## JR. HIGH TEAMS CONTINUE TO WIN

Monday night, January 18, the Junior High teams traveled to Lakeview and both boys and girls won a ball game.

The girls scored 28 points to Lakeview's 20 with Sherry Stark leading the way with 17 points. Barbara Chandler tossed in 7 points and Jo Beth Merrell finished off the scoring with 4 points. The guards held Lakeview down good, considering their height.

Quitauque's boys beat Lakeview 39-22. Raymond Lucero scored 12 points to lead the Panthers in scoring. Bruce McWilliams was next with 6. Roland Hamilton, Oliver Clark, and Johnny Pointer each scored 4. Roger Brunson added 3 and David Brunson, Jerry Merrell, and Joe Cavazos rounded out the point-making with 2 each.

The teams are entered in the Matador Tournament Thursday, Friday and Saturday of this week. This is a round-robin tournament, with each team playing every other team in the tournament and the team with fewest losses is the winner.

The schedule for the Quitauque teams is as follows: Thursday both boys and girls play Turkey, the girls at 7 o'clock and the boys at 8; Friday the girls play Paducah and the boys play Matador, the games starting at 5 and 6 o'clock, the Pantherettes playing first; Saturday night at 7 o'clock the Pantherettes play Matador and at 8 o'clock the Panthers will meet Paducah.

Next Monday, January 25, the teams take on Silverton at Silverton, these games starting at 5:30 to allow for the Harlem Stars game starting at 8:00.

## QUITAQUE-SILVERTON JR. HI GAMES TO PRECEDE ALL-STAR TILT

Quitauque's Junior High basketball teams will play Silverton Junior High next Monday night at Silverton, the games to begin at 5:30 p. m.

The Junior High games will precede a game between the Harlem All-Stars and Silverton Has-Beens.

Admission prices for the games will be \$1.25 for adults, \$1.00 for students and 50¢ for pre-school children. It will not be possible to buy just a 50¢ ticket for the Junior High games and then leave after these two games. Purchase of tickets to see the All-Star game entitles purchaser to see all three games.

The other game follows immediately after the Junior High games.

Mr. and Mrs. Pete Rice drove down to Dallas Saturday to market for the store. They returned home Monday.

## FUNERAL SERVICE HELD SUNDAY FOR MRS. BECKY LOVING

Funeral services for Mrs. Becky Loving, 74, were held at 2 p. m. Sunday in the Methodist Church here with the Rev. Al Jennings, pastor officiating, assisted by the Rev. Bill Curry, pastor of the Baptist Church.

Mrs. Loving, a former resident of this community, died at Friday in Hendrix Memorial Hospital at Abilene.

Burial was in the Flomot Cemetery under the direction of Quitauque Funeral Home.

She was a member of the Methodist Church.

Pallbearers were Sid Bogan, Glynn Morrison, Wayne Whittington, Lewis Bedwell, Boone McCracken, Roy Smith, Maynard Wilson and Earl Morrison.

Mrs. Loving was born in Desdemona, April 15, 1890, the daughter of Tom and Cora Anderson Sparks. She was married to the late Mike Loving in 1908 at Desdemona. Mr. Loving died in 1940. They engaged in farming until his death, when she moved to Memphis. She had been living in Abilene for the past three years.

The Lovings came to this community from Crowell in 1919. Mrs. John Rogers, a long-time friend of the Lovings, paid the following tribute to them: "Mike and Becky Loving, as they were known to their many friends when they lived in the Gasoline community several years ago, were loved by all who came to know them. They had no children of their own but their love and esteem for others seemed to be radiated doubly through their warm friendship for others, by their friendly smiles and laughter. Memory of these dear people will long be remembered by those who came in contact with them."

Mrs. Loving is survived by her mother, Mrs. Cora Sparks of Abilene; four brothers, Jack Sparks, Big Spring, Johnny of Midland, Jim Sparks, Odessa, and Dean Sparks of Abilene; four sisters, Mrs. Viola Baskett of Seattle, Washington; Mrs. J. W. Parmley of Big Spring, Mrs. Maudie Perrin of Ranger and Miss Katie Sparks of Abilene.

Secretary of Agriculture Orville L. Freeman has announced that no export market acreage for cotton would be authorized in 1965.

