To Conduct Revival

REV. R. C. TENNISON
Of Idalou who will conduct the revival at the Baptist church which begins Sunday, and continues for two weeks.

Baptist Meeting To Begin Sunday

The Baptist summer revival meeting will begin Sunday, July 19, according to announcement of Rev. J. T. Smithee, pastor. The revival will continue for two weeks with Rev. R. C. Tennison of Idalou conducting the services.

The church has been air-conditioned and will be very comfortable during these extremely hot days. This will add enjoyment of to the services to which everyone is cordially invited.

MISS WILLIE MAE WOODS WEDS E. D. POOL

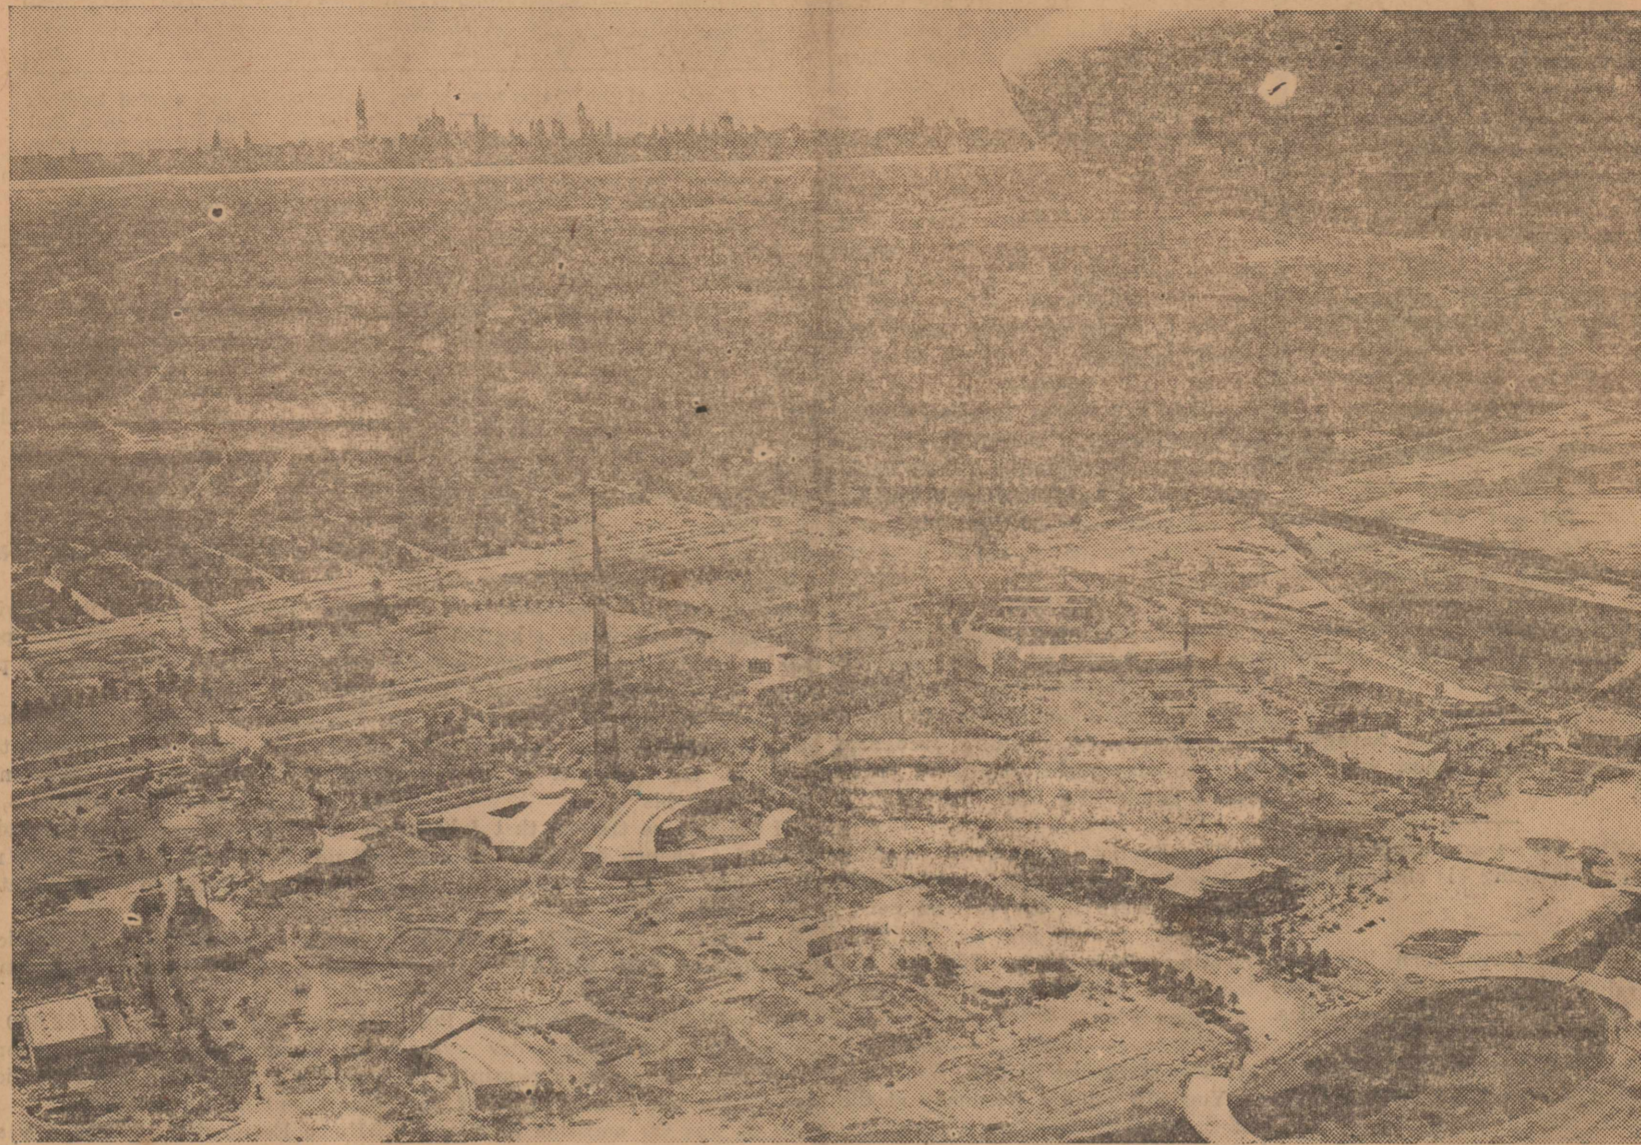

Miss Willie Mae Woods and Edward Pool of Whiteflat were married Tuesday, July 5.

The bride is a daughter of Mr and Mrs Will Woods of Quitaque, while the groom is a son of Mr and Mrs E. D. Pool of Whiteflat.

They are making their home at Whiteflat where Mr Pool is engaged in farming.

Misses Nina Ruth Nelson and Marie Rascoe of Memphis visited friends here Tuesday.

New York's Fair and Skyline, All in One Picture

NEW YORK—Proximity of the New York World's Fair 1939 to Manhattan is shown in this "location" photograph taken from the Bermuda Clipper "Cavalier" flying above the Government Zone of the exposition. The familiar skyscraper skyline of Manhattan is shown here nine miles away but within fifteen minutes ride by rail.

Note the patterns of buildings, foundations, gardens and thoroughfares emerging in the Central Exhibit Area and the fine finish of landscaping

about the steelwork of the 700 foot Trylon and 200 foot Perisphere and along the broad Constitutional Mall.

Shown, right, are the elevated tracks of the IRT-BMT subway systems and, nearer, the Long Island Railroad tracks crossing the lowered Grand Central Parkway Extension. The pontoon of the plane obscures view of the Triborough Bridge, one of the main approaches to the Fair. The buildings shown are among forty already under construction.

Agriculture Instructor Is Now On the Job

R. L. (Raymond) King, vocational agriculture instructor, a new course added to the local curricula, arrived in Quitaque—with his bride—July 1, as per schedule and leased an apartment at Hotel Quitaque. However he and his wife didn't tarry long on their first trip due to out-of-state relatives visiting in the old home town of Floydada and he just had to visit with them and introduce the new member of the family.

However he is back now and states that he is going to enter upon his duties with vim and vigor, in fact he has done that already. He plans to contact all the boys who are interested in vocational agriculture sometime during July or August, get the boys together and make plans for organizing an FFA (Future Farmers of America) chapter. This chapter of course will be composed of boys taking vocational agriculture.

Mr King states that he would like to get a tentative organization formed this summer and temporary officers elected.

