Looking Things Over

By "MACK"

THINGS TO DO THIS WEEK—
Go to the football game (Quitauque vs. Lockney) Friday afternoon at 4 o'clock—Come to the Quitauque Trades Day event Saturday afternoon, at four o'clock and join the Red Cross just any day between now and Thanksgiving.

One week from today is Thanksgiving day, and am so thankful for everything that I am going to lock the doors of the Q. P. and celebrate. Have an invitation to go up and visit Pa during the day, and if he don't cancel said invitation, will take him up. Ma can sure fix up that turkey and trimmin's. So, if you please, get all your advertising copy and news copy in a few hours early—want to make a full day of it next Thursday.

And did you realize that it is just a very short time until that good Old Gentleman, Mr. S. C. Aus, will be among us (and I don't mean that Mr. Roosevelt, either). It is just a little over a month until we celebrate the Christmas season—lets begin to get ready.

Dressed Turkey Show at Plainview

December 2 and 3

Special to the Post
PLAINVIEW, Nov. 17.—Designed to include one of the finest arrays of turkey flesh ever shown in the southwest, the third annual Southwestern Dressed Turkey Show scheduled here December 2-3 is expected to attract more than 500 prime birds from flocks representing Texas and New Mexico counties, those in charge of details said today.

Prize birds from demonstration flocks produced according to approved methods, specimens from flocks of more than a thousand birds as well as top grades from many farm flocks are to be included in the exhibit, calculated at present to be the second largest showing of farm dressed birds ever exhibited in the country.

Added features of the show this year will be a live turkey exhibit designed to encourage improvement of breeding stock and a series of booths arranged to visualize production of a turkey from the egg to the butcher's block. County agents from eight Plains counties have charge of the exhibits to show hatching, feeding and dressing methods.

The live bird exhibit will include specimens with as nearly perfect characteristics as can be obtained in this section, Pete H. Smith, Manager of the Show said. Representatives of Texas A & M College, who have watched closely the development of turkey flocks in the region declare that nowhere have they viewed more nearly perfect turkeys as are being produced in this section.

D. H. Griffin, Salt Lake City, Utah field manager for the Northwestern Turkey Growers' Association, is to judge the show which is to officially open at 10 a. m. Wednesday, Dec. 2.

RED CROSS ROLL CALL UNDERWAY

Culture Club in Charge of Drive this Year

JOIN THE RED CROSS!
The Annual Red Cross Roll Call has started in Quitauque. This year, the Quitauque Roll Call is in charge of the Woman's Culture Club. Dues for the year are the same as in former years—\$1.00 per member.

Fifty percent, or 50 cents, of each membership will remain in the treasurer of the local chapter. This money has been used in the past to assist those in need who are unable to get assistance elsewhere. According to the Secretary-Treasurer of the Briscoe County Chapter, the greater part of last year's money was used to purchase medicine and food for people who were unable to get on the relief program.

The National Chapter of the American Red Cross has been active in Texas this year in the flood disasters in San Angelo and other points. The only way they have to receive money for this work is through the membership drive and donations that are received during the roll call.

Some member of the Woman's Culture Club will call on citizens here between now and Thanksgiving when the roll call ends. Every one who is interested in the work of mercy that is being done by the American Red Cross, is urged to join and put this County over the top in this great work. The women of the Culture Club are donating their time, and one here receives compensation for their work.

Ed. Grundy, local ginner, is chairman of the Briscoe County Chapter of the Red Cross, with J. T. Persons as secretary-treasurer.

Junior Culture Club Studies Texas Tuesday

The Junior Woman's Culture Club met in the home of Minnie Mae Robertson Tuesday evening. The subject for the program was "Texas." Roll Call was answered with "points of interest in the Centennial Grounds."

Mary Rucker was leader of the program. "Art in the Centennial Grounds" was discussed by Mary Lucy Montgomery. "A Bird's Eye View of the Centennial" was given by Mary Ollie Persons.