Under the Agricultural Act of 1964, when the carryover is in excess of eight million bales, export market acreage for the 1965 crop cannot be authorized unless the Secretary determines that the carryover of upland cotton at the end of the marketing year (July 31, 1966) will be at least one million bales less than the carryover at the beginning of the marketing year (Aug. 1, 1965).

The national acreage allotment for 1965 has been set at the minimum level permitted by law, 16,000,000 acres, the same as for the 1963 and 1964 crops. A record high yield per acre was harvested in 1963 and a new record was established again this year.

It is not estimated that the carryover of upland cotton at the end of the 1965-66 marketing year will be reduced as much as one million bales below the

## MULE DEER RELEASED NEAR SILVERTON

San Angelo Jan. 21 — A truck load of mule deer live-trapped in arid West Texas were released in the Palo Duro Canyon, near Silverton, roughly 400 miles from their native habitat.

The Parks and Wildlife Department reports that last year 174 head of mule deer were trapped in the same west Texas area and transported by truck across Texas to help boost wildlife numbers in the sparsely populated Palo Duro Canyon sections of Briscoe County, Caprock area of Floyd and Motley Counties, and the Canadian River breaks of Roberts County.

Past efforts to establish both whitetail and mule deer herds in the Palo Duro began in the early 1940's when both species were trapped in other parts of the State and transplanted to the northern end of the Canyon. Additional mule deer will be released in the three approved areas to supplement the initial plants made in 1964.

Mrs. Monte Wallace, Mrs. Althea Dyche, and Mrs. Evelyn Nevans of Fort Stockton spent from Thursday of last week until Monday morning with their sister, Mrs. F. C. Benson and Mr. Benson. Mr. and Mrs. George Benson of Clarendon also visited his brother, F. C. Benson, Sunday.

carryover at the beginning of the year. With the domestic allotment program in effect next year, it appears that production may be lower than in 1963 and 1964. Also, the equalization program is expected to maintain domestic consumption and exports of cotton during the 1965-66 marketing year at the relatively high levels now indicated for 1964-65.

Under this combined supply-demand outlook, the carryover of cotton on July 31, 1966 is estimated to be somewhat lower than in August 1, 1965. However, it is estimated that the reduction will not be sufficient to meet the statutory requirement, the large stocks of cotton now on hand make the need for a substantial reduction in the carryover so urgent that an authorization for export market acreage would not be warranted, the Department said.

In 1964, export market acreage equal to 5 percent of the effective allotment for the farm was allowed. A total of 9,826 farms were approved to plant export market acreage and only 47,816 acres were planted. Under the export market acreage program, the production from such acreage has to be exported at world cotton prices without benefit of any export subsidy or equalization payment.

Mrs. Joe Woodruff returned home Friday of last week after spending several days with her daughter, Mrs. Clint Hicks, who is a patient in the hospital there. Mr. and Mrs. Leroy Hamilton and Mrs. Woodruff visited Mrs. Hicks Sunday. They report that she is improving. The Hamiltons and Mrs. Woodruff returned home by Plainview and visited John Luther Garner in the hospital there.

## NEW ARRIVAL

Katie Anne King, daughter of Mr. and Mrs. Ray Don King of 504 Ave. E Southeast, Childress, was born at 12:15 a. m. Monday, January 4, 1965. She weighed 7 lbs., 6 ozs. She was the first baby born this year in the Childress hospital and she received a great number of beautiful and useful gifts.

The Kings have two other children, Kelly, 2½ years old and Kirk, who is 18 months of age. Grandparents are Mr. and Mrs. Bill King of Colorado Springs, Colo., and great-grandparents are Mr. and Mrs. Buddy Morris, Quitauque.

## FEED-GRAIN SITUATION CHANGES EXPLAINED

College Station, Jan. 21— Feed Grain supplies for the present marketing year six percent from last year; demand is expected to remain high and prices probably will average a little higher during the 1964 - 65 marketing year than for the year just passed, says John G. McHaney, Extension economist of Texas A&M University.

Supplies have dropped during three of the last four years and the carryover at the beginning of the 1965-66 marketing year is expected to be around the 58 million ton level. This compares with a carryover of 69 million tons at the start of the present marketing year and the record 85 million tons in 1961-62. The reduced carryover is the result of a 1964 feed grain crop estimated at 10 to 12 million tons below total disappearance.

Feed grain average, according to the economist, was down 5 percent from 1963 and 21 percent below the 1959-60 average, the base period for the Feed Grain Program. Fewer acres and lower yields in 1964 accounted for the 12 percent drop in total production.

