Number 42

Local Boys and Girls Off to College Again

Heigh-ho, heigh-ho—then off to school we go!

The traditional "little red school house" is calling away a large number of the local younger set.

Texas Tech will get ten of our students. This number includes Edward Grundy, Bernice Grundy, Tom Persons, Wren Vinyard, John Paul Vinyard, F M Sachse, Dorothy Dee Sachse, Orvil Graham, Jack Hall and Rex Faulkner. Mrs Faulkner will accompany her husband to Lubbock but her school plans were indefinite.

West Texas State college at Canyon comes next with four, Leroy Cupell, Ruth Taylor, Joe Weldon Bailey and Ethelyn Bailey.

Rice Institute, Houston will be attended by Kathryn Keever and Henry Gardiner.

Koren Keever and Johnye Womack will represent Quitaque at Texas State College for Women at Denton.

Marcelus (Bo) Graham and Harold Bogan will attend Sul Ross at Alpine.

Willie Mae Grundy who completed a nurse's training course and has been working at Galveston will attend Texas University this year.

Miss Frances Graham who is home on a visit will return to St. Paul's hospital, Dallas to continue her nurse's training.

Among those who are planning to attend business college, some of them already in attendance, are Haney Wise and Iva Hamilton, who are returning to Tyler, Doris Kimbell, who is at Plainview, Edna Young, who is attending Droughon's at Lubbock.

Not only are many of our young people leaving to attend school but there are some who will supervise the attendance of younger pupils. Miss Anna Christine Faulkner, who recently received her B A from North Texas State College, Denton, is teaching at Flomot. Rosemary Price who studied in New York City this summer is a member of the Hobbs, N. M., faculty.

Homer Morris, a graduate of Sul Ross, will hold the position of basketball coach at Edinburgh. Nolan and Olan Tipps, who finished at Sul Ross in June and at the summer term, will have teaching positions at Brownfield and Seagraves.

Jo Ed Cupell, a summer graduate of WTSC at Canyon will teach at Pylon. Virgil Gregg is teaching again at Hedley.

Several of our '37 graduates fell victim to Dan Cupid, among them Miss Ineatha Hawkins who became Mrs Glenn Yarbrough this summer. A number of them are working here and in other places. Some who are not planning a college career in the immediate future are busying themselves about the "old home place."

One, Miss Charity Cain is taking post graduate work.

Mrs. Persons Hostess at Roaring Springs Outing

Mrs R B Persons was hostess Friday night when a group of young people drove to Roaring Springs for an outing, the affair being especially planned for some of the college-bound students. The group from here met a bunch from Flomot and after a swim they spread their supper on the grass at the park and ate by moonlight. Supper consisted of fried chicken, potato chips, pickles, relishes, salads, etc.

On the return home they stopped in the sandhills to eat the watermelons there had been no room for after the bountiful supper.

The Quitaque party included Bernice and Edward Grundy Kathryn Keever, Henry Gardiner, Tom Persons, Joe Weldon Bailey, Johnye Womack, Willie Mae Grundy, Gaston Owens, and Lela Mae Persons. Mrs Ed Grundy assisted Mrs Persons with the task of chaperoning.

MUSIC STUDIO HERE

The Musical Arts Conservatory of Amarillo will open a branch studio in Quitaque Friday, Sept. 16, with Miss Willie C. Wilson in charge. Miss Wilson will be in Quitaque two days a week. Tuesdays and Fridays at the grammar school building. She is an accomplished musician and will take both beginners and advanced students. She taught last year in Silverton and this year besides her studio here she has classes in Turkey. Miss Wilson will also take pupils in expression.

Bets Against Rain

RAY PINCKNEY

As Tri-State Fair president, Ray Pinckney, Amarillo packer, is taking no chances on the weather.

Attractions at the 1938 exposition have been insured against rain.

The Tri-State Fair will be held in Amarillo for a full week, beginning Monday, Sept. 19.

"The association is in improved financial condition this year, but large sums have been spent to assure excellent entertainment and we're playing safe by taking rain insurance," President Pinckney announced.

Panthers Open Season At Matador Friday

The Quitaque high school Panthers open their football season at Matador Friday afternoon when they take on the boys from Motley county.

The boys are showing up very well this early in the season, and since the fall weather has arrived they are expected to hit their stride about right by Friday at 3 o'clock.

A few boys have quit for first one reason and another since the first work-out. You surely can count on the fellows who are still out, they like the game because it is rough—they are true, red-blooded American boys, and like the American sport called football.

The starting lineup will be taken from the following boys:

Jack Powell end, J C Rhoderick back, Byron Wise tackle, Walter Patrick back, Earl Patrick tackle, Curtis Latham back, Will Lee center, Bob Lee center, Joe King back, Harold Jacks, guard, Pete Blankenship end, Edwin Drake guard, Dennis Gregg guard, Johnny Gowin back, Jean Grundy guard, W E Helms back, Sterling Herrington back, Casson Bass tackle and Olan Keeter guard.

