THINGS GROW BIG HERE

The above picture was taken in the lobby of the First National Bank and pretty well proves that this climate must be a very healthy one and that things grow "King Size" here. The turnips were grown on the I. F. Reed farm and the largest measured 19 inches around. The sweet potato was grown in Mrs. J. M. Buckalew's garden here

in Quitaque. Truly a "yam what am", it weighed 7 lbs., 2 ozs. and measured 23 and one-half inches around. The big fellow in the picture was also grown in this community and he, also, is king-size. He is Jack Morrison and he is 6 feet, 5 inches tall and weighs 240 pounds.

Minnie Mae Roberson Is Appointed Registrar For Draft Board In This Area

AUSTIN, Texas, Oct. 22 — Miss Minnie Mae Roberson of Quitaque has been appointed registrar for the Briscoe - Childress - Collingsworth - Cottle - Hall county draft board in the Quitaque area.

Boys who reach the age of 18 can register in Quitaque by calling on Miss Roberson at the Post Office from 8 a.m. to 5 p.m., Monday through Friday, and from 8 a.m. until noon on Saturday.

A registrar is maintained in the area so that men will not have to travel to the draft board at Childress.

Colonel Morris S. Schwartz, state director of the draft system, expressed public appreciation of the services of Miss Roberson.

"People of the Quitaque area should appreciate the services she renders to them," Colonel Schwartz said, "as she is doing the work without pay as a public service to her country."

All males are required to register under the draft law on their 18th birthday or within five days thereafter. Maximum penalties that can be applied for failure to register are \$10,000 fine, or five years in prison, or both.

PATSY MARTIN UNDERGOES SURGERY AT QUANAH HOSPITAL
Mrs. Patsy Martin entered Quanah Memorial Hospital Tuesday morning and underwent major surgery Tuesday morning. Word was received Wednesday that Patsy stood the surgery fine and is doing good.

OLD GLORY

Fifty stars and thirteen stripes each star a symbol of the heavens and the divine goal to which man has aspired from time immemorial; the stripe a reminder of the rays of light emanating from the sun. And the colors, red, white, and blue, recognized throughout the world as the emblem of liberty. This is our flag.

But how much do we actually know about this pennant that spells freedom of religion, of speech and of peaceable assembly; the right to bear arms plus other equally important rights that give each American security and protection so that no State shall deprive a person of life, liberty or property without due process of law. This could also be interpreted to include a man's reputation — one of his most valuable possessions.

The story of the origin of our na-

tional flag is not unlike the history of our great country. We received our birthright from the peoples of many lands who gathered on these shores to build a new life and found a new nation. So, also, did the pattern of the Stars and Stripes rise from numerous origins back in the mists of antiquity to become emblazoned on the standards of our infant Republic.

The earlier flags used by our forefathers reflected their struggles in the new world. Oftentimes beavers, pine trees, rattlesnakes, anchors and various like insignia with mottos such as "Hope," "Liberty," "Appeal to Heaven," or "Don't Tread on Me" were used on the earlier banners.

However, the first flag to have any resemblance to the flag so familiar to us today was the Grand Union flag, sometimes referred to

NEXT SUNDAY IS DAY FOR SABIN TYPE NO. 2

Sunday, October 28 is the date for distribution of Type II of the Sabin Oral Polio Vaccine.

Dr. R. N. Muckleroy of Silverton is urging everyone, young and old alike to take the vaccine for their own protection as well as a benefit to others. The Type II is a protection against a different type of polio than that for which Type I was administered. However, Dr. Muckleroy urges that the Type II should be taken even though a person did not take Type I. The Type II has never been under suspicion as a cause of disease. Make-up day for Type II will be Sunday, Nov. 4.

Dr. Muckleroy stated that if a person took Type I of the Sabin Vaccine here at Quitaque it will not be necessary to fill out a new registration slip but if the Type I was not taken, then a registration slip must be filled out. Slips may be obtained here at the Tribune office or they may be filled out at the school house Sunday.

Sunday's vaccine will be administered at the Quitaque Elementary School between the hours of 12:30 and 6:30 P. M.

