

THE QUITAQUE POST

YOUR HOME-OWNED NEWSPAPER

VOLUME XIII

QUITAQUE, BRISCOE COUNTY, TEXAS, THURSDAY, FEBRUARY 24, 1938

No. 13

"The Rest Of The Record"

BY JAMES V. ALLRED
Governor of Texas

My fight to secure the return of the State's lands has developed rapidly the past week.

When I requested the Attorney General to file a number of suits to recover these lands for the State, he told the newspapers that I was childish. From Paul's letters to the Corinthians, he quoted:

"When I was a child, spake as a child; I understood as a child; I thought as a child. But when I became a man I put away childish things."

I can readily understand why the Attorney General, who calls himself the "Great McCraw" would have to resort to the Scriptures to prove that he has grown up.

Immediately after I demanded that these suits be filed, however, the Land Commissioner cancelled the big lease I had been complaining about—the one where he turned down \$103,000 in cash and accepted \$310.

This is the second time I have made him back up and cancel out. It appears, therefore, that my "childishness" has already resulted in the cancellation of two valuable leases which he had executed.

You will remember that the Attorney General also said that he would not file all the suits that I had requested, but would file only one test suit. He said that the State's rights would not be jeopardized; but when I pointed out that if these people were allowed to let the matter rock along until a test suit could be drawn out through the courts they would then have their gamble and know whether the well beink drilled was a producer or dry; and when I pointed out that these people could even assign these leases to others who could claim to be innocent purchasers, the Attorney General changed his mind and filed nine additional suits.

So my "childishness" has resulted in further action.

The trouble now is that the Attorney General only set up one ground in asking for cancellation of these leases. He did not allege in his petitions that the facts constituted legal fraud, as I had requested him to do. Nowhere did he allege the facts and circumstances which I set out in my letters. I think these facts and circumstances taken as a whole clearly show a fraud upon the rights of the people. I am sorry that the Attorney General is not going to give the court the opportunity to pass on these facts. I would rather have three legs to stand on in a lawsuit than just one, especially where millions of dollars belonging to the school children are involved.

To save my life I can't understand why the Attorney General hasn't been just as anxious to investigate and go after these matters as I have been. Heretofore the Attorney General's office has been regarded as the watch dog for the people. One after another, former Attorneys General have stepped out with lawsuits to protect the rights of the people. The most recent instance was when former Attorney General Dan Moody broke up the highway con-

Folks Are Funny

By E. V. White, Dean
Texas State College for Women

Few young women prefer cooking and sewing to the custom of looking and going.

Fite Nite at Flomot Monday, Feb. 28.

Fite Fans—Monday night, Feb. 28, Flomot is staging a Fite Nite, to be held at the school gym, sponsored by the Flomot athletic council.

A Golden Gloves high school tournament is to be held at Flomot March 4 and 5 sponsored by the same organization and the purpose of these preliminary matches is to pick entries for the tournament. Nine schools have already announced their intention of entering and it is expected that about 30 schools will send contestants to the tournament.

The show Monday night will start at 7:30, with fourteen bouts scheduled and a small admission will be charged. Five boys who gained experience last year and who are promising to make it interesting are Taibert Brown, Teague Clay, Red Amnett, Steve Thomas and Dale Bourland.

Oldest and Youngest Mothers-in-law Wanted

Who are the oldest and youngest mothers-in-law in the Southwest?

Does she live in or near Quitaque? Both will have places of honor in the parade, which will be a feature of the national celebration, March 9, in Amarillo.

Mrs. Franklin D. Roosevelt, No. 1 mother-in-law of the United States, will attend the observance.

"Of course, the oldest mother-in-law must be vigorous enough to ride on a float," said Miss Louise Evans of the Amarillo Globe-News, who is conducting the search.

Features of the parade will be the longest float in the world, on which 750 mothers-in-law will ride, a delegation of 50 Indian mothers-in-law from the Navajo reservation, and more than 50 bands. Governors from 3 states will lead the parade which Mrs. Roosevelt will review.

Miss Evans has asked the Quitaque Post to aid in the search so if you know either the oldest or the youngest mother-in-law or both, please write to her.

METHODIST PASTOR'S SISTER DIES IN NORTH CAROLINA

Rev. G. L. Keever, local pastor of the Methodist church, received a message last Friday morning that his sister died in a Lincoln, N. C., hospital late Thursday night. Mr. Keever says that she was the only unmarried sister and had remained at the old home caring for their mother who is now in her 90th year. The distance and weather condition prevented his attendance at the funeral which was held Saturday.

VISITORS

Mrs. Frank Tunnell, her daughter-in-law and baby, who paid a short visit to relatives here about two weeks ago, enroute to Elcebra, will return the latter part of the week for another brief visit before returning to their home in New Mexico.

Mrs. L. Moody who has been visiting her sister, Mrs. A. Persons, will accompany them when they leave, as far as her home, Socorro, N. M.

Mrs. Moody paid a peasant visit to the office of the Quitaque Post this week, stating that she had once stained her fingers with printer's ink and, as is usual, couldn't seem to break the spell. She listened sympathetically to woes of the office "devil" (who is also the editor's wife) and so won a life-long friend. At one time she had been in the same situation, both "devil" and wife and knew how badly both need a "listening" ear.

At The Methodist Church

Every member of the church and church school is urged to attend next Sunday. The topic for the morning hour is "Are We Choosing Wisely?"

You are cordially invited to attend our services if you are not now attending service. It is our aim to give every encouragement that we can. Give God a chance to warm your heart by attending divine worship next Sunday.

G. L. Keever, Pastor.

Mrs. S. J. Bass is spending the week in Turkey with her daughter, Mrs. Truman Young.

Last Rites Spoken For Robbie Jo Morris

Robbie Jo, two year old daughter of A. L. Morris, city marshal, died at 6:10 o'clock Sunday, morning at a Lubbock hospital where she had spent several weeks. Funeral services were conducted Monday afternoon at 2:30 o'clock at the Flomot Methodist church by Rev. G. L. Keever of Quitaque and the small body was laid to rest in the Flomot cemetery by the side of her mother, who died when the child was three days old.

Death was due to pneumonia and complications. An operation was performed several weeks ago and a tube inserted to drain the lungs and Robbie Jo got along nicely until complications set in.

Surviving besides her father are Bobbie Fred, her twin brother and Ima Lee, six year old sister; her grandparents, Mr. and Mrs. Albert Mayhall and her grandmother Mrs. Mae Morris who makes her home with her son, and her aunt Miss Laverne Mayhall.

