

Heald Barrow Wins First At State Fair

Jack Heald, Charles and Johnny Brown, David Stovall and Charles Mayhugh just returned from the State Fair of Texas at Dallas. Stovall and Mayhugh returned to school Monday and the remainder of the group stayed for the auction sale of the prize animals held Tuesday.

The boys competed with boys from all over Texas and carried home the most coveted award the fair had to offer along with top awards in the various subdivisions.

Jack Heald's Poland China bar-

row won his weight class, went on to win out for champion of the breed, then in the toughest kind of competition against the champions of six other breeds, took Grand Champion over all breeds and won out against 318 other fat hogs.

Young Heald also took second place litter against a field of twenty-three litters, first prize gilt and second prize male in the breeding show.

The Stovall barrow, an excellent young barrow, age five and one half months, weight 235 pounds, stood second, being outclassed only by the Grand Champion Heald barrow. The Brown brothers took one litter of pigs and divided their chances by showing two barrows in the fat classes and two females and one male in the breeding classes. The male won first honors, while the two gilts stood second and third in their class and the barrows placed fourth and sixth in the heavy barrow class. The Charles Mayhugh Duroc barrow weighed 290 pounds and was a perfect specimen of a good feeding job, but the excess thirty to forty pounds caused the packer judge to turn the animal down.

The group accumulated \$146 in cash prizes. Jack Heald sold his Grand Champion for \$720 and the remaining 3100 pounds of fat barrows brought a \$5 per hundred premium at the show. The breeding stock was returned home and more champions are expected from them.

Mr. Muleshoe

On one of their road trips the Muleshoe Yellow Jackets football squad went to a restaurant in the town where they had just played and ate before leaving for home. They had just defeated the town's high school football team. And after the boys had eaten the proprietor of the cafe and the waitress who had served our boys called Coach Beam and Band Director Owens aside and said:

"This is the most mannerly, most polite and considerate group of boys we have ever had the privilege of serving in our cafe. We appreciate your visit with us and hope you come again."

And Coach Beam and Mr. Owens said they were more proud of the boys for having won this unsolicited compliment than because they had won a ball game. Victory is not all to our coach and our band director—principal, or to any other teacher or school official, and this writer is mighty proud to say that it is not all to our players, either.

Now fans, how about our conduct at football games? Do we conduct ourselves in triumph and in defeat in such a way that we do not offend the sensibilities of our visitors or of the people we are visiting? Some exuberance is natural and no one objects to an exhibition of enthusiasm and high spirits, but I see no point to be gained in saying or doing something that will permanently rankle, and something of which our players themselves would be heartily ashamed. Let's be as good sports as our players have shown themselves to be.

FRESHMEN DEFEAT 8TH GRADE FOOTBALL TEAM

The freshmen football team of high school defeated the eighth grade team in a game played under the regular rules at the new stadium Tuesday night, 14 to 0.

Bennie Ray Douglass caught a pass from Ed Nichols for the first score and Charles King plunged over the pay off stripe from the 10 for the second counter.

Lloyd White, a member of the 8th grade squad, suffered a broken collar bone.

LIBRARY BOOKS

Anyone wishing to contribute books to the Muleshoe Public Library are invited to communicate with Mrs. M. F. Green, or telephone 74. Mrs. Wright, librarian, reports one new book in which the public likely will be interested: "Gus The Great" by Thomas W. Duncan.

The Moustached Lady

Hizzoner, the Mayor, poses for shoe Lions Club and to be presented in the high school gym next Wednesday and Thursday, October 15 and 16. Don't she look cute, boys?

Box Cars Still Are Very Short

A shortage of box cars still plagued elevators of the Muleshoe area Wednesday. Much sorghum grains remain in the country but mostly local elevators were full to capacity and were awaiting arrival of box cars to move some of the grain out of their bins to the central markets.

One local grain man is advertising the fact that he does not depend upon box cars, that the grain he buys is mostly moved by truck.

At least one local elevator has been moving grain to Clovis and Lubbock by truck, but this is only a drop in the bucket measure, since a comparatively small amount of space can be provided in this way. Many farmers are continuing to pile grain on the ground, it was said.

Boy Injured As Flames Destroy Gym Building At Lazbuddy School Tuesday

Halloween Carnival Is Being Planned

Plans for the annual Halloween Carnival at the school are being made by a special committee representing the Parent-Teacher Association.

This is one of the biggest occasions of the year in Muleshoe and this year will be no exception.

Already booths are being planned and doubtless it will be the biggest and best carnival the school ever staged.

PLEDGES CLUB AT TECH

Lubbock—Jean Cassidy, daughter of Mr. and Mrs. Allison Cassidy of Muleshoe, was recently pledged to DFD, women's social club, at Texas Technological College.

and discarded furniture away in the attic, closets, basement, the barn and other buildings.

Dangerous storage of gasoline and kerosene, and the use of flammable cleaning fluids take a high toll of life and property.

Children playing with matches cause 26,000 fires annually.

Dirty and improperly operating lanterns are a big threat, as well as the dust and cobwebs around motors, appliances and frayed electric cords.

The Extension Service is asking farm people to remember this: that every tenth fire that breaks out on a farm results in a death.

10 Farmers Are Killed By Fire In U. S. Daily

College Station, Oct. 9—National observance of Fire Prevention Week has brought out the startling fact that 100 farm fires occur in the United States each day, killing ten farmers.

The Texas A. and M. College Extension Service is cooperating with the National Fire Protection Association and the U. S. Department of Agriculture, in an attempt to cut down this loss of life on farms in Texas, and is urging farm people to guard themselves and their farmsteads against fire.

What are the most dangerous causes of fires?

The careless smoker still is Public Enemy No. 1, on the strength of his smoking in bed and in the barn and discarding lighted cigarettes and matches. The thoughtless housewife ranks second on the list, by continuing to stack papers, magazines, old clothing, broken toys

High School Band Captures Public Admiration With Playing, Marching

The Muleshoe high school band covered itself with glory when they played at the Muleshoe-Sudan game last Friday night and paraded and gave a demonstration of good marching and drill between halves. Led by their drum major, Waneen Beller and majorettes, Marian Davis, Dorothy Waggoner, Arrena Moore and Kay Sanders, the band marched and played before the big crowd that attended the game.

The new band uniforms of purple and gold are very beautiful and the band presents a spic and span appearance and the people are very proud of it.

