VOLUME XIII

QUITAQUE, BRISCOE COUNTY, TEXAS, THURSDAY, AUGUST 25, 1938

Number 39

## August 31 Deadline for New Wheat Insurance

Midnight, August 31, is the deadline. At that hour will close, for this season, the opportunity to obtain the new, all-risk insurance on wheat to be harvested in 1939.

Because seeding (especially in localities which use wheat partly for winter pasture) will be starting soon and the policies of this new insurance become effective as soon as the seed is in the ground, this limit seemed necessary to give the service office at Kansas City time to send out the premium notices, get back the payments and put out the policies before seeding begins. Accordingly, August 31 was fixed as the last day on which County Crop Insurance Supervisors may receive these applications. The announcement was made August 9, by the Federal Crop Insurance Corporation, which administers this service.

Clyde Hutsell, the Crop Insurance Supervisor for our county, in giving the foregoing information to this paper, tells us that he will keep open until midnight, Wednesday, August 31, if necessary, his office in the county agent's office. His telephone number is 54. Mr Hutsell tells us that up to August 11, "about 75,000 applications had reached the county supervisors in the Winter Wheat states. How fast applications have come in since then, I do not know," he says, "but the gain in rate has been quite rapid."

"The first policy was issued July 15. For the two weeks following July 15, the rate at which applications reached the Kansas City Branch, that serves this territory, was over two and one half times as fast as for the week ending July 15. For the third week, it was almost four times as fast, and for the fourth week, ending August 12, it was 7.8 times as fast. At that time Ohio was far in the lead in the number of applications, with Nebraska, Michigan and Kansas following, in that order. For number of acres of the 1939 wheat crop actually insured, the Texas wheat region (which obtained the first FCIC policy issued and farms in a big way) was close to the top.

"While this new, all-risk crop insurance is, in a way, a part of the general program in which the farmers of this county are cooperating, through the services of our ACP Committee of farmers, this is not in any sense, mutual insurance. The full cost of a policy is definitely figured beforehand and there can be no additional charges or assessments. When an applicant gets his premium notice, it tells the exact amount of Ordinary No. 2 Hard Winter Wheat necessary to pay for his policy. It also gives the equivalent in two other grades and in cash, so that he has four options—can pay in cash, or in his choice of three grades of wheat. He can even pay now, in wheat, his premium for insurance on the 1940 crop.

"This is the only crop insurance," our Supervisor explains, "the cost of which is based on actual production and loss information compiled by counties and by farms. Thus, through a period of better seasons, better farming and use of better seed, it is possible for a community to lower its risk rate. By a nation-wide system of handling the wheat, which represents premiums paid, and constitutes its reserve, from which indemnity payments will be made, the Federal Crop Insurance Corporation effects economies in the cost to the grower of this insurance, prevents much local business hardship in communities subject to crop failures and exerts a stabilizing influence on prices.

"A number of large insurance companies, to which the plan of the Federal Crop Insurance Corporation was submitted, approved it as sound and an improvement over other services. These companies own many farms and are financially able to carry their own insurance, but several of them are buying Federal Crop Insurance Corporation policies on their 1939 wheat and are urging their tenants to do the same. Not only are farmers interested in this program, but merchants, professional men, bankers and elevator men see in it a means of stabilizing the business of any community."

Texas Kid's carnival is holding forth in Quitaque this week and has been attracting very large crowds.

## Picnics Are Enjoyed By Hamilton's Guests

Miss Marie Johnson and Miss Ila Payne Selby of Waco arrived last Friday to be the guests of Mr and Mrs Paul Hamilton.

Miss Selby formerly taught in the Quitaque schools. She returned to her home Tuesday after a delightful week end.

Miss Johnson is a niece of Mrs. Hamilton, and the daughter of Hubert Johnson, who is superintendent of the Methodist orphans home at Waco and is very well known locally.

The Hamiltons have been treating their guests generously to the two most noteworthy characteristics of West Texas—hospitality and "the wide open spaces." Saturday morning they enjoyed a sunrise breakfast at Roadside Park, Mr and Mrs CR Badgett, the host and hostess and their house guests composing the party. Saturday evening a picnic was held at Cottonwood Springs, complimenting Misses Selby and Johnson, other guests being Mrs H G Gardiner, Henry Gardiner, Jr., and Misses Emily Margaret Gardiner and LaJuana Hudson of Childress and Jack Hall.

