#### 7:30 P.M. In CHS Auditorium

## **Christmas Concert Scheduled For Monday**

The Cisco bands and high school choir will be presented in a Christmas Concert at 7:30 p.m. Monday, Dec. 17, according to word from Director Wayne White.

The concert will be in the Cisco High School Audito-

Appearing on the program will be the Sixth Grade Band, the Junior High School Band,

## **School Board Accepts Resignations Monday**

The Cisco Independent School Board accepted the resignations of two principals and an elementary school teacher at its meeting Monday night.

Cisco High School Principal Phil Warren submitted his resignation, effective Dec. 20. He has accepted the position of superintendent of the Lazbuddie School District in the Panhandle.

Mr. Warren has been principal here for the past 1 1/2 years.

The board also accepted the resignation of Cisco Junior High School Principal Jim Puryear. He will retire Jan 11, 1991, the end of this semes-

Also resigning Monday was Jeanna White, effective Dec. 20. She is the music teacher at Cisco Elementary School, and will move to Dallas over the holidays and teach there.

Linda Shelton has been hired to replace Ms. White as music teacher. Mrs. Shelton, of Van Horn, will be moving to Breckenridge where her

husband is employed.

Mr. Puryear moved to Cisco in 1961 and was head football coach and athletic director at Cisco Junior College for eight years before joining the faculty of Cisco Independent Schools. He was coach and teacher before becoming principal.

Mr. Puryear said, "We are not leaving Cisco. This is our home. I've enjoyed every minute of my career with Cisco schools, but I believe it is time to move on to something else. I might open a fish stand or give golf lessons, whichever is needed most in Cisco. I haven't decided yet."

The board is searching for temporary replacements for the two administrators until principals can be hired for the next school year.

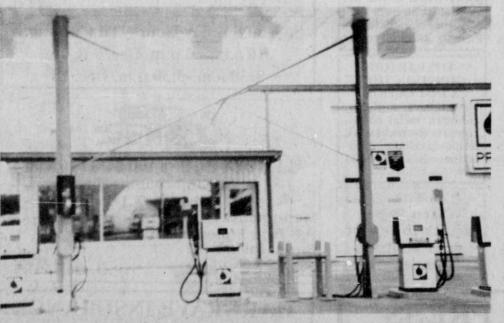

#### BAKE SALE

The youth of Calvary Baptist Church will hold a bake sale Saturday, Dec. 15, from 9 a.m. until 1 p.m. at Thrift Mart. Proceeds raised will be used to help pay for the Youth Winter Retreat at Lake Brownwood.

and the Cisco High School Lobo Band. The high school choir will also present selec-

The public has been invited to attend.

## GoCo Plans Open House

GoCo will have its grand opening Saturday, Dec. 15, according to an announcement by Brian Reynolds, president of the company, which recently purchased the Pride Station on Conrad Hil-

The open house was planned to coincide with the annual Treasure Hunt and Christmas Parade, Mr. Reynolds said. The Treasure Hunt prizes will be 10 gallons of gasoline to 10 winners, for a total of 100 gallons of gas.

Those attending the open

house may register for a stereo. Insulated coffee mugs will be given to those who have Pride credit cards and to anyone who applies for a Pride card, Mr. Reynolds said. They also accept Master-Charge, Visa and Discovery credit cards, and will accept more cards in the future, he

Other gifts and prizes will be given during the day, and Cokes and hot dogs will be sold for 10 cents.

Mr. Reynolds has invited everyone to visit Saturday.

Theme for the parade is "The Night Before Christmas" and all entries will be decorated with lights, either powered by generator or battery. No headlights will be used in the parade. Trophies will be given for

Christmas parade in Cisco and

Christmas Parade

the Community Christmas Tree at the Hilton Center, according to Bill Austin, Treasure Hunt chairman. Treasure Hunt tickets were distributed throughout the week at the Chamber of Commerce office. To win, hunters must match the number on their ticket to the

number on a gift item given by the local merchants. (See complete list in this edition of The Cisco Press.) Most stores plan to remain open until 9 p.m. Saturday.

After the parade there will be the lighting of the Christmas Tree and caroling at the Hilton Center.

The Cisco Civic League and Cisco Service Club would like to invite the community to be their guests at the Christmas party at the Hilton following the parade. There will be entertainment provided by the Cisco High School Choir and a display of Christmas trees decorated by clubs, organizations and churches in the community.

The merchants window decorating contest was judged Friday evening. Awards will be given during the parade.

days, July," he said.

#### (Continued) Cisco Man Dies In Accident

Bobby Wayne Cozart, 36, of Cisco died as the result of injuries sustained in a truck accident shortly after 10 p.m. Tuesday, Dec. 11, 1990, about two miles east of Cisco on U.S. Highway 80.