"If the boys are interested we will talk about going on a camping trip for two or three days some time in August," the new instructor stated. "This will enable us to become better acquainted and also to discuss plans for the year's work." This proposition should have immediate appeal.

All students desiring to take vocational agriculture should contact Mr King as soon as possible, thus expediting the organization of his work.

The latter part of August Mr King will attend a teachers' conference at A & M college at College Station.

MRS EDWARD POOL IS HONORED WITH SHOWER

A shower honoring Mrs Edward Pool was given Sunday afternoon at the home of Mrs Harmon Collins. The guests were gathered and presents arranged before the bride arrived.

Many beautiful and useful gifts were presented to the honoree, several sending presents who were unable to attend.

Refreshments of punch and cake were served to about fifteen ladies.

G. L. Keever, Jr. is visiting at home this week.

Melton M. McCauley Died Suddenly Monday

Melton M. McCauley, 64 years old, died suddenly Monday afternoon about 3 o'clock of a heart attack at the home of his son-in-law and daughter, Mr and Mrs Tom Pierce, five miles east of Quitaque.

Deceased had hoed cotton that morning and following lunch sat down on the porch where it was cool. He complained to his daughter that he did not feel well and of a hurting in his chest. She bathed his breast with liniment and went to the well for a bucket of water. When she returned she found him dead. Justice of the Peace Messimer of Quitaque held an inquest, the verdict being death from a heart attack.

Mr McCauley, whose home was at Crosbyton, had lived here only about a month, the remains being carried to his home Wednesday for funeral service and burial, the service being conducted there at the Baptist church at 3 o'clock.

Deceased is survived by his wife and six children, Mrs Tom Pierce; Mrs J. G. Hill of Lubbock; Mrs M. I. Watts and Howard McCauley of Fort Worth; O. D. McCauley of Ralls and Eddie McCauley of Snyder.

The funeral service and burial were under direction of Harcastle Funeral Home of Quitaque and Turkey.

Baptist W. M. U. News

Circle No. 1 of the Baptist WMS met Monday afternoon at the home of Mrs N. B. Herrington for regular Bible study, Mrs R. B. Persons being the leader for the lesson from Jeremiah II.

Following the lesson period a business session was held and decision was made to hold cottage prayer meetings each morning at 9 o'clock throughout the week in the interest of the revival meeting which begins Sunday.

At the conclusion of the day's session refreshments of lemonade and cookies were served to Mrs. Persons, Mrs. Blucher, Mrs. Roy Burgess, Miss Mildred Wilkins and the hostess.

Mr and Mrs H. G. Gardiner, Mr and Mrs J. W. Ewing, Mrs H. E. Curtis and Rev and Mrs G. L. Keever attended a group quarterly conference of the south half of the Clarendon district at Hedley Tuesday. They report a very helpful service.

Hiway Association At Tulia Tuesday

Highway 86 association met in Tulia Tuesday afternoon and in addition to the business transacted a big feed was enjoyed. This was voted a regular feature of all future meetings, the hostess city being responsible for the grub.

Those attending the meeting from Quitaque were L. E. Graham and E. G. Rice. Mr Graham went to Plainview to take Mrs. Jack Hulsey to see her husband who is in a hospital there, returning via Tulia for the meeting. Mr Rice accompanied Willis Walker, Roy Russell and Bill Harcastle of Turkey, Walker being the new secretary of the Association.

Much progress was reported on the program which has been set up by the association, results on '86' already being realized.

Highway 86 association is not confining its efforts to that particular highway alone; it is working in the interest of all highways in this area. While completion of 86 is its prime motive, feeders—or intersecting highways—are receiving just as much attention as the cardinal or initial road for which the organization was formed.

Highway 86 association is working for paved roads for West Texas, and many counties which are never represented at the meetings have local road problems that the association is endeavoring to get remedied. These counties should awake to the fact of the benefits to be derived by concerted action and line up with the association. The association is not selfish in its actions or purposes; its aim is a network of highways in an area where they are truly needed.

FLOYDADA MAN DROWNED IN LAKE NEAR LUBBOCK

Lubbock—Lloyd Bartlett, 26, of Floydada drowned Sunday night at Buffalo Springs lake, large artificial body of water 10 miles southeast of Lubbock.

With four other persons, Bartlett was riding in a boat. It overturned and he attempted to swim ashore.

His body was found, clad in bathing trunks several hours later.

Mrs May Gillespie, Mrs L. E. Trout, Glendell Trout and Frank Gillespie left Tuesday for Kentucky. They will visit relatives in several cities in that state before returning home.