Monday evening Mr and Mrs Badgett, Mr and Mrs. Hamilton and Misses Selby and Johnson drove to Cottonwood Springs where chickens were barbecued and served with suitable accompaniments. The men, being in the minority, did the barbecuing and served the duly appreciative ladies. (And I'm sure if a soap box was handy Paul climbed on it. Confidentially we think he sleeps with one under his pillow.)

Mrs. Hubert Johnson visited the Hamiltons Wednesday, enroute to Lubbock to be present at the Tech commencement exercises when a young lady from the orphans home will receive a degree. Miss Marie accompanied her mother to Lubbock and home.

## Quitaque Ball Club In Lockney Tourney

The Quitaque ball club, composed of players from Quitaque and Gasline ball clubs, entered the Lockney baseball tournament this week and played their first game Tuesday against Wake which the locals won 9 to five.

Quitaque was leading 9 to 0 when they went into the eighth inning. Wake staged a rally in this frame and scored four runs, making another in the ninth for their day's total.

Quitaque was scheduled to play Parnell today (Thursday) and many fans went down to witness the contest.

Tuesday's score:

Quitaque	AB	R	H	E
VanMeter, cf	3	1	1	0
J Bedwell, rf	3	0	0	0
Morrison 3b	3	1	1	1
Thrasher, 2b	5	4	3	0

Sudduth, cf	4	0	0	1
Totals	36	5	8	9

Mr and Mrs W H Hopkins, Jr., spent the week end here with her parents, Dr and Mrs. E C Price. They were accompanied by Mrs Hopkins's sister, Miss Mary Hopkins. They have all been in Canyon this summer where Mr and Mrs Hopkins are doing work on their master's degrees and Miss Hopkins, who finished high school last spring, is beginning her college work. Mr. Hopkins will teach this year at Roy, N. M.

The various schools over the area are starting early in order to dismiss for cotton picking without running too far into the hot weather next spring. The Grey Mule school started last Monday and the schools at Gasoline and Hay Lake opened Monday of this week.

## AGRICULTURAL BRIEFS

BY THE BRISCOE COUNTY AGENT

### Time is drawing rapidly to a close for making application for insurance on that crop of wheat we expect to sow this fall. If you haven't made application and expect to, you had better come in and do that job before this month is over. August 31 is closing date on this insurance deal.

Clyde Hutsell has a way of explaining this insurance program that makes everyone—even the boys with sod—want to take insurance on his crop. If you haven't listened to Hutsell's spiel you're missing something. Come in to see him sometime.

### Compliance

The boys in the field are about thru checking the farms with the maps. In the ordeal they might have missed some one whose farm they should have checked. If they haven't checked your farm by the time you read this you had better come by the office and do a little checking yourself. They might have overlooked you.

As rapidly as the planimeter operators figure out your acreages you will be mailed a card letting you know how you're doing. Cards are being mailed to every one whether or not you show any ever plantings.

## Methodist Ladies Meet With Mrs. Scott

The woman's missionary society of the Methodist church met Monday afternoon at the home of Mrs W R Scott. In the absence of Mrs Keever, Mrs. H G Gardiner was leader. The study was on missions in Brazil which were discussed by Mrs G Turnell and Mrs V T Hall. Mrs. Joe Graham and Mrs Scott also had parts on the program.

The hostess served refreshments to Mesdames Graham, Jim Tunnel, G. Tunnel, H G Gardiner, Tim Moore, V T Hall and J W Hadaway. The next meeting is scheduled for the first Monday in September, at 4 o'clock, at the home of Mrs J H Hughes with Mrs Joe Graham leader.

## BIRTHDAY PARTY FOR RICHARD DALE EDDLEMAN

Mrs. Bruce Eddleman entertained her son Richard Saturday evening with a birthday party celebrating his fourth birthday.

Games were enjoyed throughout the evening. Refreshments were served to the following:

Cloris, Glorienne Lee Ne Terlin, Alfa Jean Allen, Joy Keeter, Lenna Margaret, Joyce Jones, Aubrey Low, Earlette Grundy, Jo Ella Sulliva, Evelyn Cain, Cemadale, Don Lewis Wood, Jememe Collins, Norma Jean Persons, Corkey Garner, Jimmie Dean Partain, and the honoree, Richard Dale, and his little brother Randall Ray Eddleman.

