Quitaque Outlaw Basketball Team Trying for World Record

By "Alan Gould" Ezzell

Quitaque's all-star Outlaw Basketball team, under the management of Roy Burgess and various and sundry volunteers, is setting a record for losing games that is expected to equal the famous fiasco of "Old Siwash" on the gridiron. The local club, composed of former star players from Quitaque High school teams of the past, has not won a game this season—and is proud of its record.

The All-Stars had an "off night" at Silverton last Friday evening and came within three points of breaking the losing streak. The boys just couldn't keep from hitting them occasionally, it seemed.

At one point in the Silverton game, when victory seemed practically inevitable in spite of the team's worst efforts, Trenton T. Davis, local high school mentor and star guard on the Outlaw squad, made a heroic attempt to help matters by looping a goal for the Silverton five. The blessed event occurred just as a Silverton player missed the first of two free shots awarded him on a foul. Davis, seeing the ball drop from the hoop, leaped high in the air, caught the oval, and shot for the Silverton goal. The referee, however, cruelly ruled that the shot couldn't count as the ball wasn't in play. Foiled again, the Villain!

Davis generously committed four personal fouls in order to repair the damage and give the Owls a chance to recover the lost points—but the official scorer, misunderstanding his motives, removed him from the game before he really hit his stride. His good work, however, combined with that of his teammates, gave Silverton the game and saved the record.

The Outlaws were back in form for the game with the Estelline All-Stars Tuesday evening, and had no trouble at all in losing a 44-15 decision.

Jim Kelly, the Chief-High Optimist—Gloom Chaser Inc., predicts that the team will get through another season without suffering victory and can continue their present losing streak indefinitely.

The only thing that stands in the way of a new world's record for the local squad is lack of opponents, as they feel that they can lose to practically anyone with very little trouble. The whole squad smiles joyfully at their dark future.

It looks like a bad day for "Old Siwash."

LOCAL BAPTISTS ATTEND WORKERS CONFERENCE

Eight members of the Quitaque Baptist Church attended the all-day session of the Floyd County Missionary Baptist Workers' Conference at Flomot Tuesday. Local members present at the conference were: Rev. R. Neal Greer, George Owens, Mrs. H. E. Berry, Mrs. Ed Dunavant, Mrs. W. F. Brittain, Mrs. J. R. Ross, Mrs. Charlie Gowin and Mrs. A. B. McCaghren.

PANTHERS LEAD IN BASKETBALL CHAMPION RACE

Estelline and Flomot Also Victims of Local Cagers

Opening play for the County Basketball Championship last week, the Quitaque Panthers took two straight wins over the Silverton Owls, their only opposition, to lead the race by a wide margin.

In the first game of the series at Silverton Friday evening, the local cagers took a close decision, 26-21, from the fighting Owls after a hard battle. The Panthers, badly off form after a hard schedule during the previous week, ran up a lead in the third quarter but held their margin with difficulty as the Owl sharpshooters staged a rally in the final frame.

Playing the second game of the 3 out-of-5 series at the Panther Gym Tuesday evening, the Quitaque five rang up an overwhelming 35-12 win over the Feathered Flock in a fast bout. The game was marred by frequent fouls by both team, and a majority of the Owls twelve points were scored via the free-throw route. Leading 18-5 at the first half, the Panthers ran their margin to 29-11 as the 3rd period ended, holding the Owls to one point in the final frame to win, 35-12.

The third, and possibly final, game of the series will be played at Silverton next Tuesday evening. Coach Trenton Davis announced Wednesday. The winner will represent this county in the District Basketball tourney at Childress this month.

In the curtain-raiser Tuesday evening the Quitaque Pantherettes handed out a 29-11 drubbing to the Flomot sextette in a fast and rough game. The local girls scored easily and experienced little difficulty in taking the game.

