Area News Briefs

EASTLAND
A Physical Therapy Department will open at Eastland Memorial Hospital on Dec. 1, beginning a service that has never before been available locally. The facility will be operated by Rehabilitative Care Systems of America, a Houston-based company. Irene Sabban will be Director of the local Department. All ages of persons and all types of disabilities will be treated, offering basically the same services as the Rehab Center in Abilene. Patients needing physical therapy may bring their Doctor's prescriptions for treatment. They will be billed through the hospital.

Critical issues identified by citizens in meetings last summer will now be addressed by programs from the County Extension Service. The main Eastland County issues are Profitability of Agricultural Products, Marketing, Water Use and Conservation, Parentings, Nutrition and Health, Environmental Concerns, Drug and Alcohol Abuse, Financial Management, Youth Involvement in the Community, and Attitudes Affecting Economic Development. The next four years will be spent dealing with these concerns.

The Eastland Mavericks won the Area Championship in Glen Rose last Friday night, scoring 34 to the 19 chalked up by their opponent Lorena. They will play Electra next Friday night, Nov. 28 at Fout's Field, North Texas State University in Denton. There will be only three more games until the State Championship, for which Eastland is a strong contender. Electra is an old rival of Eastland - the Mavericks have played this team two other times and lost both games. So this Quarter-Final match is expected to be a tough and hard game.

CISCO
The Cisco Chamber of Commerce encourages businesses, organizations or individuals from this area to enter the Christmas Parade, which will be held at 10 a.m. on Saturday, Dec. 6. Come out and watch whether you enter or not - it's going to be a festive event. Santa Claus will arrive in Cisco during the Parade, and there will be cash prizes for special Parade entries. Right after the Parade the Treasure Hunt will begin. Tickets can be picked up at the Chamber office, and adults over 18 may pick up enough tickets for each member of the family. A number of merchants are offering prizes for the event.

Steve Hilton, grandson of the founder of the Hilton Hotel chain, has sent the Mobley of Cisco a large oil portrait of the late Conrad Hilton. It was painted by C.J. Fox, well known portrait painter, for hotels of the chain. Eris Ritchie, President of the Mobley-Hilton Foundation. It says how delighted he was with the recent formal opening and dedication. He requested a news release about the Cisco Hotel event for printing in a publication that goes to all Hilton Hotels and others.

Cisco Civic League

members are donating lights to outline the roofline of the Mobley-Hilton Hotel, and hope that other businesses and individuals will follow their example for the Holidays. The Club plans to have all the lights in place by Thanksgiving Day. The old Hotel and its decorations should be worth making a special trip to Cisco to see.

There's a new business in town - Cate's Produce out at 1105 West 8th Street. The owner is R.D. Cate of Mineral Wells, and Edith Rodgers of Cisco is the manager. The store is now open for business, and offers fresh fruit and vegetables at low prices. Besides the other produce, pecans and walnuts are in stock, and the store will have Christmas trees available soon. Edith is married to Lee Rodgers, and the couple have a son, Billy, who is a student at Cisco Junior College. Lee Rodgers is Pastor of the Nimrod Baptist Church.

The Lions Clubs of District 2E-1 which includes Cisco, Abilene, and other communities, will sponsor a public speaking contest for high school students again this year. Secretary Willard Johnson of the local Club reports. Students of high schools throughout the district will be invited to participate, and suitable prizes will be awarded the district and state winners, Johnson says. Complete details will be ready for release to high schools soon.

Eastland County Receives Good Rainfall By Duke Dixon

In an area-wide general rain that started Monday night, and was continuing through the day Tuesday, gauges measured anywhere from 1 1/2" to 2 1/2". Lake Leon reports were 2 1/2" at 7 a.m. Tuesday morning. Lake Cisco area reports were 1 1/2". Reports around Eastland were 1.6" and Cisco reports were 2 1/2" in town.

Christian Scientists Invite Community To Thanksgiving Day Service

That Thanksgiving occurs in the midst of National Bible Week each year seems particularly fitting to most churchgoers - and the local congregation of Christian Scientists is no exception. They are inviting the community to join with them in a special service on Thursday in gratitude to God. Each year Christian Scientists offer this unique service to their community, friends, and neighbors, as an opportunity to join together in thanks to God, not only for

with the Texas Forest Service in Newcastle, presented the RVFD with \$4,000 toward the recent purchase of a truck. Funds from the cost-sharing check came from the Service's Rural Community Fire Protection Program. This program shares 50 percent of the cost, up to \$4,000, toward the purchase of trucks by qualified volunteer fire departments.