## Dinner for Miss Price

Mrs E C Price entertained Saturday night with a small dinner, a compliment to her daughter, Miss Rosemary who has just returned from several weeks in New York. Seated besides Dr. and Mrs. Price and Miss Rosemary were Bill Grundy, R S Lewis and Virgil Gregg, Mr and Mrs W H Hopkins, Jr. and Miss Mary Hopkins were expected to arrive but they were delayed and were served an "encore" to the delightful dinner.

Bob Wade, editor of the Turkey Enterprise, underwent an appendix operation at the hospital there last Thursday night. Wednesday he was reported getting along very nicely. His brother, Hubert of Jayton, is pinch-hitting while Bob is incapacitated.

## BANK TO BE CLOSED SATURDAY ELECTION DAY

The First National Bank will be closed Saturday, Aug. 27, election day and patrons are advised to make their arrangements accordingly.

## First National Bank

### Subsidy Sign Up

We have been trying to get our subsidy papers signed up for the past 2 weeks. About 500 have signed up but there are still some who have not signed. We mailed cards to every one, but the response hasn't been too good. If you grew any cotton last year and haven't signed up for payment in the past ten days you had better sign up or there won't be any paydays. All forms are ready for signing—lates—splits and combines too.

### Trench Silos

Quite a bit of interest is being shown in trench silos this summer. If you have a feed crop in sight you should be giving serious consideration to this silo business too. It's the best way to store feed for an indefinite time.

Feed keeps better and makes better feed in a trench silo. It's just like keeping your stock on good green pasture when you feed good silage. Talk to the boys who have silos. They'll tell you that you can't go wrong with a good silo. To the dairyman a trench silo is like a spring in the desert.

## Many Examined For State Driver's License

Austin—State driver's license bureau officials announced today that nearly a quarter-million driving licenses have been issued in Texas since last September.

The new licensing law requires state police to examine the qualifications of applicants before driver's licenses are issued. There were 242,384 drivers tested in the ten months' period.

Chief Ralph L. Buell of the license bureau said at least three percent of the applications are turned down because of drivers' mental or physical defects. Many are denied licenses because their vehicles are mechanically faulty. Thirteen licenses were suspended in July after drivers were convicted of driving while intoxicated.

## SLACK ELECTED PRINCIPAL OF GRAMMAR SCHOOL

Joe Slack of Canyon has been elected principal of the Quitaque grammar school and was here Sunday accompanied by Mrs Slack looking over the housing situation. Mr Slack has been teaching in the Olton schools for several years. He expects to move his family here as soon as he finds a house for them to live in. The Slacks have two small children, a daughter and son.

## REV. FRANK HASTY SPEAKS IN LUBBOCK NEXT MONDAY

Rev. Frank B. Hasty, field secretary for the relief and annuity board of the Southern Baptist Convention, will speak at the First Baptist church in Lubbock at 7 p. m. Monday, Sept. 5. The subject of his talk will be "The Ministers' Retirement Plan."

This is an open meeting for all Baptist people. A. C. Huff of Plainview, missionary of district 9, stated, but the pastors and deacons are especially urged to attend.

Quite a number of the family of Mrs. Dave Miller gathered at her home Saturday for a reunion and to enjoy a sumptuous dinner. Present were Dave Miller and family of Arizona, a nephew of Mrs. Miller, Olen Ward and family, Mr and Mrs John Garner and son of Hay Lake, Mr and Mrs Doc Thomas, Mr and Mrs Charlie Gamble and Frank and Bob Miller.

## Freight Rates Reduced In Quitaque Area

In a letter dated Aug. 20 received from C V Terrell, chairman of railroad commission of Texas, Post is informed that Quitaque has been removed from the differential territory and placed in common point territory. The effect of this is a reduction of about 6c per hundred pounds in the freight rate to and from all points. The order becomes effective Sept. 1, 1938. Following is the letter from the commission:

"As a matter of information to you the Railroad Commission of Texas yesterday issued an order removing the line of the Fort Worth and Denver City Railway west of Estelline to Lubbock, Plainview and Silvertown, and line of the Panhandle and Santa Fe Railway from Plainview to Floydada, from differential territory.

"The effect of this order, which becomes effective Sept. 1, 1938, is to place that portion of the lines named, and your town, in common point territory, removing the differential rate which has heretofore been applicable."

