Area Meeting Of FSA Held At Big Spring

An area conference of Farm Security Administration personnel was held in Big Spring, Tex., last week for the purpose of discussing new administrative policies to conform with recent changes in the FSA program.

The 85 Texas counties and three Oklahoma counties comprising Region 12 have been re-districted. Bailey county is now in District 4, together with the following counties: Lamb, Cochran, Hockley, Terry, Lynn, Dawson, Nolan, Martin, Howard, Mitchell, Borden, Taylor and Runnels counties; and with Marvin C. Wilson, district supervisor, assisted by T. Euel Liner, area supervisor.

J. W. McDermett advises that the FSA program is experiencing one of the greatest changes in policy since the program has been in existence. These changes are much more favorable and will assist FSA borrowers in securing better service than they have ever been able to secure before through the FSA program.

It is the purpose of the Standard Rural Rehabilitation program, through a program of financing and supervisory Farm and Home Management plans, to establish low-income farm families in need of aid in family enterprises of economic-size units which will provide a healthful and otherwise satisfactory level of living, and a cash income sufficient to pay annual farm and home operating expenses, repay capital obligations, and allow the family to participate within their capabilities in the normal, social, educational, and economic activities of the community.

There are certain fundamental factors in the financing and supervising of eligible farm families to insure maximum benefit from the Standard Rural Rehabilitation program. These are: availability of suitable land, securing of tenure, debt adjustment, community and cooperative service activities, cooperation of borrower, health conditions, participation in other government programs, and so forth.

The new regulations discussed in the Big Spring meeting are effective as of July 1, 1942, and will be in full force and effect just as soon as detailed regulations and instructions are secured from the FSA Washington office. The meeting at Big Spring was attended by Mrs. Mildred White, Miss Lucille Bolton and J. W. McDermett.

Father Of Local Man Dies July 8

John Townsend Wiley, 65, father of R. C. Wiley of Muleshoe, passed away at a Brownwood hospital Wednesday night, July 8. He had been ill three weeks.

One of Brownwood's merchants, he had been a resident of that city for the past six years. He was born Nov. 16, 1877, at Manchester, Tenn., and was a member of the Church of Christ. Funeral services were held Thursday afternoon, July 9, at the Austin Avenue Church of Christ.

Survivors are two daughters, Mrs. Roy Brown and Mrs. W. S. L. Wiley of Lubbock; three sons, H. T. Wiley of Lubbock, Chester L. Wiley of Brownwood, and R. C. Wiley of Muleshoe; one brother, W. D. Wiley of Ballinger; one sister, Mrs. Nannie Little of Ballinger, and nine grandchildren.

NOTICE

It is necessary that applications to transfer pupils from one district to another be made before August 1. Even in cases where pupils' grades will not be taught in home district, applications for transfers must be made. Jim Cook, County Supt.

"Something About A Soldier"

That "something about a soldier" which appeals to boys and girls is especially strong when the soldier is father and husband. That is shown in this family scene of Lieutenant Vernon Lemens, taken this week at Camp Hood, Tempe, while his happy family were visiting him from their home in Waxahachie, Mrs. Lemens is completing her husband's campaign for Lieutenant Governor which he began before entering the army.

Senator Lemens served in World War I, was an active Legionnaire and reserve officer in the peace period, and is now on duty as assistant adjutant with the tank destroyer command at Camp

Hood. As Senator of the Twelfth District he will be granted leave to serve in Austin during the session of the Legislature under War Department rules governing reserve officers holding public office at the time of army induction.

He is asking a promotion to Lieutenant Governor so that he can preside over the Senate. He feels that his fourteen years of continuous legislative service and his military experience and standing especially fit him to stand the Senate in the wartime session ahead. The duties of Lieutenant Governor require no more time in Austin than those of Senator, which he now is.

West Camp Folks Make Poultry Pay Dividends

Through a great deal of hard work, the best of care and attention, together with long-time planning, Mr. and Mrs. W. L. Key of the West Camp community are making their poultry pay dividends, says Lillie Cuy, county home demonstration agent of the Texas A. and M. College Extension Service.

Mr. Key is temporary chairman of a group of Bailey county poultry producers who are working on a marketing organization through which it is hoped more money will be brought into the county and which, in turn, will be some encouragement to greater production of eggs to be used through the Lent-Lease Act.