The Panthers have the following schedule this season:

Sept. 16 Matador at Matador
Sept. 23 Turkey at Quitaque
Sept. 30 Lockney at Quitaque
Oct 7 Open
Oct. 14 Estelline at Estelline
Oct. 21 Floydada at Floydada.
Oct. 28 open
Nov. 4 Paducah at Paducah
Nov. 11 Silverton at Quitaque
Nov. 18 open
Nov. 24 Flomot at Quitaque

FIVE DEGREES AWARDED IN ONE FAMILY

It is always a proud day for a mother when her child accomplishes a goal or comes to a creditable completion of a difficult task. We have a mother here who enjoyed that experience not once but five times this summer—five of her children receiving degrees at the spring and summer commencements of several Texas colleges. This must be some sort of a record.

Nolan and Olan Tipps, twin brothers, received B. A. and B. S. degrees from Sul Ross Teachers college at Alpine. Arthur Rucker Tipps and Kelly Tipps received law degrees from the State University at Austin and are practicing at Wichita Falls. Miss Allie Mae Tipps was awarded her masters degree in science at Texas State College for Women, Denton, having majored in foods. The proud mother of these standard bearers of higher education is Mrs A V Tipps of Quitaque.

Mr and Mrs V T Hall, Dan and Marie, drove to Lubbock Sunday to take Jack who will remain there to attend school and work this winter. They visited Wayne and Miss Lois who are living in Lubbock.

Rites Held Friday For Mrs Walker of Flomot

Funeral services were held September 9, at the Church of Christ at Flomot, for Mrs. H E Walker, who died Sept. 8 at the Turkey hospital. Bro Bennett of Matador conducted the services. Interment was in the Flomot cemetery under direction of Hardestle Funeral Home.

Miss Mary Williams was born in Conway county, Ark., Nov. 1, 1878. She was united in marriage to H E Walker, Feb. 2, 1898, and to this union were born five children, one daughter dying in infancy. She was a member of the Church of Christ for over thirty years.

Mrs Walker was beloved by all who knew her, rearing her children to be God fearing and loving men and women, and will always be remembered as a kind and loving neighbor.

Besides her husband she is survived by two sons Homer Walker of Quitaque and Claud Walker, who is in a CCC Camp at Denver, Col.; two daughters, Mrs Bedford Trece and Mrs W M Thompson of Flomot. She also leaves seven grandchildren and one great grandson and two sisters, Mr. C M Walker of Oklahoma, and Mrs Janie Dwens of California, and a brother, Tom Williams of Oklahoma. Her husband, children and grandchildren were all present for the last rites.

Pall bearers were John Turner, Bron Martin, Harold Webb, Hayden Boggs, Buford Gunn and Walter Marler.

Flower girls were Yvonne Crass, Inis Gilbert, Trula Dell Gilbert and Ima Nell Gunn.

Study Club Season Opens In Quitaque

The study club season opened in Quitaque with socials, the junior club enjoying an evening of "bingo" in the lovely home of Mrs J B Baird and the senior club meeting for their annual luncheon at the home of Mrs J F Jago.

The luncheon Wednesday noon at Mrs. Jago's home north of town ushered in the tenth year of the Woman's Culture club, with a full roster, twenty-two members present.

The beautifully appointed luncheon was planned and served by the social committee, Mrs Hughes, Mrs Jim Tunnell, Mrs Jago and Mrs. C R Badgett. Three courses were served to the guests who were seated at card tables. The centerpieces and room decorations were bowls of petunias.

A program was rendered, Mrs V T Hall paying tribute to the retiring president; the new president, Mrs. Jimmy Stroup, outlining the year's work. Mrs Cleat Miller gave a violin solo.

The course of study chosen for the new year is "The World Today" and work will begin in earnest at the next meeting which will be at the home of Mrs A L Patterson, when the club will discuss "International Goodwill."

Carnival Woman Dies In Turkey Hospital

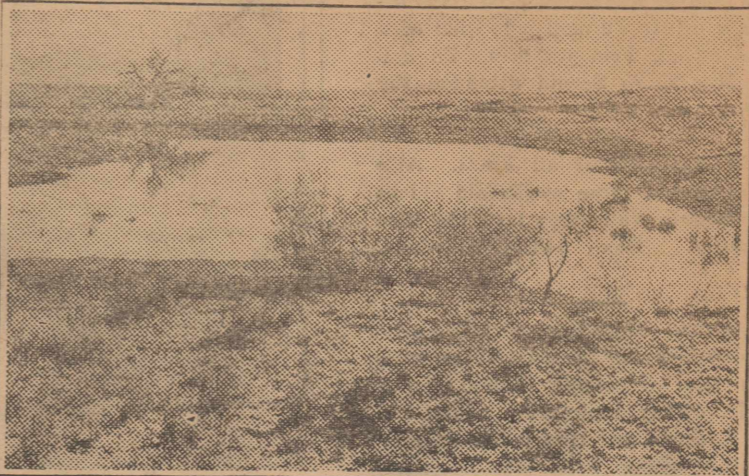

Funeral services were held Saturday at the Turkey Baptist church for Mrs Fred C Calkins who died at the hospital there on Friday, Rev. Mr Stewart conducting the services. Interment was in Dreamland cemetery at Turkey, under direction of the Hardestle Funeral Home.

