcher. That would be 12 possible days a year in which the volunteer would need to show up and then only if a drug-related trial were going on that particular day. The volunteer would fill out a form at the close of the day and mail it to the chairperson.

Persons wishing to volunteer for this important task may write Court-Watchers, Box 29, Eastland, TX 76448.

## CJC Course Offer Driving

As a service to the community, Cisco Junior College will offer a Defensive Driving Course December 6 and 7 from 6-10 p.m. in the Science Hall Lecture room. Fee for the course is \$20.

The Defensive Driving Course is an eight-hour classroom course designed to improve driver skills and attitudes, especially in emergency situations.

Drivers who complete the training are eligible for a 10% discount on automobile insurance rates covering bodily injuries, property damage, medical payments and collision coverages. Good for three years, the discount may be renewed by retaking the Defensive Driving Course.

Enrollment fee must be paid by 3 p.m. on December 6. No late registration fees will be accepted.

For more information or to register call or come by the President's office at Cisco Junior College.

### Cisco Senior Citizens Enjoy Cookies From 4-H

More than 100 Senior Citizens of Cisco were privileged to taste a product from some prize winning young cooks on Nov. 19. Seven girls and boys from the Cisco Good Times Gang 4-H Club baked 175 oatmeal nut and raisin cookies for the Seniors and sent them as a dessert for the Fri., Nov. 19 luncheon at the Laguna Hotel.

### CJC Will Host Second Annual B-Ball Tourney

Cisco Junior College will host the second annual CJC High School Invitational Basketball Tournament beginning Thursday, December 2, with both boys and girls scheduled to play.

### C.B. O'Briens Will Observe 50th Anniv.

Mr. and Mrs. C.B. O'Brien of Rt. 2 Box 26C Eastland will be honored from 2 til 4 p.m. Sunday, Dec. 5th with a reception in the Fellowship hall at the First Baptist Church in Ranger where they are members in observance of their 50th wedding anniversary.

The O'Briens have 8 grandchildren and 4 great-grandchildren. You are all invited. hosted by their children, Mr. and Mrs. Bennie O'Brien and Mr. and Mrs. Charles Verner (Frances O'Brien) of Cross Plains. Mr. O'Brien is retired from Lone Star Gas.

Mrs. Vernon Ray, 4-H Leader, presented the cookies. She explained that some of the things the group was learning were nutrition, food preparation, food safety, meal planning, price comparison, and social and cultural skills. Baking these cookies was one of the learning experiences.

The Senior Citizens appreciated the cookies, and they also appreciated the letter sent to them by the Club. It said: "May these 175 special made cookies for special people be a small token of our appreciation to each of you for all you have done to help us become better citizens as we continue to grow in mind, body and spirit. We hope you will enjoy eating them as much as we enjoyed making them for you."

Cisco Good Times Gang 4-H Club. After eating these delicious cookies, the Senior Citizens were not surprised when cooking from the Good Times Gang won prizes at the Food Show held in the Laguna Hotel the next day.

# County 4-H Winning Recipes Listed

**Leanne Brown, Senior Meat Loaf Roll**  
 1 package (10 ounces) chopped broccoli  
 2 pounds hamburger  
 2 eggs  
 3/4 cup soft bread crumbs (about 1 slice bread)  
 1/4 cup catsup  
 1/4 cup milk  
 1/2 teaspoon salt  
 1/2 teaspoon pepper  
 1/4 teaspoon dried oregano leaves  
 1 teaspoon salt  
 1 package (3 ounces) smoked sliced ham  
 3 slices mozzarella cheese, each 3x3 inches, cut diagonally into halves (optional)  
 Rinse frozen broccoli under running cold water to separate; drain. Mix ham-

burger, eggs, bread crumbs, catsup, milk, 1/2 teaspoon salt, the pepper and oregano. Pat hamburger mixture into rectangle, 12x10 inches, on piece of aluminum foil, 18x15 inches. Arrange broccoli on hamburger mixture to within 1/2 inch of edges; sprinkle with 1 teaspoon salt. Arrange ham on broccoli. Roll up rectangle carefully, beginning at 10-inch side and using foil to lift. Press edges and ends of roll to seal. Place on rack in shallow roasting pan. Cook just until cheese begins to melt, about 1 minute longer. (Center of meat loaf may be slightly pink due to ham.) 8 servings. Do-ahead Tip: After rolling, cover and refrigerate meat loaf no longer than 24 hours.

Cook as directed except increase first cooking time to 1 1/2 hours.

**HOMINY CASSEROLE**  
 Sue Ann Osborne, Senior  
 3 or 4 cans hominy (yellow) drained  
 1 cup grated sharp cheese  
 1/2 cup chopped onion  
 1/4 cup or more bellpepper, chopped  
 1 can cream of celery soup  
 1 can cream of mushroom soup  
 Splt, pepper, Tabasco sauce  
 1/2 stick butter  
 1 cup Chow Mein Noodles over top  
 Mix ingredients. Pour into 9x9x2 pan or equivalent size baking dish. Top with noodles. Bake in 240° oven for 1 hour. Serves 6.

1/2 lb. bacon, fried crisp and broken into small pieces  
 Few green onions chopped  
**Dressing**  
 1 carton sour cream  
 1/2 cup buttermilk  
 1/4 cup vinegar

**Cracker Jacks**  
 Patricia Ray, Junior  
 2 cups brown sugar  
 1/2 pound butter  
 1 cup white corn syrup  
 1 cup raw peanuts  
 Boil together for 5 minutes. Remove from heat; and 1/2 teaspoon soda and 1 teaspoon vanilla. Pour over 2 gallons popped corn remove unpopped kernels and spread in a shallow baking dish. Bake at 250 degrees F. for 1 hour stirring every 15 minutes. Pour out on wax paper; break apart. Will keep for weeks in a covered container.

**Crispy Oven Bake Chicken**  
 LaTonya Caraway, Sub-Junior  
 1 medium chicken (cut up)  
 Salt and pepper to taste  
 25 soda crackers  
 3 tps. chili powder  
 3/4 stick of oleo or butter  
 Start with a freshly washed cut up chicken. Sprinkle with salt and pepper. Turn the chicken over and salt and pepper again. Set oven heat at 350. Melt oleo in oven in a 12"x8"x2" baking dish. Place 25 soda crackers in a plastic bag. Close the bag tightly and roll crackers with a rolling pin until the crackers are crushed into fine crumbs. Pour crumbs into an open plate and chili powder. Remove melted butter from oven in the baking dish. Dip each chicken piece in the melted butter; then roll in the cracker crumbs before placing in the baking dish. Place coated chicken in the oven for 1 hour. Check for tenderness and make any adjustment necessary in the oven heat. Return to oven for about 30 more minutes. (According to personal taste). Remove chicken to a serving dish and garnish.

**Bass Club Report**

Last chance for water. Or at least for fishing water this year in our innerclub tournaments. We shall hold our December event Sat. the 11th. We shall draw our lake on December 2nd at 7:30 at our monthly meeting. This month we shall all meet at the Texas Electric Service Center on the Breckenridge Highway. For more information contact Bobby Maynard or Herman Dunlap. We would like to urge everyone at this time to attend our meeting as we have some changes proposed for next year. This is your chance to improve our club and its ways of operating. Without your presence and ideas we cannot find our problems and continue to become a sportsmans organization of the public view point. See you Thursday night 7:30.

# County Real Estate

THURSDAY, DECEMBER 2, 1982

## Real Estate Consumer

Living underground may be an attractive alternative to the high cost of maintenance and energy.

The idea of earth homes has been around for years, although designs are still being refined and advantages still being discovered. Earth homes can be traditional, contemporary, rustic or as elegant as your taste allows. It all depends on the materials used in finishing.

Building codes and subdivision restrictions should be checked as carefully as soil type and water tables. Building codes vary, and some communities require exemptions and special cer-

tification for new materials and building types.

Earth buildings are a reality. The specialized technology exists, and some costly mistakes made in earlier earth homes can be avoided with professional assistance.

### INSPECT BEFORE YOU BUY

If you have found a house you would like to buy but are unsure of its condition, consider employing a professional home inspector.

