## Bailey County Folks Attend THDA Meeting

**By Lillie Gentry**

Today closes the seventeenth annual meeting of the Texas Home Demonstration Association, which was presided over by the president, Mrs. W. G. Kennedy of Muleshoe.

In justifying this meeting in times of war with the many obstacles that it presents in time, money and transportation, Mrs. Kennedy says, "In going into this meeting—the first one since Pearl Harbor—we have planned as we have never planned before, for a solid front in war efforts and victory demonstrations.

"Nearly 50,000 women make a sizeable army and can accomplish a great deal in the battles where they can serve. Namely, the battle of production, the battle against inflation and the battle for spirit and morale, provided a line of action is mapped out. This will be accomplished in this meeting."

Bailey county was represented by two delegates, Miss Evadna Holley of the Progress club and Mrs. Nath Harding of the West Camp club; Miss Lillie Gentry, county home demonstration agent, and Mrs. Kennedy.

Highlighting the Wednesday morning program was a pageant, each district portraying in this manner the work which has been done by home demonstration club women from all over the state. The subjects included gave some idea of the wide scope of home demonstration work. Food Standard, School Lunch, Whole Grains in the Diet. Foods for Freedom, Canning Equipment for Britain, Wise Buying. I Will Take Care of Everything. Use, First Aid, 4-H Clubs Contributing to Victory, Cooperating with the Government, Rationing, Bonds, Salvage, Family Relationship and Good Neighbors, and News Stories read some of the subjects portrayed.

Bailey county participated in pageant, carrying out the school lunch theme.

## LUBBOCK MAN VISITS DAUGHTER, SON-IN-LAW

J. W. Deering of Lubbock, accompanied by his daughter, Imogene, and his son, John, Jr., is here visiting his daughter, Mrs. Gus Prince, and Reverend Prince pastor of the Main Street Baptist church.

Mr. Deering visited at the Journal office Monday afternoon. He said he had received information from the War Department indicating that his oldest son, Clyde, was a prisoner of the Japanese, believed to have been captured when Manila fell to the enemy. He was with the 21st Pursuit Squadron, and was first reported "missing in action" Mr. Deering said he last heard from his son by cablegram shortly after the opening of hostilities.

Another son of the Deerings, Harold, left Lubbock Friday for San Diego, Calif., where he will receive training in the Marine Corps.

## Supplies to Russia

THREE MILLION PAIRS OF BOOTS and 500,000 blankets are among the items made in Britain and sent to Russia. Eighty per cent of Britain's war production goes to battlefields abroad. Much of it goes to Russia—including planes, tanks, anti-aircraft guns, ammunition, and radio equipment—in large convoys which have battled their way through by Arctic routes despite storms, ice, U-boats and enemy bombers. Fifty British-made tanks are being sent each week, and 111 airplanes for every hundred that were promised to Russia.

In addition, British railroads have sent 142 locomotives and 1,000 freight cars to carry goods to Russia over the railway across Persia. In Persia, a British-sponsored non-profit organization has built special assembly plants which, by last January, were assembling trucks at the rate of 200 per month. This picture shows one convoy of these trucks winding its way up a Persian river valley on its 8-day journey northward to Russia, loaded with Allied supplies.

## Trulock Boy's Funeral Rites Held Saturday

Funeral services for Dale Trulock, 12-year-old son of Mr. and Mrs. Roy Trulock, who was killed when struck by lightning late Friday afternoon, were held at 3 p. m. Saturday at the Progress church. Burial was in the Muleshoe cemetery.

Dale's 10-year-old brother, Leonard, narrowly escaped being struck by the same bolt, which came while the two were running for shelter after they had been hit and knocked to the ground by an earlier bolt.

The boys were hoeing in a field near their home, 10 miles northwest of Muleshoe, when the first bolt struck. They were "knocked" to the ground, but were revived by a sudden downpour of rain. They were running to reach the house when the second bolt struck, instantly killing the older boy.

Besides his parents and his uncle, the child is survived by two other brothers: James Quinton and Gordon Wayne, and three sisters, Savannah Ruth, Loreta and Marie.

## Cotton Pick Sacks Can Be Supplied

Cotton bag manufacturers in Texas have informed the Texas USDA War Board that they can supply plenty of picking sacks made from cotton cloth. B. F. Vance, board chairman, has announced.

