No. 47

WASHINGTON SIDELIGHTS

By MARVIN JONES

Member of Congress from Texas

One often hears the expression, "I'll admit that conditions are better. I'll admit that my business has improved. I'll admit that all business is better, but—"

"How are we going to pay for it?" That is a fair question. Let us analyze the facts.

Jones

Deducting the cash on hand, the national debt has increased about 10 1/2 billion dollars in the last 3 1/2 years.

Yet our annual interest bill is more than 100 million dollars less than it was in 1923, when the public debt was considerably less.

How can this be?

It simply means that the interest rate has been greatly reduced not only on the new debt, but that the old debt has been called and refinanced at a much lower rate.

It is interesting to note that if amortized over a period of years, the necessary annual payment to pay off the entire present national debt—principal and interest—would be less than the annual payment to pay off the 1923 debt under the rates then prevailing.

But this is not all. It is morally certain that we will get back about 5 billion of the 10 1/2 billion increase. This will be done through collections on various loans and advancements that have been made.

In addition, the national income has increased from 39 billion to above 60 billion dollars. The value of all securities and of all properties has vastly increased.

These are all record figures. If the soldier's bonus is left out—and that was simply trading one form of obligation for another and did not increase the national debt, and therefore hangs on a different hook—the appropriations made by Congress for the fiscal year beginning July 1, 1936, were actually 1 1/2 billion less than the appropriations for the fiscal year before that.

And yet, with improved business conditions, the situation will be better cared for than with the larger appropriations of last year.

If similar reductions can be made for the next two years, the national budget will be balanced.

There should be and I believe will be such reductions. Unnecessary emergency activities can and should be eliminated.

If this is done, I believe it will be far better than the wholesale bankruptcy, liquidation and repudiation that would have been inevitable result if the do nothing policy had been continued.

Spend your money in Quitaque.

Cotton for Roads Used on 578 Miles Of 1936 Projects

COLLEGE STATION—About 8,500 bales of cotton were used in highway construction during the summer of 1936, according to a report from the Department of Agriculture. This cotton was evenly divided between two projects, under the commodity division program of the AAA, which involve the use of fabric binders for bituminous surfaced roads and mats for curing concrete.

More than six million square yards of cotton, close to 4,000 bales, were used by 24 states in the fabric reinforcement program, enough for building 578 miles of new road. The rest of the cotton was utilized in the construction of 89,500 mats for concrete curing in 23 states. Both materials were made available to state highway departments by the Government, subject to performance reports.

The fabric is designed to reinforce secondary, or farm to market roads, where heavy trucking and severe climatic conditions have run up an immense seasonal repair bill. Comparative sections were laid with three types of fabrics and without fabric on each project to determine costs, and early reports of this season's work justify the findings of preliminary tests.

The mat project was developed on the basis of tests made by the Bureau of Public Roads and the Highway Departments of Texas and Pennsylvania. Mats or pads simplify the curing problem by assuring proper moisture and temperature conditions. The mats are made from a single ply layer or bat of low grade cotton or cotton waste quilted between cotton cloth covers. Such mats retain moisture for a number of hours and are durable, easily handled, and capable of repeated use. In regions where water is scarce, their moisture retaining qualities constitute a distinct advantage. Where excessively high temperatures or freezing are problems their insulating qualities are important.

90TH DIVISION TO MEET IN FT. WORTH

The famous 90th Division will meet in their annual reunion at Ft. Worth on November 6, 7, and 8th. Headquarters will be at the Texas Hotel. Several members of this division live in and around Quitaque and plan to attend this reunion. Plenty of entertainment is assured the "Buddies."

Relatives of Rev. R. Neal Greer Killed In Car Accident

Four persons, three of them relatives of Rev. R. Neal Greer, were killed near Big Spring, Texas, Sunday morning, when a light sedan smashed head on into a loaded seed truck.

The dead are B. P. Middleton, 57, Mrs. Middleton, about 55, their daughter, Mrs. W. A. Whitley, 22, all of Merkel, and Elvis W. Newman, 22, of Lenora, Martin County. Mr. and Mrs. Middleton are uncle and aunt of Rev. Greer, and Mrs. Whitley is his cousin.

Mr. Whitley, who was driving the car, is in a critical condition in a Big Spring hospital. Mr. and Mrs. Whitley's one year old baby was only slightly hurt.

The Middletons and Whitleys were enroute from their home in Merkel to Lamesa, where they planned to visit B. P. Middleton, Jr.

