LAVERNE ROACH - JANIRO TANGLE FRIDAY NIGHT

New York—Lavern Roach, a clear-eyed kid from Plainview, Texas, is one ex-serviceman with a real chance in the greedy boxing business. Hailed as "rookie of the year" and "pride of the Marines" Roach now has been engineered in to a main bout at Madison Square Garden. The real test is ahead.

The sprawling plains of the Lone Star State haven't developed a champion since Lew Jenkins undertook the round trip from oblivion to fame. Roach could be the next to succeed.

Young Roach, who says he will be 22 next month, has lost only once in a little over two years of pro battling. But the only "names" on his record were added in 1947 when he won 11 straight, three by knockouts.

The one loss was to Artie Towne in New York, Jan. 28, 1946. Since then he has copped 17 in a row. He knocked out Indian Gomez, Vic Amato and Sal Richie last year and also dished Billy Arnold and Herbie Kronowitz.

It was the Kronowitz win that put him in the Garden against Tony Janiro of Youngstown, Ohio, in Friday's 10-round star bout.

When he outpointed the veteran Norm Rubio at Ebbe's Field last summer he donated his entire purse of \$1,200 to the Damon Runyon Cancer Relief Fund. The Garden shot will be his biggest payday. At 17½ percent he figures to come away with around \$7,500 for his end.

Back home in Plainview, they know more about Lavern as a high school football player and a golfer who shoots in the high 70s. He was an amateur boxer around home but never took it up seriously until he bumped into Johnny Abood, his co-manager at the Cherry Point (N. C.) Marine Base.

It was during those days that Nat Fleischer, noted boxing authority saw Roach and tabbed him "most likely to succeed." Nat had forgotten but years before, he had watched the same kid, then a 114-pounder, in an amateur tourney at Albuquerque.

Now at 159 pounds, Roach is a two-fisted battler who seldom wastes a punch. He prefers to stand in the center of the ring and let the opponent dance around while he jabs and shoots a straight right hand to the body.

The Deputy State Superintendent paid an inspection visit to the Quitaque schools Tuesday, and found everything in order. Supt. McAdams announced. The deputy state superintendent after checking the schools recommended \$5,433 salary aid which is as much or more than was estimated would be received. All school finances are in good condition, the superintendent reported.

Business Men To Be Lions After Next Meet

The Business Mens Club met Monday night with only ten members present. A new member, Mr. H. Allen Bingham, manager of the Higginbotham-Bartlett company was welcomed into the club.

Plans were made for converting the organization into a Lions Club, and a committee was appointed to solicit membership into the new organization and also to act as a nominating committee to present names at the next meeting to fill the required offices. The committee is composed of Pete Rice, Roy Burgess, Orlin Stark and E. L. Boyett.

The next meeting is scheduled for January 26, and some Lion visitors from neighboring towns are expected to be present to assist with the organization. Then in another two weeks, the Charter Meeting will be held when the ladies will be guests and a big time is scheduled.

The club also discussed the possibility of a road building program at this time, and a committee was appointed to confer with the county judge and others on the feasibility of such a program.

REVIVAL IN PROGRESS AT ASSEMBLY OF GOD CHURCH

The District Rally of Christ Ambassadors of the Assembly of God Church was held at the local church Friday night, Jan. 9. Representatives from the different churches were present and made reports from their CA bands. A soul stirring message was brought by Miss Tutwiler of Childress. Good singing and music was enjoyed by a large congregation.

We feel, by the help of God, that our church is moving forward and we are expecting great things from God this new year.

Rev. Lane, of Vernon, is doing the preaching in our revival that is in progress.

The public is cordially invited to come and worship with us. Pray that souls may be saved.—Reporter

ONE THAT DIDN'T GET BY

It's so easy to make mistakes, and even easier to overlook errors in the paper. Last week one of our young helpers remarked that the previous week's issue of the paper didn't have a single mistake, not a one. We sorta doubted it, don't believe it ever happened in any paper, and most certainly not ours. But it was so nice to take her word and since we were so rushed, we relaxed last week end and hurried over the proof reading with the result that this week we are re-printing the bank statement with the overlooked error corrected. Just one little word, but still enough to make us lick that calf again. However, the figures were all correct, we have nearly two million dollars on deposit in Quitaque.

