Dove Season Opens Here Today (Thurs.)

Texas 1938 federal migratory bird regulations as prescribed by the United States Department of Agriculture and approved by the president:

Mourning and White-Winged Doves

The 1938 season on mourning doves and white-winged doves shall be as follows: In the counties of Terry, Yoakum, Lynn, Garza, Kent, Haskell, Stonewall, Throckmorton, Jack, Young, Wise, Denton, Collin, and Hunt and all counties north thereof, and in the counties of Parker, Tarrant, Dallas, Rockwall, Kaufman, Johnson, Hopkins, Delta and Franklin September 1 to October 31; in the remainder of the State, September 15 to November 15.

The bag limit shall be fifteen in the aggregate of both kinds, and any person at any one time may possess not more than 15 in the aggregate of both kinds.

The hours of hunting shall be 7:00 a. m. to sunset, Standard Time, on Doves only.

All migratory birds may be taken with a shotgun only, not larger than No. 12 gauge, and capable of holding not more than three shells.

No migratory bird can be possessed more than ten days after the closing dates of season.

Waterfowl

The 1938 season on waterfowl, including Wilson Snipe or Jacksnipe and Coot shall be November 15 to December 29, both dates inclusive.

The hours of hunting waterfowl, coot, rails and gullinules, Wilson's Snipe or Jacksnipe shall be from 7 a. m. to 4 p. m., Standard Time.

The use of live decoys will not be permitted. Batting will not be permitted.

Under Federal law, all migratory waterfowl hunters who are over sixteen years of age are required to purchase and have in their possession, a Federal Duck Hunting Stamp. These stamps are sold at \$1.00 each at Post Offices. A person must write his signature in ink across the face of the stamp, but it is not absolutely necessary that the Stamp be attached to the State Hunting License. Each stamp shall expire and be void after the 30th day of June next succeeding its issuance.

There is no open season on Ross's Goshawk, Wood Duck and Swans.

Bag and Possession Limits on Migratory Waterfowl are as follows:

Ducks (Except Wood Duck and Swans)—Ten in the aggregate of all kinds, of which not more than 3 of any one, or more than 3 in the aggregate may be of the following species: canvasback, redhead, bufflehead, and ruddy; and any person at any one time may possess not more than 20 ducks in the aggregate of all kinds, of which not more than 6 of any one, or more than 6 in the aggregate, may be of the following species: canvasback, redhead bufflehead, and ruddy.

Geese and Brant (except Ross's Goshawk)—Five in the aggregate of all kinds, and any person at any one time may possess not more than 10 in the aggregate of all kinds.

Sora—Fifteen and any person at any one time may possess not more than 15.

Coot—Twenty-five, and any person at any one time may possess not more than 25.

Wilson's Snipe or Jacksnipe—Fifteen and any person at any one time may possess not more than 16.

September 1 to November 30, both dates inclusive:

Rails and Gullinules (except coot)—Fifteen in the aggregate of all kinds, and any person at any one time may possess not more than 15 in the aggregate of all kinds.

The federal regulations do not permit the use of a motor boat, sail boat or any craft or device of any kind towed by a power boat or sail boat. It is a violation to shoot doves or any migratory game birds from an automobile. A hunter may use a row boat as a blind for taking migratory waterfowl as long as there is no motor attached to the boat.

Community Club Mixes Business With Pleasure

The Quitaque Community club held its regular bi-weekly meeting Tuesday at the Los Lingos hotel and enjoyed an excellent meal, heard some discussion of various sorts, transacted a little business and enjoyed a "home-talent" motion picture show. Fourteen members were present.

Question of a trades day was brought to attention of the members for discussion whenever and wherever they "ran together" before the next meeting when some action is expected to be taken.

Secretary Scott reported having signed a contract with the Donkey Baseball club for a game here Sept. 28, so the club decided to sponsor the event and turn the proceeds over to the school athletic fund.