Cozart was driving a tractor-trailer owned by United Energex of Cisco. The westbound truck ran off the right side of the road, according to Department of Public Safety Trooper Steve Foster. Cozart apparently overcorrected and the truck, loaded with salt water, turned over and landed upside down.

Cozart's body was trapped in the cab until rescuers used the "Jaws of Life" to free him, Foster said. He was pronounced dead at the scene by Justice of the Peace J.V. Heyser.

#### **Chamber Plans Breakfast For** Wednesday A.M.

The quarterly breakfast for the Cisco Chamber of Commerce will be at 7 a.m., Wednesday, Dec. 19, at Traditions Restaurant.

Members who plan to attend have been asked to please call Helen Gaeta at the Chamber, 442-2537, by noon Tuesday, Dec. 18.

#### Elementary Letter **Choirs To** To The Editor Sing At Bank

Dear Editor:

Cisco Elementary School choirs will perform this Christmas season at the First National Bank, according to an announcement.

The schedule for their appearances is as follows: Monday, Dec. 17-9:30 a.m., kindergarten; 1:30 p.m, first grade.

Tuesday, Dec. 18-9:30 a.m., fifth grade; 1:30 p.m., third grade.

Wednesday, Dec. 19-9:30 a.m., fourth grade. Thursday, Dec. 20- 10 a.m., second grade.

The menus for Cisco schools for the week of Dec. 17-20 have been announced as follows:

MONDAY

Breakfast-Oatmeal, sausage, juice and milk. Lunch- Steak fingers, whipped potatoes, gravy, green beans, cake and rolls.

TUESDAY Breakfast- Cereal, toast,

juice and milk. Lunch- Hamburgers, lettuce and pickles, French fies and jello.

WEDNESDAY Breakfast- Pancakes,

syrup, juice and milk. Lunch- Pizza, buttered corn, diced peaches and cook-

THURSDAY Breakfast- Cinnamon toast, juice and milk.

The 50 cents tax rate adopted by the hospital board is not unreasonable when one considers the alternative of having a town without a hospital! Residents of Cisco Hospital District are as worthy of health care as the citizens in other hospital districts. No one likes to pay taxes, Health care doesn't boil down but if we either as a nation or

to dollars and cents - just as a single community hope plain common sense! to survive, we have to pay If you want a hospital and taxes. It is evident, however, doctor in Cisco, vote that the local community gets AGAINST the tax roll back. more dollar-for-dollar bene-Remember: A vote fit from revenue collected and AGAINST the roll back is a used locally than from revevote for quality health care nue channeled through state for yourself and for your or federal agencies and then

doled back to local causes. In the area of hospital tax, the Cisco community has been fortunate in maintaining a very low tax rate up **Publicity Committee** until the crisis ir. rural health care placed all rural hospitals in a crunch. E.L. Graham Memorial Hospital, like all the smaller hospitals across the nation, fell victim. It was forced to make do with less until less would no longer

make do. There are over 100 taxsupported hospital districts in the state of Texas. Each of these districts receives revenue generated by property tax. The difference in the amount received by each district is, in many cases, a direct reflection of the value citizens in a particular district place on health care. Of all the hospital districts in Texas, Cisco hospital is ranked sixth FROM THE BOTTOM! The district in last place receives \$110,000. Cisco barely edges out the last place competitors with \$160,000. The average tax support for hospital districs in Texas is \$560,885, nearly four times the amount Cisco Hospital District re-

## **Guthrie Truck Harbor & Restaurant Dental** Dialogue

#### by Cone C. Rice, D.D.S. Orthodontic Line-Up

Q. I try to take good care of my son's teeth, but I'm worried that he eats too much candy. Do you have any suggestions?

gestions?

A. Actually, research has shown that chocolate candy may even slow down the development of decay-causing plaque. It appears that the cocoa in chocolate can inhibit the enzyme which breaks down sucrose (a type of sugar that contributes to plaque and decay). Also, cocoa butter is easily cleared from the mouth, and leaves little residue behind.

Of course, your son needs to eat a

of course, your son needs to eat a well-balanced diet. And he still needs to develop good dental hygiene through regular brushing, flossing and visits to the dentist. But the "candy menuses" may not be a second "candy menace" may not be as great

This column is presented in the interest of better dental health. If you have any dental questions you would like answered, please contact the office of Dr. Cone C. Rice 963 East Main Str. Eastland, Texas Phone: 817-629-3843

#### CJC To Offer Adult **Education Course In Agriculture Economics**

Cisco Junior College will offer a 24-hour adult education course in Agriculture Economics. The comprehensive, step-by-step series of workshops is designed to assist farm families in developing and improving their financial management and commodity marketing ability. The course will utilize Market Master, American Farm Bureau Federation materials. Persons completing the course will receive 2.4 continuing education units.

