Looking Things Over

By "MACK"

Today is Thanksgiving Day—to-day is the one day in all the year set aside to give thanks to our Creator for the blessings received during the past twelve months. In the mad whirl of life it seems that we think only of a holiday when we enjoy a turkey dinner at noon and see a football game or go hunting in the afternoon, and perhaps go to a show at night. But today, let us pause, if only for a moment, and give sincere thanks to the Divine Ruler for being alive if nothing else. Thanksgiving Day is a day to give Thanks.

Community Club Has Interesting Meeting Tuesday

The Quitaque Community Club was served a turkey dinner Tuesday at noon by the ladies of the Methodist W. M. S. Several members had their wives as guests at the luncheon.

Mrs. P. P. Rumph, president of the Woman's Culture Club, brought before the member a suggestion that the Community Club join the Culture Club in distributing baskets of food and toys to the needy Christmas. This was adopted and J. T. Persons, Gladys Starkey and Rev. L. Keever were appointed to assist in this work from the Community Club.

Edmond B. Grant, Lubbock, Assistant Executive of South Plains Council of Boy Scouts was present Tuesday, and requested the Club to sponsor a Boy Scout troop here. This was agreed to and the following were elected to serve as local Scout leaders: Rev. R. Neal Greer, J. C. Rhoderick, E. W. Scheid and A. L. Patterson.

The members of the Club voted to close their places of business on Thanksgiving Day.

Dr. E. C. Price will be in charge of the program at the next meeting of the club, which will be on December 8th.

NOTICE

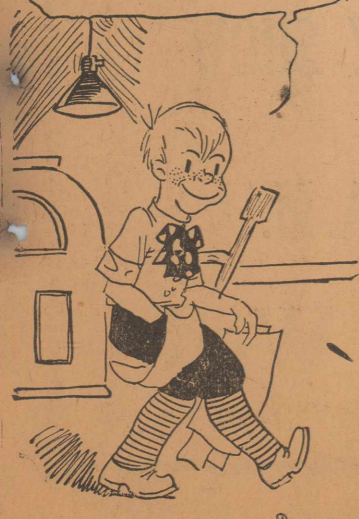

Mrs. L. S. Edmondson has accepted a position with the Quitaque Post and is now in charge of Local and Society News. She will also have charge of the circulation department.

Mrs. Edmondson comes to the Post well qualified, having been connected with the Memphis Democrat for a number of years.

Any assistance given Mrs. Edmondson will be greatly appreciated by the management of the Post.

Panthers Lose Last Game To Lockney Team

In their last game of the 1936 season, the Quitaque Panthers met defeat, losing to the fast Lockney Longhorns last Friday afternoon. The score was 13 to 6.

Quitaque started out fast and furious, pushing over a touchdown in the first period of the game. That lone score proved disastrous, however, when Quitaque's star back, Jack Hutcheson, sprained his ankle as he dashed across the white line. From that time on, Hutcheson was unable to play, although he stayed in the game until the last quarter.

The Panthers were also without the services of another regular back field man, Young, who was out with a sprained knee.

Lockney made their scores in the third and fourth periods, both coming as result of costly fumbles by the Panthers deep in their own territory. However, the Longhorns roundly out-played the crippled Panthers during the entire last half. Expert kicking by Barney Bogan helped keep the score low and the game close.

Outstanding on the Quitaque team was Tackle Bill Cutbirth, who finished his high school football career last Friday. Bill proved a demon on the defense, getting far more than his share of the tackles.

Lockney's fleetfooted backfield proved the downfall of the Panthers. Extra fast high school men, with good blocking, carried the ball on long gains. Owing to two good men being crippled, the Panthers, after the first quarter, failed to get their offense going, and after their drive to pay dirt, did not threaten again.

Basketball Now

Monday morning Coach Roy Morris issued a call for basketball players, and the future Panther Basketball team went seriously to work. They will open the season December 5th.

Mrs. H. J. Naylor, Jr., of Wichita ed in the Happy gym. Coach Morris stated Tuesday that he has not and time to see what kind of a basketball team the local High School can put on the floor, but judging from past history, it will be a good, as all Quitaque basketball teams have been among the leaders in this section.

NYA To Start A Conservation Project In Briscoe County

The National Youth Administration will start a project in Briscoe County about December 1 of Soil Conservation, mainly of running terracing lines on the farms of the county, according to an announcement made Wednesday. The project will employ 8 boys, and is set up for two months.