Vance said that shortages of cotton duck cloth for the manufacture of cotton pick sacks required a shift to sacks from osenburgh. Texas mills, in answer to queries from the War Board, indicated they could supply as many of the osenburgh sacks as needed.

## MARRIAGE LICENSE

Marriage licenses have been issued recently at the office of County Clerk M. G. Bass to the following couples:

Iida Louise Kilgough of Muleshoe and Dolphie Esker Bush of Owens.

Margaret Doris Kilgough of Muleshoe and P. J. Bush of Owens.

Alvin T. Tally of Hereford and Mary Helen Williams of Otton.

Charles Lenua and Dr. A. E. Lewis left Tuesday night for Pecos, Kingdome Dam, where they will meet Rudolph Wieser for a few days' fishing. From there, Mr. Lenua will go to Arkansas to join Mrs. Lenua for a two weeks' vacation in the Ozarks.

## Cash Prizes Are Offered Youths In Scrap Drive

In order to hasten the scrap metal drive in this territory, the Muleshoe Lions club and Chamber of Commerce have decided to put on a contest for children, one to 17 years old, inclusive.

Awards totaling \$400 will be given for the boy or girl between those ages bringing in the most scrap metal (no car bodies wanted) during the next three weeks. Top award is \$25. Others will be announced in next week's Journal.

Contest starts Saturday morning, August 22, at 9 a. m., and runs every day except Sunday. Bring scrap to Higginbotham-Bartlett Co. on Main street between the hours of 9 a. m. and 6 p. m.

Standard prices will be paid for the scrap. This contest is in no way intended to interfere with the current scrap iron campaign, but to add to the effort in getting in all old metal possible.

Start Saturday with a determination to win.

## Johnnie Starkey At Air Center Near Nashville

NASHVILLE, Tenn., Aug. 17.—Cadet Johnnie D. Starkey, 21 son of Mr. and Mrs. John F. Starkey of Muleshoe, has entered the Army Air Forces Classification Center, Nashville, Tenn.

At the Classification Center, Cadet Starkey will take psychological and physical examinations to determine for which branch of the Air Crew Service, Piloting, Bombardier, or Navigating, he is best fitted. He will undergo course of physical training, academic study, and military drill, which will prepare him for the work that lies before him. The Classification Center is the first step in a training program that will eventually graduate Cadet Starkey as a second lieutenant, with wings in the Army Air Forces.

Cadet Starkey, a graduate of Muleshoe high school, holds a B. S. degree from Texas Tech college, Lubbock, Tex. He was captain of intramural sports at Texas Tech. In the way of extra curricular activities, Cadet Starkey was vice president of the Block and Bridge club, a member of the Aggie club, and secretary of the Wesley Foundation Council.

Cadet Starkey's brother, Robert, is also serving in the U. S. Army Air Forces.

Miss Dorothy Cox is spending the week with her parents, Mr. and Mrs. Joe Cox. She is a student in Draughon's Business College at Lubbock.

## SACRED HARP SINGERS TO MEET AT LUBBOCK

A meeting of Sacred Harp singers will be held at Lubbock on the fifth Sunday in August, it was announced Monday by A. L. Stringer. The meeting will be at the Primitive Baptist church, 2402 5th St., just off College Ave.

If you are an old harp singer, or a lover of this old music, you are cordially invited to attend. Mr. Stringer said. Lunch will be served at noon and everyone is asked to bring a well-filled basket.

## SCHOOLS START EARLY

Schools at Watson, Stegall and Wilson started Monday, August 17. This was done so that pupils may aid in the gathering of crops this fall. These communities have one of the best cotton and feed crops in years.

Mr. and Mrs. Edgar Anderson and sons of Pampa, are visiting Mrs. Anderson's parents, Mr. and Mrs. T. L. Esau.

## Directors Of Scrap Metal Drive Named

The drive for scrap metals will be directed in each community of Bailey county by the present Community Victory leaders, it was announced Monday. You are asked to contact the leaders in your community in regard to scrap metal for war use. Leaders and the community they serve are:

H. E. Schuster, chairman of council.

West Camp: E. L. Smith, Mrs. W. L. Key.

Fairview: A. R. Haley, Mrs. Cecil A. Davis.

