YOUR HOME-OWNED NEWSPAPER

VOLUME XX

QUITAQUE, BRISCOE COUNTY, TEXAS

THURSDAY, APRIL 25, 1946

5c Per Copy

NUMBER 14

Items Of Interest From Cap Rock SC District

Supervisors: Earl L. Cantwell, chairman; Louie Kitchens, Obra Watson, Pierce White, Bray Cook.

J. B. Chandler, farmer in the Gasoline Conservation Group, constructed a stock water pond on his farm last week. This pond will be stocked with game fish as soon as sufficient water is available. Meat production can be doubled by applying fertilizer, Mr. Chandler stated in discussing his plans with District technician personnel.

G. H. Thomas, a cooperater in the Scheid Conservation Group, two miles west of Quitaque, constructed a system of large ridge type terraces on his farm last week. The terraces were built with disc type terracers attached to farm tractors. Terrace lines were run by Engineer's assisting Supervisors of the Cap Rock Soil Conservation District.

Elbert Stephens, of the Rock Creek Conservation Group, started watering row crop land last week. The practice of applying water before seeding is gaining favor among the irrigation farmers of the Cap Rock District. "Adequate subsoil moisture at planting time insures good root development and less water is lost by evaporation," Mr. Stephens stated. Ditch lines and row directions were laid out by Soil Conservation Technicians assisting the District.

Earl Cantwell, of the Crass Group, constructed irrigation ditches to water wheat land Monday on approximately 80 acres of wheat land. Irrigation lines were also established last week by Allen Kellum of the Crass Group and H. H. McPherson of the Francis Group for irrigation of wheat land.

E. I. Morrison, a cooperater of the Gasoline Group, rebuilt a stock tank on his farm last Thursday. The dam was built by carry-all and crawler type tractor. The height of the new dam was increased approximately two feet above the level of the old dam, according to Mr. Morrison.

BIRTHDAY DINNER

A big birthday dinner was served Sunday in the Bryan Kimbell home in honor of Mr. Kimbell's birthday. The delicious repast ended with the serving of a decorated cake topped with a suitable number of candles which he blew out.

Present for the occasion besides Mr. and Mrs. Kimbell and their son Louis, were Mr. and Mrs. J. F. Tiffin, Mr. and Mrs. B. L. Kimbell, Mr. and Mrs. Isaac Smith, Mr. and Mrs. Elbert Hedrick and son and daughter of Turkey, J. B. Tiffin, Mrs. Willie Lou Boyles, George Boyles, Bill Hodge, Icelon Carroll, Gaye Brummett, J. C. Wagon, Doyle Ray Tiffin, and Miss Edna Murray Tiffin.

SURPRISE BIRTHDAY DINNER

Jack Reid was the honoree at a surprise birthday dinner Wednesday evening, Miss Margaret Hamilton being hostess to the affair, at the home of her parents Mr. and B. K. Hamilton.

Quantities of fried chicken and other delicious favorites were served, with a beautiful white cake with green trimming reading "Happy Birthday."

Present for the affair were Mr. and Mrs. Hamilton and Miss Margaret, the honoree, and Venol Cain, Clyde Hobbs, Ineatha Chandler, Eloise Tunnell, C. E. Anderson, Jr., James Brunson, Ruth Logan, Betty Adkins, and Ruby Brunson.

HOME FROM JAPAN

S-Sgt. D. C. Lewis came home Sunday morning, having received his discharge Saturday afternoon. Dorman has been in the South Pacific eleven months, the last four months in Japan.

His wife, the former Miss Lorene Patrick, and their two children have made their home at Gasoline during his absence with her parents, Mr. and Mrs. Robert Patrick.

His parents live at White Flat and they went there the first of the week to visit them.

Junior-Senior Banquet Has Military Theme

A military theme was used to make this year's junior-senior banquet a very pretty affair. Tables were laid in the school lunch room, Friday night, April 11, under a canopy of red, white and blue crepe paper, to represent a tent.

Places were marked by miniature red airplanes, and favors were tiny flags in gumdrop candies.

