HALL OF REMARKS

BY HERBERT HALLMARK

MAKE PLANS now to be downtown Cisco this Saturday for Retail Trade Day sponsored by the Cisco Chamber of Commerce. Local merchants will be having sidewalk sales during the day. (Advertisements from some of the participating merchants may be found in this edition of the paper.)

The Cisco Press will be printing its annual senior edition of the newspaper this Sunday, May 22, which will contain advertisements from local merchants congratulating the seniors. The special edition will also contain pictures and autobiographies of each senior of 1983.

GRADUATION Day is drawing closer for Cisco High School's graduating seniors. They will graduate from CHS on Friday, May 27.

BAD LUCK seemed appropriate for Friday the 13th, as we started out for Lubbock to spend last weekend. About 23 miles west of Sweetwater, we had a blowout and stopped to change the left rear tire.

While changing the tire, I noticed gasoline leaking from the gas tank. Upon inspection I found that steel belts from the tire had knocked a small hole in the tank, causing the gas to leak right onto the exhaust pipe of the car.

Not Too Late For Softball

It's not too late to register for softball season. All boys and girls, ages 6 to 12 who want to play softball are asked to meet Thursday afternoon, 5 p.m. Whitley Field, (the softball field). If you want an application to play ball but you can't come to the meeting, contact these people to get your application: Sherry Ray, 442-4278; Carla Brashier, 442-3553; Dorothy Gunther, 442-1782 or 442-1578; or come by Dorothy's Sunshine Fabrics, Conrad Hilton Ave.

After changing the tire we drove back to Roscoe looking for some way to patch the tank. Nothing was open there, so we had to drive on back to Sweetwater where nobody had anything for patching the tank. So, we spent the night in Sweetwater.

Early Saturday morning, I found an automotive store open which had one kit for repairing gas tanks. I bought it and patched the tank. Meanwhile, my wife's parents, the E.G. Morris', (who were planning to go to Lubbock on Saturday) were on their way to Sweetwater with an extra tire for us.

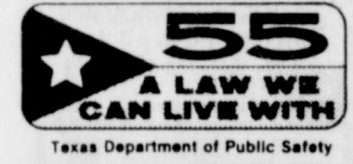

Bible Baptist Teens Plan Car Wash Saturday

The teens of Bible Baptist Church in Cisco are having a Car Wash on Saturday, May 21, 1983. The car wash will be held at Benny Gary's which is located at 406 W. 6th. The charge will be \$3.00 per car. The money will be used for activities and camp for the teens.

Microwave Cooking School Set At WTU

West Texas Utilities will have a Microwave Cooking School on May 19, at 7:00 p.m. in the WTU office. The Electric Living Consultants from Abilene will present recipes and techniques for use with the microwave oven. Call the WTU office at 442-1233 to make your reservation.

We will appreciate your support. Thank you, Bible Baptist Teens

letters to the editor ...

Dear Editor: On behalf of my weary, tired, but happy travelmates to Washington, D.C., I'd like to say a big "thank you" to Eris Ritchie, coordinator of the tour, and to Cisco Jr. College, who sponsored the trip for the Wrangler Band and Belles, and made it possible for us civilians to go along.

I must say that our hero of the trip and tour is Neal Moore. When the group rode the subway back to the hotel one afternoon, it was "rush hour." Everyone was getting off work, and rushing the subways to get home. The subway was so packed, that there was standing room only.

It was a truly great trip! It was educational, but certainly not dull. It enlightened those of us who aren't historians, to see the actual places where history is being made - daily. We toured the Capitol, the president's home, better known as the White House, the Library of Congress, the Smithsonian Institute, Arlington Cemetery, and Mt. Vernon (George Washington's home). We had breakfast with Charles Stenholm, our representative, and rode the subway. We're getting better at riding the subway. It went much smoother than in New York. I didn't see many people grab their belongings closer to them when we, as a group of 200 Texans, swarmed the subway entrance. We found the people friendly, for the most part, and they would chat with you, tell you directions when you were lost, and explain things, without getting irritated.

The group got off the subway to ride the "longest escalator in the world," second only to Moscow. Neal had used his subway ticket, and then had put it back into his billfold. He then returned his billfold to a front pocket. Evidently, there was one man watching. Going up the escalator, the man pushed up very close to Neal, and Neal had a feeling that he might be trying to get his billfold. As he was getting off, he felt his front pocket, and sure enough, the billfold was gone! Neal turned quickly to the man, and said, "Hey, you have my billfold!" The man, embarrassed to have been caught, said, "Gee, I guess it hung on my coat." Neal said, "Well, I don't care! Give it back!" And the man gave it back. So I think Neal deserves a pat on the back. (Just not on the back pocket.) At 80 plus, he's more alert than most younger men. Neal's billfold was one of two taken or lost. Another man missed his, but unfortunately, it wasn't returned.

I can't close, Mr. Editor, without saying that the performance in the Apple Blossom Parade in Winchester, Virginia, of the Band and Belles, was excellent, and made all of us very proud.

The trip to Winchester, Virginia, was a most enjoyable one. The beautiful homes in the Shenandoah Valley were so picturesque...looked like one big painting! Elizabeth Taylor, (once wife of Conrad Hilton's son), has a farm there.

Saturday At 2 p.m. 'Little Miss Cisco' Pageant Is Planned

The "Little Miss Cisco Pageant" will be held this Saturday, May 21st, which is Retail Trade Day in Cisco. This pageant is being sponsored by the Merle Norman Cosmetic Studio, located at 614 Conrad Hilton Ave. It will be held in front of City Hall at 2:00 p.m. where the street will be blocked off for the event. Entertainment will also be provided starting at 12:00 noon until time for the pageant.

All preschool girls living in the Cisco School district are eligible to enter. The contestants that have entered as of this date are: Under 1 yr. of age: Melissa Ryan Wilcoxen, Josey Miller, Kayla Strickland, Cassie Lynn Kimbrough, Kimberly Kay Jones, Darla Gail Leach, Brandi Nicole Johnson, Blake Pence, Lashanna Weeks, Cayla Renee Conger, Steffani Teresa Hernandez, Joleen Patsy Frazier, Brianna Monteen Frazier, and Jennifer Renee Kinnard.

1 & 2 yr. olds: Cayla Sellers, Jennifer Renea Johnson, Kimberly Nicole Stovall, Bridget Diane Zellman, Jessica Leashae Lopez, Melissa Sue Sublett, Julie Glueck, Lacey Michelle Rains, Hannah Kay Ingram, April Delle McCulloch, Cherylann Noble, Leigh Anne Henke, Tracie Ingram, Stephanie Jo Maples, Alicia E. Adkins, Dawn Marie Picklefimer, Morgan Elizabeth Rogers, Talisha Cheshire.

3, 4 & 5 yr. olds: Wendy Arnold, Christy Cozart, Krystal Carr, Samantha Sheree Blackwell, Samantha Lavender, Destini Kay Ferguson, Shawna Ingram, Kylie Midkiff, Wendy Strickland, Keri Lynn Saturday, Amy Abbott, Leslie Gerhardt, Tifani Shantena Harrison, Amanda Hightower, Natasha Anne Windsor, Lisa Green, Lacy Green, Sarah Dale Guilder, Stephanie Heyser, Marcey Carol Beebe, Vicki Lee Hernandez, Tanje Cheshire.

All little girls will be judged and the winners will hold their title for one year as it is hoped to make this an annual event. There will be winners in the three age groups. To register drop by the Merle Norman Cosmetic Studio between 10:00 a.m.-5:00 p.m. The deadline to enter is Thursday, May 19th.

The following business and individuals have sponsored a girl for the pageant: Herman's Garage, Ledbetter Insurance Agency, The Man's Store, Cisco Lumber and Supply, Tony's Tire Service, The Lemon Tree, Western Auto, West Texas Engine & Pump Service, Cisco Office Supply, Marvallee's Dress Shop, Madison's Western Store, H.T.H. Trucking, Red Gap Western Store, Heidenheimer's, Austin's Furniture, Dean's Drug and Debra Henke.

Graduation Week Begins May 22nd

Baccalaureate service Sunday night, May 22, will begin graduation week activities for students of Cisco High School, school officials announced Tuesday.

The baccalaureate service for graduating seniors will be held at Harrell Fine Arts Auditorium on the Cisco Junior College campus with Gary Adams, director of the Church of Christ Bible Chair at CJC, as the speaker.

