Methodist Conference Report

Methodist Conference Report. The 56th session of the Northwest Texas Annual Conference of the Methodist Church met in the First Methodist Church at Lubbock from May 24 to 28.

On Thursday night of the conference, Rev. Al E. Jennings, pastor of the Quitaque and Flomot Methodist Churches received ordination as Elder and was received into Full Connection in the Methodist Church.

Weldon McCormick; Hart, Douglas Gossett; Lazbuddie, Hardy Cole; Vigo Park-Wayside, to be supplied.

Two important resolutions were unanimously adopted pertaining to the elimination of the Central Jurisdiction (Negro churches and conference). One resolution opened the door to transfer of C. J. churches within the boundaries of our Conference into the Northwest Texas Conference. A second resolution recommended approval of the transfer of five Central Jurisdiction Conferences to the South Central Jurisdiction as Conferences.

Also approved was a recommendation to reduce the number of districts in the Northwest Texas Conference from nine to eight for the conference year 1965-66 and that a reduction to seven districts be completed as soon as flexibility in appointments make this feasible. The Childress District was eliminated this year.

SCHOOL ADOPTS NEW BUYING PROCEDURE

At the regular meeting of the Board of Trustees Monday night the Board adopted a new policy on local buying for the school.

Effective immediately, all purchases by school employees, students or others charging items to the school must first have their intended purchases authorized by the superintendent.

When the purchase is authorized by the superintendent, a numbered requisition, with the items listed, will be given to the person authorized to charge such items to the school. The requisition is to be given to the local dealer and returned with the invoice at billing time.

The payment of all authorized purchases will be passed on by the Board of Trustees at their next regular meeting.

It is to be stressed that the Board of Trustees will not be obligated to pay any unauthorized purchases not conforming to the new policy.

It is hoped that this new policy on purchases will eliminate duplication on purchases, as well as unnecessary buying of items already on hand.

Also, ALL BILLS are to be sent to the school in care of the superintendent. Heretofore, many bills were sent to employees, which sometimes has a tendency to cause late payments.

The cooperation of local businesses will be appreciated.

DRIVING WITH CHILDREN

My wife tells me some writers
 for women say it's safer to have
 the children ride in the back
 seat of the car.

I ought to know better than
 argue with a woman; but my
 own experience tells me differ-
 ently. I've driven behind too
 many cars in which the harried
 mother is trying to cope with
 both the traffic in front of her
 and the children behind her and
 not doing a good job of either.

It's best, of course, to have the
 children secured by seat belts.
 It's not only safer, but cuts down
 on horseplay. If belts aren't
 available, seat the children firm-
 ly in the front where the driver
 can keep an eye on them without
 having to turn around to see
 what they're up to.

And please, mothers. When the
 youngsters get out of hand, pull
 off the road and stop until you
 get them quieted down. Don't
 try to drive and discipline at the
 same time.

Another thing. Front and rear
 Load-Leveler stabilizing units or
 new Monroe shock absorbers
 will smooth out bumps, take the
 sway out of curves, and the
 bucking and pitching out of sud-
 den stops, giving everybody a
 safer ride.

I put Super 500s on every new
 car I get. Be sure your shocks are
 safe. Ask your serviceman to
 check them.

CONGRESSMAN WALTER ROGERS' WASHINGTON REPORT

As I noted in this newsletter
 recently, the spectre of starva-
 tion haunts much of the world
 here in the United States we are
 so abundantly blessed as to face
 problems of an opposite kind
 —problems created by food sur-
 pluses. The less developed parts
 of the world, now containing
 2.2 billion of the world's 3.1
 billion, are having an extremely
 difficult time keeping food pro-
 duction at a rate in pace with
 their growing population. Many
 countries are losing in the effort
 and no solution is in sight. An
 increasingly larger part of their
 population increase is being sus-
 tained by commodities ship-
 ped from the developed areas
 of the world, particularly in the
 United States and Canada. In
 the years to come, it is not
 likely that this trend will be re-
 versed. We may anticipate con-
 tinuing increases in U. S. agri-

 means we must preserve strength
 throughout rural America,
 strength from the farmsteads on
 through the clusters of homes
 we in the Panhandle call "com-
 munities," through the towns
 and the regional city centers.
 Agriculture ties the web of
 America beyond the great in-
 dustrial cities; when agriculture
 is damaged, all else in rural
 America is hurt. It is unfortu-
 nately true that not all Ameri-
 cans are aware of the problems
 faced in agriculture, of increas-
 ing pressures on farmers from
 the cost-price squeeze; shifting
 population away from the
 farms and smaller cities and
 towns, leaving economic distress
 on Main St.; continued drouth
 in some sections of the Plains;
 the decline of rural area rep-
 resentation in Congress and State
 legislatures because patterns are
 being realigned through "re-
 apportionment" to reflect the
 new urban population concen-
 trations.