An inspector can point out things you might not know otherwise, like the life expectancies of the roof and

the water heater. An inspector also can discover structural problems or unsafe features which you might overlook. In addition, an inspector can evaluate the plumbing and electrical systems.

In an older home, a professional inspection may prove more important than in a new home. Make sure you understand those features to be inspected prior to signing an inspection contract.

Remember, the money you spend now for an inspection could save you from costly repairs later on.

## Earth Homes Have Attractions

### HOUSING HYBRIDS MORE AFFORDABLE

To fill the demands of the growing number of Texas homeowners during the next decade, Texas builders and developers are breaking new ground. They are trying to create a program of affordable housing for the future.

Some construction innovators envision an era of housing "hybrids" in which manufactured housing will marry with "stick-built" homes. The intent is to produce an acceptable house people can purchase for less than \$40,000-\$50,000.

Already there are prefab condominiums and duplexes called "attached patio" homes under construction in Galveston and Dallas, and the movement to buy these is quickened by the added attraction of joint purchasing. Quality, efficiency, and privacy are all added to affordability to make these projects meet the demands of American homeowners in the 1980's.

### PROTECT YOUR SOLAR EASEMENT

If your home uses solar energy, here is a suggestion. Protect your access to sunlight by obtaining a solar easement from your adjoining neighbors. Known technically as a negative easement, this agreement describes the hours and dates during

which direct sunlight to your house may not be obstructed. It also prohibits blockage of sunlight between specific vertical and horizontal angles.

The negative easement restricts the placement of vegetation, structures or other objects which might block the passage of sunlight. By guaranteeing access to the sun, the easement becomes part of the land title and remains in effect even on resale of the property.

To secure a negative easement, have your attorney draw up the document, have your neighbors sign it and record it in the county records.

### MORTGAGE PREPAYMENT HAS TWO SIDES

When your mortgage is

fully paid in 30 years, you may have spent \$180,000 for your \$60,000 home. Present interest rates demand it.

You can reduce the total payments by arranging with your lending institution to prepay your mortgage. The way to do this is to apply an extra payment toward reducing your principal balance.

Most lenders will oblige. However, it is best to check. Sometimes there is a prepayment penalty. Even if you intend to sell your home before the mortgage is paid, prepayment will reduce the amount owed and increase the amount of cash you will receive.

Prepayment, however, does make a loan assumption less attractive to prospective buyers. The decision to reduce your mortgage is yours.

# Community Should Attract Development

COLLEGE STATION—If communities expect to attract industry, it will depend on the local people.

That message came through loud and clear at a recent Rural Industrial Development Workshop at Texas A&M University.

About 80 percent of all industrial development and growth is due to the efforts of local community leaders, said Jack Jones, community development specialist with the Texas Agricultural Extension Service, Texas A&M University System, which sponsored the workshop.

Industrial development can generate jobs, increase personal income and the local economic base and improve the environment and quality of life, Jones said.

Yet, many communities really don't want to grow and will block any efforts toward development, said Dr. James Copp, professor of sociology and rural sociology at Texas A&M.

"Small communities are surprisingly self-directing; they control their own fate," Copp said. "Many communities don't grow because local leaders don't have their 'act' together. Sometimes community leadership consists of the 'good ole' boys who don't want 'new blood' in their group.

"What happens or doesn't happen in a community hinges around local leaders," Copp emphasized. "Community attitudes and the direction taken by community leaders must be in general agreement if a community is to prosper."

Copp listed these in-

dicators of a good or bad climate for industrial development in a community: the Chamber of Commerce office, the C. of C. manager or executive, interlocking memberships (community leaders serving in various capacities), makeup of the Industrial Development Foundation, and the number of absentee leaders. An overabundance of absentee leaders can be the "kiss of death" to community efforts in industrial expansion, said Copp.

Communities with an Industrial Development Foundation usually grow and develop at a faster rate and often reflect a more single-minded attitude toward growth, he added.

Another speaker, Raymond Bost with Delta Steel Buildings of Dallas, offered several guidelines for community leaders interested in constructing speculative buildings to attract industry.