In a non-conference game in the local court Monday evening, the Panthers overwhelmed the Estelline

Community Club Members Hear Silverton Pastor

Twenty members of the Quitaque Community Club and two visitors were present at the regular meeting Tuesday at noon. Ladies of the Methodist Church served the meal. Rev. A. A. Peacock, pastor of the Methodist Church at Silverton, gave an interesting and timely address as the feature event of the program. He ably discussed the civic duties of a man to his town. Rev. Peacock was accompanied from Silverton by County Agent Finley White, who briefly told the club of the farmer's meeting at Waco, which he attended last week.

The regular routine of business was discussed. The next regular meeting of the Community Club will be Tuesday, February 18th, at 12 o'clock noon—at the Methodist Church.

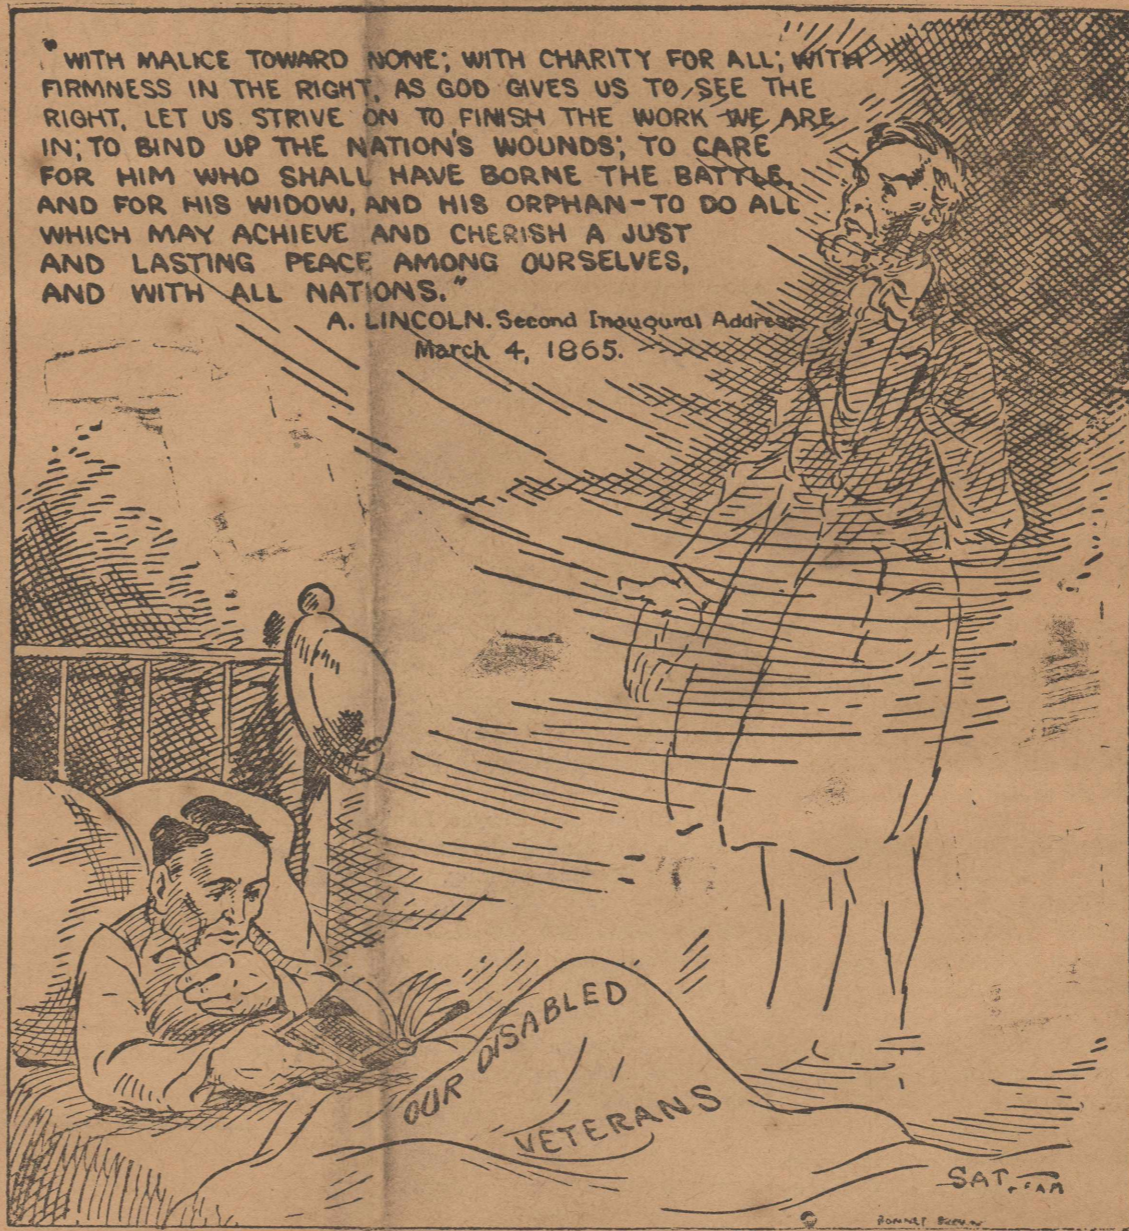

LOCAL FANS ACCOMPANY PANTHERETTES TO TELL

Accompanying the Quitaque girls' basketball team to the tournament at Tell Saturday morning were Ila Steele Patterson, Mary Lucy Montgomery, Rena Persons, Onale Grundy, Henry Gardiner, O. S. Cutbirth, W. C. Womack, Joe Graham, Supt. E. W. Scheid, and their coach, Miss Wanda King.

JOE WELDON BAILEY ENTERS CANYON COLLEGE

Joe Weldon Bailey left Monday for Canyon, where he will enroll as a freshman at West Texas State Teachers College of that city. Joe Weldon graduated last spring from the local high school. He was accompanied to Canyon Monday morning by his father, H. J. Bailey.

Junior Culture Club Has Meeting In Tunnell Home

The Junior Woman's Culture Club met in regular session Tuesday evening at the home of Mr. and Mrs. J. L. Tunnell, with Miss Mary Rucker as hostess to the group. A short business session was held preceding the program.

Miss Seney Persons was leader for the evening, conducting an interesting program on the famous novel by Booth Tarkington, "The Magnificent Ambersons."

