HALL OF REMARKS

**HOMECOMING** activities were in full swing this week at Cisco High School with a Sing-Song held at the high school auditorium Thursday night at 7 p.m. Local students entertained the audience by performing and singing various songs and dances.

Nominees for the 1984 Homecoming Queen were in-.troduced and escorted onto the stage. Those nominees were Angela Bradford, Sabrenia Justice, Tammy McCulloch, Lynn Pittman, Jeanine Reich and Shelly Schaefer. The winner was introduced at Friday night's game between Cisco and Ranger.

Following the Sing-Song. the audience was invited to follow the cheerleaders and band to the site for the bonfire near Chesley Field. A pep-rally was held for the Lobo football team there.

**AN AMUSING article was** seen in the First Christian Church newsletter recently in the pastor's column, entitled Milo's Musings. Unfortunately, although the article is amusing it is also too true.

The article is being reprinted here for your enjoyment.

I thought I would share with you a delightful article which I read a while back. It makes a good point that can be applied to all of our excuses that we use to avoid serving the Lord in worship and Sunday School. It is entitled: "A Letter From Parson Jones.'

Attendance at church last Sunday was mighty poorly. I don't reckon I ought to grumble cause I had a bunch of sick members and when you add that to all the shut-ins we don't have a site of pew fillers. So I went ahead and preached to what I had. Only

No, nothin' but a miracle could have rescued ol' Hez from the jaws of death in such a short time. Now there was Rufe's brother. Rufe told me Sunday morning that his within brother's back was in fowl limit. shape and they were afraid an operation was gonna be necessary. Well, we remembered him in our prayers and lo and behold at 2 o'clock there he stood at the driving range hitting golf

balls. If that wasn't a quick recovery I don't know what grand old man as dearly as All told about 20 of my sick

folks had roused up and was taking nourishment in one form or another ... But what really made me happy was to see so many of my shut-ins out riding around and enjoying the world. Hezekiah's paw, who didn't attend church cause he can't stand crowds, was headed for the drag races. Sister Nell's mamma, who was too weak to get outa the house, was in town shopping. Effie Nicklesinger's sister, who can't come on account of her kidneys stood in line for two hours to get into the show. It was a show about "The Miracle Worker." I thought it was right appropriate, seeing as how a miracle had happened to her. Yes sir, it thrilled my heart to see what I saw. I ought to have a packed house next Sunday with all my sick folks and shut-ins being set free. I just hope they don't overdo themselves before next Sunday and have a relapse. I

town.

The recognition of quality in construction is an art in itself. But this art can also be good business, for when a building is saved there are a number of tax credits available for owners who have this work done.

One of the main things which was brought out by the U.S. Department of Agriculture, sponsors of the program, was that agriculture and the small towns of America are closely tied together. The health of one affects the other.

Even the most optomistic soul will have to admit that agriculture in the southwest, including this area, is in bad shape right now. Some of the problems are beyond the control of man - such as the weather. Others need addressing by all concerned. Other points covered were

that each town should build as large an industrial base as possible. It should hire a site manager for the restoration of Main Street, make the downtown areas inviting, save all historic sites, utilize downtown areas for living as well as merchandising, hold events to draw people downtown, encourage new businesses to open, and attract as many tourists as possible.

Eastland County towns are already trying to do some of these things. But on one of

site manager to take charge of the Main Street revitalization - the audience indicated to Ron Bailey, program coordinator, that they were running into a problem. Especially when the suggested salary for this special person would be over \$35,000 per year and up!

Suggestions were forthcoming, however. Handle it like an area in Oregon, where one site manager was hired for several communities. Or utilize City Managers, Mayors, C of C Managers, Historical Societies and assorted personnel on the work. During the telecast there of Lake Cisco Park. was time out for questions

# **National 4-H Week October 7-13** "I have observed many

"National 4-H Week" is here! October 7-13th is the week proclaimed by President Ronald Reagan.

