NUMBER 11

## Behind The Scenes In American Business

By John Craddock

### MEN'S SUITS & PRICE CEILINGS

Peacetime production schedules are running well behind estimates made just about the time the war ended. That is one of the reasons for the continuing shortage of things which people want to buy. Strikes and price ceilings have contributed to the slow rise in our productive effort as shutdowns or profitless sales deterred output.

Last year automobile production was estimated at 4,000,000 to 6,000,000 units for 1946, but during the first two months of this year it ran closer to an annual rate of 780,000. Furniture makers are running six months behind their anticipated schedule. Farm equipment makers and building material producers find output lagging well behind the rate projected last year. Strikes, of course, stop production wherever they occur, and price ceiling squeezes sometimes have a similar effect.

For example, about 3,000,000 men's suits were stored while manufacturers sought price relief, and are now beginning to move to retailers shelves as the result of a change in OPA price policy.

### CASTE SYSTEM

The Army is more than a little concerned over attacks on its so-called "caste system" and thinks there is more to the attacks than GI gripes. One officer, discussing it, says: "Although public psychology is ripe to kick brass hats around as a reaction from the war, I cannot help but feel that such kicks are at least partly inspired for a purpose. It is our feeling that to level off pay and privileges from top to bottom within the Army is not democratic but communistic. Lenin tried it in 1917 but by force of necessity the Russian Army has now become more of a caste system than our own. The principle of democracy is carried through best if we make the top positions so attractive that everyone from top to bottom will want to work to get there and equalize opportunity to reach the top. That is our goal."

### WILLOW RUN FARM MACHINES

During the war, Willow Run was often headlined as a monument of American productive genius. The gigantic plant poured out nearly 9,000 Liberator bombers. Nine months after the last bomber came off its aircraft assembly lines and only five months after Graham-Paige and Kaiser-Frazer Corp. officially occupied the plant, Willow Run turned out its first peacetime product—the Rototiller farm machine.

This self-powered, 5-horsepower tiller prepares soil for immediate planting by churning and crumbling the ground with steel edge tools which revolve rapidly in paddlewheel fashion, producing a more thoroughly worked seed bed in a single operation than is obtained in several operations with plow, disk and harrow. The first machine, according to Joseph W. Frazer, president of Graham-Paige, is the forerunner of thousands more scheduled for speedy production to fulfill nearly 50,000 orders already on hand.

### LIVING HABITS

Most service men feel that they have left the armed services bekhaki or Navy blue for civilian hind when they exchange Army garb. However, the average youth picked up many habits in service which he will carry on and which will markedly affect living patterns, and in turn, industry.

Shower installations, for instance; streamlined bathing for millions of servicemen, who as a result will carry the shower habit over into civilian life.

Housing authorities predict that as a consequence tiled showers will be installed in a majority of the millions of new homes to be built in the next few years. This fact also means busy days ahead for the nation's tile manufacturers. They are already stepping up production, and one of the important reasons is to satisfy the bathing preferences picked up by the nation's youth while in the armed services.

## Write-In Campaign Adds Election Interest

Much interest was shown in the city election Tuesday—more than is usually evidenced in a local election. Forty-one votes were cast, as compared with 13 votes cast in the 1945 city election. However, it is perhaps choice of a mayor which adds zest to the competition as 50 votes were cast in the 1944 election when a mayor was chosen.

M. L. Roberson won the mayors race, without opposition, receiving a unanimous vote.

For aldermen, the names of I. G., Grundy Orlin Stark and J. C. Rhoderick, Sr., were printed on the ballot, the first two for re-election.

A very heated write-in campaign was staged with the result that thirteen candidates received votes in this race.

Three aldermen were to be chosen, the votes adding up as follows:

I. G. Grundy	18
Orlin Stark	26
Roy Burgess	19
J. C. Rhoderick	16
Jean Grundy	10
Jake Merrell	10

One of the "write-in" candidates received six votes, one received 3 votes, one had two votes and four of them received one vote each.

The city commission is now composed of M. L. Roberson, mayor; I. G. Grundy, Orlin Stark, Roy Burgess, H. G. Gardiner and A. L. Patterson, aldermen.

## Quota Is Topped

The annual Red Cross drive was completed here this week, with Quitaque contributing \$3.50 over the assigned quota of \$440.00.

Last week R. B. Persons, chairman of the Quitaque area reported \$426.50 had been raised—and he had just about scraped the bottom of the bucket. However Roy Leslie was over on business and authorized a donation \$5.00 from the West Texas Gas Co., Jim Baird came across with another \$5.00 and then through the mail a check for \$2.00 was received from the telephone company. When the \$5.00 was added which O. W. Stroup deposits each January to the Red Cross fund, the chairman had a total of \$443.50 to report.

## PLAINVIEW DAIRY SHOW SCHEDULED FOR APRIL 13-19

Plans are shaping up for the 19th annual Panhandle Plains Dairy show at Plainview scheduled for April 13-19 inclusive. The largest entry list in the history of the show is forecast by C. B. Martin, general superintendent.