Now about 35 more are coming out for band and H. A. Owens, band director, has formed his junior band, with very good instrumentation, and the youngsters are practicing daily. From this group will come recruits for the high school band, but later on they will be organized and form the junior band. Mr. Owens announced the follow-

ing band roster by sections: Clarinets—Robert Holt, Melba Bryant, Leo Wollard, J. C. Buchanan, Dixie Jennings, Donnie Precure, Jeanette Kirk, Joyce Collins, and Sandra Wagoner;

Saxophones—Janice Jordan, J. Ann Weyer, Bobby Wallace, Richard Barnett, Margent Hurst;

Baritone—Luther Buchanan; Trombone—Charles Hornbrook; Accordion—Charles Lewis;

Sousaphone—Jerry Julian; Drums—Jimmie Williams, Billie Jo Bartlett, Jo Winstead and Earl Ladd;

Cornets—Charles Brown, R. E. Bryant, Freddie Harvey, Johnnie Ladd, Jimmie Allison, Carroll Pool, Dwayne Burkhead and Donnie Cox.

Only 36 suits were ordered, so there are about four members who could be used in the band if there were enough uniforms. Those ordered are nearly paid for, but the band needs about \$1000 worth more, Mr. Owens estimated.

Muleshoe Men Ready For Fashion Parade Next Week

Jackets Journey To Springlake For Game Friday

Many followers of the Muleshoe Yellow Jackets expect to follow their team to Springlake Friday night. The Jackets will meet Springlake in another district game.

Sudan defeated Springlake by a much more lopsided score than that by which they won over Muleshoe, but that might not be too sure a criterion when comparing the two teams that will meet Friday night.

Muleshoe's strong stand Friday night in holding Sudan to a 21 to 13 score gives their boosters hope that the Jackets can get by Springlake, but they will be on hand to help all they can.

The band expects to attend to live things up. The Jackets will be at home to the powerful Wildcats of Littlefield high on the following Friday night, October 17.

There's no script, no consecutive acts, and no written parts, but "The Parade of Fashions" promises to be one of the most unusual entertainments local people have had the opportunity to see in a long time.

Sponsored by the Muleshoe Lions Club, "The Parade of Fashions" will be presented on the stage of the Muleshoe high school auditorium Wednesday and Thursday evenings, October 15 and 16. Mrs. Dorris Landers Hess of Amarillo is directing the production, and some forty well known business and professional men of Muleshoe are going to do the modeling.

The last word in fashion, these attractive models will make their appearance on the stage in costumes ranging from the most enticing negligee to the most tailored fall suit.

Mrs. Hess, director and producer, has recently returned from the West Coast, where she studied under Mrs. Josephine Dillen, formerly Mrs. Clark Gable. She is just bubbling over with ideas for the show and says she is having as much fun

directing it as the audience will have seeing it.

The cast will rehearse Monday and Tuesday nights of next week and everyone mentioned in the cast list below and any other men who will take part are asked to be on hand in the high school gym. Tickets will be \$1 for adults and 50 cents for children. Proceeds will be used by the Lions Club in furthering its youth program here and for other causes the club sponsors. Tye Young, Bill Moore, Rufus Gilbreath and Lee R. Pool are priming for a quartet to be sung sometime during the program. All will be dressed as ladies, and in this act "most anything can happen" and probably will. Rufus is scheduled to do a strip tease during the evening's performance.

PARADES ARE SCHEDULED

There will be a big parade Wednesday noon and Thursday noon publicizing the Parade of Fashions. It will be led by the band, directed by H. A. Owens, who will be attired as a Hula Girl, and other Lions dressed in the gowns they will wear at the show will take part.

Jack Lenderson is chairman of the Lions Club committee arranging details for the two night show. A prize is being offered for the best costumed lady in the Fashion Parade, Lions committeemen announced.

Much of the preliminary work on the show has been done here by Mrs. Myrtle J. Cooper, of Amarillo, who has had much experience in this type of work. She had charge of headquarters for the Will Rogers Range Riders' Waddy Week celebration, had charge of ticket sales for the Amarillo Lions Club's Horse Show for benefit of crippled children and has just finished a four weeks tour of duty for the Tri-State Fair Association. Mrs. Cooper has resided on the Plains a number of years.

If you fail to see how beautiful these handsome Muleshoe men can be, you will always regret it, is the prediction.

New LD Circuits Are Being Built

Work of constructing new circuits out of Muleshoe for the Southwestern Associated Telephone Company is underway here by the Kidwell Construction Company.

Roy Kidwell of the firm said a new pole line will run from here to Clovis, it having been completed as far as Lariat. Number of new circuits to be added in that direction will depend upon the policies of the traffic department, but undoubtedly, he said, the new construction should materially improve in and out toll calls.

He will also construct a circuit to Littlefield. Poles already are established for this line, and when completed Muleshoe will have available a greatly improved long distance service in that direction.

Sanders Winners Are Announced

Mrs. S. C. Beavers was the lucky person on the first day of the Muleshoe Fair, winning wallpaper and paint: enough to decorate one room, the prize being given by H. S. Sanders Lumber to those who registered at their booth.

The same prize was offered to Saturday registrants and that day went to Andrew Wittner, Baileyboro community. The little daughter of Mr. and Mrs. Buford Butts drew the names.

Registrants Friday numbered 275 and Saturday 446 registered. The Sanders booth attractively displayed wallpaper and paints.

Please call in your news or send it in. Phone 54—The Journal.

Wollard Is Legion Post Commander

New officers of the Ben Richardson Post, American Legion, of Muleshoe, were elected at the meeting last week when veterans of World War II were given their Victory and American Defense Medals.

Gil Wollard, veteran of World War I was elected commander, to succeed Chief Jones, a veteran of the last war.

Other officers are: Bud Holdeman, vice-commander; Jimmie Alsop, adjutant; Glenn Rockey, second vice commander and public relations; Clyde Bray, chaplain; Marion Harris, welfare.

GREGORY FAMILY SPENT A WEEK IN MULESHOE

Mrs. J. W. Gregory, Sr., who has land in Bailey County, together with her son, J. W. Gregory, also another son, J. S. Gregory and family spent the last week of September in Muleshoe, but owing to Mrs. Gregory's poor health they made few calls.

