

# HALL OF REMARKS

BY HERREL HALLMARK

**FOOTBALL FANS** will be getting ready this Thursday and Friday for the opening season's games. Cisco's Junior Varsity will be playing in Cisco Thursday, while the Varsity will travel to De Leon Friday night.

Cisco Junior College Wrangler's will open their season in Abilene Saturday night.

Look inside this edition of The Press for the football page sponsored by local merchants. The annual page is printed each week before a game and lists all the schedules for Cisco Jr. and Sr. High, as well as for C.J.C.

Our thanks go to all the merchants who make this page possible each year by sponsoring a part of the page.

**DOWNTOWN** Cisco Saturday was extremely busy, despite the heat, due to the Retail Trade Day sponsored by the Chamber of Commerce's Retail Trade Committee. Most local merchants had special sales available for shoppers throughout the day.

A highlight of the day was the "Little Mr. Cisco" contest. A complete list of the contestants, along with pictures of the winners, may be found in this edition.

**IF YOU ARE** planning to paint the garage this weekend or lay new tile in the kitchen or any one of the hundreds of do-it-yourself jobs around the house, you're in good company, according to the magazine Mechanix Illustrated. In a new report on the DIY market, Mechanix Illustrated notes that fully 80 percent of all American households tackle at least one significant home improvement project each year.

And automotive do-it-yourself projects are even more common. Just after World War II, not many people changed their own oil or tuned their own cars. There was a mechanic for every 50 cars in the country. It is amazing but true, according to the MI report, that today there is only one mechanic for every 250 cars on the

## First 'Little Mr. Cisco' Contest Is Held Downtown Saturday

The first "Little Mr. Cisco" contest was held Saturday, August 27, 1983 in front of The First National Bank in Cisco.

Bill Chaney, meteorologist from KTAB-TV in Abilene, was the Master of Ceremonies. Judges were Marilyn Martin, a native of Rising Star, now residing in Abilene, Sam Beavers of KVMX-97 in Eastland and David Bullion of KEAS of Eastland and KROO of Breckenridge.

Beverly Masseege from Noah's Ark in Ranger, Texas was the clown who helped the young gentlemen out on the stage and gave a delightful performance with her "dummy" while the judges were making their final decisions.

There were first and second winners in three divisions. First place winner in the "under one year" was Warren Craik, 7½ month old son of Phillip and Jan Craik. His sponsor was the Student Government Association of Cisco Junior College. Runner up was Christopher Wayne Harris, 9½ month old son of Dr. and Mrs. Gary

road. Given the recent recession and the high cost of both home improvements and automotive projects, it is little wonder that so many Americans are doing more and more for themselves. Mechanix Illustrated estimates the market for equipment and materials in the DIY market to be \$31 billion a year today and projects that it will continue to rise to \$98 billion a year by 1995.

### Cisco Gun Club Will Meet Mon.

Cisco Gun Club will meet Monday, September 5, at 7:00 p.m., at the Range Club House. All members are urged to attend.

Special thanks goes to: Western Auto for the use of the stage decorations; First National Bank for the use of their new building; Randy Speegel with the Chamber of Commerce for all of his help; and to all merchants and individuals who sponsored a boy. All proceeds will be donated to the Chamber of Commerce. Merle Norman Cosmetics sponsored the pageant. It is hoped this will become an annual event.

## Loboes Ready To Open Grid Play At De Leon

The 1983 football season will open for the Loboes of Cisco High School at 8 p.m. Friday, Sept. 2, in a game against the De Leon High School Bearcats in De Leon. Coach John Parchman, who will be making his debut as the new head coach and athletic director at Cisco High School, reported that his Loboes are expected to be at near full strength for the non-conference outing. Five Lobo starters were held out of a scrimmage with Ballinger at Brownwood last Friday night so their injuries could heal. At Brownwood, the Ball-

inger team, rated as one of the top 10 Class AAA teams in Texas, was the winner in the scrimmage. The two teams battled on even terms in the first series but Cisco, with men playing both offense and defense, was unable to keep up the pace as the evening wore on. Nobody got hurt. Quarterback Joe Perry, who looked good in a scrimmage the previous week, did not play at Brownwood as he suffered a leg bruise. He will start at De Leon along with Johnny Ramirez at fullback, David Seabourn at tailback and Frankie Seabourn at

halfback. In the line, the Loboes will have Glen Starr and Butch Jessup at ends, Robert Sherman and Darryl Stewart at tackles, John Seabourn and Willard Johnson at guards and Craig Foster at center. Jessup will handle the punting, kicking off and goal kicking. The Lobo defense will include Jessup and Stewart at ends, Johnson and John Seabourn at tackles, Travis Long and Sherman at outside linebackers, Starr and Tom Elrod at corner backs, Perry at strong safety and David Seabourn at free safe-

ty. Mr. Parchman said his Loboes were having a good week at the practice field. They reviewed movies of the Ballinger scrimmage Monday, and are seeking to perfect plays. Members of the 1983 varsity roster are listed elsewhere. The Bearcats, who were 5-0 in their district last year, are regarded as the strongest team in District 12-AA. The Loboes play in District 9-AA with Winters and Albany as the top rated

## Lundstrom Jury Is Not Allowed To Hear 'Ten Year' Evidence

Loyal L. Lundstrom, 60, Cisco church and civic leader, went on trial for the murder of his 27-year-old wife Doris in 91st District Court, Eastland, at 9 a.m. Tuesday, and one witness was heard before a noon recess.

Jury selection was completed after all-day proceedings Monday that named Hershel M. Goode, Cisco consulting engineer, as the 12th member of the panel.

Others on the jury were Stewart M. Farguhar, Cisco,

retired; L.J. (Jack) Lindsey, Eastland, building contractor; Kay Lynn Lasater, Eastland, housewife; Jamie Boswell Smith, Eastland, housewife; Ronald Dean Keeney, Eastland, employee of Texas Electric Service Co.; Gayle Chaney, Eastland, butane company; David A. Griffin, Rising Star, employee of Superior Cable Co.; Brownwood; Edwin P. Davidson, Olden, EB-BA Iron Co.; Bruce Stovall, Cisco, oil supply and service business; Belva L. Sublett,

Eastland, employee of a Breckenridge oil company; and Dorothy J. Barron, Ranger, dress shop owner.

It became apparent shortly before the noon recess that the jury of four women and eight men would not hear about the death of Lundstrom's first wife some 10 years ago in Minnesota and of his trial in connection with her death.

Gene Foster, owner of Foster's Sales and Service, 1304 Hilton Avenue, Cisco, was the first and only witness Tuesday morning. Late in his testimony, he was asked "Why were you concerned about Mrs. Lundstrom being missing?" by District Attorney Emory Walton.

"Ten years ago..." began Mr. Foster. And before he could say more, Defense Attorney Bill Hart was on his feet objecting and asking that the jury be excused.

The two attorneys went to

the bench and conferred for some 30 minutes with Judge Jim Wright. After the conference, Judge Wright conferred with the witness. When the jury returned, the question was re-phrased and the answer made no reference to happenings in the past.

Mr. Foster, in the questioning, said that he and his wife and the Lundstroms had been close friends for some two years and that they usually went out to eat together once a week. He testified that in the late afternoon of March 2, 1983, he met Mrs. Lundstrom on Highway 206 south of town and stopped and they talked.