Pall bearers were Charlie Gowins, E. M. Hutton, J. W. Lyons, Jr. and Jack Bradley.

Card of Thanks

We wish to thank each and every one for the assistance given, the comforting words spoken and the many acts of kindness shown during the illness and after the death of our darling baby daughter, sister and granddaughter. May God bless each of you.

A. L. Morris and children.
Mrs. Mae Morris
Mr. and Mrs. Albert Mayhall.

Social is Enjoyed at Hamilton Home

The young womens circle of the Methodist missionary society was delightfully entertained by Mrs. Paul Hamilton Tuesday evening. The program was preceded by a social hour at which the George Washington motif was cleverly carried out. Place cards were red hatchets and refreshments consisted of tomato juice cocktail, cheese sandwiches cut out in the shape of hatchets, candle stick salad, apple sauce, cherry pie topped with whipped cream, and coffee.

The revelation of secret friends followed the refreshment course and gifts were exchanged.

Miss Margaret Bergner led the devotional which opened the program and topics relating to missions in Oklahoma were discussed by Mrs. Frank Gillespie and Mrs. O. D. Lowry.

Following the program, table games were played. Those enjoying Mrs. Hamilton's hospitality were Misses Margaret Bergner, Mabel Atkinson, Minnie Mae Roberson and Lorene Oliphint, and Mesdames Bud Bailey, Frank Gillespie, and O. D. Lowry.

Card of Thanks

We wish to express our appreciation to our friends and neighbors who have been so helpful to us in words and deeds during the illness and death of our dear husband and father.

Mrs. M. L. Johnston
W. O. Johnston and family
Mrs. Ernest Everhart and family
Mr. J. B. George and family
Mrs. M. A. Brown.

AGRICULTURAL BRIEFS

BY THE BRISCOE COUNTY AGENT

It seems that there is no end to the things that are happening these days. First the farm bill passes and then things do begin in earnest—snow—rain—Hitler's speech—Orlin Stark goes to Fort Worth—Anthony Eden resigns—the Japs make an air raid on the Chinks—Joe Louis trains for a fight—Quitaque wins the county basket ball championship and finally our "pay day" papers from Uncle Sam come in.

The applications for payment came in Monday and every one who complied with the farm program in '37 is urged to get in to the agent's office at once and sign up these papers. These are the last papers to be signed before the checks come. We must have 75 per cent of our applications for payment sent in before any checks will be issued at all.—So lets hurry the thing along all we can by signing up our own papers and urging our neighbors to sign theirs. It does look like we'll have money to spend this coming 4th of July!

Rain and Snow

The past week has been one awfully wet time not to put any water into our lakes. The mist, fog, sleet, rain and snow were all welcomed visitors (strangers) in these parts. Reports on the actual amount of moisture received range from a "trace" on the Hutsell farm S. E. of Silverton to as high as 2 inches in the Antelope country. All parts of the county as well as the entire panhandle report good snows and rains. Boy, oh, Boy, what we've been having beats sand storms all haywire! You can chalk my vote up right now for bigger and better rains. Just take a look at this wheat and see how much improved it is after getting this moisture and it won't be any wonder to you as to why wheat went off 3 or 4c a bushel nearly every day last week. Gosh! if these Bears and Bulls that set wheat prices had to grow a few bushels and if they knew how many aches and pains there were between seeding and harvesting—they'd stabilize the price of that precious stuff at a fair figure and leave it there.

New Farm Dope

As yet the information received on the 1938 farm program is not boiled down to where a country boy can understand it. For that reason I'll refrain from trying to explain it "til I know myself what it's all about. It

is hoped that by the time this column is ready for press next week some very definite information will be at hand to pass on to you boys in the field. About the only thing we know now for sure is that Congress didn't get the last vote on this farm bill. We farmers will have the last vote on it March 12. Why we are going to vote and were're going to vote will be published at a later date so watch for the notice.

BRISCOE COUNTY ADVANCES

Under the 1937 Range Program Briscoe county ranchers were forced to wait on "outsiders" to do their tanking for them because none of our local people had "what it takes" to do tanking with. As a result of this depending on someone else to do the tanking some of our ranchers did not get all the tanking done that they had planned nor all they could have drawn pay for. This unearned money can not be earned in 1938. Only the 1938 range building allowance can be earned this year.

Ranchers should not have the same sad experience in 1938 they had in 1937 because W. E. Shott, Jr., has purchased the necessary equipment to do a first class tanking job with. Schott's purchase of this machinery will not only make it possible for ranchers to have their tanking done when they want it, but it will put into circulation right here in Briscoe county all the money earned on range program.

"Wiggles" has just completed his first job with his new machinery on the S. C. Kitchen ranch. The writer visited this job while it was in progress and after keeping time on the job for an hour, made the following calculations (which W. E. says are low); The machine moves 4 cubic yards of dirt at a trip and makes 22 trips an hour. Running a 10 hour day this rig will move 880 cubic yards of dirt. Allowing 180 yards lost for stops and repairs "Wiggles" says he can still move 700 cubic yards of dirt in a day. To me that means that Briscoe county ranchers will certainly be able to get all their dams built in time to get in on the 1938 set up.

The machinery that W. E. has includes a 50 H. P. Catipillar tractor which should be a "wizzard" with a blade in building terraces. Of course we have been able to get the county graders to do some of our terracing, but when they are tied up we might be able to press W. E. into terrace building. It's a good bet I do believe.

M. L. Johnston Is Buried Tuesday

Funeral services were held Tuesday afternoon, Feb. 22, at two o'clock at the home, for M. L. Johnston, 63 years old, who died Feb. 20, in the Plainview sanitarium.

Mr. Johnston had been in failing health for about three years and was taken to Plainview two weeks ago for an operation from which he never completely rallied.

Mr. Johnston was born in Louisville, Kentucky, coming to Texas about forty-five years ago. He moved to Quitaque from Arlington, 12 years ago with his family, establishing the grocery store and filling station, which business he still conducted, with the assistance of his son, at the time of his death.

Besides his wife, he is survived by three children, one son, W. O. Johnston of Quitaque, and two daughters, Mrs. Ernest Everhart of near Pampa and Mrs. J. B. George of Moneys, Mo.; five grandchildren; one brother, who lives in Washington and one sister, Mrs. M. A. Brown of Texola, Okla. All were present for the last rites except the brother.