In a short business meeting, Mary Lucy Montgomery was elected Parliamentarian to fill a vacancy.

Those present were: Misses Mabel Atkinson, Mary Lucy Montgomery, Seney Persons, Minnie Mae Robertson, Myrtice Hadaway, Mary Rucker, ton, Myrtice Hadafay, Mary Rucker, Ila Steele Paterson, Nora Ford, Jewell Everett and Mmes. Frank Gillespie, A. C. Bickford and J. W. Lyon, Jr.

Cousin of Dr. B. R. Ezzell Dies At Memphis Saturday

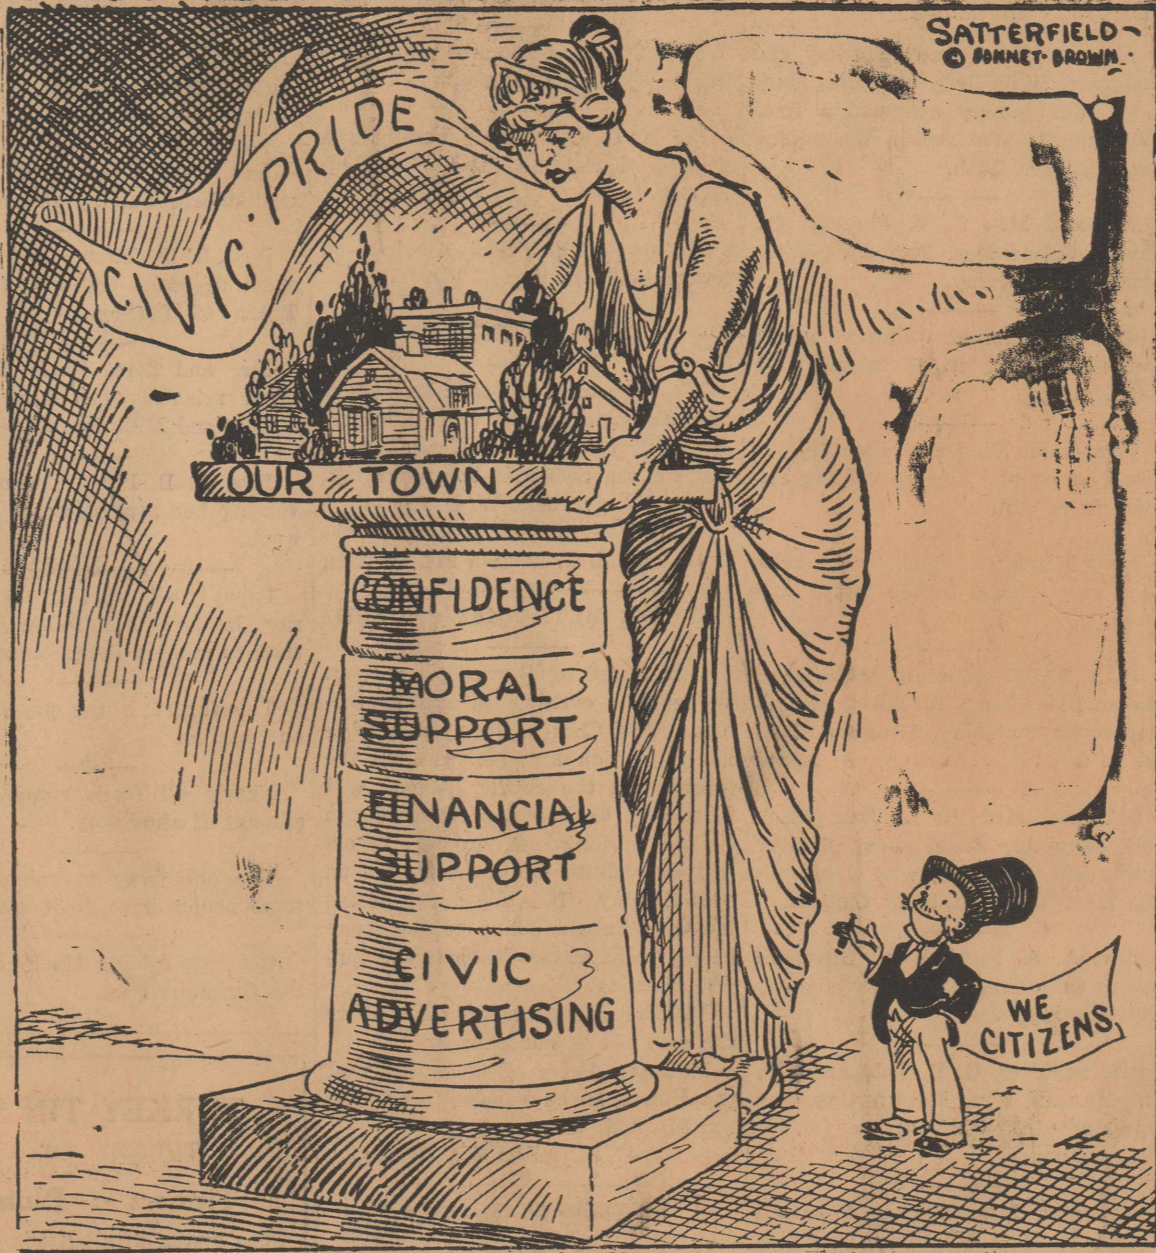

Dr. B. R. Ezzell was called to the bedside of his cousin, David Fitzgerald, in Memphis Saturday afternoon. Just two hours after he arrived, Mr. Fitzgerald died.

Funeral services were held Sunday afternoon at Memphis, with the American Legion in charge. Interment was Monday afternoon at Arlington.

Mr. Fitzgerald was an attorney at Memphis, having practiced there for nearly twenty years. He was forty-four years of age at the time of his death.

Besides Dr. Ezzell, those attending the funeral services in Memphis Sunday from Quitauque were Mrs. Ezzell and daughter, Elizabeth, Mr. and Mrs. E. G. Rice and H. E. Berry.

OUR HOME TOWN

Eugene Reagan Buried Monday at Quitauque Cemetery

Little Eugene Reagan, 2 year old son of Mr. and Mrs. W. E. Reagan, was buried Monday afternoon in the Quitauque Cemetery. The little fellow died Sunday evening at 10:15, following a seven day illness.