In an interesting discussion, Miss Mary Lucy Montgomery opened the program with a "Characterization of the Characters of the Novel," followed by a talk by Miss Mabel Atkinson on "The Social Life of the Ambersons." Miss Persons closed the program with a talk, "Tarkingtons Appeal to Common Experience"

The following members were present at the meeting: Mesdames Roy Burgess, Jimmie Partin, Leonard Pierce, J. W. Lyon, Jr., Geraldine Roberson, Hetman Duncan and A. C. Bickford; Misses Seney Persons, Myrtice Hadaway, Bess Baucom, Yvonne Thomas, Mabel Atkinson, Jewell Everett, Minnie Mae Roberson, Jean Puckett, Ila Steele Patterson, Gladys Maness and Mary Lucy Montgomery; Mrs. E. G. Rice, the Senior Sponsor, and the hostess, Mary Rucker.

Twelve Briscoe County Youths Employed by NYA

AUSTIN, Jan. 29.—A work project in Briscoe County giving employment to 12 youths was approved today by Lyndon B. Johnson, National Youth Administrator for Texas.

The project calls for part time employment of youths from rural relief families in the improving and beautifying of the school grounds of Briscoe County schools.

A total of \$232 will be spent by the National Youth Administration and the Briscoe County Schools will spend \$200.

All youths, between the ages of 16 and 25 years, whose families were on relief prior to January 1st are eligible for the work, but must first be registered with the National Re-employment Service.

The objective of the National Youth Administration is to create worthwhile projects which when completed will be a useful memorial to the efforts put forth by the youngsters.

FLOMOT SCHOOL BOX SUPPER TO BE HELD TONIGHT

The Box Supper at the Flomot school, scheduled to be held last Thursday, January 30, was postponed due to weather conditions and will be held tonight (Thursday) at 7:30 at the school auditorium at Flomot. All prizes will be awarded as announced last week. The box supper is sponsored by the Flomot School, and proceeds will be used for the benefit of the Flomot Junior Boys Basketball fund.