The series of three workshops includes: Cash Commodity Marketing, Hedging in the Cash and Fultures Market, and Fundamental and Technical Analysis.

The class will meet from

6:30 to 9:30 p.m. in the Texas Room Maner Memorial Library. Dates for the course are Thursday, Feb. 14; Tuesday, Feb. 19; Thursday, Feb. 21; Tuesday, Feb. 26; Thursday, Feb. 28; Tuesday, March 5; Thursday, March 7; and Tuesday, March 12.

Instructor for the course is Truct Hart. Cost for the course is \$175. A minimum of eight paid participants is necessary for the course to be offered. All program materials are included. Families are encouraged to take the course together. One set of instructional materials will be provided per family.

Registration deadline is January 31, 1991. For more information or to register contact Charlotte Speegle at (817) 442-2564, Ext. 122.

#### **Accidents Reported** In Eastland County

Late Tuesday night Bobby Wayne Cozart of Cisco was killed in a one vehicle accident. Cozart apparently overcorrected when the tractortrailer truck he was driving veered off the road to the right a couple of miles east of Cisco on Highway 80, according to D.P.S. Trooper Steve Foster.

The shifting of the salt water being hauled by the tank truck caused it to flip over, pinning Cozart in the tractor. It took emergency personnel 30 to 40 minutes to free Cozart's body from the wreckage, and he was pronounced dead at the scene.

In another accident south fell from its bed onto the roadway.

on the roadway, reported to kill people.

Trooper Foster. The car, a Subaru driven by two Dallas women and one of the trucks was damaged. Both of the women were taken by ambulance to the Eastland Memorial Hospital. As of Thursday evening the women remained hospitalized in Eastland, but their condition was not believed to be serious.

The trucks hitting the roller were described as belonging to Merchants and Central Freight.

D.P.S. Sgt. Jerry Mathews advised motorists during the busy holiday season to remember that an accident can happen to you as well. 'Don't of Eastland Wednesday night, drive when you are too tired a truck traveling east on I-20 or when you don't need to be lost a cotton gin roller, which on the roads, or when you are drinking, cautioned the officers. Don't speed and avoid First a truck tractor, then an driving when the weather is automobile, and finally an- bad,' Mathews continued, other truck tractor hit the roller 'the same old causes continue

#### TASP Test To Be January 5, 1991

To give some students one more chance to take the Texas Academic Skills Program Test before they risk not being allowed to enroll for more college courses this spring, the Texas Higher Education Coordinating Board has arranged tooffer the TASP Test on Jan. 5, 1991, at six sites across the state.

Students can only register by phone and for one week only - call 512-926-8746 from 8 a.m. to 7 p.m. Wednesday, Dec. 12, to Wednesday, Dec. 19.

"In recent weeks, the Coordinating Board has received some calls from students concerned that their failure to take the TASP Test will result in their being blocked from enrolling this spring in anything but remedial courses at a state public college or university," said Commissioner of Higher Education Kenneth H. Ashworth.

"The vast majority of Texas students have met their responsibility to take the TASP Test. We are offering this additional test date as a service of give the students who missed the five TASP Test dates in 1990 another option so that they can contunue their education without interruption," he said.

Depending upon the college or university attended, students must take the TASP Test either prior to enrolling in nine or prior to enrolling in 15 semester credit hours. Students who do not pass the math, writing or reading sections of the test receive special help to improve their skills. They must pass all sections of the test before they can enroll beyond 60 semester credit hours.

Dr. Joan Matthews, Director of Special Projects at the Coordinating Board, said taking the TASP Test in January may involve travel and extra expense for some students since the test is only being offered at these locations: The University of Texas at El Paso, Texas Tech University in Lubbock, Collin County Community College

ton Community College, and the University of Texas-Pan American in Edinburg.

Because this test date is outside the Coordinating Board's contract with the testing company, all costs must be covered by a higher fee of \$65, Matthews said.

The TASP Test will be offered on at least six additional dates in 1991 at the regular fee of \$24.

Students who take the test on Jan. 5 will be given a receipt to present at spring registration as proof that they have taken the TASP Test. They must follow up and

provide their schools with their official TASP scores from National Evaluation Systems, Inc. or risk not receiving credit for their spring classes.

"Early indications are that TASP is working well and has provided much needed academic support for many students," Commissioner Ashworth said. For more information, contact the TASP office at the Coordinating Board, at 483-6200.

WORR VETO

Tuesday, Dec. 18.

The program will focus on factors which affect peanut quality. Dr. Chip Lee, Extension Plant Pathologist, will discuss the affect that diseases and nematodes had on the 1990 crop. Factors affecting peanut quality and grades will be discussed by Dr. George Alston, Extension Agronomist. Dr. Ed Colburn, Extension Agronomist of Peanuts will discuss peanut maturity and its affect on peanut qual-

There also will be a peanut bake show taking place that morning. Plan to enter this part of the show. Goods must

be entered between 8:00 a.m. and 9:00 a.m. at the DeLeon City Hall.