This announcement was made by the District Supervisor, A. V. Bullock, of Lubbock, who was in Quitaque Wednesday afternoon.

Farmers who wish to secure the benefits of this project are urged to get in touch with the County Agent, under whose direction the work will be done. The project is under the supervision of the A & M College Extension Service.

GASOLINE GIRLS ORGANIZE 4-H CLUB

The County Home Demonstrator met with the girls of Gasoline Wednesday of last week, and organized a 4-H Club. There were eleven girls present.

The following officers were elected: President, Anita Whittington; Vice President, Wordie Hamner, and Secretary-Treasurer, Naoma Matthews. The next meeting will be held Wednesday, 25th, in the club room at the school house.

When Texas Rangers rounded up all the bad men in Kimble County in 1877 there weren't enough men left to make a jury to try them.

THANKSGIVING --- 1936

Baptist B.A.U. Enjoys Party At Bogan Home

The Baptist Adult Union enjoyed a party at the home of Mr. and Mrs. S. T. Bogan Tuesday evening. Mrs. E. C. Bedwell and Mrs. Roy Burgess were in charge of the entertainment. The Thanksgiving motif was carried out during the evening.

The entertainment was brought to a climax by a very impressive Thanksgiving reading by Betty Jo Bogan.

Mrs. Bogan, Mrs. Chas. Gowin, Mrs. W. F. Brittain, Mrs. J. W. Lyon, Jr., and Mrs. Roy Burgess served a plate consisting of sandwiches, potato chips, olives, cake, and hot chocolate to the following:

Rev. and Mrs. W. M. Draper of Lorenzo, Rev. and Mrs. R. Neal Greer, Messrs. and Mmes. A. B. Buchanan, Jim Stroup, C. E. Bedwell, George W. Owens, W. F. Brittain, E. E. Burgess, W. N. Jenkins, J. W. Lyon, Jr., Chas. Gowin, Roy Morris, J. C. Rhoderick, O. T. Murphy, Roy Burgess and S. T. Bogan.

REVENUE FROM LIQUOR OVER FIVE MILLION

AUSTIN, Nov. 24 (Sp.)—Reducing its activities to revenue figures, the Liquor Control Board during the first year of its existence collected \$5,726,796.84 in state levies and distributed over \$100,000.00 more to counties in fines paid by law violators, Liquor Administrator Charles R. Miller announced today. The liquor control act regulating the alcoholic beverage industry in Texas had been operative for one year on November 16.

AGRICULTURAL BRIEFS

BY THE BRISCOE COUNTY AGENT

With the wheat all safely in the ground and out again the farmers are turning their efforts toward "scrapping" those bolls, and getting in those "post toasts." The thrifty farmers are getting this job done in a hurry, too. Soon we won't have much left to do but whittle and chew. While we're engaged in this whittling and chewing pass time, let's take time to formulate some workable ideas on the new farm program. This new program is for the farmers and should be

Mrs. O. W. Stark Buried Wednesday At Plainview

Mrs. W. O. Stark, 61, a resident of Plainview, and step-mother of Orlin Stark, died at the Plainview Sanitarium Tuesday, following an illness of four months. Funeral services were held Wednesday afternoon at the Plainview Baptist Church, with Rev. J. Pat Horton officiating.

Mrs. Stark is survived by her husband, three brothers and three sisters. Three step-children also survive. They are R. O. Stark of O'Donnell, Orlin Stark, Quitaque and Mrs. Eldon Morgan, Hereford.

Mrs. Stark had been a member of the Baptist Church since girlhood and took an active part in the work of the Plainview church. She had many friends in Quitaque.

Mr. and Mrs. Orlin Stark have been in Plainview nearly all of the time during the past few days and was there at the time of her death.

Rev. G. L. Keever, Rev. R. Neal Greer, E. G. Rice and H. G. Gardner attended the funeral services in Plainview.

LEONARD MERRELL INJURED SATURDAY

Leonard Merrell, local farmer who lives south of Quitaque, was injured Saturday afternoon when he was hit by a slow-moving car. The accident occurred about 4 o'clock, when the streets were crowded with visitors to the trades day event. Mr. Merrell suffered from the shock and severe bruises, according to Dr. E. C. Price, who examined him immediately after the accident.