The first entries in the hog section consists of seven head from Dunaway Martin, Celina. P. T. Underwood, Denton, submitted the first sheep entries of 20 head. The first entries in the club lambs class was a single head from Joe F. Robinson. Entries in all livestock divisions of this show close February 22.

CINCO UNION MEETING POSTPONED

The regular monthly session of the Cinco Union, five-member organization of Epworth Leagues of Turkey, Quitaque, Flomot, Matador and Whiteflat, which was scheduled to be held at Matador Monday evening has been postponed due to inclement weather conditions. The meeting will be held at the Methodist church in Matador Sunday afternoon. Members of the Turkey Epworth League will be in charge of the program.

S S ENLISTMENT CAMPAIGN AT BAPTIST CHURCH HERE

Rev. Willis J. Ray, District Missionary of the Big Spring Baptist Association, conducted a Sunday School Enlistment campaign at the local Baptist church Sunday afternoon. Rev. Ray, and A. B. Muncey of Lockney who assisted him in the campaign, were the principal speakers of the afternoon.

The Sunday School revival campaign is now in progress over this entire district of the Baptist church. Fourteen churches, including the Quitaque station, are cooperating in the movement in the district. Rev. R. Neal Greer, local pastor, stated.

LEGAL VOTERS PASS SEVENTEEN HUNDRED MARK

Over 300 More Voted In County Than In 1934

Approximately 1700 vote eligible to go to the polls in this county, unofficially from the Tax Collectors dictate, on the basis of figures at midnight Friday, January 31. The figures, supplied last week by Sheriff N. R. Honea, will be official until final check, but indicate the approximate strength in this county.

The above figures include number of poll taxes paid, supplementary poll taxes, approximately 1400 poll taxes and supplementary poll taxes received by the county office closing Friday. Exemptions in the county totalled approximately 300, bringing the total voting strength to the 1700 mark.

No accurate comparison can be made with the total voting strength in the 1934 election, due to the fact that no record was made at that time of the number of exemptions. The law requiring exemption certificates did not go into effect until this year.

Poll tax receipts this year, however, show a considerable advance over those for 1934, Sheriff Honea stated. Approximately 1200 poll taxes were paid before the last election as compared with approximately 1,400 this year.

When questioned in regard to exemption certificates, Sheriff Honea stated that insofar as his office is concerned, no more certificates can be obtained, as under the law application for the exemptions had to be made during the same period allotted for the payment of poll taxes. That period was closed at midnight, January 31.

Roy H. Hohn of Kansas Purchases Briscoe Co. News

Roy H. Hohn of Dighton, Kansas, last week announced the purchase of the Briscoe County News Silverton weekly newspaper, from R. B. Boyle, who has edited the paper for the past three years. The new owner will be assisted by J. W. Faust, Worth Alexander and Miss Paye Alford, all former employees of the News.

Hohn recently has been associated with the Cimarron Jacksonian, at Cimarron, Kansas.

Mr. Boyle, who has been editor and publisher of the News since 1932, has not announced his plans for the future, but will remain in Silverton for a short time.

PANTHERETTES LOSE AT TELL TOURNAMENT

Entering the Girls' Invitation Basketball Tournament at Tell last Saturday, the Quitaque Pantherettes were eliminated in the semi-final round, losing a hard-fought game to the Quana Indians by a three point margin, 21-18. The Pantherettes, drawing a bye in the first round of the tournament, were advanced to the semi-finals without playing a game as their opponents forfeited. The Quana game, played Saturday afternoon, was their only game of the tourney.

LOCAL FANS ATTEND GAME AT SILVERTON

The Way of Inflation By RAYMOND PITCAIRN

National Chairman Sentinels of the Republic

If a merchant, or a farmer, or the average householder persistently spends more than he earns, he goes broke. He pays for his folly in the wreck of his business, his property, and, perhaps, his career.