Goff's Comedians Are Coming Here Monday

Goff's Comedians, a big tent show, will set up in Quitaque Monday for a three days engagement with "Goofy" himself heading the cast of entertainers.

The show features good, clean entertainment with good music, singers, dancers, with vaudeville between acts and an entire change of program nightly.

Included in their special vaudeville entertainers is Betty Lou Evans, singer and dancer from the Texas Centennial; Malcolm Rheinhardt with his electric guitar; Madelyn with the South's finest accordion; Senor Duffee at the piano, and Goofy himself, the all-American half-wit.

The show is coming here from Turkey where they are playing Thursday, Friday and Saturday of this week.

Goofy states that he has one of the biggest and best tent shows on the road and that each performance is packed full of clean fun—a treat for the whole family.

Popular prices will prevail.

Childress Boosters In Quitaque Wednesday

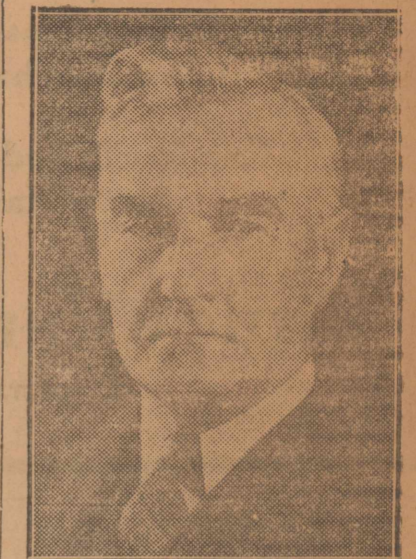

The Childress Boosters, some hundred or two strong visited Quitaque Wednesday afternoon advertising their Golden Jubilee celebration July 17, 18 and 19, commemorating the fiftieth birthday of that city.

Led by a girls' drum corps dressed in white middies and blue skirts, the orange-shirted visitors staged a parade and then proceeded to furnish some free entertainment interspersed with announcements of the various forms of entertainment which is being provided for the visitors to that city on the occasion of their birthday celebration.

A big crowd of local people soon assembled to greet the visitors and enjoy the program. Arriving with sirens blowing and horns going full blast, the caravan departed in the same hilarious fashion.

J. W. Ewing, John Castleberry, Sid Bogan and A. L. Patterson were in Amarillo Monday to "view" President Roosevelt. After giving the Chief Executive a thorough scanning they went to a hotel to get out of the rain where they listened to his address.

Justice Asks First Elective Term

M. J. R. Jackson became associate justice of the Court of Civil Appeal at Amarillo in 1924. He served in that capacity until 1937, when he was appointed to succeed Chief Justice R. W. Hall, who died while serving in that position. Justice Jackson is asking now for his first elective term as chief justice.

Justice Jackson is one of the state's outstanding jurists. As an attorney and as a jurist he has wide recognition.

He was born in Montgomery county, Ala., and came to Texas in childhood with his family. He was educated in the public schools of Texas and Southwestern University at Georgetown, Texas.

Justice Jackson was admitted to the Texas bar in 1898. He served as the Madison county attorney from 1898 until 1900 and practiced in that county until 1905, when he moved to Amarillo. He practiced law in Amarillo from 1905 until 1924.

Judge Jackson was elected associate justice at the November election 1924 and upon the death of Judge Boyce shortly thereafter, election, Gov. Pat M. Neff appointed Mr. Jackson who served until his death until January 1, 1925, when he assumed office under his election.

With Judge Jackson as chief justice, the court has won wide recognition for its handling of the cases that have come before it. The court covers a territory larger than some states. It serves 46 counties, including all of the Panhandle.

Chief Justice Jackson is the only Amarillo man on the bench. The associate justices are W. N. Stokes of Vernon and A. J. Folley of Floydada.

Miss Cain Hostess At BYPU Picnic

Miss Charity Cain entertained her BYPU class with a picnic Tuesday evening. The little guests assembled under the shade trees at Miss Cain's home and practiced songs which they will sing each morning and evening at the Baptist revival.