"Don't build a building smaller than 20,000 square feet and make sure it has an eave height of at least 20 feet," Bost said. "And don't add a lot of extras. Make sure the building will accommodate a sprinkler system for fire safety and to cut insurance costs. Of course, you need a water supply system

to support the sprinkler system," Bost added that the entire building should be insulated.

He said that his company could construct such a building for about \$8 per square foot (without a concrete slab). Bost pointed out that most speculative buildings are usually occupied within six or seven months after completion.

Dr. Charles Madden with the Texas Engineering Experiment Station at Texas A&M University told workshop participants that both communities and businesses have various needs that must be considered in an industrial development program. He cited community needs as employment, tax base, consumers, economic activity, amenities and stability, and listed business or industry needs as labor, markets, transportation, utilities, buildings, financing and stability of rules.

"Local communities usually cannot provide every need of a business or industry, and no single firm can give a community everything it needs," he emphasized.

Community leaders must analyze supply and demand factors and assess market

opportunities before implementing marketing plans to attract an industry, he said.

Madden also encouraged community leaders to take

the initiative in attracting a new business or industry. "If your phone hasn't rung in three years, maybe it's time for you to start calling prospects," he said.

## Verde Kleingrass To Be Released

COLLEGE STATION--Verde Kleingrass, a good

forage producer with larger seed, will be released in early 1983 through the Texas Agricultural Experiment Station's Foundation Seed Service at Texas A&M University.

"Verde Kleingrass seed are larger and 20 to 30 percent heavier than seed of Kleingrass 75," said Dr. Ethan C. Holt, professor of forages with the Experiment Station and Texas A&M's Department of Soil and Crop Sciences. "The larger seed size will make the grass more valuable as a feed source for quail and other game birds and will improve seedling vigor and establishment."

Holt noted that forage yields and quality of Verde Kleingrass are about the same as from Kleingrass 75.

"Verde Kleingrass will be registered as a variety under the Plant Variety Protection Law and will be sold only as certified seed," Holt said. "Individuals interested in producing seed will have to become licensed certified seed growers and will require certification inspections by the Texas Department of Agriculture."

Individuals interested in obtaining Verde Kleingrass seed should contact the Foundation Seed Service and the Texas Department of Agriculture, said Holt. Seed requests must be made by Jan. 15, 1983, to the Foundation Seed Service, Texas A&M University, College Station, Tex. 77843, which will provide information on the time and arrangements for seed sale. Certification procedures will be provided by the Texas Department of Agriculture, P.O. Box 12847, Capitol Station, Austin, Tex. 78711.

Verde Kleingrass was developed by the TAES and A&M's Department of Soil and Crop Sciences and Department of Animal Science. It will be released jointly with the U.S. Department of Agriculture, Agricultural Research Service and Soil Conservation Service.

## Snow Oil May Get 21 Barrell Per Day Producer

Snow Oil Co., operating out of Ft. Worth has recorded a successful developmental well in the Green Show Field. It is the No. 3 B.F. Dudley, showing potential for 21 barrels of oil per day on an open choke.

Drillsite was in a 148-acre lease in the Maryan Clark Survey, four miles southwest of Romney, in Eastland County.

The well was drilled to a total 2,731 foot bottom after entering the pay structure at 2,831 feet. It was perforated to produce from an interval 2,831 to 2,644 feet.

The well showed daily potential for 10 barrels of oil and 100,000 CF casinghead gas on an open choke. Production will be from an interval 3,827 to 3,832 feet. Well's total depth was 4,009 feet, with top of pay logged at 3,827 feet.

Sheets Exploration, Inc. of Breckenridge has revealed plans to drill a 3,500-foot developmental probe in the Stephens Regular Field, within the city limits of Breckenridge. The well will be located in a 68-acre lease in Stephens County's Lunatic Asylum Lands Survey and is to be designated as the No. 2 Ward Heirs.

The No. 1 Gardenshire, a developmental try in Stephens County's T&P Survey, is scheduled to be spudded two miles east of Frankell. With projected total depth of 2,200 feet, the well will be in an 80-acre lease in the Stephens Regular Field. Stan Williams, Inc. of Breckenridge is listed as the operator.