The program will end with a luncheon to award the \$1000 first prizes in the peanut quality show.

All area peanut producers are encouraged to attend. Call your registration in today.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national

#### Rescue Line For Women

RuthStewart, M.Ed.

Q. Many teenagers are experimenters. Which phase most accuately describes this group?

A. Moratorium are the universal idea of what teenagers are like. The Moratorium girs are considered daughters of crisis. In this group are women who have left their churches, marched in anti-war protests, criticized their parents, and experimented with morality issues - and felt

Moratoriums gave responsiveness to social problems and a closeness to great philosophical questions.

oratoriums are attuned to options, knowing that they could design eir own lives, but often wanted to choose both sides of contradiction. The Moratoriou Phase is one of testing and searching for new identities. These wormen are usually very interesting lively and engag-ing. But Female Moratoriums do not show the positive adaptive personalities as their male counterparts. Female Moratoriums behave like Fiffusions. They show lower self esteem and greater anxiety than do Identity Achievers and Foreclosures.

Moratorium women value exploration above commitme

#### Texas Library **Grant Awards** Announced

U. S. Sen. Phil Gramm has announced the award of \$5,035,085 in grants for libraries in Texas by the U.S. Department of Education.

The grant program, administered by the state library administrative agency, provides funding designed to assist local public libraries in expanding and improving services to the public.

The senator, a member of the Senate Literacy Task force, is a former teacher.

The Department of Education's Library program is one of a variety of programs aimed at upgrading education. The department also administers student loans and programs for vocational and adult education and rehabilitative services for the handicapped.

#### **Ten Ways To Save Fuel**

Because of the rising price f gasoline because of the conflict in the Middle East and other factors, Terry Mizell, Shop Foreman at Caldwell Motor Co., Eastland, s sharing these General Moors-furnished tips to help save

Most drivers know that driving too fast and jackrabbit starts are major contributors to poor gas mileage. However, other poor driving habits use gasoline also, he

If a customer feels that his/ her vehicle should be getting

better gas mileage, and the vehicle is operating normally, Mizell suggests the follow-

\* Don't buy high-octane gasoline unless the owner's manual specifies it. Most products are designed for 87 octane, or regular unleaded gasolines.

\* Keep the tires inflated to recommend pressures. Soft tires cause vehicle drag and decreases gas mileage.

\* Turn off engine when sitting at idle for more than a few minutes.

\* Drive at a steady speed as much as possible. Avoid sudden stops and jackrabbit starts. \* Don't pump the accelera-

\* Don't ride the brakes. This puts drag on the forward motion of the car. Any additional drag may cause the engine to work harder. Ideally, the car should coast down, then have the brakes applied.

\* Drive at posted highway speeds.

\* Use the air conditioner for freeway driving, but shut it off and open the windows at lower speeds. The fuel economy trade-off between the drag of open windows vs. using the air conditioner are even at about 50 mph.

#### **Attention Tire Dealers-**

In accordance with 25 TAC 325.732 we are a registered transporter of used and scape tires. Effective this date you can take your used tires to two local locations and we will pick up and dispose of these tires for a small fee: Cisco Area-Fred Hull's Eastland Area-Bill

Citgo 308 W. 8th St. Cisco, Texas

Wyatt Tire 702 W. Main Eastland, Texas

**Texas Tire Products** Cisco 817-442-4657

As the windows are rolled down, the coefficient of drag (the ease that the car moves through the air with the least resistance) increases. The coefficient does not create much of a problem at low speeds. As speed increases, rolling the windows down may put as much of a drag on your engine as running the air conditioning.

\* Follow the maintenance schedule for tuneups.

\* Plan travel routes to minimize distance and time.

### Anniversary

#### I.R. Nolens Honored On 50th Wedding Anniversary

I. R. (Bob) and Rosa May Nolen were honored with a "Surprise" 50th Wedding Anniversary party on December 8, 1990 at the Woman's Club in Eastland.

Hosts were their children Rober Nolen Jr. and wife Tina, of Odessa, Chester Ray Nolen and wife of Harlingen, Zenita Jane Whisenant and

Bob was born June 11, 1918 in Desdemona. The former Rosa May Harbin was born in Flatwood Community of Eastland County. They met again at Freer, Texas and were married Dec. 7, 1940. They lived in Freer and Kermit before moving to Eastland in

Bob is a retired Gulf oil husband, Leslie of Pine Bluff, field worker of 36 1/2 years. Rosa May worked as a beauty

Scott Hodges Resigns As **County Extension Agent** 

Dear 4-H Members, Adult Leaders, & People of Eastland County, I, Scott Hodges, am announcing my resignation of County Extension Agent in Eastland County today.