Miss Margaret Owens, president of the junior class, was seated at the head of the table, with two flags crossed before her. The programs carried out the military theme in colors of red, white and blue, and the entertainment was announced in military terms. The menu for "mess" was Victory Cocktail, Stew (with trimmings), Spuds, Military Salad, Vitamins-on-Parade, Bayonet Drill, Sailor-on-a-Raft, Slum, and Bomb Shelter.

Margaret Owens was toastmistress, and the following numbers were presented:

Citation for Gallantry, Betty Adkins.

Buck Privates, Louise McAninch, Quartet, Billie Hutcheson, Betty Adkins, Evelyn Kimmell, Othelia Woodruff.

Surplus Materiel (class will), Joyce Duck.

Our Postwar Army (class prophecy), Eloise Tunnell.

Members of the junior class are Betty Adkins, Richard Bogan, Roy Grundy, Billie Hutcheson, Evelyn Kimmell, Margaret Owens, Eloise Tunnell and Othelia Woodruff.

Seniors are H. G. Boyles, Carolina Bull, Joyce Duck, Louise McAninch, Sid McFall, L. B. Monk and Joyce Ramsey.

Others present were the junior sponsor and her husband, Mr. and Mrs. Jake Merrell, the senior sponsor and husband, Mr. and Mrs. Tom Persons, the senior room mother and husband, Mr. and Mrs. D. C. Duck, and other guests, Mr. Scheid, Mr. and Mrs. Rex Faulkner, Rev. and Mrs. Shaw, Ernest Wayne Barbee, Jean Thompson, Wanda Thompson, Margie Crabtree, Dick Cooper, Kenneth Hamilton, Elizabeth Richmond, Elmer Pinkerton, C. E. Anderson, Jr., and Sonny Melton.

FAIRMONT EASTER PICNIC HELD SATURDAY NIGHT

The annual Easter gathering of residents of the Fairmont community was held Saturday evening in the George Pigg pasture. This has been an annual custom for some years until 1945, when the war situation was too grave for a celebration of any occasion, and no Easter gathering was held last year. This year the custom was revived and was a truly joyous occasion.

Chickens and beef were barbecued and served with the basket lunches which the women had prepared at home. All was spread on wagons which served as tables. About 100 persons gathered for the picnic.

FAMILY REUNION

Mr. and Mrs. Rex Faulner and children and Miss Minnie Mae Roberson attended a family reunion Sunday at Clarendon in the home of their grandmother Mrs. F. M. Roberson. The occasion was Mrs. Roberson's birthday as well as Easter Sunday.

This reunion was formerly an annual affair with the family but was discontinued because of the war. Revived this year for the first time since 1940, twenty-nine members of the family were present.

A picnic was enjoyed Sunday by a group who went to the Boy Scout camp near Silvertown for their outing. The party included Mr. and Mrs. Fred Craig and children, her sister and family Mr. and Mrs. Raymond Vick and daughters, Mr. and Mrs. Archie Cates and Dale, and Mrs. Letha Mae Jacobs and Grady Lee.

Mr. and Mrs. George Lay who started to California last week to visit relatives, turned back when they reached New Mexico because Mrs. Lay was not able to make the trip and she entered a hospital at Lubbock for several weeks' treatment.

EVERYDAY RELIGION

THE AMARYLLIS

By Rev. E. B. Thompson

It is lovely! It has four blossoms this year—and viewed from above they form a perfect Maltese Cross. The flowers are full blown and of a rich and beautiful hue. We love this giant plant as it was a gift to our family from the church, and to us it symbolizes your faithfulness and splendor.

But the Amaryllis plant has its own peculiar message when it is studied. For one thing, it always grows toward the light. In the morning its slender stalk bends gracefully to the east, and come the afternoon it turns its face to the golden west. It simply refuses to look into the shadows! What strange power pulls this bit of life ever away from the gloom? What other-world voices call it to plight its troth with the sunshine? It is the call of life, the power of light over darkness.

Our minds and souls were not created for the shadows but for the sunshine. Like the Amaryllis we should ever face the glow of truth and revelation. Nor should we argue over the direction from which the light comes.

If we would enjoy the blessing of this flower, we must do so now. These beautiful blossoms come only once a year—and tarry but for a time:

"—like snow-falls in the river
A moment white—then melts forever."

So many of life's blessings are like that. They must be accepted in season, or be missed altogether.