Mrs. Lundstrom told him, he said, that she was going to Abilene to spend the night, indicating that there was discord at home. At his urging, he said, she went to the Foster home on Highway 36 between Cross Plains and Rising Star. He said she left to return home about 5:45

a.m. The Foster testimony brought out that she was last seen about 10:55 a.m. on March 3rd. He said that he learned that Loyal Lundstrom had requested that day that his pastor, Rev. C.L. Reneau, look after their children as a brother-in-law was seriously ill in a hospital.

The testimony showed that Foster and the Rev. John Clinton, Cisco minister and close friend of the Lundstroms, became concerned when they learned that the brother-in-law was not ill. He said they went to the motel apartment "feeling that something was wrong."

Mr. Foster said that he started to break into a back door but decided against it. He said he forced open one of two locks, and police later found this and decided it might be a burglary attempt. He and Rev. Clinton returned March 4th and looked around without going into the bedroom where Mrs. Lundstrom's body was found. Mr. Foster said he and his wife had gone to Deport late March 4th and were there when the body was found on the morning of March 5th.

The state planned to present some 15 witnesses before turning the trial over to the defense.

Opening the trial, Judge Wright told the audience (court room was about three-fourths full) that no show of agreement or disagreement with testimony would be permitted and that everyone was to remain quiet.

Judge Wright then told the jury that it was important that they not discuss the case with each other or with anyone and that they should not read newspaper reports or listen to radio and television reports about the trial.

Lundstrom, free under a \$200,000 property bond, was neatly dressed and followed action closely. He stood as his attorney said "not guilty" when the judge asked "how does the defendant plead?"

Two men from the Dallas Forensic Laboratory testified early Tuesday afternoon.

Allen Jones, Dallas firearms expert, examined objects submitted to him by the Cisco Police Department, including a single shot 20 gauge shotgun, a spent shell from it, the red shirt that was taken from Mrs. Lundstrom's body and a patch cut from the shirt. He said that 69 shots were recovered from her body and they were from a 20 gauge shotgun shell and that the empty shell was of the type fired by the gun submitted to him. He estimated that the victim was shot from a distance of about four feet.

Roger Smith of Irving, a fingerprint and document examining expert, also identified the gun and empty shell and said he found no finger prints on it. There were friction ridges but no prints and, he said in answer to a question, prints could have been wiped away. He identified fingerprints found on letters mailed by Lundstrom to Mr. Reneau.

**Why buy an ITT phone?**  
Because it's practical! Your ITT phone can pay for itself in the long run, with the money you save on monthly rental fees.  
Because it's legal! The Federal government has ruled that it is legal to own all of your phones, as long as they are registered with the FCC. Every ITT phone we sell carries a label with the phone's FCC registration number.  
Because it's easy to install! If your home has modular jacks, installing your new ITT phone is as easy as plugging in a lamp. Old-style, 4-prong jacks can be converted with an inexpensive adaptor. If you do not have jacks, ask the phone company to install USOC Jack Type RJ11C.  
Because it's warranted! ITT phones are backed by a one-year limited warranty covering parts and service.  
Because...the ITT OWN-A-PHONE® line offers features and designs not available on other phones. See our complete selection, in styles and colors to fit every decor, soon.

## Land Use Plans Are Important

Most cities in Texas and other parts of the country conduct land-use planning. Although these cities usually attempt to involve citizens in the process, many do not understand what land-use planning means.

Cities generally prepare a land-use map which depicts in a simplified manner the pattern of land use, such as residential and commercial. There also may be a future land-use plan which describes how the city should develop to achieve the objectives of its residents.

This plan shows areas for residential, commercial and industrial expansion, as well as areas intended for open space and low-density housing development. The plan serves as an aid for deciding on rezoning applications and expansion of city services. All maps and plans are public documents which you may examine by request.

### INSTITUTIONAL INVESTORS IN REAL ESTATE

The entry of institutional investors into the real estate market is just one of many changes being brought about by current economic conditions.

Cash-rich institutions, especially pension funds, are buying real estate instead of just loaning money to real estate developers. And, as long as such institutions assume that inflation will

keep driving values higher, they are willing to bid the highest prices.

Sellers, afraid of costly delays while trying to deal with buyers who need financing, are more than happy to deal with firms which can offer ready cash. The current favorite of these institutional investors is the office building. Changes in leases, such as shortening the terms and allowing owners to pass on increases in expenses, have made the office building a good inflation hedge.

### TIPS ON REMODELING CONTRACTS

Due to the rising costs of buying a new home, you may decide to keep your present home and do a bit of remodeling. If your renovations require professional help, here are some tips.

Before signing a contract, check the firm's record with the Better Business Bureau. Ask for references, and make sure you have the address of both the firm and the salesperson. Compare

bids on a job using the same specifications.

Ask if a firm represents different brands and if liability compensation is provided. The costs of labor and material should be specified, along with the brand, quality, weight, color and size of materials.

Make certain you understand the contract fully and that all oral promises are included. These precautions should help ensure satisfaction with your remodeling venture.

### COMMUNITY COLLEGES OFFER REAL ESTATE PROGRAMS

If you are interested in becoming a real estate professional, here is some good news.

Texas now has 46 community colleges which offer two-year associate of applied science degree programs in real estate. This compares with only four such colleges in 1972. During the next eight years, enrollment in these programs grew from 1,000 to 28,000.

Each of these programs contains the core real estate courses now required for obtaining a real estate license. The teachers and the courses meet Texas Education Agency requirements. The 46 colleges are located within a 50-mile commuting distance of most Texans. For a list of these colleges and their programs, contact the Texas Real Estate Research Center or check with the community college near you.

### CLOSING COSTS CAN COST A LOT

When considering the cost of buying a house, do not overlook settlement or closing costs.

These are all the fees involved in the legal settlement of the house purchase in addition to the actual purchase price. Closing costs include lawyer's fees, title insurance, mortgage application fees, real estate taxes and other costs. These expenses can add as much as 10 percent to the cost of buying a home. A \$30,000 house may have closing costs ranging from \$600 to \$3,000.

Federal law requires your lender to provide you with a "good faith estimate" of your closing costs which you normally receive soon after you submit a loan application. You pay closing costs at the closing meeting where your ownership becomes final.

The Real Estate Consumer is provided as a public service by this newspaper and the Texas Real Estate Research Center. Address inquiries to the Texas Real Estate Research Center, Texas A&M University, College Station, Texas 77843.

# Cherry Pie For Labor Day Picnic

## LABOR DAY PICNICKING

Eating outdoors is one of the pleasures of warm weather. But if you've spent most of the summer closed up in the air-conditioning, Labor Day weekend may be your last chance for a family picnic before the fall activities get in full swing. And remember, an impromptu picnic to a nearby countryside can be even more enjoyable than going to an over-crowded beach or a noisy park. So, pull out the basket, pack your favorite foods and take off for one last fling.

Picnics are fun for everyone—and that means the cook, too—if the menu is kept simple. If the picnic is to be a big affair, the planning and preparation may be too much for one person. If so, delegate some of the chores to others. Get them involved can actually heighten the fun. Assign someone to bring the refreshments and ice. Put someone in charge of bringing eating utensils and split up the cooking tasks.

