

County Livestock Show Is March 14 - 17

The annual Eastland County Livestock Show is scheduled for March 14 through March 17 at the County stock show grounds on Highway 3101 North of Eastland. Officials are expecting one of the largest youth stock shows ever. Entries in most classes are up reports Tommy Toland, show superintendent. There are 246 head of market hogs entered compared to 162 last year. Lame entries are up from 162 last year to 219 this year. Entries of broilers have increased from 69 pens a year ago to 113 pens this year. There are over 800 total entries in the 1984 show.

A new division in this year's show will be dairy goats. Dairy goats are becoming a popular project of 4-H and FFA youth prompting show officials to include these animals in the stock show.

The county stock show begins on the afternoon and evening of March 14 when all exhibits except rabbits are

due at the stock show. Rabbits will not be entered until Friday morning before noon. Steers and sheep will be weighed as they are entered.

Judging begins at 1:00 p.m. March 15 with dairy goats followed by breeding swine at 3:30 and Market Swine at 5:00 p.m. On March 16 dairy cattle will be judged beginning at 9:00 a.m. followed by rabbits and broilers. Angora goats, breeding sheep and market lambs will be judged on the afternoon and evening of March 16. All cattle will be

judged on Saturday morning, March 17 beginning with the breeding beef followed with the steers.

The special stock show auction will be held at the Moylan Exposition barn at 7:00 p.m. Saturday March 17.

New improvements at the stock show this year includes additional swine pens, new and improved wash racks and insulation in the Moylan exposition building. Officials hope to have a heating system installed in the show building for the show and sale.

Eastland County Clerk

To Attend Seminar At A&M

Joann Johnson, Eastland County Clerk, will attend the annual County and District Clerks' Seminar at Texas A&M University March 6-8. Mrs. Johnson will travel to Bryan with Betty Conway, County Clerk of Comanche County.

The seminar, to be held at the Ramada Inn, is billed as "Nuts and Bolts Workshops", and designed to provide county officials with information critical to their jobs.

Keynote speak will be Governor Mark White, who will address the Seminar at 9:30 a.m. Thursday, March 8.

The opening session features addresses by Sam Cloutts, executive director with the Texas Association of counties; Ray Justice, administrative director of the Office of Court Administration; and Gary Bledsoe, assistant attorney general of Texas.

The second day's program features a talk by Reagan Brown, former Commissioner of Agriculture.

Both days and the next morning special workshops dealing with such topics as "Mental Illness and Probate", "Elections", and "Family Law".

"I always attend Seminars of this type when possible," states Joanne Johnson. "There is a tremendous amount of information available at these meetings - things which will assist me in my work."

The local County Clerk's office will remain open in her absence.

Eastland County 4-H'ers cook and serve a delicious dinner at the County Program Building meeting.

The 4-H'ers under the direction of Extension Agent Faith Ballard did a fine job.

Some of the honorees at the Program Building Committee meeting were (L to R) H.L. Ferguson, Ralph Berry, Herman Glueck, D.B. Warren, Dorothy Underwood, Dan Childress, and Charels Marshall.

People In Agriculture Honored

Men and women who served as chairmen of the Program Building Committee and area committees in 1983 were honored at the annual meeting of the Eastland County Program Building Committee Friday night. Each chairman was given a certificate of recognition in appreciation for outstanding

service and a book, *Texas Missions*, by the Extension Agents. Chairmen recognized were Mrs. Dorothy Underwood of Morton Valley - program building chairman; D.B. Warren of Gorman - Watermelon Committee; Charles Marshall of Eastland - Youth 4-H committee; Dan Childress of

Cottonwood - Pecan Growers; Mrs. Arlin Bint of Cisco - Family Living Committee; Joe Taylor of Eastland - Farm and Ranch Management committee; Roy Johnson of Desdemona - Peanut committee; Charles Hutto of Eastland - Swine committee; and R.D. Hart of Eastland - Livestock and Forage committee.

Eleven men and women were also recognized for having conducted agricultural result demonstrations in 1983. They were Benny Hagan of Cisco, Roy Johnson of Desdemona, D.B. Warren of Gorman, Dan Childress of Cottonwood, Charles Walker of Eastland, Wayne Carlile of Cisco, H.L. (Hoot) Ferguson of Morton Valley, Mac McWhorter of Eastland, Mrs. Ellen Justice of Cisco, Herman Glueck of Cisco and Ralph Berry of Cisco.