The services were conducted by Rev. J. Taylor Smith, local Baptist pastor, assisted by Rev. G. L. Keever. Interment was at Silverton beside his mother, a son, and a daughter who died last March. Harcastle Funeral Home was in charge of arrangements. Pall bearers were Otto Moseley, Bill McCormick, J. C. Hahn, Keith Tiffin, Jim Robinson and A. B. Ramsey.

Taylor-Merrell Vows at Methodist Parsonage

J. P. Taylor and Miss Trudie Frances Merrell were married Wednesday night, February 23, at the Methodist parsonage, Rev. G. L. Keever performing the ceremony.

Mr. Taylor is the son of Mr. and Mrs. Jim Taylor and his bride is the daughter of Mr. and Mrs. W. W. Merrell, both of the Edgin community. Mr. Taylor is a graduate of Quitaque high school and Mrs. Taylor of Silverton high school.

They will make their home for the present at Edgin.

MRS VERA STELL BUYS IDEAL BEAUTY SHOP

Mrs. Vera Stell has bought the beauty shop located above the Pioneer drug store, formerly the Ideal Beauty shop, owned and operated by Miss Stella Bean, and took charge Monday. Miss Bean has returned to her home at Silverton.

Mrs. Stell has been a beauty operator in "these parts" for some time and needs no introduction. She tates that her new shop has good tandard equipment, she is a well trained and experienced operator and uses the best materials, only, so that her work is guaranteed to give the best results. She invites her friends and customers to call on her at her new location, and when in need of beauty work give her the opportunity to serve you.

RECENT BIRTHS

Dr. C. E. Price reports the following births in the Quitaque area recently:

Feb. 12, a son, Harold Dean, was born to Mr. and Mrs. Grady Purcell.

Feb. 12, a daughter, Lillie Christine, was born to Mr. and Mrs. Ovil Robins.

Feb. 14, a daughter, Bessie Arlene, was born to Mr. and Mrs. W. A. Winston of Edgin (or Grey Mule.)

Feb. 18, a daughter, not christened at the time, was born to Mr. and Mrs. Alvin C. (Buddy) Mayfield.

The Weather

Quitaque area has had all kinds of weather the past week. Rain, cold, warm sunshine, snow and more snow. The total precipitation to Wednesday was 1.10 inches. Snow fell all this (Thursday) morning and was still peppering down at noon. Folks can stand a great deal more of this sort of thing.

While in Dallas last week buying spring merchandise E. G. Rice bought a lot of new fixtures for use in window decorations and the display of merchandise. His windows now look real "citified".

Panthers Defeated At District Meet

The Panthers after defeating the strong Paducah Dragons, and Lakeview Eagles, lost to the Carey Cardinals in the semi-final game of the district tournament last Friday and Saturday. Carey defeated the local boys by nine points and went ahead to defeat the Crowell club by the same margin to win the right to represent district four at the regional meet at Canyon Feb. 25 and 26.

Barney Bogan made all-district team along with Middleton and Anderson from Carey, Lowe from Crowell, and Havin from Williams High. Bogan was the talk of the officials and coaches at the tournament. Many said he was the best man there. Jay D. McCutcheon also received many votes for the all-star team, he won the fans with his accurate goal shooting and floor work.

We would not take any honor from the Carey club—they have a good clean fighting bunch of boys who deserve to win. However, if the Panthers had been hitting the basket with the accuracy of which they are capable the Cardinals would have had plenty of trouble in winning from the local five. Quitaque and Carey had split games earlier in the season.

We pick the Cardinals to give Pampa, Abernathy and Canyon plenty of trouble in the regional meet. If you should ask us to pick a winner we shall crawl right out on the limb and pick Carey with Canyon a close second.

The Panthers' season record was very good if you consider their competition. This is one of the strongest districts if not the best balance district in Texas. Out of 32 games played the local boys lost 8 for an average of 750 per cent. The Panthers scored 835 points to the opponents 634. McCutcheon led his team mates in scoring with a total of 257 for the season, followed closely by Bogan with 222 points.

Out of the nine man squad two will be lost by graduation, the scoring twins, Bogan and McCutcheon. When these two boys march across the stage for their diplomas the sight will be enough to make any coach shed tears. These two boys were the co-captains of the club and were wonderful leaders in every way. They should make any college a couple of good hands.

However, looking forward to another season, the prospects are not so dull. Three capable men will be back from this season's starting five to build the 1939 quintet around. They are Powell, Rhoderick and Starkey. These three should develop into very good men another year. On the reserve bench we find such men as Goswin, Patrick, Tibbetts, and Drake. Any of these youngsters might make first string men another year.

Then looking over some other material that has possibilities we find Will Lee, Bart Stevens and several other youngsters that will grow and improve a great deal by another year. There should be more reserve strength another year than there has been the past season. The lack of good strong reserves was a factor in four of our eight losses during the past season.

Baptist Church Program

Sunday School, 9:45
Preaching, 11:00.
B. T. U., 6:30.
Preaching, 7:30.
Mid week service, 7:00.

Miss Emily Margaret Gardiner spent Saturday in Childess visiting Miss La Juana Hudson. Saturday afternoon Miss Gardiner was honored with a party at the Hudson home. Table games were enjoyed. Refreshments and favors were in keeping with St. Patrick's Day.

Mrs. Don Hall spent the week here with relatives. She returned Plainview Sunday evening accompanying her and Quitaque Monday.

METHODIST PARSONAGE

Due to weather conditions the church will be closed for Friday night and Friday night service.

When We Tell You

THIS AND THAT ABOUT A SERVEL ELECTROLUX, YOU MAY CONSIDER IT "ANOTHER SALES TALK" BUT WHEN YOU READ THE TESTIMONIALS OF YOUR NEIGHBORS, THEN WHAT? THEY ARE JUST PLAIN TRUTHS.

