Looking Things Over

By "MACK"

The following was handed us by Mrs. W. P. Hall—look it over:

MAN AND HIS SHOES

How much a man is like old shoes! For instance, both a soul may lose, Both have been tanned, both are made tight

By cobblers. Both get left and right. Both need a mate to be complete, And both are made to go on feet. They both need healing; oft are sold And both in time turn all to mold. With shoes the last is first, with men The first shall be last; and when The shoes wear out, they are mended new.

When men wear out, they are men dead too.

They both are trod upon and both Will tread on others—nothing loath. Both have their ties and both incline When polished, in the world to shine. And both peg out. Now would you choose

To be a man or be his shoes?

MR. AND MRS. ROY BURGESS AT BIRTHDAY PARTY THURS.

Mr. and Mrs. Roy Burgess were honored jointly Thursday evening at a surprise birthday party at the home of Mr. and Mrs. E. E. Burgess. A number of friends of the young couple were present, enjoying four tables of Party two.

A table was stacked with a number of gifts for the honorees.

Two birthday cakes, each lit with candles, formed the centerpiece as delightful refreshments, consisting of Angel food and spice cake and ice cream were served by Mr. and Mrs. Burgess to the following guests:

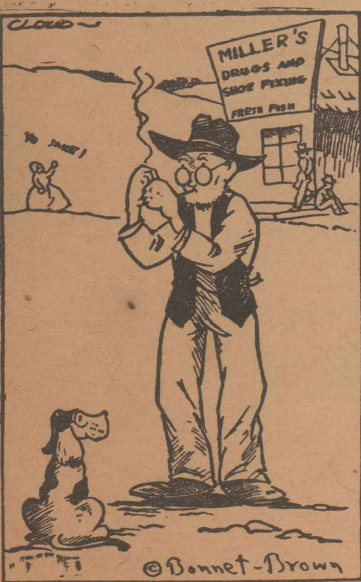

Messrs. and Mesdames C. E. Bedwell, Walter Merrell, A. C. Bickford Jr., J. W. Lyon Jr., Marion Roberson and Misses Minnie Mae Roberson, Mabel Atkinson, Seney Persons, and Jewell Everett and the honor guests, Mr. and Mrs. Roy Burgess.

LARGEST MIRRORED SURFACE

The Chrysler exhibit at the Texas Centennial Exposition will present the largest mirrored surface in the world, 7,000 square feet. This is several hundred square feet greater than the famed Hall of Mirrors at Versailles, France.

Every father wants his son to be a gentleman, but doesn't do much about it.

RAIN TOTALS OVER THREE INCHES IN MAY

Ample Moisture For Planting Over Panhandle

More than an inch of rain received here Thursday and Friday ended a precipitation during May that soaked the entire Panhandle region and brightened prospects for a good row crop season.

One and four one-hundredths inches received during the two days brought the total for the month to more than three and one-half inches.

Of that amount, a total precipitation of 3.35 inches was received in almost continuous rainfall over a period of thirteen days, beginning on May 17. Slow soaking rains blanketed the entire Panhandle and turned the famous "dust bowl" into a veritable lake.

According to reports, rainfall in this immediate vicinity was lighter than in most other portions. Precipitation in the region south of town has been variously estimated between four and five inches. Rainfall immediately north of here was approximately the same as was received in Quitaque.

Total rainfall for May, according to Weather Bureau records, was 3.60 inches here. That amount, records reveal, is more than two inches short of the 5.77 received during the same period last year.

The month's rainfall brought the total for the year to four and one quarter inches.

The slow-falling character of recent rains, however, has doubled their value to local farmers. Planting is well underway this week in most sections, farmers taking advantage of the moisture to rush through planting for fall crops.

Baseball Nine To Meet Lockney Here Sunday

Quitaque's Baseball nine will meet the Lockney Longhorns here Sunday afternoon for a long-deferred game between the two teams. The first game of the series was a close contest with a thrilling finish—the best of the season—and local fans are looking forward to the second meeting here.

