Subscriptions Due For Cemetery Association

Subscriptions to the Quitaque Cemetery Association, and renewal of memberships to the organization are now due, and are needed to close up his year's work and plan for next year. Mrs. P. P. Rumph is secretary-treasurer of the association, and since she is moving, she is very anxious to get her books in order, and closed for this year. You are urged to attend promptly to the payment of your dues.

Following is a list of those who have turned in their renewals to the secretary:

Three dollar memberships—Mrs. W. C. Everart, L. A. Broxson, Mrs. J. N. Hamilton, South Plains Monument Co., Mrs. O. C. Love, Mrs. E. G. Rice, Otis Purcell, Alton Johnson, Mrs. L. J. Bedwell, Mrs. Frank Gillespie, Mrs. Euna Bradshaw, Mrs. E. D. Barnes, Fortuna, Cal., J. H. Boggs, Mrs. Walter Kelly, Mrs. Gladys Wise, Mrs. Mort Hawkins, C. R. Badgett, Paul Hamilton, Mrs. Bessie Frier, Lovington, N. M., Miss Lizzie Gregg, Minnie Mae Roberson, Sid Bogan, Noman Hamilton, Mrs. Carl Vaughan, Mrs. Zack Collier, Jr., Amarillo, Mrs. A. L. Patterson, S. A. Neill, Mrs. C. B. Lewis, Mrs. R. L. Vinyard, Mrs. Carrie Jago, Mrs. Thomas Dawson, Pascagoula, Miss.

Six dollar memberships listed are: Mr. and Mrs. P. P. Rumph, Mr. and Mrs. J. G. Gowin, Wynona, Okla., Mr. and Mrs. E. J. Hamilton, Mr. and Mrs. I. G. Grundy, Mr. and Mrs. G. H. Currie, Mr. and Mrs. Orin Stark, Mr. and Mrs. John A. Johnson, Mr. and Mrs. M. L. Robinson, Mr. and Mrs. John Vaughan, Mr. and Mrs. R. L. Brunson. Miss Jane Hughes \$15.00.

Mrs. Bill Middleton and Mrs. Ray Persons spent Friday in Amarillo.

Christmas lights to glow in Quitaque.

At the meeting Monday night of the Quitaque Community Club, all of the time devoted to the business session was consumed in discussion of Christmas lights for the business section, their erection, the cost, etc.

After settling the matter three or four times it was finally decided at the last moment to turn the matter over to Bill Middleton with instructions to hire men to do the job under his direction or supervision.

The lights are to be erected as early as possible, provided the globes and material are available, and will be turned on about Dec. 14, to burn until after Christmas, giving the festive spirit to two Saturday nights during the holiday shopping season.

It has been five years since the lights were used, due to the war, and various conservation measures, and to have the vari-colored canopy again over the principal part of Main street will lend a Yuletide enchantment not possible by other means.

The plan includes a large lighted Christmas tree in the center of the intersection between the First National Bank and City Grocery.

TONI TANNAHILL

A daughter weighing seven pounds and four ounces was born Tuesday evening at 6:20 to Mr. and Mrs. Robert L. Tannahill at the Stanley hospital in Matador. The young lady has been named Toni. Mother and babe are doing nicely. Mrs. Tannahill is the former Miss Jane Scott, daughter of Mr. and Mrs. W. R. Scott.

Miss Snow Chandler spent the first of the week visiting relatives in Lubbock.

EVERYDAY RELIGION

ELEVEN-TALENT PEOPLE

By E. B. Thompson

In Jesus' familiar parable of the talents, the man who was entrusted with five shares of the Master's money and returned to the auditing with ten shares, was then given the one share which had not been used by its trustee. This was more, it seems to me, than receiving value. It was obtaining additional responsibility. Because this man had shown enterprise and thrift in the use of the owner's possessions, he not only received praise, but was given even greater burdens and opportunities.

Jesus used this principle in His story, because He knew that it was an unfulfilling law of life; "To him that hath shall be given and from him that hath not shall be taken away, even that which he hath." So, to fail to use our God-given powers is to lose them, and some stronger hand and braver spirit will take them over to bring a return to the Lord of Life.

Every church-lodge—and community project has on its rolls those who through selfishness and fear, bury their talents, and fail to carry through on their rightful share of the common load. Then it is that some already burdened and busy person, who has made his return of accomplishment, is called on to take up the task defaulted by slothful and unfaithful hands.

