Congressman Walter Rogers' Newsletter

THE QUESTION OF CATTLE IMPORTS

Cattle prices are low. Some cattlemen face financial distress. They see the current high level of beef and veal imports — a level topping 10 percent of domestic production — as being largely responsible for their dilemma. The United States policy of low tariffs and no quotas has cramped the market for our own cattle, particularly fed beef, by encouraging a flood of foreign meat products.

Fed cattle prices declined steadily during the first half of the year. Choice steers at Chicago dropped from \$30.13 in November, 1962, to a low of \$22.61 in May, 1963. They rose to an average of \$24.72 in July and ranged around a \$24 average this week. The Agriculture Department expects fed cattle prices to average close to those of recent weeks through the remaining months of the year. "Fed cattle"—cattle held on feed to fatten them for marketing and slaughter—provide the best quality beef. Prices of cattle of lesser quality have not been so drastically affected.

Imports of beef and veal have increased from 1.8 percent of our domestic production in 1954 to 10.6 percent at current level. These are the percentages of imports to domestic production for recent years: 1954, 1.8 percent; 1955, 2.1%; 1956, 1.6%; 1957, 3.9%; 1958, 8.6%; 1959, 8.6%; 1960, 5.9%; 1961, 7.9%; and 1962, 10.6 percent. The Agriculture Department says that more than four-fifths of the beef and veal imported is of fairly low quality and is used in the production of processed meat products rather than sold as fresh meat.

But cattlemen say that regardless of quality, imports have come along to take a steadily increasing share of business over the meat counters. It is well known that substitution by consumers of one meat product for another has important effect on the prices of both.

The Department of Agriculture contends that supply is the major factor affecting the price of fed cattle at market. A recent statement by the department said, "Year - to - year changes in fed cattle prices now seem to be as fully explained by changes in domestic fed cattle production as were price movements in earlier years. The sharp drop in fed cattle prices over the past several months has been associated with an upturn in fed cattle slaughter and continued heavy marketings of certain competing products." The Department warns that ranges are carrying an increasingly large number of animals. Large increases have been noted in the number of cattle on feed. It has been a dry year—and continued

SILVERTON MAN INJURED IN HIGHWAY ACCIDENT

Gail Bullock, 28, of Silvertown, was seriously injured last Monday morning when he was crushed by an overturning tractor about a mile north of town on FM 1065.

Bullock, an employee of the State Highway Department, was operating a front-end loading machine when it overturned, according to reports received here. He jumped from the vehicle but could not get far enough away to keep from being caught as it overturned.

He was carried to Silvertown by Roberts Funeral Home ambulance where he was examined at Mucleroy Clinic and given first aid, then was transferred to Swisher County Hospital at Tulia for further treatment.

He received fractures in both bones in his left arm, a broken collar bone, pelvis injuries and considerable other bruises and lacerations.

He was reported to be recovering from his injuries.

TELEPHONE STRIKE LOOMS FOR GENERAL TELEPHONE OF SW

Preparations for a possible strike against General Telephone Company of the Southwest have been made in Quitaque according to P. D. Bailey, of the Communications Workers of America.

Negotiations for a new contract have been going on since June 20, 1963 in San Angelo, Texas, headquarters location for General Telephone Co. of the Southwest. The union is seeking improvements in wages; vacation pay.

H. A. Boggs Found Dead In Field

Funeral services for Harvey A. Boggs, whose home is 5 miles east of Quitaque, were held at 2:00 P. M. Wednesday in the Assembly of God Church at Turkey with the pastor, Rev. A. J. Williams and Rev. Darwin Scott, pastor of the Turkey Baptist Church officiating. Burial was in Rest Haven Cemetery here under the direction of Eudy-Seale Funeral Home of Turkey.

He was 57 years of age.

Mr. Boggs was found dead Monday afternoon about 3 o'clock in the Hubert Dudley field where he had been cutting feed with a row binder. Indications were that the binder had developed trouble and he had stopped to repair it, and had suffered a heart attack.

Euel Dudley had gone to his farm Monday afternoon to check in some cattle and noticed the tractor and binder stopped. When he returned he saw that the tractor had not moved from its position and he stopped to help Mr. Boggs get the binder started but when he got to the implement he found Mr. Boggs dead.

Hubert Dudley was working in another field about a mile away and Euel went over there for help. Hubert sent Euel to Turkey for the doctor and an ambulance. Reg Cushmanberry, who was in that vicinity on the road maintainer, returned with Hubert to stay with the body until the doctor and ambulance arrived.

Dr. Richard M. Hall of Turkey estimated that death came to Mr. Boggs about 3 hours before he was found.

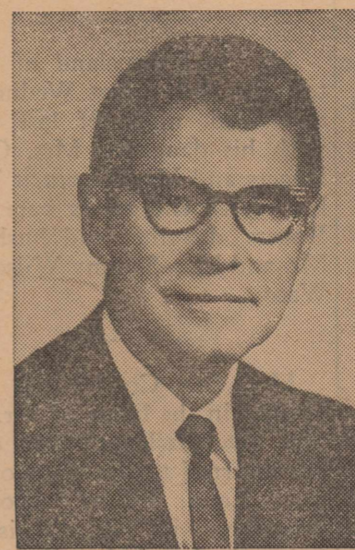

Harvey Aaron Boggs was born in Oklahoma in 1906 and came to the Turkey area in 1947.

Survivors include his wife, Flora of the home; four sons, C. L. of Lubbock, Charlie of Freeport, Hubert and Gerald of Amarillo; four sisters, two half-sisters, one-step sister one brother, three half-brothers and 14 grandchildren.