Preliminary tests in the production contest at 6 p. m. Saturday, April 13, will launch the program. From that hour until the Milking Short-horn auction at 1 o'clock Friday afternoon some of the finest dairy cattle in the country will be on exhibit and day and night calendars of activities will unfold events of general public interest.

Prize money for this year's show totals \$3,035, the largest amount in the history of the exposition.

The pageant at the city auditorium and the annual Dairy Show queen's ball are the main features of the Monday night program.

Wednesday night the bathing beauty revue will be held on the stage of the Granada theatre.

Department superintendents are C. C. Brookshier, Tulla, Holstein; R. L. King, Dimmitt, Guernsey; H. B. Horn, Plains, Jersey; Frank F. Well, Hale Center, Milking Short-horn; Wayne Thomas, Perryton, production; L. A. Hartzog, Floydada, dairy calf club; N. C. Fine, Lubbock, vocational agriculture judging; K. M. Renner, Lubbock, dairy products judging.

At last year's show at Plainview, Pierce White's entry took first and also Grand Champion in the junior heifer division; his entry placed third in the herd bull division, and fifth in the senior cow division. Pierce took his animals to show last year, on the spur of the minute, without preparing them in any way. This year he will exhibit in the senior cow and junior calf division and has started grooming his animals.

Mrs. R. E. Harrison of Burnett was here this week visiting in the home of her daughter Mrs. J. C. Rhoderick, Jr., and family.

## EVERYDAY RELIGION

THE GLORIOUS TRUST

By Rev. E. B. Thompson

It was said of Jesus on one occasion during His earthly life, "He would not trust Himself to them." That could mean only, those people were not the kind of people to whom He would trust His mission, or they were not at that time ready to be so trusted. Paul in writing to a younger preacher, Timothy, spoke of the "Glorious Gospel, which has been entrusted to me—"

There is no experience quite like that of the young person receiving the green light from parent or guardian—being put on his own—trusted to his judgement. There came a time when Jesus did just that for and with His disciples. In the great commission He flung Himself wholeheartedly upon them. "Go ye into all the world and preach the gospel to every creature." When He said that, not one line of the New Testament had been written. Not one single Christian Church—as such—was in existence. Just His great loving heart, packed with inspiration and courage for that little handful of men! They were on their own—with His promise, "and lo, I am with you always."

They began preaching, mouth to ear. Then slowly to write down the accounts of what He had said and done. Thus the New Testament was the child of the church, rather than the church the child of the New Testament. The church, out of a life of inspiration created the Testament as part of that great commission! Then, theirs was the task of translating that New Testament into the different languages of mankind, and revision within those languages, as they changed in familiar use and meaning.

Then the disciples were and are, on their own in the great matter of interpretation of Christ's message. Creeds and doctrines result from consecrated minds and hearts taking seriously what Jesus said, and applying it to their need and thought forms. Into all the world, preaching the Gospel to every creature, means applying that message in a way and with a symbol which every creature can understand and act on.

Then, we are on our own in the degree of personal consecration we make of our lives and efforts to Jesus. If we present a half-Christ in our lives, He is just that as far as our presentation of Him is concerned. If our generation balks at one or more of His great social ideals for humanity, He must wait until some future generation is ready and brave enough to play the game for Him! What a trust—what a challenge—what a responsibility—is this business we sometimes take so lightly—being Christian!

## Last Rites Friday For Mrs. T. J. Morris

Mrs. Rosie Morris, resident of Quitaque for the past 25 years, passed away early Thursday morning, at the age of 72. In feeble health for a number of years, she had made her home with her daughter, Mrs. Dellis Hooks, since her husband passed away in April, 1944.

Funeral services are tentatively set for 3 o'clock Friday afternoon at the school house. Two sons, Ernest Morris of San Antonio and Homer Morris of Edinburg are expected to arrive this (Thursday) afternoon.

## LODGE MEETING CALLED FOR TUESDAY NIGHT

Quitaque Masonic lodge held its regular monthly meeting Tuesday night with fair attendance. Routine business was taken care of and adjournment came early.

A meeting was called for Tuesday night, April 9, for work in the E. A. degree and all members are urged to be present. Visiting Masons are always welcome.

## LEGION TO MEET TUESDAY

A regular meeting of the Quitaque Post of the American Legion will be held at the school house next Tuesday, April 9. The boys are hoping for a good turnout and expecting you to be present when the meeting opens at 8:00 p. m.

## RE-ENLISTED MEN ARE SENT OVERSEAS

Eldon Maples has returned to overseas duty, this time going to Korea. During the war he served in the European theatre for about six months where he was wounded in action. His wife is making her home with his parents Mr. and Mrs. J. C. Maples during his absence.

Carl Yokum, whose wife was Miss Wayne Maples, is now stationed in the Philippines with a ground crew of the army air corps.

E. L. Boyett has purchased the E. W. Scheid home and will take possession soon. Mr. Boyett is moving to Quitaque from Hollis, Okla., and is opening a Chrysler-Plymouth automobile agency here. The Scheids are moving to their farm on the highway west of town.

