MULESHOE - COUNTY SEAT OF BAILEY COUNTY, TEXAS

THURSDAY, MARCH 11, 1948

Two Girls Victims of Monoxide Poisoning

New Candidates For City Offices Named Saturday

A second slate of candidates for city offices was nominated Saturday, deadline for names to be submitted for inclusion on the official, printed ballot in the city election to be held Tuesday, April 6.

A petition signed by a number of voters placed the following men in nomination for the office shown: Ray Edwards, Mayor.

Raymond Green, Commissioner. Dudley Malone, Commissioner.

Mr. Edwards is a Muleshoe gin-ner in which business he has been engaged a number of years. Mr. Green is operator and co-owner of the Flash-O-Gas system here; Mr. Malone is owner and manager of the Malone Milk Company.

As reported in this paper, a slate was nominated some time back and contained the names of Connie Gupton, for mayor; Rip Taylor and Will Harper for commissioners.

The official ballots will contain the names of all these and in addition names may be written in by the voter.

Cunningham Tells Of Atlantic City Convention Trip

On Wednesday, Feb. 20, two train loads of Texas school administrators left Texas for the National Association of School Administrators' convention, to be held in Atlantic City, New Jersey. Bailey County was represented by H. H. Homsley of Three Way School and W. C. Cunningham of Muleshoe School. Homsley caught the train at Amarillo and Cunningham caught the Dallas train.

The two trains met in St. Louis, went by the way of Albany and down the Hudson River, just at sunrise. This allowed the school people to enjoy some of the most beautiful scenery in the United States. The magnificent school at West Point seemed to give every person on the train a feeling of security.

The two trains stopped in New York City about twelve hours and the men went on sight seeing tours of the city. About 6 a.m. Sunday morning the trains arrived at Atlantic City in a severe snow storm.

The Texas delegation attended their first meeting of the convention Sunday afternoon, Feb. 29, at 2 o'clock. Some of the most outstanding educators in the world were on programs at this convention. However, most of the Texas delegation enjoyed a speech by Dr. Montgomery of the University of Texas, more than any other speech of the convention.

Herby Caruth of Waco was elected as one of the directors of the National Association of School Administrators, and every Texan at the convention was very proud of this.

The convention ended Thursday, March 6, and the group went over to Washington, D. C., to spend Friday. To Americans, this is probably the most beautiful city in the world. The historical places in and around Washington are worthy of a visit from every American. A visit to this city would likely make just a little better citizen out of us.

The trains left Washington Friday afternoon and arrived back in Texas Sunday, March 9.

Fifteen thousand school men from the United States and possessions attended this convention. The Association of National Manufacturers exhibited every type of school equipment and supplies manufactured, and sponsored the Fred Waring show for the school men. It is thought to be one of the best conventions ever held.

Premiums Are Being Raised For Annual Club Stock Show

Muleshoe Chamber of Commerce at its meeting Friday made preparations for raising to premium fund for the annual FFA and 4-H Club boys Fat Stock Show, to be held in Muleshoe Friday, Mar. 19.

Committeemen to call on the various business places were appointed by the president, H. S. Sanders.

The funds to be raised now will cover all activities of the two groups who have a fat stock exhibition in the spring and a registered animal show in the fall, in connection with the Bailey county fair.

Any funds remaining from the forthcoming show after expenses are paid will go to the fair association.

Mary Grubbs, 16, of Portales, remained in an unconscious condition at Green Hospital & Clinic this morning. She has been treated at the local hospital since being discovered in the Joe Farris home Monday afternoon, the victim of carbon monoxide poisoning. Her companion, Ida Mae Rogers, 16, was dead when found.

The two girls had come to Muleshoe Friday afternoon to visit their friend, Mrs. Joe Farris, formerly of Portales, and Mr. Farris. They went to the Farris home, north of town, and found that the couple had gone to Hot Springs, N. M. They stayed there, however, expecting the couple to return and were to go back to their homes Sunday morning.

They attended a dance with two young men Saturday night, then apparently cooked breakfast and retired.

Mr. and Mrs. Farris did not return until Monday. The Steed ambulance was summoned and both girls were rushed to the hospital.

Nothing could be done for Miss Rogers, who had been dead some hours. She was the daughter of Mr. and Mrs. J. C. Rogers, of Portales. Funeral and burial were conducted Wednesday afternoon there.

Mrs. Amy Grubbs, mother of Mary Grubbs, is with her daughter at the hospital here. She told The Journal that she and Mrs. Rogers had been trying to reach the Farris family by telephone to find why the girls had not returned home when they received the message telling of the tragedy.

Both girls were students at Portales high school.

Justice Hart Is Banquet Speaker

Justice James P. Hart, member of the Supreme Court of Texas, making what is becoming a more common thing, the appearance of justices of the state's highest tribunal at lawyers' gatherings, addressed the members of the 64th Judicial District Bar Association and their guests at a banquet meeting held in Fellowship Hall here Saturday night.

The youthful justice, he is only 42, discussed the history of the Texas Supreme Court, especially the early days, beginning in the time of the Republic, about 1838, and extending through the Civil War period. He has done extensive research among the archives into the lives and the decisions of chief justices, including Rusk, Pascal and others, and he told of his finding in language that could be understood by the layman. Bar members must have received a special pleasure and profit from his talk.

The moral, or point, to his discussion of the early history of the court and its chief justices, indicated that "in times past as in the present, members of the Supreme Court are very human persons with all the frailties that other men have." He said that members of the court will be glad to meet with bar associations if they are invited to do so in the future.

Justice Hart was reared in Austin and attended the University of Texas law school and later the Harvard Law School, where for one term he was editor of the Harvard Law Review.

He was appointed to the court by Governor Jester several months ago to fill out an unexpired term.

H. C. Pipkin, Amarillo attorney, introduced the speaker.

Dimmitt was picked for the next meeting place for the association. The invitation was presented by Swain Burkett, Dimmitt attorney.

Roy Bass, Lubbock attorney made a short humorous address. Rev. T. G. Craft, pastor of the First Methodist church here, gave the invocation.

E. A. Bills, Littlefield, the president of the association, was toastmaster. Meade F. Griffin, Plainview attorney, introduced Mrs. Louis Thomas of Plainview who captivated the group with her singing of three songs. Glenn Rocky talented Muleshoe pianist, accompanied the singer and both received the plaudits of the assembly. Mr. Rocky played during the banquet, using the new electric church organ.

Judge Bills had all the Methodist ladies who helped with the banquet to come in and receive the special thanks and applause of the diners who unanimously praised the wonderful meal, featuring smoked turkey.

Members present were: Bailey county - Cecil Tate, Pat Bobo, and James A. Gowdy, the latter a former member, now ranching in New Mexico; Swisher county - Dennis Zimmerman, Ray Jordan, and George Jennings; Castro county - Swain Burkett; Hale county -

Consumers Fuel Annual Meeting To Be Tuesday

The annual sockholders meeting of the Consumers Fuel and Supply company, of Muleshoe, will be held the coming Tuesday night at Fellowship Hall, at 8 o'clock.

Principal business of the meeting will be the election of officers and directors. George Templar is president of the company; directors are J. M. Murrah and Harry Engelking. There is a vacancy at present in the office of secretary.

J. E. Sullivan is manager of the service station maintained by the organization in Muleshoe.

Sullivan said a meal will be served and there will be some entertainment on the program. A meeting of the board of directors, regular monthly session, was held at the office here Tuesday night.

Red Cross Drive Is Underway Here

The annual campaign for funds for the American Red Cross got underway here Tuesday morning with a number of teams appointed to make calls at all business houses and to see individuals.

H. A. Owens, chairman of the fund campaign, said Bailey county will try to reach the set quota before Saturday night when it is hoped the drive will end.

The drive was launched when team members and chapter officials met at Cross Roads cafe Monday night for a kickoff supper.

TOM THUMB WEDDING TO BE PRESENTED

The old time Tom Thumb Wedding will be presented at the Methodist church Friday, March 19, at 7:30 by the expression pupils of Mrs. Marty Ezell. There will also be a short program of Easter readings followed by one of the most outstanding Easter parades ever seen. These little "lovelies," ranging in age from four to eight will model the latest fashions in children's wear from the leading stores in Muleshoe: Dixie Lee Shop, Fashion Shop, Cobb's Department Store, and St. Clair's Department Store.