The next regular meeting of the Citizens For Good Government will be Dec. 15 at the Community Clubhouse, and a buffet supper is planned at 6 p.m. After the meal the Christmas stockings will be filled. The group has checked the Christmas shut-in list, adding some new names. Members Margaret Ramsey and Anita Walton are actively involved in still another project - that of helping to bring the History of Eastland County up-to-date. They are working with the county-wide organization planning for a book which will record family history.

The Roaring Ranger Bowl will be held Dec. 6, with Ranger Junior College playing Northwest Mississippi Junior College. Kickoff is at 1 p.m. for the game, which is sanctioned by the National Junior College Athletic Association. The Bowl is sponsored locally by the Chamber of Commerce. Both teams will be guests at a banquet Friday, Dec. 5 at 7:30 p.m. at the Ranger Public School Cafeteria. Anyone wishing to make reservations may call Kim Watson at the Ranger Chamber of Commerce office, 647-3091.

For further information, contact the Ranger Jaycees - Bobby Adams at 647-1144 in Ranger.

Highway 3101, the Eastland Lake road, was reported to have high water at one spot with barricades to warn motorists of the danger.

Weather forecasters expected the rain to continue through the morning Tuesday and to end in the early afternoon.

The service at the church on 313 Lamar Street will begin at 11 a.m. Gratitude, testimonies of healing, prayer and singing will be the order of the day.

A verse from Psalms sounds the keynote for Thanksgiving: "...thy saints shall bless thee. They shall speak of the glory of thy kingdom, and talk of thy power..."

Commissioners Hire Tommy E. Hixson For Structural Survey Of Courthouse

Eastland County Commissioners held a regular meeting in the County Courtroom on Monday, Nov. 24. All Commissioners were present, and County Judge Scott Bailey presided.

During the meeting the Commissioners voted to hire Tommy E. Hixson, a Structural Engineer, to do a structural survey of the Courthouse. They placed a limit of \$5,000 on his work. His fees will be around \$90 per hour. Hixson said that he would respond within at least 30 days with a complete evaluation of the condition of the Courthouse. He will outline

what the problems are and propose how to correct them.

He said that in the short time he had observed the buildings, its problems did not appear to be dangerous or real serious. The Commissioners might wish to hire an architect that specializes in restoration for some of the outside work, he indicated. Along with other business during the morning the Commissioners heard a report from Ronnie Baccus of West Texas Equipment Co. of Abilene in his inspection of the Road Grader recently returned to the Pct. 2 barn in Ranger.

The Commissioners had

requested this inspection due to pending litigation involving the grader.

Discussion was then centered on the Texas Jail Standards Commission review in Austin Dec. 3, and the fact that the Eastland County Jail - along with some other jails in the state - is on the agenda. Mention was made of adding on to the present structure, which has been in use about six years.

Tommy E. Hixson, who lives near Eastland, is associated with Hixson, Harris and Winters, an Engineering Firm of Dallas. A graduate of the University of Texas at Austin with a MS in Architectural Engineering, Hixson is a 20 yr. veteran of structural engineering work. He has been involved in much major

construction, including high-rise office buildings. Among other honors, he has served

as President of the North Texas Chapter of Consulting Engineers.

The Court House Frog
When I was young my attention was drawn
To an enormous crowd on the courthouse lawn.
I wouldn't have gone there had I known
Those folks were laying a cornerstone.

But there I went and watching stayed
To see that fateful tablet laid,
And, though such a thing I can't condone,
They put me in that cornerstone.

Thirty-one years in a marble cell
Wasn't much fun. In fact, 'twas - well,
My advice to young frogs when out alone:
Don't go about the laying of a cornerstone.

'Tis true I now have quite a name
But, Oh, what a price I paid for fame!
Take warning, frogs. My lot has shown
'Tis bad business to mess with a cornerstone.
-C.E.T.

(ED. NOTE: Who is C.E.T.? This poem is from a clipping found by Rosa Aguilar among her mother's things. Her mother, Mrs. Etta Brittain of Ranger died in 1979, and the clipping appears to be very old, and there's no further indication of the poem's author. Perhaps someone could inform us as to who C.E.T. is.)

By DeMarquis Gordon, County Agent—

"Farm and City: Partners in Progress" is the theme of this year's Farm-City Week November 21-27.

Purpose of the observance is to focus on the teamwork of farm and city people as partners in the growing, processing, marketing and consumption of food and fiber.

In other words, Farm-City Week is aimed at promoting better understanding between farm and city people and increasing the knowledge and appreciation of each for the American way of life.

Farm-City Week is under the direction of the National Farm-City Council, Inc., which is coordinated by Iwanis International.

Agricultural production, marketing and processing provides jobs and income for about a fourth of the working force in Texas.

One out of every 35 Texans is a farmer or rancher, and about 25 percent of the state's retail trade business is directly associated with agricultural production and selling of food and fiber products.