Mr. and Mrs. Joe Kaberna of Chicago, Ill. arrived in Quitaque Friday afternoon for a visit with relatives. They were guests of Mr. and Mrs. Sid Bogan. They also visited Mr. and Mrs. Jim Stroup, Mrs. Billie Wise and Cappy and Mrs. Gladys Wise. They left for home Monday afternoon.

Other visitors in the Bogan home during the weekend were Mr. and Mrs. S. T. Bogan, Jr. and 3 children, Wayne, Pat and baby daughter Dorothy, of Big Spring, who arrived Saturday and spent the night and Sunday.

Agriculture Secretary Freeman To Visit Lubbock Monday, Nov. 4th.

ORVILLE L. FREEMAN
Secretary of Agriculture

Secretary of Agriculture Orville L. Freeman will visit Lubbock Monday, November 4, to learn first hand what farmers and ranchers across the nation are thinking and saying.

The Lubbock "Report and Review" meeting is scheduled for 2:00 P. M. in Municipal Auditorium. It is the last of an extensive series of similar meetings that have put the Secretary face to face with thousands of farmers. All commodities and crops have been represented: wheat, corn, cotton, feed grains, livestock, dairy and poultry farmers have turned out in force to present their views to Secretary Freeman.

So have farm organizations and leaders and officials of commodity groups and other farm interests.

In every meeting Mr. Freeman has emphasized that he wants to hear from individual

producers. The meetings have been planned by the Secretary with arrangements being handled by USDA agencies. No private organization has a part in their planning or conduct.

The Secretary described the meetings as "an opportunity for me to hear what farmers and ranchers have to say about the Department of Agriculture and about farm programs and legislation."

The audience will have an opportunity to question the Secretary using cards distributed as they enter Municipal Auditorium. After answering the questions, the Secretary will hear and respond to comments, statements or additional questions from the floor.

John R. Fowler, County Office manager for the Briscoe County ASCS, states that he hopes to see many from this County at Monday's meeting.

Funeral Services Held Tuesday For Lola E. Standefer

Funeral services were held at 10 o'clock Tuesday morning in Parkview Baptist Church in Plainview for Mrs. Lola Evelyn Standefer, 67, who died in the Plainview Hospital and Clinic at 1:53 P. M. Sunday.

Officiating at the service was the Rev. Clayton Watkins, pastor, and Rev. J. E. Lee, a retired Baptist minister of Plainview, and former pastor of the Flomot Baptist Church.

Burial was in the Floydada Cemetery under the direction of Wood-Dunning Funeral Home of Plainview.

Mrs. Standefer was born at Comanche March 24, 1896. She was married to Lem Standefer at Flomot on March 20, 1914 and lived at Flomot and Turkey until 1948 when she moved to Plainview. She was a practical nurse.

Mrs. Standefer was a member of the Parkview Baptist Church at Plainview and the Rebekah Lodge.

She is survived by a son, Howard Standefer of Roby; three daughters, Mrs. M. F. Henshaw of Seymour, Mrs. John Bourland of Canyon and Mrs. D. J. Anderson of Quitaque; four sisters, Mrs. W. W. Merrell of Quitaque, Mrs. C. T. Loudermilk of Silvertown, Mrs. Dike McMurry of Dumas, and Mrs. Mattie Lee Watters of Silvertown; three brothers, O. J. McGowen of Amarillo, Bud McGowen of Floydada, and Richard McGowen of Herzog; 10 grandchildren and two great-grandchildren.

Mr. and Mrs. Gerald Imel and children of Tulia visited her mother, Mrs. C. H. Hamner Monday.

Grazing Permitted On Diverted Land

CPL. LUCAS LUCERO, JR. TAKES PART IN MANEUVERS

Marine Lance Corporal Lucas Lucero, Jr., son of Lucas Lucero of Quitaque, serving with the First Battalion, First Marine Regiment, First Marine Division, participated in extensive amphibious operations conducted September 16 through 27 off the coast of Southern California.

Dubbed "Exercise Merit Badge", the maneuvers were designed to provide training in amphibious landings, replenishment at sea exercises, shore bombardment, reconnaissance and Marine maneuvers ashore.

Twenty-two Pacific Fleet ships & more than 13,000 Marines took part in the landing exercise.

Mr. and Mrs. Howard Harvey and daughter Patricia of Amarillo spent Sunday with his parents, Mr. and Mrs. J. W. Harvey.

Mr. and Mrs. Harvey continue to receive 50th Anniversary gifts, the latest a beautiful pair of ash trays, a gift from Mr. and Mrs. S. C. Brown.

Mr. and Mrs. Gerald Imel and children of Tulia visited her mother, Mrs. C. H. Hamner Monday.

Effective October 1, farmers will be able to graze acreage they diverted under the 1963 feed grain and wheat stabilization programs without special approval. Chairman Louie Kitchens, of the Agricultural Stabilization and Conservation County Committee, has announced. This applies uniformly throughout the country.

He stressed, however, that this relaxation of program provisions applies only to grazing the feed grain and wheat diverted acres. Hay on such acreages may not be harvested.

Further, the relaxation does not apply to acreage diverted under the Conservation Reserve Program which may not be grazed or harvested through the whole year.

Altogether, a total of 500 farms in the county are participating in the 1963 feed grain and wheat stabilization programs.