I want to take this time to thank each and everyone of Eastland County for making last year, a very exciting and rewarding experience for me, as I served as your County Extension Agent. It has been a short year and a year that has been full of enjoyable experiences that I will treasure for a lifetime. I will be leaving Eastland County officially on December 31, 1990, to take on a career change. I have had to think long and hard about this decision, but for me it is a chance at a life long dream. My wife, Allison, and I regret having

operator for 3 years then retired from Kermit Independent School District as a food service manager in May, 1981. They are active members of First Baptist Church in Eastland.

They have four grandchildren, Breech Nolen of Odessa, Liesel Ann, Zachary and James Whisenaut of Pine

Long time friend, formerly of Kermit served as hostesses with children. This was a big

to leave Eastland County, our know that our friendships and ties here will last a life time. Once again I thank you for allowing me to serve you as County Extension Agent and wish you the very best of luck in the future.

I know that Extension will replace me soon and I know that you will have a good one to train. Eastland County 4-H is one of the best 4-H programs in the state and is going nowhere but up, so keep up the good work. I also would like to stay that my co-worker, Janet Thomas, is the best agent in the state and with her in the county 4-H will always continue to grow and be strong. I couldn't of made it without her and my hat is off to her for she is the best of the best. Thank you again and I expect to keep hearing great things from Eastland County and its 4-H programs.

## Farms & Gardens

By David Tunmire Eastland County Agricultural Extension Agent

WEATHER CAUSING PROBLEMS FOR SMALL GRAINS

During the past week, I have received numerous telephone calls about yellow areas in small grain fields. Most of these areas have shown signs of nitrogen deficiency due mainly to the weather.

The wet, warm weather we had this fall has been a blessing for small grain but it also has caused some problems. Due to the wet conditions most of the small grains are remaining shallow rooted and are not sending down deep roots. A lot of the nitrogen that was applied earlier may have gone deeper into the soil than the roots have grown.

You add to wet conditions warm weather and this can help bring on nitrogen deficiency symptoms. Most small grain fields are growing very rapidly due to unusually warm weather. This rapid grow is causing the plants to need more nitrogen.

How can you tell if you have nitrogen deficiency in your small grain. Generally it will show up as pale green or yellow areas first in low areas where water may collect but doesn't stand for an extended period. Another sign that you

have have nitrogen deficiency is if the small grain field has strips that are pale green or yellow in color that go across the field similar to your fertilizer application pattern.

Green bugs will also cause similar coloring in small grains but generally it will not follow the same pattern or start in the same location as nitrogen deficiency as described earlier.

The best thing to do is to inspect the field before you make an application of fertilizer of insectifcide. Know what the problem is before you solve it.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national

Volume 1990-Fifty: Sunday, 16 December 1990 ...NEWS RELEASE: Since

the Choctaw County, Mississippi courthouse burned several times prior to 1890, a valuable new aid of this "burned out" county for genealogists, is CHOCTAW COUNTY MISSISSIPPI CEMETERIES. The book compiled by Choctaw County native, Hazel Crenshaw Garrett, and Louis Taunton, includes some early Church records as well as the Choctaw County cemeteries. The cemeteries range in size from one grave to thirty one printed pages for Enon County in Ackerman.

The book indexed, containing 1,447 different surnames, is a valuable suppliment to the information in the Choctaw Chronicles, published 1973 by former Governor J.P. Coleman. Several of the tombs include widows of Revolutionary War Soldiers; Soldiers of the War of 1812; Mexican War Soldiers; and numerous tombs of Civil War Veterans. The oldest tomb found had a death date of 1837 and the

Whirlpool

-

book includes burials through October 1990. In Beth Salem Presbyterian Church Cemetery, which was the site of one of the largest early settlements of Irish Presbyterians in North Mississippi, over twenty tombstones tell the county in Ireland where the settlers were

NOW AVAILABLE! A HAND BOOK of MOTTOES BORNE by the Nobility, Gentry, Cities, Public Companies, etc., by Charles Norton Elvin. This is the standard work on heraldic mottoes, those words or sentences associated with coats-of-arms. About 3,500 mottoes are listed here with translations, along with a 4,000 name index compiled especially for this printing, thus providing the researcher with an easy means of finding the name associated with a motto or vice versa. The mottoes, which were collected from bookplates, seals, carriages, hatchments, churches, coats-of-arms, and a variety of printed sources, are arranged in one alphabetical sequence with translations and the name of the family or families to which each motto applies. 305 pp. indexed, cloth, (1860), reprint 1990,

(12-16)

## **Letter To Editor**

Dear Sirs;

Lubbock County will celebrate the 100th anniversary of the counties organization in March of 1991. As a member of the centennial committee I have become very involved in gathering information on the early settlers. I'm sure you will understand from your experience with the Eastland County history how involved you can become in a project of this type. I have learned that several of our early families came to us from Eastland County and wonder if you might have additional information on these people.