Later they were taken to a grassy picnic ground where lunch was served. Those present were:

Billie Roberson, Willadean Dunnivant, Patsy Jean Stark, Joe Keeter, Willie Wade Beynons, Teddy Dunnivant, Evelyn Cain, Bonnie Joe Woods, Freddie Elmore, Richard Edleman, T. J. Broxton of Amarillo, Florence Elmore, Geraldine Graig, Clyde Dee, Nora Bell Heffer, Joy Jean Keeter, Mildred Shirley Foster, Monte Jo Wise, Betty, Nan, Ruby Caraway, Mary Lou, Edna Haun, Irene Butcher, Randal, Ray Eddleman, Barbara Jean Robins.

The hostess was assisted by Miss Mae Love and Mrs Bruce Eddleman.

JONES TO SPEAK OVER AMARILLO STATION

Congressman Marvin Jones will deliver a series of four radio addresses over Station KGNC at Amarillo beginning Monday, July 18, and continuing through Thursday, July 21. The time of the addresses will be from 7 p. m. to 7:15 p. m., evening.

The addresses will cover topics of special interest to the Panhandle including discussions of soil and water conservation, the farm program and the credit structure.

Gene Berry, Tom Persons, Sterling Herrington were in Amarillo Monday to see the President.

Allred Is Appointed To Federal Judgeship

Wichita Falls, July 11—President
Roosevelt came to the home town of
Gov. James V Allred of Texas today
and facing an audience of the governor's
home town citizens, announced that he
is appointing Allred as United States
judge for the southern district, a place
created by the recent act of Congress.

Allred has been mentioned for the
post ever since legislation establishing
it was first mentioned, but Senator
Sheppard had endorsed Bradley
Harris of Galveston and Senator
Connally had endorsed Walton Taylor
of Houston.

It was the second judgeship President
Roosevelt has filled in Texas
and both have been personal ap-

pointments. He named Judge Whit-
field Davidson of Dallas as judge of
the northern district early in his
term.

The President called Governor
Allred to his private car shortly after
leaving Fort Worth and told the
Governor he was to appoint him.

Senator Connally who had stuck
with Taylor until the last was also
called to President Roosevelt's private
car about the time the President's
decision was reached.

Allred said he would take the office.
Asked if he would go on the bench
immediately, Allred said that he
would not go on the bench immediately.
He said he was not prepared to
say whether or not he would finish
his term.

"I am just so thrilled that I have
not had a chance to think," he said
at Wichita Falls.

AN APOLOGY TO BEN O. KING CANDIDATE FOR SHERIFF

In publishing the Quitaque Post
last week, it was done under severe
handicaps, as errors appearing in
the edition will verify. One of the
grossest was the omission of Ben O.
King's name from the page advertisement
announcing the speaking
and carrying an invitation to all to

attend.

Mr King was the very first one to
ask for and buy space on the page
and during the nightmare we experienced
last week, his name was inadvertently
omitted. We regret this error occurred
and are very glad to make this apology
to Mr King.

TEXAS WILDLIFE

BY WILL J. TUCKER
(Game, Fish and Oyster Commission)

Austin.—Texas hunters who want to bag a mountain sheep must go to other states to the north and west. In Texas the animal is protected by a closed season the year round.

They are found in the Guadalupe, Beech and Sierra Diablo mountains north of Van Horn, but not much is known of their occurrence, numbers or the factors that have prevented their increase.

To gather such information the Game, Fish and Oyster Commission has sent Robert Snow, experienced field naturalist, to the Bighorn country to make a thorough study of the

animals.

Accompanied by Dr. Walter P. Taylor, senior biologist of the Texas Cooperative Wildlife Service at A. & M., Snow and his party made their first reconnaissance recently. They saw only seven Bighorns, most of them in the Beech and Sierra Diablo mountains. Few signs were seen in the Guadalupe.

Factors limiting the numbers and increase of the Bighorns remain to be determined. Residents nearby blame the mountain lion and more especially the golden eagle. Snow and his party saw few signs of mountain lions, but many eagles.

Dr. W. B. Davis, head of the department of wild game at A. & M. college, plans to join Snow for several weeks work in the Guadalupe and adjoining mountains during August and September. It is hoped the Bighorn study can be made cooperative so as to include not only the Texas Game, Fish and Oyster commission, but also the New Mexico Fish and Game commission, the U. S. Forest Service and the U. S. Biological Survey. It is planned that the study will be carried forward on both sides of the New Mexico-Texas line.

Snow trailed four Bighorns in the Guadalupe mountains three days, after locating them on a high semibarren ridge, reached after a two-hour climb. He said their sure-footedness in leaping from crag to crag was every bit as remarkable as veteran hunters picture it. The Bighorn became excited only once—when a band of Eagles circled over them. They ran together as if for protection.

