IN THE SHADOW OF THE CAPITOL

(By Boyce House)

Go into the hotel lobbies of Austin at almost any time of day and you will see at least four or five men who admit they can "deliver" a big bloc of votes. Accustomed as this correspondent is to the modest claims of these self-confessed leaders, I was rendered speechless (if possible) when one recently said in a confidential tone that could not have been heard more than eighty feet away by a man who was stone deaf, "I can swing 42,000 votes." If all the claims were added up, the total would be several times the voting strength of the State. And, the odd thing is, the fellow who has such a tremendous following usually winds up with the request of a loan of \$2.

It is told of one attorney who is a frequent visitor to Austin that he leaves word with his secretary to call him by long distance an hour after he reaches this city so that the impressive announcement over the loud speaker will be heard in lobby, coffee shop and mezzanine: "Long distance is calling Judge Splutterfuss."

Homer Olsen, well-known newspaperman, always knows a new story—and he never loses his smile unless someone spells his last name, "Olsen."—Bob Hammett of the State police once kayoed a former world's champion boxer, Ad Wolgast, when the ex-king of the lightweights visited Gorman on a tour in which he was meeting all comers.—In one of the office buildings in Austin, there is an elevator with two doors; you enter one and go out the other. Since passengers are supposed to "face the front, please," your chronicler is always puzzled as to which way to face though, if I were a candidate, no doubt I could face both ways!

If you get a chance, hear the Smokey City Four from Livingston. As the name indicates, they are negro singers. Wearing their store bought best, fares impassive, their voices are untutored, wherein lies their appeal, for training would have taken something of the simplicity and naturalness from the quartet. As it is, one seems to hear (like the murmur in a sea-shell) the vast undertone of a people born to toil and who look to the life beyond for the happiness which they find fragmentarily in bright raiment on Saturdays and in song in this life. The Smokey City Four almost put "swing" into their hymns and, in the primitive chants which this listener never heard before, there is the beat of the tomtoms in the dark forests of Africa.

The last word in swankiness—a sign in front of an El Paso department store, "Our footman will take your car." And the Pass City has a place of business so small that it is named "2 by 4."

When Judge Ralph Yarborough of Austin was in Fort Worth recently in his campaign for Attorney General, he was handed a little book entitled "What I know about Politics," bearing the name of Chester Hollis, well known former official of Tarrant County, as author. Opening the booklet, Yarborough found all the pages were blank!

Lurkin is capitalizing on its location in the center of the piney woods and is planning a great "Forest Festival" this fall.

It is with genuine regret that this historian had to leave Bay City without witnessing the play that the Little Theatre was presenting—"God in the Hills or the Dead Sister's Secret"—Curses, foiled again!

Unusual name; Salty Hull, legislator from Fort Worth.

And can't something be done about men who shake the rail at restaurant counters?

Mr and Mrs H G Gardiner and Emily Margaret left early Thursday morning for Houston to visit Henry, Jr., who is enrolled at Rice Institute. They were accompanied by Mrs Grover Grundy and Mrs A L Patterson who will visit their son and daughter, Mr and Mrs Jack Grundy, and Mrs Paul Hamilton who will leave the party at Denton to visit her parents. They expect to return Sunday.

Ben King Announces For Sheriff's Office

This week the Quitaque Post is authorized to announce the candidacy of Ben O King of Silverton for the office of Sheriff, Assessor and Collector of Taxes of Briscoe county, and place his name before the voters for their consideration.

Mr King has been a resident of Briscoe county nine years, making his home at Silverton where he conducts a business, and is very favorably known and liked. He is a member of the Silverton city council, a past commander of the American Legion Post there, and takes an active part in progressive community and county work. Here is his personal announcement:

To the voters of Briscoe County: I have been considering this announcement for some time, and have decided to ask you folks for the job of sheriff. I have lived in Briscoe county since 1920, and in Texas all my life. This is the first time that I have asked for a paid political job, although I have served as councilman in Silverton and also in Grayson county.