Y.L.: Mrs. T. L. Mounts, D. B. Shaw.

## Physical Education To Be Taught In Local High School

### Leafworms Join Grasshoppers To Threaten Crops

The cotton leafworm is now joining the grasshopper in an invasion of some of the best crop prospects Bailey county ever has had, County Agent Sam Logan reports. These two insects, working together, could damage and possibly destroy these fine crop prospects, the agent pointed out.

The new crop of grasshoppers is extremely heavy in spots, especially in the northern part of the county. Considerable damage is being done to alfalfa and it is quite evident in some cotton fields that the grasshopper is damaging the cotton square and bloom to such an extent that it is preventing the boll from setting. Also some grain sorghum heads are being damaged.

Logan reports that the Muleshoe mixing station is still open and urges farmers to poison the heavily infested areas in their fields before these young hoppers begin to spread.

As for the leafworm, a light infestation is already established all over the county with only a few fields infested heavily enough at present to justify spraying at this time. With worm showing up this early, it is more than likely that it will pay all farmers to spray at least one time and maybe more. Calcium arsenic is the most common insecticide used on cotton and should be applied at about 100 pounds per acre. Plenty of calcium arsenic should be available, according to WPB orders, which amount to 110 percent of last year's production, the highest on record.

If weather conditions continue favorable, leafworms are sure to give us a lot of trouble, Logan warned, and it is always a good idea to be prepared. Many farmers are rigging up sprayers on a group basis, which is usually satisfactory.

Joining hands with the rest of the nation in a physical fitness program for youth, Muleshoe high school will include a compulsory physical education course in its curriculum this year, officials announced Monday.

The course will be instituted at the opening of school, September 7, continuing throughout this term and, according to present plans, throughout future terms.

All high school students, except those physically unable to participate, will be required to take the course. To be exempted from the course, it will be necessary for a student to have a physician's certificate stating that he is physically unable to take part. Members of the football and basketball squads will not be required to take the course, while engaging in these extra-curricular activities, it was said.

Each student will receive 135 minutes of physical education a week, divided into three periods. The course will include standard physical education training, such as calisthenics, indoor and outdoor sports, and so forth. All necessary equipment will be installed in time for students to receive full benefits of the course this term.

Requirements for graduation have been altered to include the new course. Seniors will need 16 1/2 credits to graduate, the physical education course counting one-fourth credit. Juniors will be required to have 16 1/2 credits, gaining one-fourth credit this term and one-fourth credit next term from the new course. Sophomores will gain three-fourths credit, and freshmen will have gained one full credit from the course by the time they graduate.

Jack Williams, principal, will be in charge of physical education for boys. Miss Ruth Taylor will conduct the classes for girls.

The new course will not take the place of the regular program of athletics, it was explained. Football and basketball will be played this year, as in the past, but due to priorities, on a limited scale. There will be intra-squad games, and home and home games with nearby schools.

It has been pointed out that with the nation at probably the most critical period in its history, a definite need exists for physical fitness among the country's boys and girls. For this reason, schools and colleges throughout the land are stressing physical education for the duration, and its permanency as a required course of study is expected.

## Wheat Farmers To Vote Third Straight Year

Sometime before June 10, 1943, Texas wheat farmers will vote in their third national wheat marketing quota referendum.

Purpose of announcing the marketing quota proclamation at this early date is to get word out to all farmers now planning their fall wheat seeding operations. B. F. Vance, administrative officer of the AAA in Texas, announced.

"With the present war emergency like it is and the urgent need for certain types of commodities other than wheat, I believe Texas wheat farmers will divert as much acreage as possible to other war crops insofar as it is possible," he said.

He explained that wheat is a valuable war crop, as shown during the first World War when there wasn't enough of it, but that present supplies were so heavy that the nation was hard pressed to find adequate storage even though large amounts were being fed to livestock. Therefore, wheat acreage to war crops, storing wheat on the farm and marketing it wherever possible in the form of livestock and poultry were cited as special contributions wheat farmers could make to the war program. Quotas are announced for an approaching year whenever it appears that the total supply of wheat will exceed a normal year's domestic consumption and exports by more than 35 percent.

Due to successive large crops and decreased exports, the 1943 wheat supply not only will exceed domestic consumption and exports by 35 percent but probably will be twice the size of these outlets, Vance said.