Mr. and Mrs. James Barefield, Phil and Joey, spent Saturday and Sunday night in Amarillo, guests of their daughters, Mrs. Jesse Rivers and Mrs. Ted Bingham. Mr. Barefield and Phil attended the football game at Canyon Saturday night. Mrs. Barefield, Mrs. Rivers, and Mrs. Bingham visited Mrs. Barefield's niece, Mrs. Judy Cummins, in St. Anthony's Hospital. The Barefields spent the night with the Bingham's.

Mary Pittman was in Plainview Tuesday morning on business.

QUANAH STAGING AIR SHOW

More than 10,000 spectators are expected to witness spectacular precision flying by the Navy's famed Blue Angels during the fourth annual Quanah Air Show and Fly-In Sunday.

Flying the super-sonic Grumman F11A "Tigers," the Blue Angels will stage an hour-long demonstration in the sky-ways over Quanah between 2 and 4 P. M.

Sharing the spotlight with them will be a Sapulpa, Oklahoma jeweler, Don Pittman, the 1963 national professional aerobics champion.

The free show will be at the Quanah Airport which is located 1 mile south of Quanah.

MCADOO WINS BOTH GAMES TUESDAY NIGHT

Quitaque's basketball teams drove over to McAdoo Tuesday night for a pair of games and dropped both ends of a doubleheader, the Pantherettes losing 41-48 while the Panthers were drubbed 109 - 68 by the state-champion Eagles.

Last week both Quitaque teams won over the McAdoo teams here at Quitaque.

The Pantherettes started very slow Tuesday night, trailing 5-12 at the end of the first quarter of play and 10-20 midway of the second period. At this point the Quitaque lasses came to life and shut out the Eagles the remainder of the quarter and scored 13 points to go ahead 23-20 at half time.

After the intermission the two teams battled it out all the way in, with the score tied 5 times during the second half, the last time at 40-40.

The Pantherettes became a little wild and committed too many errors and lost their bid for a repeat victory on the hosts home floor. The game was a good one, and the Pantherettes are going to win a lot of ball games this season, with more experience for the newer members of the squad.

The Panthers took a 1-point decision over the Eagles here a week ago, took a terrific mauling from the champs. The 109 points was probably the highest total ever run up against a Quitaque team. The game was a peculiar one, for fans saw a complete reversal in the way the game was progressing.

For 10 minutes the Quitaque lads played almost flawless basketball building up a ten point lead and had McAdoo looking almost like has-beens at times. At one point late in the first period the Panthers led 23-10 but the Eagles pulled to within 7 points, 20-27 at the end of the first quarter. The Panthers evidently ran out of gas

after a couple of minutes deep into the second period because the Eagles started to catch up and went on to lead 52-45 at half time.

Shortly after play began in the second half it became apparent that it was no longer a question of who, but one of how much. And the Eagles poured it on all the way.

Janice Dudley took scoring honors for evening with 33 points. Deborah McKay was next with 6 points and Jennifer Whittington made 2. For the Eaglettes Martha Moore was tops with 26.

Jim Saul won scoring honors for the Panthers with 26 points. Jack Johnson netted 22, Robin Brown tallied 2. Terry Woods netted 11, Bobo Morrison had 4 points, Joe Hamilton 2 and Phil Barefield dropped in one free toss. Powers was the big gun for the Eagles with 39 points and Larry Morris dropped in 32.

Now the local teams must

start all over again on a new win streak. The boys now are 2 wins and one loss for the new season and the girls have won 1 and lost 2.

Samnorwood is the locals next opponents, those games to be played at Samnorwood Friday night. The teams split games here the first games of the season, the Pantherettes dropping a 57-64 decision and the Panthers winning 54-48.

Next Tuesday night the local teams drive over to Hedley for a double header with the Owls, another flock of birds, the Owls.

Guests in the home of the Rev. and Mrs. Roy Davidson last Sunday were Dr. and Mrs. Frank Cadenhead, Diane, Wayne, Jeff and Mary, and Mr. and Mrs. Buster Gholson, Mike and Becky, of Haskell.

Mrs. Bert Grundy drove Mrs. C. H. Hamner to Turkey for a dental appointment Monday.

Local Citizens Displeased With Newspaper Story

Quitaque citizens are highly indignant over a story that appeared on the sports pages of the Wednesday morning edition of The Lubbock Avalanche-Journal, with a McAdoo date line.

Ordinarily the publishers of this newspaper would not bother to reply to a story such as the one in question but when implications are left that perhaps not all was exactly on the square, and when downright untruths are stated that might cast reflections on our schools or against the officials, then it is time for the records to be put straight.

The part of the story that roused the ire of local citizenry concerned the basketball game that was played here last week

between the Quitaque Panthers and the McAdoo Eagles, a game the Panthers won 69-68. The part of the story in the Avalanche-Journal read as follows:

"The fouls were a little different Tuesday as 17 were called against McAdoo and 19 against Quitaque. In last weeks 69-68 Quitaque win, 37 fouls were called on McAdoo to 13 for Quitaque." Now, the inference here of course, would seem that McAdoo was not getting a fair shake in the officiating and the part of the story that is false is that Quitaque had only 13 fouls called on their team. This reporter kept his own account of the game as is his custom and of course, there was the official scorekeeper who kept the Quitaque

book. This reporter compared his book with that of the school's scorekeeper and both records have the Quitaque team charged with 25 fouls.

If anyone would care to investigate, they would find that Quitaque was in foul trouble early and they would also find that Jack Johnson and Jim Saul, normally the Panthers top scorers, sat out at least half the game. Saul fouled out fairly early in the second half and Johnson going out in the fourth period.