The office of sheriff, assessor and collector of taxes, I realize is one of the most important ones in the county—one that will allow no laying down on the job or shirking of duty, and one that is vital to the welfare of the county as a whole, its citizens and their children.

If I am elected to this office, I will carry out your wishes to the very best of my ability. My platform can be pretty well stated in the old saying: "An ounce of prevention is worth a pound of cure." I will certainly appreciate your personal support during the campaign that is now on, and your vote in the primary in July. I want to be your sheriff at least for the next two years.

Yours to serve,

BEN O. KING

Panther Fighters Win From Tulia High Boys

The Panther fistic-crew journeyed to Tulia last Friday night to take on their high schools fighters in the art of administering black eyes, mashed noses, etc.

When the eight fights were over our boys had won five and lost three. Jean Grundy from Quitaque won from Harold Cook, Bungie Rhoderick came out winner in his division. Polk Hall won from Roy Ferrell, Bob Lee, Quitaque lost to Jack Hall, Tulia. Charles Hancock of Tulia won from Odell Johnston of Quitaque (technical knock-out). Will Lee, Quitaque lost to Van Barbour by a decision. Leroy Cupell of Quitaque defeated Joe Bradley by a safe decision. In the final fight Barney Bogan defeated Jim McCasland. Cupell and Bogan both had good men as opponents and these turned out to be real fights.

Tulia will return this engagement some time about the first of May. You are promised some real leather throwing when these boys invade the Panther Lair.

Easter Visitors

Visitors in the F M Sachse home during the Easter holidays were F M Sachse, Jr., Mr and Mrs E P Lewis and children of Gasoline, Lake Sachse of Childress, Mr and Mrs Myrtle Graham and children of Silverton, Ruth Williams of Canyon, Mrs Montgomery and children of McLean, Florine and Kit Williams, Jr., of Carey. F M, Jr, came home last Wednesday from Lubbock, having undergone a tonsilectomy, and stayed until Monday afternoon when he returned with Miss Eilene Cochell and Mrs C R Badgett.

Married

Mrs Tom Craig of Silverton and Bert Hawkins were married Sunday morning at Silverton, Rev. Peacock, Methodist pastor reading the ceremony.

Saturday afternoon Mrs Charles Gowin and Mrs W W Jenkins entertained the primary and beginners classes of the Baptist Sunday school with an Easter egg hunt at the church.

Floyd Gilmore, Turkey druggist, and his sister Miss Pauline Gilmore were in Quitaque Wednesday morning.

Clean-up Time Is Extended

Have you cleaned your premises of rubbish and tin cans or other unsightly and unhealthy refuse? If not, do it now. Due to the bad weather that held sway in Quitaque during the period designated for the clean up campaign, thus delaying the work, the city authorities state that they do not wish to leave the job half completed, but desire to make a thorough clean up immediately.

Therefore, if you have not cleaned your premises do so immediately. Pile the rubbish where it will be easily accessible to the trucks and they will cart it off to the dumping ground free of charge.

Do this NOW and phone the city hall and let's get the job done. The city does not expect to run free trucks all summer to do this, but under the circumstances they want to do a thorough job now and make a complete clean-up while they are about it. Do your part, the city authorities are doing theirs.

It is worth as much, perhaps more, to you and your family from a standpoint of health than to any one else. Help the city protect your own interests. Clean up your premises.

Baptist WMU Has Union Meeting

The Baptist missionary society met Monday afternoon at the church for a Royal Service program with Mrs Dunavant of circle no 1 in charge.

The program was on Africa, "Sheaves and Rejoicing." Mrs Dunavant gave the devotional and the following presented the program:

Mmes Roy Burgess, Bedwell, Jimmy Stroup, Taylor Smith, W F Brittain, and J W Lyon, Jr.