Supt. Scheid made the explanatory remarks about the donkey ball game, its success last year and stated that should the club not see fit to sponsor and accept the receipts derived therefrom, the school athletic council would be glad to do so. Motion was made by Dr. Price that the club sponsor the event and donate the proceeds to the school athletic fund, which was seconded, adopted and went over in a big way. Scheid, subsequently was made manager of the affair.

Visitors at the luncheon were Mmes. Griffiths and Street, guests of L. E. Graham and Judge W. Coffee, Jr., the latter bringing along his miniature motion picture machine and entertaining the club members and visitors with the events at the recent roundup on the JA ranch and other scenes.

Though the session lasted quite a bit longer than the ordinary "hour" it was enjoyed by all present.

Monday is "Labor" Day For Students - Teachers

The Quitaque schools will open Monday morning at 9 o'clock for the 1938-39 term. There is no special program for the opening, the students and faculty will assemble in the auditorium at 9 o'clock for the introduction of teachers, instructions for classifying students, enrollment and the issuance of books.

Following adjournment in the auditorium the students will repair to their respective rooms and receive their books and the list of supplies necessary for carrying on the work in prospect.

The first assembly program will be Friday, Sept. 9, Supt. E. W. Scheid stated Wednesday. The first faculty meeting will be Saturday, Sept. 3, (before school starts).

The school buses will follow practically the same route as last year, at least for a few days, until a definite schedule can be worked out.

Prospects are for a very successful school year with increased attendance the superintendent stated.

21 Prospects Answered Football Roll Call

Football workouts started Monday for the Panther football team of 1938. Twenty-one men answered Coach Bryan's call to arms.

These were Edwin Drake, Will Lee, Johnnie Gowin, Richard Tibbets, Billy Bob Brown, Joe King, Bob Lee, Walter Patrick, Byron Wise, Jessie James Hall, Earl Patrick, Bob Grundy, Pete Blankenship, Jack Powell, Jimmie Keeter, J. C. Rhoderick, Sterling Herrington, Jean Grundy, Walter Bailey and W. E. Helms.

These men are going through a week of intensive drills before school starts in preparation for the following conference schedule:

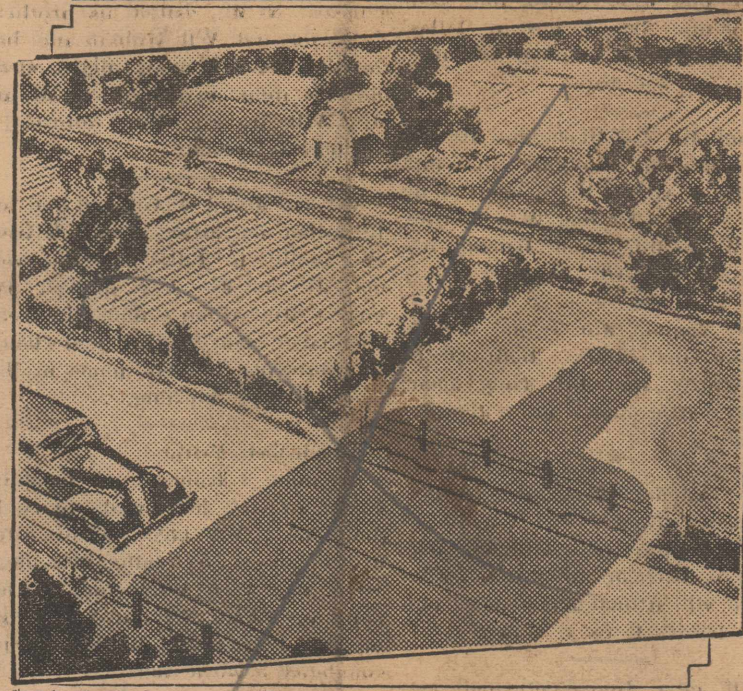

Sept. 16 Matador at Matador
Sept. 23 Turkey at Quitaque.
Sept. 30 Lockney at Quitaque.