And yet;—and yet;—all of this has an eternal significance! When once we have laid hold of the great spiritualities of life, they are of the stuff of eternity. Down in the mud of the flower-pot is the onion like bulb from which the plant springs. And, though the cold blast of autumn shall lay it in the dust and for a time destroy its loveliness, the destruction is not final, and in another spring time it shall bloom again. Light is dominant over darkness; life is ever Lord of death!

* Robert Burns.

School Program Is Very Pretty Scene

Elves and fairies and men of Sherwood Forest occupied the spotlight on the stage at the grade school auditorium Friday night, with other pupils of the grade school who presented a lovely May Festival. The auditorium was crowded to capacity with a very appreciative audience of parents and relatives and friends.

The stage was very pretty with a background of greenery and flowers, to represent a woodland glade, with a throne arrangement for the Queen of the May who was Miss Norma Jean Persons.

The boys and girls presented some very pretty drills and choruses. The queen was attended by two flower girls and two train-bearers of pre-school age who were JoAnn Middleton, Sandra Persons, W. E. Hawkins and Murray Wise.

The fairies did an excellent job of plaiting a Maypole and also the larger boys and girls had their way with a Maypole number.

Mrs. C. E. Bedwell played the accompaniments for the program.

The efforts of the young people showed that quite a bit of work had been expended to train them, as well as to prepare the attractive costumes and decorations, but it was time well spent as the program was one of the prettiest entertainments we have had at the school in several years. Everyone enjoyed it, the children who performed as well as the large audience.

TATE BOYLES IS HOME AND HAS DISCHARGE

Mr. and Mrs. Tate Boyles came in Tuesday from Lubbock where she met him on his return to the States from overseas service.

Tate enlisted in the army in October, 1943, and was sent to the European theatre in January, 1945 where he served as mess sergeant, being stationed most of the time in Belgium. He received his discharge Saturday at San Antonio. He had the rating of Staff Sergeant at the time of his discharge.

Kelton Shaw was here over the week end for the Easter holidays with his parents Rev. and Mrs. A. L. Shaw. They took him to Childers Sunday evening to take the train back to College Station where he is attending Texas A & M.

Mr. and Mrs. J. C. Gardner of Lubbock were here for the week end to visit her parents Mr. and Mrs. Marvin Wise, and brother Byron.

Health Department Milk Production Rules

Following is listed the new State Health Department regulations for production of ungraded milk and cream produced on the farm for sale to milk products manufacturers. These new regulations went into effect April 1. The purpose of these regulations is to insure that clean legal milk and cream will be produced and is to help not only farmers but the entire industry to solve their problems which must be faced now, if the industry is to survive in this state. Precautions which do not cost anything and inexpensive facilities for taking proper care of these products must be used. The new State regulations are a guide to go by.

Inspectors from the Health Department will inspect the cream buying stations and the manufacturing plants and meeting are being held for the purpose of informing field men on the farm regulations. Under this program, each plant through its field man is held responsible for the dairy farm improvement program on farms selling milk to that plant.

Farmers in some areas report that they have been told that they would have to construct grade A barns in order to sell ungraded milk or cream. This is not true. The regulations for ungraded milk and cream have no connection with grade A requirements.

All milk and cream used in the manufacture of all manufactured milk products shall be produced under conditions conforming with the following items of sanitation:

A. All cows shall be healthy and free from all contagious and infectious diseases and from any physical condition which might render them unfit for the production of milk and cream for human consumption.

B. Milking barns shall be well lighted, ventilated and cleaned daily. The walls and ceilings shall be painted or whitewashed yearly. Floors shall be of such material as can be kept in a clean and sanitary condition and the floor shall be smooth so that water will not stand in pools. Milk stools shall be kept clean and stored above the floor, the corral clean, and no hogs, calves, fowls, etc., shall be permitted in the milking barn or immediately adjacent thereto.

C. Cows shall be clean at the time of milking. The flanks, bellies, and tails shall be free from visible dirt. Udders and teats shall be clean at the time of milking.

D. Wet hand milking is prohibited.

E. A milk room, separate and apart from and not used as a passage into any living quarters, barn or other room used for domestic purposes, shall be provided convenient to the milking barn. Milk room operations shall not be conducted elsewhere. The milkroom shall be well lighted, ventilated and all openings shall be effectively screened against the entrance of flies. Floors and walls and ceilings shall be of smooth, easily cleaned material, and walls and ceilings shall be painted inside. The milk room shall be kept clean and shall be used for no other purpose except for the handling of milk and cream and the cleaning and storage of milk utensils.

F. All milk and cream pails, cans and other utensils shall be of smooth, heavy gage material in good repair, free from rust, easily (Continued on Page 3)

Light Rains Fall

Rain over this area Monday night was estimated at .25 to 1.50 inches all over the area, and appeared to be general all over the Panhandle.

At Turkey John Sharp gauged a half inch while Mr. Stubbs north of town said he received three-quarters. A heavy rain fell just west of Turkey and also northwest, it was reported, with quantities varying east and southeast.

Pierce White, a mile west of Quitaque, said his government gauge showed .22 of an inch. The rain was much heavier east than it was around Quitaque. While the rain was not sufficient, every little bit helps.

Joe J. Jennings States His Platform For Office

Joe W. Jennings of Hale county, this week announced the form platform on which he seeks election to the Legislature from the 120th Legislative District.

In the last election Jennings received 6,026 votes of a total 12,371 votes cast, being defeated by 321 votes. "Had I received 165 more votes I would have been elected by a narrow margin," he said. "With a more vigorous campaign this time I feel confident that I will be successful," he said, "many citizens having indicated to me that they want a change at Austin. I have never held any political office."

A native Texan, Jennings graduated from Texas A&M in 1911, taught vocational agriculture, managed a ranch in Bailey county in 1916-18, served as county agent in Lubbock and Randall counties, and since 1929 has farmed in Floyd county where he owns and continues to operate a 320 acre farm since moving to Plainview.

His platform advocates:

1. Retention permanently of 4 cents per gallon refund on farm-used gasoline.

2. Equitable proportion of farm to market roads for West Texas.

3. Adequate support of the needy aged, underprivileged children, the deaf, dumb, blind and insane, but is not in favor of creating a Utopia for any group of citizens.

4. American system of free enterprise, as opposed to government regimentation.

5. Reorganization of Texas Legislature by reducing House of Representatives from 150 to 93, three representatives from each of the 31 senatorial districts, same being designated as Places One, Two, and Three, so arranged as to equally represent each district.

6. Adequate, but not exorbitant salary for legislators, thus tending to reduce length of regular sessions and to decrease number of special sessions, and to give legislators something over the expense of attending. This would make the members independent of gratuities of well-meaning friends and free them from obligations thus incurred.

7. Four-year terms for all elective offices, both state and county, reducing expenses of elections and increasing services of public officials.

He irrevocably opposes:

1. Any form of state control of our underground water resources. If, and only when, any control should appear advisable that it be under districts governed locally by elected representatives, subject only to such advice and information as may be necessary or desirable from the State Board of Water Engineers.

2. Any new or higher taxes and deficit financing, except in cases of dire necessity. Strict pay-as-you-go state fiscal policy and building up in good times a cash reserve to serve as a cushion in leaner years.

3. Unnecessary governmental interference in private business and agriculture—"more business in government and less government in business."

4. Government by special blocks or by pressure groups.

I have and will make no commitments to any one and will pass on legislative matters as they arise and on the basis of public welfare.

"It will be impossible for me to see every voter in the district," Jennings said, "and I will appreciate efforts of those who endorse my platform and me, as a man, to tell their neighbors about me and what I stand for."

Jackie Bass, who is training for Navy duty at the university at Georgetown, spent a short furlough here visiting his parents Mr. and Mrs. E. M. Bass.

Mr. and Mrs. M. E. Loving came in last week from Dallas where they have been for several months while he was under treatment of a doctor.

Mr. and Mrs. Norman Gipson and children are here this week from Ballinger, visiting relatives and friends and attending the meeting at the Church of Christ.