County Extension Agent De Gordon said the result demonstration is the oldest and one of the most effective teaching methods used by the Extension Service to teach proven and effective practices to farmers and ranchers.

Social Security Rep. Schedule

The Social Security representative will be in Eastland County during March as follows:

Cisco - Chamber of Commerce, Wednesday, 1:30 p.m. March 14 and 28.

Eastland - Courthouse basement, Tuesday, 10 a.m. March 6 and 20.

Gorman - Senior Citizen Center, Monday, 1 p.m. March 26.

Ranger - Joseph Building on Main Street, Wednesday, 10 a.m. March 14 and 28.

Rising Star - City Hall, Monday, 10 a.m. March 26.

Almost all Social Security business can be handled by phone. General information, to report a change of address, death, or work activities, may be reported by calling 915-696-1360. SSI information may be obtained by calling 915-696-1240, and to check on a medicare claim already filed call 1-800-442-2620, toll free.

Art Assoc.

To Meet Thurs.

The Eastland County Art Association will have a meeting Thursday, March 1, 7:00 p.m. at the Texas Electric Reddy Room, Eastland. The Demonstration will be given by artist Shirley Toland Davis of Breckenridge.

Shirley Toland Davis received her B.A. degree at Western State College, Gunnison, Colorado. She is noted for her drawing, water colors, and Palette knife work. Painting in naturalistic style, she prefers animals, wild life and old buildings as subjects.

Guenna Davis, President of the Association, invites all artists and interested persons in the area to come out and enjoy this special demonstration.

The Eastland County Art Association meets each month with an informative program.

More Freedom Allowed With Conservation

The U.S. Department of Agriculture will allow county authorities more freedom to fit conservation practices to local needs in farm programs, Congressman Charles W. Stenholm (D-Stamford) announced today.

The USDA had earlier proposed to require cover crops on all land set aside under this year's farm programs. The major changes mean that the government recognizes local conditions can differ, Stenholm said. "All of us share the goal of conserving our soil," Stenholm said. "The problem comes when you fail to use common sense. If stan-

dards are too rigid, if you don't allow locally-elected county committees some flexibility in applying the guidelines, then farmers just won't sign up for the program at all. And when that happens, our conservation efforts suffer."

Stenholm said that, though not all details have been finalized, this year's rules will allow county committees to require either a cover crop or some other accepted conservation practice to accomplish the same goals. "It will be up to county committees to enforce good conservation," Stenholm

Thursday, March 1, 1984

said. "And we have to realize, as farmers, that good conservation is a must. The question isn't whether to conserve, it's how. Requiring cover crops in each and every case, without exception, was so unfeasible for some farmers that it would have undermined the effectiveness of the whole program."

Stenholm said soil conservation practices like deep-chiseling can often be virtually as effective as planting a cover crop, and the new guidelines recognize this.

"There are two things to keep in mind," Stenholm said. "Number one, good conservation techniques must be enforced on land that lies fallow under government programs.

Fishing Report

Terry Wilson

Saturday 25th, the Triple T tournament trail hosted its opening tourney for the 1984 season. Fishing was less than desirable for most anglers.

Of 98 entries there were only 20 persons able to bring in 1 or more fish 12" or longer. The Old Man of the Sea, J.L. Stracner, won first place with a stringer weight of 16 lbs. 10 ozs. Big bass of the tournament went to Sammy Wright with a single fish weighing 6 lbs. 94 hundredths. Both these gentlemen were in their innertubes at times during the day. Mr. Wright's fish came out of approximately 2' of water. Mr. Stracner caught his fish on both crankbait and jigs. Cliff Clary of Eastland finished 7th with 1 fish weighing 3.93. Some good fish caught but everyone agreed they had to work hard for what they got.