Mr. Key is one of the large producers in the county. He has a flock of 400 hens from which he gathered 2,964 dozen eggs during the first six months of 1942. These eggs brought \$68,883 with \$350.63 profit, after the cost of mash, grain, oyster shell and grit was deducted.

Mr. Key says that he feeds a 19 percent protein concentrate mixture, grain, oyster shell and grit, and that he keeps plenty of water under the shade of plum trees at all times. "This is a good practice," says Miss Gentry, "for when laying hens don't drink enough water, their eggs will drop off fast and hens will not drink enough if the water is hot." A decline in consumption of water also results in a reduction in the size of the egg, Miss Gentry says.

Eggs are gathered twice a day on the Key's place. They are kept in a cool place until they are marketed two or three times each week.

"And here's another tip on poultry feedings," Miss Gentry explains. "When green feed begins to dry up, thin shells begin to appear. As a correction, she suggests adding at least three percent maize of good quality dehydrated alfalfa leaf meal to the ration as well as a handful of fresh oyster shell sprinkled over the mash at least every other day until the shells of the eggs become normal."

SUGAR STAMP NO. 7 GOOD WITH 5 AND 6 UNTIL AUG. 23

Announcement is made again this week that sugar stamp No. 7 is good for two pounds of sugar any time between July 10 and August 23, with stamps Nos. 5 and 6.

The board also stated that a war ration book or certificate may be issued to replace a lost, stolen or destroyed war ration book or certificate before the expiration of the two-month period, if the board is satisfied beyond reasonable doubt that such book was lost, stolen or destroyed.

Jack Robinson, who has been working at Spearman, is visiting friends here this week.

'Hoppers Topic Of Conversation Among Farmers

By Sam Logan, County Agent
Hitler and his gang of cut-throats played second fiddle as a topic of general conversation among farmers this week. Insects and their destructiveness was the main theme as Bailey county farmers and business men tightened their belts and opened a county-wide campaign against grasshoppers.

Many crops have already suffered severe damage from this new hopper invasion from the westward counties despite the fact that mixing stations have distributed more than 100,000 lbs. of grasshopper poison mixture. Additional damage will likely be encountered before some farmers realize the seriousness of the invasion.

Bailey county farmers are as much at war as our boys in uniform. Our part is not the carrying of guns, but the production of food and feed. We have been inclined to criticize labor strikes and slow-down efforts of the factory. But if we sit down and let the grasshoppers destroy our crops without doing anything about it, we are just as guilty as those workers we have been criticizing.

mixing stations are now running 16 hours a day and the government has furnished us all the material for mixing the bait. The 'hoppers are now depositing eggs for a second crop in August and September. If we do not exterminate these pests now, even though this generation is not marring some crops, we may be in for a worse destruction of crops later in the season.

All Registrants To Be Listed In Four Categories

The following are the four categories under which all registrants will be listed:

CATEGORY 1: Registrants otherwise qualified who do not have dependents entitling them to be placed in Category Two and who do not maintain a family relationship, entitling them to be placed in Category Three or Four.

CATEGORY 2: Registrants otherwise qualified who do not maintain a family relationship entitling them to be placed in Category Three or Four but who have persons financially dependent upon them who qualify as dependents under the Selective Service Regulations.

CATEGORY 3: Registrants otherwise qualified who do not have children but who do have wives with whom they maintain a bonafide relationship in their homes provided marriage took place prior to Dec. 8, 1941, and at a time when selection was not imminent.

CATEGORY 4: Registrants otherwise qualified who with their wives and children, or with their children alone, maintain a bonafide family relationship in their homes prior to Dec. 8, 1941, and at a time when selection was not imminent.

County Schools Are Classified

At a meeting July 1 of the Bailey County Board of Education, the following classifications for schools for the 1942-43 term were made:

TWELVE GRADES: Muleshoe, Stegall and Bula.

EIGHT GRADES: Progress, Liberty, West Camp, Goodland, Langview and Wilson.

NINE GRADES: Circleback.

TO AIR CORPS
Walter Meoller, who volunteered and was accepted for service in the U. S. Air Corps May 1, was in Dallas Thursday of last week for final enlistment.