A natural gas developmental well has been successfully completed three miles northwest of Eolian by A.E.C. Oil & Gas of Weatherford. The new Stephens County producer, designated as the No. 1 D. Tomlin 70, is situated in a 480-acre lease in the Blind Asylum Land Survey.

It was drilled to total depth of 4,370 feet and will produce from a perforated interval 3,904 to 3,909 feet into the wellbore.

Showing daily potential to yield 171,000 CF gas on a 25-inch choke, the well was given an absolute open flow rating of 180,000 CFD.

A new oil producer in the Eastland Regular Field has been finalized by Snow Oil Co. of Ft. Worth. Designated as

the No. 3 J.A. Beard, the well indicated capacity to produce 8 barrels of oil per day on an open choke.

The location is four miles northeast of Eastland, in a 160-acre lease in the H&TC Rr Survey, Eastland County.

Bottomed at 4,249 feet, the well will produce from an interval of perforations 3,490 to 3,506 feet into the hole. The pay formation was first encountered at 3,490 feet.

The Loving Field gained a new gas producer when the No. 1 Tomlin 73 was completed by A.E.C. Oil & Gas, Inc. of Weatherford, one mile northwest of Eolian.

On a 25-inch choke, the well showed ability to yield up to 162,000 CF gas per day. The absolute open flow came in a 170,000 CFD. Location is in a 160-acre lease in Stephens County's Blind Asylum Land Survey.

A.E.C. took the hole to 4,360 foot bottom and perforated for production 3,084 to 3,090 feet into the hole.

At a location seven miles south of Breckenridge, Thomas C. Canan of Wichita Falls has completed the No. Curry "D", a new oiler in the Stephens Field.

Drillsite was in a 40-acre lease in Stephens County's TE&L Survey.

A sturdy wildcat well has been completed two miles south of Carbon by Dallas-based Carla Petroleum Inc. Carla's No. 1 Jackson flowed at the rate of 1,527,000 CF

gas per day and was rated at a lofty 13,400,000 CF on absolute open flow. It is in a 412-acre lease block in Eastland County's S.H. Key Survey, A-1244.

The operator took the hole to 3,500-ft. bottom and perforated for production 3,296 to 3,360 feet into the hole.

Pumping oil at the rate of 41 barrels per day, plus 88,000 CF casinghead gas, the No. 1 Carl Gorr "A" has been finalized in Eastland County's Kleiner Field by Katlaco Drilling Inc. of Tahoka.

The drillsite was two miles north of Cisco.

Bottomed at 4,173 feet, the well will produce from a set of perforations in the Lake Sand, 3,570 to 3,588 feet into the wellbore.

The operation is in a 40-acre drilling unit in the SPRR Survey, Sec. 508.

A new producer has been brought on line in Eastland County's Green Show Field, eight miles northwest of Rising Star. It is the No. 1 B.F. Dudley "C", a venture of Trinity Exploration of Fort Worth.

Located in a 20-acre lease in the Mary Ann Clark Survey (Lot 7, Barse Livestock Commission), the well bottomed at 2,800 feet and will produce from perforations 2,644 to 2,650 feet.

The Dudley well showed ability to yield 78 barrels of oil per day on an 18/64 choke. Flowing tubing pressure came in at 200 PSI.

A 1,500-ft. Eastland county wildcat for oil or gas is scheduled for spudding about one mile east of Romney. It will be known as the No. 1-A Sims et al, with Mark Snyder Trustee listed as the operator. The location is in an 82-acre lease in the H&TCRR Survey, Lot 53, Block 3.

R.D. Caraway, independent operator from Cisco, has successfully completed two pumping oilers in Eastland County's Madewell Field, 10 miles southwest of Cisco.

The wells are designated as the No. 2 and No. 8 Telfelt. They are in a 120-acre lease in the H&TC Survey, Section 111, Block 3.

The No. 2 well pumped at

the rate of 36 barrels per day. It bottomed at 1,440 feet and will produce from perforations in the Cross Cut Formation, 1,370 to 1,371 feet.

The No. 8 pumped at the rate of 32 BOPD. It also went to 1,440-ft. bottom and was perforated to produce from an interval in the Cross Cut Formation, 1,366 to 1,367 feet. Both wells will pump on open choke.

first production figures for the No. 6 M.K. Courtney "A" a new pumping oiler in Eastland County's JMJ Field.

