## Signup Underway For Cotton Program

Cotton farmers who want to grow their upland crop this year under the domestic allotment now have an opportunity to sign up at the ASCS County Office, W. E. Helms, Vice-Chairman, Agricultural Stabilization and Conservation County Committee, announced today. The signup covers the period February 8 through March 26, 1965.

The Vice-Chairman pointed out that this signup is a new development for cotton farmers, and for that reason a special effort is being made to get the word around to interested farmers.

The domestic allotment program was also in effect for the 1964 upland cotton crop, as authorized by special legislation, and the program for the 1965 crop is very similar to last year's. But last year there was no signup of farmers who

wanted to take part in the program. The signup this year is being conducted in the hope that it will make farmers more aware of the benefits available under the program.

In brief, the Vice-Chairman explained, each cotton producer this year will have two choices: First, he may plant within the farm's domestic allotment. (For small farms for which allotments are not released for 1965, the domestic allotment is the smaller of 15 acres or the 1965 effective allotment; for most other farms, the domestic allotment is 65 percent of the 1965 effective allotment.) By keeping the cotton acreage within the farm's domestic allotment, the farmer qualifies for the price-support loan, based on 29 cents a pound for Middling 1-inch cotton at average location, and also for a price support payment of 4.35 cents a pound on the farm's established normal yield times the acreage planted for harvest in

1965. The payment is to compensate farmers for reducing their acreage and thereby holding down unneeded Growers taking part in the domestic allotment program, and also stay within the farm's feed grain base if the domestic allotment is smaller than the effective allotment.

The second choice is to plant cotton within the effective allotment for his farm. (The effective allotment is the allotment after any release or reapportionment.) If this is the choice, he need not sign up. By keeping his cotton acreage within the effective allotment, the grower would be eligible for the price-support loan, described above.

Vice-Chairman Helms emphasized that a grower will not become eligible for the domestic allotment price-support payment by merely staying within his farm's domestic allotment. Signing up to take part in the program is a necessary first step. And the signup period is February 8 through March 26.

Mr. and Mrs. Ray Persons spent the week-end in Plainview with Mr. and Mrs. Tom Persons and Tommy. They stopped in Lockney enroute home for a visit with Mrs. M. T. Witcher in the rest home.

Guests in the home of Mr. and Mrs. F. C. Benson Saturday were her cousin, W. C. Beverly and wife of Amarillo.

Mr. and Mrs. Ralph Carter attended a coffee in honor of Mrs. John Young at Turkey Sunday afternoon. It was Mrs. Young's 80th birthday.

Mrs. Buster Chadwick and Stephanie were in Memphis on Wednesday of last week for medical attention. Stephanie received a broken bone in her elbow recently and has been paining her considerably. The doctor reports that it is healing.

Mr. and Mrs. Joe King, Jimmy and Marilyn of Cactus spent the week-end with her parents, Mr. and Mrs. D. C. Duck and other relatives and friends. Other guests at the Duck home Sunday were Mr. and Mrs. A. B. Ramsey and family and Mr. and Mrs. Wendell Farley and family.

Mrs. Bill Griffin accompanied a group of Boy Scouts as they made a trip to Lubbock Saturday morning, where she visited her sister, Mrs. Roy Howell. Mrs. Howell and Mrs. Griffin drove to Levelland Sunday morning to visit their sister, Mrs. Zada Bird, and their brother and his wife, Mr. and Mrs. Carl Deere. Mrs. Griffin returned home Sunday afternoon.

Mr. and Mrs. Eldon Lyles, Don and Melinda had dinner Sunday with her mother, Mrs. J. A. Fuston in Turkey.

### 33 INCH OF MOISTURE FALLS HERE MONDAY NIGHT

This area received the first moisture of any consequence in several weeks, when .33 of an inch was measured from the rain and sleet which fell here Monday night, according to Bill Rucker, who is now the official keeper of the rain gauge. The gauge is now located on the Rucker farm southeast of town.

Mrs. Reg. Cushenberry and Mrs. Murry Morrison attended the coffee given in honor of Mrs. John Young at Turkey on her 80th birthday last Sunday afternoon.

Mrs. Estelle Davidson accompanied Mr. and Mrs. S. B. McCracken and family of Tulia to Amarillo Sunday to visit Mr. and Mrs. Fred Davidson.

Mr. and Mrs. J. P. White spent the week-end in Muleshoe visiting their son, Rayburn White and family, Kara White had been visiting her grandparents and they took her home.