Mr. and Mrs. A. J. Carr and son, Jerry, of Haskell, are here to spend a few days with their daughter, Mrs. L. S. Barron.

## Sale At Matney Farm August 25

The first farm sale of the season, and bidding fair to be one of the biggest, will be held Tuesday, August 25, at the farm of F. M. Matney, one mile north and eight miles west of Muleshoe.

Approximately 100 head of hogs, 420 chickens, eight head of cattle, feed, seed, farm machinery and household goods are listed for sale. Col. W. D. Wanzor, auctioneer, said. An advertisement elsewhere in this issue describes many items to be offered. The sale will begin at 11 a. m. wartime. It will be clerked by C. S. Holland.

Mr. Matney, one of this area's most progressive farmers for a number of years, has rented his farm and will move to California. Lunch will be served on the grounds by members of the Progress Home Demonstration club.

## LUBBOCK SINGERS HERE

The Lubbock Quartet will be at the Main Street Baptist church Sunday, August 23, and will take part in the singing convention program. Singing starts at 3:00 p. m., and everyone is invited to attend.

Carl Kindred was here from Pecos, Tex., Friday for a short visit with his family. He is employed at Pecos by a construction company.

## THINGS IN GENERAL

Last Monday the war came to every home in Bailey county. Maybe it was there, in a way before. But whether or not you have a son, husband or sweetheart in the armed service, the war is parked right on your doorstep today—and how.

The government has been telling you for several weeks that this little tussle was going to get serious. Well, folks, it is NOW here. The time is now here when there are going to be only two classes of people in Bailey county and the State of Texas and the nation. There's no question about it, and you'll be in one of those classes either through choice or ignorance of the situation we are now in. We hate to tell you what those classes are, but it would have to come within the next two or three months anyway, so it had better be now.

The way the line-up is today every man, woman and child has a duty to perform and it must start at once. You will either do it like a red-blooded American, or you will shirk it like a yellow slacker. We venture the prediction that there are not more than two in Bailey county who will not be on the side of the red-blooded Americans.

JUDGE E. C. NELSON

## NELSON

Candidate for Chief Justice Court of Civil Appeals  
Saturday, Aug. 22nd

**TRAINING COUNT?**  
If not, why have schools and colleges? Judge Nelson has had the best literary and legal training our country affords.

**EXPERIENCE COUNT?**  
Should a Chief Justice have had some actual experience as a practicing lawyer? Should he have had some experience before the Court he seeks to preside over? Judge Nelson has had years of experience, both as a practicing lawyer and as a trial judge.

**SHOULD REPRESENTATION BE EQUAL?**

The Lubbock area already has one of the judges of this Court; and the Vernon area has one. Isn't it fair for the northern part of the district to continue to have a representative on the Court?

**WHO SHOULD CHOOSE THE CHIEF JUSTICE?**

The people? Or a group of Lubbock lawyers? Judge Nelson did not ask any group whether he might run for the office; and he has not sought any endorsements. If elected, he will be under no obligations to any such group. He will be able to chart the course of the law fairly for all. Is that what you want? If so—VOTE FOR JUDGE E. C. NELSON.

(Political advertisement. Paid for by Friends of Judge Nelson)

Frankly, and without any excuses for past blunders on the part of everyone of us, the war plants are in desperate need of scrap metal. We could not begin to tell you how serious the situation now is. To keep up the production of tanks, guns, ships and planes for our men, every pound of useless scrap around the farms and homes in the towns must be turned in. The time is here when our forces are going to strike. There must be no shortage of equipment, and the scrap metal you have will keep this stuff rolling to our troops. Everything counts, even the brass on burned out light bulbs. You will be paid a set price for your scrap, or you can donate it to one of your service organizations.

Get busy, folks. Be as good on the home front as your boys are on the fighting front.

We have before us a 32-page booklet. The title is "The New Republic". Mailed from New York, where it is published, it has certain paragraphs marked with blue pencil. These paragraphs tell of the unworthiness of Sen. W. Ley O'Daniel and ask that he be defeated in the coming election.

We read these paragraphs, which for all we know, may be true. But we got to thinking on the subject seriously as an old country boy can, and have been trying to figure out just what concern it is to certain organizations in New York who the people of Texas elect to any office. Is it possible that people in New York can better judge the men to put in public office? If so, why don't they do a better job in their own state? Just what do New York people have at stake in Texas that they see fit to tell us whom to vote for?