Mrs. Gregory, Sr., lives at the W. W. Williams apartments in Hot Springs, N. M., and would be glad to meet her Muleshoe friends when they come to Hot Springs. Her children, after a few days visit with their mother in Hot Springs, returned to their homes in Nampa, Idaho.

Muleshoe To Have Modern Tourist Courts - First Units Ready By Jan. 1

Lone Star Farmers Banquet At Lubbock

Muleshoe's thirteen Lone Star Farmers will receive their awards at a banquet to be held Monday night in the Lubbock Hotel, under auspices of the area FFA chapter.

Lone Star Farmers are Dewitt Tiller, Don Mickey Sanders, Curtis Goss, Everett Lee Reeder, Hoshall Thomas, Johnnie Seid, Dean Williams, Cecil Mardis, Ernest Ramm, Richard Chambliss, Bill Garrett, Marshall Head and Earl Henry.

A number of the boys' fathers, the vocational ag. teachers, Edward White and Lee Christie, and other local men will accompany the boys to Lubbock. Muleshoe has established a state record this year by the production of these thirteen Lone Star Farmers from one chapter.

PLEDGES SOCIAL CLUB

Sidelights From Germany

By GEORGE MAHON

In a previous report I made reference to England where food is scarce and where life is hard for the British. From London our Congressional committee on Foreign Affairs proceeded to Germany for three weeks. This was not time enough to see much but one of our sub-Committees will spend three weeks in Germany.

Generally speaking, Germany after the lapse of two years since V-J Day is still a nation of rubble and ruin. It hardly seems possible that places like Berlin, Essen and Frank-

furt could be rebuilt within a decade. Some progress is being made in clearing the rubble and reestablishing business and industry but Americans who have not seen the war damage in Germany cannot possibly visualize what German cities look like. At long last the German people know with complete certainty what war is like.

Here is one of our difficult problems in Germany: Russia and Poland have control of the pre-war breadbasket of Germany. The United States and Britain have joint control of the industrial heart of

Germany but our area is far from being self-sufficient in food. Under our agreement with Russia, the Potsdam Agreement, Germany was to be operated as an economic unit but Russia has refused to live up to the agreement. Under the law of nations an occupying power must prevent starvation in the area occupied. We can escape this responsibility by pulling our troops out of Germany, but if we stay we must maintain order and prevent starvation. If we pull out of Germany, few doubt but that the vacuum would be filled by the Communists, which would mean that the full industrial capacity of the Ruhr would be at the disposal of the Russians.

I saw hundreds of German farms. I went into some of the farm homes and walked over some of the fields. The farms are extremely well cared for and, generally speaking, they have not suffered war damage. Fertilizer and equipment are needed but otherwise I doubt that there is much room for the improvement of European agriculture. The farmers apparently use every foot of ground to the best advantage. This year the crops are short because of the severe drought. Some of the Irish potatoes which were being harvest-

ed in Germany were little bigger than marbles.

German coal production is the key to economic recovery and coal miners are being given extra food rations to encourage output of coal. I visited a mine, talked with the miners and tasted some of the rations.

If the coal and industrial production in the British-American Zone can be sufficiently increased, this will enable the Germans to export enough to get the money to make up the deficit in food. That is the objective now being sought—to help the people help themselves.

There is no evidence of happiness in Germany. Indeed, there is little for these defeated people to be happy about. Yet they have no one to blame but themselves and their leaders. The people are not inclined to be friendly or to smile at passersby. Perhaps I mistook a state of hopelessness and bewilderment for unfriendliness.

Rarely do you see a man or woman on the streets of a German city who does not carry a satchel or small handbag of some kind. They are black-marketing, trading, and trying to devise means for getting food and other necessities. We went into some of their homes in the basements and bomb shelters of their devastated cities where conditions are the worst. Their cupboards were almost bare. Of course, there are

variations of misery among the people. Some of them live better than others. The people who live on the farms are in far better position than the rest of the population.

Prior to the war many of the nations of western Europe relied on Germany for coal and steel and heavy machinery. Germany's neighbors are now in difficulty because

these products are no longer available to them. How to permit the revival of Germany without encouraging the future rebirth of German militarism is the big question. The French are very vocal in opposing the revival of German production. America and Britain are trying to work out a level of industry for Germany which will enable Germany to become self-supporting without becoming a menace to the peace of the world. Of course, the Big Three have not yet made substantial progress on the Peace Treaty with Germany and until the treaty is made, makeshift policies

will have to be relied upon.

TO CONVENTION

Homer Pierce left Tuesday for Oklahoma City to attend the annual convention of the Photographic Society of America. The convention runs four days this week with a program of lectures and entertainment features. Mr. Pierce was honored by having one of his large photographs hung in the nature section of the society's salon at the convention. His subject was an ocean scene which he called "Time and Tide".

By Frances Ainsworth

School days are here again, and with them the school lunchboxes! Many friends have told me they dread the monotony of lunch packing — and that their children constantly beg for "something different". Well, I've found several ideas which my family enthusiastically approve — and I'd like to pass them along to you.

First, for an added touch of color, include some carrots sliced lengthwise into thin sticks. It's a simple matter to slice enough carrots for the entire week... place them in a bowl of water in the refrigerator, and they'll stay crisp and snappy until needed. Then, when fixing lunches, simply wrap the carrot sticks in waxed paper and twist the ends for the moisture stays inside.

I always wrap lettuce for sandwiches in a separate piece of waxed paper so the children can insert it fresh and crisp into the sandwiches when they're ready to eat them. That way the lettuce doesn't become limp — as it would if left in the sandwiches for hours.

Fresh fruit is always good for that lunchtime dessert — or a container filled with apple sauce or custard — these are nutritious as well as appetizing.

I save morning time by fixing lunchbox sandwiches the night before. By wrapping them in waxed paper and storing in the refrigerator, I can pop them into lunchboxes in a jiffy just as the children and my husband leave in the morning.

We housewives have a dozen pet uses for that handy roll of waxed paper... but I think that school days make us appreciate it more than ever! Don't you agree?

Five Plains FFA Boys Get Awards

Five boys from the Plains area of Texas, one from Sudan, who are outstanding in Future Farmer of America activities in the state have been certified as winners of the Santa Fe railway educational awards by R. Lano Barron, state advisor of the Texas association, Future Farmers of America, at Austin.