Located five miles northeast of Cisco, the well pumped at the rate of 45 barrels of oil per day - plus 100,000 CF casinghead gas. Tubing pressure was gauged at 65 PSI.

After entering pay at 3,500 feet in the Marble Falls For-

mation, the well was taken to 4,096-ft. bottom. It will produce from a perforated interval 3,507 to 3,514 feet into the wellbore.

Location is in a 480-acre lease, H&TCRR Survey, Section 41.

## Oil Production Down During July

AUSTIN, Tex.—Railroad Commission Chairman Jim Nugent announced that Texas oil and gas wells produced 506,537,897 Mcf of gas in July 1982, down 10.96 percent from field runs a year earlier.

Marketed gas production totaled 415,675,290 Mcf and reflected a 12.95 percent decrease from the July volume. Marketed production is the total gas to transmission lines, carbon black and plant fuel and lease use.

Gas exported from Texas in July totaled 216,400,590 Mcf. Exports of Texas-

produced gas in July totaled 155,682,104 Mcf, and reflected a 20.8 percent decrease from the year-earlier month.

Texas gas production in July came from 229,959 oil and gas wells.

In June 1982, Texas wells produced 491,085,900 Mcf of gas. Marketed gas production in June totaled 405,388,346 Mcf. June exports of Texas-produced gas totaled 159,899,551 Mcf.

Through the first seven months of this year, Texas produced 3,584,181,618 Mcf of gas. For the same period, marketed gas production totaled 2,992,466,334 Mcf.

.....give little thought to the question of values when we should measure them in terms of personal worth in everything he buys, enjoys or does. For example, some folks will buy real estate without any kind of evidence of title disregarding the fact that the principal value of the purchase is in the title, not in the land itself or the improvements thereon. This kind of thinking costs property owners thousands of dollars annually which could be saved and a part of the savings wisely spent for an abstract of title or title insurance.

**Civic Chorale Rings In Christmas**

STEPHEN VILLE, Members of the Cross Timbers Civic Chorale officially ring in the Christmas spirit Thursday, Dec. 9 when they present their third annual performance of Handel's "Messiah". The holiday program will be held at 8 p.m. in the Clyde H. Wells Fine Arts Center on the Tarleton State University campus.

This year's Chorale, under the direction of Herb Teat, includes 135 "amateur" singers from across the state and four special guest soloists. Starring in this year's performance will be bass Charles Nelson, soprano Dr. Sue Ellen Teat, alto Patti Stark and tenor David Pelton.

Nelson, a resident of Fort Worth, is a professor of music at East Texas State University where he teaches singing and choral conducting and is a conductor of the University Chorale. Critics have praised Nelson for adding "finesse and intelligence to his unmuddied bass." Described as "the bass of many hues," Nelson is said to have "dramatic fervor and amazing agility."

His oratorio engagements have taken him from Los Angeles, where he performed the role of Jesus in Bach's "St. John Passion" with Robert Shaw, to Memphis for a performance of "El Pesebre" with Pablo Casals. He has also sung with symphony orchestras in Houston, New Orleans, Dallas, Kansas City, Nashville, Iowa, and many others.

Pelton, a member of the faculty at Texas Wesleyan College, is a native of New York. He has degrees from Cornell University, the New England Conservatory in Boston and the University of Cincinnati. Before joining the staff at TWC, he taught four years at Colgate where he was conductor of the Colgate University Chamber choir.

As a tenor, Pelton has performed throughout New England and the South as well as abroad. Dr. Pelton has performed with the Voice of Change and with the Fort Worth Symphony Orchestra.

Dr. Teat and her husband were primarily responsible for bringing Handel's "Messiah" to the Cross Timbers Basin. Shortly after the opening of the Fine Arts Center on the Tarleton campus, the Teats began plans to

form the Chorale and begin the annual Christmas performances.

Sue Ellen is a professor of voice at Tarrant County Junior College in Fort Worth and has extensive experience as soloist in various productions including the "Messiah."

Patti Stark will be making a return of sorts to the TSU stage. She is a recent graduate of music from Tarleton and had been teaching choir in the Mineral Wells public schools. She is back at Tarleton as a

graduate student in the nursing program.