Dr. Muckleroy stated that he greatly appreciated the help and co-operation of those who administered the vaccine the first go-round and he hopes that they will assist again Sunday.

BUCK'S SERVICE STATION CATCHES ANOTHER "MYSTERY MOTORIST"

The local Phillips "66" Station employees caught another "Mystery Motorist" Saturday, Oct. 20, and received another \$50.00. They had received one along about July of this year. We want to congratulate the personnel on the fine job they are doing.

Mr. and Mrs. J. W. Harvey visited his cousin, Marvin Harvey, and his two daughters, Grace and Ethel Harvey Sunday. Mr. Harvey is 90 years of age and has been in ill health but was feeling better Sunday. The Wes Harveys took him for a drive to his father's old home place and they gathered some persimmons. They all enjoyed the visit.

They live at Chillicothe, Texas.

MARVIN TRACY IS DEAD

Just before going to press it was reported that Marvin Tracy had died in the hospital at Matador between 5 and 6 P.M. No details were learned as to when the funeral services will be held.

Mr. and Mrs. Ronald Bray of Plainview have a new baby daughter, born Monday afternoon at 2:00 o'clock, in the Plainview Hospital and Clinic. The young lady weighed 6 lbs., 10 ozs. and has been named Rhonda Lynn. The grandparents, Mr. and Mrs. Harry Bray, visited the new arrival Monday evening. They report it to be the prettiest baby alive, (could be they are prejudiced.)

Mr. and Mrs. Jerry Price of Ft. Worth are the parents of a baby girl, Cari Joan, born at 10:30 a.m. Wednesday, Oct. 17. She weighed 7 lbs. 1 oz. and she was born on her brother, Danny's, birthday.

The grandparents, Mr. and Mrs. John King, Danny and Mrs. Jerry King of Silverton spent the week-end with the Jerry Prices and Danny and Mrs. Jerry King remained for a visit this week.

1963 COTTON MARKETING QUOTA AND REFERENDUM DATE IS ANNOUNCED BY U S D A

College Station, Oct. 24 — The U. S. Department of Agriculture announced on October 15 a national marketing quota of 14,367,000 bales and a national acreage allotment of 16 million acres for the 1963 upland cotton crop. December 11 was set as the date for grower referendum on 1963 marketing quotas.

The announcement also said an additional 310,000 acres would be available as a national reserve to be used for establishing minimum farm allotments. It was further stated that it is not anticipated that this will be the final national acreage authorized for 1963 since new legislation is to be recommended to Congress by the President.

The 16-million acre allotment is the maximum permitted under present law in view of the present supply-demand situation. It now appears that more than a million bales will be added to the carry-over and increase it to 8.7 million bales by August 1, 1963.

The President has announced that he will recommend legislation to remove the inequity in the present two-price cotton system and has requested the USDA to make recommendations to him as to the means for accomplishing that purpose. This legislation would increase the domestic use of U. S. cotton and may also contain other provisions which would permit increases in the acreage to be planted.

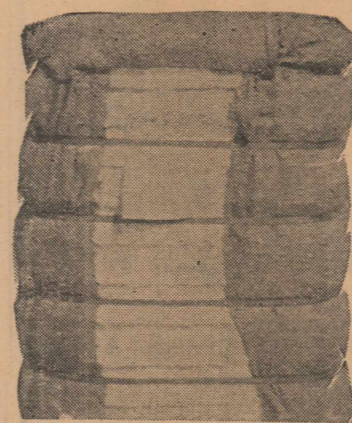

In the December 11 referendum, a two-thirds majority of those voting is needed to make marketing quotas effective on the 1963 upland cotton crop. Extra long staple growers will vote on the same day on marketing quotas for their type cotton. If marketing quotas are approved, price support to cooperating growers will be available at a level to be announced by the Secretary. It can range from 65 to 90 percent of parity. The parity price of cotton is now 39.51 cents per pound.

If marketing quotas are not approved for the 1963 upland crop, acreage allotments will remain in effect and price support at 50 percent of parity will be available to cooperators.