Livestock feeding rates have been influenced by rising costs and declining prices for livestock and livestock products. Domestic use of feed grains is expected to drop slightly during the present marketing year. Exports, on the other hand, are expected to equal or perhaps exceed last year's record of 18.7 million tons, says McHaney.

The economist believes prices will continue the general upward movement of the past three years. Prices received by farmers rose slightly in 1963 - 64 from the year before and were up about 10 percent above the post-war low of 1960-61.

The sorghum grain supply is about 8 percent below that of a year ago resulting from a smaller acreage harvested and lower per acre yields. Domestic use of sorghum grain is expected to show little change for the 1964-65 year but exports are expected to continue near the high level of the past two years, says the economist. Thus, he adds, the carryover into 1965-66 could be as much as 10 percent below the carryover of October 1, 1964.

# Quitauque Teams Lead District Race

The Quitauque Panthers and Pantherettes are sitting all alone at the top of the heap in District 12-B after the first round of play in district competition. For the Panthers this is sort of "old hat" since no Panther team has lost a district game since 1961. The district wound up in a three-way tie with Quitauque winning the playoff. Since that time the Panthers have been undefeated in the district. The Pantherettes have not fared so well. They have been contenders most years but have not managed to win a title. This could be the year. Although the race is far from over, the Pantherettes have beaten every team in the district and must be considered a pretty good threat to upset the dope bucket.

Last Friday night the two teams journeyed over to Lakeview for a pair of games and both teams encountered unexpected opposition from the Lakeview teams, although managing to win.

The Pantherettes, jumped out front to an early lead, then went cold and led by only 8-4

at the end of the first period. The second quarter was worse as the Eaglettes went ahead 13-12 at half time. The Quitauque girls found the range for 16 points in the third period to lead 28-18, then hung on to win 35-28.

Patricia Brunson dropped in 15 points for the Pantherettes for scoring honors; Barbara Reagan added 7 points to the total, Jill Johnson 6, Carol Myers 5 and Deborah McKay 2 points.

The Panthers won over the Eagles 70-56 but the 14 point margin by which they won was the widest gap the Quitauque lads were able to open over the hustling Eagles who pushed all the way. Eddie Monk hit for 24 points to spark the Panthers, who couldn't do much of anything right that night; Larry Tinton had one of his better nights scoring-wise, tossing in a 20-point total; Warren Lee Merrell canned 12 points, Jamie Johnson added 9 and Monte Stephens 5.

Tuesday night the local tea is hosted the Matador High Mat-

adors in a pair of district games, the Pantherettes winning a hard fought game, 44-37. The Pantherettes started like they were going to chase the visitors off the floor, leading 16-3 at the end of the first period of play. The gap was narrowed to 24-15 at halftime, however and Matador pulled to within 4 points during the last half but Quitauque managed to keep a 7 point lead most of the way.

Jill Johnson led the scoring parade for the Pantherettes with 18 points. Patricia Brunson was next with 15 points and Carol Meyers added 11. Donna Bedwell, Shirley Dowd, Lynette Taylor and Charlene Bailey did a good job of keeping the Matador forwards well out from under the baskets, the only place where they could score with any consistency.

The Panthers won over the Matadors 70-62.

The Matadors came to town with a very fine record for the season, marred only by a single loss, that to the Panthers in an early season game. Since that time the Matadors had been

undefeated and were winners of a couple of tournaments and they were ready to upset the Panthers, and for awhile it looked like that upset was in the making, for the Panthers couldn't find the handle to the ball and the Matadors were hot, building up a 9-1 lead in the opening minutes of the game. Matador continued to lead at midway point of the first period, 15-8, but at that point the Quitauque boys found the range and knotted the count at 17-17 and at the end of a wild first quarter the teams were all even at 21-21. The lead changed hands twice in the early minutes of the second period, then the Panthers went ahead 26-24 and were never tied or behind again, although the game was close all the way. The Panthers widened their margin to 11 points with 6:18 left in the game but lost Jamie Johnson with five fouls. A short time later Larry Tipton drew his 5th foul and the Panthers rode the game out with Dale Ramsey and Lonnie McDonald filling in for the two starters. Matador

lost three starters with fouls.

Eddie Monk continues on a hot streak, hitting for 26 points against the Matadors to lead all point makers. Jamie Johnson added 16 to the total, Monte Stephens and Larry Tipton added 10 each. Warren Lee Merrell made 6 free tosses for six points and Dale Ramsey dropped in a field goal to round out the final total.

