## HIGHWAY PATROL REPORT FOR MONTH OF SEPTEMBER

The Texas Highway Patrol investigated four accidents on rural highways in Briscoe County during the month of September, according to Sgt. W. E. Wells, Highway Patrol Supervisor of this area.

These wrecks accounted for one person injured and an estimated property damage of \$3,050.00.

The rural traffic accident summary for this county from January through September of 1965 shows a total of 18 crashes. As a result of these crashes there were no persons killed and 12 persons injured. The estimated property damage amounted to \$11,130.00.

November 29, 1965 is the deadline for applications for the next Patrol Training school. "Applications for the position of patrolman should be made as soon as possible," the Sergeant stated. Those who are selected to fill these positions have the privilege of knowing that they stand as the symbol of order in our society and are respected by all law abiding citizens.

"The work of the patrolman is challenging," the Sergeant pointed out, but the rewards are many. Each man answers a call to serve with the best of opportunities for participating in the constantly developing effort to curb the dual menace of increasing crime and traffic accidents."

Full details on qualifications can be obtained from the nearest Department of Public Safety office or from any DPS Patrolman.

## Walter Rogers To Be Honored

At recent called meeting of the County Presidents of the District 1 of Texas Farmers Union, which includes most of the Panhandle Counties, it was decided to have an area appreciation dinner for Congressman Walter Rogers for his support on the recent farm bill.

At that meeting preliminary plans were made and committees appointed. J. J. Berg of Amarillo, state Farmers Union Vice-President was named General Chairman, with James Lamb and Phillip as Co-Chairmen. Congressman Rogers has been contacted and the date for the dinner has been set for Saturday, November 13. The dinner will be held at the Tascosa High School Cafeteria and Auditorium in Amarillo.

Tickets for the dinner are on sale now for the dinner. They are priced at \$2.50 per person and tickets can be bought from E. G. Reed or inquire at The ribbon office.

Other survivors include another daughter, Mrs. Isabelle Allen of Beaumont; a son Rex Allen of Tyler, a brother, Joel Berger of Dallas; three grandchildren and five great-grandchildren.

Mr. and Mrs. Scheid lived here for a number of years where they both taught school. Mr. Scheid coaching and later served as superintendent of the local school system for a number of years.

## MRS. HAM'S STORY OF TRIP TO EUROPE CONCLUDES

(Mrs. Cleo Hams story of her tour of Europe continues) After arriving in Venice and checking in at our hotel, we had our dinner, then we were taken for a gondola ride, our group of 41 requiring 8 gondolas, then an extra gondola for the group who serenaded us on the moonlight ride, which was enjoyed by all of us.

The next morning was spent seeing the glamorous city on the lagoon. In the afternoon we departed by way of Bologna for Florence, city of flowers and art capital of Italy, where we had dinner and entertainment on the Plaza. The next morning we visited the beautiful cathedral, Giotto's Tower, the Baptistery and the Medici Chapel with Michaelangelo's masterpieces.

That afternoon we left for Rome and the rest of the day was spent sightseeing historical and modern Rome. After returning to our hotel we went to Doney's Terrace for dinner. On Sunday, Sept. 12, two couples and I attended church services at the Rome Methodist Church. Soon afterward we went to St. Peter's to see the Pope and hear him speak from the balcony. That afternoon was spent leisurely, doing whatever we wished and the next morning we left Rome, following the Mediterranean Road past Grosseto and Livorno, to Pisa with its celebrated leaning tower and the cathedral. After spending the night there, we motored the next morning to Genova, the birthplace of Columbus. Part of his home is still standing and we made many pictures there. We went on to Nice to enjoy the gaiety offered by this marvelous all-year resort. In the afternoon we went to Grande Corniche, to Menton and into the principality of Monaco. After a visit to the world famous Casino of Monte Carlo, we returned to Nice over the coastal road. On Sept. 16 we continued through the Rhone Valley to Lyon, home of the French silk industry. We drove through the vineyards of Burgundy to Fontainebleau where a stop is made in front of the castle. From there we drove on to Paris, the gay capital of France and that night had a tour of the illuminated city. The next day we enjoyed a full day of sightseeing the City of Light, most enchanting for its fascinating gay life, its boulevards, sidewalk cafes. We visited the Louvre, Notre Dame Cathedral, La Chapelle, Arc de Triomphe, Eiffel Tower, Napoleon's

## School Lunchroom Supervisor To Be Hired

Mrs. Seburn Neatherlin has tendered her resignation as lunchroom supervisor, to be effective the last of this month. Mrs. Neatherlin stated that she will move to Tulia. Her husband has been working at Tulia for the past several months.