Gourmet picnics have been in vogue this summer, yet nothing can beat simple and traditional picnic basics like hamburgers, hot dogs, homemade pie and gallons of iced tea.

Nothing tastes better than hamburgers grilled over an open fire. Hibachis or portable grills make outdoor cooking possible at any site. These small cookers take up very little space in the car and some are even disposable.

Fresh fruits are as much a warm-weather favorite as the picnic itself. Steeped in lemon and lime juice and sugar, colorful fresh fruits can be pure refreshment on a picnic. Take along a variety of fruits, either whole to eat out of your hand or cut and tossed into a colorful fruit salad. Take advantage of the end-of-the-summer fruits like peaches, melons, grapes and berries and mix them with the first fruits of fall like apples or pears. Year 'round fruits like bananas, oranges and kiwi fruit will make a salad that transcends the seasons.

Dessert is the grand finale of any meal. Since this is a picnic of old favorites, a homemade cherry pie is just the right choice. Our lattice-top pie has a streusel-like topping which gives an added touch of crunch. Make the pie several days before the picnic on a not-so-busy day and freeze it until Labor Day. Take the pie out of the freezer at least eight hours before the picnic to thaw. The only thing that could make this pie better is a scoop of homemade vanilla ice cream on top.

Of course, every picnic has one variable that you can't control. The weather. If the unexpected happens and it rains on your picnic, don't despair. Labor Day picnics are successes because of the people, the spirit and the food—and all of these are as good indoors as out. And to make your picnic more successful, try this Crunch-Top Cherry Pie.

**CRUNCH-TOP CHERRY PIE**  
2 cans (1-lb.) pitted tart red cherries

¼ cup all-purpose flour  
¼ teaspoon salt  
¼ teaspoon almond extract  
1 teaspoon lemon juice  
4 drops red food coloring  
1 cup granulated sugar  
Drain cherries, reserving ½-cup liquid. Combine liquid and the next 5 ingredients in a mixing bowl. Stir in cherries and 1 cup sugar; mix well and let stand while preparing pastry.

### PASTRY

2-¼ cups all-purpose flour  
1 teaspoon salt  
1 tablespoon granulated sugar  
¾ cup shortening  
1 egg yolk  
1 tablespoon lemon juice  
¼ cup milk

Sift flour, salt and sugar; cut in shortening until mixture resembles fine crumbs. Beat together egg yolk, lemon juice and milk; add to dry ingredients, tossing with fork to form a soft dough. Divide dough in half. Form each half into a ball and flatten on a lightly floured surface. Roll each to about one-eighth thickness. Fit one piece into a 9-inch pie plate; trim to ½-inch beyond rim of plate. Cut remaining piece into strips and use as directed in recipe.

Spoon cherry filling into pastry-lined pie plate. Arrange pastry strips in lattice design over cherries. Moisten rim of pastry and fold lower crust up over strips; press down firmly.

### CRUNCH TOPPING

3 tablespoons all-purpose flour  
1 tablespoon granulated sugar  
dash of salt  
1 tablespoon butter  
Combine flour, sugar and salt; cut in butter until mixture resembles crumbs. Sprinkle over top of pie. Bake at 425 degrees for 40 to 45 minutes or until crust is golden brown. Yield: one 9-inch pie.

Crunch-Top Cherry Pie is one of Imperial Sugar's newest recipes. Additional copies of the recipe and information about other recipes and free cookbooks are available from Imperial Sugar Company, P.O. Box 500, Sugar Land, Texas 77478.

Picnic

Labor Day weekend is the ideal time for one last outdoor fling. It is a national holiday that is famous for generating family picnics. Pack a picnic basket full of old favorites like hamburgers, hot dogs, fresh fruits, iced tea or lemonade and homemade Crunch-Top Cherry Pie. You can bake the pie in advance and freeze it until the outing. Recipe and instructions for making the Crunch-Top Cherry Pie are in the adjoining story.

### NOTICE OF CALCULATION OF EFFECTIVE TAX RATE AND PUBLICATION OF ESTIMATED UNENCUMBERED FUND BALANCES

I, Steve Thomas, Chief Appraiser for Eastland County, in accordance with the provisions of Sec. 26.04, Property Tax Code, have calculated the tax rate which may not be exceeded by more than three percent by the Commissioner's Court of the Eastland County without holding a public hearing as required by the code. That rate is as follows:

**\$-0-** per \$100 for farm-to-market/flood control tax;  
**\$.13701** per \$100 for the general fund, permanent improvement fund and road and bridge fund tax;  
**\$.04855** per \$100 for public road maintenance tax; thus  
**\$.18556** per \$100 TOTAL COUNTY EFFECTIVE TAX RATE

The estimated unen-

cumbered fund balances are as follows:

**Farm-to-Market/Flood Control Maintenance & Operation:** \$-0-, Interest & Sinking: 0-  
**General Fund Maintenance & Operation:** \$7,588, Interest & Sinking: \$19,110.  
**Public Road Maintenance Maintenance & Operation:** \$205,854, Interest & Sinking: \$-0-.

Steve Thomas-Chief Appraiser  
 August 23, 1983

### CALCULATIONS USED TO DETERMINE EFFECTIVE TAX RATE

Separate calculations are performed for each type of tax rate levied by Eastland County in order to determine a 1983 total effective tax rate. The following guide corresponds with the calculations shown:

A - Farm-to-market Road/Flood Control Tax;  
 B - General Fund Tax;  
 C - Maintenance of Public Roads Tax

#### I. DATA TYPE OF TAX: B

### The Wicked Generation

Author Unknown

We read in the papers and hear on the air Of killing and stealing and crime everywhere. We sigh, and we say as we notice the trend: "The younger generation! Where will it all end?"

But can we be sure that it's their fault alone? That maybe a part of it just might be our own? Are we less guilty who place in their way Too many things that can lead them astray?

Too much money to spend, and too much idle time; Too many movies of passion and crime; Too many books not fit to be read; Too much evil in what they hear said.

Too many juke joints, and too many bars; Too many hot rods and rattle-trap cars; Too many reasons for children to roam And too many parents who just don't stay home.

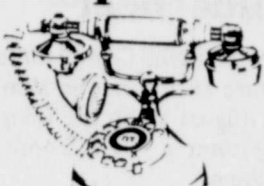

Our children are heirs to the sins we commit; They couldn't go on if the older folks quit. Kids don't make the movies, and don't write the books; Nor do they make heroes of gangsters and crooks.

Kids don't make the liquor, and don't run the bars. They don't make the laws, and they don't make the cars. They don't sell the reefer that idle the brain; That's all done by older folks greedy for gain.

Delinquent teenagers! Oh, how we condemn. We cry, and disparage, and criticize them. We're shocked at their morals, amazed at their crime And grieve that we live in such a perilous time.

By the rule of the blameless, let it be made known: "Who is there among us who can cast the first stone?" Remember this saying - for, oh, it is true: The label "delinquent" fits older folks, too!

## Why Buy A Telephone?

### MONEY!

You'll save it in the long run by avoiding monthly equipment charges - which vary by state and the model you rent. And, if you install your own wiring as well (with kits), you can save even more on installation and monthly expenses. The sooner you buy, the sooner you can start saving.