Richard Campbell canned 25 points to win scoring honors for the Matadors.

The Panthers have been in a slump since before the holidays and had looked pretty bad in their last several games. However, they are coming out of it, as Tuesday night's win would show as Matador has a pretty fair team. They still need to polish themselves overall and get themselves ready and fit for the last half of the schedule and the district tournament, which is now only three weeks away.

Friday night the local teams are scheduled to play Flomot there and on Tuesday night go to Turkey for a doubleheader.

### THE GREATEST CEREMONY OF ALL

Americans traditionally reject ceremony in public matters of State. It is a sentiment deeply ingrained in our people, part of the historic rejection of formal European ways when our Nation was being forged two centuries ago. However, once every four years the people of the U. S. treat themselves to the great public ceremony of a Presidential Inaugural, installing with pomp and parade and prayer the man elected by the people to direct the Nation's affairs in the ensuing four years.

The marvels of television and radio now make it possible for all Americans to share the experience of this occasion, to feel with those citizens privileged to be in Washington for the event the excitement and inspiration as our President is sworn and celebrated. On this day as on no other, the blessed greatness of our governmental form is symbolized and rededicated.

With officials of the three branches of the Government flanking the President, the huge Capitol Plaza thronged by scores of thousands of citizens, and millions upon millions more attending the ceremony via television and radio in homes and business places across the country, the root strength of the Republic is emphasized by the President's oath-taking. For the commitment he takes to serve the people, there in the shadow of the magnificent Capitol building topped by its statue of Freedom, is the same commitment other men accept in the Congress, the capitols of the States, the court houses and city halls throughout the land, wherever men have been elected by their fellow citizens to serve in positions of public trust and responsibility.

nedys are former residents of Quitaque.

Mr. and Mrs. Clayton Johnson and girls visited her parents, Mr. and Mrs. J. C. Rhoderick, in Silvertown Sunday night. They visited with an uncle and aunt, Mr. and Mrs. Zeph Fogerson of Clovis, who were also visiting at the Rhoderick home.

Mr. and Mrs. Wesley Barnes of Lazbuddie spent Sunday and Sunday night with Rev. and Mrs. Bill Curry and family. The Barnes, Rev. and Mrs. Curry and the Rev. and Mrs. L. B. Edwards of Flomot left Monday morning for the Evangelistic Conference at Dallas.

As the Constitution prescribes the President will say, "I do solemnly swear that I will faithfully execute the office of President of the United States, and will to the best of my ability, preserve, protect and de-

fend the Constitution of the United States." Let no enemy of our system believe that these words are mere formality; they are sanctified for the people as for the Presidents who say them. The armor of the United States is its Constitution, binding its people in unity and liberty, and the words of the oath are part of the Constitution. The armor is welded by its guarantee that free men shall freely choose their leaders. For this reason, Inauguration Day is as much a day on which American people honor themselves and their forefathers as it is a day on which we honor a President.

Not a minute's walk from my office here is the intersection of New Jersey Avenue and C Street, S. E. From a house at this intersection, on March 4, 1801, Thomas Jefferson walked the two blocks to the new Capitol building to be administered the oath. Jefferson's 1801 inaugural was the first held in Washington. His entrance to the Capitol was punctuated by "a discharge of artillery," Addressing the Congress and the crowded House gallery, Jefferson said:

"I know indeed, that some honest men fear that a republican government can not be strong, that this Government is not strong enough; but would the honest patriot in the full tide of successful experiment, abandon a government which has so far kept us free and firm on the theoretic and visionary fear that this Government, the world's best hope, may by possibility want energy to preserve itself? I trust not. I believe this, on the contrary, the strongest Government on earth. I believe it is the only one where every man, at the call of the law, would fly to the standard of the law, and would meet invasions of the public order as his own personal concern. Sometimes it is said that man can not be trusted with the government of himself. Can he, then, be trusted with the government of others? Or have we found angels in the forms of kings to govern him? Let history answer this question."

### PLANNED OBSOLESCENCE

"These were the diseases that were," might make good television programming for a science show in the future if the course of medical progress continues at its current brisk pace.

The dedication and employment of the medical and allied professions toward making all disease obsolete already has relegated many once common maladies to the ranks of medical curiosities, while at the same time lengthening the lifespan some 20 percent in 20 years and saving the lives of an estimated 4 million Americans who would have died if the 1937 death rate prevailed today.