T. L. Bradshaw Turns Ninetieth Mile Post

Celebrating his birthday is a big event in the life of Mr. T. L. Bradshaw, and one which he looks forward to each year with great pleasure—and he has looked forward to ninety of them. Sunday at the Bradshaw home in the Gasoline community marked the ninetieth milestone for Mr. Bradshaw, and as is the annual custom in his home, he was the honoree at a delicious and bountiful birthday dinner, with all of his children present for the occasion.

Mr. Bradshaw came to this section in 1909, and moved in March, 1910 into his present home, located at the "corner" in Gasoline where he has lived ever since.

Present for the dinner were Misses Ina and Una Bradshaw, Mr. and Mrs. Marvin Tracy, Mr. and Mrs. W. E. Morrison, Mr. and Mrs. H. T. Bradshaw and son of South Plains, Mr. and Mrs. J. W. Bradshaw of Artesia, NM., Mr. and Mrs. Murry Morrison and boys and Miss Pat Morrison of Dumas, Marion, Maynard and Miss Mildred Wilson, Mr. and Mrs. Morris Wilson, Mr. and Mrs. Hubert Setliff and daughter, Lawrence Bedwell and family, Mrs. Edgar Morrison and Mrs. Son Washington.

Some former neighbors when they lived in Arkansas who now live in Tulsa, Mr. and Mrs. Horace Jefferson, also were present for the day. Mr. Jefferson is in his eighties. Other friends called during the afternoon to offer felicitations, including Rev. and Mrs. Trostle of Quitaque.

NEW COMERS

Mr. and Mrs. Charles Phelps have a new daughter who was born December 30 at Matador. The little girl weighed 7 pounds and 10 ounces. She was named Sharry Ruth.

A son was born Saturday, Jan. 3 to Mr. and Mrs. Jay Gowin. This young heavyweight tipped the scales at 11 pounds and 7 ounces when he arrived.

Mr. and Mrs. W. B. Beck received their first grandchild for a Christmas present. Their son Sgt. Bruce Beck and wife are the parents of a fine daughter whom they named Linda Louise. Sgt. Beck who is stationed at Fort Bragg, Ky., told his folk that he had two "super" Christmas presents, a new car which he received Dec. 24, just in time to take his wife to the hospital to await the arrival of the new girl who was born the next day.

Twin sons were born January 3 to Mr. and Mrs. W. R. Weems at Carlsbad, NM. The names of these young men were not learned at this time. Their mother the former, Miss Eva Lee Payne, was seriously ill for a time and too busy recovering to think of twin names. She was reported to be much improved last Saturday.

A daughter was born December 29 to Mr. and Mrs. Cecil Reagan who was named Barbara Jean.

Announcements were received this week from Tucson, Ariz., announcing the arrival of a daughter weighing 7 pounds and one ounce to Mr. and Mrs. O. W. (Mutt) Craig. The baby was named Sharon Dean.

The American Legion boys and auxiliary are sponsoring a 42 tournament in the Legion Hall on Wednesday evening, Jan. 21. The games will begin about 7:30 p.m. Everyone is invited to attend. Refreshments will be served.

Mr. and Mrs. Joe Bedwell and Snooks and Mr. and Mrs. Jean Grundy and girls spent the week end visiting the Reid Bethels in Lamesa.

Polio Foundation Drive Opens This Week

The 1948 drive for the Infantile Paralysis Foundation is officially launched this week, beginning January 15 and extending through Jan. 31. No quota was set for the county, but we are expected to contribute about the same as last year when Briscoe county went over the top with \$1,838.26, and the Quitaque area after a brief and successful drive contributed \$596.53.

Please be ready (and generous) with your contribution. The research and work and aid of the Polio Foundation is making great strides in the alleviation and treatment of polio and is a movement worthy of all the support you can offer.

Carver Monroe of Silverton is in charge of the campaign for Briscoe county and he has appointed C. R. Badgett as chairman for this section. Mr. Badgett will solicit the business section and Mrs. A. F. Van Meter will be chairman of a group to visit the residential area and outlying sections and she will choose her helpers.

