Darryl Morrison, local track star, attended the Junior Olympic Summer Meet in Dallas recently and won first place with a jump of 47.11 3/4. This qualified him for the state AA meet that will be held Friday and Saturday in Houston. Darryl is the son of Mr. and Mrs. Oscar Weeks. Good luck, Darryl.

Broadway Magic, Cisco Junior College's second production for the summer, opened Monday night with a full house. The production features songs from several Broadway shows, all under the direction of Scott Taylor of New York City. Reservations may be made by calling 442-2589. The show runs through Sunday, July 15.

As you can see by an article elsewhere in this edition, the City of Cisco is having a problem with murky water. They explain that this is caused by the extremely hot weather and high water usage. The city is asking our help as citizens to curtail water usage. Some cooler weather would also help. Forecasters were calling for a slight chance of rain for Thursday.

Car Of Robbery Suspect Seized

Under a new law vehicles used in second-degree felonies may be confiscated by a Court even before a trial of the suspects using the vehicles.

These cars may be ordered forfeited in separate civil proceedings, states Emory Walton, District Attorney.

Such a case came up in Eastland County recently, Walton says.

On April 7 at 5:30 a.m. Larry Weikel, a Cisco Policeman, discovered an apparent robbery underway at Ted's Texaco, Highway 206 (Cross Plains) and I-20.

He and Constable Ted Parrish, the owner of the business, found a suspect hidden inside under some blankets in a storage room. Another suspect was also discovered near the scene.

Then the officers found a car belonging to one of the suspects in a field behind the Service Station. Weikel seized the 1978 Oldsmobile as being used - or intended to be used - in completion of a second-degree felony.

Two Cisco men were indicted on June 7 for burglary of a building. On July 3 a hearing was held in 91st District Court on seizure and forfeiture of a vehicle. The 1978 Oldsmobile was ordered forfeited to the Police Department of Cisco.

Trucker Injured In Accident

Duffie Addie from Lonoke, Ark., has been discharged from E.L. Graham Memorial Hospital after being treated for injuries sustained in an accident at 5:15 Sunday, July 8. His truck-tractor overturned west of Cisco on Interstate 20.

Trooper Steve Foster of the Department of Public Safety said the westbound truck loaded with rolls of paper veered off the right side of the interstate and overturned between the westbound lanes of traffic and the north service road.

Two oversized wreckers were busy Sunday night attempting to remove the 12-15 rolls of paper, each weighing about 2,500 pounds.

Another truck was en route from Arkansas to pick up the

High Usage Causes Water To Be Murky But It's Safe

The heavy water usage and extreme hot weather has caused Cisco's water to be murky, according to word from Randy Johnson, water plant operator. The water is safe to use, he emphasized.

"After the water is treated, it needs to remain in the basin 8 to 10 hours to settle properly," Mr. Johnson said, "but with the high demand for water, it only stays in the basin about 90 minutes before it is pumped into the water lines to the city. This just isn't enough time for the water to settle properly."

Water pumps are running almost 24 hours a day in order to meet the demand. Some 1,000,000 gallons of water are being pumped during a 24-hour period, Mr. Johnson said. Prior to the hot weather we are now experiencing, 600,000 gallons was the average use in a 24-hour period. "We are asking for the citizens help in curtailing this problem. We recommend that

watering be done at night, early mornings or late evenings and not during the day," Mr. Johnson said. This would give the treated water more time to settle in the basin. The water will clear up if people slow down on use, he said.

Cooler weather and clouds would also help clear the water, according to Johnson. "We usually have this problem during our hottest month, August, but it seems to have hit a little early this year."

Lake Cisco is in better shape than in several years. "We are losing more water to evaporation than in usage," according to Director of Public Works Leon Boles. The water level at the lake has lowered some 12 inches since the heavy rains in the spring.

"Anything the people can do will be appreciated," Mr. Johnson said. "The point I want to make is the water is safe to use."

Dinosaurs Have Invaded Cisco Public Library

Children of all ages who are interested in participating in the Summer Reading Program should sign up at the library on July 11th or 13th.

The program begins July 16th and runs until August 10th. "Reading Is Dino-Mite" is this summer's theme. Every child will have their own dinosaur and by reading books will help "feed" their dinosaurs.