Oct. 7 open.
Oct. 21 Floydada at Floydada (night game)

Oct. 28 open
Nov. 4 Paducah at Paducah.
Nov. 11 Silverton at Quitaque.
Nov. 24 Flomott at Quitaque.

Naomi and Gene Curtis, daughter and son of Mr and Mrs Finis Curtis of Estelline are visiting Wanda Lee, daughter of Mr and Mrs Tim Moore. The parents came down for them Sunday but they were having such a grand time they refused to return home with them.

A Dangerous Shadow On Our Highways

Of all drivers involved in fatal accidents last year, 7.3 per cent had been drinking. This is neither worse nor better than the 1936 record.

Of all pedestrians killed last year, 12.9 per cent had been drinking. This figure may be compared with 11.2 per cent in 1936.

These figures are based on a

broad spread of official state reports and are offered by The Travelers Insurance Company as the best information available on the subject. The accuracy of the picture presented by the statistics will be questioned because reporting means differ in the various states, and because of differences of opinion as to what constitutes drunkenness.

AGRICULTURAL BRIEFS

BY THE BRISCOE COUNTY AGENT

Time flies rapidly by. Yesterday school closed and tomorrow it opens again. Vacation time is about over and study period is here. Most of us made the best of our vacation period—let's work just that hard to make every hour of our study period count too.

Usually with the opening of school we begin to think in terms of fairs and stock shows and the like. Well that is as it should be. We're to have a fair in Amarillo and Briscoe county certainly wants to make a creditable showing up there.

To make a good showing it will take the combined efforts of every one so if you have any agricultural products that you think are "tops" bring them in and let's get our exhibit arranged early.

Wheat Insurance

We never thought we'd live to see the time come when men would sit and wait for hours to get to talk insurance, but surely enough we did. We well remember the time when we were peddling insurance, how for hours we've waited to catch some sucker to talk insurance to, but my how things have changed—Guess the banking holiday in 1933 brought on the change.

By closing time August 31st, about 125 Briscoe county wheat farmers will have asked for wheat insurance. To me this is a good omen. If we get caught short in 1939 like we have 4 out of the five years I've been here—then these 125 farmers will have a 75 percent normal crop any way—Something worth thinking about if you ask me.

Dairy Day

We are always having special days in this country. Mother-in-law Day, Armistice Day, Labor Day and what not. Well, Dairy Day is just as good as any kind.

Believing this to be a fact the farmers and their wives celebrated Dairy Day in Silverton August 24. There were 75 men and women and a sizeable crowd of children gathered at the court house for the occasion.

Two noted speakers were present. Mr. E. R. Eudaly with the Texas Extension Service and Mr. Joe McMurry with the Texas Cream Improvement Association of Fort Worth.

Mr. Eudaly outlined the importance of feeding and caring for the dairy cow while Mr. McMurry put emphasis on the care of the dairy products themselves.

The meeting was in charge of the county agent who presented the speakers. Refreshments consisting of whey punch, cheese and crackers were served by Henry Teubel of the Swisher County Creamery. Believe me, this stuff they call whey punch is a drink plenty well worth the money. Mr. Teubel told how to make whey punch. It's a good drink easily and cheaply made.

As much "leave out" acreage as we have out here we could keep old pipe bogged up neck deep in good stuff.

Miss Nealita Greer, daughter of Mr and Mrs N. R. Greer of Bangs, has been visiting Mrs. Jimmy Stroup and other friends here while her father has been conducting a revival meeting at South Plains, which closed Wednesday night. George Owens had charge of the song service during the meeting. Rev. Greer formerly was pastor of the Quitaque Baptist church, leaving here in the spring of 1937.

