New Mayor-Councilmen Take Oath Of Office

A new mayor and two new city councilmen took the oath of office to begin three-year terms of office in ceremonies at City Hall Tuesday night.

Joe Wheatley, owner of Cisco Lumber and Supply Company, was installed as mayor, succeeding Eris Ritchie, owner of Southwest Enterprises, who had held the post for five years. Also installed were Allen Masters, vice president of the First National Bank, and Arlie Whitley, oil man, who succeeded Brad Kimbrough and Linton Batteas.

The Council, including hold-overs Joe Besselaar, Bill Roberts, Roy Dennis and Bobby Ingram as well as the two new members, elected Roy Dennis as mayor pro tem for the coming year.

Mr. Ritchie, who administered the oath of office to his successor, read the statement that appeared in The Press on Thursday. He said that he considered it an honor and a privilege to serve as mayor during a period of development activities. He noted that "we rarely had a single opposition vote in handling community matters."

The Council's top agenda item for the coming year might very well be locating an alternate source of water for the community, Mr. Ritchie suggested. He noted that Lake Cisco's water level has been low for several years and without good rains soon the water problem will be very real.

In accepting the reins of city government, Mr. Wheatley pledged his best efforts to continue working in the same spirit of harmony. "I feel honored to be Cisco's mayor and I ask for the help of council members to work in the best interests of the community," he said. He added that "we will be joining others in prayers for rainfall that would solve our water problems."

M.L. (Top) Bailey, judge of the April 5th city election, presented the returns for canvass. After accepting the returns, the council proceeded with the installation of the new leaders. Mr. Ritchie administered the oath of office to Mr. Masters and Mr. Whitley as well as to the new mayor.

City Manager Mike Moore reported to the council that two called meetings were

planned for April 10 and 15th to deal with pressing matters.

Following the meeting, Mayor Wheatley and Councilmen Masters and Whitley were honored at an informal reception.

Joann Johnson Candidate For Re-Election

Eastland County Clerk Candidate Joann Johnson issues this statement:

I am a candidate for re-election to the office of County Clerk of Eastland County. I am a native of Eastland County, attending public school and graduating from Eastland High School in 1954. I married my husband, Kenneth, who is also a native of Eastland County in 1954. We have 3 children, Kenny of Carbon, Steve of Harper and Diane now Tucker of Carbon and we have 7 grandchildren. I am the daughter of Ruby Lee and the late Wayne Jackson of Eastland. Kenneth is the son of Finis and Bernice Johnson of Eastland.

The duties of the County Clerk are many and varied from land records, vital statistics, probate, elections and clerk of the Commissioners' Court to bookkeeping. I feel that my experience in this office qualifies me to be your County Clerk. I have worked in every job in the office, I begin as a deputy clerk for Johnson Smith in 1961 and was promoted to chief deputy where I served until 1977. I was elected in 1978 to the office of County Clerk and re-elected in 1981. I have learned the duties of this office one step at a time. The old saying "experience is the best teacher" is a very true statement. There have been many changes in the laws governing the duties of this office and I keep up with changes by attending the schools and seminars offered by the State of Texas and the County and District Clerks Association.

Since being elected your County Clerk, the office of County Clerk has been changed in many ways. We now have our index on Computer and microfilm our current records and are in the process of microfilming all the records that were not filmed earlier so that a backup copy is available if for some reason our records were destroyed.

I would appreciate your vote and promise to continue to serve the people of this county by doing the job of County Clerk for the benefit of the people of Eastland County.

Pastor Timothy Gray of the New Life Tabernacle, 306 W. 17th, Cisco, is offering a \$500 reward for information leading to the arrest and conviction of the person of persons who broke into the church and stole several musical instruments last week.

The break-in was discovered last Saturday evening and Pastor Gray reported the burglary to police at that time.

Taken in the robbery were a Les Paul guitar and a Silvertone guitar. Pastor Gray said the Les Paul guitar would be easy to identify because it is an older Gibson guitar and that brand is not made anymore.

Also taken was a 700 Drum Stand with a large cymbal and a Peavy amp.

People n Things

MR. ERIS RITCHIE, a good citizen of Cisco for the past 27 years, turned over the reins of the city government Tuesday night to another good citizen, Mr. Joe Wheatley. Mr. Ritchie served five years and, to quote Mr. Wheatley, "Eris will be a hard act to follow."

During his five years as mayor, a total of \$1,500.00 - the sum of \$25 per month - was paid Mr. Ritchie for his services. (City Council members are paid \$1 per month and most of them have always asked the city to pay it to the park fund).

What has Mr. Ritchie done with his salary checks? Some \$200 went to buy and install a Purple Martin Castle that is the home of 25 or 30 of the nice birds out on Park Drive. Several hundred more dollars are paying for Monkey Bars that will be installed at City Park.

The balance of the \$1,500.00 will pay for new lettering on the city water tower adjacent to I-20. Mr. Ritchie has never liked the way "CISCO" was put on the tower and since the City Council decided against spending any more money there, he decided to do it himself with funds from his salary checks.

You'll want to join us in an expression of appreciation to Mr. Ritchie for the fine job he has done for Cisco... and in pledging full support to Mayor Joe Wheatley and his Council.

WHAT TO DO about the cover for the College Hill Water Reservoir was on the agenda for a called meeting of the City Council at the

CoF offices Thursday (April 10) night. As you know, the cover must be replaced or repaired and soon... There will be another called meeting of the Council Tuesday night, April 15, at City Hall on matters concerning the wastewater project... Mayor Joe Wheatley's wife Virginia provided a cake (baked by Mrs. Thomas Casey) and punch and other goodies that were served at an informal reception following the installation of the new mayor and Councilmen Arlie Whitley and Allen Masters last Tuesday night. It was a nice affair. Beth Prickett and Ginger Johnson assisted Mrs. Wheatley with hostess duties.