I am pleased to join in the celebration of October 7-13, 1984, as National 4-H Week and congratulate the nearly five million members and over 600,000 volunteer leaders in this outstanding program. This special Week provides an opportunity to recognize the contributions 4-H has made to youth leadeship development and to improving the quality of life for millions of Americans in its more than seventy-five years of experience.

This year's national theme, "4-H - Building on Experience," epitomizes the practical skills that 4-H'ers can acquire: earning respect for themselves and others; exploring career and leisure time activities; and becoming actively involved as citizens in their communities, the nation, and the world.

I commend 4-H for

achievements in agriculture. natural resources, and home economics. which demonstrate a commitment to strenghtening our country's food and fiber

American family. I am especially proud to salute the adults and young people who volunteer thousands of hours of time and share their talents for the development of youth through 4-H, a Cooperative Extension Service program. All Americans join me in

in the years ahead. **Ronald Reagan**

celebrates this week by 4-H'ers weaing 4-H T-shirts, posters displayed at schools and other public displays. Then to conclude the week is our annual County 4-H Awards Banquet, October 13th, 1984. It will be located at Siebert Elementary School, 7:00 p.m., \$3.50 for

Over 30 4-H'ers will be recognized for outstanding achievements for 1983-84.

4-H begins at an early age...sometimes while 4-H'ers are still in the cradle. It is a family affair. 4-H provides parents and youth a

chance to grow together...building on experience. Learning experiences start with the basics and build...to grow into the best you can be. While your "into" 4-H, you'll not only gain skills to use throughout your life but you'll be making new friends, going new places and learning to have confidence in yourself. 4-H helps

build leaders, here are a few quotes from famous alumni. "I learned a lesson about rewards for hard work that has stayed with me all of my life. I have always known that whatever success I may have enjoyed is due, in a large measure, to that fine 4-H Club leader and my participation in the 4-H Club program." -Roy Rogers

### RANGER

Plans are complete for an eventful Roaring Ranger Days on October 13 in Ranger. The big parade on Main Street will begin at 10 a.m. Spanky McFarland of "Our Gang" fame will lead the parade, riding in a '57 Chevrolet Convertable. Over 40 classic cars of many makes and models will be on display during the day. A number of exciting events will keep visitors interested. There will be food booths serving various specialities for the crowd.

"Bits of Wisdom" is the name of a book just published by the "Times Remembered" group of Western Manor Nursing Home and their friends. The book is full of old sayings and folklore. The attractive cover was designed and drawn by G.H. Abbott. Books will be on sale for \$1 at the Nursing Home and in town during Roaring Ranger Days. They may be ordered by mail from the Home for \$1.75. Western Manor Nursing Home is located at 406 W. Main, Ranger, 76470. Proceeds will benefit residents at the Nursing Home.

The Ranger Lion's Club will have their Roaring Ranger Cookout Breakfast Saturday, Oct. 13 in the parking lot on the corner of Main and Austin. The meal - cowboy style - will be served from 7 a.m. until 9 a.m. Eggs, bacon, sausage, bisquits, pancakes, coffee and all the trimmings will be served for \$3. Proceeds will help local projects such as eye examinations and eyeglasses.

## CISCO

It is hoped by City Manager Mike Moore and the City Council that Cisco citizens will back an all-out clean-up project for the city. Mr. Moore stated that the city could not afford to clean up all the vacant lots, old buildings, and trash in yards. Local Clubs are being urged along with citizens to get involved in the effort.

A repeat of last year's sale of "Books, Baked Goods, Trinkets and Treasures" will be held on Friday, Oct. 26 at Cisco Public Library, 6th St. and Ave. G. Proceeds will benefit the Library. Plans will be finalized and announced by members of the Twentieth Century Club, sponsors of the Library. Mrs. Ruth Cartee is President of this group.

The Redeemer Lutheran Women's Missionary League is celebrating fall again with a Harvest Happening, Saturday, Oct. 13. There will be delicious home baked good, frozen and canned foods and crafts. The time on the 13th will be 8 a.m. to 5 p.m. in the Parish Hall at Redeemer Lutheran Church on Conrad Hilton Ave.