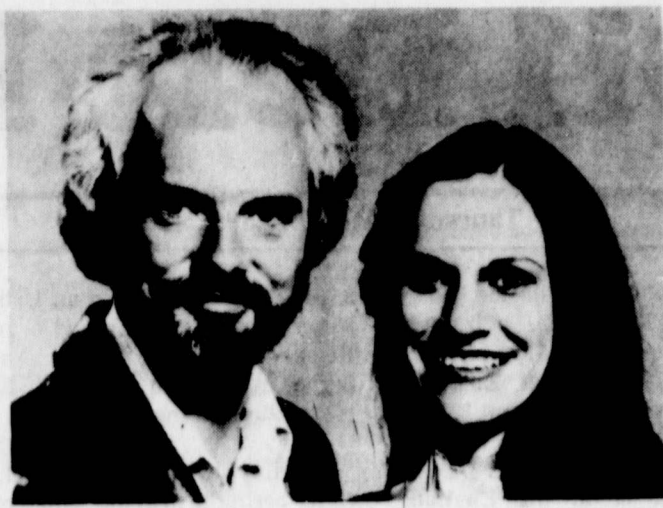

Area lakes have all begun producing some fine stringers. Leon has produced one fish going over 6 pounds and a number of fish in the 2 to 4 lb. range. Crappie also are really coming on over the past week of nice weather. Daniels is still producing some fine fish, but are few in numbers. Eastland Lake is producing numerous fish in the 3 to 4 lb. range. One angler reported 3 fish weigh in at 13 pounds 2 oz.

Brownwood is running a little late this year, but should begin producing those heavy stringers it's know for any time.

Thursday, March 1, at 7:30 p.m. we shall hold our monthly meeting at the Eastland National Bank. A large crowd is expected to be on hand this month, with some real fine fishing tales. Anyone interested in learning more of our activities is urged to attend. Good fishing, and remember to wear those life vests for yourself and your loved ones.

In Concert Here

Steve and Annie Chapman, husband and wife ministry team for Nashville, will be ministering in concert Saturday, March 3, at 7:30 p.m. at the Word of Life Church in Eastland. Word of Life Church is located at the corner of Valley and Lamar.

Nationally-known artist, Steve and Annie Chapman write, play and sing songs that deal with interpersonal relationships, using Scripture and personal testimony as their source. The focus of the Chapman ministry is to present a straight-forward message to Christians, through music and song, and to challenge non-believers with the Gospel in a unique down-to-earth "relationship seminar set to music."

Born-again believers since their early teens, Steve and Annie were married in 1975 and became a part of the popular singing group

April 1981, deals with real-life situations such as marriage, parenting, singleness, worship and finances. "Second Honeymoon" is the title of their latest album, nationally released in the fall of 1982. The theme of this particular recording focuses on the marriage relationship and practical suggestions for

maintaining harmony in the home and family. The Chapmans live in Nashville. The Saturday night concert in Eastland is free and open to the public. Everyone is invited to attend. A nursery will be provided, a love offering will be received.

Drilling Bits

An Early-based operator has staked location for the No. 2 Baskin, a developmental well to be located two miles east of Pioneer. With projected total depth of 3,000 feet, the well is in a 160-acre lease in Eastland County's Barton Field, ETRR Survey, A-98. The operator is Allstate Petroleum Operations.

F-G Oil Co. of Abilene has revealed plans to drill a 3,450-ft. developmental well in the Ranger Field. The operator has 11 acres leased with drillsite in Eastland County's Mark Hailey Survey, A-1405 and has designated the venture as the No. 1 Searcy-Perry. Drillsite is within the city limits of Ranger.

A new wildcat has been brought on line in Eastland County with Regal Operating Inc. of Eastland as the operator.

Located within the city limits of Ranger the well is in a 181-acre lease in the Nicholas Rousseau Survey, A-425. It is designated as the No. 2-A H.L. Smith.

On a one-quarter inch choke, it flowed 220,000 CF

gas per day. It was rated at 270,000 CFD on absolute open flow.

The well bottomed at 900 feet and will produce from a perforated interval, 873 to 876 feet into the hole.

Eastland County's REB (Marble Falls) Field gained a new producer when Richey & Co. of Ft. Worth completed the No. 1 P.C. Vines three miles north of Eastland.

The well indicated ability to pump at the rate of 18 barrels per day. It was taken to a 3,892-ft. bottom and will produce from a set of perforations, 3,398 to 3,424 feet into the wellbore.

The operation is in a 40-acre lease in the H&TCRR Survey, A-300.

Blanco Industries Inc. of Blanco has revealed plans to drill two 1,150-ft. developmental wells in the Eastland Regular Field. The operator has two acres leased, with drillsite in the ETRR Survey, A-853 J.T. Alford. Drillsite is two miles northwest of Rising Star.

