

# HALL OF REMARKS

BY HERREL HALLMARK

**MAKE PLANS** now to be in Cisco next Monday, July 4th, and enjoy the activities scheduled at City Park throughout the day. More may be found on the annual activity elsewhere in this edition of The Press.

**WHILE YOU** are making plans, you might mark your calendar for the week of July 8-10 and plan to take your family to the show in Eastland. A new movie called "The Prodigal" will be shown at the Majestic at that time and it comes very highly recommended.

A special preview showing was held at the theater last Thursday morning and area pastors attended the showing. They say it would be a very worthwhile show to see if at all possible.

Discount tickets are supposed to be available for church groups. Check with your pastor.

**THANKS TO** city summer crews, the sides of streets really look nice along 8th Street and Conrad Hilton Avenue in Cisco, especially in the downtown section.

A suggestion from a local lady was for downtown merchants to help by killing out the weeds in the sidewalks in front of their businesses. She said if you poison them, they won't come back until next year.

**SUMMER IS** here as the temperatures seem to climb higher and higher each day. Area temperatures on Monday were reported in the 100s with expected temperatures on Tuesday in the high 90s or

## Revival Begin

### At Church

### Here Wednesday

There will be a revival starting Wednesday night at 7:30 p.m. through Sunday. It will be held at the Landmark Apostolic Church at 409 W. 11th, in Cisco.

The Rev. Billy Sinsing will minister. He and his family will also minister in special singing.

The Rev. Jay Williams, pastor of the Landmark Apostolic Church ask that anyone needing a ride to please call this number 442-4177.

## Thornton Feed

### Mill Will Close

### For Holiday

Thornton Feed Mill of Cisco will be closed on Saturday, July 2nd and Monday, July 4th, in observance of the holiday.

## Steve Jackson

### Will Be Licensed

### For Ministry

East Cisco Baptist Church will license Steve Jackson for the Gospel Ministry in a service Wednesday night at 7:30.

Steve is the son of Drew Dan and Bertie Jackson of Cisco. He is now serving as Minister of Music and Youth at Ovalo Baptist Church.

Steve is a graduate of Cisco High School. After attending Cisco Junior College for a year and a half, he is enrolled in Hardin-Simmons University.

East Cisco Baptist invited the public to attend the service. A fellowship will follow.

## Inspiration Church Enjoys Sing

Friday evening, June 24 there were 88 people to join in good fellowship and feast on the 30 pounds of fried fish, salads, dessert, and tea at the Community Inspiration Church of God, Camp Inspiration, Highway 80 East.

even the 100s. A storm blew through the Cisco area early Tuesday morning with thunder and lightning and gusty winds. Very little rain fell in the area, but the little that did fall certainly cooled things off for a while early in the morning.

However, it did not take long for the sun to warm the temperatures back up Tuesday, calling for air conditioners to be turned back on before noon.

"LEARNING THROUGH DOING" is how the CHS drum majors Tracey Couch and Cheryl Casey spent the nine hours of instruction they received each day.

## Two Local Girls Attend June Drum Major Camp

Tracey Couch, Cisco High School Band Drum Major, and Cheryl Casey, CHS apprentice Drum Major, returned to Cisco Friday from drum major training camp held at East Texas State University in Commerce, Texas, June 19-24. The two CHS student leaders were among 90 drum majors from four states who attended the week-long session. Some of the abilities they gained were greater physical conditioning, fun-

damental and advanced marching, voice commands, conducting the band, and leadership skills.

"Actually, they gained something more valuable—a tremendous sense of accomplishment with the confidence to tackle difficult situations proficiently," added CHS band director Al Young, who is attending graduate school at the same university this summer. "The demand regimen of instruction had them working

nine hours each day, six hours of which was outside on the hot marching field."

Tracey Couch, daughter of Mr. and Mrs. James Couch, was awarded one of the three "Most Improved" awards, and was fifth of her class in the competition for the coveted "Most outstanding Drum Major" award, which is chosen by their fellow drum majors and the instruction staff. Cheryl Casey, CHS drum major-in-training was fourth in the tabulation for the "Most Improved" award.

One of the mottos of the camp is "The toughest week you'll ever love." "That sure is true," exclaimed Tracey. "It was unquestionably the most challenging week of my life, but at the same time, a great experience." Cheryl added, "I can't wait for band practice to begin now. I know we are going to have a great year."

The camp also emphasizes character development as well as the skills and attitudes that outstanding student leaders need. Mr. Young said that without a doubt, these two fine young people have returned to Cisco "a little wiser, a little stronger, and a little more able to handle the challenges that they will meet in life."

At the camp this past week were also six-hundred rifle corps members. It was the third of six one-week camps held at the university. Other camps instructed choirs, bands, drill teams, and two other sessions of flags, rifles, and drum majors. Approximately 3500 students will attend camps this summer.

STANDING TALL and proud is how CHS drum major Tracey Couch (right) and CHS apprentice drum major Cheryl Casey appear after their week at drum major camp.

## Janice Latham Is Promoted

local news in brief

**COLLEGE STATION** — Ivan L. Hurlley of Cisco, spring graduate in horticulture, has earned "Distinguished Student" status at Texas A&M University.

Recipients of the "Distinguished Student" honor must earn at least 3.25 grade point ratio, out of a possible 4.0, during the most recent grading period.

## Janice Latham Is Promoted

Mrs. Janice Latham has been promoted to be an assistant cashier by Inter-First Bank of Odessa, according to an announcement by Jerry N. Carson, chairman of the board and chief executive officer. Mrs. Latham had been serving as installment loan operations supervisor.

Mrs. Latham joined Inter-First in September, 1982. Prior to that time, she was the staffing supervisor and officer manager for OPI and has previously worked for Gibson Distributing Co., Commercial Bank and Trust Co., Midland-Odessa Symphony.

A graduate of Cisco High School and Odessa College, Mrs. Latham has completed the AIB Course in Credit Ad-

## July The Fourth Program Is Nearing Completion

Plans for the community's annual July the Fourth observance, which will be held Monday at City Park, were nearing completion Tuesday, it was announced by Manager Randy Speegle of the Chamber of Commerce.

The day's program will begin with a flag raising ceremony at 9:45 a.m. and continue all day with a big fireworks display in the vicinity of the park baseball field as the climaxing event around 10 p.m. There will be a big assortment of games and events for all age groups.

The park will be the site of the annual Cisco Lions Club Carnival that will open at 11 a.m. and remain open all day. A food booth will be open to serve barbecue sandwiches and other food and drinks throughout the day.

Ivan Webb is chairman of the CofC's July the Fourth Committee, which includes Shirley Hargrave, Bruce Smith, Carroll Scott, Ricky Watts and Roy Dennis. Mr. Webb said the CofC still needs money to help pay for

the program, including the fireworks show.

Mr. Speegle listed the day's program as follows:

9:45 a.m. — Flag raising (Dickey Seider, buglar).

10:00 a.m. — Horse shoe tournament, washer pitch tournament and domino tournament, Cisco Jaycees in charge.

10:00 a.m. — Swimming and diving contest at pool, pool personnel in charge.

11:00 a.m. — Lions Club Carnival opens.

12:00 noon — Lunch (Lions Club food booth) featuring barbecue.

12:00 noon — Splash Day begins at swimming pool.

12:00 noon — Country and western band plays in park.

1:00 p.m. — Senior Citizen Rhythm Band plays in park.

2:00 p.m. — Special music.

2:00 p.m. — Games, including egg toss, sack race, three legged race, nail drive, and softball throw. Jaycees sponsoring.

4:00 p.m. — Baseball game scheduled with Cisco Jaycees vs team to be named.

5:00 p.m. — Dinner hour at Lions Club food booth.

6:00 p.m. — Country and western band plays in park.

7:00 p.m. Rhythm Band (senior citizens) plays in park.

8:00 p.m. — Special music.

Final — Fireworks display, Bruce Smith, chairman.

Mr. Speegle invited anyone interested to sign up for any of the games ahead of time at the CofC offices.

## Conserve Water Is Urged Here

Lake Cisco hasn't caught a significant amount of water since October, 1981, and the time has come for citizens of the city to begin practicing conservation, City Manager Mike Moore reported this week.

"Water is a precious commodity and one of our limited assets," Mr. Moore said. "With the hot and dry summer season beginning, we must conserve water when and where we can."

The city manager said there were no plans at this time to ration water "and there probably won't be if our consumers practice conservation and use as little water as they can."

Lake Cisco has not gained more than a foot of new water at any time since big rains in October, 1981, when several feet of new water poured into the lake, Mr. Moore said.

Water conservation tips as distributed by the Texas A&M University Extension

Service were listed by Mr. Moore as follows:

1. Showering — wet down, soap up and rinse and use four gallons instead of 25 gallons with the water running.

2. Brushing teeth — Wet brush, rinse and use half a gallon instead of as much as 20 gallons by leaving tap running.

3. Shaving — Fill basin with one gallon instead of using 20 gallons with tap running.

4. Tub bath — Minimal water level with 10 to 12 gallons instead of full tub of 38 gallons.

5. Dish washing — wash and rinse in sink with five gallons instead of tap running and using 30 gallons.

6. Washing machines — Use short cycle with minimum water level instead of full cycle and save half.

7. Outside watering — Water in late afternoon or evening only enough to keep lawns and plants alive.

## Lions Ready For Fourth Carnival

The Cisco Lions Club will operate six booths during their annual July the Fourth Carnival at the city park on Monday, July 4, according to an announcement this week.

Plans call for the booths to be manned by club members and in operation about 10 a.m. The booths will operate all day and will close after the evening fireworks show.

Chairman Bruce Smith announced workers for the various booths as follows:

Fishing Barrel, Jasper Cook, chairman — Sutton Crofts, Walter Knowlden, Jack Kennedy, Dick Woolley and J.C. Fletcher.

