E., Jr., who has just been released from the Army; and their daughter and husband, who has just been discharged from the Navy, Mr. and Mrs. J. P. Derrington of Fort Worth.

CREOSOTE DIP & Disinfectant, \$1.95 per gal. (perfect for stock and to disinfect barns); CA CARBOLINEUM Disinfectant \$1.45 per gal. (kills mites, fleas, blue bugs, etc.). Now is the time to get those brooder houses, hog houses, poultry houses, etc., ready.—Willson & Son Lbr. & Hdw. Co.

NOTICE PLEASE
Some of the dishes in which food was brought to us when our mother died, we have not been able to return individually, because we do not know to whom they belong. We have taken the dishes to the store and if yours have not been returned to you they are at the store.

We appreciate your kindness in bringing the food and are sorry we cannot return the dishes to your home, but we hope you will understand and call for them at the store. Thank you.

The Persons Family.

DEE DODSON BACK IN STATES
Dee Dodson called Thursday night from New Jersey, where he landed back in the States from 14 months service in Italy and Hungary with the Allied Control Commission. His wife, the former Miss Carol Scott, and their children, have made their home in Quitaque during his absence, to be near her parents Mr. and Mrs. W. R. Scott. He expects to arrive home in about a week or ten days with his discharge.

HOW VETERANS MAY PURCHASE SURPLUS FARM MACHINERY

Veterans of World War II in the states of Texas, Louisiana, Arkansas, and Oklahoma today received welcome news concerning availability of construction and farm machinery, recently declared surplus, now being offered for purchase by veterans. Hamilton Morton, Associate Regional Director of War Asset Corporation, Consumer Goods division, with offices in Fort Worth announced an important change in plans greatly to the advantage of all veterans living in Region VII.

It had originally been planned to hold the sale in Fort Worth on a "first come, first served" basis. This would have necessitated an undue amount of travel and inconvenience for the certified veterans who reside in the four states. Inability to place the illustrated descriptive catalogue of the sale in the hands of all eligible veterans to insure adequate time to inspect this machinery, which is located at 45 different places throughout the region, contributed to the decision to arrange for a new sales plan.

Upon receipt of the catalogue, which lists the sales number, the item available, the price and location of the property, the veteran who has been certified to purchase farm and construction machinery which is in short supply will be allowed fifteen days, February 5 to 20, in which to inspect the property and place an order to purchase. All orders must be post-

marked before midnight February 20 and will be opened beginning at 10 a. m. on February 21 according to sales instructions sent to all veterans now registered for the purchase of such machinery.

Machinery being offered includes tractors, bulldozers, draglines, centrifugal pumps, chain hoists, cultivators, disc harrows, spreaders, air compressors, pneumatic drills, road rollers, concrete mixers, graders and a wide assortment of other essential items.

The 44 locations at which the machinery included in this sale may be inspected by veterans includes 20 places in Texas 10 in Arkansas, 7 in Oklahoma and Louisiana. Large amounts of machinery are concentrated at such locations as Red Dam Spur at Denison, Tex.; Camp Claiborne, Louisiana; New Orleans, Louisiana; Tulsa, Oklahoma; and McAlester, Oklahoma. Smaller amounts are available for inspection at other locations throughout the four states, exact location of each item being given in the catalog being sent veterans by mail.

No award of machinery to veterans.

USE 666 Cold Preparations

Caution: Use only as directed.

rans placing orders will be made prior to February 21. After that date successful veterans will have contracts covering their purchase forwarded to them by mail and will be able to complete their purchase by merely forwarding executed order the new plans for the machinery sale there is no necessity for contract and remittance in accordance with sales conditions set forth in the catalogue. Hamilton Morton pointed out in conclusion that unless the veteran to travel long distances for any personal contact with the regional Consumer Goods office in Fort Worth.

"College is just like the laundry; you get out of it just what you put into it, but you'd never recognize it."

**Bruce Garner Gibson
 Writes of Chicago Trip**

Following is an account written by Bruce Garner Gibson, son of Mr. and Mrs. Bruce Gibson of Turkey, of his recent trip to Chicago where he attended the National 4-H Club Congress. The trip with all expenses paid was awarded to Bruce for his accomplishments in 4-H club work.

