TURKEY WINS OVER PANTHERS LAST FRIDAY

Local Team to Tackle Flomot Squad This Week

Turkey is tied for top honors in the north half of the District 4-B football race, while Quitaque is tied for the last place, due to the Turks' 26 to 6 victory over the Panthers Friday afternoon.

With a large, experienced team, the Turks rolled over the light, inexperienced Panthers at will during the first half, while the Quitaque boys were unable to score.

At the start of the second half, the Panthers came back fighting, and by playing heads up football, held the Turks on even terms during the third and final periods, both teams scoring 6 points. Hutchison carried over Quitaque's lone score.

In the Panther line, Self was again the outstanding man—while Hutchison and Hollis were stars of the backfield, both on offense and defense.

Friday afternoon at 3 o'clock the local team will meet the Flomot Longhorns on the Flomot field. Again, as in the two previous games, Quitaque will be the underdog. Comparative scores show Quitaque lost to Estelline 19 to 0, while the Flomot group ran rough shod over the fast Estelline eleven to win 33 to 6.

While only in their second year of football, the group of boys at Flomot are displaying a fine football team, winning practically all of their games last year, and are undefeated this year. Flomot defeated Quitaque in a thrilling game last Thanksgiving day on the local field.

The Panthers, determined not to be called a "second half" squad another time, are trying to correct their mistakes and will do their utmost to at least hold the famous Longhorns to a low score. This game is a conference struggle. Admission will be 10 and 25 cents.

S. L. RUSHING, FLOYD COUNTY BANKER, DIES

S. L. Rushing, 76, Floyd county pioneer, banker, stockman, farmer, and philanthropist died at 4 p. m. Tuesday after a lengthy illness. He had suffered a paralytic stroke five weeks ago.

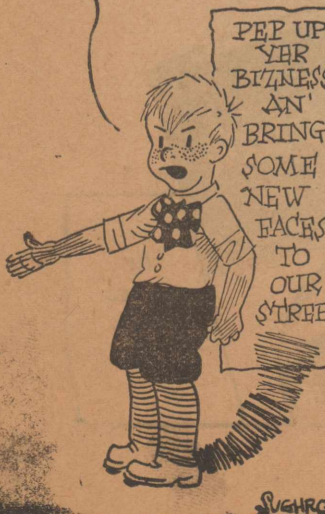

Death was at his home 10 miles northeast of Flopdada. Rushing had lived in Floyd county since its organization in 1890 and had been associated continuously with banking institutions of the county.

Funeral rites were conducted Wednesday afternoon in the Fairview community. The widow and seven children survive.

Governor Urges To Adopt Proposed Amendment No. 4

AUSTIN, Oct. 14.—A plea to Texas voters to adopt Amendment Number Four on the November 3rd ballot, was made here this week by Governor James V. Allred.

This proposed Constitutional Amendment would remove pardoning power from the hands of the Governor to those of a non political, non partisan Board. At the present time the Governor has absolute power in clemency matters.

"It is not fair to the convicts nor to the public," Gov. Allred said, "and no governor has the time to give the proper attention to each case. It is a full time job and every convict's case should be subject to review without the necessity of bringing influence to bear. Prior to my election as Governor I advocated this change in our basic law and since I have been in the office I am more convinced than ever that it should be adopted."

The Governor pointed out that during his administration criticism had greatly diminished but that the system inaugurated of having a board pass on meritorious cases could be better insured by adoption of Amendment No. Four on the ballot.

"It is my opinion," the Governor continued, "the case of each inmate in the penitentiary should be subject to review automatically at the proper time. This would be possible if this Amendment is adopted. I appeal to the people of Texas to give this proposal their most earnest consideration and vote for its adoption. In so doing, this State will take a long step forward."

A short summary of this proposed Amendment will be found in another part of this issue of the Post.

BOOK REVIEW AT SILVERTON POSTPONED

The book review on "Gone With the Wind," scheduled to be presented at the Presbyterian Church in Silvertown October 21st, has been postponed indefinitely. The death of Ben Smylie, brother of Mrs. O. T. Bundy, who was to give the review, caused the postponement.

Announcement will be made later concerning the date of the book review.

Even in the American tornado belt, autos are 100 times more dangerous to human life than tornadoes.

2.5% POPULATION OF TEXAS TO RECEIVE OLD-AGE HELP

AUSTIN, Oct. 12.—One-fortieth, or 2.5 per cent, of the entire population of Texas will be receiving state-federal old age assistance by January 1, statistics prepared by the Texas Old Age Assistance Commission indicated this week.

When the program of assistance under the present liberal law reaches the saturation point, some 150,000 aged will get monthly checks, it has been estimated. On this basis, a town the size of Austin, with 70,000 inhabitants, will have about 1,750 pensioners in its city limits.

