NUMBER 38

Cowmen Needed To Aid Livestock Shipments

The Brethren Service Committee needs 2,000 men to assign to UNRRA livestock ships. Men are needed who have an ability to handle cattle, and have an interest in helping other people.

Since June 1945 approximately 5,000 men have made these trips. They have been farmers, school teachers, writers, students, veterans, and conscientious objectors. They have come from all the states in the Union as well as Canada. While the ability to handle animals is important, the desire to personally do something in a positive constructive way to aid the world situation more than compensates. Men of good moral and ethical ideals who will conduct themselves in a manner which will be a tribute to their country and the program of which they are a part will be welcomed and respected by the people of Europe. It is felt by learning to know these people and understanding their problems that the "cowboys" will become more valuable citizens to the country and the world.

On June 29, 1945 the first livestock shipment was sent to Poland in the UNRRA rehabilitation program. Since that time approximately 185 trips have been made carrying horses, mules, and cattle. These animals were purchased by UNRRA representatives and shipped to the port towns of Portland, Maine; Baltimore, Maryland; Newport News, Virginia; Savannah, Georgia; New Orleans, Louisiana and Houston, Texas where they were prepared for shipment to Greece, Yugoslavia, Poland, Czechoslovakia and Italy.

The trips usually last from five to seven weeks though many are of shorter duration. The minimum age is 18 years. The pay is \$150.00 and maintenance while on ship. Expenses to and from the port city are borne by the "cowboy". Shipments will continue at least until the end of the year.

THE WEATHER TOO MUCH OF IT

This area has been "waterlogged" or something for a week, rain in big doses having fallen throughout the week end. Government gauges around Turkey measured six inches and over, John Sharp reporting that he had gauged 6.2 up to Monday. Bill Middleton reported 3.65 inches for the same period. Some rain has fallen since Monday but none of it was particularly needed at this time. It is fine for wheat and wheat sowing, but pretty rough on maturing cotton and grain sorghums.

A norther blew in Thursday at noon scooting the temperature toward the cellar, to register 50, and made wraps very comfortable. Also stoves.

Merle McMurtry, a cooperater in the San Jacinto Group, is constructing a trench silo to store part of his surplus feed this year. The silo is being constructed with farm tractor and rotary fresno scraper according to Mr. McMurtry.

Earl I. Cantwell was re-elected supervisor for sub-division three of the Cap Rock Soil Conservation District, according to Edwin Crass, election chairman. The election was held at the Francis school house on Wednesday, October 2. Mr. Cantwell is one of the five supervisors of the Cap Rock Soil Conservation District, being elected for a term of five years.

E. W. Scheid is constructing terraces on his farm three miles west of Quitaque. Terraces are of the large ridge type and are being constructed with a farm tractor with

Mrs. B. F. Aplin Is Buried Wednesday

Funeral services for Mrs. B. F. Aplin who died Tuesday, Oct. 8, were held Wednesday morning at 10:30 o'clock at the Turkey Church of Christ with Herbert Gipson of Amarillo officiating.

Burial was in Dreamland cemetery at Turkey under direction of Stewart Funeral Home.

Pallbearers were Roy Russell, Jimmy Nall, Drew Holcomb, Leon Lane, Floyd Gilmore and Joe Pinkerton.

Ara Belle Chadwell was born in Cooke county, Texas, on March 22, 1870 and passed away at 3 o'clock Tuesday afternoon, Oct. 8, at the home of her daughter, Mrs. W. G. Wedge, at the age of 76 years, 7 months and 14 days.

She was married March 24, 1889 to Benjamin F. Aplin at Rush Creek, Okla., and to this union seven children were born, one of whom died in infancy. Those surviving are Jerry F. Aplin, Fort Cobb, Okla.; Mrs. Flora Forsyth, Roswell, N. M.; Mrs. Hattie Wedge of Turkey with whom Mrs. Aplin made her home; Dow Aplin of Roswell, Mrs. Tina Beckham of Colony, Okla., and Mrs. Lillie Mae Wilson.