At the school, Mr. McAdams is general chairman, with Mr. and Mrs. Lewis as assistants, and Joe Weldon Bailey in charge of the athletic program.

Some very attractive and appealing posters will be set up in the various business houses and each school student will be given a card with lots to deposit their dimes or other coins.

VISITORS GIVE GOOD PROGRAM

An interesting program was presented at the Baptist church Sunday evening, in charge of Rev. David Kendall of Plainview, who directed the singing in the meeting here last summer. Rev. Kendall was accompanied by several students from Wayland college, Miss Rachel Fong a young Chinese girl studying to be a missionary; Mori Hiratani, a young Hawaiian boy who is studying for the ministry, and Bill Sweeney, also a Wayland student.

Miss Fong spoke at the evening service, wearing her native costume. She told of her conversion and her plans to her studies to fit herself for the Lord's work. She sang some very lovely hymns, alternating the verses in English and in the Chinese language.

Mr. Hiratani, preached at the evening service and brought an inspired message which the congregation enjoyed very much. Mr. Sweeney, who is a singer with a beautiful voice, presented several numbers which were greatly appreciated.

BRIDAL SHOWER

The ladies of the Assembly of God Church were hostesses Friday afternoon to a bridal shower honoring Mrs. Dorman Purdy, nee Miss Bonnie Stidham. The party was held at the church and the ladies were assisted by several from the other churches in the community.

The honoree received many beautiful and useful gifts. Refreshments of cookies and cocoa were served by Mrs. Lonnie Hill assisted by Mrs. Buster McCord.

Rev. and Mrs. Ray Riley, Travis Morrison, J. T. Rogers, Jr. and Phillip Reeder went to Dallas this week to attend a Baptist pastors and laymans meeting. They expect to return home Thursday.

Lockett Payne, Cecil and Orb Payne drove to Lone Oak over the week end to visit the formers' sister Miss Vera Payne who is seriously ill. They returned home Sunday night, reporting that her condition was still critical.

Competition Close In Basketball Tournament

The Quitaque basketball tournament held last week end was a success in every way. Five schools, Silverton, Flomot, Turkey, Lakeview and Quitaque entered 4 teams each; A boys and B boys, A girls and B girls.

The A's and B's were in no case pitted against each other. This made for a very evenly matched series of games.

There were trophies in both B sections in the consolation and in the first position groups, besides gold basketballs for the players on the all tournament teams.

Excellent and enthusiastic crowds attended each of the six sessions and each session was marked by closely contested games. Hence there were few dull moments.

The admissions and concessions both paid off well. The junior class, in charge of the food sales, will use their proceeds to finance the junior-senior banquet.

The games highlighting the tournament were those between Lakeview and Quitaque A girls on Thursday night. This game was possibly the hardest fought and the most exciting one of the tournament. The teams had repeatedly played before and Quitaque girls had been losing, but this game seemed to point toward the winning of the girls A division of the tournament. Hence both teams and every member on the team, had hearts set on winning. Every player gave all she had toward that end. The regular playing time ended 14 all. The next three minutes saw every person in the gym on his toes, cheering for one side or the other. The game to a breathless end with Lakeview winning on a free toss with a score of 16 to 17.

Another thriller was the game between Lakeview and Turkey A boys for consolation honors. This whole game was a seesaw affair in the matter of scoring, and was only decided in favor of Turkey during the last minutes of the game.

On Saturday night Lakeview and Flomot played an excellent game for first honors in A girls class. Both teams showed spirit and skill with Lakeview winning by 4 points. This afforded Quitaque girls some consolation due to the fact that Lakeview had previously beaten them by only one point and that after overtime play. They felt that by the law of averages their team was second best in the tournament but they held no grudge against Flomot for winning second place.

Another close game was that in which Quitaque boys B team lost to their opponents by a margin of 2 points.