**WHERE TO SHOP, WHAT TO LOOK FOR.** Local stores, specialty phone stores, discount stores and electronics stores, as well as your local phone company and American Bell Phone Centers, are all vying for your business. The best strategy is, as always, to comparison shop, noting the different models available, payment options and especially warranty protection.

Your local Bell company's warranty may be as short as thirty days when you buy the phone you're already renting; American Bell - like many retail outlets - will have year-long coverage. In addition, the American Bell phones are new, while often those sold by the local telephone companies are refurbished models.

**WHAT ABOUT BUYING YOUR RENTED BELL EQUIPMENT?** Bell companies in five states now offer customers the option of buying their own equipment. More states will follow shortly. Before you buy the phone you now rent, be sure it's in good working order. If there's any problem - with the body of the phone or with the connection of a call - return it to a service center for replacement. Try the replacement for a few days before "signing up."

Your local newspapers sell I.T.T. & Webcor Telephones in All models From as low as \$24.95. Also complete installation equipment is available locally.

## Work Begins After Ground Breaking

Construction work got underway Monday on a 3,200-foot addition to the First Christian Church building after ground breaking ceremonies were held last Sunday at the conclusion of the morning worship service. Steve Cozart, local contractor, was in charge of the project.

The program for the ground breaking began with Vandell Weathers of the church board giving the call to worship followed by the invocation by Roy Hathaway who also led the singing of a hymn. J.C. Fletcher gave a scripture reading.

The Rev. Milo Steffen, pastor, directed the ground breaking litany with the congregation participating. The litany concluded: "To the glory of God, the Father,

who has called us to His grace; to the honor of His Son, who loved us and gave Himself to us; to the praise of the Holy Spirit, who illuminates and sanctifies us, we break this ground."

Participating in the ground breaking by moving a shovel of dirt were Standlee McCracken, chairman of the board; Dr. Earl Bissex, central area minister, here from Abilene; Lynn Williams, representing the new wing building committee; Olga Fay Parker, trustees; Ruth Powell, CWF; Don Reynolds, CMF; Pat Moore, apostles; Lori Ann Speegle, Chi Rho Youth Fellowship; Rachael Maples, Junior Youth Fellowship; primary, beginner and nurses Sunday School Classes, and Steve

Cozart, contractor.

Mrs. Ada Mobley, oldest member of the congregation, also was presented and participated in the service.

The new west wing will have four class rooms, a youth activities room, a quilting room, restrooms and a large storage closet.

Members of the building committee are Mr. McCracken, Mr. Williams, Mr. Weathers, Mr. Hathaway and Mr. Fletcher. The structure will represent an invest-

ment of about \$100,000.

During the worship service, Rev. Steffen read messages from Walter Stockard of Houston, the Rev. Buddy Sipe of First Baptist Church, the Rev.

Don McClenny of Fort Worth, and E.A. Sherwood, all of whom had been invited to attend. A floral offering from Rev. Wm. C. Weeks, pastor of First Presbyterian Church, was acknowledged.

CHAIRMAN Standlee McCracken of the building committee was about to turn the first shovel of dirt to begin work on a new \$100,000 wing for the First Christian Church building when the above picture was made at Sunday's ground breaking ceremonies. The Rev. Milo Steffen, right, presided at the event.—Staff Photo.

## Obituaries .....

### S.E. Parkinson Buried In Final Rites Sunday

Final rites were conducted at 2 p.m. Sunday at Kimbrough Funeral Home for Samuel Ernest Parkinson, 85, Constable of Precinct 4, who died Thursday, Aug. 25, at his home in Cisco. Interment was in the Oakwood Cemetery here.

Mr. Parkinson, a former Cisco police chief, apparently died while taking a nap on the couch at his home, 1002 West 9th Street. Death was attributed to natural causes after an inquest conducted by Justice of the Peace R.G. Lyarla.

The Rev. Ronnie Shackelford, pastor of Calvary Baptist Church, officiated at funeral services.

Mr. Parkinson was born May 25, 1898, in Coryell County. He was a veteran of WWII and had lived in Cisco for many years. He had served as Cisco area constable since 1972. Prior to that, he spent many years as a city policeman and as chief of police.

Mr. Parkinson was a Baptist and a member of the Eastland County Law Enforcement Association.

Surviving Mr. Parkinson are a daughter, Mrs. Joan Smith, Stephenville; a son, Ronnie Parkinson, Little

Rock, Ark.; two brothers, Eugene Parkinson of Marble Falls and Horace Parkinson of Austin; two sisters, Lois Parkinson of Dallas and Beulah Parkinson of California, and six grandchildren.

Serving as pallbearers were Scott Bailey, Billy Rains, Albert Biggs, Ben Sanchillo, Steve Tone and Cecil Funbergh. Named as honorary pallbearers were members of the Eastland County Law Enforcement Association.

### Services For Minnie Nelson Are Monday

Funeral services for Minnie Belle Nelson, 91, of Cisco, a retired nurse, were at 3 p.m. Monday at Kimbrough Funeral Home. The Rev. Frank Williams, pastor of First United Methodist Church, officiated. Burial was at Oakwood Cemetery.

Mrs. Nelson died at 1:25 p.m. Friday at E.L. Graham Memorial Hospital after a long illness.

She was born Sept. 27, 1891, in Osterdock, Iowa, and she graduated from the Chicago School of Nursing in 1919 as a registered nurse. She married George H. Nelson June 21, 1921. He died in 1958. She lived in Iowa and Illinois before moving to Cisco in 1954. She was a member of First United Methodist Church.

Survivors include three daughters, Burnice Gorr and Donna Clark, both of Cisco, and Ruth Miller of Anaheim, Calif.; a son, G. Edward of Aurora, Ill.; a stepdaughter, Ena Spain of Adair, Iowa; a stepson, Ira L. of Fresno, Calif.; a sister, Mrs. Naomi Haught of Dubuque, Iowa; 21 grandchildren; 27 great-grandchildren; eight great-great-grandchildren; and several nieces and nephews.

Pallbearers were Hershall and John Penn, Avery Holt, John Ledbetter, S.L. Mahaney and Lloyd McGrew.

### Services For Jeral Lisbee Are Wednesday

Graveside services for Jeral Lisbee, 64, of Odessa were at 4:00 p.m. Wednesday at Dothan Cemetery. He died of an apparent heart attack in his home.

Mr. Lisbee was born in Twin Falls, Idaho, on April 17, 1919. He grew up in Eastland County.

The family of Mr. Lisbee will be at the N.B. Payne residence at 1605 Avenue N in Cisco.

Local arrangements were made by Kimbrough Funeral Home.

## Green Thumb Workers Receive Grant Money

Farmers Union Green Thumb, an employment program for low-income senior citizens in Texas and 44 other states, has received a new grant of \$88,500,918 from the U.S. Dept. of Labor.

The grant is effective from July 1, 1983 through June 30, 1984. It provides \$4,113,951 for Texas Farmers Union Green Thumb, which has 952 of the 17,317 part-time job slots allocated to Green Thumb nationwide.

TFU Green Thumb currently operates in 108 counties, mostly in north, central, and west Texas. The program's workers must be at least 55 years of age and meet income guidelines. They are placed with public and private non-profit organizations such as schools, senior centers, libraries, and museums, and furnish services that would not otherwise be available.