With governments it can be different. From time to time various nations have indulged in continued reckless expenditures, yet escaped immediate collapse. How? By resort to the desperate remedy of inflation—whether of currency or of credit.

The difference is that the individual bears the brunt of the blow himself, while governments pass it on to their citizens.

History has demonstrated this on many occasions. Perhaps the best remembered example of recent years is that of Germany, where post-war inflation brought hardship and hunger to millions of workers. Records do not show that the clever politicians who brought it all about, or the very rich, went hungry. They were reserves for the average run of citizens, who saw prices rise so swiftly that neither earnings nor savings could keep pace with them.

For a while the situation grew so serious that workmen found it necessary to demand pay for their services at the end of each day's labor. They knew that if they waited, prices might mount so rapidly that even a week's pay couldn't buy one bowl of soup.

Germany's experience was not an isolated one. It has been duplicated to a lesser degree in many countries and in many periods of history. It is because of the evidence such experiments offer, that an increasing number of thoughtful Americans oppose the course of reckless government expenditure that causes inflation.

The concern of such citizens is not for the very rich and the very shrewd—who know just when to buy and sell, or how to rig or play the stock market. It is rather for the average family that depends on a weekly or monthly wage for income, and a savings account or life insurance policy for security. These are the people who shoulder the burden and suffer the hurts of inflation.

And those are the people who can stop its course.

They face a great responsibility. Under our Constitution the conduct of national affairs rests ultimately in their hands. If they insist on reasonable economy, the men who represent them in government must obey the mandate. If they remain indifferent, they encourage either the burden of increased taxes, or the still heavier toll of inflation with all its golden opportunities for the speculator, and its grim penalties for the worker.

Panhandle Texas counties have a record of leading other counties of the state in repayment of Government loans of various kinds, such loans averaging about \$700 each.

EYEGLASSES RUBBED WITH GLYCERINE WILL NOT BECOME BLURRED FROM STEAM FORMING. TEARS OF WOE OR JOY—ON SCREEN AND STAGE—ARE MADE OF GLYCERINE. SOME BAKERS USE A LITTLE GLYCERINE IN CAKES TO KEEP THEM FRESH LONGER. ANOTHER example of the fascinating facts behind common everyday things is provided by Glycerine. Discovered only a hundred and fifty years ago, this ingredient now enters into literally hundreds of household and industrial products and lends itself to a multitude of beneficial uses. The well-known artist, Mr. Frank Hanley, has illustrated a few of these uses in industry and in your personal life. Glycerine is especially close to the average person's life because it is used so widely in medicines, foods and cosmetics—life, health and beauty! Next to water, it is the liquid most extensively employed in medicines. Most syrups, flavorings and dozens of other prepared foods take advantage of glycerine's freshness and purity, and cooks are increasingly finding it helpful in the kitchen. You can scarcely find any cosmetic—lotion, cream, perfume—that does not have recourse to the soothing powers of glycerine. There is certainly drama behind everyday products!

JOIN THE RACE

Folks, the most peculiar race in history is being held in typing. The first and most peculiar thing about the race is that it will take a whole semester to complete. A second very outstanding peculiarity about this, the most peculiar of all peculiar races is the type of vehicles that are entering the race. In fact, if the type of vehicle affects the speed, some students will stand a very poor chance of winning. Fortunately, however, this is not the case. Advancement is determined by the number of words the student is able to type per minute.

Occasional speed tests are given and the student gets a chance for advancement. Or, if he happens to have an off day, he may do a little retreating.

Do You Ever Wonder

Whether the "Pain" Remedy You Use is SAFE? Ask Your Doctor and Find Out

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

THE person to ask whether the preparation you or your family are taking for the relief of headaches is SAFE to use regularly is your family doctor. Ask him particularly about Genuine BAYER ASPIRIN.

He will tell you that before the discovery of Bayer Aspirin most "pain" remedies were advised against by physicians as bad for the stomach and, often, for the heart. Which is food for thought if you seek quick, safe relief.

Scientists rate Bayer Aspirin among the fastest methods yet discovered for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved it safe for the average person to use regularly. In your own interest remember this.

