NUMBER 43

Committee Elections In County To Be Held Soon

Farmers in Briscoe county will receive notices within the next few days about annual elections of community and county farmer-committee, R. M. Haverty, chairman of the county agricultural committee stated last week.

Each of the county's six farming communities will elect three committeemen and two alternates, as well as a delegate to the county convention where a three-man county committee will be elected.

Mr. Haverty said that approximately 800 farmers are eligible to vote in the elections this year. Eligible farmers are those who are participating in the 1946 Agricultural Conservation Program, or who have a contract with the Federal Crop Insurance Corporation. This includes owners, operators, tenants and sharecroppers on farms where the conservation program is being carried out. Because of the community property laws in Texas, the wife may vote if the husband is eligible whether he be landlord, tenant or sharecropper.

In announcing the election, Mr. Haverty urged that all farmers who are entitled to go to the polling places in the community and vote. Since the committeemen are responsible for developing, adapting, and administering national farm programs to meet local problems and needs it is important that the men elected really represent the choice of the majority of the farmers in the community.

NEW AGENCY FUNCTIONS IN PLACE OF FORMER FSA

Credit facilities and services formerly provided by the Farm Security Administration and the Emergency Crop and Feed Loan Division of Farm Credit Administration are available to eligible farmers through the Briscoe county office of the Farmers' Home Administration, Lester J. Cappelman, Texas State director of FHA has announced.

Mr. Cappelman also announced the designation of George F. L. Bishop, Briscoe county supervisor of the Farm Security Administration, as interim-supervisor-in-charge of the Briscoe county FHA office, at Silverton.

The Farmers' Home Administration, created by the 79th Congress, too over functions of FSA and ECFL effective Nov. 1. The new agency will make production and subsistence loans as well as loans for farm purchases. Facilities are available only to farmers who are unable to get the loans they need at interest rates not exceeding five percent from banks, cooperative lending agencies or other responsible sources in their communities.

The farm purchase loans made by the new agency are similar to those formerly made by the Farm Security Administration. Loans are made for 100 percent of the purchase price of family-type farms, plus needed improvements. Repayment is scheduled over a period of 40 years, and interest rate is 3 1/2 percent.

Operating credit extended by the Farmers' Home Administration under its production and subsistence loan program includes both annual loans and adjustment-type loans at five percent interest.

The adjustment-type credit is similar to the "rehabilitation" loans made by the FSA and is based on farm and home operating plans worked out by the borrower with the aid of FHA supervisors. It is accompanied by on-the-farm management assistance provided by FHA personnel. Loans may be repaid over a maximum period of five years.

The annual loans made by FHA are similar to the "feed and seed" loans made by the Emergency Crop and Feed Loan division of the Farm Credit Administration. Farm and home plans are not required as a basis for these loans, but they must be repaid within 12 months.

Veterans will be given preference in all phases of the Farmers' Home Administration program.

Rev. and Mrs. A. L. Shaw left the first of the week to attend the Baptist conference in session this week at Mineral Wells. They will visit in the A. L. Patterson home while there.

Methodist Pastors Are Appointed For 7 Months

At the recent session of the Northwest Texas conference of the Methodist Church held at Pampa, the ministers were appointed for seven months instead of the traditional year. The conference voted to change the meeting date and the end of the church year for the first week in June instead of the November date which has been the custom. This was done for the sake of the school children of the pastors' homes.

Few changes were made at this time, most of the pastors being returned to the same charges for the seven months' appointment.

Rev. C. W. Parmenter was returned to Turkey and Rev. E. B. Thompson was returned to Quitaque. However, Rev. E. D. Landreth who had served the Clarendon district, in which these two towns are located, was assigned District Superintendent of the Amarillo district. Rev. Landreth had been district superintendent of the Clarendon district two years. He is succeeded by Rev. T. M. Johnston of Sweetwater.