## WALTER COBB SUFFERS SERIOUS INJURY TO EYE

Walter Cobb is in Amarillo under treatment for a serious injury to his left eye. The accident happened Tuesday of last week, when Mr. Cobb was doing some carpentering. A rusty nail which he was hammering, flew back and struck him in the eye, splitting the eyeball.

The accident happened so quickly that the eyelid was not scratched, though the nail went entirely through the eyeball.

He was first taken to Mataro where the doctors told him that they could not do anything for him and advised that he go to an eye specialist.

In Amarillo the specialist took a number of stitches in the eyeball, and Mr. Cobb remained several days in the hospital. He is now at the home of his brother Comer Cobb in Amarillo, and Mrs. Cobb remained there with him when their daughter Miss Ravanel returned to Quitaque Tuesday evening. She stated that the doctor now thought that he might be able to save the eyeball, but offered no hopes of him ever regaining the sight in that eye.

## McBRIDES HAVE VISITORS

Mr. and Mrs. W. T. McBride of Gustine visited over the week end in the home of their son Clifford McBride and family. Also visiting in the home was Mr. McBride's nephew J. T. Hamilton who has just received his discharge from the Navy after three years and seven months service.

Hamilton was with the Navy coast guard and spent 36 months of his enlistment period on board ship, seeing action in both the Atlantic and Pacific theatres. He spent one ship duty period in the middle of the Pacific without sight of land for three months.

## APRIL FOOL

Old Tack's column in the Amarillo News-Globe was the cause of several heated arguments in the stores in Quitaque Tuesday. Tack said "sugar rationing is off, the stores are full of nylon, etc." and many of his women readers, their morale soaring to the heights, read no further—they failed to find the "April Fool" at the bottom of the list.

## Seventh Annual F.F.A. Project Show Saturday

The seventh annual FFA Boys Project Show will be held at Quitaque Saturday, April 6. The boys have been busy this week building stalls and pens for display of their animals, at the J. C. Wooldridge lumber yard, where the show was staged last year.

The boys have a very nice lineup of projects for exhibit and premiums amounting to \$166.10 will be offered in four divisions: beef calves, swine, dairy cow and poultry. Prizes also will be awarded for best showmanship and to projects without competition.

Outsiders who have animals to exhibit are invited to show them if they wish. Burl Pierce of near Turkey has indicated that he expected to exhibit his registered Jersey bull.

Charlie Franz of Turkey will judge the show. Mr. Franz has had wide experience as a judge of prize animals and is well known over this area. He will judge the Wise County show at Decatur on May 15.

Premiums will be divided and awarded with ribbons, in the various divisions as follows:

**Beef Calves Division**  
Heavy calves, 700 pounds or over: first 7.50, 2nd 5.00, 3rd 2.00.  
Light calves, under 700 pounds:

1st 7.50, 2nd 5.00, 3rd 2.00.  
Grand champion calf 10.00  
Reserve champion 12.50.

**Swine Division**  
Barrows over 180 pounds: first 5.00, 2nd 3.00, 3rd 1.00.  
Barrows under 180 pounds: 1st 5.00, 2nd 3.00, 3rd 1.00.

Gilts over 180 pounds: first 5.00, second 3.00, third 1.00.  
Gilts under 180 pounds: first 5.00, 2nd 3.00, 3rd 1.00.

Sow and litters: first 5.00, 2nd 3.00, 3rd 1.00.  
Boars: first 5.00, second 3.00, third 1.00.  
Grand champion swine 10.00.

**Dairy Cow Division**  
Dairy cows: first 5.00, second 3.00, third 1.00.  
Dairy Calves: first 3.00; second 2.00; third 1.00.  
Grand champion dairy animal, \$10.00.

**Poultry Division**  
Turkeys: first 3.00; second 2.00; third 1.00.  
Broilers: first 3.00; second 2.00, third 1.00.  
Chickens: first 3.00; second 2.00; third 1.00.  
Projects without competition, \$2.50.  
Best Showman \$5.00.

## MILITARY PERSONNEL TO HAVE SAME UNIFORMS IN 1948

Officers and men of the Army will dress alike after June 30, 1948 in battlejackets and trousers of the same olive drab shade now used in enlisted men's clothing, according to information from Lt. Col. Hardy, commanding officer of West Texas Army Recruiting District. This type of uniform is worn now by many officers and men and will become obligatory for all personnel after the 1948 deadline. Until then, the present types of uniform may be worn.

New regulations prescribing the olive drab combination for all ranks also paved the way for the eventual adoption of dress blue uniforms for officers and men provided they can be procured and manufactured without interfering with the production of civilian clothing. If available, the blues will be worn by officers and men after June 30, 1948, for dress and special occasions. If the blues do not become available, the olive drab jackets and trousers will serve for both duty and dress.

For summer and tropical wear, the duty uniform for officers and enlisted men will continue to be the familiar khaki. The summer dress uniform for officers and men will be shirt, trousers, service cap, and battle jacket, in tropical worsted material.