The sponsoring organizations are responsible for day to day supervision of the workers, and TFU Green Thumb administrators wages and fringe benefits.

"We are delighted that the Dept. of Labor has signed the new grant agreement," said Mike Moeller, president of Texas Farmers Union. "The grant money means that 500 rural agencies now benefitting from the services of Green Thumb workers can continue to do so for at least another year."

Green Thumb state director Diane Parrish of Waco said that even though the grant is based on 952 employment slots for Texas, the program is currently able to employ 1,047 older persons because of reductions in overhead on both the state and national levels.

"Our overriding goal is to put as many older Texans to work as possible," Parrish said. "They need the work for themselves, and their

communities need the dedication and conscientiousness that older workers bring to their jobs."

Green Thumb began as a pilot program in Minnesota, Oregon, Arkansas, and New Jersey in 1965. The program expanded to Texas in 1970, and has been in continuous operation in the state since then. Original projects focused on park and highway beautification, and that is why the name "Green Thumb" was given to the program, which is now the oldest and largest employment program for senior citizens in the nation.

## Bob Bennie Team Wins Golf Event

A team headed by Bob Bennie, club manager, won the monthly scramble golf tournament last Saturday afternoon at the Cisco Country Club. The team posted a 10-under par score of 58 for 18 holes.

The team captained by Bennie Nichols had an eight-under par 60 to win second place, and the Letha Stafford team defeated the Carrel Smith team and the Delbert Schaefer team in a playoff for third place. The three teams finished with identical scores of 62 - six under par.

Playing with Bob Bennie were Tim Jones, B.A. Nichols and J.W. Sitton. The Bennie Nichols team included Tim Stubbs, Donnie Worley and Laverne Stafford.

Playing with Letha Stafford were Joey Worley, Jimmy Yowell, Manning Davis and Craig Childress. Mr. Smith's team included Kevin Winnett, Rick Wende and J.C. Fletcher, and Mr. Schaefer played with Steve Simmell, Ronnie Edwards, Ed Wende and Steve Thomas.

## Band Boosters Are Selling Pizza Kits

The Band Boosters of Cisco will be selling pizza kits again this year. A kit includes six pizzas, either cheese, pepperoni or sausage kits, at a price of \$14.95 per kit. This averages \$2.49 per 12-inch pizza. They are delivered fresh and can then be frozen.

The money made from this project is used to help sponsor band activities. This year there are 219 students enrolled in band from the sixth grade through high school. Last year one half of the money spent for the high school band to attend the Houston Band Festival was paid for by pizza sales.

The Band Boosters will be sending in orders every six

weeks. The first order will go in by September 6, 1983 and will be delivered the week of September 12, 1983. Anyone who has not tried these pizzas, is urged to try them and help support the bands.

Anyone who has not already been contacted is asked to call the following: La Nelle Anderson, 442-2752 daytime, 442-2011 at night, Belva Yeager 442-3931, Mona Lambeth at 442-2628.

Worth and John Key Hobbs of Moran. The couple have three grandchildren and four great-grandchildren.

Mr. Schooler is the son of the late Mr. and Mrs. O.N. Schooler of Moran. The late Mr. and Mrs. John Gardner of Moran were the parents of Mrs. Schooler, the former Margaret Gardner.

Mr. and Mrs. Schooler were married September 6, 1933, at the First Christian Church in Moran by Rev. W.P. Wathall. The public is invited.

Visiting with Mrs. Rheba Cannon, last week end were Mrs. Wilma Gresham of Eden, Betty Cook of Abilene, Robert Gresham and Sonny Grissom of Mesquite and Mrs. Edward Hudman of Moran.

Visiting with Mrs. J.W. Booth for the weekend were Mr. and Mrs. Bert Booth of Temple, Mr. and Mrs. John J. Booth of O'Fallen, Ill., and Bill Booth of Vienna, Missouri.

### MORAN SCHOOL STARTS

Moran Schools got off to a good start on Monday, August 21. Buses were running, the cafeteria going and with good attendance. According to Supt. David Mimms, 102 students are enrolled with 11 in kindergarten. This is an increase from last year.

Everyone is urged to support the school in its many activities.

Mr. and Mrs. Ezra Weir attended the annual Pointer Family reunion in Hamilton, Sunday.

Mr. and Mrs. L.D. Hammons spent a few days in

Victoria with their daughter, Mrs. Charles Landsale, and family.

Dan Rader has accepted the position of Maintenance Man for the City of Moran. He will replace Jim Howard as Water Supt., also work with the Sewer Dept. and Trash Hauling.

John Cain of Abilene and son of Mr. and Mrs. W.L. Cain of Moran is receiving treatment in a hospital in Houston.

James Wilson Collinsworth has accepted a position in the Moran National Bank. James graduated from Texas A&M University August 13. He is the son of Mr. and Mrs. John Collinsworth of Albany and grandson of Mrs. Ruth Breeden and Alfred Agnew of Moran.

## Putnam News

By Mrs. R.B. Taylor

It's just a repeat of the same record as to the weather. Hot and dry and the weathermen say we have at least two more weeks of the same.

We drove over our pastures this afternoon and I have never seen it look so bad. Most of the small underbrush is dead and the prickly pear looks like a fire had run over it. The tanks still have some water.

We talked to the folks up on the High Country and it's still raining up there and very cool.

Most of our sick folks are home from the hospital; however, we hear that Fay Jobe is a patient at West Texas Medical at Abilene. He is doing better now.

Clara Cunningham at Baird is still at Cisco Hospital. Mr. Arnold Pruitt who has been at Temple Clinic came home Friday.

School started last week and its good to see the yellow school bus every morning and afternoon. You know an old school teacher is just like an old race horse, when the bell rings we want to go.

Judy Maxwell's uncle, Mr. Cook of Ranger, visited her one day last week.

### DOWN ON THE FARM

Decade cuts real value of farm sales and income

'73 '74 '75 '76 '77 '78 '79 '80 '81 '82 '83

"Even though the past few years have been the most productive in U.S. farm history, the real value of U.S. farm sales has declined 25 percent since 1973," says Texas Agriculture Commissioner Jim Hightower. "It is clear that the falling value of farm sales is directly responsible for the crisis in net farm income, and that nothing is going to improve farm income except a fair price for farm products."

### CANVAS FOR MID-SUMMER COLOR

The Canna comes to us from Central and South America. Their home is the tropic region, but they do good here each year with outstanding mass of color.

The canna is often mistaken for a bulb. It actually is a rhizome, which is a member of the tuber family. Their range of size is from one and half feet to six feet tall. The taller cultivars make an attractive tall background against fences. While the smaller cultivars add the tropical look to pool

areas. The canna is best planted with all one color to an area or bed. Cannas are best suited in a flowing landscape design instead of a formal bed setting.

The Parks Department in Dallas have done wonders with a flowing landscape design using cannas. Samuell Grand Park has some very magnificent beds of canna as well as several parks along northwest highway and many parks on the Oak Cliff area.