Details on the allotments and referendum are available from local ASCS offices.

Mrs. Georgia Tilson of Brownfield and Mrs. Christine Ince of Arlington, Va. spent the week-end with their mother and grandmother.

Ginning Report -

The cotton harvest in the Quitaque area, along with the rest of the Panhandle, was interrupted last week by rain, which began falling Wednesday morning of last week and before the clouds went away three inches and more in spots was reported. Friday nights moisture total was the heaviest, registering 1.85 of rain. However, some spots reported over two inches. The cotton and grain harvests are in full swing again and the local gins report a total of 603 bales ginned as of early Thursday morning.

The Quitaque High School basketball teams were hosts last Friday night to the basketball teams from Hedley, winning one and losing one. The fortunes of war were reversed with the Pantherettes winning a thriller and the Panthers dropping their first home game in almost two years. The local lassies won 45-42, while the Panthers lost 59-65.

The Pantherettes, showing improvement over their first outing, hustled into an early lead and held a two-point 10-8 margin at the end of the first period. The visitors caught up late in the second period, however and went ahead to lead 19-16 at half time.

After half-time intermission the Owlettes increased their lead to 27-21 only to see the Pantherettes rally and knot the count at 27 all. The Pantherettes went ahead 37-31 at the end of three quarters. The final quarter was a ding-dong affair with the visitors pecking away at the home-towners lead and the local girls battling to hang on. The Owlettes outscored the Pantherettes 12-8 in the last period but could not quite catch up.

The Pantherettes are showing more poise and know-how and give promise of turning into a real salty crew as the season progresses.

Janice Dudley captured scoring honors for the night, dropping in a total of 31 points. Katrina Snelson was high for the visitors with 21 points, closely followed by Delois Sanders with 20.

The Panthers, who were not hitting too well from the floor and very poorly from the free throw line, lost to a good Hedley crew that was high and ready for Friday night's fray.

The local lads opened the scoring parade and led for the first few minutes of the game but fell behind at the end of the first period 15-16. The hot shooting Owls, who

were hitting from the field and exceptionally well on their free throws especially in the first half, owned a 54-43 half-time advantage. Jack Johnson, who was not up to par physically all last week, had 3 fouls riding on his back at the end of the half, further handicapping his efforts.

The Panthers trailed by 15 points at one time during the second period of play.

The local lads kept battling back all during the second half of play, matching the Owls from the field and starting making a few free shots and were definitely threatening as the time began to run out on them.

From the field the honors were all even, both teams making 22 field goals. The Hedley lads had more chances at the free throw line and made the most of them, sinking 21 and missing only 5. The Panthers made 15 and missed 6. Cappy Wise had a perfect night at the free throw line, making 4 out of 4 tries. Terry Woods sunk 5 free throws and missed only one.

The Panthers definitely were not as sharp as they were against Samnorwood, however, they were playing a better team, and one that was ready for them. The Hedley coach had scouted the Panther-Samnorwood game here and had his crew ready. The big difference seemed to be that the Hedley lads controlled both backboards and kept the Panthers crowded out from under the basket.

During the final minutes the Panthers learned some valuable lessons and probably came off the loss a better team for it.

The Tribune stated in last week's issue that the teams would play Samnorwood on Tuesday of this week. That was an error. Next Tuesday night, October 30, the teams will drive over to Samnor-

wood for return games there and on Friday night of next week, Nov. 2, the local teams will go to Hedley for a double header there.

WTS College Invites Students, Parents, Teachers To Attend Football Game

The West Texas State College Buffaloes, currently one of the two undefeated college football teams in the state of Texas, (along with No. 1 ranked Texas University) meet Bowling Green University in Buffalo Bowl at Canyon Saturday afternoon, Nov. 3 at 2 o'clock.

That day has been designated as High School Day at WT and the college is extending a very hearty invitation to every high school student, every faculty and administrator, and every parent who will bring some students to visit the WT campus and see the football game. To make the invitation very attractive, the college has made arrangements to sell to the groups listed above a \$3.00 reserve ticket for 50 cents.