Reapportionment is an issue
 again being fought in Congress,
 as those of us who see the grow-
 ing threat to rural strength exert
 our best efforts in support of a
 Constitutional amendment to
 permit at least one house of two-
 house State legislatures to be or-
 ganized on factors other than
 population.

The full effects of Congress-
 ional district reapportionment
 have not been felt in the House
 of Representatives. The 90th
 Congress, to be sworn in Jan-

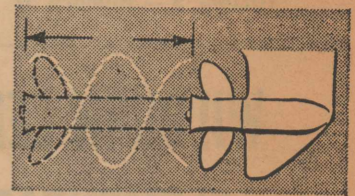

uary, 1967, will present—re-
 gardless of party alignment—
 a massive majority of urban-
 oriented House members. Now,
 with reapportionment planned
 but not yet in effect in many
 States (as in Texas), the strat-
 egy favoring enactment of farm
 legislation requires that all farm
 proposals be combined in one
 legislative package, tied up in an
 "omnibus" farm bill drafted
 with the widest possible appeal
 to as many groups, on and off
 the farm, as is possible. This
 package approach being taken
 this year to farm legislation is
 the reason that no farm bill has
 as yet been reported by the
 House Agricultural Committee.

The bill won't be ready for de-
 bate by the full House of Re-
 presentatives until the Committee
 has finished shaping the cotton
 program section of the bill.
 Then the House will debate it,
 and the "city" members, who
 now outnumber their rural
 counterparts in a ratio of about
 seven to three, will provide suf-
 ficient support for the bill to
 pass. The "omnibus" approach
 is the 1965 strategy. What will
 be required in 1967 with even
 heavier city representation is
 anybody's guess, but this much
 is certain: All of us interested in
 the future of rural America
 must repeat and repeat again,
 in any quarter where we can
 find an audience, that American
 agriculture and the rural econ-
 omy it sustains must not be
 damaged further.

As I have told farm groups
 coming to Washington recently
 in the interests of agricultural
 legislation, it is absolutely es-

sential that all elements inter-
 ested in a strong agriculture
 speak to Congress and to the
 res of the country in a united
 voice. There are, as there have
 always been, interests ready to
 ravage rural America to their
 own selfish ends. Only unity of
 approach can assure against their
 success.

Boating Tips...

PROPELLERS

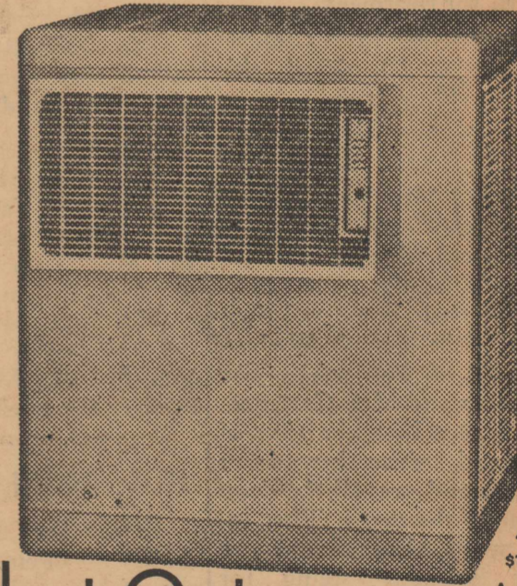

Selection of the correct propeller
 for your outboard motor is the
 most important single step in at-
 taining maximum engine perfor-
 mance. Mercury outboard experts
 point out that pitch, diameter and
 number of blades govern a motor's
 ability to operate within the rec-
 ommended rpm range. Pitch refers
 to the theoretical forward move-
 ment for each revolution of the
 propeller (see arrows in illustra-
 tion). Given two motors with iden-
 tical horsepower, one propelling a
 light runabout, the other a house-
 boat, it's evident that each should
 be "geared" with a different prop-
 eller. In some cases it's advisable
 to purchase two propellers. For ex-
 ample, if your boat is a swift runa-
 bout, you could select one prop for
 maximum speed under light load,
 and another for extra pulling pow-
 er in towing water skiers.