Also surviving are 28 grandchildren, six great grandchildren and a number of nephews and nieces, including Mr. and Mrs. Johnny Shaw of Plainview and Mrs. Rose Glover of Denison.

Mrs. Aplin was baptized into the Church of Christ in 1940 by Bro. Alva Johnson.

CHILD IS FATALLY BURNED WHEN CAN OF GAS IGNITES

The six year old son of Mr. and Mrs. M. W. (Shorty) Hartman, who live on the Burson ranch north of Quitaque, was fatally burned Tuesday morning about 11:30 o'clock at their home. He was taken to a Tulsa hospital where he died about 5:30 Wednesday morning.

Funeral services were held at 2 o'clock Wednesday afternoon and the little body was taken to Wellington for burial.

The parents were doing some cleaning and had sent the little fellow to a barrel for some gasoline. Returning, it was reported, the child passed a trash fire in the yard and attempted to throw some of the gasoline on the fire. The flames flashed back to the container which he was carrying, igniting the balance of the gasoline and enveloping the boy in flames.

The Hartmans have been living on the Burson Ranch about a year and a half, Johnny Burson stated, moving there from Clarendon, however their former home was at Wellington.

Mr. and Mrs. Ray Persons have returned from a visit with relatives in Hobbs, N. M., San Angelo and other points south.

EVERYDAY RELIGION

KINGDOM KEYS

By E. B. Thompson

Rev. E. D. Landreth spoke on the general theme "The Church" recently, and read the familiar text "I will give unto you the keys to the Kingdom, and whatsoever you shall bind on earth shall be bound in heaven, and whatsoever you shall loose on earth shall be loosed in heaven. The speaker did not follow the age old and bitterly controverted interpretation to the effect that Jesus in those words gave out temporal or even spiritual authority. In fact said he, "I cannot read the teachings of Jesus through and feature Him giving authority to anyone. His mark of greatness after all was humble service rather than overlord authority."

Then the speaker took from his pocket his car key and concluded his sermon with the purpose of the key. It was interesting! The key is older than we know. Its use in many forms has been long, long in existence. It does not denote authority quite so much as it spells power. Power to liberate, power to imprison. Power to bind and shackle, power to loosen and set free. The key is either the instrument of one of these forces, or the other. Its character is determined by its holder and user.

Jesus' Kingdom always brings liberty and freedom to lands where it is preached and lived. The heart in bondage to sin is unbound, the life fettered by fear and distrust is set at liberty to live in the glorious freedom of joy. And, these Kingdom values are timeless for they last into eternity. Their choices have eternal consequences. To refuse the message of liberation is to bind one's own life over into the judgements of these eternal values.

Christianity holds the golden key to love and life. It unlocks doors, lifts shutters, and removes the hanging draperies of dread and gloom from human life. It can shut out these same storms that would enter life to mar and destroy, making it secure and peaceful from within. And best of all, it is ours, yours and mine, for the Master has given it to us! "I will give unto you the keys of the Kingdom."

COMMUNITY CLUB SETS NEW MEETING NIGHTS

The Quitaque Community club met Tuesday night with an even dozen present. This was the first meeting on the new date set recently changing from the first and third Mondays to the second and fourth Tuesdays, to avoid conflict.

Nevertheless there was conflict Tuesday night, and members present voted to again change the meeting nights. This time it will be the second and fourth Monday nights of each month.

Commissioner Ray Persons discussed the constitutional amendment concerning road construction which is to be voted on in November, and also stated that contract on the Gasoline road would be let in the very near future.

Let's all turn out for the next meeting. It may not be a duty, but your presence could help.

HAS DISCHARGE FROM NAVY

J. R. Hinkle has received his discharge from the navy and is here with his wife and baby son who have been making their home here with her mother Mrs. Gertrude Matthews.

Henkle graduated from Lubbock high school and entered Naval service in July, 1942. Receiving boot training at San Diego, Cal., he went overseas in October, 1942.

He returned from overseas service in July, 1946 and received his discharge October 3 at Norfolk, Va. His rating was Signalman first class.