The local club too a 9 to 6 decision over a Gasoline and surrounding communities at Patterson Field Sunday afternoon. The game next Sunday will be called at three o'clock. Admission will be ten cents straight.

PRIMITIVE BAPTISTS TO MEET HERE SATURDAY AND SUNDAY

Services will be held Saturday and friends of the Primitive Baptist Church at the school auditorium Saturday and Sunday. Elder P. J. Ausmus of Lubbock will deliver the messages.

Services will be held Saturday and Sunday mornings at the eleven o'clock hour, with afternoon services Saturday at two o'clock.

The public is extended a cordial invitation to attend all three services. Elder Ausmus has spoken here many times, and is well-known to local people.

WEDDING APPAREL

Among the historical exhibits at the Texas Centennial Exposition at Dallas will be the wedding apparel of Jacob de Cordova, Spanish explorer, and of his bride.

Another reason why it's hard for some people to pay their grocery bill is because the filling stations demand cash.

Lovely "Sweetheart of Texas"

To millions of people throughout the nation, who have read with interest the Texas Centennial's booklets describing the beauties of Texas, lovely Janice Jarratt was known simply as the "girl on the cover." But in response to a wide public demand Centennial officials revealed her identity as the San Antonio girl who won fame in New York as America's best-loved model and became ranked as one of the world's most beautiful women. Back to Texas she came last week, and in an elaborate ceremony attended by hundreds Governor James V. Allred bestowed upon her the official state commission as "Sweetheart of the Texas Centennial." It will be her duty to reign with charm and gracious distinction over many of the scores of Centennial celebrations being held throughout all Texas.

Engagement of Barbara Badgett Is Announced

To announce the engagement and approaching marriage of Miss Barbara Badgett to Edward E. Younger of Everton, Ark., Mrs. C. R. Badgett and daughter, Mrs. F. A. King of Fort Worth entertained with a Bridge Breakfast Tuesday morning, June 2, at 9:30.

Places were laid for members of the bridal party who read, with surprise, the messages that were concealed in talley cards and nut cups.

The breakfast table was covered with a lace cloth and centered with a bowl of beautiful American Beauty roses and honeysuckle. Other bouquets of the same flowers were placed about the entertaining rooms. A pink and blue color scheme was stressed in all the appointments.

Talley cards bore the concealed message, "A little bird told me Barbara and Ed are engaged." In the nut cups each guest found the following inscription, "June 29, 1935," and the additional information of the part she is to take in the bridal party. Plate favors were tiny sweetheart roses and fern. Dainty hand painted place cards marked each place.

The three course breakfast menu included grape fruit, tomato juice cocktail, ham with pineapple slices, poached eggs, toast, hot biscuits, coffee, strawberries mints and demitasse.

Guests were Misses Mary Ollie Persons, Isabel Price, Ila Steele Patterson, Lucille Persons, Amelia Tunnell, the honoree, Barbara Badgett, and Mmes. Gene Berry and Cleat Miller.

Frankie Sanders Entertained With Farewell Party

Frankie Sanders, popular member of the young set here and a member of the High School graduating class this spring, was honored last Wednesday evening at a farewell party at the home of Mrs. Amos Persons.

Rena Persons was hostess to a number of friends at the party. She was assisted in the entertainment by Mary Ollie Persons.

Miss Sanders will leave this week for Quanah, where she will visit in the home of her sister, Mrs. Jack Seale.

The entertainment was arranged carnival style, Miss Mary Ollie Persons calling the play in a series of "Beano" games. A number of prizes were presented the winning players.

Popular songs and piano numbers were also enjoyed.

Delightful refreshments of punch and cakes were served informally to the following guests: Margaret Graham, Marie Davis, Onale Grundy, Ethylene Bailey, Ruth Simmons, Elizabeth Ezzell, C. T. Rucker, Paul Vinyard, Jack Edmondson, Ben Ezzell, Lewis Bedwell, Charles Walden, Shine Stevens, Bud Bailey, Rucker Hawkins, Amos Persons, and the honoree, Frankie Sanders, and hostesses Rena and Mary Ollie Persons.