Housing Credit Is Available To Senior Citizens

Elderly people, if they live in rural areas, need not give up the idea of building, buying or repairing their homes on credit.

This word comes from Donald B. Cruce, Farmers Home Administration county supervisor, serving Briscoe and Swisher Counties.

Mr. Cruce said citizens who are 62 years and over, living in a rural community of 2,500 or less, may be eligible for a 33-year loan bearing 4 percent interest to buy an older home or build a new one.

The FHA supervisor said residents may also be eligible for smaller loans for home repairs.

He pointed out the increasing demand in small towns for rental units designed to meet the housing needs of older folks.

The Farmers Home Administration can loan direct funds to non-profit organizations for construction of senior citizens rental housing units designed for independent living.

Funds for construction of senior citizen rental housing units may also be provided by

private investors with FHA guaranteeing repayment.

This fiscal year through April 30 Farmers Home Administration has advanced \$5,586,876 to senior citizens for construction, buying and repairing of individual homes. The total loaned is up 17 percent over a similar period last fiscal year.

Over 1,200 elderly people in the 30 states, Puerto Rico and the Virgin Islands were able to get loans for new or improved housing through the senior citizen rural housing program of Farmers Home Administration.

Another \$1,248,510 was advanced by the U. S. Department of Agriculture agency for the construction of rental housing units for senior citizens during the same period, July 1, 1964 through April 30, 1965.

"Farmers Home Administration's senior citizen housing loan program offers citizens, 62-years and older, an opportunity to have housing suited to their needs in the community in which they have spent their working years," Mr. Cruce said. "This program also stimulates the local economy by providing jobs for workers engaged in the construction industry and customers for local trades and services."

In 1962 Congress authorized Farmers Home Administration to make direct loans and insured loans to individuals and corporations to finance rental housing for the elderly.

FHA direct loans for senior citizens rental housing in rural communities bear 3.75 percent interest, with up to 50 years for repayment.

But loans insured by the agency for rental housing currently bear 5.75 percent interest. Borrowers have up to 40 years to repay.

Additional information about the senior citizen rural housing loan program is available at the Farmers Home Administration office, 222 West Broadway in Tulia, Texas or on the second floor of the Court House in Silverton on Tuesday of each week from 9:00 a. m. to 12 noon.

Mr. and Mrs. Gaston Owens and Eddie attended a birthday dinner honoring her son Dwain at his home in Silverton Saturday. Other guests present were Mr. and Mrs. Ronald Vaughan and children.

Mr. and Mrs. Renois Case of

Anson and his mother, Mrs. Vera Case of Turkey visited Mr. and Mrs. H. B. Finney Sunday. Other guests at the Finney home were Mr. Finney's sister, Mrs. H. C. Reed and husband from Wichita Falls.

Mrs. Betty George visited her brother, Virgil Skinner, in the Flomot community last week and got stranded there by the rain. Mrs. Mary Fain of Childress came up Sunday to visit Mrs. George.

Mr. and Mrs. Doyle Wheeler and son, Michael, of Amarillo spent the week-end with her grandparents, Mr. and Mrs. J. W. Hargey.

Mr. and Mrs. J. W. Harvey spent the week-end before last in Amarillo visiting their sons, and their families, Mr. and Mrs. Howard Harvey and Mr. and Mrs. Ralph Harvey. Mr. and Mrs. J. W. Kimbell spent last Friday night with Mr. and Mrs. J. C. Mabry and girls in Tulia.

Mrs. Patsy Martin visited her grandmother, Mrs. H. K. Carpenter, in Lockney Sunday.

Mrs. Gertha Mae Vaughan of Silverton visited in the home of Mr. and Mrs. Buddy Morris last Friday afternoon.

Music In Your Life

by Mildred Alexander
Teaching Consultant
Hammond Organ Company

Today each member of the family unit is aggressively engaged in his own pursuits, so there's less and less of the "pull-together" feeling of yesteryear. Specialization seems to have a fragmenting effect on today's family unit.

Where oh where is the natural spirit of family participation? With each member of the family selecting his own favorite TV program, his own sport and his own circle of friends, where is the joy and strength of participating together?

Well, there is one way to develop family bonds easily and enjoyably. The formula is to enjoy music together. Sure, Sis has her favorite records and musical idols, and so does Buddy. So do grandparents and parents. But, once they're all indoctrinated into the creative fun of making music together, the oldtime spirit of "one for all and all for one" really shines through. An active, rather than passive activity—making music can be a really important and gay uplift for the home.