Other appointments of interest here are: Rev. U. S. Sherrill, returned to Dimmitt for his sixth year; Rev. E. L. Yeats to Seymour; Rev. A. V. Hendricks, Newlin-Hulver, supply; Frank M. Beauchamp, Dumas; M. G. Brotherton, Texhoma; C. R. Lemond, Olton; E. N. Goode, Whiteflat-Flomot.

Miss Ruth Logan Is Bride of James Brunson

Miss Ruth Logan, daughter of Mr. and Mrs. Henry Logan of Edgin community, and James Brunson, son of Mrs. G. E. Brunson of Quitaque, were married Friday evening Nov. 8 at 8 o'clock, at the home of the Baptist pastor at Quitaque. Rev. A. L. Shaw read the double ring ceremony.

Only attendants at the wedding were Miss Inetha Chandler and Pete Blankenship.

The bride wore a grey wool suit with black accessories. She is a graduate of the Flomot schools and for the past several months has been employed at the Queen Cafe at Quitaque.

Mr. Brunson received his naval discharge in October, 1945, at Shoemaker, Cal. He served three years in the Navy, as water tender 2nd class, aboard the transport USS Hermitage.

Since receiving his discharge, James has engaged in farming and the couple are making their home at his place east of Quitaque.

Newcomers

A son weighing six pounds, nine and a half ounces was born Wednesday about noon at a Lubbock hospital to Mr. and Mrs. Venus Gillespie. Mother and baby are doing fine. He was named Joe Mike, we think, but this is not authentic. We'll try to keep you Posted.

Mr. and Mrs. H. G. Gardiner left Sunday morning for Denton to greet their new granddaughter, Mary Carolyn, who was born Sunday about noon, at a Denton hospital to Mr. and Mrs. Harold Bogan. They returned home Monday evening. Mary Carolyn weighed seven pounds, fifteen and a half ounces, and she and her mother are doing nicely. She is the first child of Mr. and Mrs. Bogan, and the first grandchild for Postmaster Bogan. (Which explains the confused mail delivery Monday.)

Mr. and Mrs. M. E. Kimbell of Shamrock are the proud parents of a baby girl born November 7. The little lady who weighed five pounds was named Sue Ann. Both mother and baby are doing fine at the Errick Okla., hospital.

A son was born Wednesday, Nov. 6 to Mr. and Mrs. H. G. Tant. The boy was named Dwight Jerome and he and his mother are doing nicely.

Mr. and Mrs. Woodrow Cobb are the parents of a little girl born Saturday evening at a Matador hospital.

A son was born Wednesday night at Matador hospital to Mr. and Mrs. Joe King, which makes Mr. and Mrs. D. C. Duke very happy grandparents. Mrs. King is the former Miss Owayne Duck.

EVERYDAY RELIGION

DUSK

By E. B. Thompson

As a group of us drove westward from down State the other day we came into that period of the day just between sunset and darkness, when—as one of the men said—"It is too dark to be light and too light to be dark!" The lights did little good, and vision was distorted and unreal. According to highway records there are more accidents in this period of dusk than at any other time during the twenty four hours of the average day.

Not only days, but life in general has its dusk periods. Those times of twilight between sunset and the falling darkness, when vision is dimmed and judgement poor. Many things and many moods can cause these experiences. They are times for careful driving if you please, and careful planning.

The New Testament is a book of contrasts and extremes. Values are set sharply over against each other in an almost uncanny way! "He that is not for me is against me." "No man can serve two masters." "Outer darkness." "I would that ye were either cold or hot." These and many other such extreme expressions tell of the times in which Jesus and His followers lived—a time of extreme loyalties, extreme fears and dreads, and sharp contrasts. Men had a profound fear of the dark in those days. Four lights, and the utter blackness of the night after the days was spent, bade them seek early camp shelter.

You and I live in a different day and age. Ours is a scientific age—an age when we travel around the clock, and go about our work in shifts. A day when whole cities, and even vast stretches of highway are lighted. We no longer camp at sunset but drive on our way with headlights which were unthought of when the New Testament was written.