It would make little difference whether they were for O'Daniel or Allied, the fact is, that they seem to be just a little bit off the beam.

Another thing we should think of before next Saturday is a statement made last week and echoed in The Dallas News, that those counties which went for O'Daniel in the first primary were predominantly German and therefore slightly pro-Nazi. If this is true, then Bailey county is pro-Nazi—something most of us never dreamed. Bailey county, whose boys are fighting in every corner of the world. Bailey county, which stood among the highest in the state in its contribution of scrap rubber, in the purchase of war bonds and its contribution to service organizations. It is rather discouraging to the faithful and patriotic people of Bailey county to have

## USE THE BUCKET!

this said about them, especially when campaign literature is being sent out of New York. And speaking of pro-Nazi Texas counties, here are the names which appear on this campaign literature: Reinhold Niebuhr, Thomas Amle, James Loeb, and others similar. How does that sound to you? But Bailey county is called pro-Nazi due to its vote July 29.

## Cotton Ruling Affects All 'Overplanters'

Cotton farmers who overplant their allotments by not more than three acres or three percent, whichever is the larger, will not be considered as "knowingly overplanted" and may be eligible to receive a part of their conservation payments but they will be subject to conservation penalties and marketing quota penalties. B. F. Vance, state AAA administrative officer, has announced.

Conservation penalty rates, Vance explained, are ten times the payment rate and if the three acre overplanting is ten percent or more of the allotment, the penalty will wipe out the payment.

As an example, if the allotment is 30 acres and the farmer plants 33 acres, the penalty on the three acres will wipe out the payment on the 30 acres.

This provision, Vance explained further, in no way affects marketing quota regulations and the farmer will receive a red card if he overplants his allotment and will be subject to a marketing quota penalty if he sells cotton in excess of his farm marketing quota.

However, he concluded, farmers whose overplantings do not exceed three acres or three percent, will be eligible for government loans.

Those attending were Butch Lancaster, Marlene Lancaster, David Wyr, J. Ann Wyr, Max Gardner, Jane Damm, Martha Jean Witte, Billie and Margaret Beller.

Customer: "I want to buy a plow."  
Druggist clerk: "I'm sorry, sir, but we don't carry plows."  
Customer: "Say—what kind of a druggist is this, anyhow?"

Friend (visiting patient in hospital): "Say, Fred, that's sure a swell-looking nurse you've got."  
Fred: "I hadn't noticed."  
Friend: "Great Scott! I had no idea you were that sick."

**Homemakers Are Urged To Save Household Fats**

A national campaign for the collection of household fats thru-out the United States has been announced. No household fat should be wasted since grease makes glycerine and glycerine makes explosives.  
According to Lillie Gentry, county home demonstration agent with the Extension Service of Texas A. and M. College, we are not to turn in any household fat which may be needed for food, but on the other hand, use every bit of fat in the home before going to the market to buy more. There is no object in selling the fat we have and going to the store to buy more to take its place.  
Here are the reasons for the fat campaign:  
1. We need glycerine for explosives for the armed forces.  
2. Glycerine is made from fats. Two billion pounds of household fats are wasted annually by homemakers. This means 200 million pounds of glycerine might be salvaged.  
3. The supply of vegetable oils we have been receiving from the Far East has been cut off and our lend-lease responsibilities are increasing through this.  
Miss Gentry offers the following Do's and Don'ts in the fat campaign:  
1. Make best use of all cooking fat.  
2. Save all your waste fat.  
3. Strain it into a clean, wide-mouthed can.  
4. Keep it in the refrigerator or coolest place possible.  
5. Take it to your meat dealer, and  
6. Don't take less than a pound.  
7. Don't take fat in a glass container.  
8. Don't let fat become rancid.  
9. Don't take fat to the meat dealers on weekends if it is at all possible to do so on other days.  
The amount of fat that can be collected through this program will not supply all our needs for glycerine, but what we can contribute may one day