The request to explore the possibilities of blue uniforms came from the European Theatre of Operations when General Eisenhower, now Chief of Staff, was in command there. It was suggested that the blue uniforms might be used for the army of occupation, that new uniforms would be welcomed by our soldiers, and that they would distinguish them from troops of Allied Nations.

Tests for a satisfactory shade of blue are now being made and it will be several months before the lasting qualities of the new color are determined. Experimental models of the enlisted men's dress uniform comprises a sack type coat, matching trousers, and visored cap, in medium weight wool tailored to individual measure. Brass buttons and piping in the color of the individuals branch or arm of service add contrast. The officer's dress uniform as contemplated will be similar except for insignia.

The junior class was very well pleased with the reception given their play which was presented last Friday night. They made about \$50.00 for their efforts and are planning a big blow-out for the junior-senior banquet.

The juniors and their sponsor Mrs. Jo Mae Merrell appreciate very much the cooperation of everyone who assisted in any way.

## MANY FAIL TO COLLECT SOCIAL SECURITY BENEFITS

Social Security benefits which persons in the Amarillo area should be receiving, are not being paid in some cases because eligible recipients have not filed their claims, John R. Sanderson, manager of the Amarillo Board, states.

"Those people are losing money which is rightfully theirs, Sanderson explained. "This money is in a fund which they and their employers built up and they should be drawing it back now in old-age or survivors insurance benefits."

"The only explanation I can offer," Sanderson explained, "is that many persons still do not know what their social security card means to them. Every person who gets an account card gets with it a little folder telling him about the rights of himself and his survivors to benefits. Newspapers have cooperated by publishing this essential information. Still we have many persons who are insured under the law who could have been drawing benefits months ago if they had just filed claim. Benefits cannot begin until a claim is filed."

"We have been asked why everyone who is fully insured is not automatically notified when he is 65. The answers are obvious. First, we don't know how to locate many of them. People move about, and the only address we have is the one given when the account number card was applied for several years before. Second, with over 82,000,000 accounts established, it would be a very expensive job."

"Of course, most retired wage earners inquire immediately after their retirement, and many call to get definite information about their cases as soon as they reach 65, even though they intend to work a while longer. But it is the small minority who lose benefits by failing to inquire that gives us concern. Often, they are the ones who need it most."

"Sanderson added that applications for both old-age insurance and survivors insurance are being filed at twice the rate of a year ago. His explanation was that many workers had acquired an insured status and that the change from war time to peace time economy had left a substantial number of elderly persons unemployed. Wage earners who are past 65 years of age and survivors of deceased wage earners who feel that they may be entitled to insurance benefit payments are urged to call at or write to the Amarillo Field Office. When inquiries are made by mail, it is especially important that the date of birth and account number of the wage earner be mentioned in the letter."

*Lumber and Hardware Company*  
*"Where Most People Trade"*

Mr. and Mrs. Leroy Hutcheson of Parnell visited his parents Mr. and Mrs. O. E. Hutcheson here this week.

Mrs. Venus Gillespie received treatment several days this week at a Matador hospital for an infected throat.

George Owens, Charles Gowin and Rev. A. L. Shaw went to El Paso this week to attend a church conference.

**FOR RENT—Four two room apartments, furnished.—Seburn Neath-erlin. 10-1**

Mrs. S. L. Montgomery and boys of McLean visited over the week end in the home of her parents Mr. and Mrs. F. M. Sachsé.

Pfc. Oscar Kimbell who is stationed at Camp Meade, Md., is here this week visiting his parents Mr. and Mrs. B. L. Kimbell.

**CERTIFIED FIELD SEED and bulk Garden Seed.—City Grocery.**

Mrs. Elmer Terry and son of Lubbock were here last week end visiting her parents Mr. and Mrs. F. T. Lee.

Lt. and Mrs. James Ross of San Antonio were here the first of the week visiting in the E. W. Tibbetts home.

**FOR SALE—Good box type house, four rooms.—See S. W. Skinner. Quitaque. 10-3c**

R. L. James and Donnie Brunson visited over the week end in Oklahoma with an uncle who was ill.

Charlie Kimbell and daughter and Howard Lee Smith of McLean visited the first of the week in the B. L. Kimbell home.

Mr. and Mrs. Weatherwax of Amarillo spent the week end here with her mother Mrs. A. V. Tipps and other relatives.

Mrs. A. J. McLaughlin of Memphis visited the first of the week in the home of her daughter Mrs. B. L. Kimbell and family.

Mrs. J. W. Lyon, Sr., returned home last Thursday from Amarillo, Judge and Mrs. J. W. Lyon, Jr., from Silverton going to Amarillo and bringing her to Quitaque.

**LOST—Three or four weeks ago, on Oldsmobile hubcap. Please return to the Quitaque Post.**

Charles Durwood Lewis of the Navy is here on a 17-day furlough

visiting his parents Mr. and Mrs. Alva Davis. He expects to receive his discharge in May.

Earl Conner and family are moving to Dimmitt where he will farm a place near there. Their home here has been rented by Mr. and Mrs. Archie Cates.