They are Robert E. Myers, Jr., and Oliver Lee Thompson of Lubbock, Charles L. Cade of Slaton, Clois Dean Wiseman of Sudan, and Hollis Ellis of Stamford. Cade and Thompson are students at Cooper high school in Lubbock, and are classified as American Farmers. Myers attends the New Deal high

school at Lubbock and also is an American Farmer. Wiseman and Ellis are state officers of the Future Farmers of America Association. Ellis graduated from Sweetwater, Tex., high school where he was a member of the FFA chapter but since his graduation has moved to a farm near Stamford.

The Santa Fe awards are cash sums approximating the total expenses incident to attendance by the winners at the National FFA convention held yearly in Kansas City in conjunction with the American Royal Livestock Show. Winners from Sudan, Slaton and Lubbock will receive their awards at a banquet to be held October 12 at the Hilton Hotel, Lubbock, which will be attended by FFA members from Area 1, when H. M. Bainer, general agricultural agent for the Santa Fe will personally present them.

SCHOOL DAYS

By DWIG

A breakfast in honor of the Santa Fe winners will be held the morning of October 21 at the Muehlebach Hotel in Kansas City, to be attended also by national FFA lead-

ers and representatives of the national farm press.

Soft Corn Requires Special Attention

Several Methods Given For Profitable Feeding

Saving soft corn will be a problem facing many farmers this year.

Much of the crop went in so late that frost became a factor in maturity, as well as in winter handling of the corn.

Next to chopping and feeding green, one of the best ways to get full value from soft corn is to put immature crops

in the silo or pasture them off with cattle, hogs or sheep, Capper's Farmer points out.

Another method used by many growers in the last big soft corn year, 1945, was to build emergency cribs five to six feet wide. The farmers set two rows of poles in the ground, wired the tops together to keep the cribs from spreading, and fastened woven wire or slat cribbing on the inside of the posts. These cribs, built in east and west directions, took best advantage of prevailing winds.

Farmers in many northern areas, where corn is likely to be caught by frost before it is mature, regularly cut up large quantities and cure it as fodder. Ears later are husked by hand or with a shredder.

Most hybrid corns are stiff stalked and have a good root system. They will stand with few fallen ears well into the winter. Since ears will dry with less spoilage on a standing stalk, many farmers prefer to let hogs, cattle or sheep harvest the crop.

JESSE GOSS TO BE WITH C. W. GOSS AUTO CO.

Jesse Goss, brother of C. W. Goss, is soon to become associated with the C. W. Goss Auto Company here, it was announced this week. He has been living in Los Angeles, Calif., and he and his wife and their two children are expected here about the 15th.

Mr Goss is an experienced service station man. Another brother, Elbert Goss, is in charge of the repair division of the firm.

Some New Weed Killers Give Excellent Results

New weed killers to supplement 2,4-D are appearing with good reports. Quack grass and crab grass are two weed pests which 2,4-D does not control. IPC was developed in England during the war and now is giving good results in the control of quack grass, stolons and seedlings, in tests conducted by the U. S. department of agriculture. It is harmless to persons and to some broadleaf plants.

THE STATE OF TEXAS, County of Bailey. Before me the undersigned authority, on this day personally appeared Helen Jones, County Treasurer of Bailey County, who being by me duly sworn, upon oath says that the within and foregoing report is true and correct.

HELEN JONES, County Treasurer.
Sworn to and subscribed before me, this 6th day of October, 1947.
M. G. Bass, Clerk, County Court, Bailey County Texas (SEAL)

Heat Equipment Should Be Cleaned Before Winter

It's always a good idea to start fall cleaning with the heating equipment, says Mrs. Laurette A. Williamson, county home demonstration agent for Bailey County. She suggests getting this cleaning done before snappy fall days call for heat in the house.

Check all fireplaces, flues and chimneys to be sure they are sound and in good repair. Roof fires are usually caused by sparks leaking out through cracks in the chimney. Mortar can dry out and crumble so that in time bricks may loosen, so cement all these cracks when you check.

Make sure your stoves and other heating equipment are in good condition to operate safely. Stove pipes should be checked for rust holes and worn spots. All joints should fit snugly. If the roof needs repair, tend to it now and if it needs replacing, make the new one fire resistant.

Many disastrous winter fires would be avoided if home owners checked, cleaned and repaired heating equipment carefully in the fall and if chimneys, flues and roofs were cleaned and freed from trash, leaves, bird nests and other fire hazards.

KNOW YOUR BREED Morgan Horse
By W. J. DRYDEN

Justin Morgan was the fountainhead of the first great family of American horses. The Morgan strain secured its name from the man who bred the original Morgan horse and owned him until late in 1795.

For 150 years Americans have been proud to claim Morgan blood

Good example of a Morgan horse. In their horses. It implied energy, courage, bottom and excellent saddle horse. The breed is being perpetuated at the United States Morgan horse farm, Middlebury, Vt. In height it ranges from 14.2 hands to 15.2 hands, with 15 hands being given preference.

Needmore Rebekahs Celebrate Founding

September 25th was open house at the Needmore I. O. O. F. hall. A large crowd of Oddfellows and Rebekahs and their families, with many visitors from Muleshoe, Morton and Littlefield lodges were present to see Bro. Cole present to Mr. Neal Warren a 25 year Oddfellow pin. Neal Warren became an Oddfellow at Hollis, Okla., some 25 years ago, and his links have never been broken.

The Needmore Rebekahs presented a short program celebrating the founding of the Rebekah lodge. The chairman, Lois Witherspoon, gave a short introductory, telling why

they were celebrating, which was followed by a song, "God Bless America" by the audience. A talk, "Rebekah Oddfellowship" by Jean Moore, followed by a reading, "The Three Links," by Minnie L. Simms. Lily Belle Carpenter gave a "History of Needmore Rebekah Lodge," which was followed by a vocal solo by Faye Jerene Smith. Bro. Cole gave the benediction.

The Needmore Odd Fellows served the refreshments of watermelon, ice cream and cookies.

MR. AND MRS. HARMON CHURCH OF CHRIST HOSTS

Mr. and Mrs. Bill Harmon were hosts to members of the Muleshoe Church of Christ at their farm home southwest of Muleshoe Tuesday night, October 7. A basket lunch was served.

About seventy persons attended.

Bruce Horsley, Miss Pat Perkins Wed In Abilene Ceremony

In a double ring ceremony at Abilene, Texas, Saturday morning, September 27, at 10 o'clock, Pat Perkins, daughter of Mr. and Mrs. Raymond L. Perkins became the bride of C. Bruce Horsley, son of Mr. and Mrs. C. A. Horsley of Muleshoe.