Total cash receipts from Texas agricultural sales were about \$9.3 billion in 1985. Economic activity generated from these marketings exceeded \$30 billion.

Total farm assets in Texas are estimated at \$98 billion. With 160,000 farms in Texas, assets average about \$600,000 dollars per farm. Many commercial size, full-time operators, have much more than a million dollars invested in their farm or ranch business.

Texas ranks in second place in total cash receipts among the leading agricultural states, surpassed only by California. Texas, however, is traditionally number one in the sales of cattle and calves, cotton, grain, sorghum, sheep and wool, goats and mohair, cabbage and spinach.

One farm worker today provides food and fiber for more than 80 people. He also creates jobs for more than five nonfarm people who produce the things farmers need and who process, transport and merchandise the crops farmers harvest.

American agriculture is the world's largest commercial industry with assets exceeding \$1 trillion. The industry employs nearly 23 million people, a full 22 percent of America's total labor force. The agricultural industry encompasses manufacturing, farming,

transportation, processing, and merchandising.

Farm and city people make the best food and fiber team in the world and give this country the capacity to feed its own people and to export for economic gain as well as for humanitarian purposes.

Plans are currently underway for the 1987 version of Mid-Tex Farm & Ranch Show held in Waco, Texas on January 12, 13, and 14. Farm equipment representatives from around the state will gather their tractors, spray rigs, plows, etc., at the Waco Convention Center for all to see. As in years past, Mid-Tex officials expect the exhibition hall to be filled to capacity with more than 120 different exhibits.

Other activities are scheduled in conjunction with the Farm & Ranch Show. On Wednesday, the 14th, a vegetable Growers Seminar will begin at 9:30 a.m. and the 2nd annual Mid-Tex Forage Bonanza kicks off at 10 a.m.

Many of our county hay producers may not be familiar with the Forage Bonanza," said Gordon. "It was organized in an effort to provide hay producers from the Central Texas area with an opportunity to attend a forage seminar, compare notes with other forage producers from the region and to compete with their peers for Champion Bale of Central Texas." Prizes include \$1,000 for the Champion Bale, \$500 for Reserve, and \$100 for Class Winners. In addition all hay exhibits present for the seminar will be eligible in a drawing for a Suzuki 4-wheeler. "The deadline for hay entries is Monday, December 15th," Gordon added. Any questions pertaining to the Farm & Ranch Show should be directed to your local County Extension Agent.

Letters To The Editor

I'VE BEEN WRONG BEFORE...

By Gordon Clark

But there is no place one can be so wrong as in a political situation. At least when I disagree with the President it won't make the slightest difference.

The arms for hostage deal is one many have strong opinions on even if they have little solid evidence to back their opinions. One thing is absolutely certain and that is that D.C. produces a maximum number of liars regardless of the reasons they give.

Another certainty is that deals have been made. All that stuff and nonsense about, "We will never negotiate with terrorists," is stupid and anyone who believes it is likewise.

FACT: The kidnappers were terrorists. Don't tell me they released the hostages out of the goodness of their hearts. There was a quid pro quo, a something for something else. So a deal was struck. Saying it was with a recognized or formal government who "used their influence" just don't wash.

We don't have formal recognition of Khomeini's government but until FDR recognized Communist Russia we went for years despite their existence. We did the same dance with Red Cina but come around in time. Likewise we now hear the refrain about wanting to better relations with Iran.

FACT: President Reagan was subjected to great pressure to do something about the hostages in Lebanon BECAUSE he had made a deal with the Russians in the Daniloff case. Only now do we hear that he HAD BEEN striking deals for all previous hostages released. The fuss is new, the deals are not.

FACT: Israel has been sending U.S. made equipment to Iran almost from the first day we embargoed such sales. The motivation in their case was strictly filthy lucre. Now these deals by the administration will be used to whitewash their dirty dealings and undoubtedly to sway judgement in the cases of criminal smugglers who got caught.

What it boils down to for me is that a lot of people put a lot of pressure on officials to do something but if it goes sour in public they squawk like they had nothing to do

with it. The sensation hunters are ever ready to rip apart any prominent person who seems wounded. They are like sharks in a feeding frenzy. Often they are just as deadly.

I don't like the idea of buying hostage releases with arms but I don't like the idea of paying kidnappers of any sort. However, if my life depended on it or the life of a family member I guess I would say, "Pay."

Some people have said that Arab countries might not trust the U.S. after learning of those trades but their intelligence services must be poor indeed if they didn't know before. Besides, if they trusted the U.S. government at all they must be nuts. For many years now our policies have been anti-Arab and our record indicates that our supposed enemies often get better treatment than our supposed friends. The record speaks louder than all the quotes from news conferences.