The instrument that's done much to bring back this family harmony is the Hammond Organ. In the past 30 years, it has become an all-family, all-taste, all-age instrument. An older in the seventies can start to learn as well as the moppet of 7. And usually in a matter of a few minutes, the novice of almost any age can learn to play a simple tune of his choice.

Whether it's a hymn or a Beatie beat, a sentimental tune or a lusty college song, the electric organ has built-in ways of making each sound "authentic." That's because there's such an infinite variety of tones, styles and instrument sounds on this organ.

STUDENTS POEMS PUBLISHED

As was announced several weeks ago, the poems of four Eighth Grade students were accepted for publication by The National High School Poetry Anthology.

The publication has been received by the local schools.

Every student in the Eighth Grade speech class was required to write at least one poem and almost all the students in the class submitted a poem in the contest.

The four poems were selected from about 3,000 poems submitted by other students. The most remarkable thing is that the Eighth Graders were competing against high school students.

Those students whose poetry appeared in High School Anthology are Sherry Stark, Larry Farley, Oliver Clark and Barry Johnson.

The following are the four poems chosen:

WILL IT ARRIVE BEFORE I DIE?

By Sherry Stark

In the ground I lay, looking above Praying hard for a drenching rain. My roots stretched down and my leaves turned brown

But the prayed - for rain never came.

Then later I saw something white in the sky

With flashing yellow and roaring thunder so loud; I stretched forward eagerly but then lay limp

When no rain came forth from that cloud.

Today I still pray as I wither away;

In the dry, scorched ground I still lie.

With my last and dying breath I plead,

"Send water, Oh, Lord - else I die!"

THE DEATH OF A FLY

By Larry Farley

This little annoying insect pest Will bother you on a summer's day He will put your nerves to a test But never strays too far away.

You try to swat him with your hands

Ever time he buzzes near You try to smash him when he lands

But then he crawls upon your ear. Maybe soon he'll come too close And with a deadly aim

You can smack him on the nose So he'll not get up again!!

ANTS

By Oliver Clark

In the park my cookies I tried to eat

But the ants kept eating crumbs at my feet

Those ants were really pestering me

I guess they thought I couldn't see.

SERENITY INTO DISASTER

By Barry Johnson

The rain beats down, steadily down And casts a glimmering blue.

It gives strength to the farmer's crops

Shooting forth with life anew.

Then the drizzle becomes a torrent Covering all things with mud.

For everything that is in its wake Is destroyed in the raging flood.

DOYCE EDWARDS TO TEACH PIANO

Doyce Edwards, son of Rev. and Mrs. L. B. Edwards of Flomot, announces he will begin teaching piano in his home on June 10.

Doyce, a student of Mrs. J. D. Blackburn of Plainview, has studied with several highly respected teachers other than Mrs. Blackburn. His present teacher feels that he is most capable for teaching lesser advanced students, including beginners, to students with 4 or 5 years of study.

Doyce plans to teach each pupil one lesson a week (except very young beginners) as well as giving monthly repertoire classes and an end-of-summer recital. He has established a weekly grading system and practicing record for each student, thereby creating competition among the pupils.

Doyce actively enters various piano contests. He has entered the National and Intermediate

Guild for three consecutive years, one year receiving a superior rating and two years receiving a superior plus. In 1964 he was acclaimed by the State Music Department of the Baptist General Convention of Texas as one of the top three hymn-players over the state. This entitled him to perform at the State Training Union Convention in the First Baptist Church at Beaumont.

To arrange a time for a lesson contact Doyce Edwards or call 469-5375.

Mr. and Mrs. Ernest Fisher drove to Garland on Thursday, May 27th to attend the graduation exercises of their grandson, Mike Morris. They remained for an extended visit

and were in an auto accident on Monday, May 31, which sent Mrs. Fisher to the hospital for a week, although injuries were not considered serious but were painful.

Mary Sanders of Muleshoe and Judy Gilbert, both attending summer school at Tech, spent the week-end with Judy's parents, Mr. and Mrs. Ikie Gilbert and Kathy.

(Delayed News)

Mr. and Mrs. Zelma Dean Starkey and children of Amarillo recently visited with his parents and brother and family. Mr. and Mrs. Charlie Starkey and Mr. and Mrs. Jackie Starkey and children.

Mr. and Mrs. Richard and children of Wellington, Mr. and Mrs. Euel Jones of Kress and Mrs. Ola Jones visited Mr. and Mrs. M. C. Jones Sunday.