Walter was sworn into service Thursday, but due to lack of training facilities, was granted a furlough for a few days. He expects to be called very shortly, however.

Interest Is At Low Point As Primary Election Date Nears

Rev. H. Paul Holdridge

Friday night, July 17, marks the beginning of the old-fashioned tent revival, sponsored by the Assembly of God, here in Muleshoe. The big tent will be located on main street adjacent to the Muleshoe Locker Co. plant. This is the West Central Plains Sectional camp meeting with H. Paul Holdridge doing the preaching.

"The old-fashioned gospel will be preached," Reverend Holdridge said, "with sinners kneeling around the old-fashioned altar."

There will be lots of good singing, music, testifying and shouting, he said, and the entire public is cordially invited. You are urged to plan now to attend every one of the services from July 17 to August 2. Three services daily, 9:30 a. m., 7:45 p. m. and 2:45 p. m.

Some of the subjects to be discussed by the evangelist during the meeting are: "Blackouts in America"; "Sin Is Suicide"; "A Faithless Fishing Trip"; "What Time Is It?"; and "The Fifth Column."

Final Count On Scrap Rubber 142,438 Pounds

Bailey county's record for turning in scrap rubber may not be the best in the state, but it is, at least, not the worst. In fact, the folks think they did very well for a bunch of country boys and girls and we think congratulations should be in order from somebody.

Final check and double check was completed Tuesday and the total for Bailey county was announced as 142,438 pounds, or if you want to get into statistics in a small way, 226 pounds for each man, woman and child in the county.

New on the program for war aid is scrap metal. This drive will start in earnest within a few days. A committee for the county has been appointed, with Claude Farrell as chairman. Members are W. E. Renfrow, J. B. Burkhead and Sam Logan. They ask the whole-hearted support of every person in the county so that this drive can be completed on time. Further announcements will be made on this later.

ROGER THOMAS IS PROMOTED TO SERGEANT

TURNER FIELD, ALBANY, Ga., July 12 — Roger I. Thomas, Muleshoe, Tex., was recently promoted to the rank of sergeant in the Army Air Forces, it was announced by Col. John B. Patrick, commanding officer of Turner Field.

Sergeant Thomas is the son of Mr. and Mrs. Roy Thomas of Muleshoe.

Master Sgt. Mack Lee was in Muleshoe last weekend visiting his parents, Mr. and Mrs. Joel Lee. Mack has been stationed near Indio, Calif., for the past several months.

Mr. and Mrs. Clarence Goins were in Clovis, Saturday night.

With interest at the lowest ebb in years, Bailey county election officials are winding up preparations this week for the Democratic primary to be held Saturday, July 25.

The race for the Democratic nomination for U. S. Senator, in which the incumbent, W. Lee O'Daniel is opposed by James V. Alfred and Dan Moody, is stirring up most of the pre-election interest. There are big fields in the races for governor and for railroad commissioner, and some talk is heard here and there in regard to the ultimate outcome of these contests.

Interest in the only three races being contested in Bailey county is practically nil. In Precinct 3, Dee Warner, seeking re-election as county commissioner, is opposed by William H. Eubanks, Arthur J. Shaffer, running for reelection as commissioner in Precinct 4 and seeking the nomination over P. A. (Dude) Altman. In the only other county race where more than one seeks the nomination, George G. Johnson, running for county chairman of the Democratic executive committee, faces an opponent in Dr. A. R. Matthews.

Some interest, not a great deal, is being shown by county voters in the district races. Judge C. D. Russell, incumbent, and Herbert C. Martin are in the race for district judge of the 64th Judicial District. E. B. (Billy) Hall of Littlefield and Harold M. LaFont of Plainview are in the race for district attorney, a post being vacated by Martin.

If absentee voting is any indication—and it rarely is—of things to be cast here July 25, balloting will be exceedingly light. County Clerk M. G. Bass said Tuesday that only two ballots had been cast by absent Bailey countyans. Applications have been made for a dozen of the absentee ballots. Voters have until three days before election to cast their absentee ballots.