Deceased was with the Texas Kid carnival which showed in Quitaque recently and was placed in the Turkey hospital when the carnival passed through there enroute to Quanah. The show had returned to Turkey and was playing that city when the afflicted woman died.

Mrs Calkins had been in bad health for the past six years and had been bed-fast the past eight months, being confined to her trailer-house, according to members of the show crew. She had spent much time in various hospitals over the country.

Mrs Venus Gillespie, who is district supervisor for WPA womens projects over a number of counties was transferred last week from Lubbock and is now making her headquarters at Spur. Mrs Gillespie stated that her territory had been divided and she now had time to "breathe."

Stock Ponds Improve Range

Stock ponds not only provide water for livestock, but distribute grazing if properly located over the range. By catching and holding water, such ponds also tend to reduce possible flood damage downstream, the Soil Conservation Service points out. The ponds also provide a haven for water fowl and in many instances serve recreational purposes.

Fairmont Gin Host At Watermelon Feast

The Fairmont gin in that community was the scene of an all around grand time Friday night, Sept. 2, when the gin owners, F O Jackson and J A Simpson stood treat with a watermelon feast, sending out invitations broadcast.

More than three hundred watermelon-hungry neighbors responded to the invitation and helped consume 157 big, juicy melons. Melons were sent to a number of shut-ins who were unable to attend. Entertainment was furnished throughout the evening by musicians who with their stringed instruments kept the air filled with lilting melody until the crowd dispersed. Hayden Boggs, For Johnson, Buster Snodgrass, Mr Wagon and Miss Lorene Wagon were the obliging musicians.

When the older folks had enjoyed all the excitement and watermelon they could "take" for one evening and had gone home, the younger set took charge and played games until the wee sma' hours. Guests, entertainers and hosts, all reported a grand time.

Quitaque Gin to Supply Government Samples

The Quitaque gin this week received a large supply of sample sacks which will be used to send a sample of each bale ginned to the Bureau of Agricultural Economics at Austin for grading and classification. The community grade and staple is made up by the government from these samples.

This has been handled from Silverton heretofore, Manager Ed Grundy stated, and no cotton from the Quitaque valley has been sent in, classification being made on cotton raised on the Plains, which is of inferior quality, it was stated.

Samples must be taken from each bale ginned, labeled and sent to Austin. Each farmer will receive a card direct from the government showing his individual grade and staple, Grundy stated, and doesn't cost the farmer anything.

This will have a tendency of furnishing a greater outlet for the cotton produced around Quitaque, as well as raising the basic quality of the product and increasing its sale price.

AGRICULTURAL BRIEFS

By Clyde Hutsell, County Committeeman

Good News! Our subsidy checks have started to arrive. We have received around \$5,000 to date and for your convenience we have posted the names of all of the lucky ones on a list just outside the door of the county agent's office. If your name is not on the list you will know you have no check and therefore you will not have to wait to inquire.

Cotton Marketing Cards

We are sending out notices to all of the producers whose cards are ready for delivery. When you get your notice please bring it to the county office and there will be some one who will issue your card. Your card will not be ready for you until you get the notice thru the mail.

Crop Insurance on Wheat for 1938

Some 150 odd producers applied for Crop Insurance for the 1938 wheat crop and all but a very small percent think it is a fine thing. They know they are guaranteed a reasonable crop against all hazards, which includes drouth, greenbugs, hoppers and all other hazards. Go ahead and seed your wheat crop no matter how dry it is. If it never comes up, you are still guaranteed the amount of bushels shown on your premium notice that will receive through the mail direct from the branch office at Kansas City, Missouri. When you get this notice call by this office and I will explain it to you if you do not understand it.

1938 Compliance

We are almost through checking compliance in the county. Those who were over planted on cotton or feed were notified and given a chance to get in compliance. A supervisor will make a second checkup in a few days and if you have plowed up you will be placed in line for full pay, and also will be entitled to receive the white marketing card for your cotton. If you have not plowed up your cotton you will receive a red cotton marketing card and can sell

only a certain amount tax free, and you will not receive your 1937 cotton subsidy payment and that is going to be a pretty good cotton crop by itself this time.

Soil Conservation Crops (Sudan, Cane, etc.)

Reports are coming to us that some producers are selling the crops off their conserving acres. Let me warn you this is a strict violation of your contract and you will be subject to a heavy penalty, or in other words your will have no reduction and therefore will receive no benefit payments.

1939 Wheat Acreage Allotments

We have not received the wheat acreage allotments for 1939, but are expecting them any day and we will get the news, out to you at once. We are pretty sure we will have around 31 per cent reduction from the last 5 years seeding average. If you are ready to seed wheat come to the office and we will be glad to help you arrive at the proper acreage. (or approximately the right acreage.)

We are being rushed in the office so this will be all for now.

29 BALES OF COTTON RECEIVED HERE TO DATE

Cotton picking seems to be hitting its stride hereabouts this week, the local gins reporting receipt of 29 bales up to Wednesday evening. Quite a number of farmers expect to get picking started next week, while many state that it will be two or three weeks before theirs will be ready.