**JUNK needed for War**  
"What's it good for?"  
"Guns, tanks, and maybe part of a plane"

In the barnyards and gullies of farms and in the basements and attics of homes is a lot of Junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.  
Scrap iron and steel, for example. Even in peacetime, scrap provided about 50% of the raw material for steel. It may be rusty, old "scrap" to you, but it is actually refined steel—with most impurities removed, and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines.  
The production of steel has gone up, up, UP, until today America is turning out as much steel as all the rest of the world combined. But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full

rate of production cannot be attained or increased; the necessary tanks, guns and ships cannot be produced.  
The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead and tin.  
The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices.  
Will you help?  
First—collect all of your waste material and pile it up.  
Then—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee.  
If you live on a farm, consult your County War Board or your farm implement dealer.  
Throw YOUR scrap into the fight!

**JUNK MAKES FIGHTING WEAPONS**  
One old disc will provide scrap steel needed for 210 semi-automatic light carbines.  
One old plow will help make one hundred 75-mm. armor-piercing projectiles.  
One useless old tire provides much rubber as is used in 12 gas masks.  
One old shovel will help make 4 hand grenades.

# Proposed State Amendments

## H. J. R. No. 24 A JOINT RESOLUTION

proposing an Amendment to Article V of the Constitution of Texas by providing that the Legislature shall have the power by local or general law, in counties having a population in excess of two hundred thousand (200,000) inhabitants to create other courts having exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters; fixing the time for an election therefor; prescribing the form of ballot; providing for a proclamation of such election and the advertisement thereof; and making an appropriation therefor.

## BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article V of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 22-a and reading as follows:

"Section 22-a. The Legislature shall have the power, by local or general law (without the necessity of advertising any such local law), in counties having a population in excess of two hundred thousand (200,000) inhabitants according to the then last Federal Census, to create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at a special election to be held on the first Tuesday after the first Monday in November, 1942, at which time all voters favoring such proposed Amendment shall have written or printed on their ballots the following:

"For the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Those voters opposed to such Amendment shall have written or printed on their ballots the following:

"Against the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

If it appears from the returns of said election that a majority of the votes cast is in favor of the Amendment, the same shall become part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have it published as required by the Constitution and existing laws of this State.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary is hereby appropriated out of the State Treasury not otherwise appropriated to pay the expenses of said publication and election.

## H. J. R. No. 1 A JOINT RESOLUTION

proposing an amendment to Article III of the Constitution of the State of Texas by adding a new section thereto to be known as Section 49a, requiring all bills passed by the Legislature on and after January 1, 1945, appropriating money for any purpose, to be sent to the Comptroller of Public Accounts for his approval, and fixing the duties of the Comptroller with reference thereto; authorizing the Legislature to provide for the issuance, sale and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by the General Revenue Fund on September 1, 1943, providing for the submission of this amendment to the voters of this State, prescribing the form of ballot; providing for the proclamation and publication thereof; and providing for the necessary appropriation to defray necessary expenses for the submission of this amendment.

## BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto, immediately after Section 49a, a section to be known as Section 49a, to read as follows:

"Section 49a. It shall be the duty of the Comptroller of Public Accounts in advance of each Regular Session of the Legislature to prepare and submit to the Governor and to the Legislature upon its convening a statement under oath showing fully the financial condition of the State Treasury at the close of the last fiscal period and an estimate of the probable receipts and disbursements for the then current fiscal year. There shall also be contained in said statement an itemized estimate of the anticipated revenue based on the laws then in effect that will be received by and for the State from all sources showing the fund accounts to be credited during the succeeding biennium and said statement shall contain such other information as may be required by law. Supplemental statements shall be submitted at any Special Session of the Legislature and at such other times as may be necessary to show probable changes."

From and after January 1, 1945, and in the case of emergency and imperative public necessity and with a four-fifths vote of the total membership of each House, no appropriation in excess of the cash and anticipated revenue of the funds from which such appropriation is to be made shall be valid. From and after January 1, 1945, no bill containing an appropriation shall be considered as passed or be sent to the Governor for consideration until the Comptroller of Public Accounts endorses his certificate thereon showing that the amount appropriated is within the amount estimated to be available in the affected fund; and when the Comptroller finds an appropriation bill exceeds the estimated revenue he shall endorse such finding thereon and return to the House in which same originated. Such information shall be immediately made known to both the House of Representatives and the Senate and the necessary steps shall be taken to bring such appropriation to within the revenue, either by providing additional revenue or reducing the appropriation.