Cannas are planted in the

### Bond Sales Total \$137 Million In 5 Months

Sales of U.S. Savings Bonds in Texas for the period January-May 1983 were \$113,012,014, up 36.2 percent over the same period a year ago, John W. Dixon, chairman of the board & CEO of E-Systems, Inc. in Dallas and volunteer State Chairman for Texas, announced today. These sales represent 50.2 percent of the state's 1983 assigned dollar goal of \$224,700,000.

Sales of Series EE Bonds were \$72,417,000 in May 1983, for a total of \$137,612,000 for the first five months of 1983 in Eastland County, Jim R. Wright, Volunteer County Chairman, said. These sales result in 89 percent of the County's assigned dollar quota.

Nationally, sales for May amounted to \$418 million, up almost 73 percent over May 1982, making a year-to-date total of \$1,781 million, a 38 percent increase.

Since November 1, 1982 new issues of Series EE Savings Bonds, held five years or longer, earn 85 percent of the average return on five-year Treasury marketable securities during the holding period, with a minimum

guaranteed return of 7.5 percent for Bonds held at least five years. Outstanding Series E and EE Bonds and Savings Notes that are still outstanding and earning interest on and after November 1, 1987 will earn market-based interest effective November 1, 1982. The average rate for the first two six-months market-based periods is 9.87 percent.

spring of the year. The rhizomes remain in the bed year round here. In the colder climates they have to be dug and dried and stored the same way we do tulips. The cannas will bloom from Mid-summer until frost. Our average frost is November 18, after the cannas have been bitten by Jack Frost, they turn brown and wilt. This is the time you need to cut the top off even with the ground and burn the removed material. Here we recommend very highly that a two inch layer of botanical cedar mulch be added completely covering the area where the cannas had grown. Then next spring the cannas will push through the mulch with more vigor and new stalks than the year before.

There is no other member of the tuber or bulb family that is so easy to grow and they multiply very rapidly. Cannas do best in rich moist soil especially enriched by compost and well-rotted cow manure. They have to have full sun and hot weather. Space the rhizomes 15 to 18 inches apart and cover with one to two inches of soil. You must feed every two to four weeks with a water soluble well-balanced fertilizer such as 10-10-5 or a 20-20-20.

Grasshoppers and cutworms are your biggest problem in the insect field. They can be controlled by a regular spraying of diazinon or sevin every two weeks.

Every three to four years you have to dig and divide your cannas. When dividing your cannas cut each rhizome into leaving approximately three to four inches per rhizome and at least one eye per rhizome. Be sure to use a clean, sharp knife. If there is any rotten or decayed section or the rhizome, dispose of it by burning.

There are many dwarf varieties that make good tub plants.

Some of the varieties found here are Mr. President which is a red five to six foot tall canna and then Pfitzer Dwarfs such as Chinese Coral, Primrose Yellow, Stadt Fellbach - orange, shell pink, cherry red, porcelain rose and City of portland orange red.

### RETIRING OR MOVING?

At least 18 per cent of the people in America will move this year. And many of you are thinking about retiring. These decisions are a part of your life and will affect at least one out of every five of your family and friends soon.

When making your retiring and moving decisions you'll soon discover that you've really accumulated a lot of possessions in the last few years. And you'll quickly see that it will be very difficult, time consuming and quite expensive to haul your possessions across the country or even around town.

But, you can turn these accumulated possessions into quick cash by holding an auction. A well planned auction can cash out your entire household in just a few short hours. And, I provide complete auction service so you don't have to worry about a single detail.

It's a whole lot easier to have an auction and put cash in your wallet than it is to put your piano, refrigerator & hide a bed in a truck. And remember, when it comes to buying or selling AUCTION'S BEST (SM).

## Bashams To Celebrate 50th

Mr. & Mrs. H. E. Basham will be honored Sunday, September 11, 1983 with a 50th wedding anniversary reception from 2:00 to 4:00 at the Fellowship Room of Inspiration Church of God, highway 80 west.

Serving hosts for the celebration will be the couple's two sons and their families. No. I Darrell Gene and Darlene Basham, Eastland, Tx. Darrell Lynn Basham and Delaine and (Rick Vittitow) son No. II Lonnie Joe and Brenda Basham, Austin, Tx. Monica and Stacie-(seven and eleven).

In 1966 Mrs. Basham,

helped host her parents' Mr. and Mrs. J.M. Smith's, 50th wedding anniversary, now 17 years later they will attend their daughter's 50th Anniversary.

Harvey was born Aug. 1906 near Rising Star, Tx. He grew up in Eastland County operates Basham Electric and Refrigeration Shop one block north of the Square in Eastland. Doesn't do much electric work anymore but does refrigeration work mostly. He is the District Deputy Grande Master of the Odd Fellow Lodge and chair member. R.S.C. member of Refrigeration contractors of Tex. he met

Lula Mae Smith in Eastland in 1933 and married her in Sept 10, 1933. They have two sons; four Grandchildren, Stacie age 7 Monica age 11 very lucky. Darrell Lynn and DeLaine (and Grandson-in-law Rick Vittitow.)

Lula Mae (Smith) was born in Elcampo, Tx Nov 1916. came to Eastland when very young, attended Eastland schools, then married Sept 10, 1933.

After a few years opened a Beauty Shop, BASHAM Beauty Bar. Now over 26 years has been sole owner and operator. Still working

She had a hobby of baking beautiful wedding cakes for

a few years. Now she is decorating & Baking her own 50th wedding anniversary cake.

She is a past District Deputy President of the Rebekahs of Texas. In 1979 she won a gold plaque at the Assemblies of Texas State meeting for being the Outstanding D.D.P. of Texas. The highest honor given a Rebekah member. Lula Mae Basham is Historian for the Eastland County Art Association. After painting over one hundred pictures and displays, had to retire as other interests were many.

Harvey and Lula Mae are members of the Camp Inspiration church of God. This new beautiful church is not only active in the West Texas District, but is the home of the Texas State camp meetings every year. many family Reunions are held here, and youth camp are very active too.

All friends of the Bashams are invited to Attend. She said, "We could not possibly send invitations to all, because to us, all of you are Special.

Please feel this is a Personal invitation come, informal, pants suits, no ties, don't feel you should bring a gift. Do come. never before has she had to "hand cuff" him to stay in one place for two hours. And the hand cuffs are real.

## 41 Killed In District Last Year D.P.S. Reports

Last year 41 persons were killed in the 9-county area of District 23, according to Lawrence Schulz, District Engineer for the State Department of Highways and Public Transportation.

"Alcohol and speeding continue to be our greatest problems," said Schulz. "Here in the Brownwood district, which includes the counties of Brown, Coleman, Comanche, Eastland, Lampasas, McCulloch, Mills, San Saba and Stephens, we had 3010 traffic accidents."

The number of accidents and fatalities in this area is cited as the reason the State Department of Highways and Public Transportation (DHT) will be working more closely with local traffic officials, police departments, and the schools.

To help combat the DWI problems, DHT has provided funding for increased enforcement programs, intoxilyzer instruments which measure alcoholic level content of drivers, rehabilitation programs, and workshops for prosecutors, judges, and probation officers. (The local Selective Traffic enforcement program recently received a grant from the department. These funds will be used to enforce the DWI law.)

"We also firmly believe in education as a way to relieve future problems," Schulz said. The Department recently previewed a new alcohol education kit, called "NO, Power," which will be made available to schools free of charge, while quantities last. "NO, Power" is designed to

help young students resist the peer pressure to drink and to educate them on the dangers of the drinking/driving combination.