The three gins have been put in first class shape and are ready for the season's run. W F Brittain, manager of the Planters Gin, started his plant Wednesday, the Farmers Co-op and the Quitaque gin having started last week.

Mrs W L Russell of Paris, Texas arrived Wednesday for a visit in the home of Editer and Mrs Scott.

Two Charges Filed In Highway Accident

G. G. Stewart of Fort Worth waived preliminary trial in Justice W L Messime's court Monday on two counts, one for driving an automobile while intoxicated and the other failing to render aid after an accident. Bond was set at \$750 in each case to await action of the grand jury, which meets Monday.

Stewart was arrested and the charges filed following an accident between 1 and 2 o'clock Sunday morning near the one-way bridge about two miles east of Quitaque on highway 86. Stewart's Plymouth coach, apparently out of control, skidded into or sideswiped the motorcycle ridden by John Ragan, living east of town, accompanied by a young woman.

Ragan had a badly gashed left leg and bruised foot, while his girl companion was considerably bruised from contact with the pavement and gravel shoulder on the road. The motorcycle was damaged to the extent of about \$25 or \$30. The car driven by Stewart was slightly damaged and the rear bumper and trailer hitch torn off.

Approaching the bridge Stewart had applied his brakes and the car skidded about thirty feet, hitting the bridge broadside. The front and back fenders on the left side of the car were bent and a glass knocked out of a window on that side of the car.

Overtaken and hailed down by Clayton Johnson, who was accompanying Ragan on his own motorcycle, Stewart returned to the scene and carried the injured man to Turkey for medical treatment. After arriving at Turkey, it is reported, Stewart was placed under arrest for intoxication.

Ragan and Johnson were traveling east and Stewart was headed west when the accident occurred. Ragan has been getting around with the assistance of crutches since the mishap.

Stewart said his home at present was in Amarillo where he had been at work about four days. He is an automobile top and body man, he stated, and was on his way to Lubbock to deliver some tools before he had to report for duty in Amarillo Monday.

Quitaque May Have Lighted Athletic Field

The Quitaque Community club held a very enthusiastic meeting Tuesday. Cause of the enthusiasm was a proposition to sponsor a city park, which was endorsed unanimously and a committee set to work immediately to work out the details. This committee is composed of E W Scheid, J C Rhoderick, H G Gardiner and Bill Middleton.

The proposition is to make a park on the block south of the business section part of which was formerly occupied by the Willson & Son lumber yard.

The program as outlined to the club includes a lighted athletic field, planting of additional shade trees, erection of stone tables and seats for picnic purposes and a wading pool for kiddies. This can not all be done immediately, but with acquisition of the lots, most of which already have been procured, work will begin and installation of the flood lights made.

This is all the information available at this time, but by next issue of the Post we should have a comprehensive report.

Fall Term of District Court Opens Monday

The September term of district court for Briscoe county will convene at Silverton Monday when the grand jury will be empaneled and set to work.

The court session doesn't promise a very heavy docket, according to report.

Those called from whom a grand jury panel will be selected are W M Malone, C M Bell, H S Kimbell, Dan Dean, C T Rucker, Tom Blasengame, J R Lusk, Dellis Hooks, G Mayfield, Leon McCracken, W W Martin, Fred Lemons, H S Sanders, H J Bailey, S A James and H C Mercer.

Mrs B R Ezzell, Mrs Della Griffith and Mrs Street of Silverton were in Quitaque Tuesday.

Tim was so "happy about the whole thing" that he drove home in a new Packard.