OUR SCOUTS report that the Rev. Buddy Sipe and his wife Carolyn are planning to lead a group on a tour of the Holy Land in early June. Anybody interested in making the trip can obtain details by contacting them. The Sipes led a similar trip a year or so ago... The April 9 edition of The Baptist Standard, weekly magazine, reports that the Rev. Harry Garvin, First Baptist pastor here, will be among the speakers on the program at the Southern Baptist Convention Pastors' Conference June 8-9 in Atlanta, Georgia... The same news magazine reports that R. Jack Redford, director of the Baptist extension division of the Home Mission Board in Atlanta, has been named the first director of mission for the Cisco Baptist Association, effective July 1. Redford, who will be taking early retirement following 26 years of service, grew up in Cisco and attended local schools through the 10th grade. There will be an announcement concerning the appointment soon.

A Guide to Area Dining & Entertainment

CJC's Summer Theatre Season Underway

Season tickets are now available for Cisco Junior College's 1986 summer season to be presented in the Roof Garden Theatre of the Laguna Hotel. Directed by Carol Price-Brown, actors and apprentices will present *The Quilters* by Barbara Damashek in June, *Count Dracula* by Ted Tiller in July, and *Annie* by Thomas Meehan, Charles Strouse, and Martin Charnin in early August.

The Quilters, by Barbara Damashek and Molly Newman, is the story of a woman, her six daughters and their struggles for survival in early pioneer days. The trials are remembered in song, dance, and story as the women piece together one last quilt - a quilt that will be their legacy to their children and grandchildren.

Count Dracula by Ted Tiller is a spoofy, campy look at the "batty" vampire and his escapades. Based on the original story, the same characters are introduced but in a very off-beat manner, with numerous twists.

The season is rounded off with *Annie*, the popular award winning play (later a movie) about the orphan whose wide eyes brought America through the Depression.

As an extra attraction, Mrs. Brown announces the presentation of a special performance featuring apprentices enrolled in the summer program. To be produced the last weekend in July, actors will perform in two one-acts with specialty acts accompanying the evening.

The \$35.00 season ticket price admits the theatre-goer to one performance of each dinner theatre production plus to one performance

of the apprentice production of \$12.50 over at the door admission, and also entitles the holder to preferential seating.

Patron positions are also available which support all Fine Arts presentations of the college. Patronage entitles the member to at the door parking, preferential seating, early notification of events and listing in all pro-

grams. Anyone interested in becoming a season ticket holder or a patron of CJC

"The Sweet Carolines"

AARP Guest Entertainers

A trio who have styled themselves "The Sweet Carolines" will be guest entertainers at next Thursday's meeting of Cisco's AARP on April 17, at the Corral Room at 6 p.m.

Louise Allison, program chairman, reports that the three, Mrs. Susan Wester, Miss Claudia Waite, and Mrs. Ivan Webb are much in demand for many programs and that the AARP is for-

tunate to secure their services for a full evening of entertainment.

President Gilbert Copeland invites all senior citizens to remember that the meeting is always a food festival from the covered dishes they bring. "Remember too," he said, "The programs we have are as challenging as any to which I have ever listened."

God's Love

As the sun peaks over the mountains
Sending its warmth to a sleeping world.
We see the start of a new day
Being blessed by our God's Love

We see His Love is with us
In ever living thing
The flowers blooming on a hillside
And the early morning rain

So let's not forget our brother
In telling him of God's Love
By helping out our brother
A blessing we may receive from above

When the final curtain is drawn
And we close our eyes in peace
We will all know of God's Love
And the blessing we received.

"The Quilters" Presented

As Prelude To Season

As a prelude to the summer '86 dinner theatre season, Carol Brown, director of drama at Cisco Junior College, announces the acquisition of *The Quilters* by Barbara Damashek and Molly Newman. Originally produced by Denver Center for the Performing Arts, before moving to New York, *The Quilters* chronicles the lives of a family of pioneer women as they gather to piece one last quilt.

quilt using specific quilt squares. Mrs. Brown is soliciting volunteers who will assume responsibility for putting together -- "piecing" twenty different squares. Since the quilt will be put together in late May, volunteers need not actually quilt the squares, only piece the designs.

If an individual or organization is interested in helping contribute their talent and time to this Sesquicentennial presentation contact Carol Brown at 442-2567.

A scenic requirement for *The Quilters* is a 10' X 10'

Federal Lawsuit Against County By Jail Trustee Continues

Guest Slot

Sunday, April 13, 1986

The Eastland Telegram has received a letter from a trustee residing at the county jail, in which he states that he wishes to tell "his side" of a Federal lawsuit which he has filed against county officials and an officer from the Department of Public Safety.

Named in this case are D.P.S. Officer Robert Ralls, Eastland County Judge Scott Bailey, the Commissioner's Court, 91st District Court Judge Jim Wright, District Attorney Emory Walton, and County Sheriff Don Underwood.

The suit, which includes several issues and allegations, states that the inmate's civil rights have been violated. Among other things, the plaintiff complains that there was no library in the jail to assist him in filing this civil rights suit.

Records show that a judgement was rendered on this case in the United States District Court, Abilene Division, on Oct. 2, 1985. Halbert O. Woodward, Chief Judge of the Northern District of Texas, presided in the case. It was ordered, adjudged

and decreed that the plaintiff recover nothing of and from the defendants.