Add-up Darts, Ivan Webb, chairman — Derward Morris, J.W. Sitton, Robert Dudley, James Couch and

John McGuire. Dime pitch, Randy Speegle, chairman — Phil Schaefer, Eddie McMillan, Bobby Smith, Steve Thomas and Jerry McBeth.

Balloon Darts, Bruce Smith, chairman — Bruce Sellstrum, Carroll Scott, Dr. Chief Brown, Frank Barrett, Carl Bray and Fred Wheeler.

Coke Ring, Carl Gorr, chairman — Donald Gorr, Ralph Glenn, C.B. Dill, Charles Clark and Bob Conner.

Dunking Booth, Marcus Ray, chairman — Earl Ray, Rick Whately, Will Johnson, Clyde Fisher, Ken Hiammes, Arlie Whitley and Rex Fields.

Food Booth, Roy Dennis, chairman — Brad Kimbrough, O.L. Stamey, Wyley Peebles, E.L. Jackson, Olin Odom, Ronnie Ledbetter, Winston Heidenheimer, Jay Richardson, Rev. Cliff Reneau, Dr. C.M. Cleveland, and W.E. (Dizzy) Dean.

Lions will use profits from the carnival to finance the building of the picnic pavilion at the park and in other community projects.

## Holt Reunion

### Set Sunday

The Holt reunion will be at the Corral Room, Sunday, July 3.

Visitors are welcome.

## Gun Club Will

### Host Shooting

Cisco Gun Club will host a small bore silhouette target shooting match Saturday, July 2, at 6:00 p.m. The monthly meeting will be held following the shoot in the range club house.

All members are urged to attend.

## Eastland Man

### Wins Tourney

Steve Pennington of Eastland won first place for the biggest bass and the most bass in the Eastland County Bass Club's open night tournament at Lake Cisco last Saturday night. His prize was \$170 cash.

Second place went to Wilhard Johnson of Cisco and third was won by Dennis Campbell of Cisco. There were 25 fishermen in the contest.

The club's next night open tournament will be held Saturday night, July 23, at Lake Leon with the start at the dam.

## Golf Program

### Is Planned At

### Country Club

The July the Fourth weekend golf program at the Cisco Country Club will begin with a pro-am Saturday afternoon, July 2, according to an announcement this week. The event will be open to all golfers.

The program will continue Sunday and Monday, July 3 and 4, with the club's annual low ball mixed partnership tournament. In this event, anyone can enter with as many partners as he or she desires by paying \$10 for each entry. Team members may be men, man and woman or golfers.

Tournament chairmen are Bobby Smith and Delbert Schaefer. The pro-am will team A, B, C, and D players to compete for prizes of golf balls. Cash prizes will be given in the partnership tournament.

## CHS Classes Hold Reunion June 25th

Some 150 persons attended a reunion of Cisco High School Class of 1943 and several other classes of that period at the Corral Room of the Victor Hotel in Cisco Saturday, June 25.

The event opened at 2 p.m. with registration and fellowship in the big room. There was a barbecue dinner catered by Oscar's of Cisco at 6 p.m. A total of 111 persons ate dinner.

The Rev. Jack Garrett, pastor of the First Christian Church at Brownfield and a member of the Class of 1943, served as master of ceremonies for a program. After a welcome talk, he introduced guests and teachers. O.L. Stamey of Cisco, who was principal of Cisco High School in 1943, was introduced for a short talk.

Members of the classes registering were listed as follows:

Class of 1940 — Jean Jamison, Cisco; Emma Morris, Cisco; and Robert Grantham, Houston.

Class of 1941 — Wilburn Ghorrmley, Amarillo; Gail Jones, Atlanta, Ga.; Coy Warren, Abilene; Brenda Warwick Martin, Sweetwater; Bill Huffman, Houston; Charles E. Yates, Fort Worth.

Class of 1942 — Doris Jamison, Cisco; Betty Nix, Cisco; Jonnie Macias and Julie Macias (twins), California; Derward Morris, Cisco; Dorothy Isenhower Jackson, Brady; Polly McDaniel Wright, Cisco; Ruth Roach Coats, Goldthwaite; J.E. Proctor, Abilene; Nell Cook Sterling, California; Freda Erwin Brandon, Oklahoma; Cleveland Dunaway, Olden; L.J. Donohoe, Houston; and Bill Dill, Houston. Doris Jamison and Polly Wright were chairmen for this class.

Class of 1943 — A.D. Anderson, Dallas; Dorothy Jean

Anderson Hoffmann, Eastland; Richard W. (Dick) Bacon, Abilene; Wanda June Bond Jones, Roswell, Ga.; Patty Jean Boyd Gage, Houston; N.M. Coats, Goldthwaite; Harmon Scott Elder, Houston; Franz Douglas Essl, Houston; Peggy Gallagher McNeely, Irving; Jack Garrett, Brownfield; Jimmie Gorman, Mt. Calm, Texas; Jo Ann Harris Wagley, Putnam, Effie Hart Kamon, Cisco; Jimmie Hensley Johnson, Pecos.

Kenneth Huffman, Portland, Oregon; W.T. Ingram, Colleyville; Owen King, Cisco; Herby Litfield, Santa Ana, Calif.; John McCannies, San Antonio; Paul Mosley, Burnet; O.C. Penn, Pampa; Bill Philpott, Cisco; JoNell Rains Kierland, Alvarado; Jeffie Jean Robertson Thomas, Jackson, Miss.; Veda Ramsower Garrett, Dallas; Jacqueline Ruppert Berry, Fort Worth; Cathryn Shepard Hammett, Dallas; William T. (Pete) Sherman, Houston; and Rose Ann Woods Hughtson, Midland.

Class of 1944 — Bob Donohoe, Albuquerque.

Class of 1945 — Joe Philpott, Cisco; Patsy Philpott, Cisco; and Robbie McNeely Garrett, Brownfield.

Class of 1947 — Betty Gorman Ham, Abilene. Former teachers of the classes in attendance included Mr. and Mrs. O.L. Stamey, Cisco; Miss Elizabeth Daniel, Albuquerque; Mrs. Marion Chambliss Altman, Abilene; Miss Mayme Estes, Cisco, and Mrs. R.N. Cluck, Cisco.

## Real Estate Consumer

David S. Jones

The Real Estate Consumer is brought to you as a public service by this newspaper and the Texas Real Estate Research Center. Address inquiries to: The Real Estate Consumer, Texas Real Estate Research Center, Texas A&M University, College Station, Texas 77843-2115.

Undeveloped land in the path of a city's growth is one of the most alluring, yet risky, forms of investment.

Such land does not provide income, but requires regular cash payments for interest and taxes. These outflows of money are reduced only income-tax deductions.

An investor cannot recoup money quickly because it may take months or years to sell undeveloped land at its fair market value.

It is even difficult to determine fair market value.

Unlike securities, newspapers do not offer land price quotes and professional appraisals are too costly to be done regularly.

Despite these drawbacks, the appeal of land is undeniable. With favorable growth patterns, substantial gains can be made through investment.

If you want to know more about this or other real estate subjects, send for a free publications list. Write Texas Real Estate Research Center, Texas A&M University, College Station, Texas 77843-2115.

### MEDIAN LAND PRICE REACHES \$913

Rural land values in Texas continued to move upward during the first half of 1982 with the median price per

acre reaching \$913, an increase of nearly 13 percent over 1981.

According to Dr. Ivan Schmedemann of the Texas Real Estate Research Center, this increase was somewhat unexpected considering the depressed economic conditions of the economy.

The increase in the median price per acre was rather evenly distributed across the state. The volume of sales, however, was down somewhat from 1981, indicating a reduction in the demand for rural land. An underlying reason for the continued interest in rural land is its value as a basic natural resource. Consequently, it remains an attractive hedge against future long-term inflation.

When the data for the last half of 1982 is available, the

upward trend in values is not expected to change.

### TENANTS HAVE RIGHTS TOO

If you rent an apartment or house, you may be interested in knowing some of the rights you have as a tenant.

For instance, unless your lease states otherwise, your manager is required to make a diligent effort to repair any conditions that materially affect your physical health or safety.

If your dwelling lacks a smoke detector, you have a right to install a battery-operated unit and remove it when you leave.

Your manager is required to furnish—without charge—a lock on every outside door and a latch on every window. And, upon your written request, your manager is required to give you the name and mailing address of the owner or property management company responsible

## Undeveloped Land As An Investment

for your unit.

Of course, the owner and manager have certain rights, too, and a good renting experience requires that—as a tenant—you recognize your responsibilities as well as your rights.

### CHECK BUILDER BEFORE BUYING

As with other consumer items, the quality of a new house varies according to the manufacturer. Before buying a new house, you should determine whether or not it was constructed by a reputable builder.

Good builders often have been in business a number of years under the same name and have customers who can attest to the quality of their houses. Many reliable

builders are members of the registered builder program of the National Association of Home Builders. This program requires members to meet certain professional and financial standards.

Finally, see if the builder is listed in the local telephone directory. Be cautious of builders who can be found only under the name of a recent housing development and not under a permanent business identification. A quick investigation of your builder can help assure that the house you buy is well built.

### SOLAR ENERGY IN DOMESTIC USES

Domestic applications of solar energy are rapidly developing.

The most currently accessible uses are space and water heating using active solar systems. An active system exposes water or air to sunlight and pumps it to a distribution and storage system.

Systems are available to provide hot water only or to supply general heating needs within the house.

Passive systems are of growing importance. Actually, a passive system is a collection of design features built into the structure to more fully use natural heating and ventilation. Since these features must be built into the structure, they are most applicable to newly constructed houses, whereas active system may be readily added, or "retrofitted," to a conventional house.