Rev. and Mrs. Greer and Nealea left Monday morning for Merkel to attend the funeral services of their relatives. According to information received here, funeral services were to be conducted Monday afternoon.

HOME DEMO CLUB TO MEET FRIDAY AFTERNOON

The Quitaque Home Demonstration Club will meet at the J. W. Ewing Furniture Store Friday afternoon at 3 o'clock. A cordial invitation is extended to every woman interested in this kind of work, and especially to the women who live on the farm.

—The President

Junior Culture Club Studies Life of Grace Moore

The Junior Woman's Culture Club met in the home of Miss Ila Steele Patterson Tuesday evening. In a short business meeting, Mary Ollie Persons was elected Custodian for the coming year. One new member, Mary Rucker, was voted into the Club.

The subject for the evening was "Grace Moore." The roll call was answered with "Your Favorite Song Grace Moore Sings." The first topic, "The Background of Miss Grace Moore's Success as told by Her Mother," by Jewell Everett. Following was "My Favorite Picture Grace Moore has Made," by Ila Steele Patterson.

Those present were Ila Steele Patterson, Mary Ollie Persons, Mabel Adkinson, Minnie Mae Roberson, Myrtice Hadaway, Mrs. A. C. Bickford, Mrs. Roy Burgess, Mrs. J. W. Lyon, Jr. and Mrs. Frank Gillespie.

N. W. HERRINGTON RECEIVES SEVERE BURNS FRIDAY NIGHT

N. W. Herrington, son of Mr. and Mrs. N. B. Herrington, was severely burned last Friday night when a can burning gasoline was overturned on his legs. Young Herrington was working at the rock crusher west of town when the accident occurred. Both legs, from the knee to the ankle, were badly burned, with the right one the most severe. He is still in bed as a result of the injury.

Mr. and Mrs. Ed Grundy were Amarillo visitors Sunday.

AGRICULTURAL BRIEFS

BY THE BRISCOE COUNTY AGENT

The past two weeks have certainly been ideal for those of us who have had cotton to pull or wheat to sow. Cotton pulling under the hill is coming along very nicely and with in a week or so it should be in full swing on the hill.

Over half of the wheat on the plains has now been sowed and with a few more days of fair weather the most of wheat sowing will be over. Wheat pasture promises to be good this winter which will be a great help to those who are short on feed.

More Money

Government checks are flowing again as they did in the 'good old days.' This week we are distrib-

ing between \$6,000.00 and \$7,000.00 worth of cotton tag checks. On an average the checks are not very large but most of them are large enough to buy another barrel of fuel to do a little more wheat sowing and that is something. Uncle Sam nearly always comes just at the point when we need him most.

Turkey Tour

Tuesday, October 20, the County Agents and Demonstrators of surrounding Counties made a tour thru Swisher and Hale counties visiting several demonstrations where turkeys are being raised under confinement.

(Continued on back page)

Panthers Lose To Heavy Flomot Team In Conference Game

Even in defeat the Quitaque Panthers looked like a real football club last Friday afternoon, as they lost to the powerful Flomot Longhorns 26 to 6. The game was played on the Longhorn field.

Quitaque, a much lighter team than their opponents, played heads up football during the entire game and at the end of the first half, the score was a 6-6 tie. During the last half, the fast and heavy Flomot team pounded the Panthers into submission, and pushed over three touchdowns to win the conference struggle.

Quitaque's lone counter came in the final minutes of the second period, when a drive was started about midfield. Hutcheson and Hollis alternated in carrying the ball for nice gains, with Quarterback Hollis going over the pay stripe from the three yard line for the six points.

During the last half, Flomot used numerous subs and their heavy back field hammered at the Quitaque line, wearing them down and running up the score.

According to the local boys, Flomot has a fine, clean, hard hitting ball club and will go far in the conference race this year.

The Panthers will rest this week, then play Roaring Springs there on October 30th. November 5th, according to the tentative schedule, will go to Paduach to meet the powerful Dragons.

The first home game will be played November 11th against the Silvertown Owls.

Conservation Payments May Start Soon

COLLEGE STATION—The Agricultural Adjustment Administration has announced that initial payments under the 1936 Agricultural Conservation program will soon be started to producers in Texas and the other states of the Southern region, according to A. L. Smith, secretary of the State Conservation Committee.

There are two classes of these payments, Class I to be made on acreage diverted from soil-depleting crops, and Class II to be made on certain soil building crops and practices. It is estimated that the payments in Texas will amount to approximately \$37,322,435, though, because of incomplete figures on compliance at this time the final payments may vary from this amount.