The department will also be supporting programs to increase the use of safety belts and child safety seats. Workshops and loan programs will be generated throughout the state, according to Schulz, with special emphasis on making child safety seats accessible to those who might have difficulty in purchasing them for themselves.

"We have the tools to reduce our traffic problem and save lives. If people would obey the speed laws, wear safety belts and eliminate drunk driving, our fatalities would drop by at least 80 percent," said

Schulz. "We build our need to drive with that same highways with every safety kind of precaution. Our motorists

### Mrs. McGuire Is Retiring At Olney Savings

Friday, Sept. 1, will be the last day on the job as branch manager at Olney Savings in Cisco for Mrs. Evelyn McGuire as her retirement will become effective at the close of business this week.

Mrs. McGuire has been manager at the firm since it opened nine years ago as Abilene Savings. It later was part of the United Savings Corporation and was taken over last November by Olney Savings, which operates throughout this region.

A replacement for Mrs. McGuire will be announced soon by Olney Savings, it was reported.

Mrs. McGuire was honored by Olney Savings on the occasion of her retirement at a party last Friday at Coleman. A large cake and a present were presented to her at the close of a meeting of branch managers and company officials.

Retirement plans will begin this week as Mrs. McGuire and her husband John head their travel trailer toward Canada. Plans call for a visit in the Canadian Rockies, including Banff and Lake Louise, Vancouver and other points in Canada. They plan to return via Seattle and the Oregon coastal country. A visit of a week or more with their daughter, Charlotte, in Telluride, Colorado, is in their vacation plans. They expect to return home about Nov. 1.

Mrs. McGuire is a native of Stephens County and a graduate of Abilene High School. Over the years, she has taken a number of business and banking courses and holds licenses as an insurance and securities broker. She is a life-long Baptist.

The McGuires reside in a two-story home on the south shore of Lake Cisco. They are both active in church and community affairs.

# Wal-Mart Is One Of Top Five Managed Stores

Over and over, citizens throughout this area are hearing the phrase:

"Wal-Mart's coming!" Most know that the company is a giant retailer, and that their opening could change the pattern of retail marketing, in this entire area. Area Wal-Mart stores report that as much as 80 percent of their business comes from outside the town they're located in. Aggressive retailers here are gearing up to be ready to appeal to this additional traffic.

What most of us do not know is that Wal-Mart has an international reputation for being one of five of the best-managed companies in business.

That's the analysis of Dun's Business Month (a highly respected financial publication) who picked Anheuser-Busch, Bistol-Myers, Hospital Corps. of America, IBM and Wal-Mart Stores to have "turned in the most stellar performances of all."

Dun further said of the

five: "It is the mark of companies smartly led, prudently financed and sure of their direction. This year's winners had all that and something else - a carefully worked strategy to wrest greater market share from their competitors."

Of Wal-Mart it said specifically: "And in an abysmal year for retailing, Wal-Mart Stores, with its abiding faith in detailed, grass-roots management, led its industry in every measure of profitability and positioned itself for continued expansion."

According to the article Wal-Mart Stores did \$3.4 billion revenue in 1982 which was a 41.7 percent increase over the previous year and 37.8 percent five-year growth increase.

The publicly-held Wal-Mart had 1982 earnings of \$1.77 per share, a 41.6 percent one year increase, and a 37 percent five year increase. Latest 12-month dividend was .154 cents with a yield of .03 percent.

The detailed Dun report on Wal-Mart: "Wal-Mart: The Model Discoun-ter"

In the mid-1970's, Founder and Chairman Sam M. Walton of Bentonville, Arkansas' Wal-Mart Stores, Inc., a chain of bare-bones discount stores, saw some disturbing pattern in the company's monthly sales charts. Not only were new units failing to achieve expected sales volume, Wal-Mart's profit margins, once the envy of the industry, were edging downward. To make matters worse, a few aggressive competitors were starting to underprice Wal-Mart, raising the specter of a serious decline in market share.

In a bold bid to head off that possibility, Walton initiated a fundamental revision of Wal-Mart's marketing strategy. Betting that the chain could broaden its appeal without alienating its existing customer base, he launched a major capital improvement program-repainting the garish blue store interiors in warm earth tones and discarding old-fashioned pipe-rack displays and replaced cheap private-label merchandise with higher quality name-brand goods.

The gamble paid off. Customers flocked to the "new" Wal-Mart, triggering one of the most ambitious expansion programs in retailing history. From 78 outlets at the end of 1973, Wal-Mart has mushroomed into the

chain of more than 500 mainly small-town stores located in twelve states, from Texas to South Carolina and Louisiana to Illinois. With no slowdown in sight, some experts predict that Wal-Mart will surpass K Mart before the end of the decade as the nation's largest discounter.

Along the way, Wal-Mart has put on the most impressive financial performance in the retailing industry. Over the past five years, it has increased revenues and earnings per share at an annual compounded rate of 37.8 percent and 37 percent respectively. This year, a lackluster one for retailers, analysts expect Wal-Mart's earnings to climb 41.6 percent to \$117 million, or \$1.77 a share, on a 41.7 percent increase in revenues to \$3.4 billion.

Wall Street is equally impressed by Wal-Mart's 3.4 percent profit margin, one of the highest in the discount field, and its 25 percent return on equity, about two-and-one-half times the retailing average. "Wal-Mart leads all other companies of its type in every quantitative measure I know," says analyst Arthur D. Charpentier of Goldman, Sachs & Co.

Sam Walton attributes Wal-Mart's success partly to the "grass roots" management style he developed early on - a technique that emphasizes individual initiative and autonomy over close supervision. "Our philosophy is that management's role is simply to get the right people in the right places to do a job and then to encourage them to use their own inventiveness to accomplish the task at hand," he says.

That philosophy, retailing analysts say, has paid off in top-flight management that would be the envy of any industry. Enthuses Margaret A. Gilliam of First Boston Corp.: "I have never come across a company with a better balance to its organization, where every individual in a key slot in the management of the company is such an absolutely outstanding person in his field of expertise."

Wal-Mart managers are required to meet with store personnel outside the workplace at least once a year to discuss the health and direction of the company and to gather suggestions on everything from merchandise selection to vacation policy; these are passed along to senior management. To reinforce the idea of self-motivation, all "associates"-the term "employee" has been banished from the Wal-Mart vocabulary-are eligible to share in corporate profits after a brief time with the company.

Although morale and productivity are key objectives of such a policy, the primary purpose is to encourage associates to keep their eyes on the bottom line. And as all company executives are quick to point out, Wal-Mart's tireless dedication to cost control is one of its greatest strengths. "Quite simply, our philosophy from the beginning has been to price as low as we can; and the lower our costs, the less we have to charge," says Jack Shewmaker, Wal-Mart's president and chief operating officer.

The heart of Wal-Mart's cost-control effort is a monthly financial statement prepared for each store that lists every expenditure charted against the store's account, from rent and taxes to paper clips and telephone tolls. District managers review these statements line by line with store managers, discussing ways to reduce controllable expenses. "These may be minor individually, but collectively they become major," Shewmaker explains, "this is a business of attending to details."