Final exams will be given during the coming week with Wednesday, May 25, as the last day that classes meet.

Diplomas will be awarded in commencement exercises at Harrell Fine Arts Auditorium on Friday night, May 27.

Other activities for this week included the annual awards banquet Monday night. Junior High School's academic awards banquet will be held Thursday night at the high school gym, and the Ag Department's annual banquet will be held Friday night at the gym.

Good Field Seen In Golf Tourney

Some 25 teams had paid entry fees for the annual Cisco Country Club Couple's Golf Tournament Tuesday to assure a good field for the event May 21-22. The tournament will be limited to the first 48 teams to enter.

Judy Casey and Joe Hawkins of Abilene, winners of a couple's tournament at Baird last weekend, have entered the Cisco tourney and will be among favorites to win. Harvey and Margaret Allen of Waco, winners of the event last year, are returning.

Other teams entered include Letha Stafford and Bennie Nichols, Ralph Glenn and Dorothy Farnsworth, Tim Jones and Evelyn Daniels, B.J. and Mary Ann Perry, Carrel Smith and Gloria Huntsman (Coleman), Robbie and Flo Robinson, Catherine Abbott and Anthony Strother (Abilene), George and Pat Owens and others.

Larry Adams and Kenneth Preston placed 3rd and 6th, respectively, in their events at the Texas Interscholastic League Track and Field Meet in Austin last Saturday as Cisco High School's contestants in the event.

Larry ran the 880 meter race in 1:56.3 while the winner was clocked at 1:55.7. Kenneth had a shot putt toss of 50 feet, 11 1/2 inches as compared to the winner's 60.9 feet.

Ciscoans Place At State Meet

Coaches Tom Slagle and Danny Kent took the two senior students to Austin for the meet. Larry is the son of Mr. and Mrs. Gary Adams, and Kenneth is the son of Mr. and Mrs. Charles Preston.

A NEW HOME was built last Saturday for Floyd Crafts of Cisco by the Christmas in May project of the Cisco Chamber of Commerce. In the above picture of the new home, a garage can be seen in the background where Mr. Crafts has been living. (staff photo)

'Christmas In May' Project:

Small Frame House Built By Volunteers Saturday

By late afternoon Saturday, May 14, a small frame house, 14 feet by 20 feet, was built by some 75 volunteer workers, for 62-year old Floyd Crafts, a native Ciscoan. The project, called "Christmas in May", is sponsored by the Cisco Chamber of Commerce.

The new home replaces an old garage which had been called "home" by Floyd for quite a number of years. Neighbors say that Floyd was left a home when his grandmother died, but a relative sold the house and had it moved from the lot. Floyd had no place to live then except the garage, which had no bathroom, no water, and no electricity. The foundation was laid by Vernon "Red" Honea, and the construction crew began the actual building of the house at 8 a.m. Saturday morning. The walls and roof were completed by Saturday at 5 p.m., and Sunday afternoon the crew returned to do the electrical wiring, the plumbing, and put up the paneling. The house contains a small bedroom, a combination living room-kitchen and a bathroom.

This week Austin Furniture Co. will donate and install the floor coverings, and Batteas Builders will install cabinets that were built by Linton Batteas and his staff. Others donating materials are Sears, a heater, and a bed; Cisco Jr. College, a mattress and box springs; Ross McCaghen, a kitchen stove that Lone Star Gas is repairing; Ronnie Ledbetter, a refrigerator; Bruce Smith, a couch and a chair; Brad Kimbrough, a loveseat; Penney's, shower curtain, bedspread, sheets, curtain, and mattress pad; C.B. Bill and Dan Dixon, a water heater; Cisco Lumber and Supply, some of the paneling; and Jimmy Walker, a commode.

Building contractors donating their time were Steve Cozart, and Wayne Webb, general contractors; Tommy Lee, plumbing contractor; and Jimmy Walker, electrician. Carl Begley and Tim Cheshire of ABC Electric did the wiring for the project, and Frank Young and Lefty Young set the meter and did some of the plumbing. Leon Boles brought his backhoe, and helped in the digging for the plumbing. Roland Stroebel furnished labor and equipment for digging, with his ditch witch for the water and gas lines.

Although \$3,000 was raised for the project, almost all of this has been spent on materials, and there are some things that still must be purchased, and some debts that haven't been paid. So, if anyone has not had a chance to donate to this very worthy project, now is the time. Donations may be sent or taken by the Cisco Chamber of Commerce, 609 Ave. D, Cisco 76437. Persons may give anonymously if they desire.

The Oil Belt News

section b

THURSDAY, MAY 19, 1983

Drilling To Begin On No. 1 Wilson Oil Instruments

A 3,950-ft. Eastland County wildcat for oil or gas is scheduled to be drilled 13 miles south of Cisco. Lyles Energy of Ore City is the operator.

Location will be in a 80-acre drilling unit in the Mary Ann Clark Survey Sec. 29. The well will be known as the No. 1 Wilson.

Four new wells are scheduled in the Eastland Regular Field by Sentinel Petroleum Corp. of Hurst.

The ventures include:
- The No. 1 D.D. Foster "A", 3,800-ft. total depth, located in a 40-acre lease, Frederick Scranton Survey, six miles south of Ranger.

- The No. 1 Louise Harlow "G", 4,000-ft. TD, located in a 40-acre unit, H&TC Survey Sec. 26 Blk. 3, five miles southeast of Cisco.

- The No. 1 Sayre "A", 4,000-ft. TD, located in a 20-acre lease in the W.B. Samford and M.V. Murphy Survey, six miles south of Eastland.

- And the No. 1 Sayre, a 1,900-ft. well, located in a five-acre lease, Samford Survey, six miles south of Eastland.

Location has been staked in the East Nimrod Field for a 1,500-ft. developmental try, with Menique Oil of Irving as the operator. The operation will be in a 42-acre lease in the H&TCRR Survey A-254, four miles northwest of Romney. Patio Formation oil pay is the target. The well will be known as the No. 2-A Henry Schaefer.

At a location two miles southwest of Breckenridge, Jones Co. of Albany has finaled a new oil producer in Stephens County's East Lakeside Conglomerate Field.

The well is designated as the No. 1 Brown "16 A", flowing oil at the rate of four barrels per day on a 12/64 choke. Tubing pressure was 50 PSI. The well also showed potential for 53,000 cubic feet of casinghead gas per day.

Location is in a 100-acre lease in the Lunatic Asylum Lands Survey. Bottomed at 4,550 feet, the well will produce from perforations 4,019 to 4,025 feet into the hole.

Shane Oil Corp. of Temple has filed first production figures on a new wildcat gas well. The No. 11 Cook Heirs indicated ability to flow 734,000 CF gas per day on a 3/8-inch choke. It was rated at 2,600,000 CFD on absolute open flow.

The operator has 925 acres leased, with drillsite in Stephens County's T&PRR Co. Survey, three miles south of Caddo.

The well will produce from an interval 1,429 to 1,433 feet into the wellbore. Total drilling depth was 1,725 feet.

At a location one mile northeast of Brazos, Chester R. Upham, Jr. of Mineral Wells has finaled a new gas producer in Palo Pinto County's Calabria Conglomerate Field.

The well is designated as the No. 7 Calabria Estate. It showed potential to yield 494,000 CF gas per day on a 7/8-inch choke. The absolute open flow came in at 1,625,000 CFD.

Location is in a 2,241-acre lease in the Allen Williams Survey. Bottomed at 4,450 feet, the well will produce from perforations 3,743 to

3,761 feet into the hole.

Discovery Exploration Corp. of Palo Pinto has filed first production figures on a new oil well in the Regular Palo Pinto Field. The No. D-102 W.M. Sanders showed potential to make three barrels of oil per day on open choke.

The operator has 614 acres leased, with drillsite in Palo Pinto County's T&PRR Co. Survey, nine miles west of Palo Pinto.