These hard-working and patient souls are the eleven-talent people, and great indeed will be their eternal reward!

J. T. MULLIN IS RECOVERING FROM DANGEROUS OPERATION

J. T. Mullin underwent an operation last Friday at the veterans' hospital in McKinney for the removal of the .25 calibre slug he received on New Guinea Dec. 5, 1942.

The operation was a serious one, the slug lying almost against his heart, however the ordeal is over and T. is getting along nicely, his wife reported Wednesday. Mrs. Mullin was present for the operation and left his bedside to return home Tuesday, accompanied by Miss Glyndell Thrasher.

Also present for the operation were his parents Mr. and Mrs. I. J. Mullin, and his brother Woodrow, who returned home Saturday.

Mrs. Mullin brought the bullet home with her, which she is carrying in her purse, very happy that it will not cause her husband further trouble.

NEW RULING PROVIDES FOR SURVIVORS OF VERETANS

In August, 1946, the Social Security Act was amended to provide for payments, in some cases, to survivors of deceased World War II veterans. This legislation simply provided that if a veteran died within 3 years of the date of his discharge, his survivors would be entitled to Old-Age and Survivors Insurance payments if they were not receiving, or not entitled to receive, Veterans Administration payments.

To illustrate the nature and importance of these payments, the following example is stated. The veteran in this case was never engaged in employment covered by the Social Security Act, having worked as a farmer before his military service. After his discharge he went into business for himself, and was accidentally killed some months afterward. Upon filing application recently his widow qualified for monthly payments for herself of \$24.18, with monthly payments for a 4 year old child of \$16.12, and the same for a 2 year old child. The total payments in this case, retroactive to the month of the veteran's death, amount to \$56.42 a month, and will be payable until the oldest child is 18 years of age. For the next two years the payments to the widow and younger child will amount to \$40.40 per month, with the widow entitled to monthly payment of \$24.18 from age 65 to death, unless she remarries. Total payments in this case, exclusive of payments to the widow after she is 65, will amount to approximately \$10,500.

J. R. Sanderson, manager of the Amarillo Social Security Field Office, urges the survivors of deceased World War II veterans to contact his office if they believe payments under the new legislation may be possible. He points out, particularly, that prompt inquiries should be made because after February 10, 1947, these payments cannot be retroactive to the date of death, even if death occurred as late as the latter part of 1940.

PRACTICE HAS BEGUN ON THE JUNIOR CLASS PLAY

Work has begun on the junior class play which they will have ready to present in a few weeks.

The name of the play is "Betty's Millionaire."

A comedy in three acts, the production sparkles with clever lines, and hilarious situations. It is short, bright and rapid-fire.

Parts have been assigned, and the director is Mrs. Ruth Moose, the junior class sponsor.

The cast of characters is as follows:

Betty Brown—Ima Lee Morris.
Peter Adams—Kenneth Hamilton.

Sam Palmer—Earnest Barbee.
Sue Weatherbee—Sue Barrett.
Nancy Fletcher—Betty Hamilton.
Mrs. Blendinger—Othelia Woodruff.

Augustus Winslow—Truman Merrill.
Thaddeus Atterbury—Tad Persons.

Nora—Betty Brunson.

Lillie Daniels—Jarene Holcomb.
This is a lively bunch of youngsters, and they have chosen an amusing play. Watch for the date of the production and plan to attend. Let's make it like old times, and turn out 100 percent to see the youngsters perform.

THANKSGIVING SERVICE

A nice size crowd gathered at the Baptist church Wednesday evening for a union Thanksgiving service. Rev. A. L. Shaw of the Baptist church was in charge of the service.

The address was delivered by Rev. E. B. Thompson of the Methodist church.

The program included a Prayer of Thanksgiving, by LaJuan Stell, and a musical number, a spiritual sung by Margaret, Betty June and Villadeen Owens, Billie Rae Hutcheson and Jean Thompson, accompanied by Mrs. E. B. Thompson.

HARVEST REPORT

Up to Wednesday evening the gins in Turkey had ginned 1351 bales of cotton from this year's crop. No report was available from Wolf Flat gin. The gin at Quitaque had ginned 325 bales to date from the current crop.