We have been using our Servel Electrolux over two years at a cost of around 40c per month for gas and not a cent for service. It never makes a sound and it certainly has given me perfect satisfaction. If I ever buy another refrigerator, it will be a Servel Electrolux.
Mrs Oneal Watson,
Silverton, Texas

We have used our Servel Electrolux for three years at a cost of \$1.00 per month. Not one thing for service. If we were buying again, it would be a Servel Electrolux.
Mrs. True Burson
Silverton, Texas

We have used a Servel Electrolux for six years at a cost of less than 50c per month. Not a penny has been for service. It never makes a sound and is just as efficient today as the day we installed it. If we were buying again, it certainly would be a Servel Electrolux, but we do not need to buy.
Roy H. Leslie,
Quitaque, Texas

We have used a Kerosene Servel Electrolux for four years at a cost of \$1.20 per month and have been out nothing for service. We operate a gravel pit and give a refrigerator plenty to do. If we were buying again it would surely be a Servel Electrolux.
E. M. Hutton,
Quitaque, Texas

We have a Kerosene operated Servel Electrolux because we live part of the year on the farm and part in town. It operates anywhere. We have used it for fifteen months at a cost of 90c per month for fuel and nothing for service. If we were buying again, it would certainly be a Servel Electrolux.
Mrs A. Vinyard
Quitaque, Texas

We have used a Servel Electrolux since March 1, 1937, at a cost of \$1.28 per month. We have lots of milk, cream, etc., and if we were buying again, it would be a Servel Electrolux.
J. A. Mayfield,
Quitaque, Texas

We are operating a Kerosene Electrolux at a cost of \$1.24 per month for fuel and nothing for service. We give it plenty to do and it does the job. Yes, sir. If we were buying again, it would be a Servel Electrolux.
Mrs N V Hamilton,
Quitaque, Texas

We are operating a Servel Electrolux and it costs us so little that we can hardly tell that it costs anything. It never makes a sound—just sits and does the job. If we were buying again, it would be a Servel Electrolux.
Mrs Luther Vardell, Quitaque.

We have operated a Kerosene Servel Electrolux through the summer of 1937 at a cost of \$1.00 per month—nothing at all for service. We have the usual heavy work for a farm refrigerator and it does the job. If we were buying again, it would be a Servel Electrolux.
Mr and Mrs L. L. Rogers,
Gasoline, Texas

We have operated a Kerosene Servel Electrolux during 1937 summer at a cost of \$1.20 per month for kerosene—nothing for service. We have a large family and refrigerator has plenty to do at our house. If we were buying again, it would be a Servel Electrolux.
Mrs J. K. (Kelly) Patrick
Quitaque, Texas

We have been using a Servel Electrolux for eighteen months at an estimated cost of 50c per month. On account of close quarters, our Servel stands right by our bed and it never makes a sound to disturb our sleep. If we were buying again, it would surely be a Servel.
Mrs. Lewis Havran, Quitaque

We are using a Servel Electrolux on the farm, with the usual heavy work, at a cost of about \$1.00 per month, not a cent for service. If we were buying again, it would be a Servel.
Mrs. Frank Hawkins
Quitaque, Texas

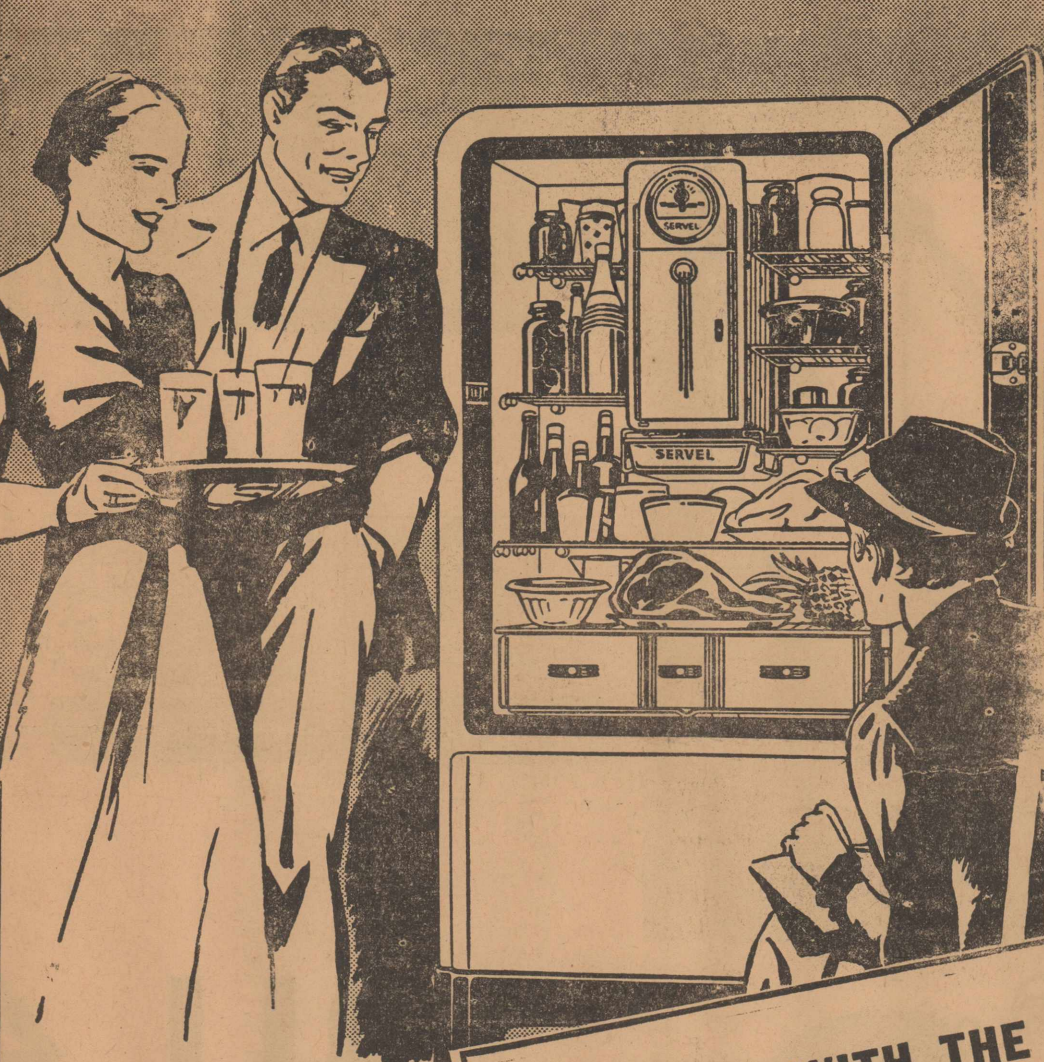

We have operated a Servel Electrolux in our farm home for six months at the cost of 96c per month for Kerosene. We would certainly choose Servel again because it is the most useful piece of furnishing we have ever had.
Mrs. Jim Guest, Turkey

We have a Kerosene Servel Electrolux that operates on 90c per month. We have been out nothing for service as we have needed none. If we were buying again, it would be a Servel Electrolux.
Ben L. Chandler, Quitaque