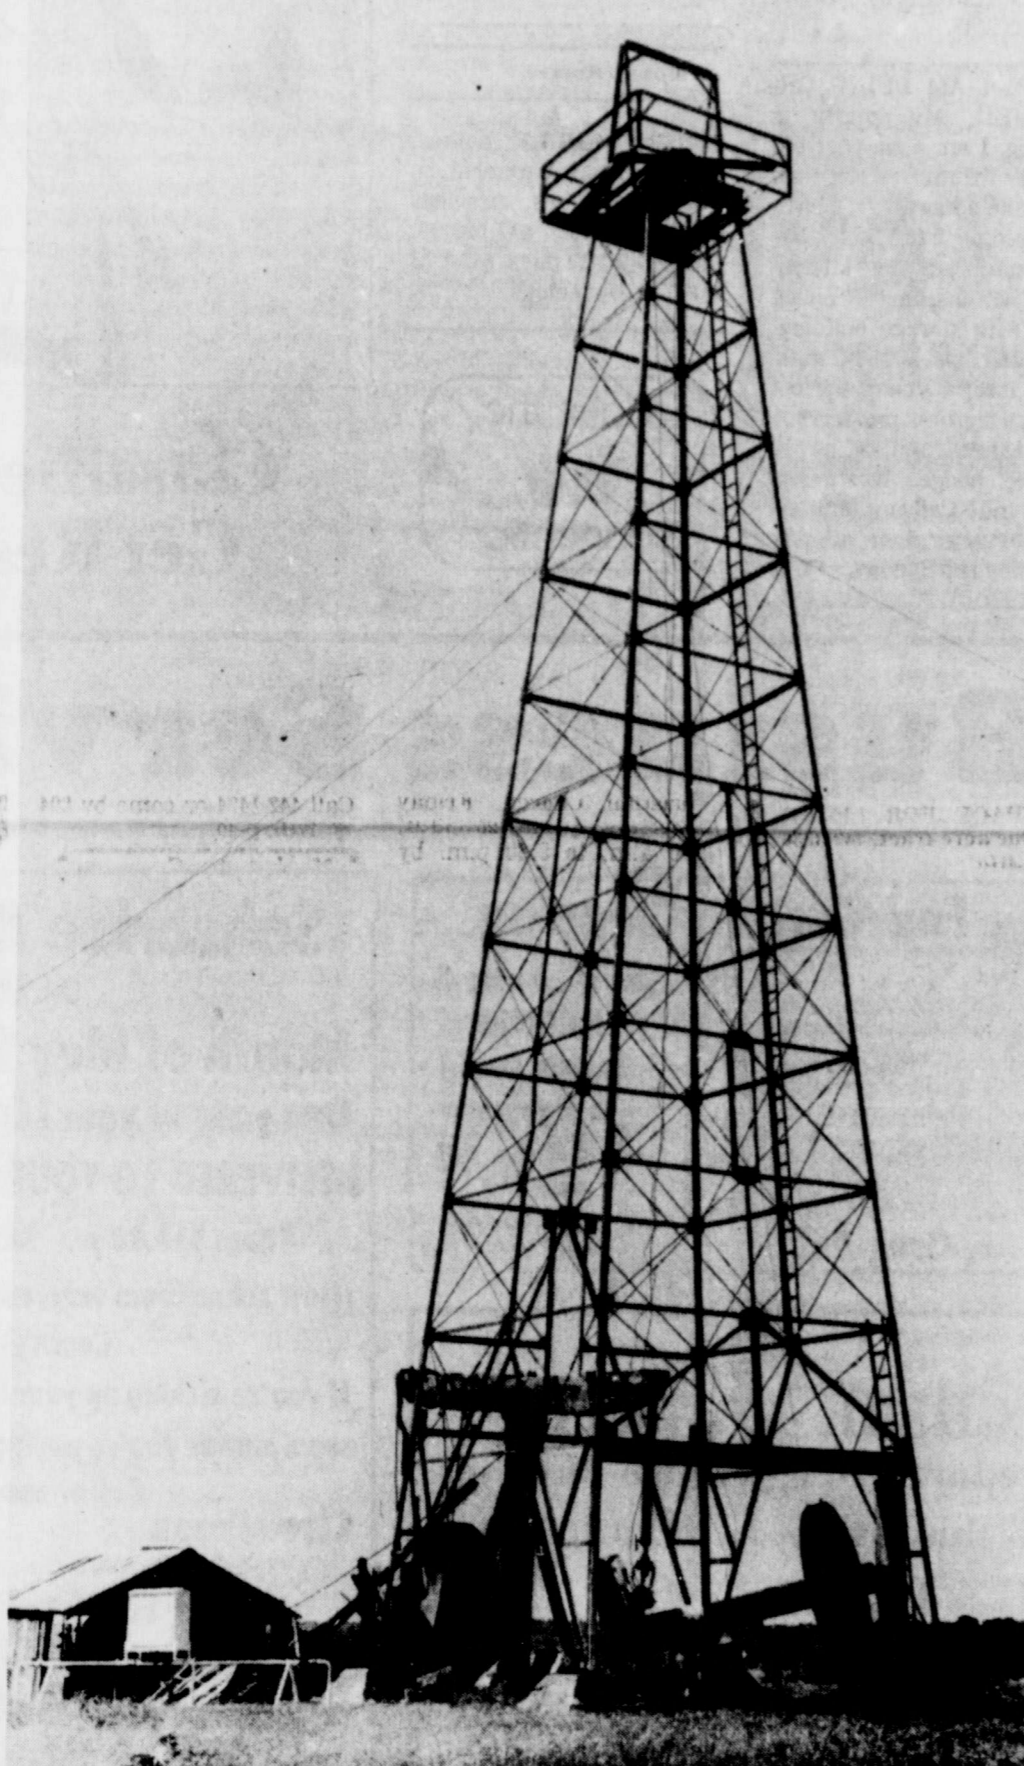

The well will produce from an interval 1,200 to 1,224 feet into the wellbore. Total drilling depth was 1,316 feet.

The No. 1 Johnson has been finaled by Lewis & Atkins Oil & Gas Inc. of Midland.

It is a developmental well in the Kessler Field four miles southeast of Mineral Wells. Drillsite is in a 25-acre lease in Palo Pinto County's T&PRR Co. Survey.

The well went to a 3,860-ft. bottom. Production will be from perforations 3,723 to 3,757 feet into the hole.

The new producer indicated ability to flow 250,000 CF gas per day on a 14/64 choke. It was rated at 270,000 CFD on absolute open flow.

The Way It Was

As time changes so does the technology of industry. Perhaps this is a good example of how the oil industry has changed in recent years. This old standing oil rig is located on highway 80 between Eastland and Cisco and shows how rigs today have become more moveable and compact than in the past.

Many Good And Sincere Individuals

...give little thought to the question of values when we should measure them in terms of personal worth in everything he buys, enjoys or does. For example, some folks will buy real estate without any kind of evidence of title disregarding the fact that the principal value of the purchase is in the title, not in the land itself or the improvements thereon. This kind of thinking costs property owners thousands of dollars annually which could be saved and a part of the savings wisely spent for an abstract of title or title insurance.

AUSTIN, Tex. - State Comptroller Bob Bullock today sent checks totaling \$94.5 million in local sales tax payments to 974 cities that levy the one-percent sales tax.

The City and MTA sales taxes are collected along with the state sales tax by merchants and rebated monthly to the cities in which they are collected by the Comptroller.

The May checks were for taxes collected on sales made in March and reported to the Comptroller by the end of April.

"The checks we're sending today bring this year's total payments to \$309.6 million statewide, which is 2.7 percent below the total at this time last year. Although these receipts are still running behind last year, we have seen a steady improvement for the past three months. This is in line with our forecasts and, if the trend continues as we expect, we should finish this year with a slight increase over 1982's totals," Bullock said.

Bass Club Report

Area lakes are all holding their own. Leon channel cat and yellows are picking up in the river section. The bass are biting well on running baits. Proctor is still in the swing of things with some nice bass in the 4 to 5 lb. range. Crappie are also doing quite well.

We shall hold our June meeting Thursday the 2nd at 7:30. Everyone is urged to attend this month, for further planning on our invitation in Sept. With weather calming and some warmer days lets not forge to plan a weekend of fun around the whole family. The wife and kids would surely enjoy a day on the lake. Watch those clouds and wear those life jackets. Good fishing.

Eastland County was down 7.54 percent over last year with every town showing the downward trend except Rising Star.

Cico's payment this period was \$29,970.87, Eastland's \$31,976.50 and Gorman's was \$4,485.87. Ranger received a check for \$16,624.74 and Rising

Maintenance Is Key To Preserving Highways

The key to preserving Texas' multibillion-dollar investment in its highway system is a quality maintenance program vigorously pursued, Highway Department Maintenance Foreman Bill Claborn said here today.

As a result, the department is turning its attention more to maintenance and rehabilitation, with less emphasis on construction.

Claborn pointed out that highway maintenance operations encompass some 20 subactivities divided among the four major activities of pavement, bridge and roadside maintenance, and traffic services.