Polk Hall has returned from a visit with the Seifs at Elida, N. M.

dan grazing all summer and fall and too we could grow her plenty of red top cane and stack it away for her to use on snowy days, and wheat pasture in the winter. Oh Boy! what a dairy country we could make if we'd just try.—Of course we need good cattle to fondle all this care on.—Don't forget that. And while we're talking about the care of the cow let's not forget that her product should be handled with care too. Milk, cream and butter are all plenty nasty when we take every sanitary precaution possible with them, but if we handle them in a slip shod manner they are downright filthy—unfit for human food.—Let's be careful with our dairy products—we may have to buy some of them back some time in the form of cheese and butter. Now wouldn't that be a bitter dose for many of us?

The roster of "Pat's Pals" was composed of Edgar Morrison, Glenn Morrison, Murray Morrison, Clyde Morrison, Earl Morrison, Aubrey Matthews, E. W. Scheid, F. M. Sachse, Byron Wise, Jack Powell, Pete Blankenship, Sterling Herrington, Joe Bedwell, Virgil Gregg and Bob Young.

"Pat", who worked harder on the sidelines, rooting for his charges, on the streets and to and from the games, stated that he was mighty proud of the fine bunch of fellows who represented Quitaque in the tournament and is very happy over their victorious efforts.

Pat stated that in all his baseball and softball career he had never sponsored a finer bunch nor one more anxious to cooperate.

The various towns represented by teams in the tournament were Silverton, Matador, Panhandle, South Plains, Turkey, Haylake and Quitaque.

New Store Opens In Quitaque Saturday

Paul Fricks of Lubbock has rented the Tunnell building, formerly occupied by the G. Tunnell & Sons dry goods store, and is moving his dry goods and variety stock to Quitaque. He stated Wednesday that he intended to have his store open for business Saturday if at all possible, but that the store positively would be open Monday morning.

Due to the local housing shortage now prevalent, Mr and Mrs Fricks and their son are occupying an apartment at a local hotel.

They have been busy since Tuesday unpacking and arranging their stock of merchandise, being assisted by Mrs. Jim Tunnell who will be connected with the store at least during the opening and fall season.

The Fricks formerly operated a store at Dumas, moving from there to Lubbock several months ago. They state that they intend to make Quitaque their permanent home.

To South Texas

A. L. Patterson took Mr and Mrs Edd Morrison of Gasoline to Plainview Tuesday to see their son Glenn Morrison, in the sanitarium there with a broken leg sustained in a softball game at Silverton Monday night. They were accompanied by Misses Ina and Euna Bradshaw and Maynard Wilson. Glenn was reported to be doing as nicely as could be expected.

James Ross and his bride of Plainview spent Sunday here with his grandmother, Mrs. J. R. Ross.

"Pat's Pals" Victorious At Silverton Tourney

A. L. Patterson's Quitaque softballers won the tournament played at Silverton starting last Thursday and ending Tuesday night of this week. "Pat's" boys played more games than any other team entering the contests, playing the first game and also the last one—a total of six—winning the last five in a row.

The first game was with Silverton which they lost 8 to 7, played last Thursday morning with Virgil Gregg pitching and Glenn Morrison catching.

Friday evening they won over Panhandle 3 to 2 with Bob Young pitching and Edd Morrison catching.

Saturday morning they knocked Haylake under the tune of 18 to 8 with Bob Young doing the pitching chores and Glenn Morrison on the receiving end.

Monday evening they put the axe to the Turkey Gobblers (or Turks) whatever they call themselves, in the decisive fashion of 14 to 9. Butch Sachse was doing the heaving with Glenn Morrison behind the bat.

Monday night they had a rather close set-to with South Plains but managed to ooze out in front with a score of 14 to 12. This is the game that proved serious for Glenn Morrison who fractured his right ankle in the third inning. With Young doing the shooting, Sachse took up the duties of Morrison behind the bat and the boys marched on to victory despite their fallen comrade.

The last game of the tourney, played Tuesday night between "Pat's Pals" and South Plains, resulted in a victory of 33 to 17 for the home boys. Sachse did the pitching while Clyde Morrison did the catching.