What then shall we do with this twilight period—this time when it is neither dark nor light, this time of uncertainty and poor vision, with its resultant poor judgment? That evening, we stopped, refreshed ourselves, and waited until the lights would shine brightly on the road. Many times that is the answer. "Be still and know that I am God." Make no major decisions when the spirit is low. Rest the mind, and refresh and encourage the soul until a time when the road ahead can be seen more plainly. Dusk is short, in a little while, you can go bravely and happily ahead, on a lighted and certain road.

Birthday Party Honors Mrs. B. J. Rhoderick

Mrs. James C. Rhoderick, Sr., held open house Sunday afternoon at her home, the Rhoderick Hotel, honoring her mother-in-law, Mrs. B. J. Rhoderick, on her 73rd birthday. Assisting the hostess were Mrs. J. W. Lyon, Jr., and Mrs. Bungy Rhoderick.

The lobby was beautifully decorated with autumn flowers and pot plants, denoting a green and pink color scheme. Shades were drawn and the soft light of the lamps added to the attractiveness of the scene.

Friends registered in a pretty guest book, and were ushered to the dining room, where refreshments were served. The table was covered with a pretty lace cloth and centered with a lovely floral arrangement of carnations and sweet peas, and pastel tapers. Mrs. Lyon and Mrs. Bungy Rhoderick presided at the refreshment table, serving individual cup cakes topped with the honoree's initials, and hot spiced tea.

Seventy-five friends called and presented Granny Rhoderick with birthday gifts and best wishes.

Mrs. Rhoderick had made her home in Amarillo for the past 23 years, moving to Quitaque in July of this year, to live with her daughter Mrs. J. W. Lyons, Sr., and family. She has many friends, here and in Amarillo, who extend their congratulations and best wishes for many more happy birthdays.

Mr. and Mrs. Lee Hawkins and Dorman Walker of Plainview came down last Thursday for a visit with Dorman's mother and brothers, Mrs. Willie Walker and Winfred Lee and Doyle. Mrs. Walker and the boys and Miss Frankie Hawkins went back to Plainview with them for a visit over the week end.

NOTICE TO SUBSCRIBERS

Many local subscriptions expire in November. Please check the date stamped on your paper beside your name.

Women of the Methodist church are again soliciting subscriptions and the first two weeks in November have been allotted their campaign. If you wish to place your renewal through them, please see them during this period, from Nov. 1 through 16.

We appreciate your cooperation and are always happy to have your renewals.

Baptist WMS

The Baptist WMS met Monday afternoon at the church for a Bible study, directed by Mrs. John A. Johnson. Six members were present.

The group will meet next Monday for Royal Service program, with Mrs. Roy Burgess in charge. Meeting time is at 4 o'clock and all the women of the church are cordially invited to attend.

Methodist WS of CS

Mrs. Mort Hawkins was hostess Tuesday night to the Methodist WSCS. The study was a discussion of the donation for the Week of Prayer and the work for which it is used.

The program was presented by Mrs. Frank Hawkins, Mrs. M. Kaufman, Mrs. Bill Middleton and Miss Minnie Mae Roberson.

Refreshments of sandwiches, cookies and tea were served to the members present and three guests. Mrs. Kaufman, Mrs. Loren Trout and Mrs. M. L. Roberson.

BIRTHDAY AT THE BRADLEYS

The J. T. Bradley home was the scene Sunday of a family reunion in connection with the birthday celebration for their son Jack Eradley. A delicious birthday dinner was served at noon, all of the children and grandchildren of Mr. and Mrs. Bradley being present for the occasion.

From out of town were Bill Bradley of Shafter, Cal., and Mr. and Mrs. W. A. Beard of San Angelo.

In the evening Mr. and Mrs. Jack Bradley and sons went to Silverton where they had a birthday supper at the home of her parents Mr. and Mrs. W. L. Messimer.