Plan now to save this evening for the big wedding and full evening of entertainment. There is no admission charge and we would like to fill the auditorium that evening with people who are interested in our citizens of tomorrow.

New Edifice Of Longview Baptist Church To Be Dedicated Sunday

The new Longview Baptist Church edifice will be dedicated in services to be held the coming Sunday, March 14, and an all day program, with dinner at noon, has been announced.

The day's program is scheduled as follows:

10 a.m., Bible school.
11 a.m., morning worship.
12 noon, lunch.
3 p.m., song and praise, W. D. Kay, Enoch, leader.
3:20 p.m., Organization and Early Days of the Longview Baptist Church, Rev. C. F. Booth, Portales, N. M.
3:40 p.m., dedication sermon and prayer, J. E. Moore, Bula.
7 p.m., training union.
8 p.m., evening worship service.

Everyone is cordially invited to attend these services, to take part in the lunch and enjoy the fellowship of the day. All former pastors will be honor guests throughout the day.

The Longview Baptist Church was organized Sept., 1926 at the Longview School House in Bailey County. Bro. C. F. Booth was called as first pastor. Since then the following have served as pastors: J. E. Moore, M. W. Hough, O. L. Oldham, M. D. Rexrode, Coly Anderson, H. E. Stevens, A. F. Agee, H. E. Bergstrom, Gerald Moore and the present pastor, E. R. Ingram.

In 1934 the church voted to start a building fund. However, not much was done until some two or three years ago when interest was again awakened. In February of 1947, the church voted to secure a site and erect a building. The site was selected and the building was started in May. On August 3, 1947, the first service was conducted in the new building.

The present building was erected at a cost of \$7000. When completed there was a debt of approximately \$2500 against the property. To this was added \$500 for a gas system. All of this was paid from Oct., 1947 through Jan. 1948, leaving the church completely out of debt.

From the beginning Longview Church has remembered the words of the Master, "Go ye therefore and make disciples of all nations," and has cooperated with West Plains Association, Baptist General Convention and the Southern Baptist Convention in the sending of the Gospel throughout the world.

Today as we look to the future we remember that it is as bright as the promises of God. Let us take as our motto, "I can do all things through Christ who strengthens me." (Phil. 4:14) as we do more and greater things for Him who gave His all for us.

MAY GOD'S WILL BE DONE.

School Census Is Being Taken Now

Muleshoe school district census taking is now underway, Supt. W. C. Cunningham reports, and he urges the attention of all in this district to this important matter.

He urged that every parent or guardian should see that each child is enumerated. If the enumerator fails to call at a home, he urged that some adult in the family call the oversight to the attention of the school authorities.

It is very important that each child shall be enumerated. The state aid for each pupil is \$55 per year, and the funds collected from the state help materially in the task of educating the children of this district.

"Family Night" At Lazbuddy Church

The First Baptist church of Lazbuddy has announced a "Family Night," to be held Saturday, March 13, the program to begin at 7:30 p.m., according to Rev. L. B. Edwards, pastor.

Rev. A. W. Blaine, pastor of the First Baptist Church of Muleshoe, will be guest speaker.

Another feature of the program as planned will be the showing of a film in technicolor entitled "The Greatest Achievement," being the story of the life of one of the world's greatest spiritual and church leaders, the late Dr. George Truett. Family Night will be carried on as a monthly event of the Lazbuddy church, Rev. Edwards said.

ARTHUR CROW'S BROTHER DIES IN CAR ACCIDENT

A. A. Crow, brother of Arthur Crow of Muleshoe, and George Stowers were killed instantly last Friday evening around 6:30 when their automobile was struck by a north bound passenger train at Friona.

Mr. Crow had been in Hot Springs, Mo., and was visiting in Friona when the accident occurred. He is survived by his wife and three children. Interment was in the Friona cemetery.

TEXAS BEING MADE READY FOR PERMANENT HOME

Washington, D. C.—The Battleship USS Texas is being overhauled at the Norfolk, Virginia Naval shipyard preparatory to presentation to the State of Texas as a permanent historical exhibit.

New Piggly Food Store To Have Formal Opening Friday

Big Gains Made By Insurance Co.

In 1947 the people of Texas increased their insurance in force with Southwestern Life Insurance Company to \$640,867,018.00, C. F. O'Donnell of Dallas, president, announced in releasing the Company's 45th financial statement to policyowners. This was an increase of \$60,820,014.00 over 1946, he reported, enabling the Company to close the year in its strongest financial position in history.

Assets of Southwestern Life Insurance Company increased \$18,776,753.17 during 1947, to a total of \$160,362,128.16.

More than 200,000 Texas citizens are now numbered among the Company's policyowners. Trained employees number 800, including 400 full-time agents serving all 254 counties in Texas. A well organized and continuing program of instruction for both field representatives and Home Office employees assures the Company of a staff qualified to offer Texas the best of insurance counsel.

Another notable feature of the state was the report of the completion in 1947 of the new modern four story annex to the Home Office building of the Company, designed to meet the growing demands of a rapidly expanding business. Extensive improvements to the main building, including complete air conditioning, also were completed. Southwestern Life Insurance Company's Home Office property now fronts 177 feet on Main Street at Akard, in the very center of the Dallas business district.

Southwestern Life Insurance Company is represented here by Marlon F. Harris.

Hospital News

Mrs. R. R. Atkinson of Sudan was a surgical patient. She has gone home.

Mr. Gambrell Smith, an accident patient, was in a few days. He has gone home.

Bruce Angel, small son of Mr. and Mrs. J. M. Angel, Enochs, was a medical patient. He has gone home.

B. D. Friend was in due to falling on the ice. He has gone home.

Johnnie Love, son of Mr. and Mrs. Pat Love, was a medical patient. He has gone home.

Mrs. Alma Steinbock of Lazbuddy community is in due to an accident on ice. She is resting fairly well.

Dorothy Giles, daughter of Mr. and Mrs. R. C. Giles, was in for medical care. She has gone home. Mr. E. A. Bass of Enochs is a medical patient. He is resting well. Mrs. Willie Green is in for medical care. She will soon be discharged.

Mrs. W. H. Norris is in for medical care. She is resting well. The small son of Mr. and Mrs. J. W. West is in for medical care. He will soon be discharged.

Mrs. M. S. Stidham was admitted due to a fall on the ice. She is resting fairly well.

Congratulations: To Mr. and Mrs. L. E. Ogletree on the birth of a son, March 6.

To Mr. and Mrs. J. D. Nash on the birth of a daughter, March 7.

To Mr. and Mrs. Jerry Angeley on the birth of a son, March 9.

Bill Hale Is Store Manager

Formal opening of the new Muleshoe Piggly Wiggly food store is set for Friday morning, March 12, and everything is in readiness for the visits Friday and Saturday of the food shoppers of this territory.

The Piggly Wiggly management has made preparations for a full two days event to give the people an opportunity to become acquainted with the new system. The store is housed in the newly completed Wilhite building, erected for the purpose.

In this issue of The Journal will be found a two page advertisement announcing the formal opening and listing special food prices for the two days, Friday and Saturday, March 12 and 13.

Manager of the new store is Bill Hale, recently of Lubbock, reared at Littlefield, and for eight years connected with the Piggly Wiggly system. He has been employed at Piggly Wiggly No. 1 store in Lubbock.

He and Mrs. Hale have moved in-

Zero Weather Here Last Night

The mercury skidded to zero last night at the climax of a belated spell that seemed to indicate old winter's reluctance to leave the scene. Two inches of snow fell Tuesday night, leaving 26 inch of moisture, R. J. Klump, the weather recorder, said.

Temperature Tuesday night was 6 above zero. A hard wind blew all day drifting the snow pretty much, making travel difficult and lessening the good effect of the snow.

Thursday dawned clear and bright, giving promise of quick relief from the cold.

Icy Conditions Left Many Injured

A number of serious injuries were sustained by people of the Muleshoe territory as a result of the icy conditions of last Thursday and Friday, The Journal has learned.

At least one could have had an even more serious ending. Mrs. Alma Steinbock, long time resident of the Lazbuddy community, was alone at her home when she slipped on the ice covered ground of the yard, breaking a hip. Mrs. Steinbock said that the accident occurred Thursday morning and relatives said she was not found until Friday. The injured woman had dragged herself inside the home but could not get onto a bed. She was found lying on the floor. Fortunately a fire was going. Mrs. Steinbock told members of the family that she had been preparing lunch. T. L. Oliver, a son-in-law, who resides in the neighborhood, was the first to reach her. She is at Green Hospital & Clinic where her condition is reported improving.