Mrs. J. J. Kaberna left Friday to return to her home in Chicago, Ill., leaving her father J. F. Wise, whom she came to be with during his illness, much improved. Mrs. Kaberna plans to return to Quitaque to visit her parents again at Christmas time.

GENE BERRY RECEIVES THE NAVAL CERTIFICATE OF AWARD

Recognition was received last week by Gene Berry for work which he did during the war. He received the Naval certificate of exceptional service and lapel emblem, together with a letter of congratulations from G. F. Hussey, Jr., Rear Admiral, U. S. Navy, chief of the Bureau of Ordnance.

Gene worked during the war years in the offices of Walter Dorwin Teague, industrial engineers, at Los Angeles, Cal., and through research and development he designed and perfected a rocket launcher. Gene was very pleased not only that his work had received recognition, but that it had been good. The rocket launcher, which he says was his "own baby" was used in the Philippine campaign, on Leyte.

The certificate of award is a beautifully engraved document on parchment and reads: "Ernest E. Berry: The congratulations of the Bureau of Ordnance are extended to you for outstanding performance in connection with the research and development of a rocket launcher", and is signed by Rear Admiral G. F. Hussey, Jr.

Mr. and Mrs. Marvin Reynolds and family and her mother Mrs. Summer have returned to Quitaque from Arizona where they spent the past month. They had intended to move out there and Marvin said there was plenty of work but no place at all to live.

Mr. and Mrs. Hayden Carter and children arrived this week from California where they lived for the past several years. They will make their home on a place near Kress which Mrs. Carter's parents Mr. and Mrs. George Lay recently bought.

Roy Cooper Rites Held Last Friday

Funeral services for Roy Cooper were held last Friday afternoon, Oct. 4, at the Turkey Methodist church of which he had been a member for many years. The service was conducted by Rev. A. V. Hendricks of Estelline assisted by Rev. C. W. Parmenter, pastor of the church.

Interment was in Dreamland cemetery under the direction of Stewart Funeral Home with Turkey Masonic lodge, assisted by Masons from Memphis, Quitaque, Silvertown, Matador and other lodges, conferring the graveside rites.

Pallbearers were Paul Meacham, Lawrence Hedrick, Fletcher Cowart, Carroll Edgar, Lewis Eudy, David Guest, John Adamson and Alga Turner.

Roy died of a heart attack last Wednesday, Oct. 2, while in the ambulance enroute to a hospital. He had been stricken a few hours earlier while at work at the farm southeast of Turkey.

Roy Ester Cooper was born January 27, 1887 in Bell county, Texas, the second child of David Lawrence Cooper and Adella Clark Cooper. He came to Hall county with his parents as a small child and had made his residence in the county since that time, living in the Estelline and Turkey communities.

Roy united with the Methodist church while a small boy and was a faithful, loyal worker in all church and community activities, serving in various official capacities. At the time of his passing he was teacher of the Ladies Bible Class, which he had taught for 17 years.

He was married Sept. 30, 1908 to Miss Vivian Eddins of Estelline, wedding taking place in the Methodist church there. To this union was born one son, Winfred, Cooper of Turkey.

Roy conducted a drug store at Estelline for four years, being in that business when married. He and his wife moved to Turkey in 1910 where he opened the town's first drug store which he conducted for nine years, then disposing of his drug store interests and moved to the present Cooper farm.

He later re-entered the drug business with J. R. Miller and was in and out of that line of endeavor three or four times, the last time being with Floyd Gilmore in the City Drug store for several years. He sold out to Gilmore in 1940 and devoted his full time to his farm, which he had converted into a certified seed breeding farm, and livestock dealing. He was a registered pharmacist and kept his license in effect until his death.

While living at Estelline, Roy joined the Masonic lodge at the age of 21. A year or two later he took the remainder of the Masonic work, receiving his 32nd degree at Fort Worth where he became a member of Moslah Shrine Temple. He loved Masonry and his church and was active in the work of both up to the time of his death.