Funeral services were held Monday at the family home, 2 miles east of Quitauque. Rev. R. Neal Greer, local Baptist pastor, conducted the services.

Clinton Eugene Reagan was born August 20, 1934. He is survived by his parents, three sisters, Ruth, Martha and Eunice; and six brothers. John, Cecil, Billy, Adis, Robert and Andy. All were present at the funeral except Andy, who lives in New Mexico, and was unable to attend.

Active pallbearers at the services Monday were Frank Hawkins, E. G. Rice, Herbert McBride and J. W. Hardcastle.

SINGING CONVENTION TO MEET IN TURKEY NOVEMBER 29TH

The Four County Fifth Sunday Singing Convention is to be held in Turkey November 29, at the High School Auditorium.

The convention was originally called the Motley County Singing Convention, but has since invited Hall, Briscoe and Floyd counties to join, changing the name to the present one.

Everyone is invited to attend and bring a basket lunch as dinner will be served on the ground.

C. M. Lyles of Floydada is president of the convention and Earl Morrison of Gasoline is secretary.

Luck usually favors the man who doesn't count on it.

Panthers Meet Lockney Here In Last Game

Friday afternoon the Quitauque Panthers will make their last stand of the season when they meet the Lockney Longhorns on the local High School field. The game will be called at three o'clock.