We have operated a Servel Electrolux in our cafe for over a year and with all the work we put on it, it costs about 75c per month to operate and not a penny for service. If we were buying again, it would be an Electrolux as it certainly does the job.
Kirk's Cafe,
Mrs. Geo. Kirk, Silverton, Texas

SERVEL ELECTROLUX
THE Gas REFRIGERATOR
FREEZES WITH NO MOVING PARTS

Save WITH THE REFRIGERATOR YOU HEAR ABOUT—BUT NEVER HEAR

- CONTINUED LOW RUNNING COST
- MORE YEARS OF SATISFACTION
- SAVINGS THAT PAY FOR IT

ONLY one automatic refrigerator can match the silence of nature's own freezing method. That's Servel Electrolux. For this different refrigerator has no moving parts in its entire freezing system. Nothing to make noise, nothing to wear—now or years from now. A tiny gas flame does the work, circulating a refrigerant that produces steady, constant cold and plenty of ice cubes.

More than a million families have found that the simpler freezing principle of Servel Electrolux not only gives permanently silent operation, but that it also saves more in running and upkeep expense. And that's why so many other families are choosing Servel Electrolux for their second refrigerator. Call today at our showroom and see the beautiful new models now on display.

We have operated a Servel Electrolux for two years at a cost of not more than 50c per month and nothing for service. We would surely choose Servel again.
Mrs J. V. Mohon, Turkey.

We operate a Servel Electrolux for about 40c per month, and in the four years, we have been out nothing for service. We would certainly select Servel again.
Mrs J. B. Bray, Turkey

We have been using our Servel Electrolux during the 1937 summer at a cost of only \$1.00 per month for Kerosene and nothing for service. We live on a farm and keep it loaded with milk, cream, etc.
Mrs. Joe Stephens, Silverton

We have operated our Servel Electrolux on drum gas during 1937 summer, and it has cost us \$1.75 per month for gas and nothing for service. If we were buying again, it surely would be Servel Electrolux.
Mrs C. C. Biggs, Silverton
(Teacher at Rock Creek)

We have been using our Gas Servel Electrolux over a year and it only costs us 35c per month to operate and not a penny for service. If we were buying again, it certainly would be a Servel Electrolux.
Mrs. C. C. Garrison
Silverton, Texas

YOU CAN'T GO WRONG ON A SERVEL ELECTROLUX

We operate a Servel Electrolux at a cost of 70c per month for Kerosene and nothing for service. We would certainly select Servel Electrolux again for we think it is grand.
Mrs John Shannon, Turkey.

We operate a Servel Electrolux on about 40c per month and have been out nothing for service. We would certainly select Servel again because we find it so economical.
Mrs J E Duncan, Turkey

MAIL THIS COUPON NOW

DEALER'S NAME AND ADDRESS

Gentlemen: Please send me, without obligation, complete information about Servel Electrolux, the Kerosene Refrigerator.

Name _____

Street or R.F.D. _____

Town _____ State _____

You Will Notice
THAT WE HAVE GIVEN YOU A FEW OF EACH KIND OF USERS
KEROSENE
BOTTLE GAS
NATURAL GAS
SO THAT YOU MAY BE GUIDED ACCORDING TO YOUR LOCATION ETC.

TERMS
You may have as much as 30 months to let an Electrolux pay for itself. You pay as little as 10 per cent down and it will save enough to pay itself out.
Try it now.

Our Servel Electrolux has operated over a year at a cost of \$1.20 per month for Kerosene and nothing for service. If we were buying again, we would select a Servel Electrolux.
Mrs Joe Ed Burleson, Silverton

We have a 6 foot Servel Electrolux in our cafe that operates on 50c per month, even during the summer, with nothing for service. We would certainly choose the Servel if we were buying again.
John Hill, Turkey, Texas

We operate a Servel Electrolux at a cost of 40c per month and never know it is on the place as it never makes a sound. We have been out nothing for service as there has been none needed. If we were buying again, it would be a Servel every time.
Mrs J N Partin, Quitaque

Our Servel Electrolux operates on less than 50c per month and we have been out nothing for service. We live on a farm and have plenty for it to do. We would certainly select a Servel if we were buying again.
Mrs. S. D. Crump, Turkey

We operate a Kerosene Servel Electrolux in our grocery store at the cost of \$1.00 per month with no charge for service at all. We would surely choose a Servel again.
Ted Wynn, Turkey.

We have been operating a Servel Electrolux for two years at the cost of 80c per month, and have been out nothing for service. If we were buying again, it certainly would be a Servel Electrolux.
Mrs. T W Bell, Turkey

Kerosene for our Servel Electrolux costs us 84c per month and in two years we have been operating our refrigerator, we have been out nothing for service. We surely would select Servel again, were we buying another.
Mrs J A Christian, Turkey, Texas

We have a seven foot Servel Electrolux that we keep full of eggs, and milk, and operate on Kerosene at a cost of 90c per month. It has operated three years and we have not cost a penny for service. If we were buying again, certainly it would be an Electrolux.
Mrs Ira F Shaffer, Silverton

We operate a Kerosene Electrolux at a cost of \$1.12 per month with nothing for service. We would certainly select Servel Electrolux again because it would be hard to do without it.
Mrs Otho Meachem, Turkey

We operate a Servel Electrolux at the small cost of 25c to 50c per month with nothing for service, in the two years that we have had it. We would certainly choose Servel again were we buying.
W. J. (Pete) Rice, Turkey

Our Servel Electrolux operates on the small cost of about 50c per month in the hotel. This business gives it plenty to do, but still nothing has been for service. We would certainly choose Servel were we to buy again.
Mrs S P Lacy, Turkey

In the fifteen months that we have been operating our Servel Electrolux, we have been out nothing for service and have operated it at the cost of 50c per month. We would surely select Servel again.
Mrs. C. C. Ham, Turkey.

We have operated a Servel Electrolux since last spring on one-half gallon of Kerosene each day and have been out nothing for service. We would certainly choose a Servel Electrolux if we were buying again.
Mrs D. C. Lane, Turkey

We have a Servel Electrolux in the Home Economics Department which operates at the cost of 25c per month. We have had it in the school for a year and have been out nothing for service. We would certainly select a Servel Electrolux again.
Lee Vardy, Supt.,
Turkey High School

We have used a Servel Electrolux for two years at a cost of around \$1.00 per month and nothing for service as we have needed none. If we were buying again, it would be a Servel Electrolux every time.
Mrs. J. N. Hamilton,
Quitaque, Texas.