Producers in the Southern region will receive 90 per cent of the Class I payments and 100 per cent of the Class II payments, H. R. Tolley, AAA administrator, states. An additional payment will be made after the exact extent of participation is determined.

"Complete information on participation will not be available for several weeks," Mr. Tolley said, "although it is known that the number of farmers taking part in the program is in the neighborhood of 4,000,000. This is substantially in excess of participation for any one year under the old crop reduction.

"From the standpoint of sound business procedure, therefore, it was deemed advisable to take advantage of the safeguards provided by the program in order to avoid possible deficits, and, at the same time, avoid holding up a large share of the applications for payments until all of them are completed."

TEXAS TECH TO HAVE HOMECOMING SATURDAY

Saturday will be homecoming at the Texas Technological College at Lubbock. This is the eleventh annual celebration. Featuring the event will be the Tech-Centenary football game, which will be played under the lights Saturday evening. Several thousand exes and friends of the College are expected to be in Lubbock for the homecoming.

Mr. and Mrs. Frank Gillespie and Mr. and Mrs. A. C. Bickford were Matador visitors Sunday.

LARGE GROUP PLAN TO MAKE DALLAS TRIP

Reservation Must Be Made By Nov. 2

"On to the Centennial!"

Plans are going forward rapidly for the proposed trip of the Quitaque Senior Class to the Texas Centennial Exposition at Dallas. The class, and citizens of the community, will leave Quitaque Friday, November 6, on the Fort Worth and Denver for Dallas, arriving there about 9 that evening. Saturday will be spent at the Centennial, and the return trip will be made Sunday.

The Fort Worth and Denver is making a special of only \$3.15 for the round trip. Anyone who desires to go may do so at this rate. Supt. E. W. Scheid states that approximately 50 school children will be on the train, and about 50 not connected with the school are also expected to make the trip. Supt. A. L. Kelsay of Silvertown has sent word to Quitaque that between 75 and 100 Silvertown school children and citizens will go with the Quitaque delegation on that date.

Those desiring to go on the special excursion are requested to make reservations on or before Monday, November 2nd. This must be done in order that proper accommodations can be made by the railroad. School children should see Supt. Scheid on or before that date, paying him \$3.15 for the ticket. Those outside of the school should see C. B. McDonald, at the Quitaque Post, on or before that date. The railroad ticket must be purchased when reservations are made.

Information regarding special sessions at the Centennial City has not been received except for school students. All students making the trip will receive room, board, and admission tickets for \$2.85, making the entire trip cost only \$6.00.

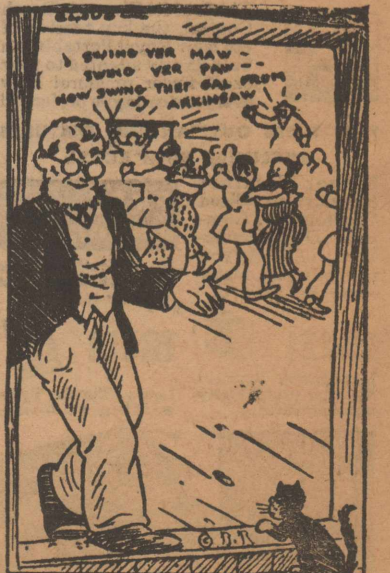

Of interest to football fans, one of the high spots of the Southwestern Conference will be played on the 7th, when S. M. U. and Texas A. & M. will play their annual game at Dallas.

It is hoped that between 175 and 225 people from Briscoe County will take advantage of these low rates and see the Texas Centennial.

The Rain!

This morning (Thursday) at eight the total rainfall recorded here last night and this morning was .17, and it was still raining. This amount brings the total rainfall for this month up to 1.08, the first moisture falling on the 6th. Last year's total for October was .98.

The Proposed Constitutional Amendments

S. J. R. No. 14 (No. 5)

Proposal No. 5 to the State Constitution known as S. J. R. No. 14 proposes to raise the salaries of certain Constitutional Officers, namely, the Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of General Land Office and Secretary of State.

This Amendment provides that the Governor shall receive as compensation for his services an annual salary of Twelve Thousand (\$12,000) Dollars, as compared to the Four Thousand (\$4,000) he now receives, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture.

The salary of the Attorney General would be fixed at Ten Thousand (\$10,000) Dollars as compared to the Four Thousand (\$4,000) he now receives.