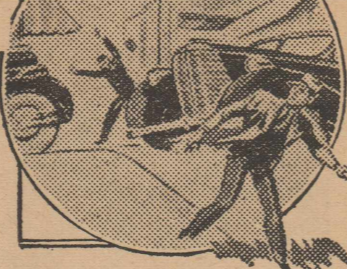

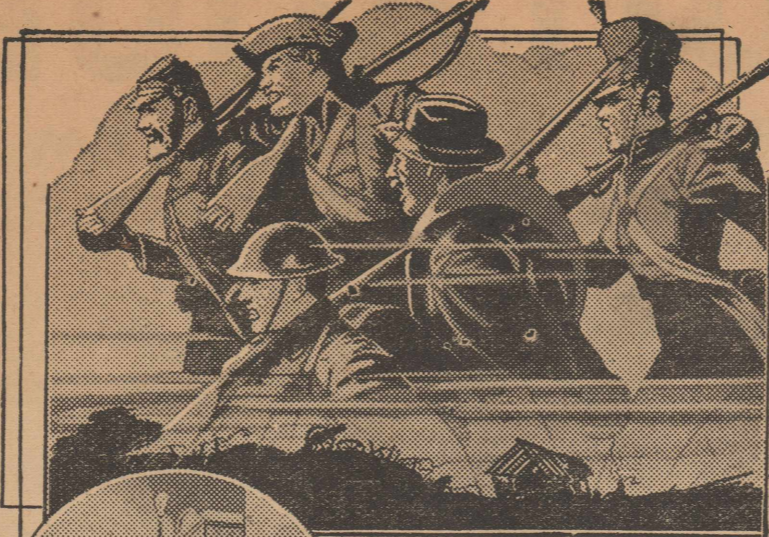

BAPTIST WMU MET FOR BIBLE STUDY

Circle No. 1 of the Baptist WMU met Monday afternoon at the home of Mrs W F Brittain with 8 members present. After a short business session during which Mrs Roy Burgess was appointed Royal Service chairman and Mrs Brittain appointed to serve another year as personal service chairman, the lesson was studied. Mrs H G Finley is Bible leader of this circle and the study was from the books of Judges and Ruth. The hostess served refreshments to Mmes. Finley, Berry, Jimmy Stroup, Cushenberry, Dunavant, Bedwell and J G Gowin.

Circle No. 2 met with Mrs Lee and 12 members were in attendance. Mrs J. Taylor Smithee taught the lesson.

Both circles will meet next Monday afternoon at 2:30 at the church in Royal Service with circle No. 2 in charge.

**War Its Thousands Slays;
Peace Its Ten Thousands**

Our nation has engaged in six major wars since its birth in 1776. In total, these wars extended over a period of about fifteen years. The number of American soldiers killed in action or died of wounds during these fifteen years of war was 244,357.

Now look at our fifteen-year peace-time record of death on the highways, recently released by the Travelers Insurance Company:

1925.....	18,031
1924.....	19,228
1923.....	21,628
1922.....	23,264
1921.....	27,613
1920.....	30,858
1919.....	32,540
1918.....	33,348
1917.....	29,196
1916.....	31,078
1915.....	35,769
1914.....	36,023
1913.....	37,500
1912.....	40,300

Grand Total.... 441,912
Fifteen years of war, 244,357 casualties; fifteen years of peace, 441,912 traffic deaths!

In war, our soldiers fought and died for a purpose. But what purpose can there be in the killing of these hundreds of thousands on the highways?

HAMILTONS RETURN FROM EXTENDED TRIP

Mr and Mrs Noman Hamilton and Noma Lou returned Monday night from a vacation spent mostly on "foreign soil," visiting in five states, New Mexico, Colorado, Oklahoma, Kansas and Nebraska. They were more pleased with Colorado than any other locality and spent most of the time viewing spots of interest near Denver. They stated that Kansas was uninviting, hot and dry and many abandoned homes. Nebraska looked better, and in Oklahoma they had to do lots of detouring because of the rains. Colorado and New Mexico always beckon the vacationers, but Texas was a good place to come home to. Mrs. Hamilton's father and brother of Floydada accompanied them on the trip.

BAPTIST PARSONAGE HAS BEEN RENOVATED

The Baptist parsonage has recently undergone a thorough renovation for which the pastor and his wife, Rev. and Mrs Smithee, are extremely grateful to their thoughtful flock. Every room in the house has been repapered in bright new patterns and

the woodwork refinished. The dining room, which is furnished in rustic-looking maple, is rapidly developing into a "museum," the lady of the parsonage having a hobby of collecting interesting stones and fossils, which she uses as decoration in this room along with Mexican style pottery and what-nots.

The exterior of the house and garage have received a fresh coat of white paint, and surrounded by the large elm trees, green lawn and flower beds makes a very inviting spot.

CARD OF THANKS

We wish to thank our kind friends and neighbors for their kindness and help during the illness and death of our beloved wife, mother and grandmother.

We especially wish to thank all for the beautiful floral offering.

SURPRISE BIRTHDAY PARTY FOR MRS JIM TUNNELL

All unsuspecting, Mrs Jim Tunnell climbed into a car with a number of friends Sunday evening and drove to Tunnell "national park" north of town for "a forgotten skillet." Upon their arrival at the picnic grounds, she was surprised to see them lay out a delicious supper and hear "Happy Birthday" sung to her. Mr. and Mrs Ewell Hamilton and Mr and Mrs Paul Hamilton were the good friends who planned the surprise and besides Mr and Mrs Tunnell, Dr and Mrs Price and Mr and Mrs Scheid were present. After supper, they returned to the Price home for the remainder of the evening.

Buffalo Schedule Opens Friday, Sept. 23

Canyon, Sept. 14—Head Coach Al Baggett is supervising the roundup of the Buffaloes at West Texas State college this week as the tall and heavy lads gather from states as far away as New Jersey and many of the counties of the Panhandle.

More than 3 1-2 tons of Buffaloes will be shoved along a trail which Baggett and his assistants hope will be an unblemished path to gridiron distinction. Major obstacles to this achievement include Hardin-Simmons University of Abilene, East Texas State of Commerce, the Oklahoma City U. Goldbugs, Kansas State College of Pittsburg, Western State of Gunnison, Colo., and other worthy adversaries.

Most of the Buffaloes appear fit and eager. They average 180 pounds in weight and 6 feet in height. Baggett could start one of the heaviest teams in local football history, but a better balanced unit would include some of the lighter speedsters. The line will average about 184 pounds, the backfield about 175.