Among the 135 members of the Chorale are 41 sopranos, 48 altos, 17 tenors and 29 basses. Although there are 75 performers from Stephenville, the rest include residents of Mineral Wells, Weatherford, Granbury, Glen Rose, Hamilton, Dublin, Perrin, Jacksboro, and Ranger. Representing 10 counties in all, singers will also be participating in the "Messiah" from Gordon, Denton, May, Seymour, Sando and others.

Approximately 25 selected members of the Fort Worth Symphony Orchestra will join the Cross Timbers Civic Chorale for the Dec. 9 performance.

Teat is very proud that the Chorale includes 63 of the charter members.

Tickets to the performance of Handel's "Messiah" are \$6 and \$4 and may be purchased through the Central Ticket office at the Fine Arts Center. Reservations will be taken by phone by calling 817-968-9634.

**Be What You Want In 4-H**

Youth can take part in 4-H in many ways. In Texas, most youth in 4-H are in community 4-H clubs that meet in neighborhoods with local volunteer leaders. They study various projects and carry out group activities in community service, says John Blair, county 4-H program coordinator with the Texas Agricultural Extension Service, Texas A&M University System.

Some youngsters are in special interest groups or project groups that study one special subject, such as horsemanship, livestock, photography or leadership.

Many youth enroll in a 4-H club in a school where they receive a monthly educational program and select a project for outside-of-school group or independent study.

School curriculum enrichment programs on health, safety, careers, embryology and energy reach many children in public and private schools each year.

All this means that any interested youth between the ages of 9 and 19 can be a 4-H'er, says John Blair. He or she can choose how to participate based on individual interests and desires. 4-H

allows members to be whatever they want to be in a way best suited to their individual needs and desires.

This year's 4-H theme, "Pathways to the Future," brings attention to the many things 4-H has to offer for today's youth and the many ways in which the 4-H program can help shape the future of each 4-H member.

**City Sales Tax Shows Healthy Gain Over '81**

The State Comptroller's Office sent \$96.2 million back to 967 Texas cities as their share of the one-percent city sales tax for November. The 1982 statewide total so far this year is up 9.3 percent over the 1981 total through the same date of last year.

In Eastland County, several towns show a healthy gain over the same period last year. Most of this area continues to run above the state average in percentage increase.

AMOUNTS RETURNED DURING NOVEMBER WERE:

1982 (compared to) 1981  
 Eastland: \$30,000.66-\$28,696.26  
 Cisco: \$30,949.48-\$30,168.93  
 Gorman: \$5,358.25-\$6,083.27  
 Ranger: \$16,790.66-\$18,617.97  
 Rising Star: \$3,667.46-\$4,225.40

The percentage rise (or loss) on the year-long (1982) totals returned to the towns are as follows:

Eastland: 33.26 percent gain  
 Cisco: 24.79 percent gain  
 Gorman: -9.77 percent loss  
 Ranger: 0.41 percent gain  
 Rising Star: 17.42 percent gain

# Public Invited To Gabriel Concert

The public in general and young people in particular are invited to the free concert of Gabriel at First Baptist Church, Eastland, beginning at 7:30 p.m. Saturday, Dec. 11, sponsored by the Cisco Baptist Association.

Like their namesake, the angel Gabriel, the duo Gabriel delivers good news to all who hear their musical message.

Since 1978, Jeff Walter and Robin Lyle have traveled thousands of miles to present their program of music and

light-hearted fun to young audiences across the country. Their ministry is geared specifically to young people, yet Gabriel's style of contemporary piano and vocal harmony appeals to some in the older generation as well.

Gabriel has appeared with such well-known Christian artists as B.J. Thomas, Andrus, Blackwood & Company, and Dallas Holm & Praise. Gabriel was featured with the Billy Graham Associate Crusade team in Phoenix, Arizona to enter-

tain high school audiences and publicize the community's interdenominational crusade.

Their song, "Time," was chosen the winner of Word Music's 1978 songwriting competition. Christian artist Tim Sheppard produced their latest album, "Rescued."