Mrs. M. S. Stidham, of Muleshoe, is being treated in Green Hospital for a fractured hip. She fell during the icy spell but did not come to the hospital for several days, since she thought her injury was merely a sprain.

B. D. Bried of Muleshoe has a broken hip bone as a result of a fall during the spell.

Mrs. Eva Ivy, pioneer Muleshoe lady, co-owner of the Coffee Shop here, had a shoulder bone broken when she slipped and fell on the icy sidewalk.

Gambrell Smith had his left elbow broken when he lost his footing and struck the sidewalk. All these were given treatment at the hospital, and still others received first aid treatment for minor injuries.

BUFFALO BAND CONCERT CANCELED UNTIL APRIL 1

The Buffalo Band concert has been cancelled due to weather conditions, until April 1.

The Buffalo Band from West Texas State College at Canyon was to appear in the Muleshoe High School gymnasium Thursday, March 11. They were bringing a fifty-piece band.

to a home located near the high school.

Mr. Hale announced the following store personnel:

Lynn Smith, Muleshoe, a resident here for 21 years, stock man.

Bob Harvey, Muleshoe, resident here 19 years, stock man.

Mrs. Pauline Tunnell, resident of Muleshoe for 10 years, checker.

Hobby Leman, who has been with Levelland Piggly Wiggly store the past year, market manager.

Doc Wilhite, owner of the building and in charge of its construction, has rushed the building to completion despite bad spells of weather which prevented the building crew from working many days. Work began in November. Mr. Wilhite bought three lots on the Morton highway, southeast of the courthouse, from Arnold Morris and Buford Butts, for the building that was to become the home of Piggly Wiggly.

The management announces that Folger's coffee and Sunshine cookies will be served free to all visitors on opening day between the hours of 8 a. m. and 6 p. m.

Cliff Williams, manager of the Davis-Humphries Piggly Wiggly store, and Mr. Hale, the local manager, expressed themselves as entirely pleased with the building, which faces south rather than west to avoid the intense heat of summer afternoons.

On the east and south side of the store are long rows of latest type vegetable racks. Piggly Wiggly will feature a complete and varied vegetable department. Mr. Hale told The Journal.

The store will pay particular attention to its frozen foods department. A long case next to the vegetable and fruit racks will contain complete stocks of the famous Birdseye Frosted Foods, including all well known items of fruits and vegetables.

The building is much more spacious on the inside than a look at the outside would lead one to estimate.

Fluorescent lights running the length of the store give a bright as day look to the interior at night or on cloudy days. Wiring and lights installation was done by Cox Radio & Electric, of Muleshoe, which also installed the Venetian blinds on the wide expanse of glass used in the building's south wall. The interior of the store may be seen clearly from the parking space in front.

A large parking space has been left on the west for store customers to leave their cars while they shop. The space is 75 feet by 55 feet and the ground has been graded over and later will be topped. In addition, there is room in front for a number of cars to park out of the street and against the sidewalk.

"Operation Stocking" was carried out in the new store by some 46 men Sunday. The fixtures were in place, truck loads of canned and packaged foods were on hand, and managers and clerks of the various Davis-Humphries Piggly Wiggly stores reported at an early hour for the work of stocking the new store. It is an old established custom of the stores. By nightfall every shelf had been filled in the manner approved by the management.

Shelving of the store is divided into sections where different classes of foods will be kept and these sections will be marked in large letters or numbers. When a customer asks for a particular article, the clerk addressed can simply refer the shopper to the section in which this class of food or goods is kept.

Low fixtures on the floor taper to the top to allow attractive display of goods and they permit one to see over the entire store at all times. Aisles are very wide to prevent congestion when several shoppers are in the aisle with food carts.

The checking department in the front stands conveniently near the door and there is space for quick expediting of this part of the shopper's visit to the store.

In the market department, the meat cases, storage refrigerators, display cases, tools, meat blocks, everything has that "brand new" look.

In fact all the fixtures of the store has that same spick and span appearance. Walls are snow white. The floor, of concrete, is covered with asphalt tile.

HARRIS

UNKLE HANK SEZ

YOU CAN USUALLY TELL WHAT KIND OF A PERSON A MAN IS BY ASKIN' HIM ABOUT TH' FOLKS BACK IN HIS HOME TOWN.

Ask anyone in this community about the expert motor tune-up jobs given by JOHNSON & NIX. We can tune any make car... but offer a specialized service for Oldsmobile owners. It's important that you bring your Oldsmobile back home for service... we have authorized tools and parts.

We have the Sun Motor Testers. Folks, they will almost tell you if your car is about to sneeze and how hard.

Don't forget to come in and look over those International Freezers. The small one will store 150 Lbs. of meat, the No. 11F will hold up to 600 Lbs. The price is very reasonable, and a 5 year guarantee.

Why not get on our list for International Refrigerators?

Outlook For Wheat Said To Be "Poor"

Wheat got off to a slow start in Northwest Texas, and in spite of winter snows, the crop still has a very poor outlook. This condition is due to late planting, shortage of moisture, little top growth and the possibility of wind damage where last year's stubble is not heavy enough to provide adequate protection.

Since germination was from 60 to 100 days late, and soil moisture at present is limited to 12 inches, it is going to take more than normal rain, less than average wind,

and ideal growing conditions during the next 90 days for this area to make anything like a fair crop.

The situation is somewhat better in some of the northern Panhandle counties where moisture was received early in the fall, and the crop made a more favorable start.

BAND CONCERT TODAY

A concert was scheduled here today by the band of the West Texas State College, Canyon. The concert was to be given in the auditorium of the high school and admission was free. The band is on a tour of this section, playing at the high schools in the various towns.

No Government Price Support On 1948 Crop Of Sugar Beets Given

The Bailey County Agricultural Conservation Association Committee has been advised by the Acting Assistant Administrator for Production that there will be no special support program for the 1948 crop of sugar beets. The essential facts of the statement are:

"There is no special price support program for the 1948 crop of sugar beets. Prices for the 1947 crop were supported by the Commodity Credit Corporation at a national average level of \$14.50 per ton (including Sugar Act payments) for a crop of average quality. At the time the 1947 crop was planted, sugar was being rationed and there was uncertainty with respect to the future supply of sugar to meet requirements. The primary purpose of the support program was to obtain an increased supply of sugar to permit the ending of rationing at the earliest possible date. There has been a great change in the sugar supply situation since the 1947 beet crop was planted. The supply outlook, chiefly the result of another large Cuban crop, is such that it has been necessary to reinstate the quota provision of the Sugar Act to limit the importation of sugar during this year. Under these circumstances, there has been no necessity

to use a support program to obtain larger production of sugar in 1948.

"Growers of 1948-crop sugar beets will have the protection provided by the Sugar Act of 1948. Prices for the 1948 crop will depend primarily upon the price of sugar prevailing during the sales period for 1948-crop sugar and the terms of beet purchase contracts which become effective in the various districts. No sugar beet acreage restrictions under the Sugar Act are contemplated for the 1948 crop. Although no definite acreage goal has been established for the 1948 crop, approximately 1,035,000 acres of sugar beets of average yields would be required to produce the adjusted quota for the sugar beet area. The Sugar Act payment program will continue unchanged except that the farming practice require-

ments have been eliminated."

Mr. and Mrs. George Kirwin, of Morris, Minn., and Mr. and Mrs. Will Faber of Early, Iowa, were visiting the past two weeks in the Fred Determan home. Mrs. Faber and Mrs. Kirwin are sisters of Mr. Determan.

1947 SALES UP PROFITS DOWN

CHICAGO—Aldens, Inc. consolidated net sales for 1947 totaled \$79,248,308, an increase of \$9,137,139 or 13% over 1946, to mark the seventh consecutive year of gains in sales and establish an all-time high in the company's 59-year history, Robert W. Jackson, president, informed stockholders.

The 1947 profit, after deduction of federal income taxes, amounted to \$1,061,046, as compared with \$2,622,782 in 1946. "The decrease in profit," Mr. Jackson explained, "was due to the necessity of making heavy inventory depreciation, increased payroll and general expenses and narrower profit margins because of rising merchandise costs after the mailing of the Fall catalog."

Plans for 1948 call for increased assortments within established lines with greater emphasis on price and quality to assure the best possible value. Aldens will rigidly adhere to the policy of maintaining dominant and outstanding fashion leadership.