The roster of "Pat's Pals" was composed of Edgar Morrison, Glenn Morrison, Murray Morrison, Clyde Morrison, Earl Morrison, Aubrey Matthews, E. W. Scheid, F. M. Sachse, Byron Wise, Jack Powell, Pete Blankenship, Sterling Herrington, Joe Bedwell, Virgil Gregg and Bob Young.

SOFTBALL PLAYER HAS HARD LUCK

Glenn Morrison of Gasoline suffered a broken leg in a softball game at Silverton Monday night. He was taken to the Plainview sanitarium where an x-ray examination showed three bones broken in his right ankle. He must remain in the sanitarium about ten days at least, attending physicians stated.

The accident occurred in the last half of the third inning in a game between Quitaque and South Plains when Morrison slid into third base, the injured man playing with Quitaque.

Morrison's many friends regret his misfortune and wish for him a speedy recovery.

SIDELIGHTS

By Marvin Jones

Member of Congress From Texas

The farm bill has several important features which, until recently, have not been much discussed.

One of these is the authority that is given the Secretary of Agriculture to file application to correct the discriminations against farm products in the freight rate schedules of the country.

For years some of us have been working on this matter, and I am glad to note the interest that is now being taken in Texas and other states on this important question.

Discrimination

When farm implements, iron and steel, and other manufactured commodities, are shipped abroad, reduced freight rates are allowed to the point of export, whereas on most farm commodities, especially cotton and wheat, little if any export rate reductions are allowed.

As industry has these reduced export rates, why should not the same reductions be given wheat and cotton as a matter of simple justice?

Examples

When farm machinery is shipped, the following rates prevail:

Indianapolis to Galveston: domestic rate 1.04; export rate 44.

Indianapolis to New Orleans: domestic rate .75; export rate 44.

Chicago to Houston: domestic rate 1.05; export rate 47 1-2.

Chicago to New Orleans: domestic rate .80; export rate 47 1-2.

Moline, Ill. to Houston: domestic rate 1.02; export rate 47 1-2.

On iron and steel the following rates prevail:

Chicago to San Francisco: domestic rate 1.02; export rate 40.

Gary, Ind., to New York: domestic rate .47; export rate .84.

Pittsburgh, Pa., to New York: domestic rate .35; export rate .20.

In other words: 2 plows shipped from Moline, Ill., to Houston, Texas, loaded on the same platform, unloaded on the same dock: The one to be used by a Texas farmer pays a freight rate of \$1.02 per cwt.; the one being shipped abroad pays a freight rate of 47 1-2c per cwt.

The excuse for lower freight rates on manufactured products going into export is that by shipping the products abroad, factories are enabled to run full tilt and thus to sell their products even at home cheaper than if they ran part time. I am not prepared to say that there is not some merit to this contention.

But if it is wise and just to give a lower freight rate on manufactured products from the industrial areas to the point of shipment, when going into export, in order to dispose of the surplus, why doesn't the same reasoning apply to farm products going into export, in order to dispose of the surplus of those products?

What peculiar charm is there about manufactured products that makes it just to give them reduced rates, while the same reductions are being denied to the products of the farm?

Other Discriminations

Not only do the discriminations which are illustrated above prevail throughout the country, but there is another discrimination in the complete freight rate structure applying to the entire Southwest area: the freight rates generally prevailing in the Southwest area are 79 per cent above the average of the freight rates prevailing in other sections of the country. This is unjust and unfair. Ten years ago I made a speech

SURVEY FOR DAM IS WELL UNDER WAY

E. P. Blankenship and N. H. Jensen of the United States Army Engineering office at Little Rock, Ark., were in Memphis in the fore part of last week conferring with the engineers stationed there in regard to the survey of the Upper Red River for the proposed water conservation and irrigation dam. Mr. Blankenship is the engineering corps property man and Mr. Jensen is connected with the safety department.

The crew of 18 men stationed at Memphis under C. L. Newsome, engineer-in-charge, has spent the greater part of the time in Memphis since arriving there last week, in getting adjusted in preparation for the six-week survey.