Plainview Starts New Series of Friendship Days

Plainview is to resume its Friendship day program for a six month's period starting Wednesday, Dec. 2, with a grand Christmas program featured by the arrival of Santa Claus, numerous contests, stunts, cash awards, and a general all-day jollification. The most elaborate Christmas program ever planned by the city has been arranged for the pleasure of young and old alike.

All stores and windows will be decorated, streets lights will flare the thought of Christmas, bands will play, Santa will parade, with many appealing surprise stunts the Christmas season will be ush in.

The committee having in charge Friendship Days for Plainview has named Wednesday of each week as Friendship Day. Following the four Christmas programs on December 2nd, 9th, 16th, and 23rd, there will be numerous Friendship Day contests, public wedding, rat killing contest, state reunions, free barbecue, spelling bee, guessing contests, many cash awards, free picture shows, treasure hunts, country stores, old days, old fiddlers contests, sports events, Irish pamboree, utrkey chase balloon day, amateur contests, free street fair, basket dinner, horned toad races, old rooster day, and produce days. These are just a few of the things which are included in the program each Wednesday from now until June first which is planned to be the most interesting program ever offered by Plainview to its friends.

Next Wednesday's Christmas opening program will start at ten o'clock with a big turkey chase, followed by the arrival of Santa and parade at eleven o'clock, and the cash awards at two o'clock. Many other features will intersperse the program. The Southwestern Dressed Turkey Show will be in progress on that day and will enable visitors to view the show free.

COTTON REPORT

According to the Department of Commerce report, there were 1,835 bales of cotton, counting round as half bales, ginned in Briscoe County from the crop of 1936 prior to November 14th. On November 14, 1935, the department gave the official count at 3,598 gales.

First Trades Day Proves Big Success

Quitaque's first Trades Day of the 1936 series, ended with great success. Large crowds visited Quitaque Saturday. People visited the business houses from early afternoon to late Saturday night. When the special event was staged at four o'clock, the large vacant space on the East of Main Street was filled to capacity.

Local merchants were well pleased with the result of the first of the series, and extend a cordial invitation to all who were here Saturday to come back next Saturday and bring all of their neighbors. Two more prizes will be given Saturday.

Just before the prizes were presented last Saturday, word was received that 20 per cent of the gifts would have to be withheld as a state tax. This tax will be applied to the Old Age Assistance fund. The amount will be deducted each week from the total prizes and sent to Austin.

Just how long these series of Trades Days will last has not been decided by the committee. They will be held from now until Christmas, and perhaps longer. The committee in charge of the event is composed of P. P. Rumph, chairman, H. E. Berry, secretary, E. G. Rice, Paul Hamilton, C. R. Badgett and C. M. Walden.

A revised list of cooperating merchants in the Trades Day Association follows:

Berry's Market, A. L. Patterson, Cutbirth's 5c to \$5 Store, Lemon's Cafe, Tiffin Bros. Grocery, Claude's Service Station, M. L. Johnston & Son, Persons & Sons, H. S. Case, Dick's Barber Shop, Service Tailors, J. W. Ewing, John L. Garner, P. O. Woods Chevrolet, Pioneer Drug Store, G. Tunnell & Son, First National Bank, West Texas Utilities, Grover Grundy, Conner & Castleberry, Guy Hawkins, Robins Barber Shop, T. C. McCutchen.

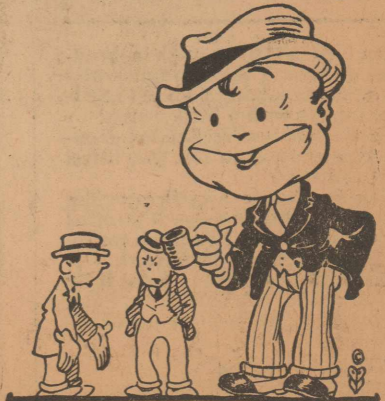

Quitaque Produce, L. A. Broxson, City Shoe Shop, S. T. Bogan, E. E. Berry Grocery, B & C Furniture, Persons Service Station, Queen Theatre, City Bakery, Uncle George Grocery, Burgess Pharmacy, E. G. Rice, Rhoderick Grocery & Market, Willison & Son Lumber Co., J. C. Wooldridge Co., Quitaque Post, O. K. Cafe and Hamilton Grocery.