CO-OP PRESENTS A GREAT NEW OIL

FURFURAL, A NEW SOLVENT MADE FROM OAT, RICE, COTTON SEED HULLS AND CORN COBS, BY THE CO-OP'S NEW PROCESS, KNOCKS OUT THE IMPURITIES IN OIL

NAPHTHENIC COMPOUNDS THAT CAUSE SLUDGE, CARBON & VARNISH IN MOTORS

-- AND AS A RESULT, THE FARMER, THROUGH HIS CO-OP, HAS THE BEST AND THE PUREST MOTOR OIL THAT MONEY CAN BUY!

This great new oil that is big news to oil users is the new Furfural Solvent Refined oil... it is available in two types: CO-OP PREMIUM and CO-OP HEAVY-DUTY.

Furfural is an amazing new filter, now being used in the Co-Op refinery to purge oil of Naphthenes — those elements in ordinary oils that cause sludge and carbon to form in your motor.

That's why the Co-Op Solvent Refined Oil is big news for your engine. It means the virtual elimination of motor-wearing carbon and sludge. It means instant lubrication on starting. It is the oil that will retain full 'oiliness' under greatest heat and flow freely even in coldest weather.

You'll like the great new Co-Op Solvent Refined Oil... your engine will like it too! Buy it at your local Co-Op.

Furfural is made of oat hulls, rice hulls, cottonseed hulls, corn-cobs, and other farm by-products. It cleanses oil of impurities that refiners have sought for years to get rid of, the impurities that cause sludge and carbon to form.

Mildred Elliott And Edward Autry Wed

Mr. and Mrs. L. N. Walker of Muleshoe announce the marriage of their daughter, Mildred Elliott, to Edward Autry of Lorenzo. The ceremony was read Monday, March 8, 1948, at 3:30 p.m. in the home of Rev. Jeff Welch, Lubbock, who performed the single ring ceremony. The bride wore a grey dress with black accessories and a white carnation corsage, given to her by the groom.

For something old she wore a pin of her mother's. For something borrowed she wore a pair of earrings belonging to her sister-in-law, and

for something blue, she carried a blue handkerchief. Mrs. Autry attended high school at Muleshoe, and Mr. Autry attended Mountain, N. M., schools. They plan to make their home at Lorenzo at the present. Mr. Autry is working with the Davis Construction company.

MARRIAGE LICENSES

Jack Dudley Schuster, and Cara Juan Bishop, Lubbock.
Montie Miles Floyd and Winnie Mable Watterson, Clovis.
Bobby Sam Damron, Muleshoe, and Patricia Elaine Jordan, Mason.
J. W. Jackson, Littlefield, and Juanita Loyce Autry, Muleshoe.

Men Prefer This

Prize winning wool topper selected at Cosmopolitan Magazine's Male-Tested Fashion show at the Stork Club is shown above as pictured in the March issue of the magazine. It is by Nardis of Dallas. Jury of notables included Bill Williams, Lanny Ross, John Loder, Oscar Johnson, and Zachary Scott. This was the first televised Male-Tested Fashion Show and was done by the Swift Home Service Club.

Mrs. Sanders Is Hostess To Guild

Wesleyan Service Guild met Monday night, March 8, in the home of Mrs. Homer Sanders, Jr. Mrs. Francis Gilbreath, president, was in charge of the business session.

Mrs. James Case gave the devotional. A story, "The Fountain," was given by Mrs. Noel Woodley, carrying out the Easter tradition.

A letter of thanks from Pat Bobo, county attorney, in behalf of the Bar Banquet members, was read. The Guild members voted to give \$10 to Infantile Paralysis Fund.

Mrs. Gilbreath appointed several committees for the Guild. They are as follows: Hospitality, Mrs. Noel Woodley, Mrs. Marty Ezell; Decoration, Mrs. Jim Cox, Mrs. Harold Wyer; Refreshment, Mrs. Buford Butts, Mrs. G. O. Jennings; Tea Service, Mrs. Delma McCarty, Mrs. W.

Faculty Members Join Society

Mrs. Jerry R. Kirk, Mrs. Ed Johnson and Miss Elizabeth Bailey went to Plainview Saturday, March 6, to be initiated into the Delta Kappa Gamma Society, an honorary society for teachers. Mrs. W. C. Cunningham, a member, accompanied them.

After the initiation a luncheon was served in the Hilton Hotel dining room. A short program was given after the luncheon.

Eight candidates were initiated and members from several counties attended the meeting. The next meeting will be in Littlefield.

SUNSHINE CLUB TO MEET WITH MRS. STINSON MARCH 18

The Sunshine Club didn't meet March 4, due to bad weather. It is scheduled to meet March 18 in the home of Mrs. Ike Stinson. All members are urged to be present.

OFFICE SUPPLIES — The Journal

B. LeVeque; Gift, Mrs. James Case and Mrs. David Anderson.

Refreshments were served to the following members: Mesdames Delma McCarty, Bill Collins, Marty Ezell, Jim Burkhead, Curtis Spivey, Francis Gilbreath, Noel Woodley, James Case, Harold Wyer, Miss Elizabeth Harden, and Mrs. Homer Sanders, Jr., the hostess.

The Guild and WSCS will be hostesses at a book review that will be held at 8 p.m., Monday, March 15, at Fellowship Hall. The book "Faith in the Mysteries," will be reviewed by Mrs. Earl Hicks of Plainview. All members and prospective members are invited to attend.

The next regular meeting of the Guild will be held April 12 in the home of Mrs. Harold Wyer.

Troops One And Two Of Girl Scouts Met

Troops One and Two of the Muleshoe Girl Scouts met Friday night, March 5.

Their speaker was Margaret Stevens, who spoke on 'International Friendship. Some of the features of her talk was about the clothes and different customs of other people. The Scottish people make their calendars with the figures running up and down instead of across like ours. They work for charity, for hospitals, and for churches, and they meet every Tuesday. Everyone enjoyed Miss Stevens talk very much.

Those present were: Bettie Lynn Shook, Sydney Adair, Jo Ann Hale, Mary Ellen Wingo, Joyce Collins,

Louise Bowers, Etta Dyck, Bobby Bowen, Carolyn Woods, Jeanell Twillgear, Leta Allen, Bobby Collins, Marilyn Green, Marion C. Harris, Kay Roy, Jo Addine Wagon, Tommie Bovell, Laura Whalin, Bettie Collins, Paula Provence, Patsy Scarborough, Ann Woodley, Diana Barne, Fatsine Templar, Pearlene Coulter, Quinell Elliott, Ginger Gaele, Lenia Lewis, Venette Wood, Lillie Ruth Lee, Joyce Scarborough, Barbara Bowers, Marie Edinston, Juanita Scarborough, Dorothy Bowers, and Mrs. Marion Harris.

Mr. and Mrs. J. A. Williams and son of Clovis visited over the week end with his sister and her husband, Mr. and Mrs. L. E. Ware. Mrs. Ware has been ill this week.

MISS ELAINE JORDON AND MR. SAM DAMRON WED IN MASON CEREMONY

MRS. BOBBY SAM DAMRON

Mason, March 6—In a ceremony performed at 7 o'clock this evening at the First Methodist Church, Miss Elaine Jordan, daughter of Mr. and Mrs. Eli Ernest Jordan of Mason, became the bride of Sam Damron, son of Mr. and Mrs. Joe Sam Damron of Muleshoe.

The Rev. L. K. Brown, pastor, officiated at the double-ring ceremony and Mrs. J. A. Carter, pianist, played "Liebestraum" by Liszt, "Serenade" by Schubert, "Waltz" by Brahms, and "Under the Leaves" by Thome. She also played Lohengrin's wedding march and Mendelssohn's recessional. During the ceremony she played Debussy's "Claire de Lune," and accompanied Miss Emily Falk who sang "I Love Thee" preceding the ceremony, and "The Lord's Prayer" at the close of the ceremony.

The altar was decorated with a background of palms and woodwardia fern trees flanked by candelabra holding white tapers and baskets of white gladioli, Easter lilies and stock. The wedding vows were taken beneath an arch entwined with ivy, lacy fern and sweet peas. The bridal aisle was marked with Easter lilies and white satin ribbon.