Grain is being harvested at a very rapid rate and is of good quality. The elevators at Turkey and Quitaque are overflowing due to a scarcity of boxcars which is working a real hardship. Grain is being piled on the ground at the elevators until shipping facilities are available.

Mr. and Mrs. W. Q. Jacks moved last week into their new home just north of the new Baptist parsonage which has just been completed. The house which they vacated, in the northeast part of town, was bought by Rudel James, and he and his parents Mr. and Mrs. A. James are making their home there.

Farmers To Elect Committeemen Soon

This year Texas farmers have an opportunity to vote for farmer-committeemen in all Texas communities by mail, B. F. Vance, State PMA Director at College Station has announced. The election will be conducted December 7 in Briscoe county.

Official ballots will be sent to each eligible voter, Vance explained. On this ballot, there will appear each position who was selected by the name of one candidate for a nominating committee of farmers in the community, and also space for the farmers to write-in the name of any farmer he wants to represent him as community committeeman if he does not want to vote for the nominee. Each farmer will vote for three regular members of the community committee and two alternate members.

At the same time, voters will elect a delegate and an alternate delegate to represent their community at the county conventions. At that county convention the delegates from all the communities within the county will elect three farmers to serve as the county conservation committee for 1947. Delegates may or may not be the same persons selected as committeemen.

The ballots are to be sealed, secret ballots, Vance said. Voters may mail the ballots to their county ACA office, or bring them to the ACA office and place them in the ballot box in person, or they may take them to the polling places in the community on the day set for the election in that community.

Any person participating in the 1946 Agricultural Conservation Program or any person who has a contract with the Federal Crop Insurance Corporation is eligible to vote in the election. This includes owners, operators, and tenants on farms where the conservation program is being carried out. The wife of all eligible voters is also eligible to vote. Any eligible voter who does not receive a ballot may secure one by calling at the ACA office or may go to the polls on election day and vote.

Vance said that the voting procedure was changed to assure a greater participation in the election, so that the men who are elected truly represent the choice of the farmers in the community. He stresses the point of electing men with good judgement to the committeemen jobs. He explained that the farmers elected as committeemen will be called on during the next year to perform many responsible duties. They will make important decisions about soil conservation, about crop adjustments, about Government price supports, and other Federal farm programs. He urged that every eligible voter cast his ballot, and give his support to the men he wants to represent him as his committeemen for 1947.

IN AIR CORP ENGINEER SCHOOL

Billy Joe Clark, son of Mr. and Mrs. O. P. Clark of Flomot, has been sent from Kelly Field, San Antonio, to Gieger Field, Spokane, Washington, where he will go to the air corps engineer tech school.

Billy Joe finished high school at Flomot with the class of '46, being valedictorian of the class. Before joining the army air force August 26, of this year, he was employed at the B & M Grocery at Quitaque.

DEER HUNT HELD A STINGER

Ben Chandler, Otis Purcell, J. B. Chandler and Melvin Cooper returned home last week from a deer hunt in Lampasas county. This was Otis' third search for a shot at the fleet-footed animals. This season, and this time he only got stung. J. B. Chandler brought home the only meat, a five point buck. Otis' sting was by a bee while the hunting party was robbing a hive. Let them tell you why they didn't bring home any honey.

Russell Smylie came in this week from Oklahoma where he is working. He will accompany his mother Mrs. Willie Smylie, and sister Mrs. R. E. Hardberger and children to Burnett Wednesday where they will spend the Thanksgiving holidays; visiting Mrs. Smylie's sister family, and hunting.

Quitaque Girl Weds In Pretty Home Service

Nuptial vows were solemnized Saturday evening at 6 o'clock in a pretty service at the home of the bride's parents, between Miss Barbara Jo Persons, daughter of Mr. and Mrs. J. T. Persons of Quitaque, and James Kirk Powell, son of Mr. and Mrs. J. H. Powell of Amarillo. Rev. A. L. Shaw, Quitaque Baptist pastor, read the double ring service, in the presence of relatives and a few close friends.

The bridal party stood before a beautiful floral arrangement in the living room. Tall candelabra held white tapers and were entwined with fern and pink and white carnations, and flanked by large baskets of pale pink gladioli.