Antelope are increasing steadily in some portions of western Texas. Game Warden W D Stubblefield, stationed at Ysleta, estimates there are from 2,500 to 3,000 in Hudspeth county, where range conditions are good and the attitude of the landowners favors the protection of this fleet-footed animal.

Along the Rio Grande Valley below El Paso, however, Stubblefield reported extensive clearing operations. Clearing of vegetation will be detrimental in that section not only to Antelope, but to Gambol Quail and Ring-neck Pheasants, he said.

Pretty Campaigner for L. A. Woods

Few candidates for state offices have such pretty campaigners as Miss Genevieve Stewart of Dallas Technical high school, who is speaking nightly in behalf of L. A. Woods, candidate for re-election to the office of State Superintendent of Public Instruction. Only 17, Miss Stewart won this year's State Interscholastic League championship in girls' declamation.

county. One Roadrunner didn't show a bird's instinctive fear of dogs and cats; it successfully raised three young in a farmer's yard within 10 yards of a dog kennel and a whole family of cats.

A quail nest is being incubated by a male quail.

A jackdaw built its nest on the top of a dove nest containing young doves.

One jackdaw is incubating dove eggs as well as her own.

Jackdaws, known to naturalists as Grackles, not only eat many dove eggs but devour many of their own eggs as well. In fact, Grackles are their own worst enemy at nesting time.

THE LOW DOWN FROM HICKORY GROVE

I have been half-way afraid that I might have to quit reading just the front page, and turn clear back to the funnies, now that Congress has gone home.

But I have been unduly alarmed. And the new tricks and stuff, where they are angling for this 4 billion being dished up down there at headquarters—it is pretty good comedy.

And the ones trying for the money, it is Governors, and City Councils, etc.—or anybody who can sniff cash, from far away.

And old Samuel, he has only one place to get money, and it is from

your own tax collector, so anything anybody gets from Wash., it is just your own money.

But when you get it, it is maybe a recreation center or something, which if you exercise in it, your own lawn-mower at home gets rusty. Or maybe your City Mgr., he gets a bigger and longer car—and next year you pay even more than this year, for his gas.

For real fun and amusement, and comedy, it is hard to beat the front page.

Yours, with the low down,
JO SERRA

Lump Sum Payments.

The Social Security Board is now making lump-sum payments to wage earners in covered employments who

have reached age 65, or to the estates of relatives of such workers who died before that age. The amount in each case represents 3 1-2 per cent of total wages, as defined in the Social Security act, received by such worker after 1936, and before he reaches age 65 or dies. Applications for these lump sums should be directed to Social Security Board, 1012 Oliver-Eakle Building, Amarillo, Texas.

Let's Talk About Service

MOST everyone knows that SERVICE, as defined in the dictionary, means: "the act or occupation of working for another . . . the manner of performing work . . . that which is supplied or furnished to meet a demand," etc.

Working for you is Your Electric Servant's occupation. By that act of providing light and power for your home and business, the electric company renders a service. You pay a small amount each month as compensation for this service.

It, perhaps, seems like a simple transaction: but, in order to perform the work of providing the electric service you demand, this company is forced to employ approximately 1,000 men and women to whom it paid over \$1,200,000 in wages during 1937. As a citizen and property-owner in every community it serves, it paid the equivalent of \$9.25 in taxes per customer in 1937.

By maintaining three centrally-located power generating stations, it eliminates the necessity for less-efficient, isolated and expensive small

plants in each community. Its 2,000 miles of high tension transmission lines are interconnected with still other sources of electric power so that failure of any one, or all three, of its own plants means only temporary interruption of the service you have learned to demand.

Efficiency in operation of this system of power plants and transmission and distribution lines permits rendition of electric service at its present low cost. The "manner of performing work" allows this company to render the good service you are receiving at an average net residential rate below the average.

We want you to know we are glad to render this service, "supplying and furnishing that which meets a demand," and we invite you to use this service freely.

Quitaque Finally Wins From Gasoline

When Quitaque ball club defeats Gasoline ball club—that's news. This is frankly admitted by A F Vanmeter, Jr., who has had several setbacks with the neighborhood boys.

This game might rightfully be credited to Virgil Gregg who did the hurling for the Indians and incidentally made three of their six scores, the last one a home run.

This was the best game the fans have had the pleasure of seeing so far this season. Gasoline will return this game next Sunday. The score:
