Smith-Cowan Nuptials In Comal County

Miss Ruth Cowan and Rev. Carl Smith were united in marriage Saturday evening, May 14, at the Wimblerly Baptist church with Rev. H T Fletcher officiating.

Rev. G O Summers led the wedding procession with Rev. O V Stubbs, Dr. L L Edwards and Rev. H T Fletcher following. The mother and grandmother of the bride were ushered to their seats on the platform by Reuben and Woodroe Cowan, brothers of the bride. Rev. Summers offered the invocation and a quartet sang "Have Thine Own Way."

As Mrs H T Fletcher played the professional, Mrs R H McClesky and Mrs J M Gilbert, matrons of honor, marched ahead of the bride who was led to the altar by her father. The groom was ushered to the altar by Andrew Hull.

The ceremony consisted of a charge to the church and the regular marriage vows. Rev. O V Stubbs offered the wedding benediction.

Following the wedding rites, the bride and groom remained for the regular church service.

The congregation sang "Love Lifted Me" followed by prayer led by the bride. Upon request of the groom the quartet sang "Take Time to be Holy." Dr L L Edwards took charge of the service. His message was centered around "The Book of Books" as a guide for every walk of life. At the close of the service, the bride and groom were called to the platform while the congregation sang "God Will Take Care of You." As the last stanza was sung the members of the congregation waved their handkerchiefs as an expression of God's capability of taking care of them.

The services were dismissed by prayer led by Will Webb, a deacon of the Baptist church.

The bride wore a white linen suit with white accessories and carried a bouquet of rose buds and fern. The groom wore dark gray.

The bride is the daughter of Mr. and Mrs E Earnest Cowan of Fischer Store, Texas. She is a graduate of Wayland College, Plainview and has taught school for the past year in Hays county.

The groom is the son of Mr and Mrs C L Smith, who have resided at Flomot since 1909.

The young couple will make their home at Fischer Store for the summer and plan to enter college this fall. Later, when opportunity presents, they plan on going to Brazil as missionaries of the Southern Baptist convention.

Rotary Governor Has Many Friends Here

Mr and Mrs Paul Hamilton spent last week end in Denton, visiting in the home of her parents. Mr and Mrs J B Buck. They also visited friends in McKinney and Dallas.

Other guests in the Buck home were Mrs M C Whiteside of Alpine, the 85 year old mother of Mrs Buck and Mrs Hubert Johnson of Waco.

Word has been received that Mr. Hubert Johnson, Superintendent of the Methodist Orphan's Home in Waco, has been honored with the election of Rotary Governor. Mr Johnson will enjoy a trip to San Francisco, Cal., in June. He will attend Rotary School for one week and then Rotary International Conference for two weeks. Every nation in the world will be represented at the convention except Germany and Austria where Hitler has abolished Rotary clubs. Last year this convention met in Nice, France.

Mrs. Johnson and their daughter, Marie, will accompany him.

"Snow White and the Seven Dwarfs" will be shown at the Gem Theatre in Turkey Saturday matinee and night, Sunday matinee and Monday night. This picture has created a sensation where it has been shown. Those in Quitaque and hereabouts who wish to see the picture should take advantage of this opportunity as this is the nearest theatre will get to Quitaque as Mr. Schindler of the Queen Theatre states the picture will not be shown

Flomot Schools Will Close June 3

The Flomot schools will dismiss for the summer vacation, Friday, June 3. Completing the work offered in the school this year are 12 graduates, 6 girls and 6 boys.

The baccalaureate sermon will be given in the new Methodist church Sunday morning, May 29, with Rev. J E Eldridge delivering the address.

The commencement exercises will be held in the new gymnasium Tuesday evening, June 2, at 8:15 o'clock. District Attorney Charles Dean of Plainview will deliver the address. W H Webb, president of the school board, will present the diplomas.

Mrs. C E Wise will direct the music for both baccalaureate and commencement programs.

Finishing with highest honors this year are Miss Melva Jo Speer, valedictorian, and Miss Lou Ruth Clements, salutatorian, who will each have a part on the program, and Miss Ila Faye Webb will read the class prophecy and Miss Jessie Lee Davis will give the class history.

Following are the members of the graduating class: Ardell Thomas, League Clay, Dermlee Landry, Ruel Skinner, Dale Bourland, Denver Anderson and Melva Jo Speer, Hattie Standef, Ila Faye Webb, Lou Ruth Clements, Lorene Wagnon and Jessie Lee Davis.

Closing exercises for the grade school will be held at the new gym Wednesday night, June 1, with H L Lovell, in charge of the program. There are 22 pupils in the 7th grade graduating class.

Turkey Hospital Is Re-opened For Service

The Turkey Hospital re opened last week under the management of Mrs J A Smith and Mrs W W Ferguson, well known nurses of this territory for many years.

These ladies have leased the sanitarium from Dr J E Standifer and will operate under the name of the Turkey Hospital, with their services and facilities of the sanitarium available to any doctor, any place, and at any time. All doctors are cordially invited to make use of this place any time this service is needed.

These ladies need no introduction to the people of this or adjoining communities. Both are graduate nurses and have done nursing throughout this territory for years. They are highly recommended by the physicians of this area and the scores of people they have nursed during the past years.

They will now be in a position to render a much greater service to the people of the area. With the sanitarium, which is modern and well equipped, built especially for a hospital, they will be in position to give their patients much better care than trying to care for them in their home as they have had to do heretofore. It will also enable them to handle a larger number of patients at the same time. Patients will be assured the utmost care and every needed attention will be rendered.

Mesdames Smith and Ferguson have been very busy cleaning up and making ready for the opening which was held last Saturday afternoon. The public is cordially invited to make this place a visit and see the new arrangements these ladies have made.

CLOUD LINED WITH ICE CREAM FOR BRAVE SENIORS

The threatening cloud in the northwest Monday night frightened about half of the seniors out of one of the numerous entertainments that have been given for them in the past week or so, only ten being present at the Methodist church when the ladies of the missionary society were hostesses to a party. The ten that braved the elements were well rewarded with heaped dishes of home made ice cream and cake and all enjoyed a gay evening with Mrs Scheid directing the games and contests.

Public Hearing on Red River Dam Held Mon.

The public hearing on the Upper Red River flood control and water conservation project, held at Childress Monday afternoon, attracted a very large crowd of interested farmers and business men.

The meeting was harmonious throughout and not one dissenting voice raised against the construction of a major dam on Red river in Briscoe county at an elevation of 2200 feet or more, getting above the gypsum and other contaminating influences that would be encountered further down stream.

The meeting was in full accord in having army engineers make the necessary survey of the area. The huge reservoir would impound sufficient water for irrigation purposes on a vast acreage, deter soil erosion, as well as make a pleasure resort for an area approximately 100 miles square, it was stated at the meeting.

Representatives of counties who would benefit directly only from a recreational standpoint expressed their hearty approval and extended full cooperation in getting the project accomplished.

The meeting was under the direction of Lt. Col S L Scott and Mr Flotillo, army engineers of Little Rock division, the former presiding. Documentary evidence, supplemented by oral arguments, favoring the dam construction was presented by committeemen and officials from a number of counties contiguous to the upper Red river.

Among those heard during the late afternoon were Ed Abington, who told of damages to the Fort Worth & Denver; J B Nabers, who reported on damages to the state highways; M O Goodpasture, who told of damages to county roads in Hall county and John F Cates who reported that droughts, had seriously retarded the poultry and dairying development in this section.

Others heard were J Claude Wells, mayor of Memphis; J W Hardcastle, mayor of Turkey; J W Ewing, mayor of Quitaque; the judge of Wheeler county; A A Meredith, Amarillo district supervisor of WPA; E H Davenport and A E Beavers of Lakeview; Lee Vardy, Turkey; D L C Kinard and Dr W C Dickey, Memphis; Jerry W Debenport for the Childress county agricultural agent; J L Tarter, Wheeler; Ralph Thomas for Gray County and County Judge Luther Gribble and Henry Wischkaemper for Collingsworth county.

During the early part of the session, Whitt Johnson reported for the city of Childress; and reports were heard from Dr Roy E Barr, chairman of the board of the Upper Red River Flood Control and Irrigation District; E B Tunnell, Quitaque, general manager of the board;

AGRICULTURAL BRIEFS

BY THE BRISCOE COUNTY AGENT

When the good things begin to happen they come along in a hurry. One day we get a good batch of checks—then next day we get a good rain—next day more checks, then more rain.

Looks like now we're not going to have to have school close for the rains to come. The big question uppermost in our minds now is did the rains get here in time to do much good for this wheat crop? "White caps" are beginning to show up right along in our wheat now and old timers allow as to how that's an ill omen. We will know at harvest time just how much damage the freeze and green bugs did for us.