The nuptial music included a piano solo by Miss Mary Ollie Persons of Amarillo, aunt of the bride, and an accordion solo by Miss Patsy Stark. Miss Persons played the wedding march.

Miss Norma Jean Persons, sister of the bride, was flower girl. She wore a flowered taffeta frock and pink carnations in her hair and corsage. Miss Billye Tibbetts was maid of honor, and wore an aqua dress, with a corsage and crown arrangement for her hair of white carnations.

The bride, who was given in marriage by her father, wore a white wool jersey street-length dress, with nail-head trim, black accessories, and a cluster of white carnations in her hair.

Tad Persons, brother of the bride, served as best man.

At the close of the service the bridegroom pinned a lavender orchid corsage on the bride. The corsage as carried on a white Bible by the maid of honor, until it was used in the service.

The bride's mother wore a two piece blue ensemble and the bridegroom's mother wore fushia. Both had corsages of carnations.

A reception for the wedding party and guests was held following the ceremony. The first slice from the beautiful three-tiered wedding cake topped with miniature bride and groom, was cut by the newlyweds, and it was then served by Miss Tibbetts. Mrs. Gene Berry and Mrs. W. E. Schott, aunts of the bride, presided at the silver tea service.

The couple left for a honeymoon trip to New Mexico, and upon their return will be at home at 1900 Fillmore, Amarillo.

The bride is a graduate of the Quitaque schools and attended Texas Tech at Lubbock. She was employed at the army air field at Lubbock until transferred to the Amarillo field. Since that field closed she has been with Chase & McGinnis Construction Co.

The bridegroom is a graduate of the Amarillo schools. He served 32 months in the army, and overseas 28 months in the European theatre with the 86th Infantry Division. He is now employed in the offices of the Santa Fe railway at Amarillo.

Out-of-town guests included the bridegroom's parents Mr. and Mrs. J. H. Powell of Amarillo, the bride's grandparents and uncle and aunt Mr. and Mrs. R. J. Seay and Mr. and Mrs. R. A. Seay of Matador, and Mr. and Mrs. W. E. Schott of Silverton.

SILVERTON VETS TO SPONSOR A DANCE FRIDAY NIGHT

Friday night, Nov. 29, the Silverton post of the American Legion and the Veterans of Foreign Wars, are jointly sponsoring a dance in an effort to raise funds for the repair of the vets building in Silverton.

Music for the dance is to be furnished by the Mel-o-dy Queens, a top-notch orchestra which has traveled over many states in the mid-western area.

The Silverton vets wish to extend to the people of our community, who like to dance, a cordial invitation to be with them Friday night.

Mrs. George D. Pepper underwent major surgery Tuesday morning at the Stanley clinic at Matador. She was doing as well as could be expected today (Thursday), and hunting.

Alvin Redin, a cooperater with the Cap Rock Soil Conservation District in the Crass Conservation Group, is constructing an elevated irrigation ditch across a low area on his farm this week. This ditch will enable Mr. Redin to irrigate approximately 10 acres of additional land on his farm. Engineering survey work is being done by local Soil Conservation Service engineers. Construction work is being done by local Soil Conservation Service engineers. Construction work is being done with a county road machine.

Joe Mercer, a cooperater with the Cap Rock Soil Conservation District, seeded forty acres of Austrian Winter Peas on his farm south of Silverton. The seeding was done with a regular wheat type drill at the rate of twenty-five pounds per acre. This crop will be turned under as a green manure crop when the bloom stage is reached, according to Mr. Mercer.

Bray Cook, supervisor of sub-division Four of the Cap Rock Soil Conservation District, called a group educational meeting at Antelope Flat Thursday night of last week. Leo White, county agent, acted as chairman of the meeting and explained the work of the Cap Rock Soil Conservation District to the group. Harmon T. Copeland, work unit conservationist and Glen Jamison, range conservationist, from the local Soil Conservation office explained the type of assistance offered by the district. The following interested land owners and operators were present for the meeting: Henry Eden, Bill Eden, Guy Eden, G. W. Selman, J. C. Durham, F. W. Durham, Earl Bullock and Bray Cook.

The Board of supervisors of the Cap Rock Soil Conservation District, passed a resolution in one of

their regular meetings early last year, that conservation work be done in conservation groups of from ten to twenty farmers each to make the most efficient use of personnel assisting the district and to get a better coordinated soil and water conservation practice adapted on the land. To date several conservation groups have been organized and a large amount of conservation practices applied.