Seventeen lettermen started the heavy training schedule. These include the two co-captains, Henry Fields, of Groom and Blake Lyde of Childress. This pair of 180 pound gridderers likely will become the most valuable leaders West Texas has had in the gridiron wars in many a season. Lyde, a great blocking back last year, will carry the ball this season. Fields has been moved in to the center of the line to fill a yawning gap left by injuries to pivot men in 1937. Both men are seniors.

Other outstanding seniors include Melvyn Cullender of Hartley, another center; Joe Hayes of Allison, halfback Monroe Horton of Canyon, one of the best right guards in West Texas; Floyd Murry of Floydada, a light but speedy quarterback; F. A. Thomas of Canyon, 180-pound full back; Foster Watkins of Dumas, one of the finest quarterbacks, passers, and kickers in this section; and Odell Washington of Matador, 175-pound halfback.

Outstanding juniors include Doyle

Bunch of Vernon, right tackle; Jack Edmondson, center who became a regular last season; Donald Kendrick, 180-pound right end from Groom; Carl Matney of Vernon, halfback who is the club's staunchest line backer; Lother Stephenson of Anton, giant linesman now shifted to left end; Ed Williams of Greenville, center who was lost last season through injuries; Leon Williams of Shamrock, 195-pound right tackle; R. V. Wood of Floydada, 195-pound left guard.

Probably the best known of the crop coming up from the 1937 freshman squad is Jim Foust of Littlefield, 181-pound fullback who is a fast stepper, and smart. Bill Strain of Canyon, 200-pound fullback; Daibert Barren of Borger, left end; Orville Bratton of Royce City, left guard; Nathan Chessir of Meadow, halfback; Willard Childers of Canyon, 230-pound right tackle; Eldon Davis, Amherst, halfback; Herbert Mason of Vernon, left tackle; Lee McLaury of Amarillo, halfback; Velton Sargee of Canyon, quarterback; and Austin Wiggins of Amherst, right end, are among the other promising sophomores.

Also fighting for starting berths will be junior college transfers and other players of less experience who showed up well in spring training.

Freshman Coach Jack C. Curtice of Owensboro, Ky., has arrived with a group of his former high school gridderers. These include J. W. Brock, fullback; Herbert Ambrose, end; Bob Horlander, guard; Sloan Griffin, center; and Bob Gillim, end. Their average weight is 178 pounds. Curtice, who will teach physical education, has replaced Bob Cox, now high school coach at Carlsbad, N. M.

The 1938 Buffalo machine has capable replacements for most of the seven lettermen lost by graduation, and on the whole the team will be better balanced and more aggressive. Baggett could not lose such fine regulars without sorrow, however, for they included Lwood Dow, now a quarterback with the Philadelphia Eagles, a pro team, Conway Butler fullback; William Harp, giant tackle; Oscar Hinger, guard, now coaching at Pampa Junior High school; Captain S. Marchbanks, center; Tom Slack, speech halfback; and Craig Walling, brilliant end.

Newcomers are being quartered in the recreation hall of Buffalo Courts the home of the athletes. As they prove themselves they will be assigned to rooms in the picturesque stone cottages.

The 1938 schedule follows:
Sept. 23 Daniel Baker at Canyon
Sept. 30 East Texas at Commerce
Oct. 7 Southeastern Okla. at Canyon
Oct. 15, Hardin-Simmons at Abilene
Oct. 21 Oklahoma City U. at Canyon
Oct. 29 Kansas State (Prexy Day) at Canyon
Nov. 5 Sul Ross (Homecoming) at Canyon
Nov. 12 New Mex. Mil Inst., Roswell, N. M.
Nov. 19 Colorado Western State at Canyon
Nov. 24 St. Benedict's at Atchison, Kan.
The first six games are night games.

Mrs. Homer Sanders and daughter Miss Aurelia and son Homer, Jr., were in Quitaque Tuesday, Mrs. Sanders and daughter bringing Homer, Jr., down to catch the train for Austin where he will enter the University.

the Gasoline notes in the future, as all items of interest to the school and its patrons would be reported as regularly as possible.

Friday, Sept. 9, 1938 will end Gasoline's first school month. The enrollment of the school at this time is sixty pupils. There are 8 new pupils this year. They are Relda, Vera and Lee Cooper from Arizona, Francis, Jack, and Martha Jane Case from Quitaque and Ada Mae and Otis Garrison from Quitaque.

New blackboards have been installed in each room. The school has also installed new hall doors. Each room has new library books and a new set of Compton's encyclopedias has been added to the library. The sixth and seventh grades have new history maps. The fourth and fifth have a new globe for geography.

The school is progressing nicely at this time. Everybody is working hard for standardization.

QUAIL PROVES EXPENSIVE TO LUBBOCK MAN

sure of eating it. Anyway \$130.20 per pound for meat is out of line with the average man's earning capacity.