He is survived by his wife, their son Winfred, two granddaughters, one grandson; four brothers: Luther of Fort Worth, Leo of Canyon, Lewis of Lubbock, Bill of Denton, and one sister Mrs. Glenn Thompson of Memphis, all of whom were present for the last rites, as well as many other out-of-town relatives and friends.

Roy was a good man, a good citizen, and this area suffered a distinct loss in his passing.

MR. MAYFIELD VERY ILL

J. W. Mayfield returned home Sunday after a stay in the Plainview sanitarium for treatment and a visit with his daughter Mrs. Lester Smith in Portales. Another daughter Mrs. Sam Ward and family who had been here visiting, left the first of the week to make their home in Arizona, but returned here Tuesday accompanied by Mrs. Smith because their father was not getting along as well as expected.

Kelsie and Buddy Mayfield of Meadow came in Wednesday to visit their father. They were accompanied by Bob Lee who also is working at Meadow and returned there Thursday on the bus.

DR. NEWTON ASSESSED TWO YEARS IN TRIAL AT TULIA

Tulia—A 64th district court jury Friday night found Dr. W. R. Newton guilty of assault with intent to murder Dr. Roy E. Hunt and assessed him two years in the state penitentiary.

The verdict was the result of three and one half hours of deliberation by the jury.

Judge C. D. Russell Saturday overruled a new trial motion for Dr. Newton.

Previously, the Cameron doctor had twice been tried, once in Lamb county and later in Hale county. He was given seven years as a result of the Lamb county trial. He appealed and the decision was reversed. His second trial resulted in a hung jury. Then came the change of venue to Swisher county, and Newton's third hearing got underway last Monday morning. Testimony began Tuesday noon after the completion of the jury.

The courtroom was filled to near capacity on the closing afternoon of the Cameron physician's third trial. The crowd listened in hushed expectancy as attorneys presented their arguments.

District Attorney Harold LaFont and his assistant, E. A. Bills, summarized the state's case for the jury. E. T. "Dusty" Miller of Amarillo and Dennis Zimmerman of Tulia presented the arguments for the defense.

Attorneys of Dr. Newton have once again appealed his case to the court of criminal appeals.

E. T. Miller, one of the defense attorneys, said this action followed the denial of a new trial motion by District Judge C. D. Russell.

Mrs. Ruth Newton, wife of Dr. Newton, also charged with assault with intent to murder, has not been brought to trial as yet.

FARM TRAINEESBACK ON ORIGINAL VA PLAN

The recent veterans administration interpretation of Public Law 679 which sharply reduced subsistence allowances to veterans enrolled in farm training has been rescinded, VA's Dallas Branch has been informed by the Administration's Washington Office.

"Farm trainees can now resume training under the original plan and with full subsistence payments", William T. Murphy, Director of education in the Dallas Branch advised.

"The order is retroactive to the date on which the much protested reduction interpretation went into effect. If a veteran has had a deduction made from his subsistence, VA will repay him. This is good news for some 7,500 veterans in Texas, Louisiana and Mississippi. It means they will get their full 65 and 90 dollars allowances from VA as they did in the past. The order rescinding the earlier interpretation has been wired to all VA Regional offices throughout the three states. We are instructing all regions to resume operations under the original full payment plan."

According to Eldon F. Fuller, Vocational Rehabilitation and Education Chief, of the Lubbock VA region office, this new ruling will materially effect approximately 1,000 West Texas veterans enrolled in County Vocational Education Schools.

SMALL TWISTERS VISIT TURKEY AREA LAST FRIDAY

A couple of small twistlers visited this area last Friday night about 9 o'clock, uprooting two trees at the home of Mr. and Mrs. Clarence Shackelford, three miles south of town. A couple of sheds or shacks were demolished, the wind blowing one into the house they occupied, severely damaging it. Clarence said the house bulged out at the sides and then sorta squatted. The twister also overturned their model A Ford, tore the top off and broke out most of the glass as well as springing the frame.

Another small twister struck at Abe Vinyard's place near Tampico and destroyed his barn, making kindling of it, Abe said.