The Comptroller of Public Accounts the Treasurer, and the Commissioner of the General Land Office each hold office for a term of two years, reside at the Capitol of the State during the continuance in office, perform the duties required of them by law, and now receive a salary of Twenty-five Hundred (\$2,500) dollars per year. This Amendment would increase the salary of these officials from Twenty-five hundred (\$2,500) dollars to Six Thousand (\$6,000) Dollars annually.

The Secretary of State is appointed by the Governor, with the advice and consent of the Senate, and holds office during the term of the service of the Governor. The present salary of the Secretary of State is Two Thousand (\$2,000) Dollars per year and this Amendment would provide for a salary of Six Thousand (\$6,000) annually.

Sometimes the finishing touch on a long friendship is a touch for a loan.

Local Briefs

L. D. Jones of Fort Worth, a former Quitaque grocerman, was in Quitaque on business Saturday.

Mr. and Mrs. Lloyd Fulkerson and daughter, Roma Jolene, of Matador, were visiting here Sunday afternoon.

Miss Bess Baucom left Sunday for Abilene, where she will spend two weeks.

Mrs. Paul Hamilton, Mrs. J. N. Hamilton and Mr. Keltz Garrison of Silverton, spent Saturday in Plainview.

Have you seen and heard the New 1937 Farm Radio No. 5-B.T.? Its the keenest Radio for the price, \$43.50 complete and installed, that has ever been produced. Come in, let us show you.

Pioneer Drug Store

Mr. and Mrs. Roy Morris left Saturday for Dallas, where they will visit the Texas Centennial Exposition.

Rev. and Mrs. W. M. Draper of Lorenzo were visiting friends here last week end. Rev. Draper preached at both services at the Baptist Church Sunday.

Dick Hooks, S. T. Bogan, Ernest Tunnell and C. B. McDonald attended the football game at Canyon Friday night.

O. D. Lowry left Friday evening to spend the school holidays in Childers with Mrs. Lowry and Jimmie Dick, at the home of her parents.

Mrs. W. L. Eikman of Childers has been visiting several days with her parents, Mr. and Mrs. O. S. Cutbirth.

FOR SALE—Horses, Mules and Mares. See Champ Blackwell at Tull Implement Company, Silverton, Texas. 35-ttc

County Judge W. W. Martin was a business visitor in Quitaque Saturday.

Victor Hall and Paul Hamilton were in Tullia Friday on business.

Miss Carrie Davis of Carendon spent the week end with her sister, Mrs. Leon Middleton.

SPECIAL—We have several used Radios at extra good prices. See them.

Pioneer Drug Store

Mrs. E. R. Ezzell, Mrs. Leon Middleton and Mrs. Carrie Davis visited Marie Davis in Lubbock Sunday.

Ralph Allen returned to Pampa Saturday after a visit here in the home of his sister, Mrs. Guy Hawkins.

Elizabeth Ezzell spent the week end in Lubbock visiting Marie Davis.

Yvonne Thomaq left Sunday for Pampa where she will spend two weeks with her parents.

R. S. Lewis returned home Saturday from Friona, where he has been working for the past several months.

Miss Edna Hawkins, who is attending school at Lubbock, spent the week end visiting relatives here.

Edward Grundy, Charles Walden, and Gaston Owens were Tullia visitors Thursday evening.

Mrs. L. J. Bedwell, Mrs. Joe Bedwell and daughter, Gertrude, and Billy Maurice Bedwell visited with Lewis Bedwell Sunday at Canyon.

Mrs. S. T. Bogan, Harold, Betty Jo, and Richard Bogan visited Sunday with S. T. Jr., at Canyon.

Seney Persons left Sunday for Dallas where she will spend a few days visiting the Texas Centennial Exposition.

WHEN you buy a Radio, you want a good one at a reasonable price. Don't be misled into buying a cheap off brand machine. When it goes wrong, where are you? Get an R. C. A.

Mary Lucy Montgomery left Sunday for Dallas where she will spend two weeks. She was accompanied by Mrs. L. S. Edmondson.

Alton Johnson of Amarillo spent the week end visiting with his parents, Mr. and Mrs. John A. Johnson.

Debbs Knox, Boyd Knox, Hiram Painter and son, Jimmy, all of Hereford, were Quitaque visitors Monday.

C. M. Walden made a business trip to Lubbock Monday.

WORK SAVERS! By Valletta Taylor

SEWING in a heading on curtains to make them the right length for the windows is a job that many women heartily dislike. So, curtains which have headings that can be adjusted to the right length for the windows, without need for taking a stitch, are a real joy.