Investigation would also reveal that the Panthers, even with Johnson and Saul on the bench much of the time, were pushing the Eagles all the way, trailing 18-21 at the end of the

first period, 40-43 at half time and in the third period the local team went ahead and from then on the Eagles were scrambling to stay with the fired-up Panthers.

Investigation would also reveal that the Panthers have never been a team that did a lot of fouling. In the Silvertown tournament last year the Panthers, playing home-town Silvertown, were not charged with a foul until about mid-way of the third quarter.

We want our readers, and others who may have read the story, to know the straight of things—the truth, no more, no less.

Mrs. W. J. Carter says "Whoa There"—who said that she had only 13 great-grandchildren? Actually she is the proud possessor of 21 great-grandchildren and she says that she wouldn't take a dollar apiece for them and the prices are going up all of the time. She also has one great-great-grandchild. It could have been the editor's mistake (the first one). Any way, Mrs. Carter reports that she has 13 grandchildren and we stand corrected.

Mr. and Mrs. Ronald Kaiser

Charles, David and Patty Beth of Plainview attended church at the Church of Christ Sunday evening and visited her mother, Mrs. W. E. Morrison and other relatives after services.

Mr. and Mrs. Clayton Johnson and girls visited her parents, Mr. and Mrs. J. C. Rhoderick in Silverton Sunday.

Mr. C. E. McElyea was taken to the hospital in Childress by ambulance Saturday where it was determined he was suffering from a hemorrhaging ulcer. At the latest report he was some improved.

Ina and Euna Bradshaw and Mrs. Joe Woodruff visited Mrs. Vivian Merrell in Silverton Sunday afternoon.

Mr. Ted Copeland of Bentonville, Ark. spent Wednesday and Wed. night of last week with his daughter, Mrs. Clyde Rogers and Mr. Rogers at Turkey. Week-end guests were Mrs. Rogers' daughter and husband, Mr. and Mrs. Sammy Wilson of Waco.

Mrs. Ben Cogdill has been visiting in the home of Mr. and Mrs. Pete Clark for several days, but returned to the home of her son, Leon Elliott, Monday morning. Mrs. Cogdill is entering the hospital at Plainview November 14 for surgery.

Mr. and Mrs. Pete Clark were in Plainview Monday and Mrs. Clark went back Tuesday to see her doctor.

Mr. and Mrs. Birt Lane, Tim,

Mrs. J. T. Phelps is visiting her daughter, Mrs. Frank Yearo of the Lone Star community. Mrs. Yearo has just returned home following major surgery.

Thomas Williams of Amarillo spoke at both services at the Church of Christ Sun. and had dinner with Mr. and Mrs. Ralph Carter.

Glynn and Lynn Hamilton of Richmond, Virginia, Mrs. S. L. McKenzie, Mrs. Bob Eudy, and Chester Wayne Hamilton, all of Fort Worth, visited their brother, Raymond at Methodist Hospital in Lubbock last week. Glynn returned home with his sister, Mrs. R. L. Brunson and spent Monday night in Quitaque.

Mrs. Sid Bogan, Mrs. Gladys Wise and Mrs. Grace Kaberna of Chicago, Ill. visited Mrs. L. J. Bedwell and Mary Ellen McCracken Monday.

Mrs. A. C. Barrett and Mrs. Gladys Wise were in Amarillo Friday on business and for a visit with their children. Mrs. Wise went for a check-up with her doctor. Mrs. Barrett visited her daughters, Mrs. Millard McNabb and Mrs. Clovis Hill and their families, and Mrs. Wise visited her daughter, Mrs. Richard Tibbets, and her family.

Mrs. Emma Burgess of Artesia, N. M. accompanied Dale Cates of Lockney for a visit with Mr. and Mrs. A. C. Barrett Sunday. Mrs. Burgess remained for a longer visit this week.

Mr. and Mrs. Stewart McCracken of Tulsa drove to Tucson, Ariz. the first part of the week to visit their niece, little Miss Jill Young. They returned Tuesday evening and were accompanied home by Mrs. Boone McCracken, who had visited two weeks with the Joe Youngs.

Mr. and Mrs. Raymond West and Carolyn of Childress visited their mother and grandmother, Mrs. Mary Fain, Sunday.

Mr. and Mrs. A. C. Price of Amarillo had lunch with Mr. and Mrs. Bruce Price Monday.

Mrs. Cecil Boyles of Paducah is spending this week with her daughter, Mrs. Buddy Price and her family.

News From The Memphis Cotton Clashing Office
Cotton harvesting, which still continued slow for this time of the year, showed some increase in field operations during the week ending Friday, October

25, says K. E. Voelkel of the Agricultural Marketing Service's cotton clashing office in Memphis, Texas. The daily average receipts amounted to about 1,200 samples, and slightly over 7,000 samples were classed.

Since 80 to 90 percent of the cotton is open and could be harvested by hand labor, it is reported that most farmers are waiting for a killing frost so that harvesting might be done by the cheaper method of mechanical harvesting. A number of farmers that defoliated their cotton a week ago, stated that it would require at least another week before the cotton would be ready for harvesting. The light rain throughout this section about a week ago, together with the heavy dew the latter part of the week were not conducive to defoliation practices.

The quality of cotton classed this past week showed a slight decrease in the white grades, with 39 percent in this category compared with 47 percent the previous week. Middling White represented 16 percent. About 61 percent graded Light Spotted and Spotted as against 53 percent the week before. Middling Light Spotted was 29 percent over two percent of the samples classed were reduced in grade because of Bark.