Supt. Mason is now receiving applications for the job of lunchroom supervisor and he requests that applications be made right away for he would like for Mrs. Neatherlin's successor to work with her a few days if possible.

Mrs. Dud Watters of Silverton visited her mother, Mrs. Willie Lou Boyles Saturday. Mr. and Mrs. George Boyles of Amarillo visited his mother Sunday.

Mr. and Mrs. D. C. Duck and Mr. and Mrs. Bert Degan of Turkey drove to Clovis, N. M. Sunday to visit Mrs. T. R. Hollis and Mrs. Opal Moore, cousins. They were in a heavy rain and hail storm just west of Dimmitt.

Mrs. Guy Smith of Turkey prepared a birthday dinner for her son-in-law, Buster Chadwick, Sunday. Other guests were Mrs. Chadwick and daughters Stephanie, Laqueta and Stachia, Mr. and Mrs. Vance Robison, Vanessa, Valerie and Vonacel, and Mr. and Mrs. Guy Paul Smith and family of Plainview.

## CHILDREN'S PHOTOGRAPHS TO BE MADE FRIDAY

Winston B. Lucas of Irving, Texas, well-known child photographer who has been coming to this area for a number of years, will be here at The Tribune office Friday morning from 9 until 11:45 to take pictures of children of this community.

The publishers of this news papers would like to give readers of this newspaper a good look at the children of this area and the only way it can be done is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures they must all be of uniform size and quality.

Mr. Lucas, an expert children's photographer with all the necessary equipment for this work would like to take pictures of all the children and there will be no charge to parents and no strings to this invitation. Parents do not even have to be subscribers or readers of The Tribune to take advantage of this feature. Parents are not obligated to purchase pictures after they are taken but those who want them may obtain a limited number by arrangement with the studio representative when they select the pose they want printed in the paper. It is entirely up to them.

This paper simply wants pictures of all the youngsters and the more the better. So the mothers and fathers of the community in which this newspaper circulates should remember the date: Friday morning, October 22 and bring their children to The Tribune and have them photographed.

You will be glad you permitted your children to take part in this event. The youngsters will have fun and mom and dad will be real proud of their children, seeing their pictures in the newspaper.

Don't forget, they might win a prize, too!

# Basketball Teams Won 3 Of 4 Games

Quitaque's High School basketball season opened on a high note last Friday night at Quail when the Pantherettes and Panthers each took opening season wins in a double header played at Quail. The Pantherettes had the easier going of the night in whites a 56-31 win over the Bobwhites. The Panthers had to go all out, however, to take a close one from the Quails. The score in that one was 59-58.

On Tuesday night of this week the local teams drove over to Hedley and split a pair of games, the Pantherettes winning in overtime 41-37 and the Panthers dropping a game to the Owls, 35-40.

The Pantherettes win over the Owlettes Tuesday night was a costly one, however, for Sherry Stark, fine freshman forward, suffered a broken bone in her left hand during the overtime period and will be lost for at least six weeks.

The Pantherettes showed a great deal of promise in the win over Quail, although the Bobwhites are weaker than usual this year. Coach Gano Wilson had two freshmen, two sophomores, one junior and one senior in the starting lineup. Patricia Brunson led the scoring for the Pantherettes with 25 points, and Sherry Stark was next with 14. The entire squad saw action in the contest as Coach Wilson got a line on how each one on the squad performed in actual warfare.

The Panthers, a hustling group of youngsters who went full tilt all the way against the Quails, were a bit ragged although they did manage to

## Adult Math Class To Be Extended

Supt. Johnny Mason has announced that due to the revival meeting in progress at the Baptist Church this week, the Adult Math class will skip this week and will be extended a week longer.

Only 14 persons enrolled in the Adult's Modern Math class. Supt. Mason stated that he was surprised and disappointed in the small enrollment in that class. He said that he expected at least 30 or 35 to take the course.

W. O. Pruett of Tulia, father of Mrs. Tom Persons, visited Ray Persons Monday afternoon.

Henry Hamilton has spent the past two months with his children in Fort Worth. They brought him back to the rest home in Jayton Sunday. Mr. and Mrs. Chester Wayne Hamilton and Mrs. Lola Mae Eudy accompanied Mr. Hamilton on his return trip. Mr. and Mrs. Earl Hamilton and children met them at Jayton for a visit.