In the Quitaque area the following conservation groups have been organized: Scheid group southwest of Quitaque; Gasoline Group and County Line Conservation Group. According to Pierce White, the local supervisor from this sub-division, there is room for three or four more conservation groups and he is ready to call a meeting for organization as soon as sufficient interest is made known to him by land owners and operators.

Alvin Redin, a cooperater with the Cap Rock Soil Conservation District, who operates a farm in the Crass Conservation Group, seeded five acres of Austrian Winter Peas on his farm.

Merle McMurtry, a cooperater in the San Jacinto Conservation District, stated that he held all the moisture where it fell on wheat land by seeding on he contour. The guide lines were established by technicians assisting the supervisors of the Cap Rock Soil Conservation District.

The Board of Supervisors of the Cap Rock Soil Conservation District voted to purchase a grass seeding attachment, at their last regular meeting. The grass seeder will be available for the use of co-operators in making seedings of Love Grass, Sand Love Grass, and other similar small seed that are difficult to plant with standard small grass seed such as Weeping

SPRING FOOTBALL TRAINING MAY BE DISCONTINUED

Austin—It will be up to the individual conferences in the University Interscholastic League football competition to vote on whether to eliminate spring football training, Rodney J. Kidd, athletic director, has announced.

Schools will vote by conferences next April on whether to eliminate the spring training, and substitute opening fall practice on August 15, he said.

There will be no change in the present spring training football practice this school year, Mr. Kidd said, but the rule will be in effect for the 1947-48 session for the schools in conferences accepting the new plan.

The recommendation to eliminate the spring training was made by the League Advisory Council at a meeting early in November, and it was approved by the State Executive Committee at a later session, Dean T. H. Shelby said.

HUNTERS RETURN WITH BEAR AND TWO BUCKS

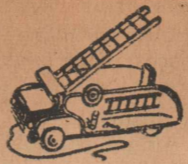

Bill Mullin and Bill Mohon returned Saturday night from a

hunting trip to New Mexico, bringing home with them two nice 10-point bucks and a large black bear.

One of the bucks and the bear, which weighed about 250 pounds, were killed by Mullin. Mohon didn't fare so well, in fact his luck failed him altogether as far as the kill was concerned, however he brought home a nice 10-point buck sent to Mrs. Mohon by their son Roy.

The old bear's cub was killed by Garland Wilcoxson, a member of the hunting party, who had chased the mother and cub out of the

Duncan is out of the dog-house!

Mrs. DUNCAN has just finished her Fall housecleaning, and Duncan is welcome in his own home again.

Curtains, crisply ironed, hang at the windows. Rugs are bright and clean. Blankets, sweetened by sun and suds, loll contentedly on the beds. Everything's fresh and shining. Mrs. Duncan is tired, but happy. Mr. Duncan is happier. The dog is happiest of all.

Once housecleaning was the housewife's horror. Now, with modern electric gadgets, the semi-annual cyclone is finished in half the time with half the effort.

And not only housecleaning—but all household chores—are easier, simpler, when electricity lends a willing hand. This versatile servant cooks, cleans, washes and irons, brightens the home, guards health, scoops entertainment from the very air—and all for the cost of a bar of soap daily.

This greatest of household bargains comes to you through the practical experience of your friends and neighbors in this company, under sound business management.

HUNTERS ARE WARNED AGAINST TICK BITE FEVER

Austin—With the hunting season now open, Dr. Geo. W. Cox, state health officer, is urging that all hunters or other persons spending time in wooded areas use all possible precautions against being bitten by ticks which may infect a victim with relapsing fever. He further advises that when a tick is found, it be removed from the body as soon as possible and that care be taken not to crush the ticks in handling them.

"Tick-bite fever is contracted," Dr. Cox explained, "either from the bite of infected ticks or by absorbing the infectious material through breaks or scratches in the skin." According to Dr. Cox, the disease does not spread from person to person by direct contact but only through the bite of an infected tick or body louse. Prompt removal of the insect is of the utmost importance.

Relapsing fever, commonly called tick-bite fever, is characterized by sudden onset, intense headache

located in the front part of the head and pains in the back and limbs. The fever lasts from three to five days before slowly declining. The temperature will then remain normal for about a week when the fever repeats itself. There may be three, four, or even more such relapses, which accounts for the name of the disease.