The Brownwood district has spent some \$4,597,475 dollars on maintenance in Eastland County during the past five years, he said, and plans to devote another \$2,038,059 to maintenance during the next two years.

Texas & The Legislature

Senator Bob Glasgow

With less than two weeks left in the Legislative Session, the pace and orderliness is somewhere between hectic and chaotic. Luckily in the Senate most of the major pieces of legislation that had to be considered have already passed.

there may be some changes from the Senate version. On May 30th, the 140 day session will end. Everyone here will be relieved as this has been a very busy session with probably too many bills considered in too short a period of time.

Presently, a little old minor issue called the State budget is in conference committee. Each branch of the legislature has passed its version of the State budget, and now the differences in the budget must be worked out by the committee.

The only cloud that hangs over us at this time is the possibility of a special session because of the revenue situation. The chances at the present time appear to be about 50-50. Reduction in increases in funding for highway construction, teacher and state employees' salaries, prison construction and most other areas have many in the State concerned. The leadership is presently either undecided or not saying at the present time whether a special session will be called.

Auction's Best (SM)
 by Fred Tucker
 *1981 Auction Marketing Network
POSITIVE SELLING Vs. NEGATIVE HAGGLING
 Don't become another victim of negative haggling. Have you noticed how people haggle over the price and try to talk you down when you have something to sell? There is a better way.
 Let me sell your items by auction. We're the pros at talking your things up.
 A public auction is positive selling at its best. I'll list your items and advertise them properly so crowds of interested people will come to bid.
 And when I conduct the bidding the prices increase for you. More bids mean more money for you. It's as simple as that.
 I work quickly and can get cash for you right away. Avoid negative haggling by giving me a call now. You'll be pleased at the way my positive auction selling adds up to profits for you.
 Remember, when it comes to buying or selling AUCTION'S BEST (SM)

Fringes Of The Tracks

By Viola Payne
Feature Writer

The latest news from the State Legislature could be classified as comic opera, were it not so grotesque and dismal. Special interests - some in conflict with each other - scramble for control.

The liquor and gambling interests, finding new spokesmen, have raised their Medusa-like heads.

The line of reasoning in these and some other considerations seems to be that somehow good will miraculously spring from evil.

The human family tripped on this equation long ago, but the news apparently hasn't reached some parts of Austin yet.

Statements (or lack of them) by Gov. Mark White

on a recent radio program lead me to believe that he would not veto the Horserace Betting Bill if it clears the House like it did the Senate.

The Senators, in approving pari-mutual wagering, passed the first Texas gambling bill in 50 years. (And here I had been saying that the 1979 Legislature passed some of the worst bills I had ever known!)

One remark the Governor made indicated that he would need to be certain that organized crime would not be involved in Texas tracks before he signed the pari-mutual bill.

That statment is quite surprising. It is akin to a person saying that he will leave the chicken house door open if he can be certain the 'coons, bobcats, coyotes and skunks

won't go in and catch the chickens!

I once lived near a large racetrack, just across the New Mexico line west of El Paso. I learned that the tracks encompass more than beautiful fast horses, wire-thin jockeys and an and an exciting afternoon.

For near the tracks are many people who live on the fringes - the people who don't strike it rich. I remember the sight of the bars - children playing in the dust while parents went to the races. I think of the compulsive gamblers. And among these, I remember Gladys. Maybe it's time to tell her story again:

I first saw Gladys on an early-March morning in El Paso. The wind had risen with the sun, as if by a

signal. A gray haze lifted against the mountains, enveloping layers of houses.

A stury, middle-aged woman was out walking with a little brown dog, pushing against the wind. There was something determined and joyous about her stride, as if she was starting on a big adventure.

When I saw her go into the recently vacated housenext door, I realized she had just moved in. Soon a car with a New York license plate drove up, and a slim, white-haired man unloaded some boxes.

Gladys introduced herself the next day. Her husband was named George, she explained, and he was going to work nearby as an auto mechanic. They had just arrived from upstate New

York, where they had some bad luck and lost everything they owned. They hoped to start a new life here in the west.

Gladys projected a warmth and zest for life, with a real interest in people. As the days went by she often dropped in to visit, and had a thousand questions about the southwest.

"I love El Paso!" She often exclaimed. "I never want to go back to that cold, snowy country in the east! If we can just make enough to buy a house here, I'll be the happiest person in the world!"

Things began to break for this couple very soon. The manager of the large service station where George was working quit, and the oil company offered to set

George up as owner. Gladys would keep the books for her husband.

"I've been a bookkeeper for years," she explained. "I love figures. Once I even figures out a system to beat the race track at Saratoga."

"Di you beat it?"

"I did," she explained, "For a long time. I wonder if I could use the same system on the Sunland Park track over here?"

"Oh - you wouldn't want to try that! There's something very bad about gambling."

"A lot of people here didn't want Sunland Park near El Paso, but they built it across the New Mexico line and there was nothing Texas could do about it."

She chuckled. "When I went last Saturday a lot of Texans were there suppor-

ting it! And what is really bad about gambling? Everything in life is a game of change anyway."

"A person's religion isn't. Come to Church with me instead of going to the track. You'll like it."

She threw back her head and laughed. "Not on your life! My father was a preacher once. You'll never believe the sacrifices we had to make!"

"I decided there was no profit in religion. Why follow something where even your Leader was killed? There's no way you can win on that!"

Gladys gave me some joyful bits of news as the Service Station began to prosper. Wealthy people from the area were now depending on George to take care of their cars.

But one day my husband brought in a stray bit of information.

"I believe your friend Gladys is a compulsive gambler on the horses. Every time I see her she wants to talk about the ones running at the tracks.

"I wish you hadn't told her had lived on ranches and that I had trained my own horses. She doesn't know the difference between a quarter horse and these race animals.

"Oh surely she won't go too far on that!"

She didn't - for all that spring. She bet moderate amounts, winning and losing a few hundred dollars at a time, just playing with the track. Then it closed for the summer, and all the horses were moved to Ruidoso.

Since Gladys couldn't follow them, she settled into hard work at the station. Before long she found a house she wanted, and joyfully took me over to see a brick home with a beautiful view.

"I love this place!" She cried. "I never want to leave it. I've never had anything so nice in my life.

"You wait until I bring my mother out from New York to live with me! She can sit on the patio, and I know she'll feel better in this climate."

Gladys's furniture filled the last part of her dream. It's tasteful lines were accented by colorful spreads and drapes. Of course it was all bought on the credit, but what could possibly go wrong to keep her from pay-

ing for it?

Only the track, moving back from Ruidoso to its winter quarters. And Gladys, eyeing it and slipping over to place some heavy bets with the cash register money. But I supposed that when her Mother came she would have to stay home from the races.

I found out I was wrong. By the time her Mother arrived Gladys had taken some heavy losses, and was determined to recoup them. So one bright, sunny day, when she really had to go, she decided to take her Mother along.

The track was crowded, and the only seats they could find were up some high steps. It was a shaky spot for the eighty year old Mother,

and she took a bad fall.

Gladys was hysterical about it over the phone. "The terrible bills we will have to pay! And when Mother's skull fracture heals, she will still have to stay in bed with her broken leg! I must do that book work at the station. How can I do it?"

When her Mother came home from the hospital, Gladys hired a Mexican maid from Juarez, who quietly began to steal everything she could carry home in her shopping bag. Gladys juggled this problem along with her losses at the track. It was a terrible time to have a losing streak.

Creditors are very nice - when they are paid promptly. When not, they will even harass on the phone and

come to your door, as Gladys discovered. Finally she put her Mother on a plane for New York and barricaded herself in her home, refusing to speak to anyone. At last she asked me to come over and tell her goodbye.

"God is so cruel!" she cried. "How could He let this terrible thing happen to my Mother? I don't believe in God!"

"And don't mention George's name to me either. I hate that man! I am going to divorce him. Our business is bankrupt, and it is his fault! I'm going to New York and forget about the mountains and the sunshine." She sobbed.

"How I wanted to stay here! I don't want to face my brother in New York. He

once had ten thousand dollars saved, and he tried to follow my system and lost it all at the Saratoga tracks.

Now he will hate me even more for dumping Mother back on him." She wiped her eyes.

"But you just wait. If I can ever get a few dollars ahead, I'll show them all! I'll go to Saratoga and win everything back for all of us!"