You can get Genuine Bayer Aspirin at any drug store—simply by asking for it by its full name, BAYER ASPIRIN. Make it a point to do this—and see that you get what you want.

LEGAL VOTERS

(Continued from Page 1)

However, according to Honea, the Tax Collector's office will not pass on the eligibility of any person to vote for lack of a certificate. That will come under the jurisdiction of the election judges.

In such cases, the voter should apply to the election judge, making affidavit as to his or her age, for a ballot. While the law requires persons entitled to exemption (those over sixty years of age or those receiving their first vote at 21) to present a certificate of exemption in order to receive a ballot, insofar as the Tax Collector's office is concerned the matter will be left to the discretion of the election judge.

While no more exemptions can be made by the county office, an affidavit of age presented to the election judge may be sufficient evidence to obtain a ballot, Sheriff Honea said.

PANTHERS LEAD

(Continued from Page 1)

Cubs by a 42-21 margin in a surprising upset. The Cubs, having won an early season game from the Panthers and dropped another by a narrow margin in the consolation play at the Carey Tournament, were rated as stiff opposition for the local cagers.

Minus the services of Jack Edmondson, star forward, who was out of the game with an injured leg, the Cubs trailed the entire game as the Panther machine clicked smoothly in scoring combinations. The locals led 20-9 at the half, and maintained a 33-13 margin as the third quarter ended.

With the announcement Wednesday that the Floydada Whirlwinds have forfeited their scheduled game with the Quitaque Panthers here Friday evening, the local cagers add another conference win to their record. They will attempt to add another when they meet the loop-leading Turkey Turks in a conference game at the Turkey gym Friday night. The Panthers have lost only two conference games—to Turkey and Paducah—this season.

Right and proper for the farmer to have any thing except a mortgage and a tired back. Farmers are awakening to the fact that they are a part of this United States and are entitled to a few considerations themselves. They're beginning to fight for theirs too—Power to 'em!

Committee of Nine
There were several "Comm'tees" mentioned at the Waco meeting but that "Black Robed Nine" stole the show. Almost without exception the speakers took a fling at the majority decision on the AAA. Due to the limited space here I won't try to repeat some of the things that were said about those (in)Justices—and anyway I might not be able to put it as strong as it was put up at Waco. I was only in the navy two years and didn't learn all the cuss words they have and I'm sure I'd have to have all of 'em to express the farmers feelings for the court. It was not hinted that the courts wings should be clipped a bit, but it was brought out several times that the wing and tail feathers should be plucked. That Waco bunch all agreed that if equality for agriculture was unconstitutional with our present constitution that its high time the constitution be amended to give agriculture a break.

New Program Developments
The substitute for the AAA is being pushed as rapidly as possible. Our representatives run into snags from time to time and have to rework their plans. They are doing their best to work out something that will pass Mr. Roberts quizzical eye. The Seven Point Soil Conservation Bill is now before the Senate for its flaying. It has met the approval of both House and Senate Agricultural

Milestones of American Genius

Memorial to the Great Emancipator, at Wabash, Ind.

ABRAHAM LINCOLN

No other American is so deeply revered as Abraham Lincoln and that reverence finds symbolic expression in scores of monuments to his memory throughout the land. The impress of his personality is deeply graven on the heart of the nation. The sobriquets under which he is still known to all of America—Honest Abe, The Rail Splitter, the Great Emancipator—are a measure of the love which informs that reverence.

Abe Lincoln was humbly born at Hodgenville, Kentucky, in 1809—on February 12, which is now a national holiday in commemoration of that event. In spite of poverty and misfortune, he educated himself for the law, studying avidly what books he could borrow. After years of grubbing at ill-paid jobs as store clerk, rail splitter and handyman, he qualified for the bar.

He remained obscure for a long time. Nationwide prominence came to him, however, through his debates with the gifted and cultured Stephen Douglas on the slavery question. The country discovered Lincoln

and in a period of extreme sectional tensions, elected him President of the United States in 1861.