Sending of the box of household goods and wearing apparel to Buckner orphans' home was delayed until next week, giving everyone another opportunity to give something towards it. The donations may be left at the home of Mrs W W Jenkins. Decision was made to have the program on old ministers' relief in circles instead of a union meeting at the church.

About 15 ladies were present. The society will meet next Monday, circle no 1 with Mrs Dunavant and circle no 2 with Mrs J G Gowin.

Jr Womans Culture Club Studies "Safety"

Junior Woman's Culture club met Tuesday evening with Miss Mabel Atkinson when Mrs J W Lyon, Jr., was leader of the Safety program. "What Car Drivers Should Know" and "Individual Responsibility Toward the Safety of Others" were given by Miss Margaret Bergner and Mrs A C Bickford, respectively.

Members present were: Mesdames A C Bickford, Marion Roerosn, J W Lyon, Jr., and Frank Gillespie, and Misses Seney Persons, Minnie Mae Roberson, Mabel Atkinson, Kathryn Anderson, Lois McCaslin, Margaret Bergner, Jean Puckett and Mary Lee Cooper and Mrs Paul Hamilton, sponsor.

Return From Mineral Wells

Mrs Gene Bedwell left last Tuesday to visit her mother who was ill, in Cooper. Later in the week she met Mr Bedwell in Mineral Wells where he had been taking treatment for several weeks and they returned home Saturday night. Mrs Amos Persons who has also been in Mineral Wells for quite a lengthy stay returned home with them.

Coy Wakefield, 13 year old son of Mr and Mrs Louis Wakefield, slashed his hand with a pocket knife Wednesday morning. The knife was hard to open and the youngster was endeavoring to push it open when it slipped cutting a deep gash in the palm about two inches long. Dr Rumph attended to the wound.

Mr and Mrs J W Ewing drove to Shamrock Sunday to take Mrs Bass, who remained there for a visit, the Ewings visiting in Estelline on their way home.

Mrs V T Hall, who has been confined to her home by illness is reported improved.

FSA Loans for Farmers In This Area

Amarillo—Rural rehabilitation loans are available to farmers in this region whose crops were damaged or totally destroyed by the recent freeze, L H Hunter, regional director of the Farm Security Administration, has announced.

Rehabilitation loans are made by this agency to finance the purchase of necessary farm supplies, livestock, seed, tools, household equipment, and temporary food and clothing requirements.

Prospective borrowers must first meet requirements established by the loan section. Borrowers must give a note and mortgage on his personal property, on the goods he buys with the loan, and on his coming crop. A loan will not be made unless the borrower's farm plan shows that he can expect to produce enough cash income to pay off the debt. The loans bear five per cent interest a year.

Farmers interested in obtaining a full information about rehabilitation loans are requested to contact the county rehabilitation supervisor for his county information may also be obtained from the county agricultural agent or the local public welfare office.

Easter Egg Hunt For Young People

The young people of the junior Sunday school class of the Baptist church and their teachers, Mrs Roy Burgess and Mrs Clarence Wise, and the Sunbeam band and their teacher, Mrs J W Lyon, Jr., staged an Easter egg hunt Tuesday afternoon at the home of Mrs Jimmy Stroup.

The group met at the church about 4 o'clock and was taken out in cars to Mrs Stroup's home. A hilarious time was enjoyed, prizes being offered for the most and the fewest eggs found. James Womack won the first prize, a rabbit, and two girls tied for "booby" and were presented with a basket of eggs.

About 35 girls and boys were present. Following the hunt, sandwiches were served for refreshments.

Methodist Revival Starts Sunday Eve

Revival services at the Methodist church beginning next Sunday. Dr. Inom S Barcus will be with us for the evening services next Sunday. Services will be held each week day at 10 a m and at 8 p m. The public is cordially invited to attend these services. It will be the aim of these services to deepen the spiritual life and consecration of Christian people and to so challenge the life of those who are not Christian that they will become Christians.

A large place will be given to the song services. Special services are being arranged for the young people. You are wanted. Do not fail to make the most of these services.