Wearing of suitable clothing so as to prevent ticks getting next to skin is of importance in the prevention of this disease. The insects may be removed with the fingers but the use of tweezers is recommended since this helps to prevent leaving the had embedded in the skin. After removing or handling a tick, the hands should be washed carefully with soap and warm water.

MISS BOBBIE MULLIN IS HONORED ON BIRTHDAY

Miss Bobbie Mullin, daughter of Mr. and Mrs. I. D. Mullin, was honored with a dinner Tuesday evening on her eighteenth birthday, in the home of Mrs. Rog Ar-

nold. Misses Lorene Richardson, Nan Lacy and Freda Smith were the hostesses.

The centerpiece was a pretty cake with 18 pink candles, surrounded with roces, with a "candlelight" motif and favors were pink baskets of mints.

The delicious dinner consisted of apple juice, roast, gravy, corn, green beans, pear salad, hot rolls, butter, ice cream, cake and coffee.

Those enjoying the affair were Misses Lorene Richardson, Nan Lacy, Freda Smith, the honoree Bobbie Mullin; Arville Setliff, C. E. Anderson, Jr., Lit Bogan and Kenneth Hamilton of Quitaque.

LAST WEEK'S ADV.

We had an adv. in last week's Post which caused considerable comment and had folks wondering. The adv. was the announcement of the opening last Saturday of the dining room at the Travelers Hotel in Turkey.

Cause of the furor was the omission of the location of the hotel, Quitaque folks thinking a new eating place had been opened in town. Omission of "Turkey" from the adv probably gave the announcement more interest than would otherwise have been received, for practically everyone was asking everyone else where the Travelers Hotel was located—they had searched Quitaque on Friday and couldn't find it.

LEASES BLACKSMITH SHOP

L. W. Grantham of Tulia has leased the blacksmith and welding shop of Guy Smith and will open for business Monday. Mr. Grantham is well experienced in this line of work and re-opening of the Smith shop will be fully appreciated by farmers and others needing these services.

Mrs. Smith reported Wednesday that Guy is getting along very nicely. He is taking treatment at Sanatorium, Texas.

ANYONE MAY JOIN SHRINERS AID TO CRIPPLED CHILDREN

The Shriners of North America are very active in their work with crippled children, said Mr. James B. Baird. More and more cases, regardless of race, creed, or color, are being treated. While the Shriners of North America are financing this most worthwhile activity, they feel that others may want a part; and it is now possible for anyone outside of the organization to buy a Voluntary Contributing Life Membership in the Shriners Hospitals for Crippled Children. A beautiful certificate is issued to everyone purchasing one of these memberships, said Mr. Baird.

IN APPRECIATION

We want to thank each and every one who contributed in any way in buying the chairs, radio and table and other things for us, and to assure you we appreciate and enjoy them more than you will ever know. We play God's blessing on each of you. Life would be useless without friends.

Mr. and Mrs. A. A. James
And Rudell.

FLOMOT NEWS

By Mrs. Bernice Gates

Mr. and Mrs. Chester Franks of Tulia were visitors here Wednesday of last week.

Mr. Farmer

We are laboring under a serious handicap—no grain cars. We have done everything in our power to secure them but have met with little success so far.

Some of you are holding your grain that we might handle it for you; this we surely appreciate.

Let us assure you that we are going to continue in our effort to be of service to you.

From where I sit... by Joe Marsh

A Lesson In Conservation

We were sitting on Bill Webster's porch the other night, chatting over a glass of beer—when the talk turns to forest preservation, soil erosion, and other things that affect a farming community.

Judge Cunningham speaks up: "It's all right to worry about conserving our natural resources," he says, "but there's a far bigger problem when it comes to conservation—and that's preserving our democratic way of life, our sense of personal freedom, our respect for one another's rights."

From where I sit, the Judge is right. All America's great resources, our abundant natural wealth, are lost the minute we lose the right to work them as free people in a free land!

Whenever you see or hear of an encroachment on our rights—whether it's the right to free speech, or the right to vote as we see fit, or the right to enjoy a friendly glass of beer in licensed, law-abiding places... watch out!

Joe Marsh