NEW ARRIVAL AT HOME OF MR. & MRS. BERT GRUNDY

Mr. and Mrs. Bert Grundy are the parents of a baby girl, born Thursday night. The young lady, weighing seven and one-half pounds at birth, has been named Earlene.

AGRICULTURAL BRIEFS

BY THE BRISCOE COUNTY AGENT

Cotton planting is really getting under way this week. The entire county has a good planting season now and it is expected that more than 25,000 acres will be planted to cotton this week. Some early plantings have come up to a good stand and promises to give the owners a good "work out" on account of the weeds being as smart as the cotton.

Notice to Wheat Growers
Whether you signed an application for a wheat contract or not last fall this applies to YOU.

Under the Soil Conservation Program (the new Farm Program) it is permissible to plow under 15 per cent of your present wheat crop as green manure and qualify for pay-

ment. If you signed the wheat application last fall and have already left out 5 per cent of your base acreage it will only be necessary for you to take out an additional 10 per cent—making a total of 15 per cent. If you failed to plant your maximum wheat last fall it is possible that you will not have to plow under any wheat and still qualify for payment. If you are interested come in and let's talk this over.

Time Extended

Sign up time on work sheets has been extended until June 10th. If you haven't signed a work sheet already and you don't intend to sign

Centennial Play Shows to Large Crowds This Week

"After Supper at the Old F Ranch," Quitaque's entry in the National Folk Festival to be presented at the Texas Centennial in Dallas on the 16th, played to a packed house as the SRO sign went up at the School Auditorium Monday evening.

A large and enthusiastic crowd was loud in its praise of the local play—which was written by Mrs. Lucille Ross Graham and directed by Mrs. E. C. Price—a true picture of the old days on the famous old F ranch.

The play was presented recently at the Regional Folk Festival in Memphis, and, with entries from Childress and Crowell, was selected to play at the National Festival during the Centennial in Dallas.

A cast of eighteen will leave for the Centennial City to present their production there on the Texas Centennial stage on June 16th. The local presentation Monday evening, and others at Flomot and Turkey Tuesday and Wednesday, was made to raise funds for the trip. Monday evening's performance was the first public showing in Quitaque.

More than fifty dollars was collected Monday evening as a capacity crowd filled the auditorium.

A snappy vaudeville program, with songs, dance, and music was presented in connection with the play. The program follows:

Orchestra—
Novelty song, "The Wooden Soldier and China Doll"—Children's chorus.

Oration, "Texas Women"—
—Anna Christine Faulkner
Campfire Songs—Cowboys of Cast Centennial Announcement

—Jesse J. Hall and Boyd Self
Tap Dancing—Lucille Persons and Amelia Tunnell.

Orchestra—
Centennial Play—"After Supper at the Old F Ranch."

A local girls orchestra played for the occasion.

Fire Destroys Basham Home Monday Night

A sudden blaze of undetermined origin early Monday evening destroyed a two-room frame residence, occupied by Dewey Basham and family, in the north part of town.

Part of the frame structure was saved by quick action of the local fire department, but the house was damaged beyond repair.

The entire structure was in flames when the fire was discovered, and while the department made a record run to the scene, little progress could be made. The blaze was discovered by Gaston Owens, driver for the fire department, who had just left the stage at the school auditorium at the close of Monday evening's performance.

The house is the property of C. N. Marshall, of Shreveport, Louisiana, a former local resident. W. P. Hall, who acted for Marshall in charge of the property, stated that no insurance was carried. No estimate of the loss could be obtained.

Time of the discovery was placed at about nine forty-five Monday evening, immediately after the final curtain on the Centennial play, which was on the stage at the auditorium.

No one was present at the house at the time, it is reported. A portion of the household furnishings were saved from the flames.

MISS ETHEL CARTER NEW GASOLINE CORRESPONDENT

Miss Ethel Carter, daughter of Mr. and Mrs. W. J. Carter, was selected this week as correspondent to the Quitaque Post from the Gasoline Community. Miss Carter will appreciate the reports of Gasoline sending in interesting news items before moon on Mondays.