DISTRICT CHAMPIONSHIP GAME AT MATADOR

This afternoon (Thursday) the Flomot Longhorns and the Paducah Dragons will meet in Matador to decide the Championship of District 4-B. Paducah won the south half title, while Flomot was winning the championship of the north half of the District. This battle plans to be an exciting one, and several from Quitaque plan to attend. The game will be called at 2:30 on the Matador Field.

Cooking vegetables in their skins retains all the valuable mineral matter directly under the skins.

AT THE METHODIST CHURCH

This preacher is delighted at the very fine spirit that is being manifested in the work of the church for this year. Very definite plans are being perfected for more intense work. Every member of the official board is taking deep interest in the future of the church. Last Sunday was a good day in every sense of that term. A fine response was made at the morning service. The co-operative Thanksgiving service at the evening hour was enjoyed by all who have expressed themselves concerning the service. We are happy to welcome the workers from other churches in the service.

We give one and all a cordial invitation to worship with us in any service of the church.

A place for every one in the Church school.

A message of inspiration and instruction at the preaching hours.

G. L. KEEVER, Pastor.

Texas may at any time be divided into five states upon consent of the Texas people. The annexation resolution ratified when Texas became a state provided for this.

PREPOSITIONAL PHRASES

The Junior class certainly has plenty of spirit. When you stop and think of their ability, you will find that they have plenty. In English the class was studying the misuse of prepositional phrases. The following skits will illustrate some of the sentences Miss Thomas received:

Not long ago, when a stranger came to this "Queen City" for the first time he met "Tuffy" Self. Tuffy was crying as if his heart were broken. The stranger asked him why he was crying, and he said, "I went fishing and my mother spanked me upon my return."

The next person the stranger met was Inetha Hawkins. She was so excited! She explained that "A man in the hotel had been shot in the lobby."

He then met Charles Walden, who was running and shouting at the top of his voice. He stopped him and asked him what was the matter, and Charles replied, "A little boy hit me." "Where did he hit you?" the stranger asked. "He hit me between the drug store and the bank." The stranger walked a block further and met Howard Castleberry who was limping along. When he asked him what the trouble was,

Howard answered, "The other day I was walking down the street when I slipped and hurt my hip at the grocery store."

Go to Silverton to see wild wheat, but come to Quitaque to see "The Wild Oat Boy."

WISHES

One day a man who had suffered financial reverses in the market sat pondering. A fairy came to him and offered to grant him a wish. He wished that he might see a newspaper one year from that date. Immediately a newspaper was handed to him. He turned hurriedly to the financial page, and shouted - "Hurrah, I'm a millionaire!" Then he glanced down the death column and shouted - "Great heavens, I died two days ago."

NOTICE!

This week we are publishing a Freshman's impression of the Centennial. Next week, we will publish a Sophomore's, and so on until all the classes have had a chance to express their ideas.

"Well, folks, I don't hardly ever go off an' chase around to see things like that thar Centennial, but shure 'nuf, I went right along with the rest of that bunch when they left, and when I came back I didn't have hardly none of that boll-pulling money I left with."

"I got to ride a trian with 'leven cars, and it ran so much faster than that ole mule and buggy of mine, that I thought it was a goner jump off them thar tracks. Ya' know, I think it's a plump shame the way they wa'te a'l that water down there with all us folks out here need'n' rain so bad. And that thar shootin' at the Calvalcade just turned my nerves bottom-side-up'ards. You jest arter seen them fire-works at the Lagoon. They were scrumdumptious."

"Ford thought that thar ox-cart wuz o'e: well, my ole mule is jest as old."

A BE-DAZZLED FRESHMAN

You have a date with the Seniors for December 4.

We wish to commend the excellent work done in the art classes this year and last. Several students have made articles such as carved buttons and buckles and sold them. Miss Mary Lucy Montgomery is the teacher who directs their activities in art. A special art work hop room was used, and the pupils have a great deal of delight creating different art projects.

The girls' basket ball team is showing up a good prospect again this year, as usual. Although some of the excellent players of last season will be missed, new players are being trained for their positions by Miss Wanda King. She is in charge of all girls' athletics. She will coach tennis and volleyball.

A Junior Choral Club has been organized. The chorus was organized early in the year by the grade teacher with the grades from 4 to 8 participating.