TURKEY PEOPLE WRECK CAR WEST OF SILVERTON

A very serious car accident occurred last Wednesday afternoon 3 miles west of Silverton, when a group of Turkey residents were returning from a day of shopping in Amarillo. The right rear tire blew out when the car was traveling at about fifty miles per hour and the driver put on the brakes too quickly, which caused the car to turn completely around and turn over several times.

Several occupants suffered severe injuries, Mrs Ted Blackshear, driver of the car, suffered a broken leg and other injuries, Lyda Coleman, a gash on scalp and internal injuries; Jo Jean Fort, severe cuts on face and cracked skull; Mrs O D Coleman, Blanche Hedrick, Mrs Glenn Brock, and Mrs Jess Posey, cuts and bruises. Mrs Blackshear was taken direct to the Turkey hospital and the rest of the injured were given first aid treatment at Silverton before being taken to their homes at Turkey.

The car, a 1937 model Plymouth, was badly damaged.

Mrs W P Hall was brought home Friday from the Plainview sanitarium. She is recovering very nicely from her operation.

Mrs Grady Starkey Called By Death

A pall was cast over the city last Thursday when word was received of the death of Mrs Grady Starkey in a Lubbock hospital. She had gone there Wednesday for a minor operation but examination disclosed that a major operation was necessary, which was performed Thursday noon. Her heart could not stand the shock and she succumbed at 8 o'clock Thursday night.

Funeral services were conducted Saturday morning at 10 o'clock in the high school auditorium by Rev J Taylor Smith assisted by Rev G L Keever. Interment was in the Wellington cemetery Sunday, burial being delayed to await the arrival of a sister of the deceased from California.

Surviving are her husband, a son Weldon and two daughters, Billy Beth and Peggy Ann Starkey. Other survivors are her mother, Mrs A B Smith, who had been visiting in the Starkey home since Christmas; two sisters, Mrs Frank Goforth of Los Angeles and Mrs C C Guynes of Shamrock, and two brothers, Elbert Smith of Los Angeles and Victor Smith of Shamrock, all of whom were present for the last rites.

Mrs Starkey, who before her marriage was Miss Henrietta Smith, was born June 7, 1902 in Eastland county. She was married to Grady Starkey January 19, 1918 in Wellington. She was converted in 1920 and united with the Baptist church of Wellington.

The Starkey family came to Quitaque in August, 1935, from Shamrock and during this time have gained the friendship and admiration of the entire community. The esteem in which the deceased and family is held was attested by the beautiful floral tribute.

Among out of town friends here for the funeral were Mr and Mrs Lewis Goodrich of Shamrock, Mr and Mrs Hallmark of Shamrock, A J Brewer and A D Walker of Childress, and Miss Jewel Everett of Anson.

Los Lingos Hotel Changes Ownership

The Los Lingos hotel which was owned and operated the past several years by Mrs J W Ewing, was sold last week to Mrs M A Pitt of Amarillo. Mrs Pitt took over the management of the hotel on April 15, however she will not start serving meals until after the first of May when she hopes to have all the business of moving and settling in her new home complete.

Mrs Pitt is experienced in the hotel business having operated one in Amarillo before coming to Quitaque.

She stated that she would appreciate the continued patronage of the townsfolk and invites all past patrons of the hotel to continue using its services.

Mr and Mrs Ewing will move back into their home which has been occupied by Grady Starkey and family. The Starkeys have moved to their new location, east of the P C Hamilton home.

Injures Hand

J T Bradley suffered severe injury to his right hand Monday when it was caught in the coupling between a car and a trailer which he was hooking up. The hand was badly mashed. Whether any bones were broken was not learned but Mr Bradley was advised by Dr Price to have the wound x-rayed to determine the exact condition.

Mr and Mrs W F Brittain spent Sunday in Hereford with their son, W F, Jr., and daughter, Miss Dude. Mr and Mrs Glenn Downs and children of Panhandle joined them there for a family reunion. They returned home by way of Friona visiting Mrs Brittain's brother, D O Robason.