Election judges have been appointed for the primary election and are:

- Muleshoe: W. C. Cox; Morris Goodland, assistant.
- Progress: F. B. Stovall.
- West Camp: D. W. Danielson.
- Fairview: A. L. Davis; Steve Sullivan, assistant.
- Mays: Bert Seals.
- Goodland: W. P. Goodrum; George Henderson, assistant.
- Stegall: C. M. Williams.
- Mopie: Charles Shaw.
- Langview: Frank Robertson; W. R. Young, assistant.
- Balkeboro: H. T. Davis.
- Bula: Vern Weaver; Guy Stegall, assistant.
- Circleback: W. E. Garner; G. W. Damon, assistant.

Red Cross Makes 1,600 Garments

Approximately 1,600 Red Cross garments have been completed and shipped from Bailey county this year, according to a report by the Red Cross production committee. The garments included dresses, sweaters, mufflers, baby quilts, hot water bag covers, Army and Navy housewives, bed-side bags, pillows and slips, ice bag covers, boys' shirts and shorts, convalescent robes, operating gowns, lab robes, wool skirts and many other items.

Any community or individual of any community whose quota has not been completed, are asked to send in their quotas at once. It is time to close the year's work and prepare for the 1943 quota.

The production committee expresses its appreciation for all the help received in this year's work.

METHODIST REVIVAL

A revival meeting will start at 7:30 p. m. Friday night, July 19. Rev. N. S. Daniel, pastor of the Methodist church of Rochester, Tex., will do the preaching and everyone in the territory is cordially invited to attend. The services will continue for a week or more.

E. C. Nelson
Judge E. C. Nelson is a candidate for Chief Justice of the Court of Civil Appeals. This is one of the highest judicial offices in our State, one that demands the most thorough training and the widest possible experience. Judge Nelson has attended and graduated from the leading universities and law schools in our country, giving him an educational background of the highest order.

He taught school for five years before entering the legal profession and served two years in the United States Army during World War I. Fourteen months of his service being in France.

He has had a well-rounded legal experience. He has been a licensee attorney for more than 22 years. He has practiced law in all of our courts and has been judge of all courts of record up to the Court of Civil Appeals. As an appellate judge, he will be able, from his own experience, to review a case from the standpoint of both the practicing lawyer and the trial judge. He is now District Judge of the district composed of Barr, Randall, and Armstrong Counties, and his record as a trial judge is one of the best in the State.

Judge Nelson is 41 years old, just the right age to undertake the work of an appellate judge. He is old enough for maturity, experience and judgment, and young enough for the years of hard work the position requires.

The size of the district has made it impossible for him to see all the people, but he solicits the vote and influence of all our citizens.

LOOKING BACKWARD

FIFTEEN YEARS AGO (From files of July 15, 1927)

Funeral services for Mrs. E. R. Hart were held Sunday, July 10 at the Clovis Methodist church with burial in the Clovis cemetery. She died July 8 in a Clovis hospital.

W. E. Dozier of Austin was here last week making arrangements to plant about 1,400 acres of wheat on his farm northwest of town.

C. S. Otto and wife, recently of Fort Worth, purchased a half section of shallow water land west of town last spring. They are laying plans for an ideal farm.

Mr. J. D. Bayless and Miss Ellen Coffman were married Sunday morning at 9 o'clock by Rev. Booth at the home of the bride.

J. M. Thomas of the Baileyboro community died suddenly July 12. Heart trouble was thought to have been the cause of death.

TEN YEARS AGO (From files of July 14, 1932)

Will Rogers, internationally famous humorist, was in Muleshoe Friday afternoon. Though very few citizens here knew it except the service man who filled the auto tanks of the three cars carrying the party. He had been visiting his old friend, W. E. Hall, on the Mashed O ranch.

Dr. I. J. Sparks, who for the past four years has practiced medicine at Olton, has purchased the medical practice of Dr. T. A. Moore and moved to Muleshoe.

Mr. and Mrs. M. W. Self are the parents of a nine-pound baby, born Monday afternoon.

The four-year-old son of Mr. and Mrs. P. A. Lee of the Oklahoma community, was severely injured one day last week when he fell beneath a wagon driven by his father.

FIVE YEARS AGO (From files of July 15, 1937)

Mr. and Mrs. C. E. Hill and son, Jimmy, moved from Morton to Muleshoe the first of the week.

Tuesday afternoon, Miss Eunice Griffiths was hostess at a surprise miscellaneous bride's shower given at the Baptist church annex in honor of Miss Melzine Roccoy, who is to be married to Howard Elliott of Lubbock the latter part of this month.