## Football Candidates to Meet at High School

A letter from Coach Bryan states that there will be a meeting at the high school building Saturday, August 27, at 3 o'clock, of all the boys who expect to come out for football this year, and he urges all the boys to be present.

Coach Bryan states that he "has farmed a little, attended Texas High School Football Coaching School, and the last six weeks has attended this summer school at Tech," which is by way of spending a busy summer.

Boys, remember, and be present at the meeting Saturday.

## J. B. RUSSELL, REV. KEEVER VISIT IN NORTH CAROLINA

J B Russell and Rev. G L Keever returned last Thursday from a visit to relatives and friends in North Carolina. They spent some two weeks driving through and visiting places of interest on going and coming. They report a very pleasant time. Many were the scenic wonders in western North Carolina where high mountains, deep canyons, beautiful foliage, steep climbs, hair-pin curves with wonderful waterfalls on the one hand and high mountains peaks kept you bewildered, while you were not scared in an inch of your life. From a plunge in the ocean in the morning to dizzy heights at night, is the privilege of one who drives a good car. Both Mr. Russell and the preacher came back looking no worse for the long drive.

## ATTENDS REUNION OF SETH WARD EXES

Mrs. Orlin Stark attended the 7th annual reunion of Seth Ward Exes at Plainview Tuesday night. More than a hundred persons were present for the banquet and program which was held in the First Methodist church. The five children of Mr and Mrs W T Divinney of Silvertown, composing a string orchestra, gave special music on the church lawn before the program proper began. Interesting talks and musical numbers were given by a number of these former students of one of the first institutions of higher education on the Plains.

## 2ND DEMOCRATIC PRIMARY SATURDAY, AUGUST 27

The second democratic primary will be held Saturday and everyone is urged to go to the polls and vote. There are six state candidates to be nominated and one candidate for county commissioner. Don't fail to vote. The local voting box will be at the high school.

Miss Rena Persons who was in Amarillo to enjoy the Will Rogers Memorial celebration last week has returned home accompanied by her niece Barbara Joe Persons, who was there visiting her aunt and cousin. They were brought home by Mr and Mrs Fred Teed and Mrs Burdine and son Eli, who remained for a visit, Mr and Mrs Teed returning to Amarillo.

## Pioneer Physician Buried

sol. med. began Gainesville moved to practical since medical circles in state and his charity leadership have won for of greatest esteem.

Surviving him are his wife, children, Misses Hattie, Mary and Paul Miller of Amarillo, James Miller of Valley View, Mrs Abe Vinyard of Turkey, Mrs Ina Grundy of Plainview, Mrs Mark Jones of Martin, John Martin of Lubbock and Mrs C O Green of McLean; two brothers, Ben Miller of Phoenix, Ariz., and John Miller of Post, and on sister, Mrs. Ethel Tucker of Estelline; and 18 grandchildren, all of whom were present for the funeral services but one grandchild.

The last rites were held Thursday afternoon in the high school auditorium at Estelline, Rev. O. M. Addison, of Amarillo, Rev. Anderson, Methodist pastor of Estelline and the Methodist pastor of McLean, conducting the service. Interment was in the Estelline cemetery.

## FLOMOT FOOTBALL LEADERS

Coach Le... his Flomot... ing season... horns, last year... District 4-B

in the final go-round on an ineligible player, are looking forward toward another successful season in spite of losses by graduation.

The Longhorns and their coaches left Saturday for Leuders, on the Brazos, for a two weeks training camp. There they will get in shape for the forthcoming football wars in District 4-B. About 40 boys are on the encampment working for positions on the 1938 Longhorn team.

Coach Jackson... a number of other... training there and that... would be had... before they return... ber.

## HALE COUNTY WILL HOLD BEER ELECTION

The Hale County Commissioners' court set August 31st as the date for voters of Hale county to decide on whether or not beer of not more than four per cent of alcohol by weight, may be sold legally in the county. The date was set after the court was presented with a petition signed by more than 400 voters asking for an election.

## Return From East Texas

Mr and Mrs C C. Moss went to Sherman last Thursday where they attended a reunion of Mr. Moss' family at the home of his mother, Mrs J L Moss.

Mrs Moss is the mother of fifteen children all of whom were present at this occasion.

