QUITAQUE, BRISCOE COUNTY, TEXAS, THURSDAY, APRIL 23, 1936

No. 21

Looking Things Over

By "MACK"

FLASH! To out of town subscribers—Press reports state that all of Texas receives rain. According to that information, Quitaque is in Utah or Colorado or South America—because we have received exactly NONE—but we still got hopes, Mister—we still got hopes.

The Quitaque Racquet Club, boys tennis organization of the city, is continuing a beautification program started with the inauguration of the Centennial Clean-up Campaign early this spring.

Continuing the clean-up and paint-up campaign on the club tennis court and grounds, members of the organization last week planted a number of trees, vines, and shrubs in an effort to improve the appearance of an unsightly corner on Quitaque's Main Street.

Twelve trees, including cottonwood, Chinese elm, silver-leaf maples and cedar, were set out, and plans are being made for planting additional shrubbery.

The Racquet Club have been aided in the work by many friends in the community who have donated the plants and shrubs.

Their example in improving and beautifying a portion of the city might well be followed by other organizations and individuals in Quitaque and vicinity with pleasing results, and at a very small cost. Think it over.

LOCAL BAPTIST ATTEND BTU MEETING AT WHITEFLAT

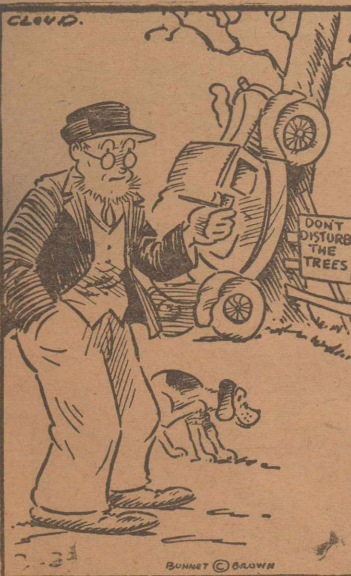

A large delegation from the local Baptist Church, headed by Rev. R. Neal Greer, attended a Zone meeting of the BTU held at Whiteflat Sunday afternoon. Thirty-five members of the local church were present at the session.

The meeting was held at the Methodist Church at Whiteflat as a new Baptist Church is now under construction in that community.

Attending the meeting from Quitaque were: Rev. and Mrs. Greer and Neallita, Mr. and Mrs. Gene Bedwell, Mr. and Mrs. P. P. Rumph, Mr. and Mrs. Ed Dunavant and children, Mrs. Everhart, Mr. and Mrs. H. E. Berry, George Owens and daughters, Margaret and Betty June, Wanda and Charles Burgess, Dorene and Yvonne Shelton, Otis Wilson and son and daughter, Frankie Sanders, Mr. and Mrs. W. M. King and son, Mrs. Walter Merrell, Mrs. Roy Burgess, Mrs. S. T. Bogan and children and Genevieve Stone.

Czecho-Slovakian automobile drivers are forbidden to smoke, while driving, as many road accidents are said to have been caused by this practice.

Luke Barker Says:

A LOT O' WORMS HAVE TURNED AT TH' WRONG TIME WHILE DOIN' ROUND SIXTY. NANCY SPARKS SEZ THEY TH' ONLY DIFFERENCE SHE SEES IN BEIN' MARRIED IS THEY BEFORE MARRYIN' HER MAN HE FOUGHT FOR HER, NOW HE FIGHTS WITH HER.

PANTHER TRACK TEAM WILL ENTER REGIONAL MEET

Locals Expect to Win At Least Two Events

With strong prospects for regional winners in at least two events, Coach Trenton Davis will leave Saturday for Canyon with a squad of six for the Region No. 1 Interscholastic Track and Field Meet, to be run on the WTSTC track.

Ray Morrison, holder of the District 4 Shot put record, and Elliott Lee, perennial contender in the Mile Run, will head the Panther thin-clads in a bid for recognition in Region 1.

Morrison scored heavily in the District 4 meet at Childress April 11, heaving the 12-pound shot to a new record mark of 50 feet, 7 inches, to overshadow all competition, and is favored to repeat at Canyon Saturday.

Lee, twice winner in District competition at Childress in the Mile run, is expected to improve his time of 5:03 on the faster cinder track at WT, and will put in his bid for his first regional championship.

Ernest Kelly, entered in pole vault and high jump, Lee in relay and mile, Eddleman in relay and high and low hurdles, Hutcheson in high hurdles, broad jump and relay, Morrison in the shot put, and Hal in the relay, 440 and 100 yard dash, will compose the Panther track team entering Regional competition.

The local track squad captured fifth place in the District 4 meet at Childress two weeks ago, finishing 6½ points behind the winning Estelline team in one of the closest races in District 4 history.

Morrison, with his record breaking performance in the shot put at Childress, has outshadowed all competition in Region 1 districts this year, and is favored to take the Regional crown in that event.