There were 25 boys and one girl from Texas who were given the free trip, another boy from Hall county, Carrol Fowler of Lakeview being among the group.

The boys and their one girl companion, from all over the State, assembled in Dallas for start of the trip and were accompanied to Chicago by Mr. Potts of A & M,

state 4-H leader, Mr. Ayers, county agent from Tahoka; Mr. Whipple, agricultural agent for the Santa Fe railway; Mr. Williamson, chap-erone from A & M; Miss Lida Cooper, girls leader from A & M and Mr. Hooser, Hall county agent.

Bruce wrote this story as an essay for his scrap book, part of the work he is required to do in connection with his 4-H activities, and it is a nice essay indeed.

We congratulate Bruce and wish him continued success in his 4-H work.

**MY TRIP TO THE NATIONAL 4-H
 CLUB CONGRESS, CHICAGO 1945**

We left Memphis about 2:00 a. m. November 30. The other boy from the county was Carrol Fowler from Lakeview. Our county agent also attended the Congress. We arrived in Dallas about 9:00 a. m. that morning. All of the Texas delegation gathered in Dallas so they could all leave at the same time.

That morning we stayed around the Jefferson Hotel and met the other boys as they came in. The Dallas Agricultural Club gave us a banquet at 12:15 in the Jefferson Hotel. After the banquet, we went to the Farm and Ranch printing company and made a tour of it. It was very interesting to see how magazines are made. After we had toured the building they made a group picture of the Texas Delegation.

After that we went to the Mercantile Bank Building and went up to the observation floor where we could see most all of Dallas. We left the building and went back to the Jefferson Hotel where we had another banquet which was given by Sears Roebuck and Co. For entertainment we had the Beeman Brothers and their sister. Also there was a magician on the program. After the banquet we caught the train on which we had Pullmans.

We changed trains in Oklahoma City. We arrived in Chicago at 10:00 December 1. From the station we marched to the Harrison Hotel where we stayed during the Congress. The next morning, Dec. 2, everybody who wanted to attended church. At 2:30 that afternoon we had General Assembly for all

BRUCE GARNER GIBSON

members in the Grand Ballroom of the Stevens Hotel. Talks were made by W. H. Palmer, Ralph Rohweder, Louise Talbot and M. L. Wilson.

At 6:30 p. m. we went to the Chicago Sunday Evening Club where we had a special 4-H program. We had a speech given by Dr. Richard Rainer which was very interesting.

Monday, Dec. 3, from 7:00 to 9:00 a. m. we had a breakfast given by the Firestone Rubber Co. The food and entertainment was very good. At 9:00 a. m. we had General Assembly where we were presented the ten Guide-Post Post-War program. The ten guideposts are:

1. Developing talents for greater usefulness.
 2. Joining with friends for work fun and fellowship.
 3. Learning to live in a changed world.
 4. Choosing a way to earn a living.
 5. Producing food and fiber for home and market.
 6. Creating better homes for better living.
 7. Conserving nature's resources for security and happiness.
 8. Building health for a strong America.
 9. Sharing responsibilities for community improvement.
 10. Serving as citizens in maintaining world peace.
- We were then divided off into discussion groups. We then passed to discussion rooms where we discussed the ten guideposts.

At 12:00 we went to the Grand Ballroom of the Stevens Hotel where we had luncheon and entertainment given by the International Harvester Co. The speaker was Fowler McCormick who is president of the company. For our entertainment we had Olsen and Johnson, some singers, and Rico Marcelli and his orchestra.

That afternoon the girls went to the Museum of Natural History.

The boys boarded special electric trains and went to the Museum of Science and Industry. The

museum was very interesting and also educational. We saw exhibits on the atomic bomb, the Wright brothers first airplane and other famous planes.

At 6:00 p. m. we were given a dinner by Thomas E. Wilson, the National Livestock Producers association. The speaker was James A. Hooper, vice president of the association.

At 2:10, we left the Sherman and boarded a special electric train and went to the Museum of Natural History. The museum was very interesting. It had exhibits on the prehistoric animals, the races of the world, the animals of the world, etc.

That night at 7:45 we boarded Speakers were Clinton P. Anderson, Secretary of Agriculture, and Thomas E. Wilson. Tuesday, Dec. 4 at 7:00 in the morning we had breakfast and entertainment given by Sears, Roebuck and Co.

At 9:00 a. m. we had General Assembly. The theme of the 1945 Congress is "4-H in a Changing World." We had speeches given by several different men.

Again we passed to the discussion rooms where we made further study on the guideposts.

At 11:45 the boys marched to the Sherman Hotel where we had luncheon and entertainment given by special motor coaches and proceeded to the Aragon Ballroom where we had a friendship party given by the Spool Cotton Co. We had square dances, etc.

Wednesday, Dec. 5 we had to arrange for our own breakfast. At 9:00 we had General Assembly. The speaker was Chester Williams who spoke on "Serving as Citizens in Maintaining World Peace."

Again we had our group discussions. At 11:30 we marched to the Palmer House where we had luncheon and entertainment in the Grand Ballroom. We were guests of General Motors corporation. The speaker was C. F. Kettering, vice president. For entertainment we had Lew Diamond and his orchestra, the Abbott Dancers, the Three Swifts and the Harmonica Rascals.

That afternoon the girls went to the Museum of Science and Industry. The boys boarded a special elevated train and proceeded to the Chicago Stock yards. I saw the Grand Champion Steer and also the Grand Champion car lot of steers. We went to the Saddle and Sirlon Club and went through it.

At 6:15 we had the annual 4-H Dinner in the Grand Ballroom of the Stevens Hotel. At this banquet we had the presentation of the scholarships and trophies to the

National Winners. Thursday, Dec. 6 at 7:30 a. m. we had a special breakfast for State Winners in Poultry. My State leader and I attended it. It was held in the Roosevelt Room of the Morrison Hotel. We were the guests of Swift and Co.

At 9:00 we again had General Assembly. After that we went to the Eighth Street Theatre where the National 4-H Dress Revue was held. At 12:00 we had a farewell luncheon given by J. L. Kraft, chairman of Kraft Foods Co. The speaker was J. L. Kraft. For entertainment we had knockabout, Joey Rordin, Imogene the horse and Johnny Jones and his orchestra.

The Congress officially closed. The total number of boys and girls attending was about 1,200. This includes 18 Chinese, 7 Venezuelans, 1 Costa Rican, 1 from Peru and one from Porto Rico.

I wish to thank everyone who was responsible for me winning and making this wonderful trip to Chicago. The Texas delegation remained

Reporter.

in Chicago until the morning of the seventh. The trip home was a pleasant one. We crossed the Mississippi in the day time where we could see it good.

We arrived in Dallas early in the morning and had to stay until about 7:00. Carrol and I arrived in Memphis about 8:00 p. m.

KENT HOMEMAKERS CLUB

The Kent Home Makers Club met Friday, February 1 in the home of Mrs. Scott Bolton with eight members present.

Part of the afternoon was spent in peicing a club quilt. The club voted to send farewell gifts to four of their members who have moved away.

The members will answer roll call at the next meeting with their favorite recipe. All members are requested to bring pencils and paper, thimbles and needles. A demonstration will be given on the care of a sewing machine. This meeting will be with Mrs. Mildred Chandler on Friday March 1. All members are urged to attend—or they might miss something important.

THANKS, NEIGHBORS—

We really appreciate the way we have been received in Quitaque since opening our dry cleaning plant, and the nice start given us with your splendid patronage. We thank each and all of you and solicit your continued patronage—and the good will of all.

If we please you tell others; if not, tell us.

**What's Back of
 My Gas Burners?**

This is the last in a series of four advertisements published in the belief that you would like to know more about the natural gas business, which so vitally affects your daily lives.

**CHAPTER IV
 The Gas Reaches Your Home**

Our main high-pressure transmission line originates at our Turkey Creek Compressor Station 30 miles northeast of Amarillo and goes to Canyon, Plainview, Lubbock, Midland and Odessa and other intervening cities. At Canyon, a line connects from this main trunk to Farwell, near the New Mexico line, and thence to Lubbock, forming a big triangle and serving a number of cities. More branch lines from this triangle and from the main trunk serve other cities and towns—a total of 44 in all. The pipe line system contains about 855 miles of pipe.