Jimmy Thomas, formerly of Muleshoe, but now living at Spur, is visiting here this week in the home of Mr. and Mrs. Byron Griffiths, and with other friends.

Hail in the Goodland community Thursday did considerable damage. Mr. McDill lost 149 acres of cotton and the rest of his crop was damaged.

More Money This Year For Soil Building

Bailey county farmers will have three times more money for soil building work this year than in 1941. Lonnie Arnold, chairman, Bailey County AAA committee, said this week.

The soil building allowance for the county under the 1942 program is approximately \$135,000 as compared with \$45,253 under last year's program. Shifting a portion of AAA payments, which formerly were made for seeding within special acreage allotments, accounts for the increase.

Shortages of labor, equipment and machinery probably can be offset if conservation practices are started earlier than usual instead of waiting until the last two or three weeks of the program.

SPENCING UP THINGS

WACO, Tex., July 12 — Bobby Sam Damron of Muleshoe is now enroute for the summer session at Baylor University as a freshman student under the new accelerated degree program inaugurated as part of a war speed-up plan. Damron will be able to finish his work in two and one-half years instead of the usual four-year schedule.

to prevent him and Larry from killing. "What are you arresting doing?" he asked. It did not get what pretext was offered.

"Sure we heard talk. We've heard these hired killers have rubbed out eight or ten of our friends and that you are trying to get the troops in to side with Ellison's men now they are getting in a jam."

"Hmp! We came here to buy a registered bull from Mr. Murdoch here," Larry said. "We have done bought it. Now we're ready to leave and go back to the ranch. Looks to me like these gents who were working themselves up to bump us off when you yashayed in are doing the instigating."

"Cut it," interrupted Hart harshly. "We don't want any more guff from you. However you to sign Terry's name on that telegram?"

"The sheriff drew a revolver. 'I know all of you boys,' he said quietly. 'I'd hate to have to kill any of you, but I don't want to be killed myself. But I'm going to take these men to jail. If anybody interferes there will be trouble.'

"The nester with the Winchester in his hands craned a long scrawny neck forward. 'Someone hiding in the back of the room,' he announced. The rifle leaped to his shoulder.

The cowboy Red threw in the hand for his group. 'All right, Nate. If you want these fellows, take 'em. But be sure you don't let 'em go. We'll be hearing from the hills soon as to whether any of our friends have been murdered. And if they have, well and high water can't keep us from busting into your calaboso and hanging these birds high as Haman.'

"Don't you know I keep this back door locked with piles of paper in front of it?" he demanded. "Who is it anyhow? Go round to the front door."

Red and his allies followed the arrested men to the jail, to make sure the sheriff did not release them. They posted a guard at both the rear and front doors. The leaders adjourned to the Crystal Palace and the Red Triangle to drum up sentiment in favor of a lynching.

"Probably he has had some of the boys better get out of town as soon as you can. Folks don't yet know your new position."

"Calhoun told the matter bluntly to the sheriff. 'Getting down to cases, Hart, what is your idea in locking us up? We'll be hearing from the hills soon as to whether any of our friends have been murdered. And if they have, well and high water can't keep us from busting into your calaboso and hanging these birds high as Haman.'

"We came in to see a cattleman about buying a bull for the new firm of Richards & Terry," said Terry. "I'm not waiting for us all day at the Holden House. We wouldn't think of going without a confab with him."

"Why shouldn't we come?" Terry wanted to know. "We have nothing to do with this crazy invasion. Ellison's men attacked us today and almost killed us. We rescued your friend Jeff Brand. The Diamond Reverse B is being cut up into small ranches, of which Larry and I are buying one. What have you against us except that we won't stand for having our stock rustled? The trouble with this town just now is that it is seeping red and can't think straight."

"Well, I'll bring him down here. I'll not leave him waiting for the courthouse square. Some food would probably take a crack at you."

"I'm holding you here for your own safety. If I turned you loose you would never get out of town alive. You wouldn't get fifty yards from the jail door." Impatiently he added, "Why in hell did you come to town now?"

"I'll sign with you," Garvey said. Inside of thirty minutes the appeals for troops were on the way to Washington. As many more were spreading through the town that Calhoun Terry had wired the President to send government troops to fight with the big outfit and their hired Texans against the settlers.