Valley levels, beginning near Estelline, have been run to get a cross-section picture of the elevations and contour of the land.

The territory to be taken in by this survey roughly includes a triangle, beginning at Estelline, extending northwest to Plainview, north to Amarillo and southwest to Estelline through Claude, Clarendon and Memphis. The part of the river to be surveyed includes three tributaries of the Prairie Dog Fork of Red River, one beginning at the Swisher-Briscoe county line, another at the mouth of the Palo Duro Canyon in Armstrong county and a third at the Armstrong-Donley county line, following all three until they join and extend into Hall county just south of Pliska.

A cold wax emulsion has been developed that will keep farm stored vegetables two or three times as long as unwaxed ones before they show signs of wilting.

Thanks for your support

I wish to thank the people of this precinct for the support given to me during the campaign that closed Saturday.

I would have appreciated the office but even though I did not get it, I do not regret having entered the race. I enjoyed the new contacts made and visiting with friends.

My congratulations go to Mr. Graham for having won and I wish for him a successful new term.

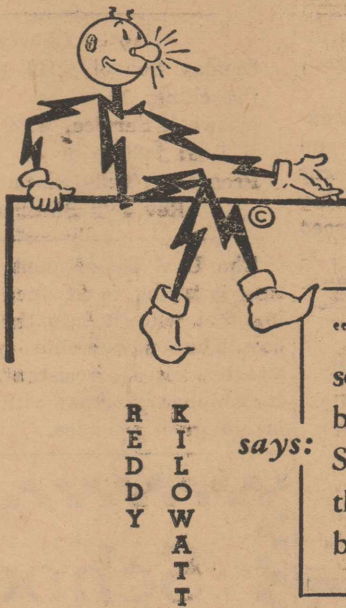

THANK YOU!

In the House of Representatives, complaining of these discriminations, I appealed to the old Farm Board to begin the fight. I appealed to the farm organizations. Finally, we were able to include a freight rate provision in the last farm measure, thus taking a step forward in the long fight for equality.

I am very much encouraged by the fact that the National Emergency Council's report recognizes this unfair freight structure and is lending the weight of its influence toward bringing about a correction of these manifest discriminations. Nothing could do more for the building of the Southwest than to correct these unjust rates and give to the farms and factories of our section an even chance with other parts of the country.

HOLE-IN-ONE THRILLS NEW MEXICO GOLF FANS

A communication, received Wednesday will be of interest to local golfers and those acquainted with the "ace" golfer which the story concerns.

Wilbur McKnight, youthful rancher and Chaves-Lincoln county resident, fired a perfect par round at the municipal golf course, but it took his first hole-in-one to produce the 37 score.

He dropped the ball into the 155-yard ninth hole of the nine-hole grass green course for the hole-in-one and this shot enabled him to go into a three-way tie with Bob Ball, who scored the first par figure round, and Carl Jones, ex-state champion and medalist in the municipal tournament being played this week.

Wilbur McKnight also defeated H P Joyce, 4 and 3, in a championship flight round in tournament competition, but it was not on the same round as the one in which he scored the starter. On the hole-in-one round he was accompanied by Raymond Connell, Herbert Joyce, Bob Sautler and Gaylord Dorrough.

Carl Jones scored an impressive 3 and 2 victory over Dorrough and Raymond Connell's Tuesday victory of 3 and 2 over Joe Bockman are the only championship round tilts played.

In the second flight Chas. Butler defeated Jim McKnight, brother of the hole-in-one shooter, 1 up in their 18-hole match.

Wilbur McKnight is the son-in-law of S H Kimbell of Quitaque.

HALL COUNTY BASEBALL LEAGUE ENTERS FINALS

In Sunday's playing, Aug. 21, in the semi-finals for the Hall county baseball league, Cross Roads defeated Parnell at Cross Roads by a score of 8 to 7. This gives both teams a game each in the semi-final play-off for the finals which will begin Sunday.