The last game of the tournament was between Flomot and Quitaque A boys for first place. Up to this game Quitaque had not won a trophy place and the A boys were thirsty for a final victory. Flomot pointed first with a field goal, then a one point free pitch. Quitaque boys had been missing some excellent scoring chances and Flomot lads pulled ahead 5 points and held this to the half. During the second half Quitaque boys overtook the Flomot lead and the contest now grew hot as the scores saw-sawed. At the 3-minute period it was anybody's game. The large crowd was cheering excitedly as the end drew near with Quitaque only a point or two in lead. A field goal would now, at the last minute give the Flomot quintet the victory. But they could not deliver and the game ended with one point in Quitaque's favor.

Awards were presented to the following teams:

B Girls—Turkey.
B Boys—Flomot.

Consolation winners: Girls—Turkey; Boys—Turkey.

Second Place: Girls—Flomot; Boys—Flomot.

First Place: Girls—Lakeview Boys—Quitaque.

All Tournament Team: Girls—Graves, Turkey; Hagin, Lakeview Morris, Quitaque; Jones, Flomot Holcomb, Quitaque; Brewer, Lakeview.

Boys—Lane, Turkey; Marti Flomot; Glenn Hamilton, Quitaque; Cavet, Flomot; Kenneth Hamilton, Quitaque.

Mrs. R. E. Harrison of Orange left last week after a two week stay here with her daughter Mr. J. C. Rhoderick, Jr., and family.

This And That About One Thing and Another

Building is taking a little spurt in Quitaque and we hope some folks will catch the fever and go ahead with the plans they've been discussing for months. At present the busiest street in town is the short paved one leading from the highway to the school buildings, where the new Baptist church is under construction, and on the lot across from that facing north, a new home is being built for Mr. and Mrs. H. Allen Bingham. Mr. Bingham is the new manager of the Higginbotham-Bartlett Co.

Several homes have undergone improvement and enlarging. A new room and garage and other improvements were completed recently on the Seburn Neatherlin home, across from the city park. Just before Christmas the new home of Mr. and Mrs. Sterling Herrington on East Main was completed, and last week the Jean Grundy home in the east part of town was ready for occupancy.

Several farm homes also have undergone improvements, including the home of Mr. and Mrs. Jim T. Witcher on the east highway, who added a room to their house. Mr. and Mrs. Donnie Brunson are living in a new home on the Gladys Wise place.

A number of young couples are planning new homes and we hear "rumors" of several others which we hope soon to be able to report under construction.

An interesting bit of construction which might come under the head of improvement is in progress at the F. Ranch where Miss Jane Hughes is having the north string of fences, on the Jenkins place, replaced. The old fence which has served as long as could be expected, is possibly the original fencing which was put there when the claim was filed, 60 years ago, Miss Hughes said. Some of the old cedar posts are still upright and solid, and the wire is the old double barbed type, which is putting lots of snags in hands, pants, dispositions, etc., as it comes down.

The Fort Worth Press has announced its third annual "Save the Soil and Save Texas" program. This includes an award to a high school student for the best essay, or composition on soil conservation. Any boy or girl in any high school over Texas can take part by writing an essay which should not be longer than 200 words. The essay must be on "What Soil Conservation Means to My Town." Prizes range from \$2.50 to \$25.00 for the first 6 places, an in addition there are 20 prizes of \$2.00 each.

We hope some boy or girl in Quitaque high will enter this contest. Many of our young people come from homes which have benefited from soil conservation practices, and all they need to do is sit down and tell in simple words what the program has meant to them. A student in Turkey high school won an award last year.

For several weeks we have had a Safety Poster in our window that has attracted much attention. It's surprising how many folks have stopped, looked and read "Don't be a Goose." The poster was made by our young granddaughter during a fire prevention poster contest in the Pampa schools and it won personal mention for her. It seems to have served two purposes well, first to call the attention of many passersby that it is foolish to discard cigarettes carelessly, and second it furnished grandma an opportunity to "show off" a little.

No one took us up on the invitation to use the Post to express their opinions, so we're repeating it. Let's talk about anything—politics, cops, the weather, problems of our young people, anything. How about the ladies starting us off, with some recipes. We like to swap recipes, most women do. Especially to try out one that our friends have used and know is good. If some of our readers will just start the ball rolling and bring in a few good recipes, we'll start publishing a few each week—and watch results.