The chorus will learn the songs to be sung in the county meet.

The directors of the chorus are Miss Montgomery, Miss Norton, Miss Baucom and Mrs. Paul Hamilton. Mrs. Hamilton is the pianist.

The students are going to work hard so they may sing in the contest and beat our competitor, Silverton.

See "The Wild Oats Boy" in person at the auditorium December 4.

The school class took dictation at the seventy words per minute. The class is a hopeful group of seniors with excellent abilities for stenographers! Wait until they cover the entire alphabet, and then try them out. If we aren't good stenographers by the end of the year, we'll surely have to slow up from the good rate we're going now.

We have a deep problem—What is the attraction in adjoining towns? Who is she? I guess distance lends enchantment, also lends a far away look in the eye. Enough said—about a certain Senior and his one and only???

Miss Allene Broxson, who is a former student of Quitaque High School, was a visitor in the school this week.

In China, roses are used as much for food as for decoration. "A rose by any other name" is spinach to them.

When it seems that everyone is against you it is time to check up. You might discover that it is you who is wrong.

The Home Food Supply Demonstrators are displaying their pantries this month. And from the looks of those well filled pantry shelves, Old Man Starvation may as well fade out of the picture for the time being.

The purpose of the Home Food Supply Demonstration is to assist the homemaker in conserving a food supply that is safe, adequate, economical and enjoyable.

1. CONSERVE the family food supply for non-productive months. Plan sufficient amount to be used fresh and conserved from the garden, orchard and meat animals and field crops.

2. CONSERVE foods according to approved methods that will be safe for human consumption.

3. CONSERVE foods that contain and retain the highest food value. Plant varieties that contain the highest amount of food nutrients.

4. ORGANIZE the conserved products. Label containers. Provide storage for family food supply.

Difficult? Yes, maybe, but isn't the job of caring for one's family any time a little difficult? But how satisfying the result if we have done the job well.

Can non-acid products with the pressure cooker. Check and use time tables from Government and State bulletins.

Adjust time tables to altitude. Can acid products in water bath.

Select container suitable for type of product to be canned.

RIGHT TO THE DOOR

Here is the end of a perfect curve taken too fast and chalking up the beginning of eternity. Rather a coincidence such a crushing business should come right to the door of the undertaker with freight on board.

Out of these appalling highway tragedies there is developing a deep, constructive resolve to seek safety legislation which will include all types of drivers, particularly the unregulated itinerant trucker-merchant who now escapes virtually all truck regulatory laws, evading taxes and pursuing his unmolested and irresponsible course on our highways and streets.

is opened here or not. If you have turkeys you expect to pool drop us a line giving the number you would likely have to pool. Pooling dates will be announced in next week's Quitaque Post.

Remember that the South Western Dressed Turkey Show will be held in Plainview December 2 and 3. This show will also carry a live bird entry. Briscoe County producers should bring back their share of prize money from this show, since we have produce a real crop of turkeys this year.

When we come to this time of the year, it would not be amiss for us to pause long enough to take inventory of the blessings which have bequeathed to us this year.

There are none of us who cannot count untold blessings given by The Great Creator if we will but think back a few moments. God has given us health, strength, friends, loved ones, a free Country—out of war, a good President, and many, many other things too numerous to mention.

blessings given us by an all wise and merciful God.

BAPTIST W. M. U.

The Baptist W. M. U. met at the church Monday afternoon for a Royal Service program. Fifteen ladies were present. Mrs. Grady Starkey was in charge of the meeting. The following program on "Our Xmas Offering in Kingdom Building" was presented:

Devotional—Mrs. R. Neal Greer "Christmas is Coming"—Mrs. O. T. Murphy "The Contents of an Envelope"—Mrs. Ed Dunavant A Christmas Preview—Mrs. C. E. Bedwell "Trailing a Christmas Envelope"—Mrs. Starkey. Mrs. Starkey closed the meeting with prayer.

The Staked Plains got their name because Coronado was afraid he would get lost on his trek across the West Texas Plains in 1641 so he placed stakes to show him the way back.

TRENCH SILOS FOR CASTRO COUNTY

DIMMITT—A preliminary survey at the end of October showed that 41 trench silos had been filled in 10 of the 13 communities of Castro county, according to E. W. Thomas, agricultural agent. Of these, 32 have been constructed this year to take care of the heavy crop of grain sorghums.