Librarian Lynda Beebe has purchased new children's books to help promote this year's program. If anyone has questions about the program she will be more than happy to answer them. The new library hours are each Monday, Wednesday and Friday from 2:30 until 5:30 p.m. The library is located at 600 Ave. G.

A party for the children and their dinosaurs will be on August 10th from 1:30 p.m.

to 2:30 p.m. Certificates will be awarded and refreshments will be served.

Church of Christ Plans VBS For July 16-20

The annual Vacation Bible School at the Cisco Church of Christ, with evening classes for children and adults alike, has been set for Monday through Friday, July 16-20, according to an announcement by church officials. Each of the sessions will begin at 7 p.m. and conclude at 9 p.m.

A large number of classes will be offered, for those ranging in age from two years through adult. An attended nursery will be available for infants and toddlers under two.

Theme for the 1990 VBS is "GREAT BIBLE EXAMPLES," with an in-depth study of one specific character each evening. Lessons will be taught on Abraham, Moses, David, Joseph and Jesus.

In addition to the Bible study itself, there will be activities to help apply the lessons, such as fun and games, songs, skits, arts and crafts, and refreshments.

A special program on Friday evening at 8:30 p.m. will be offered for parents and friends of children who have been attending the VBS. It will be held in the church auditorium.

Free transportation is available for each evening. To arrange for it, call the church office at 442-1450.

Jim Yates, minister of the church, has issued an invitation to every child in Cisco to attend the VBS next week, as well as interested adults. Yates said, "We will teach your children the Bible."

DeMarquis Gordon

De Gordon Resigns As County Agent

DeMarquis Gordon, Eastland County Extension Agent - Agriculture, announced to the County Commissioners Monday that he was retiring August 31. Gordon has served as County Agent with the Extension Service here for 24 years, and has a total of 33 years in Extension work.

The County Agent also said that he and his wife, JoAnne, would continue to make their home in Eastland. The Gordons have two sons - Marquis Jay, a Veterinarian at Caldwell, Texas and Scot, in Graduate School at Texas A&M University.

DeMarquis Gordon was accompanied to Commissioners Court Monday by Dr. Ronald Wooley, Extension Service Supervisor from Stephenville. Wooley told the Commissioners that he was going through the process of finding a replacement for the position of Eastland County Agent.

Gordon's office in the County Courthouse has been a center for agricultural education and related fields since he arrived here Sept. 1, 1966. During the years he has also helped train a number of young graduates in Extension work, and they have gone on to serve as Agents in other parts of the state.

Currently serving with DeMarquis Gordon in the

local Extension office are Janet Thomas, County Agent - Home Economics, Scott Hodges, Assistant County Agent, and Brenda Dabbs, Secretary.

Gordon has always worked for family-type farms and ranches. Highlights of his activities have been work with beef cattle production, peanuts, hay and forage crops, and pecans. He has also led out in programs chosen by the Program Builders Committees, and has been a strong supporter of 4-H programs. His annual farm and ranch demonstrations have been noteworthy.

In 1984 DeMarquis Gordon was presented Distinguished Service Awards both on the State and National levels by the National Association of County Agricultural Agents. A number of Gordon's outstanding achievements were recognized, including his work with peanut production.

DeMarquis Gordon told the Commissioners that he appreciated the great team work he had enjoyed with Extension office personnel, Judge Scott Bailey, the Commissioners Court, and a County which supports agriculture. He said he had enjoyed his work here very much.

The Commissioners expressed regret at losing the services of this outstanding County Agent.

"Broadway Magic" Is Entertainment Magic

By ISABELLE ROBLED0

BROADWAY MAGIC Cisco Junior College Summer Theater's second production opened Monday, July 9, 1990. Director Scott Taylor did a remarkable job in selecting a variety of music from a wide selection of Broadway plays.

The selection of plays were **PETER PAN, INTO THE WOODS, ANNIE GET YOUR GUN, GYPSY, WEST SIDE STORY, LES MISERABLES, FIDDLER ON THE ROOF, HIGH BUTTON SHOES, A CHORUS LINE, GUYS AND DOLLS, ON THE TOWN, CATS, MY FAIR LADY, OKLAHOMA!, THE PHANTOM OF THE OPERA.** At least one piece of music was sung from each play.