Of what happens to the others still hostage is anyone's guess but we can hope the kidnappers see more gain in mercy than in brutality. All we can do is pray and hope.

YOU CAN FIGHT CANCER BEFORE YOU GET IT. OR AFTER YOU GET IT.

It's a lot easier to fight cancer before you get it. Scientists estimate that up to 60% of all cancer could be prevented. By simply making a few changes in your lifestyle. By not getting too much sun. By not smoking cigarettes. By not overeating. And by following a diet high in fiber and low in fat. By simply doing these few things, you could drastically reduce your risk of getting cancer. Sure, you could still get cancer. But why not give yourself the odds against it?

Deadline for nominations for the 1986 award is January 15, 1987.

"We would like our Texas customers to help us identify those employees who have gone beyond the call of duty in providing telephone service," Larry Vernon said. A nominating form is available by writing to Rider Service Award Ad-

ministrator, One Bell Plaza, Rm. 3515, P.O. Box 225521, Dallas, Texas 75265-5521.

The Rider Service Award is named for Charles Edwin Rider, a Guthrie, Okla., telephone installer who in 1923 made numerous trips across a burning river to restore long-distance telephone service. A train had derailed, cutting long-distance lines to four states and spilling oil into the river, which ignited.

For his bravery, Rider received the only Gold Vail medal ever awarded a Southwestern Bell Telephone employee.

Hears Dale Stewart

Cisco AARP Plans Christmas Meeting

By LELA LATCH LLOYD
 Dale Stewart, styled Cisco's "Cowboy Sculptor" would be one of the first to cite the influence of a teacher and parents in guiding a child into a worthwhile career, according to

his AARP program for Cisco.
 "A first grade teacher looked at some of my drawings in Coleman County and said, 'Dale, you should be an artist!'"
 "I always remembered what that teacher said and how my father and mother agreed with her, but for a first grader on a farm with little income, that goal seemed distant or impossible. Even when I grew up and became a cowboy, and observed horses and wild animals while doing ranch work, it still seemed far off."

he told this reporter.
 Perhaps his first dream of being a sculptor crystallized when a fellow worker pitched him a lump of wax and dared him to "Make something."
 The most significant bit of Stewart sculpting to now is the bronze bust of Conrad Hilton on exhibition at the Mobley-Hilton Hotel.
 Within the last few weeks, Stewart has won awards on "Old Rip" in art shows at Baltimore and Kansas City. The artist explained a bit of the wax modeling from pictures and the various steps

to completion. He attributed the bronze finish to Hoka Hey foundry near Dublin.
 During the business session, President Gilbert Copeland had reports from all committee chairmen; conducted a vote on the slate of officers for next year; announced their installation for the December meeting; and then asked the council to explain plans for Christmas meeting.
 "December 18 will be the regular Christmas meeting

with a turkey dinner and all the trimmings," Chairman Copeland announced. "You bring the salads, desserts, and vegetables. Our club supplies the turkeys. Most of all, we want you to remember our Christmas offering which goes this year to the Conrad N. Hilton Memorial Park and Community Center."

Arbor Day Kits Now Available To Teachers

To help Texas teachers and organizations conduct Arbor Day programs, the Texas Forest Service is again offering free program kits.
 Each kit includes a loblolly pine seed packet with planting instructions, program aids for a local Arbor Day observance, suggested classroom activities for teachers, and a copy of the governor's proclamation.
 Arbor Day is to be observed on Friday, Jan. 16, 1987 in Texas. It was first celebrated in Texas in 1889. Since 1949 it has been observed annually in Texas on the third Friday in January, although dates vary in other states. The purpose of the

event is to promote a greater appreciation of the beauty and the value of forests and trees in both rural and urban settings.
 The official state observance for 1987 will be held in Eules. The public is invited to attend the state celebration, and hundreds of other public events will honor Arbor Day in other Texas locales.
 Program chairpersons and teachers should address requests for Arbor Day kits (limited one per class) to: Texas Forest Service, College Station, TX 77843-2136. Distribution, on a first-come, first-serve basis, begins in mid November.

From Goat's Milk!

The Creamiest Fudges You've Ever Tasted

America is going "goat gourmet." Goat milk is fast becoming America's number one gourmet food. Recipes using goat milk impart a creamy texture and subtle shading of flavor unlike anything else you've ever tasted. It is a delicious and versatile cooking ingredient and can be substituted for cow's milk in any recipe.

Nutritionally, goat milk provides more calcium, vitamin A, potassium, phosphorus and niacin than cow milk and it is lower in cholesterol. Because goat milk is easier to digest, it also increases the absorption of nutrients.
 To receive a copy of "The Goat Gourmet," featuring delicious recipes and nutritional information, send \$1.00 for postage and handling to: Jackson-Mitchell, Box 5425, Santa Barbara, California 93150. Goat milk is available in supermarkets, health food stores and drug stores.
 Here are two fudge recipes made with goat's milk that are delicious and different.