What Now?

May 15 was closing date for receiving applications on the range and farm program for 1938. It was also the last date to "split" a farm or "combine" two or more farms. From the amount of splitting and combining we received the past two weeks we figure that nearly all the farms in the county were either split or combined.

What the farmers have to do now is be sure that each farm is plant-

ed in accordance with the figures they received for that farm. Each farm will have to stand for itself when compliance time comes. There will be no joint compliance on any farms that were not "combined" prior to May 15, 1938.

For those of you who feel like you are "certain" that you have more cultivated acres in your farm than your 1937 map showed, we suggest that for each 10 acres of such land you add 3 acres to your soil conserving base and 7 acres to your feed and wheat base—Don't add anything to your cotton base—(goal to you.) This will put you plenty well in compliance this fall.

Planting Time

Maybe we can't get "het up" over our wheat prospects just now, but surely we can't complain about our row crop planting moisture. The time is right and for once the moisture is right for cotton and feed planting. The next 10 days will see many seed put into the ground. Remember it pays to plant good seed. If you don't have good planting seed it's high time you were getting them.

Jabus Barker Winner In Math Contest

JABUS BARKER

A silver trophy will be awarded Jabus Barker, Sherman high school senior as his reward for winning the school's annual mathematics contest. The award will be presented by Hyams Washam, teacher of junior and senior mathematics and donor of the award for the past six years.

Of the 17 pupils who entered the final rounds of the contest, nine, including the winner, were regulars on the football squad. Barker lettered in football last autumn.

The contest consists of a series of new-type examinations designed by Mr Washam, to test proficiency in arithmetic, algebra, plane geometry, solid geometry, trigonometry and elementary mathematical analysis. Elementary grades have no bearing on the status of the contestants, and only those who have had four years of secondary mathematics may compete.

Barker plans to attend college and become a radio engineer. He says physics and trigonometry are his easiest subjects and English the hardest. He is the son of Mr. and Mrs. Z. V. Barker, 100 North Brinkley.—Sherman Democrat.

Young Barker is a former resident of Quitaque, having been valedictorian of the seventh grade four years ago.

His father, Z V Barker, was the first rural route carrier out of Quitaque having taken the position with the establishment of the route around the first of the year in 1930. He continued in service on the route until Dec. 16, 1934 when he exchanged jobs with Mr Womack, present carrier, who had a route out of Sadler.

Though Mr Barker still carries the route out of Sadler, he and his family live in Sherman.

Flomot Preparing To Be Next Year's Champs

Supt. and Mrs B F Kirk of Flomot were shopping in Quitaque Tuesday.

Supt Kirk stated that he had been re-elected as head of the Flomot schools for another year and that Mrs Kirk also had been re-elected as head of the economics department. Coach Jackson has been retained for another year, and George Caviness of Vega has been hired as assistant coach. Several of the other teachers had also been elected but we did not get the names of all.

While Mr Kirk was "predicting" the Flomot's school future successes he gave fair warning that next year's football squad was presenting a formidable foe to their rivals in the district. With two coaches and promising material Flomot threatens to make interesting football history next season.

The "ex's" and next years team met for a set-to last Wednesday resulting in defeat for the ex's 13 to 6. (And Supt. Kirk said that some of the ex's had seen service on college teams.) So look out for your laurels, Flomot rivals

CANDIDATE SPEAKING AND PIE SUPPER AT GASOLINE

Friday night, May 20, at the community house at Gasoline there will be a pie supper and candidate speaking. Everyone come and bring some one with you and have a good time.

Junior-Senior Banquet Is Unique Affair

Climaxing a season of parties, picnics and various entertainments honoring the senior class of '38, the banquet held in the hall of the high school building last Friday night, with the junior class as host, was "tops" in every particular. The soft lights, the girls in their long, colorful evening dresses, the program, the delicious food, all blended into an occasion that will ever be one of the happiest memories of this happy time.

Instead of the usual long banquet table, twelve small tables were arranged down the length of the hall, each laid with six places. Each table was decorated to represent a month of the year, the resulting broad scope of ideas and artistry, making every one exceptionally interesting and attractive. Tall candles on the tables were used for illumination, and each was attended by a sophomore girl dressed in white and wearing an apron appropriate to the decorative scheme of her particular table.