The Internal Revenue Service has approved an application by the Conrad Hilton Memorial Park and Community Center to be a tax exempt Corporation. Board members expressed the belief that everything will be ready for construction work to begin in early 1985, and that the project will be completed before the end of next year.

## EASTLAND

Dr. John Campbell will be featured in an organ recital Sunday, Oct. 7 at 3 p.m. in the First Baptist Church of Eastland. Dr. Campbell is head of the Department of Applied music at Hardin Simmons University, and is also professor of Church Music and Organ. He is organist at Hardin-Simmons as well as organist of the First Baptist Church in Abilene. This is the second in a series of recitals presented by the Music Ministry, and made possible by the gift of a friend. The third program is scheduled for Nov. 11.

Webb, member of the local faculty for 24 years and principal for the past 12 years, was one of 16 teachers picked for the project. These teachers worked with 16 Texas Education Agency Staff members in their study of standards for basic

## RANGER

The First Baptist Church of Ranger has a new Pastor, the Rev. Billy J. Chambers. He and his wife, Louise, have come to Ranger from Minnesota, where he served as the Director of Religious Education for the Minnesota-Wisconsin Convention of the Southern Baptist Convention. Bro. Chambers is a native of Ft. Worth, and graduated from Baylor University and Southwestern Theological Seminary. The Chambers have three grown children, all of whom live in Ft. Worth. The Pastor states that he is "glad to be back close to home", and looking forward to becoming a part of the Ranger communi-

Jerry King, two-time undefeated World Champion Swamp Surfer, has announced that he will return to defend his title Saturday, Oct. 13, at the Third Annual Roaring Ranger Days. King welcomes challengers of any kind, but appears confident to once again take the title at the event. In this sport, contestants allow themselves to be pulled on a specially built sled across 100 ft. of the slimiest mud anywhere. This is in the custom dug swamp pit at the corner of Walnut and Rusk, Ranger. Plan to take in this event when you visit Roaring Ranger Days.

## GORMAN

Bill Black, Administrator at Blackwell Hospital, states that a fetal heart monitor and a vascular and obstretics doppler system have recently been installed at the hospital. "We have also started new services with the Hospital," he says. "We have a new Physical Therapy Department, with Alex Gutierrez as our Physical Therapist. We are waiting on a license to perform Nuclear Brain Scans and now can perform CT Scanning through the use of a Mobile CT unit." Black thanks the community and area for its continuing support of the hospital.

Curtis Maness is the new minister for the Gorman Church of Christ. Curtis and his wife, Neta, have moved into the church home. Curtis Maness has a number of college hours in subjects which include Bible, Speech, English, Psychology and Counseling. He has been preaching for 14 years, and the couple have worked in Oklahoma, Texas, and Louisiana. They have two grown sons. The public is invited to visit the Church and get acquainted with this new minister and his wife.

## RISING STAR

A Nutrition Program for senior citizens of Rising Star and the surrounding area has begun in the city. The program is sponsored by the Cisco Junior College and supervised by the West Central Texas Council of Governments. The food will be prepared at the Cisco Center Kitchen each Monday and brought to the Rising Star Senior Citizen Center. Serving time will be 12 noon. Ruth Cartee is the director of the Cisco, Eastland and Rising Star Nutrition Programs.

The Snak Shak on West College in Rising Star is now operating under the new ownership and management of Mary Espinoza of Bangs. She and her husband, John, have been associated with Snak Shaks for several years. New items such as Mexican food dishes have been added to the menu. Stop by and try one of the new dishes or your favorite hamburger.

Eastland County Gun Exchange, a new store offering a complete line of guns and equipment, will be opening later this month in the building behind Mode O'Day. The address will be 204 West Main. The building is being extensively remodeled by Gun Exchange Owner/Operator Robert Ralls. Ralls, who is employed by the Department of Public Safety, has lived in Eastland for more than two years. He expects to have a Grand Opening for the store around Nov. 1.

Plans have been announced for a Silk Screening Plant to open in Eastland around Feb. 1, 1985. It will be named Big and Little, Ltd., and located between the Bowling Center and Sneed Construction Co. on the south side of East Main St. Principals in the firm are Peg Shotwell and Peg Morris. The business will specialize in silk-screening of tee shirts, hats and various sportswear.