**Moran News**  
By Mrs. Luke Huskey

Mrs. Rosa Ragsdale of Odessa and Mr. and Mrs. Pete Woods of Ruidoso, N. Mex., visited with Mr. and Mrs. Jack Moore, last Wednesday.

Mr. and Mrs. Jack Moore attended the funeral for Mrs. McGaughey in Woodson, last Thursday. Mrs. McGaughey is the mother of Mrs. Maney Mitchell and Mrs. Bob Roberts.

Mr. and Mrs. Lucion Brooks attended a family reunion in Bastrop, Friday and Saturday.

Mr. and Mrs. Edd Shinn of Lexington, Okla. spent the weekend with her parents, Mr. and Mrs. J.W. Bennett. Lori and McKala returned home with their parents after spending two weeks with their grandparents, Mr. and Mrs. Bennett.

Mr. and Mrs. Larry Mohon of Houston are spending a few days in Moran.

Mrs. Roe Scott is visiting her sons, Roger Scott and Jack Scott, in Odessa.

Mr. and Mrs. Don Latimer and family of San Diego, California, are visiting his sister, Mrs. Monk Offield and Mr. Offield, and other relatives. They will be here through July 4, and they will all attend the Brooks family reunion for the weekend.

Tim Brewster and son of Eden visited with his parents, Mr. and Mrs. Hubert Brewster, recently.

**CELEBRATES 50th WEDDING ANNIVERSARY**  
Mr. and Mrs. L.L. Walker celebrated their 50th wedding anniversary, Friday, June 24. A family reunion was held at Lake Brownwood, over the weekend with 23 members of the family present.

Mr. and Mrs. Charlie D. Harber and children of Copperas Cove spent the weekend with her parents, Mr. and Mrs. Charlie Hagemann.

John L. Pettit of Anson and Mrs. Basil Hitt of Cisco visited with Mrs. Jewell Knowles and Kamber and Mr. and Mrs. Ezra Weir, one day last week.

**LEGION OFFICERS**  
The members of the American Legion of the Ernest F. Pettit Post met last Monday night and elected officers for the 1983-84 year. Those elected

were Hubert Brewster, Commander; 1st Vice Commander, Maurice Newton; 2nd Vice Commander, Rollin Fuller; Sergeant of Arms, Robert Ten Cate; Historian, William Hudman; Service Officer, Wade Roberts and Chaplin, Walter McCollum. The Adjutant will be appointed later by the Commander.

Mr. and Mrs. Steve McKewin of De Soto spent the weekend with her mother, Mrs. Frances Green. Jacob McKewin returned home with his parents, after spending a few days with his grandmother, Mrs. Green.

The regular monthly meeting of the Moran Birthday Club will be held Thursday night, July 7, at the Moran Coffee Shop. Everyone is welcome.

Mrs. O.K. Schooler and Mary Elliott attended the wedding for their niece and cousin, Sherry Gardner, in San Antonio, Saturday night.

Tonya Harber of Copperas Cove and Kim Cowen of Breckenridge spent last week with their grandparents, Mr. and Mrs. Charlie Hagemann.

**OFFICERS INSTALLED**  
The officers for 1983-1984 year for Moran Chapter, No. 591, Order of the Eastern Star were installed in open installation, Monday night, June 20, in the Lodge Hall. Mrs. Mary Edwards was the Installing Officer assisted by Mrs. Rhea Cannon, Installing Marshal, Mrs. Elma May Huskey, Installing Chaplin, and Joe Taylor, Installing Secretary.

Rowena Gunn, granddaughter of the Worthy Matron presented the Bible and James Robert Gunn, grandson of the Worthy Matron presented the Square and Compass. The group repeated the Pledge to the Flag and sang the "National Anthem".

Officers installed were Worthy Matron, Mrs. Gertrude Jones; Worthy Patron, Jim Howard; Associate Matron, Mrs. M.G. Lane; Associate Patron, Wayne Taggart; Secretary, Mrs. Rhea Cannon; Treasurer, Mrs. Elma May Huskey; Conductress, Mrs. C.L. Miller; Associate Conductress, Mrs. Wayne Taggart; Esther, Mrs. Jim Howard; Martha, Mrs. William Hudman; Electa, Mrs. Mary Edwards; and Marshal, M.G. Lane.

Punch and cookies were served following the installation. The other officers will be installed later.

**Putnam News**  
By Mrs. R.B. Taylor

Hot and dry describes the weather at Putnam. We missed the rains that fell all around us again. We haven't had any 100 degree temperatures yet, and usually a nice breeze.

The grain farmers are finishing with the harvest. Talked with Sara Campbell out on the Hatchett Ranch and she said they were just about to finish. Made a bumper wheat crop.

Everyone seems to be enjoying good health and we are thankful.

Our sympathy goes to the John D. Isenhower family. Mrs. C.M. Isenhower of Clifton was buried there Sunday. Mr. Isenhower is a brother of John D. and was reared at Putnam. The John D. Isenhowers and Mrs. Mary King attended the funeral services.

Mrs. R.L. Clinton of Cisco and Mr. and Mrs. Robert Clinton of Austin attended a reunion of the Park family at Stephenville last Sunday. Mrs. Clinton was a Park.

Mrs. Julia Green of Phoenix, Ariz., is visiting the I.G. Mobeys at Baird and friends at Putnam.

Mr. and Mrs. Bud Taylor of Mineral Wells visited her mother, Maxie Solomon, this week.

Mrs. Annie Merle McGowan of Sherman visited her sister Maggie Cook and her aunts Naomi Heysler and Bonnie Farmer at Baird Thursday and Friday.

Mrs. Clara Cunningham of Baird, formerly of Putnam, spent several days in the hospital at Cisco. She is now at home and doing better.

Mrs. Myrtle George of Ranger was visiting in Putnam Friday and making plans to start a China Painting Class.

Visiting Mrs. R.B. Taylor Saturday were Mrs. R.L. Clinton of Cisco, Mrs. Clarice Sprawls and Jobie Jobe of Ft. Worth and Mr. and Mrs. Wallace McCarver of Cisco.

Sandy and LaLania Wagley, son and daughter of Billy Wagley, spent Monday through Friday at a youth camp at Brownwood, sponsored by Woodmen of the World. They report a marvelous time.

Mr. and Mrs. Steve Rhynes of Cisco attended church at the Baptist Church at Putnam Sunday.

Mrs. Nancy Crow and

children of Kinnard visited her grandparents, Mr. and Mrs. George Weeks this past week.

Grady Wooten, formerly of Cross Plains, has purchased the Methodist Church building and is converting it into a very livable home. We are proud to see the old building restored and put to use. Mr. Wooten is presently living there. He is a brother of Anita Buchannon.

Mr. and Mrs. Blayne Buchannon made a trip to Lovington and Ruidoso, New Mexico, this week. Little Bo, who has been visiting his grandmother at Lovington, returned home with his parents.

Have you been by the Jack Ramsey house lately? Drive by and notice the new building they have in the back yard. It has a bedroom and a spacious storage room.

Mrs. Melba Sublett of Putnam spent last week with her sister the Milton Donaways.

Mrs. Wilma Stovall spent Thursday night with her mother Mrs. R.C. Speegle.

Mr. and Mrs. Charles Ivie of Roscoe visited with their mother Mrs. Edith Ivie. Their children who had spent some time with their grandmother returned home with them.

Mrs. Ruby Weathermon is spending this week in El Paso.

**WORD of GOD**

**Prophecy (Old Testament)**

The Spirit of the Lord is upon me; because the Lord hath anointed me to preach good tidings unto the meek; he hath sent me to bind up the broken-hearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound;

Isaiah 61:1

**Fulfillment (New Testament)**

Jesus Said:

The Spirit of the Lord is upon me, because he hath anointed me to preach the gospel to the poor; he hath sent me to heal the broken-hearted, to preach deliverance to the captives, and recovering of sight to the blind, to set at liberty them that are bruised.

And he began to say unto them, This day is this Scripture fulfilled in your ears.

Luke 4:18, 21

**FOCUS** by D. J. HERDA  
America's Best Read Syndicated Photo Columnist

**Special Effects without Special Equipment**

Few photographic "special effects" are as effective as soft-focus portraiture. Not surprisingly, there are a number of different products on the market to help amateur and professional shutterbugs, alike, achieve the ethereal effects of soft focus, ranging from simple attachments to an existing lens to specially constructed soft-focus lenses suited to that purpose only.

Unfortunately, some of these special-effects devices run upwards of a couple hundred dollars. That's a steep price to pay for an amateur shooter who might use the thing half a dozen times a year or less.

Or how about the photographer who wants to experiment with special effects to see if they're what he wants from photography? He simply can't afford to shell out that kind of money only to discover he's not interested in those kinds of results.

Well, for those of you interested in soft-focus and other special effects without spending much money, there's good news. Following are some things you can try with your camera. If you like the results, consider looking into the various commercial products on the market... things which may (or may not) increase your special-effects techniques and efficiency. Until then, have fun!

**SOFT FOCUS**

1) Gauze, nylon, or other see-through material. Simply attach a small swatch of this material to the barrel of your camera lens with a rubber band to "soften" the general sharpness of the scene. The material diffuses the light entering the camera. Works best with a single-lens reflex camera, although it may be used with non-reflex cameras with a fairly predictable success rate.

2) Vaseline, mineral oil, or other translucent substances. For this, you'll need an inexpensive filter or sheet of clear glass or plastic to attach to the surface of your lens. Focus on the subject and apply a small amount of Vaseline or other substance to the filter. Use your finger to move the substance around until you have just the right amount of softness in the scene. Works only with a single-lens reflex camera for predictable results.