The delicious menu prepared by the "junior" mothers was shown due appreciation and the following program added to the evening's enjoyment:

- Songs, by all.
- Toastmaster, Prof. Dee Lowry
- Welcome address, Bob Grundy, president of the junior class.
- Response, Orval Graham, president of the senior class.
- Duet, Mrs T. H. Stewart, Jr. and Mrs Smithee with Mrs C E Bedwell, accompanist.
- Reading, Jane Scott.
- Piano solo, Mrs C E Bedwell.
- Glimpses of the Future, Inez Chandler.
- Toasts, Johnnie Gowin.
- Song Stunts.

Farmers Smiling Over Moisture for Planting

The Quitaque area has received copious rains the past week, which began last Thursday night. Wheat has been greatly benefited and sufficient seasoning has been put into the ground for all planting purposes.

The precipitation was heavier in some areas than in others, but all sections of the area received good moisture which seems to have been general all over West Texas. The total rainfall in Quitaque, according to the federal rain gauge was 2.68 inches.

Starting last Thursday night .92 inch was received which was followed Monday night by .58 inch. Then Wednesday afternoon .94 inch fell topped off with .24 inch Wednesday night.

Mr Cogsdill who lives on the F ranch stated Thursday morning that better than 3 inches of rain fell there and that Quitaque river had about a foot or more of water in it making it impossible to ford it Wednesday morning.

GEORGE KEEVER GRADUATES FROM TEXAS WESLEYAN

George Keever, senior at Texas Wesleyan from Quitaque, is one of sixty candidates for a bachelor's degree this month. Mr Keever is majoring in Science.

Baccalaureate service for June graduates will be held Sunday, May 29, at the First Methodist Church, with Dr J. N. R. Scora, pastor, delivering the address. Bishop A. Frank Smith, Houston, has been selected as Commencement speaker for the graduating exercises which will be held in the fine arts auditorium.

Mr Keever is a member of the Press Club and humor editor for Txweco, college yearbook.

JR. CLUB CLOSES YEAR WITH PICNIC HONORING SR. CLUB

Complimenting members of the Senior Womans Culture club and their husbands, and husbands and friends of their club members, Junior Womans Culture club entertained with a picnic Tuesday evening. This affair, which was in charge of the social committee, Mrs Marion Roberson and Miss Jeane Puckett, marked the last event of the year for the junior club. Approximately forty-five persons were present.

LOCAL BRIEFS

Miss Mary Merrell visited in Plainview Sunday afternoon.

Miss Jackie Robinson spent Sunday with her parents at Floydada.

Mrs Ida Nichols is visiting her son E A Nichols in Wichita Falls.

A L Morris and children and his mother, Mrs May Morris, visited relatives in Dimmitt Sunday.

J H George of Plomot underwent a nose operation at the Plainview sanitarium Monday.

Church services were held at Fairmont last Sunday, Rev. Tubbs, doing the preaching.

Pies and cakes for every occasion—Mity Nice Bread for every meal, City Bakery, Quitaque.

Mrs V T Hall, Mrs Dee Lowry and Mrs H G Gardiner attended a district meeting of Methodist missionary societies at Hedley last Thursday.

Miss Lizzie Gregg of Silverton spent Sunday with relatives here.

Miss Bernice Grundy spent Sunday here with her parents, Mr and Mrs Ed Grundy.

Mr and Mrs W H Love of Anton spent Sunday here with his father, Joe Love.

Don Hall and young step-son, Charles Keller, returned this week from a stay in Plainview.

R L Green of Dallas arrived Wednesday to look after his farming interests here.

Mr and Mrs J W Lyon, Sr., and Mr and Mrs. J W Lyon, Jr., were in Clarendon over the week end visiting Mr Lyon's mother, Mrs J E Lyon.

The Gasoline school having closed Supt. E F Lewis and family have moved to their farm three miles northwest of Quitaque.

Mrs Earl Hedgecocke of Tucumcari, N. M., spent the week end with her parents, Mr and Mrs Jim Tunnell.

Mrs Agnes (Donnell) Turner of Silverton, candidate for county treasurer, was in Quitaque Tuesday in the interest of her campaign.

A very nice attendance was reported at the dedication of the new Methodist church and all day meeting at Plomot last Sunday.

Special service conducted by the Young Womens Missionary Society at the Methodist Church at 8:00 p. m. Sunday.