A Panther quartet will make a strong bid in the mile relay, with Hutcheson, Eddleman, Lee and Hall running in the order named, but will face powerful competition in a record breaking Estelline squad from their own district.

Marks set in District 4 competition this year compare favorably with those recorded in other Districts of Region 1, records indicate. A large field from over the entire Panhandle region will compete in the meet, all pointing for the State Interscholastic Track and Field meet at Austin in two weeks.

Over \$50,000 Loaned To Briscoe Co. Home Owners By H O L C

SAN ANTONIO, April 21.—Home owners in Briscoe County have received loans, for refinancing purposes, from the Home Owners' Loan Corporation, amounting to \$52,882, as of January 2, 1936, according to an announcement made by H. P. Drought, State Director of the National Emergency Council for Texas. This total represents 37 individual loans to home owners.

The total amount of loans closed in Texas by the Home Owners' Loan Corporation as of January 2, 1936, was \$101,823,418, representing 43,741 individual loans. Six hundred and fifty-nine applications were pending on the above date.

As of March 26, 1936, 1,000,749 loans, amounting to \$3,031,168,924 had been closed by the Home Owners Loan Corporation throughout the United States. The average loan amounted to \$3,030. On March 26, 1936, 17,963 loan requests remained on file with the corporation.

One death in every nine is the result of an accident which means that one-ninth of the lives lost could be saved if people were a little more careful.

Movie Stars See Exposition Music

John Boles and Gladys Swarthout, motion picture and radio stars, visited the Texas Centennial Exposition grounds together when they were in Dallas recently. They are shown inspecting a rare, twelfth century sacred anthem, part of the historical exhibit planned by the Exposition first Southwest World's Fair, which opens in Dallas June 6. Mr. Boles, a native Texan, told Exposition officials that dozens of Hollywood movie stars have made plans to attend the big show during its June 6-Nov. 29 run.

Foard County To Celebrate Anniversary On April 27 and 28

CROWELL, April 21.—Plans for the Anniversary Jubilee in observance of Foard County's forty-fifth birthday to be celebrated here Monday and Tuesday, April 27 and 28, are rapidly nearing completion.

Beginning early in the morning of the first day of the celebration, bombs will be exploded periodically to announce officially the opening of the Forty-fifth Anniversary Jubilee.

Most of the morning of the opening day will be devoted to registration of Foard County's pioneers and other visitors. At noon the old time cowboys will be given an old fashioned chuck wagon dinner.

A huge pioneer parade will be the feature of the Monday afternoon program. It is scheduled to start at 1 p. m.

At 3 the first of a four-performance rodeo will be staged. A memorial service for Foard's pioneers which will honor both living and dead will be held in the Methodist Church on the morning of the second day. An appropriate unveiling ceremony for monuments for Cynthia Ann Parker, famous character of Texas and local history, and Robert J. Foard, the man for whom the county was named, has been arranged, if the markers arrive in time for the celebration.

Rodeo performances in the afternoon and night will conclude the celebration of Foard County's Forty-fifth Anniversary Jubilee.

GAS MANAGER ATTENDS SAFETY MEETING MONDAY

C. M. Walden, local manager of the West Texas Gas Company, attended the monthly safety meeting of company employees at District headquarters at Lubbock Monday evening. He was accompanied by Mrs. Walden.

Junior Club Selects Course of Study For Next Season

"The Modern Woman," a study of woman of today in all sections of the world, was selected as the course of study for 1936-37 by the Junior Woman's Culture Club in a business meeting at the Los Lingos Hotel Tuesday evening.

Sixteen members of the club were present for the special session, held in the Los Lingos lobby, with Misses Gladys Maness and Mary Lucy Montgomery as joint hostesses.

Members answered roll call with suggestions for ways in which the Junior Club can help Quitaque. Interesting discussions were held.

Mrs. Roy Burgess, president of the organization, presided at the business session.

Members present were: Meses, Roy Burgess, A. C. Bickard, Jr., Leonard Pierce, Geraldine Roberson, Trenton Davis, Herman Duncan, Jimmy Partin, and J. W. Lyon, Jr.; and Misses Bess Baucum, Wanda King, Yvonne Thomas, Myrtice Hadaway, Minnie Mae Roberson, Seney Persons, Ila Steele Patterson, and the hostesses, Misses Maness and Montgomery.

QUITAQUE MASON ATTEND SILVERTON MEETING TUES.

Members of the Quitaque Masonic Lodge, headed by Dr. B. R. Ezzell, W. M., attended a meeting of the Certificate Men's Association of the 91st Masonic District, held with the Silverton Lodge, No. 754, Tuesday evening.

At the close of the session, cake, pie, and hot coffee were served by Silverton Masons.

Members of the local delegation attending meeting were: C. M. Walden, Leon Middleton, Orlin Stark, S. T. Bogan, E. E. Burgess, Gene Bedwell, and Dr. Ezzell.