Mr. and Mrs. Kenneth Cates of Floydada visited her sister Mrs. Jack Bradley and family last week. Kenneth received his discharge from the Navy a short time ago.

Mrs. Frank Burnett and daughter of Brady are here this week visiting in the home of her parents Mr. and Mrs. E. W. Tibbetts and with other relatives.

Rev. E. B. Thompson spent three evening this week in Floydada, assisting Rev. Loyd H. Jones, pastor of the Methodist church there, in a visitation campaign.

Mrs. Clarence Wise returned home Sunday from a Lubbock hospital where she has been receiving treatment. She is feeling some better but still is very weak her husband stated.

Mr. and Mrs. M. L. Roberson visited her parents Mr. and Mrs. Knox in Amherst Sunday. They returned home by way of Dimmitt and visited with the R. L. Kings, and Rev. U. S. Sherrill and family.

**CERTIFIED FIELD SEED and bulk Garden Seed.—City Grocery.**

Miss Willie Mae Grundy of Denison visited from Friday until Sunday in the home of her parents Mr. and Mrs. I. G. Grundy.

Clint Hicks brought his wife and baby daughter down from Plainview for a week end visit in the home of her parents Mr. and Mrs. Joe Woodruff.

**LET ME DO YOUR IRONING, 50c per hour. Bring me your work.—Mrs. Fred Hefner. 11-1**

Mr. and Mrs. Chester Hufstедler and son of Childress visited here Sunday in the homes of Pete Rice and family and Dee Dodson and family.

Mrs. Earl Hedgepoe came in Monday to visit relatives here. She was accompanied by Mrs. Billy E. Hutcheson and Ray Gene who are visiting her parents Mr. and Mrs. Ray Persons.

Mr. and Mrs. Thomman were here this week visiting her sister Mrs. W. V. Chapman. The Thommans have returned to Levelland to make their home after several years residence in Washington, D. C.

**LOST—Ladies Bulova wrist watch bearing numbers 5130033. Please return to Mrs. John T. Rogers, 3 1/2 miles east and one-half mile south of Quitaque. Reward. 11-1**

Otis Purcell and Everett Womack attended a mechanics school for Plymouth dealers in Amarillo Wednesday. Otis Dean Purcell and Sonny Melton accompanied them to the city for the trip.

Mr. and Mrs. Elbert Hedrick and son of Turkey and Miss Margaret Hedrick visited Sunday evening in

the Bryan Kimbell home. Miss Margaret took the train from here to return to Lubbock where she is attending Tech.

Harold Jacks came in last week from San Antonio where he received his discharge from the Army. Harold did overseas service in China, Burma and India. His wife who made her home in San Antonio during his absence is here with him.

**PLENTY OF COTTONSEED for sale; Hybrid and Half & Half; \$7.50 a sack. These seed are culled, treated and in 3 bushel sacks. Also state tested.—C. A. Hawkins. 11fc**

Rev. E. B. Thompson and E. E. Burgess make an occasion each year of their joint birthday celebration on April 2. Last year they had a big hamburger dinner at the cafe, but this year in deference to their advanced age, which totals 102 years, they celebrated in a more dignified manner.

Benny T. Hawkins passed through Quitaque on the bus Sunday on his way to Childress to visit his father Tump Hawkins. Benny T. has just returned to the States from 21 months overseas service in the Pacific area. He said he would be back in Quitaque soon for a visit.

Miss Lucile Mayhall and Billie Freeman came down from Amarillo this week end to help their parents, Mr. and Mrs. Bert Mayhall celebrate their twenty-fifth wedding anniversary, which also is Mr. Mayhall's birthday anniversary.

Lt. Henry Gardiner brought his wife and little daughter here last week to remain with his parents until he can find a place for them to live in Fort Worth, where he is now stationed at the Navy hospital. Lt. Gardiner has reported to his new post, his father H. G. Gardiner accompanying him as far as Sherman to visit his brother Will Gardiner who is ill.

**Nylon Hose**

We will continue to distribute the nylon hose which we receive, in the same manner that the Bedwell Dry Goods handled them—by drawing names. If you have registered for them here previously, and have not received a pair, your name is still "in the hat". Be present Saturday, April 6, at 4 p. m., when we will hold our next drawing.

You will receive a pair of nylons if your name is drawn, and if you are present you can make your own selection in the correct size and choice of two price range.

Thanks a lot for the cordial welcome you have given us. We really appreciate the good wishes and encouragement we have received. We hope soon to be able to furnish you with plenty of the best in our line of merchandise.

We're receiving a few scarce items every day so come in and look around and see if we have something you need.

We are always glad to have you come to see us.

Be sure to Attend The FFA Boys Stock Show Saturday.

"Where Most People Trade" Quitaque

**EVERYBODY'S BUSINESS!**

Gossip over a back fence is everybody's business!... And, in quite another way, your electric company, too, is everybody's business!

It belongs to you—to the man next door and the woman across the street—to the people who rub shoulders with you in shops and trains and buses.

All types and kinds of folks are on our stockholder list—housewives, farmers, merchants, teachers, doctors, nurses. They're the direct owners.