Lloyd Alsop of Muleshoe was best man and ushers were Grote Jordan, brother of the bride, Jordan Zesch, cousin of the bride, Allen Reagan, Emil Karasek and John Ruckman. Bridesmaids were Miss Jayne Damron, sister of the bridegroom; Mrs. Richard Ridenour of Denver, Colo.; Miss Claire Brady of the University of Texas and Miss Pat McGann of Houston.

Miss Dorothy Nell Jordan of Ed-

inburg, cousin of the bride, was maid of honor and Mrs. Roy Kight of Mason, cousin of the bride, was matron of honor. The bridesmaids wore dresses of yellow marquisette fashioned with pointed basque, full skirt, rounded neckline trimmed with lace edged ruffle, and matching yellow marquisette mittens. The maid of honor's dress was of blue marquisette made exactly like the bridesmaids with matching mittens. The matron of honor's dress was of blue marquisette and her headress was of yellow daffodils matching her bouquet. The bridesmaids wore blue iris in their hair, matching their bouquets.

The bride's mother wore a blue chiffon faille dinner dress with white elbow length gloves and rhinestone jewelry for her accessories, and a corsage of white camellias.

The bridegroom's mother wore a rose dinner dress, white gloves and a corsage of white camellias.

Given in marriage by her father, the bride wore a gown of crystal white marquisette fashioned with a high rounded neckline and full bishop sleeves. An appliqued design of white satin around the shoulders formed a dropped yoke effect. The voluminous skirt had applique white satin medallion accents and swept into a aisle wide cathedral train. Her fingertip veil of illusion fell from a coronet of illusion banded with three rows of satin embroidered with seed pearls. She carried a colonial bouquet centered with a white orchid and surrounded by sweet peas and lilies-of-the-valley. Her only ornament was a single strand of pearls.

A reception following the ceremony was held at Fort Mason Hotel. The refreshment table was laid with a Philippine lace and Madera cloth. It was centered with the wedding cake and white tapers in crystal candelabra. The three-tiered cake was topped with a miniature bridal couple set in a framework of laces and flowers.

Assisting at the reception were Mrs. Werner Schmidt, Mrs. Clarence Kothmann, Mrs. Joe Dacus, and Misses Carolyn Eckert, Elizabeth McLernon, Patsy Kothmann, Emmajo Jordan, Clara Ann Kothmann and Betty Carol Kothmann.

Mrs. Grote Jordan, sister-in-law of the bride, and Mrs. Driskell Kothmann, aunt of the bride, served the cake and Mrs. John Smith, sister of the bridegroom, and Mrs. Dan Lehmburg, Jr., served punch. Miss Harrell Jane Kothmann, cousin of the bride, presided at the guest book. Piano numbers were given by Misses Eloise Hall and Jackie Brown.

The couple left on a wedding trip to Louisiana, Mississippi and Alabama. For traveling the bride wore a navy blue gabardine suit fashioned with a straight two-tiered skirt and fitted jacket. Her hat was white with navy trim and her corsage was an orchid.

Both the bride and bridegroom are graduates of the University of Texas, the bride in sociology and the bridegroom in pharmacy. Mrs. Damron is a member of Alpha Phi Sorority, Alpha Kappa Delta and Pierian Literary Society. Mr.

Mrs. Truelock Hostess At Birthday Party

A birthday dinner was given in the home of Mrs. Roy Truelock, Sunday, March 7, honoring her son, Leonard, and Mrs. O. L. Truelock.

The day was spent visiting and talking of old times. Both birthday cakes were white, decorated with pink candles and the words "Happy Birthday" written across the top.

Those attending were the following: Mr. and Mrs. Ruthie Truelock and Linda, Littlefield; Mr. and Mrs. Robert Harrison and Sidney, Morton; Mr. and Mrs. Morris Hatter, and children, Mr. and Mrs. Donald Killough, and Joann, Mr. and Mrs. Joe Cook, Jimmie and Joyce Ann, Mr. and Mrs. O. L. Truelock, Cecil and Joe, and Mrs. Roy Truelock and family, all of Muleshoe.

Mr. and Mrs. Leonard Marhefky and daughter, Beverly, left Monday to visit in Corpus Christi.

Damron attended Baylor before the war, was president of the Esquire Club, served in the Navy three years. At the University of Texas he was a member of the American Pharmaceutical Association.

The couple will be at home in Muleshoe.

Out of town guests included Mr. and Mrs. Joe Damron and Mrs. John Smith of Muleshoe and Mr. and Mrs. A. Hawkins of Amarillo.

Newlywed Couple Shower Honorees

Mr. and Mrs. Clyde Brown were honored with a wedding shower at the First Baptist Church of the Longview community on February 19, at 7:30 p.m.

The evening was full of entertainment, music, songs and games. A game was played to see who was the most industrious, the bride or the groom, by being blindfolded and each going in the opposite direction to see who could reach the corner of the room first. There they were seated with a load of lovely gifts in front of them.

The gifts were opened with the assistance of Mrs. Dudley Buzard and Mrs. T. L. Kitchens.

Refreshments of sandwiches, cookies, cocoa and coffee were served to about forty besides the honorees, Mr. and Mrs. Clyde

Brown.

Mr. and Mrs. Brown received many beautiful and useful gifts. Many that were unable to attend sent gifts.

The evening was enjoyed by all. Who was the most industrious? Oh, yes, well the groom reached there first, and too, the bride was rather excited, and this way one can't always tell, but we'll see as time slips by.

RAINBOW GIRLS TO HAVE INITIATION SERVICES

Muleshoe Rainbow Girls will hold initiation services Thursday, March 18. All members are urged to attend this meeting.

Mr. and Mrs. Carl Kernal of Enochs are the parents of a son born February 15 in Littlefield hospital. The new boy's name is Gary Wayne.

Lazybuddy youths met Tuesday night for the purpose of ordering necessary equipment for the newly formed baseball club.

LEVEL LAND NOW

Lubbock—If farmers will spend a few hours per acre now leveling

land preparatory to irrigation, they will save many hours work and considerable water later in the summer, according to Dr. A. W. Young, head professor of plant industry at Texas Technological College.

"Since we are becoming more conscious of possible limitations of the water supply on the high plains, every farmer should make the most effective use of his irrigation water and not permit any unnecessary waste by allowing water to run into lake beds or along the road side," Dr. Young declared.

BLACKWATER VALLEY SOIL CONSERVATION DISTRICT NEWS

Irrigation wells have been located on farms owned by Mrs. Birda Garand F. L. Bass of Lorenzo.

John A. Perrin, District Conservationist, Littlefield, and Henry H. Williamson, Range Conservationist, Muleshoe, inspected the Dalhart, Texas, revegetation project on submarginal land last Wednesday and

Thursday. Construction of terraces on LaLores 21 and 22 of League 170 of the V. B. Mays' farm has been completed. Terraces are being built on the W. R. Young farm.

A conservation survey on 885 acres of land owned by V. B. Mays of Lubbock, has been completed.

G. P. Meissner received assistance last week in laying out lines for contour cultivation.

Soil Conservation Service technicians assisted A. J. Jones in laying out a complete border system for watering improved pasture.

Applications for soil conservation assistance have been received on 148 acres owned by F. L. Bass of Lorenzo, and on 86 acres owned by Eugene Gulley of Muleshoe.

Cotton Meeting Is Set For Lubbock

A South Plains cotton outlook meeting is scheduled for Lubbock April 10, 1948, sponsored by the

Trouble Shooters Go Modern

Already car dealers throughout the United States are delivering new cars equipped with telephones. This introduces a new phase of servicing for both the car dealers and the tire distributors. Joe Raye, Cuyahoga Falls, O., General Tire dealer is pioneering this type service and he finds himself quite the popular dealer in his farming-industrial market. No farther away from his customer than a telephone call, Raye's business is enjoying a boom. The dispatcher (shown in the inset) at Raye's place of business has only to call the trucks for them to give first-aid to motorists in a matter of minutes. Raye has notified farmers in his market that he'll be ready to extend this service to them. "Time is an important factor to the farmer," Raye points out, "and an hour saved in repairing a tire can be worth plenty." Not even Alexander Graham Bell expected this type of progress.

cotton production committee of the state agent of the Texas Extension Service, will preside. Don L. Jones, superintendent of J. D. Prewitt, vice-director and the Texas Experiment sub-station

Frequent Change of Programs Gives You A Variety of Fine Entertainment

So This is HOUSEKEEPING

It all started with a present from the man in my life—a plant that's easier to look at than to spell. "A philodendron," said he, "and it should be able to survive even your yellow thumb!"