As an added feature, students and anyone else are invited to come early and participate in the "Giant Pep Rally" at 11:15 in front of the cafeteria.

Following is the program of events:

VISIT JOHN A. JOHNSON FAMILY

Thursday night, Oct. 18, a group of relatives and friends visited in the home of Mr. and Mrs. John A. Johnson.

Cake, coffee and cokes were served to Mr. and Mrs. Knox Battle, Ensign and Mrs. Larry Koch, Mr. and Mrs. Sid Bogan, Mr. Ray Persons, Mr. R. S. Lewis, Mr. and Mrs. Clayton Johnson, Sammie Sue and Janice Kay.

Mr. and Mrs. Pete Rice and Mr. and Mrs. Jarrell Rice and Mike attended a family get-together at Camp Springs, east of Snyder, Sunday.

Mr. and Mrs. Walter Kelly spent the week-end with their daughter, Mr. and Mrs. Riley Griffin, at Odessa.

11:15 a.m. Grand Pep Rally — Front of the Cafeteria. High School students are urged to join W.T. students and "Boost the Buffaloes".

2:00 p.m. Football game. Everyone should be at the stadium by 1:15. A parking space for school buses will be reserved.

Those interested people should contact Supt. John Mason for the tickets to the football game. He has announced that he has ordered 40 game tickets and they will be sold on a first-come-first-served basis. The tickets cannot be bought at the college for 50 cents. The regular price of \$3.00 will be charged there.

This year's WT Buffaloes are a very exciting team to watch and football fans are sure to get their money's worth and the Buffaloes will be out to avenge a defeat at the hands of Bowling Green University last year. The game should be a very good one.

Mr. and Mrs. Elmer Berryhill and children spent the week-end in Bonham with his parents. Mrs. Berryhill, Sr. returned home with them for a week's visit.

Mr. and Mrs. Orlin Stark spent several days last week in Mineral Wells and then spent a few days in Dallas and attended the Fair. One day they were guests of the Mercantile National Bank in Dallas, were shown through the plant, and in the evening, they were dinner guests of the bank. The meal was served in the glassed-in dining room, thirty-three stories above ground, where the Starks could look over the entire city of Dallas. They really enjoyed their visit.

Mr. and Mrs. Ray Persons were in Childress Tuesday on business.

A. J. TIPPIS DIES AT DECATUR

Funeral services and burial for A. J. Tippis, 86, were held Monday at Oak Grove cemetery in Denton County. He died Sunday in a Bridgeport rest home after an illness of a year.

Mr. Tippis was born and reared in Denton County but had been a resident of Wise County for the past 20 years. His wife died in November 1961.

Survivors include three daughters, Mrs. Paul Spann of Decatur, Mrs. Wayne Bryan of the Blewett community and Mrs. Dalton Rich of Chico; three sons, Andrew Tippis of Fort Worth, Clarence Tippis of Artesia, New Mexico, and Milton Tippis of Los Angeles; one brother, W. H. Tippis of Fort Worth, and two sisters, Mrs. Ollie Nall of Quitaque and Mrs. Lillie Hawkins of Turkey.

Euna Bradshaw and Mrs. W. E. Morrison visited in the Hubert Settiff home in Plainview Sunday. Ina Bradshaw had been visiting in Plainview for a week with the Settiffs, the Bert Lanes and the Lawrence Bedwells and she returned home with Euna Sunday evening. Mrs. Morrison remained for a visit this week in Plainview.

God is our refuge and strength, a very present help in trouble.—(Psalm 46:1)

There are times when even the most aggressive, forceful, self-assured among us must know, in their secret hearts, that their human strength is not enough—that God alone can help them in their trouble. Those who humbly, truly, live within Him "will not fear, though the earth be removed."

CONNALLY CONFIDENT

John Connally is moving aggressively forward in his campaign for Governor, telling voters about his positive program, cutting away at his opponent's statements, and feeling confident about the election's outcome.