## Teams Whip Matador

Quitauque's High School basketball teams drove down to Matador last Friday night to play a double header with the Matadors and later two games of fast and furious action the Panthers had nailed down the lid on first place in the round robin schedule and the Pantherettes had wound up in a tie with Estelline for first place. The Pantherettes edged by a never-say-die team of Matador girls, 35-30. The Panthers also were pushed all the way to win 55-52.

The girls game started slow and it took the Pantherettes almost 5 minutes to crack the scoreboard and they made 4 points before Matador was able to score a free throw. Matador was playing a ball-control game to hold down the scoring and they did accomplish that as the first period ended with the visitors leading 9-5. The second quarter was more of the same and at half-time the score was 15-7 with Quitauque out in front.

Both teams scored 13 points in the third quarter as action picked up although most of the scoring came on free throws. Quitauque maintained the 8-point lead at the end of the quarter, 28-20.

The Matadors rallied at the start of the final period, cut the margin to three points, then tied the score at 29-29, again at 30-30 with five minutes left to play. The Pantherettes untied the score with 2:15 left in the game, then scored two more field goals to ice the con-

test down. The game was close and hard played, although both teams were not hitting. The Matador forwards were kept outside by guards Donna Bedwell, Shirley Dowd and Lynette Taylor, and although the Matadors fired away they connected for only 9 field goals. They made 11 of 16 free throw attempts.

The Pantherettes, on the other hand, were not hitting their free shots, making only 13 while missing 15. Jill Johnson chalked up 18 points to lead in the scoring department. Patricia Brunson made 12 points and Carol Myers 5.

The Panthers, as usual, had to battle from behind to win over the Matadors. The visitors trailed most of the first half. The Matadors were hitting well and never allowed the Panthers to build up a comfortable lead at any point.

Matador's Tim Green hit a 20-foot jump shot to open the scoring, then hit another before the Panthers were able to get on the scoreboard. The Panthers pulled into a 7-7 tie only to see the Matadors build a 19-11 first period lead. In the first minute of play of the second quarter, however, Eddie Monk cranked up, scored three quick buckets, and Larry Tipton got a free shot to put the Panthers in the ball game at 18-19. With 2:15 left to play the Panthers tied the count at 24-24 and 30 seconds later went ahead for the first time and led 28-24 at the end of the half.

The Panthers were never behind in the game again, although the Matadors tied the count at 28-28 and were within one point on several occasions during the third quarter. The Panthers led 39-38 at the end of the third period of play. The Panthers were unable to lead by more than five points during the fourth quarter. Most of the time the Matadors were only three points behind.

A great deal of the credit for Friday night's win must go to Junior Larry Tipton, for he turned in one of his better performances of the season, hauling in a number of rebounds, stealing the ball away on several occasions, and scoring well, also.

Eddie Monk topped the list in scoring for the Panthers with 17 points but Tipton was on his heels with 16. Jamie Johnson was next with 10. Monte Stephens tallied 7 points, Warren Lee Merrell made 3 and Dale Ramsey 2. The Panthers now have beaten the Matadors three times over the season and will likely get another shot at them during the tournament to be played here this week-end.

Tim Green of the Matadors won scoring honors for the evening with 22 points.

The Panthers wound up the round robin schedule undefeated and the Pantherettes have finished one of their better seasons with only one loss on their slate with a playoff game set for Monday night at Clarendon.

## QUITAQUE-ESTELLINE GIRLS TO MEET AT CLARENDON MON. NITE

The Quitauque Pantherettes and the Estelline Bear Cubettes, who wound up in a tie for first place in the round robin schedule of the district basketball race, will meet in a playoff game Monday night, February 15, at 7:30 in the Clarendon High School gym.

This playoff game is necessary because a clearcut winner of the round robin portion of the schedule must be produced.

Local fans are urged to follow the Pantherettes to Clarendon and help them win the first half of a district championship next Monday night.

### SCOUTS VISIT LUBBOCK AND REECE AFB LAST WEEKEND

Seventeen Boy Scouts and three adult leaders left Quitauque last Saturday morning and journeyed to Lubbock where they visited the Texas Tech Museum and Reese Air Force Base.

After spending the morning touring the Tech Museum, the group drove out to Reese Air Force Base. A tour of the Base was provided with a visit to all the points of interest. One of the most enjoyable was the flight line with all its planes. After the tour the Scouts spent the night "GI" style, eating in the "chow hall" with the Air Base personnel and sleeping in the barracks. Also, the boys enjoyed a romp in the Base Gym and attended a movie at the Base Theatre.