The Rev. Marvin H. Boyd, pastor of the First Methodist Church, read the service in the home of the bride's parents, 1025 Vine street.

The bride, who was given in marriage by her father, wore a Palmiano charmaine gabardine suit with brown accessories and corsage of white blossoms. She wore a single strand of pearls, a gift of the groom's parents.

Judy Powers served as her maid of honor, and Paul Gardner of Muleshoe was best man.

John Rogers, student in McMurry College, gave the wedding music, and lighting the candles were the bride's brothers, Robbie and Dallas Perkins.

The couple is spending the weekend in Lubbock and will return to Abilene to live, at 1926 Sayles street. They are students in McMurry college, members of the sophomore class.

Mrs. Horsley was graduated from Abilene high school, where she was elected "most representative girl" in the senior class; served as freshman class secretary; member of Delta Beta Epsilon, pep squad and high school chorus. She was vice president of the Texas high school home economics association and made several trips in the interest of that organization.

Mr. Horsley was graduated from Muleshoe high school and attended John Tarleton college, Stephenville, before enlisting in the Army where he served 18 months, one year of the time overseas.

Those attending the wedding from Muleshoe were: Mr. and Mrs. Chet Horsley, Mr. and Mrs. J. S. Horsley, Mrs. Robert Kimbrough, Mrs. Finis Kimbrough, June Wagnon, Bill Pierson, Helen Holt and Paul Gardner.

Mrs. F. B. Gaede, now of Limon, Colo., also attended.

Mrs. Hart Heads Fidelis SS Class

The Fidelis Class of the First Baptist Church met October 2 in the home of Mrs. A. E. Lewis for their regular business and social. New officers were in charge. They are:

Mrs. E. R. Hart, president; Mrs. Cecil Tate, vice-president; Mrs. L. C. Roddam, secretary; Mrs. Arlie Thomas, assistant secretary; Mrs. I. H. Robinson, treasurer; Mrs. Joe Damron, reporter; Mrs. E. C. McWilliams, corresponding secretary.

Mrs. McWilliams brought the devotional.

Mrs. C. A. Barnett and Mrs. M. F. Green had charge of the social hour. Refreshments were served to the following members and one guest: Mesdames G. C. Bristow, Eddie Lane, S. L. Busbice, J. C. Cummins, M. F. Green, C. A. Barnett, E. R. Hart, E. C. McWilliams, L. C. Roddam, Joe Damron, A. W. Crow, L. L. St. Clair, Tye Young, F. H. Davis, W. B. McAdams, Ray Griffiths, C. E. Lave, a guest, Mrs. R. K. Sneath, the hostess, Mrs. A. E. Lewis, and co-hostess, Mrs. Cecil Tate.

Sunshine Club

The Sunshine Club met with Mrs. H. D. Crawford October 2, with ten members present. Roll was called and each answered with a verse from the Bible.

The club quilt brought a total of \$38.28, chances with pencils having been sold. Mrs. Arlie Thomas of Muleshoe was the lucky lady. Her name was drawn from a box that held all names that had purchased a pencil with a chance for the quilt. The proceeds will be used to help Boys Ranch and other worthy causes.

A business session was held and plans were discussed for our next meeting which will be October 16 in the home of Mrs. J. O. Crawford.

Delicious fruit salad and cookies were served to the following members: Mrs. Hart, Mrs. Ike Stinson, Mrs. Frank Rowland, Mrs. George Chambless, Mrs. Dawkins, Mrs. R. P. Johnson, Mrs. Merle Barnhouse, Mrs. L. D. Tipton, Miss Dorothy Dawkins and the hostess, Mrs. H. D. Crawford.

Joyce Stevenson And A. L. Humphrey Wed

Miss Joyce Stevenson, daughter of Mr. and Mrs. Ed Stevenson of Needmore, and Mr. A. L. Humphrey, son of Mr. and Mrs. Wilson Humphrey of Clovis, were united in marriage in a ceremony performed Wednesday evening at 6:30 o'clock in the home of the bride's sister, Mrs. Blondie Tuckett, in Muleshoe. Rev. Hubbard, pastor of the Assembly of God Church, officiated.

A number of relatives and friends were in attendance. After a tour of Old Mexico, the couple will be at home in Clovis, where Mr. Humphrey owns and operates the Humphrey Dairy.

ternoon on a subject concerning the "Improvement of the W. S. C. S." Reports were given by each society represented.

A committee was appointed to select a name for the zone and the name "Hester Dale West" was selected.

The following societies and their representatives were present: Mesdames Hugh F. Blaylock, John Welch, M. O. Carter, R. L. Drake, Jack McCord, J. L. Hinson, P. L.

MRS. MARY WILLIAMS DIES IN SOCORRO, N. M. HOSPITAL

Word was received here Thursday morning of the death Wednesday, Oct. 8, of Mrs. Mary Williams in the Socorro, N. M., hospital. The family had been here for a visit with relatives and were en route home to Hot Springs, N. M.

She was a sister of Mrs. R. J. Klump, Muleshoe, and Mrs. Howard Carlyle of San Angelo.

Funeral services will be held at 3 p. m. Sunday in the Methodist church at Texico, N. M. She is survived by her husband and a son.

Cunningham, L. B. Ginn, N. L. Cleavinger, Henry Bock and Sam Cearley, all of Earth.

Mesdames J. H. Boyle, J. L. Shaffer and P. L. London, Friona; Mrs. Bedford Caldwell and Mrs. Vernon Estes, Bovina.

Mesdames S. C. Beavers, David Anderson, I. F. Willman, H. C. Holt, H. O. Barbour, I. W. Haney, Bill Moore and Truett Craft, Muleshoe. Mrs. T. L. Kent and Mrs. F. E. Kepley, Oklahoma Lane.

Miss Dottie Wilterding, Mesdames Jessie Lewis, Mervin Wilterding, and E. T. Bryant, all of Y. L. Mrs. Homer Brumley, Hereford.