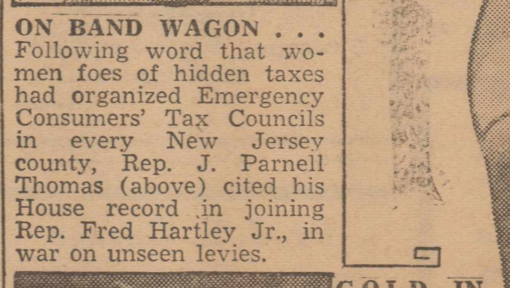

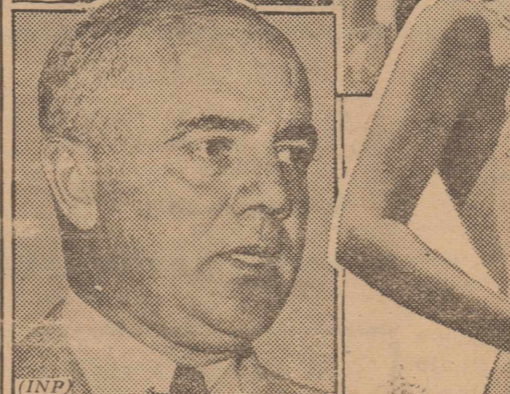

State Game Warden Jim Canon found Mr. Best on the George Pierce land nine miles east of Dickens, last Thursday, the first day of the dove season and discovered the four ounce quail in his car. Besides the \$32.55 fine Best had his hunting license revoked for 12 months and was not allowed to keep the bird. The license had been purchased earlier in the day. The quail was given to a man who had recently been released from

the Spur Hospital, upon the recommendation of physicians, because of his inability to eat regular foods.

Warden Canon and his 13 deputies in Motley county, together with federal and state wardens were busy for several days after the hunting season opened, as one after another hunter was stopped and "shook-down" to see that he was complying with the game and hunting laws. Several arrests were made in the district according to reports.—Matador Tribune.

First Two Bales Valuable to Growers

D A Matthews of Gasoline brought in the second bale of cotton from the 1938 crop last Tuesday and received a nice premium, totaling about \$38 in cash and merchandise. The bale, classed as middling 7-8, weighed 500 pounds and the Quitaque gin which ginned the bale free, bid 8 1-2 cents a pound for the cotton.

Cash contributors were P O Woods Chevrolet, West Texas Utilities Co., H J Bailey, Farmers Food Store, Persons & Sons, Dick's Barber Shop, J R Castleberry, H A Berry, Joe's Garage, T C Hutchison, First National Bank, City Bakery, Bedwell Grocery, Y. B. Cigar truck, Grover Grundy.

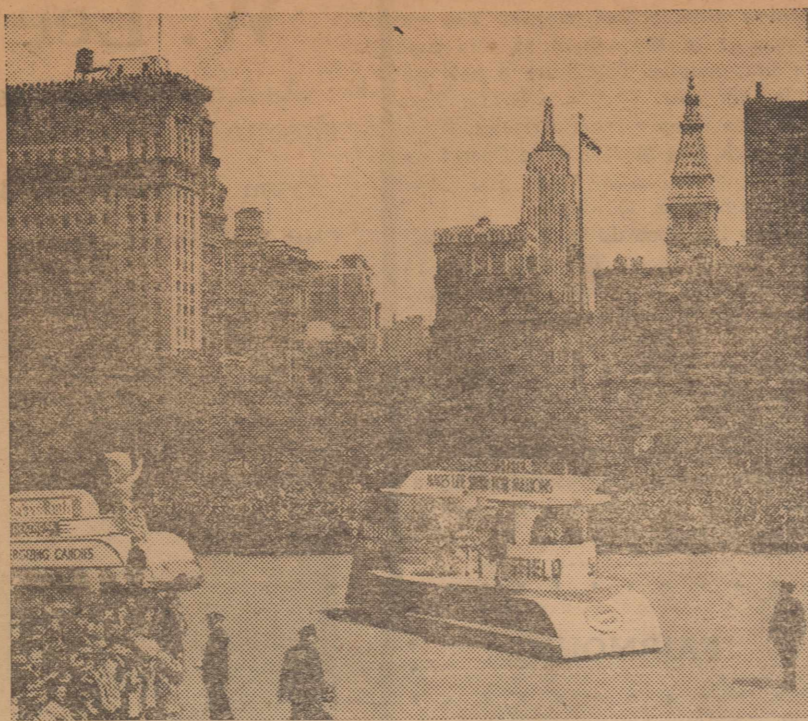

Those who contributed merchandise were Boyles Blacksmith Shop, Quitaque Ice Co., City Tailors, Clark's Cafe, Robins Barber Shop, Service Tailor Shop, J W Ewing Hardware, Rhoderick's Gro. & Market, Vera's Beauty Shop, Curtis Mattress Factory, J C Woodriddle Co., Magnolia Service Station, L A Broxson, Burgess Pharmacy, E G Rice, O K Stephens, City Shoe Shop, Gulf Service Station, Pioneer Drug Store, Frick's Variety Store, Tiffin Grocery, Cantrell & Jacobs, Quitaque Post, Lemmons Cafe, A L Patterson, Finley Variety Store, Willson & Son Lbr. Co., Queen Theatre, "Kid" Kelley, Auburg Laundry, H A Marr Wholesale Gro., Ervin Laundry.