Connally laid out his program before the Dallas League of Women Voters and stung his Republican opponent by saying, "I don't believe in picking up your marbles and going home just because you don't get your own way." The reference obviously was to Cox's defection from the Democratic Party after an unsuccessful race for governor.

In El Paso, Gene Locke, Connally's campaign manager and chairman of the State Democratic Executive Committee, announced that Connally is holding a 2-1/2 to 1 lead in El Paso and is leading throughout the state.

In Connally's Fort Worth rally, he deplored the "rampaging fanaticism" of those who would deny the right of freedom of expression. He said hundreds of his campaign signs were torn down in Dallas.

In Dallas, Connally poked fun at his opponent's talk about states rights — inasmuch as the Republi-

cans at the same time were calling for Federal supervision to prevent "fraud at the polls."

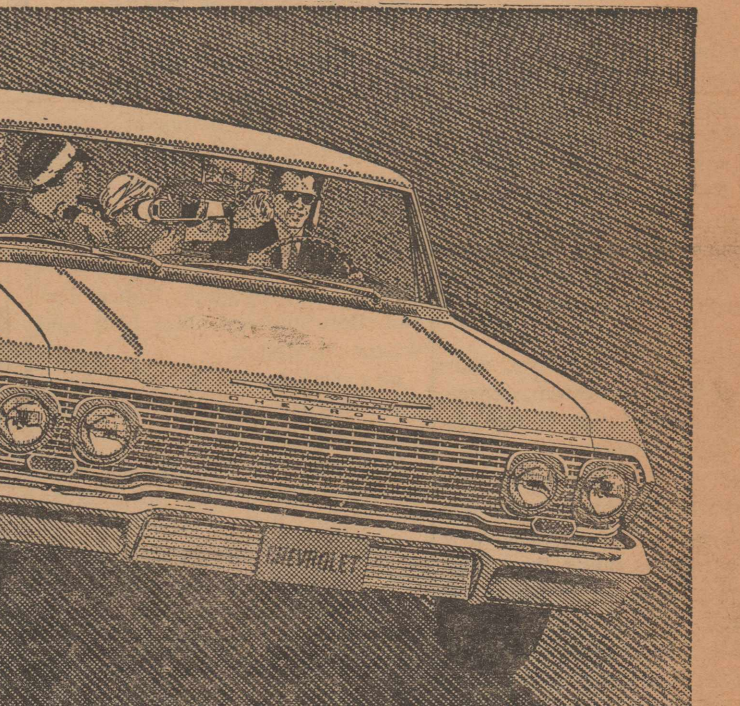

Establishment of a foreign relations service school in one of the Texas colleges or universities was proposed at Houston by Connally, who said: "There is no logical reason why all our foreign service career officers should be trained in the East. Such a school in Texas would bring beneficial results to our state, the nation, and our relations with our neighbors, particularly in Mexico, Central, and South America."

In these days of watered-down religion many have forgotten that God's holiness is central to His very being and that His love works in accordance with His holiness, not contrary to it. If there is anything this sinful world needs today in order to counteract its topsyturvy sense of values, it is a new vision of the fiery holiness of God. Seraphims, "fiery ones," proclaimed it in Isaiah's day. A baptism of the Holy Ghost and fire will cause men to proclaim it now. Uzziah sinned when he presumed on the holiness of God. From Genesis to Revelation the Bible makes it clear that God's holiness is not something to be trifled with. No man can play around with God. No man can receive anything but God's wrath when he refuses to come God's way.

Again let us say that this is not arbitrary. It is God's desire to save us, bring us into the highest and the best, to change us into the likeness of His glory. God knows the difference between that which will help and that which will hinder far better than we. He alone sees all the possible results of every course of action. He alone knows how to bring us in the way of blessing. In the words of Hudson Taylor of the China Inland Mission, the need of the hour is: "To get God's man, in God's place, doing God's work, in God's way for God's glory. God alone is sufficient for God's own work."

REMINDERS FROM INTERNAL REVENUE SERVICE

Area employees were reminded today that October 31 is an important tax date. Elton W. Davidson, administrative officer, Internal Revenue Service, Plainview, said that date is the deadline for reporting and paying income and social security taxes withheld for the calendar quarter ended September 30, 1962.