### **RISING STAR**

Jack C. Smith, a descendant of pioneer families of Rising Star, will be the speaker for the Rising Star High School Homecoming. Jack graduated from RSHS in 1959 and attended Howard Payne University. He then went on to do graduate and postgraduate work at Tulane University, U. of North Carolina, and the University of Chicago. After working one year with the Louisiana Health Department, he became a Commissioned Officer in the U.S. Public Health Dept. In his 18 years in Public Health Jack has traveled widely both in the U.S. and internationally and has published over 50 articles in professional journals.

A Nutrition Program and Meals on Wheels Program is now underway for the Senior Citizens of Rising Star. Ruth Cartee, Director of the Senior Centers in Cisco and Eastland, is in charge. Meals will be cooked in Cisco each Monday and carried to Rising Star. The next lunch will be served on Monday, Oct. 8. Be sure and register before 10 a.m. Monday if you wish to eat. Call 643-5141 at the Senior Citizen's Bldg.

Long Branch Baptist Church will celebrate its 100th Anniversary the first Sunday in May, 1965. This will also be the annual Homecoming. If you know of anything that has happened in the Long Branch community during the last 100 years that would be of interest to everyone, please mail it to the church at Rt. 1, Box 80, Carbon. A Homecoming booklet with interesting events is being planned.

### CISCO

Plans have been approved by the Cisco City Council for the third phase of water distribution improvements in the city. The improvements will eliminate dead-end main lines and provide adequate fire protections where there is none at present. Bonds totalling \$250,000 have been sold for the project. If there is money left over the City plans to have the overhead water tower along I-20 repainted. Proposals are for an offwhite color with a wide gold band around the tank, with big black letters spelling CISCO.

Mrs. Geneva Webb, Principal of Cisco Primary School, has been in Austin serving as a member of a statewide commitee of educators working on standards for first graders. Mrs.

Commodities will be distributed on Wednesday, Oct. 17 at the City Hall in Rising Star. Nurses will also be there to give free Blood Pressure checks.

## EASTLAND

The Eastland County Fair Parade on Oct. 6 promises to be the largest in recent years. It will be held on Main Street, and 78 units have already entered. This includes five bands, about 25 floats, 12 motor units, 8 horse units, 7 antique cars, and a number of bicycle and walking units. The Hardin-Simmons University Band is to be the Honor Guard, and duchesses. Little Miss and Teenage Miss entries and organization Sweethearts will also be featured.

The new Physicians and Surgeons Clinic at 203 South Daugherty in Eastland has opened. Dr. Stephen Krech, the Clinic's owner, has received his Texas license to begin practive in the new facility. He previously practiced medicine in California and Kentucky. The Clinic will specialize in Primary Care, and General and Internal Medicine. There are three telephone lines to the Clinic.

Also named to assist at the new Clinic are Dorothy Pyke. receptionist, and Stormy Hahn, typist. Dr. Krech is still taking applications for nurses.

Specialty API Pumps, Inc., a corporation headed by Leroy Williams of Graham, plans to open a new Oilfield Supply Store in Pogue Industrial Park the third week in October. The 40 ft. by 80 ft. metal building is under construction at this time. Lynn Mackey and Danny Dawdy will manage the Eastland store. The company specializes in downhole pump sales and repair.

Southern Television Systems plans to expand its channels, Manager Roy Thackerson reports. The complete rebuild of the local system now affords a possible 35 channels. Work is also underway on the improvement of the company's facilities at Cisco and Ranger, and estimates are that the company will spend more than a half million dollars on the local system.

The final payoff of the Eastland County Water Supply District's Bonded indebtedness has been made. The bonds were paid off three years in advance of their maturity. District Chairman Floyd Carraway, in announcing the payoff, stated that the District was happy to end the indebtedness, and that it would enable some planning to proceed. Construction of the Lake Leon Dam began in Jan., 1953 and was completed in June, 1954. The District started pumping water in July, 1955.