Creamy Marshmallow Fudge

2 cups sugar
 5 fluid oz. Meyenberg Evaporated Goat Milk
 16 large marshmallows
 1/4 tsp. salt
 1 cup (6 oz.) semi-sweet chocolate chips
 1/2 cup chopped nuts (optional)
 1/4 cup butter
 1 tsp. vanilla
 Butter bottom and sides of 9-inch square pan in heavy saucepan.

combine sugar, evaporated goat milk, marshmallows, and salt. Heat mixture over medium heat until boiling, stirring constantly. When bubbles cover entire surface, continue to boil 5 additional minutes, stirring constantly.

Remove from heat, and beat in chocolate chips, nuts if desired, butter, and vanilla. Continue to beat until chocolate is completely melted. Spread mixture into buttered pan. Chill until firm. Keep refrigerated until ready to serve. Makes 64 squares.

Peanut Butter Fudge

1 cup golden brown sugar, packed
 1 cup granulated sugar

3/4 cup Meyenberg Evaporated Goat Milk
 1 Tbs. light corn syrup
 Dash salt
 1/2 cup creamy peanut butter
 1 Tbs. butter
 1/2 tsp. vanilla
 Combine sugars, evaporated goat milk, corn syrup, and salt. Mix well. Place on medium heat and bring to boil. Place thermometer in mixture and cook, stirring occasionally to 236°F (soft ball stage).

Remove from heat and add peanut butter and butter. Cool to luke warm 115°F without stirring. Add vanilla and heat until it thickens and begins to lose its gloss. Pour into buttered 8-inch square pan. Cool and cut into squares. 49 pieces, about 1 1/4 lbs.

...if you are interested in buying real estate soon or at any time in the future. Buying good titles is just as important as buying good food or good medicine. Yet some people have spent life-time savings for a farm or city property with little or no thought about the title. Of course, they will learn better later, but why not avoid the pitfalls and expense of poor judgement by getting an abstract or title policy first and buying the property later.

Southern Television System Subscribers To Enjoy American Movie Classics

Cable television viewers will begin enjoying classic Hollywood films produced between the 1930s and the 1970s when the new cable channel, American Movie Classics (AMC), becomes available in December in Eastland, Ranger, and Cisco announced Robert Moore, system manager.

The great stars of America's film industry including Fred Astaire, Ginger Rogers, John Wayne and Lauren Bacall, to name but a few, will come to life for subscribers as part of the expanded programming now offered by Southern Television System.

In addition to AMC, Southern Television System will present the Discovery Channel (TDC), a channel that explores the corners of an endless universe. Each program will reveal a new adventure as it takes viewers on fascinating journeys through science, nature, technology, history and human adventure.

While AMC and TDC headline the exciting line-up expanded programming, another new channel is also available in Eastland, Ranger and Cisco. It is:

• THE WEATHER

CHANNEL, reporting weather from around the nation. In making the announcement, Moore said there will also be no monthly service charge for additional cable

TV outlets. Subscribers with more than one television set can have each one connected to cable with only a one-time installation fee and no monthly charge for programming.

Life On The Quiet Side

BY SANDRA PRICKETT

A merry heart doeth good like a medicine: but a broken spirit drieth the bones. Proverbs 17:22 (KJV)

My mother was home recovering from a stroke. Her progress was slow and she was very depressed. I visited her daily, exercised weak muscles, and helped her bathe and dress. No matter what problem I had or how bad I felt when I walked through her front door I always came in with a big smile and words of encouragement. It was often quite an act on my part. But by the time I left mother was usually less depressed, in a sweeter spirit and more cheerful. I didn't notice for quite a while but on the days I had to act my cheerfulness, by the time I left my mother's home my broken spirit was often healed. My cheerfulness was not only good medicine for my mother it was good medicine for me. I realized. In trying to give another measure of happiness, hope and cheerfulness, I was also receiving

the same.

Dear Lord, Give me a cheerful happy spirit that I may share with my friends, neighbors and acquaintances... and many smiles to give away. Teach me to accept and show a merry heart. And let others see your love in me.

WORD of GOD

New Testament

And Simon Peter answered and said, Thou art the Christ, the Son of the living God.

And Jesus answered and said unto him, Blessed art thou, Simon Bar-jona: for flesh and blood hath not revealed it unto thee, but my Father which is in heaven.

And I say also unto thee, That thou art Peter, and upon this rock I will build my church; and the gates of hell shall not prevail against it.