And there are countless indirect owners. Even if you don't own a share of our stock yourself, you probably have a stake in this company through your life insurance policy or savings account.

Why? Because banks and insurance companies—who handle your savings—must invest those funds wisely. Next to War Bonds, one of their largest investments is public utility securities. They know that sound business management has made cheap, dependable electric power a basic part of the American way of life.

So, whether you realize it or not—your electric light and power company is not just our business—it's your business.

**QUITAQUE MEN IN TECH**

Lubbock—Of the more than one thousand veterans enrolled in Texas Technological College this semester, the following two are from Quitaque:

James W. Patrick, son of Mr. and Mrs. J. K. Patrick, freshman civil engineering major; and Richard Tibbetts, son of Mr. and Mrs. E. W. Tibbetts, sophomore accounting major.

Both Patrick and Tibbetts attended Tech in 1941 before entering the armed forces.

**W. THELON JONES FAMILY MOVED TO NEW MEXICO**

A note from W. Thelon Jones and family sends greeting to their many friends at Quitaque. Bro. Jones says that he is now pastoring a church at Tatum, N. M., and like it there very much.

"We do miss the people of Quitaque. They were so friendly and good to us. We learned to love the folks there and would like to say hello if it is at all possible. Please send The Post to our new address. We still enjoy news from there." W. Thelon Jones, Box 243, Tatum, N. M.

**RECRUITING OFFICER TO BE IN QUITAQUE EVERY THURSDAY**

T-Sgt. James E. Hodges of Childress U. S. Army recruiting station will be at the postoffice in Quitaque every Thursday morning from 10:30 until 12:00 noon.

Anyone wishing information on enlistment or re-enlisting may contact the recruiting officer at that time.

Men who are accepted for enlistment will be sent to Lubbock for physical exams and be sworn in to the army. They will then be sent to Fort Bliss, Texas.

**DINNER TO HONOR SON**

Mr. and Mrs. E. L. Kimbell served a big dinner Sunday at their home in honor of their son Pfc. Oscar Kimbell who is home on a furlough. Those present to enjoy the day were the following:

Mr. and Mrs. Bryan Kimbell, Mr. and Mrs. J. F. Tiffin, Mr. and Mrs. Keyth Tiffin and Doyle Ray, Mr. and Mrs. Oscar Smith and children, J. W. Kimbell and children, Edgar and Neal Smith, Jr., Mr. and Mrs. Harry Strang of Plainview, Icelon Carroll, Gaye Brummett and J. C. Wagnon.

**RUDELL JAMES HAS DISCHARGE**

Rudell James, son of Mr. and Mrs. A. A. James, returned home

**There's a Great Day Coming!**

last week with his discharge from the Navy. He has gone to Alamogordo, N. M., to take home his sister, Mrs. Reynolds and children who had been here visiting in her parents' home.

Rudell had a rating of boatswain's mate second class when he was discharged. He served seven months in the Pacific.

**TO AREA MEET**

Louise McAninch and Joyce Duck went to Turkey last Friday to enter the interscholastic competition in shorthand.

Louise won first place and Joyce placed second. They will go to the area meet this week end at Lubbock where they will meet much tougher competition.

**TEXAS A&M PLANS MEMORIAL FOR WORLD WAR DEAD**

College Station, April 4—With Gen. Ike Eisenhower as honor guest at ceremonies here, memorial services for the seven hundred A. & M. men who died in military service in World Wars I and II will be held around the world on Easter morning, April 21, in observance of the forty-fourth traditional Aggie Muster held on the anniversary of the battle of San Jacinto each year since 1903.

Keystone in the world-wide services will be the huge memorial Muster to be held at the Kyle Field as a climax of the Victory Homecoming to be staged on the campus April 19, 20, 21. A. & M. men not present for the campus Homecoming will be meeting in similar services throughout the length and breadth of the United States and at scores of overseas points.

April 21 this year falls on Easter Sunday, a tie of deep religious significance to men of all faiths. On that day it is fitting that the heroic sacrifices of the war dead be commemorated. On that day it is fitting that thanks be offered to God for the contribution of those war dead, and that prayers be said for the comfort of their families and friends.

In announcing the suggestion of the Easter morning memorial Muster services, Dick Winters, Brady, president Former Students Association, said, "The Executive Committee of the Association realizes that in making this Muster suggestion something very different from our usual A. & M. affairs is proposed. We feel, however, that since April 21 falls on Easter Sunday, and since every man of us would like to pay deep and sincere tribute to those seven hundred Gold Star A. & M. men, this year's Muster should be one of deep purpose and of religious interest. It should be the greatest Muster in the 44-year history of that fine

tradition."

The huge Victory Homecoming, to be held on the campus April 19, 20, 21, will be institution-wide in its scope. Local committees are already at work on such items as housing, transportation, meals, financing, program, registration and special services. Complete announcement of plans will be made as soon as possible. The Homecoming program will be closed with the huge Kyle Field memorial services at 8:30 a. m. on Easter morning, April 21.

**DELINTING PLANTS COULD BE PROFITABLE**

Farmers want more facilities for delinting and chemical treatment of cottonseed, according to E. A. Miller, agronomist of the Texas A & M College Extension Service, who believes that this equipment could be operated profitably on a commercial basis in many sections of the cotton belt.

Many farmers know the advantages of planting delinted seed, he pointed out, but not much is offered for sale and there is not enough

volume to justify operation of a delinting plant on anything except the larger farms. A good many farmers, he thinks, would bring seed to a custom delinting plant if one were available nearby.

Results of Texas agricultural experiment station tests over a period of years have proven that treatment of seed with an inexpensive commercial fungicide will improve stands and increase yields.

Many Texas farmers are treating seed with a rotary type home mixer, but the few commercial plants in operation are doing a good business. If more were established, a big increase in the volume of cottonseed treated for control of angular leaf spot, sore shin and other seed-borne diseases would

follow, Miller says. He pointed out that no one could expect a ginner, cotton crusher, or seed dealer to set up a cottonseed treating plant as a means of demonstrating will to his customers. "The experiment can be made from scratch, is economical in operation, especially if used during the off-season in connection with other enterprises for which power and living space are available," he said. "Such plants would pay their way wherever the volume of cottonseed planted in the locality is enough to support two or three gins."

Bering Strait separates Asia and Siberia.

**GAS RANGES**, bearing the "CP" trade mark in addition to their own brand names, are built to rigid standards, set by leading gas range manufacturers, gas utilities, home economists, and homemakers.

A FEW OF THE OUTSTANDING FEATURES of a "CP" gas range are automatic lighting of oven and top burners; thermostat controlled oven that heats quickly, yet operates efficiently for slow roasting; giant, standard and simmer burners; extra heavy insulation; smokeless broilers.

BEFORE TOO LONG, your favorite gas range will be available in "CP" models . . . All good ranges are not "CP"—but all "CP" gas ranges have the most good features of any range you can buy.

A "CP" Gas Range—Whatever Its Make—Will Give Certified Performance!

**GASOLINE NEWS**

Mrs. Nora E. Bolton spent Tues-  
day in the home of her sister Mrs.  
A. McCracken.  
Mr. and Mrs. Hubert Setliff and  
Martha Joyce visited in Canyon,  
Marillo and Phillips from Friday  
until Sunday.  
Neal Purdy and Austin Purdy of  
Lubbock visited home folks here  
and at Folley Sunday. They at-  
tended church here Sunday.  
Mr. and Mrs. Boone McCracken  
were in Silvertown and Turkey Mon-  
day.  
Velma and Carol Shannon spent  
Saturday night and Sunday with  
Mozelle Carter.  
Thurman Rogers visited Stewart  
McCracken Sunday.  
Mr. and Mrs. John King took  
their son Jerry of Matador Sunday

for medical treatment, Mrs. King  
and Jerry remaining there until  
Monday.

Mr. and Mrs. E. D. Richmond  
and sons of Turkey spent Sunday  
with her mother.  
Donald Ray Lewis spent Friday  
night in Quitaque with his grand-  
mother Mrs. Sachse.

Mr. and Mrs. Dave Rush of  
Plainview visited friends here and  
at Quitaque Saturday.

Johnnie Ray Helms of Tullia is  
visiting his grandparents here.

Clarence Redding and family of  
Quitaque visited Mr. and Mrs.  
Gene Chandler Tuesday evening.  
Gene Bedwell took his father, L  
J. Bedwell to Plainview Thursday  
for a checkup at the sanitarium.

**JIMMIE LEE SPEER IS CHOSEN  
HOUSE COUNSELOR AT TSCW**

Denton—Miss Jimmie Lee Speer  
daughter of Mr. and Mrs. Joe Speer  
of Flomot, has been elected house  
counselor for the second semester  
at Texas State College for Women.  
The house Council, dormitory  
branch of the College Government  
association, is composed of the  
house president and house secre-  
tary, both elected for the full  
school year, and the counselors,  
elected twice a year. The Council  
has the authority to act in all mat-  
ters of conduct concerned with  
residential life on the campus, acts  
as an advisory council and aids in  
the carrying out of the college  
rules and regulations.

To be qualified for the office of  
counselor, a student must have a  
good college citizenship record and  
a scholastic average of C with no  
F's or incomplete grades on her  
college record.

Miss Speer is a junior speech  
major at the college.

**JACK BARNHILL, IRELIUS LACY  
BUY TEXACO AGENCY**

Jack Barnhill and Irelus Lacy  
have bought the Texaco wholesale  
agency from Dan Thrasher and  
took over the business Tuesday.  
Dan and his father were consignees  
for Texaco until his father's  
death two weeks ago and he felt  
that carrying on the business alone  
was too much responsibility.

Lacy will move his family to  
Turkey to make their home as soon  
as living quarters are available, it  
was stated Wednesday.

Mrs. Garland Ooker spent the  
week end in Amarillo visiting her  
daughters.