This game should prove a good one, as both the Panthers and the Longhorn have had rather a poor season, and both teams are fighting to keep out of the cellar position of District 4-B. Comparative scores show the teams about even. Lockney lost to Silvertown 19 to 0 and to Flomot 26 to 0. Quitauque has lost to both of those teams.

Fans are cordially invited to see this game, as it will be the last time to see the 1936 edition of the Panthers in action, and a good game is assured. Coach Roy Morris stated Wednesday that the entire team has recovered from the minor injuries received in the Silvertown struggle last week, and they are ready and eager to meet the Lockney eleven.

Admission to this game will be 10 and 25 cents. A large crowd of Lockney fans are expected to make the trip to Quitauque for the game, and Quitauque is expected to turn out in large numbers. Circulars have been distributed over the territory telling about the game, and as most of the neighboring teams are idle, a good delegation from nearby towns are expected.

COTTON REPORT

Census report shows that there were 863 bales of cotton ginned in Briscoe County from the crop of 1936 prior to Nov. 1, as compared with 2749 bales ginned to Nov. 1, crop of 1935.

AGRICULTURAL BRIEFS

BY THE BRISCOE COUNTY AGENT

With the few days of pretty weather we've been having here of late we have made some good progress on harvesting cotton and feed. Only a few more bales of cotton remain unpicker and very few fields of feed remain uncut.

Thrifty farmers will haul in and stack their feed before the spring sand storms begin. That would be a good practice for all of us to follow—but there's always a slothful

few who just can't get themselves worked up to stacking feed till it gets pretty well sanded down.

Last Call for Maps

If you signed a work sheet and if you expect to qualify for any payments from the Government for compliance, it is absolutely necessary that you get a map of your farm into this office this week. In draw-

FIRST TRADES DAY PROGRAM ON SATURDAY

Event Proves Popular; Record Crowd Expected

Popularity of the Quitauque Trades Day was proven from the first moment of the announcement, according to the statements of local merchants. Seemingly, every person in the territory is interested in the event, and a record breaking crowd is expected in Quitauque Saturday.

Saturday afternoon at 4 o'clock is the time set for the first event of the series, and all people are urged to be present at that time and see what a surprise local merchants will give those who trade in Quitauque.

Circulars have been distributed over the territory explaining Quitauque's Trades Day. Postal laws and regulations forbid the mailing of literature on this event, therefore, details cannot be explained in the Quitauque Post. All the Post can do is to urge you to be in Quitauque next Saturday, and every Saturday thereafter, and get your share of anything that might happen. Quitauque merchants want to prove to you that it pays to "Buy It In Quitauque."

P. P. Rumph, head of this year's Trades Day Association, states that he is extra well pleased with the cooperation of local merchants this year. Better than 80 per cent of Quitauque's business men are cooperating. Several more names have been added to the list since last week's announcement.

It will pay you to be in Quitauque Saturday—so get the work done early and be on hand—You'll save money by trading in Quitauque and local merchants are dividing their profit with you. Two people are going to be glad they "bought it in Quitauque"—and perhaps you will be one of them.

Nolan Tipps Initiated In Scholarship Society At Sul Ross College

Initiation for members into the Texas Chi Chapter of Alpha Chi, National Scholarship Society, was held November 5th at Sul Ross State Teachers College. Among those initiated was Nolan (Red) Tipps of Quitauque. Nolan is a Junior at the College.

Alpha Chi is an honor society, nationalized in 1934, which has as its objects the stimulation, development and recognition of scholarship and those elements of character which make scholarship effective for good. The members are chosen by the faculty scholarship committee from the junior and senior classes and from the preceding graduating classes, according to their rank in scholarship as shown on the college records, with good reputation and character of first qualification. The number is limited to one-tenth of the enrollment in each class.

Besides excelling in school work, Nolan takes a leading part in athletics and other outside activities.