The plaintiff then carried the case to a higher Federal Court, which is located in New Orleans, La. This Court considered his claims, and on March 10, 1986 the appeal was remanded (sent back) to the District Court in Abilene "for the limited purpose of supplementing the findings of the District Court, or for that purpose and for such further purpose and for such further proceedings in that Court as the Court finds warranted."

The Federal Court in New Orleans directed the District Court to determine (1) how long plaintiff has been held in the jail in Eastland, Texas, (2) if the Court determines plaintiff's incarceration has been long-term imprisonment, whether plaintiff has been denied access to a law library, (3) if such access was denied, how and by whom it was denied, (4) whether plaintiff's assertion of denial of access to a law library concerns any rights or claims of right as to which counsel was not ap-

pointed, and (5) what the value and availability of plaintiff's real estate assets may be and how such assets affect this status as a pauper.

At the present time the District Court in Abilene has apparently not replied to this remand on the case.

Court records in Eastland County show that the individual making this appeal has had a number of arrests over the years. He was sent to the Texas Department of Corrections at least two times, one of which was for a felony and the other DWI. His latest DWI arrests in Eastland County occurred in September, 1984, when he was placed on bond, and again in November, 1984, while out on bond.

At that time he was placed back in jail, where he was made a trustee. He was convicted on the two charges, and received a sentence of two five-year terms. He has remained in the county jail since.

It has been reported to the newspapers that the Eastland County Jail Library has a copy of the Penal Code and the Code of Criminal Procedure - material which was recommended by a Federal Judge when the jail was constructed.

The county is represented by two attorneys in the ongoing lawsuit. It is not known how long it will take the Federal Courts to decide all aspects of the appeal. At this time there is also no estimate as to what this case and its appeal will cost the county.

Be Sure to Read This One...
...if you are interested in buying real estate soon or at any time in the future. Buying good titles is just as important as buying good food or good medicine. Yet some people have spent their life-time savings for a farm or city property with little or no thought about the title. Of course, they will learn better later, but why not avoid the pitfalls and expense of poor judgement by getting an abstract or title insurance policy first and buying the property later?

Sharlyn Barree Signs Contract With University of Texas

Sharlyn Barree, from Wilmer Hutchings High School in Dallas has signed a contract with the University of Texas for a full 2-year scholarship. Sharlyn plays the post position for the Cisco Junior College Lady Wranglers.

During her freshman year at Cisco Junior College she was the first post player off the bench and shot 50% from the field and pulled down 100 rebounds.

Sharlyn helped her high school team into the Play-Offs her senior year. She was selected to the All-District team because of her rebounding and defensive skills. Sharlyn averaged 12 points and 10 rebounds a game as a senior.

She was the substitute post for both years at CJC. Coach Ronnie Hearne said she was a very good defensive player. She averaged 8 points and 6 on rebounds. He said she had to be a good player to have been picked by the University. She also has a good attitude and is a good student he added.

Cody Voss To Be Music Director For Good News America Crusade

The Good News America Crusade to be held on the Football Field parking lot in Cisco, April 20-25, will feature one of America's outstanding music evangelists. Cody Voss of Houston has been selected to lead the music for the crusade being sponsored by the three Southern Baptist congregations in Cisco. The services will be held in a 1,000 seat tent to be "raised" on the parking lot site April 19th.

Cody was born in Louisiana and raised in the Houston area. He graduated from Sam Houston State University where he received a Bachelor of Music degree. He attended New Orleans Baptist Theological Seminary working toward a Master of Church Music degree. He has served churches in Texas and Mississippi as Minister of Music and Youth over the 20 years in which he has been actively involved in the music ministry. He has served as a full-time vocational evangelist for the past 11 years. He served three years as the Choral Conductor for the Texas Department of Corrections in Huntsville during the time he was working with Second Baptist Church of that city. He was instrumental in beginning the Del Mar B.S.U. Singers in Corpus Christi and the Aggie Singers (B.S.U.) while serving in churches near these campus Baptist Student Centers.

During the 11 years in evangelism Cody has had the opportunity to work with hundreds of churches in revival and crusade ministries. He has given concerts and worked in many youth camps. During this time he has traveled to 19 different states and worked in over 400 meetings. These crusades have resulted in over 12,000 people coming to know Christ as personal Lord and Saviour.

The following businesses will also be recognized for their contribution to the Association: Motts of Cisco, Mundens of Cisco, Wal-Mart of Eastland, Cisco Lumber and Supply, Nimrod Pipe and Supply of Cisco, Wheat Roustabout of Cisco, Ledbetter Insurance of Cisco, Cisco Pump, Play Off Sports of Eastland, Allsups of Cisco, Coca Cola Bottling Co. of Eastland, and McDonalds of Eastland. A special thanks to Cisco High School Athletic Department for the use of their field.

Without the help of our Sponsors and businesses, and of course the people that volunteered their time, the ECSA would not have been such a great success. The Association sincerely appreciates all of the fine help that was received. They feel that the help from the citizens has made this entire community a better place for children to grow up in.

Darryl Adams, president of the Association extends a cordial invitation to the public to attend the first awards ceremony. In case of bad weather the ceremony will be held in the Community Gym.

Council Has Meeting Concerning Water Storage

A special called work session meeting of the governing body of the City of Cisco was held Thursday afternoon in the Chamber of Commerce office.

This was the first official meeting for newly elected Mayor Joe Wheatley and councilmen Arlie Whitley and Allen Masters.

A decision was made to check into prices of a new or used water storage tank to replace the College Hill Water Reservoir. Reports will be given at the Tuesday council meeting held at City Hall.