## HORACE McDONALD SURPRISED WITH A BIRTHDAY PARTY

Mrs. Horace McDonald was hostess for a surprise birthday dinner for her husband Sunday. Those present were Lee McDonald, Lubbock, onnie McDonald, Levelland, Mr. and Mrs. I. F. Reed, Mr. and Mrs. E. G. Reed and children, Mrs. George Reed and boys, Mr. and Mrs. Johnny Brummett and Mr. and Mrs. Judson Watson.

hang on and win. The Quitaque team does not have a real hot shooter at the present time and have had trouble scoring. In recent years the Panthers have had two or three on the team who would consistently hit 20 to 30 points most games but in the two games played to date no one has scored as much as 20 points. Monte Stephens led the scoring effort in both games for the Panthers, getting 15 against Quail with Walter Wayne Taylor tossing in 14 for runner-up honors.

Carol Myers sparked the Pantherettes effort against the Owlettes Tuesday night, getting 20 points to lead all scorers. The Pantherettes started fast and for awhile it appeared that it would be no contest but the visitors cooled off and the home team kept plugging away and tied the count as time ran out and the game went into overtime. It was during the overtime that Sherry Stark was hurt. The bone just back of the little finger on her left hand was the one that was broken. It is hoped that Sherry will be back in action in early December.

The Panthers simply had a bad night against Hedley. The 35 point output pretty well tells the story, for 35 points will win very few ball games these days of high scoring teams.

Coach Gene King said that his team lost the ball 21 times on bad passes, fumbles and other assorted means and you don't give the opposition that many extra chances and not get beat. However this team will probably find the combination one of these nights and will become pretty hard to beat. Monte Stephens was high scorer for the evening with 16 points.

Friday night the local teams will host the teams from Quail. Starting time for Friday's games will be thirty minutes later in order to give fans an opportunity to go to the revival.

Mr. and Mrs. Frank Jones of Lockney were visitors in the home of Mr. and Mrs. W. J. Carter Monday.

Mr. and Mrs. Morris Wilson spent the week-end with Mr. and Mrs. Rayburn Burgess and children at Snyder. They also visited Mr. and Mrs. E. E. Burgess and Mr. and Mrs. Roy Burgess. Sue Ann Burgess, who is a student at Hardin-Simmons U. at Abilene, was home for the week-end. The Burgesses all sent regards to friends here.

Mrs. Ben Wiley and Mrs. Buddy Morris were in Memphis Saturday for a check-up with their doctor.

Guests in the home of Mr. and Mrs. Jack Cheatham Sunday were his parents, Mr. and Mrs. Bill Cheatham, and his brother and wife, Mr. and Mrs. Dewell Cheatham of Brownfield. They also brought three children of a niece along for the visit.

## CECIL RICE IS NEW MECHANIC SCHOOL BUS DRIVER

Supt. Johnny Mason announced this week that Cecil Rice has been hired as part-time mechanic and driver of school bus route 4 in the local school system. This is the route that Johnny Brummett formerly drove. Mr. Rice will take over the new job November 1. He is currently working at Kress.

in progress at the First Baptist Church here. The ball games will begin at 7:30 and church services will begin 30 minutes earlier than usual, at 6:30, to permit everyone to go to church and the ball games, also.

The local teams go to Samnorwood Tuesday night for a doubleheader.

## BLUE CATFISH MOVED 600 MILES

San Angelo — Ten thousand blue catfish, reared in a Texas Parks and Wildlife Department fish hatchery, were transplanted by tank truck over 600 miles and released in Meredith Reservoir north of Amarillo in an effort to adequately stock this new lake.

The long haul was necessary since only a few of Texas Parks and Wildlife Department hatcheries are rearing blue catfish in sufficient quantities for large scale stocking.

The release of the 10,000 blue catfish in Lake Meredith will complete a lengthy stocking program for the new lake which included thousands of black bass, walleye, channel catfish, crappie and blue catfish.

Walk and Be Healthy

By American Podiatry Association

Foot Health And Aging

Increasing life span means more senior citizens in the United States. Medicine has progressed so much since the turn of the century that life expectancy of the average American has increased by about 15 years. Women now live to approximately 72, men to 68. Older persons are therefore becoming a significant part of our total population — and increasing at a rate of over 800 a day. In 1900 there were 8,000,000 people 65 or more years of age in the United States. By 1970, Americans in this age category will number well over 25,000,000.

If our senior citizens are to continue living useful, satisfying lives they must be able to move about. The ability to be active is not only a luxury but a requirement. Inability to work (even part-time) or to participate in activities because of foot disorders is common to this age group. The problem becomes increasingly serious when inactivity causes the muscles to grow weak from disuse, thereby further reducing mobility.