In two and one-half years of service from our Gas Electrolux, it has cost less than 50c per month—nothing at all for service and if I were going to buy again, it would be a Servel Electrolux.
Mrs O. T. Bundy,
Silverton, Texas

Natural Gas - Bottled Gas - Kerosene

YOU ASK—How much will it cost me to operate one? Just read what your neighbors say!

DID YOU KNOW—That two or three sticks of chewing gum a day will run a Servel Electrolux and produce all the refrigeration that your family needs? Read that again!

SENIOR NEWS SENIOR GOSSIP

Only one more week until the greatest and grandest event of the season, the senior play, "George in a Jam." Don't forget—March 4.

Study Hall Motto
Talk and we'll talk with you—study and you'll study alone.

There's no place like home, after one has skated.

Weather: Yesterday, sun; today, sun; tomorrow, the census taker is at Bing Crosby's.

Orval Graham has contracted a serious case of "lingering" fever. It is rumored he was exposed by Helen McBride. He lingers after classes for 3 p. m. and at the skating rink with her 10:30 p. m. house near her.

Teacher: Who gave us this beautiful school?
Pupil: President Roosevelt.
Teacher: Who keeps our roads so nice?
Pupil: Roosevelt.
Teacher: Who makes the trees and flowers grow?
Pupil: God.
Voice (from other side of room): Pupil that Republican out!

THE JUNIOR JACKET "Covers All"

Editorial:
The skating rink, which is the latest craze, or daze, came just in time to prepare us for the recent sleet and ice—or did it? Turkey-Hi frequents the rink almost as regularly as we do, much to the delight of some of our girls. As results of both the ice and the rink, several students boast fractures, bumps, bruises, and cuts. To say nothing of aches, groans and pains.

Moral: If at first you don't suicide, try, try again.

Business and Politics
Notice: Six-weeks' tests—two weeks off—No trespassing!

Flash: County meet in March—Why not begin training for it?

Want ad: A let-up on daily geometry tests.

Warning: I hear that we're going to have an interesting project in geometry soon.

Society News
Miss Lela Mae Persons spent the weekend at home enjoying those terrible blues.

It seems like everybody either stayed at home this weekend unless they were sliding around at the skating rink.

Jane Merrell pulled a good one on her girl friends several days ago, inviting them to come to her home to a squeeze party. When the girls arrived, Jane brought out a batch of lemons, oranges and other fruits and kept the girls busy for hours squeezing juice for punch to be used at a Merrell open house celebration next week. We understood several of the girls, after being invited, lost a couple of hours sleep trying to figure out what boys would be asked to Jane's squeeze party.

Sports Section
Congratulations, Weldon Starkey, and Jack Powell. We're proud of these two junior boys who are on the main team of Quitaque high school. We know that the team would

not have won any place if it weren't for these two boys.

Magazine Section

Poems:

To miss a kiss is more amiss
Than it would be to kiss a miss;
Provided that the kiss you miss
The miss herself would never miss.
But if you try to kiss a miss
With whom a kiss would be amiss,
You'd better always miss the kiss.

We mortals have to swat and shoo
The flies from dawn 'til dark,
'Cause Noah didn't swat the two
That roosted in the ark.

Definitions

Exams—a collection of foolish questions which compels students to write down what they don't know.
Hot dog—a bologna's papoose.
Junior—a superior being whom

everybody has it in for.

SOPHOMORE HEADACHE

Tastes:

Name—Lorene Rhoderick
Ambition—to be a skater.
Likes—Turkey boys
Hobby—skating
Dislikes—Quitaque boys (all but one)
Favorite movie star—William Powell.

Name—Emily Margaret Gardiner
Ambition—to marry a Turk (goble-goble)
Likes—Turkey boys.
Hobby—Flirting
Dislikes—skating with Lorene (or rather "falling" with Lorene).
Favorite movie star—Robert Young.

Look through this Panther Scream

and see if you can find anything funny enough to scream about. See if you can find anything with any sense to it and if you can't put the paper down and say "Well, done," (meaning done at last), and you will at least feel better to know you took the trouble to read it.

W. E.: You know, you're cute.
Reba: I can't say that about you.
W. E.: O, yes you could. You could tell a lie if I can.

Philosophy

As just one pal to another—They say they don't know whether he walked on the right side or the left side of the road—to my way of thinking he walked on the suicide.

Harold Jacks: My girl carries a lot of wait. He muttered this after waiting 30 minutes after she was supposed to be ready.

Can You Feature

Marie and Shirley Joe making a dash for Starkey?
Ima Jo and Nadine studying?
Emily Margaret and Lorene going

"boom" when skating?
Walter flirting with Reba and Mrs. Scheid telling W. E. to watch out.
Kathleen being timid around Charlie?

Can You Imagine

Anita without a smile?
Edith saying something worthwhile?
Mr. Scheid not making a speech?
Mrs. Stewart not being here to teach?

Howell without an injured limb?
Bungy being real tall and slim?
Aileen not being able to pass?
Miss McCaslin being out of humor in class?
Maxine not going to Turkey once a week?

Fay being quiet and meek?
Anogene and Helen not being together?
Regardless of time, place or weather?

Genevieve M. not being attractive and neat?
Johnnie smiling and sweet?
John Howard standing six feet tall?
Thurston being slow and small?

Lola Mae not always sweet?
In chapel any vacant seat?
Ralph being on time?
How in the deuce did I make this rhyme?

Strictly Confidential!

Chatty may get lynched if he don't quit spending all his waking hours at Quitaque.

Heel of the Week

It's your shoe unless you are bare-footed.