3) Glass, plastic, or other distorted material. Simply locate a piece of frosted or beveled glass or plastic, hold it or tape it in front of your lens, and shoot.

**STARBURST EFFECT**

1) By positioning. The simplest way to create a starburst effect is to position yourself and your camera so that a large obstacle blocks out the early morning or late afternoon sun. Then slowly move to one side until just a

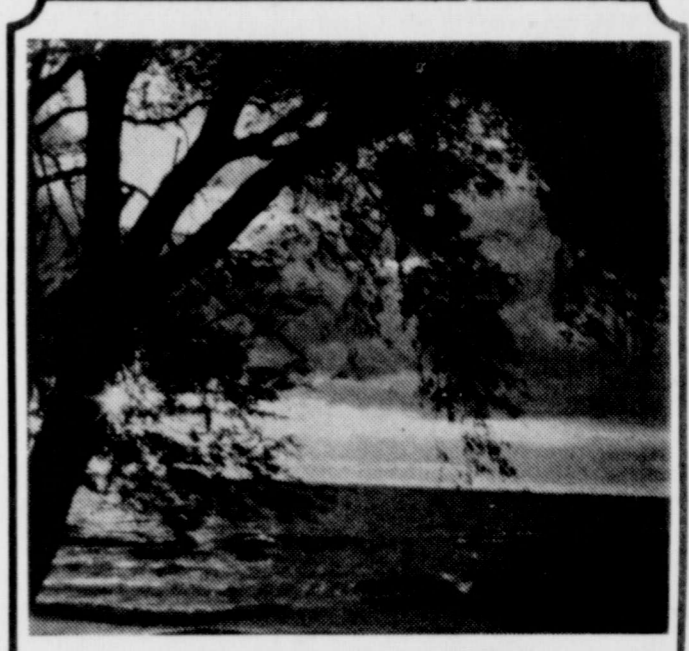

fraction of the sun's rays can be seen squeezing past the obstacle. A quick glance through your viewfinder will show a natural starburst effect. WARNING: Do not stare at the sun's rays through your camera, as you can receive serious damage to your eyes! Works best with a single-lens reflex camera for precise positioning.

2) Metal screening. Cut a small section of metal screen — like window screen — and attach to the front of your lens. Locate a strong light source, like a street-lamp at night, and turn the screening until a starburst effect results. This will only work with a strong, concentrated light source.

**TEXTURE**

1) Double exposure. If you have a camera capable of making a double exposure — two exposures on the same frame — make the first of your subject. Then find a piece of woven wire and photograph it against a bright, clean background like a tabletop or a white sheet. The results will be a subject with "woven-wire" imprint for texture.

2) Projection. Take your favorite slide and project it in a dark room onto a pebbly or otherwise textured surface. Photograph the scene with your camera for a textured effect.

It's a bird, it's a plane, it's a special-effects starburst on the tree at left, though without any special equipment.

## Soil Erosion Can Be A Problem For Land Owners

By Ron Bailey  
Soil Conservation Service

When you think of soil erosion problems you normally think of it as a problem that

only farmers and ranchers have.

"Not necessarily so," says Ron Bailey of the Soil Conservation Service (SCS) in Eastland County. "Anyone

that owns or controls land is confronted with erosion problems from time to time whether it is a farmer, rancher, homeowner, city, county, or even a state", Bailey

said.

"Traditionally the SCS has worked with farmers and ranchers and still spend most of their time assisting them on various problems. However, several years ago it was recognized that communities, counties, and others in rural areas had water or erosion problems on land that they owned or had jurisdiction over".

The Resource Conservation and Development (RC&D) program was authorized by congress to allow the SCS to provide technical and sometimes financial assistance to Units of Governments such as cities and counties.

The local Leon-Bosque RC&D Area was authorized in the early 1970's and is composed of Bosque, Comanche, Eastland, Erath, and Somervell counties with the County Courts of each county and the Soil and Water Conservation Districts as sponsors of the project area.

The Leon-Bosque Executive Council is composed of local people in the various counties. Mrs. Betty Terrill of DeLeon is the Chairperson and G.A. White of Eastland and Douglas Fry of Cisco represent Eastland County on the Executive Council.

"We are especially proud of the work done on the High School Hill in Eastland

through RC&D and more recently the work done downstream from the Lake Leon Dam". Bailey said. The Eastland Independent School District and the Eastland County Water Supply District, respectively, were local sponsors on those two projects.

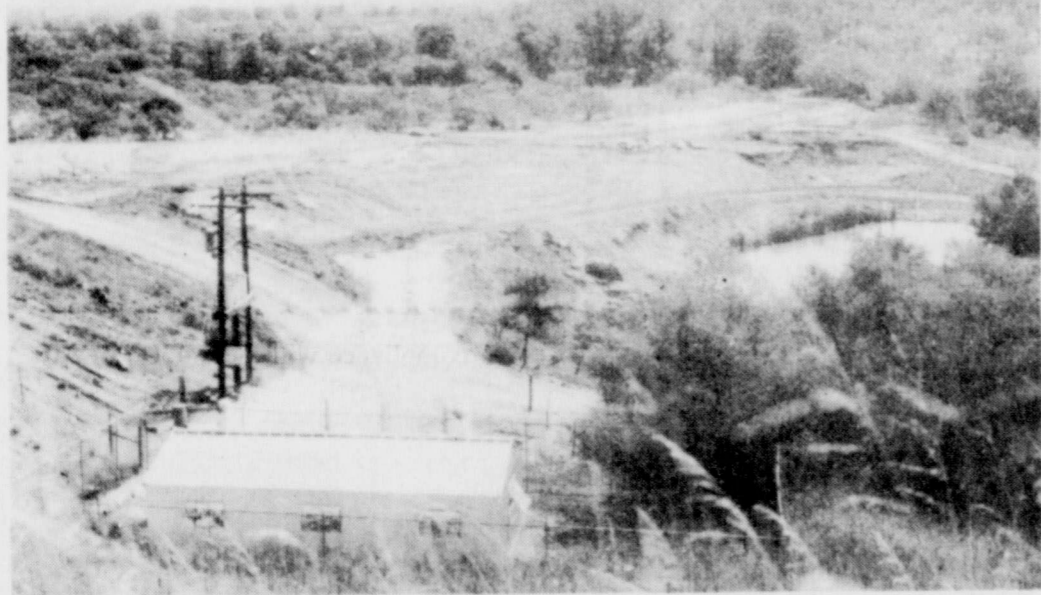

"Naturally, erosion con-

trol is our highest priority, however, RC&D works with Cities and Counties on other projects that encourage economic growth and the quality of living in a rural area. The program has helped with the initial application and plans on parks and recreational development", Bailey said.

### Slope Destruction

This erosion on the north slope downstream from the Lake Leon Dam was caused by the whirling action of the water when the lake was overflowing. (SCS File Photo)

### Shaping The Slope

This is the north slope during the first shaping in 1980. The photo was taken from the top of the Lake Leon dam. (SCS File Photo)

### Finished Product

This is the same area after it was shaped and vegetated. Rock rip-rap was used on the lower level to break the wave action of the water. (Staff Photo)

## Some Flowers Make Taster Treats

Did you know that you can eat many of your favorite flowers?

Pink carnations, chrysanthemums, dandelions, geraniums, pansies and roses are just a few that will tantalize your palate, says Dr. Bill Welch, landscape horticulturist with the Texas Agricultural Extension Service, Texas A&M University System. They can be used in butters, soups, sauces and salads as well as in beverages, sandwiches, casseroles and desserts.

Either the buds, petals or leaves of these flowers may be eaten, Welch says. Wash them thoroughly, bathe in salt water and then dip in ice water to perk them up. Petals may be refrigerated

for a short time in plastic bags.

The delicious possibilities are endless, says the horticulturist. Try lining the bottom of a cake pan with marigolds. Or blend softened cream cheese with chopped petals for a spread on crackers and nut breads. You can even freeze whole small flowers in ice rings for cubes for party beverages.

Not all flowers are edible, but be adventuresome and try the ones that are, suggests Welch. Color your landscape and your cooking with beautiful and tasty flowers.

### New Grass Seedlings

Ron Bailey, of the Eastland County Soil Conservation Service, checks the grass seedlings as they emerge. The waterway above the slope was seeded to a mixture of King Ranch bluestem and Common bermudagrass this spring. (Staff Photo)

*Summer Bonus*  
**BONANZA**

**End-of-model rebates up to \$4,600 and a finance waiver offer to March 1, 1984 on new 40- to 228-hp John Deere 40 Series Tractors**

There's no need for you to assign your PK certificates to buy a new farm tractor now. Not if you take advantage of special end-of-model offers on John Deere 40 Series tractors. Between June cash rebates up to \$3,200 (see chart) and your trade-in, you'll likely cover downpayment. Then if you're a qualified buyer and finance with John Deere, finance charges will be waived to March 1, 1984. Or you can take an additional cash rebate in lieu of waiver up to \$1,400.\* But you must act during June to take advantage of offers at this level. One other reminder: We're discounting from tractor list prices that date back to 1981 on the 40 Series. So get the new 40 Series tractor you need now. But hold onto PK certificates and still get a new tractor for investment Tax Credit plus first-year depreciation to help shield income in 1983. Come on in soon. We're ready and willing to deal on the new tractor of your choice.

Model	Cash Rebate on Purchase	June '83 Cash Rebate in Lieu of Waiver	Maximum Rebate
228-hp 8640	3,200	\$1,400	\$4,600
179-hp 8440	3,000	1,100	4,100
180-hp 4840	2,700	1,000	3,700
155-hp 4640	2,300	900	3,200
130-hp 4440	1,700	700	2,400
110-hp 4240	1,500	600	2,100
90-hp 4040	800	550	1,350
80-hp 2940	1,400	400	1,800
70-hp 2640	900	350	1,250
60-hp 2440	400	300	700
50-hp 2240	100	250	350
40-hp 2040	100	200	300

\*Offer subject to tractor availability. Maximum rebates on 40 Series tractors include a bonus for cash purchase. For financing with John Deere without waiver of financing after you choose. Leases not eligible for cash rebates. Availability of John Deere financing subject to approval of lender. These offers may be reduced or value withdrawn at any time.