The No. 2 Johnson has been finalized by WHD Oil Properties Inc. of Abilene. It is a developmental well in the WHD (Marble Falls) Field, three miles north of Desdemona. Drillsite is in an 84-acre lease in Eastland County's T&NO Survey.

Daily potential of nine barrels was posted with the Railroad Commission. The well went to a 3,911-ft. bottom. Production will be from perforations 3,283 to 3,298 feet into the wellbore.

A 4,000-ft. developmental well is planned by North Ridge Corp. of Duncanville at a drillsite six miles north of Eastland. The location is in an 80-acre lease in the H&TCRR Survey, A-299. Well's designation is the No. 2 J.B. Harbin. It is in the Eastland Regular Field.

Morrison Energy Co. of Abilene has revealed plans to drill two 3,400-ft. developmental wells in the Marsan Field. The operator has 40 acres leased with drillsite in Eastland County's A.C. Williams Survey, A-1985 and has designated the ventures as the Nos. 3 & 4 Riddle Unit. Drillsite is four miles southeast of Carbon.

A Dallas-based operator has staked location for the No. 3 George, a developmental well to be located two miles northeast of Sabband. With projected total depth of

3,000 feet, the well is in an 80-acre lease in the Eastland Regular Field, R.C. Forbes Survey, A-1131. The operator is Quantum Oil Inc.

3-B Oil of Lovington has filed for permit to drill the No. 1 Tucker, a 2,000-ft. developmental well eight miles south of Cisco. Location is in a 96-acre lease in Eastland County's H&TCRR Survey, Sec. 19, Blk. 3. The well is in the Eastland Regular Field.

Supreme Oil Co. of Abilene has revealed plans to drill two developmental wells in the Eastland Regular Field. The No. 1 R.D. Craighead is aimed at 1,500 feet total

depth. Drillsite is three miles northeast of Carbon in an 80-acre lease, H&TCRR Survey, Sec. 8, Blk. 2.

Projected total depth of the No. 5 Lula Canet "A" is 1,600 feet. Drillsite is five miles east of Eastland in a 106-acre lease, NCCSL Survey, A-367.

At a location four miles south of Carbon, Morrison Energy Co. of Abilene has finalized a new wildcat oil producer in Eastland County.

The well is designated as the No. 3 Martin Unit, pumping oil at the rate of seven barrels per day.

Location is in a 40-acre lease in the R.W. Gage

Survey. Bottomed at 3,400 feet, the well will produce from perforations 2,450 to 2,456 feet into the hole.

Bergen Enterprises Inc. of Rising Star has filed first production figures on four new oil wells in the Eastland Regular Field. The Nos. 9A, 12A, & 17A F.W. Roberts each showed potential to pump 17 barrels per day. The No. 13A F.W. Roberts indicated ability to pump 18 barrels per day.

The operator has 80 acres leased, with drillsite in Eastland County's ETRR Survey, A-741, three miles northwest of Rising Star.

The wells will produce from perforations ranging from 1,082 to 1,123 feet into the wellbore. Total drilling depths range from 1,140 to 1,164 feet.

Bill Herod of Ranger has filed for permit to drill the No. 1 Robinson, a 1,000-ft. developmental well five miles southwest of Eastland. Location is in a 68-acre lease in the Eastland Regular Field, H&TCRR Survey, A-264.

Southeastern Resources Inc. of Rising Star has revealed plans for a re-entry operation eight miles north of Rising Star. Proposed total depth of the No. 1 Mitchell is 1,700 feet. Location is in a 95-acre lease in the Thomas Fennell Survey, A-137.

A 4,995-ft. developmental well is planned by Trumter Petroleum Corp. of Ft. Worth at a drillsite seven miles west of Graford, Palo Pinto County. The location is in a 522-acre lease in the Peter Miller Survey. Well's designation is the No. 1 LaNeve "312". It is in the Palo Pinto Regular Field.

Sun Exploration & Production Co. of Abilene has revealed plans to drill two developmental wells Palo Pinto County's T&PRR Survey. Drillsite is six miles northwest of Strawn in a 1,920-acre lease.