The staple length ranged from 13/16 inch to 1.5/32 inches, with 90 percent of the cotton classed stapling less than 1 inch. Ten percent stapled 1 inch to 1.5/32 inches.

The predominant quality classed during the week was Middling Light Spotted, 15/16 inch.

Micronaire results continued to reflect good quality, with practically so readings less than 3.5. The readings from 3.5 to 5.0 represented 70 percent, and those from 5.0 and above amounted to 30 percent. At this time last season much of the cotton was classified as Wasty, and this meant a loss to the farmer of about \$20.00 a bale.

The fiber strength of the cotton classed ranged from Fair to Very Strong. The groupings for the week were as follows: 70-100 - 74.00, (Fair), 15 percent;

Prepared by
American Foundation for
Animal Health

The alarming thing about the mastitis problem in dairy cattle today is that some farmers seem to be developing a "live with it" attitude toward it.

Mastitis now drains \$250 million a year out of the pockets of cattle owners—a staggering sum!

A three-part program, which recognizes the complicated nature of mastitis could do a lot toward reducing these losses. The program consists of (1) prevention, (2) diagnosis, (3) treatment.

The preventive phase of the program should include a review of housing, milking equipment, sanitation and milking practices at regular intervals. The inspection should be made by a team including a qualified milking machine service man and a veterinarian.

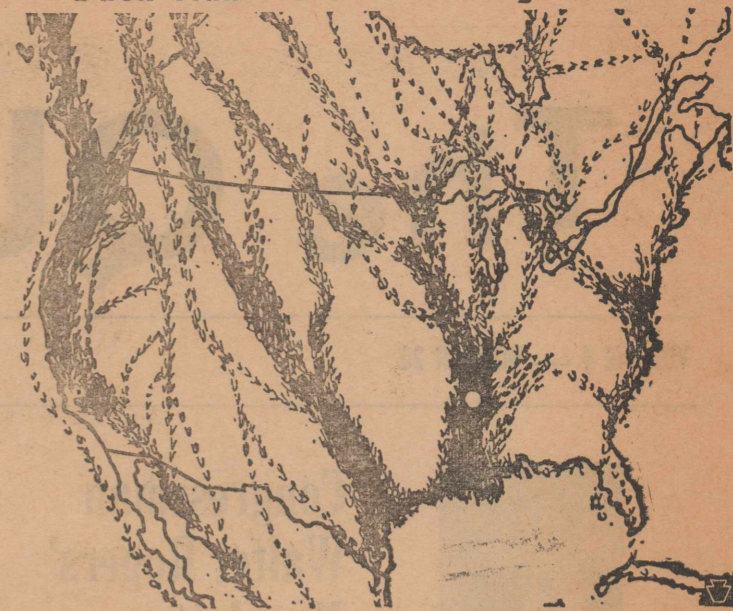

Mastitis now costs herd owners \$250 million a year.

The diagnosis part of the program is the "watch dog" which provides methods for detecting mastitis early. The plan might include a screening test of all cows in the milking line once a month. Cows showing trouble should be segregated. A veterinarian can conduct diagnostic tests which will spot the exact organism and enable him to set up proper treatment.

In the treatment phase of the program it is well to recognize that there is no easy "sure shot" remedy for mastitis. Since there are so many organisms which can cause the disease, successful treatment depends on properly determining the treatment for the organism responsible. This is the reason it is wise to leave the decision on how to treat mastitis to a veterinarian. He knows the organisms. He knows what to do. Success in controlling mastitis depends on a vigorous and continuous program, but diligence will pay off in a reduction of the heavy losses this problem now causes.

THE QUITAQUE TRIBUNE — THURSDAY, OCTOBER 31, 1963

Duck Hunters Set For Big Season

The four major flyways followed by ducks as they migrate from Canadian nesting grounds to southern winter homes are (right to left) the Atlantic, Mississippi, Central, and Pacific flyways.

More ducks and more liberal regulations are in store for the nation's duck hunters this season.

According to the Fish and Wildlife Service of the Department of the Interior, longer seasons or increased bag limits in all flyways are a direct result of an increase in waterfowl production during the summer.

A restricted season last year plus improved water conditions in the important northern nesting grounds in Canada led to the increase in duck population.

Claiming the title of duck hunting capital of the world is Stuttgart, Arkansas, in the heart of the lower Mississippi flyway (white dot in the map above). It is the focal point for hunters throughout the country each November and December.

A three-day trip for two to Stuttgart during the peak of the season and two Remington automatic shotguns are the first prize in a sweepstakes contest being conducted by Friskies Pet Foods. Twenty of the new Remington shotguns will be awarded to other winners, and all entries will be given free a Friskies dog feeding bowl. Entry blanks are in supermarkets and grocery stores.

75,000 - 79,000 Average, 26 percent; 80,000 - 84,000 (Average), 22 percent; 85,000 - 89,000 (Strong), 15 percent; 90,000 - 94,000 (Strong), 15 percent; and, 95,000 and above (Very Strong), 7 percent.

Average prices paid for some of the qualities that entered trade channels were: Strict Middling, 15/16 - 31.40; Middling, 15/16 - 30.90; Strict Low Middling, 15/16 - 29.95; Strict Middling Light Spotted, 15/16 - 30.60; and Middling Light Spotted, 15/16 - 30.10. These prices were based on flat, uncompressed, mixed lots in warehouses.

Cottonseed priced at gin points was \$55.00 per ton. Hand Labor was receiving \$1.75 and \$2.00 cwt., delivered to the gin, for pulling cotton.