BRING HENS FOR ORPHANS HOME THIS WEEK, PLEASE

Please bring in this week the hens you wish to contribute to Buckner orphans home. Leave at Castleberry Produce. Bring all you can spare. They are needed greatly. It's a big problem to find meat for the 800 children in the home with prices as high as at present. Please bring them in as soon as possible, so the boxes can be shipped.

Mr. and Mrs. T. E. Long of Matador are here spending several days with their daughters Mrs. M. Baird and Mrs. Amos Persons and families.

Several Are Injured In Car Crash Sunday

Mrs. Haskell Cogburn received a fractured jaw Sunday afternoon about 3 o'clock as result of an automobile crash on the Buffalo Flat road two and a half miles east of Turkey. Alvin Ross received a severe cut above his right eye which needed some stitches, as well as head and body bruises, and Lota Cogburn received severe head injury and bruises.

Others figuring in the mishap were less seriously injured. Shorty Rorie had a knee badly bruised, Haskell Cogburn and Billy Joe McFall received minor cuts, scratches and bruises.

The cars involved were the Ford V-8 sedan of Mr. Rorie and the Ford Model A sedan of Haskell Cogburn, both of whom were driving. Cogburn was accompanied by his wife and his father Lota Cogburn, the latter living on the Rorie place. Rorie was accompanied by Alvin Ross and the McFall youth, son of Mr. and Mrs. Sid McFall of near Quitaque.

The crash occurred just off the curve, in front of Dock Conner's home on the Buffalo Flat road. The Cogburn vehicle had just rounded the corner traveling east when it met the Rorie car traveling west. Rorie had pulled into the shallow ditch on the side of the road to his right and the Cogburn vehicle did the same thing, crashing head on. Both cars were severely damaged.

Mrs. Haskell Cogburn, most seriously injured, was rendered unconscious. She was rushed to the Plainview sanitarium by Stewart ambulance where it was found that her jaw had been broken in two places. She was reported Wednesday to be doing as well as could be expected.

Haskell Cogburn and his wife formerly lived on the Rorie place but at present are living in Turkey.

LUTTRELL GIRL IN SERIOUS CONDITION FROM GUNSHOT

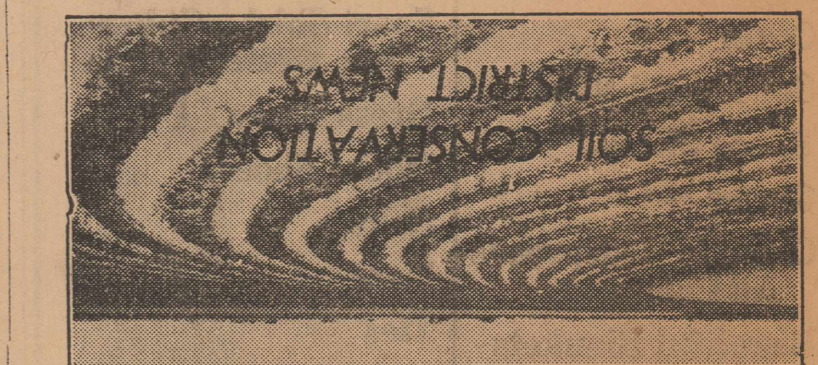

The little Luttrell girl who was shot with a .22 calibre rifle last Thursday is reported in serious condition at the Plainview sanitarium where she was taken immediately after the accident. She underwent an operation Tuesday afternoon at 2 o'clock.

The charge from a .22 long rifle shell entered her groin, passed through the bladder and intestines and emerged from the opposite hip, after passing through her body, it was reported.

The child's condition Wednesday was reported as grave.

SUPPORT OF COTTON

A congressional sub-committee, conducting meetings of cotton farmers in Texas last week, found them in favor of continued support of cotton at 92 1/2 percent of parity, continued controls, inclusion of farm labor costs in determining parity, expansion of soil control measures, expansion of one-crop parity program, a flexible minimum national acreage allotment law, and a limited national carry-over of four million bales.