Milk Production Rules

Continued from Page One
cleanible shape, joints soldered flush and no woven wire strainers shall be used. Only regulation cream and milk cans may be used for cream and milk.
G. All milk containers and utensils shall be thoroughly cleaned after each usage and shall, immediately prior to use, be treated with a chlorine solution of at least 200 ppm or other approved bactericidal treatment.
H. Only filter type strainers equipped with sterilized, single service pads shall be used. All equipment and utensils must be stored in the milk room, inverted on a rack where practicable and pro-

ected from contamination.
I. Milk must be cooled immediately to a temperature of 70 degrees Fahrenheit or less and maintained at or below that temperature until delivered to the receiving station or milk products plant or if it reaches the plant at a temperature of over 70 degrees Fahrenheit must have an acidity of not more than 0.20% expressed as lactic acid. Sanitary cooling facilities shall be provided on each producing farm.
J. (Applies to cream only) In the case of cream produced on the farm for delivery to the cream buying station or milk products plant, the cream shall be separated from the milk immediately after the completion of milking and

shall then be cooled to and maintained at a temperature of not over 75 degrees Fahrenheit until delivered to the cream buying station or milk products plant. A sanitary method of cooling shall be provided on each producing farm. Do not mix warm cream and cold cream.
K. Sanitary toilet facilities of a type approved by the State Health Department shall be provided convenient to the milking barn and toilets which are not sanitary in design and operation shall be eliminated.
Storage of milk and cream shall be in a protected place until time of delivery.
Note—The milk shall be delivered daily to the receiving station or milk products plant. All cream shall be delivered at intervals not to exceed four days to the cream buying station or milk products plant.

SOLDIERS EAT MORE
Six and a half billion pounds of food—enough to feed Chicago, Detroit, Philadelphia and Boston for a year—will be saved in the change over of 13,000,000 men and women from the armed forces to civilian life. This estimate by A. E. Anderson, acting head of the Great Atlantic and Pacific Tea Company's central laboratory, is based on the fact that a soldier consumes a full ton of food a year while, in comparatively sedentary civilian routine, the same individual's annual ration is 1,500 pounds. Minus the rigors of war, even the peacetime soldier requires less food than the wartime trainee.

DINNER PARTY
An Easter dinner was served at the home of Mr. and Mrs. Albert Hunter. The guests were Mr. and Mrs. Horace Hunter, Mr. and Mrs. Roy Hunter and Edmond, Mr. and Mrs. Cecil Price and children of Quitaque, Miss Clina Arnold of Silverton and Mrs. Emma Burgess of Quitaque. The children enjoyed an egg hunt.

Joe Bedwell and Gus Gibson went fishing Sunday at Lake Childress, returning home Monday bringing about 40 pounds of fish with them. Mrs. Joe Bedwell, L. A. Broxson and family and Gus, Jr., Gibson went with them Sunday, but returned home that evening—without no fish. Evidently the fish took Sunday off and did no biting until Monday.

NOTICE TO OUR CUSTOMERS—and others.—We will not be open on Saturdays through the summer months, until Oct. 1. We will appreciate your cooperation. Quitaque Laundry, Mr. and Mrs. Ira Graham. 14-3

Only one state has been named after a President, Washington.

WTSC TO HONOR WAR DEAD WITH CEREMONY ON MAY 5
Canyon—Preparations for honoring West Texas State's World War II dead on May 5 are nearing completion.

President J. A. Hill has stressed that everyone will be privileged to attend this memorial service. A suitable program has been arranged. Dr. R. Thompson of Amarillo will deliver the memorial address. Dr. Hill will present engraved memorial statements to parents or next of kin of the ex-students who died in military service.

Dr. Hill has issued a last call for names of the College's war dead.
Lt. Henry Gardiner who is stationed at the Naval hospital at Fort Worth and his wife and small daughter and Mr. and Mrs. Barney Bogan of Stillwater, Okla., where Barney is attending Okla. A. & M., were here for an Easter visit in the home of Mr. and Mrs. H. G. Gardiner and with Barney's father S. T. Bogan and family.

Results Count...
IN THE CATTLE BUSINESS, same as anywhere else—a ranchman may have a wonderful-looking bunch of cows and good-looking bulls. If they do not nick, the results are apparent both in the show ring and in commercial auction sales. That is, even with good pasture, chemicals, water and feed, it takes proper handling and management.
The same conditions apply to the electric business. Miles of well-constructed transmission lines, neatly-kept substations and impressive generating stations do not complete the service of an electric company to its community. It takes folks seasoned in the "know how" of their business to render proper service and steeped in the customs of this section to sell this section's advantages to the nation.
Employees of this company are proud of their West Texas ancestry, and of their part in rendering, in addition to electric service, community service worthy of this great section.