Mrs Glenn Wise and children moved this week into their new home, which is located just west of the home of her mother.

Mebane Cotton Seed—Re-cleaned, first quality. Plant good seed. Will trade for good cow or hogs. Pioneer Drug Store.

Rev. G L Keever, Paul Hamilton and Mayor J W Ewing attended the quarterly conference of the district Methodist churches at McLean Wednesday.

Mr and Mrs Alton Johnson and new son of Amarillo visited the young man's grandparents, Mr and Mrs John A Johnson and Mr and Mrs Jim Tunnell over the week end.

Mrs Ben Smylie and son Russell and Miss Seney Persons attended the show in Plainview Saturday in which the Keys quadruplets of Hollis, Okla., appeared.

Gifts for Graduation—We have them—Elgin Watches, Ladies and Gents.—Nice Locketts. Watches from \$3.95 to \$50.00. Bill Folds, \$1.00 to \$7.50. Box Paper with Initials, extra nice. Kodaks—Numerous other suitable articles. See our window. Pioneer Drug Store.

Mr and Mr Delmer Powell, Mrs Sam Niel and her mother, Mrs Barton, were in Amarillo Wednesday. Delmer states that they encountered plenty of rain and that it really poured down in the Panhandle capital.

FOR SALE—1937 Plymouth coupe, driven 11,000 miles. Looks and drives as good as new. Real bargain for cash or terms. First National Bank. 25-1c

A son was born Friday morning to Mr and Mrs Earl Allred. Mr Allred is the new mechanic at P O Woods Chevrolet and they moved here recently from Albany. Mother and babe are doing nicely.

Let's make it one of the best attended services of the year for Sunday school at the Methodist church. If you are not in church school then you will find a real welcome at the Methodist church.

Last Thursday the following relatives of Pierce White arrived from Bremen, Ga., for a ten days visit in his home; Mr and Mrs J R Parish and son, Mr and Mrs Lester Jones and Mr and Mrs Henry Pate.

FOR SALE—Second Year and First Year Half and Half Cotton Seed, 75c and \$1.00 bu. At my farm 7 miles south of Quitaque. R. L. Green. 25-4

Mr and Mrs Roy Burgess accompanied by her sister, Mrs F T Stanley and children of Plainview, went to Poolville Sunday to visit Mrs Burgess' and Mrs Stanley's parents. They returned home Wednesday night.

Mr and Mrs A L Trout and son Jack Trout of Phoenix, Ariz., are here visiting friends. Mrs Jack Trout did not accompany them on the trip as she was here visiting her parents, Mr and Mrs Cleve Greg, about three weeks ago.

Mrs F D Auburg visited her sister, Mrs Hughes at Childress Sunday Mrs Hughes was severely burned in explosion of an oil stove about six months ago and has been confined to bed ever since, her recovery being, thought hopeless. However Mrs Auburg states that she has been showing some improvement lately.

Mrs Rex Faulkner and baby spent the week end in Pampa with Mr Faulkner who has been working a filling station there since the Kent school where he taught last year dismissed for the summer. Mrs Faulkner will join him there for the summer as soon as the local school dismisses.

Mr and Mrs Paul Hamilton left last Thursday morning for a trip into East Texas, visiting in McKinney, Denton, Dallas and Fort Worth and returning home Monday night. Mr Hamilton stated that things were very green and "wet" in that vicinity, it rained on them nearly every day. The oats and corn looked very good, corn about knee high, but cotton mostly rained out and many having to replant.

IN THE SHADOW OF THE CAPITOL
 (By Boyce House)

If you happen in on one of the auctions of oil and gas leases, you'll hear big Col. C. Walters, the auctioneer from Skedee, in such characteristic utterances as:
 "Come on boys, let's start the bidding on this one at \$500; I'm a little hoarse today."
 "If you don't want to get grease all over you, don't bid on this lease."
 "He's just scratching his head (meaning that a move by someone in the audience didn't mean he was raising the bid) or "Keep your hand down or you'll buy something."

J Frank Dobie, who won national fame some years ago with "coronado's Children," is reported working on another book of lost mines and buried treasure.—Pat Moreland, one of those rare souls who can write genuine poetry, has found so little time in his work as a member of the State Unemployment Compensation board that he has written just one poem in six months—and it was only eight lines long.—Dr Walter Prescott Webb, whose "Texas Ranger" was filmed and whose "Great Plains" is regarded as perhaps the greatest historical work to come out of the Southwest, is lecturing at the University of London.