For instance, many of the American-made lace net curtains in the stores these days come with two or three rows of slots across the top, each row spaced a short distance from the other. You can measure your windows, from the top of the casing to the sill, which is the most popular way to hang glass curtains in tailored style—then decide which row of slots is the correct row for the rod to be slipped through.

That's all there is to it. If your rod goes through the second or third row of slots or loops, the top of the curtain is turned back on the rod, and the curtain and the window get a neat finish.

Mr. and Mrs. Homer Sanders of Silverton spent Monday night in Quitaque in the home of Mr. and Mrs. Leon Middleton.

N. D. Witcher of Salina, California, arrived in Quitaque Tuesday, for an extended visit with relatives and friends.

WANTED—Clean cotton rags at the Quitaque Post. 10c per pound when applied on subscription.

Gaston Owens and Charles Walden made a business trip to Tullia Monday evening.

Miss Bernice Puckett spent the week end visiting friends in Plainview.

Mrs. W. S. Miller of Estelina visited Thursday and Friday of last week in the home of her daughter, Mrs. A. Vinyard.

Mr. and Mrs. F. Trawick of Silverton visited in Quitaque Tuesday.

Sheriff N. R. Honea, Deputy Sheriff M. K. Sumner and County Attorney C. D. Norrd' of Silverton were business visitors in Quitaque Tuesday afternoon.

Berry's Market, owned by Herman Berry, was moved Tuesday afternoon from the Tunnell Building to the Jago Building, directly across the street south from the old location.

Mr. and Mrs. Joe Kaberna and little son of Chicago, arrived in Quitaque Monday to visit in the home of Mrs. Kaberna's parents, Mr. and Mrs. J. F. Wise.

The entire Commissioner's Court of Briscoe County left Wednesday for Dallas, where they will attend a meeting of Commissioner's and Judges of the State. They were accompanied by Homer Sanders of Silverton.

Presenting the phenomenal facts about GULFPRIDE THE WORLD'S FINEST MOTOR OIL

THE facts on this page sound hard to believe. But here is the reason why GULFPRIDE—and only GULFPRIDE—can accomplish such results... Gulf begins with selected Pennsylvania crude, refines it to a motor oil that equals the best—then further refines it by the exclusive Alchlor process. Only GULFPRIDE is made by this process—result of 15 years' research—the same scientific research that has made every Gulf product a leader. Read the facts below. Then drain your dirty summer-worn oil and refill with GULFPRIDE now. At all Gulf dealers.

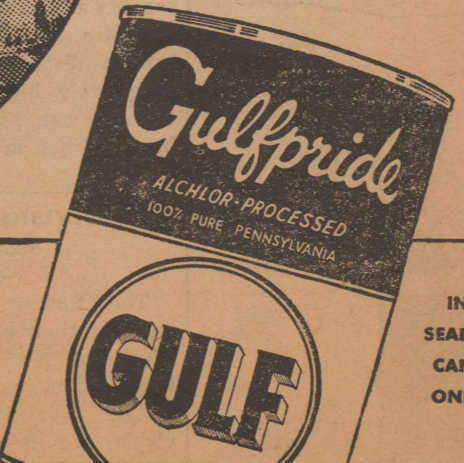

AN AMAZING TEST. Bottle No. 1 shows a mixture of 6 famous Pennsylvania motor oils. Bottle No. 2 shows them after being put through Gulf's Alchlor process. Bottle No. 3 shows the 20% waste removed from these already highly-refined oils by Gulf's Alchlor process. This process starts where others stop! That's why GULFPRIDE is the world's finest motor oil.

TOPS IN THE AIR—8 out of the 11 winners in last year's National Air Races used GULFPRIDE OIL, the identical oil you can buy for your car at any Gulf dealer. This "aviator's oil" will take you farther before you need to add a quart than any oil you ever used!

THE U. S. NAVY specifications for motor oil, as well as those of all other government agencies, are bettered on every point by GULFPRIDE. For instance, this oil forms only 1/4 the amount of carbon allowed by Navy specifications. That's why GULFPRIDE almost completely banishes carbon cleaning.