Any assistance given Miss Carter will be greatly appreciated by the Post.

TENNIS MEET TO OPEN HERE THURSDAY P.M.

Large List of Stars To Bid for Cash Prizes

Local tennis fans may expect to see champions in action on courts this week-end as the Ar Quitaque Invitation Tennis Tournament opens Thursday morning.

Due to the large number of tournament play will start Tuesday afternoon instead of Friday, as was originally scheduled, effort will be made to complete on schedule, bringing up the championship flight Saturday afternoon.

Accompanying Children's dadas, Silverton, Happy, McL. Dimmitt and Lockney, all with formidable records, will meet here local champs in hot competition for fifty dollars in cash prizes.

Entries in the tournament continued to arrive this week, and already include such strong contenders as Fletcher Carter, City Tennis champ, and Sheffy Mahan, high school ace, from Childress; Judge Landers, former TIAA title-holder from Dimmitt; Clarence Wooten, three times first-ranking player at WTSTC, from Happy; and Elton Goen, Texas Tech ace, and Charles Newton, former SMU team captain and all-southwest conference netter, from Floydada.

Landers and Wooten will team together in doubles to form a formidable combination. Newton, with Buster Smalley of WTSTC, and Goen with Truman Kirk, Floydada High School ace; and Fletcher and Mahan of Childress will also be among the favorites in doubles play.

Local aces who are expected to provide formidable opposition are Virgil Gregg from SRSTC at Alpine, and F. M. Sachse of A & M, teaming together in Men's doubles; and Roy Burgess Jim Kelly, who form another strong doubles combination.

Strong competition is also expected in Girl's Divisions. Ava Swafford and Marie Landers, McLean, teaming together in doubles as well as making a bid for the singles title; and Leota Shelton and Louise Bedecker of Lockney are rated as strong competition.

Juanita Duncan and Onale Grundy, local entries who recently carried off honors at the Tulia Invitation meet, will be favored to advance as a powerful girls doubles combination. Both will enter Singles to bid for top honors.

Tournament play will open Friday.

Steers Raised By Graham & Son to Show At Dallas

Steers raised at Quitaque will be exhibited at the Texas Centennial in Dallas. These steers were sold by W. A. Graham and Son, who live one mile west of Quitaque.

Following is the report published in the Ft. Worth Star Telegram on Thursday, May 28th:

"Among the top sales of yearlings at the Fort Worth market yesterday was one of a load of 35 dehorned Hereford yearling steers by the National Livestock Commission Company for W. A. Graham & Son of Quitaque. These animals, averaging 687 pounds, brought \$8.

"They will not be immediately slaughtered, being bought by Swift & Co. on an order from the Texas Centennial at Dallas.

"These steers will be part of the Cavalcade exhibit. They will be exhibited along with a herd of long horns to show the contrast between beef cattle of the early days in Texas and the fine quality beefs now produced by ranchmen.

"According to packer officials, the yearlings will be sent immediately to Dallas and started on a standard finishing ration. The load, to be on exhibit for five months, was bred and raised by the Grahams."

You have to carry the cross
To know its weight
Be alone in the garden while
Friends sleep outside the gate.

Endure the pressure of
Life's thorn p'atted crown;

Blood-sweat dripping down.

From the world you must take
The betrayal kiss,
But lift your heart heavenward
Its power to resist.

TWA Feels Texas Rush

DALLAS, Texas—Transcontinental-
Western Airways officials report a
tremendous traffic increase on their
cross-country flights due to the Texas
Centennial Exposition at Dallas. Al-
though the Exposition, a \$25,000,000
World's Fair, does not open until June
6, the pre-exposition business already
is having effect, TWA heads said. The
line has direct "feeder" connection to
Dallas, their coast-to-coast route.

No Price Raise for Fair

DALLAS, Texas.—Managers of
Dallas hotels have agreed there will
be no price increases for rooms or
meals during the Texas Centennial
Exposition, June 6 to Nov. 29. Years
of popularity for Dallas as a con-
vention city, led to this decision, a spokes-
man said.