Another important cost advantage that separates Wal-Mart from the competition is in the purchase and distribution of merchandise. Instead of using outside jobbers and contract distributors, as do most discounters, Wal-Mart orders in bulk directly from suppliers and uses its own warehouses and fleet of delivery trucks. Store managers telephone their

orders into a central computer once a week; the merchandise is shipped to the warehouse, where it is sorted by automated equipment onto the trucks and delivered to the stores. By ordering bulk, Wal-Mart is able to negotiate lower prices than its competitors, and it is able to deliver it to stores at a much lower cost.

Not even senior executives are exempt from the cost-cutting pressures. Corporate offices are spartan and cramped. Such frugality allows Wal-Mart to spend only 2 percent of sales for general administrative expenses, less than most retailers can manage.

Wal-Mart gets the payoff from these low costs where it counts: low prices, which in turn generate customer loyalty. "Believe me," Shewmaker says, "customers know price and value. The housewives in our territory can tell you within pennies what a bottle of dishwashing liquid sells for, and if we can keep our prices lower than anyone else, the customer will spend less time worrying about shopping elsewhere."

Customer loyalty, Walton and Shewmaker believe, reduces the peaks and valleys in volume, that drive labor costs through the roof. So to make sure that Wal-Mart maintains a consistent low-price image, they eschew the kind of rapid-fire promotional techniques common to the industry. While most discounters feature sales on selected merchandise once or twice a week to generate traffic, promotions are restricted to thirteen a year at Wal-Mart stores.

Instead, Wal-Mart tries to generate traffic through special events, such as the time the manager of the Jackson, Tennessee, store arranged for U.S. Army paratroopers to land in the Wal-Mart parking lot. "People want to go where they feel there's something

happening," Shewmaker notes. "So we do a lot of in store promotions that some people would refer to as being very hokey. We'll have dress-up Western days, when all of our associates will dress up with Western hats and blue jeans and cowboy belts. They have fun doing it, which contributes to their attitude and morale, and it rubs off on the customers."

Wal-Mart is now opening about 100 new stores a year and plans to continue that blistering pace. It is likely, however, that the company will face more competition in the future. Until recently, its small-town orientation insulated it from some of the more cut-throat types of competition in the business. But lately it has gone into larger cities, such as Springfield, Missouri, with a metropolitan population in excess of 200,000.

Sam Walton isn't the least bit worried about the competition. "We have found that we can do business quite profitably in larger areas," he says. "We plan to continue testing at both extremes-large as well as small markets. One shouldn't be too surprised where we go."

# People n Things

**GUESS YOU'RE** busy getting your shooting irons ready for the opening this weekend of dove season. The outlook isn't too outstanding right now due to the hot and dry weather, according to reports. The regulations are about the same as last year. Understand the laws have been strengthened a bit for dealing with anyone shooting quails or deer out of season. Before doing this, you'd better check into the matter.

**MR. RUDOLPH** Schaefer, the old timer, has his big gun oiled and is packing up for a real vacation. Son Jo Ed Schaefer of Arlington is taking his dad to Canada. Plans call for them to fly out from DFW on Sept. 6th or so for Quebec. They'll go after caribou.

Mr. Rudolph reports that the pigeons are chasing away doves at their place just south of town. Twenty-five or more pigeons fly in regularly to forage for food at the Schaefer place. He thinks they live in Cisco.

A **CANADIAN** vacation was enjoyed by Ernest and Christine Reich, who live south of town, and they got home last weekend. They went north to join a group of his old WWII infantry buddies for a reunion in Chicago, and then several cars of them went on into Canada.

Mrs. Reich, a retired CHS teacher, has a sister and other relatives in Ontario. We've invited her to write an article about their trip for The Press.

While they were away, the Reich farm had a pretty costly fire - a hay barn filled with 300 bales of hay. It couldn't be replaced for \$20,000. He says they had no insurance.

**THE REV. Jesse** Cassle, assistant pastor of the Pioneer Baptist Church in Abilene, was in the pulpit of the First Baptist Church here last Sunday while the Rev. Buddy Sipe was in Santa Anna conducting a revival meeting. Rev. Cassle is a former pastor of the local FBC. His wife Donna was

along and they enjoyed visiting old friends.

The Cassles will go with a group from the Abilene area to Japan in October for a revival program under the auspices of the Southern Baptist Convention. This group will include Mrs. I.L. Bradley of Abilene, also formerly of Cisco.

The Cassle's son Tim is vice president of the bank in Jacksboro, and their daughter Kim is married to an Aggie and they live at Midland.

**THANKS** TO Mr. Bobby Ingram of the Cisco Post Office maintenance staff for some green peppers from the Post Office vegetable garden. So far, they've harvested quite a lot of mild green peppers and some smaller hot peppers. The tomato vines haven't been very productive yet. The new building going up on East 8th Street just west of Universal Beauty Shop belongs to R&M Plumbing Co., of which Mr. Richard Chalmers is one of the owners. Mr. Manning Davis, one of the instructors out at Cisco High School, has joined the Cisco Country Club and is a regular golfer out there these days. Saw him taking a lesson from Joey Worley and other young fellows who were on the CHS golf team last year.

**CISCO GOLFERS** Dorothy Farnsworth and Ralph Glenn won the first flight in the Guys and Dolls Golf Tournament at Dyess AF Base last weekend. Also playing from Cisco were the Robbie Robinsons and the B.J. Perrys. Prof Tim Jones of the CJC Band got back on the golf course last weekend after a layoff of several weeks while he recovered from surgery. We inquired "how're you hitting them?" and he told us that he parred the first six holes and then had triple bogies on the next three. Mr. TJ reports that there are some 52 musicians out for his 1983 Wrangler Band and they are working hard. He's a bit short on trumpets, he says.

**WENT OVER TO** the First Christian Church last Sunday morning for their ground breaking ceremony and sat in Board Chairman Olga Fay Parker's pew - the back one on the right side if you're looking forward. It was a nice service with their district superintendent in the pulpit. Mr. Roy Hathaway, retired school superintendent, is the song leader at the church, and he sang "How Great Thou Art" as a solo. The FCC folks have every right to be very proud of their building program - a 3,200-square foot addition to a building that is nearly new.

**AS THE NEW** football season kicks off this weekend, you'll find Mr. Lloyd McGrew and Mr. Al Anderson above the press box behind movie cameras - Lloyd for the 24th season and Al for the 20th. As they've done over the years, Lloyd and Al will film all CHS and CJC football games with film purchased by the Cisco Boosters Club.

Lloyd and Al were in Brownwood last Friday night to film the Lobo scrimmage and in Abilene on Saturday to make pictures of the Wrangler scrimmage. These movies will enable the coaches to do a better job of evaluating their players. Hats off to Lloyd and Al!

**HAPPY BIRTHDAY** to Wayne Pryor who was critically injured in an auto accident May 25th! He has had a bout with pneumonia for the past two weeks but continues to improve at Hendrick Memorial Hospital in Abilene.

Wayne, son of Mrs. Louise Pryor and a resident of Cisco most of his life, will be celebrating his 32nd birthday on Saturday, Sept. 3. He is in Room 4715 at Hendrick Hospital. You can send him a card there.

Wayne was injured in an auto mishap on I-20 over near Ranger a month or so ago.