AGRICULTURAL BRIEFS

BY THE BRISCOE COUNTY AGENT

The last two weeks has let Briscoe County get by without too many sand storms and with a few "sprinkles" and with clouds hanging around I'm sure we all feel a little better.

Wheat Measuring
The men who are going to measure the wheat land this year started this week. We have tried to get out notices to all of those who signed an application last fall to be sure and have your reduced acres staked off as well as your acres sowed to wheat. This must be done before the men start measuring your wheat.

If you have one-half an acre or more too much wheat when your

wheat is measured you are out of compliance and cannot draw any money on this year's crop. The same thing applies to any one who is short one-half acre or more. You must have seeded at least 54% of your base and not over 95% of it.

New Program News

We are expecting the work sheets for the new farm program to be here the latter part of this week. If they come in we will be ready to start on them the first of next week, and figure out just how the new set up will fit your own individual "pis-

(Continued on Back Page)

Quitaque Citizens Attend 4-H Club Meeting Thursday

Approximately forty County Agents, progressive farmers and business leaders met in Floydada last Thursday in the interest of 4-H club work in this section. Briscoe, Hale, Swisher, Motley and Floyd Counties were represented.

Briscoe County was represented by the County Agent and three men from Silverton and Orlin Stark, Ray Persons and Paul Hamilton of Quitaque.

Speakers from Texas A & M College outlined the 4-H Club work to the representatives present, showing, in part, how it educated the farm boys and girls in the methods of better farming and better living conditions.

Local delegates stated that a large part of the time was taken up in discussing the financing of the youthful farm boy or girl, and that the matter would be easily adapted here.

The delegates from Quitaque are very enthusiastic about the 4-H clubwork, and assured a representative of the Post that they would lend every effort in getting the organization started within the near future. Further information pertaining to this work will appear in the Post from time to time, and farm girls and boys will soon be called upon for their view of this project. Leaders in the movement here urge young people to study the many advantages of this organization and be ready to join when the actual time arrives.

Clarendon Editor To Head Panhandle Press Association

Newspaper men from the entire Texas Panhandle gathered at Amarillo Friday and Saturday for the annual convention of the Panhandle Press Association, largest regional press association in the world. One hundred and thirty-six editors and employees of newspapers from the entire Panhandle and eastern New Mexico were present.

Headquarters for the convention were at the Herring Hotel, with John McCarty, president of the Association, in charge of all sessions.

J. C. Estlack, Clarendon, editor of the Donley County Leader, was named president of the Association to succeed McCarty at the closing session Saturday. Albert Cooper of Shamrock was named vice-president, following Harry Koch, veteran editor of the Quanah Chief, and Clyde W. Warwick, editor of the Canyon News was re-elected secretary.

Jess Mitchell of the Muleshoe Journal and Douglas Meador of the Matador Tribune were named, with the officers, as directors.

The Quitaque Post was represented at the convention by Clement McDonald and Ben R. Ezzell. Mrs. McDonald and Carolyn visited friends in Amarillo during the week-end.

Visiting newspaper men and women were entertained at the Herring Hotel at luncheons Friday and Saturday, and at a banquet in the Crystal Ball room Friday evening, with dance and floor show arranged by friends of the Association.

Elmo Scott Watson, Chicago, editor of Publisher's Auxiliary, nationally known trade newspaper, was the principal speaker of the convention, addressing the group Friday. Noted speakers from over the Panhandle were heard on the two-day session, and interesting debates were held.

"Old Tack" himself (Gene Howe, publisher of the Amarillo Globe-News) acted as toastmaster at the Globe-News banquet Saturday noon.

WANT TEXAS FACTS

The number of inquiries, asking for information on Texas and the Centennial celebrations, received at the department of information for Texas Centennial celebrations in Dallas, rapidly nears the 100,000 mark. Literature descriptive of the state and its Centennial year observance is mailed to each person who asks for it.

M. E. REVIVAL DRAWING LARGE CROWDS DAILY

Work Being Done Is Substantial Say Pastors

Revival services at the Methodist Church enter the closing week with good crowds in attendance as W. L. Tittle, Presiding Elder of Plainview District, and Rev. F. Beauchamp, pastor of the Methodist Church at McAdoo, conduct twice daily.

"Unusually deep services are conducted at the morning (8 o'clock)," Rev. Tittle stated, "the congregation is responding to old-fashioned messages on Faith, and Ho'y Living."

Rev. G. L. Keever, local pastor, joined Rev. Tittle in stating to his opinion, the work being done at the revival here is of the most substantial in many years, will be of lasting benefits.

Assisting in the services is Rev. Frank Beauchamp, a former local resident and at one time a student in Quitaque High school, whose work with the young people, as well as a song leader and soloist, has received favorable response.

Rev. Beauchamp is conducting young people's meetings at 7:30 each evening before the regular services open, and extends a cordial invitation to the youth of the community to attend.

Rev. Tittle spoke before the student body of the local schools at the school auditorium Wednesday morning at the invitation of Supt. E. W. Scheid.

The revival services will close Sunday evening, according to plans. Both of the visiting pastors expect to be here for the closing services.

"We expect that a good class of new members will be received into the church at the eleven o'clock service Sunday morning," Rev. Tittle stated.

Rev. Tittle has had far-reaching results in revivals conducted in addition to his regular work as presiding elder, having conducted successful meetings at churches in Tulsa, Littlefield, Olton, Lockney, Matador, and McAdoo during the past year.

Rev. Tittle will bring a message tonight (Thursday) on the subject, "Sin Cannot Be Hidden," and will speak Friday evening on "The Power of Sin to Destroy."

Local Young Men Appointed to National Resettlement Service

R. S. Lew's and Alton Johnson last week received notice of an appointment from national headquarters in Washington, D. C., to the National Resettlement Administration Service in this District.

Johnson and Lewis left Monday for Amarillo, District Headquarters for the Resettlement Service, to accept the appointments.

Lewis resigned his position, effective Monday, with the Works Progress Administration as Government Supervisor on the WPA lateral road project through Gasoline to the county line, to accept the new appointment. He was succeeded by Jimmie Partin, who began his duties with the WPA here this week.

TEXAS OLD-AGE PENSION PLAN APPROVED BY BOARD

WASHINGTON, April 21.—The Federal Social Security Board Tuesday approved Texas' old-age pension plan.

The action will provide the state with a government allotment matching dollar-for-dollar anything the State spends to aid its aged needy up to a maximum of \$30 a month per person.

Board officials said Texas had about 60,000 persons eligible for benefits, which would go into effect June 1.

NOTICE OF ELECTION

THE STATE OF TEXAS.
TO THE SHERIFF OR ANY CON-
STABLE OF BRISCOE COUNTY
GREETING:—

You are hereby commanded to give
notice of election by making publi-
cation of the within order of election
by publishing same in each of two
successive weeks in a newspaper of
general circulation published within
Briscoe County, the date of the first
publication to be not less than four-
teen days prior to May 9th 1936, the
date of said election. A substantial
copy of the order of election being
as follows:

ORDER OF ELECTION
IN COMMISSIONERS COURT OF
BRISCOE COUNTY
THE STATE OF TEXAS,)
COUNTY OF BRISCOE)

Whereas on the 13th day of April
A. D. 1936, a petition was pre-
sented to the commissioner's court of
Briscoe County, signed by M. A. Gra-
ham and more than fifty (50) others
praying this court to order an elec-
tion throughout Briscoe County to
determine whether a majority of the
Legally qualified taxpaying voters of
such county favor the creation and
incorporation of the area of such
county into a Wind Erosion Conserva-
tion District.

It appearing to said court that said
petition bears the requisite number
of signatures of the Legally qualified
property taxpaying voters of said
county and is in every respect in con-
formity with Law.

Now therefore, premises consider-
ed, the commissioners court of Bris-
coe County, Texas, does hereby or-
der that an election be held on Sat-
urday the 9th day of May A. D.
1936, at all of the regular voting
places in Briscoe County, to deter-
mine whether a majority of the Leg-
ally qualified taxpaying voters of
Briscoe County favor the creation
and incorporation of the area of said
county into a Wind Erosion Conserva-
tion District.

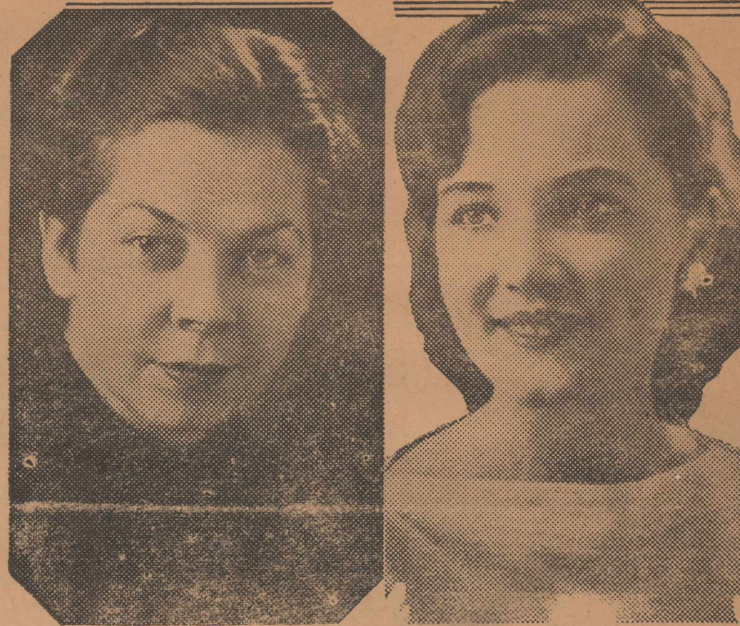

The officers of election heretofore
appointed, by this court, on the 11th
day of March 1935, to hold elections,
and known as general election offi-
cers, and who are qualified under
the Laws of this State to hold elec-
tions, at their respective voting box-
es in Briscoe County, be and they
are hereby directed to hold this elec-
tion.

The vote at said election shall be
by official ballot and each voter
favoring the creation and incorpora-
tion of such district shall have
written or printed on his ballot—
"FOR the creation and incorporation
of the Briscoe county wind erosion
conservation district."

And each voter who opposes the
creation of such district shall have
written or printed on his ballot—
"Against the creation and incorpora-
tion of the Briscoe county wind ero-
sion conservation district."

All persons who are legally qual-
ified taxpaying voters of Briscoe
County, Texas, shall be entitled to vote
at said election.
Notice of this election shall be
given by posting a substantial copy
of the election order in each of the
election precincts of Briscoe county,
and also one at the county court
house of Briscoe county. Such
notice shall also be published on the
same day in each of two (2) suc-
cessive weeks in a newspaper of gen-
eral circulation published within
Briscoe county, Texas, the date of
the first publication to be not less
than fourteen (14) days prior to
the date set for said election. Ex-
cept as herein provided the manner

Head Student Group Next Year

Published by the Students of Quitaque High School

THE STAFF

Editor-In-Chief Howard Hall
 Senior Editor Imogene Bedwell
 Junior Editor Jueata Whittington
 Sophomore Editor Edna Young
 Freshman Editor Alene Broxson
 Sponsor Miss Yvonne Thomas

the folies, Jean Har'ow the second.
 Ethelyn Bailey to go to college.
 Tom Persons to be a tall, dark hand-
 some ladies' man.
 Virgil Hollis to be an all Ameri-
 can football hero.
 Thomas Shelton to be a hard boil-
 ed professor of Mathematics.
 Evelyn Messimer to be an elec-
 trician's wife (look out Starkey,
 she's pison).
 Leroy Stone to be a great lawyer.
 Mae Love to be the largest lady in
 the world.
 Graham Harvey to carry the mail
 from the depot.
 Bill Cutbirth to be a wild and
 woolly cowboy.
 Haze! Dorsey to be a stenograph-
 er in some large city.
 Belva Roberson to have a lovely
 home in Kansas City.
 Dorothy Keising to be some one's
 own dear darling wife.
 Joe Taylor to own a large cotton
 farm near Quitaque.
 J. B. Tiffin to be president of the
 U. S. A.
 J. R. Lusk to own an ice cream
 factory.
 Jueata Whittington to succeed
 Miss Baucum as typing teacher.
 Johnny Womack to be a Congress
 woman so that she can use her de-
 bating ability.
 Ruth Taylor's greatest ambition is
 to laugh. We hope she will reform.
 Bertie Cast'berry: We have only
 one ambition left. She will have to
 be an orator.
 Miss King's ambition is to have
 the quietest class in school.

TYPING NEWS

In rating typing speed test a de-
 duction of 10 words per minute is
 made for each error after the speed
 tests have been rated. The highest
 test for accuracy has been made by
 Ethel Carter which was 56 words a
 minute without an error. She has
 received a silver typing pin for this
 record. There have been six bronze
 pins awarded for 40 words a minute
 with less than five errors. Twenty
 certificates have been awarded for
 30 words a minute. Our students
 hope to attain a speed of at least 60
 words a minute before the close of
 school. If a speed is attained of
 60 words there are awarded gold
 pins. Some of the juniors to re-
 ceive awards are: 40 word pins—Joe
 Bailey Payne and Katherine Keever,
 30 word certificates, Mae Love, Dor-
 thy Keising, Walter Taylor, Jack
 Hutcheson, Graham Harvey, Haze,
 Dorsey and Viola Robins.

BOOKKEEPING NEWS

In bookkeeping we are now work-
 ing on a set of farm books. A set
 of books for a wholesaler furniture
 business has just been completed.
 Students served as freight agents,
 bank tellers, and clerks. Actual
 check books, notes, drafts and other
 documents were kept. A working
 knowledge of the fundamental of
 bookkeeping has been attained, and
 the personal books of students will
 have an asset on hand that we hope
 will prove useful in their daily work
 after graduation. We have one jun-
 ior in our midst in bookkeeping, a
 class usually open on'y to seniors.
 This junior is Joe Taylor.

AMBITIONS OF JUNIORS

Elliott Lee to be a great track
 man.
 Chick Robins to be a great basket-
 ball coach.
 Jack Hutcheson to be one of Bob
 Will's Texas Playboys.
 Kathryn (Cat) Keever to be Doc-
 tor Keever.
 Edward Grundy to be a great
 comedian (see "Fingerprints" and
 you'll agree he will be successful).
 Mary Edith Gentry to be a great
 teacher.
 Frances Graham to be a lady in
 thing. Especially from the Seniors.