Though their lives are filled with admiring audiences and exciting opportunities to "sing for God," honoring God is still the priority of both Jeff and Robin. "There's nothing we can do," said Jeff, "that God really needs or that He can't do without. He will always remain. He is God. That He would allow us into His holy presence at all, much less call us to serve Him, is a privilege far greater than we deserve."

Gabriel Ministries, Inc., is a non-profit corporation supported by concerts and album/tape sales.

### Endorsements

"This is the best group I've seen in front of high school students. They do three things great: sing-alongs, concerts, and they really lift up Christ. I've appreciated working with them."

**Dawson McAllister**, Communicator, author **Shepherd Productions, Inc.**

"...two fine young men who have truly committed their lives and talents to the glory of God. I would not have produced their latest album, "Rescued," unless I had confidence in their message as well as their music. I believe "Rescued" to be a powerful album, not only for Gabriel, but also for Christian music everywhere."

**Tim Sheppard**, Recording artist **Greentree Records**

"...two of the most popular and gift young contemporary and inspirational musicians on the scene today. It has been my privilege to have them on our Super Summer youth programs before nearly 50,000 young people...simply stated, they are dedicated Christians who have great God-given ability to inspire, motivate and move hearts for our Lord through music."

**Gil A. Stricklin**, Director, Super Summer Baptist General Convention of Texas

### C.J.C. Will Offer Defensive Driving

## Ted Brice

There are two types of hanging baskets, the wire type and the plastic type and they may vary in size. But the average is 10 to 12 inches. For the wire type you will need unmilled sphagnum moss that is not needed for the plastic basket. For the wire basket attach the three hanging wires so that they cover a wire coming from the bottom of the basket, not just the circular wire at the top. For the plastic basket attach the three hanging wires in the hole provided and wrap over the top and around the same wire. For the wire basket place the unmilled sphagnum moss loosely in a three gallon bucket and cover with water and push the moss down to get it thoroughly soaked. Wrapping out a hand full of moss at a time and pat the moss down in the bottom and then on the sides of the wire

basket. Let the unmilled sphagnum moss extend over the top of the basket. Hold up the basket and inspect it to be sure that the sides are completely covered. Then place a clay-pot saucer or aluminum in the bottom of the basket which will partially overcome the drying out of the basket after it is hung. The following applies to both the plastic and wire types of baskets. Fill in one-third of the basket with potting soil. Select the plants and set them out in a space representing the basket. Don't overcrowd the plants as you set them out. Remember they need room to grow in the basket. If the plants are in pots, set them in the basket to see how they will look. At this point you can tell if the soil level is enough. Never plant the plants any deeper than they were growing at the nursery. Add any potting soil that is needed to bring the soil level to within one inch of the top of the basket. Let the soil slope to the center of the basket in order to retain some water. Plant the center plant first then work out to the sides planting the other plants. After planting, water slowly until water runs from the basket. Hanging baskets

need to be watered daily and fertilized every two weeks with a light solution of water soluble fertilizer.

Some plants for hanging baskets that require 80 per cent shade and no more than two hours of morning sun would be, Fibrous Begonias (try Fiesta White, Galaxy Pink, Jewelite Red), trailing Strawberry, Wandering Jew, Chlorophytum, Geranium (ivy-leaved or trailing), ferns and Ivy. The following plants may be used with some afternoon sun: Boston Fern, Dwarf Ageratum, Lantana, Geraniums, Coleus, Marigold, Petunias,

Chrysanthemums and the Shrimp Plant.

Hanging baskets can be used to brighten up the smallest place to the largest. Now that we have spent the time and the money for our hanging baskets lets go one step further to help them thrive and give us more enjoyment. Most hanging baskets die from either too MUCH or too LITTLE water. Lets hang above our baskets on the same hook "A Little Dripper." This will gradually dispense water and or liquid fertilizer on the hanging basket. All you have to do is fill the "Little Dripper" once or twice a week and it does the work of watering and or fertilizing. The "Little Dripper" sure save your Garden Editor a lot of time in taking care of his hanging baskets.

If you would like more information on the "Little Dripper" write your Garden Editor c/o of this Newspaper.

Good gardening until next week from your garden editor, Ted Brice.