Matthew 16:16-18

Most Wanted

Jose Garcia

ROSENBERG, Texas — Apparently it doesn't pay to be too hospitable to Jose Garcia.

Garcia, 28, an illegal alien from El Salvador, is wanted by Rosenberg police for allegedly murdering a man who had offered to buy him a beer.

This week Garcia has been added to the Texas Most

Wanted list. A reward of up to \$1,000 is being offered by the Texas Crime Stoppers Advisory Council for information leading to his arrest.

Investigators say Garcia is used to running from the law. Acquaintances told detectives that Garcia related to them that he could not return to El Salvador because he was wanted for a

killing in that country.

The Rosenberg murder stunned investigators because of its apparent lack of motive.

Witnesses say Garcia, who goes by the nickname, "Charro", was drinking with a group of people in a local bar. An illegal alien from Mexico, who was with the group, offered to buy Garcia a beer.

Somehow that upset Garcia, who tried to pick a fight with the man.

Police reports show that the man, his wife and the rest of the group were trying to leave the bar when Garcia allegedly pulled a gun and fired a shot. The bullet mortally wounded the Mexican national, then ricocheted and struck an innocent bystander in the mouth. The bystander has since recovered.

Garcia fled the scene and has been running from the law ever since.

Detectives say Garcia is a construction worker and carpenter by trade. There have been occasional reports that he is still in Texas.

Garcia, who sometimes uses the name Salvadoria, is 5-7, 130 pounds, with curly black hair, brown eyes, and has a dimed-sized hairy mole on his left cheek.

Police warn that Garcia is considered extremely dangerous and has been known to carry a pistol in one of his boots.

Anyone who might have information concerning Garcia's whereabouts is asked to call the Texas Crime Stoppers Advisory Council toll-free at 1-800-252-8477 or their local Crime Stoppers pro-

Holiday Mailing Tips

As the Christmas holiday mailing season rapidly approaches, Fort Worth Postmaster W.H. Hathman is offering tips for customers to assure fast and safe delivery of their cards, letters and packages.

"We have streamlined our entire operation," Hathman said, "and we are anxious to put our new General Mail Facility to the test of its first holiday season. The general public may not be aware of why I'm so proud of thousands of postal workers in our area. Recent Postal Service performance tests and reviews have demonstrated we are fortunate to have employees with high work values and one of the best management teams in the country," he explained.

"Therefore, we're looking forward to serving our customers again this year as not only the most efficient

gram. In all cases, callers do not have to reveal their identities.

Texas Most Wanted is a cooperative program between the Department of Public Safety and Texas Crime Stoppers.

As of November 4, 1986, the Department of Public Safety reported that Jose Garcia (Salvadoria) is wanted on the following warrant:

•Murder - Fort Bend County

Date of Birth - 9/17/58

Postal Service in the world, but also still the most economical," Hathman said.

In addition to shopping and mailing early, he urged customers to properly address cards and packages with the name, house number and street (or post office box number), and the city, state and ZIP Code reserved for the last line.

"It is also a good idea to put a slip of paper with the recipient's name and address and your return address INSIDE parcels," Hathman suggests, "and be sure the addressing on the outside of the parcel includes your return address and ZIP Code."

Customers are reminded to check the size of their envelopes before mailing Christmas and other holiday cards. Letter size standards require that envelopes be at least three and one-half inches high and five inches long to be accepted for mailing.

The Postal Service is asking customers to put "an ounce of extra care" into preparing parcel post and other packages for mailing. Parcels will arrive at the intended destinations in good condition, and it's easy to prepare them for the trip with the following simple suggestions:

•TUSHIONING—Make sure contents are well-cushioned and with no empty space in the box. Use crumpled newspaper (or commercially available foam shells, air-pocket padding, etc.) around the item, including all sides, top and bottom.

•DON'T OVER WRAP—A regular carton (with legible "from and to" addressing) is fine without brown paper

and twine. Paper can rip, and twine can become entangled in processing equipment.

•SEAL PROPERLY—Close your parcel with one of the three recommended types of tape: pressure sensitive, nylon-reinforced kraft paper or glass-reinforced pressure sensitive.

•AVOID SMUDGES—Use smudge-proof ink for your addressing.

•POSITION ADDRESSES PROPERLY—Put the recipient's address ("To:") in the lower right portion of the package, and your return ("From:") address in the upper left-hand corner of only one side of the package. Other labels on the box should be removed.

•USE ZIP CODES—Be sure to include ZIP Code in both the "To" and "From" addresses. Remember, WRONG ZIP Codes can delay the mail.

•USE THE RIGHT SERVICE—Irreplaceable items (such as cash or other valuables) should be sent by registered mail.