Abe said he had lived out there several years with a good barn and no house, and since he finished his new home recently, said he now had a good house and no barn.

From where I sit... by Joe Marsh

Are Returning Veterans "Different"?

During the war you heard a lot about how hard it was going to be for returning veterans to get adjusted to civilian life... how they'd be "different."

Well, plenty of them have returned to our town, and a finer, steadier bunch you couldn't ask for. Most of them are back at the same jobs... going with the same nice home-town girls (getting married, some of them, and setting up families)... renewing the same old friendships.

Even their amusements are the

same. Nothing more exciting than fishing Seward's creek or pitching horseshoes... enjoying an outdoor barbecue with friendly wholesome beer and pleasant talk.

If they've changed at all it's in the direction of maturity and tolerance... tolerance for everything except dictators, and those who would destroy our democratic principles of live and let live. And from where I sit, that's another reason to be proud of them.

BIRTHDAY PARTY
A group of friends gathered at the Frank Gillespie home Monday night after church to celebrate Bill Wood's birthday.

Games of forty-two and dominoes were played and the birthday cake was served with hot chocolate to Miss Minnie Mae Roberson, Mr. and Mrs. C. T. Rucker, Jr., of Amarillo, Mr. and Mrs. Venus Gillespie, Mr. and Mrs. M. L. Roberson, Mr. and Mrs. Bill Woods, Mr. and Mrs. Frank Gillespie and Linda Kay.

Methodist WS of CS
Mrs. Dee Dodson was hostess Tuesday night to the Methodist WSCS which met in her home following evening services at the church.

Mrs. Venus Gillespie presented

the study. The hostess served refreshments of individual cherry pie topped with ice cream, and coffee.

Those present were a guest, Mrs. I. G. Grundy and the following members: Mmes. Frank and Venus Gillespie, Morris Wilson, Frank and Mort Hawkins, Bill Middleton, E. B. Thompson, Bill Woods, the hostess and Minnie Mae Roberson.

CANNING CENTER TO OPERATE ONLY THREE DAYS A WEEK

The Quitaque canning center continues to do a "land office business" reports the supervisor, Mrs. Kerr Hamilton. However the first rush is over and from now on canning at the center will be limited to three days a week, Mondays, Wednesday and Fridays.

Mrs. Hamilton requests that you notify her when you are ready to use the canning center, and make an appointment. If you will cooperate in this way, there will be less confusion and everything will run smoothly. If you will let Mrs. Hamilton know in advance when you have canning to do, she can arrange a schedule so there will be no conflicts and everyone will have ample time to do their work without rush and confusion.

Remember the days the center will operate and contact Mrs. Hamilton for appointment.

BITE OF BLACK WIDOW SPIDER CAUSES SERIOUS ILLNESS

Rog Arnold returned Saturday from the veterans hospital at Amarillo where he received treatment for two weeks for a spider bite from which he has now recovered.

Rog was bitten on the leg by a black widow spider about three weeks ago and within a week the whole leg was swollen and the poison had spread all through his system, turning him the color of a beet—or an Indian. The area around the wound had turned a deep black. Dr. Garner advised him to go to the hospital and physicians at the institution told him been too late.

Rog said the leg had swollen nearly twice its natural size and that he was never sicker in his life.

Another case of spider bite was reported Wednesday from Matador. A citizen of that city was very sick in a hospital there, taking treatment for the bite of a black widow.

PIONEER FORCE TAKES SPECIAL TRAINING IN COSMETICS

Mrs. C. R. Badgett and Mrs. Laverne Lanham spent the day Wednesday in Amarillo where Laverne attended the school of instruction given yearly by trained instructors on the art of using and applying toilet articles to the various complexions, skins, etc.

This schooling, added to her two years of experience in the Pioneer Pharmacy will enable Laverne to help customers of the store a lot with their beauty problems. She is ready at all times to help you.

She is instructing Lela Faye Morrison, Billy Rae Hutcheson and

Evelyn Kimmell, of the Pioneer force, and they too, will soon be able to help you.