Donna Deluca who will also be seen in the theaters next production **HELLO DOLLY**, was outstanding with her strong and forceful voice. Danetta Bible a veteran to the stage portrayed Maria from **WEST SIDE STORY** and Christine from **PHANTOM OF THE OPERA** she did a fine job with these two different characters. Along with directing the production Scott Taylor also was seen in many of the production numbers. Among the cast are new

faces to the company, a housewife, a teacher and a man for all seasons. They are Ceci Wallen, Sue Doak and Jimmy Walker. Each of them did a superb job in each portrayal that were given to them.

The audience was also

given a special treat, by Mrs. Lela Latch Lloyd who donated to the reconstruction of the dressing rooms for the theater. A beautiful job was done and the theater THANKS Mrs. Lloyd for her generosity.

Jane Offield costumer for

the company was a surprised when Carol Brown and the audience sang Happy Birthday to her.

BROADWAY MAGIC runs through July 15th. Reservations for dinner or dessert performances can be made by calling 442-2589.

Eastland County Agents Have Full Agenda

Eastland County Commissioners had a full agenda Monday, with topics covering a wide range. Early in the meeting County Agent DeMarquis Gordon announced his retirement on Aug. 31, after 24 yrs. of work with the Extension Service here. The Commissioners expressed regret at losing his services.

Gordon had other business in the courtroom: he presented County Clerk Joann Johnson with certificates from the V.G. Young Institute of County Government (Texas A&M University System) and the office of Continuing Education, Texas A&M University System, for work completed during the 18th Annual Seminar for County and District Clerks. The certificate stated that Mrs. Johnson completed the work with "honor and distinction".

On other matters, Hershell Cordell, representative of the South Eastland County Hospital District, met with the Commissioners to discuss money and records from the bankrupt Gorman Hospital. The District was reportedly dissolved on Feb. 24 of this year.

Cordell again requested that the County accept \$68,000 from the District and put it in the county bank account. He said the hospital district had twice paid the money on billings from the Internal Revenue Service, only to have it returned.

He also said he understood that all claims filed against the hospital district had been paid, an order closing the case had been filed with the U.S. Bankruptcy Court.

Cordell also said there were stacks of hospital records and x-rays which should be preserved.

The Commissioners delayed action on Cordell's request on the \$68,000 until District Attorney Emory Walton receives an official

letter from the hospital district. Cordell said this letter was mailed from Gorman about two weeks ago, and he assumed it had been received here.

The Commissioners held a Public Hearing on the county and city's Grant application for \$350,000 to be used to repair the dam and spillway at Eastland Lake. Several citizens attended the hearing, and questions were asked about the application.

Richard Robinson, Comm. of Pct. 1, was designed to represent the court in this year, especially the city and county were cooperating on the proposal.

There will be another Public Hearing on the Grant on Monday, July 16.

The commissioners agreed to a request by Rotell Natural Gas Co. to cross County Rd. 223 (Northwest of Rising Star) in Pct. 3 with a pipeline.

Letter to the Editor

Editor: In regards to the sales tax, fundraising event for attracting new industry, I have a thought in mind I would love to pass along. Yes - we need

new industry but we also need to keep the ones we have. The Garden Center for one. How can we keep our lawns, gardens shrubs and flowers alive with no outside watering - I understand the situation but this same sales tax money could be used to up-grade our pumps so we could at least keep what we have already spent dollar wise for improvements on our property. If we can not water what we already have started then we have spent money and time for nothing. We as everyone knows have 3 lakes, all with water Eastland, Ringland and Leon all have been built with

tax dollars so my thoughts are lets not fix up one weekend every 5 years for home-coming but try to get our water supply in the tanks so we can all benefit from it every day. Concerned Property

Friends And Fellowship Ministry Meets

The Friends and Fellowship Ministry of East Cisco Baptist Church, met June 6, 1990, at 11:30 a.m. in the Fellowship Hall of the Church for their regular monthly meeting.

Marshall Ivie, President, opened the meeting with prayer, then lunch was served. Laverne Ivie, Secretary, gave the reading of the minutes of last meeting. Approved as read.

Venita Mitchell, Treasurer, gave the Treasurer's report. Approved as read. This was the last report she would give, as she resigned that day to move to Louisiana. She did a great job while in office and will be greatly missed by everyone, but they wish only happiness for her and hers.

Dorothy Thomas was elected Treasurer to replace Venita.

Marshall complemented the committees on the good job they have been doing.

Pastor Linum, committee man for Travel Committee led discussion on next (maybe) out of town trip. He

will have a complete report on a trip to Eureka Springs, prices, things to see and do and length of travel time, etc., on the 27th of July for consideration of the group.

Lucy Hagen asked Faye Clack to give the devotional. Faye's subject was "God's Love" based on Psalms 19. Gods love is always there; it's unexplainable, it protects people thru trouble and temptations, she said. She read a poem entitled, "Enfolded In God's Love."

It was decided that the group would have two projects this month. One project is buying hamburger meat for "youth cookouts". They collected enough money to buy a box of hamburger patties for the youth and gave the money to Bro. Linum to do the purchasing. They also voted to buy food to help the Child Care Center with meals.

Lucy Hagen closed with a prayer.

Some of the delicious food that was enjoyed was: Bar-B-Q Steak, ham, meatloaf, green beans and potatoes; five salads: tuna, fresh fruit salad, lettuce and tomato, corn salad and congealed fruit salad, sliced potatoes, rice-a-roni, beet pickles, cornbread, pound cake, bundt cake, apple cobbler, vanilla and lemon chess pies, etc.

Those present were: Lucy Hagen, Dorothy Thomas, Mary Lou Williams, Faye Clack, Olthe Smith, A.V. Payne, Marshall and Laverne Ivie, Thelma Bosworth, Venita Mitchell, Leota and Ollie Hughes, Pastor Linum

and Jewel Kinard.

Some of the group were ill or had family illness, but whatever the reason for absence the absentees were greatly missed.

Van Cleave Family Holds Reunion

The annual Van Cleave reunion was held May 26th and 27th at the Kendrick facility. The group enjoyed fellowship, games and delicious meals. The thirty seven people attending the affair had a grand time.

Delicious meals were prepared by family members from family recipes. We are happy to report that many of those recipes will soon be published in a family cookbook. Some of them have been handed down from our parents and grandparents. Those are the ones we wish to pass on to the family cooks of the future.

To help us enjoy our meals our dining tables were decorated beautifully. White tablecloths covered them and the centerpieces were colorful baskets of fruit. There was also a flower arrangement to brighten up the eating area. It consisted of white mums accented with miniature American flags. A special cake inscribed with "Van Cleave Reunion" graced the dessert table.

Door prizes added a special touch, and entertainment consisted of "White Elephant Bingo," dominoes and card

games. There was also a special Video film to enjoy. It was compiled of many, old family pictures and past reunions. Our special thanks goes to Janet Thackerson for preparing the film.

We also thank a dedicated person who is working diligently researching another part of our family tree. Her name is Margaret Duncan and to our delight she attended our reunion. Her brother, Bud Duncan, and his wife, Alma also attended. Margaret located us through an article in the Cisco Press. She was seeking the descendants of Mary Lucinda Duncan, whose daughter, Dora Hoover, married C.S. Van Cleave. So, the Duncan family is related to the Van Cleave family. We were happy to have the Duncans visit with us and are looking forward to meeting other members of the Duncan family soon.

Other guests were Scott Bailey and Lela Lloyd. Richard Kurkin also attended. They are long time friends of the family and we always look forward to their presence at our reunions.

We are looking forward to next year when the descendants of C.S. Van Cleave and Dora Hoover Van Cleave, will once again come "home" to spend time together and remember form "whence" they came. Perhaps 1991 will bring us another successful reunion.

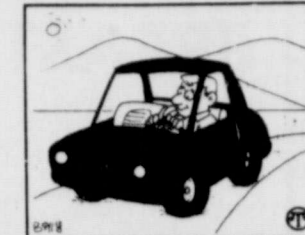

Those attending are as follows: Cisco: Henry McCoy, Lela Lloyd, Scott Bailey and Richard Kirkland; Abilene: Bob Laird, LaVerne Laird,

Bryan Laird, Linda Laird, Mary Anderson, Randal Anderson; Tuscola: Bobby Laird and Beth Laird; Lubbock: Preston Van Cleave, Flo Van Cleave, Larry Van Cleave, Tad Van Cleave, Barry Van Cleave; Houston: Hazel Saub, Victor Saub, Betty McClellan, Al McClellan, Marilyn McClellan; Big Spring: Al Laird; Monahans: Troy Thackerson, Nita Thackerson, B.T. Thackerson, Janet Thackerson, Becky Thackerson, Billy Thackerson, Maradith Thackerson; Plano: Bud Duncan, Alma Duncan; Arlington: Margaret Duncan; Colorado City: Patsy Price, Gaylord Price; Kerrville: Roger Van Cleave, Shirley Van Cleave.

A Thought For The Day....
When you wake up in the morning, do you ever think how very important this day is? You can never live this same day again... You must make the most of it now-today. The day can be happy or sad; it can be pleasant or disastrous.... You can hear from loved ones and they are just fine or you find out of an illness in the family... There can be a torrential rain on the day you planned a special outing or you can wake up to birds singing in the sunlight. "You had better live your best and act your best and think your best today; for today is the sure preparation for tomorrow and the other tomorrows that follow"... Harriet Martineau
Some old adages come to mind: "There is nothing so bad that it couldn't be worse"... "Live each day as though it is your last." "If you do your best, it is the best you can do"... "Don't put off until tomorrow, what you can do today"....
Yes, this day is important... Work at it! Try to make the best of each day as it comes...

Dental Dialogue
by Cone C. Rice, D.D.S.
Hidden Sugar
Q. What foods (besides the obvious ones) contain sugar?
A. Sugar, of course, is a major cause of tooth decay. Some foods that contain "hidden" sugar are: ketchup (some brands contain more sugar than ice cream), pickles, peanut butter, salad dressings, non-dairy creamer, saline crackers, mayonnaise, cottage cheese, canned vegetables, processed cheese, instant breakfasts and frozen entrees. Remember, removing sugar from the mouth takes away the food that bacteria feed upon. Limiting the exposure time of sugar to the teeth to three times a day or less (mealtimes) can keep decay to a minimum.
This column is presented in the interest of better dental health. If you have any dental questions you would like answered, please contact the office of Dr. Cone C. Rice 963 East Main St. Eastland, Texas Phone: 817-629-3843

Safe Driving Tips from Rhonda

Rhonda Pipkin
Defensive
Driving
Instructor

Effects of drugs on driving: Alcohol is classified as a "Legal" Drug, but it is illegal to drink and drive. Even one or two drinks affect a person's ability to drive. Alcohol affects coordination. It is difficult to coordinate what your eyes are seeing with what your hands should be doing. Judgement is impaired. It is difficult to choose the proper alternatives that are so often presented while driving. (To be continued in next week's article)

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated

that over 37,000 women die each year as a result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. **The cost is only \$60.00.**

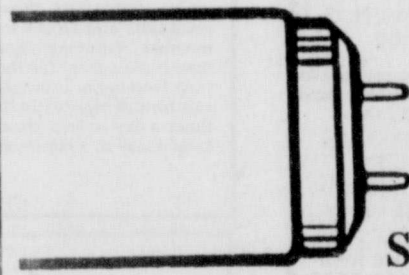

A mammogram can detect a cancer this small, even before it can be felt.

For Women

Q. I need help in communicating with my husband. I try to talk to him, but he just doesn't understand my feelings. Do you have some ideas to help improve my skills?

A. The problem you describe is an all-too-common one that causes marriages to stay in shallow waters. May couples never attain the depths of love and compassion for which they long. Everyday words just do not provide enough insight, intimacy, and understanding.

Many people have discovered, however, the language of love - creating emotional word pictures.

In the next few weeks we will explore The Language of Love by Gary Smalley and John Trent, PhD.

Bullock's Representative To Be In Eastland July 18th

State Comptroller Bob Bullock said Friday that a representative from his agency will be in Eastland on Wednesday, July 18, 1990 to answer questions about Texas taxes and assist taxpayers with paperwork and problems.

"I don't want to see taxes turn into a burden for folks who can't get to a field office. Our visits are a service we're happy to provide to Texas taxpayers," Bullock said.

Vanessa Zientek, Enforcement Officer in the Abilene Office, will be at the Eastland County Courthouse, Room B-10 (Social Security Room) from 2:00 p.m. to 3:30 p.m. The public is welcome and there is no charge.

"I'm sending my employees out to help people with questions, filling out forms,

and working out problems on a local, one-on-one basis. There's some things you just can't do as well over the phone or through the mail," Bullock said.

Big Country area taxpayers who can't attend the courthouse workshop can still get individual tax assistance by calling the Comptroller's toll-free telephone number, 1-800-252-5555, from anywhere in Texas.

The Abilene office, headed by James Martin, serves Brown, Callahan, Coleman, Comanche, Concho, Eastland, Erath, Fisher, Haskell, Jones, Mason, McCullough, Menard, Mills, Mitchell, Nolan, Runnels, San Saba, Shackelford, Stephens, Stonewall, Taylor and Throckmorton counties.

Commission Assesses \$35,500 In Population, Well Plugging

The Railroad Commission assessed a total of \$35,500 in administrative penalties last week to seven oil and gas operators for problems under commission pollution and well plugging rules.

The largest of the penalties, \$22,000, went to H.E. Austin of Eastland for 11 inactive and unplugged wells on the Mumm lease in Eastland County. Commission records indicate the well have been inactive since September 1985.

Other well plugging penalties included Fred B. Shelton, III, Inc. of Midland, \$3,000 for one well on the E.H. Jones Estate lease, Gaines County; TD Exploration, Inc. of Houston, \$3,000 for a well on the Taylor Unit Nuber One Lease,

San Patricio County; and Texas Star Energy of Abilene, \$3,000 for a well on the Newton lease, Jones County.

Three companies agreed to pay penalties without admitting any violation of Commission rules. Neal Bearden and Morris Rushing, doing business as Yoakum County Petroleum, Inc. of Plains agreed to a \$500 penalty for an unplugged well on the Rutledge lease, Yoakum County; and Enderli Oil Co., Inc. of Mont Belvieu agreed to a \$500 penalty for an unplugged well on the L.J. Enderli lease, Burleson County. Chenagou Enterprises, Inc. of Devers agreed to a \$3,000 penalty for a discharge of saltwater from storage tanks on the A.J. Clubb

lease, Liberty County.

To date in 1990, the Commission has levied more than \$485,000 in pollution and well plugging penalties. Last year, the Commission assessed a total of \$1.1 million in such penalties.

Slow-Pitch Tournament Set In Coleman July 13 & 14

There will be a men's slow-pitch softball tournament July 13 and 14 at the Coleman County Softball Field at Coleman. It will be double elimination 1st with 16 teams. ASA umpires and rules will be used.

First, second and third place

team trophies will be awarded along with first and second individual trophies. There will also be a Home Run King.

Thursday, July 12, at 10 p.m. is the entry deadline. A \$90 entry fee, cashiers check or money order, should be sent to Coleman County Softball Association, P. O. Box 7,

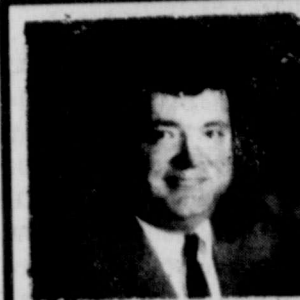

Coleman, Texas, 76834. For information call Jesse or Connie Jauregui after 5:30 p.m. at 915-625-3630.

Fishing Outdoors
By Terry L. Wilson

P. K. Baffles Area Anglers
Area teams entered in the Anglers Choice Team event held at Possum Kingdom this past weekend fumbled. Most of this areas entrants failed to make the adjustment with the change in weather. Fishing had been good in the 10-15 foot depth range. But strong winds changed this with the water color murking up the fish went shallow. Chuck Burgess and Bob Moore managed 3 small weighers, and Bobby Maynard and myself pulled in 1. Three other local teams were unable to boat a 14 inch or larger fish. But they did bite with the winning weight going over 14 pounds. As I have written many times versatility and being able to realize a change is the key to success.

The final event for Anglers Choice in this region will be August 19, 1990 at Lake Leon. Headquarters will be at La Mancha Lake Ranch. If you have never watched an organized circuit and how it is ran make plans to attend this event. Starting time will be around 6 a.m. Sunday morning and the weighing of the fish will start at about 3:00 p.m. Currently the race for the Team Anglers of the Year is tight with Gary Carr and Trevar Romans leading Bobby Maynard and Terry Wilson by 6.19 points. It all comes down to the final event at "Little Toledo," Lake Leon. Hope to see you all there.

Don't forget the Wednesday evening Jackpot at Lake Leon. Starting time will be at 6:00 p.m. and all anglers must be entered before fishing. For more information you may contact Tom Maynard at 629-3550.

The bass fishing at Leon is fair with some excellent night fishing going on. Worms and spinners are your best bet at night, with daytime try a buzzbait, worm or Rat-L-Trap. A few nice strings of Crappie have been taken recently on jugs and minnows. The lake appears to be turning over in areas, which can really make the fishing tough. Anglers with depth finders on their boats can tune these units to show just where the breakline in the water is. Currently it appears to be around 10 to 15 feet. Bass hunters should concentrate either shallower or alot deeper, say 20-25 feet. Trotlines have been experiencing a loss of fish left for an extended period of time due to the roll over of the water.

The Brownwood Bass Club has set its Summer Open for later this month. I will list full details of this excellent event in our next article, so be sure and watch for it. The BBC has a long tradition of hosting some of the best tournaments in our area and I'm sure this one will be just as good.

Also next time I will be introducing you to an old bait company with a new home right here in Eastland Texas. This company has a long history of producing lures that produce bass. Till next cast remember to always exercise caution while boating and be courteous to others who are out enjoying "Fishing Outdoors."

Eastland Jr. Leaders Learn About Home On The Range In West Texas

by Cathy Thomas
Imagine spending four wonderful days in West Texas, sleeping outside under the stars and listening to the far-off howling a lonely coyote, listening to true-life cowboys tell their tales, and imagine making special friendships that will last forever. This dream was one of the Eastland County 4-H Junior Leaders, but beginning June 30th this dream transpired.

At 6:00 Saturday morning 23 Junior Leaders and adult chaperons were already wide awake and packed for the fun-filled, 4 day trip ahead which started that very day, June 30th. By 7:00 the cars were packed and a truck, suburban, and 2 mini-vans left Eastland on their way to Fort Davis. A long and tiring trip it was, but at 3:00 a group of happy Culberson County 4-Hers along with Crystal Wilbanks greeted our more than tired group. After registering in at the Limpia Hotel at which we would stay Saturday night, and resting a bit, we were in the cars again and on our way to the genuine Fort Davis. Fort Davis, a Calvary fort used in protecting the settlers from the Comanches and the Apaches from 1854 until 1892, was in great shape and offered us a look back into the past. After visiting Fort Davis, we visited the McDonald Observatory, a division of the University of Texas and enjoyed their "Star Party." That night we stayed at the Limpia Hotel that I mentioned earlier. The Limpia Hotel was built back in 1912 by the Union Trading Co. By 10:00 Sunday morning our bags were again packed and the vehicles crowded with 4-Hers from both Eastland and Culberson counties.

By noon we had made it to

Van Horn. This is where Crystal Wilbanks, former Eastland Co. Ext. Agent of Ag., now calls home. Parents of Culberson Co. 4-Hers made us feel right at home and after a large lunch of barbecued brisquit we made our way to the pool. Our next stop: Figure 2 Ranch, nearly 200,000 acres of ranch land.

The Figure 2 Ranch was home for us Sunday night and most of Monday. After unpacking our bags we again got into trucks and headed up a mountain on our way to visit an actual marble mine. Upon reaching the mine we saw 2 giant holes in the side of the mountain. Inside the gigantic holes, we glimpsed where marble actually comes from.

That night we were to stay in real, true-life bunk houses and I know we'll NEVER forget that! That night we were entertained by true cowboys. Afterward, most of us slept outside due to the extreme heat. We could look up at the sky and practically reach up and grab the stars. At 7:05 Monday morning we awoke to a blazing sun and the smell of scrambled eggs, frying sausage and bacon, and homemade fresh-baked sour dough biscuits. After breakfast we loaded up in the cars again and began making our way to Carlsbad Carverns, New Mexico. During our travels we managed to see wild hogs, dust devils, antelope, and mountain lions. At the caverns we traveled down 3 miles of one of the most spectacular cave systems in the world, 780 feet under ground.

Upon returning to the ranch, we packed our stuff and started back to Van Horn where a special surprise awaited us all. After a party in the Brownfield's back yard, the girls took their stuff and

Carbon News

Saturday, July 7 was a big day at the Carbon School grounds. People began to arrive by 9 a.m. at which time registration began. By noon a large crowd had gathered under the big tent and the shade trees. Some brought their chairs, in order to sit and visit during the day. A lot of hugs were exchanged between old class mates and friends.

The building was open went to stay Monday night with different host families while the guys took stuff and headed for yet another ranch - the Circle J Ranch.

At 8:30 Tuesday morning we were once again packed and almost ready to depart for Eastland. Stories were being exchanged of wonderful showers with hot water, hardly any showers with any water, wonderfully soft beds, and wild mountain lions roaming the ranch that previous night. But when all is said and done, our time in West Texas was a dream come true and the friendships made just as special. It was 1,522 miles of fun!

I know Jennifer Jarrell, Amy Logan, Joanna Wallace, Natalie Stevens, Christy Arther, Barbie Butler, Diane Butler, Pamela Jean Kea, Jessica Keith, Jeremy Keith, Tommy Thompson, Ricky Agnew, Gable White, Brodie White, John Seaberry, and myself will never forget this experience. Neither will our sponsors Janet & Tommy Thomas, Fred and Nanete Keith, Sharon Arther, Doug White or Zeus.

On behalf of all of us that went, I would like to thank all of you in the community that supported us, and most of all Crystal and all the folks back in Culberson County. See ya next year!!!

many people strolled through the halls and as they walked along you could hear the talk of when they were there in class. Some of us even climbed the stairs to the 3rd floor, and remembered all the class plays in which we took part, as well as the weekly assemblies. From some reason the stage looked a lot smaller back then? We could almost hear the curtain going up. Oh if those back stage walls could only talk, they might even now tell stories we might not want told. As we stood there looking out the window over the crowd below it was almost as if you could see students on the play ground, and all the people were young again in our minds eye as we looked back.

Class meetings were held at 2 p.m. throughout the building after which more visiting took place. At 5 p.m. a short business meeting was conducted. A special thanks was given to all who helped make this home coming a success. A new group of people were elected to begin work on the 1995 reunion. Carroll and Leta Hogan; Pat and Pasty Collins; and Darlene Basham will be in the leadership roll of putting it all together for 1995.

Over 600 registered and over 300 ate the Bar-B-Que supper served at 6 p.m. Helen Wooley of Florida and Harold Grey of Oregon traveled the greatest distance. Clyde Campbell, age 97 was the eldest in attendance. Lots of cameras were flashing all during the day.

Many class parties were held Friday night July the 6th. My class of 1950 and the class of 51 gathered in the home of Mr. and Mrs. Fred Brown for a delicious meal served by the host and hostess. Needless to say a lot of tales were exchanged, some I dare say had not ever been told before or maybe I should of said admitted before.

Those in attendance were Grover and Ruth Hallmark; Bobby and Mary Jane Little;

Webb and Mrs. Webb Jordan; Bernice Hunt and my self.

Many people stayed over and attended church, I know, our church had a large attendance and I feel other churches did too.

Mr. and Mrs. Mingo Benavidz of Santa Fee, visited Myrtle Higgins this past week.

Mr. and Mrs. Gene Guy of Andrews and Don Guy of Austin visited Mr. and Mrs. J. F. Guy this past week. The Gene Guy's also visited Mrs. Nora Tucker.

Visiting Mr. and Mrs. Browner Files were David Files of Stephenville and Kathy Files of Fort Worth.

Visitors in the Truman Bryant Home during the weekend was Mr. and Mrs. Glen Donalson of Artesia N. Mex.; Danny Donalson of Houston; Phyliss Wright of Eastland; Candi Taylor and children of Senora; Doug Bryant of Dumas; Dwain and Angie Clower of Pioneer.

Visitors in my home during the past week have been John and Lou Ann Griffith of Midland; Bob Jackson of Odessa; Henry and Pat Sims of Graham; Dale, Nancy, Danell, Michael and Joshua Jackson of Sweetwater; and Lawada Andy and Erin Tucker of Sweetwater.

At least we have seen a few clouds floating around, maybe one of these days they will pour out a little rain on this dry parched land. The pastures are getting dry and a lot of fires has been started. Lets be very careful with our trash burning.