The IRS representative said employers should use Form 941 to report their tax liability for that period, and mail it, along with depositary receipts and full payment of taxes due, to the District Director, IRS, Dallas, Texas.

He said employers who do not have a copy of Circular E, "Employers Tax Guide," may obtain it from IRS. This publication contains a full discussion of employment taxes, together with tables and percentage methods for computing such taxes. The IRS representative said the law provides that taxpayers who made timely deposits in local authorized banks, or Federal Reserve Banks, of the taxes due, have an additional 10 days, or until Novem-

ber 12, to file their returns. Depository receipts must be submitted with the return, he added. He explained that November 12 is the due date this year because November 10 falls on a Saturday.

Elton W. Davidson, administrative officer, Internal Revenue Service, Plainview, today reminded taxpayers who are required to file quarterly Federal excise returns, that October 31, 1962, is the deadline for filing returns and paying the tax due for the calendar quarter ended September 30, 1962.

The IRS representative said taxpayers who are liable for more than \$100 of the excise taxes listed on Form 720 for any month (except the third month of a quarter) are required to deposit their full payments of these taxes in local authorized banks or a Federal Reserve Bank before the last day of the month in which the tax liability occurred.

Taxpayers making such timely deposits have an additional 10 days or until November 12, 1962, in which to file their Forms 720, he added. He said validated Federal Depository receipts must be submitted with the returns filed. The administrative officer explained that November 12 is the due date this year since November 10 falls on a Saturday.

He added that returns should be addressed and mailed to the District Director, Internal Revenue Service, Dallas, Texas.

Copies of the Form 720 and any additional information can be obtained by contacting the IRS office nearest you.

FARMERS ADVISED TO DESTROY COTTON STALKS SOON AS POSSIBLE

College Station - This year's cotton stalk destruction and farm cleanup by Texas producers should be done as early as possible, says R. L. Ridgway, Entomology Department, Texas A&M College.

According to the entomologist, stalk destruction and farm cleanup not only lower the pink bollworm population but destroy the food supply of the boll weevil and reduce the number that survive the winter. Heavy insect infestation next year can be prevented by doing a good

job of early destruction now. The use of stalk shredders is recommended by Ridgway because these machines kill many of the pink bollworms left in the field after harvest. He also advises plowing under the shredded residue to the depth of 6 inches within 5 days of cutting. Stripper harvesting aids greatly in reducing the number of pink bollworms because large amounts of the infested material is stripped from the stalks and carried to the gins where pink bollworms are killed in the ginning process, the entomologist adds.

An exception to the recommendations to shred stalks is made in the northwest part of the state where low temperatures will generally kill the pink bollworms in exposed bolls on the stalks, says Ridgway. Since deadlines for destruction of stalks is fast approaching in some parts of the state, cotton producers should begin plans now, he suggests.

For additional information on stalk destruction, refer to L-219, "Ways to Fight the Pink Bollworm in Texas," and MP-444, "Pink Bollworm Control as Related to the Total Cotton Insect Control Program of Central Texas." These publications may be obtained from the Agricultural Information Office, Texas A&M College.

NEW TREATMENT FOR ULCERS PROVING VERY SUCCESSFUL

PLAINVIEW - Every one of the 26 duodenal ulcers treated by the Nichols Medical Group here by the revolutionary method of "deep-freezing" have healed, physicians said.

George Roberts, an auditor at the New Mexico State University at Las Cruces, was the 27th patient. He required surgery and Saturday underwent the freezing process to hasten recovery.

The freezing of the stomach "as hard as a rock" to cure ulcers in the duodenum was developed by Dr. Owen H. Wagensteen of the

University of Minnesota. The Nichols Medical Group was the first to obtain one of the units used in the process. Their first treatment was applied July 5.

Patients have come from Dallas, McKinney, New Mexico and one from Los Angeles for the treatment in addition to those from the Plains and Panhandle.

Members of the Nichols Medical Group staff are enthusiastic about the results they have obtained. Duodenal ulcers have been treated by surgery, the operations usually requiring removal of more than half of the stomach.