Sunday morning, after a hearty breakfast in the Chow Hall the Scouts started their return trip home, stopping off in Lorenzo to attend Church with the Roy Davidsons and the First Baptist Church in Lorenzo.

Those making the trip were Perry Brunson, Gary Chandler, Max Ham, Ronnie Hutcherson, Randy Evans, Johnny Griffin, Scotty Stark, Trent McKay, Verland Rice, Johnny Tiffin, Danny Tiffin, Jerry Martin, Jerry Merrell, Bruce McWilliams, Venus Gillespie, Warren L. Merrell, Rex Harmon, James Brunson, John Bowman and Jimmy Davidson.

### JR. HIGH TEAMS WIN 20th STRAIGHT

The Quitauque Junior High basketball teams breezed to their 20th consecutive victory on February 4, their wins coming at the expense of Matador in the local gym. Counting their undefeated season last year, this was the 32nd straight win for the boys, who have yet to taste defeat in two years of basketball.

The girls are also undefeated this year, and since they lost only two games last season, they too have a 26-game winning streak working for them.

In the girls game with Matador it was obvious from the start that it would not be another close contest. Quitauque jumped to a 19-8 half-time lead, limited Matador to only two field goals for the night, and won by a 32-12 margin. Jo Beth Merrell returned to her early-season form and thrashed the nets with 13 points for scoring honors and was followed by Sherry Stark with 9, Barbara Chandler with 8, and Kay Cochran rounded out the scoring with 2 points.

The boy's game was all Quitauque's. The regulars played only about a quarter and had racked up 22 points to Matador's 4 points when Coach Ted Schwarz sent in the second unit. Although every player on the bench saw action, the final score was still 47-18 in Quitauque's favor. Nine players figured in the scoring barrage, but Barry Johnson took top honors with 12 points, followed by Oliver Clark with 8, and Roger Brunson with 7.

## District Tourney Gets Underway

The boys division of the District 12-B basketball tournament gets underway tonight (Thursday) when Turkey and Lakeview square off at 7 o'clock in the first game of a double-header. Flomot meets Estelline at 8:15 in the second game of the evening. Quitauque and Matador, who wound up in first and second respectively in the round robin portion of the district schedule, will not get into action until Friday night.

Quitauque will play the winner of the Turkey-Lakeview game on Friday at 7 o'clock. Matador meets the winner of

the Flomot-Estelline game at 8:15 Friday night.

Friday night losers will meet at 7 o'clock Saturday night to determine third place winner and Friday night winners will play at 8:15 in the championship game.

It is possible, however, that Saturday night's game will not determine the district champion because Quitauque, by virtue of having won first place in the round robin schedule, must be beaten twice before being eliminated from title consideration. If the Panthers should go to the Saturday night finals and lose, then there must be a play-off. If they should lose their first game of the tournament, then the winner of the tournament must play the Panthers in a playoff game.

The girls division of the

Mr. and Mrs. Sid McFall, Jr. and family of Cedar Hill visited his parents, Mr. and Mrs. Sid McFall and attended P-TA at the school on Monday night of this week. Their son, Bruce took part in the program.

### FEED GRAIN PROGRAM RATES DESCRIBED

Farmers taking part in the 1965 feed grain program may get the top rate of payment on the entire acreage diverted into conserving uses if they sign up and actually divert at least 40 percent of the farm's feed grain base. W. E. Helms, vice-chairman, Agricultural Stabilization and Conservation County Committee, reminded growers.

The key figures for estimating diverted acres and diversion payments are 20, 40, and 50, the vice-chairman explained. The minimum diversion under the feed grain program is 20 percent of the feed grain base. The maximum diversion is 50 percent of the base. And there are two diversion-payment rates.

If the grower signs up and diverts only the minimum acreage, his diversion payment will be figured at the lower rate—one-fifth of the county's total price-support rate. (Price support loan plus the price-support payment.)

If the grower diverts between 20 and 40 percent of his base, the lower rate applies to the minimum diversion and the higher rate to the balance diverted. The higher rate is one-half the county's total support rate.

But if the grower signs up and actually diverts at least 40 percent of the base, the higher rate will apply to the entire acreage diverted.

Farmers signing up in both wheat and feed grain programs may divert either feed grains or wheat under the program's substitution plan, and in this case the diversion payments will be based on the actual crop reduced. Under this plan, any acreage credited to diversion from feed grains in excess of the signed intention would be paid for at the minimum feed grain diversion rate.