**Dairy Roughage Is
Needed This Winter**
College Station—In a very short
time, Texas dairymen will be up
against winter-time feeding condi-
tions.
Realizing what the feed situation
is likely to be, many dairymen are
looking for ways to avoid the high-
price slap that seems to be coming.
Extension dairymen at Texas A.
and M. College, looking back over

**Eddie Lane &
George Hicks**

the years they've seen dairy farmers
face the same situation, say that a
first and wis step will be to see
that each pound of feed is used to
best advantage. Every dairy herd of
any size has some cows that need
culling out, because they won't be
producing when the feed load is
the heaviest.

During the few weeks before frost,
there will be the opportunity to put
up more hay and silage, and every
pound of good roughage will come
in handy this winter, the dairymen
say. So, between now and frost, a
good job of harvesting hay and sil-
age crops is No. 1 on the list of
dairy farming chores.

-Farm Notes-

LEAVE VEGETATION ON LAND—PREVENT BLOWING

Lubbock—Farmers should leave all possible vegetation on the surface of the soil to serve as a windbreak and prevent soil erosion by blowing, according to Dr. A. W. Young, head of the Texas Technological College plant industry department.

Plows of the Hoeme type that work soil underneath the surface

without pulverizing topsoil are highly desirable as further protection against wind erosion, he said. When the soil is dry the chisel points should be set deep, but if moisture is present to be conserved, sweeps should be set for shallow cultivation.

Dr. Young sees little prospect for a "dustbowl" in the immediate vicinity of Lubbock because sufficient vegetation is now on most of the land to hold it if it is not grazed too closely and if farmers do not destroy all vegetation in their fields

by improper plowing. Much acreage in other sections, however, that has been broken for cultivation should be seeded back to pasture, he warned, pointing out that only deep soil should be in cultivation. Unless the owner is sure that new sod is deep, he should consult a soil conservation authority before breaking new grass lands for cultivation, the professor stated.

FOR BIGGER DIVIDENDS
College Station—Good management practices by Texas livestock and poultry producers are likely to pay even bigger dividends the remainder of this year and on into 1948, says C. H. Bates, farm management specialist of the Texas A. and M. College Extension Service. Economists of the U. S. Department of Agriculture point to the probable continuance of heavy exports on grain, cotton and other staple commodities as a factor which is bolstering prices. The prospec-

tive short corn crop, says Bates, is influencing the level of other feed prices, which affects production costs of meat animals, dairy and poultry products. In the face of higher feed costs, wise producers will aim at the best possible returns from purchased and home grown feed, the farm management specialist says, and suggests that they consult their local county agent for specific information on feeding and management practices. Bates points out that careful plans laid now can mean more profits, whether prices go up or down in the future.

New Directors Of C of C Elected
Five new directors for the Muleshoe Chamber of Commerce were named at the noon meeting Friday. They are: Irvin St. Clair, H. S. Sanders, Sam Fox, Pat R. Bobo and Jesse M. Osborn. The five were elected from a group of ten who were nominated in a referendum held the week before. They will meet and organize by electing officers.

Questions and Answers about Adequate Wiring

Q.—WHAT IS ADEQUATE WIRING?
A.—Adequate Wiring simply means having enough circuits, large enough wire, and enough outlets and switches in your home to furnish electric service to all the electric appliances you have now and will want in the years to come.

Q.—Why should you have Adequate Wiring?
A.—So that you may enjoy the conveniences and economies offered by full use of your low cost electric service.

Q.—How can you tell if the wiring in your home is adequate?
A.—Call or write your nearest Public Service Company office or your electrical contractor. They will tell you in a jiffy.

Q.—Is Adequate Wiring expensive to install?
A.—No. The benefits you will receive from Adequate Wiring are far greater than the cost. Also Adequate Wiring will enhance the value of your property.

Q.—What does Adequate Wiring mean to homemakers?
A.—It means that you will begin to live better—electrically. Adequate Wiring means better cooking for you; more efficient refrigeration and water heating; easier washing and ironing, better lighting.

NOW—make a date to OIL-PLATE!

Great to win, tough to lose!
With baseball, we're like anybody! With cars, we change losers into winners, quick! By changing played-out summer oil for fresh, clean, free-flowing winter-grade Conoco Nth!

Conoco Nth Motor Oil (patented) includes an added ingredient which fastens extra lubricant so closely to metal that cylinders are OIL-PLATED.

This extra OIL-PLATING resists gravity... stays up, won't all drain down even overnight! So, you're extra-protected from metal-eating, combustion acids... from "dry-friction" starts... from carbon and sludge caused by wear!

For extra start-up, pick-up and power... for extra smooth, silent miles... make a date to OIL-PLATE today!

Your Conoco Mileage Merchant

SOUTHWESTERN PUBLIC SERVICE COMPANY
23 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Enochs Club Met In J. W. Parsons Home

The Enoch's HD Club met in the home of Mrs. J. W. Parsons Sept. 25 with 14 old members and 3 visitors and 2 new members present.

Each member answered roll call by giving a helpful hint. Mrs. Laurette Williamson was not present because of the Fair. Several of our members agreed to help in the Fair booth. Mrs. R. P. McCall thanked the club for the flowers that were sent

her while she was in the hospital. We meet in the home of Mrs. C. C. Ball October 9. Everyone is invited.

Lubbock To Honor State Legion Head

Lubbock, Oct. 8—West Texas Legionnaires will get a chance to show other Texans how old western styles can be carried out while honoring George S. Berry as State Department Commander of the American Legion here October 18.

Gov. Beauford H. Jester and many other state officials and top officials of the Legion and Veterans of Foreign Wars throughout the state will be invited to take part in the Texas American Legion Roundup at the "Jersey Lilly" in honor of Berry.

Barbecue, son-of-a-gun and sourdough biscuits will be served to World War I and II veterans from 5:30 to 10:30 p.m. at "Big Foot" Davis' near replica of Judge Roy Bean's establishment on the Pecos.

Howard C. Davison, Lubbock Attorney and general chairman of the event, said never before had a city in Texas put on such a big affair to honor its native son after he has been elected state Department Commander. Hundreds of persons have been invited to attend.

Those attending will have the opportunity of seeing the Texas Tech-Baylor football game in the afternoon. Transportation will be provided for all visitors from the

CELEBRATED COLLECTORS

Lucille Ball, movie star, has a collection of more than 400 dolls from 23 countries.

Another famous collector is Mrs. America, who, in the past five years, has turned over to her meat dealer 625,000,000 pounds of needed used cooking fat.

football game or from downtown Lubbock.