The Homemakers class of the Baptist Sunday school held a meeting Thursday at the home of Mrs W F Brittain, but owing to the inclement weather, too few were present to make any decisions. The hostess served refreshments and the afternoon was spent just visiting.

Mr and Mrs Cleve Gregg, Mrs Jack Trout, and Mr and Mrs Roy Gregg and daughter drove to Hedley Sunday to visit Virgil Gregg.

Fight Tourney Here Friday and Saturday

Quitaque's first Fight Tournament gets under way Friday night, April 22, at 8 o'clock and continues through Saturday. The semi-finals will be at 3:30 Saturday afternoon, and the finals will be staged at 8 o'clock Saturday night, April 23.

Fighters will be here from Turkey, Silverton, Flomot and White Flat. The ten fight divisions will be 95 lbs., 105, 110, 115, 125, 135, 145, 160, 165 and 175 lbs.

The question might be asked who are the favorites among the 40 or 50 fighters and in each division. That is hard to say for there are many good fighters on these teams coming here Friday and Saturday. We are not attempting to pick a winner before the fights get under way, but we might mention some of the boys who have shown up well in the dual meets and tournaments this year.

In the 95 lb. class Tiffin of Flomot looks good. Grundy of Quitaque should give him lots of competition.

Castleberry of Turkey was the winner at the Flomot and Turkey tournaments. Hall of Quitaque is trying to make this division and should give the boys plenty of trouble.

In the 110 lb. size boys there are many good fighters. Tiffin of Flomot might be the pre-tournament favorite.

In the 115 lb. class Young of Turkey is good. Simpson of White Flat is the slugger type, and if he connects, the opponent will go to the mat. You will see several good men here, and these youngsters are fast.

There are no favorites in the 125 lb. class. If Jacks of Quitaque makes this division he will be hard to reckon with. Hunt of Silverton should give any of the boys plenty of trouble.

In the 135 lb. class Mullins of Turkey is good, having won three tournaments this year in this weight. Cupell and McCutcheon of Quitaque are good men who are liable to upset somebody's apple cart. Silverton and Turkey also have good men in this weight division.

In the 145 lb. division Williams of Turkey is a clever fighter. Lee of Silverton is good, Bogan of Quitaque has lost but one fight this year and that was to Daniels of Amarillo.

In the 155 lb. division Richardson of Turkey is good, winning their tournament. Gregg of Silverton has won many fights. South Plains and Flomot have some clever fighters.

In the 165 and 175 lb. weights there is not a definite choice, however Flomot looks good in all of the heavier weights. They have their footballers in fight shorts, and can they throw the leather!

Friday and Saturday should be red letter days for all fight fans. This should be the best fight card ever assembled in this territory.

BELOVED TEACHER TAKEN BY DEATH

Canyon, April 19—Miss Mary Morgan Brown, head of the speech department of West Texas State college and well known and well loved throughout the Panhandle area, died of pneumonia in a Canyon hospital Tuesday night at 6:30 o'clock.

Miss Brown had been in failing health for the past several years, and she fell on the steps of the college demonstration building March 16 while attending an entertainment and broke her hip. Since that time she had been confined to the Neblett Hospital at Canyon.

The body was taken to Uniontown, Ala., Wednesday for interment.

REV WILLIS RAY ACCEPTS BAPTIST MISSIONARY POST

Littlefield, April 19—Rev Willis J Ray, pastor of the First Baptist church here since August, 1936, has resigned to accept a place as district missionary of No 6 district of the Texas State Baptist convention, with headquarters at San Antonio.

Mrs Joe Graham entertained the young people in her Sunday school class with an Easter egg hunt Sunday afternoon. They drove to the river to hide the eggs, but a shower drove them in and they finished the party at Mrs Graham's home. About eleven children enjoyed the hunt. Fruit was served for refreshments.