The feed grain program for 1965 is basically the same as in 1964. It is voluntary and applies to corn, grain sorghum and barley. Participating farmers may qualify for diverted-acre payments, and they will be eligible for price-support loans on their corn, grain sorghum and barley.

Chairman Helms points out that signing up is a necessary first step in taking part in the feed grain program. The signup covers the period February 8 through March 26. It will be held at the ASCS County Office.

### "OPEN SEASON" STARTS FOR REVISING WHEAT DIVERSION PLANS

The signup for the 1965 feed grain program, covering the period February 8 through March 26, offers winter wheat growers an "open season" for changing their intended participation in the 1965 wheat program, W. E. Helms, vice-chairman, Agricultural Stabilization and Conservation County Committee, said today.

The signup period now underway is the first conducted for spring wheat growers and for growers of corn, barley and grain sorghum, under the 1965 wheat and feed grain diversion programs.

In predominantly winter wheat areas, however, the wheat program signup was conducted last fall, but it was announced at that time that growers who signed up then would have an opportunity to revise their intended participation during the feed grain signup period this spring. (A winter wheat grower who signed up last fall now may revise the number of acres to be diverted or may rescind his agreement, but he does not have the option of signing up to overplant and store excess wheat.) March 26 will be the last day for signing up to overplant and store excess wheat.)

March 26 will be the last day for filing revised for taking part in the 1965 wheat and feed grain diversion programs.

The Vice-Chairman reminded farmers that the programs' substitution provision available only if the participating growers sign up in both the feed grain and the wheat programs. This provision enables growers to substitute wheat for feed grains or feed grains for wheat in qualifying for diversion payments, thereby providing program participants greater flexibility in farming operations. In this case, the rate of available diversion payment would be based on the crop actually diverted into a conserving use.

Farmers who sign up and then meet provisions of the feed grain program may qualify for diversion payments, price-support loans, and price-support payments on the normal yield of the diverted acres. The wheat program offers participating farmers diversion payments, price-support loans and domestic and export certificates (with a cash value) for as much as 80 percent of the normal production of the allotment, provided it is planted.

District 12-B tournament will be played here, beginning next Thursday.

Trophies will be given for winners of first, second and third place and individual awards will go to all-district selections of both boys and girls. All of these handsome awards are on display in Rice Dry Good's show windows.

Boys Championship trophy is being given by Paymaster Gin and the Girls Championship trophy is furnished by Farmers Co-op Gin; Boys second place trophy is being given by City Grocery and Merrell Food Store is giving the Girls second place award. The Boys third place award is furnished by Jennings Farm Store and Quitauque Cleaners is furnishing the Girls third place trophy. The First National Bank is furnishing the individual awards.

Mr. and Mrs. Guy Paul Smith and family of Plainview visited Mr. and Mrs. Buster Chadwick and girls and Mr. and Mrs. Vance Robison and girls. Stephanie and Laqueta Chadwick and Vanessa, Valerie and Vonaceil Robison accompanied the Smiths to Turkey to visit their grandparents, Mr. and Mrs. Guy Smith.

Mrs. Frank Yearly of Lone Star visited her mother, Mrs. J. T. Phelps Sunday.

Mack Truelock was notified last Friday night that his brother, Bill Truelock, of Lodi, Calif., underwent surgery there Friday for the removal of one of his lungs.

### Sick Report -

Mrs. Rayford Hewett and Jonathan of Lubbock spent last week with her parents, Mr. and Mrs. J. T. Persons and her grandmother, Mrs. Sallie Seay. Mrs. Hewett's husband joined her for the week-end. Mrs. George Kaether of Alvarado arrived Saturday for a visit with her parents. She is spending all of this week here. Her mother, Mrs. Persons and her grandmother, Mrs. Seay, were both brought home from the hospital at Matador on Saturday a week ago and both are reported to be improving. Mrs. Seay is staying at the Persons home while she recuperates.

Willie Woods, Jimmy Davidson, and Chlonex Woods attended the funeral services of Adolph Baca at Schulenberg on Wednesday morning of last week.

Mrs. Truman Merrell returned to her home Saturday. She had spent a few days in the W. W. Merrell home following her recent surgery.

### New Arrivals -

Mr. and Mrs. M. C. (Salty) Jones have a daughter, Mary Jane was born in the Childers hospital Thursday, February 4, at 4:30 a. m. and she weighed 7½ lbs. She has two brothers, Danny (Salty), 11 years old and Pepper, 7. Mrs. Jones and baby came home Sunday morning and are reported to be doing fine.