At or near each city served is a Town Border Station, which consists of a small building housing metering and pressure-regulating equipment. Now that the gas has almost reached its destination, high-pressure is no longer needed, so the pressure is reduced to what we call "Intermediate Pressure," after which it enters the city distribution system which consists of a network of lines carrying gas to homes, stores, offices and businesses in your city. There are about 548 miles of pipe in our city plants. The Intermediate Pressure is sufficient to carry the gas to the small District Regulator Station nearest you. Here the pressure is further reduced for delivery through distributing mains and service lines to your meter at predetermined proper pressure for your use.

From the District Regulator Station the gas flows through a low-pressure line to your meter, where it becomes your property; thence through your yard and house piping to your familiar household servants, your range, your water heater, your refrigerator, and your home-heating equipment. Responding instantly to your every wish, it contributes greatly to carefree, healthful living, at a cost within the reach of all.

Our story until now has dealt with natural gas and some of the equipment used in bringing it to you. However, despite our large investment in physical property, our greatest asset is the group of loyal, hard-working, courteous employees who operate the properties 24 hours a day and 365 days a year, to render you a high type of service. Natural gas itself, without the services of these many men and women, would be worth little. Each and every employee has his own special type of work which is vital to the proper functioning of the group as a whole.

While you, our customer, are dependent on us for service, we are actually more dependent on you. Without you we could not exist. Therefore we are going to do everything we can to give you good service. The natural gas that we have to sell has been proven a perfect fuel: each and every employee will strive to render you a personal service of equally high quality.

17 Centuries of "Will you be my Valentine?"

FIRST VALENTINE
 WAS SENT BY A YOUNG ROMAN PRIEST, ST. VALENTINE, WHO WAS BEHEADED FEB. 14, 270 A.D. FOR REFUSING TO RENOUNCE CHRISTIANITY. HIS FAREWELL MESSAGE TO HIS FRIEND, THE JAILER'S DAUGHTER, WAS SIGNED "FROM YOUR VALENTINE."

ON ST. VALENTINE'S EVE
 IN OLDE ENGLAND UNSIGNED VALENTINES WERE LEFT ON A YOUNG LADY'S DOORSTEP BY A BASHFUL SUITOR WHO THEN KNOCKED ON THE DOOR AND DASHED AWAY.

IN 15th CENTURY ENGLAND
 YOUNG MAIDS AND BACHELORS BECAME "VALENTINES" BY DRAWING LOTS (THE ORIGINAL "BLIND DATES"). EACH MAN THEN WORE HIS FAIR LADY'S NAME ON HIS CHEST OR SLEEVE, HENCE THE EXPRESSION "WEARING YOUR HEART ON YOUR SLEEVE."

MANY A HOPEFUL ENGLISH MAID
 OF THE 1600'S WENT TO SLEEP— AFTER EATING A HARD BOILED EGG — WITH BAY LEAVES FASTENED TO HER PILLOW. THE "MAN OF HER DREAMS" THAT NIGHT WAS SUPPOSED TO BE HER FUTURE HUSBAND.

VALENTINES CAME TO AMERICA DURING THE 1800'S
 ORIGINALLY HAND-MADE, THEY LATER BECAME ELEGANT LACY AFFAIRS, SOMETIMES COSTING AS MUCH AS \$30. "COMIC" VALENTINES APPEARED IN THE GAY NINETIES BUT BECAUSE OF THEIR VICIOUSNESS SOON LOST POPULARITY.

TODAY'S VALENTINES ARE BOTH SENTIMENTAL
 AND HUMOROUS— BUT THE HUMOR IS WHIMSICAL, WITH THE SENDER POKING FUN AT HIMSELF. VALENTINES FOR 1946 EXPRESS THE HEARTFELT EMOTIONS AND GOOD CHEER OF A NATION GRATEFUL FOR THE RETURN OF ITS LOVED ONES FROM OVERSEAS.