•IF YOU RUN OUT OF TIME—Priority Mail affords first-class handling for packages weighing 12 ounces and up to 70 pounds and can be sent from any post office, station or branch or through rural carriers to any address in the U.S. Delivery of Priority Mail is accomplished in two-to-three days anywhere in the country.

The service is available with insurance, return receipt, COD, certificates of mailing and special delivery. Customers interested in additional Priority Mail information should contact their local post office for details.

Visits Cisco Family

Bill Neeley of Amarillo was a recent visitor in the V. H. Funk home, southwest of Cisco. Neeley has written a biography of Comanche Chief Quannah Parker entitled "Quannah Parker and His People." The book will be released in December, and the author said that if enough interest is shown in the book in this area, he would hold an autograph party in Cisco in January. Anyone interested may contact Mr. and Mrs. Funk at 442-3381. The Funks are investors in Neeley's book.

Kokomo News

Zelda Jordan

May we all pause during this Thanksgiving Holiday and thank the good Lord for all the blessings that we enjoy each day. First of all for His love and watch and care over us. How thankful we should be each day.

I hope that everyone has a wonderful Thanksgiving with family and friends. Mr. Jim Lewallen of Floydada was a visitor at the Kokomo Baptist Church on Sunday morning. The evening service was dismissed so the members could participate in the annual Thanksgiving Service in Gorman at the Congregational Methodist Church.

The annual Thanksgiving Supper at the Kokomo Baptist Church was held on Wednesday night, Nov. 19. A bountiful covered dish supper was enjoyed in the fellowship hall. The regular fifth Sunday night Singing will be held at the Kokomo Baptist Church on Sunday night, Nov. 30 beginning at 6:00 p.m. Come and worship with us in songs of praise to the Lord. Rickey, Wesley and Kevin Fuller spent the weekend with Mr. and Mrs. Claude Fuller. Mr. Earl Morrow of Stephenville visited during the week with Mr. and Mrs. J.L. Morrow while he is recuperating from a serious illness. They returned him to his home in Stephenville on Sunday afternoon. Mrs. Albert Hendricks visited in Clyde on Sunday with Mr. and Mrs. Roy Buchanan and Yancy.

THE CHRISTMAS street decorations looked real good Saturday night! They went up on Saturday, thanks to a group of Cisco Volunteer Fire Department members headed by Chief Richard Connell. Firemen helping included Larry Weikel, Billy Rains, Jerry Doggett, Gerald Jackson, Gary Solomon and C. W. Guthrie.

The Chamber of Commerce committee on Christmas preparations included Gerald Winnett, Patsy Hogan, Linda Cozart and Manager Don Shepard. Mr. Weikel, who has been one of the city's paid firemen, will become a volunteer fireman, our scouts report. He is joining the staff of the Cisco Police Department. Mr. Weikel was one of some 20 graduates of the West Central Texas Council of Government's police academy who were honored in Abilene last Saturday night. Graduates completed 444 hours of special class work and training.

THE GEORGE Owens are back home after a month's stay in Billings, Montana, where S&M Supply Co. of Cisco has purchased an aluminum window, screen and patio door factory. They got home in time to be in Big D last Thursday when their granddaughter, Whitney McMillian, underwent surgery on a leg at the Shrine Hospital. And you'll be pleased to know that the operation was a good success and that Lee and Angie McMillian have taken their little daughter home to San Angelo.

The Owens were in Billings about a month in the process of taking over the new business. Snow was up to a foot deep at times, he reports. Understand the new plant, which has been in business there a good many years, will operate as a subsidiary of the Cisco headquarters. The Owens will visit there periodically to look after their business.

Mrs. Owens reported Monday that they were planning turkey with all the trimmings on Thursday for a Thanksgiving gathering at their house.

DEER AND Quail hunting represents a nice boost to our area's economy. If you don't believe it, check with local restaurants and motels. Hunters come to our county in good numbers every weekend during the season, and they're expected to be a larger number this Thanksgiving weekend.

Drinking coffee last Saturday morning at a local restaurant, we saw a large van with eight or ten men unload to eat brunch. The van had a New Mexico license plate. And we asked the waitress if they were a basketball team.

"Nope--hunters," the waitress said. And from New Mexico!

THE FOLKS OUT at the Rust Deer Processing Plant report that they logged in 22 bucks last weekend to bring the season's total there to around 160. And they're bigger and fatter than in a good many years.

Jim Owens, Eastland, brought in an eight-pointer with a 21-inch spread -- the widest the Rust folks have seen this year. Other nice deer brought in included bucks shot by Ed Stovall, Cisco, eight points; Dennis Campbell, Cisco, 10 points; and Kelly Henxon, Eastland, eight points.

Mrs. E. W. Rust of the deer plant says they ran a newspaper ad that they would give caps to the first 50 hunters who brought in deer. They had a total of 100 caps, and they're all gone.