So Gladys left town, and the next sandstorm blew

away the last fragments of her dreams. But I think of her even yet, when the horse race flashes on television. Or when someone down in Austin declares that betting should be legalized in Texas, just like New Mexico.

Agriculture

SUNDAY, MAY 15, 1983

Registration Extends Through August 16 For Family Land Heritage Program

AUSTIN--Agriculture Commissioner Jim Hightower announced today that registration for the 1983 Family Land Heritage Program will open May 10 and extend through August 16.

"Hard times have dogged the farmer constantly," said Hightower, "making it all the more commendable that some families have managed to keep the old home place in production for a century or more."

The Family Land Heritage

Program was created by the Texas Department of Agriculture to honor families who own land which has been maintained in agricultural production for 100 years or more by the members of that family. Since 1974, when the program began, 1,558 properties in Texas have qualified for the Family Land Heritage Program.

The basic requirements of the program are: Continuous agricultural produc-

tion on the farm/ranch for 100 years, land ownership within the family, complete operation or supervision of the farm/ranch production by family members who are Texas residents, and a size of at least 10 acres with a minimum of \$50 income from farm or ranch products or if less than 10 acres, sales of at least \$250 a year. TDA is the final judge of eligibility.

"The major emphasis of my administration is to pro-

tect and encourage the family farm system," said Hightower, "and no one is more representative of the ingenuity and perseverance of that system than these families. They are living, productive symbols of an entrepreneurial unit that is our lifeblood. While we will celebrate their achievements of the past, we really are pointing out the importance they hold for us in the future. We will honor this year's certified registrants at a state ceremony in the Capitol next November," Hightower said. The honorees will receive a certificate and a copy of the Family Land Heritage Registry. The Registry is a brief history of

each farm or ranch and includes old photographs of the families and homes.

Since 1974, two properties in Eastland County have been certified in the Family Land Heritage Program.

For applications in Eastland County, contact: The Honorable Scott Bailey, Eastland County Judge, P.O. Box 327, Eastland, TX 76448.

Those who feel they meet the basic qualifications and wish to apply may obtain an application from their County Judge, County Historical Commission chairman, the nearest TDA district office, or by writing to: Family Land Heritage Program, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

The Garden Editor

The Beautiful Little Pansy

The pansy is known botanically as the Viola Tricolor Hortensis and Viola Cornuta. The pansy is one of the most popular plants because of the variety and combination of colors.

You can find colors of purple, white, blue, rose, and dark red and yellow. Many people describe these combinations as smiling happy faces. The pansy comes to us from Europe and is one of the most hybridized plants.

A pansy always has five overlapping petals. Most pansies have blooms of two to three inches, but we have the Rogue Giants and the California Giants which are a hybrid type and can have blooms of up to four and one half inches.

Pansies are technically a perennial but they tend to deteriorate very in this climate after the first year and, therefore, we must treat them as annuals or even bi-annuals where the temperature is warm or hot such as we have in the Southwest and Gulf Coastal areas.

Pansies normally grow to a height of about eight inches and are considered to be a low-growing plant which makes them excellent for borders. They are also good as an edging as well as in window boxes and used as pot plants.

They have a delightful fresh fragrant aroma. Remember that the more often you pick your pansies during their blooming stage, the more blooms that they

will produce for your pleasure. They are one of the mainstays of Grandmother's Garden, and this is one of the reasons why.

Pansies like full sun except where the temperature exceeds 90 degrees. They can also grow in semi-shade so they are very versatile as to both color and growing conditions. A mass display of pansies is very effective landscaping.

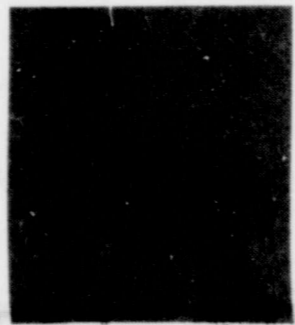

There are two ways to start pansies. One way is from seed and the other way is to buy bedding plants. Local nurseries all have good stocks of pansies on hand now. Remember when selecting plants to pick vigorous looking ones, as you get what you pay for in most instances.

Pansies like rich sandy loam with an abundance of humus. Pansies like a regular well-balanced diet with a water soluble fertilizer. Remember that pansies will reward you with larger and more abundant blooms if they are fed on a regular schedule, and the spent blooms are picked off.

Pansies are one of the plants that love fireplace ashes, especially oak ashes. The further north you go, the later the beginning blooming date. Don't delay another day if you still plan to have pansies from bedding plants for spring bloom this year, and if you want blooming pansies in November, be sure to plant your seeds in August.

My neighbor and I both

bought pansies one year and planted for a mass effect. He could never understand why mine were so much bigger, but it is really very simple as I told him. I bought a quality plant and gave it the care it needed; he bought a Saturday Special and did not fertilize to any extent. Just remember, pansies will produce for you if you produce for them.

This used to be a forest.

Putnam News

By Mrs. R.B. Taylor

One more week of school. I suppose all the kids in Putnam are ready for summer vacation.

Friday was western day at school and Brad Johnson won first place again this year for being the best western-dressed in Mrs. Stricklands first grade class. Brad has that natural cowboy look.

Several from Putnam attended the Baird rodeo Saturday night. Bo

Buchanan decorated his bicycle and rode in the parade Saturday afternoon.

Betty and James Burson of Houston visited with Maxie Solomon over Mother's Day weekend. After they returned home Maxie received word that she has a great grandson. He was born to Maxie's granddaughter, Vickie Opera of Houston. The baby has been named Dustin James.

The bake sale we had in Putnam Saturday to benefit Ashley Bailey was a big success, we raised \$201.00. Thanks to all the people who donated cakes, pies, and candy. There are a lot of

good cooks in Putnam.

Pam Shirley was honored with a baby shower Friday night at the Putnam Community Center. Pam and Joe's baby is due in early July.

County Bowling Center Opens Saturday

The Eastland County Bowling Center has opened in Eastland on Highway 80 E. Grand opening was 10:00 a.m. Saturday, May 14. Leagues were formed in meetings and practices before the official grand opening. League play will be according to the schedule printed earlier. League play will be Monday thru Friday; open bowling is Friday thru

Faith Baptist Church Pastor Goes On Dig

Faith Baptist Church of Cisco sponsored their pastor, Doyle Roberts, his wife, Peggy, and son, Jim, on an

Archaeology Dig this past week. Pastor Roberts and wife assisted in the Dig one day and Jim helped two days.

years ago during the Noah's flood. According to standard miocene-pliocene of the Liricary epoch of the cenozoic era.

Dr. Carl Baugh of Springfield, Missouri, brother-in-law to Pastor Roberts, is in charge of the Digs and will

head the museum. Other pictures are on display at the Faith Baptist Church in Cisco.

The teams are not officially closed and interested bowlers should reach 629-1661 during this following week to enter the teams remaining.

Truck Hits Top Of Drive-In

T-Sgt. David Melener, en route to the Air Force Academy in Colorado Springs, was involved in a one-car accident at the Dairy Queen parking lot here last Friday night, Cisco police reported.

The Fossil pictured is of a Tetralophodon-Mastodon, a member of the elephant family. According to the analysis of creation scientist, this is a deposit 5,000

The sergeant was driving a rental truck that collided with the top of the drive-in building, causing minor damage. Since the damage was covered by insurance, no action was taken, police said.

Twenty certified scientist representing fifteen scientific disciplines with twelve Ph'Ds agree with the 5,000 year disposition of the Noah's flood.

The discovery was made a few miles east of San Marcus, Texas and will be entered in the museum that is now in the planning stages at Glen Rose, Tx. The museum will be built the size and shape of Noah's Ark and will house the artifacts and Fossils found in the Dig at San Marcus as well as Glen Rose and other sites.

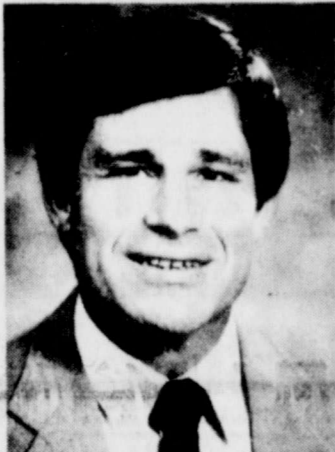

FAITH BAPTIST Church pastor Doyle Roberts (left), his wife Peggy, and son Jim, look at a fossil from an archaeology dig they assisted in this past week.