VERSATILITY

Continuing our series started a
 few weeks ago of our versatile citi-
 zens, this week we take for our sub-
 ject Dick Hooks.

Dick is a barber by trade—and a
 good one. But during slack hours of
 trimming locks and scraping chins
 and after the closing hour, he de-
 votes his time to radio repairing at
 which he also is adept. Were it not
 for Dick many of our folks would
 miss their favorite ether offerings.

Dick maintains a complete work-
 shop and a veritable library on radio
 sets, being able to diagnose any ail-
 ment and "bull-dog" it—if you get
 what we mean. If you fail to under-
 stand the term, he deftly grabs the
 problem (radio) (or anatomy) by
 the horns, throws it on its back and
 proceeds to pin its horns (or tubes)
 to his working bench in the rear of
 his barber shop, holding the pestifer-

ous "investment" with the ease of a
 cowboy bulldozing a steer while he
 ferrets out the ailment.

And the process of eliminating the
 ailment is simple, apparently for
 Dick. And he likes it. Otherwise he
 would play golf or mumblepeg or
 something—or go fishing.

In Loving Memory of Mrs Grady Starkey (By Mable C Bogan)

The current of life drew her our
 way
 Death has called her now, she's
 gone today.

We miss her smile she always gave
 Tho' it was hard sometimes to be
 brave.

Mysterious life, none understands.
 But we do feel the touch of a
 friend's hand.

When Death calls, friends leave
 us here,

We then shed, and dry the tear.

Live on with life's character call-

THE SENIOR NEWS

Can You Imagine—

Anyone being sleepy on Monday?
Elene, a junior, eating onions and ice cream?
Harvie flirting with a girl?
Gilford singing?
Charity not saying anything?
Clarence not courting on Saturday night?
Dorothy Dee blue?
Dorris being a saleslady?
The seniors going to Carlsbad?
The seniors ever getting their invitations paid for?
Ineatha Hawkins staying home Sunday night?
Mrs Stewart not answering the telephone?
A day when no one had to borrow ink?

The modern saying of Quitaque high students—Hit don't make no difference.

Although we didn't place first in anything at the district meet, we did win a second place, third places, etc. Maybe I shouldn't say we, because it was individuals who did this for good Ole' Quitaque High. Another reason we are proud of the winners is that they are seniors. We are proud to be seniors and we want people to know it, if we do something outstanding; not only good for themselves but for the school. May we give you winners, our congratulations. We wish you even better luck when you try out for anything in later life.

The Students Pray

I sit me down in class to sleep
I pray my notes my pal will keep
If Prof should come before I wake
Punch my ribs, for goodness sake!

Clarence: Have you and your wife ever had any difference of opinion?
Bryant: Yes, but she don't know it.

WE, THE JUNIORS—

Junior girls are still working for the banquet. We have made our plans but have not decided definite-

ly upon decorations, color scheme, etc. But seniors—just wait!

Well, we had the district meet, track and all. Not to be bragging about it, Quitaque sent many representatives to Childress, and not to be bragging about it—they came back! We had an excellent bunch of kids though, really. You may not believe me when I say we won one second and two third places, but we did. Besides these we won other places in track such as fourth place in the high hurdles won by Jack Powell. Yes, Quitaque should be proud of us.

Shirley Jo was in Turkey again Sunday. I can't understand this. Every Sunday she goes. She hasn't any business over there but she finds plenty of pleasure in going.

The juniors keep something for which to plan for all the time. Right now it is the banquet. Next comes junior day, that great day awarded to juniors every year. Can we wait?

Last week everyone was filled with the beautiful Easter spirit. Everyone was happy, smiling and kind even the teachers. This week everybody is filled with the Six-Weeks Test spirit. Everyone is worried, frowning and grouchy—even the teachers.

The juniors are still third in the lead in the Queen-sweater business. I think we all haven't voted yet, but we will, all right. You needn't get scared, freshmen, sophomores and seniors, 'cause it won't do you any good. Juniors have pity on nobody when they're out to win!