I am especially interested in George W. Shannon who served as a Sheriff in Eastland County and later as the frist county judge of Luccock County. Is there any chance a photograph of Mr. Shannon might have survived? Could he possibly be in a group photo of the Confederate Veterans at some gathering? If such a photograph could be found I would gladly pay for a copy so that this could be added to our local collection I am encloding some of the

information I have gathered on Mr. Shannon and would appreciate any additional information.

Another Confederate veteran I am researching is John P. Boles. I have had a very difficult time gathering information on Mr. Boles as he

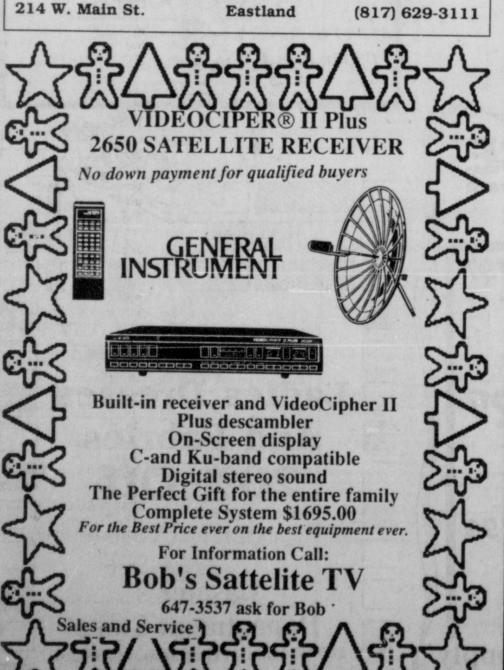

died in 1909 and his family moved away. Just recently I found a brief mention of a visit J.L. Tindall paid to Lubbock to visithis old friend, John P. Boles, who had been his neighbor for "35 years"...A visit to Austin and a brief review of Eastland County Tax records showed Mr. Boles on the tax roll 1890-1896. I do not know if he was related to the other Boles/ Bowles families in the area. He married Alice H. Harrall December 28, 1887. I have checked the 1880 census index but do not find a family by that name in Eastland County. If you can give me any information on Mr. Boles I will be very grateful. I have been researching him for over

## **Fishing Outdoors**

By Terry L. Wilson

Sam Rayburn **Experiencing Extra** Eagles

During a recent visit to Lake Sam Rayburn in East Texas, I was pleasantly surprised to see an increased population of nesting American Bald Eagles. Rayburn is visited annually by these wonderful birds of prey but in smaller numbers. In one day in one area of the impoundment we spotted two, with a possible third distant sighting. The prior weekend a reported sighting. The prior weekend a reported four birds were spotted in a complete different area of the lake.

Each year T.P.W.D. officials ask for volunteers to help locate count and observe many types of wildlife around the

Hanel Scott of Canyon Lake set a new largemouth bass record at Lake McQueeny with a fish weighing 12.5 pounds. Scott's bass caught Nov. 8 on a jig in two feet of water, surpasses the previous record of 11.85 pounds,

acre lake northeast of San Antonio that has produced numerous big bass, was stocked with Florida bass in 1978 and 1985.

Area crappie enthusiasts are finding some excellent catches at Lake Brownwood in the Pecan Bayou. Flea Flies dunked around lay down

off the rip rap of the Chock-O-Block bridge.

The following fishing report was compiled by the TPWD.

Here is the weekly fishing report as compiled by the Texas Parks and Wildlife Department.

Central

Brownwood: Water slightly off color, 60 degrees, spillway level; black bass are slow to 4 pounds, due mostly to lack of fishermen, on deep running baits, silver spoons and spinners; hybird striper are schooling with limits to 5 pounds on dead shrimp; crappie are fairly good around brush piles in 15-16 feet of water on jigs and minnows; white bass are schooling, limits on silver spoons and jigs; channel catfish are good to 3 pounds on shad or large minnow baited trotline; yellow catfish are good to 20 pounds on trotline baited with shad, perch and large min-

nows.

South Amistad: Water clear, 61 degrees, normal level; black bass are fair to 3 1/2 pounds on spinners early and late, red worms are good in the middle of the day; striper are spotty to 17 pounds on live bait and Zara spooks under birds near ing on 1 ounce white slabs under birds; catfish are good sized but not in big numbers get well card to be sent to on cheese baits in big numbers on cheese baits in 15 or 60 feet of water.

Choke: Water clear, 70 degrees, 14 1/2 feet low; black bass are slow to 9 pounds on spinners in 1-5 feet of water along points in backs of coves; striper are fair to 15 pounds in 20-30 feet of water near the dam; crappie are slow, no limits, some in 10-20 feet of water in the back of coves on minnows; white bass are fair, some around Highway 99 bridge; catfish are good with limits in the 2-4 pound range in 5 feet of water along the south shore flats in the river channel; some hump backed blues in 30 feet of water in the 15 to 55 pound range on drop lines along the river channel.