Unique among campuses are the grounds surrounding Stephen F. Austin State Teachers College in Nacogdoches. A forest of pines, nearly a hundred feet tall, ventures almost to the very doors. The woods have nearly a twilight softness by day and birds chatter saucily.

One is surrounded by the storied past of Texas in Nacogdoches; there are historic markers in almost every block from the center of town to the college.

A blending of sentiment and finance; A bank in Nacogdoches is named the Stone Fort National Bank, the reference being, of course, to the famous old fort.

And here's one for Ripley:
 One of the most ardent readers that the Livingston Enterprise has can neither read nor write. He is an 82-year old negro, "Uncle Jim" Smith, who was sold as a slave. When he rides into town, he always buys a copy of the paper, explaining: "Every man in the county ought to know what's going on even if he can't read, so I buy the paper and get some one to read it to me."
 Incidentally, Uncle Jim says he has never been in jail but has paid "one or two fines" for fights, adding however: "I guess a man ain't much good 'less he'll fight when he has to."

Mrs W H (Grandma) Rucker is reported very ill at her home here. Her son John Rucker of Lockney was called to his mother's bedside last week and her daughter, Mrs McElhanan has been with her for some time. Mrs Rucker's other children, C T Rucker and Mrs A V Tipps live in Quitaque.

The pastor greatly appreciates the loyalty of those who have been regular in attendance. He is grieved when conditions make it impossible for you to attend regularly. It is his hope that every member and friend of the church will strive to

MRS VANMETER IS PROMOTED TO LUBBOCK OFFICE

Mrs Hope VanMeter, local telephone operator, has been transferred to the Lubbock office of the Southwestern Associated Telephone Co., and left to assume her new duties Tuesday. This is in the way of quite an advancement for Mrs VanMeter, as she is now employed in the general office of the company there.

Mrs Mollie Chambers, who has been acting as relief operator in the Turkey office has been transferred to Quitaque. Mrs Chambers has moved with her husband and daughter to the duplex west of the school building and will go to work immediately.

Family Reunion

Mr and Mrs J W Ewing attended a Ewing family reunion picnic at the Methodist encampment at Ceta Canyon last Sunday. Thirty members of the family were present, coming from Estelline, Canyon, Tulia, Plainview, Lockney, Pampa, Clovis, N. M., and Long Beach, California. One sister, from Amarillo, and several members of her family were unable to attend because of illness in the family.

Quitaque Ball Club Shows New Life

The Quitaque ball club found its bearings Sunday when they met the boys from Grey Mule, trouncing the visitors 11 to 1, before a good sized crowd.

Betty Medler started on the mound for Quitaque, relinquishing the box after the second inning to Bob Young who went the rest of the way. Jack Wise was on the receiving end of the local battery. Batteries for Grey Mule were Ramsey, P Starkey, Merrell and H S Starkay.

The local club has been rejuvenated by the addition of some young players, several other youngsters still waiting for a chance to demonstrate their wares. Sam Bryan, athletic coach, will manage the team as long as he is in Quitaque, it is stated.

The game was called in the eighth due to a mishap. Payne and Red Taylor ran together in making a play for the same ball, the former being knocked out and his elbow knocked out of place. He was getting along all right Tuesday.

Besides the batteries in Sunday's contest the remainder of the line-up was as follows:

Quitaque—Medler, ss; Robins, lf; Womack, 3b; Van Meter, cf; B. Wise, 1b; Blankenship, 2b; Powell, rf.

Grey Mule—Mayhall, 1b; F. Payne, 3b; Kelsey, 2b; R. Taylor, ss; D. Taylor, cf; Davis, lf; B. Payne, rf.

The ball boys stated that they wished to thank each and everyone for their donations for purchase of playing equipment and that they would try to repay the donors by giving them some real ball games.

The ball team composed principally of high school boys, under management of Coach Bryan who also did the catching, went to Gasline Tuesday afternoon and engaged the first team of that community. Gasline won 11 to 9. Not a single error was chalked up against the Quitaque boys during the game, it was reported.

A F VanMeter did the hurling for the locals with the other positions filled as follows: Byron Wise, 1b; Shug Drake, 2b; Wayne Whittington, ss; Bob Young, 3b; Will Lee, lf; Jack Powell, cf; Bob Lee rf.