The one on College Hill is badly in need of repair. The water reservoir was repaired two to four years ago with cedar beams to prop up the roof. Manager Mike Moore stated the joint

and I-beams and the metal trusses have all rusted. There is a danger of the roof falling in. Mr. Moore said he needs to stress the danger to college students and others who walk on top of the structure. He said someone could be seriously hurt.

Attending the meeting were Jim Allen, a water tower contractor from Breckenridge, Bobby McCoy of Custom Fabrication in Cisco, Ken Martin, city engineer of Jacob & Martin Inc. in Abilene, Wayne Webb, contractor from Cisco and Leon Boles, water and wastewater superintendent for the City of Cisco.

Councilmen attending were Bill Roberts, Roy Dennis, Joe Besselaar, Arlie Whitley and Allen Masters.

Dan Montgomery Coach Of The Year

Dan Montgomery, Men's Basketball Coach at Cisco Junior College, is one of four Texas junior college coaches to be nominated as Texas Junior Coach of the Year by the Texas Association of Basketball Coaches. Other nominees are Ronnie Arrow (San Jacinto), Jerry Stone (Midland), and Vernon Harton (Jacksonville Baptist). TABC's 1700 members are eligible to vote, and the winner will be announced at the association's annual awards banquet in Waco on April 19.

Coach Montgomery led his team to the Northern Conference championship this past season, the first in the school's history. The Wranglers were 20-7 overall and 13-3 in conference play. A 27-year veteran in the coaching profession, Montgomery coached for 20 years in six Texas high schools and four years at St. Edward's University in Austin. He has been at Cisco for the past three seasons. His overall win-loss record is 589-276.

Notes On Northview

By Jackie Kincheloe

We're getting more calls at the facility from family or friends of mentally retarded individuals asking how they go about obtaining services and/or placement for these folks. In this article I hope to outline the process for gaining MR or ICF-MR services. Whether the client in question is child or adult, a legal adult or ward of a graduation, the overall procedure is basically uniform.

The first step is to contact the local Mental Retardation Authority (MRA). This can be located through a local MHRM center or by contacting a facility such as Northview. The local MRA for Eastland County is the Central Texas MHRM Center in Brownwood, Texas.

The MRA sends a social worker to obtain information for a social history. Based upon this social history, appropriate clients are scheduled for a Comprehensive Diagnostic and Evaluation (CD&E). The purpose of the CD&E is to determine if the client in questions meets the legal requirements for being diagnosed as mentally retarded. The CD&E consists of:

A psychological evaluation
An educational assessment

A physical examination
A social assessment
Out of these evaluations, an IQ and adaptive behavior level (ABL) will be assigned. The CD&E team consists of a psychologist, educational specialist, social worker, and physician/registered nurse. This team makes recommendations concerning services that would best suit the client's needs. These services might include but are not limited residential placement services, vocational services such as a sheltered workshop, social services (counseling, assistance with finances, etc.), educational services, therapeutic and medical services.

The social worker that did the initial social history and intake process will assist in helping the client obtain the recommended services.

Should residential placement be suggested, placing the client in an ICF-MR facility such as Northview, the MRA initiates securing a level of care (LOC) which is

obtained from the region's department of health. The department of health serving our area is located on South Willis Street in Abilene. Level of care involves classifying the client into one of the three groups I discussed in the March article, MR-I, MR-V, MR-VI, and is based upon IQ and ABL. A client must have a valid for 30 day period, a new LOC must be applied for and granted. Should the individual be admitted, another level of care indicating the client has received placement and the new LOC is valid for six months or 180 days. All clients residing in ICF-MR facilities have their levels of care reviewed every 180 days to insure that they remain appropriate for their current placement. Should IQ and/or ABL fluctuate, a higher or lower group of number may be reassigned. When a change is made, the local MRA and the facility at which the resident resides work together to find another ICF-MR facility that serves the appropriate group.

IS YOUR OVEN CLEAN?

Have you ever let something boil over in the oven because you failed to watch the temperature, or you failed to check on the food you were baking? When you did check it you discovered that the food had ran over. You may have decided to let it finish baking. Later, you or someone else spent an hour cleaning the oven. You resolved never to let it happen again.

Some people clean their oven only once or twice a year. The rest of the time the burnt food continues to build up so that the oven never looks clean in spite of the scrubbing. You may try

several different cleaning agents but none help to restore it to its original appearance.

Now there are self-cleaning ovens. We are told that there is a special coating put on these ovens that constantly keeps them clean. This is a wonderful discovery.

Someone recently remarked to me that people are something like an oven. They can be clean on the outside but dirty on the inside. Some clean their lives up twice a year thinking that if they attend church they will be clean again. The rest of the year they forget about

the Lord. Others may let themselves become dirty thinking they will clean up their life later. Later never comes.

Those who diligently live a stable and consistent life in Christ know that He provides them with a self-cleansing agent that constantly keeps their lives clean. What is this remedy? He tells us in I John 1:7, "But if we walk in the light, as he is in the light, we have fellowship one with another and the blood of Jesus Christ cleanseth us (continually) from all sin."

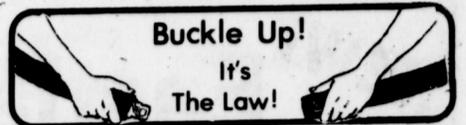

Eastland Church Establishes 24 Hour Prayer Ministry

Several members of the Eastland County Christian Center have recently organized a 24 hour prayer hotline which they feel will minister to the needs of all people of Eastland and Eastland County. These members have made themselves available to pray for people at any time of the day or night. According to Rev. Rocky Maugh, pastor of the local church, this prayer service is not limited to members only, but is available to anyone who

might need someone to pray for them. Anyone desiring prayer should contact any of the following numbers.

Rocky Maugh 629-3656;
Dale or Doreen Schuyler 442-1828; Billie Ragsdale 662-3240; Sharon Brown 629-8165; Allison White 442-4430; Kitty McCracken 442-2175; or Ruth Hamilton 629-2538.

Roy Cartee Now Candidate For Texas' Silver Haired Legislature

Roy V. Cartee of Cisco, one of the most active "retired people" anywhere, is now a candidate for the Silver Haired Legislature. This group of seniors will convene in Austin on September 29 of this year.

Cartee is the only candidate from Eastland County in the race. He is running for the "At Large" post in the 19 county West Central Region, which means he will be campaigning all the way from Stephens County west to Scurry, and from Knox County south to Coleman. He has two opponents in the "At Large" category.

Other candidates are running for posts in each of the three districts of the big West Central Texas Region. Eastland County is in District 2, along with Runnels, Coleman, Brown and Comanche Counties.

The election for the four representatives will be held in the various Senior Centers on May 30. All citizens 60 years and older will have an opportunity to vote for a favorite candidate from their District, and one in the "At Large" race.

All those who are elected will help formulate legislation which concerns older citizens of Texas. This will be passed on to the regular session of the Texas Legislature in 1987, where it is supposed to be given due consideration.

This is the first time Texas has ever tried a project of this sort, but the plan has worked out very well in several other states.

Roy Cartee has had more than one career and a number of interests during his life. Kansas was his birthplace, and that is where he received his undergraduate degrees in school. He received his graduate degrees in Louisiana.

He became a Minister of the First Christian Church, and served churches in Louisiana and Texas.

For 20 years he was an executive for a major airline company, completing his service on the NASA Apollo Program. While in this work he helped build the S-I-C booster for the moon shot, and also helped build the Lunar Rover.

In 1973 he and his wife, Ruth Hibbert Cartee, retired and moved to Cisco - the town where she had grown up.

Shortly after they arrived they became involved in various civic and community projects, and in work for senior citizens. A long-time worker for the American Red Cross, Roy Cartee was named chairman of the Eastland County Red Cross Chapter - a position he currently holds. In this work he has assisted with two major local disasters - a flood in 1981 and explosion in 1985.

For a number of years Ruth Cartee has been director of the senior centers in Cisco, Eastland and Rising Star sites.

In the late 1970's Cartee served as a city council member and then mayor of Cisco. One of his greatest interests has continued to be his involvement in the field

on aging. He has been a strong advocate of the Nutrition Program, and was appointed by the Area Aging Department as an Ombudsman. During the past four years he has been Assistant State Director for the American Association of Retired Persons.

At the present time Roy Cartee is helping begin a new AARP Chapter in Clyde, Texas, and is getting ready for school to help people fill out Medicare forms.

But as important as these public activities are, they do not tell the whole story about Mr. Cartee. You have to go among his friends and neighbors in Cisco to learn the full extent of his volunteer work. There you will hear about his numerous personal acts of kindness - many to the ill and elderly who can never repay him on this earth.

These things include repairs to homes - trips to see about someone or to take

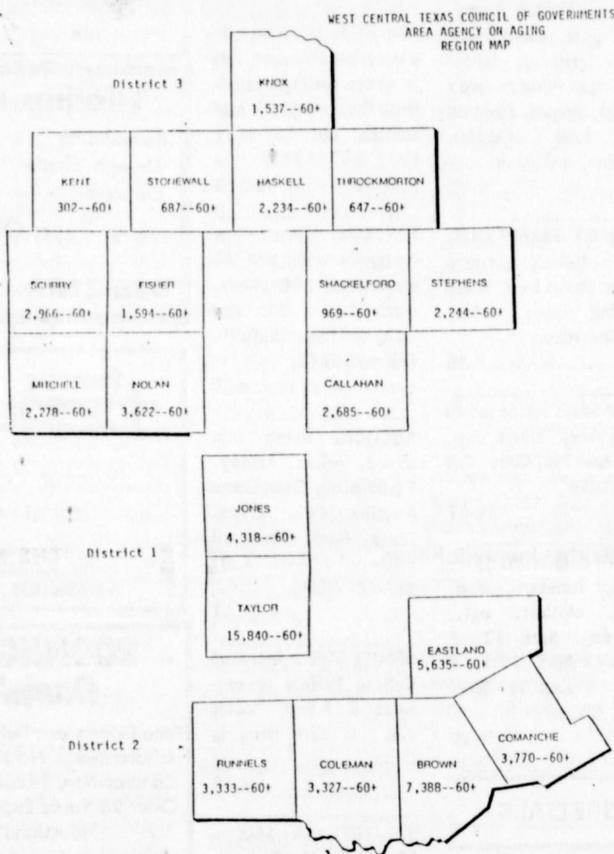

someone to the doctor, or going into a nursing home to assist a resident.

The concerns of senior

citizens is one of the major things Cartee plans to address in Austin if he is elected to the Silver Haired

Roy Cartee, "at large" candidate for the Silver Haired Legislature. Volunteering is a way of life for him.

This is the 19-county west central Texas area where Roy Cartee is running as an "at large" candidate. The Districts are pulled apart to illustrate. The figures list the number of people aged 60-plus in each county at the time of the 1980 census.

Legislature.

"I am greatly concerned about Health Care Costs," he says, "and people being institutionalized instead of cared for at home. Most people want to stay in their own homes if possible.

"Like me," he chuckles. "I guess I'm just too independent."

Call it what you will - but Cartee's hard work and desire to be of help to others is sure to make an impact on the Silver Haired Legislature race.

And if he gets to Austin the elderly Texans will have one more strong advocate.

Cleft Palate Clinic
To Be Held At
WTRC During May

Donald H. McDonald, M.D., medical director of the West Texas Rehabilitation Center, has announced that the Center's speech/language department will conduct a one-day cleft palate clinic during the month of May. A definite date will be made public within the next few weeks. Plans are to hold this clinic about every three months.

Referrals for both adults and children with clefts of the soft and/or hard palates should be made by the patient's physician and directed to Connie Walker, WTRC speech/language pathologist.

The clinic will offer evaluations by a qualified team consisting of a plastic surgeon, oral surgeon, otolaryngologist, audiologist, radiologist, speech pathologist, pediatrician, dentist, and social worker. The speech pathologist, audiologist and social worker are from the WTRC staff.

"We had our first clinic in February and are please to be offering this service to residents," Ms. Walker said. "Plans call for us to provide the clinic about every three months.

Patients desiring more information about these services should contact the WTRC speech/language department at (915) 692-1633.

CARROLL BARNHILL of Fort Worth shows the Cisco Writer's Club a knife he carried and tags he wore on the Aircraft Carrier Enterprise during World War II. Barnhill, an author and teacher, spoke to the group at the April meeting.

Carroll Barnhill Is Speaker At Cisco Writer's Club April 1

"Is it easy for a writer to deal with historical material? It helps to have lived through some of the history!"

These were part of the comments of Carroll B. Barnhill of Fort Worth as he spoke to the Cisco Writer's Club on April 1.

Barnhill, who was born in Cisco and grew up here, was in town to visit his mother, Mrs. S.O. Barnhill, other relatives and friends.

A retired teacher and

counselor, Barnhill is the author of a book called "Tell Me, Daddy". This volume has vivid details of his early life in Cisco, and his days on the Aircraft Carrier Enterprise during World War II. The Enterprise was the most

decorated ship of this war.

Retirement from teaching is actually full of a lot of volunteer work for Barnhill in the Fort Worth schools. For he has developed a historical program on World

War II and the Enterprise which is in demand for area classrooms.

Barnhill takes along a collection of artifacts to these programs- items which help capture the interest of the students. He also answers questions from the audience. This is undoubtedly one of the best ways available to teach a subject.

The Writer's Club, like his other audiences, enjoyed his combination of history, writing and speech.

John Beil Declares War On West And South Windows

John Beil of Beil Draperies (the people who do windows) has declared war on west and south windows.

It's not he doesn't like them. He loves them. But he recognizes that in the Southwest, they can cause problems. The problem of too much sunlight, too much heat, and generally just too much trouble for homeowners, who normally just "drape 'em" or "shade 'em" during the hot part of the year and forget 'em.

And in so doing, views are lost and the benefits of well-placed windows are gone.

So John searched and found what may be the perfect solution. One can get all the advantages of well-placed west, south and sometimes, east, windows, without the disadvantages of blinding heat and fabric-fading light.

John's discovery is Optix Blinds, a product so new on the market, that he's one of the few dealers in the entire state.

A veteran mini-blind installer, John now can offer a similar product with the ease and convenience of

mini's, plus the benefit of view-through.

Optix is a lot like sunglasses: view without glare, and virtually 100 percent elimination of ultraviolet, fading rays. They improve insulating properties by as much as 30 percent, it's been proven. They come destaticized (to resist dust), in one-inch, two-inch in horizontals and 3 1/2-inch verticals and uniquely shaped to interlock for a tight fit when closed.

By the way, they're made of polymeric resins (250 stronger than glass) and are

guaranteed for life. They're flame retardant and carry a V-O fire rating and emit no toxic fumes. They're made by the world's largest manufacturer of wood blinds.

They're available in five colors and can be custom fit to any shape window, including skylights.

You'll have to see 'em to believe 'em.

John will be glad to demonstrate them for you.

Breckenridge Event To Honor Lester Clarks

O.H. Reaugh, chairman of the Joint Facility Operating Committee of Breckenridge's outstanding new Library and Fine Arts Center, has announced a special ceremony honoring Mr. and Mrs. Lester Clark, donors of the facility for 5 p.m. Sunday, April 27.

A reception for the Clarks will be held on this date from 5 to 7 p.m. A special program to unveil plaques which recognize this tremendous contribution to the community by Lester and Virginia Clark will be held at 5:15 p.m. on Sunday, April 27. All of these activities will take place in the Breckenridge

Library and Fine Arts Center.

The brief ceremony will feature Chairman Reaugh as Master of Ceremonies with program appearances by Breckenridge Mayor Weldon Leonard, Breckenridge Chamber of Commerce President Jerry G. Gibson and comments from the Clarks as they unveil the special plaques which identify the building and designate the auditorium in the Center as Clark Auditorium.

The Breckenridge Library and Fine Arts Center was officially opened in April 1985. The Center has been the

scene of constant programs in the arts and in library activities since the grand opening.

Gordon Spot

By DeMarquis Gordon, County Agent—

Cucumber planting began in Eastland County this past week. Best Maid Pickle Co. has contracted to buy cucumbers for pickling from about 145 acres in Eastland County. Kenneth Smith of Rising Star began planting on April 7. About 12 to 15 acres are to be planted each day until all 145 acres have been planted. This is done to space the harvest season so that about 15 acres will mature each day in June. It takes 50 days from planting until harvest.

Cucumber seed are being planted with a special precision planter. Four rows are planted on a wide bed. The rows are about 12 inches apart while the middles are 30 inches wide. The seeding rate is four and one-half pounds per acre or 70,000 seeds per acre. The goal is to get 50,000 plants per acre. If each plant produces one cucumber in 50 days, the production would be about 16,600 pounds per acre. The cucumbers will be mechanically harvested. Planting season will extend for two weeks.

Several areas have reported aphids infesting oak trees. These infestations seem to vary from slight to heavy, depending on the stage of tree growth, location, tree species and weather conditions. Most of the infestation appear to be located on the older leaves. However, if all conditions remain the same, the newer, emerging leaves can and will be susceptible. Management of this problem requires frequent observations of infested trees to determine if and when insecticide applications may be necessary.

It is not uncommon to find early season aphid infestations on trees. This is especially true when there is a long spring season with intermittent periods of cool weather. Aphid populations begin to develop in the cooler weather, and if unchecked, will continue well into the early summer. Ordinarily, parasites and predators usually hold aphid populations in check, however, these beneficial insects do not develop fast enough in cooler spring temperatures to be of any aid in reducing infestations. Insecticide applications generally will aid in reducing aphids. In many instances, however, applications are not necessary; several applications must be made; or treating large numbers of trees may not be economically feasible. Also, insecticides will reduce development of beneficial insects.

Many aphid species excrete a sticky substance known as "honey dew". This secretion falls onto leaves, twigs, other parts of the tree and adjacent plants. It stimulates the growth of a black, sooty mold. This mold not only mars the appearance of plants but may restrict photosynthesis. The real problem comes about when honeydew becomes a nuisance on automobiles, lawn furniture, patios, sidewalks, and other outdoor objects.

Solution: Careful observation and consideration of all factors involved leads to successful aphid management. The following guidelines may be helpful when deciding whether or not to spray:

1. the preponderance of old leaves are still on the tree.
2. trees are large and well established.
3. there is no signs of water stress.
4. trees are in a good state of nutrition.
5. there are signs of aphid parasites/predators

Spray with approved insecticides or wash plants with a strong stream of water when:

1. trees are small or newly established.
2. there are obvious signs of water stress.
3. trees are nutritionally unthrifty.
4. there is a greater proportion of new leaves showing infestations and a wrinkled, distorted appearance.
5. there are signs of parasites/predators.

6. honeydew secretions are unacceptable. Since beneficial insects play such an important role in natural aphid control, try washing aphids away with a strong stream of water. Use the water during early morning or late afternoon to avoid sun scald of trees or adjacent plants. Strong, forceful streams of water will reduce fresh deposits of honeydew in trees. In addition of mild soaps or insecticidal soaps will remove some aphids and deposits of honeydew on tree leaves and other outdoor objects.

If insecticide applications are determined to be necessary use products containing diazinon, dimethoate, acephate, malathion or oxydemeton-methyl. The manufacturer generally includes precautions on the label when phytotoxicity is a danger. To avoid unnecessary damage, apply the insecticide only to plants specified on the label. Mix according to directions and apply the recommended dosage.

Treatment of large trees or groups of trees is difficult for homeowners. Most homeowners do not have the large-volume, high pressure spray equipment necessary to effectively apply insecticides to trees. Without adequate application equipment, homeowners should secure the services of a local pest control operator or landscape maintenance firm.

Cross Timbers Country Opry To Feature Local Talent Dale Brooks

The Cross Timbers Country Opry that is to be held in Stephenville on April 16, at 7:30 p.m. will bring to you some of the best country, western, bluegrass, and

Dale Brooks

gospel music you'll ever hear. The Cross Timbers Opry House is located on the Fort Worth Highway, Loop 377, in Stephenville.

One of the local talents that will be performing is our own Dale Brooks. If you haven't listened to Dale sing, you have missed out on a real treat.

Dale is the 29 year old son of Leo and Mary Brooks. He was born in Plainview, Texas. He started his singing career in church at the ripe old age of 3. He also moved to Eastland County when he was 3 and has been in the area ever since.

Dale has put on several performances locally for organizations such as the Ranger Fire Department (for their building fund), Roaring Ranger Days, Eastland Manor, several benefits, and most of the country-western musicals in the area.

Dale is currently employed at White's Ace Hardware in Eastland. (He

invites all of you to come by and visit with him). His dream, though, is to get started in a country music singing career. He invites everyone to come to Stephenville on April 16 and listen to the great performers that will appear on stage. Dale will be there to sing your favorite songs for you. For reservations, call 965-4579.

Dale will also be performing at the Cisco Folk Life Festival on April 26, at 5:00 p.m. on the town square.

Dale wants everyone to know he appreciates the support you have given him in the past. "Most of all", he says, "I give Thanks to God for my talent".

CISCO SENIOR NAMED TO HONOR BAND AND CHOIR

JAMES DEADMAN
The Church Music Department of the Baptist General Convention of Texas named Cisco High School Senior James Deadman as a member of the 1986 Texas Baptist All-State Youth Choir and Band. This marks the third year James has been named to the All-State Band. He was chosen from over 400 High School

Sophomores, juniors and Seniors who are actively involved in the ministries of Southern Baptist Churches across Texas. The 1986 Texas Baptist All-State Youth Band will consist of 50 instrumentalists chosen from those who auditioned. In addition to auditioning for the band James attended try-outs for the 1986 version of the Texas Baptist All-State Choir. These auditions were held in Abilene during the month of January. He was chosen from among 1500 plus Sr. High students who attended similar try-outs across the state. The 1986 edition of the choir will consist of 400 voices.

According to Dr. Sam Prestidge, Director of the Church Music Department for Texas Baptists, "It is

Gilbert Copeland Is Speaker For Lions Club Program

Members of the Cisco Lions Club heard a humorous talk by Gilbert Copeland, received a report of last weekend's district convention and paid tribute to the late O.L. Stamey at their weekly luncheon last Wednesday noon.

Mr. Copeland, retired agriculture instructor at Cisco High school and president of the local AARP Chapter, was introduced by Dr. C.M. Cleveland, program chairman.

unusual for a student to be named to an all-state group two years in a row much less three. It is a rare occurrence for a student to be named to both of these groups the same year." Because of rehearsal and performance schedules students who are named to both the choir and band must make a choice as to which organization they will perform with. James has chosen to make it three years with the band.

Dates for the Texas Baptist All-State Band and Choir will be July 6-13. The week will begin on the campus of Wayland Baptist University in Plainview, Texas. The four days on campus will be busy as the young people take part in rehearsals, sectional classes, Bible Studies, worship services, recreation, fellowship and an outstanding talent show. The week will conclude with performances for two Church Music Leadership Conferences at Glorieta Baptist Conference Center, Glorieta, New Mexico on Thursday, July 10th and Saturday, July 12th. The groups will return to the Wayland campus early on the 13th and leave for home that day.

James is the son of Cecil and Joye Deadman.

Secretary O.L. (Robbie) Robinson told the club that Jerry McBeth, president, was named a zone chairman for the year beginning next July 1 at the district convention. The Robinsons and the McBeths attended the Saturday convention at Vernon.

Miss Wendy Wester, club sweetheart, was entered by the club in the district sweetheart contest. With 19 contestants competing, Miss Wester finished high on the list and received many compliments, Mr. Robinson said. She was accompanied there by her mother, Mrs. Dan Wester.

Walter Knowlden, who presided in the absence of President McBeth, reported that Patricia Ray, daughter of Mr. and Mrs. Earl Ray, has been chosen to work as a counsellor in training this

coming summer at the Lions Camp for Crippled Children at Kerrville.

Mr. Knowlden announced that Wednesday, April 16, will be "Ladies Day" at the weekly luncheon and that the program will be the showing of picture slides made by Lion Wylee Peebles during a tour of Europe last summer.

Members paid tribute to Mr. Stamey, who was buried Tuesday. He had been a Lion with perfect attendance for more than 50 years and had served the club as secretary and president and was a past district governor.

James Johnson, son of lion Willard Johnson, was a guest.

Public School trustee election that took place last Saturday were reminded at the board meeting last Monday night that they needed to submit an expense account as required by state law.

"Everyone of the candidates have an expense item of 17 cents," remarked Mrs. Martha Davis, school business manager. She added that she mailed them forms for use in making reports and that each letter had "17 cents postage due" tags.

LOU JANE Qualls, CHS librarian, is directing the Senior Play that will be presented April 25th. And the cast is holding rehearsals regularly... Mrs. Mildred Flint of Big D visited friends in Eastland and Cisco a few days recently. She reports that she still works regularly despite having passed the retirement age. She holds classes in the English language at a Dallas library for Cambodians, Vietnamese and others who need to read and speak English... There will be an open house from 2 to 5 p.m. Sunday at the new Alton Frazier home out at 1409 West 14th Street. They will serve refreshments, according to an ad.

STEVE COZART, local contractor, and his crew are doing some remodeling work at the old First National Bank building. Understand same is being made ready for P.J.'s Fashions to be moved into soon. They're located across the street in the Truman Kirk Building and need more space.

THE FORT Worth Star-Telegram recently had a nice story with pictures about Mr. James Carroll (Barney) Barnhill, who teaches American History in Eastern Hills High School there and who grew up in Cisco. The story told about Mr. JCB's WWII experience as a Navy photographer and about him showing his photos, scrapbooks and the like to his students in history classes.

Mr. JCB was assigned to the Carrier Enterprise and he was aboard for some 15 of that carrier's 22 major sea battle. He joined the Navy in 1940 while a senior at Cisco High. He played a bugle in high school and was assigned as a bugler and photographer aboard the Enterprise.

Mr. JCB told students that he sounded the first call to battle stations on the Enterprise on Dec. 7, 1941. His service aboard the carrier makes for a very interesting story. In 1984, he made a five-hour video cassette

Senior Citizens Nutrition Menu

Have you ever experienced a hissing noise, or a ringing affect, in your ears? We will discuss this ailment for the next two or three weeks.

This condition is called tinnitus and it is a sensation that you do not forget easily. It occurs when there is no obvious reason for its presence. The noise arises spontaneously and may be heard in one or both ears. Approximately 30 million Americans complain of this problem. It is called Tinnitus and a person suffering from this ailment describes it as a noise like buzzing, ringing, chirping, hissing, roaring, popping, clicking, pulsating or bell-like. The noise may be constant or intermittent and may fluctuate in intensity. Individual reactions range from simply a nuisance to significant disability due to accompanying anxiety, insomnia or depression.

Next week we will discuss the causes for this experience.

During the past week the following programs were presented: the Senior Citizens choir performed accompanied by Billie Wood; the dinner music was played by Bob Bever and Lois Holder; we conducted blood pressure screening; and Gerald Parks accompanied the band.

The menus for the coming week will be:

Monday--meat loaf, cheese stick, blackeyed peas, spinach, peach cobbler, bread, butter and milk.

Wednesday--oven fried chicken, glazed carrots, potatoes, fruited jello, bread, butter and milk.

Friday--fish, potato rounds, butter beans, pineapple carrot raisin coleslaw, peanut butter cookie, bread, butter and milk.

LOST & FOUND
A PAIR of glasses were turned in to the Press Friday morning. They were found in front of the WTU office last week. They are subscription glasses and could be for either men or women.