Memphis defeated the Salisbury team at Salisbury last Sunday by a 12-5 score to eliminate Salisbury from the playing. Memphis will be in the championship play-off with the winner of the Cross Roads-Parnell match next Sunday which is scheduled to be played at Parnell.

Mrs Baird is Hostess to Baptist Women's Social

The ladies of the Baptist Missionary society held their fifth Monday social at the home of Mrs Jimmy Baird Monday afternoon.

Mrs H G Finley was in charge of the entertainment and directed several games and contests. Gifts were exchanged and the names of "casual" friends were disclosed.

A business session was held and officers for the new year were selected, Mrs Jimmie Stroup being re-elected to serve as president for another year.

Refreshments of sandwiches, cookies and punch were served. There were thirty-one ladies present.

PETITION FOR LEGAL BEER IN HALL COUNTY WITHDRAWN

The petition signed by 255 qualified Hall county voters requesting the commissioners court to call an election to determine whether the sale of beer would be legalized in the county, has been withdrawn from the court, according to M O Goodpasture, county judge.

The petition was placed before the court three weeks ago, and in accordance with the law governing such election, the court tentatively called an election for September 10.

Judge Goodpasture stated that in view of the fact that the election had only been called tentatively due to the uncertainty of securing ballot boxes following the second Democratic primary, the court would take no further action in the matter. It is possible that the petition will be presented to the court again at a later date, but until it is, according to the judge, no action will be taken to call the election.

To Live in Washington

Mr and Mrs Ed Younger of Stillwater, Okla., will leave there Saturday for Washington, D. C., where Mr Younger will teach and study in the University of Maryland.

For the past year and a half, Mr and Mrs Younger have lived at Stillwater, where he taught in the Oklahoma A. and M. college and did work on his masters degree which he received this summer. While teaching freshman history at the University of Maryland, he will do work towards his doctor's degree, majoring in history. They will live in Washington City.

They will make the trip to their new home overland in their car, planning to be about 17 days enroute visiting places of interest and sight-seeing. Mrs. Younger will be remembered here as Miss Barbara Badgett.

Recent steer fattening investigations conducted by the Texas A and M College Agricultural Experiment Station showed that supplementing sudan grass grazing with cottonseed cake increased the gain about one-third pound a day and added finish.

QUITAQUE AGGIE INSTRUCTOR RETURNS

R L King, accompanied by Mrs King, returned home from College Station Sunday night, and reported a very enjoyable trip.

Approximately 540 teachers representing that many vocational agriculture departments in the state attended the five-day conference held this year as a state-wide meeting for the first time in ten years.

W A Ross, national executive secretary of the Future Farmers of America, R A Manire, state director of vocational agriculture, and J B Rutland, state adviser of F. F. A. work, gave several interesting talks.

Also included in the program was a report of vocational agriculture and D M Clements, southern regional director of state and national men connected with agriculture.

PREMIUMS ARE HIGHER THIS YEAR AT LUBBOCK FAIR

Lubbock, August 30—Announcement this week by the directors of the Panhandle South Plains Fair, which begins September 26 and continues through October 1, stated that there has been an increase in premiums for this year's fair in excess of \$1,000. Premiums in the Hereford Division have been raised approximately \$400; in the Dual Purpose Cattle Division, \$300; in the two departments of the Swine Division, \$100; and additional increases in the Boy Scouts, Agriculture and Women's Departments. In general, there have been several new divisions added to the various departments. This year's catalog, it was stated, will be in the mail during the coming week.

FIRST BALE 1938 COTTON GINNED IN HALL COUNTY

The first bale of the 1938 cotton crop in Hall county was harvested and ginned Tuesday of last week by Bud Luts of the Hulver community at the Hulver gin. After the first bale was ginned, it was taken to Memphis where the business men and merchants donated a premium of \$20. The cotton was grown on the J L Darby farm.

The cotton was of short staple variety and the bale weighed 525 pounds. The cotton was not sold because of government restrictions.

The 1938 first bale was received on August 16 as was the first bale of 1937, records reveal.