WE WERE REAL pleased the other day to have an offer of two tickets (free) to the Thanksgiving football game in Texas Stadium between the Cowboys and Seattle. After expressing our appreciation of the offer, we told the ticket owner that we attended a game there a few years ago.

Arriving back home, we faced a mirror and took a solemn oath: "Never again!" It was too much of a hassle to get in and out of the stadium. And we sat in an end zone and spent much of

the afternoon passing drinks and refreshments from vendors to purchasers. Watching on TV is better, in our opinion.

UP AT THE Southwest Enterprises plant they're pretty busy these days working on shoulder patches for bands that take part in the various New Year's bowl games and parades. This is "big business" each year for the Eris Ritchie company. And the Ritchies were planning to eat after Thanksgiving turkey with relatives over in East Texas. Olin Odom, the CJC director of admissions, had tickets for the Thursday Cowboy game in Dallas. Last we heard, he hadn't reached a firm decision about whether to go.

HEAR THAT The Dash Crafts family currently is in Nashville, Tenn., where he is reported to be working on some C&W recordings. Mrs. Iela Lloyd of Cisco and Mrs. Mary Carey of Alaska, who has been visiting here, planned to leave Wednesday or so for Houston for a visit with Mrs. MC's daughter and family. While down south, they figured to check with a publisher in Austin for a new book from the MC typewriter. Mrs. Annie Kendall of Ranger, sister of the two above named ladies, spent the past weekend here with Mmes. Lloyd and Carey.

MR. OLLIE Moran, local contractor, reports that his hens have quit laying. Guess it's the unsettled weather. Glad to hear that Mrs. Betty Alford, who underwent surgery in Fort Worth a couple of weeks or so ago, made it back home last weekend and is doing nicely. Mrs. Robert Kamon and three of the lady secretaries out at the Kamon House oil companies spent last Thursday over in Fort Worth. Harold D. Hendricks and Butch Willingham, who have long been two of our community's long-time dedicated deer hunters, hadn't even been out when we saw them last Saturday. Guess they're waiting for the right kind of weather.

AN AUTOMOBILE driven by Mrs. Louise Kimmell of 909 West 14th street and a pickup driven by John Mulkey, local oil well drilling mud contractor, were in collision at the corner of 14th Street and Avenue N last Sunday around 8 a.m. Nobody was hurt but the vehicles had damage. Mr. Mulkey, by the way, has purchased the old Tompkins Broom factory building out on West 15th Street as the headquarters for his business. Hear that Morris and Dorothy White, who live up near Bayfield, Colo., are back in Cisco for the winter.

Cisco Ministerial Association Sponsor Thanksgiving Service

A near capacity crowd attended a Community Thanksgiving Service held at the First Baptist Church Sunday night, Nov. 23, with the Rev. Carl Ingram, pastor, Mitchell Baptist Church, delivering the

message. The service was sponsored and conducted by the Cisco Ministerial Association.

The call to worship and

praise was given by the Rev. John Clinton, Evangelical Methodist Church; the welcome by Rev. Harry Garvin, pastor of the host church

and the invocation was given by Dr. Kenneth Breeze, pastor of the First Christian Church.

Hymns of praise and thanksgiving were sung by the combined choirs and congregations directed by Celia Shackelford, and special music was provided by Kingdom Kids I and II.

The Rev. Jackie Stone, First Assemble of God, gave the annual report of the ministerial association. An offering of \$1,034.55 was given for the organization's work with, mainly, needy transients. However, it was

reported, in some cases help has been provided local needy as well. The only offering received by the group throughout the year is at Easter Service, Rev. Stone said.

Following the reading of Ps. 103, Rev. Ingram said God is worthy of praise and

all things belong to Him. "We are crowned with loving kindness and tender mercies we don't deserve," Rev. Ingram said. He suggested local churches give 1 per cent of their income for use in helping the needy and said, "We have more to eat (and bigger tummies) than any people in the world and we need to share our good fortune."

The benediction was given by the Rev. Steve Coutouzis, pastor of the Nazarene Church.

day. Schools will resume normal activities on Monday, Dec. 1.

The City of Cisco and Eastland County Courthouse will be among those taking an extra day for Thanksgiving. Officials announced that the City Hall and the Courthouse would be closed both Thursday and Friday. The Cisco Chamber of Commerce also planned to be closed Thursday and Friday.

A survey showed that Thursday will be holiday for virtually all of the community's places of business, the Chamber of Commerce reported. Restaurants and convenience stores were planning to remain open.

living at the old White homeplace. Some 50 folks who work for Olney Savings in their branches over the region attended a meeting at the Cisco branch last Monday night.