F. H. A. Elects Prince Charming

Mr. and Mrs. J. E. Perkins and Mr. Albert Perkins are spending a few days in Hot Springs.

The FHA met October 2 for their second meeting of the year. We chose our Prince Charming who was Mack Ragsdale; also we elect-

ed our Club Mother, who was Mrs. F. H. Davis. Her helpers are to be Mrs. J. T. Klepper, Mrs. Bill Collins and Mrs. C. D. Hoover.

The constitution and the creed were read at the meeting.

We decided on our class dues and the girls are to turn their pictures in for our scrap book when they pay the dues.

We chose the date for our formal initiation as for Tuesday, October 14, and our informal initiation will be Wednesday and Thursday, October 15 and 16.

The guides for our informal initiation are: Marion Davis, Betty Jo Guthrie, Dorothy Waggoner, Billie Jo Bartlett, Juanita Hoover, Darlene Klepper, Thelma Truelock and Edith Henry.

Burning Trash Brings Fire Alarm

Muleshoe Fire Department acted quickly Sunday evening in extinguishing a trash fire blaze that soon might have endangered nearby buildings. Some old rubber tires were included in the trash being burned. It made a hot blaze.

Fire Marshal W. E. Young issued a warning to people about burning trash near property, saying that a disastrous fire is going to occur unless the practice is stopped. Care should be exercised in setting fire to very large trash piles, for the flames might get out of control.

A. W. Copley and children spent Sunday in Amarillo.

Mrs. Dora S. Bailey and Mrs. Lillian S. O'Donnell of San Antonio have returned to their home after spending a week with their cousin, Mrs. A. W. Copley and family.

Mr. and Mrs. S. E. Caldwell have just returned from a nine day trip to the West Coast. They took their daughter, Mattie, who has been visiting here, to her home in Long Beach. Points of interest visited

Canyon, Boulder Dam, Las Vegas, Nev., San Francisco, Sequoia National Park, Long Beach and San Diego.

Herds and Flocks

Fall pigs should be kept gaining from the start. If they stop gaining it is harder to get them started again, and it takes more feed. Don't let them lose their milk fat.

Keep weeds cut under your electric fence, to prevent grounding. Set the posts at an angle and you can keep the weeds cut with the mowing machine.

Flush ewes before the breeding season—that is, feed them generously so they will be gaining at breeding time. Changing from scant to good pasture, or feeding some grain, will put the ewes in better condition. Flushing results in more certain breeding.

Cows due to freshen in late fall should be dried off and given eight weeks of vacation to get ready for the blessed event. During this rest period, feed a fitting ration to keep the cow in good flesh and help develop the calf.

THE UNDERWOOD—Not a hint of the commonplace can you find in this attractive four room cottage. The Underwood is a mellow house, pleasantly flavored with English characteristics from the dove cote on the front gable to the hospitable trellised porch with its wide, deep seats. It's a warm, friendly kind of a home with its huge, squat chimney the focal point of the exterior and the cozy brick fireplace the family center of its well-planned interior.

The little front gable with flush siding above the entrance door gives the house the impression of clinging close to the ground, a desirable characteristic of the cottage type of architecture. Its wide bay of casement windows brings in light and air and add an unusually attractive note to the exterior. The large covered porch, 15 feet long by 10 feet wide, invites comfortable, outdoor living. A garage may be attached to the opposite side of the house to balance the porch if desired.

The Underwood working drawings show a conventional, full basement with plenty of room for laundry tubs, storage, work shop or for a game room in which the youngsters can entertain their guests.

The living room is not large but ample. It is meant to be supplemented, whenever weather permits, by the porch that opens off it. The kitchen is the efficient straight-line or corridor type. The bedrooms have two-way ventilation. The childless couple or the family whose children have married and started homes of their own might easily convert the front bedroom into a dining room or combination dining and guest room. In such a case it should have a door opening into the living room. If it is to be used

solely as a bedroom this door should be left out.

As with all the plans of our Housing Plan Series, the Underwood was designed to comply with the requirements and standards of the Federal Housing Administration. To insure convenience, efficiency and safety in its electrical installation, the wiring plan has been checked and approved by National Adequate Wiring Bureau. Complete detailed blueprint and specifications from which this home may be built are available at \$7.50 per set from Housing Plan Service, 140 Nassau St., New York 7, N. Y.

NEWS BRIEFS

Maurine Wilterding, daughter of Mr. and Mrs. Mervin Wilterding, who is attending McMurry at Abilene, was home over the week end.

Miss Eunice Florence of Levelland spent the week end in the home of Miss Mildred Davis and Mrs. Snow Lewis.

Congratulations to Mr. and Mrs. Homer Sanders, Jr., on the birth of a son, Michael Brooks Sanders, Sunday, 11:35 a.m. at the Green Hospital and Clinic.

Mr. and Mrs. O. N. Joiner and son, Murray, of Lubbock were visitors Sunday in the homes of her brothers, H. D. King and Robert King and families.

A. W. Coker, a former resident of this county, now residing in Los Angeles, has been here on business and visiting with relatives and old friends. He is a brother of V. D. Coker of Earth.

Mr. and Mrs. Thurman White accompanied a group of Cash Way Grocery employees of this district on a weekend trip to Denver, Colo.

Mr. Louis P. Dawkins, Planning Engineer for the State Conservation Board, whose office is in Plainview, was a visitor in Muleshoe last Saturday.

College, Abilene, spent the weekend here with his parents, Mr. and Mrs. Finley Pierson.

Mrs. Bucy Holly accompanied Mrs. Lilla Melendy to Oklahoma City, where Mrs. Melendy is to go through a medical clinic.

Mrs. L. O. Copley left Sunday for her home in Richmond, Va., after visiting for the past three months with her son, A. W. Copley and family. Mrs. A. W. Copley accompanied her mother-in-law to Birmingham, Ala.

Billy Pierson, student at McMurry

Jackets Gained Moral Victory In Sudan Defeat

In holding surging Sudan to a one touchdown margin here last Friday night, the Muleshoe Yellow Jackets, although they lost, "won a moral victory," in the language of the sports fan. The Jackets delighted their followers by the splendid battle they made out of what was doped to be a one-sided triumph by the older, more experienced, heavier boys. The score was 21

to 13.