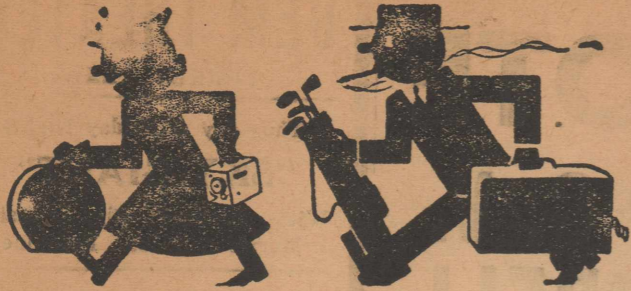

Dinner was served at noon to eighty-four relatives and five friends.

Mr and Mrs Moss visited in Erath county before returning home and brought back with them Mrs J L Hunt, grandmother of Mrs Moss and Mrs Willie Doris and daughter, who will visit in the home of Mr and Mrs J T Bradley. Mrs. Hunt is Mrs Bradley's mother and Mrs. Doris is her sister.

J C, who has been visiting relatives at Stamford since July 4th, also returned home with them.

Mr and Mrs E G Rice returned Sunday night from the East Texas markets and visiting relatives in Tyler and Winona. E. G. has enough new stock stacked in the front of his store ready to put on the shelves to "dam" the entrance and since his favorite topic of conversation is "the dam" he'll enjoy telling you about either—the stock or the Upper Red River.

Polk Hall is in Elida, N. M., visiting R E Self.

**BACK TO SCHOOL OR COLLEGE**  
With Re-conditioned Wardrobes

Only a few short days and the sound of the school bell will ring upon the well-known breeze. Wardrobes must be looked after—cleaned, pressed and renewed for students whether remaining at home or going away to school. We handle the details of this important job with expert care and to your entire satisfaction.

Let us have those clothes now and make sure they will be ready when you need them.

We Pay Return Postage on Out of Town Packages.

**BRISCOE COUNTY 4-H CLUBBERS GO PLAY**  
By Arlon Merrill

While we were taking a little rest from our farm work and our club demonstrations we club boys decided to see what made the rest of the world go round.

Starting off with a 3-day club encampment at Silver Falls Lake in Crosby County, we turned west for a spell. At Silver Falls Lake there were 200 club boys and sponsors. Three days and two nights were spent swimming, skating, boxing, ball playing, eating and a little sleeping.

During the three days stay in Crosby county we enjoyed talks and picture shows on wild life conservation. We also had the pleasure of studying specimen of many species of wild animals and birds of Texas. The district club meeting took place Wednesday after the noon day meal. Then was when the Briscoe county aggregation "headed west." Led by the Antelope Flat 4-H club and sponsor, the Briscoe county bunch took to the highways.

Carlsbad Cavern was our first objective. We had to spend the night at Hobbs, N. M., on account of its being further from Crosbyton to Carlsbad than our "Whoopie" could make before dark. We pitched our camp just west of Hobbs that first night. On trips like this, we boys know that mama isn't along to cook, wash dishes and make beds, so we all just pitch in and do our parts. This cooking, eating and sleeping out is a great life—it makes you appreciate home when you get back.

Bright and early the second day out we broke camp and headed for the caverns—Gee what a hole! Our trip thru the cavern was packed with excitement. The unbelievable beauties that nature has builded makes one realize just how great God is. That long trek thru those gaping caverns; lunch 700 feet underground; the pause for "Rock of Ages" all made us appreciate the greatness of the God of this universe. My attempt here to describe the beauty of Carlsbad Caverns would be a flop. All I

can say is that you have to see it for yourself before you can appreciate it.

When we came up out of the caverns we were itching to travel again. We took off for El Paso and Juarez, Mexico. We traveled about 100 miles after leaving the cavern before camping time. This hundred miles led us thru rolling country, high mountains and salt flats.—It didn't take us close to any drinking water nor anything good to eat either. We found that folks out in that country wouldn't sell but one loaf of bread to a party of travelers. Guess they were afraid to sell too much to a customer because they'd soon sell out.

We pitched our tents somewhere on the wide open spaces between El Paso and Carlsbad for our second night's rest. An early start the third day put us into El Paso kinda early. We enjoyed the irrigated valleys in the El Paso country.—Seeing crops that had never suffered for water was a sight for any Briscoe County boy.