Coach and Mrs. Gene King are the proud parents of another son, John David, born Wednesday, February 3 in Swisher County Hospital at Tulia at 6:09 p. m. The Kings have a daughter Susie, 4 years old and another son Phil, 16 months of age. Mrs. King and baby came home Saturday and both are doing fine. Susie and Phil accompanied their grandmother, Mrs. O. A. King home to Aspermont Sunday. Mrs. King had spent last week here with the Gene Kings.

## MRS. MARY JOHNSTON OBSERVES 89th BIRTHDAY RECENTLY

Mrs. Mary Johnston of Lefors, mother of Wallace Johnston, observed her 89th birthday on Wednesday, February 3. Mrs. Wallace Johnston, Mrs. Odell Johnston, Mrs. G. H. Thomas and Mrs. Ted Hester of Silverton drove to Lefors and took lunch and spent the day with Mrs. Johnston and helped her celebrate her birthday. She was pleasantly surprised and enjoyed the delicious lunch and the visiting. The women of her church gave her a party in the afternoon but the ladies from Quitaque had time to only go by the church and register.

They were served refreshments and were given a plate favor of a pin cushion made of felt in the form of a shoe and covered with sequins.

Mrs. Johnston's cake was also baked in the form of an old shoe. There was a wishing well placed beside Mrs. Johnston's chair, and the entire theme of the party represented her age.

Mr. and Mrs. Wilburn Barbian and two children of Canyon visited her parents, Mr. and Mrs. H. S. Foster Saturday. Another daughter, Mrs. Bobby Richardson and family of Amarillo spent Sunday with them.

Mrs. Jessie Rivers and sons of Amarillo spent the week-end with her parents, Mr. and Mrs. James Barefield, Phil and Joey.

Mr. and Mrs. T. J. Reeves of Plainview visited the Bud Bailey family from Wednesday until Friday of last week. They were supper guests of Mr. and Mrs. James Barefield and Joey Thursday night.

Mr. and Mrs. Raymond Waldrop of Clarendon visited Mr. and Mrs. Eldon Lyles Wednesday of last week.

Mrs. Gerald Imel and children of Tullia visited her mother, Mrs. C. H. Hamner on Wednesday of last week.

## FISH FOR RESTOCKING LAKES

AUSTIN, Feb. 11 — Texans seeking black bass for restocking private water areas were advised by Marion Toole, inland fisheries coordinator for the Parks and Wildlife Department, that their applications must be received by the department by April 1. The deadline for catfish, crappie and sunfish is August 1. The address is John H. Reagan Building, Austin, Texas.

Toole said department personnel need to process each application to determine adequacy of the area recommended for restocking.

The inland fisheries coordinator said approximately ninety per cent of hatchery production is used for stocking waters.

## Athletic Sportsmanship

(By Supt. Johnny Mason)

Sportsmanship on the part of participants, spectators and the coaches has become one of the principal concerns of those of us who are closely related to school athletics. When we joined the Interscholastic League we automatically accepted the basketball code which states in part, "To accept the decisions of the officials without protest; to see that officials are extended protection and courtesy, by players, school personnel, fans and coaches; it means to treat your opponents as your guests, and to put clean play and real sportsmanship above victories."

During the years, the State Executive Committee has had to inflict more penalties on schools for misconduct relative to game officials and spectators than for any other violation.

This year, the Committee took very definite steps to curtail the unsportsmanship action of the coach. It was felt that this one thing seems to incite more unfavorable action than any other thing. However, this is not always the case.

A great deal of the poor conduct has been coming from the stands. We cannot and should not lay our misconduct on the coach just because we want to express our dislike or disagreement on certain decisions—by coach or official. We as fans have to accept the same responsibilities! When we react unfavorably, we bring reproach upon our school, our community, our coach, and many instances, "set the spark" which causes our children to do the same. We, as adults, cannot expect the players to be good

sports if we do not set them a good example. And at the same time, we as parents should expect the same standard of conduct from our children at school events that we demand at home.

In some communities the conduct of coaches and fans have reached the point that it is necessary that immediate action be taken by the school to insure that the basketball program is conducted in an educational fashion. The State Executive Committee has made an urgent appeal to all school administrators, coaches, teachers and fans, to take proper precautions to see that all game officials, coaches, and opponents are extended courtesy while on their school premises; and we are urgently requested, in case of any misconduct by a fan, player, or coach, be followed immediately by prosecuting that person to the legal limits.