TIME TO CONTROL PEACH TREE BORERS

College Station, Oct. 17—If you have noticed wax or gum oozing from the trunk of your peach trees they are probably infested with peach tree borers and now is the time to control these pests, says H. A. Turney, area entomologist with the Texas Agricultural Extension Service.

The insects damages the trees from about a foot above the

ground to three or four inches below it, Turney says.

Treatment for peach tree borers is Paradichlorobenzene crystals applied to the infested trees between October 20 and November 15. All weeds and grass should be removed from around the tree trunk for about a foot and the P D B crystals placed in a circular band around the tree about two inches from the trunk.

A mound of dirt six inches high should then be packed against the tree without allowing the crystals to touch the tree as they will harm it if they do, says Turney. Leave the mounds until spring, then level them back to the original ground line.

Two to three year old trees require about 1/2-ounce of P D B crystals per tree, and four to five year old trees need about three-quarters of an ounce per tree. A mature tree requires 1 oz. of crystals per tree, according to the entomologist.

When the crystals are placed around the trees the soil should be dry, and the soil temperature should be above 55 degrees F., he said.

For more information on the peach tree borer, Turney suggests a visit with your local county agricultural agent.

Notes

Sunday Morning Services:

- Sunday School 9:45
- Worship Service 10:50
- Training Union 6:30
- Sunday Evening Worship 7:30
- Wednesday — Teachers and
Officers Meeting 6:30
- Prayer Meeting 7:15

The service next Sunday morning, which will be concluded with the administration of the Lord's Supper, is very important in the field of Christian Social Concerns. Even as J. M. Davidson singled out the alcohol problem among youth as one of the topics in the Together magazine for November that he covered so well Sunday morning, so this is a great problem. Even as the cause of the Methodist Mission Home of Texas at San Antonio, one of two such agencies for the unwed mother maintained by The Methodist Church in the USA, is the chief offering for the month of November, it is not hard to find a linkage between these institutions, one of which was carrying out their program on "Call to Prayer and Self-Denial" on Wednesday evening.

fore it can get started, and the other which in a singularly sympathetic and realistic way helps to clean up the mess caused by sin, and to build some sort of basis for a better life for all concerned.

The evening message points to the general theme of the Christian As Citizen, the Higher Patriotism to which all Christians are called. It comes just before another election.

In the afternoon at three, the First Methodist Church in Plainview is the scene for the district's "Annual Hymn Festival." All are invited.

On Nov. 5 a special Annual Conference session on the Ministry is scheduled for Lubbock.

JOSEPHINE BEDWELL-CLYDE ROGERS MARRIED RECENTLY

Mrs. Josephine Bedwell of Quitaque and Deputy Sheriff Clyde Rogers of Turkey were united in marriage Friday, Oct. 18, at 6:00 P. M. in the home of Mr. and Mrs. Herbert Gipson in Amarillo.

Herbert Gipson, minister of the Church of Christ, performed the ceremony.

The couple will make their home in Turkey.

PEGGY BRUNCON BECOMES BRIDE OF TRUMAN JOE HADAWAY

Miss Peggy Jane Bruncon, daughter of Mr. and Mrs. R. L. Brunson, became the bride of Truman Joe Hadaway, in a 5:00 o'clock ceremony Monday evening in the home of the bride's parents. Parents of the bridegroom are Mr. and Mrs. Truman Hadaway of Turkey. Minister Jack Hutton of the Turkey Church of Christ, officiated.

The vows were exchanged before an arch covered with plumes and white gladioli centered with a white satin bow, and placed in front of a picture window.

Given in marriage by her father, the bride wore a beige dress with matching sweater and gold accessories. Her flowers were purple asters.

Mrs. Bobby Brunson was matron of honor and her dress was beige with purple accessories.

The groom's attendant was Roy Gene Landry of Turkey.

A reception was held immediately following the ceremony. The three-tiered wedding cake, topped by a miniature bride and groom, was served from a table laid with white linen cloth, and the orchid punch was served

from milk glass, with silver appointments. Mrs. Leroy Hamilton and Mrs. B. K. Hamilton, aunts of the bride, served.

The bride graduated from Quitaque High School in 1960 and attended Air Hostess School in Kansas City, Mo. She has recently been employed in the Pharmacy at Medical Center in Plainview.

The Groom attended school at Turkey, joining the Navy in 1961. He was home on leave, and the couple left immediately following the ceremony for California where he will report for duty October 31 at San Diego. They will be at home near there.

Guests present were Mrs. Jewel Hadaway, Mrs. Troy Logan and Dottie, Mrs. Jack Hutton and Roy Gene Landry, all of Turkey; Mr. and Mrs. John L. Garner, and Mrs. Myrtice Gillespie, Mr. and Mrs. Bobby Brunson, Bobby Ivan and Connie, Mr. H. W. Hamilton, Mr. and Mrs. Leroy Hamilton, Randall and L. W., Mr. and Mrs. Earl Hamilton, Karen and Ray Don, Mr. and Mrs. Deloy Myers, Mr. and Mrs. D. E. Brunson, Roger and Debbie, Mr. and Mrs. James Brunson and Patricia, Mrs. B. K. Hamilton, Mr. and Mrs. Jerry Hamilton, Kelley and Rusty, Mary Pittman and Pat Smith.

Flomot News

(By Mrs. Arnold Johnson)

Mrs. Arnold Johnson and Lucretia, Mrs. Billy McWilliams, and Mrs. Gilbert Carpenter and Tawnya of Quitaque all shopped in Tulia on Thursday of last week.