We found out where the expression "for two cents" originated. For 2c they let us walk across the bridge from El Paso to Juarez. Say! Boys! This city of Juarez may be OK for the Mexicans, but I'll take the U. S. A. any day. We visited the old missions and the market place while in Juarez. Our sponsor said there were some kinds of live stock in Mexico that he wanted to see while there. He left us for a spell but the only kind of animal any of us heard him talk about was "The Black Cat". Guess he must have fed the cat while he was there for he frequently referred to "The Greasy Spoon."

Leaving Juarez, we came back to El Paso and civilization. We headed north and spent our third night at Elephant Butte Dam. Before we got to Elephant Butte Dam, we visited Hot Springs, Radium Springs and Old Fort Selden.

The rising sun on the fourth day found us headed for Albuquerque, the largest city in New Mexico. In Albuquerque we visited the old Spanish Missions, went swimming and went thru the Isleta Indian Reservation. After taking in the high lights

of Albuquerque we headed east and Sunday evening. Mr and Mrs Pat McLaughlin, J T Marion and Anita Whittington were business visitors in Childress Thursday.

Sunday, our last day out, was uneventful—we all had our hearts set on getting home to mama so we could get some good cooking—and a good bed to sleep in.

We arrived home Sunday evening tired, dirty and hungry but happy that we had made the trip. Our thanks for this trip go to Dan Dean, our sponsor and all the candidates that bought pies to furnish the money.

**GASOLINE NEWS**

ETHEL CARTER

Wayne Whittington is vacationing in the Hondo Valley of New Mexico.

Mrs. Marvin Tracay, who spent a week with her sister-in-law, Mrs. Wesley Tracy, who was recuperating from an appendicitis operation, returned home Thursday.

*For Your Family's Sake...*

**KEEP MILK SAFE! ...IT IS THE FIRST RULE**

**OF ALL-WEATHER FOOD-KEEPING**

● Keep milk fresh and pure, if your family is to have one of Nature's most wholesome foods. To be sure milk is as fresh as the minute it's delivered to you, the U. S. Government recommends that you store it in a refrigerator, where the temperature is 50 degrees or less. Above 50 degrees, milk spoils rapidly, curdles, gets sour. Other food, not so easily detected as milk, spoils too in higher temperatures. Below 50 degrees, milk and other food is safe. Check your refrigeration now!

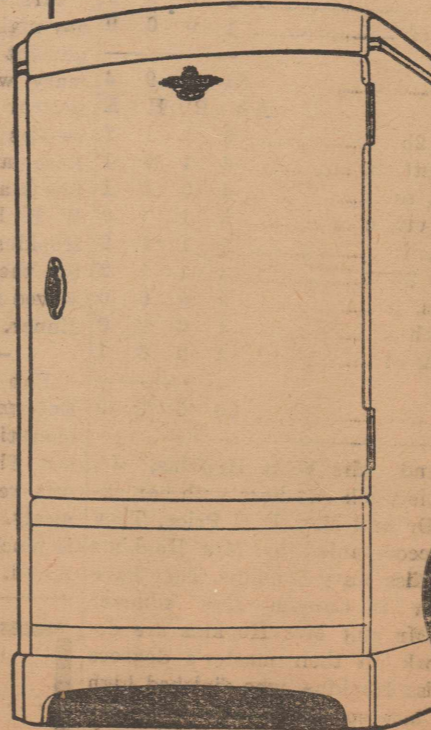

*An Electric Refrigerator*

PROTECTS ALL FOOD... AT LOWER COST!  
KEEPS MILK SAFE... KEEPS MEAT FRESH... KEEPS VEGETABLES CRISP  
... AND MAKES ICE CHEAPER THAN YOU CAN BUY IT!

● Don't waste money or endanger health with spoiled food! Keep foods safe in a modern electric refrigerator. And save money at the same time!

An Electric Refrigerator keeps foods safe, sweet, fresh, and saves you money every way there is to save. Saves on Current... on Food... on Ice... on Upkeep. You must save All Four Ways—or you may not save at all! And in addition, a Frigidaire provides a remarkable ice service for all-year needs—freezing tremendous quantities of ice cheaper than you can buy it!

Visit your electric refrigeration dealer. Ask for proof that shows you food is safe... even in the hottest weather. You'll be amazed to learn how much money you can actually save, too.

**ELECTRIC REFRIGERATION**

...is the choice of West Texas homes—every other home now has an Electric Refrigerator.

Owners say...

"IT SAVES AND IS SAFE. TOO!"