It is a very easy thing to have our school athletic team suspended from participation for misconduct on our part. Therefore, I urge each fan, our coaches, the players, or any other person interested or connected with our school, to conduct themselves at athletic events in such a manner that there would not be the least cause for action to be taken against our school. It would be a most tragic fate to win a game or the championship only to have it taken away due to unsportsmanship conduct on the part of anyone concerned.

So, let's each "get a new start" — set our goals high — **CHAMPIONSHIP** — and conduct ourselves in the manner of champions.

## Hi-Plains Hi-Lights

NEWS from the High Plains Research Foundation

Research results throughout the High Plains of Texas in soybeans have been most gratifying for the High Plains Re-

search Foundation at Halfway, Texas.

"Farm Centered Research" plots, which are actual tests on farmers' land over the country, have been most successful, according to Jack Werner, Associate Agronomist of the Foundation staff. Werner, who is in charge of Farm Centered Research tests reports that information gained in the soybean tests has been most helpful in the proper soybean for each specific area of the Plains. The Foundation staff planted and supervised some eight "Farm Centered Research" test plots scattered from Farnsworth in the northern Panhandle to Ralls on the South Plains. On each of these test plots, ten different varieties of soybeans were tested.

HINN, the new soybean developed for the Plains by the Foundation, was tested against the standard beans grown in the area as well as several new experimental soybeans being developed by the Foundation. In all of the tests, HINN out-yielded the standard varieties by from 5 to 10 bushels.

One of the new beans being developed at Halfway and included in the "Farm Centered Research" plots is an early maturing short season bean that has a low water requirement. This new soybean will be best adapted to the north Plains region which has a shorter growing season. In the south Plains, this bean will be a good crop to plant in case of "hail out" when it is too late to come back with either cotton or grain sorghum.

Don't depend on memory!

## ACCESSORIES ARE GOOD MEDICINE, TOO!

Yes, your doctor's prescription is important—most important. But for the prescription of medicine to be most beneficial, other health items may also be required.

For example, there is the fever thermometer to check the temperature trend, the eye cup to administer the fluid, adhesive tape and gauze for the protective dressing, or an insulin syringe to quickly inject the drug. These, and many other prescription accessories are carried on our shelves, too, to make your doctor's Rx more effective.

Our pharmacists are trained to advise you concerning all accessory products. They are proud, along with the doctor, to be part of the health team that strives daily to keep you and your family well.

## We've Moved!

We have moved to the building next door to the Baird Oil Co. Office.

We invite our customers to come by and see us in our new location. Our new place has been completely remodeled inside and out and we feel that we can give you even better service, now.

We will appreciate your business. Our phone number is 8921. Call us when you need help.

## VANCE'S MOBIL SERVICE

In one test north of the Canadian River, this short season bean produced 45 bushel per acre when planted double-row. On the Clayton Terrell farm east of Plainview, another yield of 38 bushels per acre was harvested.

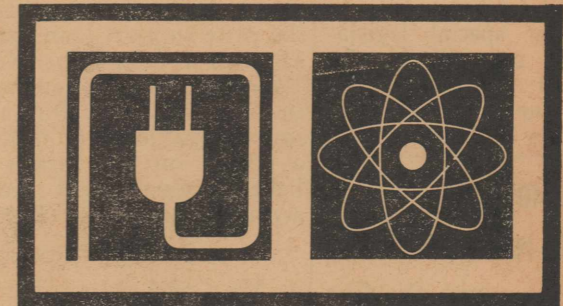

Werner stated that, "Texas is now the number one leader in the nation in bushels harvested per acre of soybeans. With the new varieties being developed, Texas can become the top-ranking state in number of acres in a few years. Soybeans that yield as high as the HINN give the farmer a good net per acre return, and this is what the farmer wants."

One young farmer from Spearman, Don Robinson, grew 136 acres of the HINN soybean under adverse conditions, yet harvested around 32 bushels

of beans per acre. This field was ready for harvesting on November 5, but due to the weather, harvest was delayed until December 27. During this time, the soybeans received two heavy rains, a 6-inch snow, a sleet coating, and strong winds.

The HINN withstood the weather by standing up till harvest and had very little shattering. Robinson said that less than 2 bushels per acre fell out of the pod. This shatter resistance along with a higher yielding ability and the characteristic of fruiting about 6 inches off the ground were some of the reasons that the HINN was developed by the Foundation.

For more information on the HINN soybean, contact the High Plains Research Foundation, Post Office Drawer 2200, Plainview, Texas.

## NATIONAL ELECTRICAL WEEK

FEB. 7-13, 1965

Things you rarely have to think about: sunlight, air, breathing and electricity!