SUMMERIZE
YOUR CAR Now FOR
SUMMER DRIVING
Winter oils and greases won't do the job when summer heat comes steaming down. They should be replaced with the correct types and grades of fresh summer MOBIL OILS and MOBIL GREASES. Engine . . . Gears . . . Chassis . . . Radiator . . . all should be checked and put in proper condition for summer driving. That is what Magnolia SUMMERIZE SERVICE means . . . a seasonal preventive maintenance service, exclusive with your Friendly Magnolia Dealer. It assures smoother, more economical operation in the new MOBIL GAS. Get this protection against the damages of summer heat today!
THE SEASONAL SERVICE ALL CARS NEED
ENGINE—Dirty, thinned winter oil drained and replaced with the proper grade of the new detergent MOBIL OIL that cleans as it lubricates . . . a war-proved oil that resists thinning under high heat, and offers amazing new cleaning properties for valves, rings, pistons and bearings. Gives you a MOBIL OIL CLEAN Engine that is smoother running and more efficient, with new gas and oil economy.
GEARS—Dirty oils drained from transmission and differential and replaced with fresh, tough MOBIL OIL GEAR OILS of the types and grades to fit the make and model of your car.
RADIATOR—Cleaned with MOBIL RADIATOR FLUSH. MOBIL HYDRO-TONE added to keep the cooling system clean and safe from rust and scale.
CHASSIS—Complete Mobil-lubrication of all vital parts, for protection against friction and wear.

GASOLINE NEWS

EASTER SCHOOL PROGRAM

Easter program was given at school house Friday afternoon. Number of parents were present the close of the days work, and Mrs. Lewis served cold drinks to all.

After the program, all went to creek to enjoy an Easter egg hunt, and a tired but happy crowd returned home in the evening.

ANNUAL EASTER PICNIC

at the Gasoline community had

WHY BE FAT?

Get plenty yet lose weight with delicious candy reducing plan. Have a more slender, graceful figure. No exercising. No laxatives. No drugs. With the simple AYDS Vitamin Candy Reducing Plan you don't cut out any meals, starches, potatoes, meats or butter, you simply cut them down. Easier when you enjoy delicious vitamin fortified AYDS candy as directed. Absolutely harmless.

In clinical tests conducted by medical doctors, more than 100 persons lost 14 to 18 lbs. average in a few weeks with AYDS Vitamin Candy Reducing Plan.

30-day supply of AYDS only \$2.25. If not delighted with results, MONEY BACK on first box. Please

BURGESS PHARMACY

their annual Easter gathering Sunday at Little Red, north of Quitaque. A huge crowd was present, visitors from a wide area joining the Gasoline families for the day.

After the good dinner, the afternoon was spent kodaking, playing games, including ball games, and the older ladies pitching some horseshoes, and visiting.

The younger ones enjoyed an egg hunt, and everyone had a big time.

A birthday dinner Easter Sunday in the home of Mr. and Mrs. Tom Buckalew honored three birthdays, Mr. and Mrs. Buckalew's and his sister Miss Dorothy Jean Buckalew's. Others enjoying a visit and dinner with them were Mr. and Mrs. Vernon Cagle and children, Mr. and Mrs. Lee Stidham and children, Mr. and Mrs. J. M. Bucelew and children, Grafton Shesley and family, Joyce and Rex Tiffin.

John Rogers made a business trip to Silvertown Monday.

Mr. and Mrs. Lester Monk and children drove to Childress Tuesday evening to meet Mr. Monk

who returned home from a visit at Wills Point.

Mr. and Mrs. Ernest Morrison returned Ina Ruth and Lela Faye Morrison and Virginia Byrd back to school at Lubbock Monday morning. Mrs. Ralph Carter and Mozelle accompanied them, the latter going to have her glasses changed.

Mr. and Mrs. Rudy Kimbell and children, Misses Edna Murray Tiffin and Delia Purdy were down from Pampa and Borger to spend Easter with relatives.

Mr. and Mrs. Roy Winton and children were visitors here Easter Sunday from Paducah.