GULFPRIDE THE ONLY ALCHLOR-PROCESSED 100% PURE PENNSYLVANIA OIL

PEP RALLY AT SCHOOLHOUSE

Thursday night the pep squad held a pep rally at the schoolhouse. A short program was presented at the beginning of the evening. Margaret Graham and Ruth Simmons sang two songs, Johnye Womack and Lela Mae Persons sang and tapped, and Ruth Simmons played the accordion. Following this the football boys and the coach were introduced by La-

Ruth Walden with this poem, written by Mrs. Lucile Ross Graham—
 Dear friends, we are going to present today
 A band of warriors, gallant and gay.
 They fight on the grid ne'er counting the cost,
 And they know how to take it, be their cause won or lost.
 Here's Starkey, a tall, dark, handsome guy,
 And Persons, who's charms are rated quite high.
 Here is Cutbirth, with brawn quite unestimated.
 And Grundy, with an air that's quite sophisticated.
 Here's old "Toughy" him Self, a guard brave and strong,
 Here's Taylor, a big, husky, who sets a swift pace,

McCutcheon, at center, filling his place.
 Here's Vinyard, a center of whom we're quite proud,
 And Powell, tho' small, in the game is unbowed,
 And this is the man when he's coming he's Gowin.
 And this man, tho' Young, makes a good showing.
 Here's Bogan, the half back, who plays a full part,
 And Hutcheson, the hero of every gr's heart.
 Here's Hollis, the quarter back, proud of his team,
 And Grant, whose flaming hair in rich splendor gleams.
 Here's Walden, the cowboy, a charming good fellow,
 He plays a good game and never is

yellow.
 And now comes the most important of all,
 The fellow who teaches the lads to play ball.
 Out on the field, whether it rains or shines,
 He trains the boys daily in the back field and line.
 Mr. Morris is the man I refer to right here,
 Come on, everybody, give a rousing good cheer.

COMMERCIAL NEWS

A record for the first five weeks of typing has been set by Johnye Womack and Edward Grundy. The accuracy, as well as the speed, is much improved over the past year. Twenty five words a minute and one error at the end of five weeks of typing, was made by Johnye Womack, and eighteen words with no errors by Edward Grundy.
 We hope to contest this year as champion typists against the surrounding towns.

J. R. Lusk — Where were you born?
 Kathryn Kever—Nebraska.
 J. R.—What part?
 Kathryn—Why, all of me, you sap!

Q H S
 Judge—I take it you are trying to show contempt for the court.
 Defendant—No, I'm trying to conceal it.

Q H S
 Miss Montgomery—How can you tell the approach of winter?
 June Edmondson—It begins to get later earlier.

Q H S
YELL!

California peaches, Arizona cactus, We play (Team) just for practice.

Q H S
 Mrs. Tiffin — J. B., there were three pieces of cake in the pantry, and now there is only one. How do you explain that?
 J. B.—Well, it was so dark in there, I couldn't see the other.

Q H S
BOX SUPPER AT GREYMULE A SUCCESS

Quite a few seniors and citizens of Quitaque motored to Graymule Friday night to attend a box supper. The box supper was given for the benefit of the Seniors, by the citizens of Graymule. A short program, consisting of a song and tap dance by Anogene Wise and June Edmondson, modern nursery rhymes by Ineatha Hawkins, songs by Charles T. Berry and Joe Beaver Ratiff, and special music by Mr. Cutbirth and Mrs. Huck Berry, was presented at the first of the evening.
 Bert Mayhall, acting as auctioneer, rapidly disposed of the attractive boxes. Dorothy Keisling, a Quitaque Senior, was presented the cake for having won the popularity contest. Orb Payne won a jar of pickles for being the ugliest man present. (And were they sour!)
 The box supper netted twenty-three dollar and sixty seven cents (\$23.67), to be used for the Senior's Centennial trip.
 "ON TO THE CENTENNIAL."
 Q H S

A father was teaching his small daughter to tell time. "These are the hours, these are the minutes, and these are the seconds."
 Small Girl—"But where are the jiffies?"

Q H S
 Five year old Jean had been on many bargain hunting expeditions with her mother. One day twins arrived at Jean's house. When she was permitted to see them, she exclaimed, "Mother, did you get them cheaper by taking two?"

Q H S
 We regret that material for this week's Panther Scream was limited.

Pimples, Blackheads Go!
 Palmer's "Skin Success" quickly combats, then helps heal acne—itch (doble itch), blackheads, athlete's foot. Successful for 25 years. Also use Palmer's "Skin Success" Soap to keep skin clear. 25c each everywhere.

This was in no way the fault of the staff, but to the fact that school was discontinued for a period of two weeks. Here's to a bigger and better Panthers Scream when school takes up again.