Q H S
THE JUNIOR CLASS
 The Juniors have been unusual-
 ly successful this year. There were
 five Junior boys who received foot-
 ball and basketball sweaters this
 year. They were: Tom Persons, Jack
 Hutcheson, Elliott Lee, Virgil Hollis
 and B'l Cutbirth. The girls who
 lettered were: Ethlyne Bailey, Fran-
 ces Graham, Chick Robins, Johnny
 Womack and Evelyn Messimer.

Q H S
THE JUNIOR CLASS
 The Junior class sent several of
 their members to participate in the
 county meet at Silverton. There
 were several first places received.
 Our Jun'or boys were successful at
 the district meet. The Juniors have
 ranked highest in the number they
 have had on the honor roll this year.
 We, the Juniors, think that this class
 has been one of the best in the his-
 tory of the Quitaque School.
 The Junior year in high school
 school seems to be the best of all.
 The Juniors have advantage over
 the Freshmen because the first el-
 ways gets the last part of every-
 thing. Especially from the Seniors.

The Juniors are luckier than the
 Sophs because they have two more
 years in high school while the Jun-
 iors have only one. As for the Sen-
 iors, their high school days are al-
 most over. In one respect the Jun-
 iors of this year regret that next
 year they will be Seniors. However,
 that they will do all in their power
 to keep the standards of the Sen-
 iors as high as it has been in pre-
 vious years.

Q H S JOKES

Salesman—These stockings are
 the very best patterns, fast color,
 holeproof, won't shrink, price far
 lower than elsewhere, and a very
 good yarn.
 Frances—Yes and you tell it well
 too.
 Edward—In the two years I've
 owned my car, I've taken a girl rid-
 ing every night.
 Johnny—Then why does the speed
 omeater only register two hundred
 miles.
 Mr. Davis—Tom, how many make
 a dozen?
 Tom—Two've.
 Mr. Davis—How many makes
 a million.
 Tom—Very few.
 Viola—Sometimes you see
 many and other times absurd
 fem'nate. Why is it?
 Virgil—Hereditly, you see
 anectors were men and the
 half were women.

Q H S
OIL FIELD TOURS
 Centennial year visitors in
 Texas may make a tour of the fa-
 mous East Texas oil field, accompan-
 yed by guides whose services will be fur-
 nished without charge by the Kil-
 gore chamber of commerce. They
 will see a forest of 20,000 oil derrick-
 s, many refineries, and other
 places of interest.

Q H S
 There wouldn't be so many 'head
 on' collisions, if there was a better
 head on some drivers.
 Wonder if you happen to be one
 of those citizens who neglect doing
 tomorrow what you put off doing
 today!

The Spirit of Jefferson

By RAYMOND PITCAIRN

National Chairman Sentinels of the Republic

"Since the days when Jefferson ex-
 pounded his code of political philoso-
 phy, the whole world has become his
 pupil."
 Many Americans undoubtedly recalled
 that tribute during the recent birthday
 honors to the author of our imperish-
 able Declaration of Independence.

How well, one wonders, do those of
 his pupils who wield political power
 today, remember the teachings of the
 Sage of Monticello? How faithfully do
 they apply his principles? Let's recall
 —for them and for ourselves—some of
 the precepts that Thomas Jefferson left
 us as a guide. Here, in his own words,
 is a record of his answers to many of
 the problems which confront us today—

Our Constitution
 "I do, with sincere zeal, wish an in-
 violable preservation of our present
 Federal Constitution according to the
 true sense in which it was adopted by
 the states."

Public Debt
 "Taxation follows public debt, and in
 its train wretchedness and oppression."

Economy in Government
 "I am for a government rigorously
 frugal and simple."
 "We must make our election between
 economy and liberty, or profusion and
 servitude."

Centralization of Power
 "It is not by the consolidation or cen-
 tralization of powers, but by their dis-
 tribution that good government is ef-
 fected."
 "Were we directed from Washington
 when to sow and when to reap, we
 should soon want bread."

Personal Liberty
 "A wise and frugal government, which
 shall restrain men from injuring one
 another, which shall leave them per-
 suits free to regulate their own pur-
 suits of industry and improvement, and shall
 not take from the mouth of labor the
 bread it has earned. This is the sum of
 good government."

Freedom of the Press
 "Our Liberty cannot be guarded but
 by the freedom of the press, nor that be
 limited without danger of losing it."
 "The People
 "If we can prevent the government
 from wasting the labors of the people
 under the pretense of taking care of
 them, they must remain happy."
 So long as our public men—and we
 ourselves—remember those teachings,
 the spirit of Jefferson lives. When we
 forget them, that spirit dies—and with
 it the true spirit of America.

SOIL CONSERVATION PROGRAM AIMS TO PREVENT EROSION AND REBUILD SOIL FERTILITY

COLLEGE STATION — "Every cultivated crop takes a definite amount of original plant food out of the soil, and the necessary cultivation of such crops exposes the land to erosion. This results not only in additional fertility losses, but also in losses of soil," says Jack Shelton, vice director and state agent of the Extension Service.

"Some crops deplete the fertility of the soil more than others and expose the land to a greater amount of erosion. It is the purpose of the new Soil Conservation Act to put part of the land formerly devoted to such soil depleting crops into crops which will prevent erosion and will rebuild the fertility of the land to insure a stable supply of foods and crops in the future.

A brief review of figures determined by the Agricultural Experiment Station over a period of nine years shows clearly the extent of erosion.

Land with a two percent slope eroded in cotton showed an average soil loss of 7.92 tons per acre. Land in milo lost 1.56 tons.

Figures show that aside from the plant food used by the farmers of the state pay more than 100 times as much washed away for a crop of cotton as they do for a crop of milo. Similarly, they pay more than five times as much for a crop of cotton as for a crop of buffalo grass.

"The importance of crops in the conservation of moisture was also demonstrated at Spur, where it was found that the cotton plot lost 2.83 inches of water in run-off; milo lost 1.76 inches; and the buffalo grass lost 1.03 inches.

"These results were obtained at the Substation near Spur in Dickens county, located in the Rolling Plains region of Northwest Texas. The soil on which this work was done is Miles clay loam and the results are considered as directly applicable to parts of 44 counties and approximately 14,000,000 acres of land of the Miles and Abilene and related series, and indirectly applicable to all of the sub-humid portion of Texas.

"Crops and practices which are best for preventing erosion in Texas and for rebuilding the fertility of the soil have been recommended to the regional director of the Soil Conservation Service by the State Conservation and Domestic Allotment Board which has been meeting recently at College Station. These crops and practices will be announced as soon as they have received the approval of the regional director.

"To qualify for payments under the new program, the farmer must take land from soil depleting crops and plant it in soil building and soil conserving crops or must use certain soil building practices on the land.

"Generally speaking, it will be necessary to have at least one acre of soil conserving or soil building crops to every five acres of soil depleting crops in the base acreage. This means that a farmer who has 100 acres of soil depleting crops in his base must have planted on his farm in 1936 at least 20 acres of conserving and building crops to participate in the program," Shelton said.

Tanning Demonstration
Wednesday was the first day of a two-day hide-tanning and harness-making demonstration being held at True Burson's farm. We will have a full report of it in next week's paper.

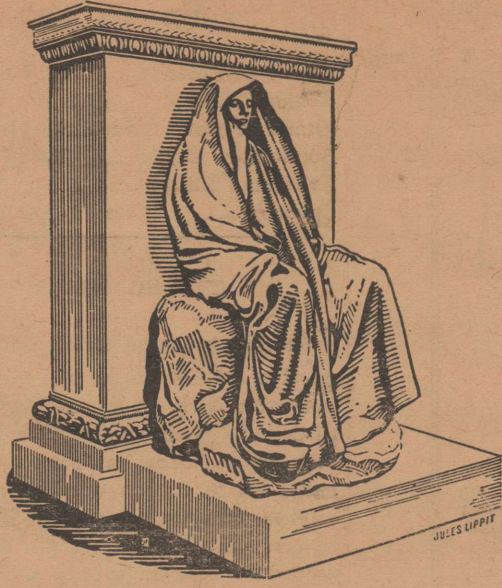

Wind Erosion
Those of you who have not finished plowing your blowing land to qualify for the erosion money had better keep busy at it—because if you are too long at the job they might take the money back and you will be left holding the sack.

NINE CANDIDATES SEEK GOVERNOR'S OFFICE

With Tom Hunter's announcement Sunday, the aspirants for the Governor's office now total nine. Texas voters, again this year, will have the old familiar mud-slinging campaign that always holds the "spot" in this state every two years. The candidates are: James V. Alfred for reelection. Roy Sanderson of Be'ton (the Ferguson candidate), W. F. Fischer of Tyler, Rube S. Wells of Cooper, A. E. Harding of Fort Worth, Pierce Brooks of Dallas, A. U. Puckett of Kaufman, Commodore Hatfield of Dallas and Hunter of Wichita Falls.

Milestones of American Genius

"Grief," the famous Adams Memorial in Rock Creek Cemetery; by St-Gaudens.

AUGUSTUS SAINT-GAUDENS

AMERICAN memorial art found its finest expression through Augustus Saint-Gaudens, the renowned sculptor, whose monuments to great Americans raised him to the pinnacle of artistic achievement. His noble tributes to many of our national heroes are to be met with in our larger cities and are familiar to millions.

Saint-Gaudens was born in Dublin, Ireland, on March 1, 1843, of an Irish mother and a French father. But America rightly claims him for her own, because he was brought here as an infant. In New York, where the family made its home, his father plied his trade as shoemaker, earning a modest living. The boy's talents showed themselves early, and at thirteen he was apprenticed to a cameo cutter. This trade supported him through arduous years as an art student, in the evening classes at Cooper Union.

By the time he was nineteen his skill as a sculptor was so marked that his parents, at great sacrifice, sent him to Paris for advanced study. A steamer passage was all they could afford. Later he went to Rome to study, and cameo cutting was his chief means of support there.

(Copyrighted by Memorial Extension Commission)

His skill, however, was soon recognized, and commissions for important memorials began to come to him. Among the first was the order for a memorial to Admiral Farragut, which is now standing in New York and is considered among the city's foremost sculptural possessions. The fame of Saint-Gaudens spread quickly. Among the many works that came from his studios, his spirited equestrian statue of General Sherman, also in New York, is especially celebrated. His Shaw memorial in Boston and the beautiful statue of Lincoln in England are two more of the products of his gifted hands.

Perhaps the most admired of Saint-Gaudens' productions, however, is the figure of "Grief," the Adams Memorial, in Rock Creek Cemetery, Washington, D. C., a sketch of which is shown above. It is probably the most famous private memorial in America.

Saint-Gaudens spent the last twenty-five years of his life in Cornish, New Hampshire, where his studio attracted dozens of students. On the grounds of the beautiful estate stands "The Temple," wherein are sealed the ashes of Saint-Gaudens, who died on August 3, 1907.

Washington Sidelights

By MARVIN JONES—Member of Congress from Texas

In the light of publicity given to some of the AAA benefits, which are in effect the farmer's tariff, it is interesting to note some of the vast benefits enjoyed by large industrial companies under our tariff system.

The Aluminum Company of America in 1934 had earnings to twelve million dollars. Their tariff protection is sixty percent. When the tariff on aluminum was doubled in the Tariff Act of 1922, they did not give labor and increase in wages whatsoever.

Among the large companies manufacturing products many of which enjoy a tariff protection are the United States Steel Corporation, the Allied Chemical and Dye Corporation, the Burroughs Adding Machine Company, the Eastman Kodak Company, the General Electric Company, the American Cast Iron Pipe Company, the Bethlehem Steel Corporation and the Continental Can Company.

All of these companies do business running into millions of dollars and some of them into hundreds of millions of dollars. Many of their products are protected by tariff rates varying from twenty to fifty percent.

AAA Payments
Some of the AAA benefit checks were large. I assume, however, that they were made according to formula and on an acreage or unit basis. The Department advises that in many instances the large owners had many tenants who participated in the benefits.

Millions of checks were paid to several million individual farmers in the United States within a limited time. If any of the payments were not made according to formula—in other words, if anyone was given more than his pro rata share, then those who are administering the act are subject to criticism, provided such an unfair allotment was intentional.

Whether or not the program as a whole can be justified will not depend on the merit of a few of these payments but upon how the program as a whole was handled. It cannot be denied that the increased purchasing power of the farm and ranch has caused business to improve all over the country and in every line. It is difficult to see how the Southwest could have sustained itself with out these payments.

I have no objections to any of the facts being made known and I understand the Department has none. In truth, I should like for the full facts to be made known all along the line.

The Tariff Wall
But alongside these facts should be disclosed the tremendous advantages gained under the tariff system by the above-named and other companies. Certainly the largest of the AAA benefit checks did not com-

pare in any way with the tremendous benefits enjoyed by the big industries behind the protection of the tariff wall.

I am not arguing the merits of either the farm or the tariff program. If there had been no tariff system, then no farm program would have been needed. Standing on the same level, the farmer could have looked after his own interests. But so long as we have a tariff system, certainly we should have a farm program.

Let the facts be known as to both.

BAPTIST W. M. S.

Members of both circles of the Baptist W. M. S. met in a Royal Service program at the Baptist Church Monday afternoon. A study of Pioneer Missions was conducted, with Mrs. O. T. Murphy leading the song service.

The devotional, taken from the parable of the Mustard Seed, was read by Mrs. Ray Persons. Mrs. Jim Stroup opened the program with a talk on "Pioneer Foreign Missions," followed by Mrs. S. T. Bogan with a discussion on "Pioneer Home Missions." Mrs. Ed Dunavant closed the program with a talk on "Pioneer Mission Spirit." The closing prayer was led by Mrs. Jacks.

The following ladies were present: Mesdames Persons, Dunavant, F. T. Lee, Murphy, Gradus Partain, C. E. Bedwell, Walter Merrell, Charles Gown, O. W. Stroup, J. W. Lyon, Jr., Grady Starkey, Jacks, J. N. Hamilton, L. E. Graham, Jim Stroup, J. C. Rhoderick, McCarham, Jim Steel, J. W. Lyon, Bogan, Hubert Inman, Roy Burgess, Morris Felton and L. D. Witcher.