CULTURE CLUB ENTERTAINS WITH PICNIC

The Senior Womans Culture club members were hostesses at a picnic May 11 for the husbands, the high school senior class, and the high school faculty members.

The setting for the occasion was a scenic place on the J R Stroup ranch.

Thirty-three guests and fourteen club members enjoyed a bountiful feast and games.

Bill, son of Mr and Mrs Warren Merrell, who is in the Matador hospital very ill with pneumonia was reported Tuesday to be better and improving slowly.

LEGAL NOTICE

In the United States District Court in and for the Western District of Texas Waco Division:

J. M. Hubbert vs Temple Trust Company, No. 236 in Equity.

Notice is hereby given that the undersigned has filed his application with the Clerk of the United States District Court in and for the Western District of Texas, Waco Division, for an order authorizing him to sell and convey to C A Hawkins and wife, Dora Hawkins, all of Lot Two (2) in Block Thirteen (13) original town of Quitaque, Briscoe County, Texas, together with all improvements thereon situated, and for a consideration of \$700 and of which amount \$150.00 will be paid in cash, and the balance, \$550.00, to be evidenced by one note in said sum, to be executed by said purchasers, payable to the order of the undersigned at his office in the city of Temple, Bell County, Texas, and the principal and interest on said note to become due and payable in monthly installments of \$15.00 each, the first installment to become due and payable on or before June 1, 1938, and one each on or before the first day of each succeeding month until said note has been fully paid off and discharged, both principal and accrued interest, to bear interest from May 1, 1938 at the rate of seven per cent per annum, the interest to become due and payable monthly, and each payment when made to be applied first to the accrued interest on said note, and the balance to the principal, and providing that failure to pay any monthly installment of principal or interest as above mentioned when due shall at the option of the holder of said note, and stipulating for ten per cent additional as attorney's fees, and said note to be secured by a vendor's lien and deed of trust lien on the property and premises above described.

Said application will be heard by the Honorable Charles A. Boynton, Judge of said court, after this notice shall have been published for a period of ten days, and any person interested in said Receivership Estate may contest this application. Witness my hand at Temple, Texas, this the 13 day of May A D 1938.

H. C. GLENN,
as Receiver for Temple Trust Company, Temple, Texas.

PEDDLERS BASKET IS AGAIN ON ITS WAY

The Methodist missionary ladies met at the church Monday afternoon for the study of an interesting new book. Rev Keever met with the society and is directing the study. Plans were completed at this time for the party which was given that night honoring the seniors, and the "peddler's" basket was started on the rounds again. If you live in the the country and the basket does not reach you on its rounds this time, inquire about it. The ladies are anxious for everyone to have an opportunity to "rummage" in it.

From Alamogordo

Rev and Mrs G L Keever returned Saturday night from Alamogordo, N. M., where they attended the graduating exercises of the high school. Their daughter, Miss Koren, received her diploma, and had the distinction of being the youngest member of the graduating class. She appeared on the program in a quartet.

Miss Mary Keever, who teaches in Alamogordo, accompanied her parents and sister home for a visit, her school having dismissed for the summer vacation.

THE LOW DOWN FROM HICKORY GROVE

I see where another Commission, it is making the front page, and this time, it is about the telephones, and what is wrong with the business.

And a commission is no good and a failure, if it finds nothing wrong. Finding something O. K. is illegal.

And this new report on the telephones, it cost the U. S. and the company about 4 million and took 3 years. But before they even started looking into the business, everybody who can read or listen, they knew we had more phones in the U. S. A. than in any other country, and they are cheaper.

And this Mr Talmadge down there in Georgia, he was not far off his base when he said we would keep on being pestered by reports until we took down some buildings at our Capitol and sold the furniture—in-

Torn From Homes by Tornado, Electric Refrigerators Still Provide Ice, Food Protection

FOLKS who spend good money for a refrigerator are buying a specific Service. In addition, their purchase should give them a guarantee of Safety. The folks who many years ago bought the two electric refrigerators pictured above bought both Service and Safety. A recent tornado in a small West Texas community proved this point. Buildings crumbled around them and the wind tossed them into the street like a fretful child discarding a toy. But—these electric refrigerators operated perfectly when picked up and connected to an electric socket the following day. That IS Service! There was no damage resulting from refrigerant fumes. That IS Safety!