However, many medical targets still remain, most significantly cancer and heart disease, both of whose death rates have more than doubled since 1900. The investment since 1950 of some \$2 billion in research by the American pharmaceutical industry and millions more by the Government and universities has generated unprecedented medical achievements and augers well for the future fight against disease.

**COMMUNICATIONS Your Tool for Progress**

**Old Mother Hubbard never had it so good**

A bare cupboard in her day posed quite a problem. But the modern homemaker has many advantages — wonderful food stores, fast transportation, and communications. Food stores in several towns we serve use modern communications to help housewives shop and to increase food sales. They record daily specials on our ELECTRONIC SECRETARY® phone answering unit. A shopper telephones and receives the list of specials automatically through electronics. For full information about how our many communications services can be your Tool for Progress, please call our Business Office.

**MRS. CHARLES BARRETT GIVEN MISCELLANEOUS SHOWER**

Mrs. Charles Barrett, the former Pinkie Price, was honored with a miscellaneous bridal shower in the Community Room at First National Bank, Saturday, January 16, from 2 to 4 o'clock.

Guests were registered by Miss Gwen McKay, then directed to the display of beautiful and useful gifts, which included blankets, sheets, bedspreads, Corning Ware, a spice rack, an iron, a pressure pan, a tea kettle and other cooking utensils, a wrought iron bookcase, and other items too numerous to mention. The hostesses' gift was a set of stainless steel flatware

in service for eight.

After viewing the gifts, the guests were served white cake squares decorated with pink icing, cranberry punch, nuts and mints by Miss Donna Bedwell. The serving table was very attractive with a white net cloth over pink taffeta for a background for the centerpiece which was a hackberry tree sprayed white with pink rice bags. A large heart covered in pink stood on one end of the table with white doves flying from the heart to the hackberry tree.

Hostesses for the occasion were Mmes. Lela Mae Hutcheson, Odell Johnston, Grady Starkey, Glenn Ramsey, Jim Mayfield, Bill Helms, Clyde Saul, R. J. Harmon, J. W.

Lyon, Eldon Lyles, Walter Taylor, Bud Bailey, Lester Monk, Clayton Johnson, Perry Vines, Geneva Curtis, J. T. Persons, and A. L. Morris.

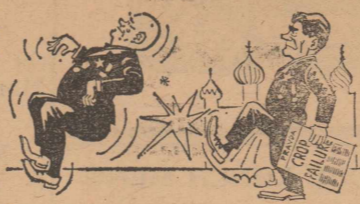

There were 50 guests registered. Out of town guests were Mr. and Mrs. George Seaney, Silverton, Mrs. Clovis Hill, Mrs. Millard McNabb, Amarillo, and Mrs. Wayne Hunter and Susie, Flomot.

Mr. and Mrs. Raymond Waldrop of Clarendon visited Mr. and Mrs. Eldon Lyles and family Monday evening.

Mrs. James Brunson, Mary and Perry, Mrs. Eldon Lyles and Don were in Floydada on Monday to see the dentist and the optometrist.

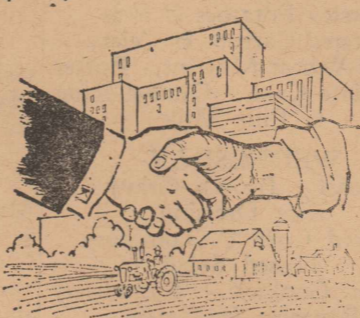

**Food And Freedom**

Khrushchev's fall from power was hastened by continued failures in the Soviet food supply which Nikita's planners couldn't solve. Because of scarcities, the average Russian family must spend over half of its available income on food alone, has little left for other needs.

In contrast, average U. S. family spends only 18 1/2 cents\* of each disposable dollar for food, and enjoys the world's best and most varied food supply. Credit goes to teamwork among farmers, food processors, distributors, retailers — plus agricultural researchers and suppliers of feed, fertilizers, chemicals, tractors and other essentials for efficient farming.

Khrushchev admired American farming, hoped to imitate our methods. But he failed to understand that free enterprise and voluntary teamwork, not government planning and compulsion, make our system work. Tenth annual Farm-City Week, ending on Thanksgiving Day 1964, will emphasize interdependence of agricultural and urban interests in maintaining food supply as America's biggest bargain.