"Humph" was about the best answer I could dig up on short notice. But mentally I made a vow to nurse that plant with my last strength, if necessary, just to show him.

Confidentially, the reason for my ill-starred luck with growing things is that I simply forgot to water them. So on my next day's shopping list was underlined, "an attention-getting watering can."

I found the sinkier, all right. That little aquat pot really started something in the young married lives of the Stuarts. My can't-be-missed watering can is of gleaming, warm copper. And we've practically planned our decorating scheme around it!

When the Man of the House spotted my plant accessory he was too enthused about the lift it gave the room to be amused. Not long after he wheeled from a favorite aunt a lovely antique copper tray. Next, followed pieces of sister metal—brass candlesticks that glow as lovely as a flame.

We have big ideas, too, for the day we have our own fireplace. Since that may be a while in coming we're leisurely trying to decide whether a burnished copper hood or a brass fireplace set would be best. Either way we figure we can't go wrong. On occasion my peptic spouse even toys with the idea of bronze trimmings for the hearth. He spouts about bronze inspiring confidence and respect; about it being durable and beautiful, worthy of the master Benvenuto Cellini who worked with it.

Meanwhile, while we merrily live the lives of apartment dwellers, I have my heart set on trying in the whole effect with brass and crystal, hurricane lamps. And perhaps some copper hanging flower baskets.

The philodendron? I can't believe it myself. It's thriving!

Quality Plus

You get QUALITY PLUS in this Aviation Oil that flows freely at zero and below and stands up and thoroughly lubricates at boiling temperatures and above.

Temperatures are variable during these early spring days. Frosty mornings and warm afternoons call for a Twin-Action oil like HI-V-I.

NOTICE OF COUNTY'S INTENTION TO RECEIVE BIDS FOR PURCHASE OF CERTAIN ROAD MACHINERY, AND TO ISSUE TIME WARRANTS THEREFOR.

SEALED PROPOSALS, addressed to Cecil H. Tate, County Judge of Bailey County, Texas, at Muleshoe. 11-2tc

LONGVIEW INTERMEDIATES GIVEN SNOWFLAKE PARTY

The Young People's Training Union of the Longview Baptist church entertained the Intermediates with an indoor Snowflake Party, Friday night, March 5, at the church. It was an ideal evening. Those present were:

Mrs. I. L. Kitchens; Glenna Miller, Kay Buzard, Mrs. J. U. Dawson, Estelle Dawson, Helen Dawson, Karl Dean Heard, Alene Heard, Jimmy Luman, Billy Marlowe, No-reane McKnight, Bobby Nell Glenn, Eddie Raye Glenn, Mary Ellen Watson, Billy Jack Chastaine, Katherine Black, Maxine Black, Eugene Watson and Mr. E. A. Glenn.

Texas, will be received at the office of the County Judge until 10 A.M. o'clock, on the 20th day of March A.D. 1948, for the purchase of the following machinery, to-wit: 1—Heavy duty Diesel Motor Grader complete with 12' Moldboard, Right and Left hand 2' Moldboard Extension (Describe).

Enclosed cab and Electric Starter and Lights, 11-Tooth V-Type Scarifier, 12:00 x 24 Tandem Rear tires, 9:00 x 24 Rib Tread Front tires, Leaning Front Wheels and High Arched Front Axle.

To be powered with 4-Cylinder Diesel Engine of not less than 76-HP and to weigh approximately 23,000 lbs.

1—Adams No. 51 Diesel Motor Grader to be accepted in trade by successful Bidder.

SUCH PROPOSALS will at said time be publicly opened and read before the Commissioner's Court of said County.

IT IS THE INTENTION OF THE COMMISSIONER'S COURT to pay part cash for such road machinery, and issue time Warrants of said County for the balance, after the trade in for old machine allowance is made.

THE COMMISSIONER'S COURT reserves the right to reject any and all bids. Dated at Muleshoe, Texas, 8th day of March 1948.

Cecil H. Tate County Judge, Bailey County Texas. 11-2tc

RECRUITER TO CARLSBAD

T-Sgt. Leon A. Reynolds who has been with the Clovis, N. M., Army and Air Force Recruiting Station since February, 1947, has been transferred to Carlsbad, N. M. He will be in charge of the Army and Air Force Recruiting Station in Carlsbad. While he was assigned to the Clovis office he was assistant to M-Sgt. Temple and canvassed the towns in the vicinity of Clovis such as Portales, Melrose, Texico, N. M.; Muleshoe and Farwell, Texas.

LONGVIEW YWA OBSERVES HOME MISSION SEASON

The Darlene Elliot YWA of the Longview Baptist Church observed the Annie Armstrong Home Mission Season of Prayer, Wednesday, March 3. Six members were present and enjoyed a grand service.

Many people do not realize how many there are in our own homeland who have never heard the gospel of Christ. We all need to do more going, more giving and more praying, to advance Christ's kingdom and make America a truly Christian nation.

UNITED PENTECOSTAL CHURCH TO HOLD FELLOWSHIP MEET

The United Pentecostal church will hold a fellowship meet in the Methodist Fellowship Hall, Monday evening, March 15. Meeting starts at 7:30 p.m. You are invited to attend. Rev. J. E. Moore pastor.

LIVESTOCK ARE GUARDIANS OF THE LAND
Life comes from the soil. Civilization is founded on man's ability to use wisely a few inches of fertile depth. This soil is a loan from the ages; history will hold us accountable for the way in which we live upon the interest it yields, and add to the capital.
While held in trust for future generations, the soil must maintain those who live today. For food, clothing, and shelter, civilized man requires livestock, and cotton, grain and other cultivated crops, as well as the grass and forests that are nature's first line of defense against erosion. Good management combines these essentials—cultivated crops, pastures, woodland and livestock—to maintain life and the productiveness of the soil.
Livestock are guardians of the land. They make grassland useful and restore to the soil the life-giving elements used by growing plants. Sound principles of livestock feeding and management are built upon the foundation for all permanent civilization—the wise use of the land.
* LIVESTOCK GUARD THE LAND.*
* This information was furnished by the Blackwater Valley Soil Conservation District.

REAL ESTATE
—160 acres, top quality farm. Near Oklahoma Lane school. All in cultivation and has been plowed twice. This land lays perfect. Fair improvements. This would be a beauty to irrigate. Full possession to buyer at \$115 per acre.
—320 acres, as nice as smooth as land in West Texas can be. And only 3-4 mile to paved highway, No. 60. All in cultivation. 200 acres drilled to wheat, and the barrow ditches are full of water. Buyer gets one third of wheat and possession of the 120 acres at only \$75 per acre.
—558 acres, one mile from Bovina, on paved highway. 301 acres in cultivation and about 150 acres more can be put in, bal, would be good grass. All fenced and cross fenced. New well and windmill. Buyer can have full possession by paying renter for plowing. This is the bargain of the year at only \$42.50 per acre.

No Slump Seen This Year In Cotton Price

"Despite the many uncertainties that now exist regarding trade conditions, cotton prices this fall should be satisfactory because of its very favorable statistical position and the prospect of a government loan rate of 28c or more," says William A. Wooten, vice president, The First National Bank of Memphis, Tenn., in a Cotton Review dated Feb. 21.

Excerpts from the Review follow:

Despite the recent decline in the futures market, there has been no sign of weakness in spot cotton in this territory. In fact, the basis on the better qualities has advanced materially as a result of the decline in futures.

While at present there is only a limited demand from mills, the more desirable cottons (strict low middling and better) are readily saleable. The demand is coming principally from cotton merchants against old commitments.

The basis on the better grades is now from \$10 to \$15 per bale above normal. Because of this attractive basis, many of these lots are being disposed of. Many merchants are carrying unsold stocks

of the better cottons as a protective basis. No doubt, this cotton will be disposed of as rapidly as cotton needed against orders is purchased.

Considering the drastic decline which has occurred in other commodities, cotton has given a fairly good account of itself. One reason is that it had not advanced beyond the government loan level to the extent that most of the grains had. Doubtless, action of the cotton market will continue to be influenced by developments in the grain markets.

There is a substantial supply of tenderable cotton in Texas, particularly suitable for export markets. If these outlets do not develop shortly, it is believed that substantial deliveries of this cotton will be made on futures contracts. About 68,000 bales are now certificated and it is understood that there is considerably more at the ports which is tenderable.