"For the purpose of financing the outstanding obligations of the General Revenue Fund of the State and placing its current accounts on a cash basis, the Legislature of the State of Texas is hereby authorized to provide for the issuance, sale, and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by said fund on September 1, 1943, provided such bonds shall not draw interest in excess of two (2) per cent per annum and shall mature within twenty (20) years from date."

## S. J. R. No. 29 A JOINT RESOLUTION

proposing an amendment to Article 16, of the Constitution of the State of Texas, be amended so as to read as follows:

"Section 23. The accounting officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit, under this State or the United States, except as prescribed in the Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, nor to retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps, nor to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the third day of November, 1942, at which all ballots shall have printed thereon: "For the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

"Against the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Each voter shall scratch out one of said clauses on the ballots, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State, and the sum of Five Thousand (\$5,000) Dollars, or so much thereof as may be necessary, is hereby appropriated from the funds in the State Treasury, not otherwise appropriated, to defray the expenses of printing said proclamation and of holding said election.

S. J. R. No. 21  
A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand and (\$75,000) Dollars or so much thereof as may be necessary to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31st, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows:

"The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31st, 1937."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at the next general election to be held on the first Monday after the first Monday in November, A. D. 1942, at which all ballots shall have printed thereon: "For the constitutional amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College;"

"Against the constitutional amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expenses of publication and election for such amendment shall be paid out of proper appropriation made by law.

## H. J. R. No. 23 A JOINT RESOLUTION

proposing an Amendment to Article 3 of the Constitution of the State of Texas authorizing the lending of Two Million Dollars (\$2,000,000) of the Permanent School Fund for the construction of a State office building or buildings; providing for repayment to the Permanent School Fund; providing for the submission of this Amendment to the voters of this State; and providing for the necessary proclamation and expense of publication.

## BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 49-b, which shall read as follows:

"Section 49-b. The Legislature may provide by law for the issuance of not more than Two Million Dollars (\$2,000,000) in bonds or obligations of the State of Texas to the Permanent School Fund for the construction in the City of Austin of a State office building or buildings, and the State Board of Education is hereby directed to issue not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund thereon. Such bonds shall be executed on behalf of the State of Texas by the Governor and Comptroller, and shall bear a rate of interest not to exceed three (3) per cent per annum, payable annually; they shall be of such denomination as may be prescribed by law, and shall be payable in not to exceed twenty-five (25) equal installments beginning one (1) year from date of issuance; and the State Treasurer is hereby authorized and directed to set aside into a special fund annually at the beginning of each fiscal year until all of said bonds shall have been paid off and discharged, a sufficient amount of the first moneys coming into the Treasury for the use and benefit of the General Revenue Fund, not otherwise appropriated, to pay the interest becoming due and the bonds maturing during such fiscal year."

From said fund, the Treasurer shall pay the interest on said bonds as they come due, to the credit of the Available School Funds; and shall pay off said bonds as they become due and deposit the amounts so paid to the credit of the Permanent School Fund. The power hereby granted to issue bonds is expressly limited to the amount stated and to five (5) years from and after the adoption of this grant by the people."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at an election to be held on the third day of November, 1942, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Those voters opposing said Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Sec. 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expenses of said publication and election.

## H. J. R. No. 23 A JOINT RESOLUTION

proposing an Amendment to Article 3 of the Constitution of the State of Texas authorizing the lending of Two Million Dollars (\$2,000,000) of the Permanent School Fund for the construction of a State office building or buildings; providing for repayment to the Permanent School Fund; providing for the submission of this Amendment to the voters of this State; and providing for the necessary proclamation and expense of publication.

## BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 49-b, which shall read as follows:

"Section 49-b. The Legislature may provide by law for the issuance of not more than Two Million Dollars (\$2,000,000) in bonds or obligations of the State of Texas to the Permanent School Fund for the construction in the City of Austin of a State office building or buildings, and the State Board of Education is hereby directed to issue not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund thereon. Such bonds shall be executed on behalf of the State of Texas by the Governor and Comptroller, and shall bear a rate of interest not to exceed three (3) per cent per annum, payable annually; they shall be of such denomination as may be prescribed by law, and shall be payable in not to exceed twenty-five (25) equal installments beginning one (1) year from date of issuance; and the State Treasurer is hereby authorized and directed to set aside into a special fund annually at the beginning of each fiscal year until all of said bonds shall have been paid off and discharged, a sufficient amount of the first moneys coming into the Treasury for the use and benefit of the General Revenue Fund, not otherwise appropriated, to pay the interest becoming due and the bonds maturing during such fiscal year."

From said fund, the Treasurer shall pay the interest on said bonds as they come due, to the credit of the Available School Funds; and shall pay off said bonds as they become due and deposit the amounts so paid to the credit of the Permanent School Fund. The power hereby granted to issue bonds is expressly limited to the amount stated and to five (5) years from and after the adoption of this grant by the people."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at an election to be held on the third day of November, 1942, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Those voters opposing said Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Sec. 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expenses of said publication and election.

# Built in the Blitz

**THE 1,000-PLANE RAIDS ON GERMANY** started 'way back in the days when the vaunted Luftwaffe was blitzing Britain. Gigantic aircraft factories were secretly but efficiently built in Britain, and set to work to forge the avenging weapons. As revealed in this picture, the enormous 4-motored bomber fuselages roll forward on duplicated--and triplicated--assembly lines looking like railroad locomotives in mass-production. Today there are enough of these British-built Stirlings--and Halifaxes and Manchesters--to carry the offensive to the enemy and hasten the end of the years of "blood, sweat and tears."

## Paint Supplies Are Being Diminished

Before long, paints of many types are going to become scarce. Mrs. Bernice Claytor, specialist in home improvement for the A. and M. College Extension Service, says shortages will be felt especially in paints, varnishes, and enamels for interiors. The reason is, these require natural or synthetic resins. For some time synthetic resins have been earmarked for exclusive war use, and lately the War Production Board has ordered a 50 per cent cut in the amount of natural resins manufactured for civilian purposes.

Here are some of the specialist's suggestions for choosing and using interior paints to the best advantage.

Semi-gloss paint, which washes well and is not harsh in appearance, is suitable for kitchens and bathrooms. Flat paint gives a "soft" appearance and is best for large areas such as walls and ceilings. It soils less quickly than gloss paint, but it will stand up as well under washing. Celcimine is the cheapest wall paint available. Though it cannot be cleaned, it can be washed off entirely and a new coat applied. The specialist cautions: "Don't use celcimine on smooth woodwork or on walls which have been covered with oil paint." The coating eventually will chip off and make later re-painting far harder.

Enamel should be used only on very smooth surfaces. For it makes holes, chips, and scars more noticeable. Homemakers who want to avoid the trouble of sandpapering and planing uneven surfaces, should use a gloss or semi-gloss paint instead of enamel.

She: "Sorry, but if I had any use for a brother I could reach under this sofa and get one right now."

## MRS. MOORE ENTERTAINS WITH TEA AND BRIDGE

Mrs. Ray C. Moore entertained last Wednesday with an afternoon tea and bridge party at the home of Mrs. Gilbert Wollard. The rooms were colorfully decorated with flowers of the season.

Bridge guests made up two tables and included Blanche Lancaester, Crucilla Gowdy, Betty Moeller, Elizabeth Gardner, Edna Ruth Williams, Melaine Elliott, Janet Wagnon and the hostess, Melba Moore.

Prize for high score went to Elizabeth Gardner, and consolation prize to Betty Moeller.

Later in the afternoon, Elizabeth Woodley and Mildred Davis were guests at a tea.

"On a Jewish holiday," she said.

"Why are you so sure of that?" he demanded.

"Because any day on which you die," she answered, "will be a Jewish holiday."

An Illinois man drew a prison term for robbing the mails. Tried to get what was coming to you and got what was coming to him.

## Why Banks Sell WAR BONDS

Without Compensation or Profit

Do you realize that for the billions of dollars of War Bonds sold by the banks not one cent of compensation has been paid to them?

Banks have spent large sums to advertise and sell Bonds. Yet they receive no fees, no commissions. That is as it should be. That is how the bank want it. Banks place their country's interest first. They do not wish to be paid for rendering a service which every loyal banker deems a patriotic duty and privilege. We urge you to buy Bonds sold by this bank without cost to the purchaser or the government, as a Patriotic Service.