W. E. Helms, a cooperator of the County Line conservation group who lives four miles southwest of Gasoline, made a seeding of Weeping Love Grass on his farm last spring. Due to the extended dry weather only a small area came up to a good stand. The grass has made excellent growth considering the limited amount of rainfall, according to Mr. Helms. The Weeping Love Grass seed for this planting was furnished to Mr. Helms by the supervisors of the Cap Rock Soil Conservation District for trial planting.

The Supervisors of the Cap Rock

Grain Products Plant Coming To Texas

Oct. 29—Corn Products Refining Company will build a \$10,000,000 plant in the Gulf Coast area of Texas to make starch and dextrose from milo maize, Morris Sayre, president, announced.

Sayre said the exact location has not been decided, but it would be in the vicinity of Houston or Corpus Christi. The plant is expected to be ready for the 1948 milo maize crop and will grind 20,000 bushels a day.

Corn products, under the supervision of the Department of Agriculture, has been working for several years to develop an efficient process for manufacturing starch and dextrose from the grain sorghum. Sayre said the products would cost no more than similar ones made from corn.

He added that the company hopes soon to develop a new process for the refining of crude oil from milo maize, and when this is accomplished will build an oil refining addition to the new plant.

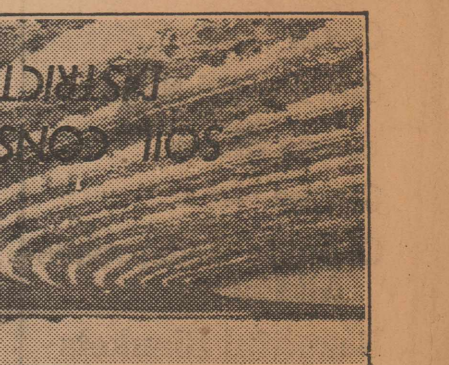

"Nothing that has happened in many years has received such a cordial reception by the grain trade, as well as Texas producers of grain sorghums, as did the news that the Corn Products Refining Co. of New York will start work immediately on a plant costing \$10,000,000 to process grain sorghums into starch, dextrose, syrup and by-products," G. E. Blewett, secretary-treasurer of the Texas Grain and Feed Dealers Association, said.

"For the past few years," Blewett said, "Texas has produced from 65 to 80 per cent of the total grain sorghum crop in the United States, and while this year's crop has not been completely harvested, it is felt that Texas will produce about 65 million bushels against a total U.S. crop of 102 million bushels. In 1944 Texas produced 96,700,000 bushels vs. a total U.S. 181,700,000. This is a big increase over a ten year average, and now with combines, it enables the producer to plant, cultivate and harvest the entire crop by machinery and permits him to handle from four to five times as much as he could by hand labor, and at a much lower cost. Furthermore, this combine type milo gives a much larger production per acre, thus showing the farmers a much better return per acre than most any other crop."

Blewett pointed out that many counties in Texas are now producing milo as a commercial crop and shipping the surplus, whereas 3 to 5 years ago they raised scarcely enough for their own use.

This processing plant, in his opinion, will tend to stabilize values and create a better demand for the grain sorghums, as well as produce valuable by-products for use in manufacture of mixed feeds for herds and flocks, and for many other purposes.

Mr. and Mrs. Pete Clark and Mrs. H. C. Kell made a trip last Thursday to Childress.

Soil Conservation District met in regular session on Friday, Nov. 8. Farmer-District Cooperative agreements were approved for the following: W. E. Morrison, 62 acres; H. B. Finney, 81 acres; Henry Finney, 100 acres; S. H. Kimbell, 213 acres; N. V. Hamilton, 178 acres; Joe Graham, 320 acres; W. B. King, 213 acres and A. L. Deavenport 1486 acres.