One of the most important market factors will be the trend in the parity price for cotton between now and next July. The government loan for the new crop will be 92 1-2 per cent of the parity existing on next July 15 (to be announced about July 31) plus the average premium existing this season for 15-16 inch over 7-8 inch. This premium is now about 200 points as compared with 145 points last season. The parity at present is 31.12c for middling 7-8 inch.

Most of the cotton belt has had

heavy snows and rains for the past month. As a result, there is an ample supply of sub-soil moisture. Extremely low temperatures should reduce weevil survival. Unfavorable weather has delayed farm preparations. The indications are that there will be a slight increase in acreage in the Southwest a moderate increase in the Central Belt and a substantial one in the Far West. Planting was started in South Texas about a month ago.

Domestic consumption for the first six months was about 575,000 bales less than last year. Exports to date are about 550,000 bales less than last year. Unless there is a marked improvement in exports in the near future, it now appears that the carryover will be at least 3,500,000 bales or a million more than last year, which would be under what is generally considered normal.—The Cotton Trade Journal.

Mrs. Loyd Seymore and daughter, Jeanne, visited from Sunday to Tuesday of last week in the home of Mr. and Mrs. Dan Dorsey.

Simple Range Shelter

MORE and more poultrymen are discovering the importance of range shelters in rearing strong, healthy pullets. Such shelters enable flocks to range on clean ground, and protect them from the crowding and overheating to which they often are subjected if kept in colony houses throughout the summer. As a result flocks develop more evenly, with fewer culls.

There are other advantages, too. Many farmers find range shelters useful for housing an early brood of pullets while a second brood occupies the colony house. In some areas shelters are even utilized for late season brooding. This saves the cost of conventional brooder houses.

At little expense you can build a serviceable shelter that will last many years. The type illustrated above, on a scale of 10 x 10 ft., will house about 125 pullets. Structurally, it consists merely of simple framing and a pitch roof. Practically the only other requirements are roosts and some welded mesh wiring for the floor.

The wood framing should be painted, but the roof can be made of asbestos cement board, which requires no preservative treatment. Five sheets of 4 x 8 asbestos board will suffice, with one piece cut in half to form the middle section of each side. If a solid floor is desired, it also may be built of asbestos board.

THANK YOU, BUNNY! On behalf of the thousands of crippled children of Texas, 11-year-old Joann Frost of Dallas expresses her appreciation to the Easter Bunny for being the symbol of aid for handicapped youngsters through the Texas Society for Crippled Children. Joann urges every Texan to share his Easter joys by supporting the Society's Easter Seal Sale, March 8-28.

Red Cross Busy In Texas In 1947 As Disasters Struck In Every Month

In a year when natural disasters made the headlines of more papers more often than at any time in the past decade, Texas was virtually the most afflicted state in the country. Although disaster

most catastrophic with the Texas City explosion topping any other single instantaneous tragedy in destructive effects. While it is unnecessary to recapitulate the details of that grim

struck in almost every month of the year, April was by far the tragedy, it may be well to add up a few totals.

In aiding nearly 9,000 persons made homeless or left without adequate resources of their own, the American Red Cross has, to date, expended more than \$1,361,000. It should be mentioned in this connection that the coordinating work of the Red Cross chapters and the national staff with various government and private agencies to bring about this effective and prompt relief was materially expedited by the energetic and loyal services of the late Mr. Robert Joiner, Red Cross state relations officer at the time of the tragedy. Mr. Joiner has been succeeded by Mr. H. D. Carmichael.

Fires were the most frequent type of disaster in Texas last year, and included the following: two fires in Galveston county on February 3 and 11 affecting 16 families; one in Montgomery county on February 20, affecting 22 families; one at Lexington on February 23, in which five families were given Red Cross assistance; in San Antonio on February 28, in which nine families were assisted; and another in Bexar county on March 17. In addition, three forest fires ravaged parts of the state's wooded areas; one in Montgomery county in September, one in Arkansas county on October 2, and another in the same county on November 1.

Tornadoes added their destructive blight to the state's misfortunes on six occasions, the most widespread and disastrous being those which are recorded as the Texas-

Banana Cup Cakes

Sliced bananas show off their good looks in these tempting banana cup cakes made with enriched flour for better food value.

Fruit variety is limited at this season so let's find different ways for using the "dependables" on the market. There are more ways than one to eat bananas. For proof, we offer these cup cakes with a real banana flavor, their fluffy frosting decked with two slices of the fruit.

The cup cakes are made by the usual cake method, with the flour mixture added to the creamed mixture alternately with mashed bananas and milk. Measure ingredients carefully, sifting flour once before measuring. Preserve the golden yellow of the cut bananas in the topping by dipping them in lemon or other citrus juice.

Besides good eating, the cup cakes boast of good food value supplied by the enriched flour with its protein, iron, and B-vitamins. The recipe makes a sufficient quantity to serve at a casual afternoon tea, or for after-school snack and dinner dessert.

BANANA CUP CAKES

2 cups sifted enriched flour
2 teaspoons baking powder
1/2 teaspoon soda
1/2 teaspoon salt
1/2 cup shortening
1 cup sugar
2 eggs, beaten

1 teaspoon grated orange rind
1 teaspoon grated lemon rind
1 teaspoon vanilla extract
1 cup mashed bananas
2 tablespoons milk
1/2 cup chopped nuts

Sift together flour, baking powder, soda and salt. Cream together shortening and sugar until light and fluffy. Add eggs, mixing well. Add orange rind, lemon rind and vanilla extract. Add flour mixture, to creamed mixture alternately, with bananas and milk. Fold in nuts. Fill greased three-inch muffin pans two-thirds full. Bake in moderate oven (350 degrees F.) about 25 minutes. Yield: About 14 three-inch cup cakes.

Oklahoma Panhandle tornadoes of April, 1947. Lipscomb, Hemphill, Borden, Hockley, Martin, and Howard counties in Texas were stricken, disrupting the homes and lives of 341 families, of whom 209 were aided by the Red Cross to regain their normal standard of living.

Other tornadoes occurred in Rockwall county on April 30, Deaf Smith county on May 14, Shelby county on November 6, Angelina county on November 8, and Liberty county on November 14.

Miscellaneous disasters included: The Rusk county windstorm of May 15, the Goliad hailstorm of April 10, the Waxahachie gas truck wreck of August 5, and the tropical storm which struck Galveston county on August 25.

Aid extended to the victims of all these tragedies, excluding that of Texas City has amounted, to date, to over \$250,000. In accordance with Red Cross policy, this aid was given—not loaned—on the basis of need, not loss, to those without adequate resources of their own. It included such service as repair and rebuilding of homes and replacement of livestock, job retraining for those who could not return to their former occupations, medical and nursing care for the injured, as well as

all types of emergency assistance. But the humanitarian service of the Red Cross is a two way activity. If the organization was privileged to be the agent of mercy to these

LAMBERT
Plumbing Company
PHONE: 96 • MULESHOE

thousands, it was because of the wholehearted support of the thousands who gave their time and dollars to advance this humanitarian activity. During 1947, for example, 16,302 persons in the state's 251 Red

Cross chapters contributed \$2,958,793 to the Red Cross campaign fund campaign.

OFFICE SUPPLIES — The Journal

From where I sit... by Joe Marsh

Ben's Bride Gets Chickenhearted

Ben Ryder was mighty proud of his young bride when she offered to care for his new flock of baby chicks. "Just like a mother with her brood," he boasts.

Then came market time for fryers—and the crisis! Sue simply wouldn't let Ben near her chickens with an axe. She'd raised them as babes... she'd named them... they were her very own!

Ben poured himself a glass of beer, to think things over sensibly. He hated to lose the price on fryers... but he figured Sue had put up

with his peculiarities, he guessed he could put up with her fondness for the chickens.

So now Ben has the nicest brood of laying hens in town, and from where I sit, one of the most successful marriages, too. All because he "lived-and-let-live"—literally. And whenever he wants fried chicken, he takes his bride over to Andy's Garden Tavern for a crisp wing and a glass of beer.

Q. What is the name of this cut of meat?
A. This is a rolled shoulder roast of lamb.
Q. Where does the cut come from, and how is it identified?
A. This cut comes from the shoulder of lamb. It is often boned and rolled, as in this picture, or boned and left flat for stuffing. When rolled it is a compact roll of juicy, tender, well-flavored meat, weighing 3 to 4 pounds.
Q. How should this cut be prepared?
A. Because lamb is tender meat, the boned shoulder roll may be roasted. Place it, fat-side up, on a rack in a shallow pan, and roast in a slow oven (300° F.) until tender, allowing about 40 to 45 minutes per pound.