LARGE GROUP ATTENDS LEAGUE RALLY AT McLEAN

A large group of young people members of the Epworth League of the Methodist Church, attended a District League Rally at McLean Saturday, returning to Quitaque Sunday. Those representing the local church were Kathryn Keever, Marie Hall, Emily Margaret Gardiner, Korleen Keever, Margaret Graham, Johnnie Womack, Frances Graham, Dorothy Dee Sachse, Eva Lee Curtis, LaRuth Waldon, Mrs. Frank Gillespie, Wilma King, Shirley Jo Powell and Mary Joyce Bailey.

Culture Club Met Wednesday With Mrs. Rice

Mrs. E. G. Rice was hostess to the members of the Woman's Culture Club in their meeting Wednesday afternoon.

Mrs. J. B. Russell led the program on Antebellum Minor Poets; Patriotic Songs. She discussed the famous Military Elegy, "The Bivouac of the Dead." Other parts were, "The Story of the Star Spangled Banner" by Mrs. A. Vinyard. Mrs. C. B. McDonald discussed and read, "Land of the South," by Meek.

The roll call was answered with a patriotic song.

Fourteen members and one visitor, Mrs. W. R. Tillson of Brownfield, were present.

COUSIN OF MRS. J. R. ROSS DIES IN OKLAHOMA

Walter Barker, 73, cousin of Mrs. J. R. Ross, died last Wednesday and was buried Thursday at his home in Granite, Oklahoma. Mrs. Ross was unable to be at the funeral, but left Friday for a visit with relatives at Granite. Before returning to Quitaque Monday, she visited relatives in Vernon.

AGRICULTURAL BRIEFS

BY THE BRISCOE COUNTY AGENT

We haven't the eloquence of Patrick Henry, nor the flowery speech of Longfellow, but with the very best that we have we are giving thanks to the weather Gods for what fair warm weather we're having these days. This weather is helping stretch this short feed out a bit and, too, it's causing the cotton to pop open. What we need now is more days like these we're having. While feed and cotton are doing their stuff, the wheat drill are working over time, too. Many acres of wheat are being put in this week.

Easy Now
Sh! Don't get excited! We have received notice of acceptance on about \$6,000 worth of pooled tags. This shipment of checks should arrive this week or early next week. The checks will be for only 17 1/2% of the amount of tags we had in the pool. The tags sold at 4c per pound. The unpaid portion of the tags will not be returned from Washington as they are worthless. As soon as these checks arrive, we'll put out the Grape Vine Gossip so they can be delivered quickly.

Last Call for Maps
Those of you who have not completed the map of your farm, please get a wiggle on as we are rapidly getting toward the time limit for accepting these maps. If they aren't in here by closing time today (Oct. 15th) then we'll just take 'em when you do bring them in—So please hurry!

How About Diverted Acres
A good many questions are coming in regarding harvesting the feed that was grown on diverted acres. That question sounds like we're wanting to have our cake and eat it too, but so far we haven't been granted that privilege. We have been admitted into the emergency drought area alright but as yet, we have not been given permission to harvest any crop from diverted acres. We may get that permission later on but as yet we do not have it.

Ben Smylie, 42, Buried Tuesday At Plainview

Funeral services for Ben Smylie, 42, were held at the Lindsey Funeral Home at Plainview Tuesday afternoon. Rev. E. L. Kent of Silvertown conducted the services. Interment was in the Plainview cemetery.

Mr. Smylie, who had made his home in Briscoe County for the past 24 years, died Sunday evening. For the past two months the Smylie family have made their home here.

Mr. Smylie was one of the first persons to be born in Hale County. He was born ten miles south of Plainview and lived there, with his parents until he was eighteen, when the family moved to Briscoe County.

Surviving are his wife and two children, Mary Jo and Russell, of Quitaque, his parents, Mr. and Mrs. J. W. Smylie of Silvertown; two sisters, Mrs. O. T. Bundy of Silvertown and Mrs. L. W. Kiker of Plainview; and three brothers, John Smylie of Sabinal, W. R. Smylie of Houston, and Jim Smylie of Thornton.

Among the Quitaque people attending the funeral at Plainview Tuesday were Mr. and Mrs. J. B. Russell, Miss Jane Hughes, Mrs. A. L. Patterson, Mrs. G. Tunnell, H. G. Gardner, Clyde Tunnell, Grover Grundy and Rev. G. L. Keever.

Cotton In South Bring Smiles and Cash to Farmers

NEW ORLEANS, Oct. 13.—Good times in the land of cotton appeared to have become a reality.

A big cotton crop has been more than half picked, the first million bales have been exported, and the staple has gone on the market ranging from 11.50 to 12.25 cents per pound.

Currently estimated by the government at 11,609,000 bales, this year's cotton production is the largest since 1933-34. But in that season prices were down between 9 and 10 cents a pound, rather than 12 cents, during the months when the cotton was marketed.

If this crop is marketed at an average of 12 cents a pound it will bring nearly \$700,000,000.

While the drought hit into the total yield in the western part of the belt, the weather partially squared things by giving Mississippi, Louisiana and the central cotton belt bumper crops.

From all sides in recent weeks have come optimistic reports on cotton consumption, sales of cotton goods and world demand for American cotton, offered a sharp contrast to the pessimism that prevailed a few months ago.

JIMMIE DICK LOWRY BREAKS COLLAR BONE

Little Jimmie Dick Lowry, 2 year old son of Mr. and Mrs. Dee Lowry, broke his collar bone in a fall last week. His parents took him to Childress Saturday to be under the family doctor's care. Mr. Lowry returned to Quitaque Sunday, Mrs. Lowry and Jimmie Dick remaining in Childress for this week.

SENIORS TO GO TO CENTENNIAL IN NOVEMBER

Low Rates Effective to All People for This Trip

"On to the Centennial!"

This is the motto of the Senior Class of the Quitaque High School. For, according to the present plans, the class will visit the Central Exposition of the Texas Centennial Celebrations at Dallas on November the 7th.

Railroad rates for the students and their sponsors have been reduced to one-half cent a mile by the Fort Worth and Denver, making it cost those attending from here approximately \$3.15. Rooms, meals, and concessions at the Centennial have been greatly reduced for the students of the State.

Of real interest to citizens of Quitaque is—all who desire to take advantage of this reduced railroad fare may do so, according to information received by Supt. E. W. Scheid. The party plans to leave Quitaque Friday, November 6, at noon, spending Saturday in Dallas, and returning home Saturday.

Supt. Scheid states that all who have not seen the \$25,000,000 World Fair at Dallas should take advantage of this low rate and join the Seniors in this trip. An effort will be made to give full information as to the approximate cost, etc. concerning the trip in next week's Quitaque Post.

Box Supper At Grey Mule Friday To Benefit Seniors

Citizens of the Grey Mule Community, who want the Quitaque Seniors to see the Texas Centennial at Dallas, are sponsoring a box supper for the class Friday evening at the Grey Mule School auditorium.

A good, lively program will begin at 7:30, followed by the main event of the evening, the box supper. Bert Mayhall, well known as an auctioneer, will be in charge of this feature.

Quitaque people are invited to attend this box supper and program. Transportation will be furnished for at least part of those who desire to attend.

Several of the 1936-37 Seniors in Quitaque High School call Grey Mule their home, and for this reason, the people of that community are staging the affair. A good, live evening's entertainment is assured every one, and Quitaque people should attend this program to show the Grey Mule citizens that such an event is greatly appreciated by the town.

The Seniors will leave for Dallas and the Centennial November 6th. "On to the Centennial!"

Spend your money in Quitaque.

CONGRESSMEN PLEA FOR SUPPORT OF DEMOCRATS

TO THE DEMOCRATS OF TEXAS—

As nominees of the Democratic Party to represent our State in the National Congress we are natural Democrats a feeling of pardonable campaign.

We share with our fellow Texas Democrats a feeling of pardonable pride in our State's enviable record as the Nation's Banner Democratic State and are eager, as we know they are, that this fine record shall be fully maintained this year.

We feel that Texas owes a debt of gratitude to our great President, our Vice President, our own John N. Garner, and our Democratic Administration. Therefore, we are assuming the liberty of urging our friends and individual supporters, as well as all of our fellow Democrats of Texas, to give their active personal support to the Democratic ticket in its entirety, and especially in achieving its objectives. We urge them especially to make such liberal contributions as they can to the National campaign fund now being raised in Texas to help the cause of Democracy in other States.

We are confident of an overwhelming victory in November, but to assure it beyond peradventure, all loyal Democrats should do their part in proportion to their means.

THINK THIS OVER

When the alarm clock rings tomorrow morning, 11,123 persons in the United States will be in bed if they had any idea of the fact that some time during the day they would meet with an accident.

Among them 243 persons will never hear the alarm again. It's sad but true. What do you say—let's all be more careful.

There is no absolute freedom. One is born into a world of obligations.

Even having your own way isn't the road to happiness.

The best way to resist a temptation is to get yourself disgusted with it.

We've seen statues of great statesmen astride horses, but never one straddling a fence.

Milestones of American Genius

Mausoleum of the great composer, in New York.

VICTOR HERBERT

It was not until Victor Herbert came to the United States and settled in New York that his creative musical genius came to the fore. It was from our land, including the music of the American Indians, that he drew so much of his inspiration.

There is ample reason therefore for the fact that America claims Victor Herbert as one of its own, although he was born at Dublin, Ireland, in February 1854 and began his musical career in Germany. He was a grandson of the celebrated Irish novelist, Samuel Lover. The boy showed no musical inclinations until a schoolmaster in Germany arbitrarily assigned a piccolo part to him in a school entertainment.

From this inauspicious beginning, the boy switched to the cello and soon developed musical talents. He played in many orchestras abroad until he was twenty-seven and then contracted to play in the Metropolitan Opera orchestra in New York for one season.

But he remained in the United States for the rest of his life, becoming a thorough American in his spirit and interests. He took part in and conducted many American orchestras. From 1894 to 1898 he was bandmaster of the Twenty-Second Regiment in New York. Then he organized the Pittsburgh Symphony Orchestra and conducted it for six years.

Meanwhile he composed and published numerous operettas, many of them immensely successful, the gay airs of which are familiar to us through stage, radio and screen renditions. Among the best-known of his works are "Eileen," "Naughty Marietta," "The Red Mill," "Madelaine" and "Natoma."

His death occurred suddenly on May 27, 1934, in New York City. His intimate friends still gather annually in a memorial service in which both the man and the musical genius in him are honored. His body is interred in the marble mausoleum pictured above in a New York cemetery.

 about the advantages of a trench silo, some of the boys are beginning to do something about it. That's real progress.

This week Alvin Redin is filling a trench silo on his farm 11 miles southwest of Silverton. Alvin plans to beat the high cost of feeding and, too, he is saving that part of his feed that would be wasted if it were stored in the usual way. There is no waste to feed put in a trench silo.

Several more "up and going" farmers of Briscoe County are making their plans to dig a trench silo this fall. Power to you, boys, I'm sure you're on the right road.

AT THE METHODIST CHURCH

We are nearing the end of the conference year. Lets finish the year in high. The increase in church school attendance is encouraging. Lets carry the attendance to the goal next Sunday. Let every member of the church work faithfully.

The pastor will preach at both the morning and evening hours. (The messages will be challenging. You are invited. The featuring of special music at the evening hours has met with much appreciation.

In the closing of the year will every one do his or her best to make our financial report 100 per cent on every item? The goal is in reach.

**The Proposed
 Constitutional
 Amendments**

H. J. R. No. 23 (No. 3)

For a number of years there has been a definite movement to give State Employees the benefit of Workmen's Compensation insurance. The State, by law, requires other employers in all other industries to carry such insurance on its employees while the State has not done so.

It will be possible for the State to insure its workers under the terms of the third proposed Amendment to the Constitution, which will be submitted to Texas voters November 3, according to Secretary of State B. P. Matocha.

The amendment is permissive and not compulsory. It gives the Legislature power to provide such insurance. It does not compel them to do so.

It is pointed out that perhaps the men effected by this proposal are in the Highway Department where most of the hazardous work of the State is done.

However, there are a number of other departments which would be interested.

The heart of the amendment is found in the following language: "The Legislature shall have power to pass such laws as may be necessary to provide for Workmen's Compensation Insurance for such State Employees, as in its judgement is necessary or required, and to provide for the payment of all costs, charges, and premiums on such policies of insurance; providing the State shall never be required to purchase insurance for any employees."

S. J. R. No. 26 (No. 4)

Removal of the absolute power of pardon and parole from the hands of the Governor and vesting it largely in those of a political board, is the effect of Amendment No. 4 on the November 3rd ballot. This Amendment known as S. J. R. No. 26, makes provision for the Governor to grant parole, pardon, commutation, etc., of sentences upon the recommendation of a Board.

In interpreting the Amendment Secretary of State B. P. Matocha said, "The proposed Board of Pardons and Paroles would be comprised of three members, one of whom would be appointed by the Governor, one by the Chief Justice of the Supreme Court and one by the Chief Justice of the Court of Criminal Appeals. They will serve for six years, one member's term expiring every two years.

It would be impossible in this manner for any one individual or official to ever have complete control of the Board."

The Governor is given the power to grant one thirty day reprieve in a death case. This is his only initiative, however. He has the veto power on all recommendations and he may revoke paroles and conditional pardons.

This amendment was given its impetus by Governor James V. Allred, who is advocating its enactment. It is believed that its adoption may be a step toward ending abuses and stopping mistakes made in the issuance of various forms of clemency.

In cases of treason, under the terms of the proposed Amendment the Governor has the power to grant reprieves, commutations of punishment and pardons with the advice and consent of the Legislature.

At the present time all power of