**Early Immunization  
Of Diphtheria Urged**

Few conquests of science so spectacular and those relating to diphtheria have firmly established the use of serum treatment in preventive and curative phases. Toxin-antitoxin or its oxidized form for immunization in for cure, are serums of general public is even yet aware," said Dr. Geo. W. health officer.

"As indicated, toxoid is the immunizing or preventive agent now usually employed. However, three or four months are required for the body to develop immunity. At that time the Schick test can be applied to determine the results of the preventive treatment.

"Children should receive diphtheria immunization as early as possible, preferably as soon as they are six months old. The necessity for this immunization is recognized when it is known that two-thirds of all deaths from diphtheria occur in the age group under six years.

"It cannot be too strongly emphasized that if you have sore throats, swollen glands, or a fever, you should see a doctor at once. If you have a sore throat, you should see a doctor at once. If you have a sore throat, you should see a doctor at once.

**BEAUTIFUL**  
**MODERN**

**AUTOMATIC**

These are the banners you'll be carrying after you have used a MODERN, AUTOMATIC GAS RANGE just one week. For these beautiful ranges, with their host of automatic, modern features, with their high-speed cooking and baking, with their insulated ovens and easy-to-clean broilers... represent the most efficient cooking and baking machines ever devised. You'll wonder how you struggled along without one. Come in and see the beautiful new models today.

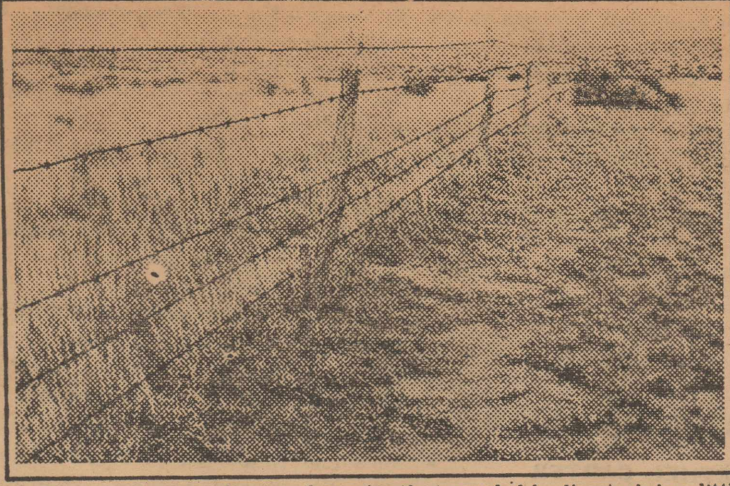

**West Texas Gas Company**

sized that to deprive children of this protection science has made possible is to subject them to unwarranted and unnecessary hazards that can easily turn into a tragedy. Parental interest in immunization must be more widespread, if the Texas death rate from this disease is to be decreased from the 1937 total of 257.

"When a child has been taken ill with diphtheria, antitoxin is the only treatment that will save its life. Also, to be effective, it must be given early in the illness and in large doses. Delay is usually caused by parents failing to realize that any sore throat may actually be diphtheria.

**Grazing Control Aids Grass**

Grass kept eaten down and constantly trampled by livestock has little chance of attaining a healthy growth and the bare soil soon becomes subject to wind erosion. Grazing has been permitted on the pasture at intervals and the grass is healthy. Continued grazing of the pasture at the right of the fence has created an erosion hazard, Soil Conservation Service range examiners point out.

**LOCAL BRIEFS**

Private Virgil Hcllis of Denver has been here about ten days visiting his parents. He will return to his post the early part of next week, he stated Tuesday.

F M Sachse, Jr. returned Saturday from Fort Bullard, near San Antonio, where he has been in encampment with the Texas National Guard. "Butch" says he will report to Coach Pete Cawthon of Lubbock for football practice Sept. 7.

George Keever, son of Rev. and Mrs. G L Keever, left Tuesday for Fort Worth after quite a stay with home folks here.

Mrs. W F Brittain spent Tuesday and Wednesday in Agernathy with her parents, Mr and Mrs. Elbert Robason.

George Hall and family of O'Donnell, Texas, and Mr. and Mrs. Don Hall and Charles of Plainview are visiting their parents, Mr and Mrs W P Hall.

Mr and Mrs C G Hall and sons of Ada, Okla., were here the latter part of last week visiting his brother, V. T. Hall and family.

Mr and Mrs Ewell Hamilton and V T Hall made a trip to Amarillo last Tuesday. On the return the rain "celebrated" them and they came home via Matador.