BAPTIST SENIOR B. Y. P. U. REORGANIZED

The Senior B. Y. P. U. of the Baptist Church was reorganized Sunday night under the direction of Mr. Orin Stark. Several members were present and the following officers were elected:
 President Fay Dunnavant
 Vice President Vera Belle Stone
 Recording Secretary Onale Grundy
 Corresponding Secretary Mildred Wilson
 Reporter Mae Love
 Bible Readers' Leader
 Group Capt. No. 1 Will's Brown
 Group Capt. No. 2 George Walenta
 All Seniors are invited to attend.

CLARENDON LAUNDRY

Why shield them from every danger except EYESTRAIN?

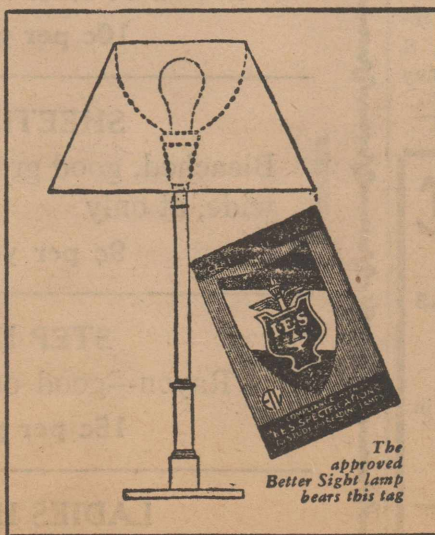

Isn't their sight worth enough to make you find out what your lighting may be doing to it?

You bundle up your children against cold and rain. You see that they are tucked snugly in bed at night. You are constantly on guard lest they be harmed in some way. You try to shield them from every danger . . . but, are you sure about eyestrain?

Sight is their most precious possession. Yet do you let them read and play on the floor where the light is never adequate for even simple visual work? Can you say for sure whether the lighting in your home is letting your children's eyes develop normally? Do you know that your child has enough light for his studying tasks?

Don't guess—be sure. There has been too much guessing about proper lighting. And mainly because of improper lighting, one child in every five has defective vision by the time he finishes grade school. The ratio increases to two out of five by the time they reach college age.

The I.E.S. Indirect Floor and Student Lamp is a simple, economical way to be sure that your child is studying under proper lighting conditions. What is more, the entire family can enjoy and will appreciate this modern, better light. See these lamps on display . . . today!

Wide opening at top throws light to ceiling, eliminates shadows.

Glass bowl softens light, prevents glare.

Wide shade spreads light over wide area.

The approved Better Sight lamp bears this tag

nement. Many interesting feed records were viewed too. This tour led up to the U. S. Turkey Grading school that was held Wednesday, Oct. 21, for those who will be grading turkeys for the markets this fall.

Turkey Feeding

In feeding turkeys use plenty of grain in addition to the mash to finish them out. This will give them a much nicer finish. Wheat and barley are the best but in absence of either of these maize and corn may be used.

Trench Silos

Trench silos are making good head way in Briscoe County. This week marks several going down. Among those who are digging silos are W. V. Bomar, Alvin Redin, Wilbur Wilson and others. Trench silos have passed the demonstration period. They have been proven to be the most economical way of keeping feed. Briscoe County is losing out by not having more of them.

Maps

This week just about winds up the figuring of acres on our maps or cross word puzzles—which ever you might have turned in—and the supervisor will be out checking soon now. If you have any questions concerning your map they will have it with them when they come to your farm to check your measurements.

JOKE

"Do you believe that seeing is believing?"
"Yes, don't you?"
"Well, I see some people every day that I never believe."

A soft answer may turn away wrath, but it's ineffective against a book agent.

LEST YOU FORGET

**A FARMER'S LIFE
"AS HE LIVES IT"**

By ED HOLMES
(Station C. E. H. Farm)

(NOTE—The following views are Mr. Holmes' and do not necessarily reflect the policy of the Post.—Ed.)

FLOYDADA—Well, I went to the Fair at Lubbock to see the sights and buy a used car but they were too high so I bought another registered bred gilt. Maybe when I sell her and the pigs I can buy a new car—I said Maybe. Until then or no telling when, I'll continue to drive this '27 Whippet.

Did you ever try mixing ground milo heads in a tub of water to float off the stems so as to have soaked ground threshed grain to feed the pigs? If you will do this you will be agreeably surprised to find you can save a threshing bill, save money on a barn to hold threshed grain and when you mix the stems and what else floats from the ground heads with your cow feed, you have added the necessary bulk to her feed. Nothing wasted and something saved.

If you have noticed that my name would be on the State Ticket as an elector for Wm. Lemke, candidate for President of the United States, you were probably as surprised as I was when I heard it. I sure hope pencil marks don't poison for I am satisfied I am in for do considerable work.

Our father died in 1911 when I was 7 years old and mother raised us kids more or less with an iron hand, to work hard and be honest. Five whippings, not little spankings, was the most I remember getting in one day. There were eight of us kids raised to be grown so you see mother continued to develop an already strong constitution.

Since 1930, Alma and I and now 2 babies have worked and tried to be self supporting on this 140 acre farm, a little less than the average farm in the U. S. We were not born with a silver spoon in our mouth and of course were forced to use credit and some of God's creation to produce farm products to become self supporting.

We have gladly co-operated with every Government program because common sense will tell you that as a nation you can go farther with everybody pulling in the same direction.

Two ways we can be more prosperous on this farm, either we must receive more or cut down expenses. I think it is common sense in the world of unemployment to think more of cutting the expense than receiving more as when we receive more, somebody pays the bill and this takes his prosperity.

The interest rate is our largest expense so lets find if there is some sensible way that it can be reduced.

Thomas Jefferson, the author of the Declaration of Independence, once said, I quote: "If the American people ever allow private banks to control the issuance of their currency, first by inflation and then by deflation, the banks and corporations that will grow up around them will deprive the people of all property until their children wake up homeless on the continent their fathers conquered."

Since Jefferson's time and not so many years back private banks did get control of the issuance of our currency. Many people will read this that know their children did wake up homeless. It has already happened to some and coming to some more.

All right. When Alma and I wanted a home and to enjoy some of God's Creation by making a farm produce some necessary products, we borrowed some money with the Government stamp on it, but when we pay interest, it does not go to the U. S. Government that printed the money

She Wins!

Miss Mary Frances Woods of San Benito smiles triumphantly as she looks over the "spoils" from the recent freshman presidential election held at Texas State College for Women (CIA). After a vigorous campaign, approximately 1000 freshmen chose this diminutive brunette to guide their class activities.

but to private bankers that have control of issuing the currency.

A minority of our Congressmen have been fighting to place this back in the hands of the Government. George Mahon, our own Representative, voted for the Frazier Lamke farm mortgage refinancing bill against Marvin Jones and the administration which means President Roosevelt. This bill, if passed, would have been the starting point in stopping private bankers from collecting the higher interest rate and starting the Government collecting a lower one from producing farmers.

For concrete facts, on the average farm if this bill had passed we would save on the interest rate \$115 each year. The Government would collect through the lower interest rate \$60 more than the nothing it has been collecting. Private bankers would collect \$175 per year from Neither Roosevelt nor Landon by me, or nothing!

It seems to me these figures force the argument to narrow down to producers and the Government (the People) on one side and the private interest collecting bankers on the other.

Neither Roosevelt or Landon by their past actions or future promises offer us any hope that they will correct the evils that Thomas Jefferson warned us of.

Lemke, by his past Congressional Record and future promises, will

get this job done.

By being honest toward the family I am trying to support and the other young fellows I know are following the same up hill road, I will be forced to support Lamke and the Union party for President.

Why would it be such a crime and where would the dangerous inflation come in if the Government loaned its credit money direct to the producer for a small interest rate instead of printing it for the private banks for 30 cents per thousand dollars, borrowing it back for them, paying the bank interest through the bond route then loaning the money to the producer at a higher rate to pay the entire bill.

In either case my farm would be mortgaged. One way the producer has the extra money, the other way the parasite has it. If you were good old Uncle Sam and wanted a prosperous family which route would you take?

Beside the question of debt and paying interest, all other issues fade into the background. Anyway, that is a fact on this farm. I am for the ballot to straighten us out, not the bullet.

AT THE METHODIST CHURCH

It will not be long now until the end of the church year.

Let every one be on his or her toes so as to finish the year in high. At the church school hour next Sunday there will be a real treat and a surprise for all those who are there on time. If you miss you will wish you hadn't. We are expecting the largest attendance for any one day this year. Don't disappoint us.

Hear your pastor these last two Sundays of the Conference year. We will do our best to bring a message that will help you. Let me take this method of thanking you for the many expressions of appreciation that has come to us.

All together for a complete close-out next Sunday.

Thank you.

G. L. KEEVER, Pastor.

One sign of a fellow being newly rich is a tendency to grasp a machine like a pick handle.