The human foot has been called a mirror of health. Many of the early signs of systemic diseases are first manifested in the foot. Dry skin, brittle nails, insensitivity, discoloration, among other symptoms, may be warnings of diabetes, peripheral vascular and related circulatory or degenerative disorders.

A combination of both neglect of proper foot hygiene and bodily changes brought on by the aging process can account for foot misery, especially to those with chronic ailments.

Because of the rapidly growing number of older people, the problem is becoming more acute. This is further compounded by the fact that our senior citizens either do not know about the availability of professional foot care or are resigned to endure their foot problem in any case.

There are other considerations. Keeping the older person ambulant helps to save the taxpayer from the burdening costs involved in welfare cases — many of whom are elderly. Studies show that care for a bed-ridden person costs over four times that of an ambulatory patient.

Foot clinics throughout the country provide services designed toward maintaining patients on their feet and keeping them out of hospitals. Podiatrists are today serving in over 1,000 such clinics, many of which are in hospitals or nursing homes. Records indicate that amputations and other forms of surgery made necessary because of infections in the lower extremities have been reduced by more than half in the last 15 years because of the benefits of early diagnosis and treatment, particularly for diabetes. Much of the improvement has been brought about through the work of podiatrists and the foot clinics.

Whether the older person lives at home or in an institution, preventive foot care will:

- Increase his comfort.
- Limit the possibility of additional medical problems.
- Reduce the need of hospitalization because of infection.
- Curtail requirements for other institutional care.

The 1961 White House Conference on Aging summed it up: To neglect or mistreat the feet of the aged can result in serious setbacks. Hospital and nursing home staffs have found that prophylactic foot care for the aged helps to contribute to the well-being of the whole person. The geriatric patient, once moving about with pain-free feet, is more easily motivated toward total rehabilitation.

**SOCIAL SECURITY CHANGES NOTED**

Some persons who had not worked long enough to qualify for social security payments will now be eligible under the recently amended Social Security Act, according to a statement made by Hal Geldon, District Manager of the Amarillo Social Security Office.

The new provision makes it possible for older workers to qualify with as little as three "quarters of coverage"; the previous minimum was 6 such quarters. In commercial employment a quarter of coverage is a calendar quarter in which a worker was paid wages of at least \$50; quarters are credited for farm work, and for the self-employed, on a different basis.

The following table shows the groups that the new provision affects:

Man who reached 65 (Woman 62) in	Qtrs. Needed
1954 or earlier	3
1955	4
1956	5

Workers who qualify under the special provisions will receive \$35 per month; payments cannot begin, however, until the worker reaches age 72. Persons

who think they may be affected by this change should check with the social security office as soon as possible, Geldon stated.

**MY TRIP TO EUROPE**

(Continued From Page One)

Tomb, in six caskets, the last one being of brown marble. On Saturday, the 18th, we went to the Lido for dinner and the show. The Lido is the largest of the great Parisian cabaret-restaurants and its panoramic stage and rising floor, its swimming pool and skating rink of real ice permits the presentation of the most varied sort of spectacle shows, incomparable to any other. The next night we went to another stage show.

Most all of the countries we visited are noted for their many

fountains and beautiful flowers and their market streets.

The scars and ruins of two world wars are still to be seen in most towns. In Holland we passed by a concentration camp located near the road and you will see trees on each side of the road for a mile. The road is called the Memory Road, in memory of those who lost their lives in the last war.

We came through one city, Bolzano, which was completely destroyed during the war but has been rebuilt into a beautiful city.

Most of the houses or apartments in Germany, Switzerland and Italy have large hooks on top of the buildings and we wondered what they were for and we were told that the doors,

windows and stairways were so narrow that furniture could not be moved through them but as moved through an opening on top of the building and the hooks were used to lift the furniture up.

Many of the homes in the country are homes and barns combined, with people living in one side of the house and cows in the other side. A lot of them appear to have been damaged during the war but have been repaired. Many of the buildings in all the countries are black from age, smoke and whatever. Many of the buildings are being cleaned, a process they claim takes six years.

Sept. 20, we leave Paris by Air France for Chicago after a very enjoyable trip.

**VOTE FOR AMENDMENT 7**

Exempts private charity hospitals doing at least \$1,500,000.00 in free work per year from ad valorem taxes except those paid to the State of Texas.

Exempts property only in the home county of hospital.

Money saved on taxes must go to charity work in the hospital.

Does not exempt state taxes.

Helps private hospitals to help Texans.