Applications for assistance from the Cap Rock Soil Conservation District were approved for the following: True Burson, L. J. Bellwell Estate, A. L. Deavenport, John Yates, Clorah A. Hamilton, J. T. Persons, C. T. Rucker, J. C. Hamilton and Carroll Garrison.

 "Where Most People Trade" Quitaque

What does it take to run a baby?

Plenty — and plenty of electricity, too. A hungry young citizen needs food — lots of it — often. That food needs preparation — refrigeration — reheating.

Baby needs hot water — lots of it — often. So does his wardrobe. And because Mother worries about germs, she boils practically everything but Baby himself.

Clocks must be dependable when there's a baby in the house. Lights must go on — quick — when he cries out in his sleep. Rooms must be kept warm — the list is endless.

Today's mothers are luckier than those of 20 years ago. With electricity ready at all times — in any quantity — to help with the household chores, mothers have more time to enjoy their youngsters. Never before has electricity done so many tasks for so little cost. Actually, the average family today gets twice as much electricity for its money as it did 20 years ago. Your friends and neighbors in this company — and your own increased usage — helped make that possible.

BURGESS PHARMACY

From where I sit... by Joe Marsh

How to Handle a Fortune

Some months ago I reported in the *Clarion* how Mel Bate's uncle died up north, and left him with a tidy fortune.

Naturally, our town was curious to see how Mel would spend it: Traveling around the world... getting a new house or car... wearing fancy clothes... or dining on cold pheasant and champagne...?

We can now report, Mel hasn't changed a bit! Drop in on him any night, and you'll find him in his shirt sleeves by the fire, chatting

with the Missus, sharing a mellow glass of beer with friends.

From where I sit, Mel has learned the art of handling money — as well as handling people. You don't let cash-in-the-bank push you around any more than you let people push you around. If you like the simple, homey life; companionship and quiet ways; a glass of beer and friendly talk — that's worth a fortune, after all!

Joe Marsh

Visitors the past week in the Joe Woodruff home were Mr. and Mrs. A. C. Woodruff, Mr. and Mrs. W. W. Woodruff and sons Chester Woodruff and Miss Mary Lynn Woodruff. They returned Saturday to their

home in Nashville, Ark. Bill Woodruff who had been visiting here for the past month returned home with them.

Mr. and Mrs. Kerr Hamilton and Charlie Carpenter and family returned Tuesday from New Mexico where they had been visiting relatives and deer hunting at Capitan. They brought back two deer, a nine point and a ten point buck. Kerr said he shot his deer on the 11th hour of the 11th day of the 11th month. They visited the Ray Carpenters at Alamogordo.

Mrs. Elmer Terry and son and Bob Lee of Lubbock, Will Lee of Gainesville, and Mr. and Mrs. Elliott Lee of Perryton were here for the holiday week end with their parents Mr. and Mrs. F. T. Lee. Another brother, John McClendon and family surprised his parents and other relatives by driving in from Texas City for a week end visit.

Otis Purcell and Leon Elliott returned the first of the week from Durango, Colo. They made a business trip out there and planned to hunt deer on the side, but the severe snow storm which covered Colorado last week, caught them, and sent them scurrying back to Texas. (Last time Otis went deer hunting, a bear chased him. He's gone again and this time intends to bring home the venison.)

sale of "set aside" electrical appliances, offered exclusively to veterans of World War II.

Many of the veterans had held certificates for several months awaiting the declaration of certain critically short supply items by the armed forces as being surplus to their needs so that WAA might offer them for sale.

Merrell secured a walk-in-type refrigerator for \$279.80.

All awards were made on the basis of the oldest dates certificate submitted by veterans for each of the items offered in a catalog and orders were sent in by mail.

FRESH SHIPMENT of Pangburns Candy received this week. Hurry if you want any, it goes quick—Burgess Pharmacy, Phone 1.

WOLF CHASE ENDS IN TREEING COYOTE

A group of men from Turkey enjoyed a wild wolf chase last Tuesday, Nov. 5, at Wind River, close to the breaks.

The party was composed of Keno Wilson, Jess Mullin, Dean Lane,

Jess Browning, Travis Lyles and Jeff Lyles.

They reported that they hunted all day with nine hounds and saw no wolves but chased a very frightened coyote up a mesquite tree. Sounds unbelievable, but it's true—they said.

They had quite a time with the treed coyote, and after awhile Jess Mullin succeeded in scaring the critter down. It took off in a fast run and got away before any of them were able to shoot.

YOUR THANKSGIVING TURKEY

Will Be

More Tender... More Delicious

When Baked In A

CP GAS RANGE

MORE tender and more delicious because only in the fresh-air oven of a Live-Flame Gas Range, with CONTROLLED and sustained low temperature, do you get finest baking results. Not only will the turkey be uniformly done throughout, tender and juicy, but with low temperature, so easily and accurately maintained, you have minimum shrinkage. Nothing equals GAS for superb baking

THANKSGIVING FESTIVAL

Plans are progressing for the annual community Thanksgiving affair which will be held at the community house. A play has been chosen and will be presented along with other entertainment. Included in the cast of the play will be several "old-timers" who are popular stars in the community. Gene Chandler is director of the play.

There will be no admission charge to see the play, but at this time there will be a cake walk, grab box, bingo, pop corn and soda pop, and other features for which there will be charges, the funds raised from these to be used to defray the expenses of the Christmas tree to be held for the children of the community. There are usually more than 100 sacks filled for the children each Christmas, and this year the expenses of the Christmas entertainment are expected to be higher than ever.

However, a grand time is planned for Thanksgiving night, and a large crowd is expected to attend.

BUSY BEE CLUB

Mrs. Glynn Morrison was hostess November 1 to the Busy Bee Club, eleven being present. The afternoon was spent crocheting, piecing quilts, and doing other handwork.

Refreshments of fruit salad, cookies and punch were served.

The group will meet Friday, Nov. 15 with Mrs. Sid McFall. At this meeting names of "Pollyanna friends" will be revealed.

Mr. and Mrs. Clifton McKensie and children of Modesto, Cal., and Mrs. Ella Parker of Phoenix, Ariz., spent Monday with Mrs. Boone McCracken and family.

Frank Buckelew returned Saturday from a trip to East Texas.

Mr. and Mrs. Ordis Chandler and children of Amarillo, Mr. and Mrs. Otho Meacham, Mr. and Mrs. Duncan Chandler and children of Turkey, Mr. and Mrs. Leon McCracken were dinner guests Sunday of the Eugene Chandlers.

Alonzo Rogers of Fort Worth visited last week in the home of Mrs. Bettie Brummett.

Dinner guests Sunday of Mr. and Mrs. John King and children were Mr. and Mrs. Reid Bethel and son of Lamesa, Mr. and Mrs. Jean Grundy and children, Mr. and Mrs. Lawrence Bedwell and son. On Monday the families spent the day in the Lawrence Bedwell home.

Dinner guests Sunday in the home of Mr. and Mrs. Hubert Setliff were Mr. and Mrs. Oren Babb and children of Eldorado, Okla., Mr. and Mrs. G. W. Setliff and Arville, Mr. and Mrs. S. A. Sterling, Mrs. Gene O'Hara, Mr. and Mrs. George Setliff and boys, all of Turkey, Mr. and Mrs. Odell Setliff and son of Quitauque.

Mr. and Mrs. Hayden Carter and children, Mr. and Mrs. W. J. Carter and Mozelle were dinner guests Sunday of the H. B. Finneys.

Mr. and Mrs. Boone McCracken and children spent Sunday in Quitauque with friends.

Mr. and Mrs. Ralph Carter and Melvin spent Sunday with friends on the Plains.

Miss Iva Belle Matthews of Amarillo spent the week end here with friends.

Mrs. Hamner of Childress spent Sunday with her son Heburn and family. Two brothers from Childress and a sister from Dallas also visited in the home.

Mr. and Mrs. W. O. McFall and Mrs. W. P. Hawkins of Quitauque spent Sunday in the Sid McFall home.

Leon McCracken, Jr. was home for a week end visit from WTSC, at Canyon.

Dan and Elbert Johnson of Willow, Okla., visited over the week end in the home of their cousin Mrs. W. E. Helms and family. Dan Johnson has just received his discharge from military service. Elbert is remaining with the Helms to help through the harvest.

KENT HOMEMAKING CLUB

The Kent Homemaking Club met in the home of Mrs. H. K. Carpenter on October 29. The afternoon was spent in piecing quilts.

There were eight members present and two visitors, Patsy and Jimmie Lee Carpenter. Refreshment of cheese sandwiches, cheese crackers, cookies, cocoa and coffee, were served.

The president, Mrs. Chas. Gowin presided over the business meet-

ing. The club voted to change the meeting day to Friday. The next meeting will be on Friday, Nov. 29, in the home of Mrs. Charlie Carpenter.

All members are urged to be present at the next meeting. Visitors are always welcome.

Members are urged to bring something that they have made recently to the next meeting. Remember the date Nov. 22.

He: "If I had a million dollars, do you know where I'd be today?"
She: "We'd be on our honeymoon."

APPLE STORY—CONTINUED

Mr. and Mrs. George Tibbetts and children came in over the week end for a visit with his parents Mr. and Mrs. E. W. Tibbetts and other relatives here—and to sing the praises of their new home in Durango, Colo.

They had their first experience this fall of harvesting a fruit crop, which this year was very good. Mrs. Tibbetts says they grow practically everything they eat in their own garden and orchard, and they as well as their neighbors grow more than they can take care of in the way of food. She said she worked frantically to can and store and preserve all she could, but production got ahead of her and she was distressed at the stuff that went to waste.

We appreciate being remembered with a jug of apple cider (the "kickless variety") which is pressed from the apples not suitable for other use. It is a most delicious drink, and the Tibbetts say it is served at every occasion in their little valley, where a cold drink is used.

BIRTHDAY DINNER

Two birthdays were celebrated Sunday in the W. F. Brittain home, Mrs. Brittain's and Mrs. Glen Downs'. Mr. and Mrs. Downs and daughter Glenna Rae of Panhandle were here for the week end, returning home Monday, and Mr. and Mrs. Pat Brittain were here for the day Sunday from Turkey. A delicious dinner of baked hen and ham and other good things was the highlight of the day, in the way of celebrating the birthdays.

Rev. and Mrs. R. E. Harrison of Burnett were here over the week

The Army Ground Forces offers you A NEW LIFE OUT THERE

Look toward Korea and Japan! A thrilling new job and a new life—with interesting work, sports, entertainment and travel opportunities—can be had for the asking by qualified young men who volunteer for the 1st Cavalry, 11th Airborne, 6th, 7th, 24th or 25th Infantry Divisions.

What an opportunity... what a job! Training in one of these crack units will stand you in good stead wherever you go. Study a foreign language. Learn the fascinating details of Military Government—so vital to future peace and prosperity.

Japan's "Isles of Pines" are but a sample of the attractions of an Army career in the Far East. The Army has reopened comfortable hotels, theaters, swimming pools, tennis clubs, golf courses, ball parks. These—familiar haunts of pre-war tourists—and many new developments—provide a broad choice of recreation.

Not everyone can measure up to this job. Only 3-year enlistees who meet prescribed physical and mental standards can enjoy the benefits of such a job. High overseas pay, good food and lodging and a generous retirement plan make your future in the Army Ground Forces too good to miss! See your nearest Army Recruiting Officer for full details.

* Listen to: "Sound Off," "Warriors of Peace," "Voice of the Army," "Proudly We Hall," and Major Football Broadcasts on your radio.