Stanley Degan, son of Mr. and Mrs. Joe Degan, was honored with a surprise birthday party on his sixteenth birthday recently in the home of his parents. A Halloween motif was carried out with decorations of orange and black crepe paper, pumpkins and black cats. Approximately twenty - one were present to enjoy the party.

A Halloween Carnival is to be held tonight (Thursday) in the school gym with all sorts of fun and games for everyone.

Highlight of the evening will be the crowning of a Queen, to be selected from class nominations.

The school expresses its appreciation to everyone who donated gifts and to others who helped in any way.

Lucretia Diane Johnson, daughter of Mr. and Mrs. Arnold Johnson, visited over the week-end with her grandparents, Mr. and Mrs. James May of Quitaque.

- Local Briefs -

Mr. and Mrs. W. W. Cain have just returned from a trip to Fort Worth and Dallas where they visited their daughter's and families. They left Quitaque on Thursday, October 10, and visited for a few days in Ft. Worth with their daughter, Mrs. Scotty Stewart and husband, then went to Dallas to visit Mr. and Mrs. John Manry and boys and Mrs. Cain went for a check-up with her doctor.

Mrs. Cain had a most pleasant surprise while she was in Dallas. A cousin, Mrs. John Guinn of Chattanooga, Tenn. arrived on Thursday for a visit. Mrs. Cain had not seen her cousin since 1910. She was enroute to visit her brother, Gordon Johnson at Trinidad, Texas. Mr. Johnson joined his sister and the Cains on Saturday and Mrs. Cain reports that they "really had a ball." Her son-in-law remarked that the combined ages of the Cains and their cousins represented a lot of years. Their ages were 71, 76, 80 and 81, a total number of 308 years. Mrs. Guinn's parents died when she was quite young, leaving 4 children, and Mrs. Cain's parents reared them.

The get together in Dallas proved to be a great reunion.

Mrs. Dora Stroup had her two sisters, Mrs. Pearl Martin of Floydada and Mrs. Lizzie Edleman of Estelline and Mrs. Eddleman's daughter, Mrs. Ethel Minyard, Portland, Ore., visiting her for several days the past week. Other dropping by for a visit with Mrs. Stroup and the others were Mrs. Maxwell of Fort Worth, Mrs. Murray Wise and children, Mrs. Novelle Wise, Mr. and Mrs. W. W. Merrell, Mr. and Mrs. Joe Kaberna of Chicago, Ill., and Mr. and Mrs. Jim Stroup.

Mr. and Mrs. Arthur Gregg of Amarillo spent the week-end here with Mr. and Mrs. Buddy Morris and Mr. and Mrs. J. W. Ewing. The Greggs and the Morris' visited Mrs. M. T. Wither in the rest home at Lockney Saturday.

C. E. Anderson, Jr. of Tulia was admitted to Northwest Texas Hospital in Amarillo last week and underwent surgery on Monday of this week for re-

November Is National Raisinbread Month

— California Raisin Advisory Board Photo

GLAMOROUS HOLIDAY TOAST

Fragrant slices of toasted raisinbread with an interesting cream cheese topping become the festive highlight of a beautiful holiday brunch. A swirl of crimson strawberry jam dramatizes the snowy white cream cheese accented with orange peel. Serve raisintoast this way with spicy sausages for a festive menu.

November is National Raisinbread Month. It is being enthusiastically celebrated by retail and wholesale bakers alike. Look for a special display of the many tempting varieties of raisinbread such as raisin nut, raisin cinnamon, raisin orange, raisin French, and the new hearty raisin pumpkin.

HOLIDAY RAISINBREAD TOAST

- 2 (3-ounce) packages softened cream cheese 1/4 cup strawberry jam
 - 1/4 teaspoon grated orange peel 12 slices buttered raisinbread toast
 - 2 tablespoons orange juice
- Beat cream cheese, orange peel and orange juice until smooth. Swirl jam through cheese. Arrange toasted raisinbread and bowlful of topping on serving platter, along with link sausages. Makes 6 servings.

Household Hints

BY JOAN MARCH WORDEN

Director, Pine Cleaner Information Center.

Do you have a pet peeve in housecleaning? Here is one homemaker's terrible trio - and some suggestions on how to feel less peevish about three hard jobs.

Venetian Blinds - Spring or summer is the season to tackle these - outdoors. If you have a child's wading pool handy, fill it with warm water and pine oil cleaner. Then line up all your blinds and up-end them in the pool. Sponge slats, take the blinds out on the lawn and hose down for rinsing. Dry blinds by laying them flat on the lawn just until the moisture runs off. (Putting them on a beach towel keeps slats free of grass cuttings.) Hang blinds up and let them finish drying on the window. If you get the urge to blind-clean in the winter - or if you are a city dweller - pine clean the blinds in the bathtub. Hang them to drip over shower rod - or lay flat in drained tub until excess moisture drains off.

Ovens - Don't let your oven get too grimy. After you cook a food that is especially spattery, soak racks as soon as possible in a solution of grease-dissolving pine oil cleaner and water. Use a sponge or household cleaning pad which has been dunked in a pine cleaner to swab the inside of the oven. Let the cleaning solution set to do its best work - then rinse racks and oven inside with hot water.

Bathroom - Enlist helping hands here. Each person who uses the bathroom should tidy up in small ways to make the big clean-up job quick and easy. Replace towels neatly, clean tub after using, sponge sink, rescue soap. You can help your helping hands by keeping a general-purpose pine cleaner in the bathroom, along with a long-handled sponge. These two minutes on the part of each member of the household will help cut down the weekly cleaning routine. At weekly bathroom clean-up use a pine oil cleaner to disinfect, clean, and deodorize tile, metal, porcelain and glass.

Your terrible trio can be less terrible when you put a good pine oil cleaner to work for you. For a set of eight free "Household Hints" leaflets and a Cleaning Checklist, write to Dept. CH, Pine Cleaner Information Center, 1028 Connecticut Avenue, Washington 26, D.C.

removal of a kidney stone. Dr. (his wife) called Monday evening and reported that he stood the operation fine, but would remain in the hospital until Wednesday or Thursday (today).

Mr. and Mrs. E. D. Richmond of Turkey and Mr. and Mrs. Charlie Gowin visited Mrs. L. J. Bedwell and Mary Ellen McCracken Monday.

LEGAL NOTICE

Notice To Prospective Bidders - Construction

Sealed bids, in single copy, will be received in the City Hall Building, Quitaque, Texas, until 2:00 P. M., CST, November 25, 1963, and then be publicly opened and read for the construction of three (3) earth-fill floodwater retarding structures. These structures are located within the Kent Creek Watershed approximately four (4) miles east of Quitaque in Briscoe County, Texas.

Estimated quantities of the major items of work are:

Excavation, Common: 11,620 Cubic Yards; Compacted fill 91,365 Cubic Yards; and all work pertinent thereto.

Prospective bidders may assemble in the City Hall at Quitaque on November 6, November 13, and November 20 for a group showing of the work sites. The group will leave Quitaque at 1:00 P. M. on each of the above days. If you are unable to attend one of the group showings, arrangements to inspect the sites may be made with James Brunson, contracting officer for the Kent Creek Water Control and Improvement District No. 1, City Hall Building, Quitaque, Texas, Phone 3431.

Complete assembly of the invitation for bids may be obtained from the contracting officer. 20-3c

was in beef and other livestock products. Most Americans believe that it is wise policy for us to seek to expand our exports, and 1963 promises to be a record year across the board. But at the same time we should not, while pursuing aggressive trade policies, become an international dumping ground for the meat products of other nations. Supporting the contention that we are becoming just that are these facts: During the period from

1956 to 1960 our average annual imports of all meat, converted to a carcass weight basis, amounted to 890 million lbs. In 1962, this figure was more than doubled to 1,850 million pounds. For all the rest of the world in the same period the increase was only from 5,138 million pounds to 5,496 million pounds — a gain of less than 7 percent.

On top of that, major beef exporting countries such as Australia and New Zealand, which would seem to want a lowering of world trade barriers for their exporters, have not hesitated to protect against imports in order that their own producers do not suffer.

In the controversy over this question one thing is clear: The American cattle industry has been hurt. I believe that the high level of imports has contributed significantly to the cattleman's problems. And I believe the time has come when technical people in the industry and in government must make a thorough review of all factors to determine the impact of im-

tions; pensions; insurance coverage and other working conditions. Reductions on many of the original Union proposals have been made according to Mr. Bailey.

Some offers on improvements sought have been made by the Company but are viewed as inadequate by the Union. Major Union-Company disagreements center around health insurance for employees and their dependents; vacations; pensions and certain Contract benefits the Company is seeking to reduce.

Threat of a strike came a few days before some 9,000 CWA employees walked off their jobs in General Telephone Co. of California at midnight Friday night, July 18, 1963. The possibility of a strike date being established soon became apparent when the Union Negotiating Committee received a request from its International President, Joseph A. Beirne of Washington, D. C., to confer with him in Dallas, Texas, Friday, October 25, 1963.

ROY LESLIE DIES LAST WEEK

Roy Leslie, former manager of the West Texas Gas Co. here, died Wednesday of last week in Peoples Hospital at Floydada at the age of 68.

Funeral services were held at First Baptist Church, Floydada at 2:00 P. M. Friday conducted by the pastor, Rev. Floyd C. Bradley. Interment was in the Ralls Cemetery.

Mr. Leslie was born in Wise County at Alvord on October, 1894.

He managed gas company offices for West Texas Gas Co., now Pioneer Natural Gas Co., at Silverton, Turkey, Plainview, Tahoka, Quitaque and Floydada before he was retired in 1960.

The Leslies moved to Floydada from Quitaque in 1944 and have lived there since that time.

He is survived by his wife, two brothers and two sisters.

Flomot News

(By Mrs. Arnold Johnson)

Mrs. and Mrs. L. W. Crowell are visiting in Portales, N. M. with Mr. A. W. Jones, who is in the hospital there.

Van Martin entered St. Anthony's Hospital in Amarillo Monday where he will undergo surgery on his eyes on Tuesday.

Mrs. Dora Davidson, Mrs. Ralph Stapleton and Mrs. Lizzie Pyron visited Mrs. Dorothy Brunson of Kress and Mrs. Vivian Merrell at Silverton.

Mr. and Mrs. Clayton Bond visited in Lubbock Sunday with Mr. and Mrs. Victor Bond.

Flomot residents were saddened at the passing of Mrs. Lola Standefer, a former resident. She will always be remembered as a loving friend.

Mrs. Robert I. Thomas is visiting in Amarillo at the home of her daughter and husband, Mr. and Mrs. J. A. Carlisle.

— Go To Church Sunday —

WHICH WILL IT BE?

Hot, for sure . . . if you have a Gas water heater! Gas replaces hot water as fast as you use it (for one-fifth the cost of the other kind). If you're not getting all the hot water you want when you want it . . . bring your hot water system up-to-date with a new, super-fast recovery Gas water heater. You'll be in hot water all the time.