Sudan has no less than seven letter men. Five of these boys are veterans of two or more campaigns. Their team is experienced, averages a few pounds heavier than Muleshoe's starters and the boys average older in years. Added up, these proved considerations that gave the visitors what it takes to stage a rally in the fourth and final period to overcome a lead Muleshoe had established earlier in the game.

Ralph May and Jim Eddins teamed up in Sudan's backfield to spell defeat for the game Jackets. These two boys could have a place on most any high school team in the country. May, aided and abetted by Eddins and others, counted most of Sudan's points.

For Muleshoe Don Mickey Sanders and Weldon McCarty sparkled in the backfield. It's Sanders' first year, no one ever heard of him before, and the fans have been asking where he has been all this time. Sanders is big and fast. He knocked off several long runs, one resulting in a touchdown. But it's his last year to wear the purple and gold of Muleshoe high school. McCarty made the other touchdown for the Jackets.

May broke away for nearly sixty yards to start the scoring. He carried across for the extra point and the score was Sudan 7, Muleshoe 0 a few minutes after the starting whistle.

In the second quarter McCarty slipped across to score from the 9

yard stripe. Don Barnett, end, caught the pass from Billy Don Barbour for the extra point, making it 7 all.

In the third, after the ball had been worked down to the Sudan 23, Sanders tore off tackle and went over for the Jackets' second and final marker. The pass for extra point failed, Muleshoe 13, Sudan 7.

In the fourth period, a lateral, Eddins to May, carried to the Muleshoe 5, from where May went over and then ran for the extra point. Sudan 14, Muleshoe 13.

Eddins and May again teamed up to place the ball in scoring position and from the 11 Eddins passed to

end Bob Bouldin of Sudan for the touchdown and May ran across for the extra point. Sudan 21, Muleshoe 13.

**BIG BARN MOVED TO THE
FARM OF DR. LEWIS**

The Bob Roberts barn, a landmark in southwest Muleshoe for several years, has been bought by Dr. A. E. Lewis and has been set up on his place northwest of Muleshoe. A basement was dug before the barn was placed. It will be used for storage.

Something New For the Safety-Pin Crowd

There is something new under the sun. The latest innovation by Pacific Mills is a fitted crib sheet. This contour sheet is so designed that it slips on over the mattress and fits it snugly on all sides, eliminating the necessity of mitering corners and tucking beneath or pinning.

This new contour sheet is completely Sanforized to prevent shrinkage of more than one percent. It fits snugly at all times so that there are no wrinkles, and so that the child cannot pull it out. This crib sheet is on sale in leading stores throughout the country. It retails for slightly under two dollars.

WHEAT PLANTING STILL DELAYED BY DROUGHT

Planting of wheat in the Muleshoe area still is delayed by lack of moisture. Already it is getting late to plant, most farmers saying

it is imperative that wheat be planted not later than October.

Volunteer wheat has not come up so it can be plowed under in preparation for planting, excepting where the ground has been watered.

Farmers Wise In Buying Bonds

The most uncertain thing in a farmer's world is the weather. The second greatest hazard is his income from year to year since it depends on the weather and on prices for his products. Both uncertainties

FAMOUS PAINTING ARRIVES—Rosa Bonheur's Horse Fair, one of a \$1,500,000 collection, has arrived for exhibit at the Museum of Fine Arts at the State Fair of Texas. The collection, the greatest ever exhibited in the Southwest, is being loaned by the Metropolitan Museum of Art, New York. On guard are Texas Rangers Bob Crowder, left, and E. J. Banks. Museum Director Jerry Bywaters is shown directing the unpacking of the famed picture.

have so far been unsolvable, but there is a way for the farmer to weather the storms of both the weather and the dirth of income: Wise investment during the fat years in U. S. Savings Bonds.

This year, while farm incomes are the highest in history in most instances, is the year of years that the farmer should invest his surplus income. U. S. Savings Bonds offer him the safest investment in the world's history and at the same time insure him of a fair return for his invested money.

Land values may go up or down. Food prices, now at the highest level in history, should by all logic start a downward trend soon, so expansion is a dire risk at present. The export market, which directly affects every American farmer, is also uncertain and is a considerable risk for future markets.

On the other hand, there is no safer investment in the world today than U. S. Savings Bonds. By regular investment in them the farmer builds up a financial reserve that he can use in emergencies at any time, never receiving less than he invests. If the reserve is never needed and left to accumulate interest, the farmer receives four dollars for every three at the end of ten years. For instance, \$3750 invested this year will bring back \$5000 in 1957. History has repeated itself since the first recorded pages. It is certain to do so again. Our soundest

advice to the farmer during his lush years is to prepare for the lean ones by investing a minimum of 10 percent of his income in U. S. Savings Bonds now.

Dried Sweet Potatoes Prove Excellent Food

Sweet potatoes prepared for feed by slicing and sun drying were compared with cracked No. 3 yellow corn in a series of digestion and nitrogen balance trials with steers and lambs by Oklahoma experiment station. On the basis of total digestible nutrient content the dried sweet potatoes had 92.3 per cent the value of No. 3 corn. Nitrogen retention by steers and lambs was practically the same.

This Land of Ours Must Now Be Saved

One of the greatest costs of the war, to America, was the depletion of her soil. Demands for increased production, forcing of land without returning necessary food, shortage of fertilizer and the lack of labor to properly plant soil protecting crops has resulted in erosion and barren soil in hundreds of thousands of acres of land.

Mostly Static --

BY BERRY

Howdy Folks: The best suggestion we've heard lately is that the insurance companies base their rates on how old a man feels.

An insurance company is an institution that you can't convince that life begins at forty.

Of course there's one advantage in being old, you don't have to be told that you're getting old all the time.

Thirty is a nice age for a woman, especially if she's forty.

The woman who says she won't marry until she's thirty probably stays thirty until she's married.

At twenty a man wishes he could save the world. At thirty, he wishes he could save a part of his salary.

Many people are buying our Universal Line of Appliances and saving. Why don't you? We have several hard to get items. Come in for a visit.

New Maytag Home Freezer

A new home freezer described as a "complete kitchen unit" has been announced by The Maytag Company of Newton, Iowa. With its net cubic feet of locker storage space and a capacity of 300 lbs. of meat or 240 lbs. of mixed packages, it maintains an operating temperature of zero Fahrenheit in all climates. When closed it provides a porcelain enamel utility table top with attached drop leaf for dinette purposes, large enough for two people. Inset shows counter-balanced lid opened and defrosting tray in use.