By the deepfreeze method there is no surgery and the patient lives a normal life on about a normal diet from an hour or so after the freezing, which requires 45 minutes.

The patient must swallow a small balloon to which a tube is attached. Alcohol is circulated through the balloon via the tube and the freezing is accomplished on the same principal as cooling in a mechanical ice box.

The machine is called a Gastric Hypothermia unit and is made by Swenka.

Several doctors from over the area have been here to observe the process. Saturday Dr. Charles Ashby of Pampa and Dr. A. C. Isham, Lubbock, visited the Medical Group. Dr. Isham was a prospective patient.

Dr. E. O. Nichols, Sr. said examinations approximately three weeks after the deepfreeze treatment showed that all 26 of the ulcers treated here had healed.

The cure is accomplished by temporary elimination in the 20-below zero freezing process of the nerves that create the stomach acids that cause ulcers.

YOUNGSTERS TRICK OR TREAT FOR "CROP" ON HALLOWEEN

To young people of Texas Halloween has become a symbol of Christian sharing. Instead of blan-

keting the neighborhood with the familiar call for "Trick or Treat", and receiving food and candy for themselves, these youth go from house to house seeking contributions to CROP for feeding the hungry in other parts of the world.

These young "ambassadors of good will" have come to realize that they live in an abundant land and that they have more money to spend as a month's allowance than some families in other parts of the world receive in an entire year.

CROP (Christian Rural Overseas Program) is the Community Food Appeal of Church World Service. Besides conducting community appeals for farm commodities, such as cotton, livestock, maize, rice and wheat, CROP offers the program for youth groups on Halloween. Funds collected are used to take care of distributing, handling and transportation costs of surplus farm commodities given to Church World Service by the U. S. Government. In 1961, 333,893,961 pounds of powdered milk, wheat and wheat flour products, corn and corn meal beans, rice, edible oils and shortenings were given to Church World Service by our government for distribution in needy areas abroad.

All Crop and CWS shipments are distributed overseas under church supervision strictly on the basis of need. The distribution is also in cooperation with local social welfare groups. Thus the endeavor of the young people of America, and of Texas, through CROP, becomes the church at work in a mission of love.

WALTER ROGER'S NEWSLETTER

(Continued From Page One)
as the "Congress Colors." It, too, was made up of 13 stripes, alternately red and white, representing the Thirteen Colonies. The blue field in the upper left hand corner bore the crosses of St. George and St. Andrew, signifying union with the mother country. This flag was first flown by the ships of our Colonial Fleet in December of 1775.

Although some historians dispute the story, it is commonly believed that Betsy Ross made the first flag and on June 14, 1777 the Continental Congress established the Stars and Stripes by Resolution even though they did not specify the arrangement of the stars. Establishment of a national flag became a necessity so that our ships at sea would be recognized and not mistaken for pirate ships.

When the Star Spangled Banner was first flown by the Continental Army, General Washington is reported to have said, "We take the stars from heaven, the red from our mother country, separating it by white stripes, thus showing that we have separated from her, and the white stripes shall go down to posterity representing liberty."

As new states were admitted to the Union, it was first suggested that a star and a stripe be added but it was soon recognized that the flag could become unwieldy so the law of April 4, 1818 proclaimed that a star be added for each new state on the 4th of July after its admission. No change was made in the flag from 1912 with the admission of New Mexico and Arizona until 1959 when a star was added for Alaska and a year later our 50th star, representing Hawaiian statehood.

Recognition of the Pledge of Allegiance to the flag was given by the Congress in 1942 and in 1954 when the phrase "under God" was officially added. President Eisenhower, at that time, said that "in this way we are reaffirming the transcendence of religious faith in America's heritage and future; in this way we shall constantly strengthen those spiritual weapons which forever will be our country's most powerful resource in peace."

A very fine booklet was authorized to be published which gives the complete history of the flag, suggestions about displaying it, and approved customs for its use. I will be glad to obtain a copy for anyone indicating an interest in receiving one.