Army Air Show for Fair

DALLAS, Texas.—The U. S. Army

day morning. Plans are being rushed to completion this week to accommodate visiting players and provide for their entertainment.

The local girls' orchestra, who entertained Monday evening at the Centennial production at the school auditorium, will play Friday evening at a private dance at the Los Lingos Hotel. All players entered in the tourney will be invited to attend as a part of the entertainment planned for the visitors. The dance will be free—admission by ticket only.

Finals in all events will be played Saturday afternoon, according to plans with a large entry, however, it may be necessary to complete the matches the following day.

Successful cooperation of local merchants and business men has made the tournament possible. The event is being conducted under the auspices of the Racquet and Girls' tennis clubs.

Cotton Problems Confront Industry Says A. B. Cox

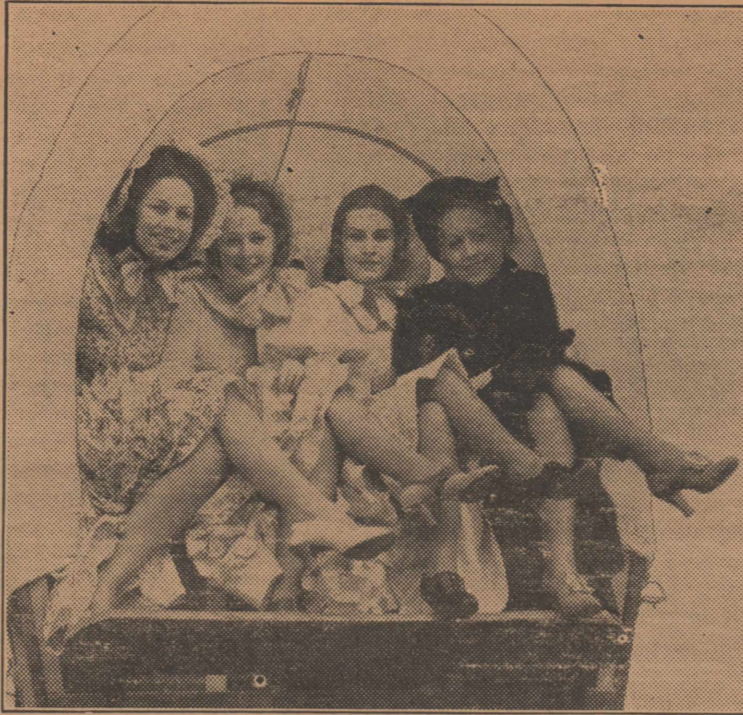

AUSTIN, June 2—There are three outstanding uncertainties confronting the cotton industry at present, according to Dr. A. B. Cox, director of the Bureau of Business Research at the University of Texas.

"The most pressing problem of merchants, and especially of spinning mills which have bought cotton on call," he said, "relates to July futures: What will the Cotton Producers' Pool do with its long 300,000 bales of July futures contracts? It is undoubtedly in position to squeeze the people who owe these contracts. It is probable that a large share of these outstanding contracts represent cotton which merchants have sold to mills in this country on call based on July. To the extent that this is the case, mills will suffer as the result of any squeeze operations. The result will be the reduction of consumption to the minimum in the United States until after July is liquidated; that will tend to increase the carryover above what it would otherwise have been and thus injure the cotton growers.

"There are no official figures available to indicate the extent to which cotton growers are cooperating with the Government in its soil conservation program. The first official figure on acreage planted to cotton will be issued by the Crop Reporting Board on July 8. In the meantime, private reports indicate an increase in acreage over last year of between 12 and 15 per cent. Probable foreign production of cotton has become of increased importance in recent years, because of the greatly increased percentage this production bears to the world's total production, and to its importance in making cotton prices. All reports and other indications point to increases in cotton acreage abroad, but this does not necessarily mean increased production.

"If world business conditions continue to improve, the market will be able to absorb at least a two-million-bale increase in world production of cotton this year, without a decrease in price."

Those Pioneers Weren't So Dumb!