The Pioneer is carrying the largest stock of toilet articles they have ever carried and specializing on the nationally sold and known Cara Nome line, which is owned and sold exclusively by Rexall stores.

C. R. Badgett says, "I have sold and used Rexall items for 30 years and still swear by them. We will appreciate having you come to see us."

GIRL SCOUT NEWS

The Girl Scouts will meet at the school building Saturday afternoon at 4 o'clock provided the weather permits. If the weather is too bad, there will not be a meeting.

An interesting program of work is being mapped out for the girls and interest remains high. More adult helpers and leaders are needed as the number of Girl Scouts increases. Also a meeting place for the girls has become an acute need. At present they are meeting at the school, for which arrangements must be made each time in advance. Plans and programs are limited by the facilities available at the school house.

The Girl Scout movement is taking hold, and NOW is the time to keep up the interest and encourage the good work. If you are willing to help in any way, your assistance is needed and welcomed.

Special Announcement

The machinery at the Quitaque elevator is all set and the elevator is ready to receive grain. Our manager, Odell E. Setliff, is moving to Quitaque on October 15, and will be on hand for whatever business may develop, as we continue with minor work upon the building.

We have made arrangements with the Farmers Co-op. Gin Co. to use their truck scales this season. This kind of cooperation is appreciated.

It is our conviction that to have a thriving business it must be operated on a fair and equitable basis. We are in the business of buying and selling grain on a fair margin. It is our responsibility to sell your grain for as high a price as possible. Also we are here to buy your grain at any time you want to sell it, whether the market is up or down, whether the grain is of good or poor quality.

If you have grain to sell, we believe it will be to your interest to see us before selling—sometimes in the event of short supply, and good demand, the market fluctuates widely.

George A. Setliff

MOVING TO BURNET

Mr. and Mrs. M. E. McCoy left this week for Burnet, where they will make their home. McCoy owned and operated the OK Rubber Welding shop here, purchasing it about the first of the year from Rayford Owens who moved to Childress. McCoy is moving the shop to Burnet and will operate it there. Mrs. McCoy assisted Mrs. Vera Stell at her beauty shop and had a large number of customers and friends.

The McCoy's are a fine young couple and made many friends during their short residence here. We regret to lose them, but wish them success in their new home.

IN APPRECIATION

We wish to express our deep appreciation for the lovely flowers, the cheerful cards and other thoughtful acts of our friends and neighbors while Mrs. Gunn was in the Stanley hospital at Matador. We thank each of you sincerely.

Mr. and Mrs. B. W. Gunn
Mr. and Mrs. Raymond Gunn.

When the nurse told the anxious father that his wife had presented him with quintuplets he cried, "Oh, what have I done?"

Oh, Madame, be wary of cupid,
And listen to lines of this verse.
To let a fool kiss you is stupid,
To let a kiss fool you is worse.

CORRECT—Attest

J. T. Persons, John A. Johnson, Orlin Stark, Directors

REDDY KILOWATT'S five year war record stands out as one of the great industrial achievements of all time. During this period, more than eleven million kilowatts of generating machinery were installed and \$3,000,000,000 was spent for power stations, transmission lines and other facilities.

A total of 300,000,000 kilowatt hours of electric power was generated for war purposes, of which the business-managed, tax-paying electric companies supplied 83 1/3 per cent.

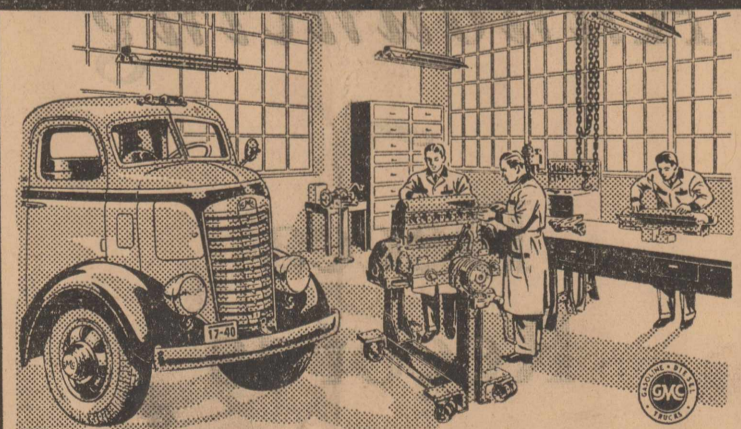

Revenue from the sale of power generated for war purposes amounted to \$2,350,000,000 and almost the same amount, \$2,194,000,000 was paid in direct federal taxes.