More people drive...
More people want
CHEVROLETS
than any other make of car

True for years—and truer than ever today—with the advent of this newer, smarter, finer Chevrolet for 1948! Official registration figures prove that more people drive Chevrolets—and seven independent surveys prove that more people want Chevrolets—than any other make of car! The reason, of course, is more value. And now Chevrolet value is made all the more outstanding by the smart new styling, brilliant new colors, and even more luxuriously appointed interiors which have been added to all

the other advantages of Chevrolet's famous BIG-CAR QUALITY AT LOWEST COST. See the new 1948 Chevrolet, and you'll know why more people drive Chevrolets than any other make!

You'll admire the tasteful new styling, the new color harmonies, the new and richer upholstery and appointments which add so much to the enviable Big-Car beauty of Chevrolet's Body by Fisher.

You'll find there isn't any other car in its field that gives the Big-Car comfort of Chevrolet for 1948—direct result of the Unmatched Knee-Action Gliding Ride.

Chevrolet's world's champion Valve-in-Head engine gives an unequalled combination of performance, endurance, dependability and economy.

The record demand for new Chevrolets prompts us to suggest that you keep your present car in good running condition. See us for service—today!

Fidelis Class Met In St. Clair Home

The Fidelis Sunday School Class of the First Baptist Church met in the home of Mrs. I. L. St. Clair, Sr., Thursday, March 4, with Mrs. Pat Bulloch as co-hostess.

Decorations were carried out in the Easter theme of bunnies and eggs, and reminded the class that Easter will soon be here again. After the business meeting the

class was entertained with local talent with top honors going to Mrs. Ray Griffiths and Mrs. Tye Young. Sunshine gifts were exchanged and the names revealed. Those who were unable to attend missed a good time.

Refreshments were served to the following members and guests: Mesdames Ray Griffiths, E. R. Hart, Arthur Crow, Tye Young, F. H. Davis, Rollin K. Sneath, L. C. Roddam, Clifford Green, M. F. Green, L. T. Green, W. B. McAdams, Eddie Lane, H. E. Schuster, A. E. Lewis, R. B. Precure, C. A. Barnett, Bob Green and the hostesses.

Mrs. Garth Hostess To Scout Committees

The Girl Scout committee women met in the home of Mrs. Vernice Garth, Thursday morning, February 26.

Mrs. Head, the official Girl Scout leader from Clovis, met with the ladies to help them get organized. They elected officers and were appointed for committees as follows: Mrs. Marie White, president and training committee; Mrs. Margaret Collins, secretary and treasurer, finance and registration committee; Mrs. Leon Smith, organization committee; Mrs. Vernice Garth, public relations committee; and Mrs. Marion F. Harris, camp activities.

At 2 o'clock the leaders met in Mrs. Brown's home for lessons in leadership with Mrs. Head in charge. Mrs. Brown is the leader of the Brownie Troop, which has just been organized in Muleshoe. Only girls of nine years are admitted at present.

Bula Honors Bailey Faculty Members

The Bailey county unit of teachers met at Bula Tuesday, March 9. Faculty members from Three-Way, Bula, Circleback, Muleshoe, Morton and Pettit attended the meeting.

The program for the evening was as follows: Welcome speech, W. D. Kay, superintendent of Bula school; Business session, H. H. Homsley, Three Way; Report of Atlantic City trip, W. C. Cunningham, Muleshoe; Side Lights of the trip, H. H. Homsley; address, I. Ingram, Bula; and music was given by Bula.

H. A. Owens and I. Ingram were elected as delegates to the West Texas District meeting at Lubbock Friday.

A dinner was served by the home economics department of Bula. The St. Patrick's theme was carried out in the table decorations and the program.

Future meeting of this unit will be in Muleshoe some time in May.

MULESHOE JUNIORS TO PRESENT PLAY MARCH 16

Miss Elizabeth Bailey, Junior class sponsor, reports that the Junior play, "George In A Jam," will be presented Tuesday night, March 16, in the high school auditorium. The admission will be 35, 60 and 75 cents. The play will start at 7:30. Proceeds will be used to promote the Junior and Senior Banquet.

10 ACRES IN ONE HOUR

Described as the world's largest one-way disc plow, this Krause product, running smoothly on 20 Timken Bearings, cuts a swath 17½ feet wide and averages 10 acres an hour. Another reason why America is able to carry on her feed-the-world program.

Designed to save time, money and labor, this giant plow enables the farmer to cover more ground, faster. As in other leading makes of farm implements, The Timken Roller Bearing Company furnished the tapered roller bearings that mean years of economical, trouble-free operation.

The cast consists of Weldon McCarty as Jim Gray, a youthful gardener; Dorothy Waggoner as Missy Brown, his mutinous ward; Joe Bob Horsley as George Forbes, another ward; Roxie Hoover, as Odessa, the colored cook; Richard Barnett, as Jack Carson, George's best friend; Dot Kent as Nellie Morrow, a school teacher; Bette Guthrie as Sara Jane Larkins, a rustic heiress; Charlene Prather as Ma Larkins, her mother; Jimmy Clements as Pop Larkins, Sara's father; and Don Fudge as Zeke Stebbins, a rural "detective."

Everyone is invited to attend this play as we know you will enjoy it.

Honor Roll

The Journal has received more new and renewal subscriptions in the last several days. Those that have paid their subscriptions in the last few days are:

- A. P. Stone, City.

Julian Family Had Reunion February 29

A family reunion was held in the home of Mr. and Mrs. C. D. Julian Sunday, February 29, with all the children and grandchildren present. Mr. Julian, who has been ill,

was able to be up that day, which added much to the pleasure of the event.

Attending the reunion were: L. V. Julian and family, Elvin Julian, Jack Julian and family, Charles D. Julian, Mr. and Mrs. J. R. Prather, all of Muleshoe, and Mr. and Mrs. R. M. Wilt, of Tullia. A wonderful family dinner was enjoyed by all present.

HD Ladies Honor 4-H Club Girls

The Home Demonstration Club women were hostesses at a tea Saturday, March 6, at the Fellowship Hall in Muleshoe, honoring the 4-H club girls of Bailey county and their mothers. The tea was in observance of National 4-H Club week.

Recreation was led by Mrs. John Thomson, Mrs. Raymond Gaede and Mrs. Roy Carney. The tea table and refreshments were arranged by Mrs. Earl Darsey and Mrs. Ira L. Kitchens.

"The highlight of the afternoon was the Gold Star and the clothing revue winners were presented their pins by their mothers. The girls receiving their pins were Jon Ann Thomson, presented by Mrs. John Thomson; Waneen Beller, presented by Mrs. D. E. Beller; Ruby Jane Carney presented by Mrs. Roy Carney; the Gold Star girl, Katherine Black, presented by Mrs. Earl Darsey in the absence of her mother.

The following signed the guest book: Mrs. A. W. Copley, Doris Jean Copley, Mrs. O. E. Bowen, Wynell Bowen, Leta Allen, Mrs. D. R. Aylesworth, Mrs. D. E. Beller, Waneen, Lavelle Beller, Mrs. Roy Carney, Ruby Jane Carney, Muleshoe; Mrs. J. M. Nelson, Shirley Nelson, Mrs. R. C. Gaede, Barbara Barnett, Y. L. Bettye Lou Jones, Cartha Jones, Mrs. John Thomson, Jon Ann Thomson, Evelyn Nivens, Progress, Mrs. Berta Kitchens, Mrs. Earl Darsey of Longview and Mrs. Laurette A. Williamson, agent.

Mostly Static

By Berry

Howdy Folks: A woman on the other side of town has put a fortune in her face. She eats T-bone steaks three times a week.

March is here and Uncle is passing the hat again.

Incidentally, perhaps you have noticed that uncle wears a stove-pipe hat.

Of course the only thing that's worse than paying an income tax is not having to pay one.

Some of the most imaginative writing of the year is put into these income tax forms.

We heard of one man who left his wife March 15th because, as he said, he couldn't support a wife and the government on one salary.

We can help you stretch your salary if you'll buy our LAUNDERALL AUTOMATIC WASHER. As us about this money saving value. Come in for a demonstration.