Whether at 3 A.M. or 4 P.M., whenever you flip the switch, you find electricity there ready to serve you. An essential ingredient of modern living, dependable electric service has come to be taken for granted.

We take pride in this attitude, since being taken for granted is the most complimentary reference that can be made to our service. We shall always strive to maintain this reliable service and to have ready a plentiful supply of electric power to meet the needs of all our customers at any time.

Mrs. N. V. Hamilton, Mrs. Grady Starkey, Mrs. James May visited in Hereford Thursday of last week. Mrs. Hamilton and Mrs. Starkey visited Mrs. A. V. Tipps, Mrs. May visited her sister, Mrs. Ed Whitehorn, and Mrs. Morris visited her son and family, Mr. and Mrs. Corky Morris.

The Gaston Owens accompanied Mr. and Mrs. Dwain Henderson and Sonya to Loco Hills, N. M. Saturday night and spent the night with Mrs. Henderson's parents, Rev. and Mrs. Malcolm Prince. They were all dinner guests Sunday at the home of Mr. and Mrs. Frank Gattis.

Mr. and Mrs. Lawrence Bedwell and Mrs. Janie Richburg and daughter of Plainview spent Saturday night with Mrs. W. E. Morrison. All of them attended the Singing at Turkey Sunday. In the afternoon Mr. and Mrs. Birt Lane of Plainview visited Mrs. Morrison, enroute home from visiting at Turkey.

Mr. and Mrs. Jerry King and children of Silvertown were Sunday dinner guests at the home

of his parents, Mr. and Mrs. John King.

Mr. and Mrs. Ralph Carter and Mrs. H. B. Finney were in Plainview last Thursday. Mrs. Carter had a dental appointment and Mrs. Finney visited her daughter, Mrs. Ronald Kaiser and her family. She remained with the Kaisers until Saturday when her daughter and grandchildren brought her home and spent the night.

Mr. and Mrs. Bill Mayfield and children of Plainview spent the week-end with his parents, Mr. and Mrs. Jim Mayfield.

Mrs. Mack Truelock and Mrs. Morris Stephens visited in Dumas at the home of her sister, Mrs. J. W. Long. Mrs. Truelock met her brother, Paul Hammons of California there and another sister, Mrs. Grady Truelock, and they enjoyed the first visit together in several years.

Mr. and Mrs. Melvin Cobb of Wichita Falls spent from Friday until Sunday with his parents, Mr. and Mrs. Orval Cobb and Janice.

**PORTER-SMITH VOWS TO BE EXCHANGED SUNDAY, FEBRUARY 14**

Miss Carolyn Porter and Dwayne Smith will be united in marriage Sunday, February 14, at 3:00 p. m. in the Calvary Baptist Church of Floydada. Friends and relatives of the couple are invited to attend.

**WASHINGTON TRIP TO BE AWARDED AS CONTEST PRIZE**

An all expense paid trip to the Nation's capital city will be awarded to winners of an oratorical contest being sponsored by the Hall County Electrical Cooperative, Inc. with headquarters in Memphis, Texas.

J. W. Coppedge, manager of the co-op, said the contest is open to any boy or girl who is a junior in high school for the 1964-65 school year. (Under certain conditions, any high school student may participate.) Winners will join winners of similar contests sponsored by other electric cooperatives across Texas on the first annual Texas Electric Cooperative Government in Action Youth Tour to Washington, D. C.

Each entrant will be required to give a five to eight minute talk on "What Local Ownership of the Hall County Electric Cooperative means to this area," and answer one or more of 50 questions asked by the judges.

Interested young people may obtain an official blank from their school or the Hall County Electric Cooperative office in Memphis.

Deadline for submitting entries is February 12, 1965.

**CHEAP POLITICAL DEMAGOGUERY**

I addressed my colleagues in the House of Representatives last week after I learned that I, along with other Democrats who serve in the House, had been subjected to a vicious personal attack in a press release issued by the Republican Congressional Campaign Committee. The press release, by rank distortion of fact and callously twisted conclusion, attempted to impugn the patriotism of those Members of Congress who differed with the primary GOP "party line" to embarrass the President of the United States at every turn regardless of cost. I made it clear in my remarks to the House that I resent these tactics, that I mean to oppose them down the line, that I mean to expose the vileness of such smears.

My remarks, spoken before the House, are as follows:

Mr. Speaker, I have in my hand a newspaper release of the Republican Congressional Campaign Committee, which is one of the lowest, most reprehensible, most contemptible acts of individual or group in my knowledge. The release is headed, "GOP Criticizes Rogers For Vote to Help Nasser." The release quotes Bob Wilson of

California as stating that I voted against the best interests of the United States and on behalf of a Middle East dictator.