Brewster County is larger than the states of Rhode Island, Delaware or Connecticut.

Nations Prosper As They Are Free

"Countries are well cultivated, not as they are fertile, but as they are free." That axiom, pronounced many years ago, remains true today. Now, as then, it applies not only to the soil, but to every form of productive activity—whether at the farm, the factory, the store, the office or the laboratory.

It was through the freedom of her workers—not political liberty alone, but the freedom of unfettered energy—that America became great.

It was largely because of this freedom that the standard of living for all Americans became the highest in history, while the workers of Europe—hampered by government edicts and restrictions—lagged far behind.

It was this freedom that gave the American workers more and better farms, more and better homes, more and better food, more automobiles, more telephones, more radios, more comforts of all kinds, than any people on earth.

Let's remember these things through the months immediately ahead. Let's remind those in whose hands we have placed the reins of government that it was freedom of opportunity and of labor that made America what it is.

Let's ask them—with our help—to sweep away all the barriers that block the road to recovery, and to let the American people press forward as they did during the period of their greatest development, free from the handicap of bureaucratic edicts, whether past or present or future.

Let's impress on them anew that countries are well cultivated, not as they are fertile, but as they are free.

And that means freedom of our intelligence, our energies, and our spirit, as well as of our persons.

Agricultural Briefs

every farmer who wants lines run. Come by and lets arrange a date to run your lines.

Last year lines were run on more than 25,000 acres of farm land in Briscoe County and this year we should double that figure. Let's get ready now to save that moisture that "might" come next spring.

What! Turkeys Again? Yes Sir, if you didn't get your turkeys ready for the Thanksgiving market, you had better be pushing them along in a hurry now for only a few more days remain before the Xmas market opens.

Plans are now to open the pool again here in Silvertown for home dressed turkeys. The number of turkeys available for this pool will determine whether or not the pool

Gem Theatre

TURKEY, TEXAS THURSDAY & FRIDAY NIGHT "CHINA CLIPPER" with Pat O'Brien, Ross Alexander and Beverly Roberts Also Comedy

SATURDAY Matinee and Night BOB STEELE in "CAVALRY"

A Feature Picture Also Serial and Short

Admission 10 & 15c

Farming Is Much Easier and Cheaper When a Farmall Does the Work

McCormick-Deering

SPEED and flexibility are brought to the row-crop farm by the Farmall Tractor. It is so far ahead of horses when it comes to planting, cultivating, and doing other row-crop and general farming work that there is no comparison.

Until you own and operate a Farmall you cannot appreciate the benefits and advantages of it. But just ask any Farmall owner about it. He is the man who is enthusiastic about the Farmall. He knows. He has farmed with horses and with the Farmall and you can bet that he isn't going back to horses.

If you want a real demonstration of the Farmall, call us up and we will arrange one for you. We'll show you how much easier it is to farm with a Farmall and why you cannot afford to be without one. There are three sizes—to fit the needs of any farm.

See the New F-12 with Hydraulic Power Lift, The F-20 with Power Lift and 4-row Lister Planters. Power Lifts optional on all Tractors.

"THANKS A MILLION" FOR MORE THAN A MILLION

America has bought 1,130,000 Chevrolets during the past twelve months, thereby giving Chevrolet the greatest year in its history and the greatest measure of buyer preference it has ever enjoyed.

The builders of Chevrolet are thankful for many things, but most of all for the warm friendship of the American people. And so again at this Thanksgiving season we say, "Thank you, America," for you have given Chevrolet a measure of good-will without parallel in the annals of modern industry. Consider, for a moment, all that you have done to inspire Chevrolet's appreciation during the past twelve months: You have purchased 1,130,000 Chevrolets; you have made Chevrolet your favorite car for the seventh time in the past ten years; you have given Chevrolet strong preference in every section of the country; you have conferred this same high honor upon Chevrolet trucks by purchasing more than 205,000 commercial units; you have made 1936 the most successful year in all Chevrolet history. And now, to climax these expressions of friendship, you are displaying even more marked preference for the new Chevrolet for 1937. It is difficult to express adequate appreciation for gifts so great and so generous as these. All we can say is, "Thanks a million" for more than a million cars in 1936; and all we can do is offer you the still finer Chevrolet of 1937 in return for the finest friendship ever bestowed upon any motor car manufacturer.