The Future of Telephone Rates

As Southwestern Bell prepares itself to be a stand-alone company in 1984—separate from AT&T—many of you, no doubt, have been wondering what's going to happen to telephone rates.

Will they go up? How much? Will you have to pay twice as much for phone service as you now do?

While it's impossible to answer those questions definitively, it is possible to give you an idea of where rates are headed... and why.

Local service rates will probably go up

For example, the rate you presently pay for local service will—in all probability—go up. This is primarily due to the fact that local service, for the most part, has been priced well below its cost. The average statewide cost to Southwestern Bell for keeping a residential line in service is about \$30 per month. On the other hand, the average monthly rate our customers pay ranges from \$7.85 to \$10.75. This \$20 or more difference between cost and rates has been made up primarily by revenues from long distance service and telephone equipment.

However, since most of those revenues will not be available to Southwestern Bell after divestiture, local service will have to be priced more closely to its cost.

In turn, though, the rates of long distance and other services which have subsidized local service may go down.

Other factors which will contribute to higher local rates include our need to more quickly recover our investment in equipment and facilities, and the effects that are still being felt from past inflation.

To help offset the rise in local rates, Southwestern Bell wants to offer customers more pricing plans so that they will have more control over what they pay for local service. We are working closely with regulators not only to develop pricing options that will fit almost every pocketbook; but also to keep telephone service one of the best consumer values around.

Effects of divestiture to be studied by PUC

As you may be aware, the Texas Public Utility Commission next month will begin general hearings to examine how divestiture will affect Texas ratepayers. There are a lot of questions and potential problems to be solved. But by cooperating and working together with regulators, we feel we can work out the best solutions, in the long run, for all concerned.

If you'd like additional information on this topic or have any questions, I'll try to help you find the answers.

People n Things

HAVE YOU SEEN a little red ball on an auto radio antenna? If so, you've probably wondered (like we did) what it means.

Checking around, we learned that the red balls mean that the car owner is a supporter of PADD (Parents Against Dangerous Drugs). Lions Club members of the county are helping PADD distribute the red balls to supporters of the program.

For some nine months now the campaign to control drug sales and use has been gaining momentum.

NOTICED IN THE paper the other day that a man named Robert Nolan

Services For Howard Knipe Are Wednesday

Funeral services for Howard H. Knipe, 76, of Cisco, a retired oil field driller and tool pusher, were at 2 p.m. Wednesday at Cisco Funeral Home. Rev. Buddy Sipe of First Baptist Church officiated. Burial was in the Oakwood Cemetery.

Mr. Knipe died at 12:10 a.m. Monday at his home after a long illness.

He was born June 12, 1906, in Oklahoma and he married Lorena Brannan May 11, 1935, in Walter, Okla. He was a member of First Baptist Church and a Mason.

Survivors include his wife; three sons, Lloyd Snyder, Bob of Richmond, Va., and Max of Kansas; two daughters, Mrs. Allene Howell of Alaska and Mrs. Kathalene Holcomb of Hobbs, N.M.; two brothers, Paul of Arkansas and Jay of Ratliff, Okla.; five sisters, Mrs. Bess Thompson and Mrs. Edith Barnhardt, both of Olney, Mrs. Leona Baker and Mrs. Dee Durnell, both of Vernon, and Mrs. Ione Farmer of Wichita Falls; 12 grand-children; and nine great-grandchildren.

Masons were pallbearers.

Puryear was getting a graduate degree in divinity at Southwestern Baptist Theological Seminary. Checking into the thing, we learned what we had suspected: Robert Nolan Pepper is the same fellow who used to do a good job on playing football at CHS under the name of Pepper Puryear.

Robert Nolan got his degree last Friday night and the audience at the seminary included his parents, the Jim Puryears, and his grandmother, all of Cisco. He will continue his work as pastor of the First Baptist Church at Euless, a nice church with some 150 in Sunday School every week. And it will be just fine to call him Pepper when he is back home in Cisco, his dad says.

Mike Puryear, the other son who made his mark at CHS as a de luxe football defensive linebacker, will begin his final year in law school out at Texas Tech next fall. Understand his ambition is to be a district attorney.

LET'S ALL HELP Mr. Lee Lieske of 1100 Avenue F find his little white poodle named Lucky. The little dog, who is three years old and a male, disappeared from the Lieske home last Friday afternoon. He's wearing a collar with his name and so forth on it.

Mr. Lieske, who will be 97 on his next birthday, would appreciate it if you'd help him find Lucky.

At 96, Mr. Lieske is still active, drives his car, and looks after his yard and pecan trees. There's a nice orchard south of Cisco on Highway 206 that was planted and nursed to adulthood by Lee Lieske, who probably knows more about pecan trees than anyone in our area.

SEVERAL CISCOANS, including Ed Bradshaw, Eldon Anderson, David Callarman and son Mark went over to see part of the big pro golf tournament at Colonial Country Club in Fort Worth last weekend. Watching the pros made golf playing look

easy, we were told. Mark Callarman, 8-year old son of the David Callarman, was standing near a green with his dad when Pro Golfer Lee Trevino walked up to play the hole. He put his hand on Mark's head and asked: "Do you play golf, young fellow?" And when Mark told him "yes, I go out with daddy sometimes," Mr. Trevino gave him a new golf ball.

Later in the day, Mark met up with the caddy of Pro Golfer Halderson and he was given another golf ball. We tried to borrow the new balls without success.

THE LEON VALLEY Angus Association held a spring sale of registered pairs and individuals (heifers and bulls) out at the Heyser Angus Ranch last Friday afternoon. And it was a good success, Joe Heyser told us.

The average price paid for the animals was a little over \$850. Some 40 sales were made. Buyers were present from throughout the state.

"I BUY ALMOST anything of value that does not eat." That's the message on a sign board on East 8th Street in front of Ed McGough's place of business . . . Mrs. Dan (Elaine) Dixon wears two hats these days. She's manager of the Sears outlet in Breckenridge as well as Cisco . . . The Paul Blaines drove their new Olds over to Big D recently and they got a little over 26 miles per gallon for the round trip . . . Bobby Ingram and party caught a good mess of catfish in the 5 to 10 pound class on a trotline at Lake Cisco last weekend.

YOU'LL WANT TO touch Mrs. Lucille Hester and Mrs. Rosa Garces next time you're out at the Colony Restaurant. They met Quarterback Gary Hogeboom on the airplane coming home from the Washington, D.C. trip recently. And they got their picture made with him, as you'll see if you'll look through The Press . . . The Rick Whatleys are getting a little closer to moving day - from the home out on 7th Street to their place on the Lake Road.

Members of the Cisco Country Club will hold a family night covered dish supper and a game tournament Thursday night at the club, according to an announcement. Hostesses will be the

THE REV. AND Mrs. Russell Pogue, who retired a couple of years ago after more than 40 years in the ministry, are back home from Uganda and are working on their house at Valley Mills. They were in Eastland last Sunday morning for a pulpit appearance at the First Baptist Church.

The Pogues took early retirement, he told us, "to do some things I've always wanted to do." The first thing he knew, he volunteered for an assignment as pastor of a Baptist church in Uganda. After a year, they returned home and have been invited to return. "We're praying about it and will probably go," he told us.

In his talk, Rev. Pogue, who spent some five years as

pastor of the FBC in Cisco, said that 40 per cent of the 12,000,000 people of Uganda are under the age of 16. And less than 15 per cent of them are able to attend school. There are no public schools and private schools are few and costly.

Uganda and the churches are making progress since the ouster in 1979 of Ede Amin, the mad dictator whose reign of terror cost the life of one of every 20 people in the country . . . In addition to his work as a pastor, Mr. Pogue taught nine Bible Study Classes each week . . . The biggest need in the country is a good water well driller, he said. They have a fine drilling rig but nobody can run it . . . The Pogues are in good health and found their stay there very rewarding.

COWBOY FANS - Lucille Hester, left, and Rosa Garces of the Colony Restaurant became enthusiastic fans of the Dallas Cowboys when they met Cowboy Quarterback Gary Hogeboom on the airliner en route home from the recent Cisco Junior College Band and Belle trip to Washington, D.C. The trio is pictured above. Hogeboom was en route home to Dallas from the east.

Family Night Is Planned At Club

Members of the Cisco Country Club will hold a family night covered dish supper and a game tournament Thursday night at the club, according to an announcement. Hostesses will be the

Legal notices . .

Qualified Bidders are invited to bid Phase 1 of Carbon School Renovations. The Carbon Independent School District will receive bids until 3:00 p.m., on May 19, 1983, at the Carbon School Offices. Bids received after this time will not be accepted. All interested parties are invited to attend. Bids will be opened publicly and read aloud. Copies of the contract

documents may be obtained at the office of the Architect, 5301 S. Westmoreland, Dallas, Texas, in accord with the Instructions to Bidders upon depositing the sum of \$50.00.

Bid Security in the amount of 5% (five percent) of the Bid must accompany each Bid in accord with the Instructions to Bidders.

The Board of Trustees, Carbon Independent School District, reserves the right to waive irregularities and to reject all Bids.

100% payment and performance bonds will be required by the successful Bidder.

(5-12; 5-19)

NOTICE OF FILING AN APPLICATION FOR CONVERSION TO CONVERT TO A STOCK SAVINGS AND LOAN ASSOCIATION MAY 19, 1983

Notice is hereby given that, pursuant to Part 563b of the Rules and Regulations for Insurance of Accounts, Olney Savings Association, 300 East Main, Olney, Texas 76374, has filed an application with the Federal Savings and Loan Insurance Corporation ("Corporation") for ap-

proval to convert to the State-chartered stock form of organization. Copies of the application have been delivered to the Division of Securities and Corporate Analysis, Office of General Counsel of the Corporation, 1700 G Street, N.W., Washington, D.C. 20552, and to the Office of the Supervisory Agent of the Corporation at the Federal Home Loan Bank of Little Rock, 1400 Tower Building, Little Rock, Arkansas 72201.

Written comments, including objections to the Plan of Conversion and materials supporting the objections, from any member of the applicant or aggrieved person, will be considered by the Corporation if filed within ten (10) business days after the date of this notice. Failure to make the written comments in objection may preclude the pursuit of any administrative or judicial remedies. Three copies of the comments should be sent to the Division of Securities and Corporate Analysis of the Office of General Counsel, and one copy should be sent to the Office of the Supervisory Agent. The proposed Plan of conversion and any comments will be available for inspection by any member of the applicant at the Office of General Counsel and at the Office of the Supervisory Agent. A copy of the Plan of Conversion may also be inspected at each office of the applicant.

Man Injured In Lake Dam Fall

Roy Van Winkle of Gorman suffered a broken wrist and several fractured ribs in a fall inside the Lake Cisco dam around 3:45 a.m. Saturday, according to Cisco police. He was taken to Eastland Memorial Hospital for treatment.

Van Winkle and four Eastland youths were going through the dam when he fell some 25 feet, landing in water and mud. The police report said the man fell in the fifth section at the north end of the dam.

The man told police they "were just going through the dam."

Historical Commission Honors County Residents

Three Eastland County citizens, County Judge Scott Bailey of Cisco, Helen Murrell of Eastland and Berry Greenwood of Carbon have been honored by the Texas Historical Commission of 20 years of volunteer service in Texas Historic Preservation.

Certificates recognizing their work were sent from Austin on May 11 by George Christian, Chairman of the Texas Historical Commission. Judge Bailey, Mrs. Murrell and Greenwood are

Charter Members of the Eastland County Historical Commission. This organization was founded after County Survey Committees were created by the Texas legislature in 1962.

The late Eastland County Judge John Hart appointed Bernie Chesley McCrae as County Chairman shortly before the Judge died. After Scott Bailey began his term in 1963 he appointed the County Committee.

Judge Bailey is descended from a pioneer Eastland County family, and his knowledge of the subject is tremendous. He serves as the Eastland County Chair-

man, and has worked for the Historical Commission in various ways.

He has assembled much data, leading to the establishment of State Historical Markers in the

County. The Judge has participated in many historical programs, and encourages every from young people to senior citizens to preserve history.

Helen Murrell, wife of A.L.

Murrell, has worked with the Historical Commission on many projects. She wrote a number of the inscriptions on Eastland County Historical Markers. In addition, Mrs. Murrell has work-

ed for Clubs and civic organizations in Eastland.

Berry Greenwood, a World War I veteran, is a member of a pioneer Carbon family. The Greenwoods were some of the first settlers at Center

Point, south of the town. Greenwood has been an active member of the Historical Commission, working to preserve the land of Eastland County as well as its written history.

Riding Club Sets Play Day In Mingus

Grant Town Riding Club will have their Playday in Mingus Sunday, May 22, at 1:30 p.m.

There will be four classes, Pee Wee, Juniors, Intermediates and Seniors.

Events will include barrels, poles, flags and the stake race.

Rain date will be the following Sunday.

A concession stand will be open for the convenience of fans.

County News Briefs

Cisco

City Manager Mike Moore announced that Cisco's fire alarm system will be revised to provide the community with adequate tornado alert warning, effective June 1. Upon confirmation of a tornado, the fire siren will sound a complete ten cycle, 3 minute warning.

District Judge Jim R. Wright will be guest speaker at the annual Cisco Rotary Club Citizenship Awards Luncheon to be held at the Colony Restaurant Thursday, May 19. The occasion will honor Kendall Anderson and Leslea Hull, Cisco High School graduating seniors who were chosen as the club's 1983 recipients of awards for good citizenship. All interested persons are invited to attend the luncheon.

Dr. C.M. Cleveland, Cisco optometrist, continues to recover from burns suffered several months ago. He expects to return to his office soon.

Cisco Junior College will offer a Defensive Driving Course June 6 and 7 in the Science Hall Lecture Room. The fee will be \$20. For more information or to register call or come by the President's office at C.J.C.

Eastland

The Courthouse entrance for the elderly and handicapped has been completed, and is in use at this time. Located on the east side, the entrance slopes down to the basement, where some of the offices, restrooms, and an elevator are available. This gives much easier access to the Courthouse for all citizens. Signs will be up soon at the new entrance.

There will be a Mexican supper at the Assembly of God Church, Friday, May 27 from 5:00 - 8:00 p.m. The cost for the meal is \$3 per plate and advance tickets may be purchased by calling 653-2307. The church is located at 1608 W. Commerce.

Ranger

The Ranger Flea Market in Ranger will give half their proceeds this month to little Ashley Bailey from Clyde, who must undergo a liver transplant. The Market will open at 6:00 a.m. each Saturday and Monday in May. There will also be containers where the public may contribute.

Ranger General Hospital Ladies' Auxiliary is sponsoring fund-raising entertainment at 6:00 p.m. Sat. May 21 at the Little League Park. There will be a "Crazy Softball Game", a concession stand, and an auction held with donated items. Money raised will assist in purchasing a new Radiant Infant Warmer for the hospital. The public is urged to come out to the Park and enjoy the program.

Spotlights & Sidelights

Julia Worthy

May is a month for change, and things—all kinds of things—are doing just that.

The most noticeable change is in the weather. Those April showers are long gone, but they did bring May flowers.

The tender greens of spring change daily as tree leaves grow larger and thicker.

The voice of the lawnmower is heard in the land, and it is time to dig out last year's swim suit—or get another one.

"Spring has sprung," so watch out for your skin.

That skin has to last you all your life, and the tan so many youngsters yearn for dries and toughens your once-in-a-lifetime skin supply.

The very word, "tan," ought to give you a clue of the future. Hides are "tanned" to make shoes, for goodness' sake!

The summer slat bonnet my mother dictated rated with me about the same way the winter long-johns did. Isn't it odd that so much knowledge that would have

A Month For Change

some thought to what was on that blank besides your vital statistics.

Why would you fit the job better than the next person?

What can you do to give your employer a little more than he asks?

You know that you'll get a paycheck to translate into food, clothing, shelter, a car, or whatever kind of jam you want to spread on your bread

and butter.

In this area the worker has a much better shot at speaking personally to the prospective employer than he does in many places. Be prepared for it. You never know when your life's work may stare you in the eye. My father-in-law went to work "temporarily" for an oil company when he was nine-

teen. He was a roughneck.

He never worked for another employer and retired from the executive level.

With the economy in its current condition, it's a buyer's market. You may have to work twice as long to get half as far as your big brother did ten years ago, but there is work. You have to find it.

So...what kind of changes for you does this May bring?

'Fantasy' Makes Gwen Kuric's Dream Come True

A month ago Gwen Kuric, wife of Paul Kuric of Eastland, considered herself an only child, adopted by a family named Belt years ago.

The Kurics have four children of their own, with the oldest a son age 18.

Now 38 years old, Gwen's family has expanded to include eight brothers and

sisters scattered across the United States—discovered through an advertisement in her home town paper of Huntington, Indiana.