Oh, yes! During this five year period, price of electric services by business-managed electric companies was reduced by 11 per cent.

That's freedom of enterprise at work when all the cards are down.

SPORTS—FOOTBALL

Last Friday the Longhorns went to Silverton to play the Silverton Owls. That was the first game of the season for the Longhorn's of eleven-man football.

The Longhorns were defeated, but they are not discouraged and are planning on winning the rest of their games.

They went to Matador to scrimmage the Matadors a few weeks ago. They are gradually getting better fitted and are waiting for the game Oct. 25 with the Quitaque Panthers. Everyone is invited to come out and see this game. It will be on the Longhorn's football field at Flomot, beginning at 2:30 p. m.

BASKETBALL

Last Wednesday night a group of outsiders played the high school girls in basketball. When the game was over the outsiders were a few scores in the lead.

We are going to try to have a game every Tuesday night (except next Tuesday, because of six weeks tests). We would like to see a large crowd out next time. There is no charge, so come out folks and enjoy the games with the girls.

joy the games with the girls.

BUCKLE DOWN TO IT!

How do you diagram this sentence? or will you work this problem for me? are things very often asked by the members of the high school. It must be that they have decided to study as next week is six weeks' test week.

We find some of the boys wanting to ask that certain little girl for a date, then their subconscious mind tells them to study first, but do they mind their subconscious mind. Whether they own up to it or not to their parents and teachers is another side of the picture. Just wait until they take home that report card. We hear a rumor that its not going to be graded with As, Bs, Cs, Ds, or even Fs this year, but with our actual grades in number and that below seventy is failing. I am sure no one wants a failing grade—so how about studying kids! Why not let this be a studying motto "I know I can do it, and I'll buckle down to it, and Ill pass, pass, pass!"

SENIOR NEWS

The seniors have decided to have annuals made this year. We looked at several different ones. They were very nice.

We have decided to put off having our pictures made until January. We had to do this because most of the boys got their hair cut off.

SENIOR SNOOPER—

As we look back over the week end we see several seniors discussing he past.

Frank still can't get over it not being "Dove" season. My! But he has that Turkey fever.

Garland, how do you like red-heads.

Deax knows how to manage.

Isn't Nita a pal?

These muddy roads sure make it hard one love-sick fellows. How about it boys?

JUNIOR NEWS

Hello everybody this is the fifth week of school and say you kids are you very smart? No? Well you better get that way. Walter, we want to sit by you in geometry. And John how about that English? We're gonna have to do some hard studying between now and next week.

Barney, you better watch that Skinner stuff, it could get serious. Ava Nell was slightly disappointed Friday night, but we'll have another party some time. We all had a very nice time over at your house.

FRIDAY NIGHT GET-TOGETHER

Most of the high school boys and girls enjoyed a party over at Calvin's and Ava Nell's Friday night. We all were kinda tired, but still had a good time.

GOSSIP—Say, Martin, do you sank sh still loves you? You had better be careful, you're gonna two-time her once too often.

Walter Gunn, how do you like to play the games, we played—Knockin For Love for instance?

PEP SQUAD CHATTER

Here we are again from last Friday! Isn't it a wonder we survived that Silverton game! But we did and we're ready for the next game with who ever attempts to challenge the Flomot football club. We are hoping that the weather will be dry next time as our pep squad girls are planning on putting on a performance at the half.

SOPHOMORE GAB

The sophomore class is holding together at school in our studies, but it seems that some of the "young hearts" are wandering. Especially Betty Jo Slover. Say kid, who is the old heart flame down at Matador? What's wrong with Flomot, huh?