The perilous Civil War years followed, lighted by Lincoln's wisdom and kindness while the nation sought "a new birth of freedom," in the words of the immortal Gettysburg address. He was preparing for the task of reconstruction when destiny intervened. Lincoln was assassinated on April 14, 1865, only four days after the cessation of hostilities.

His martyrdom put an edge of pathos to his fame. Outstanding poets, sculptors and architects have given their finest talents to enshrining his memory in words and in stone.

The best known of these tokens are at Springfield, Illinois, where Lincoln is buried, and at Washington, D. C., in the magnificent Lincoln Memorial. The recent monument erected at Wabash, Indiana, in 1902, (shown above) is proof that the present generation is not remiss in doing honor to the Rail Splitter.

Committees, however there were no Industries members on these Committees. They may have plenty of trouble getting by any kind of a bill to aid agriculture.

Our Part in This Fight
The farmers all have a part to play in this fight. We should keep our congressmen and Senators prodded along by letting them know in no uncertain terms that we're expecting some kind of farm program, but that we are demanding a program that will give the farmer an equal show with industry.

Farmers are also warned that whether or not we have to make a living for ourselves and families. We should busy ourselves with carrying on the most economical farm operations that we can. Lets not produce a cotton crop at a cost of 12 cents and have to sell it this fall at 5 cents. Lets produce a 3c crop so this fall when we sell for 5c we'll still have a profit. This can't be done behind the steering wheel.

Terracing Again
With the clearing of the weather we'll be back on the job running terrace lines and doing all kinds of Extension work. We don't have any AAA work to do just now. Did you know that terraced and contoured lands pay a dividend. They do—you should try it.

AT THE THEATRES

QUEEN—Quitaque
A great drama of excitement and emotion on America's last frontier, "Barbary Coast"—will be presented at the Queen Theatre Thursday and Friday nights in the week's top billing.

Miriam Hopkins, Edward G. Robinson and Joel McCrea are starred in the great epic drama. The screen play was written by Charles MacArthur and Ben Hecht, who have authored many screen successes.

A lurid tale of the riotous streets of old "Frisco," and the Barbary Coast, called the toughest spot in America after the days of the Gold Rush—the picture brings to the screen a new chapter in America's dramatic history.

All the thrills of a tender romance in the midst of the toughest town on earth, together with the ribald horrors of the day—are brought together in the great screen play: The entire history of the gaudy gold coast passes in review. Edward G. Robinson, in a difficult role as gambler, murderer and ruler of the "coast" becomes the most hated man

thrilling story of pounding hoofs, racing hearts and romance in the blue grass country.

Russell Hardie and Dorothy Wilson are the principals in a touching love story, and Will Rogers the moving spirit behind the whole plot.

A slight advance in prices will be made for the great feature.

Thursday only the Palace features "So Red the Rose," with Margaret Sullivan, Randolph Scott and Walter Connolly—followed Friday and Saturday by "Wonders of the Wasteland." On the Tuesday-Wednesday spot is the popular comedy romance, "Seven Keys to Baldpate," with Gene Raymond and Margaret Callahan.

GEM—Turkey
R'n-Tin-Tin, Jr., son of the famous wolf dog of earlier screen days, returns to the screen at the Gem Theatre Thursday and Friday nights in James Oliver Curwoods famous story of the great Northwest, "The Test." Co-billed in the same program are the action pictures of the Rose Bowl game between SMU and Stanford University.

Tim McCoy appears on the Saturday spot in "The Man from Guntown."

On the Sunday matinee, Monday night show comes Ginger Rogers, glamorous star of "Roberta" and a dozen other hits in a new show, "In Person," with a new leading man, George Brent. A highly amusing tale of the deflation of a conceited movie queen, Ginger, by a he-man with a sense of humor, George Brent "In Person" has established itself as a national hit. Allan Mowbray and Joan Breslau are in supporting roles.

"Two in the Dark," with Walter Abel and Margot Greshame, plus Major Bowes Amateur Theatre of the Air, completes the bill for the week Tuesday and Wednesday.