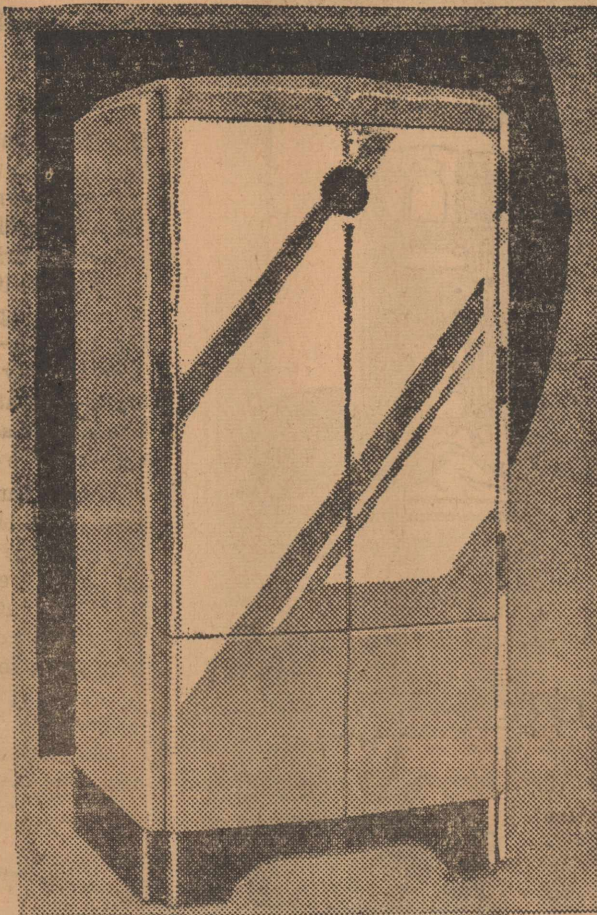

A Bright Girl

Miss Anderson: Billie Maurice, name collective noun.
Billie M.: A vacuum cleaner.

World Wonder

Betty: What's the fastest growing thing in the world?
Willadean: Fish.
Betty: Yes?
Willadean: Dad caught one once and it grows six inches every time he tells about it.

Johnnie seems to always be thinking—but does it amount to anything?

Quality Meat Show Dates Set for April

Lubbock—Dates for the eighth annual Plains Quality Meat Show, which from this year on will be known as the South Plains Junior Fat Stock Show, will be April 4, 5 and 6, according to announcement made this week.

Few changes were made in the organization, mainly the premium list. Heretofore premiums in the calf division were paid on ten places in the individual classifications, and three places for a group of three, but the new lists will show premiums distributed to fifteen places for individual classifications and five places for a group of three.

In the fat pig division it was voted for this year only to classify as follows: Lights, 180 to 225 pounds; heavies 225 to 325 pounds. For the 1939 show classification weights were set at 180 to 240 for lights, and 240 to 300 for heavies.

The "breaking point" for calves for this year was set at 850 pounds, those above going into the senior class and those below in the junior class.

As has been the custom in the past, the scene of the show will be at the Panhandle South Plains Fairgrounds. The cured meat division and other activities including demonstrations which have been held in the Women's Building at the fair grounds, were discontinued.

A "Fun Nite" program for the first two nights of the show will be the feature entertainment under the personal supervision of Assistant County Agent Homer Thompson. Exhibitors from more than 35 counties are expected to have part in this program.

1st guy: Well, my pal joined the silent majority.
2nd guy: Dead, eh?
1st guy: No, married. He'd be better off though!

CAMERAGRAPHS

THE "BEAVER TAIL" Streamlined Observation Car of the London & North Eastern Railway's Famous Coronation Train. The train makes the 392 1/2-mile run from King's Cross to Edinburgh, with a halt at York, in six hours. The King's Cross-York run (71.9 m.p.h.) is the Empire's fastest. Besides two sets of coaches, there are five locomotives named for Canada, Australia, New Zealand, South Africa and India. The trains are painted outside in the Coronation colors: Marlborough blue above the waist and Garter blue below. Mouldings and exterior fittings are of stainless steel.

SONGSTRESS KATE SMITH presents Captain Howard E. Herbert, Jersey City, N. J., ferryboat captain, with a \$1000 award for bravery at his "Command Appearance" on her program, broadcast Thursdays at 8:00 p.m., EST, over the WABC-Columbia network. Captain Herbert was made recipient of Kate's monthly award by a vote of the nation's radio audience.

JOY HODGES, pretty Universal star, is an expert at society's new card game craze "Crossword Lexicon"; it's a speedy combination of anagrams and crossword puzzle technique.

WRECKED HONEYMOON BRIDGE: Graceful steel girders that once framed the famous Niagara Falls are collapsed by pressure of ice flows. Photo shows the bridge resting on the ice after falling.

HERE IS JACK BENNY'S MAXWELL in person. The car, being lovingly tended by its comic custodian, cost \$135,000. Sound effects for the comedy sequences centered around his ancient gas buggy on his Sunday night show, on the NBC-Red network came to over \$300.00.

"GREETINGS for your St. Valentine's Day," smiles pretty Mary Maguire as she soaks up some early Spring sunshine.

DEMAND FOR COTTON BUILT ON ITS DESIRABLE QUALITY

Austin—Demand for raw cotton, in the final analysis, results from the facts that it can be made into commodities which satisfy wants, and that the products made from cotton are cheaper than satisfactory substitutes made from other materials, it was declared by Dr A B Cox, director of the Bureau of Business Research of the University of Texas and internationally known cotton economist.

"This suggests that the huge demand for cotton has been built on its desirable qualities as a raw material for manufacture, and because of its cheapness," Dr Cox said.

"Raw cotton itself is used for manufacture and for nothing else. Almost 100 percent of the raw cotton must be spun into yarn before it is usable, and a very large percent of the yarn must be woven into cloth. Since this is the case, it is a universal custom to measure the demand for cotton by the volume of cotton spinning mill consumption. All spinning mills do not use the same amount of cotton per spindle, as that is determined largely by the fineness of yarn made and the hours per day the mill is operated. In the main, however, the locations of the cotton spinning spindles of the world locate the world's demand for raw cotton.

"Demand in foreign markets for United States cotton fell tremendous-

ly during the depression and as yet is showing no signs of recovery. Average exports of cotton from the United States during the five years ending August 1, 1929, were 8,514,000 bales, compared with an average of 5,404,000 bales during the last three years. Where has this loss in foreign demand occurred? During the five years ending August 1, 1929, Europe took an average of 6,858,000 bales of United States cotton; Asia 1,330,000 bales, and all other countries, 326,000. During the three years

ending August 1, 1937, Europe took an average of 3,512,000 bales of United States cotton; Asia, 1,571,000 bales, and all other countries, 321,000 bales.

Jean: I can make toast like mother can.
Billie: How do you make toast, Jean?

Jean: First you put it on the stove and burn it, then you put it in the sink and scrape it.

Amusement Zone Of New York Fair Biggest in History

NEW YORK (Special)—An amusement zone designed to accommodate at one time the entire population of cities the size of Akron, Atlanta, Birmingham, Dallas, Denver or St. Paul will greet the millions of visitors to the New York World's Fair 1939, Grover A. Whalen, president of the Fair corporation, announces.