Some folks like Alan Sieger may have a "Rendezvous With Death" but J C Rhoderick has a Rhinoceros with Death. That's what he said in English class.

SOPHOMORE HEADACHE

Marie: My mother is very unreasonable.
Shirley: Why? What makes you say that?
Marie: Well, she expects soft water when it rains hard!

Are you good at guessing?

Why is a falling star like a fog?
If the ice wagon weighs 2,500 lbs. what does the ice man weigh?
Why is Lorene like a violin?
Why is paper money more valuable than silver?
When is a horse heavier than a horse?

JOB KILLER!

The Number 1 job killer!
That is the way the Businessmen's Tax Advisory Committee characterizes the Federal Tax on Capital Gains. The reason for that is clear. Jobs depend on investment. And the capital gains levy, because it prevents putting savings to work, by exacting excessive tax penalties from those who are fortunate enough to make a profit on a business or investment venture, retards and stops investment—the source of all jobs and all productive wealth. This organization also points out a fact that is startling and is not widely known. According to U S Treasury data for the year 1935, the capital gains levy is a "soak the little fellow" tax. In that typical year, aggregate capital gains were much larger in the lower income than income brackets. And the ratio of capital loss (for which little credit is given in making tax returns) to capital gains was highest in the lower income brackets. It's the "little man" who gets stuck the hardest! Business men aren't the only ones who are fighting the capital gains measure. An army of distinguished

AMERICAN industry, according to Consumers Information, surpasses that of any other country in its exact methods of testing products and so assuring maximum performance before passing them on to the user. One company reports, for instance, that 25% of its labor and cost of production goes into testing. Above are shown tests of

two of the 600 different operations which go into the manufacture of their vacuum cleaners. The young lady is balancing the fan, an intricate job in which she puts tiny drops of solder on the light side until the balance is perfect. economists are fighting it. Publicists by the score are describing its dangers. Thus, Mark Sullivan recently wrote: "If America is to be kept a growing concern, the capital gains tax must be repealed or greatly modified." That is a strong statement—but no stronger than the subject justifies. What sane man will take a chance on financing a new endeavor, whether it be a grocery store or a steel mill—knowing that if he loses his investment, he must bear the entire loss—but that if he makes a profit, a large part of it will be taken from him by this tax?

All the evidence can be summed up in one sentence; We must change the capital gains tax if we are to encourage recovery and progress in this country.

If Electric Service Should Fail...

WEST TEXAS COLUMNIST WRITES AN "AD" ABOUT THE DISCOMFORTS

POINTS and PERSONALITIES

by doris pope

(It is through the courtesy of the Hamlin Herald that we are permitted to reprint the following article, written by that paper's able columnist, Doris Pope, which appeared in a recent issue of the Herald. We are deeply indebted to her for so accurately describing the after-effects of this spring's unusual storms.)

Now with everything at our finger tips with just a click of a switch, we are inclined to take too much for granted. However, there are times when we are forced to stop and think what a world it would be without such conveniences—you know, we kinda' get a taste of the "good old days" that we hear dad and grand-dad talk about. That's what happened to Hamlin folks Saturday afternoon when the electric current was dead from 2:10 until 5:40. Low, gray rain clouds made lights almost a necessity in order to carry on business, so when the current went off, the sale of candles increased a thousand per cent. We stayed in the dry goods stores awhile observing the effect of candle lights, and it struck us as rather amusing when people grabbed a bolt of material, a pair of Sox or some other merchandise and ran to the front door, holding the article up and squinting, trying to see what color it really was—just like in the "good old days." (Maybe that will account for some of the terrorizing colors people are wearing.) And the poor kids, how they did miss the Saturday afternoon picture show! It's really a shame that they didn't have some stereoscopic parlor pictures to look at like ma and pa had—back in the "good old days."