AMATEUR CONTEST AT GASOLINE THANKSGIVING

Not the Major Bowes Amateur Hour nor the Fred Allen Amateur program but an amateur contest that will prove equally entertaining. Let's give our own amateurs a chance to "strut their stuff." Besides the amateur contest a short play will be rendered by the students of the Gasoline School. One of the feature attractions will be a pie supper. Everyone is cordially invited to attend. It is to be held at the Gasoline Auditorium, Thanksgiving night, Nov. 26.

It is only around the age of 12 that average children of their sex weigh the same.

Union Thanksgiving Services to be Held Sunday Evening

Thanksgiving Services for the Quitauque Churches will be held Sunday evening at 7 o'clock, according to an announcement made Wednesday by Rev. G. L. Keever, pastor of the Methodist Church. The services will be held at the Methodist Church, with Rev. R. Neal Greer, Baptist pastor, preaching the sermon.

Special music from the choirs of the Methodist and Baptist Churches will be offered during the hour.

It was decided by the local pastors of Quitauque to have services Sunday evening, instead of the usual Thursday morning, as so many of the people leave town on that day.

A cordial invitation is extended to every one to attend this Thanksgiving Service Sunday evening.

Centennial Culture Club Organized Tuesday Evening

A club to be known as the Centennial Culture Club was organized Tuesday night at the home of Mrs. P. P. Rumph. This is the second junior study club to be sponsored by the Woman's Culture Club.

Officers elected were: Margaret Graham, president; Ethelyn Bailey, vice president; Bertie Castleberry, recording secretary; Onale Grundy, corresponding secretary; Frances Graham, treasurer; Johny Womack, Parliamentarian; and Koren Keever, custodian.

The girls were assisted in the organization by a committee from the Senior Club, composed of Mmes. Rumph, E. W. Scheid, Paul Hamilton and C. B. McDonald.

With the serving of refreshments, the meeting was adjourned to meet Tuesday, Dec. 1, at 4:30, again at the home of Mrs. Rumph with Onale Grundy as hostess.

FORMER ASSISTANT COUNTY AGENT GOES TO LUBBOCK

Homer Thompson, former Assistant County Agent in Briscoe County, who has been in Hereford since last May, has recently been transferred to Lubbock. At Lubbock Thompson will continue his work as assistant County Agent. The new appointment is in the form of a promotion.

CUP OF DEATH

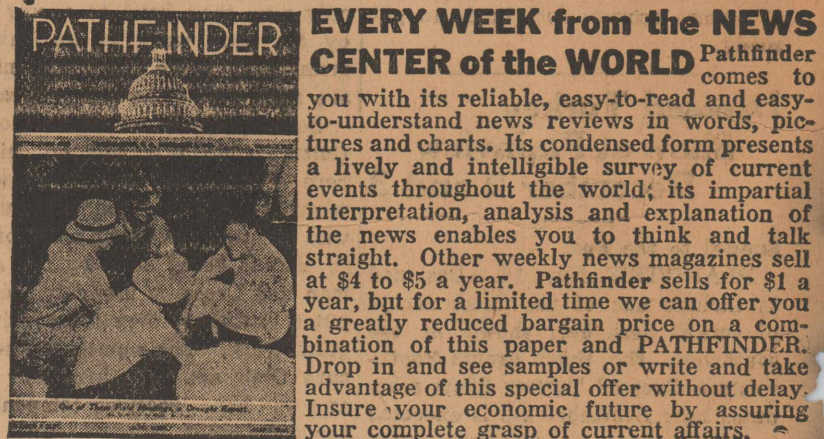

The above scene shows the finale of a crash between two trucks, hurtling through a concrete bridge approach with a crushing impact as if a piece of frosting were flicked from a birthday cake. Figures reveal that the rate of death last year per accident on highways and at rural intersections was 215 per cent greater than between city street intersections and at city street intersections. Such a trend indicates the result of the tremendous increase in the number of trucks plying the highways and laggard or lack of proper safety regulations. Civic and trade organizations and the public generally are being stirred into action to "do something about it." It is pointed out that highways are being pressed into such abnormal and extraordinary uses by truck operations for private gain, that serious inroads on the business of small town merchants is being felt more keenly today than ever. Likewise, the unregulated trucker is disrupting established channels of marketing in these small community shipping centers.

SCHOOL SPIRIT

School spirit is just what the student body makes it.

School spirit is expressed in the loyalty to a teacher's views or principles, it is expressed in the appreciation of the faculty, and it is expressed in the appreciation of another's character. Friendliness toward one's fellow students is another way school spirit can be made manifest.

The neighboring schools read our school spirit by what we make it appear and not what we set up in our ideals.

A cheating student body, a stealing student body, or an unfriendly and indifferent student body, possess a school spirit that is wholly undesirable, and it rates as "rotten" in the eyes of the public.

On the other hand a school whose student body respects the faculty, backs the team, stands by its fellowman, and is loyal to the standards and ideals of the school and community carries with it a school spirit that rates high and is enjoyed by everybody.

After Jessie had bees at the boarding school a few weeks, she began signing her letters home "Jessica." Brother Tom thought he would give her a little dig about it, so he wrote: Dear Jessica: Dadica and Monica have gone to visit Aunt L'zzica. Uncle Samica is talking of buying a new machica, but he doesn't know whether to get a Fordica or a Chevica. The old cowica has had a calfica. I was going to call it Ne'lica, but I changed it to Jimica because

it was a bullica. Your affectionate brother, Tomica."

WHEN THE LAST COURSE OF STUDY IS WRITTEN

When the last course of study is written, and the pens are wiped and dried; The old procedures discarded, and the new all set to be tried— You shall all rest, although you don't want to—vacation a week or two— Til your local superintendent shall put you to work anew.

Then you can afford to be snooty, for you are the chosen few; If places are given for merit, you'll be listed in WHO'S WHO. You'll have real children to work with, to guide them at your ease, No state regulations to hamper—to do as you dadburned please. With only the courses to guide you, and only your conscience to blame.

With only the courses to guide you, and only your conscience to blame You ought to get more money, but you won't, and that's shame. But each in your separate classroom, and each in your separate school Can show that a curriculum worker is not a hair brained fool.

Bayer Tablets Dissolve Almost Instantly
In 2 seconds by stop watch, a genuine BAYER Aspirin tablet starts to disintegrate and go to work. Drop a Bayer Aspirin tablet into a glass of water. By the time it hits the bottom of the glass it is disintegrating. What happens in this glass . . . happens in your stomach.

For Amazingly Quick Relief Get Genuine Bayer Aspirin
If you suffer from pains of neuritis what you want is quick relief.
Genuine Bayer Aspirin tablets give quick relief, for one reason, because they dissolve or disintegrate almost instantly they touch moisture. (Note illustration above.)
Hence—when you take a real Bayer Aspirin tablet it starts to dissolve almost as quickly as you swallow it. And thus is ready to start working almost instantly . . . headaches, neuralgia and neuritis pains start easing almost at once.
That's why millions never ask for aspirin by the name aspirin alone when they buy, but always say "BAYER ASPIRIN" and see that they get it.
Try it. You'll say it's marvelous.

Briscoe County Turkeys "Strut their Stuff"

By FINLEY WHITE

The Turkey producers of Briscoe County just won't be downed by depressed prices. When the Thanksgiving market opened up at 7 and 10 cents the Turkey growers of Briscoe County got their heads together and decided not to sell. They decided to pool their Turkeys, since the "pool" was offering as much or more at the door for dressed Turkeys as the Produce Houses were offering on foot. When the pool is liquidated, if there is any more to be had for the Turkeys, the producers will receive that—if no more is coming from the pool, the producers still have as much as they would have received on foot. Aside from this fact, there is an added advantage thru the pool—Turkeys that normally go No. 2s on foot will grade No. 1s dressed. This is where Briscoe County producers "got well" so to speak.

Almost 14,000 pounds of Turkey was put into the pool with more than 80% of the Turkeys going as primes and 15% going as choice while only 5% went into the commercial class (No. 2 on foot).

This pool is made possible thru the North Western Turkey Growers Association—the largest organization of its kind in the world.

Information comes to the County Agent, thru a representative of the North Western that the 1936 crop of Turkeys from Briscoe County represents the best bunch of turkey ever to be handled thru the pool from Texas. More prime birds were pro-

duced from Briscoe County flocks this year than from any other County in this area. Thanks to the work of the Briscoe County Turkey Improvement Association (J. E. Wheelock, President).

With proper selection of breeding stock, proper feeding of the breeding stock, proper incubation and strict sanitation and feeding of poult, there is no reason why Briscoe County Turkey growers shouldn't continue to lead the field in the production of prime Thanksgiving Dinners.

Much credit is due the producers whose combined efforts and cooperation made it possible to dress out almost 1100 Turkeys at a cost of one and one-fourth cents per pound. Cooperation of this kind will always win.

H. D. CLUB TO MEET FRIDAY, NOVEMBER 27

The Home Demonstration Club will meet Friday, November 27, at 2:30 p. m. in the second story of the Ewing Furniture Store. At this time we will make plans for a wide-awake Christmas Social. Every member is urged to come that your name may be included in the Gift Exchange Box. Each member is also asked to bring a toy to be included in a Gift shower for the poor children of our town and community. Lets begin early to make the Spirit of Christmas what it should be.

CULTURE CLUB STUDIES LIFE AND WORKS OF POE

Studying the life and the works of Edgar Allen Poe, the Woman's Culture Club met with Mrs. Grady Starkey November 12, with Mrs. P. P. Rumph leading the program.

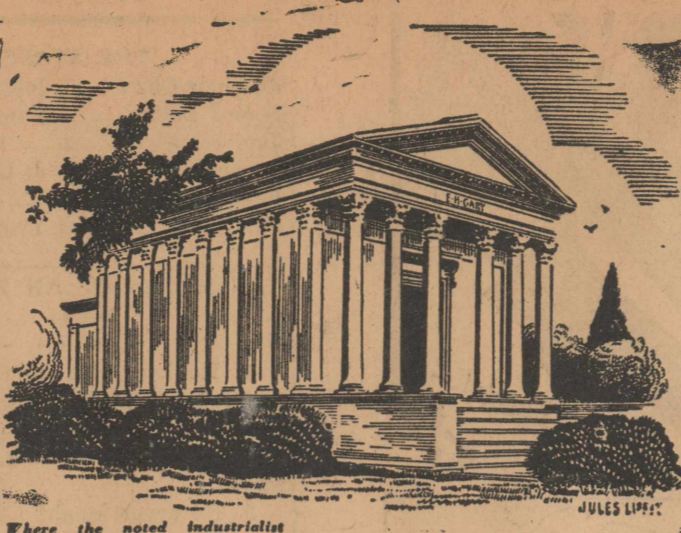

Discussions were given by the leader, Mrs. Ray Persons, Mrs. A. Vinyard, Mrs. Starkey, Mrs. F. E. Grundy, Mrs. E. W. Scheid and Mrs. A. L. Patterson. Members answered the roll call with a quotation from Poe. Seventeen members and one visitor, Mrs. J. B. Buck, were present. The Club meets Nov. 25th with Mrs. H. G. Gardiner.

Milestones of American Genius

Where the noted industrialist rests, in Wheaton, Illinois

ELBERT H. GARY

THE name of Judge Elbert H. Gary will always rank high in the roster of American business genius. His keen legal intelligence and financial acumen contributed greatly to the development of many important industrial corporations, so that in the public mind he became almost a symbol of big business.

Born on his father's farm at Wheaton, Ill., he was brought up for a legal career, studying at the office of an uncle and at Union College of Law, which has since become a part of the Northwestern University. Though he practiced law chiefly in Chicago, Gary maintained contact with his native town, in which he served two terms as Mayor. One of his earlier business projects was the establishment of the Gary-Wheaton Bank, of which he became the President.

At the age of thirty-six he was elected a judge in DuPage County. By the time he entered his forties he had become an authority on corporation law and active in numerous corporate business enterprises and railroads, quickly expanding his wealth. Gary might almost be called the father of modern business mergers. His first large effort in this direction

was in combining the steel and wire industries. He formed the Federal Steel Company, and was an important factor in the organization of the United States Steel Corporation with a capital stock of one billion dollars—the largest in the world at that time.

The great American steel center, Gary, Indiana, is named after Judge Gary. Under his guidance what was a wasteland was developed into an important industrial center.

Judge Gary's cool foresight is aptly indicated by the fact that the stately mausoleum shown in the sketch above was built in his own lifetime. Instead of leaving his final resting place as a task for his family, he planned it carefully himself.

"Every man," he is reported to have told the memorial builders, "should prepare for death, just as he prepares for every business deal. So I want you to build a mausoleum for me in Wheaton. When the time comes, I wish to rest amid the scenes of my boyhood."

The time came in 1927 and Judge Gary's body now rests in Wheaton as he wished, in the mausoleum constructed when he was still alive.

Around the County Judge's Office

There is a little information that I would like to pass out among the people of Briscoe County and I know of no better way than to tell it in story form.

Once upon a time, for that is the way all good stories begin, it was very dry in Briscoe and other counties of this section. The date might be fixed as the Summer of 1936. It looked as though nothing would be made.

Your County Judge and County Agent were invited to meet other judges and agents of the Panhandle at Amarillo for the purpose of trying to get the Panhandle Counties included in a drouth area which would receive special concessions from the State and the United States. We went and with all of the eloquence that a County Judge and a County Agent were possessed of, we urged that Briscoe County be included in the Drouth Area.

A few days later, I noticed in the Fort Worth Star Telegram that most of the Counties in this part were included in the drouth area but Briscoe County was left out. Immediately, I set to work and with the assistance of Honorable C. C. Small, Honorable Marvin Jones and Honorable Tom Connally, I was able to get this county included.

To make a long story short, here are two advantages to the people who reside in a County included in the drouth area:

First, if anyone wishes to ship feed for livestock in car load lots into this County he can until February 12th get a reduction of 50 per cent freight rates on hay and 33 1/3 per cent reduction on other livestock feed.

Second, farmers in this County will be permitted to work on any WPA job provided he can show a need for it. Farmers who desire to work on WPA projects should get in touch with our County Case Worker, Mrs. Kate McKinney.

If I can be of service to any one in getting further information regarding the drouth area, I shall be happy to do so.

Very truly Yours,
W. W. MARTIN

Turkey Show

Altho the Thanksgiving market price of 10 cents for Turkeys wasn't enough to create much turkey interest, we still have something coming up that should create interest among producers of Briscoe County.

December 2nd and 3rd there will be held in Plainview, Texas, the Southwest Turkey Show. This show has always been a dressed turkey show here to fore. This year, however, it was decided to add the live birds to the show. This should stimulate new interest over a wide territory among not only the producers, but the consumers as well.

The purpose of the Southwest Turkey Show has been and still is to improve the quality of turkeys in the Plains Area. Each show has been better than the preceding one and we hope this one will be no exception.

dependent upon the producers of Briscoe and adjoining Counties putting quality birds on display and, too, upon the folks going over to see the birds on display. Lets get our best in shape for showing December 2 and 3 at Plainview. Remember that dressed as well as undressed birds may be shown in this show. A nice premium list is posted for this show and there is no reason why Briscoe County should not capture her share of these premiums.