We find that Jack McGann is going to school at Flomot but his heart is still at Turkey.

Dannie—you're holding out on us. Who is this Georgia Martin?

FRESHMEN GAD-ABOUTS

When we say gad-about, we do mean gad-about. Why you should have seen Mabel Sue at the party Friday night! Boo Boo suddenly has the desire to go to Quitaque! Zelma Dean also was at the party Friday night. Boy, that party must have been something!

We are getting curious again. We'd like to know why Jack goes to Quitaque so much. Veda Mae tells us she would like to visit Tyler again. Punk, do you have a boy friend at Quitaque now? I hear you go over there every Saturday night.

Also Duanne seems mighty interested in Matador at times. Betty Jo, is it just a rumor that you are going to Matador regularly?

Charlotte will you be proud when a certain someone gets home from California? He'll be home in about two weeks. No wonder Tuffy likes to come to school on rainy days and only Tuffy in each class!

Edith Mae it might interest you to know that it pays to stay at home once in a while. Cecil runs around so much we can never tell where he goes. Interesting trips, eh Cecil

CARD OF THANKS

We take this means of thanking each and every one for their kind words and acts of sympathy and the beautiful floral offerings in the death of our loved one. May God bless each and every one is our prayer.

JUNIOR CLAPTRAP

The junior class is faced with their first problem this year, which is coming up next week—six weeks tests. Tad says "My mental dynamite hasn't got to circulating yet." We would like to introduce to you our favorite boy and girl for this week:

Sue Barrett, who is the favorite of all the ex-convicts of QHS is 5 feet, 4 1/2 inches tall, weighs 117, has brown hair, brown eyes; her favorite sport is basketball.

Earnest Harbee makes himself popular with all the red-haired girls; is 5 feet, 8 inches tall, weighs 156, has black hair, brown eyes, and his favorite sport is basketball.

We will bring to you the pastime of the juniors of 1946-47—Poss Hamilton, sitting in study hall gazing at all the beautiful girls.

Jean Thompson, arguing in English class.

Sue Barrett, Singing "You Have To Be a Football Hero to Get Along With Beautiful Girls."

Arthur Patrick, Playing professional football.

Earnest Barbee, Hiding from the red-headed senior girls.

Ima Lee Morris, Playing marbles with Proff in the gym.

Othelia Woodruff, Dunning people for library dues.

Tad Person, Trying to think of a quicker way to pass tes.s.

Betty Hamilton, Stays on the lookout for a '38 black Ford.

Betty Brunson, trying to figure out how old she is.

Tub Merrell, Waiting for the scales to top 300 pounds.

Rinky Holcomb, Trying to find a way to Turkey.

FRESHMAN BLAB-BLAB

Well, well, here five weeks have nearly gone by and we are just now getting started. The freshmen elected their class officers who are as follows:

President, Wayne White; vice president, Patsy Stark; secretary, Paulita McCracken; treasurer, Dean Purcell; reporters, Melba Jo Woods and W. S. Bull; social committee, Melba Woods, Don Lewis, Patsy Stark and W. S. Bull.

This is the first year this group

Notice, Patrons

Owing to the bad weather of recent days, we will have our laundry in operation Saturdays to help our friends and patrons get their laundry work done.

Quitaque Laundry

NOTICE

I will open the Magnolia Station at the foot of West Main street in Quitaque on Monday, October 14, where I will handle Magnolia products of all kinds—oils, gasolines, greases, etc. Will have repair parts, fix flats, and do everything to be expected about a filling station.

I will appreciate a part of your business and will try to give satisfactory service along with the satisfactory products that I sell. Come to see me.

Grady Tyler

Thanks and Goodbye

We are moving this week to Burnet, Texas, and before leaving we want to say a word of thanks for the excellent business we had while in Quitaque.

Your patronage of the OK Rubber Welding shop is sincerely appreciated and the business dealings have been very pleasant.

Mrs. McCoy also wishes to say a word of thanks to the customers and friends whom she served at Vera's Beauty Shop.