Mrs. Pearl Russell and daughter Bettie of Texas City, Mo., Mrs. Gilkeyson and sons Herman and Homer of Silvertown were visitors in Mrs. Bettie Brummett's home Thursday.

Archie Dockery spent last week in Wynnewood, Okla., with his mother and other relatives.

Mrs. R. B. Finney of Davidson, Okla., and daughter Miss Connie Finney of Anadarko, Okla., came over Sunday to visit their son and brother H. B. Finney and family.

Mrs. J. L. Tracy spent the week end with Mrs. Bettie Brummett.

Mrs. H. B. Finney, Mrs. Robert Patrick and Mrs. Dorman Lewis were hostesses Friday afternoon at a pink and blue shower honoring Mrs. Tom Buckalew, in the home of Mrs. Finney. Games were played, first prize going to Mrs. W. E. Helms and Mrs. John King and Mrs. Ralph Carter tying for second. A nice visit was enjoyed by all present, and delicious refreshments were served.

Mrs. Harvey Williamson and girls and Mrs. S. M. Purdy are visiting relatives at Borger this week.

Miss Coleen Rogers from Tech spent the Easter holidays with her parents.

Mrs. Iva Matthews and son Aubrey of Amarillo were week end visitors. Miss Iva Belle who had been visiting with friends here returned home with them Sunday evening.

Mr. and Mrs. Boone McCracken spent Wednesday on the Plains, visiting at Kress, Plainview and Lockney.

Sid, Jr., and Billy Joe McFall spent the week end at the Oxbow ranch and Antelope Flat.

Mr. and Mrs. Clyde Bedwell and children of Matador spent Easter with the L. J. Bedwells.

Mr. and Mrs. Smith Purdy had several of their children home to spend Easter with them.

Eight stars comprise the Great Dipper.

FLOMOT NEWS

Installation of an electric water pump at the Flomot cemetery was completed Wednesday. These deep well water systems are simple and economically operated and a number of them have been installed in this area. Pierce White had the first one in operation here and he has been in charge of the installation at Flomot. Leron Brunson recently installed one on his place east of Quitaque.

The senior boys went on a fishing trip Friday at the lake near Quanah. They caught about 45 pounds. Red Moss sponsored the trip.

E. G. Hines, White Star bus driver, took the students and parents on his route to Carlsbad, N. M., last Friday. They reported a wonderful trip.

The senior class of the high school this year is composed of J. C. Moss, M. C. Jones, Ralph Jones, Billie Joe Clark, Cecil Reed, Barnell Washington, Herb Martin, Bonnie Turner, Delores Welch, Gloria Cagle, Melva Snow, Joy Tanner, Ima Nell Gunn. The class sponsor is Mrs. Stanley.

A program is planned to be given May 3, at the school auditorium the proceeds to go to the athletic fund. An auction sale will be held and you are asked to bring anything you'd like to donate to the sale. There will also be a cake walk and if you would like to donate a cake, the school will furnish part of the sugar. Also there will be a 42 tournament. Big time for everyone—plan to attend, May 3.

The Flomot Melody Maidens presented a program Tuesday night at the Methodist church, sponsored by the Womens Society of Christian Service. They were assisted by the B Choral Club which is composed of 28 members, mostly from the grade school with a few high school students. This was the first time the B Choral Club had appeared on a program. Miss Bernice Griffin is director of the Melody Maidens and Mrs. George D. Pepper is assistant director and pianist. There are twelve girls in this group.

W. R. Graves Is Buried Wednesday At Flomot

W. R. Graves, 70 years old, died suddenly about 6 o'clock Tuesday morning, April 23, of a heart attack, at his home seven miles south of Turkey.

Funeral services were held at 2:30 o'clock Wednesday afternoon at the First Methodist Church in Turkey with Rec. C. W. Parmenter, the pastor officiating. Interment was made in the Flomot cemetery beside a son.

Survivors include his wife and 14 children, nine of whom are by a previous marriage.

Mr. Graves was born in Memphis, Tenn., and while a child moved with his parents to Texas settling in Coryell county. In young manhood he moved to Estelline and conducted a blacksmith shop there for many years. He came to Turkey about 15 years ago.

He was a good man and friendly but one who kept his own counsel and very few people aside from his wife knew anything of his affairs.