This statement and conclusion I brand as a deliberate lie, and I would include in that category anyone of the Republican Congressional Committee who was associated with this action or knew about it. In my opinion the only thing lower or more contemptible than the act itself would be the people responsible for it. It was, without doubt, the most irresponsible, unconscionable, and fraudulent act that I have witnessed in my experience since I have been a Member of the Congress of the United States of America.

The smear campaign that is being carried on by this Republican Congressional Campaign Committee, including Bob Wilson, its chairman, would exhibit at least some semblance of honesty, decency, and gentility by ceasing and desisting from this sorry practice that so resembles the Communist propaganda methods. However, if it is war they want, and they intend to continue their attempts at character assassination and to try to drag the names of Members of this Congress into the dirt, then I here and now serve notice on them that it is war they will have.

The truth about the vote on House Joint Resolution 234 is quite simple. It was a resolution making supplemental appropriation for fiscal year ending June 30, 1965, for certain activities of the Department of Agriculture. A Republican amendment was offered to the resolution which had all the earmarks of the rawest kind of political demagoguery, and in my opinion was designed for the sole purpose of trying to embarrass the President of the United States in the eyes of foreign nations, both friendly and hostile. The amendment had nothing to do with foreign aid but was confined to the question of sale of surplus farm commodities to the United Arab Republic for local currency. The foreign policy of this Nation is vested in the President of the United States under the Constitution. The sale of surplus farm commodities, on which this Government is paying storage, has been provided for under Public Law 480. This authority has been used as a weapon in foreign policy to get hold of local currencies without this Country needing to use up any of its gold reserves for that purpose. The availability of local

currencies to our Government is most important in dealing with all foreign nations. If we can obtain these currencies without spending gold, our position is strengthened and the drain on gold reserves reduced. The entire political situation in the Near East is highly explosive and must be dealt with on a day-to-day basis by the President of the United States. Not only the security of this Nation is involved, but also millions and millions of dollars of United States private capital investments. The Communists have long sought to gain control of the vast oil reserve under the control of the Arab countries. Nothing would please Nasser a propaganda weapon which he could use to solidify the entire Arab world against the United States and subsequently justify himself in expropriating properties belonging to private investors of this Country, turning these over to our Communist enemies, closing the Suez Canal and helping the Communists to gain additional power on the continent of Africa. This is also a weapon that could also be used and no doubt would be against the Country of Israel and Jews all over the world.

In my opinion the amendment that was offered was designed not only for the purpose of embarrassing the President of the United States in the eyes of

all foreign countries, but would take away from him a weapon that has been most effective in our conduct of foreign affairs and hand this weapon and more with it over to an untrustworthy, irresponsible, and despicable dictator in the Middle East. The vote on the amendment to House Joint Resolution 2234 called for a choice between the President of the United States and Abdel Gamal Nasser, a Mid-East dictator. Anytime this choice is offered me my vote will be cast for the President of the United States and this country, and let the chips fall where they may. If my Republican friends want to demagogue I would not deny them that right. However, I would hope in the future that they do not demagogue with the security of this country or the private interests of United States citizens abroad.

**OFFICIAL PROCLAMATION BY COUNTY JUDGE M. G. MORELAND**

Greetings:  
WHEREAS, agriculture is essential to the economic well-being of Briscoe County, our State and the Nation; and

WHEREAS, the productive efficiency of our farmers and ranchers have enabled our citizens to enjoy the highest standard of living in the world; and

WHEREAS, this record of achievement has resulted from educational and technological advancement in agriculture under a free choice system; and

WHEREAS, three out of four farm and ranch families in this Nation belonging to a general farm organization are members of the Farm Bureau; and

WHEREAS, Farm Bureau

is a free, independent non-governmental, voluntary organization of farm and ranch families united for the purpose of analyzing their problems and for mulating action to achieve educational improvement, economic opportunity, and social advancement, thereby promoting the national welfare:

NOW THEREFORE, I, M. G. Moreland, Judge of Briscoe County, do hereby designate February 8-13 as Farm Bureau Week in Briscoe County, and urge our citizens to give due recognition to this observance honoring the Briscoe County Farm Bureau.

IN OFFICIAL RECOGNITION WHEREOF, I hereby affix my signature this 27th day of January, 1965.

M. G. Moreland  
Briscoe County Judge