"That's not what I asked him to do," the Diamond Reverse B manager said. "The operator was in such a hurry to give out a private message he might at least have done so correctly."

Sooner than we now expect, it may well serve as the symbol of victory.*

In search of product betterment, Phillips scientists have engaged in never-ending study and experiment. The benefits have flowed to car-owners in improved fuels and lubricants, at prices which gave ever-increasing value for the money. Now, the work goes on at an accelerated pace

because every facility, and the know-how painstakingly acquired through the years, are dedicated to winning the war.

Just as certain as peace with victory... is the fact that, when peace comes, Phillips 66 motor fuels and lubricants for your car will be better than ever.

Banking In Tomorrow's World

The trend of banking has been toward more complete financial services for the individual. In part this trend is due to the desire of banks to be of maximum helpfulness, and in part to the growing complexity of modern life, which accents the importance of individual financial management.

This trend will continue, we believe, into the world of tomorrow. This bank, for one, will continue to study the needs of the average individual and to provide new or improved banking services whenever necessary.

**Homemakers
Urged To Buy
Victory Food**

Starting today and continuing until July 25, local merchants will feature broilers and fryers as a Victory Food Special. This is the fourth Victory Food Special to be featured in this area.

Speaking of the success of the previous "Specials," Sam Logan, county agent, said: Local homemakers and storekeepers are to be congratulated for the splendid cooperation they have given the government in the promotion of Victory Food Specials. When we increase the consumption of farm products that are in abundance, we are all helping the war effort. By eating health-building foods, we are not only making America strong, but we are also assisting farmers by buying their products that are in temporary abundance.
"Victory Food Special on broilers and fryers will give clever housewives the opportunity to serve one of America's favorite foods without stretching the family budget," Mr. Logan continued.

Makes Statement
To District Voters**

TO THE CITIZENS OF THE 120TH DISTRICT OF TEXAS COMPRISING BRISCOE, CASTRO, FLOYD, BAILEY, HALE, LAMB, PARMER AND SWISHER COUNTIES:

I like millions of other Americans, have a keen desire to better serve my country in this time of war. Since I am unable to get into the armed forces at this time and in view of the existing crisis, I feel that I can be of service to Texas and the Panhandle in the forthcoming 48th legislature of Texas. For that reason I announced as a candidate for the office of State Representative of the 120th, Legislative District of Texas, subject to the action of the Democratic Primary on July 25 next.

In making the announcement, I did so without prior commitments on any particular legislation of the demand that may arise for preferential legislation designed to protect our very existence in the prosecution of our war objectives. None know what the next few months may bring, nor do we know what sacrifices that we may be called upon to make, the denials and privations that we may suffer in order to preserve the American and Democratic way of life. Too often in recent years have our representatives in state and national government sponsored and endorsed legislation only to realize their mistake and see the folly of their idle promises. In these dark and revolutionary days, a policy of legislative promises would, in my opinion, be unfair and perilous to the citizens I propose to represent.

My only pledge to the people of the 120th legislative district, if they see fit to send me to the legislature, is: I will always bear in mind that I am a servant of the people in my district and not controlled by a few vested interests. I am for the present state and national administration in their all-out war effort and I will continue to cooperate with them at all times. I realize that the tax burden is now tremendous and should not be increased unless absolutely necessary. I will fight to abolish unequal taxation and to see that the Texas Panhandle gets its share of the improvements that should be made in facilities used to take care of the mental cases waiting to be transferred to our state institutions. I believe that the indigent, the aged, the needy and otherwise unfortunate should receive every consideration; that our educational facilities should be extended and promoted in order to guarantee the future welfare of our American youth. I will not assent to any vote, bill or resolution which shall appear to me to be injurious to the people I propose to represent; neither will I vote for any legislation or act that will tend to lessen or abridge the rights and privileges we now enjoy under our own constitution.

Upon the above and foregoing statements I have submitted my candidacy. Due to the present emergency and in my effort to cooperate with the national administration in the conservation of war materials, I regret that I will be unable to see and talk with each of you personally. I hope that you will accept this statement as a personal plea for your vote. I assure you that your constructive counsel and advice is sought and always welcome.

Respectfully yours,
A. Foy Curry, Jr.