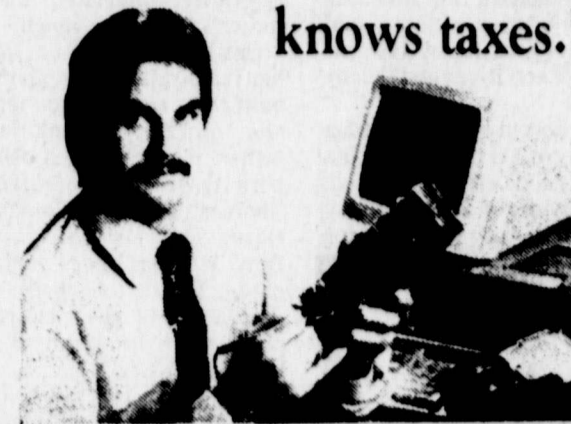

The No. 1 J.N. Stuart is aimed at 1,730 feet total depth in the Palo Pinto Regular Field.

S & J Operating Co. of Wichita Falls has filed first production figures on two new oil wells in the Stephens Regular Field. The Nos. 12 & 14 G.F. Kennedy showed potential to pump 56 & 78 barrels per day, respectively.

The operator has 381 acres leased, with drillsite in Stephens County's Lunatic Asylum Land Survey, one mile southeast of Breckenridge.

Bottomed at 3,250 feet, the wells will produce from perforations ranging from 3,026 to 3,164 feet into the wellbore.

"I know computers inside and out ... like Block knows taxes."

"I'm trained to know computers, not taxes. So I go to H&R Block for tax preparation. Block keeps up with the tax changes, and their preparers have done hundreds of tax returns. They're trained to spot every deduction and credit I'm entitled to. They must be good; three out of every four Block clients get a refund."

Let's talk.
Information about your changing telephone service from Bob Cox, Manager-Community Relations

"What's good about Southwestern Bell?"

While not addressed quite so bluntly, that was the main question we tried to answer in recent group sessions with our customers. These "focus group" meetings were held to give us a better idea of what people perceive to be strengths of our company.

We also asked for, and received, commentary on our weaknesses as seen by these customers.

Good service — particularly its dependability and reliability — was by far the main strength cited in these sessions.

Here are some of the comments made by our customers:
"We couldn't survive without the phone service. I have to have my telephone for communications. If you have an emergency or a fire, you need it. I could live without the service, but I wouldn't want to. It is a big part of everybody's life."

It's dependable
"I would stress the dependability. I would point out to consumers being able to rely on your telephone for just about anything: your business, your home life, your social life."

"I'd say they have good service. Their phones work, and you can depend on the calls. If you have any repair work, it gets done."

"I've called to ask questions about rates and bills, and the people I've spoken to have been very polite and willing to answer all my questions."

"The phone company is every day coming up with more efficient ways of doing things, or better ways."

"I think the strength of the telephone company is that they have been more economical as compared to other items in your household budget. They have not gone up proportionately as much. That has been a tremendous asset for the lower income people."

Rate increases in line
"In relationship to every other company's rate increases, they're in line. The regulated companies have more trouble than the unregulated companies because they have to go back almost to get a nickel and unregulated companies don't."

things cost today. I would say telephone service is a good value. It saves me money because I do a lot of comparison shopping through the phone book. I make the telephone work for me."

"You pay for contact with most of the world. You can use the phone to talk to anybody about anything, check on relatives, children, and you don't have to worry about it. It always works. What value would you put on that? A call to poison control when your child just drank a glass of bleach. What do you do? What's the value of that?"

"I like the bills because they come with a return envelope. It's one less address you have to write out and one less envelope you have to work up."

"I think the size of the company and the fact that it has been such a good company for people to work for has been a real asset here."

Divestiture confusion
Some customers did tell us they were still confused and uncertain about our separation from AT&T. Here are some of the comments about life after divestiture:

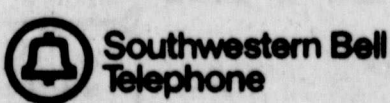

"I feel uneasy about it. I don't really understand what is actually happening and how it is going to affect me. I really can't say anything about it because I really don't know."

"We will be able to tell shortly how well Southwestern Bell Telephone will do on its own — whether in the coming years it is going to fall on its face or lay an egg. Or spread its wings and fly."

Well, the breakup has come and gone and I can assure you Southwestern Bell Telephone isn't laying any eggs. Our service in Texas has never been better. And we're going to work hard to keep it the best there is.

How about you? What do you think is good about Southwestern Bell Telephone? What faults do you find with us? I'd like to hear from you either way — just drop me a line at the address below.