Mr. and Mrs. Lester Smith were here over the week end from Portales and Mrs. Smith was of the party with Mrs. Buddy Morris. The house in honor of the wedding anniversary of Mr. and Mrs. Smith was the scene of a very enjoyable party.

SETLIFFS AND BEDWELLS HAVE MOVED TO THE PLAINS

H. A. Boggs has bought the Lawrence Bedwell farm and his brother-in-law O. C. Crabtree has bought the Hubert Setliff farm and the Setliffs and Bedwells have bought a place one mile south of the Olton highway, west of Plainview. The families are moving, (some have already moved) to their new homes. This week, the Setliffs, who are already located in their new home were here for a visit with relatives, and all "got their heads together" and wrote a note of farewell to their many friends here. The note follows.

Just a few words to tell our friends, that to us, our associations during the years we have spent in this vicinity have been as happy as could be. We shall always cherish the memories of days spent here. We hope to make new and lasting friends in our new location but none of them will ever take the place of any of you. We have all lived in this vicinity a number of years. Dale has been here longest having arrived at the Ernest Morrison home near Gasoline on March 15, 1914. Lois is next, having arrived at the same home on a different farm on February 27, 1918. The boys are a little newer in these parts. Lawrence arrived here with his father, Mr. Levi Bedwell and family, from Center Point, Arkansas in the fall of 1927. Hubert arrived here with his father, G. W. Setliff and family, in the early part of 1934 from Eldorado, Okla. All have made their homes in this vicinity since the given dates.

We assure you we all appreciate

all our friends here. To all of you who had any part (even a kind thought) in the farewell gathering given for us in the Ralph Carter home last week, again we say thanks from the very bottom of our hearts. The gifts were so very nice and we all shall always prize them very highly. (Yes even the garden hoses.) We hope to always be worthy of any kindness shown us.

Any time any of you are in Plainview, drive out and visit us. We are located on the former Reddell farm 2½ miles from the court house square, west on the Olton highway, and one mile south. Don't forget us.

Hubert, Dale and Martha Joyce Setliff; Lawrence, Lois and Gerald Bedwell.

IN APPRECIATION

I want to take this means of expressing my sincere appreciation and gratitude for all the nice things that were done, and the many cards and notes of cheer which I received during my illness. Thanks to each one of you.

Otis Purcell went to Albuquerque last week to make a trade for an airplane which he did. However Otis came back home this week without the plane, deciding to get a little more pilot experience before he does too much irregular flying. He was accompanied by a young fellow, just turned sixteen, who received his pilot's license in December.

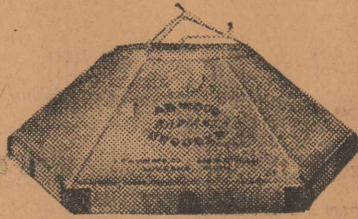

Son Washington accompanied Mr. and Mrs. Gordie Washington of Flomot to Amherst for a visit over the week end with his uncle.

NEW BASKETBALL SUITS

Fourteen new basketball suits

for the girls arrived Monday, just too late for the tournament, but they were initiated at the games Tuesday evening when Quitaque and Turkey staged a match at the local gym. The new suits are mighty trim and pretty and will give the players lots of confidence as they make their appearance with the boys teams in the conference games still to be played.

First its the mother-in-law, then its the father-in-law, next its the sister-in-law, and then its the brother-in-law. Finally its the attorney-at-law.

From where I sit ... by Joe Marsh

Ty's Cow Goes to College

When Ty Martin went to college under the G.I. Bill of Rights, he took one of his Dad's Holsteins and enrolled it in the college herd.

Nobody thought it was odd for Ty to bring a cow to college, because that's what a lot of the boys are doing—not only cows, but chickens, sows, and ewes... for the student-operated farm.

That way the boys pay part of their expenses. They share in both the products and the profits; allocate the work; make their own schedules and rules. They're learn-

ing not only how to be good farmers but good citizens to boot. And they're learning industry and moderation—next to milk it seems to me that their favorite beverage is wholesome, temperate beer.

From where I sit, the more education is linked with practical problems of working and getting on together—and practical habits of industry and temperance—the closer we are to its true purpose.