Eastland County Water Supply District has hired Bob Simmons of Ranger as the new Lake Keeper for Lake Leon. Mr. Simmons and his wife, Sue, will live at the Lake Home and provide services including Lake and fishing licenses. Simmons plans to expand the services of that facility, including careful patrolling of the lake. He states that he looks forward to working with the people of this area.

Hunting will be good in areas which received spring and summer rainfall, and poor in the drier regions, according to Don Wilson, upland game program leader. Regions with the best prospects for hunting may be the Coastal Prairie, Panhandle and Eastern South Texas. "Rainfall has been extremely sporadic during 1984, with conditions differing significantly from county

to county in some areas," Wilson said. "The winter freeze reduced quail populations in parts of North Texas, and some of those areas have remained in a drouth since then," he said.

Texas roughly bounded by Abilene, Wichita Falls and the eastern Panhandle-South Plains. The bag limit statewide is 12 quail per day, 36 in possession. "Our studies have shown that hunting pressure

actually has no significant effect on quail populations, even during a poor year," Wilson commented. Quail typically experience high winter mortality rates even during good years, but they have the reproductive potential to bounce back to normal numbers in one nesting season."

He added that quail populations almost invariably bounce back the following year after weather-related losses. "We had low quail counts because of dry conditions in 1978 and 1980, and both those years were followed by good production years."

# **Farmers Can Postpone Taxes On Crop Insurance**

A number of Texas farmers will likely be collecting on their crop insurance this year due to droughtshortened yields.

Those crop insurance proceeds must be reported as income for the year they are received. However, farmers using the cash method of accounting may elect to postpone reporting crop insurance proceeds to the following year if they can show that they would have ordinarily reported the crop income the following year.

To make this election, attach a statement to your tax return, or amended return, for the year the damage took place, points out Dr. Wayne Hayenga, economist with the Texas Agricultural Extension Service, Texas A&M University System. The statement must include your name and address and the following information:

- A statement that you are making an election under section 451(d) of the Internal Revenue Code and section 1.451-6 of the regulations. - The specific crop or crops destroyed or damag-

- Cause of the destruction or damage and the date it occurred.

- Total amount of insurance payments you received, itemized with respect to each specific crop, and date each payment was received.

- Name of the insurance carrier or carriers from whom you received payments.

ANSWER TO BIBLE TRIVIA

**ANSWER: GEHENNA** Gehenna was a very deep narrow Valley of Hinnom, which lay to the south and southwest of the city of Jerusalem. It was used by King Ahas and Manasseh as a place to engage in the idolatrous worship by sacrificing humans in fire to

Baal. (2 Chron. 28:3) It was also used as a place for the disposal of waste matter from the city of Jerusalem. This included the bodies of dead animals and vile criminals who had been judged beyond the hope of a resurrection. (Matt. 5:30) Jesus spoke in illustrations

and used Ghenna as a symbole of complete destruction. It may be noted that God prophetically decreed that this Valley of Hinnom would serve as a place of mass disposal of dead bodies rather than the torture of live victims. (Jer. 7:32,33)

# **AARP Tax Counseling** For The Elderly

The Eastland County effort of the nationwide taxaide program has begun recruiting volunteers to serve as tax counselors to older persons for the 1984 tax season

service of the American Association of Retired Persons working in cooperation with the IRS. It provides free income tax help to the older taxpayer in preparing their returns, according to Walter Knowlden, coordinator for the Eastland County Program.

Mr. Knowlden said that persons volunteering to serve as counselors should have a sincere interest in serving older adults and have a good knowledge of tax matters. They should also be willing to participate in an internal revenue service training course and agree to devote at least four hours a week to provide tax

A dry chemical extinguisher charged with triclass chemicals can be used on Type A fires, but not as effectively as water.

Never use a water extinguisher on a Type B or C fire - with a B fire you could spread the flames and with a C you could suffer an electric shock. A tri-class 2A-10B:C extinguisher is ideal for a shop, tractor, combine and/or truck where a fire might involve both deep burning and flammable materials.