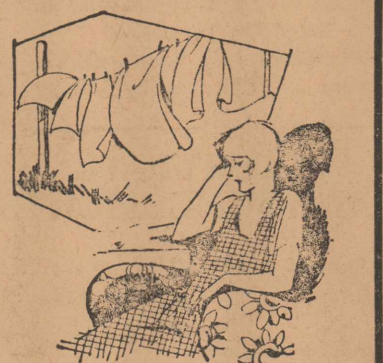

By far the largest entertainment structure ever constructed, it will contain enough shows, devices, restaurants, villages, shaded rest spots, secondary streets and plazas to handle more than 250,000 fun-seekers.

One huge theater-restaurant alone will have seats for 5,000. Another music auditorium will seat 2,500. An amphitheater to contain huge crowds will be built by the state of New York at a cost of \$1,600,000; erected at the head of one of the lakes it will be the scene of operas, aquatic exhibitions, pageants and other extravaganzas.

The visitor to the Fair will walk about two miles merely to pass through the amusement section which will be laid out in the form of an oval loop with no "dead end" streets.

The 280-acre tract will be divided into at least thirteen villages or zones and every concession will conform in design and atmosphere to the particular zone in which it is located.

An example will be the "Little Old New York" village, where the theater will be a replica of the famous old Park theater, the principal cafe will duplicate Steve Brodie's saloon and the attendants will dress in character. All architecture will be attuned to that picturesque period. Admission to the zones will be free.

Let's Talk Clothes

Denton—Coming colors cast their shadows before them, and the ideas for spring are already influencing mid-winter fashions.

The trend is toward softer shades and more grays. For instance, whereas the beige of 1937 had a yellow cast the beige of 1938 is filled with gray. Muted shades of blues, rose and copper will hold the stage soon, too, for whose flattery most women should be grateful.

The combination of several soft pastels in thin materials with a dark color has already gained favor and will continue in the public eye through the spring. An effective costume along those lines is of black crepe with mauve, pink and green chiffon drapery.

Beautiful gray green called "Storm at Sea" and cadet blue, one of the favorites of girls at Texas State College for Women, are destined to hold the spotlight as the new year gains headway and dusty pinks and blues will be worn with gray.

Purple, a rather neglected color for the past few years, is going to receive the dues of its royalty soon. All shades of it will be worn, with lavender and off shades being featured particularly in sheer woollens.

From England come hints of new floral shades that are to be developed speedily. Colors, though softer, will be much more prevalent, and those who have enjoyed this black season may well be preparing to bid it adieu.

The Low Down From Hickory Grove

I been readin' where there is so many beans raised this year in the U. S. that they think maybe they should have a campaign to educate folks. But it is hard to imagine that there is anybody who does not know about baked beans—also flavory bean soup.

And in New England they have been dining on the savory bean on Saturday nights and Sunday mornings, ever since the Mayflower. And for a delectable dish, you will go miles to find an equal, when cooked according to Hoyle—or Boston.

And a Boy Scout who has been out doors all day, he will drop anything for a toothsome bean, and any woman who is up a stump on something to cook, she don't need to look further.

And I cannot understand how there can be too many beans. I al-

He's An Industrial Worker!

YOU would naturally think of the man operating the tractor as a farmer. And he is a farmer, but he's also an increasingly important figure in the industrial world, not only as a consumer but as a producer. He's engaged in hoeing up a field of soy beans which later, after passing through various factory processes, you'll be using in the form of paint and varnish, soap, linoleum and scores of other products. Consumers Information points out that 91 million pounds of soy bean oil, a comparatively new crop for American farmers, was produced in one recent year. Of this amount, 2 1/2 million pounds went into the soap kettles, 5 million into linoleum and 13 million into paint and varnish.

This brand new market for American farmers, who are now growing a large number of industrial as well as food products, has been developed, like many others, through the vast research programs undertaken by American industry, whose laboratories have added untold millions to the national wealth and also thousands of jobs for American workers.

World's Fair International

Exhibitor Signs for Space

HOWARD HEINZ, President, H. J. Heinz Company (left) closes contract with Grover Whalen (right) for 53,093 square feet at New York World's Fair on which the food concern will erect a unique building. "Knowing your enthusiasm about the World's Fair," remarked Mr. Whalen, "I am confident you will organize an exhibit which will rank as one of its main attractions." "We shall hope to develop something of unusual interest" declared Mr. Heinz.

ly and by securing chicks from nearby hatcheries, McCarthy said.

Early hatched chicks are usually in a higher priced bracket than those hatched after March 15, he said, but the difference in price is more than made up by other benefits. Early chicks grow off faster and cockerels from this group find a better market as fryers. There is also usually less loss from disease, especially in the case of coccidiosis.

Pullets from early hatched stock come into production earlier and lay more during the late summer, fall, and winter when eggs are relatively high, he pointed out.

Many Texans feel that they can purchase chicks of higher quality if they order from distant states. It is far better to buy chicks from hatcheries whose products are known than to depend on the reputation of out of state operators, according to McCarthy.

"It is perhaps an old thought that the farthest pastures are the greenest, but in reality we find these at our very door," McCarthy pointed

out. "I say this because Texas breeders and hatchery men are producing and selling chicks that are of as high quality as can be found anywhere."

The importance of preparing for the chicks was stressed. The brooder house should be cleaned and disinfected and the brooder stove set up and adjusted before the chicks arrive, he warned.

Miss Loraine Middlebrook of Royse City, who has been the guest of her cousin, Mrs. Paul Hamilton, returned to her home Saturday night.

Denton—"Good cheap beds of Spanish Moss" are among the advantages of Texas, as described in a book by William Kennedy, Esq., written in London in 1841 after a tour through the Republic. He describes in detail how the moss was steeped in hot water, dried, whipped and put into the ticking.

Orlin Stark, president of the First National Bank, Quitaque, attended the bankers convention at Fort Worth this week.

pleadings and go after these suits seriously and in a fighting mood.

Mrs Allred and I tremendously enjoyed our visit to Washington. Of course, we were honored beyond expression by being privileged to attend Vice President Garner's dinner to the President; but, to our joyous surprise, the President and Mrs. Roosevelt invited us to have lunch in the White House last Sunday. It was just a fine family party, one which made us all feel perfectly at home. The President is in the best of good spirits, still thinking and working for the people.