# Key To Ranch Survival Is Family Management

SAN ANGELO—Properly managing the ranch family's business can be the key to survival of the ranch entity. Today's business world is so

complex that even the most astute business manager is faced with periods of serious uncertainty.

Women are taking on increased roles of responsibility and in many ranch families they handle most of business paperwork. In view of these changing roles, a

concurrent session outlining ranch family business management will be conducted during the International Ranchers Roundup

(IRR). It will be held August 1-5 at the Convention Center in this West Texas ranching hub.

Complete registration and program details can be obtained from county Extension agents or by writing IRR, P.O. Drawer 1849, Uvalde, Texas 78801.

Some of the topics for discussion in the Ranch Family Business Session are Changing Trends for Women in Agriculture, Are you Prepared to Operate the Ranch?, Holistic (Total) Ranch Management, Financial Statements in the Ranch Business. Property Transfer, Estate Planning and Will Preparation, Tax

Management and Trusts, Overcoming Ranch Stresses, Retirement Planning, and Sharing Responsibilities for Family Businesses.

Four ranchers will be among the speakers including Patricia Madera, Pitchfork Cattle Company, Jal, N.M.; Stella Hughes, Clifton, Arizona; Florence Rieck, Junction and Marsha Stabel, Menard.

Financial or legal specialists confirmed to speak are Zollie Steakley, attorney, Sweetwater; Alvin Hay, Sr., C.P.A., San Angelo; Gary Nelson, Texas American Bank, Fort Worth; and Pierce Hoggett, Central National Bank, San

Angelo.

Four financial planning specialists and family living specialists with the Texas Agricultural Extension Service will be on the program.

Those participating in the Ranch Family Business Management sessions can also attend simultaneous concurrent sessions in beef cattle, sheep and goats, grazing management, wildlife, marketing and a computerized ranching update. In all, over 100 speakers from 10 states and South Africa will share their expertise.

Four ranch tours, visiting

innovative beef cattle, sheep and goats, grazing management and a two day overnight wildlife tour stopping overnight in the Texas Hill Country, are available to those who complete tour registration by July 1. Registration for the entire five-day conference can be done at any time, although registrations received by July 1 are entitled to a \$50 registration fee discount.

IRR participation will be limited to the first 750 who register. If space is available, conference registration can be done at the door.

## Periwinkle

# Tough But Pretty

COLLEGE STATION--Need a flowering plant that withstands summer heat, has few insect problems, and tolerates city smog?

Try the Madagascar periwinkle.

This colorful plant is finding its way into more and more gardens each summer because it is so tough and heat tolerant, says Everett Janne, landscape horticulturist with the Texas Agricultural Extension Service, Texas A&M University System.

At the same time, plant breeders have been able to bring new characteristics into this plant that has made it even more desirable for home garden use. A good example is the variety Morning Mist. Its first periwinkle with clusters of flowers. Each flower is pure white, centered with a red eye.

Periwinkle varieties presently available have white, pink, rose or lavender flowers (many with a con-

trasting eye), but flower breeders have additional varieties almost ready to release that will further extend the color range.

The foliage is one of the Madagascar periwinkle's most attractive features with its narrow, dark-green, glossy leaves, notes Janne. The contrast between the foliage and the flower is as attractive as any summer flowering plant available.

Periwinkle are superb for Texas gardens where heat frazzles many other plants. They will deliver a fine show in full sun throughout the summer until a killing frost gets them in the fall.

Some newer varieties have a spreading growth habit making them excellent for border plants, explains the horticulturist. These include Morning Mist, with its white flower and red eye; Little Delicata, a baby pink flower accented with a deep red eye; and Little Blanche, with its snow white flowers.

Two others in the "Little" series include the deep orchid colored Little Linda and Little Pinkie, which was initially introduced as Coquette.

For hanging baskets or a mass carpet planting, few varieties make a better show than Polka Dot, Janne points out. It has a low creeping growth habit, with each plant spreading about 2 feet across and only 4 to 6 inches tall covered with snow white flowers, each centered with a velvety cherry red dot.

Periwinkle will survive and thrive in locations where

other plants would languish, such as by the foundation of houses with south and west exposures, on the balcony of high-rise apartments, or next to walks and drives with reflected heat. All they need for survival is an occasional watering plus a little fertilizer every six weeks or so, says Janne.

Because of its resistance to heat, disease, insects and air pollution, the periwinkle makes an excellent plant for summer color in the inner city and is also an excellent choice for the country home or suburban landscape.

## Tips For Controlling Summer Insects

As summer heat increases, insect problems seem to get worse. Insects are a fact of life we have to live with here in Texas, though we shouldn't sit by and watch all our crops get decimated. There is something you can do about insect pests.

One of the first defenses against insect pests is a strong plant. Keep your garden well watered and fertilized, but don't overdo either, because too much is as bad for your plants as too little. Keep an eye open for insects by inspecting your plants regularly; catching an insect pest in its early stages or when only a few insects are present will ease your job considerably. If you let a heavy infestation set in before you take any action, you may be too late to save the plant or make it salvageable for consumption.

The following are some common summer insect pests, and what to do about them.

**Aphids**—Aphids suck juices from plants, causing leaves to wilt, curl, pucker, stunt, or yellow. They may also transmit viruses. Aphids are easily controlled with early applications of malathion or diazinon.

**Stink Bugs**—These pests suck juices from peaches, tomatoes, okra and numerous other garden plants, which causes misshapen and rough fruit. At the first sign of stink bugs, applications of malathion, Sevin, or endosulfan (Thiodan) dust should be made for good control.

**Squash Bugs**—Adults are brown but the young are gray in color. Squash bugs generally occur in large numbers. Early and thorough applications of Sevin or endosulfan will give satisfactory control. Early hand picking and destruction of brick-red egg masses is effective.

## News From The Center

By Mae Green

The month of July brought hot weather and rainy evenings. It caused the residents

to spend much time indoors trying to keep cool. Inside the home business went as usual. Some of the weekly activities were the sing-along at 10:00 o'clock and the

Bible Study with Betty Hastings on Mondays. Exercise classes were held three times a week. The residents

WILLIAM LEROY TAYLOR shows off hat and tie as other fathers look on.

DIANE WHEELER holds arrangement of silk flowers given her by staff and volunteer council.

are showing increased interest in the exercise classes because they realize the importance in exercising to keep their bodies functioning properly.

The residents continue to enjoy the gospel singers who have been coming to the Center for many years. If you want to hear good singing, you're invited to come out to the Care Center each Monday evening at 6 p.m.

On the second Tuesday of each month at 7 p.m., Roland Smith, a well-known country and western singer, and Wanda Rainey entertain the residents with their favorite country and western songs and hymns of faith.

On Wednesday at 10 a.m., Rev. Dell Crockett, pastor of the Redeemer Lutheran Church, comes to the Center and brings a message. We appreciate the help of his members who come and assist in getting the residents to and from activities.

On Wednesday, June 15th, a going-away party was given in honor of Diane Wheeler who resigned her

position of administrator of Cisco Care Center. She had worked at the Center for five years. Part of that time she was secretary and spent the last year as administrator. She brought rays of sunshine and loads of love and concern to all the residents, their families and the staff. She will be missed very much. We know she'll be a success in whatever she undertakes to do.

We'd like to thank the Pleasant Hill Homemakers Club for hosting the birthday party on June 16 at 2:30 p.m. All the residents were served home-baked cookies and punch. Birthday honorees were Olga Bacon, Edith Terry, Lydia Ziehr, Mary Baynes and Oscar Schaefer.

On Friday, June 10 and 24, the Senior Citizens Rhythm Band played at the Center. The residents look forward to the visits from this group.

Sunday, June 19th was Father's Day. A party was held in the honor of the fathers. It was hosted by the Volunteer Council and family members. At the beginning of the party a drawing

was held to select the father of the year. Mr. William Leroy Taylor was chosen. He got a chance to wear the big hat and the world's largest tie.

Mr. Taylor was very surprised to be selected. He commented, "Well, I guess I have everything now. I have the biggest hat, the largest tie, and I'm almost sure I wear a size fifteen shoe."

These residents were treated to a Mary Kay facial demonstrated by Mrs. Vena Hart. They were Ida Shaefer, Merle Henry, Allene Carter, and Bernice Emsley.

We'd like to welcome these new residents to the Center: Dovie Callarman, Dan Jobe, Dolly Harrleson, Lillie Farmer, Homer Claborn, Pearl Donaway, Crigler and Elephare Paschall, John and Louella Green, Gordon and Odessa Murray, Viola Thompson, Brady Leveridge, Annie M. King and Buford Ingram. We're happy to have these residents. We'll try to make them as comfortable and as happy as possible.

Pastors and churches visiting the Center during the month of June were Church of Christ; Rev. Cliff Reneau, Nazarene Church; Rev. John Clinton, Evangelical Methodist; Rev. Buddy Sipe, First Baptist; and Rev. Milo Steffen II, First Christian Church.

We appreciate all of you for taking the time to care. God Bless you.

RESIDENTS shown left to right are Ida Shaefer, Merle Henry, Allene Carter, Vema Hart, and Bernice Emsley.

## Olney Savings Will Convert To Stock Association

OLNEY, TEXAS (June 20, 1983) - The Board of Directors of Olney Savings Association, by unanimous vote, has elected to convert the Association from a mutual to a stock association, according to Alan D. Myers, Jr., president.