We wandered over to two of our beauty shops and found dozens of women and girls draped on the floor, chairs and stools, literally sticking their heads in the fire to dry that new wave set. That reminded us that back in the "good old days" grandma didn't shampoo her hair in the winter or in rainy weather; she just rolled it up on curlers. We noticed the barber shops also felt the lack of electricity. You know back in the "good old days" they weren't bothered with all those little electric gadgets 'cause grandpa just turned a bowl down on pa's head and started cuttin'. The finishing touches were accomplished with the old blue and white shaving mug and razor. We stopped in to see how the drug stores were making out with their Frigidaire motors stopped and their candle light. Somehow or other they didn't seem too happy about it. Now we could rave on and on about this, but what's the use? Printing presses were stopped, bank machines halted, in fact, there wasn't a business house in Hamlin that did not feel great lack of electricity. And when the current finally did come on after three and a half hours, people gave whoops and hollers that made the Indians back in the "good old days" look like sissies. (No charge to the West Texas Utilities Co. for this spiel.)

The Spared Fig Tree

(By Mable C Bogan)

One day the Lord told of a fruitless fig tree. One that had been growing for three years. As he saw it fruitless he said the owner commanded it to be cut down but the gardener that loved the vineyard asked that it be spared. "Just let it grow another year. Let me dig about it and work it well, then if it bears no fruit we will cut it down."—Luke 13-6-10.

I'm sure there's nothing like our Vineyard Owner watching our trees today. Shall I spare the tree? Where are the fruits? But the gardener's

faith that maybe another year fruit will be grown—he asked to let him work it, do all he could to give new nourishment that it would bear fruit.

Our Gardener is interceding to God to give us another chance to bear fruit for Him today. "Don't cut them down 'I fancy I hear Him say. Maybe another or 'Let it alone this year also." This is April of the new year. What signs are we showing of fruit for Him in Life's garden. He may be along some day. You will hear His voice, but don't harden your heart when he comes in the spirit. Be one of the worthy trees in the garden. You have to battle the seasons but the Gardener gives you all the help needed to keep you fit for the changing seasons.

The winds of life may freeze the tender leaves but His love will soon grow new ones again. The world can see His Power when love is shown from a cold sinful heart better than anywhere.

Let's try to understand what our growing means in the vineyard. Are we worthy the ground? Are we worthy the dresser's time? Will we bear fruit this spared year?

Verse 8 tells us "Lord, let it alone this year also, till I dig about it and dung it. And if it bear fruit, well—and if not, then, after that Thou shalt cut it down."

You are living, spared fig tree, today. Reading these words, make worthy the time. Bear fruit for Him in whatever way it is to grow for the time He has asked for you to be spared.

Song Police Guard American Music

By Joseph R. Fliesler

MOTION picture cameramen hied themselves high in Radio City, New York City, the other day to the head offices of the "M-men," the American Society of Composers, Authors and Publishers. "M-men" are a law-enforcing body, protecting the music of American creators against piracy.

The prime business of ASCAP, of course, is to license the legal use of musical works copyrighted by its members.

The cameramen wanted to know all about the Society and its mem-

bers for use in Pathe Parade, a current series of motion picture short subjects on interesting topics, personalities and events.

Several ASCAP composers agreed to perform for the movie, including George M. Cohan (1), "Over There"; Carrie Jacobs Bond (2), "Perfect Day"; Hoagy Carmichael (3), "Stardust"; Nat Shilkret (4), "Jeanine, I Dream of Lilac Time"; W. C. Handy (5), "St. Louis Blues"; and Rodgers and Hart (11), "I'd Rather Be Right".

Gene Buck, president of ASCAP

(7); E. C. Mills, chairman of the Administrative Committee (8); John G. Paine (9), General Manager; a bust of Victor Herbert, founder (5); and several of the young ladies of the clerical staff (10 and 12) are also seen in the film.

The "M-Men" are not shown—they are investigators who do the field work and discover infringements.

Practically all recognized American composers and authors are members of ASCAP.