Word from Sheriff Honea stated that he is feeling lots better and is getting along nicely, planning to come home the last of the week. Sheriff Honea has been in Glen Rose for about three weeks recuperating from a spell of illness.

In curing concrete in hot weather, exposed surfaces should be sprayed with water at least twice a day or otherwise kept moist for a week or 10 days.

**TRAFFIC SAFETY COURSE  
SUBJECT IN EL PASO SCHOOLS**

Austin—El Paso high school students will be the first in Texas required to pass subjects dealing with traffic safety before graduation, according to a communication from M E Broom, assistant superintendent of the schools of that city, to Chairman W H Richardson, Jr., of the public safety commission.

Asst Supt. Broom announced that the safety courses will be complete in every detail and will include the study of texts prepared by state police and other traffic experts. Capt. George Schauer of state police headquarters at Austin has been working with El Paso school officials in preparation for the additional subjects beginning the fall term.

Captain Schauer is author of a text book on safety which will supplement other books chosen for the new course of study.

State safety officials believe El Paso' step toward safety education will induce other high schools to adopt similar plans. Two hundred teachers and 4,100 students will be effected by the move.

The El Paso school officials said the school board passed a ruling several months ago making safety education mandatory before diplomas are awarded.

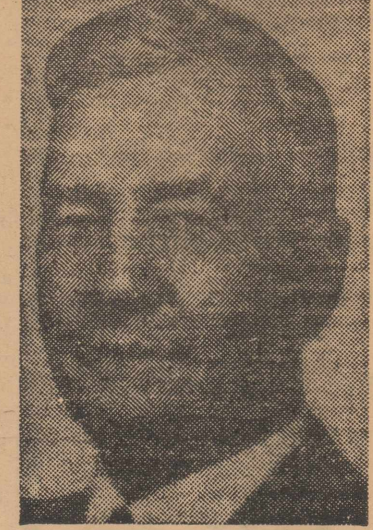

A famous poet visiting the campus at Texas State College for Women was taken aback at the response when he requested the girls to make a list of the ten most beautiful words in the English language. They presented him with the following: Holiday, letter, check, dollar, food, date-night, class-dismissed, movies, sleep and truckin'.

Materials commonly used for protecting concrete while curing are canvas, burlap, boards, straw, and layers of moist sand.

**VOTE**

**For C. V. TERRELL**

of Wise County

**Candidate for  
RAILROAD  
COMMISSIONER**

Mr. Terrell has served faithfully the best interests of this State. He has demonstrated his ability and fairness. This section of Texas has received prompt and courteous attention from him at all times. He deserves your vote on his record!

**RE-ELECT  
C. V. TERRELL!**

**DID YOU KNOW—**  
That Douglas Corrigan, hero of a transatlantic flight, was discharged as a mechanic several weeks ago by the Northrop Aircraft Company at Santa Monica, Cal., because he failed to fill out forms to get a social security account number? Corrigan had been asked to do this several times by his company and had neglected it. A former Texan, Corrigan was born at Galveston.

**Our Advanced Showing  
of New Fall Merchandise**

You will like our New Silk Dresses—the styles are outstanding.  
Colors to suit your complexion.

In our millinery department you will find the first showing of Fall Felts in new shapings, stitchings, trims, etc., that you never tire of.

Our new novelty shoes for ladies are outstanding. We have the leading Fall colors, and in widths to fit.

If you plan to make your own frocks, you will note the difference in our well selected lines of silks, woolens and novelty piece goods.

If it's only a \$1.95 street frock you wish, the Virginia Harts are well styled.

**E. G. RICE**

"The Store of Personal Service"

"Sure we do... and it's better business, too"

**When you drink Beer in a tavern... choose your tavern**

WHEN YOU restrict your patronage to legal, respectable retail outlets, you not only encourage those better outlets but you've made a start toward driving out the bad spots in your community.

And that is exactly the aim of the great body of honest retailers of beer who, along with the brewers, recognize that Beer's only problem is to remove the anti-social

conditions that sometimes surround its sale. Existing laws can curb these evils. Help us by demanding their strict enforcement! Sales to minors, or after legal hours... or use of a beer license as a screen, for selling illicit liquor or for operating an illicit resort... all these are violations of the law and should be stopped. Public opinion, once aroused, can see that such practices are stopped!