Alan D. Myers, Jr., commented, "Conversion to a stock association will provide Olney Savings and the communities we serve with several key benefits. We are so excited about the opportunity."

The conversion application was filed with the Federal Home Loan Bank Board in Washington, D.C. on April 28, 1983.

"Due to the number of conversion filings from all over the nation, the Bank Board has had some delay in staying current in their approval process. However, Olney Savings feels that its conversion should be approved and completed in the fall," noted

Myers. The final determination of price per share and total shares issued are subject to approval by the Federal Home Loan Bank Board.

Concerning operations in the future, Myers stated, "The conversion will have no effect whatsoever on the Association and its operations. No changes in personnel or present services will occur. All savings accounts will remain insured up to \$100,000 by the F.S.L.I.C."

Conversion will allow Olney Savings' customers to become stockholders in Olney Savings. Under the adopted plan of Conversion, existing customers will have the first opportunity to purchase stock.

Myers concluded, "Conversion will increase

Olney Savings' capital position through the sale of stock. This additional strength will allow Olney Savings to meet the challenges of a changing financial industry and provide us with new investment capital, allowing us to serve more people in more ways."

Olney Savings is a \$550 million plus savings and loan association with offices in Olney, Seymour, Jacksboro, Bridgeport, Nocona, Archer City, Graham, Bowie, Brownwood, Vernon, Anson, Coleman, Cisco, Albany, Holliday, Throckmorton, Weatherford, Azle, Decatur, Boyd and Wichita Falls. Also, Ranger Savings in Eastland, and Electra Savings in Electra. All are divisions of Olney Savings.

## Perdue Reunion Is Held Here

The Perdue reunion for descendants of James W. and Sarah Hall Perdue was held in Cisco on June 3-4.

Descendants up to the sixth generation attended. Mrs. Fred Stueffey, youngest child of D.B.W. Perdue, is the only living descendant of the third generation. Three of the widows survive - Mrs. D.B. Perdue and Mrs. Arsen Perdue both of Cisco, and Mrs. M.L. Perdue of Baird.

Those attending were Mr. and Mrs. Cyrus Miller of Eastland; Mr. and Mrs. John Perdue of Ida, La.; Curtis L. Arnold, Jr. of Jefferson; George Barnes and Lucille Cook of Plain Dealing, La.; Mr. and Mrs. T.E. Stephenson and Dionne of Big Spring; Mrs. Thelma Hogan of Wolforth; Mrs. Jauenene Lambeth of Mansfield; Mr. and Mrs. Arnold Perdue and Mr. and Mrs. Arthur Perdue of Smackover, Ark.; Lillian Hope of Shreveport, La.; Mr. and Mrs. Byran Perdue of Socorro, New Mex.; Anuvah Anagon of Central, N. Mex.; Mrs. Gladys Carten of Granbury; Mr. and Mrs. Terry

Stephenson of Ponca City, Okla.; Mr. and Mrs. Fred Perdue of Lubbock; Mr. and Mrs. Vance Osborne of San Angelo; Mr. and Mrs. W.L. Butler, Judy, and Bobby and Mr. and Mrs. Claude McBeth of Springtown; and Mr. and Mrs. Frank Earp of Houston.

Those attending from Cisco were Mr. and Mrs. Jerry McBeth, Mrs. Grace Harrelson, Mrs. Fred Steffey, Mrs. Artie Bell Perdue, Mr. and Mrs. Bobby Smith and Christy, Mr. and Mrs. Rodney Sharpe, Mr. and Mrs. Clifton Andrews, Mr. and Mrs. Brad Wilcoxon and Melissa, and Mr. and Mrs. Frank Wilcoxon and Vicki.

On Friday evening, the family met and enjoyed a dinner at the Colony Restaurant. On Saturday the visiting continued with a luncheon at the Corral Room.

Officers re-elected for the reunion for the coming year are Jerry McBeth, president, and Mrs. Frank Wilcoxon, secretary-treasurer. The reunion has been set for the first Friday and Saturday of June each year.

## WORD OF GOD

Turn you at my reproof: behold, I will pour out my spirit unto you, I will make known my words unto you.

Proverbs 1:23

But ye have set at naught all my counsel, and would none of my reproof:

I also will laugh at your calamity; I will mock when your fear cometh;

Proverbs 1:25-26

But whoso hearkeneth unto me shall dwell safely, and shall be quiet from fear of evil.

Proverb 1:33

**PUC Address Given**

**Bell Asks For Rate Hike**

Texas Public Utility Commission  
7800 Shoal Creek Blvd.  
Suite 450N  
Austin, TX 78757

That address, and a flood of protest letters to it may be the only thing standing between consumers and a tripped telephone rate.

Southwestern Bell has just filed application for such an increase. If granted, it would hike the rates for single party basic service residence customers in Cisco, Eastland and Ranger (all Rate group one) from \$7.85 a month to \$27.45.

For business customers in these towns, the rate would go from a basic \$18.40 to \$34.05 for a single line.

In announcing the rate-hike increase a Bell official said: "Southwestern Bell urgently needs this increase to assure that we will be a viable, stand-alone company able to provide quality telephone service in Texas when we spin off from AT&T on Jan. 1, 1984."

The "spin off" comes as a result of Justice Department decisions to "break up" the giant controlled monopoly.

A local coffee-shopper suggested that it reminded him of the story of the kids who killed their parents and then asked for welfare because they were orphans.

Among the many facets of the proposed rate increase are the installation and repair charges asked. Under the new rate, the company would charge a customer \$18.50 for the first 15 minutes of installation, \$10.50 for each 15 minute period thereafter, and \$28.25 for the first 15-minute of repair and \$10.50 for each additional 15-minutes of repair time.

Bell's request calls for an increase of \$1.2 billion in local rates charged to Texas customers.

The company's request for local rates basically is divided into three parts:

-An increase of \$502 million statewide to recover added costs of doing business, and to produce a reasonable return on Texas investment.

-An increase of \$450 million in depreciation expense and other capital recovery changes that are more consistent with today's rapid technological changes.

-Access charges of \$249 million to partially replace the subsidy provided by intrastate long distance revenues to local rates. Southwestern Bell will lose most long distance revenues at the end of the 1983, they say.

Another part of the subsidy for local rates will come from \$504 million in access charges to be paid by long distance carriers such as AT&T and MCI.

Paul Roth, vice president-revenues and public affairs, pointed out that about half of whatever increase is approved would go to pay federal, state and local taxes.

"To a large extent," Roth said, "our rate application reflects the combined effects of many decisions made in Washington by the courts, the Federal Communications Commission and the Justice Department. Those decisions are bringing about vast changes in the telecommunications industry.

To produce the \$1.2 billion increase, Southwestern Bell is proposing substantially higher monthly local rates.

The rates include an average access charge of \$4 per month for each line to provide the customers' portion of the long distance subsidy replacement.

Roth emphasized that this access charge is an average. "When the rates are finally set, the business line access charge may well be higher, and the residence charge lower," he said.

Roth pointed out that a paralleling decision by the Federal Communications Commission to reduce the local subsidy from interstate long distance would add an average of another \$4 to local Texas line rates.

The access charges—both interstate and intrastate—are not additional dollars for Southwestern Bell, but rather they are designed to replace subsidies lost from long distance, Roth said.

"Universal service, which made phones available to almost everyone, has been one of the nation's proudest and most important accomplishments," Roth said. "We intend to do all we can in this changing environment to make sure telephone service remains affordable for all our customers."

Roth explained that the company is researching and developing several lower-priced alternative offerings. Customers would pay for each call made, but their basic monthly rate would be substantially below flat rate unlimited service.

At the PUC's direction, the company is conducting a survey to determine customer preferences for these optional pricing plans. The survey results should be ready for the Commission's consideration later this year.

"With local rates rising to meet costs, it doesn't make sense for all customers to pay the same flat rate no matter how much or how little they use their line," Roth said. "People who use less should pay less. This is no different than rates charged for other utility services."

Roth pointed out \$699 million—or almost 60 percent—of the proposed \$1.2 billion increase in local rates results from federally directed changes in national telecommunications policy. The \$699 million includes customer access charges and capital recovery.

"With competition in the long distance market, it no longer will be feasible for long distance rates to subsidize local rates," Roth said. "Competition drives prices toward costs. That means local rates will have to go up, but it also means that long distance rates must come down."

The expected increase in depreciation expense is another major change which impacts the company's filing. "Federal and state regulators are jointly considering our recommended changes in depreciation schedules which will allow faster recovery of investment dollars," Roth said. "If approved, the depreciation changes and other capital recovery will increase Southwestern Bell's Texas expenses by \$450 million."

Roth said the \$502 million remaining is about what the company would have requested if it were not for the massive changes occurring in the industry. "The \$502 million—comparable in make-up to our previous requests—represents our need to meet increasing costs of providing telephone service in Texas, and to assure that we earn a reasonable return on our investment," he said.

Southwestern Bell is requesting an allowed return of 13.57 percent on the company's Texas investment. For the test year involved in the filing, the company earned less than 10 percent on Texas investment.

**Midland Man Gets Three Years**

Timothy Keith Adams, 28, of Midland received three years in the Texas Department of Corrections Monday after pleading no contest to possession of a controlled substance before judge Jim Wright.

John Hyde of Midland was Adams' attorney.

According to testimony, trooper Robert Ralls ar-

rested Adams on Interstate 20 and charged him with possession of marijuana.

Adams posted bond and went to recover his impounded vehicle. Ralls arrested Adams again when he reportedly removed a small bottle containing a liquid substance that had been hidden in the front seat of his car.

### Stephens Co.

### Gets Two

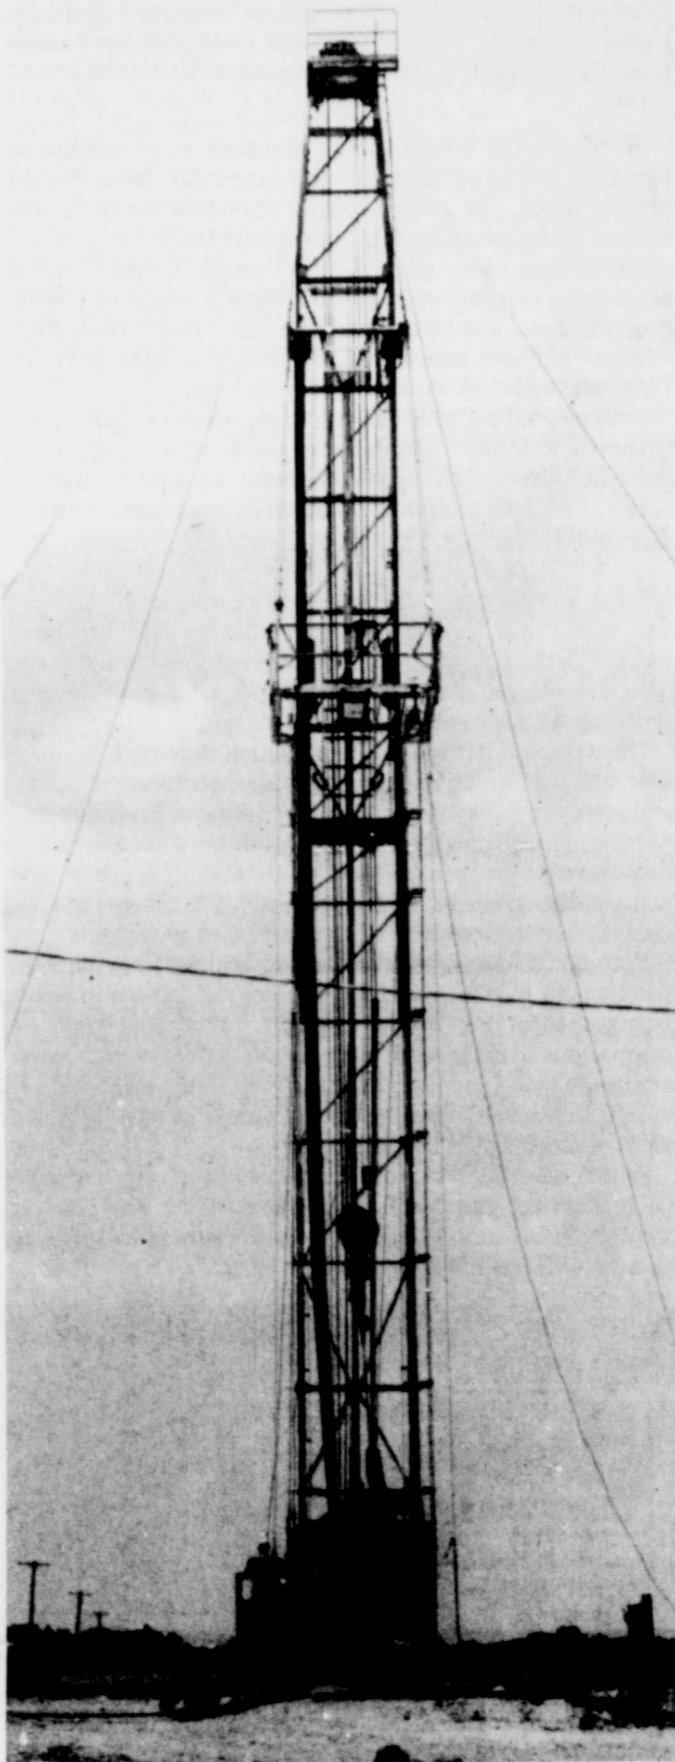

### New Wells

The No. 7 J.R. Hill, a 4,350-ft. developmental probe in Stephens County's DeLong Field is ready for spudding with American Petrofina of Wichita Falls as the operator.  
 Location is in a 400-acre lease in the J.F. Davis Survey, about two miles south of the Eliasville townsite.

Sun Exploration of Abilene has brought a new gas well on line in Stephens County's Veale Field, five miles northwest of the Caddo townsite.

It is the No. 13 A.S. Veale "C," flowing 75,150 CF gas per day on a .75-in. choke. The well went to total depth of 4,025 feet and will produce from a set of Marble Falls Formation perforations 3,934 to 3,940 feet into the hole.

The operation is in a 1,060-acre lease in the TE&L Survey, Stephens County.

### Lake Leon Drilling

Drilling in Eastland County continues to show many drilling rigs operating throughout the area. This rig was located near the Lake Leon Dam next to the road.

(Staff Photo)

### Many Good And Sincere Individuals

...give little thought to the question of values when we should measure them in terms of personal worth in everything he buys, enjoys or does. For example, some folks will buy real estate without any kind of evidence of title disregarding the fact that the principal value of the purchase is in the title, not in the land itself or the improvements thereon. This kind of thinking costs property owners thousands of dollars annually which could be saved and a part of the savings wisely spent for an abstract of title or title insurance.

# People n Things

THE ORIGINAL deed for a slave dated June 2, 1847, is owned by Mr. W.C. Henry of our town. It was issued to his great grandfather in Tallapoosa County, Alabama, and reads as follows:

"Received of Ezekeel Henry six hundred and fifty dollars in full payment of a certain negro boy by the name of Peter about 14 years of age which boy we warrant as sound at the time of sale which was the 11th day of May in body and mind and warrant the right to said boy as a slave for life this 2nd day of June A.D. 1847."

The instrument, which Mr. Henry has framed and in good condition, was signed by four people. It has been in the family all of the years since its issuance and it will be handed down to young members of the family.

Mr. W.C. Henry, who retired last year after working 28 years in Fort Worth for the city, enjoys living in Cisco. He runs the office for Justice of the Peace Carlton Holder. He is a brother of Mr. C.W. Henry, long-time Ciscoan.

Mr. Holder, by the way, is still laid up with a broken collar bone that keeps him from getting about on his crutches. His condition is slowly improving, he tells us. You'll read elsewhere in The Press about Janice Holder Latham of Odessa. Their other daughter, Carlene Spicer, and husband Charles are due home Sunday from Hawaii where they have been vacationing for a couple of weeks. They live in Abilene.

A GROUP OF First United Methodist Church young people left Sunday afternoon in the church van for a summer trip that will include stops in Austin, New Braunfels and elsewhere. Some 150 children completed Vacation Bible School at FUMC last Friday noon with a picnic. Mr. Grant Robinson, CJC vocational ag teacher, attended a workshop last week. Some 30 First Baptist Church young people were due to leave this week for a day at the big water show near Arlington.

GLAD TO HEAR that Steve and Betsy Austin are moving to Cisco from Abilene where he has spent nine years with Abilene National Bank. He resigned as a vice president and loan officer and will work with the Choate (Jim) Oil Company. He begins his new job July 5th.

Plans call for the Austins to sell their home in Abilene and to buy one here. Steve is the son of the Wm. E. (Bill) Austins of the furniture store, and Betsy is the daughter of the John McDaniels, formerly of here and now of Marfa where he is district manager for West Texas Utility Co. They have two children - Zachery and Carrie Beth.

SOME 50 MEMBERS of the Cisco High School Classes of 1942 and 1943 enjoyed a reunion in Cisco last Saturday. Mr. Bill Philpott and Mrs. Robert Kamon were co-chairmen of the event, which attracted a large crowd of students, their wives and husbands.

## Obituaries

### Services For Mrs. Ellington Are Monday

Funeral services for Stella Marie Ellington, 83, of Cisco, were at 2 p.m., Monday, in Kimbrough Funeral Home chapel. Rev. Buddy Sipe, pastor of First Baptist Church, officiated. Burial was in Oakwood Cemetery.

Mrs. Ellington died June 24 at the E.L. Graham Memorial Hospital after a short illness.

She was born June 11, 1900, in Cisco. She married Arthur Ellington, January 14, 1922, in Eastland. She was a member of the First Baptist Church.

Survivors include two grandsons, Jeremy and Peter Symonds, both of London, England; and two great-grandchildren.

She was preceded in death by her husband and daughter.

and children.

There'll be a write-up about it elsewhere in The Press in this or the next edition. Met up with the Bob Hammetts of Big D who were here for the reunion. He tells us that he hopes to retire from his job as a banker in the next year or two. Mrs. Hammett, the former Catherine Shepard, reports that their children are fine. Accompanying the Hammetts to Cisco for the weekend was Mrs. Austin Flint of Big D and formerly a long time local resident. She reports that her daughter, Jane, is still teaching in the Dallas schools and doing nicely.

THE BURGLARS who broke into the Sutton Crofts cabin at Lake Cisco last week were pretty selective, they report. The thieves entered the cabin by removing a door - carefully so as not to damage it - and apparently spent a night there. They took all of the towels and wash cloths from the bath room and a pair of binoculars. They re-locked the door as they left and even re-made the bed.

The Crofts, who are observing a wedding anniversary this Thursday, are shopping for towels and wash cloths.

ENTERTAINING grandchildren in the manner in which they want to be entertained can be a bit hard on you, reports Mrs. Geep (Margie) Mitcham of our town. She has a very red nose and face from too much sunshine and she got it taking grandchildren swimming. They left Sunday after an extended visit with the Mitchams. The Revis Greggs entertained her daughters Fay and Joyce last weekend. Both daughters are former CHS drum majors. Druggist Lloyd McGrew took his golf clubs when he visited relatives in Oklahoma three years ago and he can't remember to bring them home when he goes there.

EATING FRESH fish is a highlight of Mrs. Betty Alford's vacation in Canada the past week or so. She went to Minneapolis to visit relatives and they all went touring in Canada. The Lee Wallaces of Fayetteville, N.C., are due in Cisco this weekend for a vacation visit with their parents, the Marshall Joneses and Mrs. Forbes Wallace. Mr. and Mrs. Coleman Williams of Brownfield, formerly of here, were in town Monday. They came to Brownwood to take her mother to Brownfield for a visit. Glad to hear that Mrs. Winston Heidenheimer is doing nicely following surgery last week in Big D.

THE BENNIE Nicholoses spent last week down Lake Whitney way visiting and vacationing. They also visited her mother over at Olney. The annual Fandangle at Albany is about as usual - real good. That's the report of the John McGuires and the Gid Bowers who

# County Commissioners Approve WICS

The Eastland County Commissioners, in their regular scheduled meeting Monday, voted to allow the Texas Department of Health of Region 4 set up a WICS program in the county.

The WICS program, (Women, Infants and Children) was brought to the commissioners attention by Bill F. Mittag, Director of Programs for the Abilene Texas Department of Health.

Mittag pointed out that the county qualified for the Texas Department of Health

went over last Saturday night. They went early enough to eat barbecue on the courthouse lawn. The show starts after sundown and as it gets dark. Their music is always outstanding.

sponsored program and that if the county felt like there was no need for it then another county would be considered.

The program will allow women, infants and children under five to come to the local office and have their blood pressure checked, receive vitamin and food supplements and any other necessary health care.

More information on the program may be obtained by calling Bill Mittag in Abilene at 915-695-7170.

The commissioners court also approved the second

service fee payment to Rauscher Pierce Refsnes Inc. of Dallas for the handling of the jail certificates. That payment was \$11,800.00.

The next payment for the commissioners will fall during December 1983 and will

be a payment on the interest only of \$28,050.00.

The 1981 completed jail has total annual principal and interest payments totaling \$922,550.00. That figure breaks down to \$680,000.00 for the total annual principal payment and \$242,550.00 for

the total annual interest payment.

After the December payment the county will have 13 more payments left to be made to the firm.

The commissioners also considered litigation concerning the claim of Eastland County against the Estate of R. L. Rowch.

The District Court awarded the county a check for the sum of \$11,878.16 in the case.

In other business the commissioners:

- Reviewed state statutes concerning handicapped parking zones and agreed that both the city and county have the right to have a vehicle towed away at the owner's expense if illegally parked in a handicapped zone, provided the zone is properly marked.
- Was notified that the Eastland County Bar Association is interested in establishing an Eastland County Law Library for the county judges and lawyers.

Bill Hart, who is one of the representatives, pointed out that most counties have a law library set up because it is too expensive for an individual judge or lawyer to have a library and keep it updated.

Hart also noted that if the library could be set up in the courthouse that it would not only be beneficial to the county judges and lawyers but to the county also.

The Eastland County Bar Association will meet with the commissioners at the July 25 meeting.

- Postponed any action or discussion on the tax values and revenues until the results of the tax revenues have been completed.
- Approved the routine bills and accounts as presented.
- Read and approved the minutes of the last meeting.

The next meeting for the county commissioners will be July 11 at 10:00 a.m.

## Paving Work Set To Start July 11

Work will begin Monday, July 11, on the Front Street paving project, it was decided at a pre-construction conference between officials of the City of Cisco and the Zack Burkett Company of Graham at city hall Monday.

City Manager Mike Moore said the first operation would be the removal of brick from the present street and replacing them with new base material and to extend the base to 2nd Street. Curb and gutter will be replaced next, followed by paving work.

The street will be virtually closed to traffic during the construction period, Mr. Moore said. Those who live along the street will probably be able to get to their homes most of the time except when curb and gutter work is underway or when

actual paving work is being done, he added.

"There will be inconvenience for those living in the area and it can't be avoided," Mr. Moore said. "We will appreciate the cooperation and consideration of those who use the street during the construction period."

Plans call for the project to be finished by mid-September, Mr. Moore said. The Burkett Company was low bidder for the project, which will cost some \$80,000.

## 2nd Summer Session At CJC Begins July 12

Classes for the second summer session at Cisco Junior College will begin Tuesday, July 12 at all locations.

Students may register from 9:00 a.m. to 4:00 p.m. and 6:00 to 8:00 p.m. on the following dates: Cisco campus, Monday, July 11 in the Registrar's office; Abilene, Tuesday, July 5 and Wednesday, July 6 at 1600 Sherman; and Clyde, July 5 and 6.

The Cisco campus will offer both day and night classes. The Clyde campus will offer day and night classes in academic courses. The Abilene campus will offer night classes only in vocational programs. For further information call the appropriate campus at one of the following numbers: Cisco-(817) 442-2567; Clyde-(915) 893-5876; Abilene-(915) 698-2212.

## County News Briefs

### CISCO

The Cisco Lions Club is making plans for their annual July The Fourth Carnival. The Carnival will be held at the City Park as part of the community's holiday program. The Club will have six booths, plus a food concession selling barbeque and drinks throughout the day. Funds earned by this year's carnival will help finish the pavillion in the park.

Seven Cisco FFA members will be awarded the Lone Star Farmer's Degree at the State FFA Convention in San Antonio July 13-15. Members to receive the Degree are: John Mulkey, Tommy Claborn, Robert Sherman, Johnny McCaghren, American Farmer Candidate Robert Gorr, Darrel Stuart and Michael Williams. This is the highest award that can be presented on a state level.

The Cisco High School graduating class of 1963 will hold a twenty-year reunion at 2:00 p.m. Sat., July 2 at the Cisco High School cafeteria. At 6:00 p.m. a catered barbeque dinner will be held. Those wishing to attend should notify Joyce Schaefer or David Callerman.

### EASTLAND

The West Central Texas Council of Governments has designated the Eastland Senior Center on Park Hill as a community focal point for services to senior citizens in the Eastland area. Dorothy Vanderslice, Director of the WCTCG Aging Department, states that: "The West Central Texas Council of Governments is pleased to make this designation, and urges the community to recognize and avail itself of the fine senior citizens programs already in place, thanks to the efforts of fine local leadership."

There will be a car wash at the Dairy Queen parking lot, Eastland from 10: a.m. to 6:00 p.m. on Saturday, July 2. Cars will be washed outside for \$2.00 and vacuumed inside for \$3.00. Both for \$5.00. This is sponsored by the Youth Department of the Landmark Apostolic Church, and proceeds will benefit the work for young people. The public is urged to come out.

### RANGER

The Ranger Volunteer Firemen are seeking more financial support in their efforts to give Ranger and the surrounding area the best fire protection possible. Last year only five men were on the Volunteer Force - now there are 25. They need more money for proper equipment for men and trucks and maintenance of fire equipment and trucks. Ranger's Key Insurance Rate has been lowered because of the work of this Volunteer group.

The Salvation Army Service Fund Drive has begun in Ranger. Lee Cantrell, Campaign Chairman, stated that the goal of \$1,100.00 will be used to pay for the Salvation Army's Services for the less fortunate in the area. "We are confident out community will support the emergency fund program as generously as in the past," Cantrell said.

# Majestic To Show 'The Prodigal'

By Viola Payne

No medium in history has had more effect on public values and life-styles than that of the motion picture.

With an attempt to use this powerful force for good, World Wide Pictures of Minneapolis, Minnesota has produced a new Billy Graham Metrocolor film called "The Prodigal".

The film will be shown in the Majestic Theatre in Eastland July 8-10 at 8:00 p.m. each evening, with a Sunday matinee at 2:00 p.m. July 10. Tickets will be \$3.00, with children under 12 admitted for \$1.50.

There will be special discounts to Church groups-check you local Church for this information. The Inspiration Church of God is the sponsor of the film in Eastland.

John Hammond, Hope Lange, John Cullum and Morgan Brittany star in the film, with Billy Graham making brief appearances. B.J. Thomas sings.

I was recently treated to preview of this film, and

came away with a number of ideas stirring around in my mind. Maybe it's good to stir the brain up now and then - that's a sure sign I'm still alive.

The photography alone is more than worth the price of the admission. There are magnificent blue-green shots of water, forests and seacoasts in the state of Washington. The settings - from mansions to slum apartments, Churches with priceless furnishings to Factory-town squalor - run through a wide spectrum of human experience.

For those who may be scared off by anything classified as religious: this is a modern story of human relationships rather than a strictly Biblical drama. Part of the many-dimensional Bible story of The Prodigal Son is dropped into the frame work of a rich man's home in 1983.

We are shown a husband, a wife and two sons who have little communication with

each other. They have shut each other out of their lives, and are headed opposite directions.

The younger son, Greg, fills the classic role of the Prodigal more than the other characters. First he spouts Thoreau, then he tries drugs and alcohol. He makes a grab at champion tennis playing, only to have it blow up in his face. His pattern of

failure continues into a drug-running episode off the coast, and experience which is uncomfortably realistic.

The story drives home the idea, however, that actually all the main characters are needy prodigals (even the local minister of a large church) each in his own way. It also brings out that human beings want their relationships to work - that they long

for love and companionship. The engrossing part is how they are finally able to make them work.

The film does not attempt to hold to the characterization of the Father found in the original Bible story. In this He was truly good, and the prodigal son was the one basically at fault. I have always considered this Father as representing God,

in fact. "Only two other groups have seen this film before today," stated Larry Smith, Pastor of the Inspiration Church of God, At the preview. "You can certainly say it is a brand-new film, with a tremendous message."

"I believe THE PRODIGAL may be the most powerful evangelistic film ever made to reach people for Christ."  
—Billy Graham