Fort Phantom Hill: Water clear, normal level; black bass and all fishing slow due to weather.

Granbury: Water clear, normal level; black bass are slow; striper are good on spinners; crappie are slow, some around boat house on minnows; catfish are good at night on cut bait.

Miller Creek: Water clear, 63 degrees, normal level; black bass are slow in tahe 7-10 pound range off points on spinners and rattle lures; striper are fair to 7 pounds on small live perch near dam area, striper are also hitting trolling lures; crappie are good to 2 pounds on chartreuse combination tube jigs; white bass are fairly good in creeks to 2 pounds on jigs around brush and near cover; catfish are good to 25 pounds on trotlines with large minnows; shad and cut bait; carp and buffalo are excellent in number on dough bait, cut bait and

minnows.

Possum Kingdom: Water clear, 68 degrees, 18 inches low; black bass are good to 4 1/2 pounds on cranks and spinners; striper and picking up on chartreuse and white slabs in 30-35 feet of water in the 10-12 pound range with limits crappie jigs and around baited houses and boat docks in 10-12 feet of water; white bass are good to 25 fish per string to 1 1/2 pounds on cranks; catfish are good to 20 pounds on trotline with shrimp and live perch; catfish are good to 8 pounds on rod and reel with cut bait and worms.

Spence: Water clear, 66 degrees, 35 fee low; black bass are fair to 7 pounds on buzz baits; striper are fair to 12 pounds on live bait; crappie are slow; white bass are slow; catfish are slow.

#### War Movie 'Memphis Belle' Is Showing At **Majestic Theatre**

'Memphis Belle' is about young American fliers in 1943, operating one of the fabled B-17's on bombing raids over Germany. Matthew Modine and Eric Stoltz lead the 10-man crew in this high-

risk assignment. Although set in World War II the story in the picture seems strangely current. It

makes us realize that history does repeat itself.

The release of this Warner Bros. film is a coincidence with events in the Middle East. Whether this will help or hurt the picture, no one knows.

'Memphis Belle' opened at the Majestic in Eastland on Friday, and will show at 7:30 nightly Saturday, Sunday and Monday, Dec. 15-17. Tickets are \$3 each at the box office, and the film is rated PG-13.

The story in the picture (based on history) begins with the Belle crew having flown 24 straight missions without a scratch. Now the crew is ordered to embark on the most treacherous mission ever - a daylight bombing raid on a factory in Bremen, Germany.

If they return they will be heroes - otherwise they will probably be dead.

Everyone interested in flying, fighting, or even history will want to see this picture. It shows what war is like for the men who fight it in the

USE THE CLASSIFIEDS

## **VOTE TAX ROLLBACK**

1. The hospital closed because not enough people were using it. Also, because the government wouldn't pay enough on those who did use it. The government is so far in debt that it is going to have to spend less money on everything except their own salaries. One of Preferred Management's main tools will be to use public relations to try and get people to use the hospital. If people were going to use the hospital it wouldn't have gone under to start with.

2. It would be nice if every town could have its own hospital, but the cost of this "industry" is so enormous that we can not afford one in every town. Times are changing and we need to change with them. We cannot affort three hospitals within ten miles of each other. We only need one hospital centrally located and emergency room "hospitals" in the other towns to treat emergencies and then transfer them to the one hospi-

3. Having a full fledged hospital will not bring business to Cisco. We have other problems that keep business out. Like a lack of an adequate water supply, lack of any entertainment, too close of a proximity to a large city.

4. We need to shut down the hospital and use the present taxes to pay off the debt instead of paying interest on it for 20 more years. I may be wrong, but as I understand the series B bonds, we have been paying interest on them for 20 years already before we even have started to pay on the principal. Why pay for another 20 years? Lets get it paid off. Then we can use our tax money to reopen the hospital if we want instead of putting our tax money in someone elses pocket.

5. This is the only chance you will have to vote to rollback the tax rate. Once its voted in we can not rescind it later; we can only hope the board would follow our wishes, which they don't seem inclined to do.

Pd. Ad by Clifton Lacey, Rt. 4 Box 18A, Cisco, Texas 76437, 442-3475.

#### **Letter To The Editor**

Dear Editor, I agree with Mrs. Odesa Collins' letter to you in the

Dec. 9th edition.

