tor, B Model; 70 feet of 2-inch her daughter Miss Lou Nell with a theatre party Saturday after noon, Mrs. Leon Barham was returned honoring her eighth birthday. Lou then went to the Burgess home where they were served birthday cake with limeade. The pretty pink and white layer cake was frosted with chocolate and decorated with little girl candles. Lou Nell's teacher, Mrs. C. A. Hawkins visited the group and kodak pictures were

For Extra Roominess and Riding Comfort VEW

You're in for a wholly new conception of truck comfort when you look at a new light and medium duty GMC cab. It's away bigger than any previous GMC design . . . 7 inches longer, 12 inches wider across the floor.

There's 8 inches more seating width . . . nearly double the number of seat springs, all

individually wrapped. Seats are thickly padded and are adjustable 3% inches forward and back.

There's 22 per cent more visibility through larger windshield and windows. There's draft-free comfort provided by new insulation, weather sealing, plus a unique fresh air ventilation system, with heating and defrosting if desired.

BPS FOUNDATION COAT

Why use a Foundation Coat? . . . for many reasons . most important is Economy. The big job of BPS Foundation Coat is to hide dirt and grime . . . and properly prime and seal the surface . . . thus making the finished coat last longer and wear better. It saves by eliminating a third coat.

BPS HOUSE PAINT

Provides a tough, elastic film that gives longer lasting protection against wear and weather. BPS House Paint covers solidly . . . spreads farther. The tough gloss finish resists dirt, wear and weather . . . the non-fading colors and white staying clean and at-

You Don't have to Paint so often when you use BPS