Mr Matthews said he was indeed grateful to contributors of the premium and that it came as a complete surprise to him as he had not expected it but at the same time it was fully appreciated.

J F (Cap) Wise brought in the first bale of the season last Monday, which also came from the Gasoline community, and received about \$40 in cash and merchandise.

Those contributing cash for the first bale, which was classed as middling 7-8 and weighed 449 pounds, were Pioneer Drug Store, First National Bank, West Texas Gas Co., Farmers Food Store, West Texas Utilities Co., Cantrell & Jacobs, Tiffin

VOCATIONAL AGRICULTURE CLASSES ORGANIZED

Vocational agriculture classes have been organized with 36 boys enrolled. The boys have been studying about Future Farmer work and its organization since school started. Class officers have been elected and FFA officers will be elected next Tuesday night, Sept. 20, at 7:30 in the agriculture room. At this time a short meeting will be held after which our FFA band will be organized and play for us.

Class officers elected this week are as follows:

Class A, which is the morning class: president, Walter Patrick; vice president, Jack Powell; treasurer, Jean Grundy reporter, Bob Lee, secretary, W E Helms, parliamentarian, Johnnie Gowin, watchdog, Sterling Herrington.

Class B which is the afternoon class: president, Billy Brown Hutchison; vice president, Bob Grundy, treasurer, Edgar Hatton; reporter, Charles Berry; secretary, William Rucker; parliamentarian, Bill Merrill; watchdog, Jack Merrill.

Starting this week Mr King is visiting the boys to talk over their projects. Several boys have already stated what projects they desire to have for this year. The boys are very much interested and we think we will have a nice class this year.

NEW DIESEL ENGINE INSTALLED AT QUITAQUE GIN

Manager Ed Grundy of the Quitaque gin has just completed installation of a diesel motor which the company bought from the Gasoline gin that was destroyed by fire last fall. The diesel that had been used heretofore went haywire before the end of last season and an electric motor was installed. This was used to finish the season and has been used so far this season pending installation of the one bought from the Thrasher brothers, which the mechanics had running Tuesday. Grundy intimated that the electric motor would be retained for emergency use.

South Plains Fair Final Arrangements

Lubbock, Sept. 14—With only ten days to go before the opening of the 25th Panhandle South Plains Fair and Silver Jubilee, officials are making final arrangements for the six-day celebration.

In the exhibition buildings, the livestock center, and the industrial display buildings, will be seen the prize products of the South Plains fertile farming lands and ranches, of its busy manufacturing plants and places of business—the greatest educational exhibitions ever brought together in this area. Handicrafts, home canning, needle work and products of other household arts will attest the skill of South Plains housewives.

Midway attractions will be many and varied, as the Mighty Sheesley Midway will be on hand to provide rides, games, freaks and tons of fun for the young and old.

A rodeo program for each evening has been planned to provide the utmost in thrills with top hands of the nation and the meanest broncs, the spookiest calves, the toughest steers, and the most spectacular performers of the entire Southwest, matching strength and wits.

On the standard half mile race track each afternoon racing thoroughbreds from some of the major circuits will meet, many of them appearing in Lubbock for the first time. Famous stables from the entire Southwest will match for liberal purses.

Fair visitors will find at the Fair Grounds this year a vastly improved plant, on which thousands of dollars have been spent to make accommodations comfortable, displays attractive, and facilities the best obtainable.

Plenty of parking space inside the grounds will assure every patron of the Fair easy access to all buildings.

ALEX McDONALD, President A B DAVIS, Manager

nesday morning of A B Simpson, 88 years old, pioneer and one of the founders of Tucumcari, N M. Funeral services will be conducted there Friday. Deceased is survived by two sons, one who lives in Arizona, and B F Simpson of Northfield, Texas; three daughters one whose home is in Portland, Ore., one in Roswell, N. M., and Mrs Hattie Berry of Lubbock; and several grandchildren, including Herman and Gene Berry of Quitaque.

And they are new again! And anyway, nobody ever got indigestion from a joke. And my neighbor, he is kinda comical at times, and I guess he thinks maybe I am a good guy to try his jokes on, so he says, Jo, did you hear about the feller who sold his 10 thousand dollar dog? And I says, no. Well, he says, this dog it looked like 2 bits but the feller held his price at 10 thousand—but he didn't sell him. And then one day he rushed home and he said, I sold the dog. But when he was pinned down he said it was not exactly 10 thousand in cash—it was a kind of a trade—he got 2 nice five thousand dollar cats.

So I says, were the cats sure enough worth 5 thousand? And our neighbor, he took a long breath and he looked out the window and far away and he says, Jo, I see now why some of our elections turn out so funny. JO SERRA

At the Methodist Church

Beginning next Sunday and continuing through the week I am bringing a series of sermons on the great question of the last week in the life of our Lord and Master. The evening service will be at 8 o'clock. We will use just one hour. These services are to be evangelistic and will climax with rally day on Sept. 25. We want to reach every member of the church.

Visitors are cordially invited to attend. Just one hour each evening. Yours to serve