 Locate extinguishers near building entrances, and in areas with a higher fire risk such as a kitchen, shop, or petroleum storage. Those on vehicles and equipment should be accessible from both the operators' station and the ground.

**TWO PARTY SYSTEM** We do have a two party system in the National Elections, but in the local and county elections we do not.

In the 1980 National Election, the Republicans received more than 52% of the votes in Eastland County but in the local elections, a Democratic Nomination is a cinch to win the RUN-OFF Elections.

In order to have a TWO PARTY system in the local and county elections, the Republicans need to come out of the woods and admit they are conservative and not be afraid to stand-up and be counted as Republicans and help to get good candidates who can be elected at the local and county level.

There are many more avowed Republicans in Eastland County today than there was in 1980 and the answers the ones I have talked with, is that the Democratic party has gone way-off to the left and has left us. They are the usual Texans who are Conservative and would like to keep out of power the GIVE AWAY, TAKE AWAY AND **THROW AWAY Democratic** party.

You people in business in Eastland County need not be afraid any longer to come out and let people know you are a conservative, there are more of us now than there are of the Democrats. Its no longer NO-NO to stand up for what you believe, it might even help your business if you would let people know just how you feel and then our county officers would do a better job and would have to prove to the people that they really represent them and would not only have to

beat the Democrats, but the Republicans also.

More and More people are finding exercise is the one activity that is helping to keep them in shape.

A study, carried out as part of the Stanford University Heart Disease Prevention Program, followed 14 Middle-Aged, previously sedentary men around as they embarked on running programs. After building up their mileage during the first year, they maintained an average 12 miles per week during the second year.

The researchers discovered while the men ate more the extra food was carbohydrates. Although they increased calories. something just the opposite was happening to their bodyfat percentages. By the end of the second year, their body fat fell from an average of almost 22 percent to 18 percent.

Each of us should develop an exercise program and maintain it for more then two years to be effective.

The seventh grade team is coached by Doyle Walker and Jerry Reaves.

In the eighth grade game. Cisco scored 20 points and held Ranger scoreless for a

20-to-0 defeat. Coach Ron Mouser said the Cisco team totally dominated Ranger. He said he and Coach Rusty McLeskey are well pleased with the way the game was played.

Cisco scored its first touchdown to end a nineminute possession of the ball on a two-yard quarterback sneak by Doug Witt. Kody Wallace scored the two-point conversion.

Larry Fields scored on a one yard run and Witt scored again on a 60-yard pass interception. No extra points were scored following either touchdown.

The Cisco team had a total 182 yards offense, while Ranger had 68 vards. Fields led Cisco with 91 yards rushing.

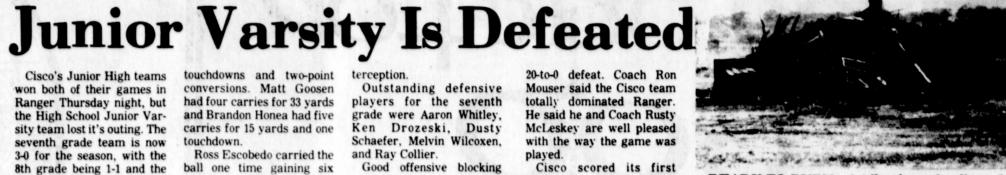

Defensive standouts for the eighth grade were Doug Witt, Davin Hohhertz and Keith Wilson.

CHS's Junior Varsity scored one touchdown early in the fourth quarter of play on a 30-yard run by Chris Ledbetter. The extra point attempt was no good.

At half-time, Ranger led Cisco by the score of 13-to-0, but Coach Stephen Young said Cisco played much better in the second half and shut-out Ranger.'

Defensive standouts for Cisco were William Pevey, Lonnie Pevey, Tim Rains, Bill White, Ronnie Scheuren and Phillip Allen.

Offensive standouts were Kevin Kirk, Chris Ledbetter, Kevin Hollingshead, Pete DeLeon and Jarrod Jeffcoat. Coach Young and Rick Land are the J.V. coaches.