**M-System Grocery  
Changes Ownership**

J. Calvin Young has sold the  
M-System Grocery to his brother  
Virgil Young and V. T. Adair, both  
of Clovis, N. M. The deal was con-  
summated last week end the new  
owners plan to take charge when  
school is out, or by June 1. The  
sale included the stock and fix-  
tures but not the building.

Calvin Young has been in the  
grocery business in Turkey for  
about 23 years and is one of the  
oldest business institutions in the  
city, that is, operating continuous-  
ly under the same name and  
management.

Mr. Young was in business with  
his father for two years after  
moving to Turkey from Galena,  
Ark., then decided to venture out  
alone, and has done a very nice  
job of it. Calvin is one of the best  
and most progressive merchants in  
the southwest.

He says he has made no immedi-  
ate plans for the future other than  
to take a good prolonged rest  
which he badly needs, but we ven-  
ture to guess that he will not be  
idle long.

Virgil Young will be no newcom-  
er to the store, having worked  
there for his brother for several  
years before entering the employ  
about two years ago of a railroad  
company operating out of Clovis.

**BACK IN CIVVIES**

Tom Eudy is now home with a  
discharge from the Army, which he  
received at Camp Chaffee, Ark., on  
March 14.

Prior to entering service Janu-  
ary 26, 1943, Tom had attended  
Texas Tech, Lubbock. He received  
his basic training, trained as a  
surgical technician, and medical  
technician for 13 months before  
going overseas in February, 1944,  
where he served 24 months in the  
ETO with the 82nd General Hospi-  
tal.

His decorations and citations in-  
clude the World War II Victory  
Ribbon, Good Conduct Medal and  
EAME Theatre Ribbon.  
Tom is a son of Mr. and Mrs.  
Jim Eudy of Turkey.

**WRENN VINYARD IN TECH**

Lubbock—Of the more than one  
thousand veterans enrolled in Tex-  
as Technological College this sem-  
ester, one student, Charles Wrenn  
Vinyard, is from Turkey.

Vinyard, son of Mrs. and Mrs.  
Abe Vinyard, is a junior dairy  
manufactures major. He attended  
Tech in 1942 before entering the  
armed forces.

In Detroit a grouch breakfast  
customer barked at the waitress:  
"What's wrong with these eggs?"  
The waitress replied: "Don't yell  
at me, mister; I only laid the table."

**JOHN LYNN BARNHILL OUT OF  
THE NAVY INTO THE BANK**

John Lynn Barnhill received his  
discharge from the Coast Guard  
last Wednesday morning (at 10:45  
exactly, he says) in New Orleans  
and returned home to enjoy the  
quiet life of a civilian after 3 years  
and 8 months in the service, some  
of which were not so serene. He  
entered the service February 25,  
1942 at Amarillo.

John spent 18 months overseas  
as storekeeper first class in the  
coast guard, being stationed at  
Honolulu, Wake Island, Leyte Gulf  
and Manila. Most of this time, 13  
or 14 months, was spent at Leyte  
Gulf, but during his sojourn and  
in the performance of his duties in  
the south and Central Pacific, he  
visited every island of importance  
except Okinawa and Iwo Jima. He  
didn't care to visit there but is  
peevish because he failed to reach  
Japan.

He returned to the States Feb-  
ruary 20 and arrived home on  
leave a few days later until time  
for him to report for his discharge.  
He went to work in the Peoples  
State Bank April 1.

**DEATHS SOAR AS MILEAGE UPS  
WHEN GASOLINE RATION ENDS**

One of the fastest attempts to  
reconvert in 1945 was made by the  
American motorist, who needed no  
more than the lifting of gasoline  
rationing on V-J Day to start him  
on his return to "normal" driving.

Gasoline rationing ended in the  
middle of August. With only two  
weeks of unrestricted driving, mo-  
torists increased their mileage 20  
per cent over the same month of  
the year before. Traffic accident  
fatalities jumped even higher, with  
a 30 per cent increase over August  
of the year before.

In August, 2,510 persons met  
death on America's streets and  
highways—more than fell in one  
of the bloodiest battles of the war  
at Tarawa.

The climb of traffic deaths and  
mileage continued steadily through  
September. This month's total  
showed a 40 per cent rise in deaths  
over September, 1944. The casu-  
alty list at the end of the month  
added up to 2,80 deaths in traffic  
accidents. Mileage was up 32 per  
cent over September, 1944.

The monthly traffic death toll  
topped the 3,000 mark in Octo-  
ber for the first time since 1941,  
the all-time high year for traffic  
deaths. In that month, 3,440 men,  
women, and children were killed.  
The increase in deaths in Octo-  
ber, when compared to the same  
month of the year before, reached  
53 per cent. America was well on  
the road to "normal" driving.

Just what "normal" driving in  
the United States means is re-  
vealed by the traffic record of 1941  
the last full peacetime year. Mile-  
age ran well over 300 billions. The  
number of motor vehicle accidents  
—including fatal, non-fatal, and  
those involving only property dam-  
age—totaled nearly 7,000,000, ac-  
cording to the National Safety  
Council. The number of persons  
killed was the equivalent of wiping  
out nearly the entire population of