I have resided in Cisco for 42 years, paying taxes, and have not complained. I live on a small fixed income and thank God for everything He allows me to have. I know it costs to operate any business, or establishment, be it City, State, or Federal, or Family Owned. My husband and I were in business for ten years. It was hard then with three sons in school in this city. I know it is much worse now than in the 1950-1960s with wages, fuel and etc. increas-

I can't see why our city sanitation employees were discharged and men from Abilene hired. We are causing a hardship on our fellow citizens, placing them without jobs. Cisco is slowly dying. If we don't do something about it, Cisco will soon be no more than Putnam, all because of those who want everything the way they want it to be. It's sad to see our local hospital standing there, a symbol of hope to those who are suffering and a disgrace to those who are passed on who paid into it that it

could be built. I am 76 years old, and I don't recall Cisco ever being without doctors and a hospital. We as taxpayers are still having to pay for it. Graham Memorial Hosspital staff and doctors are to be commended for the services they provided. I know from first hand experience. It was one of the very

Dr. Cermin has been our family physician since he first came to Cisco. He is the most compassionate, caring doctor I have used, "being many." He is not only his patients' physician, he is also a friend. He and his staif care. In May 1986 I was in his office, he said you need to be in the hosptial. He called my son Larry on his iob and Larry came, drove me to the hospi tal. In Feb. 1989, I was in the doctor's office with a severe gall bladder attack. My son was out of town. Dr. Cermin told me, I'm having one of the ladies to take you to the hospital. Doris, one of his employees, drove me to the hospital and waited by my bedside until I was admitted and asked who she could

contact for me. I knew a Cisco man who was having chest pains and drove himself to his doctor in a town not far from Cisco. He was told to get to Abilene as quick as he could get there. I believe the doctor should have called an ambulance for him, or better still, admitted him to the hospital to be stabilized first. But the man drove back to Cisco, got my nephew off his job to drive him to Abilene. The man didn't live long after a heart bypass.

It's sad to think of someone devoting most of his life to prepare themselves and give their best helping suffering and dying humanity, and thinking they have found the perfect place to retire when reaching that age in life, to find it not to be true, because some can't see all the good they have done. And in time, that one has to shut their eyes and walk off, leaving everything behind they have worked for, and to begin from the bottom again. I am thankful for having had a Christian doctor who gave his best, also his wonderful staff. They cared.

Use The Classifieds

Annie Payne

THE **CISCO PRESS** Sunday,

December 16, 1990

Dear Editor,

Well, finally we are getting around to stating facts rather than trying to scare people. I hope PEOPLE FOR PROG-RESS understands now that we need an election by informed voters, not inflamed voters. I hope Ms. Collins understands that the best check and balance in our government is the loyal opposition who has as much right to their opinions as she does and should not be degraded and knocked around because we don't agree with

I, for one, believe the only

honest vote is a well informed vote. I have taken the time to check on Preferred Management Corporation. I picked one of the hospitals and personally talked to the administrator; then I call Preferred Mang, and talked to a Mr. W (Wettinger I think). I have no reason to doubt that they are an honest and reputable company. I believe, as I was told, that they are not going to put their business reputation on the line until they have checked out a situation and seen some glimmer of hope of "saving" the hospital. But, as Mr. W said, there will be no miracle cure. The hospital has failed because the people haven't been using it and all the taxes won't make them use it. If the citizens won't go to hometown doctors, if doctors won't utilize the hospital, then neither Preferred Mang. nor you or I can keep the hospital open. There are a lot of factors that will make people vote for the tax rollback. Number one is, a lot of people don't trust the hospital board one darn inch. There are too many rumors of the board not opening the records up, of not quite right financial dealings, of trying to force their wants down the citizens throat no matter what. There are those who won't ever use this town's hospital or doctors no matter what. It

not be "turned around." The only way to reopen the hospital is by making guarantees that can not be made. Guarantee that you can get doctors here and that the people will go to them, not somewhere else. Guarantee that the doctors will use the hospital and that the hospital will be a facility the doctors will want to use. Guarantee that once the people are using the hospital that the tax rate will be rolled back to an honest level. Guarantee that the board members will be open and above board with every thing and with every citizen, cause if they aren't you can be sure that Preferred Mang. will not work with them and the citizens will throw them

is too easy nowadays to drive

to a specialist or big town

doctor. I, myself, am leery of

voting for a 50 cent tax rate

because once it is in place, we

the citizens have no way to do

way with it if the hospital can

If you would like to see the hospital open again, then you will have to use the doctors that come here, you will have to go to this hospital and you will have to believe by faith that the tax rate will be rolled back by the board when it is no longer needed at 50 cent. If you will do all that, then by all means vote for keeping the hospital open. But, if you are not going to use the hospital or doctors, if you don't believe the board will represent the wishes of the citizens, then vote to close the hospital. But please, don't vote to keep the hospital open if you are not going to use it. Let us have a vote that will honestly reflect how the citizens feel about the hospital. The only way to keep it open is by using it; if it is not going to be used then lets close it down once and for all and pay off the debt.

Clifton W. Lacy