Mrs. Kuric, born Marsha Kay Bower, has always known she was adopted. But she didn't learn her birth name until March 23, when her adoptive mother,

Priscilla Belt, gave her this information in a letter.

"It was a total shock when I got the letter with my real name in it," she says. "I was a little scared, and didn't know what to do. But I definitely wanted to find my brothers and sisters."

So, with the encouragement and help of her close friend Julie Chase of

Eastland, Mrs. Kuric wrote to the Indiana Health Department, the Huntington County Health Department, and Riley Children's Hosp., where she had been hospitalized as a young child. Mrs. Dan Chase (Julie) suggested the Huntington newspaper as a "shot in the dark". That shot found its mark.

Mrs. Kuric's younger sister Judy Simon was cooking supper when her husband, Tim, saw it in the "Personals" classification.

Mrs. Simon read the notice and immediately called Gwen Kuric. The joyful, tearful reunion on the phone established contact with the long-lost family.

On Tuesday, May 10, Mrs. Kuric's father and her aunt, both from Indiana, arrived in Eastland for a visit.

"Your mother and I searched so many years for you—I only wish she was here too," Mr. Bower said. He explained that Mrs. Kuric's mother died in May, 1980.

Mrs. Kuric and her family had hoped to return home to Indiana this summer to visit, but the trip seemed too expensive. Again friends came to help—friends made by sending a letter to the hit show "Fantasy".

Directors of "Fantasy" have contacted Mrs. Kuric, and she will be leaving Eastland May 20 for Nashville, Tenn. On May 21 a "Fantasy" show will be taped with Mrs. Kuric in front of the "Grand Old Opry", and on May 22 she will fly back.

"They want to help me win the money to go home to Indiana," Gwen Kuric says. "It's such a wonderful dream come true! And they do come true, thanks to the love of dear and devoted

friends like Mrs. Chase. After 33 years I will see the brothers and sisters I have never known."

Texas Senior Citizens Have Spring Fling

COLLEGE STATION--Summer camp isn't just for kids, and isn't just for summer either. More than 450 Texans from 55 to 85 proved that by having a "spring fling" at the Texas 4-H Center on Lake Brownwood.

The camps, sponsored by

the Texas Agricultural Extension Service, were held in four three-day sessions during April and early May.

Extension specialists and other resource people made presentations on wildflowers, protecting the home from insects, family

relationships, home improvements, and new trends in horticulture and for the camps.

Fourteen older adults, themselves former campers, also taught oil painting, needlecraft, folk dancing, chair-caning, antique selection and chime-making.

Just like their counterparts in "summer camp," the older Texans enjoyed card and table games, tennis, horseshoes and volleyball. They filled their evenings with sing-alongs, dances and a luau.

Each camp session was filled with publicizing the event, says Judith Warren, a family life education-aging specialist.

"In the three years the Extension Service has been conducting these camps we have had an overwhelming response," states Warren.

"It just goes to show that there are many older Texans who would like the opportunity to learn new things and make new friends in a relaxing camp atmosphere," she adds.

The Extension Service will

sponsor five "Octoberfest" camps during October and the first week of November. Persons interested in attending can write the 4-H Center, Route 1, Box 527, Brownwood, Texas 76801 for information.

Sale Slated To Cover Memorial Day Costs

High at 629-1374 or Gary Lowrance at 629-8837 for details or pick up of items.

Cancer Answer Line

American Cancer Society

Question: Has mammography proven to be beneficial or harmful in the long run when used in the detection and diagnosis of breast cancer?

ANSWERline: According to the American Cancer Society, mammography in trained hands is a most valuable tool in the detection and diagnosis of breast cancer. Breast cancer is the number one cancer killer of American women. In the United States, one of every 11 women will get breast cancer during her lifetime; every 15 minutes, three women develop breast cancer, and one woman dies of the disease. The appropriate use of mammography in conjunction with clinical examination and breast self-examination

definitely offers to women over the age of 50, and perhaps to women aged 40 to 49, the promise of significantly increasing the cure rate of breast cancer. In most cases breast cancer can be diagnosed by mammography at an extremely early and highly curable stage. The Society is concerned that unwarranted fears about the danger of radiation associated with mammography may ultimately lead to an increase in deaths from breast cancer.

The Society's statement was issued after the results were in from the five year Breast Cancer Detection Demonstration Project in which more than 280,000 women were screened. It was jointly funded by the Society and the National Cancer Institute.

Utility Companies Taking Tougher Stance On Theft

Electric utilities in Texas, including West Texas Utilities Co., are taking a tougher stance these days on theft of electricity.

Reasons for the crackdown are a change in the State Penal Code making meter tampering a penitentiary offense and the fact that the cost of producing electric energy has gone up.

"We view any form of stealing electric power as a serious crime," said Don

Welch of Abilene, WTU vice president and director of customer services, "because we feel a strong responsibility to protect the interest of our good paying customers."

"It cost money to produce electricity," Welch said. "If one customer manages to get some of it free, the other customers have to make up the difference."

The State Legislature amended the criminal mischief statute in 1981 to make diversion of any utility service a third degree felony with a possible punishment of a maximum fine of \$5,000 and from two to ten years in prison. The law also allows authorities to make the

assumption that the person in whose name the service was last billed is the responsible party.

Convictions have been obtained in several Texas cities since the law was passed, and WTU recently filed charges which resulted in a felony indictment being issued against a customer.

Welch said that meter tampering not only is a serious crime which is becoming more easy to detect, but that it is extremely dangerous.

"Many people do not understand the danger involved," he said. "Property damage, serious injury, or even death can result."

Pleasant Hill

Home Club

Holds Meeting

The Pleasant Hill Home Extension Club met for their May meeting in Muri Campbell's home with Vadis Phelps as hostess.

Meeting was called to order by president, Mary L. Heaen. Vadis led the members in repeating club motto, creed and prayer.

Blanche McGoba read the minutes of the previous meeting, reported on the club correspondence and called the roll which was answered with "naming a fabric I like to work with" or "a mix I use the most." Fifteen members answered the roll.

Treasurer's report was given by Muri Campbell. She also reported the recent bake sale held at the First National Bank was a success. The club thanks all who bought goodies and helped support our projects for the year.

Ruthie Keyes was voted as our nominee for County 2 EHA chairman and also our nominee for the state meet to be held in Lubbock Sept. 20-22.

Club members made plans to serve the Cisco Nursing Home birthday party, May 19 at 2:30 p.m. Also we will choose a man and lady from the Nursing Home to be our club father and mother to do extra errands and try to take care of things they need done.

It was voted to make a money donation to the Christmas in a project and also to help in some physical labor with this project.

Gobby Masters brought an informative program on Super Snacks and our diets for health sake.

Refreshments were served to Mary Heaen, Vergie Hale, Vadis Phelps, Dora Schaefer, Allene Smith, Arleta Shirey, Ruthie Keyes, Matty Rose, Muri Campbell, Joy Worley, Monte Booth, Gobby Masters, Blanche McGoba and Turla Lee.

Ruthie Keyes led the group in a recreation period.

Club's next meeting will be June 9 in the home of Arleta Shirey in Eastland. Visitors are always welcome to attend.

Reporter, Turla Lee.

Terry Huskey of Dallas spent last week with relatives and friends in Moran.

Elma May Huskey spent the weekend in Jacksboro with her sister-in-law, Mrs. Eddie L. Smith Sr.

Mrs. Pearl Roach of Abilene and Edward and Will Hayden of Dallas visited with friends in Moran Sunday.

Jack Brooks of Las Vegas, Nev., is visiting relatives in Moran.

SCHOOL CLOSING

The Moran Senior Baccalaureate service will be Sunday night, May 22, at 7:00 at the First Baptist Church with Rev. Jimmy Smithee, local pastor, will be the guest speaker.

The Junior High graduation will be at the Moran High School Auditorium on Thursday night, May 26, with the senior graduation at 8 o'clock at the high school auditorium on Friday night,

Eighth Grade Studies Drug & Alcohol Abuse

The Eighth grade history classes of Cisco Junior High have been studying youth and the law, and drug and alcohol abuse for the past three weeks. The studies in-

cluded watching films, listening to tapes, writing reports, and having class discussions.

The completion of the project was the turning in of a drug abuse notebook. This notebook contained pam-

phlets, written reports, newspaper clippings, and illustrations containing drug abuse information. Pictured are those involved in the project.