Many Accidents Don't Happen—They are Caused

In a recent interview, H. P. Hobart, General Manager of Gulf's Lubricating Sales Department, used a report of the Pennsylvania Department of Revenue to substantiate his belief that many accidents are caused by improper lubrication or by the lack of lubrication. In analyzing this report, Mr. Hobart said, "Out of 80,488 motor vehicles involved in accidents, over 90 per cent were apparently in good condition. The condition of drivers in approximately 40 per cent of the accidents was apparently normal. From these facts the conclusion may be drawn that accidents involve machines which have some mechanical imperfection, even though they may appear to be in perfect condition."

Many persons who are driving what they consider to be safe cars are really chaffering vehicles that are accident hazards. The lack of proper lubrication, or improper lubrication, causes concealed parts of the steering mechanism, shackle bolts, drag links, and wheel spindles to become so worn that a sudden turn or bump in the road may cause them to snap. When such event occurs, the driver is left to bring back to control a vehicle that threatens to involve itself, as well as others, in a serious accident.

Do your part to reduce accidents in Quitaque. If your car has not been lubricated recently, perhaps you too, are unknowingly driving an unsafe car. Play safe—Lubricate for Safety!

PIERCE FAMILY MOVES; NEW MANAGER AT HAMILTON GRO.

Johnny Mosely, Chillicothe, arrived here Friday to replace Leonard Pierce at Hamilton's Grocery. Mr. and Mrs. Pierce and children left Sunday for Hugo, Oklahoma, where they will make a brief visit with relatives. Mr. Pierce plans to open a grocery business in the near future. Mr. Mosely began his duties here Saturday, and will be manager of Hamilton Grocery in the future.

I Thank You---

for the liberal patronage given me during the three years I was in the Service Station business. It was a great pleasure to serve you, and your business was greatly appreciated.

Other pressing business caused me to sell my station to the Persons Brothers, but it is hoped that someday I will be back selling you those good Gulf Products.

To those who still owe the Grundy Service Station an account, you will find me at the Quitaque Gin.

Again I sincerely thank you for your good business.

ARE YOU GAMBLING EVERY DAY?

It is not necessary for you to shoot craps to gamble, neither is it necessary to bet on horse races. There are folks who go on day after day suffering with indigestion, heart burn, stomach ulcers, acid dyspepsia, gassiness, sour or upset stomach, bloating, constipation, bad breath, sleeplessness, headaches, tired feeling, despondency, due to excess acid.

And in this way are gambling with your most valued possession, which is your good health. Why not give Gas-Ton (the scientific tablets) an opportunity. They may give you the relief you yourself expect; if not, your money refunded. You take no gamble here. Gas-Tons are sold in Quitaque by Burgess Pharmacy. Trial size bottle (25 tablets) \$1.00; 100 tablets \$3.00. adv.

METHODIST W. M. S.

Ladies of the Methodist Woman's Missionary Society met Monday afternoon at the home of Mrs. J. W. Ewing in their regular monthly social. Eleven members were present.

An interesting program was presented on the subject, "Who Is Our Brother." Mrs. Ewing was leader.

Mrs. H. G. Gardiner gave a talk on "The Wesley Houses," and Mrs. Wixon spoke on "The Retirement and Relief Fund." Prayers were offered.

Following the program came the "Sing Song and Sapphire Stunts." Each lady was asked to sing a song and tell a story. Mrs. V. T. Hall was awarded the blue ribbon in the sing-song with an Indian Melody, and Mrs. W. P. Hall won the prize in the story telling contest.

Delicious refreshments were served by the hostess.

HOUSTON LEADING IN U. S. COTTON EXPORTS

HOUSTON, May 30. — Houston Thursday became the first American port to reach the 1,500,000 bale mark in cotton exports during this season.

The record was set when three vessels, carrying approximately 4,500 bales, left for European ports.

Port officials were confident Houston will maintain its rank as the nation's largest cotton port through the present season.

Most of the cotton which moved from Houston this season has gone to Japan and Great Britain. Exports to both countries are much greater this season than last.
